HIGHLIGHTS/ SUMMARY OF THE SCHEME

INVESTMENT OBJECTIVES

The Scheme is a close ended Capital Protection Oriented Fund. The investment objective of the Scheme is to seek to protect capital by investing a portion of the portfolio in highest rated debt securities and money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The debt securities would mature on or before the maturity of the Scheme.

However, there can be no assurance that the investment objective of the Scheme will be realized.

LIQUIDITY

Repurchase facility

No redemption/repurchase of units shall be allowed prior to the maturity of the Scheme. Investors wishing to exit may do so, only in demat mode, by selling through NSE or any of the stock exchange(s) where the Scheme will be listed, as the Trustee may decide from time to time.

BENCHMARK

The performance of the Scheme will be benchmarked against CRISIL MIP Blended Index.

The Trustees reserve the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

TRANSPARENCY/NAV DISCLOSURE

The AMC will calculate and disclose the first NAV within 5 (five) working days from the date of allotment. Subsequently, the NAV will be calculated and disclosed at the close of every business day. NAV shall be published in at least two daily newspapers having circulation all over India. The AMC shall disclose portfolio of all the schemes on the website www.icicipruamc.com alongwith ISIN on a monthly basis as on last day of each month, on or before tenth day of the succeeding month. As required under SEBI (Mutual Funds) Regulations, 1996, portfolio of all the schemes would be published in one English daily Newspaper circulating in the whole of India and in a newspaper published on a half yearly basis in the language of the region where the Head office of the Mutual Fund is situated within one month from the close of each half year (March 31 and September 30). The Mutual Fund shall also disclose the full portfolio of the Scheme at least on a half-yearly basis on the website of AMC and AMFI.

AMC shall update the NAVs on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) and mutual fund website (www.icicipruamc.com) by 9:00 p.m. on every Business Day. In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.
LOADS:

| Entry Load | Not Applicable. In terms of circular no. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009, SEBI has notified that w.e.f. August 01, 2009 there will be no entry load charged to the Schemes of the Mutual Fund and the upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor |
| Exit Load | Since the Scheme will be listed on the stock exchange, there will be no exit load applicable. Investors shall note that the brokerage on sale of the units of the Scheme on the stock exchanges shall be borne by the investors. |

MINIMUM APPLICATION AMOUNT

| Minimum application amount | Rs. 5000 and in multiples of Rs.10 thereafter. |

Minimum application amount is applicable for switch-ins made during the New Fund Offer period as well.

MATURITY

The tenure of the Scheme will be 1107 Days from the date of allotment. The Scheme shall be fully redeemed at the end of the maturity period unless rolled over as per SEBI guidelines.

If the maturity date falls on a non business day, the immediately following business day will be considered as the maturity date for the Scheme. On maturity of the Scheme, the outstanding Units shall be redeemed and proceeds will be paid to the Unitholder.

The Trustees reserve the right to suspend/deactivate/freeze trading, ISIN of the Scheme. With respect to closure of the Scheme at the time of maturity, trading of units on stock exchange will automatically get suspended from the effective date mentioned in the notice. The proceeds on maturity will be payable to the persons whose names are appearing in beneficiary position details received from depositories after the suspension/deactivation/freezing of ISIN.

Maturity proceeds would be payable to investors as per the bank details provided in beneficiary position details received from depositories in case of units held in demat form.

MATURITY PROCEEDS TO NRI INVESTORS:

NRI investors shall submit Foreign Inward Remittance Certificate (FIRC), along with Broker contract note of the respective broker through whom the transaction was effected, for releasing redemption proceeds on maturity. Redemption proceeds shall not be remitted until the aforesaid documents are submitted and the AMC/Mutual Fund/Registrar/Scheme shall not be liable for any delay in paying redemption proceeds.

In case of non-submission of the aforesaid documents the AMC reserves the right to deduct the tax at the highest applicable rate without any intimation by AMC/Mutual Fund/Registrar.
The Scheme shall be fully redeemed at the end of the maturity period.

**REPATRIATION FACILITY**

NRI/PIOs/FII s have been granted a general permission by RBI [Schedule 5 of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000] for investing in/redeeming units of the Scheme subject to conditions set out in the aforesaid regulations.

**ELIGIBILITY FOR TRUSTS**

Religious and Charitable Trusts are eligible to invest in certain securities, under the provisions of Section 11(5) of the Income Tax Act, 1961 read with Rule 17C of the Income-tax Rules, 1962 subject to the provisions of the respective constitutions under which they are established.

In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.
In case neither distributor code is mentioned nor ‘Direct Plan’ is selected in the application form, the application will be processed under the ‘Direct Plan’.

All the Plans, Options and facility under the Scheme shall have a common portfolio. Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund.

The Trustee reserves the right to declare dividends under the Scheme depending on the net distributable surplus available under the Scheme. It should, however, be noted that actual distribution of dividends and the frequency of distribution will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.
INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 22.2 lacs made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.
- ICICI Prudential Capital Protection Oriented Fund – Series VIII – 1107 Days Plan E is the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The NAVs of the Scheme may be affected by changes in the general market conditions, factors and forces affecting capital market in particular, level of interest rates, various market related factors and trading volumes, settlement periods and transfer procedures.
- The liquidity of the Scheme’s investments is inherently restricted by trading volumes in the securities in which it invests.
- The Scheme may enter into transaction of derivative instruments like Interest Rate Swaps, Forward Rate Agreements or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Scheme to certain risks inherent to such derivatives.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Investors in the Scheme are not being offered any guaranteed/indicated returns.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme’s Units and collectively constitute a major investor in the Scheme. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.
- From time to time and subject to the regulations, the AMC may invest in this Scheme. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Schemes. The various factors which impact the value of the Scheme’s investments...
include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws in various countries, liquidity of the underlying instruments, settlement periods, trading volumes overseas etc.

• Different types of securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the Scheme’s risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

Scheme Specific Risk Factors

• The Scheme offered is “oriented towards protection of capital” and “not with guaranteed returns”. The orientation towards protection of the capital originates from the portfolio structure of the Scheme and not from any bank guarantee, insurance cover etc.

• The ability of the portfolio to meet capital protection on maturity to the investors can be impacted in certain circumstances by changes in government policies, interest rate movements in the market, credit defaults by bonds, expenses, reinvestment risk and risk associated with trading volumes, liquidity and settlement systems in equity and debt markets. Accordingly, investors may lose part or all of their investment (including original amount invested) in the Scheme. No guarantee or assurance, express or implied, is given that investors will receive the capital protected value at maturity or any other returns.

• The rating provided by CARE, only assesses the degree of certainty for achieving the objective of the Scheme i.e. capital protection and does not denote any opinion on the stability of the NAV of the Scheme. The rating should, however, not be construed as an indication of expected returns, prospective performance of the mutual fund scheme, NAV or of volatility in its returns. The rating would be reviewed on a quarterly basis by CARE.

• CARE reserves the right to suspend, withdraw or revise the ratings assigned to the portfolio structure of this scheme at any time, on the basis of any new information or unavailability of information or any other circumstances, which the Rating Agency believe may have impact on the above rating.

