Change in Asset Allocation

Change in asset allocation will be carried out on the basis of Date of Birth of the investor. Accordingly, the change in asset allocation will be triggered on 1st Business Day of the Birth Month. Under Auto Option, First in First Out (FIFO) method shall be used for rebalancing purposes.

In the event of deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMCs), the same will be rebalanced within 30 business days. In case the asset allocation is not rebalanced within 30 business days justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee (IC). The IC can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of schemes is not rebalanced within the aforementioned mandated plus extended timelines, AMCs shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii. not levy exit load, if any, on the exiting investors.

AMCs will report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of the scheme, the investors will be immediately informed through SMS and email / letter including details of portfolio not rebalanced. Email / Letter and SMS will also be immediately triggered as and when the rebalancing of portfolio takes place. The same will also be communicated to investors through periodic portfolio disclosures as mandated by SEBI.

The above norms shall be applicable to main portfolio and not to segregated portfolio(s). The above is in line with SEBI circular no SEBI/HO/IMD/IMD-II DOF3/P/CIR/2022/39 dated March 30, 2022 as amended from time to time. Subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI Regulations, as detailed later in this document.

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above can vary substantially depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and defensive considerations as per Clause 1.14.1.2.b of the SEBI Master Circular dated June 27, 2024 for Mutual Funds. The Scheme reserves the right to invest its entire allocation in debt and money market securities in any one of the fixed income security classes.

Subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations, as detailed later in this document.

B. WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme shall be invested in Equity and Equity related instruments, debt and money market instruments and in REITs and InvITs which will include but not limited to:

Scheme may invest in the following asset classes:

- Investments will be restricted to sovereign Securities issued by the Central Government and / or a State Government viz. Government of India dated Securities, treasury bills and State Government dated Securities as per the limits specified in the asset allocation table above, subject to permissible limits laid under SEBI Regulations.
- REPO as permitted by the RBI, Collateralized Borrowing and Lending Obligations and any other like instruments as specified by the RBI from time to time;
- units of liquid mutual funds.
- Domestic derivatives like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements and such other derivative instruments as may be permitted under the SEBI Regulations.
- For the purpose of further diversification and liquidity, Scheme may invest in other Liquid schemes and schemes primarily investing in Government securities managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the asset management company of any other mutual fund shall not exceed 5% of the net asset value of the Mutual Fund.
- Any other Securities, asset class, instruments and units of mutual fund schemes as permitted under the SEBI Regulations.

Please refer Section II of the document for further details for each instrument

c. Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

Please refer Section II of the document for further details for each instrument.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The investment strategy of the Scheme is to provide income from its investment in a basket of sovereign Securities issued by the Central and / or State Government including treasury bills, across various maturities, through proactive duration management. Income may be generated through the receipt of coupon payments, the amortization of the discount on debt instruments or the purchase and sale of securities in the underlying portfolio.

Being sovereign debt, Government Securities generally carry relatively minimal credit risk. However, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates.

The Fund Manager may review the above pattern of investments based on views on interest rates and asset liability management needs.

Though every endeavour will be made to achieve the objective of the Scheme, the AMC / Sponsor / Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Credit Evaluation Policy

The transparent and proven fixed income investment process starts with an identification of portfolio objectives with respect to income / total return, time horizon, risk tolerance and diversification. These determine the range of permitted investments with respect to maturity, interest rate sensitivity (duration) and credit restrictions. From these inputs a portfolio strategy to best achieve the targeted risk / return is formulated. Portfolio specific inputs with respect to credit risk and liquidity in particular, enable the AMC to screen securities to select the most appropriate for inclusion in the portfolio.

The fixed income investment process combines the consistent application of a value-oriented framework with the ongoing review, monitoring and control of key portfolio characteristics. The key processes and decision factors used within these areas of emphasis are discussed in detail below.

Three key decisions drive the process.

Economic Research

The global macroeconomic research with inputs from regional global fixed income team helps to know the global trend on inflation, growth and monetary stance of central banks across the globe.

India macroeconomic research analysis like trend in inflation, liquidity and stance of RBI, growth in deposits, credit off take, index of industrial production and others helps to form a view on interest rates.

Post the analysis of the global and local economic backdrop, implication on the interest rates is analyzed which helps in building the portfolio accordingly build the portfolio.

Credit Research

The 'bottom-up' decision-making focuses on pure securities selection and seek to identify new opportunities consistent with the investment strategies and goals, as well as evaluating the creditworthiness of corporations already invested in to ensure they continue to meet the investment criteria.

Investment team participates in the investment process by finding the most attractive securities sourcing relative value ideas from fundamental credit analysis. Where there are differences between the investment team's assessments and that of the rating agencies, substantial value may be derived.

In addition, credit yield spreads are monitored against their historical averages. This process allows to anticipate changes in credit quality before they are priced into the market.

Technical Analysis

In conjunction with the economic analysis with respect to duration decision, broad interest rate trends and supply & demand relationships are identified that may influence the shape of the yield curve. As part of the investment process, risk / reward posture of every maturity along the yield curve is evaluated in an effort to identify undervalued portions of the yield curve.

For a given duration target, the yield curve strategy seeks to find optimal exposures along the yield curve. Expected returns are established via scenario analysis, which incorporates yield curve shifts, the roll-down effect and time horizon.

Duration positioning for active bond income strategies is highly dependent on investment team's views of central bank activity. If the central bank is in a tightening mode (leading to higher interest rates), the portfolio may have a particularly short duration position in order to preserve capital. Likewise, if a central bank is in a steady state or easing mode, the portfolio may be longer in duration to take advantage of both falling interest rates and the roll-down effect of a positively-sloped yield curve, which generally exists in this type of environment. Similar duration positions are implemented across all portfolios within the same strategy.

Duration is adjusted periodically, typically in small increments, to enhance returns when the market is undervalued and to protect portfolio value when the market is overvalued.

Portfolio Turnover

Portfolio turnover in the Scheme will be a function of market opportunities. Consequently it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavour to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. The Scheme has no explicit constraints either to maintain or limit the portfolio turnover. Portfolio turnover will depend upon the circumstances prevalent at any time and would also depend on the extent of volatility in the market and inflows / outflows in the Scheme. The AMC will however endeavour to maintain a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Tier 1 - CRISIL Dynamic Gilt Index

Tier 2 - NIFTY All Duration G-Sec Index - A-III

Justification for use of benchmark:

The first tier benchmark CRISIL Dynamic Gilt Index is reflective of category of the scheme, and the second tier benchmark NIFTY All Duration G-Sec Index - A-III is demonstrative of the investment style / strategy of the Fund Manager within the category

The AMC/Trustee reserves the right to change the benchmark for evaluation of the performance of the Scheme from time to time, subject to SEBI Regulations and other prevailing guidelines if any

The Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

E. WHO MANAGES THE SCHEME?

Below are the Fund Managers of the Scheme.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) of the Units will be calculated on every Business Day and for such other days as may be required for the purpose for transaction of Units. The NAV shall be calculated in accordance with the following formula, or such other formula as may be prescribed by SEBI from time to time:

The Net Assets Value (NAV) of the Units under the Scheme shall be calculated as shown below:

$$\text{NAV} = \frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Receivables} + \text{Accrued Income} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{Number of Units Outstanding}}$$

The NAV of the Scheme will be calculated and declared up to 4 decimal places & the fourth decimal will be rounded off higher to next digit if the fifth decimal is or more than 5 i.e., if the NAV is Rs. 1000.12345 it will be rounded off to Rs. 1000.1234.

Pursuant to Regulation 49 (3) the repurchase Price of the units of an open ended scheme will not be lower than 97% of the NAV. Any imposition or enhancement of Load in future shall be applicable on prospective investments only

For other details such as policies w.r.t computation of NAV, rounding off, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

This is an ongoing scheme as on the date of updating this document.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.00% of the daily net assets of the scheme will be charged to the scheme as expenses. The total expenses may be more or less than as specified in the table below. Details of the actual TER charged to the scheme after allotment and any change in the current expense ratios would be available on the website of the Mutual Fund on <https://www.edelweissmf.com/statutory#Total-Expense-Ratio-Of-Mutual-Fund-Scheme> and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change.

