Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related securities of companies constituting the underlying index (NIFTY Private Bank Index)	95	100
Units of Liquid schemes, Money Market Instruments (with maturity not exceeding 91 days), including TREPs [#] , cash & cash equivalents.	0	5

[#]Or similar instruments as may be permitted by SEBI/RBI from time to time.

The Cumulative Gross Exposure across Equity, Debt and Derivatives and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Exposure to various instruments will be as per the indicative table given below:
(Below percentages shall be subject to applicable SEBI circulars):

Sr. No.	Type of Instrument	Percentage exposure of	Circular references
1.	Stock Lending	Up to 20% of net assets and single intermediary (broker) limit upto 5% of net assets.	Paragraph 12.11 of the Master Circular
2.	*Derivative instruments on underlying index (stock/ index futures, Stock / Index Options)	Up to 5 % of net assets	paragraph 7.5 and 12.25 of the Master Circular
2A	Equity Derivatives for hedging purpose	-	
2B	Equity Derivatives for non-hedging purpose	Up to 5 % of net assets	

2C	Debt Derivatives for hedging/non hedging purpose	-	
3.	Securitized Debt	Nil	Not applicable
4.	Overseas Securities	Nil	Not applicable
5.	Units of RelTs and InvITs	Nil	Not applicable
6.	AT1 and Tier II Bonds	Nil	Not applicable
7.	Structured Obligations and Credit Enhancements	Nil	Not applicable

*The Scheme may take an exposure to equity derivatives of constituents of the underlying Basket when securities of the Basket are unavailable, insufficient or for rebalancing at the time of change in Basket or in case of corporate actions, for a short period of time, subject to the limit of 5% of its net assets. Such exposure to derivatives will be rebalanced within seven calendar days or the next date of expiry of derivative contracts, whichever is later. The Scheme may use derivative instruments such as stock futures and options contracts, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme and shall be subject to limit of 5% of the net assets of the Scheme.

Being a passively managed exchange traded fund, change in investment pattern is normally not foreseen. However, for short durations part of the corpus may be pending for deployment in Equities considering the market conditions, special events, corporate events (like declaration of dividend), etc.

Any transactions undertaken in the portfolio of the Scheme in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Rebalancing of deviation due to short term defensive consideration:

- Any alteration in the investment pattern will be for a short term on defensive considerations as per paragraph 1.14.1.2.b of SEBI Master Circular; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days. It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Rebalancing in case of passive breaches:

- In line with Clause 3.6.7 of the Master Circular in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Index Schemes in order to meet the redemption and subscription obligations

shall be done ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 calendar days, to minimize the tracking error.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 calendar days from the date of allotment/listing. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 read with sub-regulation (26) of Regulation 25 of the SEBI Regulations.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Negative list: The Scheme will not invest/ have exposure in the following:

Sr. No	Particulars
1.	Repos in corporate debt securities;
2.	Short selling of securities;
3.	Unrated debt and money market instruments (except TREPS/ Government Securities/ T- Bills / Repo and Reverse Repo in Government Securities);
4.	Overseas Securities ; and
5.	Structured obligations and credit enhancements
6.	Securitised debts.
7.	Units of ReITs and InvITs
8.	Additional Tier I bonds and Tier II bonds having special features as per paragraph 12.2 of the Master Circular;
9.	Credit Default Swaps transactions;
10.	Unlisted debt instrument;
11.	Bespoke or complex debt products; and
12.	Inter scheme transactions

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- 1) Equity and equity related securities forming part of underlying index, including warrants carrying the right to obtain equity shares.

- 2) Money market instruments as defined under SEBI (Mutual Funds) Regulations, 1996, having maturities of up to 91 Days, or in alternative investment for the call money market or any other instruments/securities as permitted by SEBI/RBI from time to time.
- 3) Derivative instruments like, Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 4) Units of Liquid schemes of the Fund, subject to applicable regulations.
- 5) TREPs[#], Cash & Cash equivalents.

[#]Or similar instruments as may be permitted by SEBI/RBI from time to time.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The corpus of the Scheme will be invested predominantly in stocks constituting the underlying index in the same proportion as in the Index and endeavor to track the benchmark index. A very small portion (0-5% of the Net Assets) of the fund may be kept liquid to meet the liquidity and expense requirements. Further, the Scheme shall follow a passive investment strategy.

The performance of the Scheme may not be commensurate with the performance of the underlying index on any given day or over any given period. Such variations are commonly referred to as the tracking error. The Scheme intends to maintain a low tracking error by closely aligning the portfolio in line with the index. The stocks comprising the underlying index are periodically reviewed by Index Service Provider. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the underlying index immediately. Similarly, in the event of a constituent stock being demerged / merged / delisted from the exchange or due to a major corporate action in a constituent stock, the fund may have to reallocate the portfolio and seek to minimize the variation from the index. The portfolio shall be rebalanced within 7 calendar days to ensure adherence to the asset allocation norms of the Scheme (or any other timeline as may be prescribed by SEBI).

Equities and equity related instruments:

The Scheme would invest in stocks comprising the underlying index and endeavor to track the benchmark index.

