Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I	Name of the scheme	Edelweiss Large & Mid Cap Fund
II	Category of the Scheme	Large & Mid Cap Fund
III	Scheme type	An open ended equity scheme investing in both large cap and mid cap stocks
IV	Scheme code	EDEL/O/E/LMF/07/03/0001
V	Investment objective	The investment objective of the Scheme is to generate long-term capital appreciation from a diversified portfolio of predominantly Large Cap and Mid Cap equity and equity-related securities. The Scheme does not assure or guarantee any returns. There is no assurance that the investment objective of the Scheme will be achieved.
VI	Liquidity/listing details	Liquidity: Under normal circumstances the AMC shall endeavour to dispatch the Redemption proceeds within 01 Business Day from date of receipt of request from the Unit holder. As per SEBI Regulations, the Mutual Fund shall dispatch redemption proceeds within 03 Business Days of receiving a valid redemption request. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time, will be paid in case the redemption proceeds are not made within 03 Business Days from the date of receipt of a valid redemption request. Listing: Units of the Scheme shall not be listed in view of continuous redemption facility being offered to unitholders. However, the Mutual Fund may at its sole discretion list the Units under the Scheme on one or more stock exchange at a later date.
VII	Benchmark (Total Return Index)	Nifty Large Midcap 250 Index - Total Return Index Justification for use of benchmark: Nifty Large Midcap 250 Index – Total Return Index seeks to reflect the performance of a portfolio of 100 large cap and 150 mid cap companies listed on NSE, represented through the NIFTY 100 Index and the Nifty Midcap 150 Index, respectively. The Trustees reserves right to change benchmark in future for measuring performance of the scheme.
VIII	NAV disclosure	The AMC will prominently disclose the NAVs under a separate head on its website (www.edelweisssf.com) and on the Association of Mutual Funds of India (AMFI) website (www.amfiindia.com). The NAVs will be normally updated on the websites before 11.00 p.m. on every Business Day. In case of any delay, the reasons for such delay would be explained to AMFI by the next day. If the NAVs are not available before commencement of working hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAV. For further details refer Section II.
IX	Applicable timelines	Dispatch of redemption proceeds The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase. Dispatch of IDCW The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date.

X	Plans and Options Plans/Options and sub options under the Scheme	The Scheme offers two plans – 1. Regular Plan and 2. Direct Plan. Each Plan offers two options – 1. Growth option and 2. IDCW option. Growth option: Under this option no IDCW will be declared. The IDCW option offers (a) IDCW - Payout and (b) IDCW - Reinvestment The IDCW option offers IDCW - Payout and IDCW - Reinvestment. There is no assurance or guarantee to Unit Holders as to the rate of IDCW distribution nor that the IDCW will be regularly declared, though it will be the endeavour of the Mutual Fund to make regular IDCW distribution under the IDCW option. IDCW distribution is subject to availability to distributable surplus. In cases of wrong/ invalid/ incomplete ARN codes are mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the Application Form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of Application without any exit load. If the above conditions are not met, the application will be processed under Regular Plan. Default Option: If the investor does not clearly specify the choice of Option at the time of investing, it will be deemed that the investor has opted for Growth Option. Default Facility: If the investor selects IDCW Option but fails to mention the facility, it will be deemed that the investor has opted for Reinvestment of Income Distribution cum Capital withdrawal option (IDCW – Reinvestment) If Unit holders have opted for IDCW - Payout Option, if the IDCW amount payable to such Unit holders (net of tax deducted at source, wherever applicable) is less than or equal to ₹ 250, following treatment shall be applicable with effect from January 22, 2018: a) Where the option to payout IDCW is available in electronic mode: The IDCW amount shall be paid to the Unit holders. However, if the payment through electronic mode is unsuccessful, the AMC shall issue IDCW warrant for such amount; and b) Where the option to payout IDCW is not available in electronic mode: The IDCW shall be mandatorily reinvested in the respective Scheme/Plan by issuing additional Units at the applicable ex-IDCW NAV. If the investor chooses a Plan/Option/Facility in the Application Form but fails to comply with the minimum application/ additional application amount/other criteria of the said Plan/Option/Facility, then he will be allotted units under the Default Plan/Option/Facility, provided the required amount/other criteria are fulfilled. For detailed disclosure on default plans and options, kindly refer SAI.

Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances the asset allocation pattern will be:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity & Equity related instruments of Large Cap Companies*	35%	65%
Equity & Equity related instruments of Mid Cap Companies#	35%	65%
Equity & Equity related instruments of companies other than Large & Mid Cap companies	0%	30%
Debt & Money Market Instruments^	0%	30%

* Large Cap: 1st - 100th company in terms of full market capitalization. # Mid Cap: 101st - 250th company in terms of full market capitalization.

^ Money market instruments include Commercial Papers, Commercial Bills, Treasury Bills, Tri-party Repo, government securities having unexpired maturity up to one year, Call or Notice Money, Certificate of Deposits, Usance Bills, Repo (with approved government & Corporate Debt Securities as collateral), and any other like securities as specified by the RBI from time to time.

The cumulative gross exposure through Equity and equity related instruments, debt, Money Market Instruments, repo in corporate debt securities, REITs / InvITs and derivative positions will not exceed 100% of the net assets of the scheme. However, cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

There can be no assurance that the investment objective of the scheme will be realized. The Fund Manager may churn the portfolio to the extent as considered necessary to replicate the index.

9	AT1 and AT2 Bonds	10% of its NAV of the debt portfolio of the scheme	Clause 12.2 of the SEBI Master Circular dated June 27, 2024

Change In Asset Allocation, Portfolio Rebalancing and reporting & disclosure requirement:

In the event of deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMCs), the same will be rebalanced within 30 business days. In case the asset allocation is not rebalanced within 30 business days justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee (IC). The IC can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of schemes is not rebalanced within the aforementioned mandated plus extended timelines, AMCs shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii. not levy exit load, if any, on the exiting investors.

AMCs will report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of the scheme, the investors will be immediately informed through SMS and email / letter including details of portfolio not rebalanced. Email / Letter and SMS will also be immediately triggered as and when the rebalancing of portfolio takes place. The same will also be communicated to investors through periodic portfolio disclosures as mandated by SEBI.

The above norms shall be applicable to main portfolio and not to segregated portfolio(s). The above is in line with paragraph 2.9 of the Master Circular for Mutual Funds dated June 27, 2024, as amended from time to time.

B. WHERE WILL THE SCHEME INVEST?

The Scheme shall invest in any of the following securities:

1. Investment in Equity securities Derivatives
2. Money market instruments and mutual fund units
3. Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

Please refer Section II of the document for further details for each instrument.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme will primarily be a diversified equity fund which will seek to invest in companies for long term investment. Though the benchmark is Nifty Large Midcap 250 Index - Total Return Index, the investments will not be limited to the companies constituting the benchmark.

The types of companies that may fall within the scope of such investment could include but are not limited to:

- companies with strong growth potential;
- companies with a special product which has a particular market niche and therefore good earnings potential;
- companies undertaking corporate restructuring.

The investment approach will be bottom-up stock picking - where investments will be selected primarily on the basis of specific criteria relevant to the company in question rather than general macro- economic considerations.

There will be no particular bias towards any market cap size or any sector. The Scheme will endeavour to remain fully invested in equity and equity related instruments at all times. An exposure to various derivatives instruments is likely - for the purposes of hedging, portfolio balancing and optimising returns.

For detailed derivative strategies, please refer to SAI.

