Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Silver and Silver related instruments with Silver as Underlying# (Refer note below)	95	100
Debt & Money Market Instruments including units of Debt oriented Mutual Funds*	0	5

#The Scheme may also participate in Exchange Traded Commodity Derivatives (ETCDs) with Silver as underlying to the extent of 10% of net asset value of the scheme. However, the above limit of 10% shall not be applicable to Silver ETFs where the intention is to take delivery of the physical silver and not to roll over its position to next contract cycle. Such investments shall be made in line with the SEBI regulations as may be specified by SEBI from time to time, subject to prior approval from SEBI, if any.

Note: Whenever SEBI notifies any other silver related instrument with silver as underlying in this regard, the scheme may invest in such instruments with prior approval from SEBI/investors, if required.

The cumulative gross exposure through Silver (including ETCDs with silver as underlying) and Debt, and such other securities/assets as may be permitted by SEBI from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme.

*It may be noted that the margin placed for taking exposure to ETCDs are generally lower than the ETCD exposure limit considered for the purposes of monitoring investment limits and therefore, the residual cash (i.e. ETCD exposure less placement of margin towards participation in ETCDs) are placed in cash and cash equivalents in the interest of investors. The said placement in cash and cash equivalents shall not be considered as part of the limit of 0% to 5% allocated towards Debt & Money Market Instruments including units of Debt oriented Mutual Funds.

Exposure to various instruments will be as per the indicative table given below:
(Below percentages shall be subject to applicable SEBI circulars):

Sr. no	Type of Instrument	Percentage exposure of	Circular references
1.	Exchange Traded Commodity Derivatives (ETCDs) with Silver as underlying asset	Upto 10% of net assets	Paragraph 12.25 of the Master Circular
2.	Securitized debt	Nil	Not applicable
3.	Overseas Securities	Nil	Not applicable

4.	Units of ReITs and InvITs	Nil	Not applicable
5.	AT1 and Tier II Bonds	Nil	Not applicable
6.	Stock Lending	Nil	Not applicable
7.	Structured Obligations and credit enhancements	Nil	Not applicable

Rebalancing of deviation due to short term defensive consideration:

- Any alteration in the investment pattern will be for a short term on defensive considerations as per paragraph 1.14.1.2.b of SEBI Master Circular; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days. It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Rebalancing in case of passive breaches:

- In line with Paragraph 3.6.7 of the Master Circular in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Index Schemes in order to meet the redemption and subscription obligations shall be done ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 calendar days, to minimize the tracking error.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 calendar days from the date of allotment/listing. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 read with sub-regulation (26) of Regulation 25 of the SEBI Regulations.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Negative list: The Scheme will not invest/ have exposure in the following:

Sr. No	Particulars
1.	Repos in corporate debt securities
2.	Short selling of securities
3.	Unrated debt and money market instruments (except TREPS/ Government Securities/ T- Bills / Repo and Reverse Repo in Government Securities)
4.	Unlisted debt instrument
5.	Overseas securities
6.	Structured obligations and credit enhancements
7.	Units of ReITs and InvITs
8.	AT 1 and Tier II bonds
9.	Securitised debt
10.	Bespoke or complex debt products
11.	Inter scheme transactions

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. In Silver and Silver-related instrument(s).
2. Debt obligations of domestic government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
3. Corporate debt (of both public and private sector undertakings).
4. Money market instruments permitted by SEBI/RBI, having maturities of up to one year.
5. Certificate of Deposits (CDs).
6. Commercial Paper (CPs).
7. The non-convertible part of convertible securities.
8. Exchange Traded Commodity Derivatives (ETCDs) with silver as underlying
9. Any other domestic fixed income securities.

Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The securities may be acquired through New Fund Offerings (NFOs), secondary market operations, private placement, rights offer or negotiated deals. The Scheme may also enter into repurchase and reverse repurchases obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

C. WHAT ARE THE INVESTMENT STRATEGIES?

1. The AMC uses a “passive” approach to try and achieve Scheme investment objective. The Scheme invests in silver and silver related instruments as an asset regardless of such investment merit.
2. The Scheme will invest at least 95% of its total assets in the Silver or silver related instruments. It may hold up to 5% of their total assets in debt or money market securities. Expectation is that, over time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.
3. The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the benchmark Index.
4. All the Investment decision will be taken by the designated Fund Manager under the supervision of Chief Investment Officer.
5. Any other strategy notified by the regulators from time to time.

