I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme/s will be achieved.
- As with any investment in securities, the NAV of the Units issued under the Scheme can go up or down depending on the factors and forces affecting the capital markets.
- Past performance of the Mutual Funds managed by the Sponsors and its affiliates is not necessarily indicative of the future performance of the Scheme.
- The Sponsor or any of its associates is not responsible or liable for any loss resulting from the operation of the Scheme/s, and the Sponsor's initial contribution towards setting up the Mutual Fund is limited to Rs.30,000/-
- Investors in the scheme/s are not being offered any guaranteed or assured rate of returns.
- IDFC Midcap Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Mutual Funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the schemes. The various factors which impact the value of scheme investments include but are not limited to fluctuations in the equity and bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of securities, tax laws, liquidity of the underlying instruments, settlements periods, trading volumes etc. and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, affiliates/associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unitholders to redeem their Units. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

Scheme Specific Risk Factors

1. In line with its investment objective, the scheme will be required to maintain a minimum exposure of 65% to the mid cap market segment at all times regardless of the prevailing market conditions/ fundamental outlook, macroeconomic environment, liquidity/prospects of the companies in this segment. These factors may impede the ability of the fund manager to align the portfolio in line with market expectations potentially exposing the Scheme to periods of volatile performance. Maintaining at least 65% exposure to mid-cap market segment may expose the scheme to higher liquidity risk. This may result in volatility in scheme performance depending on outlook for this market cap segment. The market cap segment invested in by the Scheme is as per current regulatory definition and maybe subject to change in future
2. The companies are subject to risks arising from exchange rate fluctuations.
3. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
4. While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
5. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Scheme(s) can go up and down because of various factors that affect the capital markets in general.
6. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the AMC may choose to invest in unlisted securities that offer attractive yields. This may however increase the risk of the portfolio.
7. The NAV of the Scheme is likely to be affected by changes in the prevailing rates of interest.
8. The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/ unrated securities offering higher yields. This may increase the risk of the portfolio.
9. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.
10. Different types of securities in which the scheme would invest (bonds / money market instruments etc.) as given in the Scheme Information Document carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. Corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

11. As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.
12. Apart from normal credit risk, zero coupon bonds carry an additional risk, unlike bonds that pay interest throughout the period to maturity, zero coupon instruments/deferred interest bonds typically would not realise any cash until maturity. If the issuer defaults, the Scheme may not obtain any return on its investment.
13. **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
14. **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
15. **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down.
16. **Basis Risk (Interest - rate movement):** During the life of a floating rate security or a swap, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
17. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
18. **Liquidity Risk:** Due to the evolving nature of the floating rate market, there may be an increased risk of liquidity risk in the portfolio from time to time.
19. **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.
20. **Securities Lending:** Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

6

21. **Short-selling of Securities:** Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

3

Risk associated with investing in foreign securities

It is AMC's belief that the investment in ADRs/GDRs/overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities, there may not be readily available and widely accepted benchmarks to measure performance of the Schemes.

To the extent the assets of the scheme(s) are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

The Scheme(s) may also invest in ADRs / GDRs / Other Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India from time to time. To the extent that some part of the assets of the Scheme(s) may be invested in securities denominated in foreign currencies, Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment as applicable.

As the investment may be made in stocks of different countries, the portfolio shall be exposed to the political, economic and social risks with respect to each country. However, the portfolio manager shall ensure that his exposure to each country is limited so that the portfolio is not exposed to one country. Investments in various economies will also diversify and reduce this risk.

Currency Risk: The scheme(s) may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.

In respect of the corpus of the Scheme(s) that is invested in overseas mutual fund schemes, investors shall bear the proportionate recurring expenses of such underlying scheme(s), in addition to the recurring expenses of the Scheme(s). Therefore, the returns attributable to such

investments by the Scheme(s) may be impacted or may, at times, be lower than the returns that the investors could obtain by directly investing in the said underlying scheme(s).

To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time. Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

5

Risks associated with Investing in Derivatives:

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. As and when the Scheme trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risks associated with Arbitrage strategies

- (i) **Liquidity Risk:** In case of Arbitrage trades, under abnormal circumstances it will be difficult to square off the transaction due to liquidity being poor in the underlying stock, stock futures or options market.
- (ii) **Execution Risk:** The prices which are seen on the screen need not be the same at which execution will take place.
- (iii) **Mark to Market Risk:** There could be a mark to market loss in derivatives leg of arbitrage and additional margin may need to be provided for the same.
- (iv) **Basis Risk:** In case of a large redemption, the scheme may need to reverse the spot-futures transaction before the date of futures' settlement. This eventuality may lead to the basis risk. In such extraordinary circumstances, the Fund Manager may have to unwind positions before the expiry at a basis which maybe higher than the initiation basis to meet redemptions. Premature unwinding of the position might result in the locked in profits not getting realized.

4

Risk Associated with investing in Securitised Debt

The Scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). Asset Backed Securities (ABS) are securitized debts where the underlying assets are receivables arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. Mortgage backed securities (MBS) are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential / commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of reinvestment risk as compared to the normal corporate or sovereign debt.

Different types of Securitised Debts in which the scheme would invest carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investments in Securitised Debts. e.g. AAA securitised bonds will have low Credit Risk than a AA securitised bond. Credit Risk on Securitised Bonds may also depend upon the Originator, if the Bonds are issued with Recourse to Originator. A Bond with Recourse will have a lower Credit Risk than a Bond without Recourse. Underlying Assets in Securitised Debt may be the Receivables from Auto Finance, Credit Cards, Home Loans or any such receipts. Credit risk relating to these types of receivables depends upon various factors including macro-economic factors of these industries and economies. To be more specific, factors like nature and adequacy of property mortgaged against these borrowings, loan agreement, mortgage deed in case of Home Loan, adequacy of documentation in case of Auto Finance and Home Loan, capacity of borrower to meet its obligation on borrowings in case of Credit Cards and intentions of the borrower influence the risks relating to the assets (borrowings) underlying the Securitised Debts. Holders of Securitised Assets may have Low Credit Risk with Diversified Retail Base on Underlying Assets, especially when Securitised Assets are created by High Credit Rated Tranches. Risk profiles of Planned Amortisation Class Tranches (PAC), Principal Only Class Tranches (PO) and Interest Only Class Tranches (IO) will also differ, depending upon the interest rate movement and Speed of Pre-payments. A change in market interest rates/prepayments may not change the absolute amount of receivables for the investors, but affects the reinvestment of the periodic cashflows that the investor receives in the securitised paper.

Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Securitized transactions are normally backed by pool of receivables and credit enhancement as stipulated by the rating agency, which differ from issue to issue. The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and there is no obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Seller may repossess and sell the underlying Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

At present in Indian market, following types of loans are securitised:

- Auto Loans (cars / commercial vehicles /two wheelers)
- Residential Mortgages or Housing Loans
- Consumer Durable Loans
- Personal Loans
- Corporates Loans

The main risks pertaining to each of the asset classes above are described below:

Auto Loans (cars / commercial vehicles /two wheelers)

The underlying assets (cars etc) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed. These loans are also subject to model risk. ie if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual.

Commercial vehicle loans are susceptible to the cyclical in the economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

Housing Loans

Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower classes. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

Consumer Durable Loans

The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult. The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

Personal Loans

These are unsecured loans. In case of a default, the bank has no security to fall back on. The lender has no control over how the borrower has used the borrowed money. Further, all the above categories of loans have the following common risks:

All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans.

In India, there is insufficiency of ready comprehensive and complete database regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record. In retail loans, the risks due to frauds are high.

Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporate are assigned to a trust that issues Pass through certificates in turn. The credit risk in such PTCs is on the underlying pool of loans to corporates. The credit risk of the underlying loans to the corporates would in turn depend of economic cycles.

Risk associated with investing in Repo of Corporate Bond Securities

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Settlement Risk: Corporate Bond Repo will be settled between two counterparties in the OTC segment unlike in the case of Tri-Party Repo transactions where CCIL stands as central counterparty on all transactions (no settlement risk).
- Quality of collateral: The Mutual Fund will be exposed to credit risk on the underlying collateral – downward migration of rating. The Mutual Fund will impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AAA or equivalent.
- Liquidity of collateral: In the event of default by the counterparty, the Mutual Fund would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

Risks associated with segregated portfolio:

1. Liquidity risk – A segregated portfolio is created when a credit event / default occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

RISK MANAGEMENT STRATEGIES

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk associated with Debt Investment

Risk Description	Risk Mitigants/management strategy
<p>Market Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>In a rising interest rates scenario the Fund Managers will endeavor to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.</p>
<p>Liquidity or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation Yield-To-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.</p>
<p>Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater</p>	<p>A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards</p>

Risk Description	Risk Mitigants/management strategy
the credit risk, the greater the yield required for someone to be compensated for the increased risk.	will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the fund will ensure that these instruments are sufficiently backed by assets.
Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

Risks associated with Equity investment

Risk Description	Risk Mitigants/management strategy
Market Risk The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme. The value of the Scheme’s investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is a risk which is inherent to an equity scheme. The scheme may use derivatives to limit this risk.
Liquidity risk The liquidity of the Scheme’s investments is inherently restricted by trading volumes in the securities in which it invests.	The fund seeks to control such risk by investing in such stocks having strong fundamentals, sound financial strength and superior quality of management and highly liquid papers. The fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
Derivatives Risk As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself.	The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Investments in derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines. The fund will endeavor to maintain adequate controls to monitor the derivatives transactions entered into.

Risk Description	Risk Mitigants/management strategy
Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	
Liquidity Risk: In case of Arbitrage trades, under abnormal circumstances it will be difficult to square off the transaction due to liquidity being poor in the underlying stock, stock futures or options market.	The fund will aim at taking exposure only into liquid stocks / derivatives where there will be minimal risk to square off the transaction.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS, if any

Investors may note that AMC/Fund Manager’s investment decisions may not be always profitable or prove to be correct.

All the above factors not only affect the prices of securities but may also affect the time taken by the Fund for redemption of units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled “Units and Offer”.

The liquidity of the Scheme’s investments may be restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests or of a restructuring of the Scheme’s portfolio, the time taken by the Scheme for

redemption of Units may become significant. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled “Units and Offer”.

The Scheme may trade in derivatives as permitted under the Regulations subject to guidelines issued by SEBI and RBI from time to time. Trading in Derivatives involves risks, which are explained in Section titled “Scheme Specific Risk Factors”.

The Scheme may also invest in overseas financial assets as permitted under the applicable regulations. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

In case the scheme undertakes securities lending under the Regulations, the Scheme may, at times be exposed to counter party risk.

Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this Scheme Information Document (SID) are as available under the present taxation laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the law and practice in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/ her own professional tax advisor.

No person has been authorised to give any information or to make any representations not confirmed in this SID in connection with the SID or the issue of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company.

Neither the Statement of Additional Information; nor this Scheme Information Document, nor the Application for the Units, nor the Units (“these Documents”) have been registered in any jurisdiction. The distribution of these Documents in certain jurisdictions may be prohibited or restricted or subject to registration requirements and accordingly, persons who come into possession of any of these Documents are required to inform themselves about and to observe, any such restrictions. No person receiving a copy of any of these Documents in such jurisdiction may act or treat these Document or any part/portion thereof as constituting an invitation to him to subscribe for Units, nor should he in any event use any such Documents, unless in the relevant jurisdiction such an invitation could lawfully be made to him and such Documents could lawfully be used without compliance with any registration or other legal requirements.

The AMC is also engaged in rendering Portfolio Management Services (PMS)) registered with SEBI Registration No. INP000002064. The AMC is also providing investment management services to Alternative Investment Funds registered under SEBI (Alternative Investment Funds) Regulations, 2012. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals. The scheme may invest the funds of the scheme in short term deposits of scheduled commercial banks as permitted under extant regulations.

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

The Scheme may participate in securities lending as permitted under the Regulations. Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007, August 16, 2019 and September 20, 2019 as amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

E. INVESTMENT STRATEGY

The Fund seeks to capture opportunities available in the mid-cap segment. The fund shall invest a minimum of 65% of its corpus in the mid-cap space. The remaining portion will be invested depending on the market conditions and in line with the fund manager's views.

The emphasis would be on identifying high-quality companies in the mid-cap segment with better growth prospects, sound corporate management, and favorable risk-reward from a medium to long-term perspective. In selecting specific stocks, the Asset Management Company will consider and evaluate amongst various criteria net worth, sustainable business models, consistent growth, strong cash flows, sound professional management, track record, industry scenario, growth prospects, market liquidity of the securities, etc.

INVESTMENT IN DERIVATIVES

(i) Trading in Derivatives

The Scheme may use derivatives instruments like Stock/ Index Futures & Options, or such other derivative instruments as may be introduced from time to time and in the manner permitted by SEBI/RBI from time to time.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Scheme and the risks attached there with.

Features of Derivatives:

Derivatives provide unique flexibility to the Scheme to hedge part of its portfolio. Some of the features of specific derivatives are as under:

ii) Derivatives Strategy

Equity Derivative

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time. SEBI has vide its Circular DNP/Cir-29/2005 dated September 14, 2005 and DNP/Cir-29/2005 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010 specified the guidelines pertaining to trading by Mutual Fund in Exchange traded derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

- i. Position limit for the Fund in index options contracts
 - a. The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.
 - b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

- ii. Position limit for the Fund in index futures contracts:
 - a. The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
 - b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.
- iii. Additional position limit for hedging
In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:
 - a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund's holding of stocks.
 - b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments.

- iv. Position limit for the Fund for stock based derivative contracts :

The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, :-

- a. The combined futures and options position limit shall be 20% of the applicable MWPL.
- b. The MWPL and client level position limits however would remain the same as prescribed

- v. Position limit for the Scheme

The position limits for the Scheme and disclosure requirements are as follows–

- a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:
 - 1% of the free float market capitalisation (in terms of number of shares)
Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
- c. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.”

The Scheme will comply with provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions.

The following section describes some of the more common equity derivatives transactions along with their benefits:

1. Basic Structure of a Stock & Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices. The stock Exchange, Mumbai (BSE) and The National Stock Exchange (NSE) provide futures in select stocks and indices with maturities of 1, 2 and 3 months. The pricing

of a stock/index future is the function of the underlying stock/index and short term interest rates.

Example using hypothetical figures:

1 month NIFTY 50 Index Future

Say, Fund buys 1,000 futures contracts; each contract value is 50 times futures index price

Purchase Date : February 24, 2021

Spot Index : 6000

Future Price : 6150

Say, Date of Expiry : March 24, 2021

Say, Margin : 20%

Assuming the exchange imposes total margin of 20%, the Investment Manager will be required to provide total margin of approx. Rs. 6.15 Cr (i.e. $20\% * 6150 * 1000 * 50$) through eligible securities and cash.