Fixed Income Securities:

The Scheme may also invest in units of liquid schemes, money market instrument (with maturity not exceeding 91 days), including TREP, cash & cash equivalents, in compliance with Regulations to meet liquidity requirements. The scheme may also invest in liquid schemes of ICICI Prudential Mutual Fund or other schemes which has objective to invest in debt and money market instruments. Money Market Instruments include commercial papers, commercial bills, treasury bills, and Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, TREPs and any other like instruments as specified by the Reserve Bank of India from time to time.

Investment in Derivatives:

The Scheme may take an exposure to equity derivatives of constituents of the underlying Basket when securities of the Basket are unavailable, insufficient or for rebalancing at the time of change in Basket or in case of corporate actions, for a short period of time. The Scheme may use derivative instruments such as stock futures and options contracts, warrants, convertible securities, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme.

Investment Process

The Scheme will track the Underlying Index and is a passively managed scheme. The investment Decisions will be determined as per the Underlying Index. In case of any change in the index due to corporate actions or change in the constituents of the Underlying Index (as communicated by the Index Service Provider), relevant investment decisions will be determined considering the composition of the Underlying Index.

For details on the Derivative Strategies followed, kindly refer to SAI.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked against NIFTY Private Bank TRI.

Since the scheme is an ETF scheme, the composition of the benchmark is such that it is most suited for comparing performance of the Scheme.

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI.

The NAV of the Scheme shall be rounded off upto four decimals.

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme}}$$

Illustration on computation of NAV:

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 100,00,000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 100,00,000 = \text{Rs. } 10.4534 \text{ p.u. (rounded off to four decimals)}$$

INAV:

iNAV of an ETF i.e. the per unit NAV based on the current market value of its portfolio during the trading hours of the ETF, shall be disclosed on a continuous basis on the AMC Website and the Stock Exchange(s), where the units of these ETFs are listed and traded and shall be updated within a maximum time lag of 15 seconds from the market.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES: Not Applicable

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1% of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the AMC would update the same on the website at least three business days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular.

Investor can refer [Total Expense Ratio of Mutual Fund Schemes](#) for Total Expense Ratio (TER) details.

D. LOAD STRUCTURE

Exit Load is an amount, which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay trail commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or may call your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	NIL

The Eligible Investors can redeem units directly with the Fund/the AMC in accordance with the “minimum application amount”. Currently there is no exit load applicable for the said transactions.

However, during the process of creation/redemption there may be transaction costs and/or other incidental expenses (forming part of the Cash Component), which are liable to be borne by the eligible investors.

Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:

- Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.

Under these circumstances, investors, as specified above and can redeem units of the Scheme directly with the Fund/the AMC without any exit load. The Fund/the AMC will track the aforesaid liquidity criteria and display it on its website viz.,

<https://icicietf.com/> if the same is triggered, no exit load would be applicable in such cases.

The investor is requested to check the prevailing load structure of the Scheme before investing. Any imposition or enhancement in the load shall be applicable on prospective investments only. Units issued on reinvestment of IDCW shall not be subject to entry and exit load.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. A public notice shall be provided on the website of the AMC in respect of such changes.

SECTION II

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link: [SID related information \(icicipruamc.com\)](http://icicipruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. **Standard Risk Factors:** Please refer to SAI.

II. Scheme specific risk factors

Risk associated with investing in companies forming part of Nifty Private Bank Index:

The scheme tracks benchmark index which may comprise of banks from private sector. The scheme being passively managed invests in stocks of the underlying index and will therefore be subject to the risks associated with concentration of investments in a particular company/sector. The weightage of each stock is capped at the time of rebalancing of index, which may help in limiting concentration risk. In addition, the scheme may be subject to following sector specific risks including but not limited to:

1. The performance of the banking sector has a direct correlation to the performance of the economy. The sector is vulnerable to the adverse impacts on domestic as well as the global economy. Events such as recession, war, monsoon, political upturn, etc. may adversely affect the banks.

2. The sector is highly regulated in terms of capital and liquidity requirements, recognition and provisioning requirement for advances, valuation of investments, etc. Hence, changes in such requirements may adversely affect performance of banks.
3. Changes in Government/Reserve Bank of India policy/regulation/reforms etc. affecting banking sector may have a significant bearing on performance of the banks.
4. Macroeconomic factors like changes in interest rate, inflation rate, etc. can have direct impact on the performance of banks or the companies which have been provided funding by banks.
5. The volatility and/or performance of the said sector and/or of the companies belonging to this sector may have a material adverse bearing on the performance of the Scheme.

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

Apart from the standard risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

- (i) Performance of the underlying Index will have a direct bearing on the performance of the Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme.
- (ii) Tracking errors are inherent in any ETF and such errors may cause the Scheme to generate returns which are not in line with the performance of the Index or one or more securities covered by / included in the Index.
- (iii) In case of investments in derivative instruments, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market for Index and also it is relatively less popular as compared to the Index.
- (iv) In the event of any of the indices mentioned above, is dissolved or is withdrawn by NSE Indices Limited (NSE Indices) or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as track a different and suitable index or to suspend tracking the Nifty till such time it is dissolved/ withdrawn or not published and appropriate intimation will be sent to the Unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period

Market Risk:

The Scheme's NAV will react to the stock market movements. The Investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived

trends in stock prices market movements, and over longer periods during market downturns.

