HIGHLIGHTS/SUMMARY OF THE SCHEME –

INVESTMENT OBJECTIVE:

The investment objective of the Scheme is to provide capital appreciation by investing predominantly in equity and equity related instruments of sectors that could benefit from growth in consumption and related activities.

However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

LIQUIDITY:
Repurchase facility

No redemption/repurchase of units shall be allowed prior to the maturity of the Scheme. Investors wishing to exit may do so, only in demat mode, by selling through BSE Limited or any of the stock exchange(s) where units of the Scheme will be listed as the Trustee may decide from time to time.

BENCHMARK:

The performance of the Scheme would be benchmarked against Nifty India Consumption Index.

The Nifty India Consumption Index is designed to reflect the behavior and performance of a diversified portfolio of companies representing the domestic consumption sector which includes sectors like Consumer Non-durables, Healthcare, Auto, Telecom Services, Pharmaceuticals, Hotels, Media & Entertainment, etc. The Nifty India Consumption Index comprises of 30 companies listed on National Stock Exchange. The Nifty India Consumption Index represents about 17.5% of the free float market capitalization of the stocks listed on NSE and 63.7% of the free float market capitalization of the stocks forming part of the Consumption sector universe as on March 31, 2016.

The Trustees reserve the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

TRANSPARENCY/NAV DISCLOSURE:

The AMC will calculate and disclose the first NAV within 5 business days from the date of allotment. Subsequently, the NAV will be calculated and disclosed at the close of every business day. NAV shall be published in at least two daily newspapers having circulation all over India. The AMC shall disclose portfolio of all the Schemes on the website www.icicipruamc.com along with ISIN on a monthly basis as on last day of each month, on or before tenth day of the succeeding month. As required under SEBI (Mutual Funds) Regulations, 1996, portfolio of the Scheme would be published on a half yearly basis in one English daily newspaper circulating in the whole of India and in a newspaper published in the language of the region where the Head office of the Mutual Fund is situated within one month from the close of each half year (March 31 and September 30). The Mutual Fund shall also disclose the full portfolio of the Scheme at least on a half-yearly basis on the website of AMC and AMFI. Since the Scheme is a new Scheme, Top 10 Holdings and Sector wise holdings are not available.

AMC shall update the NAVs on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) and AMC website (www.icicipruamc.com) by 9:00 p.m. on every Business Day. In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

LOADS:

ICICI Prudential Bharat Consumption Fund – Series 2 – Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund.

Dividends, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders whose names appear in the Register of Unit holders on the record date. In case of Units held in dematerialized mode, the Depositories (NSDL/CDSL) will give the list of demat account holders and the number of Units held by them in electronic form on the Record date to the Registrars and Transfer Agent of the Mutual Fund. Further, the Trustee at its sole discretion may declare dividend. However, it must be distinctly understood that the actual declaration of dividend and the frequency thereof will inter-alia, depend on the availability of distributable profits as computed in accordance with SEBI Regulations. The decision of the Trustee in this regard shall be final. On payment of dividends, the NAV will stand reduced by the amount of dividend and dividend tax (if applicable) paid.

The Trustee reserves the right to introduce/ alter/ extinguish any of the option at a later date.

REPATRIATION

Repatriation benefits would be available to NRIs/PIOs/FIIs, subject to applicable Regulations notified by Reserve Bank of India from time to time. Repatriation of these benefits will be subject to applicable deductions in respect of levies and taxes as may be applicable in present or in future.

ELIGIBILITY FOR TRUSTS

Religious and Charitable Trusts are eligible to invest in the Scheme, if the provisions of the respective constitution under which they are established permits to invest, under the Scheme under the provisions of Section 11(5)(xii) of the Income Tax Act, 1961 read with Rule 17C of Income-tax Rules, 1962.

I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involve investment risks such as trading volumes, settlement risks, liquidity risks, default risks, including the possible loss of principal.
- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- As with any securities investment, the NAV of the Units issued under the Scheme can go up or down depending on the factors and forces affecting the capital markets.
- Past performance of the Sponsors, AMC/Fund does not indicate the future performance of the Schemes of the Fund.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the contribution of an amount of Rs 22.2 lakhs collectively made by them towards setting up the Fund and such other accretions and additions to the corpus set up by the Sponsors.
- The present scheme is not a guaranteed or assured return scheme.
- ICICI Prudential Bharat Consumption Fund – Series 2 is the name of the Scheme and do not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- ICICI Prudential Bharat Consumption Fund – Series 2 is a close ended equity scheme which is listed on stock exchange. There can be no assurance that an active secondary market will develop or be maintained.
- The NAV of the Scheme may be affected by changing trading volumes.
- The NAV of the Scheme may be affected by settlement periods and transfer procedures.
- The liquidity of the Scheme's investments is inherently restricted by trading volumes.
- Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Schemes. The various factors which impact the value of the Scheme's investments include, but are not limited to, fluctuations to the equity markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- The past performance of the mutual funds managed by the Sponsors and their affiliates/associates is not indicative of the future performance of the Schemes.
- Investment decisions made by the AMC may not always be profitable.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in any or all the Schemes. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, affiliates/associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units.
- Further, as per SEBI (Mutual Fund) Regulations, 1996, in case the AMC invests in any of the Schemes managed by it, it shall not be entitled to charge any fees on such investments.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down
- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable as the actual market movement may be at variance with the anticipated trend. The Scheme proposes to invest substantially in equity and equity related securities. The Scheme will, to a lesser extent, also invest in debt & money market instruments. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well

developed and liquid secondary market for debt & money market instruments would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.

Scheme Specific Risk Factors

In general, investment in the scheme may be affected by risks associated with equities and fixed income securities.

The Securities in the Scheme may be predominantly characterized by a stock selection where more emphasis is on value opportunity and less on earnings growth. There could be time Periods when securities of this nature may underperform relative to other stocks in the market. Value Stocks are stocks that are trading below its intrinsic or relative value which is undiscovered by the market and may take time for the market participants to identify its true potential. Hence it may take a long period of time for value of that stock to be unlocked. This could impact performance of the Scheme.

Value opportunities are generally available in the mid and small cap space; wherein majority of the companies are under-researched. Due to lack of coverage of these stocks, they usually are more volatile and illiquid than their large cap peers. Thus, relative to larger, more liquid stocks, investing in value stocks, involves potentially greater volatility and risk.

The Scheme retains the flexibility to hold from time to time relatively more concentrated investments in a few sectors as compared to plain diversified equity Schemes. This may make the Scheme vulnerable to factors that may affect these sectors in specific and may be subject to a greater level of market risk leading to increased volatility in the Scheme's NAV.

The scheme being close ended its units would be listed on a stock exchange. The scheme does not guarantee a liquid and active secondary market for its units on the stock exchange and hence the units may trade at a premium or discount to its NAV.

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

Risks associated with transaction in units through stock exchange mechanism

Units of the Schemes will be traded on BSE or any other recognised stock exchange. Debit/Credit of Units in investor's demat account on any Business Day will depend upon the order processing/settlement by BSE or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange shall be governed by the operating guidelines and directives issued by BSE or such other recognised exchange in this regard.

Risk associated with close ended Schemes:

A close ended Scheme endeavors to achieve the desired returns only at the scheduled maturity of the Scheme. Investors who wish to exit/redeem before the scheduled maturity date may do so through the stock exchange mode, if they have opted to hold Units in a demat form, by mentioning their demat details on the NFO application form. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme prior to maturity may not get the desired returns.

Although the securities in the portfolio will have high market liquidity, there is a possibility that market liquidity could get impacted on account of company/sector/general market related events and there could be a price impact at maturity while liquidating the portfolio.

Risk Factors associated with Thematic Schemes:
Investing in thematic schemes is based on the premise that the Scheme will seek to invest in companies belonging to a specific sector / theme. This will limit the capability of the Scheme to invest in other sectors/theme.

These schemes would invest in equity and equity related securities of companies engaged in the particular sector / theme and hence concentration risk is expected to be high.

Also, as with all equity investing, there is a risk that companies in that specific sector / theme will not achieve its expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results. Thus investing in a sector /theme specific scheme could involve potentially greater volatility and risk.

Risk associated with Listed Schemes:
Investors who hold units in demat form and wish to exit/redeem may do so through the stock exchange mode. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme on the exchange may not get the desired returns.

Absence of Prior Active Market
Although the scheme will be listed on stock exchange, there can be no assurance that an active secondary market will develop or be maintained.

Investing in Equities

- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.

- The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.

- The Mutual Fund may not be able to sell / lend out securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

- Investors may note that dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors.

- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the

AMC may choose to invest in unlisted securities that offer attractive yields. This may however increase the risk of the portfolio.

- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.

- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.

- In case of abnormal circumstances it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction. The Schemes investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.

- The schemes are also vulnerable to movements in the prices of securities invested by the schemes which again could have a material bearing on the overall returns from the schemes. These stocks, at times, may be relatively less liquid as compared to growth stocks.

- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.

Risk associated with investing in Fixed Income Securities:

- **Settlement risk:** The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Schemes' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Schemes' portfolio.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Schemes.
- **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the schemes has the power to invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Schemes will realize their investments in unlisted securities at a fair value.
- **Fixed Income Securities:** Money Market Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Market Risk:** The Net Asset Value (NAV) of the Scheme(s), to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- **Credit Risk:** Investments in Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or

the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

Different types of fixed income securities in which the Scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.

The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.

As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.

Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.

Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market values for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities".

Risk associated with Investing in money market instruments

- **Interest Rate risk:** This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.
- **Credit risk:** This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest
- **Liquidity risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio

Risks associated with investing in CBLOs/ Government Securities:

a. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

b. As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

c. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund

contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the CBLO/Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Risks associated with investing in derivatives:

- The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

- The Scheme may use derivatives instruments like Stock Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

- Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

- The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:
  - Lack of opportunity available in the market.
  - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
  - Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

The Scheme will not have exposure to Debt derivatives.

Risks associated with investing in Securitised Debt:

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, microfinance companies or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan

receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers. Generally available asset classes for securitization in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans/receivables
- Microfinance receivables

In pursuance to SEBI communication dated: August 25, 2010, given below are the requisite details relating to investments in Securitized debt.

- Risk profile of securitized debt vis-à-vis risk appetite of the scheme:

Investment in these instruments will help the scheme in aiming at reasonable returns. These returns come with a certain degree of risks which are covered separately in the Scheme Information Document. Accordingly, the medium risk profile of the securitised debt instruments matches that of the prospective investors of these Schemes.

- Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.

- Risk mitigation strategies for investments with each kind of originator

For a complete understanding of the policy relating to selection of originators, we have first analysed below risks attached to a securitization transaction.

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA/AA rated asset classes.

The Scheme may invest in securitized debt assets. These assets would be in the nature of Asset Backed securities (ABS) and Mortgage Backed securities (MBS) with underlying pool of assets and receivables like housing loans, auto loans and single corporate loan originators. The Scheme intends to invest in securitized instruments rated AAA/AA by a SEBI recognized credit rating agency.

Before entering into any securitization transaction, the risk is assessed based on the information generated from the following sources:

(1) Rating provided by the rating agency
(2) Assessment by the AMC

(1) Assessment by a Rating Agency

In its endeavor to assess the fundamental uncertainties in any securitization transaction, a credit

rating agency normally takes into consideration following factors:

Credit Risk:

Credit risk forms a vital element in the analysis of securitization transaction. Adequate credit enhancements to cover defaults, even under stress scenarios, mitigate this risk. This is done by evaluating following risks:

- Asset risk
- Originator risk
- Portfolio risk
- Pool risks

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of installments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analyzed with regard to geographical location, borrower profile, LTV, and tenure.

Counterparty Risk:

There are several counterparties in a securitization transaction, and their performance is crucial. Unlike in the case of credit risks, where the risks emanate from a diversified pool of retail assets, counterparty risks result in either performance or non-performance. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure. The risks assessed under this category include:

- Servicer risk
- Commingling risk
- Miscellaneous other counterparty risks

Legal Risks:

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

Market Risks:

Market risks represent risks not directly related to the transaction, but other market related factors, stated below, which could have an impact on transaction performance, or the value of the investments to the investors.

- Macro-economic risks
- Prepayment risks
- Interest rate risks

<u>Other Risks associated with investment in securitized debt and mitigation measures</u>

Limited Liquidity and Price Risk:

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

Limited Recourse, Delinquency and Credit Risk:

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

Bankruptcy of the Originator or Seller:

If originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to Trust was not a sale then an Investor could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to Trust not being construed as a "True Sale". Legal opinion is normally obtained to the effect that the assignment of Receivables to Trust in trust for and for the benefit of the Investors, as envisaged herein, would constitute a true sale.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

Bankruptcy of the Investor's Agent:

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement. All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent. Legal opinion is normally obtained to the effect that the Investors Agent's recourse to assets/receivables is restricted in its capacity as agent and trustee and not in its personal capacity.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

Credit Rating of the Transaction / Certificate:

The credit rating is not a recommendation to purchase, hold or sell the Certificate in as much as the ratings do not comment on the market price of the Certificate or its suitability to a particular investor. There is no assurance by the rating agency either that the rating will remain at the same level for any given period of time or that the rating will not be lowered or withdrawn entirely by the rating agency.

Risk of Co-mingling:

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

(2) Assessment by the AMC

Mapping of structures based on underlying assets and perceived risk profile

The scheme will invest in securitized debt originated by Banks, NBFCs and other issuers of investment grade credit quality and established track record. The AMC will evaluate following factors, while investing in securitized debt:

Originator:

Acceptance Evaluation Parameters (For Pool Loan and Single Loan Securitization Transactions)

Track record:

The AMC ensures that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc.

Willingness to pay:

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank, guarantee etc. is obtained, as a risk mitigation measure.

Ability to pay:

This assessment is based on a strategic framework for credit analysis, which entails a detailed financial risk assessment.
Management analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to assess financial risk a broad assessment of the issuer's financial statements is undertaken to review its ability to undergo stress on cash flows and asset quality. Business risk assessment, wherein following factors are considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition a detailed review and assessment of rating rationale is done including interactions with the company as well as agency

Critical Evaluation Parameters (For Pool Loan and Single Loan Securitization Transactions)

Typically the AMC would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if there are concerns on the following issues regarding the originator / underlying issuer:

- High default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan, as the case may be.

Advantages of Investments in Single Loan Securitized Debt

- Wider Coverage: A Single Loan Securitized Debt market offers a more diverse range of issues / exposures as the Banks / NBFCs lend to larger base of borrowers.

- Credit Assessment: Better credit assessment of the underlying exposure as the Banks / NBFCs ideally co-invest in the same structure or take some other exposure on the same borrower in some other form.

- Better Structuring : Single Loan Securitized Debt investments facilitates better structuring than investments in plain vanilla debt instruments as it is governed by Securitization guidelines issued by RBI.

- Better Legal documentation: Single Loan Securitized Debt structures involve better legal documentation than Non-Convertible Debenture (NCD) investments.

- End use of funds: Securitized debt has better standards of disclosures as well as limitation on end use of funds as compared to NCD investments wherein the end use is general corporate purpose.

- Yield enhancer: Single Loan Securitized Debt investments give higher returns as compared to NCD investments in same corporate exposure.

- Regulator supervision: Macro level supervision from RBI in Securitization Investments as compared to NCD investments.

- Tighter covenants: Single Loan Securitized Debt structures involve tighter financial covenants than NCD investments.

Disadvantages of Investments in Single Loan Securitized Debt

- Liquidity risk: Investments in Single Loan Securitized Debts have relatively less liquidity as compared to investments in NCDs.
- Co-mingling risk: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Table below illustrates the framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/Type of Pool	**Mortgage Loan**	**Commercial Vehicle and Construction Equipment**	**CAR**	**2 wheelers**	**Micro Finance Pools**	**Personal Loans**
Approximate Average maturity (in Months)	36-120 months	12- 60 months	12-60 months	15-48 months	15-80 weeks	5 months - 3 years
Collateral margin (including cash ,guarantees, excess interest spread , subordinate tranche)	3-10%	4-12%	4-13%	4-15%	5-15%	5-15%
Average Loan to Value Ratio	75%-95%	80%-98%	75%-95%	70%-95%	Unsecured	Unsecured
Average seasoning of the Pool	3-5 months	3-6 months	3-6 months	3-5 months	2-7 weeks	1-5 months
Maximum single exposure range	4-5%	3-4%	NA (Retail Pool)	NA (Retail Pool)	NA (Very Small Retail loan)	NA (Retail Pool)
Average single exposure range %	0.5%-3%	0.5%-3%	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size

Notes:

1. Retail pools are the loan pools relating to Car, 2 wheeler, micro finance and personal

loans, wherein the average loan size is relatively small and spread over large number of borrowers.

