PART I. HIGHLIGHTS / SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the Scheme	Tata Flexi Cap Fund
II.	Category of the Scheme	Flexi Cap Fund
III.	Scheme type	An Open Ended dynamic equity scheme investing across large cap, mid cap, small cap stocks.
IV.	Scheme Code	TATA/O/E/FCF/18/05/0029
V.	Investment Objective	The investment objective of the Scheme is to generate capital appreciation over medium to long term. However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The scheme does not assure or guarantee any returns.
VI.	Liquidity / Listing details	The scheme is an open-ended scheme. The scheme is open for resale and repurchase of units at NAV based price, with applicable loads, if any on every business day on an ongoing basis. Under normal circumstances the AMC shall dispatch redemption proceeds within three working days from the date of redemption or repurchase, subject to exceptional circumstances as mentioned in this document. Currently the scheme is not listed. However, the trustees may review the same in future and list the units under the Scheme on one or more Stock Exchanges later subject to adherence of terms and conditions of Regulators/Exchanges.
VII.	Benchmark (Total Return Index)	Nifty 500 TRI The Fund strategy is to invest in a diversified portfolio of companies across sectors. The Fund will also have the flexibility to invest in companies across the market capitalization and as such, the constituents of the NIFTY 500 TRI Index reasonably represent the universe for building the portfolio of the scheme.
VIII.	NAV Disclosure	The NAVs will be calculated and disclosed on every Business Day. The AMC shall prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India- AMFI (www.amfiindia.com) by 11 p.m on every Business Day [^] . However, due to inability in capturing same day valuation of underlying investments, the NAV shall be disclosed by 11 P.M. of the next business day [^] . [^] If the NAVs are not available before the commencement of Business Hours on the following day (i.e., next day after the respective business day) due to any reason, the Mutual Fund shall issue a press release giving reasons for the delay and explain by when the Mutual Fund would be able to publish the NAV. Due to difference in the expense ratio, the NAV of each option of Direct Plan will be different from the NAV of each option of Regular Plan. Similarly, due to payout option, the NAV of Income Distribution Option will be different from the NAV of Growth option.
IX.	Applicable timelines	Timeline for: Dispatch of redemption proceeds: The redemption proceeds will be dispatched to the unit holders within three working days from the date of redemption or repurchase, subject to exceptional circumstances as mentioned further in this document. Dispatch of Income Distribution Cum Capital Withdrawal (IDCW): The payment of dividend to the unitholders shall be made within seven working days from the record date, subject to exceptional circumstances as mentioned further in this document.

Investor can reach out to the above-mentioned Investor Relation Officer at: Tata Asset Management Pvt Ltd. (Investment Manager for Tata Mutual Fund) 1903 B Wing Parinee Crescenzo G Block BKC Bandra East, Mumbai – 400 051. Call: (022) 6282 7777 (Monday to Saturday 9:00 am to 5:30 pm), Fax: 22613782, Email: service@tataamc.com, Website: www.tatamutualfund.com. Email: service@tataamc.com. The AMC will have the discretion to change the Investor Relations’ Officer depending on operational necessities and in the overall interest of the fund.
XXII.	Specific attribute of the scheme (such as lock in, duration in case of target maturity scheme/ close ended schemes) (as applicable)	The fund, being open ended in nature, has perpetual duration.
XXIII.	Special Products / facilities available ongoing basis	Systematic Investment Plan:- The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the fund at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Units will be allotted at the applicable NAV along with applicable load (if any). “SIP facility is available subject to terms and conditions. Please refer to the SIP Enrolment form for terms and conditions before enrolment.” SIP with Top-up SIP facility: SIP with Top-up SIP is a facility whereby an investor has an option to increase the amount of the SIP Installment by a fixed amount at pre-defined intervals. This will enhance the flexibility of the investor to invest higher amounts during the tenure of the SIP. SIPrise facility:- SIPrise is an optional facility offered by Tata Mutual Fund (TMF) for its eligible schemes (Growth option). This facility is aimed to encourage investors to invest regularly through Systematic Investment Plans (SIP) in TMF schemes for pre-defined tenure. Post SIP period (Investors have an option to select pause period) the accumulated units will be switched from the source scheme to the target scheme. Investors also have an option to select the source scheme as the target scheme. In this case, there would not be any unit transfer through systematic transfer plan (STP). The investor would receive periodic amount through systematic withdrawal plan (SWP) till the units are available. Systematic Transfer Plan:- A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer an amount from one TMF Scheme (Source Scheme) to another TMF Scheme (Target Scheme) on a date/ frequency prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. The net amount will be considered for allotment in the target scheme and units will be allotted as per the applicable NAV of the target scheme. Systematic Withdrawal Plan:- This facility available to the unitholders of the fund enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Fund units at the Repurchase price and such units will be redeemed/ subtracted from the unit balance of that unitholder. In case the date falls during a non business day/ book closure period the immediate next Business day will be considered for this purpose. For further details of above special products / facilities and Terms & Conditions, please refer “Other Scheme Specific Disclosures” of this document, KIM/Application/enrollment form and SAI.

Other Highlights

- A Mutual Fund - sponsored by Tata Sons Private Limited (TSPL) and Tata Investment Corporation Limited (TICL).
- The Scheme is managed by Tata Asset Management Private Limited (TAMPL).

- Earnings of the Fund is exempt from income tax under Section 10(23D) of the Income Tax Act, 1961.

- **Interpretation**

For all purposes of this Scheme Information Document (SID), except as otherwise expressly provided or unless the context otherwise requires:

- The terms defined in this SID include the plural as well as the singular.
- Pronouns having a masculine or feminine gender shall be deemed to include the other.
- The term “Scheme” refers to Tata Flexi Cap Fund including the options /sub-options thereunder.

REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days’ notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period.

However, in case the Scheme under the scheme does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The Scheme shall adhere to the requirements prescribed by SEBI from time to time in this regard.

SPECIAL CONSIDERATIONS

Change in Investment Pattern/Portfolio Rebalancing

Pursuant to provision 1.14.1.2.b of SEBI Master Circular on Mutual Funds dated June 27, 2024, the tentative portfolio break-up mentioned above with minimum and maximum asset allocation can be altered for a short-term period on defensive considerations. In this event where the asset allocation falling outside the limits specified in the asset allocation table due to defensive considerations, the Scheme will rebalance the portfolio within thirty (30) calendar days.

Pursuant to provision 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024, in the event where the asset allocation is falling outside the limits specified in the asset allocation table due to passive breaches (occurrence of instances not arising out of omission and commission of AMC), the Scheme will rebalance the portfolio within thirty (30) business days. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme within the stipulated period of thirty (30) business days, justification in writing including details of efforts taken to rebalance the portfolio for the same shall be provided to the Investment Committee. The Investment Committee shall then decide on the course of action and if they so desires can extend the timelines up to sixty (60) business days from the date of completion of the mandated rebalancing period. Further, compliances relating to disclosures etc. shall be adhered in line with the said circular.

In case the portfolio of schemes is not rebalanced within the mandated plus extended timelines, AMCs shall:

- not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- not to levy exit load, if any, on the investors exiting the scheme.

Credit Evaluation Process for the investments in Debt Securities:

In-house credit evaluation team has the necessary capability of conducting independent due diligences of credit risk. From credit evaluation perspective, companies are broadly classified under two sectors - Industrials and Financial Institutions. Industrials include Manufacturing and trading companies, while Financial Institutions include Banks and Non-Banking Financial Companies (NBFCs). The set of parameters for evaluation of credits for these sectors are different.

Broad guidelines for the appraisal of Industrials for short-term and long-term exposure include, but are not restricted to:

- External Ratings threshold: Investment is made only if the issuer credit rating is at least investment grade for long-term debt by a credit rating agency recognized by SEBI. In the short-term, investment is made in top notch (A1+ or equivalent) rated debt instruments. However, this is subject to review from time to time and investment committee / Board of AMC approval is required for any exception.
- Each company is internally appraised based on various parameters including, but not restricted to:
 - Business Fundamentals: Product/Service offerings, Market Position, Competitive Landscape, and Product cycle etc.
 - Regulatory environment: Support/intervention, developmental stage of industry, level of regulation
 - Financial Analysis: Margins, Profitability, Leverage, Working Capital requirement and cycle, Cash-flows etc. This is also seen in light of historic trend.
 - Management Track Record: Management track record, performance of company through economic cycle, promoters' background, other group companies.
 - Macro-Economic Environment: Economic cycle, Credit cycle

In the short-term, the focus is more on the working capital cycle, near-term cash-flows and existing business position, while in the long-term the focus is more on the outlook of the business, capital expenditure program, profitability etc.

The credit evaluation policy is subject to review from time to time. Any material change in the credit evaluation policy will be updated by way of an addendum to the scheme information document.

The asset allocation among the various debt securities will be decided based upon the prevailing market conditions, macro economic environment and the performance of corporate sector, the debt market and other considerations.

- The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents VIZ.MOA/AOA of the TAMPL/Trustee Company, IMA and the Trust Deed. Any change in the asset allocation affecting the investment profile of the scheme shall be effected only in accordance with the provisions of regulations 18-15A of SEBI (Mutual Funds) Regulations, 1996.

B. WHERE WILL THE SCHEME INVEST

In line with the investment allocation pattern of the scheme, the scheme will predominantly invest in:

- i) Equity and equity related instruments of domestic companies and/ or equity derivatives such as options and futures.
- ii) Debt and money market instruments.
- iii) Units of REITs & InvITs
- iv) Derivatives and Hedging Products

C. WHAT ARE THE INVESTMENT STRATEGIES ?

The Scheme aims to generate capital appreciation by investing in a diversified portfolio of equity & equity related instruments across market capitalization. The scheme will predominantly invest in equity and equity related instruments of well researched and growth oriented companies.

The Scheme would invest in companies based on various criteria including sound professional management, track record, industry scenario, growth prospects, liquidity of the securities, etc. The Scheme will emphasise on well managed, good quality companies with above average growth prospects.

The Fund may invest in derivatives instruments such as Futures, Options or such other instruments as may be permitted under the regulations.

Any change in the asset allocation affecting the investment profile of the scheme shall be effected only in accordance with the provisions of sub-regulation 15A of regulations 18 of SEBI (Mutual Funds) Regulations 1996.

Trading in Derivatives by the Scheme

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. In accordance with the guidelines issued by the SEBI, exposure to derivative instruments will be restricted to the limit as specified in the para on asset allocation pattern of the scheme.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

The Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc. The Scheme may purchase call and put options in securities in which it invests and on securities indices based on securities in which the scheme invests. Through the purchase and sale of futures contracts and purchase of related options on those contracts the Scheme would seek to hedge against a decline in securities owned by the Scheme or an increase in the prices of securities which the Scheme plans to purchase. The Scheme would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Scheme's investment portfolio declines in value and thereby keep the Scheme's net asset value from declining as much as it otherwise would. Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Scheme would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase.

Writing of call options under covered call strategy

The scheme may write call options under covered call strategy subject to conditions specified by SEBI which includes the following:

- 1) Call option writing under a cover call strategy is allowed for constituent stocks of NIFTY 50 and BSE SENSEX.
- 2) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- 3) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrance.
- 4) In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- 5) The total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- 6) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

Benefit of Writing of Call Option Under a Covered Call Strategy

- a. Holders with Long term view on the stock can write options and reduce the portfolio costs.
- b. Writing can also act as a good alternative for playing relative outperformance for stocks held in portfolios within same sector.
- c. Stocks held in the portfolio can be effectively hedged in extreme volatility in the market

Illustration

For example, if the scheme buy a stock A at Rs.900, receive a Rs.100 option premium from writing a Rs.1050 strike price call of stock A, then it can maintain the stock position as long as the stock price stays below Rs.1150 at expiry. If the stock price moves above Rs.1150, the scheme may have to give delivery of long position to meet obligation of call writing. The scheme can only profit if stock price remains below Rs.1150 on expiry.