Date of Expiry:

Assuming on the date of expiry, i.e. March 24, 2021, Nifty 50 Index closes at 6200, the net impact will be a profit of Rs 25,00,000 for the fund i.e. $(6200-6150)*1000*50$

Futures price = Closing spot price = 6200.00

Profits for the Fund = $(6200-6150)*1000*50 = \text{Rs. } 25,00,000/-$

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity.

The net impact for the Fund will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mispricing of the futures.

2. Basic Structure of an Equity Option:

An option gives a buyer the right but does not cast the obligation to buy or sell the underlying. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

In India, National Stock Exchange (NSE) became the first exchange to launch trading in options on individual securities. Trading in options on individual securities commenced from July 2, 2001. All stock/index Option contracts are European style and cash settled and are currently available on 5 Indices and 223 securities as stipulated by the Securities and Exchange Board of India (SEBI).

Example using hypothetical figures on Index Options:

Market type : N

Instrument Type : OPTIDX

Underlying : Nifty 50

Purchase date : February 24, 2021

Expiry date : March 24, 2021

Option Type : Put Option (Purchased)
Strike Price : Rs. 6,100.00
Spot Price : Rs. 6,136.00
Premium : Rs. 84.00
Lot Size : 50
No. of Contracts : 100

Say, the Fund purchases on February 24, 2021, 1 month Put Options on Nifty 50 on the NSE i.e. put options on 5000 shares (100 contracts of 50 shares each) of Nifty 50.

Date of Exercise:

As these are European style options, they can be exercised only on the expiry date i.e. March 24, 2021. If the share price of Nifty 50 falls to Rs.5,500 on expiry day, the net impact will be as follows:

Premium expense = Rs.84*100* 50 =Rs. 4,20,000/-
Option Exercised at = Rs. 5,500/-
Profits for the Fund = (6100.00-5,500.00) * 100*50 = Rs. 30,00,000/-
Net Profit = Rs. 30,00,000 – Rs. 4,20,000 = Rs. 25,80,000/-

In the above example, the Investment Manager hedged the market risk on 5,000 shares of Nifty 50 Index by purchasing Put Options.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins have been ignored. The purchase of Put Options does not increase the market risk in the fund as the risk is already in the fund's portfolio on account of the underlying asset position. The premium paid for the option is treated as an expense. Additional risks could be on account of illiquidity and potential mis-pricing of the options.-

Derivatives Strategy

If and where Derivative strategies are used under the scheme the Fund Manager will employ a combination of the following strategies:

1. **Index Arbitrage:** As the Nifty 50 derives its value from fifty underlying stocks, the underlying stocks can be used to create a synthetic index matching the Nifty 50 Index levels. Also, theoretically, the fair value of a stock/ index futures is equal to the spot price plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk, in this case is the Clearing Corporation of the NSE.

Theoretically, therefore, the pricing of Nifty 50 Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. However, due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty 50 Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty 50 Index futures giving rise to arbitrage opportunities.

The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Nifty 50 Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy:

The objective of the strategy is to lock-in the arbitrage gains.

Risks Associated with this Strategy:

Lack of opportunity available in the market.

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

2. Cash Futures Arbitrage: (Only one way as funds are not allowed to short in the cash market). The scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock.

The scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return. Buying the stock in cash market and selling the futures results into a hedge where the scheme have locked in a spread and is not affected by the price movement of cash market and futures market.

The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus there is a convergence between the cash market and the futures market on expiry. This convergence helps the Scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy:

The objective of the strategy is to lock-in the arbitrage gains.

Risk Associated with this Strategy:

Lack of opportunity available in the market.

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

3. Hedging and alpha strategy: The fund will use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The fund will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling Nifty IT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty 50 Index

Objective of the Strategy:

The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

Risk Associated with this Strategy:

The stock selection under this strategy may under-perform the market and generate a negative alpha. The risk of mispricing or improper valuation and the inability of derivatives to correlate

perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

4. Other Derivative Strategies: As allowed under the SEBI guidelines on derivatives, the fund manager will employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

Objective of the Strategy:

The objective of the strategy is to earn low volatility consistent returns.

Risk Associated with this Strategy:

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

INVESTMENT IN REPO IN CORPORATE DEBT SECURITIES

SEBI has vide CIRCULAR no. CIR / IMD / DF / 19 / 2011 dated November 11, 2011 enabled mutual funds to participate in repos in corporate debt securities as per the guidelines issued by RBI from time to time and subject to few conditions listed in the circular.

The circular requires the Trustees and the Asset Management Companies to frame guidelines about, inter alia, the following in context of these transactions, keeping in mind the interest of investors in the scheme:

- i. Category of counterparty
- ii. Credit rating of counterparty
- iii. Tenor of collateral
- iv. Applicable haircuts

Conditions applicable (as per SEBI circular):

- a) The gross exposure of any mutual fund scheme to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the concerned scheme.
- b) The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt and derivatives shall not exceed 100% of the net assets of the Scheme.
- c) Mutual funds shall participate in repo transactions only in AAA rated corporate debt securities.
- d) In terms of Regulation 44 (2) of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, mutual funds shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
- e) Mutual funds shall ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities.
- f) The details of repo transactions of the scheme in corporate debt securities, including details of counterparties, amount involved and percentage of NAV shall be disclosed to investors in the half yearly portfolio statements and to SEBI in the half yearly trustee report.
- g) To enable the investors in the mutual fund schemes to take an informed decision, the concerned Scheme Information Document shall disclose the following:

- i. The intention to participate in repo transactions in corporate debt securities in accordance with directions issued by RBI and SEBI from time to time;
- ii. The exposure limit for the scheme; and
- iii. The risk factors associated with repo transactions in corporate bonds

Guidelines to be followed by IDFC Mutual Fund:

The following guidelines shall be followed by IDFC Mutual Fund for participating in repo in corporate debt security:

i. Category of counterparty & Credit rating of counterparty

All the counterparties with whom IDFC Mutual Fund currently deals in repo (SLR) shall be eligible for corporate bonds repo subject to execution of corporate bond repo agreement.

ii. Tenor of Repo

Tenor of repo shall be capped to 3 months as against maximum permissible tenor of 6 months. Any repo for a tenor beyond 3 months shall require prior approval from investment committee of the fund. There shall be no restriction / limitation on the tenor of collateral.

iii. Applicable haircut

A haircut of minimum 5% or such other amount specified by SEBI / RBI (currently 7.50%), whichever higher, from on the market value of the underlying security irrespective of the tenor to adjust for the illiquidity of the underlying instrument. The haircut % mentioned herein is a function of how market practice evolves with respect to corporate bond repo. Prior approval of the Investment committee shall be sought for change in the haircut from existing 5% to such other % as deemed fit.

iv. Additional internal investment limit:

Any scheme shall not lend / borrow more than 10% of its corpus in repo against corporate bonds or 5% of total AUM of the Mutual fund (excluding Fund of fund) whichever is lower.

INVESTMENT IN SECURITISED DEBT

1. How the risk profile of securitized debt fits into the risk appetite of the scheme

Securitization is the fact or process of securitizing assets i.e. the conversion of loans into securities, usually in order to sell them on to other investors. This is done by assigning the loans to a special purpose vehicle (a trust), which in turn issues Pass-Through-Certificates (PTCs). These PTCs are transferable securities with fixed income characteristics. The risk of investing in securitized debt is similar to investing in debt securities.

However it differs mainly in two respects. One, the liquidity of securitized debt is less than similar debt securities. Two, for certain types of securitized debt (backed by mortgages etc.), there is an additional pre-payment risk. Prepayment risk refers to the possibility that loans are repaid before they are due, which may reduce returns if the re-investment rates are lower than initially envisaged.

Because of these additional risks, securitized debt typically offers higher yields than debt securities of similar credit rating and maturity. After considering these additional risks, the investment is no different from investment in a normal debt security. Considering the investment objective of the scheme, these instruments with medium risk profile can be

considered in the investment universe. Thus if the Fund Manager judges that the additional risks are suitably compensated by the higher returns, he may invest in securitized debt up to the limits specified in the asset allocation table.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc

Investments in securitized debt will be done based on the assessment of the originator and the securitized debt, which is carried out by the Fixed Income team based on the in-house research capabilities as well as the inputs from the independent credit rating agencies and by following AMC's internal credit process.

Specifically, in order to mitigate the risk at the issuer/originator level the Fixed Income team will consider various factors which will include –

- Track record of the originator in the specific business to which the underlying loans correspond to;
- Size and reach of the issuer/originator;
- Collection infrastructure & collection policies;
- Post default recovery mechanism & infrastructure;
- Underwriting standards & policies followed by originator;
- Management information systems;
- Financials of the originators including an analysis of leverage, NPAs, earnings, etc.
- Future strategy of the company for the specific business to which the underlying loans correspond to;
- Performance track record of Originator's portfolio & securitized pools, if any;
- Utilization of credit enhancement in the prior securitized pools;
- The quality of information disseminated by the issuer/ originator; and
- The credit enhancement for different types of issuer/originator.

Also, assessment of business risk would be carried out which includes –

- Outlook for the economy (both domestic and global); and
- Outlook for the industry

In addition, the fund analyses the specific pool and the broad evaluation parameters are as follows:

- Average seasoning of the loans in the pool
- Average Loan to value ratio of the loans in the pool
- Average ticket size of the loans
- Borrower profile (salaried / self-employed, etc)
- Geographical profile of the pool
- Tenure profile of the pool
- Obligor concentration
- Credit enhancement cover available over and above the historic losses on Originator's portfolio
- Expected Prepayment rate in the specific asset class experienced by the originator in the past as well as the industry
- Limited Liquidity and Price Risk.

The scheme will invest in securitized debt which are rated investment grade and above by a credit rating agency recognized by SEBI. The investment team analyses the Rating Rationale in detail before investing in any PTCs, and also discusses with the concerned rating agency on a need basis. The rating agency would normally take into consideration the following factors while rating a securitized debt:

- Credit risk at the asset/originator/portfolio/pool level

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of installments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analyzed with regard to geographical location, borrower profile, LTV, and tenure.

- Counterparty risk

This includes Servicer Risk, co-mingling risk etc. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure.

- Bankruptcy risk

- Of the Originator –

Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the Interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

- Of the Investors' agent

All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

- Legal risks

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

Various market risks like interest rate risk, macro-economic risks Assessment of risks related to business for example outlook for the economy, outlook for the industry and factors specific to the issuer/originator.

3. Risk mitigation strategies for investments with each kind of originator

The examples of securitized assets which may be considered for investment by the Scheme and the various risk mitigation parameters (please read in continuation with point 2 above), which will be considered include;

A) Asset backed securities issued by banks or nonbanking finance companies.

Underlying assets may include receivables from loans against cars, commercial vehicles, construction equipment or unsecured loans such as personal loans, consumer durable loans. The various factors which will be usually considered while making investments in such type of securities include profile of the issuer, analysis of underlying loan portfolio – nature of asset class, seasoning of loans, geographical distribution of loans and coverage provided by credit-cum-liquidity enhancements.

A) Mortgage backed securities issued by banks or housing finance companies, where underlying assets are comprised of mortgages/home loan.

The various factors which will be usually considered while making investments in such type of securities include issuer profile of the issuer, quality of underlying portfolio, seasoning of loans, coverage provided by credit-cum-liquidity enhancements and prepayment risks.

B) Single loan securitization, where the underlying asset comprises of loans issued by a bank/non-banking finance company.

The factors which will be usually considered while making investments in such type of securities include assessment of credit risk associated with the underlying borrower as well as the originator. The Fixed Income team will adhere to the AMC's internal credit process and perform a detailed review of the underlying borrower prior to making investments. This analysis is no different from the analysis undertaken by Fund when it invests in Debentures or Commercial papers issued by the same borrower.

Critical Evaluation Criteria

Typically the Fund would avoid investing in securitization transaction (without specific risk mitigation strategies / additional cash/security collaterals/ guarantees) if there are concerns on the following issues regarding the originator / underlying issuer:

1. High default track record/ frequent alteration of redemption conditions/covenants
2. High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
3. Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
4. Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
5. Poor reputation in market
6. Insufficient track record of servicing of the pool or the loan, as the case may be.

Further, investments in securitized debt will be done in accordance with the investment restrictions specified under the SEBI Regulations/ this Scheme Information Document which would help in mitigating certain risks.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

The framework which will generally be applied by the Fund Manager while evaluating the investment decision with respect to securitized debt will be as follows:

Characteristics/Type of Pool	Mortgage Loan	Single Sell Down	Others
Approximate Average Maturity (in Months)	Up to 10 years	Case by case basis	As and when new asset classes of securitized debt are introduced, the investments in such instruments will be evaluated on a case by case basis
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)	In excess of 3%	Case by case basis	
Average Loan to Value Ratio	95% or lower	Case by case basis	
Average seasoning of the Pool	Minimum 2 months	Case by case basis	
Maximum single exposure range *	< 5%	Not applicable	
Average single exposure applicable range % *	< 5%	Not applicable	

* denotes % of a single ticket/loan size to the overall assets in the securitized pool.

\$ Broad evaluation criteria as per point 3 above

Notes:

1. Retail pools are the loan pools relating to Car, 2 wheeler, micro finance and personal loans, wherein the average loan size is relatively small and spread over large number of borrowers.
2. The information illustrated in the table above is based on current scenario relating to securitized debt market and is subject to change depending upon the change in the related factors. In addition to the framework stated in the table above, in order to mitigate the risks associated with the underlying assets where the diversification is less, at the time of investment the Fixed Income team could consider various factors including but not limited to
 - Size of the loan - the size of each loan is generally analyzed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries.
 - Average original maturity of the pool of underlying assets
 - The analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower.
 - Loan to value ratio, average seasoning of the pool of underlying assets - these parameters would be evaluated based on the asset class as mentioned in the table above.
 - Default rate distribution - the Fixed Income team generally ensures that all the contracts in the pool are current to ensure zero default rate distribution.
 - Geographical distribution - the analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk.
 - Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc could be obtained as a risk mitigation measure.
 - Liquidity facility - these parameters will be evaluated based on the asset class as mentioned in the table above.
 - Structure of the pool of underlying assets – The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitization structure and changes in market acceptability of asset classes.

5. Minimum retention period of the debt by originator prior to securitization

The minimum retention period of the debt by the originator prior to securitization and the minimum retention percentage by originator of debts will be as per the guidelines/regulations issued by the RBI/other regulatory agencies from time to time.

Also, please refer the table in point 4. The Fund will adopt that policy, whichever is stricter.

6. Minimum retention percentage by originator of debts to be securitized

Same as point 5 above.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

An investment by the scheme in any security is done after detailed analysis by the Fixed Income team and in accordance with the investment objectives and the asset allocation pattern of a scheme. All investments are made on an arms-length basis without consideration of any investments (existing/potential) in the schemes made by any party related/involved in the transaction. The robust credit process ensures that there is no conflict of interests when a scheme invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme.

