10.	Repos/ Reverse repo in corporate debt securities	The Scheme shall not invest in Repos/ Reverse repo in corporate debt securities	N.A.

Portfolio Rebalancing:

As per para 2.9 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in the event of any deviation from mandated asset allocation mentioned above, due to passive breaches, rebalancing period will be Thirty (30) business days. In case the portfolio is not rebalanced within Thirty (30) business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desired, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall not launch any new scheme till the time the portfolio is rebalanced and also not levy exit load, if any on the investors exiting the Scheme. However, at all times the portfolio will adhere to the overall investment objective of the Scheme.

Short Term Defensive Consideration:

As per Para 1.14.1.2 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the asset allocation pattern indicated above may change for a short-term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. In case of any deviation, the portfolio shall be rebalanced within 30 calendar days.

B. Where Will the Scheme Invest?

Subject to the Regulations, the amount collected under the scheme can be invested in any (but not exclusively) of the following securities/ instruments, as per the indicative asset allocation given under the heading “How will the Scheme allocate its assets”:

- (i) Units of underlying debt oriented mutual fund schemes & Equity Arbitrage Mutual fund scheme of Kotak Mahindra Mutual Fund as per the limits specified in the asset allocation of respective schemes.
- (ii) Reverse repos in such Government Securities as may be permitted by RBI.
- (iii) Triparty repo on Government securities or treasury bills.
- (iv) Short Term Deposits of banks (both public and private sector) and development financial institutions to the extent permissible under SEBI Regulations.
- (v) Money Market instruments like commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.
- (vi) The scheme retains the flexibility to invest in any new debt oriented mutual fund scheme offering of Kotak Mahindra Mutual Fund, that may be launched in the future.

Note: The scheme will invest in direct plans of underlying schemes

C. What are the Investment Strategies?

Subject to the Regulations and other prevailing laws as applicable, the investment strategy is aimed at optimizing risk adjusted return through investments in various debt oriented mutual fund schemes & Equity Arbitrage Mutual fund scheme of Kotak Mahindra Mutual Fund.

Since the underlying schemes of KMMF are predominantly open ended, it could facilitate active management of the portfolio.

The allocation would be decided based on various factors such as Interest rate view, Yield and credit Spreads, RBI monetary policy, Systematic liquidity, Yield curve, inflation dynamics, government policies, fiscal deficit, arbitrage opportunities in the cash & derivatives segment of the equity market etc.

The Fund Manager would aim to create a portfolio based on overall interest rate and economic outlook and arbitrage opportunities in the cash & derivatives segment of the equity market etc.

Portfolio Turnover: Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme's portfolio during a given time period. The scheme being an open-ended scheme, it is expected that there would be frequent subscriptions and redemptions. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. Trading opportunities may arise due to changes in system liquidity, interest rate policy announced by RBI, shifts in the yield curve, change or anticipation of change in the credit worthiness or credit rating of securities or any other factors, which may lead to increase in the turnover. If trading is done frequently there may be an increase in transaction cost such as brokerage paid etc. The fund manager will endeavour to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. The Scheme has no specific target relating to portfolio turnover.

D. How Will the Scheme Benchmark Its Performance?

NIFTY Composite Debt Index (60%) + Nifty 50 Arbitrage Index (40%) (TRI)

Justification for adoption of benchmark:

NIFTY Composite Debt Index measure the performance of various fixed income portfolios covering Government securities, Corporate bonds of different credit rating categories, Commercial papers, Certificate of deposits, T-Bills and Overnight rate.

The Nifty 50 Arbitrage Index aims to measure the performance of such arbitrage strategies. The index measures performance of portfolio involving investment in equity and equivalent short position equity futures, short-term debt market investments and cash.

The composition of the aforesaid benchmark is such that, it is most suited for comparing the performance of the scheme.

The AMC/Trustees reserve right to change benchmark in future for measuring performance of the scheme and as per the guidelines and directives issued by SEBI from time to time.

E. Who Manages the Scheme?

Mr. Abhishek Bisen, will be the dedicated fund manager for the Scheme.

Name	Age	Qualification	Business Experience	Schemes Managed
Mr. Abhishek Bisen	45 Years	B A Management, MBA Finance EPAF- IIM-C	Mr. Abhishek Bisen has been associated with the company since October 2006 and his key responsibilities include fund management of debt schemes. Details of Investments of AMC in the Scheme will be available in the given link. – Not Applicable

Part III- OTHER DETAILS

A. Computation of NAV

The AMC shall compute NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

The AMC shall value its investments according to the valuation norms (Valuation Policy includes computation of NAV in case of investment in foreign securities), as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

NAV of Units under the Scheme will be calculated as shown below:

NAV =	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses
	No. of Units outstanding under the Scheme/Option.				

NAV for the Schemes and the repurchase prices of the Units will be calculated and announced at the close of each Business Day. The NAV shall be computed upto four decimals. The NAV of Direct Plan will be different than the NAV of Regular Plan.

Computation of NAV will be done after taking into account IDCWs paid, if any, and the distribution tax thereon, if applicable. Therefore, once IDCWs are distributed under the IDCW Option, the NAV of the Units under the IDCW Option would always remain lower than the NAV of the Units issued under the Growth Option. The income earned and the profits realized in respect of the Units issued under the Growth Option remain invested and are reflected in the NAV of the Units.

