Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances the asset allocation will be:

Instruments	Indicative Allocations (% of total assets)	
	Minimum	Maximum
Silver & Silver related instruments*	95	100
Debt & Money Market Instruments	0	5

*includes physical silver and other silver related instruments, which may be permitted by Regulator from time to time. Exchange Traded Commodity Derivatives (ETCDs) having silver as the underlying shall be considered as 'silver related instrument' for Silver ETF. The exposure to ETCDs having silver as the underlying shall not exceed 10% of net asset value of the scheme. However, the above limit of 10% shall not be applicable to Silver ETFs where the intention is to take delivery of the physical silver and not to roll over its position to next contract cycle.

The cumulative gross exposure through Silver (including Silver related instruments & ETCDs), debt and money market instruments shall not exceed 100% of the net assets of the Scheme in accordance with the circulars issued by SEBI from time to time.

The Scheme shall not invest in securitized debt, foreign securitized debt, debt derivatives, overseas securities, Credit Default Swaps, repo on corporate debt, debt instruments having structured obligation / credit enhancements / instruments with special features as specified under SEBI circular dated March 10, 2021, unrated debt instruments. The Scheme will not engage in Short selling of securities or securities lending. The Scheme will not invest in REITs/InvITs.

Pending deployment of the funds in securities in terms of investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of the Scheduled Commercial Banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007 June 23, 2008, August 16, 2019 and September 20, 2019, as may be amended from time to time.

The Scheme may invest upto 5% of the net assets of the Scheme in units of debt and liquid mutual fund schemes of Axis AMC or in the Scheme of other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sr. No.	Type of Instrument	Percentage of exposure	Circular references
1	Derivatives for non-hedging purposes	Exchange Traded Commodity Derivatives (ETCDs) having silver as the underlying shall be considered as 'silver related instrument' for Silver ETF. The exposure to ETCDs having silver as the underlying shall not exceed 10% of net asset value of the scheme. However, the above limit of 10% shall not be applicable to Silver ETFs where the intention is to take delivery of the physical silver and not to roll over its position to next contract cycle. 7	Repo and Reverse repo in corporate debt securities
8	Securities Lending and borrowing & Short Selling
9	Debt derivatives

The Scheme will not engage in Short selling of securities.

Portfolio rebalancing:

Portfolio allocation may deviate from the asset allocation for a short term period due to defensive considerations as per para 1.14.1.2 SEBI master circular for Mutual Fund and as amended from time to time or on account of inflows and outflows from the scheme due to the nature of accounting. Defensive considerations may be determined by the fund manager and/or AMC from time to time. In case of deviations on account of exogenous factors, the fund manager will endeavor to rebalance the scheme within 7 calendar days from the date of such deviation.

B. WHERE WILL THE SCHEME INVEST?

The Scheme will invest in following instruments:

- Silver & Silver related instruments
- Debt Instruments & Money Market Instruments
- Units of debt and liquid Mutual Fund Schemes
- Short Term Deposits
- Exchange Traded Commodity Derivatives (ETCDs)

The Scheme shall invest in any other instruments as may be permitted by SEBI/RBI from time to time.

Kindly refer detailed definitions and applicable regulations/guidelines for each instruments in the Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The scheme follows a passive investment strategy.

The Scheme endeavors to generate returns that are in line with the performance of Silver, subject to Tracking Errors (as explained below). The Scheme is not actively managed and no attempt will be made to buy or sell Silver to protect against or to take advantage of fluctuations in the price of Silver. Silver will include physical silver and other silver related instruments, which may be permitted by Regulator from time to time. The Scheme may also participate in ETCDs, with Silver as underlying to the extent permitted by the Regulations. The permitted limit shall not be applicable to Silver ETFs where the use of ETCD's, having silver

as underlying, will be with the intention to take delivery of the physical silver and not to roll over its position to next contract cycle.