Further, the Scheme may participate in Exchange Traded Commodity Derivatives ("ETCDs") with silver as underlying up to 10% of the net asset value of the Scheme.

Exchange Traded Commodity Derivatives (ETCDs):

The Commodity derivatives are instruments designed to give exposure to the commodity market.

Multi Commodity Exchange provides derivatives for bullion, base metals, energy, agri commodities etc. These contracts have varied maturities. The pricing of a commodity derivative is the function of the underlying commodity.

Fixed Income securities

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer. Rated debt instruments in which the Schemes invests will be of investment grade as rated by a credit rating agency. The AMC will be guided by the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of Rating agencies, for this purpose. In case a debt instrument is not rated, such investments shall be made by the Board of Trustees and the Board of Asset Management Company or by an internal committee constituted by AMC to approve the investment in un-rated debt securities in terms of the parameters approved by the Board of Trustees and the Board of Asset Management Company.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Schemes could invest in Fixed Income Securities issued by government, quasi government entities, corporate issuers, structured notes and various other institutions in line with the investment objectives of the Schemes as permitted by SEBI from time to time.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme shall be benchmarked against the price of silver (based on LBMA Silver daily spot fixing price).

For any other disclosure with respect to investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

vii. INVESTMENT OF THE AMC IN THE SCHEME

From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either

directly or indirectly in the Scheme. The funds managed by these associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units. The details of such investments of the AMC can be accessed at the following link: [Statutory Disclosure \(icicipruamc.com\)](http://icicipruamc.com)

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

a) Valuation of Silver of 0.999 fineness

The silver acquired by the scheme is in the form of standard bars and its value as on a particular day is determined as under:

- a) The London Bullion Market Association's (LBMA) AM fixing price per troy ounce would be considered.
- b) The Cost, Insurance, Freight premium, LBMA fixing charges and other charges, as applicable, shall be added to the above LBMA price as determined above.
- c) The value arrived at based on (a) and (b) above shall then be converted to the equivalent price for 1 kilogram Silver of 0.999 fineness by applying the conversion factor.
- d) The RBI reference rate shall be applied to convert the price from US dollars to Indian Rupees.
- e) Statutory taxes and levies, as applicable from time to time, shall be added to arrive at the final landed price of silver after adjusting for eligible input tax credit.

If on any day the LBMA AM fixing or RBI reference rate is not available due to holiday or any other reason, then the immediately previous day's prices shall be applied for the purpose of calculating the value of Silver.

b) Exchange Traded Commodity Derivatives (ETCDs)

Exchange Traded Commodity Derivatives (ETCDs) shall be valued at the last quoted closing price on the exchange where such ETCD Contracts are Listed. In the event the last quoted closing price as referred above is not available, such ETCD contracts shall be valued at the Settlement price of the respective stock exchange. In case necessary details to value ETCDs are not available or if the prices as per above do not represent fair price, the valuation committee, in order to ensure fair valuation, will determine price, based on the available information.

c) NAV of units under the Scheme shall be calculated as shown below:

Market or Fair Value of Scheme's investments + Current Assets -

21

$$\text{NAV (Rs.)} = \frac{\text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme as on valuation date}}$$

The NAV of the Scheme will be calculated as of the close of the next calendar day.

The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI. NAV of the Scheme shall be calculated upto 4 decimals.

iNAVs shall be disclosed on a continuous basis on Stock Exchange (s), where the units of the ETF are listed and traded and shall be updated based on the latest available data for Silver. Accordingly, iNAV disclosed for Silver ETF may either be static or dynamic depending upon the availability of the underlying price.

Illustration on computation of NAV:

If the net assets of the Scheme are Rs.10,45,34345.34 and units outstanding are 10,000,000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 10,000,000 = \text{Rs. } 10.4534 \text{ p.u. (rounded off to four decimals)}$$

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES: NA

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1% of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the AMC would update the same on the website at least three business days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular. Investor can refer [Total Expense Ratio of Mutual Fund Schemes \(icicpruamc.com\)](http://www.icicpruamc.com) for Total Expense Ratio (TER) for Total Expense Ratio (TER) details.

The aforesaid does not include Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.	

*As permitted under the Regulation 52 of SEBI (MF) Regulations, 1996 and pursuant to paragraph 5.1, 5.6.2.b, 5.9 of the master circular dated May 19, 2023 and SEBI (Mutual Funds) Second Amendment Regulations, 2012 and Securities and Exchange Board of India (Mutual Funds) (Fourth Amendment) Regulations, 2018.