*** Portfolio Turnover:**

The Scheme will endeavour to keep the portfolio turnover at a minimum. However the portfolio turnover ratio may vary as the Scheme may change the portfolio according to Asset Allocation to align itself with the objectives of the Scheme. The effect of higher portfolio turnover could be higher brokerage and transaction costs.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked to the performance of the performance of the Scheme will be benchmarked with Nifty Large Midcap 250 Index

Justification for use of benchmark: Total Return Index seeks to reflect the performance of a portfolio of 100 large cap and 150 mid cap companies listed on NSE, represented through the NIFTY 100 Index and the Nifty Midcap 150 Index, respectively

The Trustees reserves right to change benchmark in future for measuring performance of the scheme.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) of the Units will be calculated on every Business Day and for such other days as may be required for the purpose for transaction of Units. The NAV shall be calculated in accordance with the following formula, or such other formula as may be prescribed by SEBI from time to time:

$$\frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Receivables} + \text{Accrued Income} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{Number of Units Outstanding}}$$

NAV =

The NAV of the Scheme will be calculated and declared upto 2 decimal places & the second decimal will be rounded off higher to the next digit if the third decimal is or more than 5 i.e., if the NAV is Rs. 10.127 it will be rounded off to Rs. 10.13.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

This is an ongoing scheme on the date of updating this document.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily average net assets of the scheme will be charged to the scheme as expenses. Details of the actual TER charged to the scheme after allotment and any change in the current expense ratios would be available on the website of the Mutual Fund on <https://www.edelweissmf.com/statutory/total-expense-ratio-of-mutual-fund-scheme> and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change.

Expense Head	% of daily Net Assets * (Estimated p.a.)T
Investment Management and Advisory Fees	Upto 2.25%
Audit fees/fees and expenses of trustee	
Custodial fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.25%
Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b)	Upto 0.30%
Additional Expenses under Regulation 52 (6A) (c)	Upto 0.05%
*Subject to the Regulations and as permitted under Regulation 52 of SEBI (MF) Regulations, 1996, any other expenses which are directly attributable to the Scheme may be charged with the approval of the Trustee within the overall limits as specified in the Regulations.	

Note: Distribution expenses will not be charged in Direct Plan and no commission shall be paid from Direct Plan.

Expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

The total expense ratio of the Scheme (including investment management and Advisory Fees) shall not exceed the limit stated in Regulation 52(6) (c) (i) of SEBI (MF) Regulations.

Maximum Recurring Expenses:

The recurring expenses which will be charged to the Scheme (including the Investment Management and Advisory Fees) under Regulation 52(6) are as follows:

- On the first Rs. 500 crores of the daily net assets - 2.25%
- On the next Rs. 250 crores of the daily assets - 2.00%
- On the next Rs. 1,250 crores of the daily net assets – 1.75%
- On the next Rs. 3,000 crores of the daily net assets – 1.60%
- On the next Rs. 5,000 crores of the daily net assets – 1.50%
- On the next Rs. 40,000 crores of the daily net assets – total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof
- On the balance of the assets - 1.05%

In addition to the limits specified in Regulation 52 (6) (c) of SEBI Regulations, the following costs or expenses may be charged to the Scheme under Regulation 52 (6A) of SEBI Regulations:

- I. The AMC may charge additional expenses, incurred towards different heads mentioned under regulations 52(2) and 52(4), not exceeding 0.05 per cent of daily net assets of the Scheme. However, such additional expenses will not be charged if exit load is not levied/ not applicable to the Scheme.
- II. Additional expenses may be charged up to 30 basis points on daily net assets of the Scheme as per Regulation 52 of SEBI Regulations, if the new inflows from beyond top 30 cities are at least (a) 30% of gross new inflows in the Scheme or (b) 15% of the average assets under management (year to date) of the Scheme, whichever is higher.

Provided that if inflows from such cities is less than the higher of (a) or (b) above, such additional expenses on daily net assets of the Scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities.

Further, the additional expense charged on account of new inflows from beyond Top 30 cities shall be credited back to the Scheme, in case the said inflows are redeemed within a period of 1 year from the date of investment

^ As per paragraph 10.1.3 of the Master Circular for Mutual Funds dated June 27, 2024, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from “retail investor”.

**The Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on ‘AUM by Geography – Consolidated Data for Mutual Fund Industry’ as at the end of the previous financial year.*

Note: In line with AMFI communication no.35P/MEM-COR/85-a/2022-23 dated March 2, 2023 and SEBI letter no. SEBI/HO/IMD/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, the B-30 incentive structure is kept in abeyance from March 1, 2023, till appropriate re-instatement of incentive structure by SEBI with necessary safeguards

Brokerage and transactions costs incurred for the purpose of execution of trades and are included in the cost of investments shall be charged to the Scheme in addition to the limits on total expenses prescribed under Regulation 52(6A) (a) and will not exceed 0.12% in case of cash market transactions and 0.05% for derivatives transactions.

As per clause 10.1.14 of the Master Circular for Mutual Funds dated June 27, 2024, the brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the Scheme as provided in Regulation 52(6A) (a) up to 0.12% for cash market transactions and 0.05% for derivatives transactions. Any payment towards brokerage and transaction cost, over and above the said 0.12% for cash market transactions and 0.05% for derivatives transactions may be charged to the scheme within the maximum limit of TER as prescribed under Regulation 52.

Goods and Services Tax (GST):

In addition to the expenses under Regulation 52 (6) and (6A), AMC shall charge GST as below:

1. GST on investment and advisory fees will be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6).
2. GST on other than investment and advisory fees, if any, will be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6).
3. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52.
4. GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme

Notes:

- a. The Direct Plan and Options thereunder shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under Direct Plan of the Scheme.
- b. Maximum Permissible expense: The maximum Total Expense Ratio (TER) that can be charged to the Scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated in the table above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations.
- c. Investor Education and Awareness initiatives: As per Para 10.1.16 of the SEBI Maser circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the AMC shall annually set apart at least 2 basis points p.a. (i.e. 0.02% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken by the Fund.

The AMC may incur expenses on behalf of the Scheme which will be reimbursed on actual basis to the AMC to the extent such expenses are permissible & are within the prescribed SEBI limit.

Any change in the current expense ratios will be updated on the website viz. www.edelweissmf.com and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time.

For the current applicable structure, please refer to the website of the AMC www.edelweissmf.com or may call at our toll free number 1800 425 0090 (MTNL/BSNL) and non toll free number +91 40 23001181 for others and investors outside India or your distributor.

Applicable Load Structure

The load structure would comprise of an Entry Load and /or an Exit Load, as may be permissible under the Regulations. The current load structure is stated as under:

Particulars	Load chargeable (as % of NAV)
Exit Load	• If the units are redeemed/switched out on or before 90 days from the date of allotment - 1.00% • If the units are redeemed/switched out after 90 days from the date of allotment - Nil

Existing Investments:

- Investors wishing to transfer their accumulated unit balance held under Regular Plan / Direct Plan (through lumpsum / systematic investments made without Distributor code) to Direct Plan / Regular Plan can switch / redeem their investments without any Exit Load.
- Investors wishing to transfer their accumulated unit balance held under Regular Plan (through lumpsum / systematic investments made with Distributor code) to Direct Plan can switch / redeem their investments (subject to applicable Exit Load, if any).
- Investors who have invested without Distributor code and have opted for IDCW - Reinvestment facility under Regular Plan may note that the IDCW will continue to be reinvested in the Regular Plan only.

Credit of Exit Load to Scheme:

The exit load charged, if any, net of Goods and Service Tax shall be credited to the respective Scheme.

No load for units allotted under IDCW - Reinvestment option.

No Exit Loads will be chargeable in case of switches made between different options of the Scheme.

AMC reserves the right to revise the load structure from time to time. Such changes will become effective prospectively from the date such changes are incorporated.

Please Note that:

- * Exit Load will be applicable for inter Scheme switches as well as special products under the Scheme such as switch-outs/systematic transfer between the schemes of Edelweiss Mutual Fund.
- * No exit load shall be levied in case of switch of units from Edelweiss Large & Mid Cap Fund - Direct Plan to Edelweiss Large & Mid Cap Fund - Regular Plan and vice versa. However, after the switch, exit load under the Scheme prevailing on the date of switch shall apply for subsequent redemptions/switch out from Edelweiss Large & Mid Cap Fund.
- * Bonus Units and Units issued on reinvestment of IDCWs shall not be subject to exit load.
- * The normal load structure will be applicable in case of Special Products (SIP/STP/SWP) unless otherwise specified.
- * The AMC shall ensure the repurchase price will not be lower than 95% of the Applicable NAV.
- * For any change in load structure, the AMC will issue an addendum and display it on the website/Investor Service Centres.

