Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Nippon India ETF Gold BeES
II.	Category of the Scheme	Other - ETFs
III.	Scheme type	An open ended scheme, listed on the Exchange in the form of an Exchange Traded Fund (ETF) investing in physical gold.
IV.	Scheme code	NIMF/O/O/GET/07/01/0030
V.	Investment objective	The investment objective of Nippon India ETF Gold BeES is to provide returns that, before expenses, closely correspond to the returns provided by Domestic price of Gold through physical gold. There is no assurance that the investment objective of the Scheme will be achieved
VI.	Liquidity/listing details	Liquidity The Units of the Scheme can be bought / sold like any other stock on the stock exchange(s) on which these units are listed on all the trading days of the stock exchange. Alternatively, or the Authorised Participants / Market Makers and Large Investors can directly buy/sell Units with the Fund in Creation Unit size. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time). Listing The units of the scheme shall be listed on National Stock Exchange of India Ltd (NSE). The trading will be as per the normal settlement cycle. The AMC reserves the right to list the units of the Scheme on any other recognized stock exchange at later date, after obtaining required approval from respective stock exchange.
VII.	Benchmark (Total Return Index)	Domestic price of Gold The Trustees have adopted the Domestic price of Gold as the benchmark index. The investments would be in physical gold and gold related instruments as per its investment objective. Thus, the aforesaid benchmark is such that it is most suited for comparing performance of the Scheme.
VIII.	NAV disclosure	The NAV will be calculated and disclosed at the close of every Business Day and uploaded on the AMFI website www.amfiindia.com and Nippon India Mutual Fund website i.e. https://mf.nipponindiaim.com by 11.00 p.m. on the day of the declaration of the NAV. Further, AMC shall extend facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard. In case of delay beyond 11.00 p.m., the reasons for delay would be explained in writing to AMFI and SEBI. If the NAVs are not available before commencement of business hours on the following day due to any reason, Mutual Fund shall issue a press release providing reasons and explaining when the Mutual Fund would be able to publish the NAVs. Further Details in Section II.
IX.	Applicable timelines	Timeline for Dispatch of redemption proceeds The Fund will transfer the Redemption proceeds within 3 Working Days from the date of acceptance of the Redemption request. In case of exceptional situations listed in AMFI Circular No.AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines. Timeline for Dispatch of IDCW (if applicable) etc The IDCW declared will be paid net of tax deducted at source, wherever applicable, to the Unit holders within 7 working days from the Record date. The amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

X.	Plans and Options Plans/Options and sub options under the Scheme	The Scheme offers only Growth Option. However, Unit holders are requested to note that the Trustees may at their absolute discretion reserve the right to declare IDCW from time to time (which will be paid out to the Unit holders) in accordance with the IDCW Policy set out below. The AMC and the Trustees reserve the right to introduce such other plans/options as they deem necessary or desirable from time to time, in accordance with the SEBI Regulations
XI.	Load Structure	Exit Load – Not Applicable
XII.	Minimum Application Amount/switch in	Directly with Fund The facility of creating units in Creation Unit size is available to the Authorised Participants/ Market Makers (whose names will be available on our website https://mf.nipponindiaim.com / https://etf.nipponindiaim.com) and Large Investors. However, in case of large investors, the execution value shall be greater than Rs. 25 crores. Rs. 25 crores Limit shall not be applicable to EPFO, recognized Provident Fund and approved Gratuity & Superannuation Fund till February 28, 2026. Minimum number of Units (Creation Units) – 120,000 Units and in multiples thereof On the Exchange - The minimum number of Units that can be bought by the Investors on the Exchange is 1 (one) Unit and in multiples thereof.
XIII.	Minimum Additional Purchase Amount	Not Applicable
XIV.	Minimum Redemption/switch out amount	Directly with Fund The facility of redeeming units in Creation Unit size is available to the Authorised Participants/ Market Makers (whose names will be available on our website https://mf.nipponindiaim.com / https://etf.nipponindiaim.com) and Large Investors. However, in case of large investors, the execution value shall be greater than Rs. 25 crores. Rs. 25 crores Limit shall not be applicable to EPFO, recognized Provident Fund and approved Gratuity & Superannuation Fund till February 28, 2026. Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to Rs. 25 crores without any exit load, in case of the following scenarios: i Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or ii No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or iii Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days. In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day of receipt of application within the above cut-off time, such instances shall be tracked by Nippon India AMC on an ongoing basis and in case if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. https://mf.nipponindiaim.com / https://etf.nipponindiaim.com . On the Exchange – The Units of the Scheme can be sold in round lot of 1 Unit and multiples thereof.
XV.	New Fund Offer Period This is the period during which a new scheme sells its units to the investors.	Not Applicable
XVI.	New Fund Offer Price: This is the price per unit that the investors have to pay to invest during the NFO.	Not Applicable
XVII.	Segregated portfolio/side pocketing disclosure	The scheme does not have segregated portfolio.
XVIII.	Swing pricing disclosure	Not Applicable

XIX.	Stock lending/short selling	The Scheme will participate in securities lending but will not engage in short selling. For Details, kindly refer SAI

Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The investment policy of the Scheme shall be as per SEBI Regulations and within the following guidelines. Under normal market circumstances, the investment range would be as follows:

Instruments	Indicative asset allocation (% of total assets)		Risk Profile
	Minimum	Maximum	
Physical Gold and Gold Related Instruments #	95%	100%	Medium to High
Money Market Instruments (with maturity not exceeding 91 days), including Tri-party Repo on government securities and T-bills, cash & cash equivalents, Securitised Debts*	0%	5%	Low to Medium

Cash Equivalents include Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days.

Gold related instruments that may be permitted by SEBI from time to time.

* Investments in securitised debts can be made by the Scheme upto 5% of the net assets.

The above stated percentages are indicative and not absolute.

Note: Investment in warehouse receipts and other permitted instruments linked to gold prices and Units of international gold linked ETFs would be made as and when permitted by regulatory authorities.

The cumulative gross exposure through equity, debt and Derivative positions (including fixed income derivatives) shall not exceed 100% of the net assets of the Scheme as per Clauses 12.24 and 12.25 of SEBI Master Circular dated June 27, 2024. As per SEBI Letter dated 3rd November 2021, Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Further, in accordance with Clause 3.2 of SEBI Master Circular dated June 27, 2024, investment in gold monetisation schemes ("GMS") of banks by Nippon India ETF Gold BeES is subject to following:

- The cumulative Investment by the Nippon India ETF Gold BeES in gold deposit schemes ("GDS") and GMS will not exceed 20%, or as prescribed by SEBI from time to time, of the total assets under management of Nippon India ETF Gold BeES.
- A written policy has been put in place with regard to investment in GMS of banks with due approval from the Board of the AMC and Board of the Trustee Company. The policy has provisions to obtain prior approval of the Trustee Company for each investment proposal in GMS of any bank. The policy will be reviewed, at least once a year.
- Gold certificates issued by banks in respect of investments made by Nippon India ETF Gold BeES in GMS shall be held in dematerialized or physical form.
- All other conditions applicable to investments in GDS of banks will also be applicable to investments by Nippon India ETF Gold BeES in GMS.
- Deposits outstanding under the GDS (including investment by Nippon India ETF Gold BeES) will be allowed to run till maturity unless these are withdrawn prematurely.
- GMS will be designated as a gold related instrument.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. No	Type of Instrument	Percentage of exposure	Circular references
1	Securities Lending	0 - 75%	SEBI (Mutual Funds) Regulations, 1996, Securities Lending Scheme, 1997 and Clause 12.11 of SEBI Master Circular dated June 27, 2024
2	Equity Derivatives for non-hedging purposes	-	Clause 12.25 of SEBI Master Circular dated June 27, 2024
3	Derivatives	-	Clause 12.25 of SEBI Master Circular dated June 27, 2024
4	Securitized Debt	0 - 5%	Clause 12.15 of SEBI Master Circular dated June 27, 2024
5	Overseas Securities	-	Clause 12.19 of SEBI Master Circular dated June 27, 2024
6	REITS and InvITS		
	i. Units of REIT and InvIT	-	Clause 13 of Seventh schedule of SEBI (Mutual Funds) Regulations, 1996
	ii. Units of REIT and InvIT issued by a single issuer.	-	
7	AT1 and AT2 Bonds	-	Clause 12.2 of SEBI Master Circular dated June 27, 2024
8	AT1 and AT2 Bonds (Single issuer)	-	

9	Unrated debt and money market instruments	0-5%	Clause 12.1.5 of SEBI Master Circular dated June 27, 2024
10	Unlisted Non-Convertible Debentures (NCDs)	0-10%	Clause 12.1.1 of SEBI Master Circular dated June 27, 2024
11	* Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade at Scheme level.	-	Clauses 12.3.1 of SEBI Master Circular dated June 27, 2024
12	* Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade for any group on debt portfolio of the schemes.	-	Clauses 12.3.1 of SEBI Master Circular dated June 27, 2024
13	Repo transactions in corporate debt securities	-	Clauses 12.18.1.1 of SEBI Master Circular dated June 27, 2024

* Of Debt portfolio

Rebalancing of deviation due to short term defensive consideration:

Any alteration in the investment pattern will be for a short term on defensive considerations as per clause 1.14.1.2 of SEBI Master Circular dated June 27, 2024, the intention being always to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days.

It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Portfolio rebalancing in case of passive breach:

In line with clause 3.6.7 of SEBI Master Circular dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Index Schemes to meet the redemption and subscription obligations shall be done ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

However, always the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 days, to minimize the tracking error.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 calendar days from the date of allotment/listing.

B. WHERE WILL THE SCHEME INVEST?

Investment in physical gold

The Scheme, in general, will buy physical gold. The investment restrictions and limits are mentioned under the heading 'Investment Restrictions'.

Investment in debt instruments

The Scheme will invest in Money Market Instruments (with maturity not exceeding 91 days), including Tri-party Repo on government securities and T-bills etc. The investment restrictions applicable to debt instruments, as specified in Schedule VII of SEBI Regulations, are mentioned under 'Investment Restrictions'.

Lending of Securities

The Scheme may lend Securities from its portfolio in accordance with the SEBI Regulations and the applicable SEBI guidelines. Securities' lending shall enable the Scheme to earn income that may partially offset its expenses and thereby reduce the effect these expenses have on the Scheme ability to provide investment returns that correspond generally to the price and yield performance of its index. The Scheme will pay reasonable administrative and custodial fees in connection with the lending of Securities. The Scheme will be exposed to the risk of loss should a borrower default on its obligation to return the borrowed Securities. The Scheme's share of income from the lending collateral will be included in the Scheme's gross income. The Fund will comply with the conditions for Securities lending specified by SEBI Regulations and circulars.

The maximum exposure of the Scheme to a single intermediary in the stock lending programme at any point of time would be limited to 50% of the market value of its equity portfolio or upto such limits as may be specified by SEBI. The Scheme will not lend more than 75% of its corpus.

Debt Market In India

The Indian Debt market is facing major shift in the recent times. The substantial growth in Mutual Fund collections in the past few years have provided an easy route for the investors to channelise their savings into the debt market, which otherwise is largely dominated by Banks and other Institutional investors.

At present, the Indian debt market is dominated by issues of Central Government bonds, Corporate Debentures and PSU Bonds. The new Securitized instruments are also very attractive in the primary market. Risk associated with securitized Debt or PTCs are credit risk, liquidity risk and price risk/interest rate risk. The other instruments available for investment are Commercial Papers, Certificate of Deposits, Government guaranteed bonds, etc.

Brief details about the instruments are given below as on Sep 30, 2025

Instruments	Listed/ Unlisted	Current Yield Range As on Apr 30, 2025	Liquidity	Risk profile
Central Government Securities	Listed	5.40% - 7.29%	High	Low
Corporate Debentures / PSU Bonds	Listed	6.67%-7.22%	Moderate	Low
CDs (short term)	Unlisted	5.95% - 6.44%	High	Low
Call Money	Unlisted	4.75%- 5.85%	High	Low
Mibor linked Papers*	Listed	125-145 bps	Low	Low

*** Range of spread of 5 year AAA Corporate bond and OIS papers of similar maturity**

A brief description about yields presently available on Central Govt. Securities /Bonds & Debentures of various maturities is as follows:

Annualised yields (as on Sep 30, 2025) are:

Yrs	=< 1yr	1yr - 5yr	5yr - 10yrs	10yr - 30 yrs
Central Government securities	5.47%-5.74%	5.74%-6.38%	6.37%-6.80%	6.68%-7.34%
Debentures/ Bonds (AAA rated)	6.67%-6.70%	6.74%-7.00%	7.02%-7.22%	-

THE PRICE AND YIELD ON VARIOUS DEBT INSTRUMENTS FLUCTUATE FROM TIME TO TIME DEPENDING UPON THE MACRO ECONOMIC SITUATION, INFLATION RATE, OVERALL LIQUIDITY POSITION, FOREIGN EXCHANGE SCENARIO, ETC. ALSO, THE PRICE AND YIELD VARIES ACCORDING TO MATURITY PROFILE, CREDIT RISK ETC.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Nippon India ETF Gold BeEs is a passively managed exchange traded fund. The AMC uses a “passive” or indexing approach to try and achieve the Scheme’s investment objective. Unlike other Funds, the Scheme does not try to “beat” the markets it tracks and does not seek temporary defensive positions when markets decline or appear over valued. The AMC does not make any judgments about the investment merit of a particular stock or a particular industry segment or the underlying nor will it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/ underperformance vis-à-vis a benchmark. The Scheme shall invest all of its funds as per its investment objective and asset allocation pattern, except to meet its liquidity requirements. Passive approach eliminates active management risks pertaining to over/underperformance vis-à-vis a benchmark.

The Scheme will invest upto 100% but at least 95% of its total assets in the physical gold and gold related instruments. The Scheme may hold upto 5% of its total assets in other Securities/instruments. As long as the Scheme invests at least 95% of its total assets in physical gold and gold related instruments, it may also invest its other assets in cash and cash equivalents and short-term high quality debt that would include, obligations of the Indian Government and its agencies, commercial papers (rated by recognized rating agencies), bank certificates of deposit, repurchase agreements (Repo's), Units of money market funds and other Money Market Instruments permissible under the investment norms.

I. Investment in other Schemes

The Scheme may invest in other Scheme(s) managed by the AMC or in the scheme of any other mutual fund, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI Regulations. As per the SEBI Regulations, the AMC will not charge investment management fees for such investments.

II. Investments by the AMC, the Sponsor, the Trustee Company and /or their associates in the Scheme

Subject to the SEBI Regulations and other applicable laws, the AMC, the Sponsor, the Trustee Company and/or their associates, may invest in the Scheme during the NFO Period and/or the Ongoing Offer Period. The percentage of such investment to the total NAV may vary from time to time. The AMC shall not charge any investment management and advisory fees on investment by the AMC in the Units of the Scheme in accordance with sub-regulation 17 of Regulation 25 of the SEBI Regulations.