Expense Head	% of daily Net Assets (Estimated p.a.)
Investment Management and Advisory Fees	Upto 2.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost over and above 12 bps^	
Goods & Services tax on expenses other than investment and advisory fees	
Goods & Services tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)*	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.00%
Additional expenses under Regulations 52(6A)(c)	
^ In line with paragraph 10.1.14 of the Master Circular for Mutual Funds dated June 27, 2024,, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 0.12% for cash market transactions. Any payment towards brokerage and transaction cost, over and above the said 0.12% for cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 (6) of the SEBI (MF) Regulations. Any expenditure in excess of the said prescribed limit shall be borne by the AMC/Trustees.	
*Subject to the Regulations and as permitted under Regulation 52 of SEBI (MF) Regulations, 1996, any other expenses which are directly attributable to the Scheme may be charged with the approval of the Trustee within the overall limits as specified in the Regulations.	
The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith by AMC and are subject to change inter se. The total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI Regulations. Expenses over and above the limits prescribed under the SEBI Regulations shall be borne by AMC or by the trustee or sponsors. The aforesaid expenses are fungible within the overall maximum limit prescribed under SEBI Regulations. This means that mutual fund can charge expenses within overall limits, without any internal cap on the aforesaid expenses head	

Additional Expenses under Regulation 52 (6A):

- I. Additional expenses, incurred towards different heads mentioned under regulations 52(2) and 52(4), not exceeding 0.05 per cent of daily net assets of the Scheme. However, such additional expenses will not be charged if exit load is not levied/ not applicable to the Scheme.

Maximum Recurring Expenses:

The recurring expenses which will be charged to the Scheme (including the Investment

Management and Advisory Fees) under Regulation 52(6) are as follows:

- On the next Rs. 5,000 crores of the daily assets - 1.25%
- On the next Rs. 40,000 crores of the daily assets – Total expense ratio reduction of 0.05% for every increase of Rs. 5000 crores of daily net assets or part thereof
- On the balance of the assets - 0.80%

Note: In line with AMFI communication no.35P/MEM-COR/85-a/2022-23 dated March 2, 2023 and SEBI letter no. SEBI/HO/IMD/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, the B-30 incentive structure is kept in abeyance from March 1, 2023, till appropriate re-instatement of incentive structure by SEBI with necessary safeguards.

2. Brokerage and transaction costs which are incurred for the purpose of execution of trade up to 0.12 per cent of trade value in case of cash market transactions and 0.05 per cent of trade value in case of derivatives transactions.

As per paragraph 10.1.14 of the Master Circular for Mutual Funds dated June 27, 2024,, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 0.12% for cash market transactions. Any payment towards brokerage and transaction cost, over and above the said 0.12% for cash market transactions may be charged to the scheme within the maximum limit of TER as prescribed under Regulation 52 (6) of the SEBI (MF) Regulations. Any expenditure in excess of the said prescribed limit shall be borne by the AMC/Trustees.

Goods and Services Tax (GST):

In addition to the expenses under Regulation 52 (6) and (6A), AMC shall charge GST as below:

1. GST on investment and advisory fees will be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6).
2. GST on other than investment and advisory fees, if any, will be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6).
3. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52.

Notes:

- a. The Direct Plan and Options thereunder shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan of the Scheme.
- b. Fungibility of Maximum Permissible expense: The maximum Total Expense Ratio (TER) that can be charged to the Scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated in the table above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations.

- c. Investor Education and Awareness initiatives: As per Para a of the clause 10.1.16 of the Master Circular for Mutual Funds dated June 27, 2024, the AMC shall annually set apart at least 2 basis points p.a. (i.e. 0.02% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken by the Fund.

The AMC may incur expenses on behalf of the Scheme which will be reimbursed on actual basis to the AMC to the extent such expenses are permissible & are within the prescribed SEBI limit. Subject to the SEBI Regulations and this Document, expenses over and above the prescribed ceiling will be borne by the AMC / Trustee.

Any change in the current expense ratios will be updated on the website viz. www.edelweissmf.com and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change.

The AMC may incur expenses on behalf of the Mutual Fund which can be reimbursed on actual basis to the AMC to the extent such expenses are permissible & are within the prescribed SEBI limit.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, investors may refer the website of the AMC www.edelweissmf.com or call at 1800 425 0090 (MTNL/BSNL) and non toll free number +91 40 23001181 or may contact their distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	Nil

A switch-out or a withdrawal under SWP shall also attract an Exit Load like any Redemption.

There will be no Load for Units created as a result of IDCW - Reinvestment.

No Loads will be chargeable in case of switches made between different Scheme Options or for switches from Direct Plan to Regular Plan.

Exit Load (net of Goods and Service Tax) charged, if any, shall be credited to the Scheme.

The investor is requested to check the prevailing load structure of the Scheme before investing.

For the most up to date information on Loads investors are advised to contact their ISC or the AMC at its toll-free

number (1800 425 0090 and non-toll free no. +91-40-23001181) prior to any application / Redemption.

Subject to the SEBI Regulations, the Trustee retains the right to change / impose an Entry / Exit Load, subject to the provisions below.

- (a) Any imposition or enhancement of load in future shall be applicable on prospective investments only.
- (b) The AMC shall arrange to display a notice in all the ISCs / AMC office before changing the prevailing load structure. An addendum detailing the changes in load structure will be attached to SIDs and Application Forms. Unit Holders / prospective investors will be informed of changed / prevailing load structures through various means of communication such as public notice in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated and / or display at ISCs / distributors' offices, on account statements, acknowledgements, investor newsletters, etc. The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- (c) The Repurchase price will not be lower than 97% of the Applicable NAV.

For any changes in load structure, the AMC will issue an addendum and display it on the website / ISCs.

The upfront commission shall be paid by the investor directly to the ARN Holder based on the investor's assessment of various factors including service rendered by the ARN Holder.

AMC reserves the right to revise the load structure from time to time. Such changes will become effective prospectively from the date such changes are incorporated.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Please Note that:

1. Exit Load will be applicable for inter Scheme switches as well as special products under the Scheme such as switch-outs/systematic transfer between the schemes of Edelweiss Mutual Fund.
2. No Load shall be imposed for switching between Options within the Scheme.
3. No exit load shall be levied in case of switch of units from Edelweiss Government Securities Fund -Direct Plan to Edelweiss Government Securities Fund – Regular Plan and vice versa. However, after the switch, exit load under the Scheme prevailing on the date of switch shall apply for subsequent redemptions/switch out from Edelweiss Government Securities Fund – Regular Plan.
4. No Entry / Sales Load will be levied on the IDCW so reinvested.
5. Units issued on reinvestment of IDCWs shall not be subject to entry and exit load.
6. The normal load structure will be applicable in case of Special Products (SIP/STP/SWP) unless otherwise specified.
7. The Redemption Price however, will not be lower than 93% of the NAV, and the Sale Price will not be higher than 107% of the NAV, provided that the difference between the Redemption price and Sale price at any point in time shall not exceed the permitted limit as prescribed by SEBI from time to time which is presently 7% calculated on the Sale Price.
8. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The investor is requested to check the prevailing load structure of the Scheme under respective Scheme(s), before investing.

Changing the Load Structure:

Under the Scheme, the AMC, in consultation with the Trustee, reserves the right to change the load structure if it so deems fit in the interest of investors & for the smooth and efficient functioning of the Scheme. Any imposition or enhancement in the load shall be applicable on prospective investments only. At the time of changing the load structure, the AMC shall issue a public notice in one English daily newspaper having

nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated. Unit Holders / Prospective investors will be informed of the changed / prevailing Load structures through various means of communication such as public notice and / or display at ISCs / Distributors' offices, on Account Statements, acknowledgements, investor newsletters etc. The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and Key Information Memorandum already in stock. The introduction of the exit load along with the details may also be disclosed in the Account Statement issued after the introduction of such load.

Section II

I. Introduction

A. Definitions/interpretation

For detailed description please refer [Definition_04062024_022447_PM.pdf \(edelweisssf.com\)](#)

B. Risk factors

1) **Standard Risk Factors**

- (a) Investment in mutual fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- (b) Mutual funds and securities investments are subject to market risks and there is no assurance or guarantee against loss in the Scheme or that the Scheme's objective will be achieved.
- (c) As the price / value / interest rate of the Securities in which the Scheme invest fluctuates, the value of a Unit Holder's investment in the Scheme may go up or down.
- (d) As with any investment in securities, the NAV of the Units can go up or down depending on various factors and forces affecting capital markets such as price and volume volatility, interest rates, currency exchange rates, changes in law / policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors.
- (e) Past performance of the Sponsor / AMC / Mutual Fund does not indicate the future performance of the Scheme.
- (f) Investors in the Scheme are not being offered a guaranteed or assured rate of return.
- (g) Edelweiss Government Securities Fund is the name of the Scheme, and does not in any manner indicate the quality of the Scheme or its future prospects and returns.
- (h) The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of R 1,00,000/- (One Lakh Rupees only) made by it towards setting up the Mutual Fund.