Derivative Instruments & Related Examples:
Futures:

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract. Currently, futures contracts have a maximum expiration cycle of 3-months. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Example:

Index Future	
Assume, 1-month Nifty Future price on day 1:	10110
Scheme Buys	100 Future Contracts
(1 lot =Nominal Value equivalent to 75 units of the underlying index)	
Scenario 1	
On the date of Settlement, the future price (closing spot price of the index)	10200
Profit for the scheme (10200-10110) *100*75	675000
Scenario 2	
On the date of Settlement, the future price (closing spot price of the index)	10050
Loss for the scheme (10050-10110) *100*75	-450000

Risks associated with Future Contracts: Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks. The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. Additional risks could be on account of illiquidity and potential mispricing of the futures.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

Example:

Call Option	
Say, Scheme buys 1 lot of Nifty Index	75 Units
Spot price	10000
Strike price	10100
Premium	100
Total amount paid as premium (Rs.) (100X75)	Rs.7500
Scenario 1: The Nifty Index goes up (i.e Nifty Spot)	10250
Scheme has reversed the position before expiry of the contract	
Current Premium at the time of reversal	200
Net Gain Rs. (200-100)	100
Total gain on 1 lot of Nifty (75 units) Rs.(75x100)	Rs.7500
Scheme has reversed the position (i.e Nifty Option) at expiry	
Nifty Spot on expiry	10275
Premium Paid(Rs.)	100
Exercise price	10100
Receivables on Exercise (10275-10100)	175
Total gain (Rs.) (175 -100) *75	Rs.5625
Scenario 2: The Nifty index moves to the level below 10100	
Scheme does not gain anything but the loss to the scheme (limited to the actual premium paid)	Rs. 7500

Put Option	
Say, Scheme buys 1 lot of Nifty Index	75 Units
Spot Price	10000
Strike Price	9450
Premium	50
Total Amount Paid by the Scheme (75*50)	3750
Scenario 1: Nifty Index goes down	
Scheme has reversed the position before expiry of the contract	
Nifty Spot	9300
Current Premium at the time of reversal	80
Premium Paid (Rs.)	50
Net Gain (Rs.80-50)	30
Total Gain on 1 lot of Nifty (Rs.) (75x30)	Rs.2250
Scheme has reversed the position at expiry	
Nifty Spot	9375
Premium Paid (Rs.)	50
Exercise Price	9450
Gain on Exercise	75
Total Gain Rs.(75-50)*75)	Rs.1875
Scenario 2: If Nifty Index Stays over the Strike price of 9450	
Say Nifty Spot	9500
Net Loss to the Scheme will be premium paid	Rs.3750

Risks associated with Option Contracts: The option contracts give a person the right but not an obligation to buy or sell. The risk is potential mispricing and exposure to options can limit the profits from a genuine investment transaction.

Various Derivatives Strategies:

1. Index / Stock spot - Index / Stock Futures

The pricing of the futures is derived from underlying Index spot or the underlying stock. It is the cost of carry that binds the value of the futures to the underlying portfolio. When the two go out of sync, there are opportunities.

The cost of carry links the futures price to the price of the underlying asset. The price of the futures at any given instance should typically be more than the level of the spot price at that point. Theoretically, the fair value of the futures is equal to the spot price of the underlying plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk. Cash and carry trades at times provide higher than the prevailing interest rates. There is an opportunity to exploit by selling the overpriced futures and buying the underlying portfolio. It may also happen that the Index / Stock Future may be at a discount. In such cases, the Scheme may buy the future and sell the stock after borrowing the same. The Scheme shall enter into a combination of these transactions simultaneously.

If the Scheme has to unwind the positions prior to the expiry on account of redemptions or any other reason, the returns would depend on the spread between the spot and futures price at which the position is unwound. If the price differential between the spot and futures position of the subsequent month maturity is attractive near the expiry date, then the scheme may rollover the futures position and continue with the position in the spot market. The Scheme shall endeavour to deploy its assets through transactions in the above pattern, which may involve Index Futures with Stock Futures or Futures of the same stock with different expiry months.

2. Cash Futures Arbitrage Strategy

The fund would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The fund would first buy the stocks in cash market and then sell in the futures market to lock the spread.

Buying the stock in cash market and selling the futures results in a hedge where the fund portfolio has locked in a spread and is not affected by the price movements in the spot and futures markets. The arbitrage position can be continued till expiry of the futures contracts. The futures contracts are settled based on the last half an hour's weighted average trade of the cash market. There is a convergence between the cash market and the futures market on expiry and this convergence results in the portfolio being able to generate the arbitrage return locked in earlier. However, the position may even be closed earlier in the event of the price differential being realized before expiry or better opportunities being available in other stocks / indexes. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost of capital.

Illustration of a Cash Futures Arbitrage Strategy: -

Buy 100 shares of Company X at Rs 1000 and sell the same quantity of stock's futures of the Company X at Rs 1100.

1. Market goes up and the price on the expiry day is Rs 2000.

At the end of the month (expiry day) the futures expires automatically:

Settlement price of futures = closing spot price = Rs 2000

Gain on stock is $100 \times (2000 - 1000) = \text{Rs } 100,000$

Loss on futures is $100 \times (1100 - 2000) = \text{Rs } -90,000$

Net gain is $100,000 - 90,000 = \text{Rs } 10,000$

2. Market goes down and the price on the expiry day is Rs 500.

At the end of the month (expiry day) the futures expires automatically:

Settlement price of futures = closing spot price = Rs 500

Loss on stock is $100 \times (500 - 1000) = \text{Rs } -50,000$

Gain on futures is $100 \times (1100 - 500) = \text{Rs } 60,000$

Net gain is $60,000 - 50,000 = \text{Rs } 10,000$

Unwinding the position:

Buy 100 shares of Company X at Rs 1000 and sell the same quantity of stock's futures of the Company X at Rs 1100.

The market goes up and at some point of time during the month (before expiry) the stock trades at Rs 1200 and the futures trades at Rs 1190 then

Fund Manager will unwind the position:

Buy back the futures at Rs 1190: loss incurred is $(1100 - 1190) \times 100 = \text{Rs } -9,000$

Sell the stock at Rs 1200: gain realized: $(1200 - 1000) \times 100 = \text{Rs } 20,000$

Net gain is $20,000 - 9,000 = \text{Rs } 11,000$

Rolling over the futures:

The Scheme may continue to stay invested in the stock in the Cash market. Close to expiry, if the stock's price is at Rs 1500 then the stock's futures is close to Rs 1500 as well. Also if the price of the current month stock futures is below the current price of the next month stock futures, the scheme may roll over the futures position to the next expiry:

The price of the stock futures next month contract is at Rs 1510

The price of the stock futures current month contract is at Rs 1500

Then sell the futures next month contract at Rs 1510 and buy back current month futures contract at Rs 1500 = gain of $100 \times (1510 - 1500) = \text{Rs } 9,000$ and the arbitrage position is rolled over.

3. Use of derivative for other Arbitrage Opportunities

a. Dividend Arbitrage

At the time of declaration of dividend, the stock futures / options market can provide a profitable opportunity. Generally, the stock prices decline by the dividend amount when the stock becomes ex-dividend.

b. Buy-Back / Open Offer Arbitrage

When the Company announces the buy-back or open offer of its own shares, there could be opportunities due to price differential in buyback price and traded price.

c. Weighted average price of futures on expiry.

The fund manager will aim at liquidating the cash market position in the last half an hour on expiry day at a rate that will be closed to weighted price in the spot market. However, the extreme volatility in last half an hour may effect the price and accordingly affect the return. Accordingly, fund will aim at taking exposure to those stocks where the bid and ask spread is minimum.

d. Reverse cash and carry arbitrage

If permitted by SEBI, the scheme may enter into reverse cash and carry arbitrage. This will involve borrowing stock for a defined period from a recognized counterparty and selling it in the market while simultaneously taking a long position in the stock futures. The above trade will be remunerative in scenarios where the stock/index futures are trading at a discount to the underlying cash market. Once the discount narrows or converts to a premium, the position is unwound by buying back the stock/index and squaring off the futures transaction. The purchased stock/index is returned to the lender as per the agreed terms.

The scheme may use fixed income derivative instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations.

Interest Rate Swaps (IRS): An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.

Example: Use of IRS

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

Example A: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 9.90%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. $2,00,00,000 \times 0.35\% \times 91 / 365 = 17,452$. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

Example B: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. $2,00,00,000 \times 0.35\% \times 91 / 365 = 17,452$. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Risks associated with Swaps:

Interest rate risk is significant because interest rates do not always move as expected. Both parties have interest rate risk. The holder of the fixed rate risks the floating interest rate going higher, thereby losing interest that it would have otherwise received. The holder of the floating rate risks interest rates going lower, which results in a loss of cash flow since the fixed rate holder still has to make streams of payments to the counterparty.

The other main risk associated with swaps is counterparty risk. This is the risk that the counterparty to a swap will default and be unable to meet its obligations under the terms of the swap agreement. If the holder of the floating rate is unable to make payments under the swap agreement, the holder of the fixed rate has credit exposure to changes in the interest rate agreement. This is the risk the holder of the fixed rate was seeking to avoid.

Forward Rate Agreements (FRA):

This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period.

This is illustrated below:

Assume that on September 1, 2023, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on September 30, 2023. If the interest rates are likely to remain stable or decline after September 30, 2023, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on September 30, 2023:

He can receive 1 X 2 FRA on September 30, 2023 at 7.75% (FRA rate for 1-month lending in 2 months' time) on the notional amount of Rs.50 crores, with a reference rate of 30-day CP benchmark. If the CP benchmark on the settlement date i.e. September 30, 2023 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on September 30, 2023 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (September 30, 2023), the Scheme loses 25 basis points but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on September 30, 2023.

Risks associated with Forward Rate Contracts:

When entering into an FRA, both parties to the contract entail credit risk exposure. The additional risks could be on account of lack of opportunity, illiquidity.

The derivative exposure limits shall be subject to following Exposure Limits as specified by SEBI :

1. The cumulative gross exposure through equities, along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
2. Mutual Funds shall not write options or purchase instruments with embedded written options. However SEBI has allowed Mutual Funds to write call options under a covered call strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to specified conditions.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
5. Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:
 - a) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b) Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - c) Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d) The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. The Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.

In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable

7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

In Addition to the above, SEBI has also prescribed following derivative limits:

As per provision no. 7.5 and 12.25 of SEBI Master Circular on Mutual Fund dated June 27, 2024 Mutual Funds are allowed to trade in derivatives Mutual Funds can trade in index futures, index options, stock options and stock futures contracts. Earlier Mutual Funds were only allowed to use derivatives for hedging and portfolio balancing.

Presently, the position limits for trading in derivatives by Mutual Fund specified by SEBI are as follows:

Position Limits for Mutual Fund and its scheme

Position limit for Index Options and Index Futures contracts	
Index Options Contract*	On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index options contracts, whichever is higher.
Index Futures Contract**	On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index futures contracts, whichever is higher.

* This limit would be applicable on open positions in all options contracts on a particular underlying index.

** This limit would be applicable on open positions in all futures contracts on a particular underlying index.

Additional position limit for hedging	
In addition to the position limits as mentioned above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:	Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
	Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.
Position limit for Stock Options and Stock Futures contracts	
The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL). This limit would be applicable on aggregate open positions in all futures and all option contracts on a particular underlying stock.	

Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:

- 1% of the free float market capitalization (in terms of number of shares). Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts)
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
 3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

For detailed derivative strategies, kindly refer SAI.

Portfolio Turnover Policy:

Portfolio Turnover” is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Fund’s portfolio during the given period of time. As the scheme is an open ended equity scheme, it is expected that there would be a number of subscriptions and repurchase on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, a high turnover would not significantly affect the brokerage and transaction costs. The Fund will endeavor to balance the increased cost on account of higher portfolio turnover with the benefits derived thereof. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrips/securities held in the portfolio rather than an indication of a change in Fund view on a scrip, etc

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Scheme performance would be benchmarked against **NIFTY 500 TRI**.

Justification for use of benchmark

The Fund strategy is to invest in a diversified portfolio of companies across sectors. The Fund will also have the flexibility to invest in companies across the market capitalization and as such, the constituents of the NIFTY 500 TRI Index reasonably represent the universe for building the portfolio of the scheme.

The AMC/Board of AMC and Trustee will review the performance of the Scheme in comparison to the benchmark. Total Return variant of the index (TRI) will be used for performance comparison.

The Trustee/AMC may change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

vi. Investments of AMC in the Scheme

TAMPL (the AMC) may invest in the scheme(s)/plan(s)/fund(s), either in the initial issue or on an ongoing basis (from the secondary market), such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s) / plan(s) / fund(s). Investments by the AMC will be in accordance with Regulation 25(17) of the SEBI (MF) Regulations, 1996.

As per the amended regulations i.e. sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), asset management companies ('AMCs') are required to invest such amount in such scheme(s) of the mutual fund, based on the risk associated with the scheme. The AMC will comply with provision no. 6.9 of SEBI Master Circular on Mutual Fund dated June 27, 2024 in this respect.

PART III- OTHER DETAILS**A. COMPUTATION OF NAV**

Net Asset Value (“NAV”) of the Units shall be determined as of the close of each Business Day.