RISK CONTROL

Investments made by the Scheme would be in accordance with the investment objective of the Scheme and provisions of SEBI Regulations. Since the investing requires disciplined risk management, the AMC has adequate safeguards for controlling risk in the portfolio construction process. The risk control process involves reducing risk through portfolio diversification wherever possible, taking care however not to dilute the returns in the process. It is the belief of the AMC that the diversification would help to achieve desired level of consistency in returns.

CHANGE IN INVESTMENT PATTERN

Subject to SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentage stated in the asset allocation table are only indicative and not absolute. These proportions may vary substantially depending upon the perception of the AMC, the intention being all the times to seek to protect the interest of the Unit holders. Such changes in the investment pattern will be for short term and keeping in view the passive nature of the Scheme.

IMPLEMENTATION OF POLICIES

The Scheme, in general, will buy physical gold and gold related instruments. Expectation is that, over time, the Tracking Error of the Scheme relative to the performance of the Domestic price of Gold will be relatively low.

INVESTMENT PROCESS

The Scheme will endeavor to track the Domestic price of Gold by investing in physical gold and gold related instruments. Normally, the Fund will receive physical gold from the Authorised Participants / Market Makers/Large Investors against the exchange of Units of the Scheme in Creation Unit size as defined by the Fund. However, in case of large investors, the execution value shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time).

The AMC will analyse from time to time different ways of taking exposure in gold from the perspective of risk and return and decide the same in the best interest of Investors.

RECORDING OF INVESTMENT DECISIONS

The investment decisions are taken by a team comprising of the Chief Investment Officer and Fund Managers based on the underlying index / benchmark for Exchange Traded Funds (ETFs). The Fund Managers along with their rationale record all such investment decisions.

The Chief Executive Officer shall be responsible for compliances of all statutory requirements including SEBI Regulations and will supervise investments decisions of Fund Managers taking into consideration the overall interest of the Unitholders and assume responsibility for the day to day and overall Risk Management function of Mutual Fund.

Under him Fund Manager(s) will look after investment of the funds of the Scheme(s) in a manner to achieve the investment objective of the Scheme and in the interest of Unitholders.

The performance of the Scheme is reviewed by the Board of AMC and Trustees in their periodical meetings. The trustee will review the performance of the scheme on a periodical basis and submit a half yearly report to SEBI on various matters related to compliance and performance of the scheme. They may also compare the performance of the scheme against a benchmark index. The benchmark may be changed in future, if a benchmark better suited to the investment objective of the scheme is available, as may be decided by the AMC and the Trustee in line with SEBI (Mutual Fund) Regulations, 1996 and any change at a later date shall be recorded and reasonably justified.

PORTFOLIO TURNOVER

Portfolio turnover is the term used by the Fund for measuring the amount of trading that occurs in a Scheme's portfolio during a specified period of time. The Scheme is an open ended Scheme. It is therefore expected that there would be a number of Subscriptions and Redemptions on a daily basis. There may be frequent transaction to buy and sell the Securities resulting in increase in transaction cost. At the same time frequent transactions may increase the profits and which can offset the increase in cost. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, the Fund Manager will endeavour to optimize the portfolio turnover to minimize risk and maximize gains while keeping in mind the cost associate with such transaction.

Portfolio turnover is defined as the lower of sales or purchases divided by the average corpus during a specified period of time.

Portfolio Turnover Ratio of the Scheme

Portfolio Turnover Ratio of the Scheme is 0.43 as on September 30, 2025.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Trustees have adopted the Domestic price of Gold as the benchmark index.

The investments would be in physical gold and gold related instruments as per its investment objective. Thus, the aforesaid benchmark is such that it is most suited for comparing performance of the Scheme.

A detailed review of the Scheme and the performance of the Scheme vis-à-vis the benchmark will be placed before the board of directors of AMC and Trustee on a quarterly basis. However, the Scheme's performance is likely to differ from the performance of the benchmark on account of the Tracking Error.

In terms of Clause no. 1.8 of SEBI Master Circular dated June 27, 2024, the board of directors of the AMC and Trustees may review the benchmark selection from time to time, and make suitable changes as to use of the benchmark or select an additional or replacement benchmark, or related to composition of the benchmark, whenever it deems necessary after recording an adequate justification for carrying out such change. However, change of benchmark and/or selecting additional benchmarks would be done in compliance with the relevant guidelines of SEBI in this regard.

The Fund Manager will bring to the notice of the board of directors of the AMC, specific factors if any, which are impacting the performance of the Scheme. The board of directors of the AMC on consideration of all relevant factors may, if necessary, give appropriate directions to the AMC. Similarly, the performance of the Scheme will be submitted to the Trustees. The Fund Manager / Chief Investment Officer will explain to the Trustees, the details on the Scheme's performance vis-à-vis the benchmark returns.

Tracking difference

Tracking difference is defined as the annualized difference of returns between the NAV of the Scheme and physical gold (domestic price of gold).

E. WHO MANAGES THE SCHEME?

Name	Age	Educational Qualification	Type and Nature of past experience including assignments held during the past 10 years	Name of the Other Schemes managed
Mr. Vikram Dhawan Fund Manager - Commodities (Managing the Scheme - From date of launch of the scheme)	55 years	B.E., PGDMM	<u>Over 30 years of experience</u> From August 1, 2019 till date NAM India – Fund Manager Commodities From February 27, 2019 - July 31, 2019 Nippon Life India AIF Management Limited – Fund Manager Commodities From October 16, 2017 - February 26, 2019 NAM India - Head Commodities May 2013 till September 2017 Commodity Risk Advisor May 2011 – Apr 2013 Risk Manager, Gold Matrix Pte, Singapore April 2009 – May 2011 Head Commodities, Reliance Capital Limited February 2007 – April 2009 Head Commodities, Reliance Mutual Fund April 2005 – January 2007 Head Commodities, Reliance Capital Limited January 2004 – March 2005 Head Commodity Risk Management, Vedanta Group November 2001 – December 2003 COO, Zee Gold Refinery (Shirpur Gold Refinery) August 2000 – October 2001 Country Manager, N.M. Rothschild & Sons. January 1998 – July 2000 Associate Director, Bank of Nova Scotia December 1994 – December 1997 Head Commodity Hedging, Birla Copper (Hindalco) September 1992 – November 1994 Materials Officer, Synthetics & Chemicals Ltd.	Nippon India Multi Asset Allocation Fund Nippon India Silver ETF

F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

Existing ETF schemes of Nippon India Mutual Fund are as follows:

Sr. No.	Name
1	CPSE ETF
2	Nippon India ETF BSE Sensex
3	Nippon India ETF BSE Sensex Next 50
4	Nippon India ETF Gold BeES
5	Nippon India ETF Hang Seng BeES
6	Nippon India ETF Nifty 100
7	Nippon India ETF Nifty 1D Rate Liquid BeES
8	Nippon India ETF Nifty 5 yr Benchmark G-Sec
9	Nippon India ETF Nifty 50 BeES
10	Nippon India ETF Nifty 50 Shariah BeES
11	Nippon India ETF Nifty 50 Value 20
12	Nippon India ETF Nifty 8-13 yr G-Sec Long Term Gilt
13	Nippon India ETF Nifty Bank BeES

14	Nippon India ETF Nifty Dividend Opportunities 50
15	Nippon India ETF Nifty India Consumption
16	Nippon India ETF Nifty Infrastructure BeES
17	Nippon India ETF Nifty IT
18	Nippon India ETF Nifty Midcap 150
19	Nippon India ETF Nifty Next 50 Junior BeES
20	Nippon India ETF Nifty PSU Bank BeES
21	Nippon India ETF Nifty SDL Apr 2026 Top 20 Equal Weight
22	Nippon India Nifty Auto ETF
23	Nippon India Nifty Pharma ETF
24	Nippon India Silver ETF
25	Nippon India BSE Sensex Next 30 ETF
26	Nippon India Nifty 1D Rate Liquid ETF - Growth
27	Nippon India Nifty India Manufacturing ETF

<https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

G. HOW HAS THE SCHEME PERFORMED (as on September 30, 2025)

Compounded Annualised Returns	Scheme Returns %	Benchmark Returns %
Returns for the last 1 year	50.76	52.91
Returns for the last 3 years	30.11	31.64
Returns for the last 5 years	16.69	17.91
Return since inception 08-Mar-2007	13.25	14.38

Absolute returns for each financial year for the last 5 years

Past performance may or may not be sustained in future and should not be used as a basis for comparison with other investments.

Returns since inception are calculated from the date of allotment i.e. March 8, 2007. IDCWs (if any) are assumed to be reinvested at the prevailing NAV. Withholding taxes (if any) are excluded while calculating the returns. After payment of IDCW, NAV will fall to the extent of the payout and statutory levy (if applicable).

H. ADDITIONAL SCHEME RELATED DISCLOSURES

i. Top 10 holdings by issuer and sectors (as on September 30, 2025)

For scheme portfolio holdings & sectors please visit

<https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

- ii. A Functional website link is given below for the disclosure of name and exposure to Top 7 issuers, stocks, groups and sectors as a percentage of NAV of the scheme (as on September 30, 2025) :

Half Yearly: <https://mf.nipponindiaim.com/investor-service/downloads/annual-half-yearly-reports>

- iii. Portfolio Turnover Rate (as on September 30, 2025): 0.43

- iv. Aggregate investment in the Scheme by (as on September 30, 2025):

Sr. No	Concerned scheme's Fund Manager(s)	Net Value		Market Value (in Rs.)
		Units	NAV per unit	
NIL				

For any other disclosure w.r.t investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

- v. Investments of AMC in the Scheme

Subject to the Regulations, the AMC may invest in the Scheme during the NFO and/or on ongoing basis.

In terms of sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 read along with Clause 6.9 of the SEBI Master Circular dated June 27, 2024 and AMFI Best Practice Guidelines Circular No.100 /2022-23 dated April 26, 2022 on 'Alignment of interest of AMCs with the Unitholders of the Mutual Fund schemes', the AMC shall invest its own funds in the scheme(s) based on the risks associated with the schemes, as may be specified by the SEBI from time to time.

Further, the AMC shall not charge any investment management and advisory fee on its investment in the Scheme (s), unless allowed to do so under SEBI Regulations in the future.

For details of investment please visit : <https://mf.nipponindiaim.com/investor-service/statutory-disclosures>

Part III - OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) of the Units will be determined daily or as prescribed by the Regulations. The NAV shall be calculated in accordance with the following formula, or such other formula as may be prescribed by SEBI from time to time.

NAV =	Market/Fair Value of Scheme's Investments + Receivables + Accrued Income + Other Assets - Accrued Expenses- Payables- Other Liabilities
	Number of Units Outstanding

Example: If the applicable NAV is Rs. 10.00, sales/entry load if any is 2 per cent and the exit/repurchase load is 2 percent then the sales price will be Rs. 10.20 and the repurchase price will be Rs. 9.80.

The NAV of each Scheme will be calculated upto four decimals. The NAV shall be calculated and announced at the close of each Working Day. The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time. The same will also be displayed on the website of the Mutual Fund (<https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com>) and on the website of AMFI (www.amfiindia.com) by 11.00 p.m. on every Working Day. In case of any delay, the reasons for such delay would be explained in writing to AMFI the following day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.

Please refer to the SAI for information on the valuation of the assets of the Scheme.

Valuation of Gold

The Fund will invest in physical gold. The market price of gold in the domestic market on any Working Day would be arrived at as under:

Value of gold:

- (1) The gold held by the Scheme shall be valued at the AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for gold having a fineness of 995.0 parts per thousand, subject to the following:
 - (a) adjustment for conversion to metric measures as per standard conversion rates;
 - (b) adjustment for conversion of US dollars into Indian rupees as per the RBI reference rate declared by the Foreign Exchange Dealers Association of India (FEDAI); and
 - (c) addition of –
 - (i) transportation and other charges that may be normally incurred in bringing such gold from London to the place where it is actually stored on behalf of the Fund; and
 - (ii) notional customs duty and other applicable taxes and levies that may be normally incurred to bring the gold from London to the place where it is actually stored on behalf of the Fund.

Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of gold to the place where it is stored on behalf of the Fund.

Provided further that where the gold held by the Scheme has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this sub-paragraph.

However, for days when the price as determined above is higher than the fair value price as determined by MCX spot price which reflects domestic price, the difference or discount shall be applied to arrive at fair valuation for the purpose of NAV computation. In case MCX spot is not available, we may use any other appropriate source as may be agreed upon by valuation committee to determine domestic price.

- (2) If the gold acquired by the Scheme is not in the form of standard bars, it shall be assayed and converted into standard bars which comply with the good delivery norms of the LBMA and thereafter valued in terms of sub-paragraph (1).

Domestic price of Gold = (London Bullion Market Association AM fixing in US\$/ounce X Conversion factor for converting ounce into kg for 0.995 fineness X rate for US\$ into INR) + Custom duty for import of gold + Sales Tax / octroi and other levies applicable.

Investors to note that the currency fluctuations (represented as the conversion factor above) can significantly affect the value of Gold in domestic Indian Rupees terms, and thus the performance of Nippon India ETF Gold BeES, as stated in the risk factor on "Currency Risk" set out in Section I(A) – "Scheme Specific Risk Factors" in this Scheme Information Document.

Please refer to the SAI for information on the valuation of the assets of the Scheme.

Illustration for computation of NAV:

Particulars	Amount (In INR)
Assets	
Market/Fair Value of Scheme's Investments	1,00,000
Current Assets	
Receivables	1,500
Accrued Income	500
Other Assets	1,000
Total Assets (A)	1,03,000
Current Liabilities	
Accrued Expenses	1,100
Payables	300
Other Liabilities	100
Total Liabilities (B)	1,500
Net Assets (C) (A – B)	1,01,500
Units Outstanding (D)	10,000
NAV per unit (C/D)	10.1500

The mutual fund shall ensure that the repurchase price of the scheme is not lower than 97% of the Net Asset Value.

Methodology for calculation of sale and re-purchase price of the units of mutual fund scheme:

Let's assume that the NAV of a Mutual Fund Scheme on April 01, 2018 is Rs. 10/-.

Purchase of mutual fund units:

The Purchase Price of the Units on an ongoing basis will be same as Applicable NAV.

Purchase Price = Applicable NAV

In the above example, purchase is done on April 01, 2018, when the Applicable NAV = Rs. 10/-. Therefore, Purchase Price = Rs. 10/-

As per existing Regulations, no entry load is charged with respect to applications for purchase / additional purchase of mutual funds units.

Redemption/Re-purchase of mutual fund units:

The Redemption Price of the Units will be calculated on the basis of the applicable NAV subject to prevailing Exit Load, if any. In case of redemption, the amount payable to the investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)

Say, in the above example the exit load applicable is

For exit on or before 12 months from the date of allotment – 1.00%

For exit after 12 months from the date of allotment – Nil.