2) **Scheme Specific Risk Factors**

a) **Risk associated with investing in Bonds and Debt Securities**

- The NAV of the Scheme, to the extent invested in Debt Securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of Debt Securities and therefore the NAV of the Scheme can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of Debt Securities and therefore the NAV of the Scheme can be expected to decline. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The Fund Manager may review the above pattern of investments based on views on interest rates and asset liability management needs.
- Debt Securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the investment by the Scheme and may lead to the Scheme incurring losses until the Security is sold.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated Debt Securities offering higher yields.
- The liquidity of investments made by the Scheme may be restricted by trading volumes and settlement periods. Different segments

of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The Trustee has the right, in its sole discretion to limit Redemptions (including suspending Redemption) in certain circumstances [outlined in Section III-B 'Restrictions on Redemptions']. There may be temporary periods when the monies of the Scheme are un-invested and no return is earned thereon. The inability of the Scheme to make intended Securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. By the same token, the inability to sell Debt Securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for Debt Securities could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of the Debt Securities held in the Scheme's portfolio.

- The liquidity and valuation of the Scheme's investments due to its respective holdings of unlisted Debt Securities may be affected if they have to be sold prior to their target date of divestment.
- Debt Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to Debt Securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the regulatory limits, the AMC may choose to invest in unlisted Debt Securities that offer attractive yields. This may however increase the risk of the portfolio.
- While Debt Securities that are listed on a stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money Market Instruments, while fairly liquid, lacks a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the Security is finally sold.
- Debt Securities, as well as Money Market Instruments, are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk) and market perception of the creditworthiness of the issuer of instruments. Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e., the issuer will be unable to make timely principal and interest payments on the security). Because of this risk debentures are sold at a yield spread above those offered on treasury Securities, which are sovereign obligations and generally considered to carry less risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default. These securities may also be subject to price volatility due to factors such as, amongst others, changes in interest rates, general level of market liquidity and market perception of the creditworthiness of the issuer (market risk). The liquidity risk refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. The AMC will endeavour to manage credit risk through in-house credit analysis. The Scheme may also, but is not obliged to, use various hedging products from time to time, as are available and permitted by SEBI, to attempt to reduce the impact of undue market volatility on the Scheme's portfolio. There is no guarantee that hedging techniques will achieve the desired result.
- The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the Debt Securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed. The risk refers to the fall in the rate for reinvestment of interim cash flows.
- To the extent the Scheme's investments are in floating rate debt instruments or fixed debt instruments swapped for floating rate return, they will be affected by interest rate movement (basis risk)
 - coupon rates on floating rate securities are reset periodically in line with the benchmark index movement. Normally, the interest rate risk inherent in a floating rate instrument is limited compared to a fixed rate instrument. Changes in the prevailing level of interest rates will likely affect the value of the Scheme's holdings until the next reset date and thus the value of the Units of such Scheme. The value of Debt Securities held by the Scheme generally will vary inversely with changes in prevailing interest rates. Scheme could be exposed to interest rate risk:
 - (i) due to the time gap in the resetting of the benchmark rates, and

- (ii) to the extent the benchmark index fails to capture interest rate changes appropriately (spread risk): though the basis (i.e. benchmark) gets readjusted on a regular basis, the spread (i.e. markup) over benchmark remains constant. This can result in some volatility to the holding period return of floating rate instruments.

- **Settlement Risk (counterparty risk):** Specific floating rate assets may also be created by swapping a fixed return into a floating rate return. In such a swap, there is the risk that the counterparty (who will pay the floating rate return and receive the fixed rate return) may default;
- **Liquidity Risk:** The market for floating rate Securities is still in its evolutionary stage and therefore may render the market illiquid from time to time, in relation to such Securities that the Scheme is invested in.
- **Prepayment Risk:** The borrower / issuer of security may prepay the receivables prior to their respective due dates. This may result in change in the yield and tenor for the investments of the Scheme.
- **Different types of Securities in which the Scheme may invest as described in this SID carry different levels and types of risk.** Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government of India Securities. Further even among corporate bonds, bonds which are rated AAA are comparatively less risky than bonds which are AA rated.

b) Risks associated with investing in Government of India Securities

- **Market Liquidity risk with fixed rate Government of India Securities**

Even though the Government of India Securities market is more liquid compared to other debt instruments, on certain occasions, there could be difficulties in transacting in the market due to extreme volatility leading to constriction in market volumes. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes.

- **Interest Rate risk associated with Government of India Securities**

While Government of India Securities generally carry relatively minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government of India Securities. It exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the government's credit rating. By contrast, in the case of corporate or institutional fixed income Securities, such as bonds or debentures, prices are influenced by their respective credit standing as well as the general level of interest rates.

- **Risks associated with floating rate Government of India Securities**

Floating rate securities issued by the Government of India (coupon linked to Treasury bill benchmark or an inflation linked bond) have the least sensitivity to interest rate movements compared to other securities. Some of these securities are already in issue. These securities can play an important role in minimising interest rate risk in a portfolio.

- c) The risk factors associated with repo transactions in Corporate Debt Lending/Borrowing transactions:

- i. **Lending transactions:**

The Scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over- collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-

collateralization to cushion the impact of market risk on sale of underlying security.

ii. **Borrowing transactions:**

In the event of the Scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

c) **Risks Associated with Derivatives**

The Scheme may use derivatives in connection with its investment strategies.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in Securities and other traditional investments. Derivatives may be riskier than other types of investments because they may be more sensitive to changes in economic or market conditions than other types of investments and could result in losses that significantly exceed the Scheme's original investment. Certain derivatives may give rise to a form of leverage. As a result, the Scheme may be more volatile than if the Scheme had not been leveraged because the leverage tends to exaggerate the effect of any increase or decrease in the value of the Scheme's portfolio.
- The Scheme may invest in derivative products in accordance with and to the extent permitted under the SEBI Regulations. The use of derivatives requires an understanding of the underlying instruments and the derivatives themselves. The risk of investments in derivatives includes mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limits or circuit breakers / filters, the Scheme may face a liquidity issue.
- The option buyer's risk is limited to the premium paid, while the risk of an option writer is unlimited. However, the gains of an option writer are limited to the premiums earned. All option positions will have underlying assets in case of the Scheme, all losses due to price-movement beyond the strike price will actually be an opportunity loss.
- The relevant stock exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.
- Investments in index futures face the same risk as investments in a portfolio of shares or Securities representing an index. The extent of loss is the same as in the underlying shares or Securities.
- The Scheme bears a risk that the Fund Managers may not be able to correctly forecast future market trends or the value of assets, indexes or other financial or economic factors in establishing derivative positions for the Scheme.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- As and when the Scheme trades in derivative products, there are risk factors and issues concerning the use of derivatives that investors should understand. Derivatives require the maintenance of adequate controls to monitor such transactions and the embedded market risks that a derivative adds to the portfolio.

Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives.

Other risks in using derivatives include but are not limited to:

- (a) **Credit Risk:** This occurs when a counterparty defaults on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price, in order to maintain the validity of the hedge.
- (b) **Market Liquidity Risk:** This is where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- (c) **Model Risk:** This is the risk of mis-pricing or improper valuation of derivatives.
- (d) **Basis Risk:** This is when the instrument used as a hedge does not match the movement in the instrument / underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer / industry assets.
- d) **Risk factors associated with Repo transactions in Corporate Debt:**

Lending transactions:

The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However, in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

Borrowing transactions:

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

e) **Risks associated with segregated portfolio:**

- 1) Unit holder holding units of Segregated Portfolio may not able to liquidate their holdings till the recovery of money from the issuer.
- 2) Portfolio comprising of Segregated Portfolio may not realise any value or may have to be written down.
- 3) Listing of units of Segregated Portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

RISK MITIGATION FACTORS

Risk and Description specific to Debt Securities	Risk Mitigants / Management Strategy
Market Risk	In a rising interest rates scenario the Fund Managers will endeavour to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.