• The rating, as aforesaid, however, should not be treated as a recommendation to buy, sell or hold the units issued by ICICI Prudential Mutual Fund under the Scheme. The rating is restricted to the portfolio structure of this Scheme only. CARE does not assume any responsibility on its part, for any liability that may arise consequent to the non-compliance of any guidelines or directives issued by SEBI or any other mutual fund regulatory body.

• The rating is based on current information furnished to the Rating Agency by the issuer or obtained by the rating Agency from sources it considers reliable. The rating Agency does not, however, guarantee the accuracy, adequacy or completeness of any information and are not responsible for any errors or omissions or for the results obtained from the use of such information.
• The Asset Management Company shall not repurchase units of the Scheme before end of the maturity period. However, the Scheme may be listed on one or more Stock Exchange(s) in India at the discretion of the Trustees.

• Investors in the Scheme are not being offered any guaranteed / assured returns.

• The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the Scheme is wound up for the reasons and in the manner provided under the Scheme Information Document.

• Redemption by the Unit Holder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Fund their directors or their employees shall not be liable for any tax consequences that may arise.

Fixed Income Securities

**Interest Rate Risk:** As with all debt securities, changes in interest rates may affect the Scheme’s Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

**Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.

**Credit Risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

**Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
Risks associated with Equities and Derivatives investments:

Investors may note that AMC/Fund Manager’s investment decisions may not be always profitable. The Scheme proposes to invest in equity and equity related securities. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme’s portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme’s portfolio.

The Scheme is also vulnerable to movements in the prices of securities invested by the Scheme, which again could have a material bearing on the overall returns from the Scheme. These stocks, at times, may be relatively less liquid as compared to growth stocks. The liquidity of the Scheme’s investments is inherently restricted by trading volumes in the securities in which it invests.

The value of the Scheme’s investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

Investment decisions made by the AMC may not always be profitable, as actual market movements may be at variance with anticipated trends.

The performance of the Scheme will be affected in case of unforeseen circumstances like political crisis, natural calamities, and changes in currency exchange rates or interest rates. Fund manager tries to generate returns based on certain past statistical trend. The performance of the Scheme may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.

In case of abnormal circumstances it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction.

- As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into and the ability to assess the risk. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis pricing
or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

- Derivatives products are leveraged instruments and provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify to execute such strategies.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:
  - Lack of opportunity available in the market.
  - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

### Risks associated with Investing in Securitised Debt

The Scheme will not invest in securitised debt.

### Risks associated with Short Selling and Securities Lending

The Scheme will not do ‘Short Selling’ and ‘Securities Lending’ activity.

### Risks attached with investments in ADRs/GDRs/overseas securities:

The investment in ADRs/GDRs/overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the scheme. Since the Scheme would invest only partially in ADRs/GDRs/overseas securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for portfolio rebalancing and/or hedging, and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary,
appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Investors are requested to note that the costs associated with overseas investments like advisory fees (other than those expenses permissible under regulation 52 of SEBI Regulations) would not be borne by the scheme

• **Risk management strategies**

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in debt and other securities and designed risk management strategies, which are embedded in the investment process to manage such risks.

### Credit Risk
Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).

Management analysis will be used for identifying company specific risks. Management’s past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer’s financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors’ comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.

### Reinvestment Risk
This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

### Derivatives Risk
As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Interest Rate Swaps will be done with approved counter parties under pre-approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.

**B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. These conditions will be complied with immediately after the close of the NFO itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, the Scheme shall be wound up in accordance with Regulation 39 (2) (c) of SEBI (MF) Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 working days of the date of closure of the New Fund Offer.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME

A close ended Capital Protection Oriented Fund

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The Scheme is a close ended Capital Protection Oriented Fund. The investment objective of the Scheme is to seek to protect capital by investing a portion of the portfolio in highest rated debt securities and money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The debt securities would mature on or before the maturity of the Scheme.

However, there can be no assurance that the investment objective of the Scheme will be realized.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation of the Scheme will be as follows:

<table>
<thead>
<tr>
<th>Instruments</th>
<th>Indicative allocations (% of total assets)</th>
<th>Risk Profile</th>
</tr>
</thead>
<tbody>
<tr>
<td>Debt securities &amp; money market instruments#</td>
<td>Maximum 100</td>
<td>Minimum 70</td>
</tr>
<tr>
<td>Equity &amp; equity related securities</td>
<td>30</td>
<td>0</td>
</tr>
</tbody>
</table>

Exposure in ADR/ GDR/ Foreign Securities can be upto 30% of Net Assets. Investment in equity derivatives can be upto 30% of Net assets.

Under the Scheme, it is proposed to make investments in debt securities which mature on or before the date of maturity of the Scheme. Any change in the investment pattern may be for a period of one month for defensive considerations. Any change in the asset allocation is for defensive consideration and the AMC shall endeavour to ensure that the capital remains protected till maturity. The portfolio would be rebalanced within 30 days to address any deviations from the aforementioned allocations due to market changes. The Scheme shall not take any exposure to floating rate instruments.

On account of market conditions and considering the risk reward analysis of investing in equity and taking into consideration the interest of unit holders, the Scheme may invest the uninvested portion of equity allocation in highest rated CDs, CBLOs, Repo and Reverse Repo in government securities and Cash/Cash equivalent.

Note: The Scheme may enter into derivative transactions on a recognized stock exchange, subject to the framework specified by SEBI. If the Scheme decides to invest in equity derivatives it could be upto 100% of the allocation to equity. The margin money requirement for the purpose of derivative exposure may be held in the form of term deposits. The Scheme shall not take leverage positions and total investments, including investments in equity and other securities and gross exposure to derivatives, if any, shall not exceed net assets under management of the Scheme. The exposure to derivatives shall only be for portfolio rebalancing and/or hedging purpose.
Investment in ADR/ GDR/ foreign securities may be upto 100 % of the equity allocation.

The Scheme shall invest only in AAA or equivalent short term rated papers. The Scheme shall not invest in unrated papers.

The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the Scheme.

CARE has vide its letter dated June 09, 2015 provided allocation to debt portfolio (NCD) as 85% to 90%.

The indicative allocation of the portfolio would be as follows:

<table>
<thead>
<tr>
<th>Instruments</th>

The Scheme will not invest in Securitized Debt.
The tenure of the scheme is 1107 days from the date of allotment of units.

1. In case instruments/ securities as indicated above are not available or taking into account risk – reward analysis of instruments/ securities, the Scheme may invest in Certificate of Deposits (CDs) having highest ratings/ CBLOs/ Repo and Reverse Repo in Government securities/ T-bills. Such deviation for NCDs may exist till suitable instruments of desired quality are available.

2. All investments in NCD shall be made based on the rating prevalent at the time of investment. In case security is rated by more than one rating agency, the most conservative rating would be considered.

3. The Scheme would not invest in unrated securities (except CBLOs/ Reverse Repo and Repo in Government Securities / T-bills).

4. Post New Fund Offer and towards maturity of the Scheme, there may be higher allocation to cash and cash equivalent.

5. In the event of any deviations from the floor and ceiling of any instruments, as specified above, the same shall be rebalanced within 30 days from the date of the said deviation.

