## I. INTRODUCTION

### A. RISK FACTORS

2

- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rate of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down depending on the factors and forces affecting the capital markets.
- Past performance of the Sponsor and other affiliates/AMC/Mutual Fund (or any of its schemes) does not guarantee future performance of the scheme.
- IDFC Equity Opportunity - Series 5 is the name of the Scheme and do not in any manner indicate either the quality of the Scheme, its future prospects or returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.30000/- made by it towards setting up the Fund.
- The present Scheme is not guaranteed or assured return Scheme.
- The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Mutual Funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the schemes. The various factors which impact the value of scheme investments include but are not limited to fluctuations in the equity and bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of securities, tax laws, liquidity of the underlying instruments, settlements periods, trading volumes etc. and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme(s). Accordingly, redemption of Units held by such funds, affiliates/associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unitholders to redeem their Units. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

### **Risk Associated with Investing in Equities**

The scheme proposes to invest in equity and equity related instruments. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities' purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.

Investors may note that AMC/Fund Manger's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity/ equity related securities and utilising debt and money market instruments as a defensive investment strategy.

While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Scheme can go up and down because of various factors that affect the capital markets in general.

Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the AMC may choose to invest in unlisted securities that offer attractive yields. This may however increase the risk of the portfolio.

### **Risk Associated with Investing in Debt / Money Market Instruments**

- Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- Credit Risk: In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent. Different types of securities in which the scheme would invest as given in the scheme information document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.
- Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- Basis Risk (Interest - rate movement): During the life of a floating rate security or a swap, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
- Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favorably leading to fluctuation in the NAV.
- Liquidity Risk: Due to the evolving nature of the floating rate market, there may be an increased risk of

liquidity risk in the portfolio from time to time.

- **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.

### **Risk factors with investing in Derivatives**

5

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. As and when the Scheme trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand.

Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market;
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

#### **Risk associated with Interest Rate Future (IRF):**

An Interest Rate Futures is an agreement to buy or sell a debt instruments at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange Traded and are cash settled.

- Market risk:** Derivatives carry the risk of adverse changes in the market price.
- Liquidity risk** – This occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- Model Risk** - The risk of mispricing or improper valuation of derivatives.
- Basis Risk** – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

### **Risk associated with investing in foreign securities**

3

It is AMC’s belief that the investment in ADRs/GDRs/overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities, there may not be readily available and widely accepted benchmarks

to measure performance of the Schemes.

1. To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
2. The Scheme may also invest in ADRs / GDRs / Other Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India from time to time. To the extent that some part of the assets of the Scheme may be invested in securities denominated in foreign currencies, Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment as applicable.
3. As the investment may be made in stocks of different countries, the portfolio shall be exposed to the political, economic and social risks with respect to each country. However, the portfolio manager shall ensure that his exposure to each country is limited so that the portfolio is not exposed to one country. Investments in various economies will also diversify and reduce this risk.
4. **Currency Risk:** The scheme may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.
5. In respect of the corpus of the Scheme that is invested in overseas mutual fund schemes, investors shall bear the proportionate recurring expenses of such underlying scheme, in addition to the recurring expenses of the Scheme. Therefore, the returns attributable to such investments by the Scheme may be impacted or may, at times, be lower than the returns that the investors could obtain by directly investing in the said underlying scheme.

To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time. Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

### **Listing related risks**

Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.

Trading in Units of the Scheme on the Exchange may be halted because of market conditions or for reasons that

in view of Exchange Authorities or SEBI, trading in Units of the Scheme is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of Units of the Scheme will continue to be met or will remain unchanged. Any changes in trading regulations by the Stock Exchange(s) or SEBI may inter-alia result in wider premium/ discount to NAV. The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Series holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme. The Units will be issued in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund on the maturity date will depend upon the confirmations to be received from depository (ies) on which the Mutual Fund has no control.

The market price of the Units of the respective Series(s), like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the Unit (or NAV), and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units in the Exchange may lead to market price of the Units to quote at premium or discount to NAV. As the Units allotted under respective Series(s) of the Scheme will be listed on the Exchange, the Mutual Fund shall not provide for redemption / repurchase of Units prior to maturity date of the respective Series(s).

**Risk factors associated with Close-ended Schemes:**

A close-ended Scheme endeavors to achieve the desired returns only at the scheduled maturity of the Scheme. Investors who wish to exit/redeem before the scheduled maturity date may do so through the stock exchange mode. For the Units listed on the exchange, it is possible that the market price at which the Units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme prior to maturity may not get the desired returns. Moreover, given the nature of scheme, the AMC may be required to liquidate the equity portfolio and the proceeds may be kept in cash and invested largely in cash equivalents/money market instruments towards the Maturity/Final Redemption date and to that extent these investments made may not be in line with the asset allocation pattern.

**Risk Mitigation Strategies:**

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in bonds and designed risk management strategies, which are embedded in the investment process to manage such risks.

**Risks associated with Equity investment**

Risk Description	Risk Mitigants/management strategy
------------------	------------------------------------

<p><b>Market Risk</b></p> <p>The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.</p>	<p>Market risk is a risk which is inherent to an equity scheme. The scheme may use derivatives to limit this risk.</p>
<p><b>Liquidity risk</b></p> <p>The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.</p>	<p>The fund seeks to control such risk by investing in such stocks having strong fundamentals, sound financial strength and superior quality of management and highly liquid papers. The fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.</p>
<p><b>Derivatives Risk</b></p> <p>As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.</p>	<p>The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Investments in derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines. The fund will endeavor to maintain adequate controls to monitor the derivatives transactions entered into.</p>

**Risk associated with Debt Investment**

<b>Risk Description</b>	<b>Risk Mitigants/management strategy</b>
<p><b>Market Risk</b></p> <p>As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading</p>	<p>In a rising interest rates scenario the Fund Managers will endeavor to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.</p>

Risk Description	Risk Mitigants/management strategy
to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	
<p><b>Liquidity or Marketability Risk</b> This refers to the ease with which a security can be sold at or near to its valuation Yield-To-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.</p>
<p><b>Credit Risk</b> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.</p>	<p>A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.</p>
<p><b>Reinvestment Risk</b> This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.</p>	<p>Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.</p>
<p><b>Derivatives Risk</b> As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and</p>	<p>The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.</p>

indices.	

**B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME\_(Being a close ended scheme, this provision is not applicable post-NFO)**

The Scheme(s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme(s)/respective Series. These conditions will be complied with immediately after the close of the NFO itself i.e. at the time of NFO allotment. In case of non-fulfilment with the condition of minimum 20 investors the scheme shall be wound up in accordance with Regulation 39(2)(c) of SEBI (Mutual Funds) Regulations automatically without any reference from SEBI. In case of non-fulfilment with the condition of 25% holding by a single investor on the date of allotment., the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment of units would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 business days of the date of closure of the New Fund Offer.

**C. SPECIAL CONSIDERATIONS, if any**

All the above factors not only affect the prices of securities but may also affect the time taken by the Fund for redemption of units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances as described in the SAI.

The liquidity of the Scheme’s investments may be restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests or of a restructuring of the Scheme’s portfolio, the time taken by the Scheme for redemption of Units may become significant. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances as described in the SAI.

Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this Scheme Information Document are as available under the present taxation laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the law and practice in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/ her own professional tax advisor.

No person has been authorised to give any information or to make any representations not confirmed in this Scheme Information Document in connection with the Scheme Information Document or the issue of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company.

Neither the Statement of Additional Information; nor this Scheme Information Document, nor the Application for the Units, nor the Units (“these Documents”) have been registered in any jurisdiction. The distribution of these Documents in certain jurisdictions may be prohibited or restricted or subject to registration requirements and accordingly, persons who come into possession of any of these Documents are required to inform themselves about and to observe, any such restrictions. No person receiving a copy of any of these Documents in such jurisdiction may act or treat these Document or any part/portion thereof as constituting an invitation to him to subscribe for Units, nor should he in any event use any such Documents, unless in the relevant jurisdiction such

an invitation could lawfully be made to him and such Documents could lawfully be used without compliance with any registration or other legal requirements.

The AMC is also engaged in portfolio management services (PMS) under SEBI Registration No. INP000002064. The AMC is also providing investment management services to Alternative Investment Funds registered under SEBI (Alternative Investment Funds) Regulations, 2012 and registered Venture Capital Fund i.e. IDFC SPICE Fund. ### **Foreign Account Tax Compliance Act (“FATCA”)**

Under the FATCA provisions of the United States Hiring Incentives to Restore Employment (“HIRE”) Act, a withholding tax may possibly be levied on certain United States of America (“US”) sourced income / receipt of the Schemes unless the Schemes comply with FATCA. The AMC and the Mutual Fund / the Schemes intend to be FATCA-compliant to the fullest extent possible.

For complying with FATCA, the Mutual Fund / AMC may require certain reporting of information to the US Internal Revenue Service (“IRS”) and/or such other Indian and foreign authorities as may be specified under FATCA and/or other laws and regulations applicable to the Mutual Fund / AMC with respect to the holdings of, and payments to, the US Persons in the Scheme(s)/Series(s) and such other information as may be required to be furnished. For this purpose, the term ‘US Person’ shall mean a United States Persons as defined under the applicable extant laws of the United States of America.

To ensure compliance with FATCA on part of the Mutual Fund / AMC, it may require the investor to furnish such information and documentation as deemed necessary or appropriate by the Mutual Fund / AMC in this regard and the investor agrees to furnish the same. The FATCA provisions may require levy of withholding tax on payments made to investors who fail to provide the information and/or documentation required under FATCA. The investor also authorises the Mutual Fund / AMC to furnish all such information and documentation to the relevant authorities as required to be furnished by the Mutual fund / AMC under FATCA and other applicable laws and regulations.

In case of any change in the FATCA related information, the investor should immediately intimate IDFC AMC / its Registrar, about such changes.

The AMC/Trustee reserve the right to reject the application in case the investor / applicant fails to furnish the necessary information and/or documentation.

However, given the complexity of the FATCA requirements, there is no assurance or guarantee that the Scheme(s)/Series(s) will be able to comply, fully or partially, with the requirements of FATCA. Investors are advised to consult their own advisors regarding the possible implications of FATCA on their investment in the Scheme(s) / Series(s).

## II. INFORMATION ABOUT THE SCHEME

### A. TYPE OF THE SCHEME

Multi Cap Fund - a close-ended equity scheme investing across large cap, mid cap, small cap stocks

### B. INVESTMENT OBJECTIVE

The primary investment objective of the Scheme is to seek to generate capital appreciation from a portfolio that is invested in equity and equity related securities of companies across market capitalization that will benefit from growth of the Indian and the global economy and in Debt and Money Market instruments maturing on or before the maturity of the scheme.

Disclaimer: However, there can be no assurance that the investment objective of the Scheme will be realized.