NAV shall be calculated in accordance with the following formula:

$$\text{NAV} = \frac{\text{Market Value of Scheme's Investments} + \text{Accrued Income} + \text{Receivables} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{Number of Units Outstanding}}$$

The computation of Net Asset Value, valuation of Assets, computation of applicable Net Asset Value (related price) for ongoing Sale, Redemption, Switch and their frequency of disclosure shall be based upon a formula in accordance with the Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds. The NAVs of the fund shall be rounded off upto four decimals.

Due to difference in the expense ratio, the NAV of each option of Direct Plan will be different from the NAV of each option of Regular Plan. Similarly, due to IDCW- payout, the NAV of IDCW- Option will be different from the NAV of Growth option.

The valuation of investments shall be based on the principles of fair valuation specified in the Schedule VIII of the SEBI (Mutual Funds) Regulations, 1996 and guidelines issued by SEBI /AMFI from time to time.* Please refer Para VIII. of SAI on 'Investment valuation norms for securities & other assets' for details.

Each option of the Regular Plan & Direct Plan will have a separate NAV.

Illustration of Calculation of Sale & Repurchase Price:

Assumed NAV Rs. 11.00 per unit

Entry Load: NIL

Exit Load 1%

Sale Price = NAV + (Entry Load(%) * NAV)

Sale Price = 11 + (0% * 11)

Sale Price = 11 + 0

Sale Price = Rs. 11/-

Repurchase Price = NAV – (exit load (%) * NAV)

Repurchase Price = 11 – (1%*11)

Repurchase Price = 11 – 0.11

Repurchase Price = Rs.10.89

Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996. While determining the price of the units, the fund will ensure that the repurchase price is not lower than 97 per cent of the Net Asset Value.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc. Entire NFO expenses were borne by the AMC.

Please note that being existing scheme, provision of NFO expenses are not applicable to the scheme.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

Slab wise break up depending on the assets under management:

As per Regulation 52(6)(c) of SEBI (Mutual Funds) Regulations, 1996 the total expense ratio of open-ended scheme shall not exceed the following limits. The AMC has estimated that upto 2.25 % (excluding additional permissible limits as per Regulation 52(6A)(c)) of the daily average net assets of the scheme will be charged to the scheme as expenses.

Assets under management Slab (In Rs. crore)	Total expense ratio limits for equity-oriented schemes	Total expense ratio limits for other than equity-oriented schemes
On the first Rs.500 crores of the daily net assets	2.25%	2.00%
On the next Rs.250 crores of the daily net assets	2.00%	1.75%
On the next Rs.1,250 crores of the daily net assets	1.75%	1.50%
On the next Rs.3,000 crores of the daily net assets	1.60%	1.35%

Assets under management Slab (In Rs. crore)	Total expense ratio limits for equity-oriented schemes	Total expense ratio limits for other than equity-oriented schemes
On the next Rs.5,000 crores of the daily net assets	1.50%	1.25%
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.	
On balance of the assets	1.05%	0.80%

* Excluding Goods & Services Tax on investment and advisory fees

Note: Expenses of Direct Plan will be lower than expenses of the Regular Plan as no commission/distribution expenses will be charged in the case of Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. NAV of the Direct Plan will be different than the NAV of Regular Plan.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of provision no. 10.1 of SEBI Master Circular on Mutual Fund dated June 27, 2024 on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

In case of a scheme invests a minimum of sixty-five percent of its net assets in equity and equity related instruments, the scheme will be considered as equity oriented scheme for the purpose of total expense ratio.

**in addition to the above the scheme may charge additional limit of 0.05% (The AMC shall not charge additional expenses under Regulation 52(6A)(c) in case exit load is not levied/ not applicable) specified in sub regulation (6A)(c) of Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 excluding tax on investment management & advisory fees.

Notes:

- 1) Brokerage & transaction costs which are incurred for the purpose of execution of trade may be capitalised to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. GST on brokerage and transaction cost paid for execution of trades shall be within the limit prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

- 2) AMC shall annually set apart atleast 2 basis point on daily net assets for investor's education and awareness initiatives.
- 3) The fund shall update the current expense ratios on the website(www.tatamutualfund.com) at least three working days prior to the effective date of the change. The exact web link for TER is <https://www.tatamutualfund.com/expense-ratio>

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme.

D. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. provision no. 10.4.1.a of SEBI Master Circular on Mutual Fund dated June 27, 2024 there shall be no entry load for all Mutual Fund schemes. Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services tax, if any, shall be credited to the scheme.

The Load Structure of the Scheme is given hereunder:

Type of Load	Load chargeable (as %age of NAV)
Entry Load	Not Applicable (Pursuant to provision no. 10.4.1.a of SEBI Master Circular on Mutual Fund dated June 27, 2024, no entry load will be charged by the Scheme to the investor)
Exit Load	Redemption/Switch out/SWP/STP: 1. On or before 30 days from the date of allotment: 0.50%. 2. After 30 days from the date of allotment: NIL.

Pursuant to AMFI's communication dated 09th April 2025, Exit Load will not be charged on any Switch/Systematic transfer transaction from Regular plan to Direct plan of the same scheme w.e.f. 23rd April 2025.

Units issued on reinvestment of IDCW shall not be subject to exit load.

For applicability of load structure and NAV, switch-in will be considered as subscription and switch-out will be considered as redemption.

Any imposition or enhancement in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the load structure, the mutual funds may consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads:

- (i) The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- (ii) Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- (iii) The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- (iv) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- (v) Any other measures which the mutual funds may feel necessary.

SECTION II

I. INTRODUCTION

A. DEFINITIONS / INTERPRETATION

Functional weblink that contains detailed description: Kindly visit <https://www.tatamutualfund.com/statutory-disclosures/other-statutory-disclosures>.

B. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Funds involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of investment in the scheme may go up or down.
- Mutual Fund investments are subject to market risks, read all scheme related documents carefully.
- As with any investment in stocks, shares and securities, the NAV of the Units under this Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the previous Schemes, the Sponsors or its Group / Affiliates / AMC / Mutual Fund is not indicative of and does not guarantee the future performance of the Scheme.
- Investment in equity and equity related securities including option contracts involve high degree of risks and investors should not invest in the schemes unless they can afford to take the risk of losing their investment.
- The sponsors are not responsible or liable for any loss resulting from the operations of the scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up of the mutual fund.
- Tata Flexi Cap Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme, its future prospects or the returns. Investors therefore are urged to study the terms of the Offer carefully and consult their Tax and Investment Advisor before they investing in the Scheme.
- Tata Flexi Cap Fund is not guaranteed or assured return scheme.

Scheme Specific Risk Factors:**Investment Risks**

The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilising debt and money market instruments as a defensive investment strategy. The price of securities may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Fund's investment objective will be attained or that the Fund may not be in a position to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the investment / dis-investment decision will result into profit.

The fund may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk. However, these techniques and instruments if imperfectly used have the risk of the fund incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's / plan's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Fund's assets segregated to cover its obligations.

Liquidity and Settlement Risks

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by AMC. While at all times the AMC will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme(s) are avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's investment portfolio.

Regulatory Risk

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation and other developments in the laws and regulations.

Risk associated with Unlisted Securities

Securities which are not quoted on the stock exchanges are inherently liquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including the put options. The liquidity and valuation of the scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

Securities Lending by the Mutual Fund

The Scheme may participate in securities lending and borrowing scheme in accordance with Securities Lending Scheme, 1997, Regulation 44 (4) of SEBI (Mutual Funds) Regulations ,1996, and as per provision no. 12.11 of SEBI Master Circular on Mutual Fund dated June 27, 2024 on framework for short selling and borrowing and lending of securities.. The Scheme shall also follow other relevant regulations /guidelines issued by stock exchange(s) from time to time. The Scheme shall participate in Securities Borrowing and Lending only with the SEBI approved intermediaries.

Securities Lending means the lending of securities to SEBI approved intermediaries for a tenure of 1 to 12 months at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending.

Not more than 20% of the net assets of the Scheme can be deployed in stock lending. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

Example:

A scheme has a security of a company which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager's plan. In that case the investors would be benefited only to the extent of the rise in the value of the security, from time to time if any, on the exchange. If the scheme is enabled to lend the said security to a borrower who would be wanting to take advantage of the market fluctuations in its price, the borrower would return the security to the lender (fund) at a stipulated time or on demand for a negotiated compensation. The scheme's unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the scheme would participate in stock lending would be:

1. There is a holding of security e.g. of XYZ Ltd in the scheme which the fund manager wants to be the core holding of the fund for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs the said security of XYZ Ltd to settle it) who is willing to put up a proper collateral for the same.(In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the scheme and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

- a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
- b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
- c) If considering the above and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Risks associated with investing in debt securities

- Investments in money market instruments would involve a moderate credit risk i.e. risk of an issuer's liability to meet the principal payments. Additionally, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Money market instruments are also subject to price volatility due to factors such as changes in interest rates (when interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline), general levels of market liquidity, market perception of credit worthiness of the issuer of such instruments and risks associated with settlement of transactions and re-investment of intermediate cash flows. The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will consequently be affected by the aforesaid factors. The AMC endeavours to manage such risk by the use of in house credit analysis.
- Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. investments in corporate bonds carry a higher level of risk than investments in Government Securities Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.
- **Interest rate/price risk:** As with all debt securities, changes in interest rates may affect the NAV of the Scheme since the price of a fixed income instrument falls when the interest rates move up and vice versa. The effect is more prominent when the duration of the instrument is higher. Hence the NAV movement of the Scheme consisting of predominantly fixed income securities is likely to have inverse correlation with the movement in interest rates. In case of a floating rate instrument, this risk is lower as a result of periodic reset of the coupon. During the life of floating rate security or a swap, the underlying benchmark index

may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.

- Government securities do carry price risk depending upon the general level of interest rates prevailing from time to time. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price of the Government securities (existing and new) is influenced only by movements in interest rates in financial systems.
- Floating rate securities issued by the Government (coupon linked to treasury bill benchmark or an inflation linked bond) have the least sensitivity to interest rate movements compared to other securities. Some of these securities are already in issue and the fund manager believes that more such securities may become available in future. These securities can play an important role in minimising interest rate risk in a portfolio.
- **Spread risk:** Though the sovereign yield curve might remain constant, investments in corporate bonds are exposed to the risk of spread widening between corporate bonds and gilts. Typically, if this spread widens, the prices of the corporate bonds tend to fall and so could the NAV of the Scheme. Similar risk prevails for the investments in the floating rate bonds, where the benchmark might remain unchanged, but the spread over the benchmark might vary. In such an event, if the spread widens, the price and the NAV of a Scheme could fall.
- **Sovereign risk:** The Central Government of a country is the issuer of the local currency in that country. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying no default, such securities are known as securities with sovereign credit. For domestic borrowers and lenders, the credit risk on such Sovereign credit is near zero and is popularly known as “risk free security” or “Zero Risk security”. Thus Zero-Risk is the lowest risk, even lower than a security with “AAA” rating and hence commands a yield, which is lower than a yield on “AAA” security.
- **Credit risk or default risk:** This refers to inability of the issuer of the debt security to make timely payments of principal and/or interest due. In case of investments in government securities, the credit risk is minimal. It is reflected in the credit rating of the issuer. Hence if the credit rating of the issuer is downgraded, the price of the security will suffer a loss and the NAV will fall. Credit risk factors pertaining to lower rated securities also apply to lower rated zero coupon and deferred interest kind bonds. Lower rated zero coupon and deferred interest kind bonds carry an additional risk in that, unlike bonds that pay interest through the period of maturity, the Scheme by investing in these bonds will realize no cash till the cash payment date and if the issuer defaults, the Scheme may obtain no return on its investment.
- **Liquidity risk:** This represents the possibility that the realised price from selling the security might be lesser than the valuation price as a result of illiquid market. If a large outflow from the Scheme is funded by selling some of the illiquid securities, the NAV could fall even if there is
- No change in interest rates. Illiquid securities are typically quoted at a higher yield than the liquid securities and have higher bid offer spreads. Investment in illiquid securities results in higher current yield for the portfolio. Liquidity risk is a characteristic of the Indian fixed income market today. In addition, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- The corporate debt market is relatively illiquid vis-a-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
- **Re-investment risk:** This is associated with the fact that the intermediate cash flows (coupons or principal payment in case a security gets called or repurchased) may not be reinvested at the same yield as assumed in the original calculations.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme, to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme’s portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to such Scheme in the event of a subsequent decline in the value of securities held in the portfolio of the Scheme.
- **Market risk:** Lower rated or unrated securities are more likely to react to developments affecting the market and the credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.
- In addition to the factors that affect the values of securities, the NAV of Units of the Scheme will fluctuate with the movement in the broader fixed income market, money market and derivatives market and may be influenced by factors influencing such markets in general including but not limited to economic conditions, changes in interest rates, price and volume volatility in the bond and stock markets, changes in taxation, currency exchange rates, foreign investments, political, economic or other developments and closure of the stock exchanges.
- Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme’s risk may increase or decrease depending upon its investment pattern. E.g. investments in corporate bonds carry a higher level of risk than investments in Government securities. Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.