2. Information illustrated in the Tables above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.
3. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments
4. Majority of our securitized debt investments shall be in asset backed pools wherein we'll have underlying assets as Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment etc. Where we invest in Single Loan Securitization, as the credit is on the underlying issuer, we focus on the credit review of the borrower. A credit analyst sets up limit for various issuers based on independent research taking into account their historical track record, prevailing rating and current financials.

In addition to the framework as per the table above, we also take into account following factors, which are analyzed to ensure diversification of risk and measures identified for less diversified investments:

- **Size of the Loan:**

We generally analyze the size of each loan on a sample basis and analyze a static pool of the originator to ensure the same matches the Static pool characteristics. Also indicates whether there is excessive reliance on very small ticket size, which may result in difficult and costly recoveries. To illustrate, the ticket size of housing loans is generally higher than that of personal loans. Hence in the construction of a housing loan asset pool for say Rs.1,00,00,000/- it may be easier to construct a pool with just 10 housing loans of Rs.10,00,000 each rather than to construct a pool of personal loans as the ticket size of personal loans may rarely exceed Rs.5,00,000/- per individual. Also to amplify this illustration further, if one were to construct a pool of Rs.1,00,00,000/- consisting of personal loans of Rs.1,00,000/- each, the larger number of contracts (100 as against one of 10 housing loans of Rs.10 lakh each) automatically diversifies the risk profile of the pool as compared to a housing loan based asset pool.

- **Average Original Maturity of the Pool:**

Indicates the original repayment period and whether the loan tenors are in line with industry averages and borrower's repayment capacity. To illustrate, in a car pool consisting of 60-month contracts, the original maturity and the residual maturity of the pool viz. number of remaining installments to be paid gives a better idea of the risk of default of the pool itself. If in a pool of 100 car loans having original maturity of 60 months, if more than 70% of the contracts have paid more than 50% of the installments and if no default has been observed in such contracts, this is a far superior portfolio than a similar car loan pool where 80% of the contracts have not even crossed 5 installments.

- **Default Rate Distribution:**

We generally ensure that all the contracts in the pools are current to ensure zero default rate distribution. Indicates how much % of the pool and overall portfolio of the originator is current, how much is in 0-30 DPD (days past due), 30-60 DPD, 60-90 DPD and so on. The rationale here being, as against 0-30 DPD, the 60-90 DPD is certainly a higher risk category.

- **Geographical Distribution:**

Regional/state/ branch distribution is preferred to avoid concentration of assets in a particular region/state/branch.

- **Loan to Value Ratio:**

Indicates how much % value of the asset is financed by borrower's own equity. The lower LTV, the better it is. This Ratio stems from the principle that where the borrowers own contribution of the asset cost is high, the chances of default are lower. To illustrate for a Truck costing Rs.20 lakhs, if the borrower has himself contributed Rs.10 lakh and has taken only Rs.10 lakh as a loan, he is going to have lesser propensity to default as he would lose an asset worth Rs.20 lakhs if he defaults in repaying an installment. This is as against a borrower who may meet only Rs.2 lakh out of his own equity for a truck costing Rs.20 lakh. Between the two scenarios given above, the latter would have higher risk of default than the former.

- **Average seasoning of the pool:**

Indicates whether borrowers have already displayed repayment discipline. To illustrate, in the case of a personal loan, if a pool of assets consist of those who have already repaid 80% of the installments without default, this certainly is a superior asset pool than one where only 10% of installments have been paid. In the former case, the portfolio has already demonstrated that the repayment discipline is far higher.

- **Risk Tranching:**

Typically, we would avoid investing in mezzanine debt or equity of Securitized debt in the form of sub ordinate tranche, without specific risk mitigant strategies / additional cash / security collaterals/ guarantees, etc.

- **The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund**

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest. In addition to internal controls in the fixed income investment process, there is regular monitoring by the compliance team, risk management group, and internal review teams. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

- **In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt**

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are monitored for any movement. Monthly Pool Performance MIS is received from the trustee and is analyzed for any variation. The entire securitized portfolio is published in the fact sheet and disclosed in the website with details of underlying exposure and originator.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

Risks associated with investing in ADR/ GDR/ Foreign securities:

It is AMC's belief that the investment in ADRs/GDRs/overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities, they may not be readily available and widely accepted benchmarks to measure performance of the Schemes. To manage risks associated with foreign currency and interest rate exposure, the Scheme may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Scheme in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Scheme may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Investors are requested to note that the costs associated with overseas investments like advisory fees (other than those expenses permissible under regulation 52 of SEBI Regulations) would not be borne by the scheme.

Risks associated with Securities Lending:

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section "**How will the Scheme allocate its assets?**" for maximum permissible exposure to Securities Lending and maximum exposure limit to any single counterparty.

The AMC shall report to the Trustee on a quarterly basis as to the level of lending in terms of value, volume and the names of the intermediaries and the earnings/losses arising out of the transactions, the value of collateral security offered etc. The Trustees shall offer their comments on the above aspect in the report filed with SEBI under sub-regulation 23(a) of Regulation 18.

Risks associated with Short Selling

The Scheme will not engage in any 'Short Selling' activity.

RISK MANAGEMENT STRATEGIES

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity and debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Scheme has identified following risks of investing in equity and debt Securities and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk and Description	Risk mitigants / management strategy
Risks associated with Equity investments	
Market Risk The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme	Market risk is a risk which is inherent to an equity scheme. The Scheme may use derivatives to limit this risk.
Liquidity Risk The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	The liquidity of stocks that the Scheme invests into could be relatively low. The Scheme is a Close Ended Scheme and as such daily liquidity requirements are inherently not present. The Scheme will try to maintain a proper asset-liability match to ensure redemption / maturity payments are made on time and not affected by illiquidity of the underlying stocks.
Concentration Risk Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of sectors or securities.	The Scheme will try and mitigate this risk by investing in sufficiently large number of companies so as to maintain optimum diversification and keep stock-specific/sector-specific concentration risk relatively low.
Derivatives Risk As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.	Derivatives will be used for the purpose of hedging/ portfolio balancing purposes or to improve performance and manage risk efficiently. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. No OTC contracts will be entered into.

Risks associated Debt investments	
Risks and description	**Risk mitigation strategy**
Market Risk/ Interest Rate Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The scheme will undertake the active portfolio management as per the investment objective to reduce the market risk. In a rising interest rates scenario the scheme will increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.
Liquidity or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be relatively high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The Scheme will however, endeavor to minimize liquidity risk by investing in securities having a liquid market.
Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).	Management analysis will be used for identifying company specific risks. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the Scheme will ensure that these instruments are sufficiently backed by assets.
Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

For Equity and Debt Investment

Risks and description	Risk mitigation strategy
Currency Risk: The Schemes will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency (US$) ,the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. These conditions will be complied with immediately after the close of the NFO itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, the Scheme shall be wound up in accordance with Regulation 39 (2) (c) of SEBI (MF) Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 business days of the date of closure of the New Fund Offer.

POSITION OF EQUITY MARKET IN INDIA

The Indian stock market is one of the world's largest stock markets on the basis of investor base and has a collective pool of about 27 million investor accounts.

There are two leading stock exchanges in India, i.e. BSE Limited (BSE) and National Stock Exchange of India Limited (NSE). BSE was established in 1875 and is the oldest stock exchange in Asia. NSE, a more recent establishment which came into existence in 1992, is the largest and most advanced stock market in India and is also one of the biggest stock exchanges in Asia in terms of transactions. NSE's flagship index, NIFTY 50, is used extensively by investors in India and around the world to take exposure to the Indian equities market.

BSE has a large number of scrips which are listed. The Indian stock market scene really picked up after the opening up of the economy in the early nineties. NSE changed the way the Indian markets function, in the early nineties, by replacing floor based trading with nationwide screen based electronic trading, which took trading to the doorstep of the investor. NSE was mainly set up to bring in transparency in the markets. Instead of trading membership being confined to a group of brokers, NSE ensured that anyone who was qualified, experienced and met minimum financial requirements was allowed to trade. The price information which could earlier be accessed only by a handful of people could now be seen by a client in a remote location with the same ease. The paper based settlement was replaced by electronic depository based accounts and settlement of trades was always done on time. One of the most critical changes was that a robust risk management system was set in place, so that settlement guarantees could protect investors against broker defaults. The corporate governance rules were gradually put in place which initiated the process of bringing the listed companies at a uniform level.