### C. ASSET ALLOCATION

14

The asset allocation under the Scheme will be as follows for the below mentioned scheme:

Instrument	Indicative Allocation (% of Net Asset)		Risk Profile
	Minimum	Maximum	
Equities and Equity related instruments	65%	100%	High
Debt & Money Market Instruments	0%	35%	Low to Medium

Investments in derivatives – upto 50% of the net assets of the scheme

Investments in foreign securities – upto 10% of the net assets of the scheme.

The scheme shall not invest in Securitised Debt and shall not undertake short selling (except in G-Sec as permitted under regulations) and Securities Lending & Borrowing.

Investment in debt and Money Market instruments shall be in securities maturing on or before the maturity of the scheme

The total exposure to equity, debt and derivative positions on a gross basis will not exceed 100% of the net assets of the scheme.

### Change in Investment Pattern

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and for defensive considerations only which would be rebalanced within 30 days from the date of deviation. In case the same is not aligned to the above asset allocation pattern within 30 days, justification shall be provided to the Investment committee. The Investment committee shall then decide on the course of action.

### D. WHERE WILL THE SCHEME INVEST?

15

The corpus of the Scheme will be invested in equity shares and in equity related securities as well as in debt and money market instruments. Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- 1) Equity and equity related securities including preference shares, fully / partially convertible bonds / debentures, convertible portion of partially convertible bonds / debentures and warrants carrying the right to obtain equity shares.
- 2) Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- 3) Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- 4) Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee
- 5) Corporate debt (of both public and private sector undertakings)
- 6) Obligations/ Term Deposits of banks (both public and private sector) and development financial institutions.
- 7) Money market instruments permitted by SEBI/RBI, having maturities of up to one year, in call money market or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- 8) The non-convertible part of partially convertible securities
- 9) Any other domestic fixed income securities as permitted by SEBI and RBI from time to time.
- 10) Foreign securities
- 11) Derivative instruments like Stock / Index Futures, Stock / Index Options, Interest Rate Swaps, Interest rate Futures, Forward Rate Agreements and such other derivative instruments as may be permitted by SEBI/RBI from time to time.

For the purpose of further diversification and liquidity, the Scheme may invest in another scheme(s) managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund.

Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

The Scheme may also enter into repurchase and reverse repurchase obligations in government securities as per the guidelines and regulations applicable to such transactions.

## **E. INVESTMENT STRATEGIES AND RISK CONTROL**

7

### **Equity / Equity related investments**

The fund will seek to invest in companies which have robust, profitable and scalable business models with good growth prospects in the long term and run by quality management teams. The fund will also focus on businesses which are undergoing a structural positive turnaround and thus pose an attractive investment opportunity on a fundamental basis.

The Scheme seeks to identify and orient its portfolios towards such companies.

In addition to the above - The Investment manager shall consider the following aspects for identifying the stocks to invest in:

- The fund proposes to invest on the basis of active stock selection based on a fundamental research process, The selection of businesses to invest in will evolve from an in-depth research process involving primary and secondary research.
- Research methodology adopted will focus on identify strong companies with above-average profitability supported by sustainable competitive advantages. The fund will also focus on using "top-down" discipline for risk control by ensuring adequate representation of companies from various industries for the purpose of diversification.
- Liquidity is one of the key criteria in our stock selection process, and adequate risk mitigating safeguards will be taken while investing in relatively mid and small cap segment.

The above mentioned strategy is one of the ways of stock selection to be followed by the fund. However, depending upon on market conditions, and in line with the objective and tenure, the fund is free to invest in either growth stocks or value stocks or both across sectors without any capitalization bias.

### **Debt investments**

The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments with maturities within the tenure of the scheme and across ratings.

The actual percentage of investment in various fixed income securities will be decided after considering the prevailing political conditions, the economic environment (including interest rates and inflation), the performance of the corporate sector and general liquidity and other considerations in the economy and markets.

### **Risk Control**

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC may also implement certain internal control procedures / risk & exposure limits etc., which may be varied from time to time

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC.

### **Credit Evaluation Policy**

The credit evaluation policy of the AMC entails evaluation of credit fundamentals of each underlying exposure. Some of the major factors that are evaluated are:

- a) Outlook on the sector
- b) Strength & Support of the Parent (promoters/sponsors/holding company or group)
- c) Quality of management
- d) Overall financial strength of the credit as determined by key financial ratios.

Ratings of recognized rating agencies are taken as a reference point in the credit evaluation process. Investments in bonds and debenture are made usually in instruments that have high investment grade ratings by a recognized rating agency.

## INVESTMENT IN DERIVATIVES

### (i) Trading in Derivatives

The Scheme may use derivatives instruments like Stock/ Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing, within a permissible limit of 50% of portfolio, which may be increased as permitted under the Regulations and guidelines from time to time.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Scheme and the risks attached there with.

#### Advantages of Derivatives:

Derivatives provide unique flexibility to the Scheme to hedge part of its portfolio. Some of the advantages of specific derivatives are as under:

### ii) Derivatives Strategy

#### Equity Derivative

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time. SEBI has vide its Circular DNP/DF/29/2005 dated September 14, 2005 and DNP/DF/29/2006 dated January 20, 2006 and CIR/DF/11/2010 dated August 18, 2010 specified the guidelines pertaining to trading by Mutual Fund in Exchange traded derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

#### i. Position limit for the Fund in index options contracts

a. The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.

b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

#### ii. Position limit for the Fund in index futures contracts:

a. The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.

b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

#### iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:

a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund's holding of stocks.

b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments.

#### iv. Position limit for the Fund for stock based derivative contracts:

The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:-

a. The combined futures and options position limit shall be 20% of the applicable MWPL.

b. The MWPL and client level position limits however would remain the same as prescribed

#### v. Position limit for the Scheme

The position limits for the Scheme and disclosure requirements are as follows—

a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:

1% of the free float market capitalisation (in terms of number of shares) Or  
5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

c. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.”

The following section describes some of the more common equity derivatives transactions along with their benefits:

#### 1. Basic Structure of a Stock & Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices. The BSE and The National Stock Exchange (NSE) provide futures in select stocks and indices with maturities of 1, 2 and 3 months. The pricing of a stock/index future is the function of the underlying stock/index and short term interest rates.

Example using hypothetical figures:

1 month NIFTY 50 Index Future

Say, Fund buys 1,000 futures contracts; each contract value is 50 times futures index price

Purchase Date : February 24, 2020

Spot Index : 6000

Future Price : 6150

Say, Date of Expiry : March 24, 2020

Say, Margin : 20%

Assuming the exchange imposes total margin of 20%, the Investment Manager will be required to provide total margin of approx. Rs.6.15 Cr (i.e.  $20\% * 6150 * 1000 * 50$ ) through eligible securities and cash.

Date of Expiry:

Assuming on the date of expiry, i.e. March 24, 2020, Nifty 50 Index closes at 6200, the net impact will be a profit of Rs 25,00,000 for the fund i.e.  $(6200-6150)*1000*50$

Futures price = Closing spot price = 6200.00

Profits for the Fund =  $(6200-6150)*1000*50 = \text{Rs. } 25,00,000$

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity.

The net impact for the Fund will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

#### 2. Basic Structure of an Equity Option:

An option gives a buyer the right but does not cast the obligation to buy or sell the underlying. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

Currently, all stock/index Option contracts are European style and cash settled.

Example using hypothetical figures on Index Options:

Market type : N  
Instrument Type : OPTIDX  
Underlying : Nifty 50  
Purchase date : February 24, 2020  
Expiry date : March 24, 2020  
Option Type : Put Option (Purchased)  
Strike Price : Rs. 6,100.00  
Spot Price : Rs. 6,136.00  
Premium : Rs. 84.00  
Lot Size : 50  
No. of Contracts : 100

Say, the Fund purchases on February 24, 2020, 1 month Put Options on Nifty 50 on the NSE i.e. put options on 5000 shares (100 contracts of 50 shares each) of Nifty 50.

Date of Exercise:

As these are European style options, they can be exercised only on the expiry date i.e. March 24, 2020. If the share price of Nifty 50 falls to Rs.5,500 on expiry day, the net impact will be as follows:

Premium expense = Rs.84\*100\* 50 =Rs. 4,20,000

Option Exercised at = Rs. 5,500

Profits for the Fund = (6100.00–5,500.00) \* 100\*50 = Rs. 30,00,000

Net Profit = Rs. 30,00,000 – Rs. 4,20,000 = Rs. 25,80,000

In the above example, the Investment Manager hedged the market risk on 5,000 shares of Nifty 50 Index by purchasing Put Options.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins have been ignored. The purchase of Put Options does not increase the market risk in the fund as the risk is already in the fund's portfolio on account of the underlying asset position. The premium paid for the option is treated as an expense. Additional risks could be on account of illiquidity and potential mis-pricing of the options.

### **Derivatives Strategy**

If and where Derivative strategies are used under the scheme the Fund Manager will employ a combination of the following strategies:

1. **Index Arbitrage:** As the Nifty 50 derives its value from fifty underlying stocks, the underlying stocks can be used to create a synthetic index matching the Nifty 50 Index levels. Also, theoretically, the fair value of a stock/index futures is equal to the spot price plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk, in this case is the Clearing Corporation of the NSE.

Theoretically, therefore, the pricing of Nifty 50 Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. However, due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty 50 Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty 50 Index futures giving rise to arbitrage opportunities.

The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Nifty 50 Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs)

is higher than the investor's cost-of-capital.

**Objective of the Strategy:**

The objective of the strategy is to lock-in the arbitrage gains.

**Risks Associated with this Strategy:**

Lack of opportunity available in the market.

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

**2. Cash Futures Arbitrage:** (Only one way as funds are not allowed to short in the cash market). The scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock.

The scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return. Buying the stock in cash market and selling the futures results into a hedge where the scheme have locked in a spread and is not affected by the price movement of cash market and futures market.

The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus there is a convergence between the cash market and the futures market on expiry. This convergence helps the Scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

**Objective of the Strategy:**

The objective of the strategy is to lock-in the arbitrage gains.

**Risk Associated with this Strategy:**

Lack of opportunity available in the market.

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

**3. Hedging and alpha strategy:** The fund will use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The fund will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling CNXIT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty 50 Index

**Objective of the Strategy:**

The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

**Risk Associated with this Strategy:**

The stock selection under this strategy may under-perform the market and generate a negative alpha. The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

**4. Other Derivative Strategies:** As allowed under the SEBI guidelines on derivatives, the fund manager will employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

**Objective of the Strategy:**

The objective of the strategy is to earn low volatility consistent returns.

**Risk Associated with this Strategy:**

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

**Debt Derivatives**

*Interest Rate Swaps (IRS)*

An IRS is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed to floating rate swap where one party receives a fixed (pre-determined) rate of interest while the other receives a floating (variable) rate of interest.