*Including exchange listing fee

These estimates have been made in good faith as per information available to the AMC and the total expenses may be more than as specified in the table above. However, as per the Regulations, the total recurring expenses that can be charged to the Scheme in this SID shall be subject to the applicable guidelines.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall not exceed one percent (1.00%) of daily net assets.

Pursuant to paragraph 10.1.3 of the master circular dated May 19, 2023, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and Securities and Exchange Board of India (Mutual Funds) (Fourth Amendment) Regulations, 2018, following additional costs or expenses may be charged to the scheme, namely:

(i) The AMC may charge Goods and Services tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.

(ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from B30 cities as specified by the Securities and Exchange Board of India, from time to time are at least –

- 30 per cent of the gross new inflows from retail investors from B30 cities into the scheme, or;
- 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher;

Provided that if inflows from retail investors from B30 cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from retail investors from B30 cities;

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

For above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme amount upto Rs. 2,00,000/- per transaction.

Note - SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure *in abeyance with effect from March 01, 2023 till further notice*.

The AMC shall set aside 5% of total TER charged to direct plan of the Scheme for investor education and awareness initiatives, subject to maximum of 0.5 bps of AUM.

Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

D. LOAD STRUCTURE

Exit load is an amount, which is paid by the investor to redeem the units from the Scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or may call your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	Nil

The exit load charged, if any, shall be credited to the scheme. Goods and Services tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services tax shall be credited to the schemes.

The Eligible Investors can redeem units directly with the Fund/the AMC in accordance with the “minimum application amount”. Currently there is no exit load applicable for the said transactions.

Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:

- Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.

Units issued on reinvestment of IDCW shall not be subject to entry and exit load.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. A public notice shall be provided on the website of the AMC in respect of such changes.

The investor is requested to check the prevailing load structure of the Scheme before investing.

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link: [SID related information \(icicipruamc.com\)](http://icicipruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. **Standard Risk Factors:** Please refer to SAI.

II. Scheme specific risk factors

1. The Scheme would invest in Silver and Silver-linked instrument(s). Accordingly, the NAV of the Scheme will react to Silver price movements. Units of the Scheme are listed on a stock exchange; hence the market prices of the units would also react to general stock market fluctuations.
2. Although units are listed on an exchange, there can be no assurance that an active secondary market will develop or be maintained. Prices of units, which are listed and traded, could be impacted by thin liquidity in the secondary market as these funds may not be actively traded.
3. **Risk of passive investment:** The Scheme is not actively managed. The Scheme may be affected by a general price decline in the Silver prices. The Scheme ultimately invests in Silver as an asset class regardless of such investment merit. The AMC does not attempt to take defensive positions in declining markets.
4. **Tracking error risk:** The performance of the Scheme may not commensurate with the performance of the benchmark index on any given day or over any given period. Such variation, referred to as tracking error may impact the performance of the Scheme. However, the Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Investable surplus remaining idle increases the tracking error and hence acts as a risk factor.
5. Trading in units on the exchange may be halted because of market conditions or is not advisable for reasons which in view of the stock exchange authorities or SEBI. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of exchange necessary to maintain the listing of the units will continue to be met or will remain unchanged.
6. The units may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of holdings. The trading prices will fluctuate in accordance with changes in their NAV as well as market supply and demand. However, given that units can be created and redeemed in

Creation Units, it is expected that large discounts or premiums to the NAV will not sustain due to arbitrage opportunity available.

7. Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV.
8. The returns from physical Silver in which the Scheme invests may under perform returns from the various general securities markets or different asset classes other than Silver. Different types of securities tend to go through cycles of out-performance and under-performance in comparison to the general securities markets.

Market risk due to volatility in silver prices: The value of the Units relates directly to the value of the silver held by the Scheme and fluctuations in the price of silver could adversely affect investment value of the Units. The factors that may affect the price of silver, inter alia, include demand & supply, economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, movement/trade of silver that may be imposed by RBI, trade and restrictions on import/export of silver or silver jewellery, etc. Hence the investor may also lose money due to fluctuation in the prices of the silver. Silver Exchange Traded Funds are relatively new product and their value could decrease if unanticipated operational or trading problems arise.