8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows:

- Fixed Income Team – Currently, the AMC has a 4 member team, who is responsible for credit research and monitoring and fund management, for all exposures including securitized debt.
- Ratings are monitored for any movement – Based on the cash flow report and Fixed Income Team’s view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly.
- For legal and technical assistance with regard to the documentation of securitized debt instruments, the team can make use of resources within the internal legal team and if required take help of our external legal counsel as well.

INVESTMENT IN OVERSEAS SECURITIES:

In terms of SEBI Circulars dated September 26, 2007, April 08, 2008 November 5, 2020 and June 03, 2021 each mutual fund is permitted to invest up to maximum of US\$ 1 billion . The overall cap for the entire mutual funds industry to invest in foreign securities is US\$ 7 billion. The Mutual Funds can invest in:

- i. ADRs/ GDRs issued by Indian or foreign companies;
- ii. Equity of overseas companies listed on recognized stock exchanges overseas;
- iii. Initial and follow on public offerings for listing at recognized stock exchanges overseas
- iv. Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies
- v. Money market instruments rated not below investment grade
- vi. Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds
- vii. Government securities where the countries are rated not below investment grade
- viii. Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities
- ix. Short term deposits with banks overseas where the issuer is rated not below investment grade
- x. Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

The restriction on the investments in mutual fund units upto 5% of net assets and prohibits charging of fees, shall not be applicable to investments in mutual funds in foreign countries made in accordance with SEBI Guidelines. However, the management fees and other expenses charged by the mutual fund in foreign countries along with the management fee and recurring expenses charged to the domestic mutual fund scheme shall not exceed the total limits on expenses as prescribed under Regulation 52(6) of the SEBI(MF) Regulations, 1996. Where the scheme is investing only a part of the net assets in the foreign mutual fund(s), the same principle shall be applicable for that part of investment.

Procedure & Recording of Investment Decisions and Risk Control

All investment decisions, relating to the Scheme, will be undertaken by the AMC in accordance with the Regulations and the investment objectives specified in this SID. All investment decisions taken by the AMC in relation to the Scheme shall be recorded.

The Investment Management Committee (IMC) oversees the Investment function, will be responsible for laying down the broad Investment Policy and the Specific scheme mandates,

in addition to monitoring scheme performance and reviewing portfolio strategy. The risk control parameters would be laid down for each scheme based on the objectives of the scheme and prudent fund management practices will ensure that investor monies are invested in the appropriate risk/reward environment. The AMC would ensure that investments are made in accordance with the regulatory / internal guidelines, if any. Internal guidelines may be set by the AMC from time to time and reviewed in line with the market dynamics.

The designated Fund manager of the scheme will be responsible for taking the day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

In case of investments in debt instruments, the AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, the investment team of the AMC will carry out requisite credit evaluation of the securities. Rated Debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC will be guided by the ratings of Rating Agencies such as CRISIL, CARE, ICRA and Fitch or any other rating agencies that may be registered with SEBI from time to time. In case a debt instrument is not rated, prior approval of the Board of Directors of Trustee and the AMC will be obtained for such an investment.

The AMC may approach rating agencies such as CRISIL, ICRA, etc for ratings of the scheme. The Scheme may use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interests.

The Scheme may invest in other Schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-Scheme investment made by all Schemes of IDFC Mutual Fund or in the Schemes under the management of other asset management companies shall not exceed 5% of the net asset value of the IDFC Mutual Fund. For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations.

SECURITIES LENDING

6

If permitted by SEBI Regulations, the Scheme may also engage in securities lending in accordance with the applicable guidelines/regulations. Securities lending means lending a security to another person or entity for a fixed period of time, at a negotiated compensation. The security lent will be returned by the borrower on expiry of the stipulated period.

A maximum of 20% of the net assets will be deployed in securities lending and the maximum single counter party exposure will be restricted to 5% of the net assets.

Engaging in securities lending is subject to risks related to fluctuations in the collateral value / settlement / liquidity / counter party.

6

SHORT SELLING OF SECURITIES

If permitted by SEBI Regulations, the Scheme may engage in short selling of securities in accordance with the guidelines / regulations issued by SEBI. Short sale of securities means selling of securities without owning them.

Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/ liquidity risks.

Portfolio Turnover

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavor to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

NOTE ON DEBT MARKET & MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt markets are developing fast, with the rapid introduction of new instruments including Foreign Portfolio Investors are also allowed to invest in Indian debt markets now. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills & Cash Management Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

Following table exhibits various debt instruments along with indicative yields as on June 28, 2022:

Instruments	Yield level (% per annum)
G – Sec 5 year	7.28%
G – Sec 10 year	7.47%
CP's 3 months	5.50%
CD's 3 months	5.25%
CP's 1 year	6.80%
CD's 1 year	6.53%
PSU	
Corporate Debentures AAA 3 year	7.38%
Corporate Debentures AAA 5 year	7.49%
NBFC	
Corporate Debentures AAA 3 year	7.65%
Corporate Debentures AAA 5 year	7.73%

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

The mutual fund or AMC and its empanelled brokers have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the scheme.

 - the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
18. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
 - “Short Term” for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. The Trustees / AMCs shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has STD with such bank.
 - The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

19. The Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase/redemption of Unit or payment of interest and/or Income Distribution cum capital withdrawal to the Unit holder. The Scheme shall not borrow more than 20% of its net assets and the duration of the borrowing shall not exceed a period of 6 months.

20. The Scheme will comply with provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions as stated below:

- (a) The cumulative gross exposure through equity, debt, derivative positions, repo transactions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time, subject to regulatory approvals if any, should not exceed 100% of the net assets of the scheme.
- (b) Mutual Funds shall not write options or purchase instruments with embedded written options.
- (c) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- (d) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- (e) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - i. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities till the existing position remains.
 - ii. Hedging position cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in point a).
 - iii. Any derivative instrument used to hedge the underlying security as the existing position being hedged.
 - iv. The quantity of underlying associated with the derivative position taken for hedging purpose does not exceed the quantity of the existing position against which hedge has been taken.
- (f) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point a) above.
- (g) Definition of Exposure in case of Derivatives Positions – Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss.

Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The AMC/Trustee may alter these investment restrictions from time to time to the extent SEBI regulations/applicable rules change/permit so as to achieve the investment objective of the scheme. Such alterations will be made in conformity with SEBI regulations.

The investment restrictions specified shall be applicable at the time of making the investment and it is clarified that changes need not be effected, merely by reason of appreciation or depreciation in value. In case the limits are exceeded due to reasons beyond the control of the AMC (such as receipt of any corporate or capital benefits or amalgamations), the AMC shall adopt necessary measures of prudence to reset the situation having regard to the interest of the investors.

CREATION OF SEGREGATED PORTFOLIO

The AMC may create segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event / actual default and to deal with liquidity risk.

In this regard, the term 'segregated portfolio' shall mean a portfolio comprising of debt or money market instrument affected by a credit event / actual default that has been segregated in a mutual fund scheme and the term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio. The term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event / actual default.

A segregated portfolio may be created in a mutual fund scheme in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- a. Downgrade of a debt or money market instrument to 'below investment grade', or
- b. Subsequent downgrades of the said instruments from 'below investment grade', or
- c. Similar such downgrades of a loan rating.

In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as detailed above and implemented at ISIN level.

Further, segregated portfolio of unrated debt or money market instruments may also be created in case of actual default of either the interest or principal amount.

Monitoring by Trustees:

1. In order to ensure timely recovery of investments of the segregated portfolio, trustees will ensure that:
 - a. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
 - b. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
 - c. An action taken report on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered / written-off.
 - d. The trustees shall monitor the compliance of guidelines prescribed by SEBI in this regard and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect to every segregated portfolio created.
2. In order to avoid misuse of the segregated portfolio facility, the Trustees have ensured that the AMC has a mechanism in place to negatively impact the performance incentives of the Fund Manager, Chief Investment Officer (CIO), etc involved in investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the Scheme.

For detailed process for creation of segregated portfolios, illustration on how segregated portfolios will work, etc. please refer to the Scheme Information Document / Statement of Additional Information (SAI) available on the Mutual Fund's website.

ACCOUNT STATEMENTS

For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio:

- The AMC shall allot the units to the applicant whose application has been accepted and also

send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction.

- The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC.
- For NFO allotment in demat form, the AMC shall issue units in dematerialized form to a unit holder within two working days of the receipt of request from the unit holder. For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Pursuant to sub regulation (1), (2) and (4) of Regulation 36 of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circulars no. Cir/ IMD/DF/16/ 2011 dated September 08, 2011, no. Cir/MRD/D9/31/2014 dated November 12, 2014, no. SEBI/HO/IMD/DF2/CIR/P/2016/42 dated March 18, 2016 and no. SEBI/HO/IMD/DF2/CIR/P/2016/89 dated September 20, 2016, investors are requested to note the following regarding dispatch of account statements:

A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of IDFC Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of Income Distribution cum capital withdrawal option, Reinvestment of Income Distribution cum capital withdrawal option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of Income Distribution cum capital withdrawal option, Reinvestment of Income Distribution cum capital withdrawal option,

systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

B) For all Unitholders

In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

2. Centres other than the places where there are Official point of acceptance of transactions as designated by the AMC from time to time, are Outstation Centres. Investors residing at outstation centres should send demand drafts drawn on any bank branch which is a member of Bankers Clearing House payable at any of the places where an Official point of acceptance of transactions is located.

Process for Investments made in the name of Minor through a Guardian

Payment for investment by means of Cheque, Demand Draft or any other mode shall be accepted from the bank account of the minor or from a joint account of the minor with the guardian only, else the transaction is liable to get rejected.

Unit holders are requested to review the Bank Account registered in the folio and ensure that the registered Bank Mandate is in favour of minor or joint with registered guardian in folio. If the registered Bank Account is not in favour of minor or not joint with registered guardian, unit holders will be required to submit the change of bank mandate, where minor is also a bank account holder (either single or joint with registered guardian), before initiation any redemption transaction in the folio, else the transaction is liable to get rejected.

For systematic transactions in a minor’s folio, AMC will register standing instructions till the date of the minor attaining majority, though the instructions may be for a period beyond that date.

Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including

cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major.

Payments by cash, money orders, postal orders, stockinvests and out-station and/or post dated cheques will not be accepted.

At present, applications for investing in scheme through cash are not accepted by IDFC AMC. The AMC, at a later date, may decide to accept investment in cash subject to implementation of adequate systems and controls. Information in this regard will be provided to investors as and when the facility is made available.

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

B. ONGOING OFFER DETAILS

Ongoing Offer Period

The Scheme shall re-open for ongoing subscription and redemption within five business days of allotment. The Date of allotment will be within five business days from the closure of the NFO.

Ongoing price for subscription (purchase)/switch-in (from other schemes/plans of the mutual fund) by investors:

During the continuous offer of the scheme, the units will be available at the applicable NAV based prices. This is the price that an investor will pay for purchase / switch in.

Ongoing price for redemption (sale) /switch outs (to other schemes/plans of the Mutual Fund) by investors:

At the applicable NAV subjects to prevailing exit load. This is the price you will receive for redemptions/switch outs.

*Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be:
Rs. 10* (1-0.02) = Rs. 9.80*

17(b)

The Redemption Price will not be lower than 95% of the NAV.

SWITCH FACILITY

Unitholders under the Scheme have the option to switch part or all of their holdings in any scheme launched by the Mutual Fund, or within the Scheme from one Option to another, subject to conditions attached to that scheme, which is available for investment at that time. This Option will be useful to Unitholders who wish to alter the allocation of their investment among the scheme(s)/ plans of the Mutual Fund in order to meet their changed investment needs or risk profiles.

The switch will be effected by way of a redemption of Units from one Scheme / Plan/ Option and a reinvestment of the redemption proceeds in the other Scheme/ Plan/ sub plan/option and accordingly, to be effective, the switch must comply with the redemption rules of the Scheme and the issue rules of the other scheme (for e.g. as to the minimum number of Units that may be redeemed or issued). The price at which the Units will be switched out of the Scheme/options will be based on the Applicable NAV of the relevant Scheme/ Plan(s)/ sub plans/options and considering any exit loads if any that the AMC/ Trustee may have from time to time.

No exit load will be charged for switch transaction from this Scheme to any another equity Scheme of IDFC Mutual Fund, except IDFC Nifty Fund. Further, switches of following kind within the Scheme will also not attract any exit load - (i) switch from Direct Plan to Regular Plan; (ii) switch from Regular Plan to Direct Plan where the investment in Regular Plan is without a Distributor (ARN) code; (iii) within different Options (Income Distribution cum capital withdrawal /growth) of the same Plan (Direct/Regular) of the Scheme.

Investors so desiring to switch may submit a switch request, already available with them along with an application form of the Scheme indicating therein the details of the scheme to which the switch is to be made. Applications for switch as above should specify the amount/Units to be switched from out of the Units held in any of the existing Schemes of the Fund. The switch request will be subject to the minimum application size and other terms and conditions of the SID of this Scheme and the scheme from which the amount is switched out.

The Applicable NAV for switching out of the existing open-ended funds will be the NAV of the Business Day on which the switch request, complete in all respects, is accepted by the AMC, subject to the cut-off time and other terms specified in the SID of the respective existing open ended Schemes. In close-ended scheme the applicable NAV for switching out of the existing close-ended funds will be the applicable NAV (after considering applicable loads) as on the date of its maturity.

Cut off timing for subscriptions/ redemptions/ switches

Subscription facility is available on a continuous basis.

A. Applicable NAV for Subscriptions / Switch-ins (irrespective of application amount):

1. In respect of valid applications received upto 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the Scheme before the cut-off time on same day i.e available for utilization before the cut-off time - the closing NAV of the day shall be applicable
2. In respect of valid applications received after 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the Scheme either on same day or before the cut-off time of the next Business Day i.e available for utilization before the cut-off time of the next Business Day - the closing

- NAV of the next Business Day shall be applicable
3. Irrespective of the time of receipt of application at the official point(s) of acceptance, where funds for the entire amount of subscription/purchase (including switch-ins) as per the application are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day - i.e available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.
 4. In case of switch transactions from one scheme to another scheme, units allotment in switch-in scheme shall be in line with the redemption payouts.

The aforesaid provisions shall also apply to systematic transactions i.e Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Transfer of Income Distribution cum capital withdrawal plan etc. irrespective of the installment date or Income Distribution cum capital withdrawal record date.

B. For Repurchase/Redemption/Switch-outs:

In respect of valid applications received upto 3.00 pm by the Mutual Fund, same day's closing NAV shall be applicable. In respect of valid applications received after 3.00 pm by the Mutual Fund, the closing NAV of the next business day shall be applicable.

Where can the applications for purchase/redemption/switches be submitted?