In terms of SEBI circular no. Cir/IMD/DF/11/2010 dated August 18, 2010, Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.

*Basic Structure Of A Swap*

Let us assume the Scheme holds a fixed rate bond with an interest rate (coupon) of 6% p.a. The Scheme can enter into an IRS with another market participant (Counter party) to hedge this risk and convert it into a floating rate instrument.

The following is an illustration of how an Interest rate swap works:

- The Scheme contracts to pay a fixed rate, say 6% p.a., and receive a floating rate (say overnight MIBOR).
- This transaction is done for a notional principal amount equal to the value of the investment, say INR 10 crore.
- The counter party pays floating rate (overnight MIBOR) and receives fixed rate, 6% p.a.
- Deal tenor is say 3 months.

At the end of the tenor, the following exchange will take place:

- The scheme pays at the rate of 6% p.a. i.e.  $\text{INR } 10 \text{ crore} * 6\% * 91/365 = \text{INR } 14,95,890$
- The counter party pays a compounded MIBOR rate for 3 months, say 6.25%, which effectively works out to INR 15,58,219
- In practice, however, the difference of the two amounts is settled. In this case counter party will pay the scheme INR 62,329.

Please note that the above example is hypothetical in nature and the interest rates are assumed. The actual return may vary based on actual and depends on the interest rate prevailing at the time the swap agreement is entered into.

The AMC retains the right to enter into such derivative transactions as may be permitted by the applicable regulations from time to time.

### **Forward Rate Agreement (FRA)**

A FRA is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

### **Interest Rate Future (IRF)**

Interest Rate Futures means a standardized interest rate derivative contract traded on a recognized stock exchange to buy or sell a notional security or any other interest bearing instrument or an index of such instruments or interest rates at a specified future date, at a price determined at the time of the contract.

Exchange traded IRFs are standardised contracts based on a notional coupon bearing Government of India (GOI) security currently.

As there is an inverse relationship between interest rate movement and underlying bond prices and the futures price also moves in tandem with the underlying bond prices. If the Fund Manager has a view that interest rates will rise in the near future and intends to hedge the risk from rise in interest rates; the Fund Manager can do so by taking short position in IRF contracts.

If the Fund Manager is of the view that the interest rates will go down the Fund Manager will buy IRF to participate in appreciation.

### **Example:**

The scheme holds cash & cash equivalent and expects that the interest rate will go down and intends to take directional position. Accordingly, the fund manager shall buy IRF –

- Trade Date – January 1, 2019
- Futures Delivery date – April 1, 2019
- Current Futures Price - Rs. 102.00
- Futures Bond Yield- 8.85%
- Trader buys 200 contracts of the April 2019 10 Year futures contract of face value of Rs.1000 on NSE on January 1, 2019 at Rs. 102.00

### **Closing out the Position**

- Date: January 7, 2019
- Futures market Price – Rs. 105.00
- Trader sells 200 contracts of April 2019 10 year futures contract of face value of Rs.1000 at Rs. 105 and squares off his position
- Therefore total profit for trader  $200 * 1000 * (105 - 102)$  is Rs.6,00,000

Exposure to Interest Rate Derivatives shall be within the position limits as prescribed by SEBI vide circulars no. CIR/MRD/DRMNP/11/2015 dated June 12, 2015 and Circular No. SEBI/HO/MRD/CIR/P/2019/103 dated September 26, 2019.

### **Hedging**

Debt securities are exposed to the risk of rising interest rates, which in turn results in the reduction in the value and such impact can be seen in the value of the portfolio of the scheme. Under such circumstances, in order to hedge the fall in the value of the portfolio of the scheme due to falling bond prices, the fund manager may sell IRF contracts.

### **Example:**

Date: January 01, 2019

Spot price of Security: Rs 101.80

Futures price of IRF Contract: Rs 102.00

On January 01, 2019, the Fund Manager bought 2000 GOI securities from spot market at Rs 101.80. The Fund Manager anticipates that the interest rate will rise in near future, therefore to hedge the exposure in underlying security the Fund Manager sells March 2019, Interest Rate Futures contracts at Rs 102.00.

On February 01, 2019 due to increase in interest rate:

Spot price of Security: Rs 100.80

Futures Price of IRF Contract: Rs 101.10

Loss in underlying market will be  $(101.80 - 100.80) * 2000 = \text{Rs } 2000$

Profit in the Futures market will be  $(101.10 - 102.00) * 2000 = \text{Rs } 1800$

### **INVESTMENT IN OVERSEAS FINANCIAL ASSETS/FOREIGN SECURITIES:**

In terms of SEBI Circulars dated September 26, 2007 and April 08, 2008, each mutual fund is permitted to invest up to maximum of US\$ 300 million. The overall cap for the entire mutual funds industry to invest in foreign securities is US\$ 7 billion. The Mutual Funds can invest in:

- i) ADRs/ GDRs issued by Indian or foreign companies;
- ii) Equity of overseas companies listed on recognized stock exchanges overseas;
- iii) Initial and follow on public offerings for listing at recognized stock exchanges overseas
- iv) Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies
- v) Money market instruments rated not below investment grade
- vi) Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds
- vii) Government securities where the countries are rated not below investment grade
- viii) Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities
- ix) Short term deposits with banks overseas where the issuer is rated not below investment grade
- x) Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

The overall ceiling for investment in overseas ETFs that invest in securities is US \$ 1 billion subject to a maximum of US \$ 50 million per mutual fund.

The restriction on the investments in mutual fund units upto 5% of net assets and prohibits charging of fees, shall not be applicable to investments in mutual funds in foreign countries made in accordance with SEBI Guidelines. However, the management fees and other expenses charged by the mutual fund in foreign countries along with the management fee and recurring expenses charged to the domestic mutual fund scheme shall not exceed the total limits on expenses as prescribed under Regulation 52(6). Where the scheme is investing only a part of the net assets in the foreign mutual fund(s), the same principle shall be applicable for that part of investment.

### **Procedure & Recording of Investment Decisions and Risk Control**

All investment decisions, relating to the Scheme, will be undertaken by the AMC in accordance with the Regulations and the investment objectives specified in this SID. All investment decisions taken by the AMC in relation to the Scheme shall be recorded.

The Investment Management Committee (IMC) oversees the Investment function, will be responsible for laying down the broad Investment Policy and the Specific scheme mandates, in addition to monitoring scheme performance and reviewing portfolio strategy. The risk control parameters would be laid down for each scheme

based on the objectives of the scheme and prudent fund management practices will ensure that investor monies are invested in the appropriate risk/reward environment. The AMC would ensure that investments are made in accordance with the regulatory / internal guidelines, if any. Internal guidelines may be set by the AMC from time to time and reviewed in line with the market dynamics.

The designated Fund manager of the scheme will be responsible for taking the day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

In case of investments in debt instruments, the AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, the investment team of the AMC will carry out requisite credit evaluation of the securities. Rated Debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC will be guided by the ratings of Rating Agencies such as CRISIL, CARE, ICRA and Fitch or any other rating agencies that may be registered with SEBI from time to time. In case a debt instrument is not rated, prior approval of the Board of Directors of Trustee and the AMC will be obtained for such an investment.

The AMC may approach rating agencies such as CRISIL, ICRA, etc for ratings of the scheme. The Scheme may use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interests.

The Scheme may invest in other Schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-Scheme investment made by all Schemes of IDFC Mutual Fund or in the Schemes under the management of other asset management companies shall not exceed 5% of the net asset value of the IDFC Mutual Fund. For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations.

## **PORTFOLIO TURNOVER**

The AMC's portfolio management style is conducive to a relatively low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the conditions prevailing / inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

The portfolio turnover ratio of the scheme for the period June 1, 2019 to May 31, 2020 is 0.49\*.

## **INVESTMENT BY THE AMC IN THE SCHEME** 1

The AMC may invest in the Scheme from time to time. As per the Regulations, such investments are permitted subject to disclosure being made in the Scheme Information Document. However, the AMC shall not be entitled to charge any management fee on its investments in the Scheme.

Further, as required by the regulations, the AMC shall invest not less than 1% of the amount raised in the NFO or Rs.50 lakhs, whichever is less, in the scheme and such investment shall not be redeemed unless the scheme is wound up.

## **F: FUNDAMENTAL ATTRIBUTES** 8

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

- (i) Type of Scheme – Multi Cap Fund - a close-ended equity scheme investing across large cap, mid cap, small cap stocks
- (ii) Investment Objectives & Policies - The primary investment objective of the Scheme is to seek to generate capital appreciation from a portfolio that is invested in equity and equity related securities of companies

(v) Any Safety Net or Guarantee provided – None

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Series / Plan(s) / Option(s) there under or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Series / Plan(s) / Option(s) there under and affect the interests of Unitholders is carried out unless:

- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

## G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

9

The Benchmark Index for the Scheme would be S&P BSE 500 TRI.

As the Scheme seeks to invest across sectors and market capitalisation, S&P BSE 500 is considered to be the appropriate benchmark for the schemes.

**I. WHAT ARE THE INVESTMENT RESTRICTIONS?**

11

Pursuant to the Regulations and amendments thereto, the following investment restrictions are presently applicable to the Scheme:

1. The Scheme shall not invest more than 10% of its NAV in debt instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency authorized to carry out such activities under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of Trustee and the Board of AMC.

Provided that such limit shall not be applicable for investment in Government Securities, treasury bills, and Tri- Party Repos:

2. The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, Scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the Scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the purpose of investment in debt instruments, listed debt instruments shall include listed and to be listed debt instruments.

3. All investments by the Scheme in Commercial Papers (CPs) would be made only in CPs which are listed or to be listed.

4. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps, Interest Rate Futures, etc by the Scheme shall be subject to the following:
  - a. Investments shall only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
  - b. Exposure of the Scheme in such instruments, shall not exceed 5% of the net assets of the Scheme. All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustees.
5. The Scheme may invest in other schemes of the Mutual Fund or any other mutual fund (restricted to only debt and liquid funds) without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund.
6. The Scheme shall not make any investment in :
  - any unlisted security of an associate or group company of the sponsor; or
  - any security issued by way of private placement by an associate or group company of the sponsor; or
  - the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
7. The Mutual Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long term nature.
8. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
  - a) such transfers are done at the prevailing market price for quoted instruments on spot basis and in line provisions of SEBI Circular dated September 24, 2019 and as may be specified by SEBI from time to time, in this regard; and
  - b) the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
9. The Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided that investment in asset management company or the trustee company of a mutual fund shall be governed by clause (a) sub-regulation (1) of regulation 7B of the Regulations.
10. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities.

Provided further that the Scheme may enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI;

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
11. The Scheme shall not make any investment in any fund of funds scheme.
12. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
  - “Short Term” for such parking of funds by the Scheme shall be treated as a period not

exceeding 91 days.