- There is no Exchange for physical Silver in India. The Scheme may have to buy or sell Silver from the open market, which may lead to counter party risks for the Scheme for trading and settlement.
- An investment in the Scheme may be adversely affected by competition from other methods of investing in Silver.
- The Trustee, in the general interest of the unit holders of the Scheme offered under this Scheme Information Document and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.
- For the valuation of units, indirect taxes like customs duty, VAT etc. would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of units of the Scheme.
- The Scheme may invest in Silver and Silver related instruments, money market instruments, debt securities, units of debt oriented mutual funds as permitted under the Regulations which are subject to price, credit and interest rate risk. Trading volumes and settlement periods and transfer procedures may restrict liquidity in debt investments.
- Physical Silver: There is a risk that part or all of the Scheme's Silver could be lost, damaged or stolen. Access to the Scheme's Silver could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the Scheme and consequently on investment redemption in Units.

Liquidity risks in physical or derivative markets impairing the ability of the fund to buy and sell silver: Liquidity measures how easy and quick it is to convert an asset or security into cash or equivalent. Due to various economic and market conditions, the ability of the Scheme to buy and/or sell Silver in physical or trade in ETCD with silver as an underlying, could be impacted,

Risks associated with handling, storing and safekeeping of physical silver:

There is a risk that part or all of the Scheme's silver could be lost, damaged or stolen. Access to the Scheme's silver could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the scheme and consequently on investment in units.

Several factors that may affect the price of Silver are as follows:

- a) Global Silver supplies and demand, which is influenced by factors such as forward selling by Silver producers, purchases made by Silver producers to unwind Silver hedge positions, government regulations, productions and cost levels in major Silver producing countries.
- b) Investors' expectations with respect to the macro-economic indicators;
- c) Currency exchange rates;
- d) Interest rates;
- e) Investment and trading activities of hedge funds and commodity funds; and
- f) Global or regional political, economic or financial events and situations.
- g) In addition, investors should be aware that there is no assurance that Silver will maintain its long-term value. In the event that the price of Silver declines, the value of investment in units is expected to decline proportionately.
- h) Changes in indirect taxes like custom duties for import, sales tax, VAT or any other levies will have an impact on the valuation of Silver and consequently the NAV of the Scheme.
- i) Demand side and/or supply side constraints in domestic and/or international markets.

- **Portfolio Concentration Risk**

To the extent that the Scheme may concentrate its investments in Silver and Silver-related instrument(s), the Scheme will therefore be subject to the risks associated with such concentration.

- **Risks associated with Investing in Derivatives –**

The Scheme would not be investing in derivatives except Investments in Exchange Traded Commodity Derivatives whose Risk factors are mentioned in “Risk Factors Associated with Investments in Exchange Traded Commodity Derivatives”.

- **Risks associated with Short Selling and Securities Lending**

The Scheme shall not undertake any short selling and stock lending activity.

- **Risk factors associated with creation of segregated portfolios**

1. Liquidity risk – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem

their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 business days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

- **Risk Factors Associated with Investments in Exchange Traded Commodity Derivatives (ETCDs)**

- An exchange traded commodity derivative is a derivative instrument that mimics the price movements of an underlying commodity, allowing an investor exposure to the commodity without physical purchase.
- Liquidity Risk: While ETCDs that are listed on an exchange carry lower liquidity risk, the ability to sell these contracts is limited by the overall trading volume on the exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes of the ETCD contracts in which it invests. Additionally, change in margin requirements or intervention by government agencies to reduce overall volatility in the underlying commodity could lead to adverse impact on the liquidity of the ETCD.
- Price risk: ETCDs are leveraged instruments hence, a small price movement in the underlying security could have a large impact on their value. Also, the market for ETCDs is nascent in India hence, arbitrages can occur between the price of the physical commodity and the ETCD, due to a variety of reasons such as technical issues and volatile movement in the price of the physical good. This can result in mispricing and improper valuation of investment decisions as it can be difficult to ascertain the amount of the arbitrage.
- Settlement risk: ETCDs can be settled either through the exchange or physically. The inability to sell ETCDs held in the Schemes' portfolio in the exchanges due to the extraneous factors may impact liquidity and would result in losses, at times, in case of adverse price movement. Wherein the underlying commodity is physically delivered in order to settle the derivative contract, such settlement could get impacted due to various issues, such as logistics, Government policy for trading in such commodities.