The investors are requested to check the prevailing load structure of the Scheme, before investing.

Changing the Load Structure:

Under the Scheme, the AMC, in consultation with the Trustee, reserves the right to change the load structure if it so deems fit in the interest of investors & for the smooth and efficient functioning of the Scheme. Any imposition or enhancement in the load shall be applicable on prospective investments only. At the time of changing the load structure, the AMC shall issue a public notice in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated. Unit Holders / Prospective investors will be informed of the changed / prevailing Load structures through various means of communication such as public notice and / or display at ISCs / Distributors' offices, on Account Statements,

acknowledgements, investor newsletters etc. The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and Key Information Memorandum already in stock. The introduction of the exit load along with the details may also be disclosed in the Account Statement issued after the introduction of such load.

Section II

I. Introduction

A. Definitions/interpretation

For detailed description please refer [Definition_04062024_022447_PM.pdf \(edelweissmf.com\)](#)

B. Risk Factors

1. **Standard Risk Factors:**

- Investment in mutual fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the Securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Mutual funds, like Securities investments, are subject to market and other risks and there can be no guarantee against loss resulting from an investment in the Scheme nor can there be any assurance that the Scheme's objectives will be achieved.
- Past performance of the Sponsor / AMC / Mutual Fund does not guarantee future performance of the Scheme.
- The names of the scheme do not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of R 1,00,000 (One Lakh - Rupees) made by it towards setting up the Mutual Fund.
- The present Scheme is not a guaranteed or assured return scheme.

2. **Scheme Specific Risk Factors**

a) **Risks associated with investing in Equities and Equity related Securities:**

The value of the Scheme's investments may be affected by factors affecting the securities markets such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in law / policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors. Consequently, the NAV of the Units of the Scheme may be affected.

Equity Securities and equity-related Securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made by the Scheme may be restricted by trading volumes and settlement periods. This may impact the ability of the Unit Holders to redeem their Units. In view of this, the Trustee has the right, in its sole discretion to limit Redemptions (including suspending Redemption) in certain circumstances [outlined in Section III-B 'Restrictions on Redemptions']. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended Securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell Securities held in the Scheme's portfolio could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of Securities held in the Scheme's portfolio.

Investments in equity and equity related Securities involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.

The liquidity and valuation of the Scheme's investments due to its holdings of unlisted Securities may be affected if they have to be sold prior to the target date for disinvestment.

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with Securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose

to invest in unlisted Securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio.

b) Risks associated with investing in money market instruments

Investments in money market instruments would involve a moderate credit risk, i.e. risk of an issuer's inability to meet the principal payments.

Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments.

The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will be affected by changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.

c) Risks associated with investing in Bonds

The NAV of the Scheme, to the extent invested in Debt Securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.

Debt Securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is sold.

Debt Securities are subject to the risk of the issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.

The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated Securities offering higher yields.

The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances.

The Trustee has the right, in its sole discretion to limit Redemptions (including suspending Redemption) in certain circumstances [outlined in Section III-B 'Restrictions on Redemptions']. There may be temporary periods when the monies of the Scheme are un-invested and no return is earned thereon. The inability of the Scheme to make intended Securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. By the same token, the inability to sell Securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for Debt Securities could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of the Securities held in the Scheme's portfolio.

The liquidity and valuation of the Scheme's investments due to its holdings of unlisted Securities may be affected if they have to be sold prior to their target date of divestment.

Debt Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to Debt Securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted Debt Securities that offer attractive yields within regulatory limits. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investment due to its holdings of the unlisted Securities may be affected if they have to be sold prior to the target date of investment.

While Debt Securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money market Securities, while fairly liquid, lacks a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the Security is finally sold.

Money market Securities and debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk). These Securities may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of the creditworthiness of the issuer, among others (market risk). The AMC will endeavour to manage credit risk through in-house credit analysis. The Scheme may also, but is not obliged to, use various hedging products from time to time, as are available and permitted by SEBI, to attempt to reduce the impact of undue market volatility on the Scheme's portfolio. There is no guarantee that hedging techniques will achieve the desired result.

The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the Securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on

interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

The NAV of the Scheme’s Units, to the extent that the Scheme is invested in fixed income Securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income Securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income Securities can be expected to decline.

To the extent the Scheme’s investments are in floating rate debt instruments or fixed debt instruments swapped for floating rate return, they will be affected by interest rate movement (basis risk) - coupon rates on floating rate securities are reset periodically in line with the benchmark index movement. Normally, the interest rate risk inherent in a floating rate instrument is limited compared to a fixed rate instrument. Changes in the prevailing level of interest rates will likely affect the value of the Scheme’s holdings until the next reset date and thus the value of the Scheme’s Units. The value of Securities held by the Scheme generally will vary inversely with changes in prevailing interest rates. The Mutual Fund could be exposed to interest rate risk:

- (i) due to the time gap in the resetting of the benchmark rates, and
- (ii) to the extent the benchmark index fails to capture interest rate changes appropriately (spread risk): though the basis (i.e. benchmark) gets readjusted on a regular basis, the spread (i.e. markup) over benchmark remains constant. This can result in some volatility to the holding period return of floating rate instruments.

Settlement Risk (counterparty risk): Specific floating rate assets may also be created by swapping a fixed return into a floating rate return. In such a swap, there is the risk that the counterparty (who will pay floating rate return and receive fixed rate return) may default;

Liquidity Risk: The market for floating rate Securities is still in its evolutionary stage and therefore may render the market illiquid from time to time, for such Securities that the Scheme is invested in.

Prepayment Risk: The borrower/issuer of security may prepay the receivables prior to their respective due dates. This may result in change in the yield and tenor for the Scheme.

Different types of Securities in which the Scheme may invest as given in the SID carry different levels and types of risk. Accordingly the Scheme’s risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than government Securities. Further even among corporate bonds, bonds which are rated AAA are comparatively less risky than bonds which are AA rated.

Investments in the Scheme made in foreign currency by a Unit Holder are subject to the risk of fluctuation in the value of Indian Rupee.

d) Risks associated with Derivatives

The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations. The use of derivatives requires an understanding of the underlying instruments and the derivatives themselves. The risk of investments in derivatives includes mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount.

The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limits or circuit breakers, the Scheme may face a liquidity issue.

The option buyer’s risk is limited to the premium paid, while the risk of an option writer is unlimited. However, the gains of an option writer are limited to the premiums earned. Since in case of the Scheme all option positions will have underlying assets, all losses due to price- movement beyond the strike price will actually be an opportunity loss.

The relevant stock exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances.

The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.

Investments in index futures face the same risk as investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.

The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indexes or other financial or economic factors in establishing derivative positions for the Scheme.

The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends on the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involves uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. As and when the Scheme trades in derivative products, there are risk factors and issues concerning the use of derivatives that investors should understand. Derivatives require the maintenance of adequate controls to monitor such transactions and the embedded market risks that a derivative adds to the portfolio.

Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Other risks in using derivatives include but are not limited to:

- (a) **Credit Risk:** This occurs when a counterparty defaults on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price, in order to maintain the validity of the hedge.
- (b) **Market Liquidity Risk:** This is where the derivatives cannot be sold at prices that reflect the underlying assets, rates and indices.
- (c) **Model Risk:** This is the risk of mis-pricing or improper valuation of derivatives.
- (d) **Basis Risk:** This is when the instrument used as a hedge does not match the movement in the instrument / underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer / industry assets. This is when the instrument used as a hedge does not match the movement in the instrument / underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer / industry assets.

e) Risks associated with Short Selling and Securities Lending

The risks in lending portfolio Securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of Securities, i.e. the Scheme, and the approved intermediary. Such failure to comply can result in a possible loss of rights in the collateral put up by the borrower of the Securities, the inability of the approved intermediary to return the Securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the Securities deposited with the approved intermediary.