The redemption/ repurchase requests can be made on the transaction slip for redemption available at the Official point of acceptance of transactions or the office of the Registrar or the offices of the AMC on any business day (as per details given in the last few pages and the back cover page of this document).

In case the Units are standing in the names of more than one Unitholder, where mode of holding is specified as 'Jointly', redemption requests will have to be signed by all joint holders. However, in cases of holding specified as 'Anyone or Survivor', any one of the Unitholders will have the power to make redemption requests, without it being necessary for all the Unitholders to sign. However, in all cases, the proceeds of the redemption will be paid only to the first-named holder.

The Unitholder may either request for mailing of the redemption proceeds to his/her address or the collection of the same from the Official point of acceptance of transactions.

Minimum balance to be maintained and consequences of non maintenance There is no minimum balance required for the scheme.

SYSTEMATIC TRANSFER PLAN (STP)

Investors can opt for the Systematic Transfer Plan by investing a lumpsum amount in one scheme of the Mutual Fund and providing a standing instruction to transfer a pre-specified sum into any other scheme of IDFC Mutual Fund. Investors can also opt for STP from an existing account by quoting their account / folio number.

The Unitholder may avail of this plan by sending a written request to the Registrar. STP is available in following options of transfer amount and frequencies:

Fixed Amount STP:

A fixed amount specified by the investor will be transferred (switched) on the STP date.

- Eligibility – Fixed amount STP is available in the Growth and Income Distribution cum capital withdrawal Options of the Source schemes.
- Transfer amount (per instalment)- Minimum Rs.1,000/- and any amount thereafter.
- No. of instalment – The Fixed Amount STP can be registered with minimum of 6 (six) instalments. There is no upper limit on the same.
- Transfer frequency – STP can be effected as per following frequencies chosen by Investor:
 - a) Monthly: any day of the month except 29th, 30th and 31st day of the month
 - b) Fortnightly: 1st & 16th
 - c) Weekly: Date option - 7th, 14th, 21st, 28th day of every month; or Day option - every Monday of the week
 - d) Daily: all business days

Capital Appreciation STP:

- Eligibility - The Capital Appreciation option under STP facility is available only under the Growth Options of the Source schemes.
- Transfer frequency - Monthly, Quarterly, Half yearly and Annual
- Transfer dates -
 - a. Monthly: any day of the month except 29th, 30th and 31st day of the month

- b. Quarterly: any day of the first month of each quarter (3 months period) commencing from the month of registration of the STP) except 29th, 30th and 31st day of the month
- c. Half yearly: any day of the first month of each half year (6 months period) commencing from the month of registration of the STP) except 29th, 30th and 31st day of the month
- d. Annual: any day of the first month of each year (12 months period) commencing from the month of registration of the STP) except 29th, 30th and 31st day of the month

- **Transfer amount** (per instalment)- The entire capital appreciation in the Source scheme on the STP day, subject to a minimum of Rs.500/- will be transferred (switched) from the Source scheme to Target scheme.
If the appreciation in the source scheme on the STP day falls below the minimum threshold of Rs.500/-, the relevant instalment will be skipped and no transfer will be processed.
- **Minimum number of instalments** - The Capital Appreciation STP can be registered with minimum of 6 (six) instalments. There is no upper limit on the same.

If STP day falls on non-business day, the STP transaction shall be processed on the next business day.

The AMC reserves the right to introduce STPs at such other frequencies such as quarterly / half-yearly etc. or on any dates as the AMC may feel appropriate from time to time.

PE STP FACILITY:

This facility allows the investors to transfer amount from the source scheme to the target scheme based on the PE level on the date of respective transfer.

Salient features of the PE STP facility are as follows:

- **Frequency of transfer** – The investors have option of Weekly, Fortnightly and Monthly frequency for transfer of funds from the eligible source schemes to eligible target schemes. The minimum amount and tenure of PE STP will be as applicable to normal Systematic Transfer Plan (STP) facility in the respective scheme.
- Eligible source and target schemes will be:
 - o **Source schemes** – IDFC Cash Fund, IDFC Low Duration Fund, IDFC Money Manager Fund and IDFC Arbitrage Fund
 - o **Target schemes** – IDFC Flexi Cap Fund, IDFC Sterling Value Fund, IDFC Core Equity Fund, IDFC Focused Equity Fund, IDFC Large Cap Fund, IDFC Infrastructure Fund, IDFC Dynamic Equity Fund, IDFC Nifty Fund, IDFC Hybrid Equity Fund and IDFC Tax Advantage (ELSS) Fund.
- The dates available for the transfer under PE STP would be:
 - o **For Monthly Frequency:** Investor can opt for “Any Day” of the month (except 29th, 30th & 31st) for the transfer under PE STP facility.
 - o **For Weekly Frequency:**
 - **Day-wise** – Investor can transfer on every Monday of the month.
 - **Date-wise** – Investor can transfer on 7th/ 14th/ 21st/ 28th of the month.
 - o **For Fortnightly Frequency:** Investor can transfer on 1st/ 16th of the month.
- In case the investor does not specify the options in the Application Form, the Defaults will be:
 - o STP Date – 5th
 - o Source scheme - IDFC Money Manager Fund
 - o Target scheme - IDFC Flexi Cap Fund
 - o Plans/options – As per the default specified in the Scheme Information Document of respective Scheme(s).

- Other terms & conditions of the Systematic Transfer Plan (STP) facility being currently offered in the respective schemes will continue to apply.
- Amount to be transferred per STP instalment (to be specified at the time of STP registration in the application form) shall only be Fixed amount in Rupees (and not in number of units). If the Target scheme is IDFC Midcap Fund, the amount of STP instalment shall not exceed Rs.10 lacs.
The amount to be transferred on each STP date will be determined basis the PE level on the date of respective transfer as explained below.
- PE will be calculated as – Daily Closing Value of S&P BSE Sensex on the date of STP / Consolidated Earnings Per Share of S&P BSE Sensex on the date of STP (as sourced from Bloomberg).
- On determination of PE levels on the STP date, the transfer will be carried out as follows as the default option:

PE level	Amount Transferred* (X being the registered STP Instalment amount as stated by the Investor)
>19	X
16-19	2 times X
<16	5 times X

* If the outstanding balance in the source scheme in investor's folio is less than the amount to be transferred on the date of STP, the amount so transferred will be restricted to the balance available. Further, if the Target scheme is IDFC Midcap Fund, the maximum amount transferred will be restricted to Rs.10 lacs per STP date, irrespective the PE level.

Alternatively, the investors, at the time of registration of PE STP, will have an option to specify the amount to be transferred at the PE levels of 16-19 and <16. Such transfer amount can be specified in terms of multiples of the registered STP instalment amount (multiples in fraction not permitted) in lieu of the default option. Please note that the amount to be transferred at PE level >19 shall remain equal to the registered STP instalment amount and cannot be changed.

In case the investor does not specify the amount(s), the default amounts as mentioned in the table above shall apply.

Please note that the PE level bands are fixed and cannot be varied.

E.g., Assume that the STP instalment amount as specified by the investor in the STP Registration Form is Rs.1,000/- per month and he has opted for the Default option for amount to be transferred. On a given STP date, if the PE level is 20, the amount transferred from source scheme to target scheme will be Rs.1,000/-. Similarly, on another STP date, if the PE level is 12, the amount transferred will be Rs.5,000/-.

Auto Termination of SWP and STP (including PE STP) Transactions:

SWP and STP (including PE STP) transactions shall be auto terminated in case of

- Six continuous failures to process the instalment on account of insufficient balance maintained by the investor in the source scheme or any other reason attributable to the investor; or
- Specific court order.

SET TRANSACTION ON AUTO REMINDER (STAR)

This facility provides the unitholders with an option to withdraw and / or switch out and / or reinvest the investments made in the Scheme:

- 1) On the value of investments either reaching a particular/ amount or on the investments depreciating in value to a particular amount.
- 2) On achieving capital appreciation / on depreciation in value of investments equal to or more than a specified amount or percentage
- 3) On happening of a particular event or on a particular date (with or without lock in for a particular period)

Certain illustrations have been given for clarification of STAR:

1. Value of investment depreciating to a particular amount

If the investor has opted for STAR for a redemption on the value of his investment reaching Rs. 10000/- when his initial investment was Rs 11000/-, in such a case a redemption will be automatically triggered on the value of his investment reaching Rs 10000/- based on the applicable NAV on the day the said condition is met.

2. Capital appreciation of a particular amount

If the investor has opted for STAR for redemption on achieving 30 % capital appreciation on an investment of Rs 1000/-, his redemption will be automatically triggered on the value of investment reaching Rs 1300/- based on the applicable NAV on the day the said condition is met.

3. On the happening of an event or on a particular date

If the investor wants a particular amount on his birthday, he may opt for STAR and specify the date in such a manner that his redemption proceeds of a particular amount are made available to him on the specified date or as an instance, if the investor wants to switch his investments to certain other scheme of IDFC Mutual Fund on the first day of the next financial year, he may do so by providing such an instruction to the AMC. STAR is thus a financial tool which provides the investors with an opportunity to plan their redemptions / switch outs in accordance with their financial needs. STAR can also help an investor in minimizing losses and / or timely booking of profits. All redemptions/ switches/reinvestments etc. linked to STAR will be based on the applicable NAV of the day on which the condition specified / event occurs. STAR is only an additional facility to the unitholders which provides them with a convenient method of switching out / reinvesting / redeeming their investments on happening of a particular predetermined condition / event. STAR is not an assurance of any return or gains on part of AMC / Fund to the investor. Nor is there any assurance of minimizing the loss of the investors. The Trustees / AMC reserve the right to add / modify / remove the conditions / events with respect to STAR for redemption / reinvestment / switch outs in the Scheme.

Income Distribution cum capital withdrawal

The Income Distribution cum capital withdrawal warrants shall be dispatched to the unitholders within 15 days from the record date. In the event of delay, the AMC shall pay to the investor interest @15% p.a. for delayed period beyond the specified period of 15 days from the record date.

Redemption

The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase.

Delay in payment of redemption / repurchase proceeds and Income Distribution cum capital withdrawal warrants

The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

Treatment of Unclaimed Income Distribution cum capital withdrawal and redemption amounts

In accordance with No SEBI/HO/IMD/DF2/CIR/P/2016/37 dated February 25, 2016, the unclaimed Redemption amount and Income Distribution cum capital withdrawal amount may be deployed by the Mutual Fund in call money market or money market Instruments as well as in a separate plan or liquid scheme/money market mutual fund scheme floated by mutual funds. Investors who claim these amounts during a period of three years from the due date shall be paid initial unclaimed amount along with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. AMC shall play a proactive role in tracing the rightful owner of the unclaimed amounts considering the steps suggested by regulator vide the referred circular. Further, AMC shall not charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped at 50 bps.

MANDATORY QUOTING OF BANK MANDATE BY INVESTORS

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected.

PAN & KYC REQUIREMENTS

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

In terms of SEBI circulars dated April 27, 2007, April 03, 2008 and June 30, 2008 read with SEBI letter dated June 25, 2007, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lumpsum investments (both put together) per mutual fund up to Rs.50,000/- per year per investor shall be exempted from the requirement of PAN.

Accordingly, investments in IDFC Mutual Fund (including SIP investment where the aggregate of SIP installments in a rolling 12 months period or in a financial year i.e April to March) of upto Rs 50,000/- per investor per year shall be exempt from the requirement of

PAN.

However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address [self-attested by the investor / attested by the ARN Holder/AMFI distributor]. These exempted investors will have to quote the “PEKRN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals (including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected.

Application Forms without quoting of PEKRN shall be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

LISTING AND TRANSFER OF UNITS

The Scheme is an open ended equity scheme, sale and repurchase will be made on a continuous basis and therefore the Units of the Scheme are presently not proposed to be listed on any stock exchange. However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect.

In accordance with SEBI circular number CIR/IMD/DF/10/2010 dated August 18, 2010 units of the Scheme that are held in electronic (demat) form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time.

Units of the Scheme are freely transferable in demat and non demat mode.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee’s name will be recorded by the Fund subject to production of satisfactory evidence.

TRANSMISSION OF UNITS

In cases of transmission of Units consequent on the death of a unitholder, the transferee’s name will be recorded by the AMC / Registrar subject to production of satisfactory evidence and completing the requisite procedure / documentation to the satisfaction of the AMC and upon executing suitable indemnities in favor of the Fund and the AMC. Where the Units are held in demat form by the investor, the nomination as registered with the DP will be applicable to the Units. A Nominee / legal heir approaching the Fund for Transmission of Units must have beneficiary account with a DP of CDSL or NSDL, since the Units shall be in demat mode. The Stamp duty payable by the claimant with respect to the indemnity bond and affidavit, shall be in accordance with the stamp duty prescribed by law.

In accordance with SEBI Circular dated December 24, 2019, the AMC shall not accept requests for redemption from a claimant pending completion of the transmission of units in favour of the claimant. In other words, AMCs shall not entertain or accept any 'Transmission-cum-Redemption' request.

PLEDGE OF UNITS FOR LOANS

The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution. The Registrar will take note of such pledge (by marking a lien etc.) / charge in its records. Disbursement of such loans will be at the entire discretion of the lending institution and the fund assumes no responsibility thereof.

The pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorisation to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. Decision of the AMC shall be final in all cases of lien marking.

RIGHT TO RESTRICT REDEMPTION OR SUSPEND REDEMPTION IN THE SCHEME

The AMC/Trustee, at its sole discretion, reserves the right to impose restriction on redemption (including switches) or suspend redemption (including switches) from the Scheme in the general interest of the Unitholders of the Scheme and keeping in view the unforeseen circumstances/unusual market conditions.

Imposition of such restriction will be subject to following conditions:

- a) Restriction on redemption may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:
 - i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security;
 - ii. Market failures, exchange closures;
 - iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures.
- b) Restriction on redemption may be imposed for a period not exceeding 10 working days in any 90 days period.
- c) When restriction on redemption is so imposed, the following procedure shall be applied:
 - i. No redemption requests of value up to Rs.2 lakhs shall be subject to such restriction.
 - ii. For redemption request of value above Rs.2 lakhs, the first Rs.2 lakhs shall be redeemed without such restriction and the restriction shall apply for the redemption amount exceeding Rs.2 lakhs.

Any restriction on Redemption or suspension of redemption (including switches) of the Units in the Scheme shall be made applicable only after specific approval of the Board of Directors of the AMC and the Trustee Company and thereafter, immediately informing the same to SEBI.

It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3 Business Days for schemes other than interval funds and within 1 Business Day

for interval funds) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable.

The AMC / Trustee reserves the right to change / modify the provisions of right to restrict or suspend redemption of Units in the Scheme, subject to the applicable regulatory provisions from time to time.