- Such short-term deposits shall be held in the name of the Scheme.
- The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. The Trustees / AMCs shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has STD with such bank.
- The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

13. The Scheme shall not advance any loans.

14. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of Repurchase/Redemption of Unit or payment of interest and/or Dividend to the Unit holder. The Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

15. The Scheme shall not invest more than 10% of its net assets in equity shares or equity related instruments of any company.

16. All investments by the Scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

17. The Scheme will comply with provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions as stated below:

- (a) The cumulative gross exposure through equity, debt, derivative positions, REITs & InvITs and across various other asset classes in which the Scheme is permitted to invest should not exceed 100% of net assets of the Scheme.
- (b) Mutual Funds shall not write options or purchase instruments with embedded written options.
- (c) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- (d) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- (e) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
  - i. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities till the existing position remains.
  - ii. Hedging position cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in point a).
  - iii. Any derivative instrument used to hedge the underlying security as the existing position being hedged.
  - iv. The quantity of underlying associated with the derivative position taken for hedging purpose does not exceed the quantity of the existing position against which hedge has been taken.
- (f) Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counterparty in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed

10% of the net assets of the Scheme.

- (g) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point a) above.
- (h) Definition of Exposure in case of Derivatives Positions – Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss.

Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

All the investment restrictions will be applicable at the time of making investments.

Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

Pursuant to AMFI Best Practices Guidelines Circular No. 81/2019-20 dated September 24, 2019 regarding provisions pertaining to treatment of purchase / switch / Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) transactions received through distributors whose AMFI Registration Number (ARN) has been suspended temporarily or terminated permanently by Association of Mutual Funds in India (AMFI):

1. All purchase and switch transactions, including SIP/ STP registered prior to the date of suspension and fresh SIP / STP registrations received under the ARN code of a suspended distributor during the period of suspension, shall be processed under “Direct Plan” and shall be continued under Direct Plan perpetually\*.

\*Note: If the AMC receives a written request / instruction from the unit holder/s to shift back to Regular Plan under the ARN of the distributor post the revocation of ARN suspension, the same shall be honored.

2. All purchase and switch transactions including SIP/ STP transactions received through the stock exchange platforms through a distributor whose ARN is suspended shall be rejected.
3. In cases where the ARN of a distributor has been permanently terminated, the unitholders have the following options:
  - switch their existing investments under the Regular Plan to Direct Plan (Investors may be liable to bear capital gains taxes and exit load, if any, which may arise at the time of switch from Regular Plan to Direct Plan); or
  - continue their existing investments under the Regular Plan under ARN of another distributor of their choice.

## Dividend Policy

Dividend declaration and distribution shall be in accordance with SEBI Regulations as applicable from time to time. The AMC reserves the right to declared dividend from time to time, depending on availability of distributable surplus.

Dividends, if declared, will be paid out of the net surplus of the Scheme to those Unit holders whose names appear in the Register of Unitholders on the record date. The actual date for declaration of dividend will be notified suitably to the Registrar.

## Allotment

Full allotment was made to all valid applications received during the NFO of the Scheme.

## ACCOUNT STATEMENTS

18

### For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio:

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction.
- The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC.
- For NFO allotment in demat form, the AMC shall issue an intimation of allotment.
- For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Pursuant to sub regulation (1), (2) and (4) of Regulation 36 of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circulars no. Cir/ IMD/DF/16/ 2011 dated September 08, 2011, no. Cir/MRD/D9/31/2014 dated November 12,2014, no. SEBI/HO/IMD/DF2/CIR/P/2016/42 dated March 18, 2016 and no.SEBI/HO/IMD/DF2/CIR/P/2016/89 dated September 20, 2016, investors are requested to note the following regarding dispatch of account statements:

### A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of IDFC Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 10th day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before 10th day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

#### Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before tenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before 10th day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

**B) For Unitholders who have not registered their PAN / PEKRN with the Mutual Fund:**

For folios not included in the Consolidated Account Statement (CAS):

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of transaction.
- The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme.
- For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before 10th day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in IDFC MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

**C) For all Unitholders**

In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

## **UNIT CERTIFICATES**

No Unit Certificates will be issued. An investor who wishes to trade in units would require to have a demat account.

## **WHO CAN INVEST**

- Others who are permitted to invest in the Scheme as per their respective constitutions
- Other Schemes of IDFC Mutual Fund subject to the conditions and limits prescribed in SEBI Regulations and/or by the Trustee, AMC or sponsor may subscribe to the units under this Scheme.

## **WHO CAN NOT INVEST**

**The following persons are not eligible to subscribe to the Units of the Scheme:**

- 1) Residents in Canada
- 2) United States Persons (U.S. Persons) shall not be eligible to invest in the schemes of IDFC Mutual Fund and the Mutual Fund / AMC shall not accept subscriptions from U.S. Persons, except for lump sum subscription and switch transactions requests received from Non-resident Indians/Persons of Indian origin who at the time of such investment, are present in India and submit a physical transaction request along with such documents as may be prescribed by the AMC/Mutual Fund from time to time.

The AMC shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the AMC/Mutual Fund. The investor shall be responsible for complying with all the applicable laws for such investments. The AMC/Mutual Fund reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the AMC/Mutual Fund, which are not in compliance with the terms and conditions prescribed in this regard.

The term “U.S. Person” shall mean any person that is a United States Person within the meaning of Regulation ‘S’ under the United States Securities Act of 1933 or as defined by the U.S. Commodity Futures Trading Commission for this purpose, as the definition of such term may be changed from time to time by

- 3) Any entity who is not permitted to invest in the Scheme as per their respective constitutions and applicable regulations

The Fund reserves the right to include / exclude new / existing categories of investors to invest in this Scheme from time to time, subject to regulatory requirements, if any.

This is an indicative list and investors are requested to consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.

#### **Where can you submit the filled up applications.**

Filled up applications can be submitted at the Official points of acceptance, as per the details given on the back cover of this document including the back cover page.

#### **HOW TO APPLY?**

Please refer to the SAI and Application form for the instructions.

#### **MANDATORY QUOTING OF BANK MANDATE AND PAN NUMBER BY INVESTORS**

19

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected.

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

In terms of SEBI circulars dated April 27, 2007, April 03, 2008 and June 30, 2008 read with SEBI letter dated June 25, 2007, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lump sum investments (both put together) per mutual fund up to Rs.50,000/- per year per investor shall be exempted from the requirement of PAN.

Accordingly, investments in the Scheme (each Series) of up to Rs 50,000/- per investor per year shall be exempt from the requirement of PAN.

However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address [self-attested by the investor / attested by the ARN Holder/AMFI distributor]. These exempted investors will have to quote the "PEKRN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals (including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected.

Application Forms without quoting of PEKRN shall be considered incomplete and are liable to be rejected

without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

## **LISTING AND TRANSFER OF UNITS**

### **LISTING**

The units of the scheme are listed on the NSE. The In-principle approval from NSE has been received for listing of units of the above Scheme.

While the Scheme is closed for subscription / redemption subsequent to the NFO, buying or selling of Units by investors can be made from the secondary market on the NSE. Units can be bought or sold like any other listed stock on the Exchange at market prices. The minimum number of Units that can be bought or sold on the Exchange is 1 (one) unit. Investors can purchase Units at market prices, which may be at a premium/discount to the NAV of the Scheme depending upon the demand and supply of Units at NSE. Unitholders who wish to trade in units would be required to have a demat account. All investors may buy/sell Units on NSE on all the trading days of NSE as per the settlement cycle of the Stock Exchange.

Since the Scheme is listed, for declaration of dividend, the Scheme shall follow the requirements stipulated in the listing agreement.

Although Units are listed on NSE, there can be no assurance that an active secondary market will develop or be maintained. Trading on NSE may be halted because of market conditions or for reasons that in the view of the market authorities or SEBI, trading in the Units is not advisable. There can be no assurance that the requirements of the market necessary to maintain the listing of the Units will continue to be met or will remain unchanged. The AMC and the Trustees will not be liable for delay in trading of Units on NSE due to the occurrence of any event beyond their control.

### **TRANSFER**

On listing, the units of scheme / Series would be transferable. Transfers should be only in favour of transferees who are eligible for holding Units under the Scheme. The AMC shall not be bound to recognise any other transfer. For effecting the transfer of Units held in electronic form, the Unitholders would be required to lodge delivery instructions for transfer of Units with the DP in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialised mode.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.

### **Special Products / facilities available**

This being a close ended scheme, facilities like Systematic Investment Plan, Systematic Transfer Plan, Systematic Withdrawal Plan is not available to investors.

### **PLEDGE OF UNITS FOR LOANS**

The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution. The Registrar will take note of such pledge (by marking a lien etc.) / charge in its records. Disbursement of such loans will be at the entire discretion of the lending institution and the fund assumes no responsibility thereof.

The pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged

provides written authorisation to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. However, such redemption will be permitted only on maturity of the scheme. Decision of the AMC shall be final in all cases of lien marking.

In case of Units held in electronic form, the rules of Depository applicable for pledge will be applicable for Pledge/Assignment of the Units of the Scheme. Units held in electronic form can be pledged by completing the requisite forms/formalities as may be required by the Depository.

### **III. Non-Financial Transactions**

Request for Non-Financial Transactions such as change in address, change in bank mandate etc will have to be submitted to Investor Services Centres of IDFC AMC/Registrar in case of units held in physical form. However for units held under demat mode, such requests may be submitted to the respective Depository Participants.

#### **PHONE TRANSACT**

The Facility 'Phone Transact' has been introduced by the AMC which enables the investors to subscribe and/or redeem units by calling from their registered phone number on a dedicated phone number identified by the AMC.

The Facility "M-Transact" has been introduced by the AMC which enables investors to subscribe and/or redeem units, by sending instructions through short messaging service ("SMS") from their registered mobile phone number on a dedicated number identified by the AMC.

These facilities are currently available to all existing Individual investors in the schemes of IDFC Mutual Fund. Individual investors applying on "Sole" or "Anyone or Survivor" basis in their own capacity shall be eligible to avail of these facilities for permitted transactions; inter alia, on the terms and conditions specified by the AMC for use of this facility from time to time. All such investors also need to have completed the KYC process and bank mandate registration as specified by the AMC from time to time. This facility is currently not available to a first time investor in the schemes of IDFC Mutual Fund.

Currently, only purchase, switch and redemption transactions are accepted through this facility. Eligible investors can make additional purchase in the scheme in which they are currently invested or make fresh purchase in any other scheme of IDFC Mutual Fund. Additionally, in case of open-ended schemes offering SIP facility, investors can register a SIP using Phone Transact. Requests like change in bank mandate, change of nomination, change in mode of holding, change of address or such other requests as the AMC may decide from time to time will not be permitted using the phone transact facility.

The AMC may, if deemed fit, extend this facility to other categories of investors at a future date. The AMC/Mutual Fund reserves the right to modify the terms and conditions of this Facility from time to time as may be deemed expedient or necessary.