The Mutual Fund may not be able to sell such Securities and this can lead to temporary illiquidity.

f) Risks associated with Overseas Investment

Subject to necessary approvals and within the investment objectives of the Scheme, the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, restrictions on repatriation of capital due to exchange controls and the political environment. Further the repatriation of capital to India may also be hampered by and changes in Regulations or political circumstances. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of overseas financial assets and the prevalent tax laws of the respective jurisdiction for the execution of trades or otherwise.

g) Risks associated with Securitised Debt

Generally available asset classes for securitisation in India:

- Commercial vehicles
- Auto and two-wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans / receivables

In terms of specific risks attached to securitisation, each asset class would have different underlying risks. However, residential mortgages typically have lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is normally easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans / receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the

risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher and hence their overall risks are comparable to other AAA-rated asset classes.

Some of the factors, which are typically analyzed for any pool, are as follows:

Size of the loan: This generally indicates the kind of assets financed with loans. Also indicates whether there is excessive reliance on very small ticket size, which may result in difficult and costly recoveries. To illustrate, the ticket size of housing loans is generally higher than that of personal loans. Hence, in the construction of a housing loan asset pool for say R 1,00,00,000/- it may be easier to construct a pool with just 10 housing loans of R 10,00,000/- each rather than to construct a pool of personal loans as the ticket size of personal loans may rarely exceed R 5,00,000/- per individual.

Average original maturity of the pool: This indicates the original repayment period and whether the loan tenors are in line with industry averages and borrower's repayment capacity. To illustrate, in a car pool consisting of 60 month contracts, the original maturity and the residual maturity of the pool viz. number of remaining installments to be paid gives a better idea of the risk of default of the pool itself. If in a pool of 100 car loans, having an original maturity of 60 months, more than 70% of the contracts have paid more than 50% of the monthly installments and if no default has been observed in such contracts, this pool should have a lower probability of default than a similar car loan pool where 80% of the contracts have not yet paid five installments.

Loan-to-value ratio ("LTV"): Indicates how much of the value of the asset is financed by borrower's own equity. The lower the LTV, the better it is. This ratio stems from the principle that where the borrower's own contribution of the asset cost is high, the chances of default are lower. To illustrate, for a truck costing R 20 lakh, if the borrower has himself contributed R 10 lakh and has taken R 10 lakh as a loan, he is going to have lesser propensity to default as he would lose an asset worth R 20 lakh if he defaults in repaying an installment. This is as against a borrower who may meet only R 2 lakh out of his own equity for a truck costing R 20 lakh. Between the two scenarios given above, as the borrower's own equity is lower in the latter case, he would typically have a higher risk of default than the former.

Average seasoning of the pool: This indicates whether borrowers have already displayed repayment discipline. To illustrate, in the case of a pool of personal loans, if a pool of assets consist of borrowers who have already repaid 80% of the installments without default, the probability of default is lower than for a pool where only 10% of installments have been repaid.

Default rate distribution: This indicates what percentage of the pool and overall portfolio of the originator is current, how much is in 0-30 DPD (days past due), 30-60 DPD, 60-90 DPD and so on. The rationale here is that, as against 0-30 DPD, the 60-90 DPD is a higher risk category. Unlike in plain vanilla instruments, in securitisation transactions it is possible to work towards a target credit rating, which could be much higher than the originator's own credit rating.

In the Indian scenario, also, more than 95% of issuances have been AAA-rated issuances indicating the strength of the underlying assets as well as adequacy of credit enhancement.

Investment exposure of the Fund with reference to securitised debt:

- The Scheme will predominantly invest only in those securitisation issuances which have AAA rating indicating the highest level of safety from a credit risk point of view at the time of making an investment. The Scheme will not invest in foreign securitised debt.
- The Scheme may invest in various types of securitization issuances, including but not limited to asset backed securitisation, mortgage-backed securitisation, personal loan backed securitisation, collateralized loan obligation / collateralized bond obligation and so on.
- The Scheme does not propose to limit its exposure to only one asset class or to have asset class based sub-limits as it will primarily look towards the AAA rating of the offering.
- The Scheme will conduct an independent due diligence on the cash margins, collateralisation, guarantees and other credit enhancements and the portfolio characteristic of the securitisation to ensure that the issuance fits into the overall objective of the investment in high investment grade offerings irrespective of underlying asset class.

h) Risks associated with investments in securitised papers

Types of securitised debt vary and carry different levels and types of risks. Credit risk on securitised bonds depends upon the originator and varies depending on whether they are issued with recourse to the originator or otherwise. Even within securitised debt, AAA-rated securitised debt offers lesser risk of default than AA-rated securitised debt. A structure with recourse will have a lower credit risk than a structure without recourse.

As underlying assets in securitised debt may assume different forms and the general types of receivables include auto finance, credit cards, home loans or any such receipts, credit risks relating to these types of receivables depend upon various factors including macro economic factors of these industries and economies. Specific factors like nature and adequacy of property mortgaged against these

borrowings, nature of loan agreement / mortgage deed in case of home loan, adequacy of documentation in case of auto finance and home loans, capacity of borrower to meet his obligation on borrowings in case of credit cards and the intention of the borrower influence the risks relating to the asset borrowings underlying the securitised debt.

Changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors, but may have an impact on the reinvestment of the periodic cash flows that the investor receives in the securitised paper.

Limited Liquidity & Price Risk:

Currently, the secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the Fund to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Risks due to possible prepayments: Weighted Tenor / Yield: Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments.

Full prepayment of underlying loan contract may arise under any of the following circumstances:

- obligor pays the receivable due from him at any time prior to the scheduled maturity date of that receivable; or
- receivable is required to be repurchased by the seller consequent to its inability to rectify a material misrepresentation with respect to that receivable; or the servicer, recognizing a contract as a defaulted contract, and hence repossessing the underlying asset and selling the same.

In the event of prepayments, investors may be exposed to changes in tenor and yield

Bankruptcy of the originator or seller:

If the originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to the Trust was not a sale then the Fund could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to the Trust not being construed as a "True Sale". Legal opinion is normally obtained to the effect that the assignment of receivables to the Trust in trust for and for the benefit of the investors, as envisaged herein, would constitute a true sale.

Bankruptcy of the investor's agent:

If an investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of the investor's agent to the assets / receivables is not in his capacity as agent / Trustee but in his personal capacity, then an investor could experience losses or delays in the payments due under the swap agreement. All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets / receivables if and when held by an investor's agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of the investor's agent. Legal opinion is normally obtained to the effect that the investors' agent's recourse to assets / receivables is restricted in his capacity as agent and trustee and not in his personal capacity.

Credit Rating of the Transaction / Certificate:

The credit rating is not a recommendation to purchase, hold or sell the Certificate in as much as the ratings do not comment on the market price of the Certificate or its suitability to a particular investor. There is no assurance by the rating agency either that the rating will remain at the same level for any given period of time or that the rating will not be lowered or withdrawn entirely by the rating agency.

Risk of Co-mingling:

The servicers normally deposit all payments received from the obligors into the collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the loan agreements may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, the investors may be exposed to a potential loss. Due care is normally taken to ensure that the servicer enjoys the highest credit rating on a standalone basis to minimize co-mingling risk.

i) Risks associated with writing covered call options for equity shares

Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced by writing covered call options.

The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement.

This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

j) Risk factors associated with Repo transactions in Corporate Debt:

Lending transactions:

The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However, in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

Borrowing transactions:

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

Risk Mitigation / Management Strategy

Risk & Description specific to Equities	Risk Mitigants / Management Strategy
Quality risk Risk of investing in unsustainable / weak companies	The stock selection process is an important part of the idea generation stage, as it provides the greater part of added value to the investments. Underpinning the stock selection process is the rigorous research conducted by dedicated country specialists. The approach to stock selection is largely country specific, which means that these investment professionals have the responsibility to design and refine their stock selection process to cope with the dynamic local factors and market conditions. Quality analysis based investment approach: I. Management II. Capital structure III. Sustainability of competitive advantage IV. Return on equity V. Industry attractiveness In general, there are three primary sources of investment return which the investment professionals normally focus on and they form the basic premise of the stock selection process: (i) Growth – companies that exhibit sustainable earnings growth in excess of the market through an economic cycle. (ii) Valuations – quantitative analysis in evaluating the value and profitability of the company. (iii) IDCW yield – an additional source of return, over and above capital appreciation.