Treatment of business received through suspended distributors:

Pursuant to AMFI Best Practices Guidelines Circular No. 81/2019-20 dated September 24, 2019 regarding provisions pertaining to treatment of purchase / switch / Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) transactions received through distributors whose AMFI Registration Number (ARN) has been suspended temporarily or terminated permanently by Association of Mutual Funds in India (AMFI):

1. All purchase and switch transactions, including SIP/ STP registered prior to the date of suspension and fresh SIP / STP registrations received under the ARN code of a suspended distributor during the period of suspension, shall be processed under “Direct Plan” and shall be continued under Direct Plan perpetually*.

*Note: If the AMC receives a written request / instruction from the unit holder/s to shift back to Regular Plan under the ARN of the distributor post the revocation of ARN suspension, the same shall be honored.

2. All purchase and switch transactions including SIP/ STP transactions received through the stock exchange platforms through a distributor whose ARN is suspended shall be rejected.
3. In cases where the ARN of a distributor has been permanently terminated, the unitholders have the following options:
 - switch their existing investments under the Regular Plan to Direct Plan (Investors may be liable to bear capital gains taxes and exit load, if any, which may arise at the time of switch from Regular Plan to Direct Plan); or
 - continue their existing investments under the Regular Plan under ARN of another distributor of their choice.

PHONE TRANSACT

The Facility ‘Phone Transact’ has been introduced by the AMC which enables the investors to subscribe and/or redeem units by calling from their registered phone number on a dedicated phone number identified by the AMC.

These facilities are currently available to all existing Individual investors in the schemes of IDFC Mutual Fund. Individual investors applying on “Sole” or “Anyone or Survivor” basis in their own capacity shall be eligible to avail of these facilities for permitted transactions; inter alia, on the terms and conditions specified by the AMC for use of this facility from time to time. All such investors also need to have completed the KYC process and bank mandate registration as specified by the AMC from time to time. This facility is currently not available to a first time investor in the schemes of IDFC Mutual Fund.

Currently, only purchase, switch and redemption transactions are accepted through this facility. Eligible investors can make additional purchase in the scheme in which they are currently invested or make fresh purchase in any other scheme of IDFC Mutual Fund. Additionally, in case of open-ended schemes offering SIP facility, investors can register a SIP using Phone Transact. Requests like change in bank mandate, change of nomination, change

in mode of holding, change of address or such other requests as the AMC may decide from time to time will not be permitted using the phone transact facility.

The AMC may, if deemed fit, extend this facility to other categories of investors at a future date. The AMC/Mutual Fund reserves the right to modify the terms and conditions of this Facility from time to time as may be deemed expedient or necessary.

“Terms and Conditions” mean the terms and conditions set out below by which the Facility shall be used/availed by the Unit holder and shall include all modifications and supplements made by AMC thereto from time to time.

It is clarified that the Facility is only with a view to accommodate /facilitate the Unit holder and offered at the sole discretion of the AMC. Further, the AMC may refuse access to this Facility to any investor for reasons such as attempt to mis-use this facility, attempt to place unauthorised transaction etc.

AMC may periodically provide the Unit holder with a written statement of all the transactions made by the Unit holder on a regular/as & when basis, as is being currently done.

The Unit holder shall check his/her account records carefully and promptly. If the Unit holder believes that there has been a mistake in any transaction using the Facility, or that an authorised transaction has been effected, the Unit holder shall notify AMC immediately.

By opting for the facility the Unit holder authorises and instructs the AMC to carry out the transactions as per the instruction given by the investor.

The Unit holder shall at all times be bound by any modifications and/or variations made to these Terms and Conditions by the AMC.

The Unit holder agrees and confirms that the AMC may at its sole discretion suspend the Facility in whole or in part at any time without prior notice if (i) the Unit holder does not comply with any of the Terms and Conditions or any modifications thereof, (ii) the AMC has the reason to believe that such processing is not in the interest of the Unit holder or is contrary to Regulation/SIDs/amendments to the SID and (iii) otherwise at the sole discretion of the AMC in cases amongst when the markets are volatile or when there are major disturbances in the market, economy, country, etc.

1. INSTRUCTIONS / TERMS AND CONDITIONS FOR PHONE TRANSACT & M-TRANSACT FACILITIES

- a) Prospective investor(s) / Unitholder(s) are requested to read the Scheme Information Document (“SID”), Key Information Memorandum (“KIM”) (collectively the “Offering Documents”) and instructions and terms and conditions (“Instructions”) carefully before filling the Registration Form and the One Time Debit Mandate Form (“Registration cum Debit Mandate”).
- b) Prospective investor(s) / Unitholder(s) proposing to avail the M-Transact Facility (“User”) are deemed to have read and accepted the terms and conditions as stated in the Offering Documents, the Know Your Customer (KYC) norms, the Privacy and Security Policy on the website of the Mutual Fund and these Instructions, and bind themselves to the terms thereof upon signing the Registration cum Debit Mandate.
- c) The AMC is offering the M-Transact facility with a view to accommodate / facilitate the User and is as such offered at the sole discretion of the AMC.
- d) Once registered under the Facilities, the User would be registered for all schemes of IDFC Mutual Fund and all services covered respectively under each of the Facilities. Users do not have an option to selectively choose the Scheme(s) or the services they would like to

be registered under the Facilities. The Users should note that separate SMS confirmations will be sent on their registered mobile number confirming successful registration and activation of the Facilities. In addition, User(s) will also receive a letter from the AMC confirming activation of the Facilities. The User will be able to transact for each of the Facilities only after receiving the relevant registration confirmation SMS.

- e) User(s) to take note that in line with guidelines by SEBI vide its Circular No. Cir/IMD/DF/13/2011 dated August 22, 2011, Mutual Fund shall deduct Transaction Charges from the subscription amount, as applicable.
- f) Any change in the ARN and/or EUIN for Facilities would be required to be intimated, in writing, to IDFC Mutual Fund/ IDFC AMC and would be effected on a prospective basis.
- g) The following rules will apply for processing of purchase (lump sum and SIP) transactions using M Transact Facility:
 - A. Distributor ARN code and EUIN mentioned during filling the registration form for the Facilities:**
 - If the investment is requested in a scheme under a 'Direct Plan', the Distributor/ARN code will be excluded for that transaction and units will be allotted under the 'Direct Plan' as requested.
 - If the investment is requested in a scheme under a 'Regular Plan', the registered ARN code and EUIN will be considered for that transaction and units will be allotted under the 'Regular Plan' as requested.
 - B. Distributor/ ARN code not mentioned (left blank or 'Direct' mentioned) during filling the registration form for the Facilities:**
 - If the investment is requested in a scheme under a 'Direct Plan', the units will be allotted under the 'Direct Plan' as requested.
 - If the investment is requested in a scheme under a 'Regular Plan', the units will, by default, be allotted under the 'Direct Plan' of the respective scheme.
- h) The Unit holder desirous to make purchase and SIP registration over this facility shall register to avail the Phone Purchase facility by submitting the "Registration - Cum - One Time Mandate Form" and submit the same to the AMC/ISC. The form can be downloaded from www.idfcmf.com. The terms and conditions for Phone Purchase are mentioned on the reverse of the Application Form.

2. UNITHOLDER INFORMATION

- a) M-Transact facility is only available to User(s) having a folio (which would include any zero balance folio) with the Mutual Fund, and who are either Resident Individuals (with mode of holding of the folio as 'single' or 'anyone or survivor' or 'either or survivor'), Hindu Undivided Family, sole proprietors or minors (through guardians). This facility is not available to User(s) who are non-residents (NRIs), Corporates, Partnership Firms and Resident Individuals (with mode of holding of the folio as 'joint'). Further, User(s) transacting through the online platforms of distributors (channel investors) or holding Units in demat form cannot be registered for the M-Transact facility.
- b) In case the User is a 'minor', the parents or legal guardian appointed by a court of competent jurisdiction shall be eligible to avail of the facilities till the minor attains majority. The legal guardian of the minor hereby agrees to submit such details as may be specified by the AMC, from time to time. Upon the minor attaining majority, the right of the parent / legal guardian to operate the said User(s) account / folio(s), shall cease and the 'major' User would be required to register himself afresh for availing the M-Transact facility. The parent / legal guardian of the minor agree to indemnify the AMC against any claim made by the above minor for any transactions made by him/her on behalf of the minor.
- c) In case of 'single' holding folio, M-Transact facility will be offered to the sole User. In case the mode of holding of the folio is 'Anyone or Survivor', the AMC shall offer the facility in favour of the 'Anyone or Survivor' in the folio.

- d) User(s) should specify their full name, PAN details, folio no, mobile number and email address in the 'Unitholders Information' section in the Registration cum Debit Mandate. User's name should match with the details in the existing folio, failing which the Registration cum Debit Mandate is liable to be rejected.
- e) User(s) are required to specify whether they are KYC compliant and enclose a photocopy of their PAN card duly self-certified along with the original PAN card along with a proof of KYC Compliance (viz. KYC Acknowledgement Letter issued by KYC Registration Agency ("KRA") or printout of KYC Compliance status downloaded from the KRA website using the PAN Number or KYC acknowledgment letter issued by any KYC Registration Agency registered with SEBI), if not provided earlier, along with the Registration cum Debit Mandate. Only KYC compliant users shall be permitted to use the facility. KYC failed cases or KYC pending or under-process cases are currently not eligible to be registered for this facility. Decisions of the AMC with regards permitting the User(s) to avail M-Transact shall be final and binding upon them. Registration cum Debit Mandate not complying with the above requirement will not be accepted/ processed.
- f) The mobile number and email address specified in the Registration Cum Debit Mandate will be registered for availing this M-Transact facility and such details will supersede corresponding existing details (if any) for the User(s) folio. A user can undertake transactions under the M-Transact facility only through the registered mobile no. Only one folio can be tagged to one mobile number and once a mobile number is registered for one folio, the same mobile number cannot be re-registered against another folio in the Mutual Fund. Further, only one mobile number can be registered against one folio.

3. TRANSACTION AND FUND OPTION

Currently, the following types of transactions are permitted under each of the Facilities:

-
- Phone Transact - Lump sum Purchase, SIP/STP/SWP registration, switch, Redemption
- Investors can use the Facilities for all the eligible and live open-ended schemes (currently available and launched in future) of IDFC Mutual Fund.

If the User has existing units in the same folio under the Scheme(s) covered under the Facilities under the Income Distribution cum capital withdrawal Option with a different sub-option selected (i.e. payout or reinvest), the existing sub-option would be substituted with the sub-option selected during the phone transaction, for that folio. In a subsequent Purchase transaction through a mode other than phone transaction, if the User selects a different sub-option under the folio, such new sub-option will substitute the earlier selected sub-option, including the one registered for the Phone Transact facility.

The User(s) understands that the AMC may, at its sole discretion decide to make available additional Schemes under the Facilities. The User(s) acknowledges and agrees to be bound by the terms and conditions of these Facilities for such additional Schemes that the AMC may make available from time to time.

4. BANK DETAILS

- a) User(s) proposing to undertake purchase transactions through the Facilities must have a bank account with any one of the eligible banks on the NACH Platform. The Mutual Fund / AMC reserves the right to remove or add any bank as an eligible bank at any time without giving any prior notice to the User(s).. Relevant information in the 'Bank Details' section should be filled in and an original cancelled cheque or a self attested copy of the cheque of such a bank account should be provided along with the OTM for verification and registration of bank mandate. The bank mandate mentioned in the OTM is limited/ applicable only for Purchases through the Facilities and will not be added to the bank master

for transactions through other modes, in the folio. User(s) can make payments for Purchases under the Facilities only from their respective bank account(s). In case of minor account, the bank account has to be either of the minor only or a joint account of the minor with the guardian only. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. Third party payments are not permitted.

Eligible Banks for Purchases through the Facilities: All banks / bank branches participating in NACH Platform of NPCI

- b) User(s) not providing information in the 'Bank Details' section or not having an account with any of the eligible banks can still be eligible to avail the Redemption facility through M-Transact with the existing default bank mandate registered in the folio. The Redemption proceeds will continue to get credited/ paid out to the existing default bank mandate registered in the folio as per the Registrars records and is independent of the bank mandate registered for Purchases under the M-Transact facility. In such cases, the 'Bank Details' section and the 'Authorisation of the Bank Account Holder' section are not required to be filled-in and must be kept blank.
- c) Any change of bank mandate in the folio submitted subsequently, will not impact/ alter the bank mandate, default or otherwise, registered for Purchases under the M-Transact facility. In case the User(s) desire to change their bank mandate for Purchases under M-Transact facility, they will have to de-register the existing M-Transact registration and re-register with the new bank mandate by filling up a fresh Registration cum Debit Mandate. A notification of such change should also be separately sent to the old bank by the User(s) for necessary action.

DECLARATION AND AUTHORISATION OF THE USER

- a) All signatures should be in English or in any Indian language. Thumb impressions should be from the left hand for males and the right hand for females and in all cases must be attested by a magistrate, notary public or special executive magistrate under his / her official seal. Applications by minors should be signed by their guardians. If you are investing through your constituted attorney, please ensure that the Power of Attorney (POA) document is signed by you and your constituted attorney. The signature in the Registration cum Debit Mandate, then, needs to clearly indicate that the signature is on your behalf by the constituted attorney.
- b) User(s) entering relevant details in the 'Bank Details' section are also required to sign in the 'Authorisation of the Bank Account' section in the order in which the bank account is held and the manner in which their signatures appear on bank records.
- c) User(s) who have not provided information in the 'Bank Details' section and are only availing the Redemption facility through the Facilities, will be only bound by the declarations and authorizations set out in the second paragraph of this section upon signing the signature block in this section.

OTHER TERMS AND CONDITIONS

- a) Currently, each Purchase transaction under the Facilities is restricted up to a monetary limit as mentioned below:
Phone Transact facility – up to Rs. 1,99,999 per transaction.

However, with further system developments, the AMC would endeavour to enhance such limit over a period of time. Notification of such enhanced limits would be informed in accordance with the requirements under the Regulations. The minimum Purchase amount criteria (lump sum and SIP) specified in the respective Option of the Scheme would be applicable.

Further, the restriction on number of transactions which a user can do in one folio on a single day is as given below:

Phone Transact - At present, only five (5) transactions per folio per scheme per day are accepted towards purchases in all eligible open ended schemes.

Redemption can be submitted in all eligible open ended schemes, subject to maximum limit of only five (5) transactions per folio per scheme per day.

Users submitting multiple requests in any of the eligible open ended schemes, which aggregates to Rs. 2 lakhs or above, and in Liquid Schemes irrespective of the amount, from various modes of application, are requested to read the Applicable NAV section in the SID of the relevant Scheme(s). The Redemption requests shall be subject to the minimum Redemption amount criteria and such other requirements (as applicable), details of which are provided in the SID of the relevant Scheme(s).