"Terms and Conditions" mean the terms and conditions set out below by which the Facility shall be used/availed by the Unit holder and shall include all modifications and supplements made by AMC thereto from time to time.

It is clarified that the Facility is only with a view to accommodate /facilitate the Unit holder and offered at the sole discretion of the AMC. Further, the AMC may refuse access to this Facility to any investor for reasons such as attempt to mis-use this facility, attempt to place unauthorised transaction etc.

AMC may periodically provide the Unit holder with a written statement of all the transactions made by the Unit holder on a regular/as & when basis, as is being currently done.

The Unit holder shall check his/her account records carefully and promptly. If the Unit holder believes that there has been a mistake in any transaction using the Facility, or that an authorised transaction has been effected, the Unit holder shall notify AMC immediately.

By opting for the facility the Unit holder authorises and instructs the AMC to carry out the transactions as per the instruction given by the investor.

The Unit holder shall at all times be bound by any modifications and/or variations made to these Terms and Conditions by the AMC.

The Unit holder agrees and confirms that the AMC may at its sole discretion suspend the Facility in whole or in part at any time without prior notice if (i) the Unit holder does not comply with any of the Terms and Conditions or any modifications thereof, (ii) the AMC has the reason to believe that such processing is not in the interest of the Unit holder or is contrary to Regulation/SIDs/amendments to the SID and (iii) otherwise at the sole discretion of the AMC in cases amongst when the markets are volatile or when there are major disturbances in the market, economy, country, etc.

## **1. INSTRUCTIONS / TERMS AND CONDITIONS FOR PHONE TRANSACT & M-TRANSACT FACILITIES**

- a) Prospective investor(s) / Unitholder(s) are requested to read the Scheme Information Document (“SID”), Key Information Memorandum (“KIM”) (collectively the “Offering Documents”) and instructions and terms and conditions (“Instructions”) carefully before filling the Registration Form and the One Time Debit Mandate Form (“Registration cum Debit Mandate”).
- b) Prospective investor(s) / Unitholder(s) proposing to avail the M-Transact Facility (“User”) are deemed to have read and accepted the terms and conditions as stated in the Offering Documents, the Know Your Customer (KYC) norms, the Privacy and Security Policy on the website of the Mutual Fund and these Instructions, and bind themselves to the terms thereof upon signing the Registration cum Debit Mandate.
- c) The AMC is offering the M-Transact facility with a view to accommodate / facilitate the User and is as such offered at the sole discretion of the AMC.
- d) Once registered under the Facilities, the User would be registered for all schemes of IDFC Mutual Fund and all services covered respectively under each of the Facilities. Users do not have an option to selectively choose the Scheme(s) or the services they would like to be registered under the Facilities. The Users should note that separate SMS confirmations will be sent on their registered mobile number confirming successful registration and activation of the Facilities. In addition, User(s) will also receive a letter from the AMC confirming activation of the Facilities. The User will be able to transact for each of the Facilities only after receiving the relevant registration confirmation SMS.
- e) User(s) to take note that in line with guidelines by SEBI vide its Circular No. Cir/IMD/DF/13/2011 dated August 22, 2011, Mutual Fund shall deduct Transaction Charges from the subscription amount, as applicable.
- f) The distributor code (ARN) and the distributor sales person code (EUIN) as mentioned on the SMS transact Registration Form would be applicable for all transactions done using the Facility. Any change in the ARN and/or EUIN for Facilities would be required to be intimated, in writing, to IDFC Mutual Fund/ IDFC AMC and would be effected on a prospective basis.
- g) The following rules will apply for processing of purchase (lump sum and SIP) transactions using SMS Transact/ M Transact Facility:
  - A. Distributor ARN code and EUIN mentioned during filling the registration form for the Facilities:**
    - If the investment is requested in a scheme under a ‘Direct Plan’, the Distributor/ARN code will be excluded for that transaction and units will be allotted under the ‘Direct Plan’ as requested.
    - If the investment is requested in a scheme under a ‘Regular Plan’, the registered ARN code and EUIN will be considered for that transaction and units will be allotted under the ‘Regular Plan’ as requested.
  - B. Distributor/ ARN code not mentioned (left blank or ‘Direct’ mentioned) during filling the registration form for the Facilities:**

- If the investment is requested in a scheme under a 'Direct Plan', the units will be allotted under the 'Direct Plan' as requested.
  - If the investment is requested in a scheme under a 'Regular Plan', the units will, by default, be allotted under the 'Direct Plan' of the respective scheme.
- h) The Unit holder desirous to make purchase and SIP registration over this facility shall register to avail the Phone Purchase facility by submitting the "Registration - Cum - One Time Mandate Form" and submit the same to the AMC/ISC. The form can be downloaded from [www.idfcmf.com](http://www.idfcmf.com). The terms and conditions for Phone Purchase are mentioned on the reverse of the Application Form.

## 2. UNITHOLDER INFORMATION

- a) M-Transact facility is only available to User(s) having a folio (which would include any zero balance folio) with the Mutual Fund, and who are either Resident Individuals (with mode of holding of the folio as 'single' or 'anyone or survivor' or 'either or survivor'), Hindu Undivided Family, sole proprietors or minors (through guardians). This facility is not available to User(s) who are non-residents (NRIs), Corporates, Partnership Firms and Resident Individuals (with mode of holding of the folio as 'joint'). Further, User(s) transacting through the online platforms of distributors (channel investors) or holding Units in demat form cannot be registered for the M-Transact facility.
- b) In case the User is a 'minor', the parents or legal guardian appointed by a court of competent jurisdiction shall be eligible to avail of the facilities till the minor attains majority. The legal guardian of the minor hereby agrees to submit such details as may be specified by the AMC, from time to time. Upon the minor attaining majority, the right of the parent / legal guardian to operate the said User(s) account / folio(s), shall cease and the 'major' User would be required to register himself afresh for availing the M-Transact facility. The parent / legal guardian of the minor agree to indemnify the AMC against any claim made by the above minor for any transactions made by him/her on behalf of the minor.
- c) In case of 'single' holding folio, M-Transact facility will be offered to the sole User. In case the mode of holding of the folio is 'Anyone or Survivor', the AMC shall offer the facility in favour of the 'Anyone or Survivor' in the folio.
- d) User(s) should specify their full name, PAN details, folio no, mobile number and email address in the 'Unitholders Information' section in the Registration cum Debit Mandate. User's name should match with the details in the existing folio, failing which the Registration cum Debit Mandate is liable to be rejected.
- e) User(s) are required to specify whether they are KYC compliant and enclose a photocopy of their PAN card duly self-certified along with the original PAN card along with a proof of KYC Compliance (viz. KYC Acknowledgement Letter issued by KYC Registration Agency ("KRA") or printout of KYC Compliance status downloaded from the KRA website using the PAN Number or KYC acknowledgment letter issued by any KYC Registration Agency registered with SEBI), if not provided earlier, along with the Registration cum Debit Mandate. Only KYC compliant users shall be permitted to use the facility. KYC failed cases or KYC pending or under-process cases are currently not eligible to be registered for this facility. Decisions of the AMC with regards permitting the User(s) to avail M-Transact shall be final and binding upon them. Registration cum Debit Mandate not complying with the above requirement will not be accepted/ processed.
- f) The mobile number and email address specified in the Registration Cum Debit Mandate will be registered for availing this M-Transact facility and such details will supersede corresponding existing details (if any) for the User(s) folio. A user can undertake transactions under the M-Transact facility only through the registered mobile no. Only one folio can be tagged to one mobile number and once a mobile number is registered for one folio, the same mobile number cannot be re-registered against another folio in the Mutual Fund. Further, only one mobile number can be registered against one folio.

## 3. TRANSACTION AND FUND OPTION

Currently, the following types of transactions are permitted under each of the Facilities:

- SMS Transact – Lump sum Purchase, SIP registration, Redemption
- Phone Transact - Lump sum Purchase, SIP/STP/SWP registration, switch, Redemption

- Investors can use the Facilities for all the eligible and live open-ended schemes (currently available and launched in future) of IDFC Mutual Fund.

If the User has existing units in the same folio under the Scheme(s) covered under the Facilities under the Dividend Option with a different sub-option selected (i.e. payout or reinvest), the existing sub-option would be substituted with the sub-option selected during the phone transaction, for that folio. In a subsequent Purchase transaction through a mode other than a SMS or phone transaction, if the User selects a different sub-option under the folio, such new sub-option will substitute the earlier selected sub-option, including the one registered for the Phone Transact facility.

The User(s) understands that the AMC may, at its sole discretion decide to make available additional Schemes under the Facilities. The User(s) acknowledges and agrees to be bound by the terms and conditions of these Facilities for such additional Schemes that the AMC may make available from time to time.

#### **4. BANK DETAILS**

- a) User(s) proposing to undertake purchase transactions through the Facilities must have a bank account with any one of the eligible banks on the NACH Platform. The Mutual Fund / AMC reserves the right to remove or add any bank as an eligible bank at any time without giving any prior notice to the User(s). User(s) will have to register a single bank mandate which will be debited towards subscription of unit(s) of Scheme(s) ("Purchase") undertaken through the SMS Transact facility. Relevant information in the 'Bank Details' section should be filled in and an original cancelled cheque or a self attested copy of the cheque of such a bank account should be provided along with the OTM for verification and registration of bank mandate. The bank mandate mentioned in the OTM is limited/ applicable only for Purchases through the Facilities and will not be added to the bank master for transactions through other modes, in the folio. User(s) can make payments for Purchases under the Facilities only from their respective bank account(s). In case of minor account, the bank account has to be either of the minor only or a joint account of the minor with the guardian only. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. Third party payments are not permitted.

Eligible Banks for Purchases through the Facilities: All banks / bank branches participating in NACH Platform of NPCI

- b) User(s) not providing information in the 'Bank Details' section or not having an account with any of the eligible banks can still be eligible to avail the Redemption facility through M-Transact with the existing default bank mandate registered in the folio. The Redemption proceeds will continue to get credited/ paid out to the existing default bank mandate registered in the folio as per the Registrars records and is independent of the bank mandate registered for Purchases under the M-Transact facility. In such cases, the 'Bank Details' section and the 'Authorisation of the Bank Account Holder' section are not required to be filled-in and must be kept blank.
- c) Any change of bank mandate in the folio submitted subsequently, will not impact/ alter the bank mandate, default or otherwise, registered for Purchases under the M-Transact facility. In case the User(s) desire to change their bank mandate for Purchases under M-Transact facility, they will have to de-register the existing M-Transact registration and re-register with the new bank mandate by filling up a fresh Registration cum Debit Mandate. A notification of such change should also be separately sent to the old bank by the User(s) for necessary action.