Price Risk Risk of overpaying for a company	During company visits, qualitative assessments of the relative growth prospects of the companies concerned are made and strategies are decided to create shareholder value. Industries in which companies operate are analysed along with the competitive landscape as well as the management strategy to enhance competitive advantage and returns. As part of the process, meetings are organised not only with companies that fall within the core stock coverage, but also with their competitors, distributors, suppliers and other stakeholders in order to obtain a complete picture of the industry / company and other investment opportunities. In the process, a clear understanding of the business is arrived at, enabling the identification of future long-term winners at an early stage.
Liquidity Risk High impact costs	Dealing in volatile, often illiquid markets imposes a cost on an active investment manager. The responsibility for minimizing the performance drag lies with the Central Dealing team whose focus is to minimize market impact and transaction costs. The competitive advantages in achieving this objective are: ■ A specialist experienced team; ■ State of the art systems and on-going investment in trading technology; ■ Analysis of historical transactions and associated impact costs used to determine trading strategies; ■ Low commission rates paid to brokers, reducing direct costs per trade; and
Risk & Description specific to Equities	Risk Mitigants / Management Strategy
	■ Significant overall commission payout ensuring premium service from investment banks and brokerage firms. The dealing team's success can be measured by comparing each execution to the Volume Weighted Average Price ("VWAP") and on-line through the independent Best Execution Comparison Service ("BECS") which compares transaction costs with those of the competition. Effectiveness of the dealing team is measured on an ongoing basis.
Volatility Price volatility due to company or portfolio specific factors	As explained above, the volatility arising out of portfolio specific factors are being mitigated using a combination of various methods.
Event Risk Price volatility due to company or portfolio specific events	

Apart from the risk factors mentioned in SAI, following are some of the additional risk factors which investors are advised to go through before investing:

II. Information about the scheme:

A. Where will the scheme invest?

Subject to the Regulations, the corpus of the Scheme will mainly be invested in any (but not exclusively) of the following securities:

The Scheme may invest in the following asset classes, other than foreign securitised debt:

- (a) Equity and equity-related Securities including but not limited to derivatives, equity warrants and convertible instruments.
- (b) Money market instruments and mutual fund units:
 - Investments other than in equity will be made for managing liquidity. The preferred instruments will be money market instruments.
 - Money market instruments include commercial papers, commercial bills, treasury bills, government Securities having an unexpired maturity upto one year, call or notice money, certificates of deposit, usance bills and any other like instruments as specified by Reserve Bank of India from time to time.
 - For the purpose of further diversification and liquidity, the Scheme may invest in other equity schemes managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the AMC of any other mutual fund shall not exceed 5% of the net asset value of the Fund.
- (c) Any other Securities / asset class / instruments as permitted under SEBI Regulations.

Limits for stock lending are:

1. not more than 20% of the net assets of the Scheme; and
2. not more than 5% of the net assets of the Scheme to any single counter-party.

(d) Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The above-mentioned securities could be listed, unlisted, secured, unsecured, rated or unrated and may be acquired through Primary, secondary market offerings, private placements, rights offer etc. Further, investments in debentures, bonds and other fixed income securities will usually be in instruments, which have been assigned investment grade ratings by an approved rating agency. In cases where the debt instrument is unrated, specific approval from the Board of the Asset Management Company and the Board of Trustees shall be obtained. However, the same shall be subject to limitations as contained in clause 1 and 1A, of Schedule VII to SEBI (Mutual Funds) Regulations, 1996.

In accordance with paragraph 12.21 of the Master Circular for Mutual Funds dated June 27, 2024 and amendments thereto from time to time, the Scheme may invest in units of Infrastructure Investment Trusts (InvITs) and Real Estate Investment Trusts (REITs) within the stipulated investment limits.

INVESTMENT STRATEGY & APPROACH

The Scheme will primarily be a diversified equity fund which will seek to invest in companies for long term investment. Though the benchmark is Nifty Large Midcap 250 Index - Total Return Index, the investments will not be limited to the companies constituting the benchmark.

The types of companies that may fall within the scope of such investment could include but are not

limited to:

- companies with strong growth potential;
- companies with a special product which has a particular market niche and therefore good earnings potential;
- companies undertaking corporate restructuring.

The investment approach will be bottom-up stock picking - where investments will be selected primarily on the basis of specific criteria relevant to the company in question rather than general macro-economic considerations.

There will be no particular bias towards any market cap size or any sector. The Scheme will endeavour to remain fully invested in equity and equity related instruments at all times. An exposure to various derivatives instruments is likely - for the purposes of hedging, portfolio balancing and optimising returns.

Derivative & Arbitrage Strategies: Covered Call Options

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

Benefits of using Covered Call strategy in Mutual Funds:

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits:

- a) Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.
- b) Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

Illustration – Covered Call strategy using stock call options:

A fund manager buys equity stock of ABC Ltd. for Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. Further, it is assumed that the scheme has earned a premium of Rs. 50 and the fund manager is of the opinion that the stock price will not exceed Rs. 1100, during the expiry period of the option.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, since the scheme has earned a premium of Rs. 50, this has reduced the purchase cost of the stock (Rs. 1000 – Rs. 50 = Rs. 950).

Hence, the Net Gain = Rs. 150 (Rs 100 stock appreciation + Rs 50 call option premium)

(However, please note that in a scenario where the stock price reaches Rs. 1300, investment in long only equity would be more beneficial than a covered call strategy as the net gain under the covered call strategy would be Rs. 150, against a net gain of Rs. 300 under a pure long only equity strategy.)

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Hence, the Net Gain = Rs. 50.

Portfolio Turnover:

The Scheme will endeavour to keep the portfolio turnover at a minimum. However the portfolio turnover ratio may vary as the Scheme may change the portfolio according to Asset Allocation to align itself with the objectives of the Scheme. The effect of higher portfolio turnover could be higher brokerage and transaction costs.

B. What are the investment restrictions?

The investment policy of the Scheme complies with the rules, regulations and guidelines laid out in SEBI (Mutual Funds) Regulations, 1996. As per the Regulations, specifically the Seventh Schedule, the following investment limitations are currently applicable:

i) Disclosure and investment restrictions

All investments by the Scheme will be made in accordance with the investment objective of the Scheme, investment strategy and investment restrictions described in this SID. However the following investment restrictions in accordance with the SEBI Regulations shall apply to the Scheme at the time of making investments:

1. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and Board of Directors of the asset management company.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

Provided further that investments within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

2. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments:

Provided that Mutual Fund Schemes may invest in unlisted non- convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

3. The Mutual Fund under all its schemes shall not own more than 10% of any company's paid-up capital carrying voting rights.
4. Transfers of investments from one scheme to another scheme in the Mutual Fund shall be made only if:
 - (a) such transfers are done at the prevailing market price for quoted instruments on spot basis.(Explanation: "spot basis" shall have the same meaning as specified by stock exchange for spot transactions.)
 - (b) the Securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
5. The Scheme may invest in other schemes managed by the same AMC or by the asset management company of any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made in all schemes under the same management or in schemes under the management of any such other asset management company shall not exceed 5% of the net asset value of the Fund.
6. The Scheme shall buy and sell Securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative Securities and in all cases of sale, deliver the Securities and shall in no case put itself in a position whereby it has to make short sale or carry forward transactions or engage in badla finance, unless the short selling transactions has been entered into on a recognized stock exchange, subject to the framework relating to short selling and securities lending and borrowing specified under applicable Laws.

Provided that the Fund may enter into derivatives transactions on a recognized stock exchange subject to such guidelines as may be specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
7. The Mutual Fund shall get the Securities purchased or transferred in the name of the Mutual Fund on account of the Scheme wherever investments are intended to be of a long term nature.