Settlement Risk: In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.

Redemption Risk

The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

Right to Limit Redemptions: The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.

Portfolio Concentration Risk

To the extent that the Scheme may concentrate its investments in the Securities of companies of certain companies/sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity Securities. Such risks may impact the Scheme to the extent that it invests in particular sectors even in cases where the investment objective is more generic.

Passive Investments

The Scheme is not actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets

Risk associated with investing in equities and equity related instruments

- The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.

- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The Mutual Fund may not be able to sell / lend out securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that the dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by the scheme. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk. Within the Regulatory limits, the AMC may choose to invest in unlisted securities.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavours to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, fund will aim at taking exposure into relatively liquid stocks where there will be minimal risk to square off the transaction. The Schemes investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.

- In case of warrants, a relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be volatile.
- It is essential for the investors to understand that the right to subscribe which a warrant confers is invariably limited in time with the consequence that if the investor fails to exercise this right within the predetermined timeline then the investment becomes worthless. Investment in a warrant can result in a total loss of the money invested plus any commission or other transaction charges.

Tracking Error Risk

Factors such as the fees and expenses of the Scheme, Corporate Actions, Cash balance, changes to the Underlying Indices and regulatory policies may affect AMC's ability to achieve close correlation with the Underlying Index of each Scheme. The Scheme's returns may therefore deviate from those of its Underlying Index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the index and the NAV of the Scheme.

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal circumstances, the AMC will endeavour that the tracking error of the Scheme does not exceed 2% per annum. However, this may vary due to various reasons mentioned below or any other reasons that may arise and particularly when the markets are very volatile:

1. Expenditure incurred by the Scheme.
2. The funds may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or expenses or for corporate actions of securities in the index.
3. Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any securities transferred and any delays in receiving cash and dividends and resulting delays in reinvesting them.
4. Securities trading may halt temporarily due to circuit filters.
5. The underlying index reflects the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
6. Index Service Provider undertakes the periodical review of the scrips that comprise the underlying index and may either drop or include new securities. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Index immediately.
7. The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
8. The holding of a cash position (0-5% of the Net Assets to meet the redemptions and other liquidity requirements) and accrued income prior to distribution and accrued expenses.
9. Corporate actions such as rights, merger, change in constituents etc.

10. Rounding off quantity of shares underlying the index
11. Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.

Risk associated with investment in fixed income and money market securities

- **Market Risk/Interest Rate Risk:** The Net Asset Value (NAV) of the Scheme, to the extent invested in fixed income and money market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
- **Credit Risk:** Investments in fixed income securities and money market instruments are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the underlying scheme have the power to invest in securities which are not listed on a stock exchange or receive unlisted securities which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. These securities may lack a liquid secondary market and there can be no assurance that the underlying scheme

will realise their investments in unlisted securities at a fair value.

- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme.
- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

Risks associated with investing in Tri Party Repo through CCIL (TREPS):

- The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.
- CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".
- As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.
- Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations.

In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

- However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.
- Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risk factors associated with creation of segregated portfolios

1. Liquidity risk – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 business days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

Risks associated with Stock Lending and Borrowing:

The Scheme may engage in Stock Lending activity.

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section “**How will the Scheme allocate its assets?**” for maximum permissible exposure to Securities Lending.

Risks associated with investing in Derivatives:

- The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The Scheme may use derivatives instruments like Stock Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.
- The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.
- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as follows:
 - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
 - Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
 - Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.

The Scheme will not have any exposure to Debt Derivatives.

➤ **Risks associated with investing in securitized debt:**

The Scheme will not invest in securitized debt.

➤ **Risks associated with investing in ADR/ GDR/ Foreign securities:**

The Scheme will not invest in ADR/GDR/Foreign securities.

➤ **Risks associated with Short Selling**

The Scheme will not engage in short selling of securities.

C. Risk mitigation strategies

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk and Description	Risk mitigants / management strategy
<u>Risks associated with Equity investment</u>	
<u>Market Risk</u> The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the underlying Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.
<u>Liquidity risk</u> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which they invests.	As such the liquidity of stocks that the scheme invests into could be relatively low. The fund will try to endeavour maintain a proper asset-liability match to ensure redemption payments are made on time and not

Risk and Description	Risk mitigants / management strategy
<u>Risks associated with Equity investment</u>	
	affected by illiquidity of the underlying stocks.
<u>Tracking Error risk (Volatility/ Concentration risk):</u> The performance of the Scheme may not commensurate with the performance of the underlying Index viz. NIFTY Private Bank Index on any given day or over any given period.	Over a short to medium period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objectives of the Scheme are to closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.
<u>Derivatives Risk</u> As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.	Derivatives will be used in the form of Index Options, Index Futures and other instruments as may be permitted by SEBI. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.

<u>Risks associated with Debt/Money market investments</u>	
<u>Market Risk/ Interest Rate Risk</u> As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	In a rising interest rates scenario the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.
<u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.

Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).	Management analysis will be used for identifying company specific risks. In order to assess financial risk, a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.
Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. Information about the scheme

A. Where will the scheme invest?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- 1) Equity and equity related securities forming part of underlying index, including warrants carrying the right to obtain equity shares.
- 2) Money market instruments as defined under SEBI (Mutual Funds) Regulations, 1996, having maturities of up to 91 Days, or in alternative investment for the call money market or any other instruments/securities as permitted by SEBI/RBI from time to time.
- 3) Derivative instruments like, Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 4) Units of Liquid schemes of the Fund, subject to applicable regulations.
- 5) TREPs[#], Cash & Cash equivalents.

[#]Or similar instruments as may be permitted by SEBI/RBI from time to time.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of

the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph 12.30 of the Master Circular pertaining to Inter-Scheme transfer of investments.

POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitised Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on September 30, 2025 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	5.44%	High
GOI	Treasury Bill	364 Days	5.56%	High
GOI	Short Dated	1-3 Years	5.61% - 5.93%	High
GOI	Medium Dated	3-5 Years	5.93% - 6.21%	High
GOI	Long Dated	5-10 Years	6.21% - 6.57 %	High
Corporates	Taxable Bonds (AAA)	1-3 Years	6.72% - 6.96%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	6.96% - 7.00%	Low to Medium
Corporates	CDs (A1+)	3 months	5.83%	Medium to High
Corporates	CPs (A1+)	3 months	6.57%	Medium to High

B. What are the investment restrictions?

Pursuant to the Regulations and amendments thereto and subject to the investment pattern of the Scheme, following investment restrictions are presently applicable to the Scheme:

- 1) The Fund under all its scheme shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by paragraph (a), of sub-regulation (1), of regulation 7B.

- 2) Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
- a) Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further the inter scheme transfer of investments shall be in accordance with the provisions contained in paragraph Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with paragraph 12.30 of Master Circular and such other guidelines as may be notified from time to time.

- 3) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
- 4) The Fund may buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and will not make any short sales or engage in carry forward transaction or badla finance.
- 5) No loans for any purpose can be advanced by the Scheme.
- 6) No mutual fund scheme shall make any investments in;
- a) any unlisted security of an associate or group company of the sponsor; or
 - b) any security issued by way of private placement by an associate or group company of the Sponsor; or
 - c) the listed securities of group companies of the Sponsor which is in excess of 25% of its net assets (except for investments by equity oriented exchange traded funds and index funds and subject to such conditions as maybe specified by the Board).
- 7) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and IDCW to the Unitholders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
- 8) Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks in accordance with paragraph 12.16 of Master Circular, following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:
- a) "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b) Such short term deposits shall be held in the name of the concerned scheme.
 - c) No mutual fund scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial Banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in

short term deposits of associate and sponsor scheduled commercial Banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.

- d) No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial Bank including its subsidiaries.
- e) Trustees shall ensure that no funds of a scheme are parked in short term deposit of a Bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD do not invest in the said scheme until the scheme has STD with such bank.

Above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

- f) Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial Banks.
- 9) The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.
- 10) The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.
- 11) The Scheme may invest in other Scheme under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Scheme under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.

13) Exposure limits for derivative transactions

The Scheme will comply with the provisions specified in paragraph 12.25 of Master Circular related to overall exposure limits applicable for derivative transactions as stated below:

- 1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
- 2. Mutual Funds shall not write options or purchase instruments with embedded written options.
- 3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
- 4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following
 - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.
7. Definition of Exposure in case of Derivative Positions - Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

All investment restrictions shall be applicable at the time of making investment.

The Trustee may alter the above restrictions from time to time to the extent of changes in the Regulations.

C. Fundamental Attributes

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) subject to compliance with sub-regulation (26) of regulation 25 of the SEBI (MF) Regulations

(i) Type of Scheme:

For details on type of Scheme, please refer “**Highlights/Summary of The Scheme**”.

(ii) Investment Objective

Main Objective - Please refer “**Highlights/Summary of The Scheme**”.

Investment Pattern: The tentative portfolio break-up of Equity and Debt and other permitted securities and such other securities as may be permitted by the SEBI from

time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations. Kindly refer to section on “HOW WILL THE SCHEME ALLOCATE ITS ASSETS?” for more details.

(iii) Terms of Issue

a) Liquidity provisions such as listing, repurchase, redemption

Listing: The Scheme is listed and traded on the BSE and NSE. However, the Trustee reserves the right to list the units of Scheme on any other Stock Exchange without any change in the Fundamental Attribute.

b) Aggregate fees and expenses charged to the Scheme:

Kindly refer section on ‘Fees and Expenses’

c) Any safety net or guarantee provided: The present Scheme is not guaranteed or assured return scheme.

Changes in Fundamental Attributes:

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996, the trustees shall ensure that no change in the fundamental attributes of any scheme and Plan(s)/Option(s) under the scheme, the fees and expenses payable or any other change which would modify the scheme and affect the interest of the unit holders is carried out by the asset management company, unless it complies with sub-regulation (26) of regulation 25 of SEBI (MF) Regulations as mentioned below:

- An application has been made with SEBI and views/comments of SEBI are sought on the proposal for fundamental attribute changes;
- An addendum to the existing SID shall be issued and displayed on AMC website immediately;
- SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days from the notice date).;
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated, and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index methodology

About Nifty Private Bank Index:

The Nifty Private Bank Index is designed to reflect the behavior and performance of the banks from private sector.