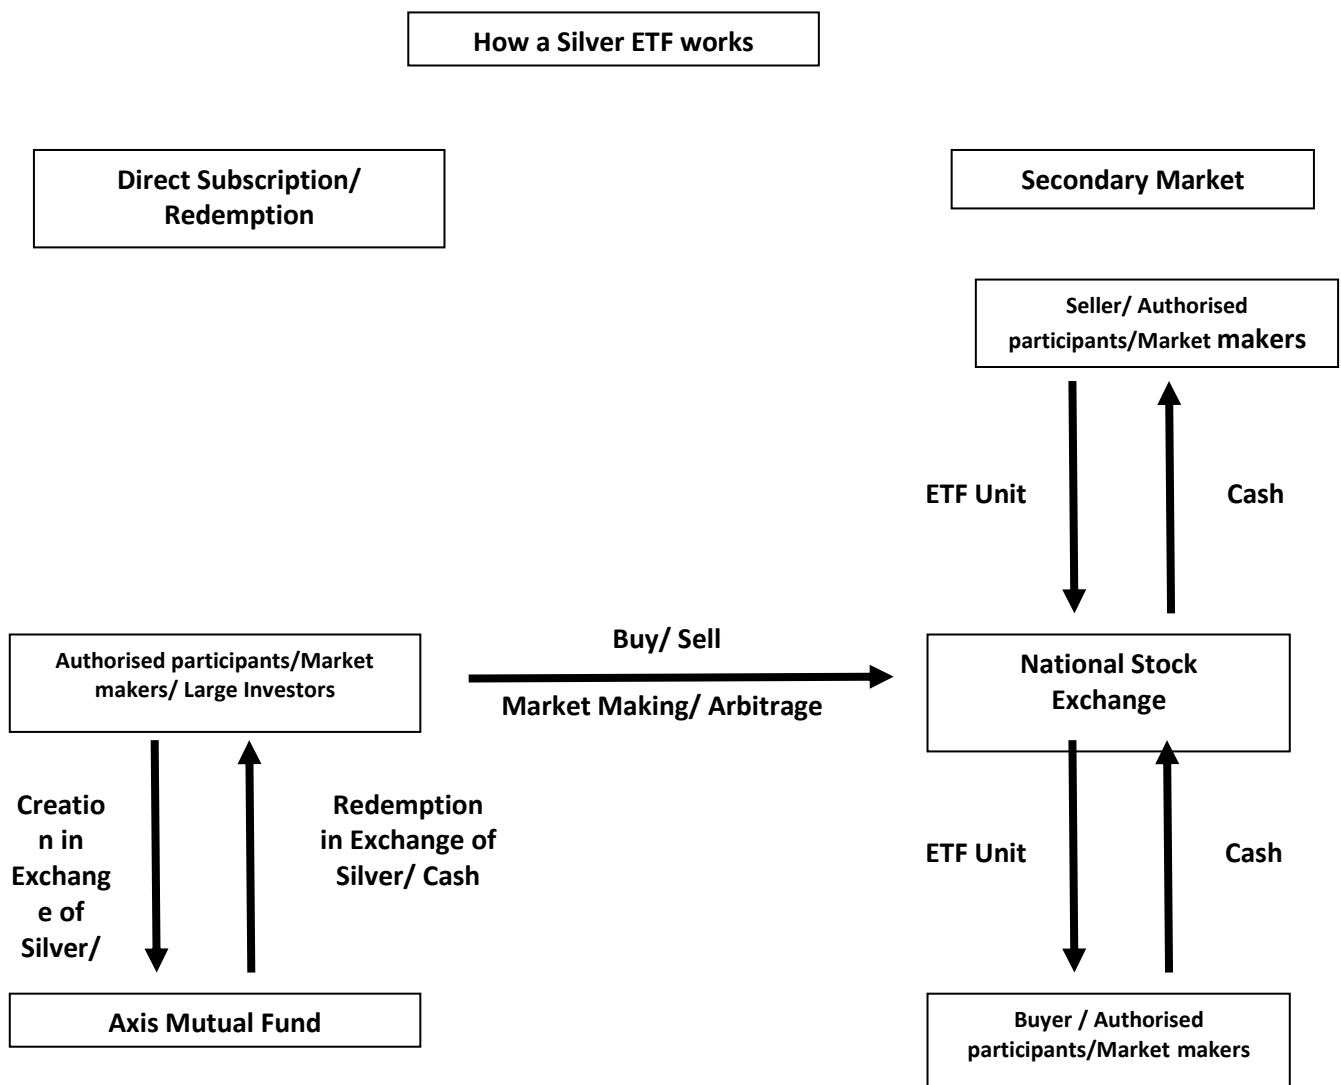

The AMC does not make any judgments about the investment merit of Silver or particular security nor will it attempt to apply any economic, financial or market analysis. The Scheme shall invest all of its funds in physical Silver and Silver related instruments, except to meet its liquidity requirements.

PORTFOLIO TURNOVER

The Scheme being an open ended scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis by Authorized Participants and Large Investors that may require purchase or sale of Silver. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

For details pertaining to Risk Controls and Risk Mitigation refer Point no. C Part I of Section II of the Scheme Information Document.

HOW DOES AXIS SILVER ETF WORK?

Note:

The role of the AMC is of a facilitator to the Authorised participants/Market makers/Market makers & Large Investors to purchase / sell Silver on their behalf for the purpose of creating/redeeming the ETF units in Creation Unit Size.

The ETF is listed on the NSE and/or any other stock exchange and investors can buy or sell units of the ETF from the secondary market. The minimum number of units that can be bought or sold on the stock exchange is 1 (one) unit.

Alternatively, the Authorised participants/Market makers/Market makers and Large Investors can directly buy / sell the ETF units from the Fund in 'Creation Unit' size.

THROUGH THE MUTUAL FUND

I. Creation of the ETF units in Creation Unit Size:

(A) Authorised participants/Market makers:

1. Authorised participants/Market makers may submit an application for purchase of the ETF units in Creation Unit Size to the AMC on any Business Day, within the applicable cut-off timing for NAV applicability.
2. By submitting the application the Authorised participants/Market makers agree to transfer (deposit) the Portfolio Deposit (i.e. Silver) and the Cash Component, if any in the Scheme's account. The day on which the application is submitted is referred to as the 'T' day.
3. Authorised participants/Market makers are required to transfer (deposit) the Portfolio Deposit (i.e. Silver) to the Custodian before the applicable cut off time, or may be decided by AMC from Time to Time, while the balance Cash Component, if any has to be paid to the AMC only by means of payment instruction of Real Time Gross Settlement (RTGS) /National Electronic Funds Transfer (NEFT) or Funds Transfer Letter/ Transfer Cheque of a bank where the Scheme has a collection account. The total amount of Silver and equivalent Cash Component, if any required for creation of units in Creation Unit Size will be based on the prorata amount of the NAV of the Scheme represented by the Creation Units (i.e. 30,000 units) being created determined on the day the request to create is placed by the Authorised participants/Market makers.
4. As per the agreement with Custodian for Silver, Custodian will accept Silver only if the Silver is in compliance with the Good Delivery norms as specified by LBMA which are as under:
(a) Original Assay Certificate; (b) Bar list from the refiner; (c) relevant shipping documents (airway bill and customs invoice) establishing that the Silver has been shipped directly from a Good London Refiner using an accredited international shipping company on a door to door basis through one of the accredited agencies; and (d) such other documents that the Custodian may require from time to time so as to adequately indicate the purity of the Silver deposited with it.

The Custodian will ensure that all Silver deposited with it is accompanied by the above documents and that the Silver bars indicate that the fineness is 999 or above.

5. On having credited the Scheme's account with the Silver deposits in the form, the custodian will confirm to the AMC of vaulting of Silver and in turn AMC instructs the registrar the total number of units to be created at applicable NAV upon realization of the Cash Component.
6. The Registrar & Transfer Agent will then allocate the units in proportion of the amount received from the Authorised participants/Market makers and will credit the units to the demat account of the Authorised participants/Market makers.

(B) Large Investors:

1. Large Investors may submit an application for purchase of the ETF units in Creation Unit Size to the AMC on any Business Day, within the applicable cut-off timing for NAV applicability.
2. Large Investors can apply to the AMC for creation of units in Creation Unit Size at NAV based prices by payment of requisite cash as determined by AMC only by means of payment instruction of Real Time Gross Settlement (RTGS) / National Electronic Funds Transfer (NEFT) or Funds Transfer Letter / Transfer Cheque of a bank where the Scheme has a collection account. The AMC will not accept Portfolio Deposit (i.e. Silver) from the Large Investors.
3. On receipt of confirmation from the Custodian of crediting the Scheme's account with the Silver deposits purchased by the AMC on behalf of the Large Investor, AMC will instruct the Registrar & Transfer Agent the total number of units to be created and upon realization of the requisite cash, the creation of units will be at intra-day NAV, based on the executed price at which Gold of prescribed purity representing the underlying index are purchased.

'Where the Large Investor brings in cash for subscription of units and the amount is less than the value of Units to be allotted in creation unit size, the application will be rejected. In case of excess amount

provided by the investor, the excess amount will be refunded'.

The role of the AMC is of a facilitator to the Authorised participants/Market makers / Large Investors to purchase / sell Silver on their behalf for the purpose of creating/redeeming the ETF units in Creation Unit Size Mutual Fund only in Creation Unit Size

The Portfolio Deposit and/or Cash Component for the ETF may change from time to time due to change in NAV.

The Scheme shall meet its expenses out of the cash held and in case, the cash is insufficient to meet expenses, the Scheme may be required to sell the Silver held by the Scheme to meet the Scheme expenses.

The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments.