8. Pending deployment of funds of the Scheme in Securities in terms of investment objectives of the Scheme, the Scheme can invest such funds in short-term deposits of scheduled commercial banks, in accordance with the Regulations. The investment in these deposits shall be in accordance with SEBI Circular nos. SEBI/IMD/CIR No. 1/91171/07, SEBI/IMD/CIR No. 8/107311/07, SEBI/IMD/CIR No. 7/129592/08 dated April 16, 2007, October 26, 2007 and June 23, 2008, respectively and any other applicable guidelines. Further the AMC would not charge any investment management fees for parking funds of the Scheme in short term deposits of commercial banks.
9. The Scheme shall not make any investment in:
 - (a) any unlisted security of an associate or group company of the Sponsor; or
 - (b) any security issued by way of private placement by an associate or group company of the Sponsor; or
 - (c) the listed Securities of group companies of the Sponsor which are in excess of 25% of the net assets.
10. The Scheme shall not make any investment in any fund of funds scheme.
11. The Scheme shall not invest more than 10% of its NAV in the equity shares or equity-related instruments of any company. For the purpose of determining the above limit, a combination of positions of the underlying securities and stock derivatives, will be considered.
12. The Scheme shall not invest more than 5% of its NAV in unlisted equity shares or equity-related instruments.
13. No loans would be made by the Mutual Fund except as provided in the SEBI Regulations.
14. The Scheme shall not have total exposure in a particular sector (excluding investments in Bank CDs, Tri-party Repo, G-Secs, TBills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 25% of the net assets of the scheme;

Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 10% of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs);

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/exposure in HFCs shall not exceed 25% of the net assets of the scheme.
15.
 - a) The Scheme shall not have total exposure in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) exceeding 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.
 - b) For this purpose, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.
16. Investment restrictions in relation to repo in corporate debt securities:

The net exposure of any Mutual Fund scheme to repo transactions in money market and corporate debt securities shall not be more than 10 % of the net assets of the Scheme.

The cumulative gross exposure through repo transactions in money market and corporate debt securities along with debt shall not exceed 100% of the net assets of the Scheme.

Mutual funds shall participate in repo transactions only in money market and corporate debt securities with long-term credit rating of AA and above at the time of transaction by any of the recognized credit rating agencies.

ii) Guidelines Governing Investment in Debt Securities

The AMC will follow a policy where, before any investment is made in any debt instrument, a research report will be prepared by the fund manager / Research analyst which will analyze the debt instruments. The research report shall be reviewed at least on a half yearly basis. The recommendations of the research report shall not be binding on the fund manager.

Any purchase which is made against the recommendations of the research recommendation shall be backed by the reasons for the same by the concerned fund manager. For investment into companies for which there is a pre existing research report that is not dated more than six months from the day of the proposed investment, the investment can be made by the fund manager directly. However, if the research report is dated more than six months without any subsequent update then a fresh report will be required.

The investment philosophy of the AMC shall be directed towards providing stable returns with a low risk strategy and capital appreciation / accretion through investment in debt instruments and related Securities besides preservation of capital. The Scheme shall invest only in debt Securities with credit rating of AA- and above.

iii) Guidelines Governing Investment in Gov Securities

As per the Regulations and investment restriction guidelines issued by SEBI, the AMC will follow a policy wherein each decision of purchase / sale of government Securities and money market instruments shall be recorded. A weekly report relating to the portfolio of the Scheme will be reviewed by the Investment Committee of the AMC.

Investment and security selection of all kind of debt instruments including Gov Securities, State Government Securities, and Government guaranteed debt is delegated to the fund manager with the responsibility on the fund manager to ensure conformity with the specified minimum credit rating standards for position credit risk and portfolio credit risk. All investments in Gov Securities shall be done in accordance with SEBI / RBI guidelines.

iv) Investment restrictions pertaining to Derivatives

In accordance with with paragraph 7.5 and 12.25 of the Master Circular for Mutual Funds dated June 27, 2024, respectively, the following conditions shall apply to the Scheme's participation in the derivatives market.

Please note that the investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees subject to SEBI requirements from time to time.

1. Position limit for the Scheme in index options contracts

The position limit for the Scheme in index options contracts shall be as follows:

- (a) The Scheme's position limit in all index options contracts on a particular underlying index shall be Rs. 500 Crores or 15% of the total open interest of the market in index options, whichever is higher, per the relevant stock exchange.
- (b) This limit would be applicable on open positions in all options contracts on a particular underlying index.

2. Position limit for the Scheme in index futures contracts

The position limit for the Scheme in index futures contracts shall be as follows:

- (a) The Scheme's position limit in all index futures contracts on a particular underlying index shall be Rs. 500 Crores or 15% of the total open interest of the market in index futures, whichever is higher, per the relevant stock exchange.
- (b) This limit would be applicable on open positions in all futures contracts on a particular underlying index.
- (c) Additional position limit for hedging for the Scheme

In addition to the position limits as set out in point 1 and 2 above, the Scheme may take exposure in equity index derivatives subject to the following limits:

- i. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Scheme's holding of stocks.
- ii. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Scheme's holding of cash, government securities, T-Bills and similar instruments.

3. Position limit for the Scheme for stock based derivative contracts.

The position limit for the Scheme in a derivative contract on a particular underlying stock, i.e. stock

option contracts and stock futures contracts shall be as follows:

- (a) For stocks having applicable market-wise position limit (MWPL) of R 500 Crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or R 300 Crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or R 150 Crores, whichever is lower.
- (b) For stocks having applicable market-wise position limit (MWPL) less than R 500 Crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or R 50 Crores whichever is lower.

4. Position limit for the Scheme

The position limit / disclosure requirements for the Scheme shall be as follows:

- (a) For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of the Scheme shall not exceed the higher of:
 - 1% of the free float market capitalisation (in terms of number of shares) Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- (b) This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.
- (c) For index based contracts, the Scheme shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

v) Investment Restrictions for Covered Call strategy

The Scheme can write Call options only under a covered call strategy subject to the following conditions:

The Scheme can write call options under a covered call strategy only for constituent stocks of NIFTY 50 and BSE SENSEX.

The total notional value (taking into account strike price as well as premium value) of call options written by the Scheme shall not exceed 15% of the total market value of equity shares held in the Scheme.

The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.

At all points of time the Scheme shall comply with the provisions at points (b) and (c) above. In case of any passive breach of the requirement at paragraph (b) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.

In case the Scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (c) and (b) above while selling the securities.

In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.

The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.

The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.

The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the Scheme until the position is closed or expired.

Exposure Limits based on paragraph 12.25 of the Master Circular for Mutual Funds dated June 27, 2024:

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.

These investment limitations / parameters as expressed (linked to the net asset / net asset value / capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Trustee / AMC, any such limits would thereby be breached.

Apart from the investment restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

All provisions are subject to SEBI Regulations.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the Unit Holders.

These investment restrictions shall be applicable at the time of investment and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Schemes of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unit holders.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Schemes to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective. As such all investments of the Schemes will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of paragraph 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

- a) **Type of a scheme** – An open ended equity scheme investing in both large cap and mid cap stocks
- b) **Investment Objective** - The investment objective of the Scheme is to generate long-term capital appreciation from a diversified portfolio of predominantly Large Cap and Mid Cap equity and equity-related securities.
- c) **Investment Pattern** – The investment approach will be bottom-up stock picking - where investments will be selected primarily on the basis of specific criteria relevant to the company in question rather than general macro- economic considerations.

(d) Terms of Issue

Liquidity Provisions:

The Scheme, being open ended, the Units are not proposed to be listed on any stock exchange. However, the Board of Trustees reserve the right to list the Units as and when this Scheme is permitted to be listed and considers it necessary in the interest of Unit holders of the Fund.

The Scheme offers subscription & redemption facility at the Applicable NAV on every Business Day. As per SEBI Regulations, the Mutual Fund will dispatch Redemption proceeds within 3 Business Days of receiving a valid redemption request. In case the redemption proceeds are not made within 3 Business Days of the date of receipt of a valid redemption request, interest will be paid @ 15% per annum or such other rate from the 4th day onwards as may be prescribed by SEBI from time to time.

Aggregate fees and expenses charged to the Scheme:

The aggregate fees and expenses charged to the Scheme will be in line with the limits defined in the SEBI Regulations as amended from time to time. The aggregate fee and expenses to be charged to the Scheme is detailed in Section I - Part III(C) of this document.