Liquidity or Marketability Risk	Although the domestic debt markets are maturing rapidly with liquidity emerging in various debt segments through the introduction of new instruments and investors, Fund Managers will endeavour to allocate the assets of the Scheme between various money market and fixed income Securities with the objective of achieving optimal returns while maintaining liquidity. The actual percentage of investment in various money market and other fixed income Securities will be decided after considering the economic environment including interest rates and inflation, the performance of the corporate sector and general liquidity and other considerations in the economy and markets.
Credit Risk	With reference to the separate due diligence of the counter parties, in addition to the credit rating, the AMC takes into consideration the following parameters while investing: (i) The exposure to a counter party is based on the net worth of the counterparty. The Fund Managers would do a risk assessment of the issuer before making the investments. Further, continuous monitoring of the net worth of the issuer is done. The risk assessment by the Fund Managers includes the monitoring of the following: I. Capital Structure II. Debt Service coverage ratio III. Interest coverage IV. Profitability margin V. Current ratio
	(ii) The Fund Managers determine the sector to which the counter party relates. The Fund Managers assign risk weighing to sectors and shall not invest in sectors which carry a high credit risk. The risk weighing are based upon various factors like the nature of products / services of the sector, current state and future outlook for the sector, subsidies provided to the sector and government regulations for the sector. (iii) The Fund Managers shall also check the track record of the company in terms of its financials and default history to its creditors. (iv) The Fund Managers shall consider the track record of the sponsor / parent of the counterparty. It includes the financials of the sponsor / parent company and whether the parent / sponsor has defaulted in the past. (v) The Fund Managers can also have a call with the Management of the issuer as a part of its research of the issuer. (vi) The Fund Managers will also check for Credit Default Swaps spreads of the issuer in global market, if any available.

II. Information about the scheme:

A. Where will the scheme invest?

Subject to the Regulations, the corpus of the Scheme will mainly be invested in any (but not exclusively) of the following securities:

Scheme may invest in the following asset classes:

- Investments will be restricted to sovereign Securities issued by the Central Government and / or a State Government viz. Government of India dated Securities, treasury bills and State Government dated Securities as per the limits specified in the asset allocation table above, subject to permissible limits laid under SEBI Regulations.
- REPO as permitted by the RBI, Collateralized Borrowing and Lending Obligations and any other like instruments as specified by the RBI from time to time;
- units of liquid mutual funds.
- Domestic derivatives like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements and such other derivative instruments as may be permitted under the SEBI Regulations.
- For the purpose of further diversification and liquidity, Scheme may invest in other Liquid schemes and schemes primarily investing in Government securities managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the asset management company of any other mutual fund shall not exceed 5% of the net asset value of the Mutual Fund.
- Any other Securities, asset class, instruments and units of mutual fund schemes as permitted under the SEBI Regulations.

The Scheme shall not:

- (a) invest in foreign Securities;
- (b) engage in short selling, stock lending and borrowing;
- (c) invest in securitized debt;
- (d) invest in usance bills; and
- (e) invest in unrated Securities.

Change in Investment Pattern

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above in Paragraph C of this Section II are only indicative and not absolute and that they can vary substantially depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unit Holders. Such changes in the investment pattern will be for short term and defensive considerations in line with SEBI circular no. SEBI/HO/IMD/ DF2/CIR/P/2021/024 dated March 4, 2021. In the event of deviations, rebalancing will be carried out within 30 (Thirty) calendar days from the date of the said deviation.

In the event of deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMCs), the same will be rebalanced within 30 business days. In case the asset allocation is not rebalanced within 30 business days justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee (IC). The IC can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of schemes is not rebalanced within the aforementioned mandated plus extended timelines, AMCs shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii. not levy exit load, if any, on the exiting investors.

AMCs will report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of the scheme, the investors will be immediately informed through SMS and email / letter including details of portfolio not rebalanced.

Email / Letter and SMS will also be immediately triggered as and when the rebalancing of portfolio takes place. The same will also be communicated to investors through periodic portfolio disclosures as

mandated by SEBI.

The above norms shall be applicable to main portfolio and not to segregated portfolio(s). The above is in line with SEBI circular no SEBI/HO/IMD/IMD-II DOF3/P/CIR/2022/39 dated March 30, 2022 as amended from time to time.

Subject to the above, any change in the asset allocation affecting the investment profile of a Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI Regulations, as detailed later in this SID.

1. Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The above-mentioned securities could be listed, unlisted, secured, unsecured, rated or unrated and may be acquired through Primary, secondary market offerings, private placements, rights offer etc. Further, investments in debentures, bonds and other fixed income securities will usually be in **instruments, which have been assigned investment grade ratings by an approved rating agency**. In cases where the debt instrument is unrated, specific approval from the Board of the Asset Management Company and the Board of Trustees shall be obtained. However, the same shall be subject to limitations as contained in clause 1 and 1A, of Schedule VII to SEBI (Mutual Funds) Regulations, 1996.

B. What are the investment restrictions?

i. Disclosure and investment restrictions

All investments by the Scheme will be made in accordance with the investment objective, investment strategy and investment pattern described in this SID. However the following investment restrictions in accordance with and subject to the SEBI Regulations shall apply to the Scheme at the time of making the investments :

- I. The Scheme shall adhere to following limits for investments in Debt and Money Market Instruments issued by a single issuer:

Credit Rating	Maximum Limit (% of net assets)
AAA	10
AA (including AA+ and AA-)	8
A (including A+) & below	6

The above limits may be extended by up to 2% of the NAV of the Scheme with prior approval of the Board of Trustees and AMC, subject to compliance with the overall 12% limit.

Provided that such limits shall not be applicable for investments in Government Securities, treasury bills, and Triparty Repo on G-Secs & T-Bills.

- 1A. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted non- convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time.

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

2. Transfers of investments from one scheme to another scheme in the Mutual Fund shall be made only if:
- such transfers are done at the prevailing market price for quoted instruments on spot basis. (Explanation: "spot basis" shall have the same meaning as specified by relevant stock exchange for spot transactions.)
 - the Securities so transferred shall be in conformity with the investment objective of the Scheme to

which such transfer has been made.

3. Scheme may, without charging any additional management fees, invest in other schemes managed by the AMC or by the asset management company of any other mutual fund, provided that the aggregate inter-scheme investment made in all schemes under the same management or in schemes under the management of any such other asset management company shall not exceed 5% of the net asset value of the Mutual Fund.

4. Scheme shall buy and sell Securities on the basis of deliveries and shall in all cases of purchases, take delivery of the relevant Securities and in all cases of sale deliver the Securities.

The sale of Government of India Securities already contracted for purchase shall be permitted in accordance with the guidelines issued by RBI in this regard.

5. Pending deployment of funds of a Scheme in Securities in accordance with the terms of investment objectives of the Scheme, Scheme can invest such funds in short-term deposits of scheduled commercial banks, in accordance with the SEBI Regulations. The investments in these deposits shall be in accordance with SEBI Circular nos. SEBI/IMD/CIR No. 1/91171/07, SEBI/IMD/CIR No. 8/107311/07, SEBI/IMD/CIR No. 7/129592/08

dated April 16, 2007, October 26, 2007 and June 23, 2008, respectively and any other applicable guidelines. Further the AMC will not charge any investment management and advisory fees for placing these funds of a Scheme in short term deposits of scheduled commercial banks.

6. Scheme shall not make any investment in:
 - i. any unlisted security of an associate or group company of the Sponsor; or
 - ii. any security issued by way of private placement by an associate or group company of the Sponsor; or
 - iii. the listed Securities of group companies of the Sponsor which are in excess of 25% of its net assets.

7. Scheme shall not make any investment in any fund of funds scheme.

8. The Mutual Fund shall get the Securities purchased or transferred will be held in the name of the Mutual Fund on account of the relevant Scheme, wherever investments are intended to be of long-term nature.

9. The Scheme shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of redemption of Units or payment of interest and IDCW to the Unit holders.

Provided that the Mutual Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

10. No loans would be made by the Mutual Fund except as provided in the SEBI Regulations.

11. The Scheme shall not have total exposure in a particular sector (excluding investments in Bank CDs, Tri-party Repo, G-Secs, TBills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme;

Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs);

Further, an additional exposure of 5% of the net assets of the Scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio;

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/exposure in HFCs shall not exceed the sector exposure limit of 20% of the net assets of the scheme.

12. a) The Scheme shall not have total exposure in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) exceeding 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.

Further, in accordance with paragraph 12.9.3.2 of the Master Circular for Mutual Funds dated June

27, 2024, investments by debt mutual fund schemes in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees.

