IMPORTANT

Before investing, investors should also ascertain about any further changes pertaining to scheme such as features, load structure, etc. made to this Scheme Information Document by issue of addenda / notice after the date of this Document from the AMC / Mutual Fund / Investor Service Centres (ISCs) / Website / Distributors or Brokers or Investment Advisers having valid registrations.

I. **INTRODUCTION**
A. **RISK FACTORS**

▪ **Standard Risk Factors:**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price/ value/ interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on the various factors and forces affecting the capital markets and money markets.
- Past performance of the Sponsor and its associates / AMC / Mutual Fund does not guarantee future performance of the Scheme of the Mutual Fund.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

▪ **Scheme Specific Risk Factors**

The specific risk factors related to the Scheme include, but are not limited to the following:

- (i) **Scheme Specific Risk factors:** The Scheme will invest atleast 80% of its net assets in Equity and Equity related instruments of Transportation and Logistics Companies. The Scheme is Thematic in nature, hence will be affected by the risks associated with this theme.

Given that the Scheme seeks to invest in equity/equity related instruments of the Companies belonging to this theme and hence the concentration is likely to be high in companies belonging to the said theme.

Further, the volatility and/or adverse performance of the said theme and/or of the scrips belonging to this theme would have a material adverse bearing on the performance of the Scheme.

(ii) **Risk factors associated with investing in equities and equity related instruments**

- Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges. Investment in such securities may lead to increase in the scheme portfolio risk.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme incurring losses till the security is finally sold.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

(iii) Risk factors associated with investing in Fixed Income Securities

- The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market instruments, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Investments in money market instruments involve credit risk commensurate with short term rating of the issuers.
- Investment in Debt instruments are subject to varying degree of credit risk or default (i.e. the risk of an issuer's inability to meet interest or principal payments on its obligations) or any other issues, which may have their credit ratings downgraded. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security values. This may increase the risk of the portfolio. The Investment Manager will endeavour to manage credit risk through in-house credit analysis. This may increase the risk of the portfolio.
- **Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the Scheme to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the Scheme.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the Scheme's portfolio.
- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Schemes' risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, AAA rated bonds are comparatively less risky than AA rated bonds.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.
- **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the scheme can invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise their investments in unlisted securities at a fair value. Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market values for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.

(iv) Risks associated with Investing in Structured Obligation (SO) & Credit Enhancement (CE) rated securities:

The risks factors stated below for the SO & CE in addition to the risk factors associated with debt instruments.

- Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/ mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments

evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer.

- **Liquidity Risk:** SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is adversely affected compared to similar rated debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to sell such debt instruments and generate liquidity for the scheme or higher impact cost when such instruments are sold.
- **Credit Risk:** The credit risk of debt instruments which are CE rated is based on the combined strength of the issuer as well as the structure. Hence, any weakness in either the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to inability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. In case of SO transactions, comingling risk and risk of servicer increases the overall risk for the securitized debt or assets backed transactions. Therefore apart from issuer level credit risk such debt instruments are also susceptible to structure related credit risk.

(v) Risk factors associated with investment in Tri-Party Repo

The Mutual Fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the Scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the Scheme may lose an amount equivalent to its contribution to the default fund.

(vi) Risk factors associated with Repo in Corporate Debt Securities

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo in corporate debt securities is economically similar to a secured loan, with the buyer

receiving corporate debt securities as collateral to protect against default. Some of the risks associated with repo in corporate debt are given below:

Counterparty Risk: Counterparty risk refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. In case of over the counter (OTC) repo trades, the investment manager will endeavour to manage counterparty risk by dealing only with counterparties having strong credit profiles. Also, the counter-party risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities. In case the repo transaction is executed on exchange platform approved by RBI/SEBI, the exchange may also provide settlement guarantee.

Collateral Risk: Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk can be partly mitigated by restricting participation in repo transactions only in corporate debt securities which are approved by credit risk team. Additionally, to address the risk related to reduction in market value of corporate debt security held as collateral due to credit rating downgrade, the repo contract can incorporate either an early termination of the repo agreement or call for fresh margin to meet the minimum haircut requirement or call for replacement of security with eligible security. Moreover, the investment manager may apply a higher haircut on the underlying security than required as per RBI/SEBI regulation to adjust for the illiquidity and interest rate risk on the underlying instrument. To mitigate the risk of price reduction due to interest rate changes, the adequacy of the collateral can be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The fund manager or the exchange can then arrange for additional collateral from the counterparty, within a pre-specified period. If the counterparty is not able to top-up either in form of cash / collateral, it would tantamount to early termination of the repo agreement, and the outstanding amount can be recovered by sale of collateral.