6. Further, the allocation may vary during the tenure of the Scheme. Some of these instances are: (i) coupon inflow; (ii) the instrument is called or bought back by the issuer (iii) in anticipation of any adverse credit event. In case of such deviations, the Scheme may invest in CDs having highest rating/ CBLOs/ Reverse Repo and Repo in Government securities / T-Bills.

There would not be any variation from the intended portfolio allocation as stated in the launch Scheme Information Document / Key Information Memorandum on the final allocation, except as specified in point no. 1, 4, 5 and 6.

In the event of any deviation from the asset allocation stated above, the Fund Manager shall rebalance the portfolio within 30 days from the date of such deviation except in case where the deviation is on account of the condition stated in point 1 and 6 above.
Exposure to the securities rated by CARE at all times shall not exceed 20% of the Assets under Management (AUM) of the Scheme. The restriction shall continue to apply even in cases where the security is rated by CARE and any other Agency. However, this limit will not apply to securities issued by a Public Sector Undertaking (PSU). Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

The yield on debt securities at the time of purchase will not be more than 100 bps to the benchmark yield as stipulated under respective CRISIL & ICRA Bond Matrix as applicable to AAA instruments.

There can be no assurance that the investment objective of the Scheme will be realized. The Scheme will also review these investments from time to time keeping in view the extant SEBI Regulations and the Fund Manager may align the portfolio to the extent as considered beneficial to the investors.

The Trust Company shall review the rating and portfolio of the Scheme on a periodic basis and will report the same in the half-yearly Trustee Report. The AMC will also report about the same in the bi-monthly Compliance Test Report.

The Scheme offered is “oriented towards protection of capital” and “not with guaranteed returns”. The orientation towards protection of the capital originates from the portfolio structure of the Scheme and not from any bank guarantee, insurance cover etc.

It may be noted that no prior intimation/indication would be given to investors when the composition/asset allocation pattern under the Scheme undergo changes within the permitted band as indicated above or for changes due to defensive positioning of the portfolio with a view to protect the interest of the unitholders for a period of one month. The investors/unit holders can ascertain details of portfolio of the Scheme as on the last date of each month on AMC’s website at www.icicipruamc.com which are displayed as per SEBI Regulations.

D. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the Section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

1) Corporate debt (of public/ private sector undertakings), including Non Convertible Debentures (including Bonds) and non-convertible part of convertible securities.

2) Equity and equity related securities including warrants carrying the right to obtain equity shares.

3) Money market instruments permitted by SEBI/RBI.

4) Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Interest Rate Derivatives, Exchange Traded Interest Rate Futures and such other derivative instruments permitted by SEBI/RBI.

5) ADRs/GDRs or other foreign securities, subject to the guidelines issued by Reserve Bank of India and Securities and Exchange Board of India.
6) Bank Fixed Deposits and any such instruments as permitted by SEBI and in accordance with the final allocation.

7) Securities created and issued/guaranteed by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).

8) Any other domestic fixed income securities as permitted by SEBI/ RBI from time to time.

The securities/debt instruments mentioned above could be listed or unlisted, secured or unsecured and of varying maturity.

The Scheme may enter into derivative transactions on a recognized stock exchange, subject to the framework specified by SEBI. If the Scheme decides to invest in equity derivatives it could be upto 100% of the allocation to equity. The margin money requirement for the purpose of derivative exposure may be held in the form of term deposits. The Scheme shall not take leverage positions and total investments, including investments in equity and other securities and gross exposure to derivatives, if any, shall not exceed net assets under management of the Scheme. The exposure to derivatives shall only be for portfolio rebalancing and/or hedging purpose.

The Scheme will not undertake repos in corporate debt securities.

**Negative list of sectors:** The Scheme shall not invest in Companies falling under Gems & Jewellery, Real Estate Sector and Leather and Leather Products sectors in case of fixed income component.

The Scheme will not invest/ have exposure in the following:

3. Repos in corporate debt securities.
4. Securitised Debt.
5. Short Selling.
7. Floating rate instruments.

**E. WHAT ARE THE INVESTMENT STRATEGIES?**

The Scheme endeavor to protect capital by investing a portion of the portfolio in highest rated debt securities & money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The allocation to equity and equity related securities would depend on interest rates prevailing at the time of deployment of funds in debt securities and the time horizon of the Scheme. It would typically be equal to the interest amount that can be earned from the debt securities for the tenure of the investment.

- The Scheme will follow a passive investment strategy for the fixed income component of the Scheme. The Scheme will invest in fixed income securities with a
view to hold them till the maturity. To that effect the Scheme will follow a buy and hold strategy to investment in fixed income instruments.

- Exposure to the securities rated by CARE at all times shall not exceed 20% of the Assets under Management (AUM) of the Scheme. The restriction shall continue to apply even in cases where the security is rated by CARE and any other Agency. However, this limit will not apply to securities issued by a Public Sector Undertaking (PSU). Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

- The yield on debt securities at the time of purchase shall not be more than 100 bps to the benchmark yield as stipulated under respective CRISIL & ICRA Bond Matrix as applicable to AAA instruments.

- The fixed income component of the Scheme shall be invested in government securities or debt securities issued by corporate rated at AAA or equivalent rating.

- The Scheme is ‘oriented towards protection of capital’ and not with ‘guaranteed returns’. Further, the orientation towards protection of capital originates from the portfolio structure of the Scheme and not from any bank guarantee, insurance cover, etc.

- The Scheme shall endeavour to ensure capital protection by investing in debt allocation not below the CARE indicative allocation at the time of launch. Capital protection will be provided solely through the fixed income part of the portfolio and the same shall be invested in securities that mature to capital value at the end of the Scheme.

- The debt component of the portfolio will always have the highest investment rate grading (AAA rating or equivalent from a rating agency).

- Whenever asset allocation is altered for defensive considerations, the AMC shall endeavour to ensure that the capital remains protected on maturity and also that the rating of the Scheme is not adversely affected.

- Fund manager may alter the asset allocation during subsequent deployment of funds provided such deployment is generated out of appreciation in value of existing investments. While making such asset allocations, fund manager would endeavor that capital remains protected on maturity and ensure rating of the Scheme is not adversely impacted.

**Fixed Income Securities:**

The Scheme will invest in a basket of permissible securities maturing on or before maturity of the Scheme. The Scheme will invest in securities with a view to hold them till the maturity of the Scheme. To that effect the Scheme will follow a buy and hold strategy to investment. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer. The AMC will also be guided by the
ratings of such Rating Agencies, registered with SEBI.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

**Equities:**

For the equity portion of the corpus, the AMC intends to invest in stocks, which will be bought, keeping in mind the time horizon of the Scheme. Stock specific risk will be minimized by investing only in those companies that have been thoroughly analyzed by the Fund Management team at the AMC. The AMC will also monitor and control maximum exposure to any one stock or one sector.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, for hedging and/or portfolio rebalancing purpose.

**Portfolio Turnover**

Portfolio turnover is defined as the lower of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time.

The AMC’s portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. A high portfolio turnover rate in the equity component of the portfolio may represent arbitrage opportunities that exist for scrips held in the portfolio. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived therefrom.