The subscription request can be made to the Mutual Fund in a duly filled application form. Application forms for subscription of the ETF can be obtained from the office of AMC, Distributors and Registrar and Transfer Agents. The requisite Silver constituting the Portfolio Deposit have to be submitted to the Custodian/AMC while the Cash Component has to be paid to the AMC. If the instrument for Cash Component is not honored for any reason whatsoever, the application is liable to be rejected. The AMC may insist on the certificate issued by the refiner or manufacturer certifying the purity of the Silver. On confirmation of the same by the Custodian/AMC that the predefined quantity and purity of Silver has been received, the AMC will transfer the respective number of Units of the Scheme into the investor's Beneficiary Account with the Depository.

The AMC may create Creation Unit prior to receipt of all or a portion of the relevant Portfolio Deposit and Cash Component in certain circumstances where the purchaser, among other things, posts collateral to secure its obligation to deliver such outstanding Portfolio Deposit and Cash Component.

II. Redeeming of the ETF units in Creation Unit Size:

(A) Redemption in Silver

The procedure by which Authorized Participants / Large Investors can redeem the ETF units in Creation Unit Size is as follows:

1. Authorised participants/Market makers / Large Investors may make a redemption request to the AMC for redemption of the ETF units in Creation Unit Size on any Business Day in a duly filled redemption form, within the applicable cut-off timing for NAV applicability.
2. By placing the redemption request, the Authorised participants/Market makers/large investors agree to transfer the requisite number of the ETF units in Creation Unit Size to the Scheme's DP accounts on T+0 business days.
3. The request for redemption by Authorised participants/Market makers / Large Investors needs to be enclosed with the delivery order used in the depository system duly acknowledged by the DP with whom the Authorized Participants / Large Investors has a depository account stating the number of the ETF units transferred to the Scheme's DP account.
4. After successful verification of the redemption request, the AMC will instruct the Custodian to transfer the Portfolio Deposit of Silver to the custody account of Authorized Participant/Large Investors and remit/collect the Cash Component after adjusting transaction handling charges, other applicable charges and the difference between the applicable NAV and closing price of Silver. In case of delivery of Silver and not transfer to custody account please refer point 6 below.
5. The expenses associated with taking the delivery of Silver will have to be borne by Authorised participants/Market makers/Large Investors.
6. The delivery of Silver to Authorised participants/Market makers / Large Investors will be made at the location of the Custodian within the jurisdiction of Mumbai.
7. The redemption price for redemption of units in Creation Unit Size will be based on the applicable NAV on the redemption request date subject to cut-off timing limits.

(B) Redemption For Cash

The Fund provides for cash redemption of the ETF units in Creation Unit Size by Large Investors/Authorised

participants/Market makers. On receipt of such redemption requests the Fund will arrange to sell Silver on behalf of the Large Investors/Authorised participants/Market makers. Accordingly the sale proceeds of Silver after adjusting necessary charges/costs and exit load, if any will be remitted to the Large Investors/Authorised participants/Market makers.

The creation/redemption request for cash can be made to the Fund in a duly filled application/transaction form.

Application/Transaction form for Creation / Redemption for the ETF units in 'Creation Unit Size' can be obtained from the office of the AMC and the Registrar & Transfer Agent.

Example of computation of Cash Component for Creation / Redemption of Units in Creation Unit Size:
As explained above, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by Fund. The Portfolio Deposit will be Silver and will be for 30 kg and in multiples of 30 kg. The value of Portfolio Deposit will change due to changes in the prices during the day.

The Cash Component will be arrived in the following manner:

Number of units comprising one Creation Unit	A	30,000
NAV per unit	B	67
Value of 1 Creation Unit	C	20,10,000
Closing price per gram of Silver	D	66
Weight of silver sourced for the transaction (KG)	E	30
Value of Portfolio Deposit (physical silver of 30 kg) (Rs.) (D*(E*1000)	F	19,80,000
Cash Component (Applicable for the transaction) (Rs.) (C-F)	G	30,000
Other charges (including Depository and other applicable transaction charges and taxes)	H	1,180

The above is just an example to illustrate the calculation of Cash Component.

The requisite number of Units of the ETF equaling the Creation Unit has to be transferred to the Fund's DP account and the Cash Component to be paid to the AMC.

The AMC may redeem Units prior to receipt of all or portion of the relevant number of units of the ETF in certain circumstances where the Unit holder, among other things, posts collateral to secure its obligation to deliver such outstanding Units of the Scheme.

Redemption process will be completed within 3 working days of the date of redemption subject to confirmation with the depository records of the Scheme's DP account (where redemption is being made in cash)

BUYING / SELLING THROUGH THE STOCK EXCHANGE

Buying / selling units on the stock exchange is just like buying / selling any other normal listed securities. If an investor has bought units, an investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, an investor has to deliver the units to the broker/sub- broker before the securities pay-in day of the settlement cycle on the exchange.

The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or deliver the units to the investor in accordance with time prescribed by the stock exchange regulations.

If an investor has bought units, he should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation.

An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out'

instructions to transfer the units from his/her account to the trading member account through whom he/she have sold the units. The details of the pool A/c of his/her trading member to which the units are to be transferred, unit quantity etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given will before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc.

The above procedure relating to purchase and sale of units by different types of investors/Authorised participants/Market makers in Axis Silver ETF is tabulated for easy reference.

Type of investor and transaction details	Subscription / Purchase	Redemption / Sale
(A) Authorised participants/Market makers and Large Investors		
<p>Authorised participants/Market makers</p> <p>Large Investors</p>	<p>On any Business Day within the applicable cut-off timing, applications along with Silver (i.e. Creation Unit Size of minimum 30 kg) * multiples thereof and Cash Component, if any.</p> <p>The Silver should be of fineness of 999 parts per 1,000 (99.9%).</p> <p>On any Business Day within the applicable cut-off timing, applications along with the requisite Cash Component as determined by AMC. paid only by means of payment instruction of Real Time Gross Settlement (RTGS) / National Electronic Funds Transfer (NEFT) or Funds Transfer Letter / Transfer Cheque of a bank where the Scheme has a collection account.</p> <p>In addition, Authorised participants/Market makers and Large Investors can subscribe (buy) / redeem (sell) units on a continuous basis on the stock exchange/s on which the ETF units are listed.</p>	<p>On any Business Day within the applicable cut-off timing limits, redemption requests in Creation Unit Size, whereupon the Fund will transfer/provide the Portfolio Deposit of Silver Authorised participants/Market makers / Large Investors and/or the Cash Component as requested by the Authorised participants/Market makers Large Investors. Redemption can be made in cash as well.</p>
<p>Role of Authorised Participants</p>	<p>Give two way quotes in the secondary market. Stands as a seller for a buy order and a buyer against a sell order.</p> <p>The role of Authorized Participants is to assure liquidity of Axis Silver ETF Units on the Stock Exchanges where the Units are listed. Authorized Participants will offer buy and sell quotes (bid and ask quotes) on the Exchange such that buy and sell orders get executed in the market subject to price compatibility. The Authorized Participants may for the purpose of creating liquidity subscribe or redeem the Units of Axis Silver ETF directly with the Mutual Fund. e.g. if the Authorized Participant's net delivery obligation is more than the stock of Axis Silver ETF available with it, Authorized Participants may place subscription request with the Mutual Fund. Similarly, if the Authorized Participant has a net buy position and the same is to be settled in cash, it may redeem Units with the Mutual Fund for</p>	