Illustration for Computation of NAV:

NAV=	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses	
	No. of Units outstanding under the Scheme/Option.					
10.109=	10,01,00,000.00	+	10,00,000.00	-	10,000.00	10,10,90,000.00
			1,00,00,000.00			1,00,00,000.00

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open ended scheme shall not be lower than 95% of the Net Asset Value.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. New Fund Offer (NFO) Expenses

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The New Fund Offer expenses of the scheme were borne by the AMC.

C. Annual Scheme Recurring Expenses

Total Expense Ratio is the total of ongoing fees and operating expenses charged to the scheme, expressed as a percentage of the scheme's daily net assets.

These fees and expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, brokerage/commission, marketing and selling costs etc.

As per the Regulation 52(6)(a)(iii), the total expense ratio of the scheme including weighted average of the total expense ratio levied by the underlying scheme(s) shall not exceed 2.00 per cent of the daily net assets of the scheme.

Provided that the total expense ratio to be charged over and above the weighted average of the total expense ratio of the underlying scheme shall not exceed two times the weighted average of the total expense ratio levied by the underlying scheme subject to the overall ceilings as stated under Regulation 52(6)(a)(iii).

Total Expense Ratio for the schemes

As per Regulation 52(6)(a)(iii) of SEBI (MF) Regulations, the total expense ratio of the scheme excluding issue or redemption expenses, whether initially borne by the mutual fund or by the asset management company, but including the investment management and advisory fee shall be subject to the following limits:-

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management and Advisory Fees	Upto 2.00%
Trustee fee	
Audit fees	
Custodian fees	
RTA Fees	
Marketing & Selling expense incl. agent commission	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and IDCW redemption cheques and warrants	
Costs of statutory Advertisements	
Brokerage & transaction cost over and above 12 bps for cash market trades	
Goods and Services tax on expenses other than investment and advisory fees	
Goods and Services tax on brokerage and transaction cost	
Other Expenses	
Maximum total expense ratio (TER) permissible under Regulation 52(6)(a)(iii).	Upto 2.00%
Additional expenses under regulation 52 (6A) (c) #	Upto 0.05%

Additional expenses for gross new inflows from specified cities	Upto 0.30%
---	------------

The AMC shall not charge additional expenses under Regulation 52(6A)(c) in case exit load is not levied/ not applicable.

Expense Structure for Direct Plan – The annual recurring expenses will be within the limits specified under the SEBI (Mutual Funds) Regulations, 1996.

Commission/ Distribution expenses will not be charged in case of Direct Plan. The TER of Direct Plan will be lower than Regular Plan.

In terms of the Para 10.1.12 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, all fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

However, Direct Plan shall have a lower expense ratio than the Regular Plan. The expenses would exclude distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan.

Illustration of impact of expense ratio on scheme’s returns:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Annual Returns before Expenses	800	800
Expenses other than Distribution Expenses	75	75
Distribution Expenses / Commission	25	-
Returns after Expenses at the end of the Year	700	725

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme. The expenses of the Direct Plan under the Scheme will be lower to the extent of distribution expenses/ commission.

Additional expenses which may be charged to the Schemes:

The following additional expenses may be charged to the Schemes under Regulation 52 (6A), namely-

- Brokerage and transaction cost incurred for the purpose of execution shall be charged to the scheme as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
- Expenses not exceeding of 0.30 % of daily net assets, if the new inflows from beyond top 30 cities are at least:
 - (i) 30 % of gross new inflows in the scheme; or
 - (ii) 15 % of the average assets under management (year to date) of the scheme; whichever is higher.
 Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred

for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Provided further that the additional TER can be charged based on inflows only from 'retail investors' (Para 10.1 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, has defined that inflows of amount upto Rs. 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor") from beyond top 30 cities.

Provided that the additional commission for beyond top 30 cities shall be paid as trail only.

In case inflows from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from individual investors from beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

Additional expenses upto 0.05% of daily net assets of the schemes, incurred towards different heads mentioned under Regulation 52 (2) and 52 (4).

In accordance with SEBI's letter no. SEBI/HO/ IMD/ IMD-SEC-3/ P/ OW/ 2023/ 5823/ 1 dated February 24, 2023 and AMFI Circular No. CIR/ ARN-23/ 2022-23 March 07, 2023, the B-30 incentive structure for new inflows has been kept in abeyance with effect from March 01, 2023 till the incentive structure is appropriately re-instated by SEBI with necessary safeguards.

TER for the Segregated Portfolio

1. AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
2. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
3. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
4. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Goods and Services tax:

Goods and Services tax on investment and advisory fees may be charged to the scheme in addition to the maximum limit of TER as prescribed in Regulation 52(6)(c). Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per Regulation 52.