**Credit Evaluation Policy for investment in debt securities:**

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks so the Investment process is firmly research oriented. It comprises of qualitative as well as quantitative measures. Qualitative factors like management track record, group companies, resource-raising ability, extent of availability of banking lines, internal control systems, etc are evaluated in addition to the business model and industry within which the issuer operates as regards industry/model-specific risks working capital requirements, cash generation, seasonality, regulatory environment, competition, bargaining power, etc. Quantitative factors like debt to equity ratio, Profit and loss statement analysis, balance sheet analysis.

Macroeconomic call is taken on interest rate direction by careful analysis of various influencing factors like Inflation, Money supply, Private sector borrowing, Government borrowing, Currency market movement, Central Bank policy, Local fiscal and monetary policy, Global interest rate scenario and Market sentiment. Interest rate direction call is supplemented by technical analysis of market and short term influencing factors like trader position, auction/issuance of securities, release of economic numbers, offshore market position, etc. Interest Rate direction call and anticipation of yield curve movement forms the basis of portfolio positioning in duration and spread terms.
Credit research is done on a regular basis for corporate having high investment grade rating. Credit research includes internal analysis of rating rationale, and financial statements (annual reports and quarterly earnings statements) of the issuer, for the last 1-3 years evaluating amongst other metrics, relevant ratios of profitability, capital adequacy, gearing, turnover and other inputs from external agencies. On an ongoing basis, the credit analyst keeps track of credit profile of the issuer, possible credit risks reflected in change in outlook of rating agencies, external developments affecting the issuer etc. Internal credit call is a pre-requisite for all investments since the investment universe is primarily high-grade credit instruments. Credit research is also used to minimize credit migration risk and for generating relative value trade ideas. Stable to higher rating on maturity vis-à-vis issuance is the guiding factor for investment decisions from credit point of view.

POSITION OF EQUITY MARKET IN INDIA

The Indian stock market is the world’s third largest stock market on the basis of investor base and has a collective pool of about 20 million investors.

There are two leading stock exchanges in India, i.e. BSE Limited (BSE) and National Stock Exchange of India Limited (NSE). BSE was established in 1875 and is the oldest stock exchange in Asia. NSE, a more recent establishment which came into existence in 1992, is the largest and most advanced stock market in India and is also the third biggest stock exchange in Asia in terms of transactions. It is among the 5 biggest stock exchanges in the world in terms of transactions volume. NSE's flagship index, CNX NIFTY, is used extensively by investors in India and around the world to take exposure to the Indian equities market.

BSE has the largest number of scrips which are listed. The Indian stock market scene really picked up after the opening up of the economy in the early nineties. NSE changed the way the Indian markets function, in the early nineties, by replacing floor based trading with nationwide screen based electronic trading, which took trading to the doorstep of the investor. NSE was mainly set up to bring in transparency in the markets. Instead of trading membership being confined to a group of brokers, NSE ensured that anyone who was qualified, experienced and met minimum financial requirements was allowed to trade. The price information which could earlier be accessed only by a handful of people could now be seen by a client in a remote location with the same ease. The paper based settlement was replaced by electronic depository based accounts and settlement of trades was always done on time. One of the most critical changes was that a robust risk management system was set in place, so that settlement guarantees could protect investors against broker defaults. The corporate governance rules were gradually put in place which initiated the process of bringing the listed companies at a uniform level.

Since inception, NSE and BSE have launched many indices, tracking various sectors and market capitalisation.

Recently, the capital market regulator, SEBI granted license to MCX to become to become a full-fledged stock exchange.

POSITION OF DEBT MARKET IN INDIA

Indian debt markets, in the early nineties, were characterised by controls on pricing of assets, segmentation of markets and barriers to entry, low levels of liquidity, limited number of players, near lack of transparency, and high transactions cost. Financial reforms have significantly changed the Indian debt markets for the better. Most debt instruments are now priced freely on the markets; trading mechanisms have been altered to provide for higher levels of transparency, higher liquidity, and lower transactions costs; new participants have entered the markets, broad basing the types of players in the markets; methods of security issuance, and innovation in the structure of instruments have taken place; and there has been a significant improvement in the dissemination of market information. There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers. While in the corporate bond market, deals are conducted over telephone and are entered on principal to principal Matching system, a significant proportion of the government securities market is trading on the new system.

Procedure followed for investment decisions:

a) The Fund Manager of each Scheme is responsible for making buy/sell decisions in respect of the securities in the respective scheme portfolios.

b) The AMC has an Internal Investment Committee comprising the Chief Executive Officer & Managing Director, the Chief Investment Officer (CIO) – Fixed Income, the CIO – Equity and Fixed Income, Fund Managers and Credit Analysts who meet at periodic intervals. The Investment Committee, at its meetings, reviews the performance of the schemes and general market outlook and formulates broad investment strategy. The Managing Director attends the meeting at his discretion.

c) The Chief Investment Officer who chairs the Investment Committee Meetings guides the deliberations at Investment Committee. He, on an ongoing basis, reviews the portfolios of the schemes and gives directions to the respective fund managers, where considered necessary. It is the ultimate responsibility of the CIO to ensure that the investments are made as per the internal/Regulatory guidelines, Scheme investment objectives and in the best interest of the unitholders of the respective schemes.

d) The Managing Director makes a presentation to the Board of the AMC at its meetings indicating the performance of the Schemes.

e) The Scheme will be benchmarked against the prices of CRISIL MIP Blended Index. The benchmark may be changed in future, if a benchmark better suited to the investment objective of the Scheme is available. The Trustee reserves right to change the benchmark for performance of any of the Scheme by suitable notification to the investors to this effect.

f) The Managing Director brings to the notice of the Board specific factors, if any, which are impacting the performance of Scheme. The Board on consideration of all relevant factors may, if necessary, give directions to AMC. Similarly, the performance of the Schemes is submitted to the Trustees. The Managing Director explains to the Trustees the details on Schemes’ performance vis-à-vis the benchmark returns.

g) The AMC has been recording investment decisions since the receipt of instructions from SEBI, in terms of SEBI’s circular no. MFD/CIR/6/73/2000 dated July 27, 2000.

h) The Chief Executive Officer & Managing Director of the AMC shall ensure that the mutual fund complies with all the provisions of SEBI (Mutual Funds) Regulations, 1996, as amended from time to time, including all guidelines, circulars issued in relation thereto from time to time and that the investments made by the fund managers are in the interest of the unit holders and shall also be responsible for the overall risk management function of the mutual fund.

i) The Fund managers shall ensure that the funds of the Scheme are invested to achieve the investment objectives of the scheme and in the interest of the unit holders.
Exposure to Derivatives

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund Regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time. SEBI has vide its Circular DNPD/Cir-29/2005 dated September 14, 2005 and DNPD/Cir-29/2005 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010 specified the guidelines pertaining to trading by Mutual Fund in Exchange trades derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

i. Position limit for the Fund in index options contracts
   a. The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.
   b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Fund in index futures contracts:
   a. The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
   b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging
   In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:
   a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund’s holding of stocks.
   b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund’s holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for the Fund for stock based derivative contracts
   The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is:
   a. For stocks having applicable market wide position limit (MWPL) of Rs. 500 crores or more, the combined futures and options limit shall be 20% of applicable MWPL or Rs. 300 crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 crores, whichever is lower.
   b. For stocks having applicable market wide position limit (MWPL) less than Rs. 500 crores or more, the combined futures and options limit shall be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 crores, whichever is lower.
   c. The MWPL and client level position limits however would remain the same as prescribed.

v. Position limit for the Scheme
   The position limits for the Scheme and disclosure requirements are as follows –
a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:

1% of the free float market capitalisation (in terms of number of shares).