POSITION OF DEBT MARKET IN INDIA

Indian debt markets, in the early nineties, were characterised by controls on pricing of assets, segmentation of markets and barriers to entry, low levels of liquidity, limited number of players, near lack of transparency, and high transactions cost. Financial reforms have significantly changed the Indian debt markets for the better. Most debt instruments are now priced freely on the markets; trading mechanisms have been altered to provide for higher levels of transparency, higher liquidity, and lower transactions costs; new participants have entered the markets, broad basing the types of players in the markets; methods of security issuance, and innovation in the structure of instruments have taken place; and there has been a significant improvement in the dissemination of market information. There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers. While in the corporate bond market, deals are conducted over telephone and are entered on principal-to-principal basis, due to the introduction of the Reserve Bank of India's NDS- Order Matching system a significant proportion of the government securities market is trading on the new system.

The yields and liquidity on various securities as on March 31, 2018 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 days	6.12%	High
GOI	Treasury Bill	364 days	6.42%	High
GOI	Short Dated	1-3 Yrs	6.45%-7.09%	High
GOI	Medium Dated	3-5 Yrs	7.09%-7.39%	High
GOI	Long Dated	5-10 Yrs	7.39%-7.40%	High
Corporates	Taxable Bonds (AAA)	1-3 Yrs	7.75%-7.76%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Yrs	7.76%- 7.96%	Low to medium
Corporates	CDs (A1+)	3 months	7.08%	Medium to High

Corporates	CPs (A1+)	3 months	7.44%	Medium to High

E. WHAT ARE THE INVESTMENT STRATEGIES?

India is the second most populated country in the world with a population of over one billion. And it is set to reap what is now famously called the demographic dividend; its working age population being larger than the population that is dependent on it. 65% of the population in India is below 35 years of age (Census 2011). With Western Europe, the US, South Korea, Japan and even China's aging population, India could reap the reward of demographic dividend. IMF has stated in its report that India could add a significant pace to its GDP growth rate due to demographic dividend.

India hit ten-year high and stood first among the 63 nations surveyed in the global consumer confidence index with a score of 136 points for the quarter ending December 2016.

Global corporations view India as one of the key markets from where future growth is likely to emerge. The growth in India's consumer market would be primarily driven by a favourable population composition and increasing disposable incomes.

India's robust economic growth and rising household incomes are expected to increase consumer spending to US$ 4 trillion by 2025.

By 2025, India could rise from the 12th to the 5th largest position in the consumer durables market in the world. The consumer durables market in India is expected to reach US$ 20.6 billion by 2020. Demand growth is likely to accelerate with rising disposable incomes and easy access to credit. Increasing electrification of rural areas and wide usability of online sales would also aid growth in demand.

Rising Income can be one of the key drivers for growth in consumption in India over long term. Of India's five household income categories (elite, affluent, aspirers, next billion, and strugglers), the top two income classes are the fastest growing. It is expected that, by 2025, the share of elite and affluent households will increase from 8% to 16% of the total while the share of strugglers will drop from 31% to 18%.

Source: Boston Consulting Group (BCG) – *"The New Indian: The Many Facets of a Changing Consumer" dated March 20, 2017.*

ICICI Prudential Bharat Consumption Fund – Series 2 will aim to capture this change in spending pattern.

The Scheme intends to invest predominantly in Equities and Equity Related Securities of companies that are likely to benefit directly or indirectly from consumption and related activities. Such companies may directly or indirectly benefit from increase in consumption led demand. Illustrative list of such sectors is as under.

1. Consumer Durables
2. Consumer Non-Durables
3. Healthcare
4. Pharmaceuticals
5. Auto
6. Auto Ancillaries
7. Telecom
8. Services
9. Media & Entertainment
10. Aviation
11. Textiles
12. Fertilisers and Pesticides
13. Retailing

Sectors mentioned above are indicative in nature and the Fund Manager may invest in sectors other than these that may benefit directly or indirectly from consumption and related activities.

The scheme will be following a blend approach, a combination of value and growth, to build the portfolio. The scheme intends to invest in stocks across large cap, midcap, small cap.

As and when the fund manager is of the view that a specific investment has met its desired objective and the investment is liquidated, the proceeds may be distributed by way of dividend, subject to the availability of distributable surplus.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

At present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

The Scheme may also invest in depository receipts including American Depository Receipts (ADRs) and Global Depository Receipts (GDRs).

The Scheme may also invest in debt and money market instruments, in compliance with Regulations.

The Scheme may invest in derivatives to engage in permitted currency hedging transactions with an intention to reduce exchange rate fluctuations between the currency of the Scheme (INR) and the foreign currency exposure.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales divided by the average assets under management of the Scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

DERIVATIVES

The Scheme may use derivatives instruments like Stock/ Index Futures or such other derivative instruments as may be introduced from time to time, within the limit specified under 'HOW WILL THE SCHEME ALLOCATE ITS ASSETS' which may be increased as permitted under the Regulations from time to time.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Scheme and the risks attached there with.

Equity Derivatives

The Scheme intends to use derivatives for purposes that may be permitted by the Regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time.

Position limits for investment in Derivative instruments:

SEBI has vide its Circular DNPD/Cir-29/2005 dated September 14, 2005 and DNPD/Cir-29/2005 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010 and SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27, 2017 specified the guidelines pertaining to trading by Mutual Fund in Exchange trades derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

i. Position limit for the Mutual Fund in index options contracts
   1. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.
   b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts:
   a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
   2. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging
   In addition to the position limits at point (i) and (ii) above, Mutual Fund may take exposure in equity index derivatives subject to the following limits:
   a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
   b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for the Mutual Fund for stock based derivative contracts
   The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts:-
      a. The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).
      b. The MWPL and client level position limits however would remain the same as prescribed

v. Position limit for the Scheme
   The position limits for the Scheme and disclosure requirements are as follows–
   a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:
      1% of the free float market capitalisation (in terms of number of shares).
      Or
      5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
   b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
   3. For index based contracts, the Mutual Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index."

Exposure limits for derivative transactions

The Scheme will comply with the provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions as stated below:

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.

2. Mutual Funds shall not write options or purchase instruments with embedded written options.

3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.

4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following

   a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
   b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
   c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
   d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

7. Definition of Exposure in case of Derivative Positions - Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

Illustration of some derivative transactions

i) Index Futures:
Benefits
a) Investment in Stock Index Futures can give exposure to the index without directly buying the individual stocks. Appreciation in Index stocks can be effectively captured through investment in Stock Index Futures.

b) The Scheme can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The Stock Index futures are instruments designed to give exposure to the equity market indices. BSE Limited and National Stock Exchange of India Limited have started trading in index futures of 1, 2 and 3-month maturities. The pricing of an index future is the function of the underlying index and interest rates.

Illustration
Spot Index: 1070
1 month Nifty Future Price on day 1: 1075
Scheme buys 100 lots
Each lot has a nominal value equivalent to 200 units of the underlying index

Let us say that on the date of settlement, the future price = Closing spot price = 1085

Profits for the Scheme = (1085-1075)* 100 lots*200 = Rs. 200,000

Please note that the above example is given for illustration purposes only.

The net impact for the Scheme will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the Scheme will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

ii) Buying Options:
Benefits of buying a call option:
Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration
For example, if the Scheme buys a one month call option on ABC Limited at a strike of Rs. 150, the current market price being say Rs.151. The Scheme will have to pay a premium of say Rs. 15 to buy this call. If the stock price goes below Rs. 150 during the tenure of the call, the Scheme avoids the loss it would have incurred had it straightaway bought the stock instead of the call option. The Scheme gives up the premium of Rs. 15 that has to be paid in order to protect the fund from this probable downside. If the stock goes above Rs. 150, it can exercise its right and own ABC Limited at a cost price of Rs. 150, thereby participating in the upside of the stock.

Benefits of buying a put option
Buying a put option on a stock originally held by the buyer gives him/her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration
For example, if the Scheme owns ABC Limited and also buys a three month put option on ABC Limited at a strike of Rs. 150, the current market price being say Rs.151. The Scheme will have to pay a premium of say Rs. 12 to buy this put. If the stock price goes below Rs. 150 during the tenure of the put, the Scheme can still exercise the put and sell the stock at Rs. 150, avoiding therefore any downside on the stock below Rs. 150. The Scheme gives up the fixed premium of Rs. 12 that has to be paid in order to protect the Scheme from this probable downside. If the stock goes above Rs. 150, say to Rs. 170, it will not exercise its option. The Scheme will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 170.

The Scheme will not have exposure to Debt Derivatives.

(iii) Risks attached with the use of derivatives: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but

also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

Derivatives products are leveraged instruments and provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify to execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
- Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.

(iv) Valuation of Derivative Products:

I. The traded derivatives shall be valued at market price in conformity with the valuation policy of the Mutual Fund.

ii The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 as amended from time to time.