- **Risks associated with Investing in Fixed Income Securities:**
 - **Market Risk/Interest Rate Risk:** The Net Asset Value (NAV) of the underlying scheme, to the extent invested in fixed income securities, will be affected by changes in the general level of interest rates. The NAV of the underlying scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
 - **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
 - **Credit Risk:** Investments in fixed income securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
 - **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
 - **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the underlying scheme(s) are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
 - **Settlement risk:** The inability of the underlying scheme(s) to make intended securities purchases due to settlement problems could cause the underlying scheme(s) to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the underlying scheme(s)' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the underlying scheme(s)' portfolio.
 - **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the underlying scheme(s).
 - **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the underlying scheme(s) can invest in securities which are not listed on a stock exchange ("unlisted Securities") which in

general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the underlying scheme(s) will realise their investments in unlisted securities at a fair value.

- Different types of fixed income securities in which the underlying scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the underlying scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- The underlying scheme may, considering the overall level of risk of the portfolio, invest in lower rated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the underlying scheme(s).
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The underlying scheme may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- The underlying scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

The scheme may also invest in units of debt schemes of ICICI Prudential Mutual Fund or other schemes which may be subject to risks as stated below.

Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the Scheme contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

- a. The Fund Manager would not be able to invest the entire corpus in physical silver due to certain factors such as the fees and expenses of the Scheme, cash balance, various other factors which may result in Tracking Error with the underlying index.

In accordance with paragraph 3.6.3 of the master circular dated May 19, 2023, the tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.“.

- b. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index.
- c. In case of investments in derivative instruments like ETCDs, the risk/ reward would be the same as investments in commodities. However, there may be a cost attached to buying a derivative contract. Further, there could be an element of settlement risk,

which could be different from the risk in settling physical commodities and there is a risk attached to the liquidity and the depth of the ETCD market as it is relatively new market.

Portfolio Turnover

Portfolio turnover is defined as the aggregate of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time. The portfolio turnover shall be generally on account of purchase and redemptions in the scheme.

Risk management strategies: The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in Silver and Silver related instruments. The risk control process involves identifying & measuring the risk through various risk measurement tools. The Scheme has identified following risks of investing in Silver and Silver related instruments and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk & Description	Risk mitigants / management strategy
Tracking Error: The performance of the Scheme may not be commensurate with the performance of the benchmark index on any given day or over any given period, referred to as tracking error.	The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The investment manager will endeavor to maintain low cash levels to minimize tracking error.
Price risk: Fluctuations in the price of Silver	The Scheme is passively managed and fluctuations in Silver prices will not increase the tracking error.
Liquidity risk: Inability to buy / sell appropriate quantity of Silver	The Scheme has to sell silver only to designated bankers / traders who are authorized to buy silver. Though, there are adequate numbers of players to whom the Scheme can sell silver the Scheme may have to resort to distress sale of silver if there is no or low demand for silver to meet its cash needs of redemption or expenses.
Event risk/Custody Risk: Risk of loss, damage, theft, impurity etc. of Silver	There is a risk that part or all of the physical Silver belonging to the Scheme could be lost, damaged or stolen. In order to ensure safety, the said Silver will be stored with custodian in its vaults. Silver held by custodian is also insured. The custodian will insure/cover all such risks.

Risk & Description specific to Debt	Risk mitigants / management strategy
<u>Market Risk</u> As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	In a rising interest rates scenario the Scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.
<u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.
<u>Credit Risk</u> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.	Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the Scheme will ensure that these instruments are sufficiently backed by assets.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. Information about the scheme

A. Where will the scheme invest?

Subject to the Regulations and the disclosures as made under the section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. In Silver and Silver-related instrument(s).
2. Debt obligations of domestic government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
3. Corporate debt (of both public and private sector undertakings).
4. Money market instruments permitted by SEBI/RBI, having maturities of up to one year.
5. Certificate of Deposits (CDs).
6. Commercial Paper (CPs).
7. The non-convertible part of convertible securities.
8. Exchange Traded Commodity Derivatives (ETCDs) with silver as underlying
9. Any other domestic fixed income securities.

Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The securities may be acquired through New Fund Offerings (NFOs), secondary market operations, private placement, rights offer or negotiated deals. The Scheme may also enter into repurchase and reverse repurchases obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on March 31, 2025 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	6.34%	High
GOI	Treasury Bill	364 Days	6.40%	High
GOI	Short Dated	1-3 Years	6.40% - 6.44%	High
GOI	Medium Dated	3-5 Years	6.44% - 6.45%	High
GOI	Long Dated	5-10 Years	6.45% - 6.58%	High
Corporates	Taxable Bonds (AAA)	1-3 Years	7.29% - 7.11%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	7.11% - 7.11%	Low to Medium
Corporates	CDs (A1+)	3 months	7.00%	Medium to High
Corporates	CPs (A1+)	3 months	7.25%	Medium to High

- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated, and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index Methodology: Not Applicable

‘Creation Unit’ size is a fixed number of units, which is exchanged for **Portfolio Deposit** which would consist of Silver of defined purity and quantity and **Cash Component**. The Scheme may from time to time change the size of the creation unit in order to equate it with marketable lots of the underlying instruments.