Any safety net or guarantee provided.

The Scheme does not assure or guarantee any returns.

Changes in Fundamental Attributes:

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s) / Option(s) thereunder and affect the interests of Unit holders is carried out unless:

- The Trustees have taken/received comments from SEBI in this regard before carrying out such changes.
- An addendum to the existing SID shall be issued and displayed on AMC website immediately.
- A written communication about the proposed change is sent to each Unit holder and an public notice / advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated;
- The Unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load; and
- The SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days from the notice date).

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF) - Not Applicable

E. Principles of incentive structure for market makers (for ETFs) – Not applicable

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes) – Not Applicable

G. Other Scheme Specific Disclosures:

Listing and transfer of units	Units of the Scheme, which are held in dematerialized (demat) form, are freely transferable under the depository system in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996. However, for Units of the Scheme held on physical form the AMC shall, on production of instrument of transfer together with relevant unit certificates, register the transfer and return the unit certificate to the transferee within 30 days from the date of such production. The cost of stamp duty paid for issuing the unit certificate in case of a transfer or
-------------------------------	---

	otherwise will form part of the annual on-going expenses and/or may be recovered from the unit holder(s).
Dematerialization of units	The Unit holders will have an Option to hold the units by way of an Account Statement or in Dematerialized ('Demat') form. Unit holders opting to hold the units in Demat form must provide their Demat Account details in the specified section of the application form. The Applicant intending to hold the units in Demat form are required to have a beneficiary account with a Depository Participant (DP) registered with NSDL / CDSL and will be required to indicate in the application the DP's name, DP ID Number and the Beneficiary Account Number of the applicant held with the DP at the time of purchasing Units. Unitholders are requested to note that request for conversion of units held in Account Statement (non-demat) form into Demat (electronic) form or vice versa should be submitted to their Depository Participants. In case Unit holders do not provide their demat account details or the demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect and accordingly an account statement shall be sent to them. In case of Investors investing through SIP facility and opting to hold the Units in Demat form, the units will be allotted based on the Applicable Net Asset Value (NAV) and the same will be credited to investor's Demat Account on weekly basis on realization of funds. The AMC shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.
Minimum Target amount	Not Applicable
Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy (IDCW)	● IDCW Distribution Procedure: SEBI Circular lays down the procedure for Declaration of IDCW which clearly says that quantum of IDCW and record date shall be fixed by the Board of Trustees and AMC shall issue a notice to the public communicating the decision about IDCW including the record date, within one calendar day of the decision made by the Board of Trustees in their meeting. Record date shall be the date that will be considered for the purpose of determining the eligibility of investors whose name appears on the register of Unit holders. Record date shall be 2 working days from the issue of notice. The Trusteeship Company reserves the right to declare IDCW on a regular basis. The Fund does not guarantee or assure declaration or payment of IDCW. Although the Trustees have intention to declare IDCW under IDCW Option, such declaration of IDCW if any, is subject to Scheme's

	performance & the availability & adequacy of distributable surplus in the Scheme at the time of declaration of such IDCW. Investors should note that, when the Mutual Fund declares a IDCW under the Scheme, the Income distribution shall be dispatched within 15 days of the record date. The requirement of giving notice & the above laid procedure shall not be compulsory for Scheme/plan/option having frequency of IDCW distribution from daily upto monthly IDCW. Further, investors are requested to note that the amounts can be distributed out of the investor's capital (Equilization Reserve), which is part of sales price that represents realized gains. • Effect of IDCWs: When IDCWs are declared and paid under the Scheme, the net assets attributable to Unit holders in the IDCW Option will stand reduced by the IDCW amount subject to TDS and statutory levy if any. The NAV of the Unit holders in the Growth Option will remain unaffected by the payment of IDCW. Even though the asset portfolio will be un-segregated, the NAVs of the Growth Option and IDCW Option will be distinctly different after declaration of the first IDCW to the extent of distributed income, tax and statutory levy paid thereon, where applicable, and expenses relating to the distribution of IDCWs. • Mode of Payment of IDCWs: The Scheme proposes to pay IDCW by Direct Credit or through RTGS or NEFT or any other EFT means. RBI offers the facility of EFT for facilitating better customer service by direct credit of IDCW amount to a Unit holder's bank account through electronic credit which avoids loss of IDCW in transit or fraudulent encashment. The Mutual Fund will endeavour to offer this facility for payment of IDCW/repurchase proceeds to the Unit holders residing in any of the cities where such a Bank facility is available. The Fund is arranging with selected bankers to enable direct credits into the bank accounts of the investors at these banks. If an investor has an account with a bank with which the Fund will tie up for direct credit, the IDCW amount will be credited directly to the bank account, under intimation to the Unit holder by email/SMS/post. The Mutual Fund, on a best effort basis, and after scrutinising the names of the banks where Unit holders have their accounts, will enable direct credit/RTGS/NEFT/ to the Unit holders' bank accounts. While the preferred mode of payment is through EFT route, the AMC is at the sole discretion to pay IDCW by any other means (including at par cheques and demand drafts, where the EFT facility is not available in a
--	--

	particular city or Bank or as the Trusteeship Company or the AMC deems fit in the interest of investors.) All the IDCW payments shall be in accordance and compliance with SEBI Regulations, as amended from time to time. If Unit holders have opted for IDCW Payout Option, if the IDCW amount payable to such Unit holders (net of tax deducted at source, wherever applicable) is less than or equal to Rs. 250, following treatment shall be: a. Where the option to payout IDCW is available in electronic mode: The IDCW amount shall be paid to the Unit holders. However, if the payment through electronic mode is unsuccessful, the AMC shall issue IDCW warrant for such amount; and Where the option to payout IDCW is not available in electronic mode: The IDCW shall be mandatorily reinvested in the respective Scheme/Plan by issuing additional Units at the applicable ex-IDCW NAV.
Allotment	Allotment will be completed after due reconciliation of receipt of funds for all valid applications within 5 Business Days from the closure of the NFO period. Allotment to NRIs/FIIs will be subject to RBI approval, if required. Subject to the SEBI (MF) Regulations, the Trustee may reject any application received in case the application is found invalid/incomplete or for any other reason in the Trustee's sole discretion. For investors who have given demat account details, the Units will be credited to the investor's demat account after due verification and confirmation from NSDL/CDSL of the demat account details. • Allotment Confirmation/Account Statement (for non-demat account holders): An Allotment Confirmation/Account statement will be sent by way of SMS and/or email and/or ordinary post, to each Unit Holder who has not provided his demat account details in the application form for subscription during the NFO. The Allotment Confirmation/Account statement, stating the number of Units allotted to the Unit Holder will be sent not later than 5 Business Days from the close of the NFO Period of the Scheme. The Account Statement shall be non-transferable. • Dispatch of Account Statements to NRIs/FIIs will be subject to RBI approval, if required. • Allotment Advice/Holding Statement (demat account holders): For investors who have given valid demat account details at the time of NFO, Units issued by the AMC shall be credited by the Registrar to the investor's beneficiary account with the DP as per information provided in the Application Form. Such investors will receive the holding statement directly from their depository participant (DP) at such a frequency as may be defined in the Depository Act or Regulations or on specific request. • Consolidated Account Statement: CAS shall also be sent to the Unit holder in whose folio transactions have taken place during that month:

	-Monthly basis- on or before 15th of the succeeding month in case of delivery via. physical mode and on and before 12th of the succeeding month in case of delivery via. electronic mode -Half yearly basis- on or before the twenty-first (21st) day of April and October in case of delivery via physical mode and on and before eighteenth (18th) day of April and October incase of delivery via. electronic mode In the event the account has more than one registered Unit holder, the first named Unit holder shall receive the CAS. In case of specific request received from investors, Mutual Fund will provide an account statement to the investors within 5 Business Days from the receipt of such request The Mutual Fund reserves the right to recover from an investor any loss caused to the Scheme on account of dishonour of cheques issued by him/her/it for purchase of Units.
Refund	Not Applicable