Or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

c. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.”

The Scheme will comply with provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions as stated below:

1) The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme.

2) Mutual Funds shall not write options or purchase instruments with embedded written options.

3) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.

4) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

5) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following

a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.

b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.

c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken

6) Mutual Funds may enter into interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the Scheme.
7) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

i) Interest Rate Swaps and Forward rate Agreements

Benefits
Bond markets in India are not very liquid. Investors run the risk of illiquidity in such markets. Investing for short-term periods for liquidity purposes has its own risks. Investors can benefit if the Fund remains in call market for the liquidity and at the same time take advantage of fixed rate by entering into a swap. It adds certainty to the returns without sacrificing liquidity.

Illustration

The following are illustrations how derivatives work:

Basic Structure of an Interest Rate Swap

```
Floating Interest Rate

Counter Party 1  Counter Party 2

Fixed Interest Rate
```

In the above illustration,

**Basic Details : Fixed to floating swap**
Notional Amount : Rs. 5 Crores
Benchmark : NSE MIBOR
Deal Tenor : 3 months (say 91 days)

Documentation : International Securities Dealers Association (ISDA).
Let us assume the fixed rate decided was 10%.

At the end of three months, the following exchange will take place:

Counter party 1 pays : compounded call rate for three months, say 9.90%

Counter party 2 pays fixed rate: 10%

In practice, however, the difference of the two amounts is settled. Counter party 2 will pay:

Rs 5 Crores *0.10%* 91/365 = Rs. 12,465.75

Thus the trade off for the Fund will be the difference in call rate and the fixed rate payment and this can vary with the call rates in the market. Please note that the above example is given for illustration purposes only and the actual returns may vary depending on the terms of swap and market conditions.
ii) Index Futures:

Benefits

a) Investment in Stock Index Futures can give exposure to the index without directly buying the individual stocks. Appreciation in Index stocks can be effectively captured through investment in Stock Index Futures.

b) The Fund can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The Stock Index futures are instruments designed to give exposure to the equity market indices. The Stock Exchange, Mumbai and The National Stock Exchange have started trading in index futures of 1, 2 and 3-month maturities. The pricing of an index future is the function of the underlying index and interest rates.

Illustration

Spot Index: 1070
1 month Nifty Future Price on day 1: 1075
Fund buys 100 lots
Each lot has a nominal value equivalent to 200 units of the underlying index

Let us say that on the date of settlement, the future price = Closing spot price = 1085

Profits for the Fund = (1085-1075)* 100 lots * 200 = Rs 200,000

Please note that the above example is given for illustration purposes only.

The net impact for the Fund will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

iii) Buying Options:

Benefits of buying a call option:
Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

For example, if the fund buys a one month call option on ABC Limited at a strike of Rs. 150, the current market price being say Rs.151. The fund will have to pay a premium of say Rs. 15 to buy this call. If the stock price goes below Rs. 150 during the tenure of the call, the fund avoids the loss it would have incurred had it straightaway bought the stock instead of the call option. The fund gives up the premium of Rs. 15 that has to be paid in order to protect the fund from this probable downside. If the stock goes above Rs. 150, it can exercise its right and own ABC Limited at a cost price of Rs. 150, thereby participating in the upside of the stock.

Benefits of buying a put option
Buying a put option on a stock originally held by the buyer gives him/her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the
downside risks are limited to the premium paid to purchase the option.

**Illustration**

For example, if the fund owns ABC Limited and also buys a three month put option on ABC Limited at a strike of Rs. 150, the current market price being say Rs. 151. The fund will have to pay a premium of say Rs. 12 to buy this put. If the stock price goes below Rs. 150 during the tenure of the put, the fund can still exercise the put and sell the stock at Rs. 150, avoiding therefore any downside on the stock below Rs. 150. The fund gives up the fixed premium of Rs. 12 that has to be paid in order to protect the fund from this probable downside. If the stock goes above Rs. 150, say to Rs. 170, it will not exercise its option. The fund will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 170.

**(v) Risks attached with the use of derivatives:**

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

Derivatives products are leveraged instruments and provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify to execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

**(vi) Valuation of Derivative Products:**

I. The traded derivatives shall be valued at market price in conformity with the stipulations of sub clauses (i) to (v) of clause 1 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended from time to time and as per the valuation policy provided in the SAI.
ii The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 as amended from time to time.

(vii) **Risk attached with the use of Interest Rate Derivatives:**
While Interest Rate Derivatives are powerful new tools, the investor should understand instrument and its risk-return profile. The Derivatives unlike plain cash market instrument, requires greater expertise and it could cause damage if used without proper analysis. It driven by the demand & supply of money, monetary & credit policy viz. Bank rate, Repo rate etc., exchange rate policy, inflation, economic growth & investment avenues etc. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Even a small price movement in the underlying security could have a large impact on their value.
F: FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

"Fundamental Attributes" in the context of the Scheme will be:

(i) **Type of Scheme:**
A close-ended Capital Protection Oriented Fund

(ii) **Investment objective:** Please refer to section ‘INVESTMENT OBJECTIVE’ in this document.

   **B) Investment Pattern:** Please refer to section ‘HOW WILL THE SCHEME ALLOCATE ITS ASSETS?’ in this document.

(iii) **Terms of Issue:**

   **A] Liquidity provisions such as listing, repurchase, redemption:** The units of the Scheme are proposed to be listed on the NSE. However the Trustee reserves the right to list the units of the Scheme on any other Stock Exchange without any change in the Fundamental Attribute.

   **B] Aggregate fees and expenses charged to the Scheme:** The provisions in respect of fees and expenses are as indicated in this SID. Please refer to section “Fees and Expenses” in this document.

   **C] Any safety net or guarantee provided:** The present scheme is not a guaranteed or assured return scheme

Changes in Fundamental Attribute:

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996, the Trustees shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the AMC is situated; and

- The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked against CRISIL MIP Blended Index.

CRISIL MIP Blended Index has been arrived in consultation with AMFI (Association of Mutual Funds of India) for benchmarking the performance of the funds which are generally hybrid schemes with predominant exposure to debt and some allocation to equity.
The CRISIL MIP (Monthly Income Plan) Blended Index is designed to track the returns on a Portfolio that includes Equity instruments and also the Debt Instruments like CBLOs, Commercial Paper, Certificate of Deposit, Government Securities and also Corporate Bonds.

The composition of the aforesaid benchmark is such that, they are most suited for comparing performance of the Scheme. The Trustees reserves the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the Regulations and amendments thereto and subject to the applicable asset allocation pattern, the following investment restrictions are presently applicable to the Scheme:

1) Total exposure in a particular sector shall not exceed 30% of the net assets of the Scheme. Sectoral classification as prescribed by AMFI shall be used in this regard. This limit shall not be applicable to investments in Bank CDs, CBLO, G-Secs, T-Bills, AAA rated securities issued by Public Financial Institutions, Public Sector Banks and short term deposits of scheduled commercial banks.