- b) For this purpose, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

ii. Guidelines governing investments in Securities

The AMC will follow a policy where, before any investment is made in any instrument, a research report will be prepared by the fund managers/research analyst which will analyze the instruments. The research report shall be reviewed at least on a half yearly basis. The recommendations of the research report shall not, however, be binding on the fund managers, the AMC, the Scheme or the Mutual Fund.

Any purchase which is made against the recommendations of the research recommendation shall be backed by the reasons for the same by the concerned fund managers. For investment into companies for which there is a pre existing research report that is not dated more than six months from the day of the proposed investment, the investment can be made by the fund managers directly. However, if the research report is dated more than six months without any subsequent update then a fresh report will required.

The investment philosophy of the AMC shall be directed towards providing stable returns with a low risk strategy and capital appreciation / accretion through investment in debt instruments and related Securities besides preservation of capital. The Scheme shall invest only in debt Securities with credit rating of AA- and above.

iii. Guidelines governing investments in Government of India Securities

As per the SEBI Regulations and investment restriction guidelines issued by SEBI, the AMC will follow a policy wherein each decision of purchase / sale of Government of India Securities and Money Market Instruments shall be recorded. A weekly report relating to the portfolio of the Scheme will be reviewed by the Investment Committee of the AMC.

Investment and security selection of all kind of Debt Securities including Government of India Securities, State Government securities, and Government guaranteed debt is given to the relevant Fund Managers of the AMC with the responsibility on the relevant Fund Managers to ensure conformity with the specified minimum credit rating standards for the purpose of managing credit risk and portfolio credit risk. All investments in Government of India Securities shall be done in accordance with SEBI / RBI guidelines.

vi. Repo in Corporate Debt

Below stated conditions and norms shall apply to repo in corporate debt securities, which are subject to change as may be prescribed by SEBI and/or RBI from time to time:

- (i) Any scheme shall not lend/borrow more than 10% of its net assets in repo against corporate debt securities.
- (ii) The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt, derivatives and any other permitted assets shall not exceed 100% of the net assets of the Scheme.
- (iii) The exposure limit/investment restrictions prescribed under the Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996 and circulars issued there under (wherever applicable) shall be applicable to repo transactions in corporate debt securities.
- (iv) The schemes shall borrow through repo transactions in corporate debt securities only in line with the policy approved by the Board of Directors of the AMC and the Trustee Company.

iv. Investment Restrictions pertaining to debt derivatives Derivatives products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund managers to identify such opportunities. Identification and execution of the strategies involve uncertainty and the decision of the fund managers may not always be profitable. No assurance can be given that the fund managers will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from, or possibly greater than, the risks associated with investing directly in securities and other traditional investments. In terms of Circular No.

MFD.BC.191/07.01.279/ 1999-2000 and MPD.BC.187 /07.01.279/1999-2000 dated November 1, 1999 and July 7, 1999 respectively issued by the RBI permitting participation by mutual funds in interest rate swaps and forward rate agreements, the Scheme will use derivative instruments for the purpose of hedging and portfolio balancing.

Further, the guidelines issued by the RBI from time to time for forward rate agreements and interest rate swaps and other derivative products will be adhered to by the Scheme.

Interest Rate Swaps (“IRS”)

An IRS is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed to floating rate swap where one party receives a fixed (pre-determined) rate of interest while the other receives a floating (variable) rate of interest.

Interest Rate Futures (“IRF”)

IRF means a standardized interest rate derivative contract traded on a recognized stock exchange to buy or sell a notional security or any other interest bearing instrument or an index of such instruments or interest rates at a specified future date, at a price determined at the time of the contract.

Example of an IRF Contract Specification:

A 10 year IRF Contract will be having the following specifications:

- Underlying - 10 year coupon bearing Government of India Security
- Notional Coupon - 7.00% semi annual (day count 30 / 360)
- Contract Size - R2,00,000
- Available Contracts - Quarterly contracts expiring in the months of March, June, September and December
- Deliverable Month - From 1st of the contract expiry month to last day of contract expiry month i.e. 1 month
- Tenor - The maximum maturity of the contract is 12 months
- Last Delivery Day - Last Business Day of the month
- Trading Hours - 9.00 a.m. to 5.00 p.m.
- Limits have been placed on gross open positions of clients across all contracts at 6% of the total open interest of R 300 crores, whichever is higher.
- Quotations - Similar to the price of a GoI security, having a day count convention of 30 / 360.

IRF for Hedging

Interest rate futures can also be used for hedging purpose as follows:

- Hedging for increase in interest rates: In this case a decrease in the value of the portfolio can be hedged by taking a short position. If interest rates do increase, the portfolio value will decrease but the value of the futures will increase.
- Changing duration of bond portfolio: Broadly, futures can be purchased to increase the duration of the portfolio or sold to decrease the duration of the portfolio.

Example -

A debt mutual fund can effectively use IRFs to hedge from increase in interest rates. The fund has to short IRFs to hedge its position.

Amount Invested in 9.125% 10 Yr GSec 54,00,000.00

View	Yields likely to go up in next one month
Current Yield from Bonds	9.125%
Price	100.00
No. of bonds held	54,000.00
March Futures Price	92.0500
Settlement Date	1st October, 2009
Futures expiry	31st March, 2010
Yield on futures	8.18%
No. of contracts purchased	27.00

After 1 month Yield on Bonds	9.852%
Price	95.4489
Loss on Bond	-2.45,759.00
Futures yield after 1 month	8.87%
Futures Price	87.8225
Profit on futures contract	2,28,245.00
Net Gain / (Loss)	-17,474.00

Note: The hedge needs to be monitored regularly to make it more effective and the hedge ratio needs to be applied to determine the number of futures contracts required to hedge the cash bond position.

A mutual fund can also hedge its corporate bond portfolio by using IRFs. However this will be a cross hedge and may not be as effective as hedging a government bond portfolio.

Forward Rate Agreement ("FRA")

A FRA is basically a forward starting IRS. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

Example of a derivatives transaction:

Basic Structure of a Swap

Bank A has a six-month R 10 crores liability, currently being deployed in call. Bank B has a R 10 crores, six-month asset, being funded through call. Both banks are running an interest rate risk. To hedge this interest rate risk, they can enter into a six-month MIBOR (Mumbai Inter Bank Offered Rate) swap. Through this swap, Bank A will receive a fixed pre-agreed rate (say 7%) and pay "call" on the NSE Mumbai Inter Bank Offer Rate ("benchmark rate"). Bank A paying at "call" on the benchmark rate will hedge the interest rate risk of lending in call. Bank B will pay 7% and receive interest at the benchmark rate. Bank A receiving of "call" on the benchmark rate will hedge its interest rate risk arising from its call borrowing.

The mechanism is as follows:

- Assume the swap is for R 10 crores March 1, 2005 to September 1, 2005. Bank A is a fixed rate receiver at 7% and Bank B is a floating rate receiver at the overnight compounded rate.
- On March 1, 2005, Bank A and Bank B will exchange only an agreement of having entered this swap. This documentation would be based on an International Swaps and Derivatives Association template.
- On a daily basis, the benchmark rate fixed by NSE will be tracked by them. On September 1, 2005 they will calculate the following:
- Bank A is entitled to receive interest on R 10 crores at 7% for 184 days i.e. R35.28 lakhs, (this amount is known at the time the

swap was concluded) and will pay the compounded benchmark rate.

- Bank B is entitled to receive daily compounded call rate for 184 days and pay 7% fixed.
- On September 1, 2005, if the total interest on the daily overnight compounded benchmark rate is higher than R35.28 lakhs, Bank A will pay Bank B the difference. If the daily compounded benchmark rate is lower, then Bank B will pay Bank A the difference.
- Effectively, Bank A earns interest at the rate of 7% p.a. for six months without lending money for six months fixed, while Bank B pays interest @ 7% p.a. for six months on R 10 crores, without borrowing for six months fixed.

As per the above mentioned RBI circulars, mutual funds are permitted to do interest rate swaps / forward rate agreements for hedging purposes only. Accordingly, the AMC would undertake the same for similar purposes only. IRS and FRAs also have inherent credit and settlement risks. However, these risks are reduced as they are limited to the interest streams and not the notional principal amounts. Investments in derivatives will be in accordance with the SEBI Regulations / guidelines and derivatives shall be used for hedging and / or portfolio balancing purposes, as permitted under the Regulations. The circumstances under which such transactions would be entered into would be when, using the IRS route, it is possible to generate better returns / meet the objective of the Scheme at a lower cost. For example, if buying a two-year Mumbai Inter Bank Offer Rate based instrument and receiving the two-year swap rate yields better return than buying the two-year AAA corporate instrument, the Scheme would endeavour to do that. Alternatively, the Scheme would also look to hedge existing fixed rate positions if the view on interest

rates is that they are likely to rise in the future.