	Investors. The Fund / AMC / Trustee reserves the right to call for such other information and documents as may be required by it in connection with the investments made by the investor. Investors are requested to view full details on eligibility /non-eligibility for investment in the Scheme mentioned in the SAI under the head “Who Can Invest” & also note that this is an indicative list and you are requested to consult your financial advisor to ascertain whether the Scheme is suitable to your risk profile. Foreign Account Tax Compliance Act (commonly known as “FATCA”): The Foreign Account Tax Compliance Act is a United States (US) federal law, aimed at prevention of tax evasion by US Citizens and Residents (“US Persons”) through use of offshore accounts. The Government of India and the US have reached an agreement in substance on the terms of an Inter-Governmental Agreement (“IGA”) to implement the FATCA provisions, which have become globally applicable from July 1, 2014. Edelweiss Mutual Fund (“the Fund”)/ Edelweiss Asset Management Limited (“the AMC”) is classified as a FFI under the FATCA provisions, in which case the Fund / AMC is required, from time to time, to: (i) undertake necessary due diligence process by collecting information/documentary evidence of the US/non-US status of the investors; (ii) disclose/report information as far as may be legally permitted about the holdings/investment returns pertaining to reportable accounts to the US Internal Revenue Service and/or such Indian authorities as may be specified under FATCA or other applicable laws and (iii) carry out such other activities as prescribed under the FATCA provisions, as amended from time to time. FATCA due diligence will have to be directed at each investor/unit holder (including joint investors) and on being identified as a reportable person/specified US person, all the folios will be reported. Further, in case of folio with joint investors, the entire account value of investment portfolio will be attributable under each such reportable person. Investors/Unit holders would therefore be required to furnish such information to the Fund/AMC, from time to time, in order to comply with the reporting requirements stated in the IGA and or circulars/guidelines issued by SEBI/AMFI in this regard. The impact of FATCA is relevant not only at the point of on-boarding of the investors but also throughout the life cycle of the investor account / folio with the Fund. Hence investor(s) should immediately intimate the Fund/AMC, in case of any change in the FATCA related information provided by them at the time of initial subscription.
--	---

	The Fund/AMC reserves the right to reject any application or compulsorily redeem the units held directly or beneficially in case the applicant/investor fails to furnish the relevant information and/or documentation or is found to be holding units in contravention of the FATCA provisions. Further, in accordance with the regulatory requirements relating to FATCA/CRS read along with SEBI Circular no. CIR/MIRSD/2/2015 dated August 26, 2015 and AMFI Best practices guidelines circular no. 63/2015-16 dated September 18, 2015 regarding uniform implementation of FATCA/CRS requirements, investors are requested to ensure the following: • With effect from November 1, 2015 all investors have to mandatorily provide the details and declaration pertaining to FATCA/CRS for all new accounts opened, failing which the application shall be liable to be rejected. • For accounts opened between July 1, 2014 and October 31, 2015 and certain pre - existing accounts opened till June 30, 2014, the AMC shall reach out to the investors to seek the requisite information/declaration which has to be submitted by the investors before December 31, 2015. In case the information/declaration is not received from the investor on or before December 31, 2015, the account shall be treated as reportable account. Ultimate Beneficial Ownership: In accordance with SEBI Circular no. CIR/MIRSD/2/2013 dated January 24, 2013 and AMFI Best practices guidelines circular no. 62/2015-16 dated September 18, 2015, Investors may note the following: • With effect from November 1, 2015, it is mandatory for new investors to provide beneficial ownership details as part of account opening documentation failing which the AMC shall reject the application. • With effect from January 1, 2016 it is mandatory for existing investors/unit holders to provide beneficial ownership details, failing which the AMC may reject the transaction for additional subscription (including switches).

Minimum amount for purchase/redemption/switches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC.	Minimum Initial Purchase Amount: Minimum of Rs.100/- and in multiples of Re. 1/- thereafter. Minimum Additional Purchase Amount: Minimum additional amount will be for Rs. 100/- and in multiples of Re. 1/- thereafter. Minimum Redemption Amount: Rs. 1 and in multiples of Re. 1 thereafter. There will be no minimum redemption criterion for Unit based redemption. The Redemption / Switch-out would be permitted to the extent of credit balance in the Unit holder's account of the Plan(s) / Option(s) of the Scheme(s) (subject to completion of Lock-in period or release of pledge / lien or other encumbrances). For demat transactions, minimum redemption would be mandatorily 50 units. The AMC may revise the minimum / maximum amounts and the methodology for new/additional subscriptions, as and when necessary. Such change may be brought about after taking into account the cost structure for a transaction/account and /or Market practices and/or the interest of existing Unit holders. Further, such changes shall only be applicable to transactions from the date of such a change, on a prospective basis. NOTE: Investors can purchase Units under the Scheme at the purchase price. The Unit holder can request for purchase of Units by amount or by number of Units. For details on how the Purchase Price is calculated, investors are requested to view SAI under the heading "Purchase Price". Allotment of Units for purchases by NRIs / FIIs / PIOs shall be in accordance with RBI rules in force.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). Consolidated Account Statement: CAS shall also be sent to the Unit holder in whose folio transactions have taken place during that month: -Monthly basis- on or before 15th of the succeeding month in case of delivery via. physical mode and on and before 12th of the succeeding month in case of delivery via. electronic mode -Half yearly basis- on or before the twenty-first (21st) day of April and October in case of delivery via physical mode and on and before

	eighteenth (18th) day of April and October incase of delivery via. electronic mode In the event the account has more than one registered Unit holder, the first named Unit holder shall receive the CAS. In case of specific request received from investors, Mutual Fund will provide an account statement to the investors within 5 Business Days from the receipt of such request For further details, refer SAI.
Dividend/ IDCW	The payment of dividend/IDCW to the unitholders shall be made within 7 working days from the record date.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 working days from the date of redemption or repurchase. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024.
Bank Mandate	The payment of dividend/IDCW to the unitholders shall be made within 7 working days from the record date. The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 working days from the date of redemption or repurchase. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024. It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per requirements laid down by SEBI and any other requirements stated in the Application Form. Applications without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar/AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number. Multiple Bank Account Registration The Mutual Fund offers a facility to register multiple bank accounts for pay-in & payout purposes and designate one of the registered bank accounts as "Default Bank Account". Individuals, HUFs, Sole proprietor firms can register upto five bank accounts and a non-individual investor can register upto ten bank accounts in a folio. This facility can be availed by using a designated "Bank Accounts Registration Form" available at Investor Service Centers and Registrar and Transfer Agent's offices. In case of new investors, the bank account mentioned on the purchase application form, used for opening the folio, will be treated as default bank account till the investor gives a separate request to register multiple bank accounts and change the default bank account to any of other registered bank account. Registered bank accounts may also be used for verification of pay-ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription. Default Bank Account will be used for all IDCW and redemption payouts unless investor specifies one of the existing registered bank account in the redemption request for receiving redemption proceeds. However, in case

	a Unit holder does not specify the default account, the Mutual Fund reserves the right to designate any of the registered bank accounts as default bank account. Consequent to introduction of “Multiple Bank Accounts Facility”, registering a new bank account will require a cooling period of not more than 10 days from the date of receipt of request. In the interim, in case of any IDCW/ redemption/ maturity payout, the same would be credited in the existing registered bank account. Change in Bank Mandate Change in Bank Mandate: Pursuant to AMFI communication no. 135/BP/26/11-12 dated March 21, 2012, following process changes will be carried out in relation to change in bank mandate: 1. In case of standalone change of bank details, documents as enlisted in the SAI should be submitted as a proof of new bank account details. 2. In case of standalone change of bank details, documents as enlisted below should be submitted as a proof of new bank account details: 3. Investors/Unit holders are advised to register multiple bank accounts and choose any of such registered bank accounts for receipt of redemption proceeds; 4. Any unregistered bank account or new bank account forming part of redemption request shall not be entertained or processed; Any change of Bank Mandate request received/processed few days prior to submission of a redemption request or on the same day as a standalone change request or received along with the redemption request, Edelweiss Asset Management Ltd will continue to follow cooling period of 10 calendar days for validation and registration of new bank account and dispatch/credit of redemption proceeds shall be completed in 10 working days from the date of redemption.