Risks Associated with Investments in REITs and InvITS:

- **Market Risk:** REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager’s will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc. may differ from existing capital market asset classes under Indian Law.

Risks associated with Segregated Portfolio

Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. Security comprises of segregated portfolio may not realise any value.

Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risks associated with investing in derivatives

- The Scheme will invest in derivative products in accordance with and to the extent permitted under the Regulations and by RBI. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments".
- The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility to the values.
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme(s) are compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- Where derivatives are used for hedging, such use may involve a basic risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Trading through mutual fund trading platforms of BSE and/ or NSE

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

Performance Risk: The Scheme's performance can decrease or increase, depending on a variety of factors, which may affect the values and income generated by a Scheme's portfolio of securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in government and Reserve Bank of India policy, taxation, political, economic or other developments and closure of the stock exchanges. Investors should understand that the investment pattern indicated for the Scheme, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there can be no assurance that the Scheme's investment objective will be attained nor will the Scheme be in a position to maintain the model percentage of investment pattern/ composition particularly under exceptional circumstances so that the interest of the unit holders are protected. The AMC will endeavour to invest in highly researched growth companies, however the growth associated with equities may be generally high as also the erosion in the value of the investments/portfolio in the case of the capital markets passing through a bearish phase is a distinct possibility. A change in the prevailing rates of interest is likely to affect the value of the Scheme's investments and thus the value of the Scheme's Units. The value of money market instruments held by the Scheme generally will vary inversely with the changes in prevailing interest rates.

Risk of Writing of Call Option Under a Covered Call Strategy

Under a delivery settlement a call writer will have to part with the physical holding of security which was originally intended for long term holding.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

C. RISK MITIGATION STRATEGIES

Risk Control / Mitigation measures for equity investments and related investments:

Investment in equity has an inherent market risk which cannot be mitigated generally. However, following measures have been implemented with an objective to mitigate /control other risks associated with equity investing:

Nature of Risk	Mitigation Measures
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System. Also as a backup, manual controls are also implemented.
Poor Portfolio Quality	Pre-approved universe of stocks based on strong fundamental research. New stock addition only with the prior approval of investment committee.
Performance Risk	Periodical review of stock wise profit & loss. Review of scheme performance vis. a vis. Benchmark index as well as peer group.
Liquidity Risk	Periodical review of the liquidity position of each scrip (Market capitalization, average volume in the market vis. a vis. Portfolio Holding)
Concentration Risk	Cap on maximum single sector exposure. Cap on maximum single stock exposure

Risk Control / Mitigation measures for Debt and related Investments:

Nature of Risk	Mitigation Measures
Liquidity Risk	- Focus on good quality paper at the time of portfolio construction - Portfolio exposure spread over various maturity buckets to in line with maturity of a scheme.
Credit Risk	- In house dedicated team for credit appraisal - Issuer wise exposure limit - Rating grade wise exposure limit - Periodical portfolio review by the Board of AMC
Interest Rate Risk	- Close watch on the market events - Active duration management - Portfolio exposure spread over various maturities.
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System also as a backup, manual controls are implemented.

Further, the Investment Manager endeavours to invest in REITs/InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on their own research as well as third party research. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc.

II. INFORMATION ABOUT THE SCHEME

A. WHERE WILL THE SCHEME INVEST ?

In line with the investment allocation pattern of the scheme, the scheme will predominantly invest in:

- v) Equity and equity related instruments of domestic companies and/ or equity derivatives such as options and futures.
- vi) Debt and money market instruments.
- vii) Units of ReITs & InvITs

Investment in Equities:

Investment in equity and equity related instrument will include securities such as:

- Equity shares of listed and to be listed companies;
- Equity Warrants;
- Derivatives (which includes but is not limited to stock and index futures or such other derivatives as are or may be permitted under the Regulations and/or RBI from time to time);
- Convertible debentures;
- Preference shares/Convertible Preference Shares.

Investment in Debt Securities:

Investment in Debt and Money Market securities will include securities such as:

- Domestic fixed income Instruments like Commercial Paper, Certificate of Deposit, Non Convertible Debentures, Treasury Bills, Triparty repo, Repo in Government Securities.
- Zero Interest Bonds, Deep Discount Bonds, Floating Rate Bonds.
- Government Securities.
- Pending deployment of funds as per investment objective of the scheme, the funds may be parked in short term deposit of the schedule commercial banks, subject to provision no. 12.16 of SEBI Master Circular on Mutual Fund dated June 27, 2024, as may be amended from time to time.
- Domestic Interest Rate Derivatives like interest rate swaps, forward rate agreement, interest rate futures, options and such other derivative instruments as permitted by SEBI / RBI from time to time.
- Cash & Cash equivalent includes tri party repo, Repo, Fixed Deposit and all money market instruments with residual maturity of less than 91 days.
- Units of debt and liquid category schemes of mutual funds.
- Any other like instruments as may be permitted by SEBI/RBI from time to time.

The scheme may invest in units of REITs & InvITs within the specified limit mentioned in the asset allocation pattern.

“REIT” or “Real Estate Investment Trust” shall have the meaning assigned in clause (zm) of sub-regulation 1 of regulation 2 of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014. REITs are companies that own and lease out commercial or residential real estate. The rental incomes from the properties are shared among REIT investors, who are allotted units. These units are tradeable on exchanges.

“InvIT” or “Infrastructure Investment Trust” shall have the meaning assigned in clause (za) of sub-regulation (1) of regulation 2 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014. InvITs are similar to REITs, except these own infrastructure assets not real estate.

The above lists are illustrative and not the exhaustive and may include other money market securities as may be available / introduced in the market.

The securities mentioned above could be listed, to be listed, privately placed, secured, unsecured, rated or unrated and of any maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals. Please refer to the Clause “Liquidity & Settlement Risks” under Specific Risk Factors to understand the liquidity risk associated with securities. The moneys collected under this Scheme shall be invested only in transferable securities.

As per clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations 1996, the scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

Derivatives and Hedging Products:

The Scheme may invest in Derivative Instruments to the extent permitted under provision no. 7.5 and 12.25 of SEBI Master Circular on Mutual Fund dated June 27, 2024.

The cumulative gross exposure through equities, along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Futures:

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an

obligation on both the parties to fulfill the terms of the contract. Currently, futures contracts have a maximum expiration cycle of 3-months. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

An option contract may be of two kinds:

1) Call option: An option that provides the buyer the right to buy is a call option. The buyer of the call option can call upon the seller of the option and buy from him the underlying asset at the agreed price. The seller of the option has to fulfil the obligation upon exercise of the option.

2) Put option: The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Option contracts are classified into two styles:

(a) European Style

In a European option, the holder of the option can only exercise his right on the date of expiration only.

(b) American Style

In an American option, the holder can exercise his right anytime between the purchase date and the expiration date.

Interest Rate Swap & Forward Rate Agreements

An interest rate swap is a financial contract between two parties exchanging a stream of interest payments for a notional principal amount on multiple occasions during a specified period.

Typically, one party receives a pre-determined fixed rate of interest while the other party, receives a floating rate, which is linked to a mutually agreed benchmark with provision for mutually agreed periodic resets.

Investment in Securities of Group Companies

As per SEBI (Mutual Funds) Regulations 1996, the Fund shall not make any investments in any un-listed securities of associate/ group companies of the Sponsors. The Fund will also not make investment in privately placed securities issued by associate / group companies of the Sponsors. The Fund may invest not more than 25% of the net assets in listed securities of Group companies.

Overview of Debt Market:

The major players in the Indian Debt Markets are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risks and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators to increase the liquidity and transparency such as introduction of repo in corporate bonds, Credit Default Swaps, compulsory reporting of secondary market OTC transactions on exchange platforms to name a few. Moreover, the recent successful introduction of Interest Rate Future in the benchmark 10 year Government Bond will also likely to increase the depth in the debt market.

The market participants in the corporate debt and gilt markets are banks, financial institutions, mutual funds, corporates, insurance companies, FPIs, primary dealers and provident funds. The main debt instruments in the market are those issued by Corporates and State/Central Governments. Corporate papers carry credit risk while government securities are believed to carry no credit risk. The main risks with investments in debt securities are interest rate risk, credit risk and liquidity risk. Interest rate risk associated with debt instruments depend on the macroeconomic environment. It includes both market price changes due to change in yields as well as coupon reinvestment rate risk. Corporate papers carry higher liquidity risk as compared to gilts due to the depth of the gilt market.

Money Market:

Money market encompasses a wide range of instruments with maturities ranging from one day to a year, issued by Government, Banks and corporates etc. and traded in markets of varying liquidity. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. However, such risks are lower in case of money market instruments compare to other debt instruments. Further, within the gamut of money market instruments as available in the market, such risks are very low in case of instruments issued by government. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk return profile. The data given in the table is based on market conditions around the date of the Offer document and can at best be considered indicative:

Expected Yields Range on Debt Securities

Issuer	Instruments	Maturity	Expected Yields Range (%) as on 04.11.2024
GOI	T-Bill	91 days	5.37-5.47

B. WHAT ARE THE INVESTMENT RESTRICTIONS ? (AS PER SEVENTH SCHEDULE OF SEBI {MUTUAL FUND} REGULATIONS 1996)

1. The scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.
2. All investments by the scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
3. The Mutual Fund under all its scheme(s) shall not own more than ten percent of any company's paid up capital carrying voting rights.
4. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in government securities, treasury bills and Tri Party Repo on Government Securities or treasury bills.

Provided further that investment within such limit can be made in mortgaged backed securitized debts which are rated not below investment grade by a credit rating agency registered with the Board.

A mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below.

issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit.

Note:

- i. The long-term rating of issuers shall be considered for the money market instruments. However, if there is no long-term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long-term ratings, the most conservative long-term rating shall be taken for a given short term rating.
- ii. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government securities..

- 4A A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the SEBI from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the SEBI: Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the SEBI from time to time.

Note:

- a) Provision no. 4.3 and 12.1 of SEBI Master Circular on Mutual Fund dated June 27, 2024 has issued following guidelines wrt investment in unlisted debt & money market instruments.
- b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.
- c) Provision no. 12.1 of SEBI Master Circular on Mutual Fund dated June 27, 2024 has allowed the existing unlisted NCDs to be grandfathered till maturity, such NCDs are herein referred to as "identified NCDs."

Accordingly, mutual funds schemes can transact in such identified NCDs and the criteria specified in point (b) above shall not be applicable for such identified NCDs, Subject to compliance with investment due diligence and all other applicable.

- d) Maximum investment in unlisted NCDs will be 10 % of the debt portfolio of the scheme

Provision no. 4.3 of SEBI Master Circular on Mutual Fund dated June 27, 2024 has allowed the existing unlisted NCDs to be grandfathered till maturity, however Provision no. 12.1 of SEBI Master Circular on Mutual Fund dated June 27, 2024 clarified that the grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed with effect from one month from the date of operationalization of framework for listing of CPs or January 01, 2020, whichever is later.

- e) investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- I. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- II. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
- III. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

- f) Restrictions on Investment in debt instruments having Structured Obligations / Credit Enhancements:

The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:

- I. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
- II. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.
- III. Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitised Debt Instruments) Regulations 2008.
- IV. Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

5. The scheme shall not make any investment in;

- a) any unlisted security of an associate or group company of the sponsor; or
- b) any security issued by way of private placement by an associate or group company of the sponsor; or
- c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.

6. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-

- (a) such transfers are done at the prevailing market price[^] for quoted instruments on spot basis.
Explanation- "spot basis" shall have same meaning as specified by stock exchange for spot transactions.
- (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

[^]Note: Provision no. 9.11 of SEBI Master Circular on Mutual Fund dated June 27, 2024 has prescribed the methodology for determination of price to be considered for inter scheme transfers.

7. The scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
8. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:
Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:
Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI.
9. The mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.

10. Pending deployment of funds of a Scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to provision no. 12.16 of SEBI Master Circular on Mutual Fund dated June 27, 2024.
11. The scheme shall not make any investment in any fund of funds scheme.
12. The scheme will not advance any loan for any purpose.
13. The fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase/ redemption of units or payment of interest or income distribution to the unitholders.
14. The fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.
15. The Following restrictions will be applicable in case the scheme invests in the units of REITs/InvITs:
 - 1) No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and
 - 2) A mutual fund scheme shall not invest –
 - a) more than 10% of its NAV in the units of REIT and InvIT; and
 - b) more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

The limits mentioned in sub- clauses (a) and (b) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAMPL shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAMPL, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAMPL may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme(s) will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

C. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of a scheme

An open ended dynamic equity scheme investing across large cap, mid cap, small cap stocks.