However, an additional exposure not exceeding 10% of the net assets of the Scheme (over and above the limit of 30%) shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only as part of the financial services sector. The additional exposure to such securities issued by HFCs must be rated AAA or equivalent and these HFCs should be registered with National Housing Bank (NHB) and the total investment/exposure in HFCs shall not exceed 30% of the net assets of the scheme.

2) A scheme shall not invest more than 15% of its NAV in debt instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 20% of the NAV of the Scheme with the prior approval of the Board of Trustees and the Board of Asset Management Company. Provided that, such limit shall not be applicable for investments in government securities.

3) The Scheme shall not invest more than thirty percent of its net assets in money market instruments of an issuer.

Provided that such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.

4) Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
   a. Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
   b. The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further the inter scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information:

5) The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same management or in schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the Fund or in the Schemes of any other mutual fund.
6) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.

The Fund may buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and will not make any short sales or engage in carry forward transaction or badla finance. Provided that mutual funds shall enter into derivatives transactions in a recognised stock exchange for the purpose of hedging and portfolio balancing, in accordance with the guidelines issued by SEBI.

7) No loans for any purpose can be advanced by the Scheme.

8) No mutual fund scheme shall make any investments in;
   a) any unlisted security of an associate or group company of the sponsor; or
   b) any security issued by way of private placement by an associate or group company of the Sponsor; or
   c) the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets of the Scheme of the Mutual Fund.
   d) Fund of Funds scheme.

9) No mutual fund scheme shall invest more than 10% of its NAV in equity shares of any one company.

10) No mutual fund under all its schemes should own more than 10% of any company’s paid up capital carrying voting rights.

11) No close-ended mutual fund scheme shall invest more than 10% of its NAV in unlisted equity shares or equity related instruments.

12) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and dividend to the Unitholders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.

13) In accordance with SEBI Circular no SEBI/IMD/CIR No. 1/91171/07 dated 16th April 2007 following SEBI Circular No. SEBI/IMD/CIR No. 7/129592 dated June 23, 2008 guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment for mutual funds.
   a. “Short Term” for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
   b. Such short term deposits shall be held in the name of the concerned scheme.
   c. No mutual fund scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
   d. No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including
its subsidiaries.
e. Trustees shall ensure that no funds of a scheme may be parked in short term deposit of a bank which has invested in that scheme.

Above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks in case of liquid and debt oriented schemes.
g. All funds parked in short term deposit(s) shall be disclosed in half yearly portfolio statements under a separate heading. Details such as name of the bank, amount of funds parked, percentage of NAV may be disclosed.
h. Trustees shall certify in the half-yearly reports that the provision of the Regulation pertaining to parking of funds in short term deposits - pending deployment is being complied with at all points of time. Further the AMC shall also certify the same in its bi-monthly compliance test report.

14) The Scheme may also use various hedging and derivative products from time to time, as are available and permitted by SEBI, in an attempt to protect and enhance the interests of the Unitholders at all times.

15) The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.

16) As per SEBI Circular No. SEBI / IMD / CIR No.3 / 166386 / 2009 dated June 15, 2009, no mutual fund scheme shall invest more than thirty percent of its net assets in money market instruments of an issuer. Provided that such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.

17) Exposure to the securities rated by the CARE at all times shall not exceed 20% of the Assets under Management (AUM) of the Scheme. The restriction shall continue to apply even in cases where the security is rated by the Rating Agency and any other agency. However, this limit will not apply to securities issued by a Public Sector Undertaking (PSU). Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

18) The Scheme may invest in ADRs/GDRs, equity of overseas companies listed on recognized stock exchanges overseas and other securities in accordance with the provisions of SEBI Circular No. SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007 and SEBI/IMD/CIR No. 122577/08 dated April 8, 2008 and circular issued on the subject from time to time.

19) The Scheme will also be subject to any other investment restrictions as may be stipulated by the rating agency.
All investment restrictions shall be applicable at the time of making investment.

• If Direct Plan is opted, but ARN code is also stated, then application would be processed under Direct Plan
• If Regular Plan is opted, but ARN code is not stated, then the application would be processed under Direct Plan

Options
Cumulative Option and Dividend Option with only Dividend Payout facility

Default Option
Cumulative Option

In case neither distributor code is mentioned nor ‘Direct Plan’ is selected in the application form, the application will be processed under the ‘Direct Plan’.

For more details on default plan, please refer sections “Plans/Options available under the Scheme” under “Highlights/Summary of the Scheme”.

Direct Plan is only for investors who purchase/subscribe Units in a Scheme directly with the Fund.

All the Plans, Options and facility under the Scheme shall have a common portfolio.

If the Purchase/ Switch application does not specifically state the details of the Plan/Option then the same shall be processed under the Default Plan/Option.

The Trustee reserves the right to declare dividends under the Scheme depending on the net distributable surplus available under the Scheme. It should, however, be noted that actual distribution of dividends and the frequency of distribution will depend, inter alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.

Dividend Policy
Dividends, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders whose names appear in the Register of Unit holders on the record date. In case of Units held in dematerialized mode, the Depositories (NSDL/CDSL) will give the list of demat account holders and the number of Units held by them in electronic form on the Record date to the Registrars and Transfer Agent
of the Mutual Fund. Further, the Trustee at its sole discretion may also declare interim dividend. However, it must be distinctly understood that the actual declaration of dividend and the frequency thereof will inter-alia, depend on the availability of distributable profits as computed in accordance with SEBI Regulations. The decision of the Trustee in this regard shall be final. On payment of dividends, the NAV will stand reduced by the amount of dividend and dividend tax (if applicable) paid.

<table>

</tr>
</tbody>
</table>

For applicants applying through ‘APPLICATIONS SUPPORTED BY BLOCKED AMOUNT (ASBA)’, on allotment, the amount will be unblocked in their respective bank accounts and account will be debited only to the extent required to pay for allotment of Units applied in the application form.

The AMC shall allot units within 5 Business Days from the date of closure of the NFO period.

The Trustee retains the sole and absolute discretion to reject any application.

Applicants under the Scheme will have an option to hold the Units either in physical form (i.e. account statement) or in dematerialized form.

**Dematerialization**

The Applicants intending to hold the Units in dematerialized mode will be required to have a beneficiary account with a Depository Participant of the NSDL/CDSL and will be required to mention in the application form DP’s Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units during the NFO of the scheme. The Units allotted will be credited to the DP account of the Unit holder as per the details provided in the application form. The statement of holding of the beneficiary account holder for units held in demat will be sent by the respective DPs periodically.

It may be noted that trading and settlement in the Units of the Scheme over the stock exchange(s) (where the Units are listed) will be permitted only in
electronic form.

If the Unit holder desires to hold the Units in a Dematerialized/Rematerialized form at a later date, the request for conversion of units held in Account Statement (non demat) form into Demat (electronic) form or vice versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants.

However, the Trustee/AMC reserves the right to change the dematerialization/rematerialization process in accordance with the procedural requirements laid down by the Depositories, viz. NSDL/ CDSL and/or in accordance with the provisions laid under the Depositories Act, 1996.