(vii) Risk factors associated with investing in Non- Convertible Preference Shares

- **Credit Risk** - Credit risk is the risk that an issuer will be unable to meet its obligation of payment of dividend and/ or redemption of principal amount on the due date. Further, for non-cumulative preference shares, issuer also has an option to not pay dividends on preference shares in case of inadequate profits in any year.
- **Liquidity Risk** - The preference shares generally have limited secondary market liquidity and thus we may be forced to hold the instrument till maturity.
- **Unsecured in nature** - Preference shares are unsecured in nature and rank lower than secured and unsecured debt in hierarchy of payments in case of liquidation. Thus there is significant risk of capital erosion in case the company goes into liquidation.

(viii) General Risk Factors

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

- As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under '**Right to restrict Redemptions**' in Section '**Restrictions, if any, on the right to freely retain or dispose of units being offered**'.
- At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme. The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in higher exposure to lower yield instruments.
- Investment strategy to be adopted by the Scheme may carry the risk of significant variance between the portfolio allocation of the Scheme and the Benchmark particularly over a short to medium term period.
- Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.

(ix) Risk factors associated with investing in Foreign Securities

- **Currency Risk:**

Moving from Indian Rupee (INR) to any other currency entails currency risk. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee.

- **Interest Rate Risk:**

The pace and movement of interest rate cycles of various countries, though loosely correlated, can differ significantly. Hence by investing in securities of countries other than India, the Scheme stand exposed to their interest rate cycles.

- **Credit Risk:**

Investment in Foreign Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer. This is substantially reduced since the SEBI (MF) Regulations stipulate investments only in debt instruments with rating not below investment grade by accredited/registered credit rating agency.

- **Taxation Risk:**

In addition to the disclosure related to taxation mentioned under section "**Special Consideration**", Investment in Foreign Securities poses additional challenges based on the tax laws of each respective country or jurisdiction. The Scheme may be subject to a higher level of taxes than originally anticipated and or dual taxation. The Scheme may be subject to withholding or other taxes on income and/or gains arising from its investment portfolio.

Further, such investments are exposed to risks associated with the changing/ evolving tax / regulatory regimes of all the countries where the Scheme invests. All these may entail a higher outgo to the Scheme by way of taxes, transaction costs, fees etc. thus adversely impacting its NAV; resulting in lower returns to an Investor.

- **Legal and Regulatory Risk:**

Legal and regulatory changes could occur during the term of the Scheme which may adversely affect it. If any of the laws and regulations currently in effect should change or any new laws or regulations should be enacted, the legal requirements to which the Scheme and the investors may be subject could differ materially from current requirements and may materially and adversely affect the Scheme and the investors. Legislation/ Regulatory guidelines could also be imposed retrospectively.

- **Country Risk:**

The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

To manage risks associated with foreign currency and interest rate exposure, the Mutual Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI / RBI from time to time.

- **Exhaustion of Limit for investments in Overseas Securities:**

In case the permissible limits for investments in overseas Securities by the Scheme, provided by regulatory bodies is reached, then the scheme will not be able to make any further investments in permissible Overseas Securities. This could lead to loss of investment opportunity.

(x) Risk factors associated with investing in Derivatives

- The AMC, on behalf of the Scheme may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include, the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- **Credit Risk:** The credit risk in derivative transaction is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a derivative transaction.
- **Market Risk:** Market movements may adversely affect the pricing and settlement of derivatives.

- **Illiquidity risk:** This is the risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.

(xi) Additional Risk viz. Basis Risk associated with imperfect hedging using Interest Rate Futures (IRF): The imperfect correlation between the prices of securities in the portfolio and the IRF contract used to hedge part of the portfolio leads to basis risk. Thus, the loss on the portfolio may not exactly match the gain from the hedge position entered using the IRF.