(ii) Investment Objective

While determining the price of the units, the fund will ensure that the repurchase price is not lower than 97 per cent of the Net Asset Value.
- b) Aggregate fees and expenses chargeable to the Scheme. (Refer section “C Annual Scheme Recurring Expenses” of Part III - Other Details for further details).
- c) The scheme does not provide any safety net or guarantee, nor does it provide any assurance regarding declaration of dividend. There is no guarantee or assurance that the scheme will achieve its’ objective.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- i. SEBI has reviewed and provided its comments on the proposal.
- ii. A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- iii. The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. INDEX METHODOLOGY (FOR INDEX FUNDS, ETFS AND FOFS HAVING ONE UNDERLYING DOMESTIC ETF)

Not applicable, as the scheme is an actively managed scheme.

E. PRINCIPLES OF INCENTIVE STRUCTURE FOR MARKET MAKERS (FOR ETFS)

Not applicable, as the scheme is not an ETF.

F. FLOORS AND CEILING WITHIN A RANGE OF 5% OF THE INTENDED ALLOCATION AGAINST EACH SUB CLASS OF ASSET, AS PER CLAUSE 13.6.2 OF SEBI MASTER CIRCULAR FOR MUTUAL FUNDS DATED JUNE 27, 2024 (ONLY FOR CLOSE ENDED DEBT SCHEMES)

Not applicable, as the scheme is an open-ended scheme.

G. OTHER SCHEME SPECIFIC DISCLOSURES

Listing and Transfer of Units	<u>Listing</u> Not applicable Currently the scheme is not listed. However, the trustees may review the same in future and list the units under the Scheme on one or more Stock Exchanges later subject to adherence of terms and conditions of Regulators/Exchanges. <u>Transfer of Units</u> Units are freely transferable. Unitholders desirous of transferring units shall submit the transfer request in the prescribed form or convert his/her holding in non demat or demat mode. Any addition / deletion of name from the folio of the unitholder is deemed as transfer of unit. Transfer of unit(s) shall be subject to payment of applicable stamp duty by the unitholder(s) and applicable laws. The above provisions in respect of deletion of names will not be applicable in case of death of unitholder (in respect of joint holdings) as this is treated as transmission of units and not transfer. The units issued in Demat (electronic) form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer would be only in favor of transferees who are capable of holding units. The Fund will not be bound to recognize any other transfer. The delivery instructions for transfer of units will have to be lodged with the DP in the requisite form as may be required from time to time and transfer will be affected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode. As per provision no. 14.4.4 of SEBI Master Circular on Mutual Fund dated June 27, 2024. All the units of a mutual fund scheme held in Demat form will be freely transferable. Please refer SAI for the procedure of transmission & pledging. Investors are requested to visit the funds website for the list of prescribed documents under any of the procedure or call the investors service centers for any clarification on the above.
Dematerialization of Units	Pursuant to provision no. 14.4.2 of SEBI Master Circular on Mutual Fund dated June 27, 2024 and further as per AMFI Circular No 35P/MEMCOR/ 35/11-12 dated Dec 23, 2011, Mutual Fund shall provide an option to investors to hold units in Demat mode. As per provision no. 14.4.4 of SEBI Master Circular on Mutual Fund dated June 27, 2024, all the units of a mutual fund scheme held in Demat form will be freely transferable.
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return)	Not applicable, as the scheme is an ongoing scheme.
Maximum Amount to be raised (if any)	No upper limit.

Dividend Policy (IDCW)	Growth Option: The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving medium to long term and also short term capital growth and reflected in the NAV. Payout of Income Distribution cum capital withdrawal option: The profits received / earned and so retained and reinvested may be distributed as income at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as may be decided by the AMC and/or Trustee Company. It will be distributed to the unitholders who hold the units on the record date of declaration of the Income. Please note that the income distribution i. e income distribution and its frequency is subject to availability of distributable surplus and at the discretion of the trustees The Fund reserves a right to modify the periodicity and manner of payout of such income distribution as they deem fit without giving any further notice to unitholders. The Fund does not assure any targeted annual return / income nor any capitalisation ratio. Accumulation of earnings and the consequent determination of NAV, may be suspended temporarily or indefinitely under any of the circumstances as stated in the clause “Suspension of Ongoing Sale, Repurchase or Switch out of Units”. Investor shall note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account and which can be used to pay income distribution. Hence income distribution amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. Reinvestment of Income Distribution cum capital withdrawal option: Unitholders under this Option also have the facility of reinvestment of the income so declared, if so desired. Income Distribution Warrants will not be despatched to such Unitholders. The income declared would be reinvested in the Scheme on the immediately following ex-dividend date. Compulsory Re-investment of Income Distribution: In order to reduce the expenses of the scheme and also for the convenience of the investors, income distribution shall be compulsorily reinvested in the respective option the schemes at the applicable ex-dividend NAV if income distribution amount is Rs 100/- or less- (or any other amount as may be specified by the AMC from time to time).
Allotment during continuous offer for sale period.	At the discretion of the investors, the units under the scheme shall either be allotted in dematerialized form (if investor has Demat account and he has provided the details of depository account in the application form) or by way of issuing the physical account statement. The investors who wish to hold units in Demat mode need to furnish the details of their depository account in the Application Form. The Units allotted in electronic form will be credited to the investor’s Beneficiary Account with a Depository Participant (DP) of CDSL or NSDL as per the details furnished by the investor in the Application Form Those investors who have not provided Demat account details shall be issued account statement specifying the number of units allotted. A statement of accounts specifying the number of units allotted to the applicant or issue units in the dematerialized form as soon as possible but not later than five working days from the date of closure of the initial subscription list or from the date of receipt of the application. The units are freely transferable in demat or non demat mode. Transfer of units shall be subject to payment of applicable stamp duty by the unitholders and as per applicable laws. Unitholders desirous of transferring units shall submit the transfer request in the prescribed form and with other documents as may be mandated by AMC. Further, where the investor has furnished the details of their depository accounts in the Application Form, it will be assumed that the investor has opted for allotment in electronic form and the allotment will be made only in electronic form as default. In case unit holder wish to dematerialize the units, he/she shall comply with the procedures prescribed by the AMC / Depository from time to time. The allotment of units is subject to realisation of the payment instrument. Any application for subscription of units may be rejected if found incomplete or due to unavailability of underlying securities, etc.
Refund	Refund of subscription money to applicants whose applications are invalid for any reason whatsoever, will be without incurring any liability whatsoever for interest or other sum. If the Fund fails to refund the amount within 5 business days, interest @15% per annum for delayed period shall be paid by the AMC. Refunds will be carried out electronically wherever

	CBS account nos., IFSC codes available or Direct Credit facility is available with the Bank else through refund orders marked "A/c. Payee Only" drawn in the name of the first applicant.
Who can invest (This is an indicative list and investors are requested to consult their financial advisor to ascertain whether the scheme is suitable to their risk profile)	Eligibility for Application The following persons (subject, wherever relevant to, purchase of Units being permitted under their respective constitutions and relevant State Regulations) are eligible to apply for the purchase of the Units: • Adult individuals, either singly or more than one (not exceeding three) on first holder basis or jointly on an either or survivor/any one basis. • Parents or other lawful Guardians on behalf of Minors. AMC will follow uniform process 'in respect of investments made in the name of a minor through a guardian' by provision no. 17.6 & 17.6.1.a of SEBI Master Circular on Mutual Fund dated June 27, 2024 and circular no. HO/IMD/POD-II/CIR/P/2023/0069 dated May 12, 2023 which states that payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor i.e., the account the minor may hold with the parent/legal guardian after completing all KYC formalities. • Companies, corporate bodies, public sector undertakings, trusts, wakf boards or endowments, funds, institutions, associations of persons or bodies of individuals and societies (including Co-operative Societies) registered under the Societies Registration Act, 1860 (so long as the purchase of Units is permitted under their respective constitutions). • Mutual Funds (including any Scheme managed by AMC or any Scheme of any other Mutual Fund); (in accordance with Regulation 44(1) read with Clause 4 of Schedule VII, of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996). • Asset Management Company (AMC); (in accordance with Regulation 25(17) of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996). • Partnership firms, in the name of the partners. • Hindu Undivided families (HUF) in the sole name of the Karta. • Financial and Investment Institutions/ Banks. • Army/ Navy / Air Force, para military Units and other eligible institutions. • Religious and Charitable Trusts provided these are allowed to invest as per statute and their by-laws. • Non-resident Indians/ persons of Indian origin residing abroad (NRIs) on a full repatriation basis or on non-repatriation basis. • Foreign Portfolio Investor (Foreign Portfolio Investor (FPI) as defined under Regulation 2(1)(h) of Security Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014. • International Multilateral Agencies approved by the Government of India. Compliance under Foreign Account Tax Compliance Act (FATCA) regulations: United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014. The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on - - US taxpayers about certain foreign financial accounts and offshore assets. - Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest. FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Company private Limited (TAMPL) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

	In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same. Applicants are required to refer to the “FATCA information” section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority. Common Reporting Standard (CRS) On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a ‘Standard for Automatic Exchange of Financial Account Information in Tax matters’. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3,2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the ‘source’ jurisdiction to collect and report information to their tax authorities about account holders ‘resident’ in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the ‘resident’ countries. In view of India’s commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts. Applicants are required to refer to the “FATCA/CRS information” section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority. With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously. Subject to the Regulations and other applicable laws, the AMC / Trustee may reject any application for subscription and/or redemption of units if found incomplete or due to unavailability of underlying securities, etc. Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.
Who cannot invest	Applicants who cannot Invest. • A person who falls within the definition of the term “U.S” Person” under the US Securities Act of 1933 and corporations or other entities organised under the laws of the U.S. • A person who is resident of Canada. • OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1961 and under Foreign Exchange Management Act, 1999. Any person /entity who is restrained/ prohibited/ debarred by any Regulators / Law Enforcement Agencies for investment in capital market. The Fund reserves the right to include / exclude new / existing categories of investors to invest in the scheme from time to time, subject to SEBI Regulations and other than prevailing statutory regulations, if any. If a person resident of India at the time of subscription becomes a person resident outside India subsequently, shall have the option to either be paid Redemption value of Units, or continue into the Scheme if he/ she so desires and is otherwise eligible. However, the person who desires to continue in the Scheme shall not be entitled to any interest or any compensation during the period it takes for the Fund to record the change in Address and the Residential Status. Notwithstanding the aforesaid, the Trustee Company reserves the right to close the Unitholder account and to pay the Redemption value of Units, subsequent to his becoming a person resident outside India, should the reasons of expediency, cost, interest of Unitholders and other circumstances make it necessary for the Fund to do so. In such an event, no resident Unitholders who have subsequently become resident outside India shall have a right to claim the growth in capital and/ or income distribution.

	This scheme has not been registered in any country outside India. To ensure compliance with any Laws, Acts, Enactments, etc. including by way of Circulars, Press Releases, or Notifications of Government of India, the Fund may require/give verification of identity/any special/additional subscription-related information from /of the Unitholders(which may result in delay in dealing with the applications, Units, benefits, distribution, etc./giving subscription details, etc.). Each Unitholder must represent and warrant to the Trustee Company/AMC that, among other things, he is able to acquire Units without violating applicable laws. The Trustee Company will not knowingly offer or sell Units to any person to whom such offer or sale would be unlawful, or might result in the Fund incurring any liability or suffering any other pecuniary disadvantages which the Fund might not otherwise incur or suffer. Units may not be held by any person in breach of the law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations. The Trustee company may, compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions. In view of the individual nature of investment portfolio and its consequences, each Unitholder is advised to consult his/her own professional advisor concerning possible consequences of purchasing, holding, selling, converting or otherwise disposing of the Units under the laws of his/her State/country of incorporation, establishment, citizenship, residence or domicile.

The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	The number of Units held by the Unit holder under his folio /Demat Account will stand reduced by the number of Units redeemed. Presently, the AMC does not intend to reissue the repurchased units. However, the Trustee reserves the right to reissue the repurchased units at a later date after issuing adequate public notices and taking approvals, if any, from SEBI.