	generating cash.	
Role of Custodian	<p>The Custodian is responsible for keeping the safe custody of Silver belonging to the Fund and to segregate the Silver from the other assets of the custodian and from the other assets of other clients of the custodian. The Custodian is responsible for ensuring smooth inflow/ outflow of Silver as and when necessary, in the best interest of the investors and also responsibility for loss of/or damage to the Silver in case of employee infidelity, error and omission due to negligence of Deutsche Bank AG or its appointed agents.</p> <p>The Custodian's liability is limited to the market value of the Silver held in the Scheme's allocated account at the time such negligence, fraud or willful default is discovered by the Custodian, provided that the Custodian promptly notifies the AMC of its discovery.</p> <p>In the event of a loss caused by the failure of the Custodian to exercise reasonable care, the AMC has the right to seek recovery with respect to the loss against the custodian in breach.</p>	
Role of Large Investor	Only an investor- no other role in the Scheme operations.

Part III. OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation day. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

The Net Assets Value (NAV) of the Units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's Investments} + \text{Current Assets including Accrued Income} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under Scheme on the Valuation Day}}$$

The NAV shall be calculated up to four decimal places. However the AMC reserves the right to declare the NAV up to additional decimal places as it deems appropriate.

NAV will be calculated and disclosed on all the Business Days.

The Fund will invest in Silver. Since Silver and other permitted instruments linked to Silver are denominated in Silver tonnage, it will be valued based on the market price of Silver in the domestic market and will be marked to market on a daily basis. The market price of Silver in the domestic market on any business day would be arrived at as under:

Domestic price of Silver = (London Bullion Market Association AM fixing in US\$/ounce X conversion factor for converting ounce into kg for 0.999 fineness X rate for US\$ into INR) + custom duty for import of Silver + sales tax/octroi and other levies applicable.

The Trustees reserve the right to change the source (centre) for determining the exchange rate. The AMC shall record in writing the reason for change in the source for determining the exchange rate.

Value of Silver:

1. The Silver held by the Scheme shall be valued at the AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for Silver having a fineness of 999.0 parts per thousand, subject to the following:

- a. adjustment for conversion to metric measures as per standard conversion rates;
- b. adjustment for conversion of US dollars into Indian rupees as per the RBI reference rate declared by the Foreign Exchange Dealers Association of India (FEDAI); and
- c. addition of –
 - (i) transportation and other charges that may be normally incurred in bringing such Silver from London to the place where it is actually stored on behalf of the Fund; and
 - (ii) notional customs duty and other applicable taxes and levies that may be normally incurred to bring the Silver from London to the place where it is actually stored on behalf of the Fund.

Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of Silver to the place where it is stored on behalf of the Fund.

Provided further that where the Silver held by the Scheme has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this sub-paragraph.

Illustration of Computation of NAV:

The computation of NAV per unit using various components is explained as follows:

Particulars	Amount in Rs
Market or Fair Value of Scheme's Investments..... (A)	10,00,00,000.00
Add: Current Assets including Accrued Income.... (B)	75,34,345.00
Less: Current Liabilities and Provisions. (C)	(30,00,000.00)
Net Assets (A+B-C)	10,45,34,345.00

No. of Units outstanding under Scheme on the Valuation Day: 100,00,000

The NAV per unit will be computed as follows: $10,45,34,345.34 / 100,00,000 = \text{Rs. } 10.4534$ per unit (rounded off to four decimals)

The Mutual Fund will ensure that the Redemption Price will not be lower than 95% of the Applicable NAV.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

In accordance with the provisions of SEBI circular no. SEBI/IMD/CIR No. 1/64057/06 dated April 04, 2006 and

SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, the Scheme, being an open-ended scheme, the NFO expenses has been borne by the AMC/Sponsor.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that following expenses will be charged to the Scheme as expenses as permitted under Regulation 52 of SEBI (MF) Regulations. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund.

Expense Head	% of daily Net Assets
Investment Management and Advisory fees	Upto 1.00%
Trustee fees	
Audit fees	
Custodian fees	
RTA fees	
Marketing & Selling expense incl. agent commission, if any;	
Incentives, if any, to Market Makers	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and IDCW redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 1 bps)	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades resp.	
Goods & Services Tax (GST) on expenses other than investment and advisory fees	
GST on brokerage and transaction cost(over & above 12bps and 5bps limit mentioned above)	
Storage and handling of silver	
Maximum total expense ratio (TER) permissible under Regulation 52(6) (b)	

These estimates have been made in good faith as per the information available to the Investment Manager and are subject to change inter-se or in total subject to prevailing Regulations.

The expenses towards Investment Management and Advisory Fees under Regulation 52(2) and the various sub-heads of recurring expenses mentioned under Regulation 52(4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52(2) and (4) respectively.

The total expenses of the scheme including the investment and advisory fees shall not exceed one percent (1.00%) of the daily net assets.

The total expenses of the Scheme including the investment management and advisory fee shall not exceed the limit stated in Regulation 52(6) of the SEBI (MF) Regulations and amendments thereto.

Expenses charged to the Scheme:

- A. In addition to the limits as specified in Regulation 52(6) of SEBI (MF) Regulations or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the Scheme namely-

Additional expenses under regulation 52:

- a) Brokerage and transaction cost incurred for the purpose of execution shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps for cash market transactions. Any payment towards

brokerage & transaction costs, over and above the said 12 bps for cash market transactions will be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the Regulations.

GST payable on investment and advisory service fees ('AMC fees') charged by Axis Asset Management Company Limited ('Axis AMC');

B. Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:

- a) GST on other than investment and advisory fees, if any, (including on brokerage and transaction costs on execution of trades) shall be borne by the Scheme
- b) Investor education and awareness initiative fees of at least 1 basis points on daily net assets of Scheme.
- c) Incentives, if any, to Market Makers shall be charged to the Scheme within maximum permissible limit of TER.

C. AMC fees charged by Axis AMC to the Scheme will be within the Total Expense Limit as prescribed by SEBI Regulations, as amended from time to time.

Expenses over and above the prescribed limit shall be charged / borne in accordance with the Regulations prevailing from time to time.

The mutual fund would update notice of change in base TER on its website (www.axismf.com) atleast three working days prior to the effective date of the change. Investors can refer 'Total Expense Ratio of Mutual Fund Schemes' section on <https://www.axismf.com/total-expense-ratio> for Total Expense Ratio (TER) details.