These investment limitations / parameters as expressed (linked to the net asset / net asset value / capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Trustee / AMC, any such limits would thereby be breached.

Apart from the investment restrictions prescribed under the SEBI Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The Mutual Fund shall get the Securities purchased or transferred in the name of the Mutual Fund on account of the Scheme wherever investments are intended to be of a long term nature.

The Trustee / AMC may alter these above stated limitations from time to time (as also the provisions of the Trust Deed) and also to the extent the SEBI Regulations change so as to permit the Scheme to make its respective investments in the full spectrum of permitted investments in order to achieve its investment objectives.

In addition to the investment restrictions prescribed by SEBI Regulations, the AMC / the Trustee may also prescribe certain internal risk mitigating parameters / procedures from time to time to limit exposure of the Scheme in certain Securities, in order to overcome volatile market conditions.

The Mutual Fund shall make investment out of the NFO proceeds only on or after the closure of the NFO Period.

All investment restrictions shall be applicable at the time of making investment.

In terms of SEBI circular SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025 any passive breaches of the limits mentioned above due to various reasons such as corporate action, substantial rise/ fall in the price of an underlying scrip, maturity of any underlying security, large redemptions, etc., which may not be out of omission and commission of AMCs shall be rebalanced in line with Paragraph 2.9 of the SEBI Master Circular for Mutual Funds dated June 27, 2024.

These investment restrictions shall be applicable at the time of investment and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Schemes of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unit holders.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Schemes to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective. As such all investments of the Schemes will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

• POSITION OF BOND MARKETS IN INDIA

India's bond market has witnessed a rapid growth in the last five years. The aggregate Face Value of bonds was ₹ 183 trillion (\$2.30 trillion) as on June 2022 according to data from RBI, SEBI and CCIL.

India's bond market comprises mainly of sovereign bonds, corporate bonds, and money market assets. Sovereign bonds comprised 70%; corporate bonds were 21% while money market assets comprised 9% of the aggregate Face Value of bonds as of June 2022.

Sovereign bonds are issued by the Government of India & Indian States to finance their budget deficits. The budget deficit is generally announced in the Union Budget for the next financial year. It is widely followed by the market participants for their analysis on the government finances. It forms the basis for India's monetary policy and

demand-supply dynamic in the secondary market.

The Government of India typically funds a significant portion of its budget deficit by auctioning government bonds on weekly basis. The auction calendar is made public in advance. For last few years, the government has made conscious efforts to auction bonds with residual maturity greater than ten years to lengthen its maturity profile. The government also auctions Treasury Bills on weekly basis to finance their short-term cash flow mismatches. The government's Treasury Bill auction calendar is also available for market participants in advance. The government auctions 91-day, 182-day, 364-day treasury bills on every Wednesday. Indian states also borrow in the bond market by auctioning State Development Loans (SDL) on every Tuesdays. These bonds are mostly purchased by Banks, Insurance companies as well as other market participants due to their sovereign nature, superior secondary market liquidity and statutory holding requirements by the regulators.

Indian corporate entities as well as Public Financial Institutions typically borrow wholesale money from the debt capital market. Primary supply of corporate bonds has been steadily increasing in the last three years in proportion to the increase in the demand for quality assets from mutual funds, insurance companies, foreign portfolio investors and pension funds.

As on June 30, 2022, size of the Indian government bond market is around 83 trillion, which is distributed amongst 98 unique issues. As compared to that India's corporate bond market is more fragmented. The total corporate bond market size is around ₹ 40 trillion, which is distributed amongst ~29,750 unique issues.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s) / Option(s) thereunder and affect the interests of Unit holders is carried out unless:

1. The Trustees have taken/received comments from SEBI in this regard before carrying out such changes.
2. An addendum to the existing SID shall be issued and displayed on AMC website immediately.
3. A written communication about the proposed change is sent to each Unit holder and an public notice / advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated;
4. The Unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load; and
5. The SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days from the notice date).

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF): Not Applicable

E. Principles of incentive structure for market makers: Not Applicable

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes)

– Not Applicable

G. Other Scheme Specific Disclosures:

Listing and transfer of units	Not Applicable
Dematerialization of units	The Unit holders will have an Option to hold the units by way of an Account Statement or in Dematerialized ('Demat') form. Unit holders opting to hold the units in Demat form must provide their Demat Account details in the specified section of the application form. The Applicant intending to hold the units in Demat form are required to have a beneficiary account with a Depository Participant (DP) registered with NSDL / CDSL and will be required to indicate in the application the DP's name, DP ID Number and the Beneficiary Account Number of the applicant held with the DP at the time of purchasing Units. Unitholders are requested to note that request for conversion of units held in Account Statement (non-demat) form into Demat (electronic) form or vice versa should be submitted to their Depository Participants. In case Unit holders do not provide their demat account details or the demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect and accordingly an account statement shall be sent to them. In case of Investors investing through SIP facility and opting to hold the Units in Demat form, the units will be allotted based on the Applicable Net Asset Value (NAV) and the same will be credited to investor's Demat Account on weekly basis on realization of funds.
Minimum Target amount	Not Applicable
Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy (IDCW)	● IDCW Distribution Procedure: SEBI Circular lays down the procedure for Declaration of IDCW which clearly says that quantum of IDCW and record date shall be fixed by the Board of Trustees and AMC shall issue a notice to the public communicating the decision about IDCW including the record date, within one calendar day of the decision made by the Board of Trustees in their meeting. Record date shall be the date that will be considered for the purpose of determining the eligibility of investors whose name appears on the register of Unit holders. Record date shall be 2 working days from the issue of notice. The Trusteeship Company reserves the right to declare IDCW on a regular basis. The Fund does not guarantee or assure declaration or payment of IDCW. Although the Trustees have intention to declare IDCW under IDCW Option, such declaration of IDCW if any, is subject to Scheme's performance & the availability & adequacy of distributable surplus in the Scheme at the time of declaration of such IDCW. Investors should note that, when the Mutual Fund declares a IDCW under the Scheme, the IDCW warrants shall be dispatched within 7 working days of the declaration of the IDCW. The requirement of giving notice & the

	above laid procedure shall not be compulsory for Scheme/plan/option having frequency of IDCW distribution from daily upto monthly IDCW. Further, investors are request to note that the amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. • Effect of IDCWs: When IDCWs are declared and paid under the Scheme, the net assets attributable to Unit holders in the IDCW Option will stand reduced by the IDCW amount subject to IDCW distribution tax and statutory levy if any. The NAV of the Unit holders in the Growth Option will remain unaffected by the payment of IDCW. Even though the asset portfolio will be un-segregated, the NAVs of the Growth Option and IDCW Option will be distinctly different after declaration of the first IDCW to the extent of distributed income, tax and statutory levy paid thereon, where applicable, and expenses relating to the distribution of IDCWs. • Mode of Payment of IDCWs: The Scheme proposes to pay IDCW by Direct Credit or through RTGS or NEFT or any other EFT means. RBI offers the facility of EFT for facilitating better customer service by direct credit of IDCW amount to a Unit holder's bank account through electronic credit which avoids loss of IDCW in transit or fraudulent encashment. The Mutual Fund will endeavour to offer this facility for payment of IDCW/repurchase proceeds to the Unit holders residing in any of the cities where such a Bank facility is available. The Fund is arranging with selected bankers to enable direct credits into the bank accounts of the investors at these banks. If an investor has an account with a bank with which the Fund will tie up for direct credit, the IDCW amount will be credited directly to the bank account, under intimation to the Unit holder by email/SMS/post. The Mutual Fund, on a best effort basis, and after scrutinising the names of the banks where Unit holders have their accounts, will enable direct credit/RTGS/NEFT/ to the Unit holders' bank accounts. While the preferred mode of payment is through EFT route, the AMC is at the sole discretion to pay IDCW by any other means (including at par cheques and demand drafts, where the EFT facility is not available in a particular city or Bank or as the Trusteeship Company or the AMC deems fit in the interest of investors.) All the IDCW payments shall be in accordance and compliance with SEBI Regulations, as amended from time to time. If Unit holders have opted for IDCW Payout Option, if the IDCW amount payable to such Unit holders (net of tax deducted at source, wherever applicable) is less than or equal to Rs. 250, following treatment shall be: Where the option to payout IDCW is available in electronic mode: The IDCW amount shall be paid to the Unit holders. However, if the payment through electronic mode is unsuccessful, the AMC shall issue IDCW warrant for such amount; and
--	--