Portfolio Deposit is a pre-defined quantity and purity of silver which has to be submitted to the Custodian/AMC/Registrar at the time of subscribing for units directly from the fund in creation unit size and will be defined and announced by the Fund on allotment date and on all Business Days thereafter. Portfolio Deposit will change from time to time.

The **Cash Component** represents the difference between the applicable net asset value of Creation Unit and the market value of Silver. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. In addition, the Cash Component will include transaction cost as charged by the Custodian/DP and other incidental expenses for creating / redeeming units and other taxes as applicable. The cash component will vary from time to time and will be decided and announced by the AMC. Cash Component will also include exit load, if applicable. The exit load, if any will be declared by the AMC from time to time and will be within the limits specified under the Regulations.

A	Applicable NAV (As on 31st March 2025)	101.5618
B	Unit Creation size	30,000
C	Portfolio Value	30,46,854.00
D	Closing Value of Portfolio (Price of 30 kg of Silver as on 31 st March 25)	26,86,108.43
E	Cash Component	3,60,745.57

In addition, Investors shall also pay charges payable to depositories / exchanges for creation / redemption of units as part of Cash Component.

The above is just an example to illustrate the calculation of Cash Component. Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating units.

E. Principles of incentive structure for market makers

Pursuant to paragraph 3.6.1.4 of Master Circular, the principles of incentive structure pertaining to Market Makers (MMs) as mentioned below:

- i. Incentives, if any, to Market Makers (MMs) shall be charged to the scheme within the maximum permissible limit of total expense ratio (TER).
- ii. AMC may determine the incentives basis the performance of MMs in terms of generating liquidity in units of ETFs.
- iii. Incentives to MMs may be variable in nature or fixed amount basis agreed performance standards between the AMC and MMs.

Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.
Settlement of Purchase / Sale on stock exchange(s)	Buying/ Selling units of the Scheme on the stock exchange is similar to buying / selling any other listed securities. If an investor has bought units, the investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realized before funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, the investor has to deliver the units to the broker/ sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in

	case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or units to the investor in accordance with the time prescribed by the stock exchange regulation. If an investor has bought units, he/she should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation. An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her beneficiary account to the Pool Account of his/her trading member through whom he/she has sold the units. The details of the Pool Account of investor's trading member to which the units are to be transferred, unit quantity, etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc. All investors including Authorized Participants, Investors and other investors may sell their units in the stock exchange(s) on which these units are listed on all the Trading Days of the stock exchange. The Mutual Fund will repurchase units from Authorized Participants and Investors on any Business Day provided the units offered for repurchase is not less than the Creation Unit Size and multiples thereafter.
Rolling Settlement	The Fund intends to follow the settlement pattern and practices of BSE and NSE as per the trade/s executed on the respective exchange.

	Rolling Settlement = T+ 1 The Pay-in and Pay-out of funds and the units will take place within 1 business day after the trading date. The pay-in and pay-out days for funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below: While calculating the days from the Trading Day (Day T), weekend days (i.e. Saturday and Sundays) and Bank holidays are not taken into consideration. All investors including Authorized Participants, may sell their units, in the stock exchange(s) on which these units are listed on all the trading days of the stock exchange. Mutual fund will repurchase units from Authorized Participants on any business day provided the units offered for repurchase is not less than the creation unit size and multiples thereafter.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of e-mail and/or SMS within 5 Business Days of receipt of valid application / transaction to the Unit holders registered e-mail address and/or mobile number. As the units of the Scheme will be issued, traded and settled in dematerialized (electronic) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.
IDCW	The IDCW payments shall be dispatched to the unit holders within 7 business days from the record date. In the event of failure to dispatch IDCW within 7 business days, the AMC shall be liable to pay interest at 15% per annum to the unit holders. With respect to payment of interest in the event of failure of dispatch of IDCW payments within the stipulated time period, the interest for the delayed payment of IDCW shall be calculated from the record date.