Normally no Unit certificates will be issued. However, if the applicant so desires, the AMC shall issue a non-transferable Unit certificate to the applicant within 5 Business Days of the receipt of request for the certificate. Unit certificate if issued must be duly discharged by the Unit holder(s) and surrendered alongwith the request for Redemption / Switch or any other transaction of Units covered therein.

All Units will rank pari passu, among Units within the same Option in the Scheme concerned as to assets, earnings and the receipt of dividend distributions, if any, as may be declared by the Trustee.

**The word ‘financial transaction’ shall include purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan and bonus transactions.

2. For folios not included in the Consolidated Account Statement (CAS), the AMC shall henceforth issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. In case of a New Fund Offer Period (NFO), the AMC shall send confirmation specifying the number of units allotted to the applicant by way of a physical account statement or an email and/or SMS’s to the investor’s registered address and/or mobile number not later than five business days from the date of closure of the NFO.

3. In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request.

4. In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS.

Further, in case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Schemes of all mutual funds, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before tenth day of succeeding month, unless a specific request is made to receive the same in physical form.

In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.

The AMC reserve the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).

**CAS for investors having Demat account:**
- Investors having MF investments and holding securities in Demat account shall receive a
single Consolidated Account Statement (CAS) from the Depository.
• Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.
• If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within ten days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.
• In case an investor has multiple accounts across two depositories, the depository with whom the account has been opened earlier will be the default depository.

The dispatch of CAS by the depositories would constitute compliance by the AMC/ the Mutual Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations.

However, the AMC reserves the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).

Transaction Charges
Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 transaction charge per subscription of Rs.10,000/- and above may be charged in the following manner:

i. The existing investors may be charged Rs.100/- as transaction charge per subscription of Rs.10,000/- and above;

ii. A first time investor may be charged Rs.150/- as transaction charge per subscription of Rs.10,000/- and above.

There shall be no transaction charge on subscription below Rs. 10,000/- and on transactions other than purchases/ subscriptions relating to new inflows.

Investors may note that distributors can opt to receive transaction charges based on ‘type of the Scheme’. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.

The aforesaid transaction charge shall be deducted by
the Asset Management Company from the subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested in the relevant scheme opted by the investor.

However, upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by such distributor.

**Transaction Charges shall not be deducted if:**
- Purchase/Subscription made directly with the fund through any mode (i.e. not through any distributor/agent).
- Purchase/subscription made through stock Exchange, irrespective of investment amount.

CAS/ Statement of account shall state the net investment (i.e. gross subscription less transaction charge) and the number of units allotted against the net investment.

**Bank Account Details**

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/entertained.

**Bank Mandate Requirement**

For all fresh purchase transactions made by means of a cheque, if cheque provided alongwith fresh subscription/new folio creation does not belong to the bank mandate opted in the application form, any one of the following documents needs to be submitted.

1. Original cancelled cheque having the First Holder Name printed on the cheque.
2. Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application.
3. Photocopy of the bank statement duly attested by the bank manager with designation, employee number and bank seal.
4. Photocopy of the bank pass book duly attested by the bank manager with designation, employee number and bank seal.
5. Photocopy of the bank...
6. Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the investor details and bank mandate information.

This condition is also applicable to all purchase transactions made by means of a Demand Draft. In case the application is not accompanied by the aforesaid documents, the AMC reserves the right to reject the application, also the AMC will not be liable in case the redemption/dividend proceeds are credited to wrong account in absence of above original cheque.

| **Consolidated Account Statement (CAS)** | 1. The Consolidated Account Statement (CAS) for each calendar month will be issued on or before tenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN). Due to this regulatory change, AMC shall now cease to send physical account statement to the investors after every financial transaction** including systematic transactions. Further, CAS will be sent via email where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

**The word ‘financial transaction’ shall include purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan and bonus transactions.

2. For folios not included in the Consolidated Account Statement (CAS), the AMC shall henceforth issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. In case of a New Fund Offer Period (NFO), the AMC |

---
shall send confirmation specifying the number of units allotted to the applicant by way of a physical account statement or an email and/or SMS’s to the investor’s registered address and/or mobile number not later than five business days from the date of closure of the NFO.

3. In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request.

4. In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS.

Further, in case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Schemes of all mutual funds, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before tenth day of succeeding month, unless a specific request is made to receive the same in physical form

In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.

The AMC reserve the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).

**CAS for investors having Demat account:**

- Investors having MF investments and holding securities in Demat account shall receive a single Consolidated Account Statement (CAS) from the Depository.
- Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.
- If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within ten days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.
- In case an investor has multiple accounts across
two depositories, the depository with whom the account has been opened earlier will be the default depository.

The dispatch of CAS by the depositories would constitute compliance by the AMC/ the Mutual Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations.

However, the AMC reserves the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).

### D. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI.

The NAVs of the fund shall be rounded off upto four decimals.

No. of units under the Scheme shall be calculated as shown below:

\[
\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme’s investments + Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme}}
\]

The NAV of the Scheme will be calculated as of the close of every Business Day. The valuation of the Scheme’s assets and calculation of the Scheme’s NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.
IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. Entire NFO expenses will be borne by the AMC. In terms of SEBI circular No. SEBI/IMD/CIR No. 11/115723 /08 dated January 31, 2008, close ended schemes are not permitted to charge initial issue expenses to the Scheme. Hence, NFO Expenses will not be charged to the Scheme.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents’ fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated the following percentage of the daily net assets of the Scheme that will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. The mutual fund would update the current expense ratios on the website within two working days mentioning the effective date of the change.

$ Including listing expenses

At least 10% of the TER is charged towards distribution expenses/commission in the Regular Plan. The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/commission (at least 10%) which is charged in the Regular Plan.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear. The above expenses may increase/decrease as per actual and/or any change in the Regulations.

These estimates have been made in good faith as per information available to the Investment Manager based on past experience. Types of expenses charged shall be as per the SEBI (MF) Regulations.

The aforesaid expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations. This means that mutual fund can charge expenses within overall limits, without any internal cap on the aforesaid expenses head.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

<table>
<thead>

The above table excludes additional expenses that can be charged towards: i) 30 bps for gross new inflows from specified cities and ii) service tax on investment management and advisory fees. The same is more specifically elaborated below.

At least 2 basis points on daily net assets within the maximum limit of overall expense Ratio shall be annually set apart for investor education and awareness initiatives.

Pursuant to SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012 and SEBI (Mutual Funds) Second Amendment Regulations, 2012, following additional costs or expenses may be charged to the scheme, namely:

(i) The AMC may charge service tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations whereas service tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.

(ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by the Securities and Exchange Board of India, from time to time are at least –
• 30 per cent of the gross new inflows into the scheme, or;
• 15 per cent of the average assets under management (year to date) of the scheme,

  whichever is higher;

Provided that if inflows from such cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities;

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Further, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Service tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

Subject to Regulations, expenses over and above the prescribed limit shall be borne by the Asset Management Company.

C. LOAD STRUCTURE

Load is an amount, which is paid by the investor to redeem the units from the Scheme. This amount is used by the AMC to pay trail commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or may call your distributor.

i) Entry Load: Not Applicable. In terms of SEBI circular no. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009 has notified that w.e.f. August 01, 2009 there will be no entry load charged to the schemes of the Mutual Fund and the upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor

ii) Exit Load: Being a listed scheme, no exit load will be applicable.