	b. Where the option to payout IDCW is not available in electronic mode: The IDCW shall be mandatorily reinvested in the respective Scheme/Plan by issuing additional Units at the applicable ex-IDCW NAV.
Allotment	All applicants whose cheques towards purchase of Units have been realised will receive a full and firm allotment of Units, provided that the applications are complete in all respects and are found to be in order. New investors may apply for Units by filling up the Application Form. Existing Unit Holders can apply for Units using the Transaction Slip. All valid applications will be allotted Units at the Applicable NAV for the application amount. The Trustee retains the sole and absolute discretion to reject any application. For details of dispatch of Account Statement, please refer the paragraph on “Account Statement” in this section below. Allotment Confirmation/Account Statement (for non-demat account holders): · On acceptance of application for subscription, an Allotment Confirmation/Account statement specifying the number of units allotted will be sent by way of SMS and/or email and/or ordinary post, to the investors who have not opted to hold units in demat (electronic) mode within 5 Business Days from the date of receipt of transaction request from the Unit holder. The Account Statement shall be non-transferable. Despatch of Account Statements to NRIs/FIIs will be subject to RBI approval, if required. A Consolidated Account Statement (CAS) shall also be sent to the Unit holder in whose folio transactions have taken place during that month, on or before 15th of the succeeding month by mail/e-mail. In case of specific request received from investors, Mutual Fund will provide an account statement to the investors within 5 Business Days from the receipt of such request. Allotment Advice/Holding Statement (demat account holders): · For investors who have opted to hold units in demat (electronic) mode, Units issued by the AMC shall be credited by the Registrar to the investor's beneficiary account with the DP as per information provided in the Application Form. Such investors will receive the holding statement directly from their depository participant (DP) at such a frequency as may be defined in the Depository Act or Regulations or on specific request. Normally no unit certificates will be issued. However, on request from the unit holder, unit certificates will be issued for the same. The AMC will issue a unit certificate to the applicant within 5 business days of the receipt of request for the certificate. Unit certificate, if issued, must be duly discharged by the unit holder(s) and surrendered along with the request for redemption/switch or any other transaction of units covered therein. The AMC shall, on production of instrument of transfer together with relevant unit certificates, register the transfer and return the unit certificate to the transferee within 30 days from the date of such production. Consolidated Account Statement (CAS): CAS shall also be sent to the Unit holder in whose folio transactions have taken place during that month: - Monthly basis- on or before 15th of the succeeding month in case of delivery via. physical mode and on and before 12th of the succeeding month in case of delivery via. electronic mode - Half yearly basis- on or before the twenty-first (21st) day of April and October in case of delivery via physical mode and on and before

	eighteenth (18th) day of April and October incase of delivery via. electronic mode In the event the account has more than one registered Unit holder, the first named Unit holder shall receive the CAS. In case of specific request received from investors, Mutual Fund will provide an account statement to the investors within 5 Business Days from the receipt of such request
Refund	Not Applicable

	with the proof of authorization to invest, as applicable, to the KYC Registration Agency (KRA) registered with SEBI. 5. The Government of India has authorized the Central Registry of Securitization and Asset Reconstruction and Security Interest of India (CERSAI, an independent body), to perform the function of Central KYC Records including receiving, storing, safeguarding and retrieving KYC records in digital form. Accordingly, in line with SEBI circular nos. CIR/MIRSD/66/2016 dated July 21, 2016 and CIR/MIRSD/120/2016 dated November 10, 2016 on Operationalisation of Central KYC (CKYC), read with AMFI Best Practice Guidelines circular no. 68/2016-17 dated December 22, 2016, new individual investors investing into the Fund are requested to comply with the CKYC norms. 6. It is compulsory for investors to give certain mandatory disclosures while applying in the Scheme like bank details & PAN/PEKRN copy etc. For details please refer SAI. 7. The Trustee may also periodically add and review the persons eligible for making application for purchase of Units under the Scheme. 8. The minor unitholder, on attaining majority, shall inform the same to AMC / Mutual Fund / Registrar and submit following documents to change the status of the account (folio) from 'minor' to 'major' to allow him/her to operate the account in his/her own right viz., (a) Duly filled request form for changing the status of the account (folio) from 'minor' to 'major'; (b) updated bank account details including cancelled original cheque leaf of the new account; (c) Signature attestation of the major by a bank manager of Scheduled bank / Bank certificate or Bank letter; (d) KYC acknowledgement letter of major. The guardian cannot undertake (financial/ non-financial transaction including existing Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Systematic Withdrawal Plan (SWP) after the date of minor attaining majority) till the time the change in the status from 'minor' to 'major' is registered in the account (folio) by the AMC/ Mutual Fund. The AMC/RTA will execute standing instructions like SIP, STP, SWP etc. in a folio of minor only upto the date of minor attaining majority though the instruction may be for the period beyond that date. The above provisions are in line with the Paragraph 18.5 of SEBI Master Circular dated June 27, 2024. 9. Payment for investment by minor in any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. The above provisions are in line with the SEBI circular no. SEBI/HO/IMD/POD-II/CIR/P/2023/0069 dated May 12, 2023. 10. The Fund / AMC / Trustees / other intermediaries will rely on the declarations/affirmations provided by the Investor(s) in the Application/ Transaction Form(s) and the documents furnished to the KRA that the Investor(s) is permitted/ authorised by the constitution document/ their Board of Directors etc. to make the investment / transact. Further, the Investor shall be liable to

	indemnify the Fund / AMC / Trustee / other intermediaries in case of any dispute regarding the eligibility, validity and authorization of the transactions and / or the applicant who has applied on behalf of the Investors. The Fund / AMC / Trustee reserves the right to call for such other information and documents as may be required by it in connection with the investments made by the investor. Investors are requested to view full details on eligibility /non-eligibility for investment in the Scheme mentioned in the SAI under the head “Who Can Invest” & also note that this is an indicative list and you are requested to consult your financial advisor to ascertain whether the Scheme is suitable to your risk profile. Foreign Account Tax Compliance Act (commonly known as “FATCA”): The Foreign Account Tax Compliance Act is a United States (US) federal law, aimed at prevention of tax evasion by US Citizens and Residents (“US Persons”) through use of offshore accounts. The Government of India and the US have reached an agreement in substance on the terms of an Inter-Governmental Agreement (“IGA”) to implement the FATCA provisions, which have become globally applicable from July 1, 2014. Edelweiss Mutual Fund (“the Fund”)/ Edelweiss Asset Management Limited (“the AMC”) is classified as a FFI under the FATCA provisions, in which case the Fund / AMC is required, from time to time, to: (i) undertake necessary due diligence process by collecting information/documentary evidence of the US/non US status of the investors; (ii) disclose/report information as far as may be legally permitted about the holdings/investment returns pertaining to reportable accounts to the US Internal Revenue Service and/or such Indian authorities as may be specified under FATCA or other applicable laws and (iii) carry out such other activities as prescribed under the FATCA provisions, as amended from time to time. FATCA due diligence will have to be directed at each investor/unit holder (including joint investors) and on being identified as a reportable person/specified US person, all the folios will be reported. Further, in case of folio with joint investors, the entire account value of investment portfolio will be attributable under each such reportable person. Investors/Unit holders would therefore be required to furnish such information to the Fund/AMC, from time to time, in order to comply with the reporting requirements stated in the IGA and or circulars/guidelines issued by SEBI/AMFI in this regard. The impact of FATCA is relevant not only at the point of on-boarding of the investors but also throughout the life cycle of the investor account / folio with the Fund. Hence investor(s) should immediately intimate the Fund/AMC, in case of any change in the FATCA related information provided by them at the time of initial subscription. The Fund/AMC reserves the right to reject any application or compulsorily redeem the units held directly or beneficially in case the applicant/investor fails to furnish the relevant information and/or documentation or is found to be holding units in contravention of the FATCA provisions.