The aforesaid estimates are made in good faith by the Investment Manager and are subject to change inter

se among the various heads of expenses and between the Plans. It may also be noted that the total expenses of the Plans will also be subject to change within the overall limits of expenses under Regulation 52. Actual expenses under any head and / or the total expenses may be more or less than the estimates. The Investment Manager retains the right to charge the actual expenses to the Fund, however the expenses charged will not exceed the statutory limit prescribed by the Regulations. There will be no sub limit on management fee, and it shall be within the overall TER specified above.

For the actual current expenses being charged, the investor may refer to the website of the mutual fund.

D. Load Structure

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of www.kotakmf.com or may call at 18003091490 or your distributor.

Type of Load	Load chargeable (as % age of NAV)
Exit	NIL

Any exit load charged (net off Goods and Services tax, if any) shall be credited back to the Scheme.

No exit load will be chargeable in case of switches made between different plan/options of the scheme

Units issued on reinvestment of Income Distribution cum capital withdrawal (IDCW)s shall not be subject to entry and exit load.

*In terms of Para 10.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2023/74 dated May 19, 2023, no entry load will be charged on purchase / additional purchase / switch-in. The commission as specified in the aforesaid circular, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.

** Any exit load charged (net off Goods and Services tax, if any) shall be credited back to the Scheme.

Any imposition or enhancement of Load in future shall be applicable on prospective investments only. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

In case of changes in load structure the addendum carrying the latest applicable load structure shall be attached to all KIM and SID already in stock till it is updated.

Investors may obtain information on loads on any Business Day by calling the office of the AMC or any of the Investor Service Centers. Information on applicability of loads will also be provided in the Account Statement.

The investor is requested to check the prevailing load structure of the scheme before investing.

Section II

I. INTRODUCTION

A. Definitions/interpretation

The detailed definitions/ interpretations refer to the link on website of the mutual fund viz. <https://www.kotakmf.com/Information/statutory-disclosure/disclosuresrelatedtosidandkim>

B. Risk factors

Scheme Specific Risk Factors

- Investments in underlying schemes will have all the risks associated with such schemes including performance of underlying securities, derivative investments, securities lending, changes in credit rating, trading volumes, settlement periods, price/interest rate risk, volatility & liquidity in money markets, basis risk, spread risk, re-investment risk, etc.
- Investments in Arbitrage Fund will have all the risks associated with schemes including performance of underlying securities, derivative investments, trading volumes, settlement periods, volatility, basis risk, spread risk, re-investment risk, etc. The investors should refer to the Scheme Information Documents and the related addendum for the scheme specific risk factors and special consideration Kotak Equity Arbitrage Fund.
- The investors should refer to the Scheme Information Documents and the related addendum for the scheme specific risk factors and special consideration of the respective Underlying Schemes.
- Since the Scheme proposes to invest in underlying schemes, the Scheme's performance will depend upon the performance of the underlying schemes and any significant underperformance in even one of the underlying schemes may adversely affect the performance of the Scheme.
- Any change in the investment policies or the fundamental attributes of the underlying schemes may affect the performance of the Scheme.
- The investors of the Scheme shall bear the recurring expenses of the Scheme in addition to the expenses of the underlying schemes. Hence the investor under the Scheme may receive lower pre-tax returns than what they may receive if they had invested directly in the underlying schemes in the same proportions.
- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying schemes where the Scheme has invested and will not include the investments made by the underlying schemes.
- The Portfolio rebalancing may result in higher transaction costs.
- The Scheme's performance may be impacted by exit loads or other redemption charges that may be charged at the time of redemption from the Underlying Schemes. Since the incidence of exit loads on investments made by the Scheme in Underlying Schemes of the Fund is based on first-in, first-out principle, it is anticipated that the impact of such exit loads/redemption charges could be minimal during the normal course of functioning of the Scheme.
- In the event of receipt of an inordinately large number of redemption requests and inability of the Underlying Scheme(s) to generate enough liquidity because of market conditions, there may be delays in redemption of units

I. Risks associated with Debt / Money Markets (i.e. Markets in which Interest bearing Securities or Discounted Instruments are traded)

i. Credit Risk:

Securities carry a Credit risk of repayment of principal or interest by the borrower. This risk depends on micro-economic factors such as financial soundness and ability of the borrower as also macro-economic factors such as Industry performance, Competition from Imports, Competitiveness of Exports, Input costs, Trade barriers, Favourability of Foreign Currency conversion rates, etc.

Credit risks of most issuers of Debt securities are rated by Independent and professionally run rating agencies. Ratings of Credit issued by these agencies typically range from "AAA" (read as "Triple A" denoting "Highest Safety") to "D" (denoting "Default"), with about 6 distinct ratings between the two extremes.

The highest credit rating (i.e. lowest credit risk) commands a low yield for the borrower. Conversely, the lowest credit rated borrower can raise funds at a relatively higher cost. On account of a higher credit risk for lower rated borrowers lenders prefer higher rated instruments further justifying the lower yields.

ii. Price-Risk or Interest-Rate Risk:

From the perspective of coupon rates, Debt securities can be classified in two categories, i.e., Fixed Income bearing Securities and Floating Rate Securities. In Fixed Income Bearing Securities, the Coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the Floating Rate Securities, on the other hand, the coupon rate changes - 'floats' - with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury bill.

Fixed Income Securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price-risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof.