Procedure followed for Investment decisions

a. The Fund Manager of each scheme is responsible for making buy/sell decisions in respect of the securities in the respective scheme portfolios, subject to final approval by the Chief Investment Officer – Equity/ Head – Fixed Income. The investment decisions are made and approved on daily basis keeping in view the market conditions and all relevant aspects.

b. The AMC has an Internal Investment Committee comprising the Chief Executive Officer and Managing Director, the Chief Investment Officer (CIO) - Fixed Income, the CIO - Equity and Fixed Income, Head – Research, Fund Managers, Portfolio Managers and Credit Analysts who meet at periodic intervals. The Investment Committee, at its meetings, reviews the

performance of the Schemes and general market outlook and formulates broad investment strategy. The Managing Director attends the meeting at his discretion.

c. The Chief Investment Officer, who chairs the Investment Committee Meetings, guides the deliberations at Investment Committee. He, on an ongoing basis, reviews the portfolios of the schemes and gives directions to the respective fund managers, where considered necessary. It is the ultimate responsibility of the Chief Investment Officer to ensure that the investments are made as per the internal/Regulatory guidelines, Scheme investment objectives and in the best interest of the unitholders of the respective schemes.

d. Periodic presentations will be made to the Board of AMC to review the performance of the schemes.

e. The Scheme will be benchmarked against Nifty India Consumption Index. The benchmark may be changed in future, if a benchmark better suited to the investment objective of the Scheme is available.

f. The Board is notified of any specific factors affecting the performance of any individual scheme. The Board on consideration of all relevant factors may, if necessary, give directions to the AMC. Similarly, the performance of the schemes is submitted to the Trustees. The detail on Scheme's performance vis-à-vis the benchmark returns is also explained to the Trustees.

g. Subsequent to the issue of Circular No.MFD/CIR/9/120/2000 dated November 24, 2000, the AMC constituted an internal committee to approve the investment in un-rated debt securities. All such investments, as and when are made, will be placed before the Board of Directors of AMC for its review. Also such investments are approved by the Board of Trustees.

h. The AMC has been recording investment decisions since the receipt of instructions from SEBI, in terms of SEBI's circular no. MFD/CIR/6/73/2000 dated July 27, 2000.

i. The AMC shall ensure that the Scheme complies with all the provisions of SEBI (Mutual Fund) Regulations, 1996, as amended from time to time, including all guidelines, circulars issued in relation thereto from time to time and that the investments made by the fund managers are in the interest of the unit holders and shall also be responsible for the overall risk management function of the fund.

j. The Fund managers shall ensure that the funds of the Scheme/schemes are invested to achieve the investment objectives of the schemes and in the interest of the Unit holders.

F: FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the Regulations and amendments thereto and subject to the investment pattern of the Scheme, following investment restrictions are presently applicable to the Scheme:

1. The Scheme shall not invest more than 10% of its NAV in debt instruments (irrespective of residual maturity period of above or below one year) issued by a single issuer, which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of Trustees and the Board of Asset Management Company.

   Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations:

   Provided further that, investment within aforesaid limit can be made in securitised debt (mortgage backed securities), which are rated not below investment grade by a credit rating agency registered with SEBI.

2. A mutual fund Scheme shall not invest more than 10% of its NAV in un-rated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the Scheme. All such investments shall be made by an internal committee constituted by AMC to approve the investment in un-rated debt securities in terms of the parameters approved by the Board of Trustees and the Board of Asset Management Company.

   Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 & 2 above.

3. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
   a) Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
   b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

   Further the inter scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information.

4. The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the Fund or in the schemes of any other mutual fund.

5. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.

6. The Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities.

   Provided further that a mutual fund may enter into derivatives transactions in a recognised stock exchange in accordance with the guidelines issued by SEBI.

   Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard

7. No loans for any purpose can be advanced by the Scheme.

8. No mutual fund scheme shall make any investments in;
   a. any unlisted security of an associate or group company of the sponsor; or
   b. any security issued by way of private placement by an associate or group company of the Sponsor; or
   c. the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets of the scheme of the Mutual Fund.
   d. Fund of fund scheme

9. The Mutual Fund/AMC shall make investment out of the NFO proceeds only on or after the closure of the NFO period. The Mutual Fund/ AMC can however deploy the NFO proceeds in CBLO before the closure of NFO period. However, AMCs shall not charge any investment management and advisory fees on funds deployed in CBLOs during the NFO period. The appreciation received from investment in CBLO shall be passed on to investors.

   Further, in case the minimum subscription amount is not garnered by the scheme during the NFO period, the interest earned upon investment of NFO proceeds in CBLO shall be

returned to investors, in proportion of their investments, along-with the refund of the subscription amount.

10. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and dividend to the Unitholders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.

11. In accordance with SEBI Circular no SEBI/IMD/CIR No. 1/91171/07 dated 16th April 2007 and SEBI/IMD/CIR No. 7 / 12959 /08 June 23, 2008, following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment.
    a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
    b. Such short term deposits shall be held in the name of the concerned scheme.
    c. No mutual fund scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
    d. No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
    e. Trustees shall ensure that no funds of a scheme may be parked in short term deposit of a bank which has invested in that scheme.

    Above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

    f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks in case of liquid and debt oriented schemes.
    g. All funds parked in short term deposit(s) shall be disclosed in half yearly portfolio statements under a separate heading. Details such as name of the bank, amount of funds parked, percentage of NAV may be disclosed.
    h. Trustees shall certify in the half-yearly reports that the provision of the Regulation pertaining to parking of funds in short term deposits - pending deployment is being complied with at all points of time. Further the AMC shall also certify the same in its bi-monthly compliance test report.

12. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.

13. No mutual fund under all its schemes should own more than 10% of any company's paid up capital carrying voting rights.

14. The scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any listed company. In case of investment in equity shares or equity related instruments of an unlisted company, the scheme shall not invest more than 10% of its NAV.

15. The Scheme may also use various hedging and derivative products from time to time, as are available and permitted by SEBI, in an attempt to protect and enhance the interests of the Unitholders at all times.

16. The Scheme may invest in ADRs/GDRs, equity of overseas companies listed on recognized

stock exchanges overseas and other securities in accordance with the provisions of SEBI Circular No. SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007 and SEBI/IMD/CIR No. 122577/08 dated April 8, 2008 and circular issued on the subject from time to time.

17. Investment in fixed income segment will be only in those securities which mature on or before the date of maturity of the Scheme.

18. Group exposure –

    a) The Fund shall ensure that total exposure of the debt scheme in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the Scheme. Such investment limit may be extended to 25% of the net assets of the Scheme with the prior approval of the Board of Trustees.
    b) For this purpose, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

All investment restrictions shall be applicable at the time of making investment.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow or as deemed fit in the general interest of the Unitholders.

The AMC reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the AMC, which are not in compliance with the terms and conditions notified in this regard. • A person who is resident of Canada • OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1961 and under Foreign Exchange Management Act, 1999. Such other individuals/institutions/body corporate etc., as may be decided by the AMC from time to time.

Where can you submit the filled up applications.	Computer Age Management Services Private Limited (CAMS), New No 10. Old No. 178, Opp. to Hotel Palm Grove, MGR Salai (K.H.Road) Chennai - 600 034 have been appointed as Registrar for the Scheme. The Registrar is registered with SEBI under registration No: INR000002813. As Registrar to the Scheme, CAMS will handle communications with investors, perform data entry services and dispatch account statements. The AMC and the Trustee have satisfied themselves that the Registrar can provide the services required and have adequate facilities and the system capabilities. Investors can submit the application forms at the official points of acceptance of CAMS and Branches of AMC which are provided on back cover page. Investors can also subscribe units from the official website of AMC i.e. www.icicipruamc.com. Pursuant to SEBI Circular dated SEBI/IMD/CIR No 18/198647/2010 March 15, 2010, an investor can also subscribe to the New Fund Offer (NFO) launched on or after October 01, 2010 through ASBA facility. ASBAs can be accepted only by SCSB's whose names appear in the list of SCSBs as displayed by SEBI on its website www.sebi.gov.in.
How to Apply	Please refer to the SAI and Application form for the instructions.
Listing	The units of the Scheme will be listed on BSE within 5 Business Days from the date of allotment. Units of the Scheme may also be listed on such other stock exchange(s) as may be decided from time to time. The trading will be as per the normal settlement cycle.
ASBA facility	Investors can subscribe to the units of the Scheme by using ASBA facility only during NFO period. Investor applying through the ASBA facility should carefully read the applicable provisions before making their application. For further details on ASBA facility, investors are requested to refer to Statement of Additional Information (SAI).
Special Products / facilities available during the NFO	Investors can subscribe to the units of the Scheme using the Invest Now facility available on the website of the AMC, submitting applications on fax number or the email id(s) of the AMC provided on the back cover page under the section 'ICICI Prudential Mutual Fund Official Points of Acceptance' or using ASBA facility only during NFO period. Invest Now facility is available only to the existing investors. Investor applying through the ASBA facility should carefully read the applicable provisions before making their application. For further details on the aforesaid facilities, investors are requested to refer to Statement of Additional Information (SAI). Investors are requested to note that Systematic Investment Plan, Systematic Transfer Plan and Systematic Withdrawal Plan are not available.