	The treatment of unclaimed redemption & IDCW amount will be as per paragraph 14.3 of SEBI Master Circular and any other circular published by SEBI from time to time.
Creation/Redemption of Units on the exchange and directly with from the Fund	On Stock Exchanges: Investors can buy/sell units of the Scheme in round lot of 1 unit and in multiples thereof. The eligible investors can directly buy/sell with the Fund in Creation Unit Size in accordance with “Minimum application amount”: Directly with the Fund: a. Subscription (Purchase)/Switch-in The Fund may allow purchases of units of the Scheme in ‘Creation Unit’ size or multiples thereof in exchange of the Portfolio Deposit/equivalent amount of cash and Cash Component by Investors/Authorised Participants. b. Redemption (Sale)/Switch-out The Fund will redeem units only in Creation Unit size or in multiples thereof, in exchange of the Portfolio Deposit/equivalent amount of Cash and Cash Component. Note: For the purpose of this addendum, the terms ‘Cash’ means RTGS, NEFT or transfer Cheque. Note: Units of the Scheme if less than Creation Unit cannot be purchased/ redeemed directly with the Fund except for certain circumstances as listed in this document. In case of redemptions by NRIs, requisite TDS will be deducted from the respective redemption proceeds. All direct transactions in units of the Scheme by MM’s or other eligible investors with the AMC/the Fund shall be at intra-day NAV based on the actual execution price of the underlying portfolio. Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for eligible

	investors, subject to exceptions as mentioned in minimum application amount.
Procedure for Purchasing in Creation Unit Size	<u>Creation of Units</u> The requisite securities constituting the Portfolio Deposit have to be transferred to the DP account of the respective Scheme on the day of receipt of the application, while the Cash Component, as applicable on that business day; has to be paid to the Fund. On confirmation of the receipt of Portfolio Deposit/ equivalent amount of cash by the Custodian/AMC, the AMC will credit the equivalent number of units of the Scheme into the investor's DP account. In case of cash subscription of units of the Scheme in 'Creation Unit' Size, the purchase request for creation of units shall be made by such investor to the Fund/AMC where upon the Fund/AMC will arrange to buy the underlying portfolio of securities on behalf of the investor. The cost of purchase of securities including brokerage charges, transaction handling charges and all other incidental costs/profits/losses arising out of market movement during the purchase of securities shall be borne by the investor. The AMC may at its discretion create "Creation Unit" prior to receipt of all or a portion of the relevant Portfolio Deposit or equivalent amount in cash and Cash Component, wherein, amongst other things, the AMC may ask investor to post collateral to secure the obligation to deliver such outstanding Portfolio Deposit Securities or equivalent amount of cash and Cash Component. The Portfolio Deposit and Cash Component for units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents. The AMC reserves the right to adjust the number of Units to be credited in case the instrument towards the Cash Component is

	not honoured. The creation request can be made to the AMC/ Fund in a duly filled application form. Application Forms for Creation of units can be obtained from the office of AMC. Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque.
Procedure for Redeeming in Creation Unit Size	<u>Redemption of Units:</u> The requisite number of units of the Scheme equivalent to the Creation Unit lot size has to be transferred to the DP account of the respective Scheme, while the Cash Component, as applicable on that business day to be paid to the Scheme. On confirmation of the receipt of unit of the Scheme by the Custodian/AMC, the AMC shall extinguish the units and credit the Portfolio Deposit to the investor's DP account and pay the Cash Component, as applicable. The Fund may allow cash redemption of the units of the Scheme in Creation Unit Size. Redemption request shall be made by such investor to the Fund before the stipulated cut-off time whereupon the Fund shall arrange to sell the underlying portfolio of securities on behalf of the investor. Accordingly, the cost of sale of securities including brokerage charges, transaction handling charges and any other incidental costs/profits/losses arising out of market movement during the sale of securities shall be borne by investor. Payment will then be made to the Investor net of all the above mentioned charges. The Portfolio Deposit and Cash Component for the units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents. Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque. Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be

	periodically reviewed. Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios: i. Traded price (closing price) of the Scheme units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or ii. No quotes for the Scheme are available on stock exchange(s) for 3 consecutive trading days, or iii. Total bid size on the exchange is less than half of creation units' size daily, averaged over a period of 7 consecutive trading days. In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.
Bank Account	As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained.
Bank Mandate	<u>Bank Account Details:</u> As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to reject the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable.