Floating rate securities issued by a government (coupon linked to treasury bill benchmark or a real return inflation linked bond) have the least sensitivity to interest rate movements, as compared to other securities. The Government of India has already issued a few such securities and the Investment Manager believes that such securities may become available in future as well. These securities can play an important role in minimizing interest rate risk on a portfolio.

iii. Risk of Rating Migration:

The following table illustrates the impact of change of rating (credit worthiness) on the price of a hypothetical AA rated security with a maturity period of 3 years, a coupon of 10.00% p.a. and a market value of Rs. 100. If it is downgraded to A category, which commands a market yield of, say, 11.50% p.a., its market value would drop to Rs. 98.76 (i.e. 1.24%) If the security is up-graded to AAA category which commands a market yield of, say, 9.60% p.a. its market value would increase to Rs.103.48 (i.e. by 3.48%). The figures shown in the table are only indicative and are intended to demonstrate how the price of a

security can be affected by change in credit rating.

Rating	Yield (% p.a.)	Market Value (Rs.)
AA	11.00	100.00
If upgraded to AAA	9.60	103.48
If downgraded to A	11.50	98.76

iv. Basis Risk:

During the life of floating rate security or a swap the underlying benchmark index may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio. Where swaps are used to hedge an underlying fixed income security, basis risk could arise when the fixed income yield curve moves differently from that of the swap benchmark curve.

v. Spread Risk:

In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions the spreads may move adversely or favourably leading to fluctuation in NAV.

vi. Reinvestment Risk:

Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

vii. Liquidity Risk:

The corporate debt market is relatively illiquid vis-a- vis the government securities market. There could therefore be difficulties in exiting from corporate bonds in times of uncertainties. Liquidity in a scheme therefore may suffer. Even though the Government Securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described elsewhere in the SAI. The approval from the AMC Board and the Trustees giving details of circumstances and justification for the proposed action shall also be informed to SEBI in advance.

II. Risk envisaged and mitigation measures for repo transactions:

Credit risks could arise if the counterparty does not return the security as contracted or interest received by the counter party on due date. This risk is largely mitigated, as the choice of counterparties is largely restricted and their credit rating is taken into account before entering into such transactions. Also operational risks are lower as such trades are settled on a DVP basis.

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to us. Thus the scheme may in remote cases suffer losses. This risk is normally mitigated by better cash flow planning to take care of such repayments.

III. Risk associated with investment in Government securities and Triparty repo on Government securities or treasury bills:

- The mutual fund is a member of securities segment and Triparty repo on Government securities or treasury bills trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty repo on Government securities or treasury bills trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counter party risks considerably for transactions in the said segments.
- The members are required to contribute towards margin obligation (Initial / Mark to Market etc.) as per bye-laws of CCIL as also an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in discharging their obligation. As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members as determined by CCIL.
- Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- CCIL maintains two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty repo on Government securities or treasury bills trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

IV. Risks associated with Segregated Portfolio

- Investor holding units of segregated portfolio may not be able to liquidate their holding till the time realisable value is recovered.
- Security comprising of segregated portfolio may realise lower value or may realise zero value.
- Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

V. Risk associated with investing in Mutual fund units

Investment in units of Mutual Fund scheme involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal. As the price / value / interest rates of the underlying securities in which the mutual fund scheme invests fluctuates, the value of units of mutual fund scheme may go up or down. The value of underlying securities may be affected, inter-alia, by changes in the market, interest rates, changes in credit rating, trading volumes, settlement periods and transfer procedures; the NAV is also exposed to Price/Interest-Rate Risk and Credit Risk and may be affected inter-alia, by government policy, volatility and liquidity in the money markets and pressure on the exchange rate of the rupee. Investment in units of mutual fund scheme is also exposed to risk of suspension of subscriptions / redemptions of the units, change in fundamental attributes etc. Since the Scheme may invest in schemes of Mutual Funds, scheme specific risk factors of each such mutual fund schemes will be applicable to the Scheme portfolio.

All the above factors may not only affect the prices of securities but also the time taken by the Fund for redemption of Units, which could be significant in the event of receipt of a very large number of redemption requests or very large value redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described elsewhere in the SAI.

C. Risk mitigation strategies

Risk mitigation measures for portfolio volatility:

The fund invests in multiple schemes thereby ensuring greater diversification at the stock, sector and investment style level.

Risk mitigation measures for managing liquidity:

Reasonable investments are made in money market instruments and / or money market mutual fund schemes for liquidity purposes.

Type of Risks	Measures/ Strategies to control risks
Debt and Money Market instruments	<ul style="list-style-type: none"> • Credit Risk: Management analysis will be used for identifying company specific risks. Management’s past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer’s financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in short term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities • Basis Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities • Reinvestment Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value.