(xii) Risk pertaining to covered call strategy: Incorrectly pricing the option premium before writing the covered call by ignoring factors which determine pricing like number of days to expiry, adjustment with respect to announced corporate actions like dividend etc.

(xiii) Risk factors associated with Short Selling

Short-selling is the sale of shares which are not owned by the seller at the time of trade. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the loan. If the price of the stock corrects, Short seller can buy the stock back for less than he received for selling it and earn profit (the difference between higher short sale price and the lower purchase price). If the price of stock appreciates, short selling results in loss. Thus, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the price increases without limit and shall result into major losses in the portfolio.

(xiv) Risks associated with Securities Lending

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

(xv) Risk factors associated with investing in Securitized Debt

The Risks involved in Securitized Papers described below are the principal ones and does not represent that the statement of risks set out hereunder is exhaustive.

- **Limited Liquidity & Price Risk**

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

- **Limited Recourse, Delinquency and Credit Risk**

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to

realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

- **Risks due to possible prepayments and Charge Offs**

In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any Charge Offs would result in the reduction in the tenor of the Pass Through Certificates (PTCs).

- **Bankruptcy of Bank with Liquidity facility**

If the Bank with Liquidity facility, becomes subject to bankruptcy proceedings then an investor could experience losses or delays in the payments.

- **Risk of Co-mingling**

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

(xvi) Risk factors associated with REITs and InvITs:

- **Price Risk:**

Securities/Instruments of REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. The extent of fall or rise in the prices is a fluctuation in general market conditions, factors and forces affecting capital market, Real Estate and Infrastructure sectors, level of interest rates, trading volumes, settlement periods and transfer procedures.

- **Interest Rate Risk:**

Securities/Instruments of REITs and InvITs run interest rate risk. Generally, when interest rates rise, prices of units fall and when interest rates drop, such prices increase.

- **Credit Risk:**

Credit risk means that the issuer of a REIT/InvIT security/ instrument may default on interest payment or even on paying back the principal amount on maturity. Securities/ Instruments of REITs and InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.

- **Liquidity Risk:**

This refers to the ease with which securities/instruments of REITs/InvITs can be sold. There is no assurance that an active secondary market will develop or be maintained.

Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities/instruments for which a liquid market exists. As these products are new to the market they are likely to be exposed to liquidity risk.

- **Reinvestment Risk:**

Investments in securities/instruments of REITs and InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

- **Legal and Regulatory Risk**

The regulatory framework governing investments in securities/instruments of REITs and InvITs comprises a relatively new set of regulations and is therefore untested, interpretation and enforcement by regulators and courts involves uncertainties. Presently, it is difficult to forecast as to how any new laws, regulations or standards or future amendments will affect the issuers of REITs/InvITs and the sector as a whole. Furthermore, no assurance can be given that the regulatory system will not change in a way that will impair the ability of the Issuers to comply with the regulations, conduct the business, compete effectively or make distributions.

(xvii) Risk factors associated with Creation of Segregated Portfolio

In the event of creation of Segregated Portfolio in case of a Credit Event, investors' investments may be subject to following risks:

- Investor holding units of Segregated Portfolio may not able to liquidate their holding till the time of recovery of money from the issuer.
- Listing of units of Segregated Portfolio on recognised stock exchange does not necessarily guarantee its liquidity. There may not be active trading of units on the exchange. Further trading price of units on the exchange may be significantly lower than the prevailing NAV.
- Security comprising Segregated Portfolio may not realise any value.

(xviii) Risk factors associated with investments in Perpetual Debt Instrument (PDI)

Perpetual Debt instruments are issued by Banks, NBFCs and corporates to improve their capital profile. Some of the PDIs issued by Banks which are governed by the RBI guidelines for Basel III Capital Regulations are referred to as Additional Tier I (AT1 bonds). While there are no regulatory guidelines for issuance of PDIs by corporate bodies, NBFCs issue these bonds as per guidelines issued by RBI. The instruments are treated as perpetual in nature as there is no fixed maturity date. The key risks associated with these instruments are highlighted below:

Key Risk Factors:

- Risk on coupon servicing

Banks

As per the terms of the instruments, Banks may have discretion at all times to cancel distributions/ payment of coupons. In the event of non-availability of adequate distributable reserves and surpluses or inadequacy in terms of capital requirements, RBI may not allow banks to make payment of coupons.