- b) SIP (available only for investors who have successfully registered for Purchases under the Facilities): Users who have received the SIP Purchase registration confirmation SMS from IDFC/ Registrars can initiate SIP Purchases in any of the Schemes offered under the Facilities by sending the prescribed SMS with the relevant SIP amount and scheme code to 56767267. Users are requested to refer to the SID of the Scheme for details on the minimum initial lumpsum investment amount to commence the SIP and the minimum instalment amount. The default date for SIP instalment would be on the 10th of every month, or the subsequent Business Day if the 10th is a non-Business Day. On receipt of the SMS for starting SIP, the first SIP will be triggered on the 10th of the month immediately following the date of receipt of the SMS. Thereafter, it will automatically be triggered on every 10th of the subsequent month. The SIP would be open-ended (i.e. a perpetual SIP – till Dec 2099) which can be discontinued by the User at any time by sending a written request to the Registrar/AMC.

User(s) to note that SIP registration will be cancelled and SIP will be discontinued in case of 3 consecutive reversals for non-receipt of funds by the Scheme (including offline SIPs). The default syntax would be SIP space <amount> space <scheme code>. SIP can also be registered using phone transact facility.

- c) Applicable NAV:

I. For subscription/ purchase including switch-in of any amount:

- In respect of valid applications received upto 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the Scheme before the cut-off time on same day i.e available for utilization before the cut-off time - the closing NAV of the day shall be applicable.
- In respect of valid applications received after 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the Scheme either on same day or before the cut-off time of the next Business Day i.e available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
- Irrespective of the time of receipt of application at the official point(s) of acceptance, where funds for the entire amount of subscription/purchase (including switch-ins) as per the

application are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day - i.e available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

- In case of switch transactions from one scheme to another scheme, units allotment in switch-in scheme shall be in line with the redemption payouts.

The aforesaid provisions shall also apply to systematic transactions i.e Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Transfer of Income Distribution cum capital withdrawal plan etc. irrespective of the installment date or Income Distribution cum capital withdrawal record date.

II. For Redemptions including switch-out of units:

In respect of valid applications received upto 3.00 pm by the Mutual Fund, same day's closing NAV shall be applicable. In respect of valid applications received after 3.00 pm by the Mutual Fund, the closing NAV of the next business day shall be applicable.

User(s) may note that the transactions submitted through Phone Transact facility will be processed at the Applicable NAV basis the time of receipt of final confirmation from the User by the Registrar. Electronic time stamping of such instruction by the Registrar shall be deemed to be in accordance with the requirements under the Regulations. The time and date recorded by the server of the Registrar will be treated as the time and date for the submission of such transaction request.

Users are requested to refer the SID of the Scheme for further details on the Applicable NAV for Purchase transactions (lumpsum and SIP). Users to note that each Purchase and Redemption request is however subject to acceptance of the transaction request by the AMC/Registrar. The time and date recorded by the server of the Registrar will be treated as the time and date for the submission of the Purchase/Redemption request.

- d) At the time of requesting a Purchase transaction (lumpsum and SIP) under the Facilities, availability of clear funds should be ensured in the bank account specified in the OTM as non-availability of funds in the bank account of the User(s) may lead to unsuccessful transaction. The AMC / Registrar shall attempt to settle the transaction by requesting the registered bank for release of funds. However, in case of non-receipt of funds, the transaction shall stand cancelled and the units allotted, if any, would be reversed.
- e) All allotments of Units will be provisional, subject to realization of payment and other information as required by the AMC in a form satisfactory to the AMC, failing which the Mutual Fund / AMC reserve the right to reject the application and refund the Purchase amount or if Units have been allotted, freeze the folio or reverse the units or Redeem the Units at Applicable NAV and in such a case the Mutual Fund / AMC will not be responsible for any consequence there from.
- f) Any Transaction request on a non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the SID of the Scheme and/or SAI.
- g) If any transaction under the Facilities is delayed or not effected at all for reasons of incomplete or incorrect information/entry or due to non-receipt of SMS by the service provider or the Registrar, the User(s) will not hold the AMC, the Mutual Fund, its agents or service providers responsible.

- h) While the AMC shall aim to provide security to prevent any unauthorized access, there cannot be any guarantee from frauds, hacking and other actions, which could affect the electronic instructions to the AMC.
- i) Requests like change in bank account details/mandates (other than under this facility), change of nomination, change in mode of holding, change of address or such other requests as the AMC may decide from time to time will not be permitted by using the Facilities. User(s) should submit relevant request forms available with the ISCs / our website www.idfcmf.com for such requests.
- j) In order to avail the Facilities, the User(s) are required to provide certain data in the Registration form/OTM or otherwise. The AMC may in its absolute discretion and in the User's interest, request the User(s) for an oral, fax or written confirmation of any transaction request and/or any additional information with respect to the User(s). However, the AMC shall rely on the fax confirmations purporting to have been sent by the User(s) and may act thereon as if the same had been duly given..

The User(s) shall ensure that the details provided to the AMC are complete, true, accurate and as at the date of submission. The AMC shall be notified immediately if the User is aware or suspects another person knows or has used his/her/their data without authority, and the AMC/Mutual Fund will not be liable for any loss caused to the User on account of any mis-use of the data by such other person.

- k) The User(s) understands that the data / information provided by him / her / them pursuant to dealing with the AMC / Mutual Fund could be dealt/shared by the AMC with the Sponsor, Trustee Company, Registrar, banks and / or authorized external third parties who are involved in transaction processing, dispatches, etc. of the Scheme or who have been appointed by the Trustees/AMC to provide services to the Scheme, distributors or sub-brokers or any other persons for compliance with any legal or regulatory requirements or directives or to verify the identity of User(s) for complying with anti-money laundering requirements or for prevention of fraud purposes in accordance with the Privacy and Security Policy of the Mutual Fund which is available on its website www.idfcmf.com.
- l) The AMC / Mutual Fund may at its sole discretion modify / vary or suspend any of the Facilities in whole or in part, at any time with requisite intimation to the User(s), as may be deemed expedient or necessary.
- m) Providing the Facilities shall not be considered as solicitation to buy or an offer to sell or recommendation for a security or any other product or service, to any person in any jurisdiction where such solicitation, offer, recommendation, purchase or sale would be unlawful under the laws of that jurisdiction.
- n) The AMC accepts no liability whatsoever, direct or indirect, for non-compliance with the laws of any country other than the Republic of India. The mere fact that the Facilities may be accessed by a User(s) by sending a SMS from a country other than India, shall not be interpreted to imply that the laws of the said country supersede the Instructions and/or the use of the Facilities. The Facilities shall be expressly governed by these Instructions at all times.
- o) The AMC will not be liable to the User(s) for any damages whether direct or indirect, on account of any unauthorized access or misuse of the Facilities by the User(s).
- p) The grant of the Facilities is not transferable / assignable under any circumstances.

- q) The Facilities are provided only with a view to accommodate/facilitate the Unit holder(s) and offered at the sole discretion of the AMC.

User(s) to note that by signing the Registration form/s and OTM and/or availing any of the Facilities, the User(s) also give the following confirmations, declarations and authorizations set out below:

ADDITIONAL FACILITY FOR PURCHASE / REDEMPTION OF UNITS THROUGH STOCK EXCHANGE(S)

The Board of IDFC Asset Management Co. Ltd (AMC) & IDFC AMC Trustee Co. Ltd (Trustee) had introduced the facility for purchase / redemption of units of eligible schemes through the MFSS platform/ BSE star platform.

Pursuant to the requirement of SEBI Circular No. CIR/IMD/DF/17/2010 dated November 9, 2010, the Board of Director of IDFC Asset Management Co. Ltd (AMC) & IDFC AMC Trustee Co. Ltd (Trustee) have decided that:

- (i) units of mutual fund schemes shall be permitted to be transacted through clearing members of the registered Stock Exchanges.
- (ii) to permit Depository participants of registered Depositories to process only redemption request of units held in demat form.

I. Subscription / redemption of units

The following provisions shall be applicable with respect to investors having demat account and purchasing/redeeming mutual fund units through stock exchange brokers and Clearing members:

- (i) Investors shall receive redemption amount (if units are redeemed) and units (if units are purchased) through broker/ clearing member's pool account. IDFC Mutual Fund / IDFC Asset Management Co. Ltd. shall pay proceeds to the broker/clearing member (in case of redemption) and broker/clearing member shall make payment to the investor. The units shall

be credited by the AMC/ Mutual Fund into broker/ clearing member's pool account (in case of purchase) and broker/clearing member shall credit the units to the respective investor's demat account.

(ii) The AMC / Mutual Fund shall be discharged of its obligation of payment to the investors immediately on making payment of the redemption proceeds to the broker/clearing members. In case of purchase of units, crediting units into broker/clearing member pool account shall discharge AMC/Mutual Fund of its obligation to allot units to individual investor.

II. Participants to be Official Points of Transaction

Participant (Clearing members and Depository participants) intending to extend the transaction in eligible schemes of IDFC Mutual Fund through stock exchange mechanism shall be required to comply with the requirements specified in SEBI circular No. SEBI /IMD / CIR No.11/183204/2009 dated November 13, 2009 for stock brokers viz. AMFI /NISM certification, code of conduct prescribed by SEBI for Intermediaries of Mutual Fund. All such participants will be eligible to be considered as Official Points of acceptance as per SEBI Circular No. SEBI/IMD/CIR No.11/78450/06 dated October 11, 2006 for limited purposes of subscription and redemption transactions.

The transactions carried out on the above platform shall be subject to SEBI (Mutual Funds) Regulations, 1996 and circulars / guidelines issued hereunder from time to time.

Mutual Fund Distributors

Mutual Fund Distributors (MF Distributors) are permitted to use recognised StockExchange infrastructure to purchase/redeem units directly from Mutual Fund/AMC on behalf of their clients.

Following guideline shall be applicable for transactions executed through MF Distributors through the Stock Exchange Mechanism:

1. MF Distributor registered with Association of Mutual Funds in India (AMFI) and permitted by the concerned recognized stock exchanges shall be eligible to use recognized stock exchanges' infrastructure to purchase and redeem mutual fund units (Demat / Non Demat) on behalf of their clients, directly from IDFC Mutual Fund (IDFC MF).
2. MF distributors shall not handle pay out/pay in of funds as well as units on behalf of investor.
3. Pay in will be directly received by recognized clearing corporation and payout will be directly made to investor account. In the same manner, units shall be credited and debited directly from the demat account/Folio of investors in case of Demat/Non-demat transactions respectively.

Facility to transact in units of schemes through Indian Commodities Exchange Limited (ICEX) platform:

An additional facility for transacting in the units of the Scheme through the platform provided by Indian Commodities Exchange Limited (ICEX) is available. Currently, this facility is available only for physical / non-demat transactions.

Following guidelines shall be applicable for transactions executed through the ICEX platform:

1. All trading members of ICEX and Mutual Fund Distributors who are registered with Association of Mutual Funds in India (“AMFI”) as Mutual Fund Advisors/Distributors and empaneled with IDFCMF and permitted by ICEX to use its platform shall be eligible to offer purchase/redemption/switch of units to the investors of the scheme(s) through ICEX platform in **physical or non-demat mode only** and it shall be treated as an Official Point of Acceptance of Transactions (“OPAT”).
2. The window for transaction in units on the ICEX platform will normally be available between 9 a.m. and 3 p.m. or such other timings as may be decided from time to time by ICEX in line with the cut-off time fixed/revised by SEBI from time to time. Transactions entered beyond the above mentioned time will be considered for next business day.
3. Transactions for this purpose shall mean all financial transactions i.e. purchase (including systematic registrations like SIP / STP / SWP), additional purchase, redemption and switches.
4. Clearing Members/ICEX/Metropolitan Clearing Corporation of India Limited (MCCIL) shall be required to comply with the conditions stipulated in SEBI circular vide reference no. 11/183204/2009 dated November 13, 2009 for stock brokers viz AMFI/NISM Certification, code of conduct prescribed by SEBI for Intermediaries of Mutual Fund.
5. Investors will be required to comply with Know Your Customer (“KYC”) norms as prescribed by ICEX and IDFCMF to avail this facility.
6. Time stamping as evidenced by confirmation slip given by ICEX mechanism will be considered for the purpose of determining applicable NAV and cut off timing for the transactions. The applicability of NAV will be subject to guidelines issued by SEBI from time to time on uniform cut off time for applicability of NAV.
7. The investors are requested to note that the allotment of NAV will be based on the time stamping of transaction on the server of ICEX and the receipt of Funds into the account of the respective schemes of the AMC/IDFCMF from the Clearing Corporation, within the overall guidelines issued by SEBI on the matter, from time to time. The payment by the investor to the Clearing Corporation will not entitle the investor for the NAV until the same is transferred into the scheme's account of the AMC/IDFCMF by the MCCIL, before the stipulated cut off time, if the sum of all transactions by any specific investor in a particular scheme (at portfolio level) during any Business day equals to Rs. 2 lakhs or more for non-Liquid Schemes and for all purchase cases of Liquid Fund, irrespective of the amount. The redemption request shall be accepted by the Exchange upto the cut off time stipulated and revised by SEBI from time to time, failing which the request shall be processed with the NAV applicable for the next permissible business day.
8. MF Distributors shall not handle pay out/pay in of funds as well as units on behalf of investor. Pay in will be directly received by the MCCIL, recognized clearing corporation and payout will be made directly to the Investors account. In the same manner, units shall also be allotted or redeemed directly to/by the investors.
9. In case of a Member/Broker, payment of redemption proceeds to the Clearing Corporation/Broker/Member by the AMC/IDFCMF shall discharge the AMC/IDFCMF of its obligation of payment to respective investor through the Member/Broker. Similarly, in case of purchase of units, crediting units into the Pool Account of the Clearing Corporation/Broker/Member concerned shall discharge the AMC/ IDFCMF of its obligation to allot units, to respective investor through the Member/Broker.
10. The facility of transacting in mutual fund schemes through ICEX infrastructure is available subject to such limits, operating guidelines, terms and conditions as may be prescribed by the ICEX/SEBI/IDFCMF from time to time.
11. For any grievances with respect to transactions executed through ICEX platform, the investors/unit holders are requested to approach their Distributor or the investor grievances cell of the ICEX.

Facility to transact in the schemes of IDFC Mutual Fund through MF Utility infrastructure:

IDFC Asset Management Company Limited (“IDFC AMC”) has entered into an Agreement with MF Utilities India Private Limited (“MFUI”), a SEBI registered Category II Registrar to an Issue, for usage of MF Utility (“MFU”) - a shared services initiative of various asset management companies of mutual funds in India, which acts as a transaction aggregation portal for transacting in multiple schemes of various mutual funds in India with a single form and a single payment instrument.

Investors / prospective investors can submit the applications / requests for all financial and non-financial transactions in the schemes of IDFC Mutual Fund (“IDFC MF”) through MFU. Investors / prospective investors desirous to route their transactions through MFU can submit the physical applications / requests at any of the authorised Point of Service locations (“POS”) designated by MFUI from time to time. In addition to the same, investors can also submit the transactions electronically on the online transaction portal of MFUI (www.mfuonline.com) as and when such a facility is made available by MFUI.