Illustration of impact of expense ratio on scheme's returns

For any scheme, NAV is computed on a daily basis factoring in all the assets as well as liabilities of the scheme (including expenses charged). Expenses charged to the scheme bring down its NAV and hence the investor's net returns on a corresponding basis.

Illustration:

Particulars	Amount (in Rs.)	No of units	NAV per unit (in Rs.)
Invested on March 31, 2022 (A)	10,000	1,000	10.00
Value of above investment as on March 31, 2023 (gross of all expenses) (B)	11,500	1,000	11.50
Total Expenses charged during the year @2% p.a. (assumed) (C)	200		0.20
Value of above investment as on March 31, 2023 (net of all expenses) (D) = (B-C)	11,30	1,000	11.30
Returns (%) (gross of all applicable expenses) (E) = ((B/A)-1)	15.0%		
Returns (%) (net of all applicable expenses) (F) = ((D/A)-1)	13.0%		

Please Note:

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

D. LOAD STRUCTURE

Load is an amount which is paid by the investor to redeem the Units from the Scheme. This amount is used by the AMC to pay commission to the distributors and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, investors may refer to the website of the AMC (www.axismf.com) or may call at contact number

8108622211 (Chargeable) from 9.00 am to 6.00 pm (Monday to Saturday) or can contact his distributor.

Para 10.4 of SEBI Master Circular For Mutual Funds as amended from time to time has decided that there shall be no Entry Load for all Mutual Fund schemes.

Type of Load	Load chargeable (as %age of NAV)
Entry Load	Not Applicable
Exit Load	For details refer Point no. XI of Part – I of Section I of the Scheme Information Document.

The above mentioned load structure shall be equally applicable to the special products such as switches, etc. offered by the AMC.

Exit load charged to the investors will be credited back to the Scheme net of GST.

The Investor is requested to check the prevailing Load structure of the Scheme before investing.

For any change in Load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Under the Scheme, the AMC/Trustee reserves the right to change / modify the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. The AMC/Trustee reserves the right to introduce /modify the Load depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the Regulations.

Para 10.4 of SEBI Master Circular for Mutual Funds dated May 19, 2023 has decided that there shall be no entry Load for all Mutual Fund Schemes.

The Redemption Price however, will not be lower than 95% of the NAV. Any imposition or enhancement of Load in future shall be applicable on prospective investments only.

At the time of changing the Load Structure:

1. An Addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum. The addendum may be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Document and Key Information Memorandum already in stock.
2. The addendum will be displayed on the website of the AMC and arrangements will be made to display the addendum in the form of a notice in all the Investor Service Centres and distributors / brokers' office.
3. The introduction of the Exit Load/ CDSC along with the details may be stamped in the acknowledgement slip issued to the Investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such Load/CDSC.
4. A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
5. Any other measure which the Mutual Fund may consider necessary.

Any change in load structure shall be only on a prospective basis i.e. any such changes would be chargeable only for Redemptions from prospective purchases (applying first in first out basis).

E. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

As per Para 6.11 of SEBI Master Circular for Mutual funds with respect to minimum number of investors and no single investor shall account for more than 25% of the corpus of the Scheme are not applicable to exchange traded funds and hence do not apply to Axis Silver ETF.

Section II

I. Introduction

A. Definitions/interpretation

For details refer website of Axis Mutual Fund: <https://www.axismf.com/statutory-disclosures>

B. Risk factors

Scheme Specific Risk Factors

Passive Investments

The Scheme will be a passively managed scheme by providing exposure to silver and tracking its performance, before expenses. The Scheme performance may be affected by a general value of the price of silver in the domestic market. The Scheme will endeavor to remain fully invested in silver assets regardless of its investment merit.

Risks associated with investment in Silver Exchange Traded Funds

Market Risk

The NAV of Silver ETFs is closely related to the value of Silver held by the Scheme. The value (price) of Silver may fluctuate for several reasons and all such fluctuations will result in changes in the NAV of Silver ETFs. The factors that may effect the price of Silver, among other things, include demand and supply for Silver in India and in the global market, Indian and foreign exchange rates, interest rates, inflation trends, trading in Silver as commodity, legal restrictions on the movement/trade of Silver that may be imposed by RBI, Government of India or countries that supply or purchase Silver to/from India, trends and restrictions on import/export of Silver jewelry in and out of India, etc.

A significant portion of the aggregate world Silver holdings is owned by governments, central banks and related institutions. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world Silver prices, the NAV of the Silver ETF will be adversely affected.

Counter party Risk

Axis Silver ETF may have to buy or sell silver from the open market, which may lead to counter party risks for trading and settlement.

Liquidity Risk

The Silver ETF has to sell Silver only to bullion bankers/traders who are authorized to buy Silver. Though there are adequate number of players (commercial or bullion bankers) to whom the Silver ETF can sell Silver, it may have to resort to distress sale of Silver if there is no or low demand for Silver to meet its cash needs of redemption or expenses.

Risk Factors Associated with Investments in Exchange Traded Commodity Derivatives:

An exchange traded commodity derivative is a derivative instrument that mimics the price movements of an underlying commodity, allowing an investor exposure to the commodity without physical purchase.

- **Liquidity Risk:** While ETCDs that are listed on an exchange carry lower liquidity risk, the ability to sell these contracts is limited by the overall trading volume on the exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes of the ETCD contracts in which it invests. Additionally, change in margin requirements or intervention by government agencies to reduce overall volatility in the underlying commodity could lead to adverse impact on the liquidity of the ETCD.
- **Price risk:** ETCDs are leveraged instruments hence, a small price movement in the underlying security could have a large impact on their value. Also, the market for ETCDs is nascent in India hence, arbitrage can occur between the price of the physical commodity and the ETCD, due to a variety of reasons such as technical issues and volatile movement in the price of the physical good. This can result in mispricing and improper valuation of investment decisions as it can be difficult to ascertain the amount of the arbitrage.

- Settlement risk: ETCs can be settled either through the exchange or physically. The inability to sell ETCs held in the Schemes' portfolio in the exchanges due to the extraneous factors may impact liquidity and would result in losses, at times, in case of adverse price movement. Wherein the underlying commodity is physically delivered in order to settle the derivative contract, such settlement could get impacted due to various issues, such as logistics, Government policy for trading in such commodities.

Risks associated with handling, storing and safekeeping of Silver

There is a risk that part or all of the Scheme's Silver could be lost, damaged or stolen. Access to it could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the Scheme.

Indirect taxation

For the valuation of Silver by the Scheme, indirect taxes like customs duty, VAT etc. would also be considered. Hence any change in the rates of indirect taxation would affect the valuation of the Silver ETF.