#### **DECLARATION AND AUTHORISATION OF THE USER**

- a) All signatures should be in English or in any Indian language. Thumb impressions should be from the left hand for males and the right hand for females and in all cases must be attested by a magistrate, notary public or special executive magistrate under his / her official seal. Applications by minors should be signed by their guardians. If you are investing through your constituted attorney, please ensure that the Power of Attorney (POA) document is signed by you and your constituted attorney. The signature in the Registration cum Debit Mandate, then, needs to clearly indicate that the signature is on your behalf by the constituted attorney.
- b) User(s) entering relevant details in the 'Bank Details' section are also required to sign in the 'Authorisation of the Bank Account' section in the order in which the bank account is held and the manner in which their signatures appear on bank records.
- c) User(s) who have not provided information in the 'Bank Details' section and are only availing the Redemption facility through the Facilities, will be only bound by the declarations and authorizations set out in the second paragraph of this section upon signing the signature block in this section.

## **OTHER TERMS AND CONDITIONS**

- a) Currently, each Purchase transaction under the Facilities is restricted up to a monetary limit as mentioned below:  
SMS Transact facility – up to Rs. 99,99,999 per transaction  
Phone Transact facility – up to Rs. 1,99,999 per transaction.  
However, with further system developments, the AMC would endeavour to enhance such limit over a period of time. Notification of such enhanced limits would be informed in accordance with the requirements under the Regulations. The minimum Purchase amount criteria (lump sum and SIP) specified in the respective Option of the Scheme would be applicable.  
Further, the restriction on number of transactions which a user can do in one folio on a single day is as given below:  
SMS Transact - No restriction, the User can make multiple Purchases if required in a single day.  
Phone Transact - At present, only five (5) transactions per folio per scheme per day are accepted towards purchases in all eligible open ended schemes.  
Redemption can be submitted in all eligible open ended schemes, subject to maximum limit of only five (5) transactions per folio per scheme per day.  
Users submitting multiple requests in any of the eligible open ended schemes, which aggregates to Rs. 2 lakhs or above, and in Liquid Schemes irrespective of the amount, from various modes of application, are requested to read the Applicable NAV section in the SID of the relevant Scheme(s). The Redemption requests shall be subject to the minimum Redemption amount criteria and such other requirements (as applicable), details of which are provided in the SID of the relevant Scheme(s).
- b) SIP (available only for investors who have successfully registered for Purchases under the Facilities): Users who have received the SIP Purchase registration confirmation SMS from IDFC/ Registrars can initiate SIP Purchases in any of the Schemes offered under the Facilities by sending the prescribed SMS with the relevant SIP amount and scheme code to 56767267. Users are requested to refer to the SID of the Scheme for details on the minimum initial lumpsum investment amount to commence the SIP and the minimum instalment amount. The default date for SIP instalment would be on the 10th of every month, or the subsequent Business Day if the 10th is a non-Business Day. On receipt of the SMS for starting SIP, the first SIP will be triggered on the 10th of the month immediately following the date of receipt of the SMS. Thereafter, it will automatically be triggered on every 10th of the subsequent month. The SIP would be open-ended (i.e. a perpetual SIP – till Dec 2099) which can be discontinued by the User at any time by sending a written request to the Registrar/AMC.

User(s) to note that SIP registration will be cancelled and SIP will be discontinued in case of 3 consecutive reversals for non-receipt of funds by the Scheme (including offline SIPs). The default

syntax would be SIP space <amount> space <scheme code>. SIP can also be registered using phone transact facility.

- c) Applicable NAV: Investments in the Scheme would be aggregated at a Portfolio level based upon the PAN of the User, irrespective of the time or mode of receipt on the application on any given business day. In case such investments aggregate to Rs. 2 lakhs or above, the closing NAV of the day on which the funds for the entire amount of subscription/Purchase (including switch ins) as per the application(s) are credited to the bank account of the respective Scheme before the cut-off time i.e. available for utilization before the cut off time, shall be applicable.

User(s) may note that the transactions submitted through Phone Transact facility will be processed at the Applicable NAV basis the time of receipt of final confirmation from the User by the Registrar. Electronic time stamping of such instruction by the Registrar shall be deemed to be in accordance with the requirements under the Regulations. The time and date recorded by the server of the Registrar will be treated as the time and date for the submission of such transaction request.

User(s) to note that Redemption transactions under the SMS Transact facility will be processed at the Applicable NAV at the time of receipt of the SMS instruction by the Registrar. Users are requested to refer the SID of the Scheme for further details on the Applicable NAV for Purchase transactions (lumpsum and SIP). Users to note that each Purchase and Redemption request is however subject to acceptance of the transaction request by the AMC/Registrar. Electronic time stamping of such SMS instruction by the Registrar shall be deemed to be in accordance with the requirements under the Regulations. The time and date recorded by the server of the Registrar will be treated as the time and date for the submission of the Purchase/Redemption request.

- d) At the time of requesting a Purchase transaction (lumpsum and SIP) under the Facilities, availability of clear funds should be ensured in the bank account specified in the OTM as non-availability of funds in the bank account of the User(s) may lead to unsuccessful transaction. The AMC / Registrar shall attempt to settle the transaction by requesting the registered bank for release of funds. However, in case of non-receipt of funds, the transaction shall stand cancelled and the units allotted, if any, would be reversed.
- e) All allotments of Units will be provisional, subject to realization of payment and other information as required by the AMC in a form satisfactory to the AMC, failing which the Mutual Fund / AMC reserve the right to reject the application and refund the Purchase amount or if Units have been allotted, freeze the folio or reverse the units or Redeem the Units at Applicable NAV and in such a case the Mutual Fund / AMC will not be responsible for any consequence there from.
- f) Any Transaction request on a non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the SID of the Scheme and/or SAI.
- g) If any transaction under the Facilities is delayed or not effected at all for reasons of incomplete or incorrect information/entry or due to non-receipt of SMS by the service provider or the Registrar, the User(s) will not hold the AMC, the Mutual Fund, its agents or service providers responsible.
- h) While the AMC shall aim to provide security to prevent any unauthorized access, there cannot be any guarantee from frauds, hacking and other actions, which could affect the electronic instructions to the AMC.
- i) The User has to immediately notify the AMC/Mutual Fund on toll-free number 180030066688 / 18002666688 followed by email to investormf@idfc.com from his registered email address informing of the loss or change in mobile number, to enable the AMC/Mutual Fund to de-register the folio mapped to the mobile number for SMS Transact facility.

- j) Upon receipt of request from User, the AMC / the Mutual Fund may restrict SMS transact facility to prevent any unauthorized access.
- k) Requests like change in bank account details/mandates (other than under this facility), change of nomination, change in mode of holding, change of address or such other requests as the AMC may decide from time to time will not be permitted by using the Facilities. User(s) should submit relevant request forms available with the ISCs / our website [www.idfcmf.com](http://www.idfcmf.com) for such requests.
- l) In order to avail the Facilities, the User(s) are required to provide certain data in the Registration form/OTM or otherwise. The AMC may in its absolute discretion and in the User's interest, request the User(s) for an oral, fax or written confirmation of any transaction request and/or any additional information with respect to the User(s). The AMC shall not be bound to act on any SMS instructions received until such oral, fax or written confirmation and/or any additional information in a form and manner acceptable to the AMC is received.

However, the AMC shall rely on the fax confirmations purporting to have been sent by the User(s) and may act thereon as if the same had been duly given. If for any reason, the AMC is not satisfied with the replies of the User(s), the AMC has, at its sole discretion and in the interest of the investor, the right to refuse to suspend SMS Transact facility.

The User(s) shall ensure that the details provided to the AMC are complete, true, accurate and as at the date of submission. The AMC shall be notified immediately if the User is aware or suspects another person knows or has used his/her/their data without authority, and the AMC/Mutual Fund will not be liable for any loss caused to the User on account of any mis-use of the data by such other person.

- m) The User(s) understands that the data / information provided by him / her / them pursuant to dealing with the AMC / Mutual Fund could be dealt/shared by the AMC with the Sponsor, Trustee Company, Registrar, banks and / or authorized external third parties who are involved in transaction processing, dispatches, etc. of the Scheme or who have been appointed by the Trustees/AMC to provide services to the Scheme, distributors or sub-brokers or any other persons for compliance with any legal or regulatory requirements or directives or to verify the identity of User(s) for complying with anti-money laundering requirements or for prevention of fraud purposes in accordance with the Privacy and Security Policy of the Mutual Fund which is available on its website [www.idfcmf.com](http://www.idfcmf.com).
- n) The AMC / Mutual Fund may at its sole discretion modify / vary or suspend any of the Facilities in whole or in part, at any time with requisite intimation to the User(s), as may be deemed expedient or necessary.
- o) Providing the Facilities shall not be considered as solicitation to buy or an offer to sell or recommendation for a security or any other product or service, to any person in any jurisdiction where such solicitation, offer, recommendation, purchase or sale would be unlawful under the laws of that jurisdiction.
- p) The AMC accepts no liability whatsoever, direct or indirect, for non-compliance with the laws of any country other than the Republic of India. The mere fact that the Facilities may be accessed by a User(s) by sending a SMS from a country other than India, shall not be interpreted to imply that the laws of the said country supersede the Instructions and/or the use of the Facilities. The Facilities shall be expressly governed by these Instructions at all times.
- q) The AMC will not be liable to the User(s) for any damages whether direct or indirect, on account of any unauthorized access or misuse of the Facilities by the User(s).
- r) The grant of the Facilities is not transferable / assignable under any circumstances.

- s) The Facilities are provided only with a view to accommodate/facilitate the Unit holder(s) and offered at the sole discretion of the AMC.

**User(s) to note that by signing the Registration form/s and OTM and/or availing any of the Facilities, the User(s) also give the following confirmations, declarations and authorizations set out below:**

## Associate Transactions

Please refer to Statement of Additional Information (SAI).

## TAXATION

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.

Particulars	Investors	Mutual Fund
	Effective from 1 April 2020	Effective from 1 April 2020
Tax on Dividend	As per applicable slab/tax rates For FPI - 20% (please refer paragraph 6)	NIL
Long Term Capital Gains	10%	NIL
Short Term Capital Gains	15%	NIL
Equity scheme will also attract securities transaction tax (STT) at applicable rates.		
For further details on taxation please refer to the clause on Taxation in the SAI		

**Note:** Surcharge and Health & education cess (please refer paragraph 7) will be payable in addition to the applicable taxes, wherever applicable. Further, the TDS rates on dividend income is mentioned in paragraph 8.

As per section 2(42A) of the Income-tax Act, 1961 ('the Act'), units of equity oriented fund (please refer Annexure 1 for definition) held by the investor as a capital asset, is considered to be a short-term capital asset, if it is held for 12 months or less from the date of its acquisition by the unit holder. Accordingly, if such assets are held for a period of more than 12 months, it is treated as a long-term capital asset.