Restrictions, if any, on the right to freely retain or dispose of units being offered.	Units are freely transferable. Unitholders desirous of transferring units shall submit the transfer request in the prescribed form or convert his/her holding in non demat or demat mode. Any addition / deletion of name from the folio of the unitholder is deemed as transfer of unit. Transfer of unit(s) shall be subject to payment of applicable stamp duty by the unitholder(s) and applicable laws. The above provisions in respect of deletion of names will not be applicable in case of death of unitholder (in respect of joint holdings) as this is treated as transmission of units and not transfer. The units issued in Demat (electronic) form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer would be only in favor of transferees who are capable of holding units. The Fund will not be bound to recognize any other transfer. The delivery instructions for transfer of units will have to be lodged with the DP in the requisite form as may be required from time to time and transfer will be affected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode. As per provision no. 14.4.4 of SEBI Master Circular on Mutual Fund dated June 27, 2024. All the units of a mutual fund scheme held in Demat form will be freely transferable. Please refer SAI for the procedure of transmission & pledging. Investors are requested to visit the funds website for the list of prescribed documents under any of the procedure or call the investors service centers for any clarification on the above. There is no upper limit of redemption. However, this is subject to the following: a) The repurchase would be permitted to the extent of credit balance in the Unit holder's account. b) The Asset Management Company (AMC) may, in the general interest of the all Unit holders of the Scheme, keeping in view the unforeseen circumstances/unsure conditions, limit the total number of Units which may be redeemed on any Business Day. Restrictions may be imposed under the following circumstances that leads to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets. a) Liquidity issues - When markets at large becomes illiquid affecting almost all securities rather than any issuer specific security. b) Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. c) Operational issues - When exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Under the aforesaid circumstances, the AMC / Trustee may restrict redemption for a specified period of time not exceeding 10 working days in any 90 days period. Any imposition of restriction on redemption / switch of units would require specific approval of Board of AMCs and Trustees and the same should be informed to SEBI immediately. Unitholders should note that the following provisions shall be applicable when redemption requests are placed during such restricted period. i) No redemption requests upto Rs. 2 lakh shall be subject to such restriction and ii) Where redemption requests are above Rs. 2 lakh, AMCs shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh shall be subject to such restriction.

Default Option

If Growth or Income Distribution cum Withdrawal Option is not mentioned: Growth

Default Sub-Option: Reinvestment of Income Distribution cum capital withdrawal option (IDCW- Reinvestment)

Income Distribution option has sub-options of Payout of Income Distribution Cum Capital Withdrawal Option (IDCW- Payout Option), Reinvestment of Income Distribution cum capital withdrawal option (IDCW- Reinvestment), and Transfer of Income Distribution cum capital withdrawal plan (IDCW- Transfer)

The income distribution for amount less than Rs 250/- will be compulsorily reinvested in the same sub-option at ex-dividend NAV.

Please note that the Income shall be distributed at the discretion of the Trustees subject to availability of distributable surplus.

Default Option: Investor should appropriately tick the „option“ (Income Distribution cum Withdrawal Option or growth) and sub-options in the application form while investing in the Scheme. If no option is mentioned / indicated in the application form by the investor then the units will, by default, be allotted under the Growth Option. If no Income Distribution cum Withdrawal sub-option is mentioned / indicated in the application form by the investor then the units will, by default, be allotted under the Reinvestment of Income Distribution cum capital withdrawal option (IDCW-Reinvestment)

Default Plan:

Investors are requested to note the following scenarios for the applicability of “Direct Plan or Regular Plan” for valid applications received under the scheme:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Treatment of Business Received Through Suspended Distributors:

The financial transactions of an investor where his distributor's AMFI Registration Number (ARN) has been suspended temporarily or terminated permanently by Association of Mutual Funds in India (AMFI) shall be processed as follows:

1. All purchase and switch transactions including SIP/STP registered prior to the date of suspension and fresh SIP/STP registrations received under the ARN code of a suspended distributor during the period of suspension, shall be processed under 'Direct Plan' and shall be continued under Direct Plan perpetually except in case where TAMPL receives any written request/ instructions from the unitholder/s to shift back to Regular Plan under the ARN of the distributor post the revocation of suspension of ARN.
2. All Purchase and Switch Transactions including SIP/STP transactions received through the stock exchange platform through a distributor whose ARN is suspended shall be rejected.

Unitholders can opt for only one income distribution sub-option under a scheme in a single folio. In case, different sub-options are required, unitholders are required to create a new folio.

Also note that the income distribution sub-option selected in the last inflow transaction will be applicable to all the transactions in the respective scheme sub-option in the folio. A simple example will explain the above statement:

	<table><tr><th>Date</th><th>Request by unitholder</th><th>Sub Option</th></tr><tr><td>01/01/2021</td><td>Purchase in Income Distribution Option</td><td>Payout of Income Distribution cum capital withdrawal option</td></tr><tr><td>02/03/2021</td><td>SIP Registered in Income Distribution Option</td><td>Reinvestment of Income Distribution cum capital withdrawal option</td></tr><tr><td>03/05/2021</td><td>Additional Purchase in Income Option</td><td>Payout of Income Distribution cum capital withdrawal option</td></tr><tr><td>02/06/2021</td><td>SIP Instalment</td><td>Reinvestment of Income Distribution cum capital withdrawal option</td></tr></table> Hence the income distribution sub option chosen by unitholders in the last transaction (i.e SIP instalment as on 02/06/2021 sub option reinvestment) will be applicable to all transactions in the related scheme sub option in the folio. In case of statutory/ legal attachments/ suspensions or litigations/ disputes at the unitholders /investor's end, the income distribution will compulsorily be reinvested, and no payout shall be made during the said period, irrespective of the income distribution sub-option selected. Investor should note that for processing of redemption and related transactions in Non-PAN exempt folios from time to time, it is mandatory to complete the KYC requirements for all applicants/investors (including existing investors and joint holders) and in case of folio of a minor investor, the KYC of the guardian is mandatory irrespective of the amount of investment. 1. Accordingly, financial transactions (including Fresh Purchases, Additional Purchases, Switch transactions, Redemption and all types of systematic plans) and non-financial requests will not be processed if the applicants (including existing investors and joint holders) and unitholders have not completed KYC requirements. Accounts Statements	The AMC will send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. Note:- As per SEBI Circular no SEBI/HO/MRD/PoD1/CIR/P/2025/16 dated February 14, 2025, the following timelines will be applicable for sending of CAS with effect from May 14th, 2025: 1. The CAS shall be dispatched to investors who have opted for delivery via electronic mode, within twelve (12) days from the month end and to investors who have opted for delivery via physical mode, within fifteen (15) days from the month end. 2. If there is any transaction in any of the demat accounts of the investor or in any of his mutual fund folios, then CAS shall be sent to that investor through email on monthly basis. In case there is no transaction in any of the mutual fund and demat accounts then CAS with holding details shall be sent to the investors by email on half yearly basis. In such cases, the CAS shall be dispatched to those investors who have opted for delivery via electronic mode, on or before the eighteenth (18th) day of April and October and to investors who have opted for delivery via physical mode, on or before the twenty-first (21st) day of April and October. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. For further details, refer SAI.															
Dividend / IDCW	The payment of dividend to the unitholders shall be made within seven working days from the record date. The above timelines are subject to the list of exceptional circumstance as specified by SEBI or AMFI from time to time.

Other Scheme related disclosures:

Ongoing Offer Period This is the date from which the scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	Tata Multicap Fund was launched on 17th August 2018. w.e.f. 10th September 2018, the scheme was open for ongoing sales & repurchase at NAV based prices. Fundamental attribute of Tata Multicap Fund has been changed w.e.f. 28th January '2021. The scheme is now known as Tata Flexi Cap Fund. Being existing open-ended scheme, subscription / redemption a facility is available on all business days.
Ongoing price for subscription (purchase)/switch-in (from other schemes/plans of the mutual fund) by investors. This is the price you need to pay for purchase/switch-in.	At the applicable NAV.
Ongoing price for redemption (sale) / repurchase / switch outs (to other schemes/plans of the Mutual Fund) by investors. This is the price you will receive for redemptions/switch outs. Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80	At the applicable NAV subject to prevailing exit load, if any. Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund will ensure that the repurchase price is not lower than 97 per cent of the Net Asset Value. The Trustee Company may however, from time to time review and modify the repurchase load for each choice of investment. The Units if partially repurchased would be subtracted from the Unit balance of that Unitholder on "First In First Out" basis i.e. the Units that were offered / allotted first would be the first to be repurchased. In case amount is withdrawn, the same will be converted into Units at the applicable Repurchase price / NAV related price and the number of Units so arrived at will be subtracted from the Unit balance of that Unitholder on "First In First Out" basis. The repurchase would be permitted to the extent of credit balance in the Unitholder's account. The repurchase cheque will be issued in the name of the first unitholder. Under normal circumstances, the Fund will ensure that the repurchase cheques are despatched within ten business days from the date of processing the repurchase request on repurchase day. In the event of partial repurchase, the Fund shall despatch the revised Account Statement by suitable mode as decided by AMC from time to time for the balance number of Units still being held by the Unitholder along with the repurchase cheque. Credit balances in the account of a Non- Resident Unitholder on maturity or otherwise, (where RBI final approval and any other approval (if any required) has been obtained) may be repurchased by the Fund by such Unitholder in accordance with the procedure described above and also subject to any procedures laid down by RBI and any other agency.

	Such repurchase proceeds will be paid by means of a Rupee cheque payable to the NRE/ NRO account of the Unitholder or subject to RBI procedures and approvals, such payment in Indian Rupees will be converted into US Dollars or into any other currency, as may be permitted by RBI, at the rate of exchange prevailing at the time of remittance and will be despatched at the applicants' risk, or at the request of the applicants' will be credited to their NRE/ NRO Accounts, details of which are to be furnished in the space provided for this purpose in the Repurchase Form. The Fund will not be liable for any delays or for any loss on account of exchange fluctuations, while converting the rupee amount in US Dollar or any other currency. The Fund (if required) may also make arrangements to obtain RBI approvals on a case-by-case basis on behalf of the Unitholder, subject to the Unitholder providing the Fund with the necessary documents required.
Special Products / facilities available	Systematic Investment Plan (SIP) The investors can benefit by investing specified Rupees amounts at regular intervals. The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the fund at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Units will be allotted at the applicable NAV along with applicable load (if any). “SIP facility is available subject to terms and conditions. Please refer to the SIP Enrolment form for terms and conditions before enrolment.” SIP with Top-up SIP facility: SIP with Top-up SIP is a facility whereby an investor has an option to increase the amount of the SIP Installment by a fixed amount at pre-defined intervals. This will enhance the flexibility of the investor to invest higher amounts during the tenure of the SIP. Terms and conditions of top-up SIP are as follows: - The Top-up option must be specified by the investors while enrolling for the SIP facility. - For minimum SIP Top-up amount refer application form. - The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option. - Under monthly SIP investors can opt for top up amount at half-yearly and yearly intervals. If the investor does not specify the frequency, the default interval for Top-up will be considered as Yearly. - In case of Quarterly SIP, investors can opt for only Yearly interval top-up frequency. For complete details regarding the SIP with top-up facility please refer to SIP Auto Debt Form with Top up facility enrollment form. SIPrise facility: SIPrise is an optional facility offered by Tata Mutual Fund (TMF) for its eligible schemes (Growth option). This facility is aimed to encourage investors to invest regularly through Systematic Investment Plans (SIP) in TMF schemes for pre-defined tenure. Post SIP period (Investors have an option to select pause period) the accumulated units will be switched from the source scheme to the target scheme. Investors also have an option to select the source scheme as the target scheme. In this case, there would not be any unit transfer through systematic transfer plan (STP). The investor would receive periodic amount through systematic withdrawal plan (SWP) till the units are available. Tata Flexi Cap Fund is considered as eligible Source Scheme for “SIPrise” facility. The terms and conditions of this facility are as follows: - Systematic Investment Plan (SIP) - The SIPs registered under this facility would be subject to investment of minimum amount as specified in the KIM cum application form from time to time for the eligible source schemes. - Default SIP trigger date under this facility will be the 10th calendar day of the month. In case, the trigger date falls on a non- business day, the SIP would be triggered on the next business day. - The SIP will be registered for monthly frequency only. - In case the SIP is terminated prior to the pre-defined tenure, STP and SWP will continue as defined in the initial request. In any case, the STP and SWP amount will be limited till the units are available. - Existing units already available in the source scheme before opting for the SIPrise facility and any additional units added to the source scheme in any manner in addition to this facility will also be automatically moved to the Target scheme through the scheduled STPs till the units are available. The amount so moved to the target scheme would be on a first in first out (FIFO) basis. Any earlier option chosen by the investor earlier would automatically get revised to this extent. - Top-Up SIP is allowed under this feature. The investor may choose to increase their SIP amount by Rs. 500 or multiples of Rs. 500. - Systematic Transfer Plan (STP) - A Systematic Transfer Plan (STP) will start one year prior to that of the SWP.

- b. Yearly STP amount will be equal to 15 times the monthly SWP amount from the target scheme or till the units are available.