NBFCs

While NBFCs may have discretion at all times to cancel payment of coupon, coupon can also be deferred (instead of being cancelled), in case paying the coupon leads to breach of capital ratios.

Corporates

Corporates usually have discretion to defer the payment of coupon. However, the coupon is usually cumulative and any deferred coupon shall accrue interest at the original coupon rate of the PDI.

- Risk of write-down or conversion into equity

Banks

As per the regulatory requirements current RBI guidelines, banks have to maintain a Common Equity Tier-1 (CET-1) ratio of Risk Weighted Assets (RWAs), failing which the AT-1 bonds can get written down. Further, AT-1 Bonds are liable to be written down or converted to common equity, at the discretion of RBI, in the event of Point of Non Viability Trigger (PONV). PONV is a point, determined by RBI, when a bank is deemed to have become non-viable unless there is a write off/ conversion to equity of AT-1 Bonds or a public sector capital injection happens. The write off/conversion has to occur prior to public sector injection of capital. This risk is not applicable in case of NBFCs and Corporates.

- Risk of instrument not being called by the Issuer

Banks

The issuing banks have an option to call back the instrument after minimum specified period from the date of issuance , subject to meeting the RBI guidelines. However, if the bank does not exercise the call on first call date, the Scheme may have to hold the instruments for a period beyond the first call exercise date.

NBFCs

The NBFC issuer has an option to call back the instrument after minimum specified period as per the regulatory requirements from date of issuance , subject to meeting the RBI guidelines. However, if the NBFC does not exercise the call option the Scheme may have to hold the instruments for a period beyond the first call exercise date.

Corporates

There is no minimum period for call date. However, if the corporate does not exercise the call option, the Scheme may have to hold the instruments for a period beyond the call exercise date.

(xix) Risk factors associated with processing of transaction through Stock Exchange Mechanism

The trading mechanism introduced by the Stock Exchange(s) is configured to accept and process transactions for mutual fund Units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised Stock Exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing /settlement, etc. upon which the Fund has no control. Moreover, transactions conducted through the Stock Exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized Stock Exchange(s).

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme (at portfolio level). The two conditions mentioned above shall be complied within each calendar quarter, on an average basis, as specified by SEBI. . In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the

Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

- The information set out in the Scheme Information Document (SID) and Statement of Additional Information (SAI) are for general purposes only and do not constitute tax or legal advice. The tax information provided in the SID/SAI does not purport to be a complete description of all potential tax costs, incidence and risks inherent in subscribing to the Units of Scheme offered by HDFC Mutual Fund. Investors should be aware that the fiscal rules/ tax laws may change and there can be no guarantee that the current tax position as laid out herein may continue indefinitely. The applicability of tax laws, if any, on HDFC Mutual Fund/ Scheme/ investments made by the Scheme and/or investors and/ or income attributable to or distributions or other payments made to Unitholders are based on the understanding of the prevailing tax legislations and are subject to adverse interpretations adopted by the relevant authorities resulting in tax liability being imposed on the HDFC Mutual Fund/ Scheme/ Unitholders/ Trustee /AMC.

In view of the individual nature of the tax consequences, each investor is advised to consult his/ her own professional tax advisor to determine possible legal, tax, financial or other considerations for subscribing and/or redeeming the Units and/or before making a decision to invest/ redeem Units. The tax information contained in SID/SAI alone may not be sufficient and should not be used for the development or implementation of an investment strategy or construed as investment advice. Investors alone shall be fully responsible/ liable for any investment decision taken on the basis of this document. Neither the Mutual Fund nor the AMC nor any person connected with it accepts any liability arising from the use of this information.

- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Schemes are wound up for the reasons and in the manner provided in SAI.
- Redemption by the Unit holder either due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.
- Subject to SEBI (Mutual Funds) Regulations, 1996 in the event of substantial investment by the Sponsor and its associates directly or indirectly in the Scheme of the Mutual Fund, Redemption of Units by these entities may have an adverse impact on the performance of the Scheme because of the timing of any such Redemptions and this may also impact the ability of other Unit holders to redeem their Units.
- The Scheme has not been registered in any jurisdiction. The Scheme may however in future be registered in any jurisdiction, as and when the AMC / Trustee desires. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to registration or other requirements and accordingly, persons who come in possession of this SID are required to inform themselves about and observe any such restrictions and/ or legal, compliance requirements with respect to their eligibility for investment in the Units of the Scheme. Any person receiving a copy of this SID, SAI or any accompanying application form in such jurisdiction should not treat this SID, SAI or such application form as constituting an invitation to them to subscribe for Units. Such persons should in no event use any such application form unless in the relevant jurisdiction such an invitation to subscribe could lawfully be made to them and such application form could lawfully be

used without complying with any registration or other legal requirements by the AMC/Mutual Fund/Trustee.

- Any dispute arising out of the Scheme shall be subject to the non-exclusive jurisdiction of the Courts in India. Statements in this SID are, except where otherwise stated, based on the law, practice currently in force in India and are subject to changes therein.
- Investors are advised to rely upon only such information and/or representations as contained in this SID. Any subscription or redemption made by any person on the basis of statements or representations which are not contained in this SID or which are inconsistent with the information contained herein shall be solely at the risk of the Investor. The Investor is required to confirm the credentials of the individual/firm he/she is entrusting his/her application form along with payment instructions for any transaction in the Scheme. The Mutual Fund/Trustee/AMC shall not be responsible for any acts done by the intermediaries representing or purportedly representing such Investor.
- The AMC and/ or its Registrars & Transfer Agent (RTA) reserve the right to disclose/share Unit holder's details of folio(s) and transaction details thereunder with the following third parties:
 - a) RTA, Banks and/or authorised external third parties who are involved in transaction processing, despatching etc., of the Unitholder's investment in the Scheme;
 - b) Distributors or sub-brokers through whom the applications are received for the Scheme;
 - c) Any other organizations for compliance with any legal or regulatory requirements or to verify the identity of the Unitholders for complying with anti-money laundering requirements.
- Mutual funds investments are subject to market risks and the Investors should review/study this SID, the SAI and the addenda thereto issued from time to time carefully in its entirety before investing and should not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation or financial/investment matters. There can be no assurance or guarantee that the Scheme objectives will be achieved. The investment decisions made by the AMC/Fund Manager may not always be profitable.
- In terms of the Prevention of Money Laundering Act, 2002, the Rules issued there under and the guidelines/circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification i.e. Know Your Customer programme, verify and maintain the record of identity and address(es) of investors.
- The need to Know Your Customer (KYC) is vital for the prevention of money laundering. The Trustee / AMC may seek information or obtain and retain documentation used to establish identity. It may re-verify identity and obtain any missing or additional information for this purpose. The Trustee / AMC may reject any application or prevent further transactions by a Unit holder, if after due diligence, the Investor / Unit holder / a person making the payment on behalf of the Investor does not fulfill the requirements of the Know Your Customer (KYC).
- If after due diligence the Trustee / AMC has reason to believe that any transaction is suspicious in nature as regards money laundering, the AMC shall report such transactions to competent authorities under PMLA and rules/guidelines issued thereunder by SEBI/RBI, furnish any such information in connection therewith to such authorities and take any other actions as may be required for the purposes of fulfilling its obligations under

PMLA and rules/ guidelines issued thereunder without obtaining prior approval of the Unitholder/any other person. In this connection the Trustee / AMC reserves the right to reject any such application.

- As per clause 14.11 of Master Circular, in order to strengthen the Know Your Client (KYC) norms and identify every participant in the securities market with their respective Permanent Account Number (PAN) thereby ensuring sound audit trail of all the transactions, PAN shall be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transactions (except for specifically exempted cases). Exempted investors are required to provide alternate proof of identity in lieu of PAN for KYC purposes and are allotted PAN-exempt KYC Reference Number (PEKRN).
- **Mandatory furnishing of PAN / PEKRN and failure consequences:** Valid PAN/PEKRN and KYC is mandatory for all financial transactions including non-investor initiated. If not furnished, then from April 1, 2023, the impact on non-investor initiated transactions shall include:
 1. IDCW reinvestment option/facility being automatically changed to IDCW payout option/facility
 2. Registrations under Transfer of IDCW Plan facility, being cancelled and IDCW declared, if any, being treated as "Payout"
 3. All IDCW pay-out (including point 1 and 2 above) shall also be paid only after unit holders furnish their PAN/PEKRN.