### 1) Long-term capital gains

As per section 10(38) of the Act, long-term capital gains arising from sale of units of an equity oriented fund on a recognized stock exchange or sale of units of an equity oriented fund to the mutual fund were earlier exempt<sup>1</sup> from tax, provided such transaction of sale is chargeable to STT.

The Finance Act, 2018 has withdrawn the exemption under section 10(38) of the Act and introduced a new section 112A (effective 1 April 2018) to tax long-term capital gains arising from transfer of units of equity oriented mutual funds. Such gains, exceeding Rs.100,000, will be taxed at concessional rate of 10 percent (plus surcharge and cess), provided the acquisition and transfer is subject to STT, as applicable.

Section 112A of the Act also provides relief in computation of gains on sale of units acquired before 1 February 2018 such that the cost of acquisition ('COA') of such units is to be considered the **higher of**

- Actual COA of the units; and
- Lower of
  - FMV<sup>2</sup> of the unit; and

<sup>1</sup> Applicable up to 31 March 2018

<sup>2</sup> In case of a listed unit, the FMV means the highest price of such share or unit quoted on a recognized stock exchange on 31 January 2018. However, if there is no trading on 31 January 2018, the FMV will be the highest price quoted on a date immediately preceding 31 January 2018, on which it has been traded. In the case of unlisted unit, the net asset value of such unit on 31 January 2018 will be the FMV.

- Redemption value/Sale consideration on transfer of the units

Benefit of inflation indexation and foreign currency fluctuation will be not be available for computing the cost.

Long term capital gains arising from transfer of units of an equity oriented mutual fund on a stock exchange would be taken into account in computing the book profit and tax will be payable by the company as per Minimum Alternate Tax ('MAT') provisions (section 115JB of the Act).

Further, in case of individuals/ HUFs, being residents, where the total income excluding long-term capital gains is below the maximum amount not chargeable to tax, then the difference between the current maximum amount not chargeable to tax and total income excluding long-term capital gains, shall be adjusted from long-term capital gains. Therefore, only the balance long-term capital gains (exceeding Rs. 100,000) will be liable to income tax at the rate of 10 percent plus applicable surcharge and cess.

## 2) Short-term Capital Gains

As per section 111A of the Act, short-term capital gains from the sale of units of an equity-oriented fund on a recognised stock exchange or sale of such units to the mutual fund is taxed at 15 percent, provided such transaction of sale is chargeable to STT. The said tax rate would be increased by surcharge and cess as mentioned in paragraph 7.

In case of resident individual or HUF, if the income from short-term capital gains is less than the maximum amount not chargeable to tax, then there will be no tax payable.

Further, in case of individuals/ HUFs, being residents, where the total income excluding short-term capital gains is below the maximum amount not chargeable to tax<sup>3</sup>, then the difference between the current maximum amount not chargeable to tax and total income excluding short-term capital gains, shall be adjusted from short-term capital gains. Therefore, only the balance short term capital gains will be liable to income tax at the rate of 15 percent plus cess.

## 3) Taxability of dividends

With effect from 1 April 2020, income distribution tax has been abolished and now the dividend income will be taxed in the hands of the unitholder at applicable slab rates/ tax rates as mentioned in paragraph 6 and 20% in case of FPIs. Further, the applicable TDS rates are mentioned in paragraph 8 below.

Further, as per section 57, the resident unitholders can claim deduction of interest expense to the extent of 20 per cent of dividend income.

4) Any income, including gains from redemption of units of scheme of Mutual Fund, received by any person for, or on behalf of, the New Pension System Trust, is exempt in the hands of such person under section 10(44) of the Act.

5) STT will apply at the following rates in case of units of equity-oriented fund purchased or sold:

Nature of Transaction	Payable by	Value on which tax shall be levied	Rates (%)
Delivery based purchase transaction in units of equity oriented fund entered	Purchaser	Value at which the units are purchased	NIL

<sup>3</sup> Basic Exemption Limit

on a recognized stock exchange			
Delivery based sale transaction in units of equity oriented fund entered on a recognized stock exchange	Seller	Value at which units are sold	0.001
Non-delivery based sale transaction in units of equity oriented fund entered on a recognised stock exchange.	Seller	Value at which units are sold	0.025
Sale of units of an equity oriented fund to the mutual fund	Seller	Value at which units are sold	0.001

**6) The tax rates applicable to different categories of tax-payers for FY 20-21:**

(Rates of TDS are highlighted in paragraph 8)

**A. Individuals (including NRs)/ HUFs/ Association of Persons/ Body of Individuals**

These categories are taxable on progressive basis, as given below:

- Under the **ongoing** regime:

Where total income for a tax year (April to March) is less than or equal to Rs 250,000* (the basic exemption limit)	Nil
Where such total income is more than Rs 250,000* but is less than or equal to Rs 500,000	5% of the amount by which the total income exceeds Rs 250,000*
Where such total income is more than Rs 500,000 but is less than or equal to Rs 1,000,000	Rs 12,500 plus 20% of the amount by which the total income exceeds Rs 500,000
Where such total income is more than Rs 1,000,000	Rs 112,500 plus 30% of the amount by which the total income exceeds Rs 1,000,000

\*The basic exemption limit in case of a resident senior citizen (with age of sixty years or more but less than eighty years) is Rs 300,000, in case of resident in India, who is of the age of eighty years or more at any time during the previous year is Rs 500,000.

Further, a tax rebate up to Rs 12,500 per annum would be available for resident individuals with total income of up to Rs 500,000 per annum.

- Under the alternate new regime<sup>4</sup> for individuals and HUF w.e.f. FY 2020-21:

<sup>4</sup> Section 115BAC. For adopting the new tax regime, most of the deductions/exemptions such as section 80C, 80D, etc. are to be foregone. The aforesaid regime is optional. Accordingly, individuals and HUFs have the option to be taxed under either of the options. The option under new regime once exercised can be changed in subsequent years (not applicable for business income).

Where total income for a tax year (April to March) is less than or equal to Rs 250,000 (the basic exemption limit)	Nil
Where such total income is more than Rs 250,000 but is less than or equal to Rs 500,000	5% of the amount by which the total income exceeds Rs 250,000
Where such total income is more than Rs 500,000 but is less than or equal to Rs 750,000	Rs 12,500 plus 10% of the amount by which the total income exceeds Rs 500,000
Where such total income is more than Rs 750,000 but is less than or equal to Rs 1,000,000	Rs 37,500 plus 15% of the amount by which the total income exceeds Rs 750,000
Where such total income is more than Rs 1,000,000 but is less than or equal to Rs 1,250,000	Rs 75,000 plus 20% of the amount by which the total income exceeds Rs 1,000,000
Where such total income is more than Rs 1,250,000 but is less than or equal to Rs 1,500,000	Rs 125,000 plus 25% of the amount by which the total income exceeds Rs 1,250,000
Where such total income is more than Rs 1,500,000	Rs 187,500 plus 30% of the amount by which the total income exceeds Rs 1,000,000

#### ***B. Other categories of investors***

Tax rates for other categories are given below:

<b>Type of tax-payer</b>	<b>Tax rate</b>
Partnership firms (including limited liability partnership)/ domestic company*	30%
Company other than a domestic company	40%

\*Finance Act, 2020 ('FA 2020') provides that in case of a domestic company, where the total turnover or gross receipts of such company for financial year 2018-19 does not exceed Rs 400 crores, the rate of tax shall be 25% plus applicable surcharge and cess.

The Taxation Laws (Amendment) Act, 2019 has introduced two new sections i.e. section 115BAA and section 115BAB effective from financial year commencing 1 April 2019:

- **Section 115BAA**

As per section 115BAA, a domestic company can opt for paying tax at a lower rate of 22%, plus applicable surcharge and cess, subject to prescribed conditions especially such that certain deductions [such as section 80G (w.e.f. FY2020-21)] and exemptions need to be foregone. Further, the provisions of MAT will not apply to such companies. The option has to be exercised before the due date of filing the income-tax return. Once the option is exercised, it cannot be withdrawn subsequently.

- **Section 115BAB**

As per s.115BAB new domestic manufacturing companies, which have been set up and registered on or after 1 October 2019 and commenced manufacturing on or before 31 March 2023, can opt for a lower tax rate of 15% plus applicable surcharge and cess subject to prescribed conditions especially such that certain deductions [such as section 80G (w.e.f. FY2020-21)] and exemptions need to be foregone.

Further, the provisions of MAT will not apply to such companies. The option has to be exercised before the due date of filing the income-tax return. Once the option is exercised, it cannot be withdrawn subsequently.

## 7) Surcharge and Cess

The tax rates mentioned in paragraph 6 above would be increased by a surcharge of:

### a) For Individuals, HUF, Artificial Juridical Person, AOP or BOI:

Nature of Income	Up to Rs. 50 lakhs	More than Rs. 50 lakhs but upto Rs. 1 crore	More than Rs. 1 crore but less than Rs. 2 crores	More than Rs. 2 crores but up to Rs. 5 crores	More than Rs. 5 crores
1. Short-term capital gain under section 111A; 2. Long-term capital gains under section 112A; 3. Short term or Long-term capital gains under section 115AD(1)(b)	NIL	10%	15%	15%	15%
4. Dividend Income <sup>5</sup> – Residents and Non-residents	NIL	10%	15%	25%	37%
5. Any other Income	NIL	10%	15%	25%	37%

### b) For Firms and LLPs

12% where total income exceeds Rs. 10,000,000.

### c) For Companies

Company	Total income upto Rs. 1 crore	Total income exceeds Rs. 1 crore but not Rs. 10 crores	Total income exceeds Rs. 10 crores
Domestic company	NIL	7%	12%
Domestic Company opting for section 115BAA and 115BAB - on income other than		10%	

<sup>5</sup> The FA 2020 caps the surcharge on "dividend". It appears for this purpose that dividend would mean dividend from equity shares and may not cover dividend from mutual fund schemes/income distributed by mutual funds. This is because the Income-tax Act in several places refers to dividend from equity as "dividend" and dividend from mutual fund as "income distributed by mutual fund". Based on such approach, "mutual fund dividend" is subject to super-rich surcharge.

capital gains			
Domestic Company opting for section 115BAA and 115BAB - on capital gains	NIL	7%	12%
Foreign company	NIL	2%	5%

A health and education cess of 4% by way of would be charged on amount of tax inclusive of the applicable surcharge for all taxpayers.

## 8) TDS on income from mutual funds

### a) Dividend income

Category	TDS rate	Reduced TDS rates from 14/05/2020 to 31/03/2021
Resident	10% (new section 194K <sup>6</sup> )	7.5%
FPI (corporate)	20% (section 196D)	No change
FPI (non-corporate)	20% (section 196D)	No change
Non-residents including corporates	20% (section 196A)	No change

### b) Capital gains

Category	TDS rate
Resident	NIL (new section 194K <sup>7</sup> )
FPI (corporate)	NIL (section 196D <sup>8</sup> )
FPI (non-corporate)	NIL (section 196D <sup>13</sup> )
<u>Other non-residents:</u>	
• Short-term capital gains under section 111A	15% (section 195)
• Long-term capital gains under section 112A	10% (section 195)

## 9) Surcharge on TDS

- In case of TDS on payments made to residents, the tax rates would not be increased by surcharge and cess.