3. Systematic Withdrawal Plan (SWP)

- a. Investors need to choose the scheme (target scheme) from where the monthly SWP is required to be made to their registered bank account & the required periodic amount by means of withdrawal via systematic withdrawal plan (SWP) from target scheme. In case, the investors do not choose the desired SWP amount, they will receive the default SWP amount (likely amount to be withdrawn) which would be initial monthly SIP amount under this facility till the units last.
- b. The SWP will start after the SIP tenure or after the pause period, if any, as chosen by the investor.
- c. The SWP amount selected shall not be less than the initial SIP amount opted by the investor.
- d. Investors have an option to opt for pause after the SIP tenure as mentioned at the time of initial registration under this facility. The minimum pause period is 0 years. If the pause is not opted, the starting month (i.e. 1st trigger month) for SWP will be the subsequent month of the last SIP instalment month.
- e. Existing units already available before STP in the target scheme and additional units added to the target scheme will also form a part of the redemption proceeds through the scheduled SWP till the units are available. The SWP amount would be triggered on first in first out (FIFO) basis.
- f. The SWP date will be same as that of the SIP date. In case, the trigger date is a non- business day, the SWP will be made on the next business day.
- g. The SWP will be done from the Growth Options of eligible open-ended schemes of Tata Mutual Fund as stated in annexure to this addendum.
- h. The SWP will continue till the units are available in the scheme.

Common Features

- a. Once opted for this facility investors / unitholders cannot change the Source scheme, target scheme, initial SIP Amount, SIP Tenure, Pause Period and required periodic SWP Amount.
- b. STP will be done when the target scheme is different from the source scheme at prevailing NAV in the respective scheme (s).
- c. Partial redemption or switch out of the units in the source or target scheme will not affect the SIP, STP & SWP already registered under this facility. Investors are required to note that the STP & SWP will be continued for the period chosen by the investor or till the units are available in the source and target scheme respectively.
- d. Investor has option to withdraw from this SIP facility at any stage by providing a separate request to discontinue/cease the SIP, STP & SWP registration.
- e. Minor/s are not eligible to register for this facility. Applications in the name of minors, filled in by guardians, will also not be accepted.
- f. This Facility is not available where units are in held in DEMAT mode.
- g. Pledged or Frozen Units will not be transferred (i.e. through STP). The same is also not available for withdrawal by the investor (i.e. through SWP) unless the investor / unitholder provides the necessary valid documents to prove that the pledge/freeze status has been withdrawn/changed.
- h. Investors can opt to withdraw through lumpsum either partially or in entirety till the units are available in the source and / or target scheme at any time during the tenure of this facility. Accordingly, the balance units will be considered for SIP, STP & SWP under this facility.
- i. Each STP & SWP will continue for the chosen amount or till units last.
- j. Default trigger date i.e. 10th calendar day of the month is only applicable for this facility.
- k. Tata Mutual Fund reserves the right to reject any application in case the investor does not fulfill any criteria of this facility

All other terms & conditions of SIP, STP & SWP are also applicable to SIPrise.

Kindly note that apart from the above facility mentioned i.e. “SIPrise”, investor can opt for normal / existing SIP, STP & SWP facility as mentioned in respective Scheme Information Document. Disclaimers:

1. This facility does not in any way give assurance or guarantee returns or lump sum payments at the end of the SIP period or thereafter.
2. The payouts to the investors are made only by means of redeeming the units/corpus available in the investor's folio at NAV and subject to load, if any.
3. Tata Mutual Fund does not in any way assure or guarantee payouts, beyond available units/corpus in the scheme/s folio.
4. Investors should consult their financial advisors if in doubt about whether the facility is suitable for them.
5. The investor is advised to consult their tax consultant with respect to specific tax implications arising out of their participation in the facility.

Systematic Withdrawal Plan (SWP)

This facility available to the unitholders of the fund enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Fund units at the Repurchase price and such units will be subtracted from the unit balance of that unitholder. In case the date falls during a book closure period the immediate next Business day will be considered for this purpose.

The Authorised Investor Service Center may terminate SWP on receipt of a notice from the unitholder. It will terminate automatically if all units are liquidated or withdrawn from the account or upon the receipt of notification of death or incapacity of the unitholder.

“SWP facility is available subject to terms and conditions. Please refer to the SWP Enrolment form for terms and conditions before enrolment.”

Systematic Transfer Plan (STP)

A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer on a monthly or a quarterly basis from one TMF Scheme to another TMF Scheme on a date prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. Unitholders may change the amount, not below the specified minimum, by giving two weeks prior written notice to the registrars. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death or incapacity of the unitholders by the fund. Rules relating to the plan may be changed from time to time by the Investment Manager.

“STP facility is available subject to terms and conditions. Please refer to the STP Enrolment form for terms and conditions before enrolment.”

Flex STP Facility:

Flexible Systematic Transfer Plan (“Flex STP”) by Tata Mutual Fund is a facility wherein a Unitholder(s) of designated open-ended Scheme(s) can opt to transfer variable amounts linked to the value of his investments on the date of transfer at pre-determined intervals from designated open-ended (source scheme) to the growth option of another open-ended scheme (target scheme).

Salient Features of Flex STP are as follows:

1. The amount to be transferred under Flex STP from source scheme to target scheme shall be calculated using the below formula:
Flex STP amount = [(fixed amount to be transferred per instalment x number of instalments already executed, including the current instalment) - market value of the investments through Flex STP in the Transferee Scheme on the date of transfer]
2. The first Flex STP instalment will be processed for the fixed instalment amount specified by the investor at the time of enrolment. From the second Flex STP instalment onwards, the transfer amount shall be computed as per formula stated above.
3. Under “Flex STP” facility, Tata Flexi Cap Fund is enabled as Source as well as Target Scheme
4. Flex STP would be available for Quarterly, Monthly, Weekly and Daily frequencies.
5. Flex STP is not available from “Daily / Weekly” income distribution plans of the source schemes.
6. Flex STP is available only in “Growth” option of the target scheme.
7. Conversion to Normal STP: If there is any other financial transaction (purchase, redemption or switch) processed in the target scheme during the tenure of Flex STP, the Flex STP will be processed as normal STP for the rest of the instalments for a fixed amount.
8. Flex STP will stop/cease on occurrence of any of the following event whichever is earlier.
 - a. Flex STP will cease after the specified End Date / Specified number of instalments have been transferred.
 - b. In case the amount (as per the formula) to be transferred is not available in the source scheme in the investor's folio, the residual amount will be transferred to the target scheme and Flex STP will be closed.
9. A single Flex STP enrolment Form can be filled for transfer into one Scheme/Plan/Option only.
10. In case the date of transfer falls on a Non-Business Day, then the immediate following Business Day will be considered for the purpose of determining the applicability of NAV.
11. The request for flex STP should be submitted at least 10 calendar days before the first STP date.
12. All other terms & conditions of Systematic Transfer Plan are also applicable to Flex STP.

Flex STP is a Systematic Withdrawal Plan (SWP) from Source Scheme and Systematic Investment Plan (SIP) in the Target scheme, therefore in the source scheme the exit load for the units will be as per the load structure applicable at the time of the purchase of those units. In the Target scheme the load structure will be as per the prevailing exit Load structure applicable for the SIP for that scheme.

	Systematic Transfer from one scheme to another scheme attracts capital gain tax depends on the periodicity of holding. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the transactions. The AMC reserves the right to withdraw/change/modify the terms and conditions of Flex STP. The above terms and conditions may be modified at any time without prior notice to the unitholders and such amended terms and conditions will thereupon apply to and be binding on the unitholders. For detail terms & conditions, unitholders are requested to check KIM cum application form of the scheme. Facility for purchasing of the units of the scheme through order routing platform on BSE and NSE The scheme will be admitted on the order routing platform of Bombay Stock Exchange Limited ("BSE") and National Stock Exchange of India Limited ("NSE"). Under this facility investors can submit the application for subscription and redemption of units of the scheme through the Stock Exchange platform. The introduction of this facility is pursuant to guidelines issued by provision no. 16.2 of SEBI Master Circular on Mutual Fund dated June 27, 2024 and the Stock Exchanges viz. BSE & NSE. Please refer SAI for further details. For further details and terms and condition on special products, please refer KIM cum application form.
Transactions through online facilities / electronic modes	Investor can transact through online facilities / electronic modes in Tata Mutual Fund Scheme. The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI) vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund. While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms, the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will be processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Private Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.
JUST SMS Facility	JUST SMS Facility enables the unitholders to - Subscription of units of the scheme for amounts less than Rs 2 lacs. - Redemption of units in the scheme (any amount/All Units). - Switch out from the scheme (any amount/All Units). This facility is currently available for existing investors (resident individuals only including guardian on behalf of minor) however new investor can avail this facility after opening a folio in the scheme. Process Note: - Subscription transaction request can be accepted in "Amounts" only and Switch and Redemption transaction requests can be accepted in "Amounts/Units", however the request for Unit based redemption/swiches can be given for "ALL" units and not part thereof. The minimum subscriptions / redemption / Switch amount in the respective scheme(s) will be applicable for each transaction. The load structure prevailing at the time of the purchase transaction will be applicable. - Mobile Number Registration: Unitholder(s) of the Fund will have to register a mobile number registered in India in their folio for availing this Facility. The mobile number provided in the debit mandate shall be updated in the folio for which the Facility is required. Additionally it will be registered in all the folios (if the same is not already available) where the First/Sole unit holder PAN number is same as the First/Sole unit holder PAN in the application, the updation of the mobile number will be only for purpose of database enhancement for all communication purposes. To avail this facility, only one mobile number will be registered with one folio number. - Unitholder(s) of the Fund can start transacting, using this Facility only after successful registration of the Debit Mandate with their bankers and receipt of confirmation from the AMC. The process of registering the bank mandate with the banker may take upto 30 days. - Unit holder(s) need to provide Original cancelled cheque of the same bank account registered in the registration form with the unit holder's name printed on the face of the cheque. In case an investor is not able to submit the

	Original cancelled cheque or do not have the name of the investor on the face of the cheque. Then the investor needs to submit: - Copy of the bank passbook attested by bank / Original bank statement with name address and bank account number of the investor. - A letter from the bank on its letter head certifying that the investor maintains an account with the bank, along with the information like the bank account number, bank branch, account type, the MICR code of the branch and the IFSC code. - Get the bankers attestation in the face of the form in the section BANKER'S Attestation (For BANK Use only) - If these supporting documents are not provided the registration may not be accepted. The Unit holder(s) cheque/ bank account details are subject to third party verification. - In case the mode of holding of the folio is 'Joint' and the Debit Mandate is duly signed by all the joint holder(s), it will be deemed to be an express instruction to the AMC (Tata Asset Management Pvt Ltd) / RTA (Computer Age Management Service Pvt. Ltd), to keep the mode of holding to 'Anyone or Survivor' for availing this Facility only, so that this facility is available to the first named holder only. In case the unit holder is a "minor", the legal /natural guardian shall be eligible to avail of this Facility till the minor attains majority. As such legal/natural guardian may make payments from the minor's respective bank account (or in accordance with the exceptions provided for third party payments) and the same shall be recognized by the AMC as valid payment as per the SEBI Mutual Fund Regulations. - The Purchase Facility is currently available to the investors with the bank account with following bank branches: - All bank branches participating in Reserve Bank of India (RBI) Electronic Clearing System (ECS)/Regional Electronic Clearing System (RECS) facility. - Core Banking branches of the following Banks: Allahabad Bank, Axis Bank, Bank Of Baroda, Citibank, Corporation Bank, HDFC Bank, Federal Bank, ICICI Bank, IDBI Bank, Karnataka Bank, Punjab National Bank, State Bank of India, Union Bank of India, United Bank of India. Please note that the list of the banks and branches may be modified/updated/ changed/deleted from time to time in future at the sole discretion of the AMC without assigning any reason or prior notice. You may kindly refer the AMC web site www.tatamutualfund.com for the latest list of locations/banks. - Some banks and branches may levy charges for mandate registration and / or transactions to their bank account holders, which will be borne by the account holder only and will not be borne /reimbursed by the AMC or the Fund. - Unit holder(s) hereby confirms, acknowledges and undertakes to make payments for subscription of units from their respective bank account(s) in compliance with applicable provisions relating to third party payments detailed in the SID / SAI and that the payment will be through legitimate sources only. - The responsibility of the bank account information provided in the Debit Mandate or any other application form for this Facility solely rests with the Unit holder(s) and the AMC / Fund / RTA will not be responsible or liable for any loss, claims, liability that may arise on account of any incorrect and / or erroneous data / information supplied by the Unit holder(s). - It will be the sole responsibility of the unit holder(s) bank and its branch to ensure proper registration of the Debit Mandate and confirm registration. If no confirmation of registration or rejection is received from the banker, the AMC/RTA/it's agents will deem the same to be registered and confirm the registration to Unit holder(s) entirely at the risk of Unit holder(s). - The Unit holder(s) shall ensure availability of clear funds in their respective bank account, as specified in the Debit Mandate, at the time of requesting a Transaction using the Facility and at the time of bank account being debited - The bank account of the customer may be debited towards purchases either on the same day of transaction or within one to seven business days depending on ECS cycle. The AMC / RTA shall attempt to settle the transaction and debit the bank account by requesting the registered bank for release of funds as per direct debit arrangement or standing instruction or RBI ECS (Debit) facility generally within a period of one to seven working days for bank. However, in case of non- receipt of the funds, for whatsoever reasons, the transaction shall stand cancelled/ null and void and the units allotted, if any would be reversed and stands cancelled. - The request for transaction is to be considered as accepted, subject to realization of funds towards purchases, and only on receipt of the confirmation from RTA on the registered mobile number or email id of the Unit holder(s) of the Fund. - The applicable NAV for the transaction will be dependent upon the time of receipt of the SMS into Computer Age Management Service Pvt. Ltd, Registrar & Transfer Agent of the Fund, ('RTA') server, electronically time-stamped and other factors like scheme, type of transaction, amount, date of realization of funds under SEBI regulations and will be treated on par with similar transactions received through other modes. For the purpose of this Facility, such RTA office centre would be considered as an Official Point of Acceptance of the transaction. - Any transaction request on a Non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the Scheme Information Document ('SID') of the respective scheme. - If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information/key word or due to non-receipt of the SMS message by the RTA or due to late receipt of SMS due to mobile network congestions or due to any reason whatsoever, the Unit holder(s) will not hold the Fund, AMC and the RTA responsible for the same. - In case of non-receipt of confirmation from RTA within a reasonable time (around one hour), Unit holder(s) are advised to immediately call up the call centre on (022) 6282 7777 (Monday to Saturday 9:00am to 5:30pm) to
--	---