IDFC AMC hereby declares all the authorised MFUI POS designated by MFUI from time to time as the Official Points of Acceptance of Transactions (“OPAT”) of IDFC MF effective February 06, 2015 (Friday) in respect of the transactions in the schemes of IDFC MF routed through MFU by the investors / distributors. Additionally, the online transaction portal of MFUI (www.mfuonline.com) will also be an OPAT of IDFC MF from the date the transaction facility is made available by MFUI on the said portal.

The “cut off time” as mentioned in the respective Scheme Information Documents shall be reckoned at the above OPATs also.

For facilitating investors to transact through MFU, MFUI will allot a Common Account Number (“CAN”), a single reference number for all investments in the Mutual Fund industry, for transacting in multiple schemes of various mutual funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and other necessary documents at any of the MFUI POS. IDFC AMC and / or its Registrar and Transfer Agent (“RTA”) shall provide necessary details to MFUI as may be needed for providing the required services to investors / distributors through MFU.

For facilitating transactions through MFU, IDFC MF / IDFC AMC will be required to furnish and disclose certain information / details about the investor(s), which may include certain personal information including financial information, with MFUI and / or its authorised service providers. Investors transacting through MFU shall be deemed to have consented and authorised IDFC MF / IDFC AMC to furnish and disclose all such information to MFUI and/or its authorised service providers as may be required by MFUI from time to time.

The transactions routed through the MFU shall be subject to the terms & conditions as may be stipulated by MFUI / IDFC AMC / IDFC MF from time to time. Further, investments in the schemes of IDFC MF routed through MFU shall continue to be governed by the terms and conditions stated in the Scheme Information Document of the respective scheme(s).

TAXATION

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.

This note is relevant for investors investing in equity oriented schemes of the Mutual Funds. For a fund which is not in the nature of an equity oriented fund¹, investors may refer to the scheme information document applicable to such funds.

¹ “Equity oriented fund” is defined under 112A of the Income-tax Act, 1961, to mean a fund set up under a scheme of a mutual fund specified under clause (23D) of section 10 and,—

- (i) in a case where the fund invests in the units of another fund which is traded on a recognised stock exchange (*this refers to fund of fund schemes*),—
 - (A) a minimum of ninety per cent of the total proceeds of such fund is invested in the units of such other fund; and
 - (B) such other fund also invests a minimum of ninety per cent of its total proceeds in the equity shares of domestic companies listed on a recognised stock exchange; and
- (ii) in any other case, a minimum of sixty-five per cent of the total proceeds of such fund is invested in the equity shares of domestic companies listed on a recognised stock exchange.

It is also provided that the percentage of equity shareholding or unit held in respect of the fund, as the case may be, shall be computed with reference to the annual average of the monthly averages of the opening and closing figures

Particulars	Investors	Mutual Fund
	Effective for financial year starting 1 April 2022	Effective for financial year starting 1 April 2022
Tax on Income Distribution cum capital withdrawal	As per applicable slab/tax rates (please refer paragraph 6) For FPI - 20% (under section 115AD)	NIL
Long Term Capital Gains	10%	
Short Term Capital Gains	15%	
Equity scheme will also attract securities transaction tax (STT) at applicable rates.		
For further details on taxation please refer to the clause on Taxation in the SAI		

Note: Surcharge and Health & education cess (please refer paragraph 7) will be payable in addition to the applicable taxes, wherever applicable. Further, the TDS rates on Income Distribution cum capital withdrawal income is mentioned in paragraph 8.

As per section 2(42A) of the Income-tax Act, 1961 ('the Act'), units of equity oriented fund (please refer Annexure 1 for definition) held by the investor as a capital asset, is considered to be a short-term capital asset, if it is held for 12 months or less from the date of its acquisition by the unit holder. Accordingly, if such assets are held for a period of more than 12 months, it is treated as a long-term capital asset.

1) Long-term capital gains

As per section 10(38) of the Act, long-term capital gains arising from sale of units of an equity oriented fund on a recognized stock exchange or sale of units of an equity oriented fund to the mutual fund were earlier exempt² from tax, provided such transaction of sale is chargeable to STT.

The Finance Act, 2018 has withdrawn the exemption under section 10(38) of the Act and introduced a new section 112A (effective 1 April 2018) to tax long-term capital gains arising from transfer of units of equity oriented mutual funds. Such gains, exceeding Rs.100,000, will be taxed at concessional rate of 10 percent (plus surcharge and cess), provided the transfer is subject to STT, as applicable.

Section 112A of the Act also provides relief in computation of gains on sale of units acquired before 1 February 2018 such that the cost of acquisition ('COA') of such units is to be considered the **higher of**

- Actual COA of the units; and
- Lower of
 - FMV³ of the unit; and

² Applicable up to 31 March 2018

³ In case of a listed unit, the FMV means the highest price of such share or unit quoted on a recognized stock exchange on 31 January 2018. However, if there is no trading on 31 January 2018, the FMV will be the highest price quoted on a date immediately preceding 31 January 2018, on which it has been traded. In the case of unlisted unit, the net asset value of such unit on 31 January 2018 will be the FMV.

- Redemption value/Sale consideration on transfer of the units

Benefit of inflation indexation and foreign currency fluctuation will not be available for computing the cost.

Long term capital gains arising from transfer of units of an equity oriented mutual fund on a stock exchange would be taken into account in computing the book profit and tax will be payable by the company as per Minimum Alternate Tax (“MAT”) provisions (section 115JB of the Act).

Further, in case of individuals/ HUFs, being residents, where the total income excluding long-term capital gains is below the maximum amount not chargeable to tax, then the difference between the current maximum amount not chargeable to tax and total income excluding long-term capital gains, shall be adjusted from long-term capital gains. Therefore, only the balance long-term capital gains (exceeding Rs. 100,000) will be liable to income tax at the rate of 10 percent plus applicable surcharge and cess.

2) Short-term Capital Gains

As per section 111A of the Act, short-term capital gains from the sale of units of an equity oriented fund on a recognised stock exchange or sale of such units to the mutual fund is taxed at 15 percent, provided such transaction of sale is chargeable to STT. The said tax rate would be increased by surcharge and cess as mentioned in paragraph 7.

In case of resident individual or HUF, if the income from short-term capital gains is less than the maximum amount not chargeable to tax, then there will be no tax payable.

Further, in case of individuals/ HUFs, being residents, where the total income excluding short-term capital gains is below the maximum amount not chargeable to tax⁴, then the difference between the current maximum amount not chargeable to tax and total income excluding short-term capital gains, shall be adjusted from short-term capital gains. Therefore, only the balance short term capital gains will be liable to income tax at the rate of 15 percent plus cess.

3) Taxability of Income Distribution cum capital withdrawal

With effect from 1 April 2020, income distribution tax has been abolished and now the Income Distribution cum capital withdrawal income will be taxed in the hands of the unitholder at applicable slab rates/ tax rates as mentioned in paragraph 6 and 20% in case of FPIs under section 115AD. Further, the applicable TDS rates are mentioned in paragraph 8 below.

Further, as per section 57, the resident unitholders can claim deduction of interest expense to the extent of 20 per cent of Income Distribution cum capital withdrawal income.

- 4) Any income, including gains from redemption of units of scheme of Mutual Fund, received by any person for, or on behalf of, the New Pension System Trust, is exempt in the hands of such person under section 10(44) of the Act.
- 5) STT will apply at the following rates in case of units of equity oriented fund purchased or sold:

⁴ Basic Exemption Limit

Nature of Transaction	Payable by	Value on which tax shall be levied	Rates (%)
Delivery based purchase transaction in units of equity oriented fund entered on a recognized stock exchange	Purchaser	Value at which the units are purchased	NIL
Delivery based sale transaction in units of equity oriented fund entered on a recognized stock exchange	Seller	Value at which units are sold	0.001
Non-delivery based sale transaction in units of equity oriented fund entered on a recognised stock exchange.	Seller	Value at which units are sold	0.025
Sale of units of an equity oriented fund to the mutual fund	Seller	Value at which units are sold	0.001

6) The tax rates applicable to different categories of tax-payers for FY 22-23:

(Rates of TDS are highlighted in paragraph 8)

A. Individuals (including NRs)/ HUFs/ Association of Persons/ Body of Individuals

These categories are taxable on progressive basis, as given below:

- Under the **ongoing** regime:

Particulars	Tax rates
Where total income for a tax year (April to March) is less than or equal to Rs 250,000* (the basic exemption limit)	Nil
Where such total income is more than Rs 250,000* but is less than or equal to Rs 500,000	5% of the amount by which the total income exceeds Rs 250,000*
Where such total income is more than Rs 500,000 but is less than or equal to Rs 1,000,000	Rs 12,500 plus 20% of the amount by which the total income exceeds Rs 500,000
Where such total income is more than Rs 1,000,000	Rs 112,500 plus 30% of the amount by which the total income exceeds Rs 1,000,000

*The basic exemption limit in case of a resident senior citizen (with age of sixty years or more but less than eighty years) is Rs 300,000, in case of resident in India, who is of the age of eighty years or more at any time during the previous year is Rs 500,000.

Further, a tax rebate under section 87A up to Rs 12,500 per annum would be available for resident individuals with total income of up to Rs 500,000 per annum.

- Under the alternate new regime⁵ for individuals and HUF w.e.f. FY 2020-21:

⁵ Section 115BAC. For adopting the new tax regime, most of the deductions/exemptions such as section 80C, 80D, etc. are to be foregone. The aforesaid regime is optional. Accordingly, individuals and HUFs have the option to be taxed under either of the options. The option under new regime once exercised can be changed in subsequent years (not applicable for business income).

Particulars	Tax rates
Where total income for a tax year (April to March) is less than or equal to Rs 250,000 (the basic exemption limit)	Nil
Where such total income is more than Rs 250,000 but is less than or equal to Rs 500,000	5% of the amount by which the total income exceeds Rs 250,000
Where such total income is more than Rs 500,000 but is less than or equal to Rs 750,000	Rs 12,500 plus 10% of the amount by which the total income exceeds Rs 500,000
Where such total income is more than Rs 750,000 but is less than or equal to Rs 1,000,000	Rs 37,500 plus 15% of the amount by which the total income exceeds Rs 750,000
Where such total income is more than Rs 1,000,000 but is less than or equal to Rs 1,250,000	Rs 75,000 plus 20% of the amount by which the total income exceeds Rs 1,000,000
Where such total income is more than Rs 1,250,000 but is less than or equal to Rs 1,500,000	Rs 125,000 plus 25% of the amount by which the total income exceeds Rs 1,250,000
Where such total income is more than Rs 1,500,000	Rs 187,500 plus 30% of the amount by which the total income exceeds Rs 1,500,000

B. Other categories of investors

Tax rates for other categories are given below:

Type of tax-payer	Tax rate
Partnership firms (including limited liability partnership)/ domestic company*	30%
Company other than a domestic company	40%

*Finance Act, 2022 ('FA 2022') provides that in case of a domestic company, where the total turnover or gross receipts of such company for financial year 2020-21 does not exceed Rs 400 crores, the rate of tax shall be 25% plus applicable surcharge and cess.

The Taxation Laws (Amendment) Act, 2019 has introduced two new sections i.e. section 115BAA and section 115BAB effective from financial year commencing 1 April 2019:

- ***Section 115BAA***

As per section 115BAA, a domestic company can opt for paying tax at a lower rate of 22%, plus applicable surcharge and cess, subject to prescribed conditions especially such that certain deductions and exemptions need to be foregone. Further, the provisions of MAT will not apply to such companies. The option has to be exercised before the due date of filing the income-tax return. Once the option is exercised, it cannot be withdrawn subsequently.

- ***Section 115BAB***

As per section 115BAB new domestic manufacturing companies, which have been set up and registered on or after 1 October 2019 and commenced manufacturing on or before 31 March 2024⁶, can opt for a lower tax rate of 15% plus applicable surcharge and cess subject to prescribed conditions especially such that certain deductions and exemptions need to be foregone.

⁶ The FA 2022 has extended last date to commence manufacturing to 31-03-2024.

Further, the provisions of MAT will not apply to such companies. The option has to be exercised before the due date of filing the income-tax return. Once the option is exercised, it cannot be withdrawn subsequently.

7) Surcharge and Cess

The tax rates mentioned in paragraphs above would be increased by a surcharge of:

a) For Individuals, HUF, Artificial Juridical Person, AOP⁷ or BOI:

Nature of Income	Up to Rs. 50 lakhs	More than Rs. 50 lakhs but upto Rs. 1 crore	More than Rs. 1 crore but less than Rs. 2 crores	More than Rs. 2 crores but up to Rs. 5 crores	More than Rs. 5 crores
1. Short-term capital gain under section 111A; 2. Long-term capital gains under section 112A; 3. Short term or Long-term capital gains under section 115AD(1)(b)	NIL	10%	15%	15%	15%
4. Income Distribution cum capital withdrawal – Income ⁸ – Residents and Non-residents	NIL	10%	15%	25%	37%
5. Any other Income	NIL	10%	15%	25%	37%

b) For Firms and LLPs

12% where total income exceeds Rs. 10,000,000.

⁷ The FA 2022 has capped surcharge at 15% in case of AOP consisting of only companies.

⁸ The FA 2021 caps the surcharge on "Income Distribution cum capital withdrawal". It appears for this purpose that Income Distribution cum capital withdrawal would mean Income Distribution cum capital withdrawal from equity shares and may not cover Income Distribution cum capital withdrawal from mutual fund schemes/income distributed by mutual funds. This is because the Income-tax Act in several places refers to Income Distribution cum capital withdrawal from equity as "Income Distribution cum capital withdrawal" and Income Distribution cum capital withdrawal from mutual fund as "income distributed by mutual fund". Based on such approach, "mutual fund Income Distribution cum capital withdrawal" is subject to super-rich surcharge.

c) **For Companies**

Company	Total income upto Rs. 1 crore	Total income exceeds Rs. 1 crore but not Rs. 10 crores	Total income exceeds Rs. 10 crores
Domestic company	NIL	7%	12%
Domestic Company opting for section 115BAA and 115BAB	10%		
Foreign company	NIL	2%	5%

A health and education cess of 4% would be charged on amount of tax inclusive of the applicable surcharge for all taxpayers.

8) **TDS on income from mutual funds**

a) *Income Distribution cum capital withdrawal income*

Category	TDS rate
Resident	10% (section 194K ⁹)
FPI (corporate)*	20% (section 196D)
FPI (non-corporate)*	20% (section 196D)
Non-residents including corporates	20% (section 196A)

*As per FA 2021, an FPI, eligible to claim treaty benefits, would be governed by the provisions of the Act to the extent that they are more beneficial. Accordingly, tax should be withheld as per the provisions of the Act or the provisions of the relevant Double Taxation Avoidance Agreement ('DTAA'), whichever is more beneficial. However, the unit holder will be required to provide appropriate documents to the Mutual Fund in order to be entitled to a beneficial rate under such DTAA. The implications of the provisions of General Anti-avoidance Rules ('GAAR')¹⁰ and Multilateral instrument ('MLI')¹¹ will also need to be evaluated.

b) *Capital gains*

⁹ Threshold of Rs. 5,000 is applicable under section 194K.