Switch into the Scheme	Investors are requested to note that they can submit a switch in request into this scheme only during the NFO period by switching out from any of the existing Close Ended Scheme. The switch out transaction will be processed based on the applicable Net Asset Value (NAV) on the date of maturity of such Close ended Scheme. The maturity date of such close ended schemes should fall during the New Fund Offer period of the scheme. For switch-in requests from the open ended schemes received during the New Fund Offer Period (NFO) under the Scheme, the switch-out requests from such Scheme will be effected based on the applicable NAV of such Scheme, as on the day of receipt of the switch request, subject to applicable cut-off timing provisions. However, the switch-in requests under the Scheme will be processed on the date of the allotment of the Units.
Switch out from the Scheme	Investors are requested to note that a facility has been enabled for submitting switch out requests during the New Fund Offer period or at any time before maturity of the Scheme. The switch out transaction will be processed based on the applicable Net Asset Value (NAV) on the date of maturity. This facility is enabled for switch to any of the schemes whose New Fund Offer period is running at the time of the maturity date of the Scheme or to any existing open-ended schemes (except Exchange Traded Funds) of ICICI Prudential Mutual Fund. The switch-in requests in these schemes will be effected based on the applicable NAV of these schemes, subject to applicable cut-off timing provisions. This option/facility shall not be applicable for Units held in demat form. Also, conversion of physical unit to demat mode will nullify any existing/ future switch request. Investors are requested to note that switch out requests once submitted may be cancelled at later date when submitted in the specified format. Unit holders are requested to carefully read the Scheme Information Document of the relevant switch-in scheme before exercising this option.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not applicable
Consolidated Account Statement (CAS)	1. The Consolidated Account Statement (CAS) for each calendar month will be issued on or before tenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN). Further, CAS will be sent via email where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records. 2. For folios not included in the Consolidated Account Statement (CAS), the AMC shall henceforth issue

	account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. In case of a New Fund Offer Period (NFO), the AMC shall send confirmation specifying the number of units allotted to the applicant by way of a physical account statement or an email and/or SMS's to the investor's registered address and/or mobile number not later than five business days from the date of closure of the NFO. 3. In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request. 4. In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS. Further, in case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Schemes of all mutual funds, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before tenth day of succeeding month, unless a specific request is made to receive the same in physical form. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme. Further, CAS issued for the half-year(September/ March) shall also provide: a. The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods and Services Tax (wherever applicable, as per existing rates), operating expenses, etc. b. The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan, where the concerned investor has actually invested in. Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

	In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically. **CAS for investors having Demat account:** • Investors having MF investments and holding securities in Demat account shall receive a single Consolidated Account Statement (CAS) from the Depository. • Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis. • If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within ten days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis. • In case an investor has multiple accounts across two depositories, the depository with whom the account has been opened earlier will be the default depository. The dispatch of CAS by the depositories would constitute compliance by the AMC/ the Mutual Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations. However, the AMC reserves the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).
Transaction Charges	Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 the transaction charge per subscription of Rs.10,000/- and above may be charged in the following manner: i. The existing investors may be charged Rs. 100/- as transaction charge per subscription of Rs.10,000/- and above; ii. A first time investor may be charged Rs.150/- as transaction charge per subscription of Rs.10,000/- and above. There shall be no transaction charge on subscription below Rs. 10,000/- and on transactions other than purchases/ subscriptions relating to new inflows. However, the option to charge "transaction charges" is at the discretion of the distributors. Investors may note that distributors can opt to receive transaction charges based on 'type of the Scheme'. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.

	Transaction charges shall also be deducted on purchases/subscriptions received through non-demat mode from the investors investing through a valid ARN holder i.e. AMFI Registered Distributor (provided the distributor has opted-in to receive the transaction charges) in respect of transactions routed through Stock Exchange(s) platform viz. NSE Mutual Fund Platform ("NMF-II") and BSE Mutual Fund Platform ("BSE STAR MF"). The aforesaid transaction charge shall be deducted by the Asset Management Company from the subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested subject to deduction of Goods and Services Tax. However, upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by such distributor. **Transaction Charges shall not be deducted if:** • Purchase/Subscription made directly with the fund through any mode (i.e. not through any distributor/agent). • Purchase/ subscription made in demat mode through stock Exchange, irrespective of investment amount. CAS/ Statement of account shall state the net investment (i.e. gross subscription less transaction charge) and the number of units allotted against the net investment.
Restriction on fresh purchases/additional purchases/switches in any Schemes of ICICI Prudential Mutual Fund	A person who falls within the definition of the term "U.S. Person" as defined in 'Regulation S' promulgated under the Securities Act of 1933, as amended, and corporations or other entities organised under the laws of the U.S. are not eligible to invest in the schemes and apply for subscription to the units of the schemes, except for lump sum subscription, systematic transactions and switch transactions requests received from Non-resident Indians/Persons of Indian origin who at the time of such investment, are present in India and submit a physical transaction request along with such documents as may be prescribed by ICICI Prudential Asset Management Company Limited (the AMC)/ICICI Prudential Trust Limited (the Trustee) from time to time. The AMC shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the AMC/the Trustee. The investor shall be responsible for complying with all the applicable laws for such investments. The AMC reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the AMC, which are not in compliance with the terms and conditions notified in this regard.
Cash Investments	Pursuant to SEBI circulars dated September 13, 2012 and May 22, 2014, it is permitted to accept cash transactions to the extent of Rs. 50,000/- subject to compliance with

	Prevention of Money Laundering Act, 2002 and Rules framed there under and the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable AML rules, regulations and guidelines. Provided that the limit shall be applicable per investor for investments done in a financial year across all schemes of the Mutual Fund, subject to sufficient systems and procedures in place for such acceptance. However any form of repayment either by way of redemption, dividend, etc. with respect to such cash investment shall be paid only through banking channel. The Asset Management Company is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard will be provided to Investors as and when the facility is made available.
Bank Account Details	As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained. **Bank Mandate Requirement** For all fresh purchase transactions made by means of a cheque, if cheque provided alongwith fresh subscription/new folio creation does not belong to the bank mandate opted in the application form, any one of the following documents needs to be submitted. 1. Original cancelled cheque having the First Holder Name printed on the cheque. 2. Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application. 3. Photocopy of the bank statement duly attested by the bank manager with designation, employee number and bank seal. 4. Photocopy of the bank pass book duly attested by the bank manager with designation, employee number and bank seal. 5. Photocopy of the bank statement/passbook/cheque duly attested by ICICI Prudential Asset Management Company Limited (the AMC) branch officials after verification of original bank statement/passbook shown by the investor or their representative. 6. Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the investor details and bank mandate information. This condition is also applicable to all purchase transactions made by means of a Demand Draft. In case the application is not accompanied by the aforesaid documents, the AMC reserves the right to reject the application, also the AMC will not be liable in case the redemption/dividend proceeds are credited to wrong account in absence of above original