	confirm the status of the transaction request. In case of receipt of multiple confirmations from the RTA against a single transaction request, the same needs to be brought to the immediate attention of RTA and the AMC by calling up the call centre on (022) 6282 7777 (Monday to Saturday 9:00am to 5:30pm). 18. The Unit holder(s) availing the Facility shall check his / her bank account records carefully and promptly. If the Unit holder(s) believes that there has been an error in any transaction using the Facility, or that an unauthorized transaction has been effected, the Unit holder(s) shall notify the AMC or the RTA immediately by calling up the call centre on (022) 6282 7777 (Monday to Saturday 9:00am to 5:30pm). For faster dissemination of information, Unitholders are requested to provide their E-mail IDs. Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. Annual report, Account statements & other communication will be sent via email, by default, to investors who have provided their email ID, unless specified otherwise. The Investor shall from time to time intimate the Mutual Fund / its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided & investor can download, save & print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, & the Fund would arrange to send the same to the investor. It is deemed that the Unitholder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. Mutual Fund / registrar shall not be responsible for e-mail not reaching to the investors and for all consequences thereof. 19. Unitholder(s) of the Fund agrees and acknowledges that any transaction, undertaken using the registered mobile number shall be deemed to be that of the Unitholder(s). 20. Unit holder(s) will also need to inform the AMC/RTA about any change in their bank account number, mobile number or email id through a duly signed written request in the specified format and supporting documents. 21. The Unit holder(s) agree that the Fund/AMC / RTA and their agents shall not be held liable for any unsuccessful registration and or transaction due to any action or inaction of the Unit holder(s) bank including but not limited to reasons mentioned below and agree to indemnify the Fund/AMC/RTA for all liabilities, losses, damages and expenses which they may consequent sustain or incur either directly or indirectly: - Loss of the Debit Mandate in transit from point of acceptance of the form to RTA head office and further to the Unit holder(s)' bank branch; - Non acceptance or rejection of Debit Mandate for whatsoever reason by the Unit holder(s)' bank branch, with or without any reason assigned by the Unit holder(s) bank; - Non registration of the Debit Mandate by the Unit holder(s)' bank and branch; - Deemed registration due to non confirmation of registration or subsequent rejection by the bank and any subsequent rejection of debit of bank account for funds; - Non availability of funds in the bank account of the Unit holder(s) at the time of debit Rejection of registration or transaction debit for any reason or without assigning any reason whatsoever. Employee Unique Identification Number (EUIN): Further, SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of mutual fund products to quote the EUIN obtained by him/her from AMFI in the Application Form. EUIN would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Hence, if your investments are routed through a distributor please ensure that the EUIN is correctly filled up in the Registration Form. However, if your distributor has not given you any advice pertaining to the investment, the EUIN box may be left blank. In this case you are required to tick (☐) the declaration to this effect as given in the form.
Official Points of Acceptance of Transaction through MF utility & MF Central	Tata Mutual Fund has entered into an agreement with MF Utilities India Private Limited ("MFUI"), a "Category II -Registrar to an Issue" under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") - a shared services initiative of various asset management companies, which acts as a transaction aggregator for transacting in multiple scheme of various mutual funds with a single form and a single payment instrument. Accordingly, all the authorized Point of Sales(POS) and website/mobile application of MFUI (available currently and also updated from time to time) shall be eligible to be considered as 'official points of acceptance' for all financial and non-financial transactions in the scheme of Tata Mutual Fund either physically or electronically. The list of POS of MFUI is published on the website of MFUI at www.mfuindia.com. Applicability of NAV shall be based on time stamping as evidenced by confirmation slip given by POS of MFUI and also the realization of funds in the Bank account of Tata Mutual Fund (and NOT the time of realization of funds in the Bank account of MFUI) within the applicable cut-off timing. C. TRANSPARENCY / NAV DISCLOSURE

NAV Information

The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) before 11 p.m. on every Business Day.

However, due to inability in capturing same day valuation of underlying investments, the NAV shall be disclosed by 11 PM. on the next Business Day.

^ If the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons for the delay and explain by when the Mutual Fund would be able to publish the NAV.

Investor may write to AMC for availing facility of receiving the latest NAVs through SMS.

Illustration of Calculation of Sale & Repurchase Price:

Assumed NAV Rs. 11.00 per unit

Entry Load: NIL

Exit Load 1%

Sale Price = NAV + (Entry Load (%) * NAV)

Sale Price = 11 + (0% * 11)

Sale Price = 11 + 0

Sale Price = Rs. 11/-

Repurchase Price

Repurchase Price = NAV – (exit load (%) * NAV)

Repurchase Price = 11 – (1%*11)

Repurchase Price = 11 – 0.11

Repurchase Price = Rs.10.89

In the event NAV cannot be calculated and / or published, such as because of the suspension of RBI Clearing, Bank strikes, during the existence of a state of emergency and / or a breakdown in communications, the Board of Trustees may temporarily suspend determination and / or publication of the NAV of the Units. Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund will ensure that the repurchase price is not lower than 97 per cent of the Net Asset Value.

D. TRANSACTION CHARGES & STAMP DUTY

Transaction Charges – No transaction charges will be charged. Hence, not applicable

Stamp Duty

With effect from 1st July 2020 a stamp duty @ 0.005% of the transaction value would be levied on mutual fund investment transactions. Accordingly, the number of units allotted on purchases, switch-ins, SIP/STP instalments and including IDCW reinvestment to the unitholders would be reduced to that extent.

E. ASSOCIATE TRANSACTIONS

Please refer to Statement of Additional Information (SAI).

F. TAXATION

•Taxation of Income in respect of units of Mutual Fund

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors with respect to the specific amount of tax and other implications arising out of his or her participation in the Scheme.

Withholding tax on income distribution

Particulars	Resident***	NRI	Mutual Fund#
Withholding tax on income distribution	10%*	20%** or rate as per applicable tax treaty*** (whichever is lower)	Nil

Note: Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 10(23D) of the Act.

* Tax not deductible if income distributed in respect of units of a mutual fund is below Rs. 10,000 in a financial year.

** The base tax is to be further increased by surcharge at the rate of:

- 37% on base tax where total income exceeds Rs. 5 crore;
- 25% where total income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore

*** The income distributed by mutual fund to unitholders is unlikely to fall within the definition of dividend under the tax treaty. Given this and the language of the proviso to section 196A, claiming tax treaty benefit in respect of income distributed by mutual fund to unitholders for withholding tax purpose may not be possible.

Further, "Health and Education Cess" is to be levied at 4% on aggregate of base tax and surcharge.

Withholding tax applicability in case of inoperative PAN

As per section 139AA of the Income-tax Act, 1961, read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to non-linking of PAN with Aadhaar, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of Income-tax Act, 1961. For linking PAN with Aadhaar, fees of Rs. 1,000 has been prescribed.

Capital Gains Taxation

Particulars	Resident Investors/ Non Resident Investors \$	Domestic Company @	Mutual Fund#
Tax rate on Capital Gains			
Long Term capital gains	12.5%*	12.5%*	Nil
Short Term capital gains	20%	20%	Nil

Note: Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 10(23D) of the Act.

*Income tax at the rate of 12.5% (without indexation & foreign exchange fluctuation benefit) to be levied on long term capital gains exceeding Rs.1.25 lakh provided transfer of such units is subject to Securities Transaction Tax (STT).

In case of Non Resident investors, short term /long term capital gain tax (along with applicable Surcharge and Health and Education Cess) will be deducted at the time of redemption of units as per Income-tax Act, 1961.

\$Surcharge to be levied at:

- ☐ 37% on base tax where specified income** exceeds Rs. 5 crore;
- ☐ 25% on base tax where specified income** exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- ☐ 15% on base tax where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crores; and
- ☐ 10% on base tax where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore.

**Specified income refers to total income excluding income by way of dividend on shares and short-term capital gains on units of equity-oriented SIF investment strategies and long-term capital gains on SIF investment strategies. In case the total income includes such specified income, surcharge on such specified income shall not exceed 15%.

Further, Health and Education Cess to be levied at the rate of 4% on aggregate of base tax and surcharge.

@ Surcharge at 7% on base tax is applicable where total income of domestic corporate unit holders exceeds Rs 1 crore but does not exceed 10 crores and at 12% where total income exceeds 10 crores. However, surcharge at flat rate of 10% to be levied on base tax for the companies opting for lower rate of tax of 22%/15%.

Further, "Health and Education Cess" to be levied at the rate of 4% on aggregate of base tax and surcharge.

Further, the domestic companies are subject to minimum alternate tax (except for those who opt for lower rate of tax of 22%/15%) not specified in above tax rates.

•Securities Transaction Tax

Securities Transaction Tax (“STT”) is applicable on transactions of purchase or sale of units of an equity-oriented fund entered into on a recognized stock exchange or on sale of units of equity-oriented fund to the Fund. The STT rates as applicable are given in the following table:

Taxable Securities Transaction	Rate	Payable By
Purchase of a unit of an equity-oriented fund, where –The transaction of such purchase is entered into in a recognised stock exchange; and the contract for the purchase of such unit is settled by the actual delivery or transfer of such unit (delivery based).	NIL	Purchaser
Sale of a unit of an equity-oriented fund, where – The transaction of such sale is entered into in a recognised stock exchange; and The contract for the sale of such unit is settled by the actual delivery or transfer of such unit.	0.001%	Seller
Purchase/ Sale of an equity share in a company or a unit of a business trust, where – The transaction of such sale is entered into in a recognised stock exchange; and The contract for the sale of such share or unit is settled by the actual delivery or transfer of such share or unit	0.1%	Purchaser/Seller
Sale of an equity share in a company or a unit of an equity-oriented fund or a unit of business trust, where – The transaction of such sale is entered into in a recognised stock exchange; and The contract for the sale of such share is settled otherwise than by the actual delivery or transfer of such share or unit	0.025%	Seller
Sale of unit of an equity-oriented fund to the Mutual Fund	0.001%	Seller
Sale of an option in securities	0.1%	Seller
In case of sale of option in securities, where option is exercised	0.125%	Purchaser
Sale of a futures in securities	0.02%	Seller

The Fund is responsible for collecting the STT from every person who sells the Units to it at the rate mentioned above. The STT collected by the Fund during any month will have to be deposited with the Central Government by the seventh day of the month immediately following the said month.

•Stamp Duty

With effect from 1st July 2020 a stamp duty @ 0.005% of the transaction value would be levied on mutual fund investment transactions. Accordingly, the number of units allotted on purchases, switch-ins, SIP/STP instalments and including IDCW reinvestment to the unitholders would be reduced to that extent.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.

Any tax liability arising post redemption on account of change in tax treatment with respect to Tax on Income Distribution/Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.