Scenario 1: Redemption is done during applicability of exit load

In case the investor requests for redemption on or before 12 months i.e. on or before March 31, 2019; say December 1, 2018, when the NAV of the scheme is Rs. 12/- and the exit load applicable is 1%, so the Redemption amount payable to investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)

= Rs. 12 * (1-1%) = Rs. 11.88/-

Scenario 2: Redemption is done when the exit load is NIL

In case the investor requests for redemption after 12 months i.e. after March 31, 2019; say April 1, 2019, when the NAV of the scheme is Rs. 12/- and the exit load applicable is NIL, so the Redemption amount payable to investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)

= Rs. 12 * (1-0) = Rs. 12/-

The aforesaid example does not take into consideration any applicable statutory levies or taxes. Accordingly, the redemption amount payable to investor shall further reduce to the extent of applicable statutory levies or taxes.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

As per the provisions of the SEBI Regulations, read with the amendments thereto, the entire NFO expenses were charged to the Scheme.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC would update the current expense ratios on the website of the mutual fund at least three working days prior to the effective date of the change. Further Actual Expense ratio will be disclosed at the following link

<https://mf.nipponindiaim.com/investor-services/downloads/total-expense-ratio-of-mutual-fund-schemes>

Estimated Expense Structure

Expense Head	% of Net Assets
Investment Management & Advisory Fee	Upto 1.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory Advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Brokerage and transaction cost (including GST) over and above 12 bps and 5 bps for cash and Derivative market trades respectively	
Goods & Service tax on expenses other than investment and advisory fees	
Incentives to Market Makers	
Listing & licensing fees	
Other Expenses #	
Maximum total expense ratio (TER) permissible under Regulation 52(6)(b)	Upto 1.00%

The Scheme shall not incur any distribution expenses and no commission shall be paid by this scheme.

(# Expenses including listing fees charged under the said parameters shall be in line with the Regulation 52 of SEBI (MF) Regulations or such other basis as specified by SEBI from time to time.)

Illustration – Impact of Expense Ratio on the Returns	
Value of Rs 1 lac on 12% annual returns in 1 year, considering 1% Expense Ratio	
Amount Invested	100,000.00
NAV at the time of Investment	10.00
No of Units	10,000.00
Gross NAV at end of 1 year (assuming 12% annual return)	11.20
Expenses (assuming 1% Expense Ratio on average of opening and closing NAV)	0.11
Actual NAV at end of 1 year post expenses (assuming Expense Ratio as above)	11.09
Value of Investment at end of 1 year (Before Expenses)	112,000.00
Value of Investment at end of 1 year (After Expenses)	110,940.00

Note: Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Goods & Service tax on investment management and advisory fees, to the Scheme will be, in addition to the maximum annual recurring expenses that may be charged to the Scheme.

Goods & Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the SEBI Regulations.

Mutual Funds/AMCs will annually set apart at least 1 basis points on daily net assets within the maximum limit as per regulation 52 of the SEBI Regulations for investor education and awareness initiatives.

With effect from 16th March 2025, for Passive schemes and Overseas Fund of Funds (FoFs) - based on underlying indices as per clause 3 and clause 4 of the SEBI circular SEBI/HO/IMD/PoD2/P/CIR/2024/183 dated 31st December 2024, AMCs shall allocate funds towards investor education and awareness initiatives as 5% of total TER charged to direct plans, subject to maximum of 0.5 bps of AUM.

However, no Investment Management fees would be charged on NAM India's investment in the Scheme. The Trustee Company, shall be entitled to receive a sum computed @ 0.05% of the Unit Capital of all the Schemes of NIMF on 1st April each year or a sum of Rs.5,00,000/- whichever is lower or such other sum as may be agreed from time to time in accordance with the SEBI Regulations or any other authority, from time to time.

The total expenses of the ETF scheme including the investment management and advisory fee shall not exceed One percent (1%) of the daily net assets and such other limits as stated in Regulation 52(6).

The above expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations, 1996, which means there will be no internal sub-limits on expenses and AMC is free to allocate them within the overall TER.

The Incentives, if any, to Market Makers shall be charged to the scheme within the maximum permissible limit of TER as per Clause no. 3.6.1.4 of SEBI Master Circular dated June 27, 2024.

In terms of Regulation 52(1) of SEBI (Mutual Funds) Regulations, 1996, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, will necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses shall be paid out of AMC books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower. List of such miscellaneous expenses may be provided by AMFI in consultation with SEBI or as specified/amended by AMFI/SEBI from time to time.

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the scheme as per new sub regulation 6A, namely-

Brokerage and Transaction costs (including GST) incurred for the execution of trades may be expensed out in the scheme to the extent of 0.12 per cent of the value of trades in case of cash market transactions. Payment towards brokerage and transaction costs incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure in excess of the said prescribed limit (including brokerage and transaction costs, if any) shall be borne by the AMC or by the Trustee or Sponsors.

The Fund will strive to reduce the level of these expenses so as to keep them well within the maximum limits allowed by SEBI. Expenses on an ongoing basis will not exceed the percentage of the daily net assets or such maximum limits as may be specified by SEBI Regulations from time to time.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time and the Investor is requested to check the prevailing Load structure of the Scheme before investing.

Entry Load - Not Applicable

Exit Load - Not Applicable

For the current applicable structure, please refer to the website of the Mutual Fund, <https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com> or call at Customer Service Centre at 1860-266-0111 (charges applicable), and Investors outside India can call at 91-22-69259696 (charges applicable) or your distributor.

There is no Entry/Exit Load for creation/Redemption of the Units of the Scheme in Creation Unit size. However, during the process of creation/Redemption there will be transaction costs, other incidental expenses and equalization of Dividend and this will form part of the Cash Component.

The Fund may also allow Cash# subscription /redemption of Nippon India ETF Gold BeES in creation unit size by large investors. No entry or exit load will be levied on transactions with Authorised Participants / Market Makers and Large Investors during NFO or continuous offer.

Investor other than APs/Large investors can directly approach AMC for transaction of up to INR 25 Cr and no exit load shall be charged for redemption of units if:

- a) The traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days; or
- b) No quotes are available on stock exchange(s) for 3 consecutive trading days; or
- c) Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid application received up to 3 p.m. the Mutual Fund shall process the redemption request basis the closing NAV of the day of receipt of application.

Such instances shall be tracked by NAM India on an ongoing basis and incase if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. <https://mf.nipponindiaim.com>

For any change in load structure NAM India will issue an addendum and display it on the website/Investor Service Centres.

#RTGS, NEFT or transfer cheque.

Any change in the Load structure shall apply on a prospective basis and in no case the same would affect the existing Investors adversely. The Investor is requested to check the prevailing Load structure of the Scheme before investing. For any change in Load structure, AMC will issue the notice and display it on the AMC Website / Investor Service Centres.

No entry or exit load will be levied on transactions with Authorised Participants / Market Makers and Large Investors during NFO or continuous offer.

Please note that the AMC reserves the right to modify or alter the Load structure of the Scheme subject to maximum limits prescribed under the SEBI Regulations.

In the event of a change of Load structure, the AMC will take following steps:

- i. The addendum detailing the changes shall be attached to SID and KIM. The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
- ii. Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all Investor Service Centres and distributors/brokers offices.
- iii. The introduction of the Exit Load along with the details shall be stamped in the acknowledgement slip issued to the Investors on submission of the Application Form and may also be disclosed in the statement of accounts issued after the introduction of such Load.
- iv. A public notice may be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the head office of the Fund is situated.
- v. The Fund shall display the addendum on its website (<https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com>).

SECTION II

I. INTRODUCTION

A. Definitions/interpretation

For definition details please visit <https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

B. Risk Factors

SCHEME SPECIFIC RISK FACTORS:

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect the Scheme's NAV, yield, return and/or its ability to meet its objective.

(a) Risks relating to Investing in Indian Markets

Investments in India may be affected by political, social, and economic developments affecting India, which may include changes in exchange rates and controls, interest rates, government policies, diplomatic conditions, hostile relations with neighboring countries, taxation policies including the possibility of expropriation or confiscatory taxation, imposition of withholding taxes on Dividend or interest payments, limitation on removal of funds or assets of the Scheme and ethnic, religious and racial disaffections or conflict.

The relative small size and inexperience of the Securities markets in India and the limited volume of trading in Securities may make the Scheme's investments illiquid and more volatile than investments in more established markets.

In addition, the settlement systems may be less developed than in more established markets, which could impede the Scheme's ability to effect portfolio transactions and may result in delayed settlement and the Scheme's investments being settled through a more limited range of counter parties with an accompanying enhanced credit risk.

To the extent the Scheme is subject to margining or pre-payment systems, whereby margin or the entire settlement proceeds for a transaction is required to be posted prior to the settlement date, this can potentially give rise to credit and operational risks as well as potentially borrowing costs for the Scheme.

(b) Market Risk

The NAV of the Scheme will react to the securities and bullion market movements. The Investor may lose money over short or long periods due to fluctuation in the Scheme's NAV in response to factors such as economic, political, social instability or diplomatic developments, changes in interest rates and perceived trends in stock prices, market movements and over longer periods during market downturns. Investments may be adversely affected by the possibility of expropriation or confiscatory taxation, imposition of withholding taxes on Dividend or interest payments, limitations on the removal of funds or other assets of the Scheme. The Scheme may not be able to immediately sell certain types of illiquid Securities. The purchase price and subsequent valuation of restricted and illiquid Securities may reflect a discount, which may be significant, from the market price of comparable Securities for which a liquid market exists.

(c) Market Trading Risks

1. **Absence of Prior Active Market:** Although the Scheme is listed on NSE and BSE, there can be no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the Units of the Scheme would be infrequent.
2. **Trading in Units may be Halted:** Trading in the Units of the Scheme on NSE and BSE may be halted because of market conditions or for reasons that in view of NSE, BSE or SEBI, trading in the Units of the Scheme are not advisable. In addition, trading of the Units of the Scheme are subject to trading halts caused by extraordinary market volatility and pursuant to NSE, BSE and SEBI 'circuit filter' rules. There can be no assurance that the requirements of NSE necessary to maintain the listing of the Units of the Scheme will continue to be met or will remain unchanged.
3. **Lack of Market Liquidity:** The Scheme may not be able to immediately sell certain types of illiquid Securities. The purchase price and subsequent valuation of restricted and illiquid Securities may reflect a discount, which may be significant, from the market price of comparable Securities for which a liquid market exists.
4. **Units of the Scheme May Trade at Prices Other than NAV:** The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of the holdings of the Scheme. The trading prices of the Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme. However, given that Units of the Scheme can be created and Redeemed in Creation Units directly with the Fund, it is expected that large discounts or premiums to the NAV of Units of the Scheme will not sustain due to arbitrage opportunity available.
5. **Regulatory Risk:** Any changes in trading regulations by NSE or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.
6. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the Securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
7. **Risk of Substantial Redemptions:** Substantial Redemptions of Units within a limited period of time could require the Scheme to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of both the Units

being Redeemed and that of the outstanding Units of the Scheme. The risk of a substantial Redemption of the Units may be exacerbated where an investment is made in the Scheme as part of a structured product with a fixed life and where such structured products utilise hedging techniques. Please also refer Statement of Additional Information for additional details.

Regardless of the period of time in which Redemptions occur, the resulting reduction in the NAV of the Scheme could also make it more difficult for the Scheme to generate profits or recover losses. The Trustee, in the general interest of the Unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be Redeemed on any Working Day depending on the total "Saleable Underlying Stock" available with the Fund.

(d) Volatility Risk

The equity markets are volatile and the value of Securities and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

(e) Redemption Risk

Investors may note that even though the Scheme is an open-ended Scheme, the Scheme would ordinarily repurchase Units in Creation Unit size.

Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 Cr without any exit load, in case of the following scenarios:

- The traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days; or
- No quotes are available on stock exchange(s) for 3 consecutive trading days; or
- Total bid size on the exchange is less than half of Creation Unit size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid application upto 3 p.m., Nippon India MF shall process the Redemption request basis the closing NAV of the day of receipt of application. Such instances shall be tracked by Nippon India AMC on an ongoing basis and in case if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. <https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com> .

(f) Asset Class Risk

The returns from the types of Securities in which the Scheme invests may under perform returns of general Securities markets or different asset classes. Different types of Securities tend to go through cycles of out-performance and under-performance in comparison of Securities markets.

(g) Passive Investments

The Scheme is not actively managed. The Scheme would be affected by a general decline in the price of physical gold. The Scheme as per its investment objective invests in physical gold regardless of its investment merit. The AMC does not attempt to take defensive positions in declining markets.

(h) Tracking Error Risk

Tracking Error and Tracking Difference Risk

Tracking error is defined as the annualized standard deviation of the difference in the daily returns between the NAV of the Scheme and the Underlying Index. Tracking Difference is defined as the annualized difference of returns between the NAV of the Scheme and the underlying index. The Fund Manager would not be able to invest the entire corpus in physical gold due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance, changes to the underlying index and regulatory restrictions, which may result in Tracking Error with the underlying index. The Scheme's returns may therefore deviate from those of the underlying index. "Tracking Error" is defined as the annualized standard deviation of the difference in daily returns between the NAV of the Scheme and the underlying index. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index. Tracking Error/ Tracking Difference may arise including but not limited to the following reasons:

1. Expenditure incurred by the Fund.
2. Available funds may not be invested at all times as the Scheme may keep a portion of the funds in cash to meet Redemptions, for corporate actions or otherwise.
3. Accounting for indirect taxes including tax reclaims.

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error. Under normal market circumstances, tracking error based on past one year rolling data shall not exceed 2%. However, in case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.

(i) Risks Associated with Investing in Fixed Income Securities

i) General Provisions

Debt Securities are subject to the risk of an issuer's inability to meet principal and interest payments on the obligation (credit

risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (market risk). The Fund Manager will consider both credit risk and market risk in making investment decisions for the Scheme.

The timing of transactions in debt obligations, which will often depend on the timing of the Purchases and Redemptions in the Scheme, may result in capital appreciation or depreciation because the value of debt obligations generally varies inversely with the prevailing interest rates.

ii) Interest Rate Risk

Changes in interest rates will affect the Scheme's NAV. The prices of Securities usually increase as interest rates decline and usually decrease as interest rates rise. The extent of fall or rise in the prices is guided by duration, which is a function of the existing coupon, days to maturity and increase or decrease in the level of interest rate. The new level of interest rate is determined by the rate at which the government raises new money and/or the price levels at which the market is already dealing in existing Securities. Prices of long-term Securities generally fluctuate more in response to interest rate changes than short-term Securities.

In case of Tri-party Repo on government securities or T-bills, the rate of interest, from time to time, depends upon the number of borrowers at that point of time and the amount to be borrowed by such borrowers.

In the case of Floating Rate Instruments, an additional risk could be due to the change in the spreads of Floating Rate Instruments. If the spreads on Floating Rate Instruments rise, then there could be a price loss on these instruments. Secondly in the case of fixed rate instruments that have been swapped for floating rates, any adverse movement in the fixed rate yields vis-à-vis swap rates could result in losses. The price risk is low in the case of the floating rate or inflation-linked bonds. The price risk does not exist if the investment is made under a Repo agreement.