Listing related risks

Liquidity Risk

Trading in units of the scheme on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange authorities or SEBI, trading in units of the scheme is not advisable. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to Stock Exchange(s) and SEBI "circuit filter" rules as applicable from time to time. There can be no assurance that the requirements of the exchange/s necessary to maintain the listing of units of the scheme will continue to be met or will remain unchanged.

The Mutual Fund scheme has to sell silver only to bullion bankers/ traders who are authorized to buy silver. Though, there are adequate number of players (commercial or bullion bankers) to whom the Fund can sell silver. However, the Fund may have to resort to distress sale of silver if there is no or low demand for silver to meet its cash needs of redemption or expenses.

Lack of an active trading market

Although the units are listed and traded on the exchange, there can be no guarantee that an active trading market for the units will be maintained. If you need to sell your Shares at a time when no active market for them exists, the price you receive, assuming that you are able to sell them, likely will be lower than the price you would receive if an active market did exist.

Withdrawal from Participation by Authorized Participants May Affect the Liquidity of Units

If one or more Authorized Participants withdraws from participation, it may become more difficult to create or redeem Creation Units, which may reduce the liquidity of the Units. Such circumstances may be more pronounced in market conditions of increased volatility. If it becomes more difficult to create or redeem Creation Units, the correlation between the price of the Units and the NAV may be affected, which may affect the trading market for the Units.

Regulatory Risk

Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Authorized Participant/ Large Investor to arbitrage resulting into wider premium/ discount to NAV. Any changes in any other regulation relating to import and export of silver or silver jewelry (including customs duty, sales tax and any such other statutory levies) may affect the ability of the scheme to buy/sell silver against the purchase and redemption requests received.

Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.

Trading in Units of the Scheme on the Exchange may be halted because of market conditions or for reasons that in view of Exchange Authorities or SEBI, trading in Units of the Scheme is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of Units of the Scheme will continue to be met or will remain

unchanged. Any changes in trading regulations by the Stock Exchange(s) or SEBI may inter-alia result in wider premium/ discount to NAV. The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme. However, the Units of the Scheme can be subscribed / redeemed in Creation Unit size directly with the Fund, which provides efficient arbitrage between the traded prices and the NAV, thereby reducing the incidence of the units of the Scheme being traded at premium/discounts to NAV. However, any changes in the trading regulations by NSE/Stock Exchange/SEBI may affect the ability of the market makers/Authorized Participants to arbitrage resulting into wider premium or discount to NAV. The Units will be issued in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund will depend upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.

The market price of the Units of the Scheme, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the Unit (or NAV), and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units in the Exchange may lead to market price of the Units to quote at premium or discount to NAV.

Redemption Risk

Investors may note that even though this is an open-ended scheme, the Scheme would repurchase/redeem Units in Creation Unit size only. Thus unit holdings less than the Creation Unit size can only be sold through the secondary market on the Stock Exchange where these units are listed, subject to the rules and regulations of the Exchange.

Risks Related to the Custody of Silver

- The Custodian is responsible for the safekeeping of the silver bullion and also facilitates the transfer of silver bullion into and out of the vault. Although the Custodian is clearer and approved weigher under the rules of the LBMA (which sets out good practices for participants in the bullion market), the LBMA is not an official or governmental regulatory body. Accordingly, the ETF is dependent on the Custodian to comply with the best practices of the LBMA and to implement satisfactory internal controls for its silver bullion custody operations in order to keep the silver bullion secure.
- The Custodian is responsible for loss or damage to the silver only under limited circumstances. The Custodian Agreement contemplates that the Custodian will be responsible to the AMC only if it acts with negligence, fraud or in willful default of its obligations under the Custodian Agreement. In addition, the Custodian has agreed to indemnify the Trust for any loss or liability directly resulting from a breach of the Custodian's representations and warranties in the Custodian Agreement, a failure of the Custodian to act in accordance with the instructions or any physical loss, destruction or damage to the silver held for the Trust's account, except for losses due to nuclear fission or fusion, radioactivity, war, terrorist event, invasion, insurrection, civil commotion, riot, strike, act of government or public authority, act of God or a similar cause that is beyond the control of the Custodian for which the Custodian will not be responsible to the AMC. The Custodian's liability to the AMC, if any, will be limited to the value of any silver lost, or the amount of any balance held on an unallocated basis, at the time of the Custodian's negligence, fraud or willful default, or at the time of the act or omission giving rise to the claim for indemnification.
- Neither the Shareholders nor any Authorized Participant have a right under the Custodian Agreement to assert a claim against the Custodian. Claims under the Custodian Agreement may only be asserted by the AMC.
- The procedures agreed to with the Custodian contemplate that the Custodian must undertake certain tasks in connection with the inspection of silver delivered by Authorized Participants in exchange for Baskets. The Custodian's inspection includes review of the corresponding bar list to ensure that it accurately describes the weight, fineness, refiner marks and bar number appearing on the silver bars, but does not include any chemical or other tests designed to verify that the silver received does, in fact, meet the purity requirements. Accordingly, such inspection procedures may not prevent the deposit of silver that fails to meet these purity standards. The Custodian will not be responsible or liable to the Trust or to any investor in the event any silver otherwise properly inspected by it does not meet the purity requirements

- The AMC does not insure its silver (Underlying silver of the scheme). The Custodian maintains insurance on such terms and conditions as it considers appropriate in connection with its custodial obligations under the Custodian Agreement and is responsible for all costs, fees and expenses arising from the insurance policy or policies. The AMC is not a beneficiary of any such insurance and does not have the ability to dictate the existence, nature or amount of coverage. Therefore, Shareholders cannot be assured that the Custodian maintains adequate insurance or any insurance with respect to the silver held by the Custodian on behalf of the Trust

Risks associated with investments in Fixed Income Securities

The following are the risks associated with investment in fixed income securities:

Interest-Rate Risk: Fixed income securities such as government bonds, Instruments corporate bonds, and money market instruments. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices depends upon the coupon and maturity of the security. It also depends upon the yield level at which the security is being traded.

Re-investment Risk: Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.

Liquidity Risk: The liquidity of money market instruments may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the instrument. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio.

Liquidity Risk on account of unlisted securities: The liquidity and valuation of the Schemes' investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

Credit Risk: This is the risk associated with the issuer of a Money Market Instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and is the safest.

Settlement Risk: Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV

Risks associated with Segregated Portfolio

1. Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
2. Security comprises of segregated portfolio may not realise any value.

Listing of units of segregated portfolio on recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

B. Risk mitigation strategies

Risk Control & Risk Mitigation:

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising Silver (includes physical Silver and other Silver related instruments which may be permitted by Regulator from time to time) and instruments related to Silver (including derivatives as and when permitted by SEBI), Debt Securities and Money Market Instruments. Investments in Silver (includes physical Silver and other Silver related instruments which may be permitted by Regulator from time to time) would be primarily assessed with regard to its fineness. The AMC will endeavor to address the key risks associated with investments in Silver Bullion as under:

Risk control measures with respect to investment in Silver Bullion

Tracking error risk: The performance of the Scheme may not commensurate with the performance of the benchmark index on any given day or over any given period. Such variation, referred to as tracking error may impact the performance of the Scheme.