	<ul style="list-style-type: none"> Liquidity Risk: The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.
Repo Transactions	This risk is largely mitigated, as the choice of counterparties is largely restricted and their credit rating is taken into account before entering into such transactions. Also operational risks are lower as such trades are settled on a DVP basis. In the event the counterparty is unable to pay back the money to the scheme as contracted on maturity, the scheme may dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to the counterparty
Government securities and Triparty repo on Government securities or treasury bills:	As a member of securities segment and Triparty repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades etc. Also there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.
Units of mutual fund schemes	Mutual Fund portfolios are generally well diversified and typically endeavor to provide liquidity on a T+1/T+2 basis and aim to mitigate any risks arising out of underlying investments. Commodity ETF's are quite liquid as they can either be created / redeemed with the fund house or traded on the exchange.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

The measures mention above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. INFORMATION ABOUT THE SCHEME:

A. Where will the scheme invest

Securities/ Instruments	Definitions
Short Term Deposits of banks (both public and private sector) and development financial institutions to the extent permissible under SEBI Regulations;	Short Term Deposits are offered by Scheduled Commercial Banks (both public and private sector banks) with a fixed/floating interest rate and maturity date.
<p>Money market instruments permitted by SEBI/RBI, having maturities of up to one year but not limited to:</p> <ul style="list-style-type: none"> • Certificate of Deposits (CDs). • Commercial Paper (CPs) • Tri-party Repo, Bills re-discounting, as may be permitted by SEBI from time to time. • Repo of corporate debt securities 	<ul style="list-style-type: none"> • “Certificate of Deposit” or “CD” is issued by Scheduled Commercial Banks (SCBs) and All-India Financial Institutions. There is a term period of 7 days to 1 year for CDs that are issued by SCBs, whereas the term period ranges from 1 year to 3 years for CDs issued by financial institutions. CDs are usually issued at a discounted rate and redeemed at par. • "Commercial Paper" or "CP" is a short-term instrument issued by corporates and financial institutions CPs are usually issued at a discounted rate and redeemed at par. The tenor of CP ranges from 7 days to 1 year. • Treasury bills or T-bills, which are money market instruments, are short term debt instruments issued by the Government of India and are presently issued in three tenors, namely, 91 day, 182 day and 364 day. Treasury bills are zero coupon securities and pay no interest. Instead, they are issued at a discount and redeemed at the face value at maturity. • Triparty Repo (TREPS) is a type of repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. • Repos / Reverse Repos enables collateralized short term borrowing and lending through sale/purchase operations in debt instruments (including corporate bonds). • Bills Re-discounting is an instrument where a financial institution discounts the bills of exchange that it has discounted previously with another financial institution.
Units of Mutual Funds Schemes	Mutual fund means a fund established in the form of a trust to raise monies through the sale of units to the public or a section of the public under one or more schemes for investing in securities, money market instruments, gold or gold related instruments, silver or silver related instruments, real estate assets and such other assets and instruments as may be specified by the SEBI from time to time:

Note: The scheme will invest in direct plans of underlying schemes

Overview of Debt Market and Money Market Instruments

The Indian Debt Market has grown in size substantially over the years. The Reserve Bank of India has been taking steps to make the Indian Debt Market efficient and vibrant. The interest rates were regulated till a few years back, there has been rapid deregulation and currently both the lending and deposit rates are market determined. The Central banker has in its recent credit policy meetings suggested the importance of a fully developed corporate bond market and efforts are being made to have an online trading platform for corporate bonds.

Broadly, the debt market is divided in two parts viz. the Money Market and the Debt market. Money market instruments have a tenor of less than one year while debt market instruments have a tenor of more than one year. Money market instruments are typically commercial paper, certificates of deposit, treasury bills, trade bills, repos, interbank call deposit receipts etc. Debt market comprises typically of securities issued by Governments (Central and State), Banks, Financial Institutions, and Companies in the private and public sector, Corporations, Statutory Bodies etc.

The debt securities are mainly traded over the telephone directly or through brokers. The National Stock Exchange of India has a separate trading platform called the Wholesale Debt Market segment where trades put through member brokers are reported. The daily volumes in the debt market are in the region of Rs.2500-5000 crores. –

RBI has introduced the Negotiated Dealing System (NDS) platform for screen-based trading in Government Securities and Money Market instruments. Most of the market participants are now operating through NDS. Promoted by major banks and financial institutions, The Clearing Corporation of India Ltd. (CCIL), was incorporated on April 30, 2001. The CCIL guarantees the settlement of all trades executed through NDS. The clearing and settlement risks viz., Counter party Credit Risk and Operational Risk are mitigated by CCIL thereby facilitating a smooth settlement process.

The following table gives approximate yields prevailing as on October 25, 2024 on some of the money and debt market instruments. These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing.

Instrument	Yield Range (% per annum)
Inter-bank Call Money	6.55-6.65
91 Day Treasury Bill	6.46-6.49
364 Day Treasury Bill	6.59-6.60
P1+ Commercial Paper 90 Days	7.18-7.22
3-Year Government of India Security	6.71-6.73
5-Year Government of India Security	6.74-6.77
10-Year Government of India Security	6.79-6.81

Generally, for instruments issued by a non-Government entity, the yield is higher than the yield on a Government Security with corresponding maturity. The difference, known as credit spread, depends on the credit rating of the entity. Investors must note that the yields shown above are the yields prevailing on October 25, 2024 and they are likely to change consequent to changes in economic conditions and RBI policy.

B. What are the investment restrictions?

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments.

1. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

Within the limits specified in clause 1 of the Seventh Schedule of MF Regulation, a mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA issued by a single issuer; or
- b. 8% of its NAV in debt and money market securities rated AA issued by a single issuer; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of the Seventh Schedule of MF Regulation.

The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of Credit Rating Agency (CRAs) between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills

Provided further that investments within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

Considering the nature of the Scheme, investments in such instruments will be permitted up to 5% of its NAV.

Note: The above limits are subject to indicative allocation of Debt and Money Market instruments as stated under the asset allocation of the Scheme.

2. The Scheme shall not make any investments in:
 - (a) any unlisted security of an associate or group company of the Sponsors; or
 - (b) any security issued by way of private placement by an associate or group company of the Sponsors; or
 - (c) the listed securities of group companies of the Sponsors which is in excess of 25% of the net assets.
3. The Scheme shall not invest in any Fund of Funds Scheme.
4. A fund of funds scheme shall be subject to the following investment restrictions:

A scheme shall not invest its assets other than in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions, as disclosed in the Scheme

Information Document of fund of funds scheme.

5. Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:-
 - (a) such transfers are made at the prevailing market price for quoted Securities on spot basis (spot basis shall have the same meaning as specified by Stock Exchange for spot transactions.)
 - (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
 - (c) the same are in line with para 12.30 of SEBI Master circular no. . SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
6. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:
 - Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.
 - Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
7. No loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of payment of interest or IDCW to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.
8. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised/ electronic form.
9. The mutual fund shall get the securities purchased / transferred in the name of the fund on account of the concerned scheme, where investments are intended to be of long term nature.
10. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to the guidelines issued by SEBI Master circular dated May 19, 2023, as may be amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short-term deposits of scheduled commercial banks.
11. In accordance with the guidelines as stated under para 12.9 of SEBI Master circular no. . SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, investments in following instruments as specified in the said circular, as may be amended from time to time, shall be applicable:
 - i. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.
 - ii. Further, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the conditions as specified in the said circular:
 - a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments shall not exceed 5% of the net assets of the schemes.

- c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
12. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instrument and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations.

All investment restrictions shall be applicable at the time of making investment.

Apart from the above investment restrictions, the Scheme follows certain internal norms vis-à-vis limiting exposure to scrips, sectors etc, within the above-mentioned restrictions, and these are subject to review from time to time.

Modifications, if any, in the Investment Restrictions on account of amendments to the Regulations shall supercede /override the provisions of the Trust Deed.

Investments in securitized debt instruments

How the risk profile of securitized debt fits into the risk appetite of the scheme:

The scheme investment pattern permits investments in debt and money market instruments with extended maturities. Under this the investments could be in the following form of issuances, viz. CPs, CDs, Securitised debt, etc. i.e for the same acceptable levels of risks there could be multiple instruments available to a Fund Manager. Based on the credit assessment of the issuers the Fund Manager may choose to invest in securitized debt.

Our evaluation process for investment in securitized debt is similar to the approach followed for other types of instruments including money market and bonds. We lay emphasis on credit, liquidity and duration risk while evaluating every prospective investment, keeping in mind the investment objectives of the particular scheme.

C. Fundamental Attributes

As per para 1.14 of SEBI Master circular no SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the following are the fundamental attributes of the schemes, in terms of Regulation 18 (15A) of SEBI (MF) Regulations:

- (i) Type of the scheme: As mentioned under the heading “Type of the Scheme” of Part I – Sr. No. III
- (ii) Investment Objective: As mentioned under the heading “Investment Objective” of Part I – Sr. No. V
- (iii) Investment Pattern: As mentioned under the heading “How will the scheme allocate its assets” of Part II - A
- (iv) Terms of Issue:
 - Liquidity provisions such as listing, repurchase, redemption. Investors may refer Part I and Section II under ‘Other Scheme Specific Disclosures’ for detailed information on listing, repurchase and redemption.
 - Aggregate fees and expenses charged to the scheme. Investors may refer Part III ‘Other Details’.
 - Any safety net or guarantee provided – Not Applicable

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the trustees shall ensure that no change in the fundamental attributes of any scheme, the fees and expenses payable or any other change which would modify the scheme and affect the interest of the unit holders is carried out by the asset management company, unless it complies with sub-regulation (26) of regulation 25 of these regulations.

In accordance with Regulation 25(26) of the SEBI (MF) Regulations, the asset management company shall ensure that no change in the fundamental attributes of any scheme or the trust, fees and expenses payable or any other change which would modify the scheme and affect the interest of unit holders, shall be carried out unless,

- A written communication about the proposed change is sent to each unit holder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the mutual fund is situated; and
- The Unitholders are given an option for a period of 30 calendar days to exit at the prevailing Net Asset Value without any exit load