Debt markets, especially in developing markets like India, can be volatile leading to the possibility of price moving up or down in fixed income Securities and thereby to possible movements in the NAV.

iii) Prepayment Risk

A borrower may prepay a receivable prior to its due date. This may result in a change in the yield and tenor for the Scheme.

iv) Zero Coupon and Deferred Interest Bonds

The Scheme may invest in zero coupon bonds and deferred interest bonds, which are debt obligations issued at a discount to their face value. The original discount approximates the total amount of interest the bonds will accrue and compound over the period until maturity or the first interest accrual date at a rate of interest reflecting the market rate of the security at the time of issuance. Zero coupon bonds do not provide periodic interest payments and deferred interest bonds generally provide for a period of delay before the regular payment of interest begins. Such investments benefit the issuer by mitigating its initial need for cash to meet debt service and some also provide a higher rate of return to attract Investors who are willing to defer receipt of such cash. Such investments experience greater volatility in market value due to changes in interest rates than debt obligations which provide for regular payments of interest, and the Scheme may accrue income on such obligations even though it receives no cash.

v) Liquidity or Marketability Risk

This refers to the ease at which a Security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such period may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of Securities. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests or restructuring of the Scheme.

vi) Credit Risk

Credit Risk means that the issuer of a Security may default on interest payments or even paying back the principal amount on maturity (i.e. the issuer may be unable to make timely principal and interest payments on the Security). Even where no default occurs, the prices of Security may go down because the credit rating of an issuer goes down. However, it must be noted that where the Scheme has invested in Government Securities, the risk of default is lower.

vii) Risks of Investing in Unrated Debt Securities

Unrated debt Securities are more likely to react to developments affecting market and credit risk than are more highly rated Securities, which react primarily to movements in the general level of interest rates. Unrated debt Securities are more likely to react to developments affecting market and credit risk than rated debt Securities, which react primarily to movements in the general level of interest rates. Unrated debt Securities are considered predominantly speculative by traditional investment standards and may have poor prospects for reaching investment grade standing. Unrated debt Securities of comparable credit quality (commonly known as "junk bonds") are subject to the increased risk of an issuer's inability to meet principal and interest obligations and further, are usually unsecured and are often subordinated to the rights of other creditors of the issuers of such Securities. These Securities, also referred to as 'high yield Securities', may be subject to greater price volatility due to such factors as specific corporate developments, interest rate sensitivity, negative perceptions or publicity (whether or not based on fundamental analysis) of the junk bond markets generally and less secondary market liquidity.

Unrated debt Securities are issued by less established companies seeking to expand. Such issuers are often highly leveraged and generally less able than more established or less leveraged entities to make scheduled payments of principal and interest in the event of adverse developments or business conditions.

The market value of unrated debt Securities tends to reflect individual corporate developments to a greater extent than that of rated debt Securities which react primarily to fluctuations in the general level of interest rates. As a result, the ability of the Scheme if it invests in unrated debt Securities to achieve its investment objectives may depend to a greater extent on the Fund Manager's judgment concerning the creditworthiness of the issuers of such Securities than the Scheme investing in rated debt Securities. Issuers of unrated debt Securities may not be able to make use of more traditional methods of financing and their ability to service debt obligations may be more adversely affected than issuers of rated debt Securities by economic downturns, specific corporate developments or the issuer's inability to meet specific projected business forecasts.

A holder's risk of loss from default is significantly greater for unrated debt Securities than is the case for holders of other debt Securities because such unrated debt Securities are generally unsecured and are often subordinated to the rights of other creditors of the issuers of such Securities. Investments in defaulted Securities poses additional risk of loss should non-payment of principal and interest continues. Even if such Securities are held to maturity, recovery by the Scheme of its initial investment and any anticipated income or appreciation is uncertain.

The secondary market for unrated debt Securities is concentrated in relatively few market makers and is dominated by institutional investors. Accordingly, the secondary market for such Securities is typically not very liquid, and is more volatile than, the secondary market for rated debt Securities. In addition, market trading volume for high yield fixed income Securities is generally lower and the secondary market for such Securities could contract under adverse market or economic conditions, independent of any specific adverse changes in the condition of a particular issuer. These factors may have an adverse effect on the market price and the Scheme's ability to dispose of particular portfolio investments. A less liquid secondary market also may make it more difficult for the Scheme to obtain precise valuations of the high yield Securities in its portfolio.

viii) Risks Associated with Credit Rating Agencies

Credit ratings issued by recognised credit rating agencies are designed to evaluate the safety of principal and interest payments of rated Securities. In addition, credit rating agencies may or may not make timely changes in a rating to reflect changes in the economy or in the conditions of the issuer that affect the market value and liquidity of the Security. Credit ratings are used only as a preliminary indicator of investment quality. Investments in unrated debt obligations will be more dependent on the Fund Manager's credit analysis than would be the case with investments in investment grade debt obligations.

(j) Securitised Debt

Securitised debt instruments carry credit risk of the obligors and are dependent on the servicing of the pass through certificate / contributions or similar instruments. However such risks are mitigated suitably by appropriate pool selection as well as credit enhancements specified by rating agencies. In cases where the underlying facilities are linked to benchmark rates, the securitised debt instrument may be adversely impacted by adverse movements in benchmark rates. However this risk is mitigated to an extent by appropriate credit enhancements specified by rating agencies. Securitised debt instruments also carry the risks of prepayment by the obligors, which can be expected to accelerate during periods of declining interest rates. In case of prepayments of securitised debt instruments, it may result in reduction in the actual duration as compared to the expected duration of the instrument at the time of purchase, which may adversely impact the portfolio yield. Such prepayments can usually be reinvested only at the lower yields then prevailing in the market. Therefore, during periods of declining interest rates, these Securities are less likely than other fixed income obligations to appreciate in value and less effective at locking in a particular yield. These instruments also carry risk associated with the collection agent who is responsible for collection of receivables and depositing them.

The Scheme may invest in domestic securitised debt such as asset backed Securities ("ABS") or mortgage backed Securities ("MBS"). ABS are securitised debts where the underlying assets are receivable arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. MBS are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential /commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are normally exposed to a higher level of reinvestment risk as compared to normal corporate or sovereign debt.

The risks associated with the underlying assets can be described as follows: Credit card receivables are unsecured. Automobile / vehicle loan receivables are usually secured by the underlying automobile / vehicle and sometimes by a guarantor. Mortgages are secured by the underlying property which may depreciate in value. Personal loans are usually unsecured. Corporate loans could be unsecured or secured by a charge on fixed assets / receivables of the company or a letter of comfort from the parent company or a guarantee from a bank / financial institution. Underlying assets which are secured by a physical asset / guarantor are perceived to be less risky than those which are unsecured. Therefore, the risk and the yield in descending order of magnitude would be credit card receivables, personal loans, vehicle /automobile loans, mortgages and corporate loans assuming the same rating.

(k) Securities Lending

Securities lending is lending of Securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent Securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the Securities borrowed.

There are risks inherent in Securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of the Securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the Securities, inability of the approved intermediary to return the Securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender in respect of the Securities lent. The Fund may not be able to sell such lent Securities and this can lead to temporary illiquidity.

(l) Calculation of NAV

From time to time, materiality thresholds may apply insofar as it relates to errors in the calculation of NAV in accordance with SEBI Regulations. Unit holders should note that the AMC may not pay the Unit holders or the Scheme the amount of any difference in circumstances where any such materiality thresholds provided under SEBI Regulations are not exceeded. Therefore such differences may lead to a different economic result than if such amounts were paid and such errors, which are deemed to be immaterial, will not lead to a reissued and corrected NAV.

As a result, Investors/ Unit holders who have Subscribed for or Redeemed Units of the Scheme on a day on which the materiality thresholds had been applied, the Investors / Unit holders may receive a different economic result than they would have received had the error in calculation of the NAV not happened.

(m) Investments by the Scheme in other schemes

The Scheme may invest in other scheme(s) managed by the AMC or in schemes of other mutual funds, provided such investments are in conformity with the investment objectives of the Scheme and in accordance with terms of the prevailing SEBI Regulations. Such investments in other schemes may provide the Scheme access to a specialised investment area or economic sector which can be more effectively accessed by investing in the underlying scheme(s). The Fund Manager will only make such investments if it determines in its discretion that to do so is consistent with the interests of the Unit holders of the Scheme.

The Scheme may invest in schemes operated by third parties. Considering third parties are not subject to the oversight or control of the AMC, the Fund Manager may not have the opportunity to verify the compliance of such schemes with the laws and regulations applicable to them.

It is possible that a number of underlying scheme(s) might take substantial positions in the same security at the same time. This inadvertent concentration may interfere with the Scheme's goal of diversification. The AMC would attempt to alleviate any potential inadvertent concentration as part of its regular monitoring and reallocation process. Conversely the AMC may at any given time, hold opposite positions, such position being taken by different underlying scheme(s). Each such position shall result in transaction fees for the Scheme without necessarily resulting in either a loss or a gain. Moreover, the AMC may proceed to a reallocation of assets between the underlying scheme(s) and liquidate investments made in one or several of them.

Further, many of the underlying scheme(s) in which the Scheme may invest could use special investment techniques or concentrate its investments in only one geographic area or asset investment category, which may subject the Scheme's investments to risks different from those posed by investments in equity or fixed income scheme(s) or risks of the market and of rapid changes to the relevant geographic area or investment category.

When the Scheme invests in other schemes, the Unit holders in the Scheme will also incur fees and expenses (such as, but not limited to, management fees, custody fees, registrar fees, audit fees, etc.) at the level of the underlying scheme in accordance with the offering documents of the relevant scheme(s) and the limits prescribed under the SEBI Regulations.

No assurance can be given that the strategies employed by other schemes in the past to achieve attractive returns will continue to be successful or that the return on the Scheme's investments will be similar to that achieved by the Scheme or other schemes in the past.

(n) Risk of Changes in Borrowing Rates

The Scheme may borrow funds on a temporary basis within the limits set forth under the SEBI Regulations. The Scheme may choose to only borrow from the Custodian of the Scheme, and the borrowing rate imposed by the Custodian of the Scheme may change due to market conditions. As a consequence thereof, the borrowing rates imposed by the Custodian may not be the most competitive.

(o) Risk Factors relating to Portfolio Rebalancing

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme within the stipulated period then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

(p) Uncertain Tax Positions

Prospective Investors should be aware that tax Laws and regulations are constantly changing and that they may be changed with retrospective effect. Moreover, the interpretation and application of tax Laws and regulations by certain tax authorities may not be clear, consistent or transparent. As a result of uncertainty relating to the Fund's potential tax liabilities, including on any historical realized or unrealized gains, as well as liabilities that may arise as a result of investments made by the Scheme which have not reflected tax liabilities in their valuation, the NAV of the Scheme on any dealing day may not accurately reflect such liabilities (including those that are imposed with retrospective effect). In addition, the NAV of the Scheme on any dealing day may reflect an accrual for potential tax liabilities that may subsequently not be paid. Accounting standards may also change, creating an obligation

for the Fund to accrue for a potential tax liability that was not previously required to be accrued or in situations where the Fund does not expect to be ultimately subject to such tax liability.

In the event that the Fund subsequently determines to accrue for tax liabilities and/or is required to pay amounts relating to tax liabilities that had not previously been accrued and/or any Scheme investments result in tax liabilities that were not reflected in their valuation (including historic investments), the amount of any such determination or payment will generally be allocated among the Unit holders of the applicable Scheme at the time of such determination or payment, rather than when the income or transaction to which such taxes relate was earned or occurred. Moreover, in the event that the Fund subsequently determines that an accrual for potential tax liabilities exceeds or will exceed the liability for such taxes, the benefit from any such determination will generally be allocated among the Unit holders of the applicable Scheme at the time of such determination, rather than when the income or transaction in respect of which such taxes were accrued was earned or occurred, and Unit holders who previously Redeemed Units of the Scheme will not receive additional compensation or otherwise share such benefit. Unit holders will not be notified of any of the foregoing determinations or payments.

Unit holders that invest in the Units of a Scheme at a time during which any liabilities for taxes are not accrued will invest in the Units of the Scheme at a higher NAV than such Unit holders would have invested had such liabilities been accrued at the time of the applicable investment. In addition, the returns of the Scheme may be considered to have been subject to an inadvertent leverage effect in that those additional assets would have been invested in accordance with the usual investment policy of the Scheme. On the other hand, Unit holders that Redeem Units of a Scheme at a time during which potential liabilities for taxes are accrued will Redeem Units of the Scheme at a lower NAV than if such liabilities had not been accrued at the time of the applicable Redemption. In that situation the Scheme may also be considered to have been subject to an inadvertent under investment effect if that accrual of taxes is not subsequently paid.

(q) Risks relating to withholding tax under FATCA

Pursuant to U.S. withholding provisions commonly referred to as the Foreign Account Tax Compliance Act ("FATCA"), payments of U.S. source fixed or determinable, annual or periodic income, certain payments made after December 31, 2016 of gross proceeds from the sale or other disposition of property that could produce U.S. source interest or Dividends, and certain payments (or a portion thereof) made after 31 December 2016 by a foreign financial institution, to a foreign financial institution or other foreign entity will be subject to a withholding tax of thirty percent (30%) unless it is compliant with various reporting requirements under FATCA. The United States has reached an agreement in substance with respect to an intergovernmental agreement with the Government of India regarding the implementation of FATCA by Indian financial institutions (the "Indian IGA"). Under FATCA and the Indian IGA, the Scheme will be treated as a "foreign financial institution" for this purpose. As a foreign financial institution, in order to be compliant with FATCA, the Scheme will be required to, among other requirements: (i) obtain and verify information on all of its Unit holders to determine which Unit holders are "Specified U.S. Persons" (i.e., U.S. Tax Persons other than tax-exempt entities and certain other persons) and, in certain cases, non-U.S. persons whose owners are Specified U.S. Persons ("U.S. Owned Foreign Entities"); and (ii) annually report information on its Unit holders that are non-compliant with FATCA, Specified U.S. Persons and U.S. Owned Foreign Entities to the Government of India. The Government of India will exchange the information reported to it with the IRS annually on an automatic basis. No assurances can be provided that the Scheme will be exempt from this thirty percent (30%) withholding tax.

Any Unit holder that fails to produce the required information or is otherwise not compliant with FATCA may be subject to thirty percent (30%) withholding on all or a portion of any redemption or distribution payments made by the Scheme after December 31, 2016. Moreover, each Unit holder should be aware that as a result of an investment in the Scheme, the tax authorities in the Unit holder's jurisdiction of tax residence may be provided information relating to such Unit holder, pursuant to the provisions of a treaty, an intergovernmental agreement or otherwise, directly or indirectly by the Scheme. Unit holders should consult their own tax advisors regarding the potential implications of this withholding tax.

(r) Material Interests of Associates of the Sponsor, AMC & Trustee Company

The sponsor is Nippon Life Insurance Company, one of the largest insurance companies in Japan, with more than 11 million customers and 70,000 employees.