Eligibility Criteria:

The eligible universe includes:

- i. Companies should form part of Nifty 500 at the time of review. In case, the number of eligible stocks representing a particular sector within Nifty 500 falls below 10, then deficit number of stocks shall be selected from the universe of stocks ranked within top 800 based on both average daily turnover and average daily full market capitalisation based on previous six months period data used for index rebalancing of Nifty 500.
- ii. Banks having 50% or more of their outstanding share capital held by central or state government directly, or by central or state government controlled banks will be excluded from stock selection.
- iii. The bank's trading frequency should be at least 90% in the last six months.
- iv. The Company/bank should have a minimum listing history of 1 month as on the cutoff date.
- v. Final selection of 10 companies shall be done based on free float market capitalisation. A preference shall be given to companies that are available for trading in NSE's Futures & Options segment at the time of final selection.
- vi. Weightage of each stock in the index is calculated based on its free-float market capitalization such that no single stock shall be more than 23% and weightage of top 3 stocks cumulatively shall not be more than 62% at the time of rebalancing.

Index Service Provider: NSE Indices Limited

Impact cost of constituents: Companies must have average impact cost not greater than 1% during the previous six months period

Index constituents as on September 30, 2025

Company Name	Index Weightage (%)
HDFC BANK LTD.	21.46%
ICICI BANK LTD.	21.00%
KOTAK MAHINDRA BANK LTD.	19.69%
AXIS BANK LTD.	19.30%
INDUSIND BANK LTD.	4.19%
FEDERAL BANK LTD.	4.10%
IDFC FIRST BANK LTD.	3.99%
YES BANK LTD.	3.62%
RBL BANK LTD.	1.43%
BANDHAN BANK LTD.	1.22%

The updated constituents of the underlying index of the Scheme shall also be made available on the website i.e. <https://icicietf.com/> at all points of time.

PROCEDURE FOR CREATION OF UNITS

Issue of Units

1. Each unit of the Scheme will be approximately equal to 1/1000th of the Underlying Index

2. As the Scheme is listed on BSE/NSE, subsequent buying or selling by investors can be made from the secondary market on BSE/NSE. The minimum number of units that can be bought or sold is 1 (one) unit.
3. Eligible Investors can directly buy / sell in blocks from the Fund in 'Creation Unit' Size, subject to "minimum application amount".
4. Authorised Participant(s)/ Investor(s) can directly buy / sell in blocks from the Fund in 'Creation Unit' Size subject to minimum application amount.

Creation of Units:

'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for a predefined basket of shares underlying the index called the "Portfolio Deposit" and a "Cash Component". The facility of creating / redeeming units in Creation Unit size is available to the Eligible Investors:

The number of units, that investors can create / redeem in exchange of the Portfolio Deposit and Cash Component, is 75,000 Units and in multiples thereof. The Portfolio Deposit and Cash Component are defined as follows:-

- a. **Portfolio Deposit:** This is a pre-defined basket of securities that represent the Underlying Index. Portfolio Deposit can change from time to time. The Portfolio Deposit may vary on account of market movements and other related factors.
- b. **Cash Component for subscription/ redemption in Creation Unit:** The Cash Component represents the difference between the applicable net asset value of a Creation Unit and the market value of the Portfolio Deposit. This difference may include accrued dividends, accrued annual charges including management fees and residual cash in the Scheme. In addition, the Cash Component may include transaction cost as charged by the Custodian/Depository Participant, equalization of dividend, effect of rounding-off of number of shares in Portfolio Deposit and other incidental expenses for Creating Units. The Cash Component will vary from time to time and will be computed and announced by the AMC on its website every Business Day.

Example of Creation and Redemption of Units of ICICI Prudential Nifty Private Bank ETF

The Creation Unit is made up of 2 components i.e. the Portfolio Deposit and the Cash Component. The Portfolio Deposit will be determined by the Fund as per the weightages of each security in the Underlying Index. The value of this portfolio deposit will change due to change in prices during the day. The number of shares of each security that constitute the portfolio deposit will remain constant unless there is any corporate action in the Underlying Index/ change in the constituents of the Underlying Index.

Example of Creation of Units

A	Applicable NAV (September 30,2025)	26.66
B	Unit Creation size	75,000.00
C	Portfolio Value	19,99,297.50
D	Closing Value of Portfolio (As calculated below)	19,95,324.73

E	Cash Component per unit creation size	3,972.77
---	---------------------------------------	----------

(figures are for illustrative purposes only)

Value of Portfolio Deposit is derived as follows:

Securities	Closing Price as on September 30, 2025	Index Weightage (%)	No. of shares	Invested Value
HDFC BANK LTD.	951	21.46%	451	428901
ICICI BANK LTD.	1348	21.00%	311	419228
KOTAK MAHINDRA BANK LTD.	1992.7	19.69%	197	392561.9
AXIS BANK LTD.	1131.6	19.30%	340	384744
INDUSIND BANK LTD.	735.55	4.19%	113	83117.15
FEDERAL BANK LTD.	192.93	4.10%	424	81802.32
IDFC FIRST BANK LTD.	69.77	3.99%	1,143	79747.11
YES BANK LTD.	21.25	3.62%	3,404	72335
RBL BANK LTD.	277.25	1.43%	103	28556.75
BANDHAN BANK LTD.	162.21	1.22%	150	24331.5
				1995324.73

In addition, Investors shall also pay charges payable to depositories / exchanges for creation / redemption of units as part of Cash Component.