¹⁰ GAAR may be invoked by the Indian income-tax authorities if arrangement(s) are found to be impermissible avoidance arrangements. The CBDT has issued clarifications on GAAR (Circular No. 7/2017 dated 27 January 2017). The provisions of GAAR are effective from the financial year commencing April 1, 2017.

¹¹ The Organisation of Economic Co-operation and Development ('OECD') released the Multilateral Convention to implement Tax Treaty related measures to prevent Base Erosion and Profit Shifting ('MLI'). The MLI, amongst others, includes a "principal purpose test", wherein Tax Treaty benefits can be denied if one of the principal purpose of an arrangement or a transaction was to, directly or indirectly, obtain tax benefit. The MLI has also expanded the scope of permanent establishment to include agent (excluding an independent agent) playing principal role, leading to routine conclusion of contracts without material modification. For this purpose, an agent is not considered independent if it acts exclusively or almost exclusively on behalf of one or more closely related enterprises. India has been an active participant in the entire discussion and its involvement in the BEPS project has been intensive. In a ceremony held in Paris on 7 June 2017, various countries including India, signed the MLIs.

*Specified persons (excluding a non-resident who does not have a permanent establishment in India) means any person who has not filed the return for the previous year immediately preceding the previous year in which tax is required to be deducted; whose time limit to file return has expired and the aggregate of tax deducted at source and tax collected at source is fifty thousand or more in the said previous year.

If section 206AA is applicable to a specified person, in addition to the provision of section 206AB, the tax shall be deducted at higher of the two rates provided in section 206AB and in section 206AA.

9) Surcharge on TDS

- In case of TDS on payments made to residents, the tax rates would not be increased by surcharge and cess.
- In case of TDS on payments made to non-residents, the tax rates would be increased by surcharge and cess. The surcharge rates are as under:

¹² As per section 194K, TDS is not required to be withheld on income in the nature of capital gains.

¹³ As per section 196D(2) of the Act, income-tax is not required to be withheld from any income arising to FPIs by way of capital gains on transfer of shares and units referred to in section 115AD.

¹⁴ The FA 2022 has provided that TDS on long term capital gain under section 112A will be calculated on capital gains exceeding Rs.1,00,000.

Annexure 1 – Definition of Equity oriented mutual fund

“Equity oriented fund” is defined under 112A of the Income-tax Act, 1961, to mean a fund set up under a scheme of a mutual fund specified under clause (23D) of section 10 and,—

- (i) in a case where the fund invests in the units of another fund which is traded on a recognised stock exchange (*this refers to fund of fund schemes*),—
 - (A) a minimum of ninety per cent of the total proceeds of such fund is invested in the units of such other fund; and
 - (B) such other fund also invests a minimum of ninety per cent of its total proceeds in the equity shares of domestic companies listed on a recognised stock exchange; and

¹⁵ The FA 2021 caps the surcharge on "Income Distribution cum capital withdrawal". It appears for this purpose that Income Distribution cum capital withdrawal would mean Income Distribution cum capital withdrawal from equity shares and may not cover Income Distribution cum capital withdrawal from mutual fund schemes/income distributed by mutual funds. This is because the Income-tax Act in several places refers to Income Distribution cum capital withdrawal from equity as “Income Distribution cum capital withdrawal” and Income Distribution cum capital withdrawal from mutual fund as “income distributed by mutual fund”. Based on such approach, “mutual fund Income Distribution cum capital withdrawal” is subject to super-rich surcharge.

- (ii) in any other case, a minimum of sixty-five per cent of the total proceeds of such fund is invested in the equity shares of domestic companies listed on a recognised stock exchange.

It is also provided that the percentage of equity shareholding or unit held in respect of the fund, as the case may be, shall be computed with reference to the annual average of the monthly averages of the opening and closing figures

Stamp duty implications

The Finance Act, 2019 has amended the Indian Stamp Act, 1899 to introduce the levy and collection of stamp duty on the issue and transfer of financial instruments at one place through stock exchanges, clearing corporation and depositories.

State Governments will discontinue to charge/collect stamp duty on securities once amendments are effective. Stock exchange/clearing corporation/depository will transfer the stamp duty to respective state governments.

Based on the present language, there will be incidence of stamp duty on:

- a) The unit holder, for transactions in the units of the fund; and
- b) The fund, for transactions by the fund.

Rate of stamp duty applicable from July 1, 2020 is:

A. For securities other than debentures:-

Transaction/ Instruments	Rates in %
Issuance of units of mutual fund and unlisted shares	0.005
Transfer of securities on delivery basis (<i>including transfer of mutual fund units</i>)	0.015
Transfer of securities on non-delivery basis	0.003
Derivatives: Futures (Equity and commodity)	0.002
Derivatives: Options (Equity and commodity)	0.003
Derivatives: Currency and Interest rates derivatives	0.0001
Other derivatives	0.002
Government securities	0
Repo on corporate bonds	0.00001

B. For debentures:-

Transaction/ Instruments	Rates in %
Issuance of debentures	0.005
Transfer and reissue debentures	0.0001

The collection of stamp duty is subject to the *Indian Stamp (Collection of Stamp-duty through Stock Exchanges, Clearing Corporations and Depositories) Rules, 2019*.

Key points:

- The rules prescribe the collection and payment mechanism of stamp duty by stock exchanges, clearing corporations and depositories (collectively known as ‘collecting agent’).
- Collecting agent may deduct 0.2 percent of the stamp duty collected as facilitation charges before transferring the same to concerned State Government.
- As per notification issued by Ministry of Finance dated 8 January 2020, a Registrar and Share Transfer Agent will be treated as a “depository” for the limited purpose of acting as

a “Collecting Agent” only in case of instruments of transactions otherwise than through a stock exchange, i.e., issue of mutual fund units.

The mechanics of stamp duty collection are as under:

Nature of transaction	Duty to be collected from	Responsibility to collect stamp duty
Sale of securities made through stock exchange	Buyer	Stock exchange or clearing corporation
Off market transfer of securities made through depository (from one demat account to another)	Transferor	Depository
Issue of securities resulting in creation/change in records of Depository	Issuer	Depository
Sale or transfer or issue/reissue of unlisted securities not made through depositories	Seller or transferor or issuer as case may be	
In case of any other instrument	Person making, drawing or executing such instrument	
Transfer of securities pursuant to invocation of pledge	Pledgee	Depository

Redemption of mutual fund units is not liable to stamp duty as it is neither a transfer nor an issue nor a sale. Stamp duty collected is to be transferred within 3 weeks of collection to the State Government where the residence of the buyer is located in India and in case the buyer is located outside India then the State in which the trading member/broker of the buyer is located.

D. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset

Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme.

The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto two decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

IV. FEES AND EXPENSES

(This section outlines the expenses that will be charged to the Scheme)

As per the provisions of the Regulations, read with the amendments thereto, the following fee and expenses will be charged to the plans under the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

The New Fund Offer expenses of the scheme will be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

(These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below):

As per SEBI (MF) Regulations, 1996, recurring expenses will not exceed the following limits

1. on the first Rs. 500 crore of the Scheme's daily net assets, will not exceed 2.25%;
2. on the next Rs. 250 crore of the Scheme's daily net assets, will not exceed 2.00%;
3. on the next Rs. 1,250 crore of the Scheme's daily net assets, will not exceed 1.75%;
4. on the next Rs. 3,000 crore of the Scheme's daily net assets, will not exceed 1.60%;
5. on the next Rs. 5,000 crore of the Scheme's daily net assets, will not exceed 1.50%;
6. on the next Rs. 40,000 crore of the Scheme's daily net assets, Total Expense Ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof; and
7. on balance of the assets, will not exceed 1.05%.

In addition to the recurring expense mentioned above, additional expenses of 0.05% of daily net assets of the scheme shall be chargeable.

The total fees and expenses for operating the scheme as listed hereunder would be 2.30% (2.25% plus 0.05%) of the daily net assets which includes expenses towards management fees, commission, marketing expense and other expense relating to operating the scheme.

Additional expenses for gross new inflows from specified cities	Upto 0.30%

^ In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.

@ Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12 per cent of the value of trades of cash market transactions and 0.05 per cent of the value of trades of derivative market transactions. Thus, in terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, it is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent of the value of trades of cash market transactions and 0.05 per cent of the value of trades of derivative market transactions. Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions and 0.05 per cent of the value of trades of derivative market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

The expense of 30 bps shall be charged if the new inflows from retail investors from B30 cities as specified from time to time are at least -

(i) 30 per cent of gross new inflows from retail investors in the scheme, or; (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher: Provided that if inflows from retail investors from B30 cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from retail investors from B30 cities. Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from retail investors from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from individuals beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in other than Direct Plan.

The AMC shall adhere provisions of SEBI Circular dated October 22, 2018 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses. Accordingly:

- a. All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route.
Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.
- b. The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfront of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.
- c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.
- d. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

Disclosure on Goods & Services Tax:

Goods & Services Tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to Goods & Services Tax on other than management and advisory fees:

- Goods & Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services Tax, if any, shall be credited to the scheme.
- Goods & Services Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund at www.idfcmf.com (Home > Total Expense Ratio of Mutual Fund Schemes). Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. The total recurring expenses of the Scheme, will however be limited to the ceilings as prescribed

under Regulation 52(6) of the Regulations.

C. LOAD STRUCTURE

16

Load is an amount which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.idfcmf.com) or may call at (toll free no.1-800-26666 88/ 1-800-2666688) or your distributor.

Entry load: Nil

Exit Load: If redeemed/switched out within 1 year from the date of allotment - 1% of applicable NAV;

If redeemed/switched out after 1 year from the date of allotment – Nil

It is clarified that the redemptions/switches of Units will be considered on First-in-First-Out (FIFO) basis.

All switches will be treated as redemption in the source scheme and subscription in the destination scheme, with the entry and exit load as may be applicable.

In accordance with the requirements specified by the SEBI circular no. SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009 no entry load will be charged for purchase/additional purchase/switches accepted by the Mutual Fund. Similarly, no entry load will be charged with respect to applications for registrations under the Systematic Investment Plan (SIP)/Systematic Transfer Plan (STP) accepted by the Mutual Fund.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

Exit load (if any) charged to the unit holders by the Mutual Fund on redemption (including switch-out) of units shall be credited to the respective scheme net of Goods & Services Tax. Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds.

No exit load will be charged for switch transaction from this Scheme to any another equity Scheme of IDFC Mutual Fund, except IDFC Nifty Fund. Further, switches of following kind within the Scheme will also not attract any exit load - (i) switch from Direct Plan to Regular Plan; (ii) switch from Regular Plan to Direct Plan where the investment in Regular Plan is without a Distributor (ARN) code; (iii) within different Options (Income Distribution cum capital withdrawal /growth) of the same Plan (Direct/Regular) of the Scheme.

Load on bonus/ re-investment of Income Distribution cum capital withdrawal units: In terms of SEBI circular SEBI/IMD/CIR No.14/120784/08 dated March 18, 2008, no entry and exit load shall be charged on bonus units or units allotted on reinvestment of Income Distribution cum capital withdrawal.

The Trustee / AMC reserves the right to introduce a Load and change the Load structure any time in future if they so deem fit on a prospective basis. The investor is requested to check the prevailing load structure of the scheme before investing.

In case of changes/modifications of load, the AMC will endeavour to do the following:

1. An addendum will be attached to the Scheme Information Documents and Key Information Memorandum. The same may be circulated to brokers/distributors so that the same can be attached to all SIDs and abridged SID in stock. Further the addendum will be sent along with a newsletter to unitholders immediately after the changes.
2. Arrangement will be made to display the changes/modifications in the SID in the form of a notice in all the official point of acceptance of transactions and distributor's/broker's office.
3. The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load .
4. A public notice shall be given in respect of such changes in one English Daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head office of the Mutual Fund is situated.

Transaction charges

In accordance with SEBI circular no. CIR/ IMD/ DF/ 13/ 2011 dated August 22, 2011, Transaction Charge per subscription of Rs.10,000/ – and above shall be charged from the investors and shall be payable to the distributors/ brokers (who have opted in for charging the transaction charge for this scheme) in respect of applications routed through distributor/ broker relating to Purchases / subscription / new inflows only (lump sum and SIP), subject to the following:

- For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs. 10,000/ – and above**
- Transaction charge for SIP shall be applicable only if the total commitment through SIP amounts to Rs.10,000/ – and above. In such cases the transaction charge would be recovered in maximum 4 successful installments.**
- There shall be no transaction charge on subscription below Rs.10,000/-.**
- There shall be no transaction charges on direct investments.**

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the Unit Holder and paid to the distributor and the balance shall be invested in the Scheme. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

The requirement of minimum application amount shall not be applicable if the investment amount falls below the minimum amount required due to deduction of transaction charges from the subscription amount.

The AMCs shall be responsible for any malpractice/mis-selling by the distributor while charging transaction costs.

Please note that the IDFC Branch offices at • **Allahabad** • **Durgapur** and • **Madurai** will not be an Official Point of Acceptance of transactions. Accordingly, no transaction applications / investor service requests shall be accepted at these branch offices and the same will continue to be accepted at Investor Service Centre (ISC) of Computer Age Management Services Pvt. Ltd. (CAMS), the Registrar of IDFC Mutual Fund.

Point of Service locations (“POS”) of MF Utilities India Private Limited (“MFUI”)

All the authorised MFUI POS designated by MFUI from time to time shall be the Official Points of Acceptance of Transactions. In addition to the same, investors can also submit the transactions electronically on the online transaction portal of MFUI (www.mfuonline.com). To know more about MFUI and the list of authorised MFUI POS, please visit the MFUI website (www.mfuindia.com).

Website / Electronic modes - IDFC AMC shall accept transactions through its website (www.idfcmf.com), mobile website (m.idfcmf.com) etc. Transactions shall also be accepted through other electronic means including through secured internet sites operated by CAMS with specified channel partners (i.e. distributors) with whom AMC has entered into specific arrangements. The servers of IDFC AMC and CAMS, where such transactions shall be sent shall be the official point of acceptance for all such online / electronic transaction facilities offered by the AMC.

NSE MFSS / BSE STAR / ICEX - Eligible Brokers/Clearing Members/Depository Participants / Distributors will be considered as the Official Point of Acceptance for the transactions through NSE MFSS, BSE STAR and ICEX platforms.

MFCentral as Official Point of Acceptance:

For enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA's), Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral may be accessed using <https://mfcentral.com/>

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.