Investors shall note that the brokerage on sales of the units of the Scheme on the stock exchanges shall be borne by the investors.

VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY

1) All disclosures regarding penalties and action(s) taken against foreign Sponsor(s) may be limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out or where the headquarters of the Sponsor(s) is situated. Further, only top 10 monetary penalties during the last three years shall be disclosed.

In March 2013, Prudential plc and its wholly-owned subsidiary The Prudential Assurance Company Limited settled with the UK’s former financial services regulator, the Financial Services Authority (FSA) over issues relating to Prudential's unsuccessful bid to acquire AIA, the Asian subsidiary of AIG, in early 2010.

These Prudential companies agreed to pay fines totalling £30 million, in respect of a decision by the FSA that it and the United Kingdom Listing Authority (UKLA) should have been informed earlier about Prudential's contemplation of the potential transaction. The Group Chief Executive, Tidjane Thiam, also agreed to be censured in respect of a decision by the FSA that it should have been informed earlier. The Final Notices published by the FSA on 27 March 2013 concerning these decisions accordingly represent the final resolution of the matter.

In a public statement accompanying the Final Notices dated 27 March 2013, the FSA stated that the investigation was into past events and did not concern the current conduct of the management of the Prudential Group. The FSA accepted that Prudential did consider their obligations in forming their assessment in respect of informing the regulator. Therefore, although the FSA considered that the circumstances of the breaches were serious, the FSA did not consider the breaches were reckless or intentional.

In a public statement regarding the FSA’s findings dated 27 March 2013, the Board of Prudential confirmed that the Group Chief Executive acted at all times in the interests of the Company and with the full knowledge and authority of the Board. Prudential works diligently to maintain close and positive relationships with its regulators, and the Group’s relationship with its UK regulators continues to be good.

Note:
1. Prudential plc was found to have breached Listing Principle 6 of the UKLA, requiring that “A listed company must deal with the FSA in an open and co-operative manner”;
2. The Prudential Assurance Company Limited was found to have breached Principle 11 of the FSA’s Principles for Businesses, requiring that “A firm must
deal with its regulators in an open and cooperative way, and must disclose to the FSA appropriately anything relating to the firm of which the FSA would reasonably expect notice”; and

3. Tidjane Thiam was found to have been “knowingly concerned” in The Prudential Assurance Company Limited’s breach of Principle 11. The FSA accepted that the breach by Mr Thiam (and Prudential) was neither reckless nor intentional

2) In case of Indian Sponsor(s), details of all monetary penalties imposed and/ or action taken during the last three years or pending with any financial regulatory body or governmental authority, against Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company; for irregularities or for violations in the financial services sector, or for defaults with respect to share holders or debenture holders and depositors, or for economic offences, or for violation of securities law. Details of settlement, if any, arrived at with the aforesaid authorities during the last three years shall also be disclosed.

Cases pertaining to ICICI Bank Ltd. (the Bank):

- Reserve Bank of India (RBI) has imposed penalty on the Bank in respect of the following:
  - In 2012, a penalty of Rs. 10,000/- for delayed filing of FC-GPR return for an FDI transaction of a customer. The Bank has paid the penalty of Rs. 10,000/- to RBI vide letter dated March 9, 2012.
  - Violation in opening and conduct of account of M/s SpeakAsia Online Pte Ltd resulting in penalty of Rs. 3.0 mn being imposed by RBI which was paid in October 2012.
  - Penalty imposed of Rs. 66,000/- for bouncing of 2 SGL deals which was paid in May 2012.
  - On June 10, 2013, RBI imposed a penalty of Rs. 10.01 million on ICICI Bank, in exercise of the powers vested with it under the provisions of Section 47A(1)(c) read with Section 46(4)(i) of the Banking Regulation Act, 1949 and subsection (3) of section 11 of FEMA on operating matters pertaining to KYC. The Bank has paid the penalty to RBI.
  - On July 25, 2014, RBI imposed a penalty of Rs. 4.0 million on the Bank, in exercise of powers vested with it under the provisions of Section 47A(1) of the Banking Regulation Act, 1949 with respect to facilities extended to a corporate borrower by the Bank. The Bank vide letter dated August 7, 2014 has paid the penalty to RBI.
  - On December 17, 2014, RBI imposed a penalty of Rs. 5.0 million on the Bank in exercise of powers vested with it under the provisions Section 47A(1)(c) read with Section 46(4)(i) of the Banking Regulation Act, 1949 for charges of non-compliance with the directions/guidelines issued by Reserve Bank of India in connection with Know Your Customer (KYC)/Anti Money Laundering (AML). The Bank has paid the penalty to RBI on December 30, 2014.

3) Details of all enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund
managers) of the AMC and Trustee Company were/are a party. The details of the violation shall also be disclosed.

The Securities and Exchange Board of India (SEBI) had issued a show cause notice to the Bank under SEBI (Procedure for Holding Inquiry and imposing Penalties by Adjudicating Officer) Rules, 1995 for delay of 81 days in filing disclosures under the SEBI (Prohibition of Insider Trading) Regulations 1992, for change in shareholding exceeding 2% in a listed Company, when prior shareholding exceeded 5%. This was in respect of Bank’s holding in Jord Engineers India Ltd which was largely unlisted, and trading in the scrip was suspended, though the Company was listed. The bank filed consent terms and paid Rs. 1 lac to SEBI pursuant to the consent order passed in May 2012.

4) Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company and/ or any of the directors and/ or key personnel are a party should also be disclosed separately.

As per the SEBI (MF) Regulations, mutual fund schemes are permitted to invest in securitised debt. Accordingly, few schemes of ICICI Prudential Mutual Fund (“the Fund”) had made investment in certain Pass Through Certificates (PTCs) of certain special purpose vehicles / securitisation trusts (“the Trusts”). The returns filed by few of these securitisation Trusts whose PTCs were held by the Fund were taken up for scrutiny by the Income Tax Authorities for Assessment Years 2007-08, 2008-09, 2009-10 and 2010-11. Arising out of this, they had raised a demand on such Trusts. On failure to recover the same from them, they sent demand notices to the Fund along with other Mutual Funds as beneficiaries/ contributors to such Trusts. The Fund in consultation with its tax & legal advisors has contested the applicability of such demand and proceedings there on are still pending.

5) Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed. – Nil

GENERAL INFORMATION

• **Power to make Rules**
  Subject to the Regulations, the Trustee may, from time to time, prescribe such terms and make such rules for the purpose of giving effect to the Scheme with power to the AMC to add to, alter or amend all or any of the terms and rules that may be framed from time to time.

• **Power to remove Difficulties**
  If any difficulties arise in giving effect to the provisions of the Scheme, the Trustee may, subject to the Regulations, do anything not inconsistent with such provisions, which appears to it to be necessary, desirable or expedient, for the purpose of removing such difficulty.
• **Scheme to be binding on the Unitholders:**
  Subject to the Regulations, the Trustee may, from time to time, add or otherwise vary or alter all or any of the features of investment plans and terms of the Scheme after obtaining the prior permission of SEBI and Unitholders (where necessary), and the same shall be binding on all the Unitholders of the Scheme and any person or persons claiming through or under them as if each Unitholder or such person expressly had agreed that such features and terms shall be so binding.