	No bank account shall be registered in the investor account or subsequent addition or change in bank request unless a validation is undertaken whereby the investors name, account number/ details are verified <u>Bank Mandate Requirement</u> No bank account shall be registered in the investor account as part of account opening or subsequent addition or change of bank request unless a validation is undertaken through any one of the following modes whereby the investors name, account number /details are verified. In this regard, any one of the following documents needs to be submitted. 1. Original cancelled cheque having the First Holder Name and bank account number printed on the cheque. 2. Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application. 3. Self-certified cheque copy/bank passbook and verified with the original by AMC/ RTA. 4. Photocopy of the bank statement duly attested by the bank manager/ authorized personnel with designation, employee number and bank seal. 5. Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the name of investor, account type, bank branch, MICR and IFSC code of the bank branch. The letter should not be older than 3 months. In case the bank account details are not mentioned or found to be incomplete or invalid in a purchase application, then the AMC may consider the account details as appearing in the investment amount cheque and the same shall be updated under the folio as the payout bank account for the payment of redemption/IDCW amount etc.
--	--

	AMC reserves the right to validate the details through PAN based account validation facility provided by NCPI or Penny Drop facility. Where the bank mandate cannot be validated by any of the stated methods, the bank account validation may be done on the basis of the cheque leaf if it is available. If the bank account details cannot be validated, AMC reserves the right to reject the application and in case of redemption, the payout will be issued by way of warrant/cheque.
Delay in payment of redemption / repurchase proceeds/IDCW	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	The treatment of unclaimed redemption & IDCW amount will be as per paragraph 14.3 of the Master Circular and any other circular published by SEBI from time to time.
Disclosure w.r.t investment by minors	A minor can invest through his/her parent/lawful guardian. Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. For further details, please refer to SAI.
Any other disclosure in terms of Consolidated Checklist on Standard Observations	Investment by the AMC: From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest either directly or indirectly in the Scheme. The funds managed by associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may

	impact the ability of other unitholders to redeem their units. Further, as per the SEBI (Mutual Funds) Regulations, 1996, in case the AMC invests in any of the Scheme managed by it, it shall not be entitled to charge any fees on such investments. The Scheme may invest in other Scheme managed by the AMC or in the Scheme of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing SEBI (Mutual Funds) Regulations, 1996 and guidelines. As per the SEBI (Mutual Funds) Regulations, 1996, no investment management fees will be charged for such investments. Disclosure norms as per paragraph 3.6.8 of the Master Circular: A. The following details of the Scheme will be updated on a monthly basis: - Name and exposure to top 7 stocks respectively as a percentage of NAV of the Scheme; - Name and exposure to top 7 groups as a percentage of NAV of the Scheme; - Name and exposure to top 4 sectors as a percentage of NAV of the Scheme. B. Change in constituents of the underlying index, if any, shall be disclosed on the AMC website on the day of change.

In addition to the existing Official Point of Acceptance of transactions, Computer Age Management Services Ltd. (CAMS), the Registrar and Transfer Agent of ICICI Prudential Mutual Fund, having its office at New No 10. Old No. 178, Opp. to Hotel Palm Grove, MGR Salai (K.H.Road), Chennai - 600 034 shall be an official point of acceptance for electronic transactions received from the Channel Partners with whom ICICI Prudential Asset Management Company Limited has entered or may enter into specific arrangements for all financial transactions relating to the units of mutual fund schemes. Additionally, the secure Internet sites operated by CAMS will also be official point of acceptance only for the limited purpose of all channel partners transactions based on agreements entered into between IPMF and such authorized entities. Additionally, the Internet site(s) operated by the AMC and online applications of the AMC [including i-Invest iPru (previously IPRUTouch)] will also be official point of acceptance. The AMC also accepts applications received on designated FAX numbers.

In addition to the existing Official Point of Acceptance of transactions, authorized Points of Service (POS) of MF Utilities India Private Limited (MFUI) shall be an official point of acceptance for all financial and non- financial transactions. The updated list of POS of MFUI is available on www.mfuindia.com. The online transaction portal of MFU is www.mfuonline.com. Further, Investors can also subscribe units of the Scheme during the NFO Period by availing the platforms/facilities made available by the Stock Exchanges.

For the updated list of official Point of Acceptance of transactions of AMC and CAMS, please refer the website of the AMC viz., www.icicipruamc.com

Open Network for Digital Commerce (ONDC)

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) ("Network"). To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an 'OPAT'.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.