Mitigation: The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.

Custody Risk - There is a risk that part or all of the physical Silver belonging to the underlying Scheme could be lost, damaged or stolen.

Mitigation - In order to ensure safety, the said Silver will be stored with custodian in its vaults. The custodian will insure/cover all such risks.

Liquidity Risk - Inability to buy / sell appropriate quantity of Silver

Mitigation - The underlying scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements. The Trustee (subject to applicable regulations) in general interest of the Unit holders of the underlying scheme offered under its Scheme Information Document and keeping in view of the unforeseen circumstances / unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day.

Passive Investments

Axis Silver ETF is a passively managed fund that shall be investing substantial portion of its assets in physical Silver and tracking its performance to the price of Silver. Therefore, irrespective of decline / rise in prices of physical Silver, HSETF shall remain invested in Silver and being a passively managed fund, no active calls based on outlook of Silver prices will be taken by the Fund.

Quality and Purity Risk

Mitigation - Physical Silver purchased by the Scheme will be of fineness (or purity) of 999 parts per 1,000 (99.9%) or higher. Custodian will accept physical Silver only if the Silver is in compliance with the Good Delivery norms as specified by LBMA.'

Risk control measures with respect to Debt & Money Market Instruments

Market Risk / Interest Rate Risk: Changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. The price movement up and down in fixed income securities will lead to possible movements in the NAV.

Mitigation - In a rising interest rates scenario the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.

Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).

Mitigation- The scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.

Credit risk or default risk: It refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Mitigation– Apart from the basic examination, management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the Scheme will ensure that these instruments are sufficiently backed by assets.

II. Information about the scheme:

A. Where will the scheme invest –

The ETF would invest in physical silver of standard 30 kg bars with fineness of 999 parts per thousand (or 99.9% purity) confirming to London Bullion Market Association (LBMA) Good Delivery Standards. The Scheme may also invest in Silver related instruments including Exchange Traded Commodity Derivatives (ETCDs) having silver as the underlying. The Scheme may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity and expense requirements.

Debt Instruments & Money Market Instruments

Certificate of Deposit

Certificate of Deposit (CD) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is one year to 3 years from the date of issue.

Commercial Paper

Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. CP is traded in secondary market and can be freely bought and sold before maturity.

Treasury Bill

Treasury Bills (T-Bills) are issued by the Government of India to meet their short term borrowing requirements. T-Bills are issued for maturities of 14 days, 91 days, 182 days and 364 days.

The Scheme may also invest in Cash Management Bill (CMB) are issued by the Government of India to meet their short term borrowing requirements. CMB are generally issued for maturities of less than 91 days.

Commercial Usance Bills

Bill (bills of exchange/promissory notes of public sector and private sector corporate entities) Rediscounting, usance bills and commercial bills.

Repos

Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. Presently in India, Government Securities, State Government Securities and T-Bills are eligible for Repo/ Reverse Repo.

Tri-party repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.

The Scheme may undertake repo or reverse repo transactions in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed by the Board of Directors of the Asset Management Company and Trustee Company.

Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). State Government securities (popularly known as State Development Loans or SDLs) are issued by the respective State Government in co-ordination with the RBI. Government Securities having an unexpired maturity up to one year are included in money market instruments.

Non Convertible Debentures and Bonds

Non convertible debentures as well as bonds are securities issued by companies / institutions promoted / owned by the Central or State Governments and statutory bodies which may or may not carry a Central/State Government guarantee, Public and private sector banks, all India Financial Institutions and Private Sector Companies. These instruments may have fixed or floating rate coupon. These instruments may be secured or unsecured against the assets of the Company and generally issued to meet the short term and long term fund requirements.

The Scheme may also invest in the non-convertible part of convertible debt securities.

Short Term Deposits

Pending deployment of funds as per the investment objective of the Scheme, the funds may be parked in short term deposits of the Scheduled Commercial Banks in terms of in terms of para 12.16 of SEBI Master Circular for Mutual Fund dated May 19, 2023 as may be amended from time to time.

Units of Mutual Fund schemes

The Scheme may also invest in units of debt and liquid mutual fund schemes (offered by Axis Mutual Fund or any other mutual fund).

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, privately placed, secured, unsecured, rated or unrated and of any maturity (within the investment objective of the scheme).

The securities may be acquired through initial public offering (IPOs), secondary market, private placement, rights offers or negotiated deals, etc. Further investments in fixed income securities will be in instruments which have been assigned investment grade rating by the Credit Rating Agency.

For applicable regulatory investment limits please refer paragraph "Investment Restrictions".

B. What are the investment restrictions?

The following are the restrictions as are laid out in Schedule Seven to the SEBI (Mutual Funds) Regulations, 1996.

1. The corpus of the Scheme will be invested in Silver in accordance with its investment objective, except to the extent necessary to meet the liquidity requirements for honoring repurchases or redemptions, as disclosed in the Scheme Information Document.
2. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Trustee and the Board of Directors of AMC.

Provided that such limit shall not be applicable for investment in Government Securities treasury bills and triparty repo on Government securities or treasury bills.

Note: According to the Asset Allocation of the Scheme, the indicative allocation of the Scheme to

Debt and Money market instruments shall be in the range of 0% to 5% of the net assets of the Scheme, subject to conditions specified.

3. The Scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities, money market instruments and derivative products such as Interest Rate Swaps, Interest Rate Futures, etc. which are used by mutual fund for hedging.

Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board:

Further the investments by the Scheme shall be in compliance with para 12.1 of SEBI Master circular for Mutual Fund dated May 19, 2023 as amended by SEBI from time to time.

Note: According to the Asset Allocation of the Scheme, the indicative allocation of the Scheme to Debt and Money market instruments shall be in the range of 0% to 5% of the net assets of the Scheme, subject to conditions specified.

4. A mutual fund scheme shall not invest more than:
 - a. 10% of its NAV in debt and money market securities rated AAA; or
 - b. 8% of its NAV in debt and money market securities rated AA; or
 - c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Note: According to the Asset Allocation of the Scheme, the indicative allocation of the Scheme to Debt and Money market instruments shall be in the range of 0% to 35% of the net assets of the Scheme, subject to conditions specified.

5. The Scheme may invest in other schemes of the Mutual Fund or any other mutual fund (restricted to only debt and liquid funds) without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund.
6. The Scheme shall not make any investment in :
 - a. any unlisted security of an associate or group company of the sponsor; or
 - b. any security issued by way of private placement by an associate or group company of the sponsor;
or
 - c. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
7. The exposure to ETCDs having silver as the underlying shall not exceed 10% of net asset value of the scheme. However, the above limit of 10% shall not be applicable to Silver ETFs where the intention is to take delivery of the physical silver and not to roll over its position to next contract cycle.
8. The Mutual Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
9. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - a. such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and

b. the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further, inter scheme transfers shall be in accordance with the guidelines issued by para 12.30 of SEBI Master Circular on Mutual Funds dated May 19, 2023 as amended from time to time.