The above is just an example to illustrate the calculation of Cash Component. Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating units.

E. Principles of incentive structure for market makers

Pursuant to paragraph 3.6.1.4 of Master Circular, the principles of incentive structure pertaining to Market Makers (MMs) as mentioned below:

- Incentives, if any, to Market Makers (MMs) shall be charged to the scheme within the maximum permissible limit of total expense ratio (TER).
- AMC may determine the incentives basis the performance of MMs in terms of generating liquidity in units of ETFs.

Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	The requirement of “cut-off” timing for NAV applicability as prescribed by SEBI from time to time shall not be applicable for direct transaction with AMCs in the Scheme by MMs and other Eligible Investors.
Ongoing price for subscription/redemption by investors This is the price you need to pay for purchase / This is the price you will receive for redemptions	Ongoing offer price for subscriptions/redemptions: A. For Subscription/Redemption directly with the Mutual Fund: Ongoing purchases/redemption directly from the Mutual Fund would be restricted to Eligible Investors. Eligible Investors may buy/sell the units directly from the AMC on any Business Day of the Scheme at Intraday NAV subject to minimum application amount as defined in “Highlights of the Scheme” section. Application can be made either: • in exchange of Cash* [as determined by the AMC equivalent to the amount towards the purchase/sell of predefined basket of securities that represents the Underlying Index (i.e. Portfolio Deposit)]. Cash Component and other applicable transaction charges shall be adjusted; • in exchange of Portfolio Deposit [i.e. by depositing/collecting basket of securities

	constituting of the underlying index]. Cash Component and other applicable transaction charges shall be adjusted. *Cash means payments shall be made only by means of payment instruction of Real Time Gross Settlement (RTGS)/National Electronic Funds Transfer (NEFT) or Funds Transfer Letter/Transfer Cheque of a bank where the Scheme has a collection account. Liquidity window for Investors directly with AMC: Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios: i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or iii. Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days. In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day. B. For Subscription/Redemption through Stock Exchange(s): All categories of Investors may purchase/sell the units through secondary market (stock exchanges wherever the scheme is listed) on any trading day like any other publicly traded stock at prices which may be close to the actual NAV of the Scheme.
--	---

	The AMC will appoint market makers/Authorized Participant(s) to provide liquidity in secondary market on an ongoing basis. The Authorized Participant(s)/Market Makers envisage to offer daily two-way quote on exchange. The trading members shall be responsible for delivering the units to the demat account of the investors on successful completion of settlement. Investors are advised to contact their trading members to understand the various cut-off times to meet their fund pay-in obligations for ensuring successful settlement of their transactions. There is no exit load currently. However, transaction charges payable to Custodian/ Depository Participants, and other incidental charges relating to conversion of units into basket of securities may be deducted from redemption proceeds. The charges will be notified on www.icicipruamc.com from time to time. Investors other than Authorized Participant may redeem units at the market price plus transaction handling charges on stock exchange. For more details on Loads refer section on 'Load Structure'.
	Payment of Proceeds As per the Regulations, the Fund shall dispatch redemption proceeds within 3 business days of receiving the redemption request. Trustees reserve the right to alter or modify the number of days taken for redemption of Units under the Fund after taking into consideration the actual settlement cycle, when announced, as also the changes in the settlement cycles that may be announced by the Principal Stock Exchanges from time to time. As per the Regulations, in the event of failure to dispatch the redemption or repurchase proceeds within 3 business days, the AMC is liable to pay interest to the Unit holders @ 15% p.a. SEBI has further advised the Funds

	that in the event of payment of interest to the Unit holders, such Unit holders should be informed about the rate and the amount of interest paid to them. The mode of payment may be direct credit/ECS/cheque or any other mode as may be decided by AMC in the interest of investors.
Minimum amount for purchase/redemption/switches for direct subscriptions with the AMC	Eligible Investors can buy/sell units of the Scheme in Creation Unit Size viz. 75,000 units and in multiples thereof. An investor can buy / sell units on a continuous basis in the normal market segment of National Stock Exchange of India Limited (NSE)/ BSE Limited during the trading hours like any other publicly traded stock at prices which are quoted on NSE/BSE. These prices may be close to the actual NAV of the Scheme. There is no minimum investment, although units are to be purchased in lots of 1 unit. All direct transactions in units of the Scheme by MMs or other eligible investors with the AMC/the Fund shall be at intra-day NAV based on the actual execution price of the underlying portfolio. Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.
Settlement of Purchase / Sale on stock exchange(s)	Buying/ Selling units of the Scheme on the stock exchange is similar to buying / selling any other listed securities. If an investor has bought units, the investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realized before funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, the investor has to deliver the units to the broker/ sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or units to the investor