The following are a few examples of situations where there may be conflicts of interest between the AMC and the other related businesses. They are not, and are not intended to be, a complete enumeration or explanation of all of the material interests that may arise.

- The AMC will make investment decisions for the Scheme as it believes are in the fiduciary interests of the Scheme. Our Sponsors and their associates may also take similar investment decisions or may even take directionally opposite positions, based on their independent analysis. We have Conflict of Interest Policy that requires us to act in a manner that does not prejudice the interests of our investors in any manner vis-à-vis group or associate companies or put one set of investors to an advantage or disadvantage on account of another. This also includes restrictions on sharing of trading information.
- NIMF may also use the services of Group entities as a broker or distributor or service provider on strictly arms length basis.
- The AMC in its sole discretion will determine whether the Scheme will participate in investment opportunities and investors should not expect that the Scheme will participate in any particular investment opportunities.
- The directors, officers, and employees of Nippon India Mutual Fund may buy and sell securities or other investments for their own Accounts within the bounds of the Personal Securities Trading Policy (PSTP) laid down by the company.

Subject to applicable Laws, the AMC, may, from time to time, in-source or outsource certain processes or functions in connection with a variety of services that it provides to the Scheme in its administrative or other capacities.

Any investments in Group and Associate companies will be subject to SEBI Regulations in this regard.

(s) Valuation of the Scheme's Investments

The AMC carries out valuation of investments made by the Scheme. The AMC values Securities and assets in the Scheme according to the valuation policies described in the Statement of Additional Information.

(t) Proxy Voting by the AMC

The AMC has implemented processes designed to prevent conflicts of interest from influencing proxy voting decisions that it makes on behalf of the Scheme, and to help ensure that such decisions are made in accordance with its fiduciary obligations to the Scheme. Notwithstanding proxy voting processes, proxy voting decisions made by the AMC with respect to Securities held by the Scheme may benefit the interests of AMC other than the Scheme.

(u) Error and Error Correction

The AMC has procedures for determining when the AMC will reimburse the Scheme for losses that result from errors by the AMC. Pursuant to such procedures, an error is generally compensable from the AMC to the Scheme when it is a mistake (whether an action or inaction) in which the AMC has deviated from the applicable standard of care under the SEBI Regulations in managing the Scheme's assets, subject to certain materiality and other policies summarized below.

The Code of Conduct under the SEBI Regulations requires the AMC to render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgement. Although the AMC would seek to follow such requirements, mistakes could occur, which mistakes would not be compensated by the AMC unless they are not in accordance with the requirements under the SEBI Regulations or any materiality thresholds prescribed therein. The AMC's policies do not require perfect implementation of investment management decisions, trading, processing or other functions performed by the AMC or its associates. Therefore, not all mistakes will be considered compensable errors. Imperfections, including without limitation, imperfection in the implementation of investments, execution, cash flow, rebalancing, processing instructions or facilitation of securities settlement; imperfection in processing corporate actions; or imperfection in the generation of cash or holdings reports resulting in trade decisions, are generally not considered by the AMC to be violations of standards of care regardless of whether implemented through programs, models, tools or otherwise. As a result, such imperfections, including, without limitation, mistakes in amount, timing or direction of a trade, are generally not compensable errors unless such imperfections or mistakes are not in accordance with the requirements under the SEBI Regulations or any materiality thresholds prescribed therein.

Mistakes may also occur in connection with other activities that may be undertaken by the AMC and its associates, such as NAV calculation, transfer agent activities (i.e., processing Subscriptions and Redemptions), fund accounting, trade recording and settlement and other matters that are non-advisory in nature and may not be compensable unless they deviate from the applicable standards, SEBI Regulations or any materiality thresholds prescribed therein. Unit holders will generally not be notified of the occurrence of an error if such error is determined to be non compensable.

Mistakes may result in gains as well as losses. In applying its error and error correction policies, the AMC may determine that it is appropriate to reallocate or remove gains from the Scheme's account that are the result of a mistake.

The AMC makes its determinations pursuant to its error procedures on a case-by-case basis, based on the materiality of the resulting losses. For example, mistakes that result in losses below a threshold (as provided in the SEBI Mutual Fund Regulations) will not be compensable.

When the AMC determines that reimbursement by the AMC is appropriate, compensation received by the Scheme is generally expected to be limited to direct and actual losses, which may be calculated based on factors the AMC considers relevant. Compensation generally will not include any amounts or measures that the AMC determines are speculative or uncertain, including potential opportunity losses or other forms of consequential or indirect losses, and when calculating compensation, the AMC generally will not consider tax implications for, or the tax status of, the Scheme.

The AMC will consider any errors in the calculation of the NAV of the Scheme in order to determine whether corrective action is necessary or compensation is payable to the Scheme or the Unit holders.

The AMC, may, in their sole discretion, authorise the correction of errors, which may impact the processing of Subscriptions for and Redemptions of Shares. The AMC may follow materiality policies with respect to the resolution of errors that may limit or restrict when corrective action would be taken or when compensation to the Scheme or Unit holders will be paid. In addition, subject to policies approved by the AMC consistent with applicable Law, not all mistakes will result in compensable errors.

Unit holders may not be notified of the occurrence of any error or the resolution thereof unless the materiality thresholds provided under SEBI Regulations are exceeded and the correction of the error requires a payment/ recovery of any amounts to/from the Unit holders.

(v) Indirect taxation

For valuation of Units of the Scheme, indirect taxes like customs duty, VAT, etc. would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of the Units of the Scheme.

(w) Risk of investing in Gold Monetisation Scheme (GMS)

Nippon India ETF Gold BeES shall, as permitted by SEBI, invest a part of its pool of physical gold assets in Gold Monetisation Scheme run by Banks. Under the GMS, Nippon India ETF Gold BeES will deposit its physical gold assets as principal with the Banks which offer such facility ("the issuer"). A situation could arise where the issuer is unable to return the principal physical gold to Nippon India ETF Gold BeES upon maturity or in case of an early redemption. Such inability to return physical gold could arise

on account of liquidity problems or general financial health of the issuer. A default by the issuer under a GMS may result in losses to the Unit holders. GMS being an unlisted and non-transferrable security can be Redeemed only with the issuer and hence, is subject to the risk of an issuer's inability to meet principal and interest payments on the obligation (credit risk). Credit Risk means that the issuer of a Security may default on interest payments or even paying back the principal amount on maturity (i.e. the issuer may be unable to make timely principal and interest payments on the Security) which may result in losses to the Unitholders.

(x) Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

(y) Market risk due to volatility in gold prices

The price of gold is driven by speculation and supply and demand, like most commodities. The price of gold is volatile because of the smaller market, lower market liquidity and demand fluctuations between industrial and store of value uses. At times, this can cause wide-ranging valuations in the market, creating volatility.

The key factors that affect the volatility of gold are fluctuating industrial demand and store of value demand, geo-political uncertainties, rising crude oil prices, depreciating dollar, government policies on major export and import destinations, sales by China and other central banks.

The volatility can be attributed to multiple factors like gold and other precious metal prices, major stock market indices, large concentrated short position, US dollar, oil, institutional investors and industrial demand.

(z) Liquidity risks in physical or derivative markets impairing the ability of the fund to buy and sell gold

Commodities tend to be more volatile than other instruments. This may have an impact on liquidity. Liquidity considerations may have a price basis risk.

Liquidity risks may arise due to issues related to the supply chain which affects the availability of gold.

During an undetermined situation, similar to what happened during the pandemic, transportation all over the world had come to a standstill. Financial markets had experienced extreme volatility and severe losses, and trading in many instruments had been disrupted. Liquidity for many instruments had been greatly reduced for periods of time, and most commodities were in short supply resulting in illiquid markets for most commodities including gold.

The lack of liquidity in the physical market may also arise due to seasonality of demand and supply or volatility prices.

Lastly, government regulations including change in taxation or duties levied on gold may affect the demand and supply and may affect the liquidity.

(AA) Risks associated with handling, storing and safekeeping of physical gold

All physical gold procured must follow the LBMA guidelines as per prescribed SEBI guidelines.

Risk arises when part or all of the gold held by the Fund could be lost, stolen or damaged and access to gold may be restricted due to natural calamities or human actions. Loss or damage directly or indirectly occasioned by, happening through or in consequence of war, invasion, acts of foreign enemies, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection, military or usurped power. Loss due to aridity, humidity, exposure to light or extremes of temperature. Hence, the Custodian maintains insurance in regard to the business on terms and conditions and the custodian is also responsible for all costs arising from the insurance policies.

The custodian taking delivery on behalf of the AMC needs to ensure the weight, purity, and the source of gold as specified under the LBMA guidelines.

Since this is paramount to the SEBI guidelines the risk arises in violation of same.

Safekeeping of physical gold requires appropriate vaulting space, confirming to the best global standards. The vaulting agents engaged by the custodian needs to ensure the same.

C. Risk mitigation strategies

Type of Risks	Measures/ Strategies to control risks
Debt and Money Market instruments	• Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in short term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities. • Basis Risk: The debt allocation of the scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is made in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities. • Reinvestment Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.
Exchange Traded Commodity Derivatives (ETCD)	Investment in commodities has an inherent market risk in terms of volatility, which cannot be mitigated generally. However, SEBI has allowed participation in ETCDs only which are likely to have enough liquidity in the market. The settlement risk shall be mitigated by ensuring that the trade positions do not fall in delivery mode. However, as mutual fund schemes participating in ETCDs may hold the underlying goods in case of physical settlement of contracts, such goods shall be disposed of from the books of the scheme, at the earliest, not exceeding the timeline prescribed under the Regulations.
Government securities and Triparty repo on Government securities or treasury bills:	As a member of the securities segment and Triparty repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades etc. Also, there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.
Units of mutual fund schemes	Mutual Fund portfolios are generally well diversified and typically endeavor to provide liquidity on a T+1/T+2 basis and aim to mitigate any risks arising out of underlying investments. Commodity ETF's are quite liquid as they can either be created / redeemed with the fund house or traded on the exchange.
Tracking errors/Tracking Difference	Over a short period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to closely track the performance of physical gold prices over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

The measures mentioned above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. Information about the scheme:

A. Where will the scheme invest – For Detailed description, please refer to Section I - Part II – B

B. What are the investment restrictions?

Pursuant to the SEBI Regulations, the following are the investment and other limitations as presently applicable to the Scheme at the time of making investments. However, all the investments by the Scheme will be made within the investment objective, asset allocation, described earlier as well as within the investment restrictions as specified in SEBI Regulations, as amended from time to time, including Schedule VII thereof.

1. No term loans for any purpose will be advanced by the Scheme.

2. The Scheme shall not invest more than 10% of its NAV in debt instruments (comprising of Money Market Instruments and non-Money Market Instruments) issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of directors of the Trustee Company and the AMC. Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Collateralized Borrowing and Lending Obligations. Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with SEBI.

As per clause 12.8.3 of SEBI Master Circular dated June 27, 2024, the scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

3. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:
- a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
4. Further the inter Scheme transfer of investments shall be in accordance with the provisions contained in the section 'Inter-Scheme transfer of investments', contained in the Statement of Additional Information. Transfer of investments from the Scheme to another scheme in the Fund shall be allowed only if:
- a. Such transfers are done at the prevailing market price for quoted instruments on spot basis.
- Explanation: "Spot basis"** shall have same meaning as specified by Stock Exchange for spot transaction.
- b. The Securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
5. The Scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by the Scheme under the same management or in the scheme under the management of any other asset management company shall not exceed 5% of the NAV of the Fund.
6. Till the SEBI Regulations so require, the Fund shall buy and sell Securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative Securities.
7. Till the SEBI Regulations so require, the Fund shall get the Securities purchased transferred in the name of the Fund on account of the Scheme, wherever investments are intended to be of a long-term nature.
8. Pending deployment of funds of the Scheme in Securities in terms of the investment objectives of the Scheme, a Fund can invest the funds of the Scheme in short-term deposits of scheduled commercial banks within the limits prescribed under SEBI circular and applicable guidelines.
9. The Fund may borrow to meet liquidity needs, for the purpose of repurchase, Redemption of Units or payment of interest or IDCW to the Unit holders and such borrowings shall not exceed 20% of the net asset of the Scheme and duration of the borrowing shall not exceed 6 months. The Fund may borrow from permissible entities at prevailing market rates and may offer the assets of the Fund as collateral for such borrowing.
10. Till the SEBI Regulations so require, the Scheme shall not make any investment in:
- i Any unlisted Security of an associate or group company of the Sponsor; or
 - ii Any Security issued by way of private placement by an associate or group company of the Sponsor; or
 - iii As per SEBI Circular No. SEBI/HO/IMD/IMD-PoD-2/P/CIR/2024/098 dated July 08, 2024, no Mutual Fund scheme shall make any investment in the listed securities of group companies of the sponsor which is in excess of 25 per cent of the net assets of the scheme, except for investments by equity oriented exchange traded funds (ETFs) and Index Funds and subject to such conditions as may be specified by SEBI. Accordingly, it has been decided as under:
 - Equity oriented ETFs and Index Funds, based on widely tracked and non-bespoke indices, can make investments in accordance with the weightage of the constituents of the underlying index. However, such investments shall be subject to an overall cap of 35% of net asset value of the scheme, in the group companies of the sponsor.
 - Widely tracked and non-bespoke indices shall be indices that are tracked by passive funds or act as primary benchmark for actively managed funds with collective Assets under Management (AUM) of INR 20,000 Cr. and above.

11. The Scheme shall not make any investment in any fund of funds Scheme.
12. The funds of the Scheme shall be invested only in gold or gold related instruments in accordance with the investment objective, except to the extent necessary to meet the liquidity requirements for honouring repurchases or Redemptions, as disclosed in this SID. Presently as per SEBI Regulations, investments by the Scheme can be made only in physical gold and GMS. The total investment in GDS and GMS will not exceed 20% or as prescribed by SEBI from time to time, of total assets under management of Nippon India ETF Gold BeES. Investment in warehouse receipts and other permitted instruments linked to prices of gold and Units of international gold linked ETFs would be made as and when permitted by regulatory authorities.
13. Mutual fund scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.
14. The Mutual Fund under all its schemes taken together will not own more than 10% of any companies paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B
15. The Scheme will comply with any other SEBI Regulations applicable to the investments of Mutual Funds from time to time.
16. The scheme may engage in Securities Lending not exceeding 75% of the net assets of the scheme and shall not lend more than 50% of its Net Assets to a single counterparty or such other limits as may be permitted by SEBI from time to time.

In accordance with the Regulations and applicable guidelines, the Fund may engage in stock lending activities. The Securities will be lent by the Approved Intermediary against collateral received from borrower, for a fixed period of time, on expiry of which the securities lent will be returned by the borrower.