10. The Mutual Fund shall buy and sell silver on the basis of deliveries and shall in all cases of purchases, take delivery of silver and in all cases of sale, deliver the silver:

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

11. The Scheme shall not make any investment in any fund of funds scheme.

12. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time.

The Scheme will comply with the following guidelines/restrictions for parking of funds in short term deposits:

- i. "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
- ii. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- iii. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- iv. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- v. The Scheme shall not park funds in short term deposit (STD) of a bank which has invested in that Scheme. Further Trustees/ AMCs shall also ensure that the bank in which the Scheme has STD do not invest in the said scheme until the Scheme has STD with such bank.
- vi. The AMC will not charge any investment management and advisory fees for funds parked in short term deposits of scheduled commercial bank

However, the above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.

13. The Scheme shall not advance any loans.

14. The Scheme shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of Repurchase/Redemption of Unit or payment of interest and/or IDCW to the Unit holder.

Provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

All the investment restrictions will be applicable at the time of making investments.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

Further, as per proviso to Regulation 44(1) of the SEBI (Mutual Funds) Regulations, 1996, nothing in the Seventh Schedule (as provided above) shall apply to a Silver exchange traded fund scheme.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds:

(i) Type of a scheme

An open ended scheme replicating/tracking domestic price of Silver.

(ii) Investment Objective

Main Objective: To generate returns that are in line with the performance of physical silver in domestic prices, subject to tracking error.

There is no assurance that the investment objective of the scheme will be achieved.

Investment Pattern: Please refer to Section – I Part – II A ‘How will the Scheme Allocate its Assets?’.

(iii) Terms of Issue

- Liquidity provisions such as listing, Repurchase, Redemption. ‘(Please refer to relevant provisions on listing, repurchase, redemption in Section II - Part II - Point G ‘Other Details’).
- Aggregate fees and expenses charged to the Scheme (please refer to Section I – Part III C “Annual Scheme Recurring Expenses”).
- Any safety or guarantee net provided. – Not applicable for the Scheme

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- the unitholders are given an option to exit at the prevailing Net Asset Value without any exit load for a period of atleast 30 days.

In addition to the conditions specified above, for effecting any change in the fundamental attributes of the scheme, trustees shall take comments of the SEBI and any change suggested by SEBI would be incorporated before carrying such proposed change(s).

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)- the benchmark is the Domestic Price of Silver. The objective of the scheme is to generate returns that are in line with the performance of Silver by investing in a single commodity (Silver), index is not available thus disclosures pertaining to the index—such as its eligibility criteria, methodology, service provider, constituents, and their impact cost are not applicable.

E. Principles of incentive structure for market makers (for ETFs) –

Incentive for Market Makers

In accordance with the SEBI circular dated May 23, 2022, Incentives, if any, to Market Makers shall be charged to the Scheme within maximum permissible limit of TER.

a) Guiding Principles for incentive structure for Market Makers

Incentives to market maker will be linked to performance of the market maker in terms of generating liquidity in units of ETFs. Incentives, if any, to MM shall be charged to the scheme within the maximum permissible limit of Total Expense Ratio ("TER").

b) Determination of incentive for Market maker

It will be determined basis any or all of the below mentioned criteria:

- i. It will be based on volume carried out by market maker on the exchange as compared to total volume of respective ETFs on exchange.
- ii. Availability of bid & Ask as per the SEBI guidelines
- iii. Average Spread between Bid & Ask
- iv. Any other performance-based metric.

Incentives to market maker shall be at the discretion of the AMC & to be decided between the AMC and the MM which may be variable in nature or fixed amount basis agreed performance standards and will adhere to maximum permissible limit of TER.

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per para 13.6.2 of SEBI master circular for mutual funds (only for close ended debt schemes) –
Not Applicable

<p>Tracking Error and Tracking Difference</p>	<p>Tracking Error</p> <p>Tracking error is a measure of the difference in returns from the Scheme and the returns from the index. It is computed as the standard deviation of the difference between the daily returns of the underlying benchmark and the NAV of the Scheme on an annualized basis.</p> <p>NAV of the Scheme is dependent on valuation of Silver. Silver has to be valued based on the formula prescribed by SEBI. NAV so computed may vary from the price of Silver in the domestic market.</p> <p>Tracking error could be the result of a variety of factors including but not limited to:</p> <ul style="list-style-type: none"> • Delay in the purchase or sale of Silver due to Illiquidity of Silver, Delay in realisation of sale proceeds, Creating a lot size to buy the required amount of Silver • The Scheme may buy or sell the Silver at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices. <ul style="list-style-type: none"> ○ The potential for trades to fail, which may result in the Scheme not having acquired Silver at a price necessary to track the benchmark price. ○ The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. • Disinvestments to meet redemptions, recurring expenses, etc. • Execution of large buy / sell orders • Realisation of Unit holders' funds <p>The Scheme will endeavor to minimise the tracking error by:</p> <ul style="list-style-type: none"> • Rebalancing of the portfolio. • Setting off of incremental subscriptions against redemptions. <p>The tracking error i.e. the annualised standard deviation of the difference in daily returns between physical silver and the NAV of Silver ETF based on past one year rolling over data (For ETFs in existence for a period of less than one year, annualized standard deviation shall be calculated based on available data) shall not exceed 2% or as may be prescribed by regulations from time to time.</p> <p>In case of unavoidable circumstances in the nature of force majeure which are beyond the control of the AMCs, the tracking error may exceed 2%, and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.</p> <p>Tracking difference - the ETF Scheme shall also disclose the tracking difference i.e. the annualized difference of daily returns between the physical silver and the NAV of the ETF shall also be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.</p>
<p>Role of Authorized Participant</p>	<p>The role of Authorized Participants is to offer liquidity of the units of the Scheme on the Stock Exchange where the Units are listed. AMC will empanel at least two Authorised participants/Market makers. Authorised participants/Market makers may offer to buy and sell quotes (bid and ask quotes) on the Exchanges such that buy and sell orders get executed in the market subject to price compatibility. Authorised participants/Market makers may for the purpose of creating liquidity subscribe or redeem the units of the Scheme directly with the Mutual Fund.</p>

	The AMC reserves right to appoint / remove any Authorised participants/Market makers.
Rounding Off	While allotting the Units, based on the Allotment Price, the number of Units may be rounded off to the nearest whole number on the lower side if the trustees feel so, with a view to avoid creation of fractional units. The amount due to rounding off may be refunded to the investor.