	in accordance with the time prescribed by the stock exchange regulation. If an investor has bought units, he/she should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation. An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her beneficiary account to the Pool Account of his/her trading member through whom he/she has sold the units. The details of the Pool Account of investor's trading member to which the units are to be transferred, unit quantity, etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc. All investors including Authorized Participants, Investors and other investors may sell their units in the stock exchange(s) on which these units are listed on all the Trading Days of the stock exchange. The Mutual Fund will repurchase units from Authorized Participants and Investors on any Business Day provided the units offered for repurchase is not less than the Creation Unit Size and multiples thereafter.
Rolling Settlement	The Fund intends to follow the settlement pattern and practices of BSE and NSE as per the trade/s executed on the respective exchange. Rolling Settlement = T+ 1 The Pay-in and Pay-out of funds and the units will take place within 1 working day after the trading date. The pay-in and pay-out days for

	funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below: While calculating the days from the Trading Day (Day T), weekend days (i.e. Saturday and Sundays) and Bank holidays are not taken into consideration. All investors including Authorized Participants, may sell their units, in the stock exchange(s) on which these units are listed on all the trading days of the stock exchange. Mutual fund will repurchase units from Authorized Participants on any business day provided the units offered for repurchase is not less than the creation unit size and multiples thereafter.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of e-mail and/or SMS within 5 Business Days of receipt of valid application / transaction to the Unit holders registered e-mail address and/or mobile number. As the units of the Scheme will be issued, traded and settled in dematerialized (electronic) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.
IDCW	Not Applicable
Creation/Redemption of Units on the exchange and directly with from the Fund	On Stock Exchanges: Investors can buy/sell units of the Scheme in round lot of 1 unit and in multiples thereof. The eligible investors can directly buy/sell with the Fund in Creation Unit Size in accordance with "Minimum application amount": Directly with the Fund: a. Subscription (Purchase)/Switch-in The Fund may allow purchases of units of the Scheme in 'Creation Unit' size or multiples thereof in exchange of the Portfolio Deposit/equivalent amount of cash and Cash Component by Investors/Authorised Participants. b. Redemption (Sale)/Switch-out The Fund will redeem units only in Creation

	Unit size or in multiples thereof, in exchange of the Portfolio Deposit/equivalent amount of Cash and Cash Component. Note: For the purpose of this addendum, the terms 'Cash' means RTGS, NEFT or transfer Cheque. Note: Units of the Scheme if less than Creation Unit cannot be purchased/ redeemed directly with the Fund except for certain circumstances as listed in this document. In case of redemptions by NRIs, requisite TDS will be deducted from the respective redemption proceeds. All direct transactions in units of the Scheme by MM's or other eligible investors with the AMC/the Fund shall be at intra-day NAV based on the actual execution price of the underlying portfolio. Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for eligible investors, subject to exceptions as mentioned in minimum application amount.
Procedure for Purchasing in Creation Unit Size	<u>Creation of Units</u> The requisite securities constituting the Portfolio Deposit have to be transferred to the DP account of the respective Scheme on the day of receipt of the application, while the Cash Component, as applicable on that business day; has to be paid to the Fund. On confirmation of the receipt of Portfolio Deposit/ equivalent amount of cash by the Custodian/AMC, the AMC will credit the equivalent number of units of the Scheme into the investor's DP account. In case of cash subscription of units of the Scheme in 'Creation Unit' Size, the purchase request for creation of units shall be made by such investor to the Fund/AMC where upon the Fund/AMC will arrange to buy the underlying portfolio of securities on behalf of the investor. The cost of purchase of securities including brokerage charges, transaction handling charges and all other incidental

	costs/profits/losses arising out of market movement during the purchase of securities shall be borne by the investor. The AMC may at its discretion create "Creation Unit" prior to receipt of all or a portion of the relevant Portfolio Deposit or equivalent amount in cash and Cash Component, wherein, amongst other things, the AMC may ask investor to post collateral to secure the obligation to deliver such outstanding Portfolio Deposit Securities or equivalent amount of cash and Cash Component. The Portfolio Deposit and Cash Component for units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents. The AMC reserves the right to adjust the number of Units to be credited in case the instrument towards the Cash Component is not honoured. The creation request can be made to the AMC/ Fund in a duly filled application form. Application Forms for Creation of units can be obtained from the office of AMC. Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque.
Procedure for Redeeming in Creation Unit Size	<u>Redemption of Units:</u> The requisite number of units of the Scheme equivalent to the Creation Unit lot size has to be transferred to the DP account of the respective Scheme, while the Cash Component, as applicable on that business day to be paid to the Scheme. On confirmation of the receipt of unit of the Schemes by the Custodian/ AMC, the AMC shall extinguish the units and credit the Portfolio Deposit to the investor's DP account and pay the Cash Component, as applicable. The Fund may allow cash redemption of the units of the Scheme in Creation Unit Size. Redemption request shall be made by such

	investor to the Fund before the stipulated cut-off time whereupon the Fund shall arrange to sell the underlying portfolio of securities on behalf of the investor. In case of shares sold by the AMC on behalf of the investor, entire proceeds of portfolio deposit and other cost and charges related to the sale of basket of underlying securities for servicing the redemption transaction would be borne by the investor. Payment will then be made to the Investor net of all the above mentioned charges. The Portfolio Deposit and Cash Component for the units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents. Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque. Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed. Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios: i. Traded price (closing price) of the Scheme units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or ii. No quotes for the Scheme are available on stock exchange(s) for 3 consecutive trading days, or iii. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days. In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.
Bank Mandate	<u>Bank Account Details:</u>

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to reject the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable.