Investments by the AMC, the Sponsor, the Trustee Company and /or their associates in the Scheme

Subject to the SEBI Regulations and other applicable laws, the AMC, the Sponsor, the Trustee Company and/or their associates, may invest in the Scheme during the NFO Period and/or the Ongoing Offer Period. The percentage of such investment to the total NAV may vary from time to time. The AMC shall not charge any investment management and advisory fees on investment by the AMC in the Units of the Scheme in accordance with sub-regulation 17 of Regulation 25 of the SEBI Regulations.

All investment restrictions shall be applicable at the time of making investments. The AMC may alter these limitations/objectives from time to time to the extent the SEBI Regulations change so as to permit the Scheme to make its investments in the full spectrum of permitted investments to achieve its investment objective. The Trustees may from time to time alter these restrictions in conformity with the SEBI Regulations.

All investments of the Scheme will be made in accordance with the SEBI Regulations, including Schedule VII thereof.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

- (i) **Type of a scheme** - An open ended scheme, listed on the Exchange in the form of an ETF investing in physical gold.
- (ii) **Investment Objective**
 - **Main Objective:** - The investment objective of Nippon India ETF Gold BeES is to provide returns that, before expenses, closely correspond to the returns provided by Domestic price of Gold through physical gold. There is no assurance that the investment objective of the Scheme will be achieved. However, the performance of the Scheme may differ from that of the underlying physical gold due to Tracking Error.
 - **Investment pattern:-** For Detailed description, please refer to Section I - Part II – B (HOW WILL THE SCHEME ALLOCATE ITS ASSETS?)
- (iii) **Terms of Issue**
 - **Liquidity provisions such as repurchase/redemption of units**
Provisions with respect to listing, repurchase, Redemption of Units and fees and expenses as indicated in this SID.
 - **Aggregate fees and expenses charged to the scheme.**
 - i) New Fund Offer (NFO) Expenses : Refer to Section I - Part-III - B
 - ii) Annual Scheme Recurring Expenses : Refer to Section I - Part-III - C
 - **Any safety net or guarantee provided. – Not Applicable**

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024, the trustees shall ensure that no change in the fundamental attributes of the Scheme, the fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unitholders is carried out by the AMC, unless it complies with sub-regulation (26) of Regulation 25 of the SEBI (MF) Regulations.

Further, in accordance with Regulation 25 (26) of the SEBI (MF) Regulations, the AMC shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unitholders shall be carried out unless:

- (i) A written communication about the proposed change is sent to each Unitholder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) The Unitholders are given an option for a period of at least 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

In addition to the above, for bringing change in the fundamental attributes of the scheme, the comments shall be taken from SEBI before bringing such change(s).

D. Index methodology

Nippon India ETF Gold BeES will invest in Physical Gold and Gold Related Instruments as per the asset allocation mentioned in section "HOW WILL THE SCHEME ALLOCATE ITS ASSETS " and will be benchmarked against the Domestic price of Gold.

E. Principles of incentive structure for market makers (for ETFs)-

Incentives for Market Maker (MM)

Guiding principles of incentive structure for Market Maker

Incentives to market maker will be linked to performance of the market maker in terms of generating liquidity in units of ETFs. Incentives, if any, to MM shall be charged to the scheme within the maximum permissible limit of Total Expense Ratio (TER).

Determination of incentive for Market maker

It will be determined basis any or all of the below mentioned criteria:

- I. It will be based on volume carried out by market maker on the exchange as compared to total volume of respective ETFs on exchange.
- II. It can be fixed monthly compensation which should not exceed TER of the scheme.
- III. Any other performance-based incentive.

Incentives to market maker shall be at the discretion of the AMC & to be decided between the AMC and the MM which may be variable in nature or fixed amount adhering to maximum permissible limit of TER.

Incentives, if any, will be payable to MM subject to MM fulfilling its obligations and responsibilities.

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes)- Not Applicable.

G. Other Scheme Specific Disclosures:

Listing and transfer of units	Listing:- The units of the scheme shall be listed on National Stock Exchange of India Ltd (NSE). The trading will be as per the normal settlement cycle. The AMC reserves the right to list the units of the Scheme on any other recognized stock exchange at later date, after obtaining required approval from respective stock exchange. Transfer of units:- The units of Nippon India ETF Gold BeES are transferable via the Depository Participant (DP) as the Units are held compulsorily in dematerialised form. Transfers should be only in favour of transferees who are eligible of holding units under the scheme. The delivery instructions for transfer of Nippon India ETF Gold BeES units will have to be lodged with the DP in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules / regulations as maybe in force governing transfer of securities in dematerialized mode. Under special circumstances, holding of units by a company or other body corporate with another company or body corporate or an individual/ individuals, none of whom is a minor, may be considered by the AMC. Any addition, deletion of name of the Unit holder is deemed as transfer of Units. In The said provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in respect of joint holdings) as this is treated as transmission of Unit and not a transfer, and will be in accordance with the rules / Regulations as maybe in force governing transfer of securities in dematerialized mode. For all Transfer/ Transmission, the investors need to approach their respective DP.
Dematerialization of units	i. The Units of the Scheme are available in the dematerialized (electronic) mode only. ii. The applicant under the Scheme is required to have a beneficiary account with a Depository Participant of NSDL/CDSL and are required to indicate in the application the Depository Participant's name, Depository Participant ID Number and beneficiary account number of the applicant with the Depository Participant. iii. The Units of the Scheme are issued/repurchased and traded compulsorily in dematerialized form.

	Applications without relevant details of his/her/its depository account are liable to be rejected.
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not Applicable
Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy (IDCW)	The Trustee may declare IDCW to the Unit holders under the Scheme subject to the availability of distributable surplus and the actual distribution of IDCWs and the frequency of distribution will be entirely at the discretion of the Trustee. Such IDCW will be payable to the Unit holders whose names appear on the register of Unit holders on the record date as fixed for the Scheme. The IDCW declared will be paid net of tax deducted at source, wherever applicable, to the Unit holders within 7 working days from the record date. The amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. The Scheme will follow the requirements stipulated in the listing agreement for declaration of IDCWs. There is no assurance or guarantee to the Unit holders as to the rate of IDCW distribution nor that the IDCW will be paid regularly. If the Fund declares IDCW, the NAV of the Scheme will stand reduced by the amount of IDCW and tax deducted at source (if applicable) paid. All the IDCW payments shall be in accordance and compliance with SEBI, NSE & BSE Regulations, as applicable from time to time. Procedure for distribution of IDCW: The IDCW proceeds may be paid by way of cheques, IDCW warrants / direct credit / National Electronic Funds Transfer ("NEFT") / Real Time Gross Settlement ("RTGS") / Electronic Clearing System ("ECS") or any other manner to the Unit holder's bank account as specified in the Registrar's/Depository's records. The AMC, at its discretion at a later date, may choose to alter or add other modes of payment. Please refer to the Statement of Additional Information for details on unclaimed Redemptions and IDCWs.
Allotment (Detailed procedure)	For transactions made on stock exchange platform the settlement of units happens as per exchange settlement cycle. For direct Creation: For all valid applications and funds received by the Fund directly for Creation lot size / above 25cr for certain investor categories or as prescribed in Regulations time to time, received on a business day and where the trade is executed for the given lot size and amount, the allotment of units happens on same business day. The allotted units are credited to Investor's beneficiary demat account within one business day from the day of allotment.
Refund	The Refund of the balance amount, if any post trade execution for given Creation lot size is refunded within T+1 business day.
Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile	The following persons (subject, wherever relevant, to Purchase of Units being permitted under their respective constitution and relevant state regulations) are eligible to subscribe to Units : (i) Resident adult individuals, either singly or jointly (not exceeding three) or on anyone or survivor basis. (ii) Minors through parents / lawful guardian. (iii) Hindu Undivided Family ("HUF") through its karta. (iv) Partnership firms. (v) Companies, bodies corporate, societies, association of persons, body of individuals, clubs and public sector undertakings registered in India if authorized and permitted to invest under applicable Laws and regulations.

	(vi) Banks (including co-operative banks and regional rural banks), financial institutions and investment institutions incorporated in India or the Indian branches of banks incorporated outside India (vii) Mutual Funds registered with SEBI. (viii) Non-Resident Indians (NRIs) / Persons of Indian Origin (PIOs) residing abroad on repatriation basis and on non-repatriation basis. (x) FPIs (subject to regulations / directions prescribed by the RBI/SEBI from time to time relating to FPI investments in mutual fund schemes). (xi) Charitable or religious trusts, wakf boards or endowments and registered societies (including registered co-operative societies) and private trusts authorized to invest in Units of mutual fund schemes under their trust deeds. (xii) Army, air force, navy, para-military funds and other eligible institutions. (xiii) Scientific and industrial research organizations. (xiv) Multilateral funding agencies or bodies corporate incorporated outside India with the permission of GOI / RBI. (xv) Overseas financial organizations which have entered into an arrangement for investment in India, inter-alia with a mutual fund registered with SEBI and which arrangement is approved by GOI. (xvi) Provident / pension / gratuity / superannuation and such other retirement and employee benefit and other similar funds as and when permitted to invest. (xvii) Other associations, institutions, bodies etc. authorized to invest in the Units. (xviii) Apart from the above, all other categories of Investors permitted at present and in future are eligible to invest in the Scheme. (xix) Insurers, insurance companies / corporations registered with the Insurance Regulatory Development Authority . All cheques and bank drafts accompanying the Application Form should contain the Application Form number on its reverse. It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per SEBI requirements and any Application Form without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar/AMC may ask the Investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number. Applications without relevant details of the applicant's depository account are liable to be rejected. * Process for Investments made in the name of a Minor through a Guardian: • Payment for investment by means of Cheque or any other mode shall be accepted from the bank account of the minor / Minor with guardian or from a joint account of the minor with the guardian only. For existing folios, in case the pay-out bank mandate is not held solely by minor or jointly by minor and guardian, the investors are requested to provide a change of Pay-out Bank mandate request before providing redemption request. • Investors to also note that as ETF units are compulsorily held in dematerialised form, the documentation & process need to be completed in demat account held by the investor upon minor attaining the status of major. Pursuant to Clause 17.6.1 of SEBI Master Circular Dated June 27, 2024, payment for any investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of pay-out bank mandate before redemption is processed. • Investors are also requested to note that the process of transmission of units shall be in line with Clause 17.6 of SEBI Master Circular dated June 27, 2024 and guidelines issued by SEBI in this regard from time to time. For any transmission related requests, the investors are advised to approach their respective depository participant only. Notes: 1. Returned cheques are not liable to be presented again for collection, and the accompanying Application Forms are liable to be rejected.
--	--

	2. It is expressly understood that at the time of investment, the Investor / Unit holder has the express authority to invest in Units of the Scheme and the AMC / Trustees / Fund will not be responsible if such investment is ultra vires the relevant constitution. Subject to the SEBI Regulations, the AMC / Trustees may reject any application received in case the application is found to be invalid/ incomplete or for any other reason in the AMC / Trustees' sole discretion. 3. The Trustees/ AMC may also periodically add and review the persons eligible for making application for Purchase of Units under the Scheme. If a person who is a Indian resident (i.e. 'person resident in India', as defined under The Foreign Exchange Management Act 1999, as amended from time to time) at the time of Subscription becomes a resident outside India subsequently, he/she shall have the option to either be paid the Redemption Price of the Units, or continue into the Scheme if he/she so desires and is otherwise eligible. The Trustees / AMC reserve the right to close the Unit holder account and to pay the Redemption Price of the Units, subsequent to the Unit holder becoming a person resident outside India, should the reasons of cost, interest of other Unit holders and any other circumstances make it desirable for the AMC / Trustees to do so, in accordance with the SEBI Regulations. The Trustees / AMC may request for any information / documentation from such Unit holders in connection with change in the residential status of the Unit holder. 4. It is compulsory for Investors / Unit holders to give certain mandatory disclosures while making applications for the Subscription of Units of the Scheme / Redemption and also follow the KYC Requirements as provided in the Statement of Additional Information / Application Form. For details please refer to the section on 'How to Apply' in Statement of Additional Information. 5. The Units of the Scheme are not 'public Securities' under the relevant statutes and any religious and charitable trust that seeks to invest in the Units of the Scheme will require prior approval of the appropriate authority. 6. Neither this Scheme Information Document ("SID")/ Key Information Document ("KIM")/ Statement of Additional Information ("SAI") ["Scheme Related Documents"] nor the units of the scheme(s) have been registered under the relevant laws, as applicable in the territorial jurisdiction of United States of America nor in any provincial/ territorial jurisdiction in Canada. It is being clearly stated that the Scheme Related Documents and/or the units of the schemes of Nippon India Mutual Fund have been filed only with the regulator(s) having jurisdiction in the Republic of India. The distribution of these Scheme Related Documents in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of these Scheme Related Documents are required to inform themselves about, and to observe any such restrictions. No persons receiving a copy of these Scheme Related Documents or any KIM accompanying application form jurisdiction may treat such Scheme Related Documents as an invitation to them to subscribe for units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly these Scheme Related Documents do not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of such persons in possession of the Scheme Related Documents and any persons wishing to apply for units pursuant to these Scheme Related Documents to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction. The NAM India shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the NAM India . The investor shall be responsible for complying with all the applicable laws for such investments. The NAM India reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the NAM India, which are not in compliance with the terms and conditions notified in this regard. 7. Foreign Account Tax Compliance In accordance with the relevant provisions of the Foreign Account Tax Compliance Act ("FATCA") as contained in the United States Hiring Incentives to Restore Employment ("HIRE") Act, 2010, there is a likelihood of withholding tax being levied
--	--

	on certain income/ receipt sourced from the subjects of United States of America ("US") with respect to the schemes, unless such schemes are FATCA compliant. In this regard, the respective governments of India and US have signed an Inter Governmental Agreement-1 (IGA) on July 9, 2015. In the terms of this proposed IGA, Nippon India Mutual Fund ("NIMF") and/ or Nippon Life India Asset Management Limited (NAM India / AMC) classified as a "Foreign Financial Institution" and in which case NIMF and/ or NAM India would be required, from time to time, to (a) undertake the necessary due-diligence process; (b) identify US reportable accounts; (c) collect certain required information/ documentary evidence ("information") with respect to the residential status of the unit holders; and (d) directly or indirectly disclose/ report/ submit such or other relevant information to the appropriate Indian authorities. Such information may include (without limitation) the unit holder's folio detail, identity of the unit holder, details of the beneficial owners and controlling persons etc. In this regard and in order to comply with the relevant provisions under FATCA, the unit holders would be required to fully cooperate & furnish the required information to the AMC, as and when deemed necessary by the latter in accordance with IGA and/ or relevant circulars or guidelines etc, which may be issued from time to time by SEBI/ AMFI or any other relevant & appropriate authorities. The applications which do not provide the necessary information are liable to be rejected. The applicants/ unit holders/ prospective investors are advised to seek independent advice from their own financial & tax consultants with respect to the possible implications of FATCA on their investments in the scheme(s). The underlying FATCA requirements are applicable from July 1, 2014 or such other date, as may be notified. In case required, NIMF/ NAM India reserves the right to change/ modify the provisions (mentioned above) at a later date. The Fund / Trustees / AMC reserve the right to include / exclude new / existing categories of Investors to invest in the Scheme from time to time, subject to applicable Laws, if any. Rejection of the application: Subject to the SEBI Regulations and applicable Laws, any application for Units may be accepted or rejected at the sole and absolute discretion of the Trustees / AMC. For example and without limitations, the Trustees/AMC may reject any application for the Purchase of Units if the application is received from Investor to whom the Units cannot be lawfully or validly offered or by whom the Units cannot be lawfully or validly subscribed or any other additional administrative processes required with respect to such Investors or if the application is invalid or incomplete, or if, in its opinion, increasing the size of the Scheme's Unit Capital is not in the general interest of the Unit holders, or if the Trustees/ AMC for any other reason does not believe that it would be in the best interest of the Scheme or its Unit holders to accept such an application. Further information request by the AMC/Trustees: The AMC / Trustees may request Investors / Unit holders to provide verification of their identity or other further details as may be required in the opinion of the AMC / Trustees under applicable Laws. This may result in a delay in dealing with the applicants, Unit holders, benefits, distribution, etc.
Who cannot invest	- Any individual who is a Foreign National, except for Non –Resident Indians and Persons of Indian Origin and provided such Foreign National has procured all the relevant regulatory approvals applicable and has complied with all applicable laws, including but not limited to and pertaining to anti money laundering, know your customer (KYC), income tax, foreign exchange management (the Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder), in the sole discretion and to the sole satisfaction of Nippon Life India Asset Management Ltd (the AMC). Nippon Life India Asset Management Limited in its capacity as an asset manager to the Nippon India Mutual Fund reserves the right to amend/terminate this facility at any time, keeping in view business/operational exigencies. - Overseas Corporate Bodies ("OCBs"), i.e. firms and societies which held directly or indirectly to the extent of at least 60% by NRIs and trusts in which at least 60% of the beneficial interest is similarly held irrevocably by such persons without the prior approval of the RBI. - NRIs residing in Non-Compliant Countries and Territories ("NCCTs") as determined by the Financial Action Task Force ("FATF"), from time to time.