	documents.
Restrictions, if any, on the right to freely retain or dispose of units being offered.	The Units of the Scheme are available for trading and transfer only in demat mode via the stock exchanges.
Reversal of cheque(s)	Where the units under any scheme are allotted to investors and cheque(s) given by the said investors towards subscription of units are not realised thereafter or where the confirmation from the bankers is delayed or not received for non-realisation of cheque(s), the Fund reserves the right to reverse such units.
Third party Cheques	Investment/subscription made through third party cheque(s) will not be accepted for investments in the units of ICICI Prudential Mutual Fund. Please visit www.icicipruamc.com for further details.
Multiple Bank accounts	The unit holder/ investor can register multiple bank account details under its existing folio by submitting separate form available on the website of the AMC at www.icicipruamc.com. Individuals/HuF can register upto 5 different bank accounts for a folio, whereas non-individuals can register upto 10 different bank accounts for a folio.
Know Your Client (KYC) Norms	KYC (Know Your Customer) norms are mandatory for all investors for making investments in Mutual Funds, for more information refer SAI.
Non Acceptance/Processing of Purchase request(s) due to repeated Cheque Bounce	With respect to purchase request submitted by any investor, if it is noticed that there are repeated instances of two or more cheque bounces by the investor, the AMC reserves the right to, not to accept/allot units for all future purchase of such investor(s).
Pledge/Lien	In case of pledged units, the parties to the pledge shall report the details to the Registrar after the suspension of trading but prior to maturity. Maturity proceeds shall be paid to the beneficiary and AMC shall not be liable for the same.
Other requirement	**Tax Status of the investor** For all fresh purchases, in case the investor has not selected/incorrectly selected the tax status in the application form, the AMC shall update the tax status based on Permanent Account Number/Bank account details or such other information of the investor available with the AMC for the purpose of determining the tax status of the investor. The AMC shall not be responsible for any claims made by the investor/third party on account of updation of tax status.
	Folio(s) under Lien For all closed-ended schemes, if the units are under lien at the time of maturity of the Scheme, then the AMC reserves the right to pay the maturity amount to the person/entity/bank/financial institution in whose favour the lien has been marked. An intimation of such payment will be sent to the investor. The AMC thereafter shall not be responsible for any claims made by the investor/third party on account of such payments.

	Overwriting on application forms/transaction slips In case of corrections/overwriting on key fields (as may be determined at the sole discretion of the AMC) of the application forms/transaction slips, the AMC reserves the right to reject the application forms/transaction slips in case the investor(s) has(ve) not countersigned in each place(s) where such corrections/overwriting has(ve) been made.
	Transactions without Scheme/Option Name In case of fresh/additional purchases, if the name of the Scheme/Plan on the application form/transaction slip differs from the name on the Cheque/Demand Draft, then ICICI Prudential Asset Management Company Limited (the AMC) will process the application and allot units at the applicable Net Asset Value, under the Scheme/Plan which is mentioned on the application form/transaction slip duly signed by the investor(s). The AMC reserves the right to call for other additional documents as may be required, for processing such transactions. The AMC also reserves the right to reject such transactions. The AMC thereafter shall not be responsible for any loss suffered by the investor due to the discrepancy of a Scheme/Plan name mentioned in the application form/transaction slip and Cheque/Demand Draft. In case of fresh purchases, if the Plan name is not mentioned on the application form/transaction slip, then the units will be allotted under the Plan mentioned on the Cheque/Demand Draft. The Plan/Option that will be considered in such cases if not specified by the customer will be the default option of the Plan as per the SID.
	Consolidation of Folios In case an investor has multiple folios, the AMC reserves the right to consolidate all the folios into one folio, based on such criteria as may be determined by the AMC from time to time.
	Multiple Requests In case an investor makes multiple requests in a transaction slip i.e. switch and change of address or switch and change of bank mandate or any combination thereof, but the signature is appended only under one such request, then the AMC reserves the right to process the request under which signature is appended and reject the rest where signature is not appended.
	Seeding of Aadhaar number Investors are requested to note that the Ministry of Finance (Department of Revenue) in consultation with the Reserve Bank of India has made certain amendments to the Prevention of Money-laundering (Maintenance of Records) Rules, 2005, namely, the Prevention of Money-laundering (Maintenance of Records) Second Amendment Rules, 2017. These Rules have come into force with effect from June 1, 2017. These Rules, inter alia, make it mandatory for investors to submit Aadhaar number issued by the Unique Identification Authority of India (UIDAI) in respect of their investments. For more details, refer SAI.

B. ONGOING OFFER DETAILS

Ongoing Offer Period This is the date from which the scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	Being a close ended Scheme, investors can subscribe to the Units of the Scheme during the New Fund Offer Period only and the Scheme will not reopen for subscriptions after the closure of NFO. To provide liquidity to the investors, the Fund proposes to list the units on one or more of the recognised stock exchange.
Ongoing price for subscription by investors. This is the price you need to pay for purchase. Example: If the applicable NAV is Rs. 10, then sales price will be: Rs. 10	Units cannot be subscribed to after the closure of NFO. After the NFO, the persons can invest in the Scheme only through demat mode by purchasing the units on BSE or any other Stock Exchange where the Scheme will list its units.
Ongoing price for redemption (sale) /switch outs (to other schemes/plans of the Mutual Fund) by investors.	Units cannot be redeemed before the maturity period. Investors can sell units of the scheme on BSE or any other Stock Exchange where the units of the scheme are listed.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	Since the Scheme is a close-ended scheme, subscriptions including switch in available only during the NFO period. Thus, the provision of cut-off timings is not applicable post closure of NFO.
Where can the applications for purchase/redemption switches be submitted?	Since the Scheme is a close-ended scheme, subscriptions including switch in available only during the NFO period. Investors can sell units of the scheme on BSE or any other Stock Exchange where the units of the scheme are listed.
Redemption of Units	No redemption/repurchase of units shall be allowed prior to the maturity of the Scheme. Investors wishing to exit may do so by selling their units through stock exchanges. The Scheme shall be fully redeemed on the date of maturity and redemption proceeds shall be paid out within 10 business days, subject to availability of all relevant documents and details.
Minimum amount for purchase on an ongoing basis	Being close ended scheme, investors can subscribe to the units of the Scheme during New Fund Offer period only and the Scheme will not re-open for subscription after the closure of NFO. Since, the Scheme will be listed on exchange, the units can be purchased/ sold in round lots of 1 unit, in case units are held in demat form.
Special Products / facilities available	Since this is a close ended scheme, special features such as Systematic Investment Plan; Systematic Transfer Plan & Systematic Withdrawal Plan shall not be available.
Dividend Policy	Dividends, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders whose names appear in the Register of Unit holders on the record date. In case of Units held in dematerialized mode, the Depositories (NSDL/CDSL) will give the list of demat account holders and the number of Units held by them in electronic form on the Record date to the Registrars and Transfer Agent of the Mutual Fund. Further, the Trustee at its sole discretion may also declare interim dividend. However, it must be distinctly

	understood that the actual declaration of dividend and the frequency thereof will inter-alia, depend on the availability of distributable profits as computed in accordance with SEBI Regulations. The decision of the Trustee in this regard shall be final. On payment of dividends, the NAV will stand reduced by the amount of dividend and dividend tax (if applicable) paid. The treatment of unclaimed redemption and dividend amounts will be as per SEBI circular dated February 25, 2016.
Dividend	The dividend warrants shall be dispatched to the unitholders within 30 days of the date of declaration of the dividend. In the event of failure to dispatch dividend within 30 days, the AMC shall be liable to pay interest at 15% per annum to the unit holders.
Payment of Maturity	The redemption proceeds on maturity, subject to availability of all relevant documents/details, shall be dispatched to the unitholders within 10 working days from the date of maturity of the Scheme. If the maturity date falls on a non business day, the immediately following business day will be considered as the maturity date for the Scheme.
Delay in payment of maturity proceeds	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). The AMC shall not be liable to pay such interest if the delay is attributable to any act or omission on the part of unitholders, its agents, assigns or successors.
Transfer	1. Units of the Scheme held in demat form are transferable 2. Transfer would be only in favor of transferees who are capable of holding units. The Fund shall not be bound to recognize any other transfer. 3. The Fund will affect transfer only in electronic form provided the intended transferee is otherwise eligible to hold the units under the Scheme. 4. The delivery instructions for transfer of units will have to be lodged with the DP in the requisite form as may be required from time to time and transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode.
Transaction Charges	Not applicable on an ongoing basis being a close ended scheme

C. PERIODIC DISCLOSURES

Net Asset Value This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance. D. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI.

The NAV of the Scheme shall be rounded off upto two decimals.

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets - Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme}}$$

The NAV of the Scheme wil be calculated as of the close of every Business Day. The valuation of the Scheme's asset and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the schemes.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. In terms of SEBI circular no. SEBI/IMD/CIR No. 11/115723 /08 dated January 31, 2008, close ended schemes are not permitted to charge initial issue expenses to the scheme. Hence, NFO Expenses will not be charged to the Scheme. Entire NFO expenses will be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated the following percentage of the daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. The mutual fund would update the current expense ratios on the website at least three working days prior to the effective date of change. Investors can refer https://www.icicipruamc.com/Downloads/total-expense-ratio.aspx for Total Expense Ratio (TER) details.