6. Disclosure on Riskometers and Scheme Summary Document (SSD)

In accordance with paragraph 17.4 of the master circular Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Risk-o-meter shall have following six levels of risk for the Scheme

- i. Low risk
- ii. Low to Moderate risk
- iii. Moderate risk
- iv. Moderately High risk
- v. High - risk and
- vi. Very High risk

The evaluation of risk levels of a scheme shall be done in accordance with the aforesaid circular.

A Scheme Summary Document (SSD) of the Scheme which contains details such as

Scheme features, Fund Manager details, investment details, investment objective, expense ratio etc will be made available on the website of the AMC and AMFI. The SSD will be updated within 5 working days from the date of change or modification in the Scheme.

b. Transaction charges and stamp duty

No transaction charges to be levied on the investment amount from transactions/applications (including SIPs) received through distributors (i.e. for Regular Plans). Accordingly, payment of transaction charges to the distributors has been discontinued.

Please refer to SAI for more details.

Stamp Duty

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent. Please refer Statement of Additional Information for more details.

c. Transparency/NAV Disclosure

The NAV will be calculated and disclosed at the close of every Business Day. NAV will be determined on every Business Day except in special circumstances. NAV of the scheme shall be:

- Prominently disclosed by the AMC under a separate head on the AMC's website (<https://www.icicipruamc.com/home>) by 11.00 p.m. on every business day,
- On the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 11.00 p.m. on every business day, and
- Shall be made available at all Customer Service Centres of the AMC.

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next business day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

d. Associate Transactions

Please refer to Statement of Additional Information (SAI).

e. Taxation

As per the provisions of the Income-tax Act, 1961, as amended from time to time

Particulars	Tax rates applicable for Resident Investors	Tax rates applicable for non-resident Investors	Tax rates applicable for Mutual Fund –
Tax on IDCW	Taxable as per applicable tax rates	Taxable as per applicable tax rates	Nil
Long Term Capital Gains on sale of listed and unlisted units	12.5% without Indexation (Exceeding INR 1.25 Lakhs) in case of redemption of units where STT is payable on redemption [u/s 112A] (Listed - held for more than 12 months)	12.5% without Indexation (Exceeding INR 1.25 Lakhs) without Indexation in case of redemption of units where STT is paid on transfer [u/s 112A] (Listed - held for more than 12 months)	Nil
Short Term Capital Gains on sale of listed and unlisted units	20% without Indexation on redemption of units where STT is payable on redemption (u/s 111A) (Listed - held for less than 12 months)	20% without Indexation on redemption of units where STT is payable on redemption (u/s 111A) (Listed - held for less than 12 months)	Nil

Note:

1. As per the provisions of Income Tax Act 1961, the scheme is classified as "Equity oriented fund".
2. Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 10(23D) of the Act.
3. As per clause (a) of the explanation to section 112A of the Act, an "Equity oriented fund" has been defined to mean a fund set up under a scheme of a mutual fund specified under clause (23D) of section 10 and,—
 - (i) in a case where the fund invests in the units of another fund which is traded on a recognised stock exchange,—
 - (A) a minimum of ninety per cent of the total proceeds of such fund is invested in the units of such other fund; and
 - (B) such other fund also invests a minimum of ninety per cent of its total proceeds in the equity shares of domestic companies listed on a recognised stock exchange; and

In addition to the existing Official Point of Acceptance of transactions, Computer Age Management Services Ltd. (CAMS), the Registrar and Transfer Agent of ICICI Prudential Mutual Fund, having its office at New No 10. Old No. 178, Opp. to Hotel Palm Grove, MGR Salai (K.H.Road), Chennai - 600 034 shall be an official point of acceptance for electronic transactions received from the Channel Partners with whom ICICI Prudential Asset Management Company Limited has entered or may enter into specific arrangements for all financial transactions relating to the units of mutual fund schemes. Additionally, the secure Internet sites operated by CAMS will also be official point of

acceptance only for the limited purpose of all channel partners transactions based on agreements entered into between IPMF and such authorized entities. Additionally, the Internet site(s) operated by the AMC and online applications of the AMC [including i-Invest iPru (previously IPRUTouch)] will also be official point of acceptance. The AMC also accepts applications received on designated FAX numbers.

In addition to the existing Official Point of Acceptance of transactions, authorized Points of Service (POS) of MF Utilities India Private Limited (MFUI) shall be an official point of acceptance for all financial and non- financial transactions. The updated list of POS of MFUI is available on www.mfuindia.com. The online transaction portal of MFUI is www.mfuonline.com. Further, Investors can also subscribe units of the Scheme during the NFO Period by availing the platforms/facilities made available by the Stock Exchanges.

Open Network for Digital Commerce (ONDC)

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) ("Network"). To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an 'OPAT'.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.