D. Other Scheme Specific Disclosures:

<p>Listing and transfer of units</p>	<p>Listing: The Scheme is open-ended in nature. It is not necessary to list the units of the scheme on any exchange. Liquidity is ensured to investors by the purchase and sale of Units from/to the Fund at prices related to the relevant Applicable NAV for the purpose of purchasing or redeeming Units from the Fund.</p> <p>The Trustee, however, has the right to list the Units under the Scheme on any stock exchange/s for better distribution and additional convenience to existing/prospective Unitholders. Even if the Units are listed, the Fund shall continue to offer purchase and redemption facility as specified in this scheme information document. Any listing will come only as an additional facility to investors who wish to use the services of a stock exchange for the purpose of transacting business in the Units of the Scheme.</p> <p>Transfer of Units: The Asset Management Company shall, on production of instrument of transfer together with relevant documents, register the transfer within 30 days from the date of such production. The Units of the Scheme will be fully and freely transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time and as stated in Para 14.4.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2023/74 dated May 19, 2023. Also, when a person becomes a holder of the units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production/submission of such satisfactory evidence, which in its opinion is sufficient, effect the transfer, if the intended transferee is otherwise eligible to hold the units.</p> <p>Transfer of units held in Non-Demat [Statement of Account ('SOA')] mode: As per the AMFI Best Practices Guidelines Circular No.116 /2024-25 dated August 14, 2024, on 'Standard Process for Transfer of Units held in Non-</p>
---	---

	<p>Demat (SoA) mode’, units held by individual unitholders in Non Demat (‘SoA’) mode can be transferred only in following cases-</p> <ol style="list-style-type: none"> i. Surviving joint unitholder, who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). ii. A nominee of a deceased unitholder, who wants to transfer the units to the legal heirs of the deceased unitholder, post the transmission of units in the name of the nominee. iii. A minor unitholder who has turned a major and has changed his/her status from minor to major, wants to add the name of the parent / guardian, sibling, spouse etc. in the folio as joint holder(s). <p>Partial transfer of units held in a folio shall be allowed. If the request for transfer of units is lodged on the record date, the IDCW payout/ reinvestment shall be made to the transferor.</p> <p>Redemption of the transferred units shall not be allowed for 10 days from the date of transfer. This will enable the investor to revert in case the transfer is initiated fraudulently.</p> <p>For details, please refer Statement of Additional Information (SAI).</p>
Dematerialization of units	<p>Unit holders will have an Option to hold the units by way of an Account Statement or in Dematerialized (‘Demat’) form. Unit holders opting to hold the units in Demat form must provide their Demat Account details in the specified section of the application form/transaction feed. The Applicant intending to hold the units in Demat form are required to have a beneficiary account with a Depository Participant (DP) registered with NSDL / CDSL and will be required to indicate in the application the DP's name, DP ID Number and the Beneficiary Account Number of the applicant held with the DP at the time of purchasing Units. Unitholders are requested to note that request for conversion of units held in Account Statement (non-demat) form into Demat (electronic) form or vice versa should be submitted to their Depository Participants. The demat request to depository must be submitted for all units in a folio. In case Unit holders do not provide their Demat account details or the Demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect and accordingly an account statement shall be sent to them</p>
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	<p>Not Applicable since it is an ongoing scheme.</p>

Maximum Amount to be raised (if any)	Not Applicable since it is an ongoing scheme.
Dividend Policy (IDCW)	<p>IDCW Frequency IDCW is declared subject to availability and adequacy of distributable surplus.</p> <p>IDCW Record Dates: At the discretion of the Trustees (If the record date is not a Business Day, the immediately following Business Day will be the record date)</p> <p>Under the Income Distribution cum capital withdrawal (IDCW) option, the Trustee may at any time decide to distribute by way of IDCW, the surplus by way of realised profit and interest, net of losses, expenses and taxes, if any, to Unitholders if, in the opinion of the Trustee, such surplus is available and adequate for distribution. The Trustee's decision with regard to such availability and adequacy of surplus, rate, timing and frequency of distribution shall be final. The Trustee may or may not distribute surplus, even if available, by way of Income Distribution cum capital withdrawal (IDCW).</p> <p>The IDCW will be paid to only those Unitholders whose names appear on the register of Unitholders of the Scheme / Option at the close of the business hours on the record date, which will be announced in advance.</p> <p>In case of dynamic lien, the Income Distribution cum capital withdrawal (IDCW) may be credited to the financier</p> <p>The Income Distribution cum capital withdrawal (IDCW) Option will be available under two sub-options – the Payout Option and the Reinvestment Option.</p> <p>Payout of Income Distribution cum capital withdrawal option (IDCW): Unitholders will have the option to receive payout of their IDCW by way of Payorder / DD any other means which can be encashed or by way of direct credit / electronic payout into their account.</p> <p>Reinvestment of Income Distribution cum capital withdrawal option (IDCW): Under the reinvestment option, The amounts will be reinvested in the Reinvestment IDCW Option at the Applicable NAV announced immediately following the record date.</p> <p>The requirement of giving notice shall not be applicable for IDCW Option having frequency upto one month.</p> <p>However, the Trustees reserve the right to introduce new options and / or alter the IDCW payout intervals, frequency, including the day of payout.</p>
Allotment (Detailed procedure)	Pursuant to Para 14.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the investor whose transaction has been accepted by Kotak Mahindra Asset Management Company Ltd. / Kotak Mahindra Mutual Fund shall receive the following:

	<ol style="list-style-type: none"> 1. The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). 2. The holding(s) of the beneficiary account holder for units held in demat mode will be shown in the statement issued by respective Depository Participants (DPs) periodically. 3. A consolidated account statement (CAS) for each calendar month on or before 15th of the succeeding month shall be sent by email (wherever investor has provided email id) or physical account statement where investor has not provided email id., across the schemes of the mutual funds, to all the investors in whose folio(s) transaction(s) has/have taken place during the month. The same shall be sent by the AMC or by the Agencies appointed by the AMC for non demat unit holders.
Refund	If application is rejected, full amount will be refunded within 5 working days of closure of NFO. If refunded later than 5 working days @ 15% p.a. for delay period will be paid and charged to the AMC.
<p>Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.</p>	<p>The following are eligible to apply for purchase of the Units:</p> <ul style="list-style-type: none"> • Resident Indian Adult Individuals, either singly or jointly (not exceeding three). • Parents/Lawful guardians on behalf of Minors. • Companies, corporate bodies, registered in India. • Registered Societies and Co-operative Societies authorised to invest in such Units. • Public sector undertakings, public/Statutory corporations subject to general or specific permissions granted to them by the Central/State governments from time to time. • Religious and Charitable Trusts under the provisions of 11(5) of the Income Tax Act, 1961 read with Rule 17C of the Income Tax Rules, 1962. • Trustees of private trusts authorised to invest in mutual fund schemes under their trust deeds. • Partner(s) of Partnership Firms. • Association of Persons or Body of Individuals, whether incorporated or not. • Hindu Undivided Families (HUFs). • Banks (including Co-operative Banks and Regional Rural Banks) and Financial Institutions and Investment Institutions. • Non-Resident Indians/Persons of Indian origin resident abroad (NRIs) on full repatriation or non-repatriation basis. • Other Mutual Funds registered with SEBI. • International Multilateral Agencies approved by the Government of India. • Army/Navy/Air Force, Para-Military Units and other eligible institutions. • Scientific and Industrial Research Organizations.

	<ul style="list-style-type: none"> • Provident/Pension/Gratuity and such other Funds as and when permitted to invest. • Public Financial Institution as defined under the Companies Act 2013. • Universities and Educational Institutions. • Other schemes of Kotak Mahindra Mutual Fund may, subject to the conditions and limits prescribed in the SEBI Regulations and/or by the Trustee, AMC or Sponsor, subscribe to the Units under the Scheme. <p>The list given above is indicative and the applicable law, if any, shall supersede the list.</p>

More than 1 Cr but up to 2Cr	-	15%	15%
More than 2 Cr	Up to 2 cr	15%	15%

	More than 2 cr	25%	15%
--	----------------	-----	-----

Note 2: - W.e.f. 01.04.2020, as per Section 115R, no additional income tax payable on amount of distributed income on or after 01.04.2020.

The salient features of the capital gain tax are as under:

Long term capital gains in excess of Rs. 1.25 lakh shall be taxable at rates mentioned in table above plus surcharge (if any, as applicable) plus health & education cess @ 4%.

The capital gain will be computed without giving effect to the 1st and 2nd proviso to section 48 in the manner laid down under the section i.e. without indexation benefit and without foreign currency conversion benefit

Note 4: - Tax Rates Regimes available for Domestic Corporate companies-

(a) 30% if investor falls into highest tax bracket.

(b) 25% If total turnover or gross receipts in the financial year 2020-21 does not exceed Rs. 400 crores.

(c) 22% lower rate is optional and subject to fulfilment of certain conditions (not claiming specified incentives and deductions) as provided in section 115BAA.

(d) 15% lower rate is optional for companies engaged in manufacturing business (set-up & registered on or after 1 October 2019) subject to fulfilment of certain conditions (not claiming specified incentives and deductions as provided in section 115BAB.

Further, the domestic companies are subject to minimum alternate tax (except for those who opt for lower rate of tax of 22%/15%) not specified in above tax rates

Note 5: - As per section 139AA of the Income tax Act, 1961 ('the Act') read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to PAN-Aadhaar not being linked on or before 30 June 2023, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of the Act

Note 6: - Relaxation to non-residents from deduction of tax at higher rate in the absence of PAN subject to them providing specified information and documents.

Note 7: - The Finance Act, 2021 introduced section 206AB (applicable from 1 July 2021) stating that tax to be deducted at twice the applicable rate in case of payments to specified person (except non-resident not having permanent establishment in India) who have not filed return of income for immediately preceding assessment year for which time limit for filing return has expired and the aggregate of tax deducted at source in his case is Rs. 50,000 or more in each of these two years. Additionally, if provisions of section 206AA are also applicable then tax to be deducted at higher of the two rates provided i.e. rate as per section 206AB or section 206AA

Note 8: - It is assumed that the mutual fund units are held as capital assets by the investors.

Note 9: - Under Section 115BAC w.e.f. 01.04.2023, all individual, HUF, AOP, BOI is required to pay tax at concessional rates (as below) under the new tax regime subject to the condition that certain exemptions/ losses/ deductions cannot be claimed. In case such taxpayer intends to claim deductions / exemptions, it may elect to opt for existing tax and slabs rates to continue to apply.