	4. Any other person determined by the AMC or the Trustee as not being eligible to invest in the Scheme. 5. The AMC reserves the right to include/exclude new/existing categories of investors to invest in the Scheme from time to time, subject to SEBI Regulations & other prevailing statutory regulations.
How to Apply (details)	Details regarding- - The applications filled up and duly signed by the applicants should be submitted at the office of the Collection Centres / DISCs / Official Points of Acceptance or may be downloaded from the website of AMC. The list of the Designated Investor Service Centres (DISCs)/Official Points of Acceptance (OPAs) of the Mutual Fund are available on the website of the AMC i.e. https://mf.nipponindiaim.com. - Please refer to the SAI for detailed procedure and Application form for the instructions. - List of official points of acceptance, collecting banker details - Please visit – https://mf.nipponindiaim.com/investor-services/customer-service/locate-a-branch As per the directives issued by SEBI, it is mandatory for an investor to declare his/her bank account number in the application form. This is to safeguard the interest of unitholders from loss or theft of their redemption cheques / DDs. Additionally, if the bank details provided by investors are different from the details available on instrument, AMC may seek additional details from investors to validate the bank details provided by investors.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Presently, AMC does not intend to re-issue the Units once Redeemed. The number of Units held by the Unit holder in his demat account will stand reduced by the number of Units Redeemed.
Restrictions, if any, on the right to freely retain or dispose of units being offered.	As the Units of the Scheme will be issued in demat (electronic) form, the Units will be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Right to Limit Fresh Subscription & Redemption In case the size of the Scheme increases to a level which in the opinion of the Trustees is not manageable, the Trustees reserve the right to stop fresh Subscription of Units in order to reduce the size to a manageable level. The Trustee reserves the right in its sole discretion to withdraw/suspend sale of the Scheme's Units temporarily or indefinitely, if it is viewed that increasing the size further may prove detrimental to the existing Unit holders of the Scheme. An order to Purchase the Units is not binding on and may be rejected by the AMC until it has been confirmed in writing by the AMC and payment has been received for the same. Right to Limit Redemption The Trustee and AMC may, in the general interest of the Unit holders of the Scheme under this Scheme Information Document and keeping in view the unforeseen circumstances / unusual market conditions, limit the total number of Units which may be redeemed on any Working Day for redemption requests of more than Rs. 2 Lakhs per folio at a scheme level. In any Scheme. In line with the Clause no. 1.12 of SEBI Master Circular dated June 27, 2024 the following conditions would be applicable. - Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as: - Liquidity issues - when market at large becomes illiquid and affecting almost all securities. . - Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. - Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out).

	b. Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. c. When restriction on redemption is imposed, the following procedure shall be applied: - No redemption requests upto INR 2 lakh shall be subject to such restriction. - Where redemption requests are above INR 2 lakh, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction. However, suspension or restriction of redemption under any scheme of the Mutual Fund shall be made applicable only after the approval from the Board of Directors of the Asset Management Company and the Trustee Company. The approval from the AMC Board and the Trustees giving details of circumstances and justification for the proposed action shall also be informed to SEBI immediately.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	Investors / Unit holders to note that the below mentioned provision for Cut-off time is not applicable to transactions undertaken on a recognised stock exchange where the units of the Schemes are listed and is only applicable for Direct transactions with the fund. The Cut-off time for receipt of valid application for Subscriptions and Redemptions is 3.00 p.m. However, the requirement of "cut-off" timing for NAV applicability as prescribed by SEBI from time to time shall not be applicable for direct transaction with Asset Management Company (AMCs) in ETFs by MMs and other eligible investors. The Scheme is an Exchange Traded Fund, the Subscriptions and Redemptions of Units would be based on the Portfolio Deposit and Cash Component as defined by the Fund for that respective Working Day. All direct application from eligible investors for Creation / Redemption shall be accepted upto the executable timeline of the underlying securities. Cut-off timings are in accordance with SEBI guidelines issued time to time for applicability of NAV. Kindly refer the notices issued from time to time for the applicable cut -off timings available on the website of Nippon India Mutual Fund.
Minimum amount for purchase/redemption/switches mention the provisions for ETFs, as may be applicable, for direct subscription/ redemption with AMC.	Directly with Fund Ongoing price for subscription (purchase) by investors : The facility of creating units in Creation Unit size is available to the Authorised Participants/ Market Makers (whose names will be available on our website https://mf.nipponindiaim.com / https://etf.nipponindiaim.com) and Large Investors. However, in case of large investors, the execution value shall be greater than Rs. 25 crores. Rs. 25 crores Limit shall not be applicable to EPFO, recognized Provident Fund and approved Gratuity & Superannuation Fund till February 28, 2026. Ongoing Price for Redemption by Investors: The facility of redeeming units in Creation Unit size is available to the Authorised Participants/ Market Makers (whose names will be available on our website https://mf.nipponindiaim.com / https://etf.nipponindiaim.com) and Large Investors. However, in case of large investors, the execution value shall be greater than Rs. 25 crores. Rs. 25 crores Limit shall not be applicable to EPFO, recognized Provident Fund and approved Gratuity & Superannuation Fund till February 28, 2026. Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to Rs. 25 crores without any exit load, in case of the following scenarios: - Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or - No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or - Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days. In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day of receipt of application within the above cut-off time, such instances shall be

	tracked by Nippon India AMC on an ongoing basis and in case if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. https://mf.nipponindiaim.com / https://etf.nipponindiaim.com . On the Exchange: The Units of the Scheme can be Purchased/ Sold in minimum lot of 1 Unit and in multiples thereof.
Accounts Statements	Units issued by the AMC under the scheme shall be credited to the investor's beneficiary account with a Depository Participant (DP) of CDSL or NSDL. The AMC will credit the units to the beneficiary account of the unitholder within two business days from the date of receipt of credit of the Cash. With a view to create one record for all financial assets of every individual, SEBI vide its Clause 14.4 of SEBI Master Circular dated June 27, 2024 enabled a single consolidated view of all the investments of an investor in Mutual Funds (MF) and securities held in demat form with the Depositories In accordance with the above, the following shall be applicable for unitholders having a Demat Account. - Investors having MF investments and holding securities in Demat account shall receive a Single Consolidated Account Statement from the Depository. - Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis. - As a green initiative measure, SEBI vide its circular no.SEBI/HO/MRD-PoD2/CIR/P/2024/93 dated July 1, 2024 has specified that the CAS shall be despatched by email to all the investors whose email addresses are registered with the Depositories and AMCs/MF-RTAs. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. The depositories shall also intimate the investor on quarterly basis through the SMS mode specifying the email id on which the CAS is being sent. If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the Consolidated Account Statement (CAS) within twelve (12) days from the month end and to investors that have opted for delivery via physical mode, within fifteen (15) days from the month end w.e.f May 14, 2025 pursuant to SEBI Circular No. SEBI/HO/MRD/PoD1/CIR/P/2025/16 dated February 14, 2025. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis. The depositories shall dispatch the CAS to investors that have opted for e-CAS on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode by the twenty first (21st) day of April and October. The Consolidated Account statement will be in accordance to Clause 14.4.3 of SEBI Master Circular dated June 27, 2024.
Dividend/ IDCW	The IDCW payments shall be initiated to the unitholders within 7 working days from the record date in compliance to Clause 11.4 of the SEBI Master Circular dated June 27, 2024. In the event of failure of IDCW payments within 7 Working days, the AMC shall pay an interest @ 15 per cent per annum of the relevant IDCW amount to the applicable Unit holders. Interest for the delayed payment of IDCW shall be calculated from the record date.
Redemption	For Redemption request received directly with the Fund The Redemption or repurchase proceeds shall be initiate payment to the Unit holders within 3 Working Days from the date of Redemption or repurchase. Payment of proceeds The Fund will transfer the Redemption proceeds within 3 Working Days from the date of acceptance of the Redemption request. In case of exceptional situations listed in AMFI Circular No.AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines. 1. Resident Investors In case the Unit holder requests, Redemption proceeds will be paid by cheques, such cheques will be marked "A/c Payee only" and drawn in the name of the sole holder / first-named holder (as determined by the records of the Registrar / Depository).

	The Redemption cheque will be issued in favour of the sole / first Unit holder's registered name and bank account number, and will be mailed to the registered address of the sole / first holder as indicated in the original Application Form. The Redemption cheque will be payable at par. If the Unit holder is located outside the locations from where the cheque is payable at par, a demand draft payable at the city of his residence will be issued. The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the Investor. The AMC / Registrar are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph. The Redemption proceeds may be paid by way of direct credit / NEFT / RTGS / ECS or any other manner to the Investor's bank account specified in the Registrar's / Depository's records. Note: The Trustees, at its discretion at a later date, may choose to alter or add other modes of payment. 2. Non-Resident Indian Investors / FPIs Units held by NRI Investors, FPIs and FPIs may be Redeemed by such Unit holder by tendering Units to the AMC or for payment of maturity proceeds, subject to any procedures laid down by RBI from time to time. Provisions with respect to NRIs/ FPIs stated above, is as per the AMC/Trustee's understanding of the Laws currently prevalent in India and such Redemption proceeds will be remitted depending upon the source of investment as follows: (a) Repatriation Basis When Units have been Purchased through remittance in foreign exchange from abroad or by cheque / draft issued from proceeds of the Unit holder's FCNR deposit or from funds held in the Unit holder's Non Resident (External) Rupee account kept in India, the proceeds will be remitted to the Unit holder in Rupees for crediting to his NRE / FCNR / Non-Resident (Ordinary) account and the authorized dealer of the Unit holder will convert the payments in foreign currency. (b) Non-Repatriation Basis When Units have been Purchased from funds held in the Unit holder's non-resident (ordinary) account, the proceeds will be sent to the Unit holder's Indian address for crediting to the Unit holder's non-resident (ordinary) account. For FPIs, the designated branch of the authorised dealer may allow remittance of net sale / maturity proceeds (after payment of taxes) or credit the amount to the foreign currency account or non-resident Rupee account of the FPI maintained in accordance with the approval granted to it by the RBI. For item (a) and (b) above, the AMC / Trustees / Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while the authorized dealer converts the Rupee amount in foreign exchange in the case of transactions with NRIs FPIs. The Fund may make other arrangements for effecting payment of Redemption proceeds in the future. Effects of Redemption Units once Redeemed will be extinguished and will not be re-issued. As the Units of the Scheme are in demat form, the periodic holding statement issued by the Depository Participant (indicating the new balance to the credit in the account) would be deemed to be adequate compliance with requirements of SEBI regarding dispatch of statements of account. General Provisions As Units may not be held by any person in breach of the SEBI Regulations, applicable Laws or requirements of any governmental, statutory authority including, without limitation, exchange control regulations, the Trustees / AMC may mandatorily Redeem all the Units of any Unit holder where the Units are held by a Unit holder in breach of the same. The Trustees / AMC may also mandatorily Redeem Units held by Unit holders which the Trustees/ AMC, in their sole opinion, suspect to be engaged in market-timing or excessive trading or unfair or suspicious practices, or if the Trustees /AMC for any other reason believe that mandatory Redemption of such Unit holders would generally be in the interest of the Scheme or its Unit holders. In case an Investor has Purchased Units on more than 1 Working Day (either under during the NFO Period or during the Ongoing Offer Period), the Units Purchased prior in
--	--

	time (i.e. those Units which have been held for the longest period of time), will be Redeemed first i.e. on a first-in - first-out basis. For further details on Redemption also refer to Statement of Additional Information. The Trustees/ AMC may mandatorily Redeem Units of any Unit holder in the event it is found that the Unit holder has submitted information either in the application or otherwise that is false, misleading or incomplete without limitation to verifying their identity If a Unit holder makes a Redemption request immediately after Purchase of Units, the Fund shall have a right to withhold the Redemption request in accordance with the conditions provided in the Statement of Additional Information. However, this is only applicable if sufficient balance is not available in the Unit holders account to effect such a Redemption and the value of Redemption is such that some or all of the freshly Purchased Units may have to be Redeemed to effect such Redemption.
Bank Mandate	As per the directives issued by SEBI, it is mandatory for an investor to declare his/her bank account number in the application form. This is to safeguard the interest of unitholders from loss or theft of their redemption cheques / DDs. Additionally, if the bank details provided by investors are different from the details available on instrument, AMC may seek additional details from investors to validate the bank details provided by investors.
Delay in payment of redemption / repurchase proceeds/dividend	The AMC shall be liable to pay interest to the Unit holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	In terms of Clause 14.3, Clause no. 10.1 & Clause no. 14.3.1 of SEBI Master Circular dated June 27, 2024, the unclaimed redemption amount and IDCW amounts (the funds) may be deployed by the Mutual Fund in money market instruments and separate plan of Overnight scheme / liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts only, provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight Scheme/ Liquid Scheme / Money Market Mutual Fund Schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per Clause no. 17.5 of SEBI Master Circular dated June 27, 2024. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of Mutual Funds and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts / Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.
Disclosure w.r.t investment by minors	Process for Investments made in the name of a Minor through a Guardian: • Payment for investment by means of Cheque or any other mode shall be accepted from the bank account of the minor / Minor with guardian or from a joint account of the minor with the guardian only. For existing folios, in case the pay-out bank mandate is not held solely by minor or jointly by minor and guardian, the investors are requested to provide a change of Pay-out Bank mandate request before providing redemption request. • Investors to also note that as ETF units are compulsorily held in dematerialised form, the documentation & process need to be completed in demat account held by the investor upon minor attaining the status of major. Pursuant to Clause 17.6.1 of SEBI Master Circular Dated June 27, 2024, payment for any investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor

	with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of pay-out bank mandate before redemption is processed.
Ongoing Offer Period This is the date from which the scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	The Continuous Offer for the Scheme commenced from March 19, 2007
Ongoing price for subscription (purchase) by investors. This is the price you need to pay for purchase	A. Directly with the Fund Units of the Scheme in less than Creation Unit cannot be Purchased directly with the Fund. The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments. The number of Units of the Scheme that Investors can create in exchange of the Portfolio Deposit and Cash Component are 120,000 Units and in multiples thereof. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time). 'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for Portfolio Deposit which consist of physical gold of defined purity and quantity and Cash Component. The facility of creating Units in Creation Unit size will be available with the Authorised Participants / Market Makers (whose names will be available on the website of the Fund i.e. https://mf.nipponindiaim.com / https://etf.nipponindiaim.com) and Large Investors. The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments. The value of the Creation Unit is 1 kilogram of physical gold or in multiples thereof called as the Portfolio Deposit and Cash Component which will be exchanged for the respective number of Units of the Scheme. Hence, the Investor has to deposit at least 1 kilogram of physical gold & in multiples of 1 kilogram thereof in order to create Units of the Scheme. The Portfolio Deposit and Cash Component is defined as follows : - a. Portfolio Deposit: Portfolio Deposit consisting of physical gold which will be in predefined quantity and purity of physical gold and will be defined and announced by the AMC. b. Cash Component for Creating in Purchase / Subscription Unit Size: Cash Component represents the difference between the Applicable NAV of Creation Unit and the market value of physical Gold as at the end of the previous day. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. In addition the Cash Component will include transaction cost as charged by the Custodian/ Depository Participant and other incidental expenses for creating Units. The Cash Component will vary from time to time and will be decided and announced by the AMC. Cash Component for creation will also include Entry Load, if applicable. The Entry Load will be declared by the AMC from time to time and will be within the limits specified under the SEBI Regulations. The Fund may allow cash# Purchases of Nippon India ETF Gold BeES in Creation Unit size by Large Investors and Authorised Participants / Market Makers. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time). Such Investors shall make creation request to the Fund/AMC whereupon the Fund/AMC will arrange to Purchase the underlying physical gold. The portfolio deposit and Cash Component will be exchanged for Nippon India ETF Gold BeES in Creation Unit size with the Fund. The minimum number of Nippon India ETF Gold BeES that can be Purchased for cash directly with the Fund will be announced by the Fund from time to time.

Creation of Units in such Scheme will be done only after full sighting of cash / portfolio deposit in such Scheme accounts.

#RTGS, NEFT or transfer cheque

Example of Creation of Units

As explained above, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by Fund. The Portfolio Deposit will be physical gold and will be for 1 kg and in multiples of 1 kg. The value of Portfolio Deposit will change due to changes in the prices during the day.

The Cash Component will be arrived in the following manner:

Number of Units comprising one Creation Unit	120,000
NAV per Unit	Rs. 95.4538
Value of 1 Creation Unit	Rs. 11,454,456
Value of Portfolio Deposit (physical Gold of 1 kg)	Rs 11,807,260.38
Cash Component #	Rs. (352,804.38)

The above is just an example to illustrate the calculation of Cash Component. As can be seen from the above example, for Subscription of 1 Creation Unit, 1 kg of gold equivalent to Rs. 11,807,260.38 would be the Portfolio Deposit and Rs. (352,804.38) would be the Cash Component.

Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating Units.

Procedure for Subscription in Creation Unit size

The requisite physical gold constituting the Portfolio Deposit have to be submitted to the Custodian/AMC while the Cash Component has to be paid to the Custodian/AMC, if applicable. On confirmation of the same by the Custodian/AMC that the predefined quantity and purity of physical gold has been received, the AMC will transfer the respective number of Units of the Scheme into the Investor's Depository Participant accounts and pay the cash component.

The AMC may create Creation Unit prior to receipt of all or a portion of the relevant Portfolio Deposit and Cash Component in certain circumstances where the purchaser, among other things, posts collateral to secure its obligation to deliver such outstanding Portfolio Deposit and Cash Component.

The Fund may allow cash# Purchases of Nippon India ETF Gold BeES in Creation Unit size by Large Investors and Authorised Participants / Market Makers. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time). Such Investors shall make creation request to the Fund/AMC whereupon the Fund/AMC will arrange to Purchase the underlying physical gold. The portfolio deposit and Cash Component will be exchanged for Nippon India ETF Gold BeES in Creation Unit size with the Fund. The minimum number of Nippon India ETF Gold BeES that can be Purchased for cash directly with the Fund will be announced by the Fund from time to time.

The Portfolio Deposit and Cash Component for Nippon India ETF Gold BeES may change from time to time due to change in NAV. The Fund may from time to time change the size of Creation Unit size in order to equate it with marketable lot of underlying physical gold and instruments.

Creation of Units in such Scheme will be done only after full sighting of cash / portfolio deposit in such Scheme accounts.

#RTGS, NEFT or transfer cheque

Disclosure of Portfolio Deposit and Cash Component

The AMC shall disclose on a daily basis the portfolio and Cash Component for creating and Redeeming Units in Creation Unit size for each Scheme. The same will be disclosed on our website i.e. <https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com> , daily in

	the morning and would be applicable for creating and Redeeming Units in Creation Unit size for that Working Day only. B. On the Exchange As the Units of the Scheme are listed on NSE, an Investor can buy Units on continuous basis on the capital market segment of NSE during trading hours like any other publicly traded stock at prices which may be close to the actual NAV of the Scheme. There is no minimum investment, although Units are Purchased in round lots of 1 Unit.						
Ongoing price for redemption (sale) by investors. This is the price you will receive for redemptions.	A. Directly with the Fund Units of the Scheme in less than Creation Unit cannot be Redeemed directly with the Fund. The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments. The number of Units of the Scheme that Investors can Redeem in exchange of the Portfolio Deposit and Cash Component are 120,000 Units and in multiples thereof. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time). 'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for Portfolio Deposit which consist of physical gold of defined purity and quantity and Cash Component. The facility of Redeeming Units in Creation Unit size will be available with the Authorised Participants / Market Makers (whose names will be available on the website of the Fund i.e. https://mf.nipponindiaim.com / https://etf.nipponindiaim.com) and Large Investors. The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments. The value of the Creation Unit is 1 kilogram of physical gold or in multiple thereof called as the Portfolio Deposit and Cash Component which will be exchanged for the respective number of Units of the Scheme. Hence, the Investor will receive at least 1 kilogram of physical gold & in multiples of 1 kilogram thereof in order to Redeem Units of the Scheme. The Portfolio Deposit and Cash Component is defined as follows :- a. Portfolio Deposit consisting of physical gold which will be in predefined quantity and purity of physical gold and will be defined and announced by the AMC. b. Cash Component for Redemption in Creation Unit Size: Cash Component represents the difference between the Applicable NAV of Creation Unit and the market value of the physical gold as at the end of the previous day. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. Any transaction cost charged by the Custodian/ Depository Participant and other incidental expenses for Redeeming Units will also form part of Cash Component. The Cash Component for Redemption will vary from time to time and will be decided and announced by the AMC to the Authorised Participants / Market Makers. The Cash Component will also include Exit Load, if applicable. The Exit Load will be declared by the AMC from time to time. Example of Creation/Redemption of Units As explained above, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by Fund. The Portfolio Deposit will be physical gold and will be for 1 kg and in multiples of 1 kg. The value of Portfolio Deposit will change due to changes in the prices during the day. The Cash Component will be arrived in the following manner: <table border="1"> <tr> <td>Number of Units comprising one Creation Unit</td><td>120,000</td></tr> <tr> <td>NAV per Unit</td><td>Rs. 95.4538</td></tr> <tr> <td>Value of 1 Creation Unit</td><td>Rs. 11,454,456</td></tr> </table>	Number of Units comprising one Creation Unit	120,000	NAV per Unit	Rs. 95.4538	Value of 1 Creation Unit	Rs. 11,454,456
Number of Units comprising one Creation Unit	120,000						
NAV per Unit	Rs. 95.4538						
Value of 1 Creation Unit	Rs. 11,454,456						

Value of Portfolio Deposit (physical Gold of 1 kg)	Rs 11,807,260.38
Cash Component #	Rs. (352,804.38)

The above is just an example to illustrate the calculation of Cash Component. As can be seen from the above example, for Subscription of 1 Creation Unit, 1 kg of gold equivalent to Rs. 11,807,260.38 would be the Portfolio Deposit and Rs. (352,804.38) would be the Cash Component.

Procedure for Redemption in Creation Unit size

The requisite number of Units of Nippon India ETF Gold BeES equaling the Creation Unit has to be transferred to the Fund's Depositary Participant account and the Cash Component, if applicable to be paid to the AMC/Custodian. On confirmation of the same by the AMC, the Custodian will transfer the Portfolio Deposit by handing over the physical gold of the predefined purity and quantity to the Investor and pay the Cash Component, if applicable.

The AMC may Redeem Creation Unit prior to receipt of all or portion of the relevant number of Units of Nippon India ETF Gold BeES in certain circumstances where the Unit holder, among other things, posts collateral to secure its obligation to deliver such outstanding Units of the Scheme.

Also, the Fund may allow cash# Redemption of Nippon India ETF Gold BeES in Creation Unit size by Large Investors and Authorised Participants / Market Makers. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till February 28, 2026 or as specified in the Regulations time to time). Such Investors shall make Redemption request to the Fund/AMC whereupon the Fund/AMC will arrange to sell physical gold on behalf of the Investor. Accordingly the sale proceeds of physical gold after adjusting necessary charges/costs and prevailing Exit Load will be remitted to the Investor. The minimum number of Nippon India ETF Gold BeES that can be Redeemed for cash directly with the Fund will be announced by the Fund from time to time.

The Portfolio Deposit and Cash Component for the Units of the Scheme may change from time to time due to change in NAV. The Fund may from time to time change the size of Creation Unit size in order to equate it with marketable lot of underlying physical gold and instruments.

The Redemption request can be made to the Fund in a duly filled Redemption form. Redemption Forms for Redeeming the Units of Nippon India ETF Gold BeES can be obtained from the office of AMC and Registrar and Transfer Agents.

#RTGS, NEFT or transfer cheque

Procedure for Redemption in less than Creation Unit size

Unit holders / investor other than Authorised Participants / Market Makers/Large Investors of an directly approach Nippon India AMC for transaction of up to INR 25 Cr and no Exit Load shall be charged for Redemption of Units if -

- The traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days; or
- No quotes are available on stock exchange(s) for 3 consecutive trading days; or
- Total bid size on the Exchange is less than half of Creation Units Size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid applications received upto 3 p.m., the mutual fund shall process the Redemption request basis the closing NAV of the day of receipt of application. Such instances shall be tracked by Nippon India AMC on an ongoing basis and incase if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. <https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com> .

Disclosure of Portfolio Deposit and cash Component

The AMC shall disclose on a daily basis the portfolio and cash component for creating and Redeeming Units in Creation Unit size. The same will be disclosed on our website i.e. <https://mf.nipponindiaim.com> / <https://etf.nipponindiaim.com> , daily in the morning

	and would be applicable for creating and Redeeming Units in Creation Unit size for that Working Day only. B. On the Exchange As the Units of the Scheme are listed on NSE, an Investor can sell Units on continuous basis on the capital market segment of NSE during trading hours like any other publicly traded stock at prices which may be close to the actual NAV of the Scheme. The Units are sold in round lots of 1 Unit.
Settlement of purchase/sale of units on the stock exchange	Buying/Selling of Units of the Scheme on the NSE is just like buying/selling any other normal listed security. If an Investor has bought Units, then such Investor has to pay the Purchase amount to the broker/sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the NSE. If an Investor has sold Units, then such Investor has to deliver the Units to the broker/sub-broker before the Securities pay-in day of the settlement cycle on the NSE. The Units (in the case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the payout day of the settlement cycle on the NSE. The NSE regulations stipulate that the trading member should pay the money or Units to the Investor within 24 hours of the payout. If an Investor has bought Units, then such Investor should give Standing Instructions for 'Delivery-In' to its Depository Participant for accepting Units in its beneficiary account. An Investor should give the details of its beneficiary account and the Depository Participant-ID of their Depository Participant to their trading member. The trading member will transfer the Units directly to the beneficiary account of the Investor on receipt of the same from NSE's clearing corporation. An Investor who has sold Units should instruct their Depository Participant to give 'Delivery Out' instructions to transfer the Units from their beneficiary account to the Pool Account of their trading member through whom they have sold the Units. The details of the Pool A/c (CM-BP-ID) of their trading member to which the Units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by them to the Depository Participant. The instructions should be given well before the prescribed Securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the Cut-off time for the prescribed Securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.
Pricing (per unit)	Approximately 0.01 gram of gold.
Suspension of sale and Redemption of Units	Please refer SAI for further details in this regard.
Buy back of Fractional Units of the Scheme	The Scheme will offer, from time to time, the redemption of fractional Units allotted to the Unit holders of the Scheme as the same is not tradable on stock exchange platform. All the Unit holders who have fractional unit in their holding of the Scheme may redeem the same either by transferring the fractional unit via off market to Scheme's Demat account or by generating Repurchase Request through his Demat service provider in order to avail the fractional unit redemption facility. Amount payable towards the redemption will be calculated based on the NAV as on the date on which the units are received withing the regulatory cut -off time for redemption of units i.e. 3pm at present, in case the units are received post cut- off time the NAV of the next immediate business day would be applicable. The detailed process for redemption of fractional unit is available on our website https://mf.nipponindiaim.com /https://etf.nipponindiaim.com Investor should note that the facility for buy back is only for fractional Unit. Units in lot of 1 or in multiples of 1 should be sold on the Exchange only.
Rolling Settlement	The rolling settlement on T+2 basis for all trades has commenced from April 1, 2003 onwards. The pay-in and pay-out of funds and the Securities/Units takes place within 2 Working Days after the trading date. Further, Securities and Exchange Board of India (SEBI), on September 07, 2021, permitted Stock exchanges to introduce T+1 settlement cycle from January 01, 2022 on any of the securities available in the equity segment. Effective from January 27, 2023 all securities transitioned to T+1 rolling settlement in phased manner. While calculating the days from the Trading day (Day T), weekend days (i.e. Saturday and Sundays), Exchange holidays and bank holidays are not taken into consideration.