The TER of ICICI Prudential Bharat Consumption Fund – Series 2 – Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission (at least 20%) which is charged in ICICI Prudential Bharat Consumption Fund – Series 2.

The aforesaid expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations. This means that mutual fund can charge expenses within overall limits, without any internal cap on the aforesaid expenses head.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear. The above expenses may increase/decrease as per actual and/or any change in the Regulations.

These estimates have been made in good faith as per information available to the Investment Manager based on past experience.

Types of expenses charged shall be as per the SEBI (MF) Regulations.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

First Rs. 100 crore	Next Rs. 300 crore	Next Rs. 300 crore	Over Rs. 700 crore
2.50%	2.25%	2.00%	1.75%

The above table excludes additional expenses that can be charged towards:

i) 30 bps for gross new inflows from specified cities and
ii) Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.

Pursuant to SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012 , SEBI (Mutual Funds) Second Amendment Regulations, 2012, and SEBI/HO/IMD/DF2/CIR/P/2018/16 dated February 02, 2018 following additional costs or expenses may be charged to the scheme, namely:

(i) The AMC may charge Goods and Services Tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.

(ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by the Securities and Exchange Board of India, from time to time are at least –

- 30 per cent of the gross new inflows into the scheme, or;
- 15 per cent of the average assets under management (year to date) of the scheme,

whichever is higher;

Provided that if inflows from such cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities;

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

At least 2 basis points on daily net assets within the maximum limit of overall expense Ratio shall be annually set apart for investor education and awareness initiatives.

Further, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12 bps and 5 bps for cash market transactions and derivative transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Goods and Services Tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

Subject to Regulations, expenses over and above the prescribed limit shall be borne by the Asset Management Company.

The following is an illustration of the impact of expense ratio on the scheme's returns:

	Particulars	**Year 1**	**Year 2**
(A)	Net Assets Before expenses	500,000,000.00	589,200,000.00

	Return After Expense	-	17.84%

For calculating expense of ICICI Prudential Bharat Consumption Fund – Series 2 – Direct Plan, brokerage component will not be considered

C. LOAD STRUCTURE

Load is an amount, which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay trail commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or may call your distributor.

Entry Load:
Not Applicable. In terms of SEBI circular no. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009 has notified that, w.e.f. August 01, 2009, there will be no entry load charged to the schemes of the Mutual Fund and the upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor.

Exit Load:

Being a listed scheme, no exit load will be applicable.

Investors shall note that the brokerage on sales of the units of the Schemes on the stock exchanges shall be borne by the investors.

D. WAIVER OF LOAD FOR DIRECT APPLICATIONS

Not applicable

V. RIGHTS OF UNITHOLDERS

Please refer to SAI for details.

VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY

1) All disclosures regarding penalties and action(s) taken against foreign Sponsor(s) may be limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out or where the headquarters of the Sponsor(s) is situated. Further, only top 10 monetary penalties during the last three years shall be disclosed.

- In March 2013, Prudential plc and its wholly-owned subsidiary The Prudential Assurance Company Limited settled with the UK's former financial services regulator, the Financial Services Authority (FSA) over issues relating to Prudential's unsuccessful bid to acquire AIA, the Asian subsidiary of AIG, in early 2010.

  These Prudential companies agreed to pay fines totalling £30 million, in respect of a decision by the FSA that it and the United Kingdom Listing Authority (UKLA) should have been informed earlier about Prudential's contemplation of the potential transaction. The Group Chief Executive, Tidjane Thiam, also agreed to be censured in respect of a decision by the FSA that it should have been informed earlier. The Final Notices published by the FSA on 27 March 2013 concerning these decisions accordingly represent the final resolution of the matter.

  In a public statement accompanying the Final Notices dated 27 March 2013, the FSA stated that the investigation was into past events and did not concern the current conduct of the management of the Prudential Group. The FSA accepted that Prudential did consider their obligations in forming their assessment in respect of informing the regulator. Therefore, although the FSA considered that the circumstances of the breaches were serious, the FSA did not consider the breaches were reckless or intentional.

  In a public statement regarding the FSA's findings dated 27 March 2013, the Board of Prudential confirmed that the Group Chief Executive acted at all times in the interests of the Company and with the full knowledge and authority of the Board. Prudential works diligently to maintain close and positive relationships with its regulators, and the Group's relationship with its UK regulators continues to be good.

  Note:
  1. Prudential plc was found to have breached Listing Principle 6 of the UKLA, requiring that "A listed company must deal with the FSA in an open and co-operative manner";
  2. The Prudential Assurance Company Limited was found to have breached Principle 11 of the FSA's Principles for Businesses, requiring that "A firm must deal with its regulators in an open and cooperative way, and must disclose to the FSA appropriately anything relating to the firm of which the FSA would reasonably expect notice"; and
  3. Tidjane Thiam was found to have been "knowingly concerned" in The Prudential Assurance Company Limited's breach of Principle 11. The FSA accepted that the breach by Mr Thiam (and Prudential) was neither reckless nor intentional

- A Group holding by MAGIM in Storebrand ASA was not reported by the Disclosures team before the deadline as required under the Norwegian Securities Trading Act Rules. The disclosure, which related to an "above 5% holding", was made to the company and regulator on Friday 30th January 2015 at 17.31. As this was post close of business in Norway it was deemed to be received on Monday 2nd February, resulting in a breach of two days. The Norwegian regulator has now issued a "violation charge" of 100,000 Norwegian Kroner (approximately £8,400) against Prudential plc.

2) **In case of Indian Sponsor(s), details of all monetary penalties imposed and/ or action taken during the last three years or pending with any financial regulatory body or governmental authority, against Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company; for irregularities or for violations in the financial services sector, or for defaults with respect to share holders or debenture holders and depositors, or for economic offences, or for violation of securities law. Details of settlement, if any, arrived at with the aforesaid authorities during the last three years shall also be disclosed.**

Cases pertaining to ICICI Bank Ltd. (the Bank):

- Reserve Bank of India (RBI) has imposed penalty on the Bank in respect of the following:
    - On July 25, 2014, RBI imposed a penalty of Rs. 4.0 million on the Bank, in exercise of powers vested with it under the provisions of Section 47A(1) of the Banking Regulation Act, 1949 with respect to facilities extended to a corporate borrower by the Bank. The Bank vide letter dated August 7, 2014 has paid the penalty to RBI.
    - On December 17, 2014, RBI imposed a penalty of Rs. 5.0 million on the Bank in exercise of powers vested with it under the provisions Section 47A(1)(c) read with Section 46(4)(i) of the Banking Regulation Act, 1949 for charges of non-compliance with the directions/guidelines issued by Reserve Bank of India in connection with Know Your Customer (KYC)/Anti Money Laundering (AML). The Bank has paid the penalty to RBI on December 30, 2014.

- A penalty of Rs. 1.4 million was imposed on the Bank in February 2015 by the Financial Intelligence Unit, India (FIU-IND). The Bank has filed an appeal against the penalty, which was imposed for failure in reporting of the attempted suspicious transactions pertaining to media sting incidents.

- ICICI Bank received a show cause notice from RBI dated September 06, 2017 under sections 35, 35A, 46 and 47A of the Banking Regulation Act, 1949 for non-compliance of Risk Assessment Report (RAR) and Risk Mitigation Plan (RMP).

3) **Details of all enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party. The details of the violation shall also be disclosed.**

Nil

4) **Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party should also be disclosed separately.**

Nil.

5) **Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed:**

Nil

GENERAL INFORMATION

- **Power to make Rules**
  Subject to the Regulations, the Trustee may, from time to time, prescribe such terms and make such rules for the purpose of giving effect to the Scheme with power to the AMC to add to, alter or amend all or any of the terms and rules that may be framed from time to time.

- **Power to remove Difficulties**
  If any difficulties arise in giving effect to the provisions of the Scheme, the Trustee may, subject to the Regulations, do anything not inconsistent with such provisions, which appears to it to be necessary, desirable or expedient, for the purpose of removing such difficulty.

- **Scheme to be binding on the Unitholders:**
  Subject to the Regulations, the Trustee may, from time to time, add or otherwise vary or alter all or any of the features of investment and terms of the Scheme after obtaining the prior permission of SEBI and Unitholders (where necessary), and the same shall be binding on all the Unitholders of the Scheme and any person or persons claiming through or under them as if each Unitholder or such person expressly had agreed that such features and terms shall be so binding.

Notwithstanding anything contained in this Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines there under shall be applicable.

Note: The Scheme under the Scheme Information Document was approved by the Directors of ICICI Prudential Trust Limited vide resolution passed by circulation dated January 04, 2018.