The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not Applicable
Restrictions, if any, on the right to freely retain or dispose of units being offered	The Units of the Scheme are not transferable except Units of the Scheme held in electronic (demat) mode. In view of the same, additions / deletions of names will not be allowed under any folio of the Scheme. However, the said provisions will not be applicable in case a person (i.e. a transferee) becomes a holder of the Units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production of such satisfactory evidence and submission of such documents, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the Scheme. In line with paragraph 1.12 of the Master Circular for Mutual Funds dated June 27, 2024, has laid down the following conditions, in case the AMC wish to impose restrictions on redemption: - Restrictions may be imposed when there are circumstances leading to a systematic crisis or event that severely constricts market liquidity or the efficient functioning of market such as: - Liquidity issues - Market failures, exchange closure - Operational issues - Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. - Any imposition of restriction would require specific approval of Board of AMCs and Trustee and the same should be informed to SEBI immediately. - When restriction on redemption is imposed, the following procedure shall be applied:

	i. No redemption request upto INR 2 lakh shall be subject to such restriction. ii. When redemption request are above INR 2 lakhs, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction. For details please refer to paragraph on “Right to limit redemption, “suspension of purchase and / or redemption of Units” & paragraph on “Lien & pledge” under SAI.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance	Investors will get the Units on the basis of NAV & the time at which they apply. NAV is the Net Asset Value per Unit at the close of the Business Day on which the application for subscription/redemption/switch is received at the Designated Investor Service Center subject to its being complete in all respects and received prior to the cut-off timings on that Business Day. The AMC will calculate and disclose the NAV on every Business Day (along with sale and repurchase prices). The NAV declared at the close of every Business Day, will be uploaded on the AMFI website i.e., www.amfiindia.com and on Edelweiss Mutual Fund’s website i.e. www.edelweissmf.com by 11.00 p.m. (a) Cut off Timing for Subscriptions - Valid Applications received at the designated official point of acceptance up to cut-off time of 1:30 p.m. and the entire subscription amount credited to bank account of respective Liquid scheme before the cutoff time of 1.30 p.m. i.e. the subscription amount shall be available for utilisation before cut-off time - The closing NAV of the day immediately preceding the day of receipt of the application shall be applicable. - Valid Applications received at the designated official point of acceptance post cut-off time of 1:30 p.m. and the entire subscription amount credited to bank account of respective Liquid scheme on the day of receipt of application i.e. the subscription amount shall be available for utilisation on the same day as day of receipt of application - The closing NAV of the day immediately preceding the next business day shall be applicable. - Irrespective of the time of receipt of valid application at the designated official point of acceptance and the entire subscription amount is not credited to respective Liquid scheme account. i.e. the subscription amount is not available for utilisation before the cut-off time - The closing NAV of the day immediately preceding the day on which the funds are available for utilisation shall be applicable. For allotment of Units in respect of Purchase in the Scheme, the following needs to be complied with: - Application is received before the applicable cut-off time. - Funds for the entire amount of Subscription / Purchase as per the application are credited to the bank account of the Scheme before the cut-off time. - The funds are available for utilization before the cut-off time without availing any credit facility whether intra-day or otherwise, by the Scheme. For allotment of units in respect of switch-in to the Scheme from other schemes, the following needs to be complied with: - Application for switch-in is received before the applicable cut-off time.

	ii. Funds for the entire amount of Subscription / Purchase as per the switch-in request are credited to the bank account of the switch-in Scheme before the cut-off time. iii. The funds are available for utilization before the cut-off time without availing any credit facility whether intra-day or otherwise, by the switch-in Scheme. (b) Cut off Timing for Redemptions: As per SEBI Regulations, the cut off timing & the Applicable NAV is as under: • In respect of valid applications received upto 3 p.m. by the Mutual Fund, the closing NAV of the day immediately preceding the next Business Day of receipt of application. • In respect of valid applications received after 3 p.m. by the Mutual Fund, closing NAV of the next Business Day shall be applicable. 1) Clauses (a) and (b) shall apply to 'switch in' transactions as if they were purchase transactions and to 'switch out' transactions as if they were repurchase transactions. 2) In case of 'switch' transactions from one Scheme to another the allocation shall be in line with redemption payouts. 3) Clauses (a) and (b) shall apply to 'sweep' transactions as if they were purchase transactions and to 'reverse sweep' transactions as if they were repurchase transactions. The NAV of the Scheme will be calculated and declared by the Fund on every Business Day. The information on NAV may be obtained by the Unit holders, on any day from the office of AMC / the office of the Registrar or any of the other Designated Investor Service Centres or from www.edelweissmf.com & www.amfiindia.com. Minimum amount for purchase/redemption/switches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC.	Minimum Purchase Amount: Rs. 100/- per application & in multiples of Re. 1/- thereafter. Minimum additional purchase amount: Rs. 100/- per application & in multiples of Re. 1/- thereafter. Minimum Redemption Amount: Minimum Redemption Amount of Re. 1/- and in multiple of Re. 1/- thereafter. There will be no minimum redemption criterion for Unit based redemption. The Redemption / Switch-out would be permitted to the extent of credit balance in the Unit holder's account of the Plan(s) / Option(s) of the Scheme(s) (subject to completion of Lock-in period or release of pledge / lien or other encumbrances). For demat transactions, minimum redemption would be mandatorily 50 units.

	The AMC may revise the minimum / maximum amounts and the methodology for new/additional subscriptions, as and when necessary. Such change may be brought about after taking into account the cost structure for a transaction/account and /or Market practices and/or the interest of existing Unit holders. Further, such changes shall only be applicable to transactions from the date of such a change, on a prospective basis. <u>NOTE:</u> - Investors can purchase Units under the Scheme at the purchase price. The Unit holder can request for purchase of Units by amount or by number of Units. For details on how the Purchase Price is calculated, investors are requested to view SAI under the heading "Purchase Price". - Allotment of Units for purchases by NRIs / FIIs / PIOs shall be in accordance with RBI rules in force.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/or mobile number (whether units are held in demat mode or in account statement form). Consolidated Account Statement (CAS): CAS shall also be sent to the Unit holder in whose folio transactions have taken place during that month: - Monthly basis- on or before 15th of the succeeding month in case of delivery via. physical mode and on and before 12th of the succeeding month in case of delivery via. electronic mode - Half yearly basis- on or before the twenty-first (21st) day of April and October in case of delivery via physical mode and on and before eighteenth (18th) day of April and October incase of delivery via. electronic mode In the event the account has more than one registered Unit holder, the first named Unit holder shall receive the CAS. In case of specific request received from investors, Mutual Fund will provide an account statement to the investors within 5 Business Days from the receipt of such request For further details, refer SAI
Dividend/ IDCW	The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date.
Redemption	Redemption proceeds shall be paid to the Unitholder in the Bank Account registered with DP, through ECS, direct credit, RTGS, demand draft, etc., as the AMC may decide, from time to time, for the smooth and the efficient functioning of the Scheme. In case of failure of transfer, the AMC may issue cheque / pay order in the name and address of the unit holder (or if there is more than one holders / joint holders, the address of the first name holder), not later than 10 (Ten) working days from the date of redemption. Proceeds (cash or in-kind) shall be credited to the unit holders Bank Account / DP Account, only upon receipt of Units of the Scheme in the Scheme/Mutual Fund's DP Account. Note: The mutual fund will rely on the address and the bank account details recorded in the depository system. Any changes to the address and bank account details can be made only through the depository system.

	The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 working days from the date of redemption or repurchase. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024
Bank Mandate	It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per requirements laid down by SEBI and any other requirements stated in the Application Form. Applications without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar/AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number. The Mutual Fund offers a facility to register multiple bank accounts for pay-in & payout purposes and designate one of the registered bank account as “Default Bank Account”. Individuals, HUFs, Sole proprietor firms can register upto five bank accounts and a non-individual investor can register upto ten bank accounts in a folio. This facility can be availed by using a designated “Bank Accounts Registration Form” available at Investor Service Centers and Registrar and Transfer Agent’s offices. In case of new investors, the bank account mentioned on the purchase application form, used for opening the folio, will be treated as default bank account till the investor gives a separate request to register multiple bank accounts and change the default bank account to any of other registered bank account. Registered bank accounts may also be used for verification of pay-ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription. Default Bank Account will be used for all IDCWs and redemptions payouts unless investor specifies one of the existing registered bank account in the redemption request for receiving redemption proceeds. However, in case a Unit holder does not specify the default account, the Mutual Fund reserves the right to designate any of the registered bank accounts as default bank account. Consequent to introduction of “Multiple Bank Accounts Facility”, registering a new bank account will require a cooling period of not more than 10 days from the date of receipt of request. In the interim, in case of any IDCW/ redemption/ maturity payout, the same would be credited in the existing registered bank account. Change in Bank Mandate Change in Bank Mandate: Pursuant to AMFI communication no. 135/BP/26/11-12 dated March 21, 2012, following process changes will be carried out in relation to change in bank mandate: 1.