<sup>6</sup> Threshold of Rs. 5,000 is applicable under section 194K.

<sup>7</sup> As per section 194K, TDS is not required to be withheld on income in the nature of capital gains.

<sup>8</sup> As per section 196D(2) of the Act, income-tax is not required to be withheld from any income arising to FPIs by way of capital gains on transfer of shares and units referred to in section 115AD.

- In case of TDS on payments made to non-residents, the tax rates would be increased by surcharge and cess. The surcharge rates are as under:

Nature of Income	Up to Rs. 50 lakhs	More than Rs. 50 lakhs but upto Rs. 1 crore	More than Rs. 1 crore but less than Rs. 2 crores	More than Rs. 2 crores but up to Rs. 5 crores	More than Rs. 5 crores	More than Rs. 10 crores
a) Non-corporates						
• Short-term capital gain under section 111A; • Long-term capital gains under section 112A;	NIL	10%	15%	15%	15%	
• Dividend income <sup>9</sup> – FPIs and other non-residents	NIL	10%	15%	25%	37%	
• Any other Income	NIL	10%	15%	25%	37%	
b) Corporates	NIL		2% (More than Rs. 1 crore but up to Rs. 10 crores)		5%	

The rate of health and education cess is 4%. (applicable on tax plus surcharge).

#### Annexure – Definition of Equity-oriented mutual fund

‘Equity oriented fund’ has been defined to mean a fund set up under a scheme of a mutual fund specified under clause 23D of Section 10 of the Act.

Currently, ‘Equity Oriented Fund’ has been defined as

(a) "equity oriented fund" means a fund—

- (i) where the investible funds are invested by way of equity shares in domestic companies to the extent of more than sixty-five per cent of the total proceeds of such fund; and
- (ii) which has been set up under a scheme of a Mutual Fund specified under clause (23D):

Provided that the percentage of equity share holding of the fund shall be computed with reference to the annual average of the monthly averages of the opening and closing figures;

<sup>9</sup> The FA 2020 caps the surcharge on "dividend". It appears for this purpose that dividend would mean dividend from equity shares and may not cover dividend from mutual fund schemes/income distributed by mutual funds. This is because the Income-tax Act in several places refers to dividend from equity as “dividend” and dividend from mutual fund as “income distributed by mutual fund”. Based on such approach, “mutual fund dividend” is subject to super-rich surcharge.

This definition of 'Equity oriented fund' is expanded to cover 'Fund of Funds' schemes where such 'Fund of Funds' invests in the units of Exchange Traded Fund ('ETF'), such that:

- Minimum 90 percent of total proceeds of such Fund of Funds is invested in the units of ETF; and
- The ETF invests minimum 90 percent of its proceeds in listed equity shares.

### Stamp duty implications

The Finance Act, 2019 has amended the Indian Stamp Act, 1899 to introduce the levy and collection of stamp duty on the issue and transfer of financial instruments at one place through stock exchanges, clearing corporation and depositories.

State Governments will discontinue to charge/collect stamp duty on securities once amendments are effective. Stock exchange/clearing corporation/depository will transfer the stamp duty to respective state governments.

Based on the present language, there will be incidence of stamp duty on:

- a) The unit holder, for transactions in the units of the fund; and
- b) The fund, for transactions by the fund.

Rate of stamp duty applicable from July 1, 2020 is:

#### A. For securities other than debentures:-

Transaction/ Instruments	Rates in %
Issuance of units of mutual fund and unlisted shares	0.005
Transfer of securities on delivery basis ( <i>including transfer of mutual fund units</i> )	0.015
Transfer of securities on non-delivery basis	0.003
Derivatives: Futures ( Equity and commodity)	0.002
Derivatives: Options ( Equity and commodity)	0.003
Derivatives: Currency and Interest rates derivatives	0.0001
Other derivatives	0.002
Government securities	0
Repo on corporate bonds	0.00001

#### B. For debentures:-

Transaction/ Instruments	Rates in %
Issuance of debentures	0.005
Transfer and reissue debentures	0.0001

The collection of stamp duty is subject to the *Indian Stamp (Collection of Stamp-duty through Stock Exchanges, Clearing Corporations and Depositories) Rules, 2019*.

Key points:

- The rules prescribe the collection and payment mechanism of stamp duty by stock exchanges, clearing corporations and depositories (collectively known as 'collecting agent').
- Collecting agent may deduct 0.2 percent of the stamp duty collected as facilitation charges before transferring the same to concerned State Government.
- As per notification issued by Ministry of Finance dated 8 January 2020, a Registrar and Share Transfer Agent will be treated as a "depository" for the limited purpose of acting as a "Collecting Agent" only in case of instruments of transactions otherwise than through a stock exchange, i.e., issue of mutual fund units.

The mechanics of stamp duty collection are as under:

<b>Nature of transaction</b>	<b>Duty to be collected from</b>	<b>Responsibility to collect stamp duty</b>
Sale of securities made through stock exchange	Buyer	Stock exchange or clearing corporation
Off market transfer of securities made through depository (from one demat account to another)	Transferor	Depository
Issue of securities resulting in creation/change in records of Depository	Issuer	Depository
Sale or transfer or issue/reissue of unlisted securities not made through depositories	Seller or transferor or issuer as case may be	
In case of any other instrument	Person making, drawing or executing such instrument	
Transfer of securities pursuant to invocation of pledge	Pledgee	Depository

Redemption of mutual fund units is not liable to stamp duty as it is neither a transfer nor an issue nor a sale. Stamp duty collected is to be transferred within 3 weeks of collection to the State Government where the residence of the buyer is located and in case the buyer is located outside India then the State in which the trading member/broker of the buyer is located.

### **D. COMPUTATION OF NAV**

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.

- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, Asset Management Company shall pay the difference in amount to the scheme. The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below: **NAV (Rs.) =**

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
----------------------------------------------	---	-----------------------------------------	---	---------------------------------------------------------------

---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto two decimal places and will be declared on all business days. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

#### IV. FEES AND EXPENSES

As per the provisions of the Regulations, read with the amendments thereto, the following fee and expenses will be charged to the series/plans under the Scheme:

- A. NEW FUND OFFER (NFO) EXPENSES** (These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.)

New fund offer expenses will be borne by the AMC.

#### B. ANNUAL SCHEME RECURRING EXPENSES

(These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below):

As per SEBI (MF) Regulations, 1996, the total expense ratio shall not exceed 1.25% of the daily net assets of the scheme.

The total fees and expenses for operating the scheme as listed hereunder would be up to 1.25% of the daily net assets which includes expenses towards management fees, commission, marketing expense and other expense relating to operating the scheme.

Expense Head	% of daily Net Assets	
Investment Management and Advisory Fees	Upto 1.25%

Marketing & Selling expense incl. agent commission		
Cost related to investor communications		
Cost of fund transfer from location to location		
Cost of providing account statements and dividend redemption cheques and warrants		
Costs of statutory Advertisements		
Cost towards investor education & awareness (at least 2 bps) ^		
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades resp.		
Goods & Services Tax on expenses other than investment and advisory fees		
Goods & Services Tax on brokerage and transaction cost @		
Other Expenses		
<b>Maximum total expense ratio (TER) permissible under Regulation 52 (6)</b>		<b>Upto 1.25%</b>
Additional expenses for gross new inflows from specified cities		Upto 0.30%

In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.

@ Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not

exceeding 0.12 per cent and 0.05 per cent of the value of trades of cash market and derivative market transactions respectively. Thus, in terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, it is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent and 0.05 per cent of the value of trades of cash market and derivative market transactions, respectively. Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent of the value of trades of cash market and derivative market transactions, respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

The expense of 30 bps shall be charged if the new inflows from retail investors from B30 cities as specified from time to time are at least -

(i) 30 per cent of gross new inflows in the scheme, or; (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from retail investors from B30 cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from retail investors from B30 cities. Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from individuals beyond top 30 cities

-----  
365\* X Higher of (i) or (ii) above

\* 366, wherever applicable.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in other than Direct Plan.

The AMC shall adhere provisions of SEBI Circular dated October 22, 2018 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses. Accordingly:

- a. All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route.  
Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.
- b. The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.
- c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.
- d. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

**Disclosure on Goods & Services Tax:**

Goods & Services Tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to Goods & Services Tax on other than management and advisory fees:

- Goods & Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services Tax, if any, shall be credited to the scheme.
- Goods & Services Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund at [www.idfcmf.com](http://www.idfcmf.com) (Home>Total Expense Ratio of Mutual Fund Schemes). Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. Expenses over and above the permitted limits will be borne as per the Regulations. The total recurring expenses of the Scheme, will however be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

Credit of exit load charged/ collected to the scheme - This clause is not applicable to this Scheme.

Load on bonus/dividend re-investment units: Not applicable

The Trustee / AMC reserves the right to introduce a Load and change the Load structure any time in future if they so deem fit on a prospective basis. The investor is requested to check the prevailing load structure of the scheme before investing.

In case of changes/modifications of load, the AMC will endeavour to do the following:

1. An addendum will be attached to the Scheme Information Documents and Key Information Memorandum. The same may be circulated to brokers/distributors so that the same can be attached to all SIDs and abridged SID in stock. Further the addendum will be sent along with a newsletter to unitholders immediately after the changes.
2. Arrangement will be made to display the changes/modifications in the SID in the form of a notice in all the official point of acceptance of transactions and distributor's/broker's office.
3. The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load .
4. A public notice shall be given in respect of such changes in one English Daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head office of the Mutual Fund is situated.

## **TRANSACTION CHARGES**

In accordance with SEBI circular no. CIR/ IMD/ DF/ 13/ 2011 dated August 22, 2011, Transaction Charge per subscription of Rs.10,000/ – and above shall be charged from the investors and shall be payable to the distributors/ brokers (who have opted in for charging the transaction charge) in respect of applications routed through distributor/ broker relating to Purchases / subscription / new inflows only, subject to the following:

- For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs. 10,000/ – and above
- There shall be no transaction charge on subscription below Rs.10,000/-.
- There shall be no transaction charges on direct investments.

The distributors shall have the option to either opt in or opt out of levying transaction charge based on type of the product.

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the Unit Holder and paid to the distributor and the balance shall be invested in the Scheme. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

The requirement of minimum application amount shall not be applicable if the investment amount falls below the minimum amount required due to deduction of transaction charges from the subscription amount.

The AMCs shall be responsible for any malpractice/mis-selling by the distributor while charging transaction costs.