Further, such investors will also be able to lodge grievance or make service requests only after furnishing the above details.

- **Mandatory linking of PAN and Aadhaar and failure consequences:** Currently, as per Section 139AA of the Income Tax Act, 1961, every person who has been allotted a PAN as on July 1, 2017, and who is eligible to obtain an Aadhaar number, shall have to mandatorily link their Aadhaar and PAN latest by June 30, 2023, or such other timeline as may be notified by SEBI from time to time, failing which such PAN shall become inoperative immediately thereafter and attract higher TDS and transaction restrictions.

Note: Presently, Aadhaar-PAN linking does not apply to any individual who is (a) residing in the States of Assam, Jammu and Kashmir, and Meghalaya; (b) a non-resident as per the Income Tax Act, 1961 (NRI as per Income Tax records); or (c) of the age of eighty years or more at any time during the previous year; or (d) not a citizen of India. However, these exemptions may change or be revoked later.

- **Mandatory nomination / opt-out and failure consequences:** SEBI vide its clause 17.16 of Master Circular, has made it mandatory for investors subscribing to mutual fund units on or after October 1, 2022, to either provide nomination details or opt out of nomination in prescribed format. Further, all existing individual unit holder(s) (either sole or joint) are required to provide nomination / opt out of nomination by January 1, 2024 or such other timeline as may be notified by SEBI from time to time, failing which their folios shall be frozen for debits.
- The AMC may either through itself or through its subsidiaries may undertake other Business Activities such as acting as the investment manager of various Alternative Investment Funds (AIFs), providing portfolio management services, investment advisory services, separately managed accounts; etc. as permitted under Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996, as amended from time to time ("the Regulations") and subject to such conditions as may be specified by SEBI from time to

time. Any potential conflicts between these activities and the Mutual Fund will be adequately addressed by compliance with the requirements under Regulation 24(b) of the Regulations.

- The AMC offers portfolio management / non-binding investment advisory services and such activities are not in conflict with the activities of the Mutual Fund. The AMC has renewed its registration obtained from SEBI vide Registration No. - PM / INP000000506 dated February 18, 2016 to act as a Portfolio Manager under the SEBI (Portfolio Managers) Regulations, 1993. The said certificate of registration is valid unless it is suspended or cancelled by SEBI.
- The AMC act as the investment manager for HDFC AMC AIF - II ("AIF Fund"), which is formed as a trust and has received registration as a Category II Alternative Investment Fund from SEBI vide Registration No. IN/AIF2/ 12-13/0038. The Certificate of Registration is valid till the expiry of the last Scheme set up under the AIF Fund. The AMC will ensure that there are no material conflicts of interest. Any potential conflicts between the AIF Fund and the Mutual Fund will be adequately addressed by compliance with the requirements under Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996; ensuring that the fund manager(s) of each Scheme of the Mutual Fund, will not play any role in the day-to-day operations of the AIF Fund, and the key investment team of the AIF Fund is not involved with the activities of the Mutual Fund; and (c) ensuring that there is no inter-se transfer of assets between the Mutual Fund and any Scheme of the AIF Fund.
- The AMC offers management and/or advisory services to permitted categories of foreign portfolio investors investing in India, through fund manager(s) managing the Schemes of the Fund ("**Business Activity**") as permitted under Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996, as amended from time to time ("**the Regulations**") and subject to such conditions as may be specified by SEBI from time to time. The services provided by the AMC for the said Business Activity shall inter-alia include investment management and non-binding investment advice, India focused research, statistical and analytical information. While, undertaking the said Business Activity, the AMC shall ensure that (i) there is no conflict of interest with the activities of the Fund; (ii) there exists a system to prohibit access to insider information as envisaged under the Regulations; and (iii) Interest of the Unit holder(s) of the Schemes of the Fund are protected at all times.

The AMC / Trustee reserves the right to modify the provisions of the SID / KIM / SAI from time to time as permissible under SEBI (MF) Regulations and circulars and guidelines issued thereunder from time to time.

The Scheme may invest up to 50% of maximum permissible allocation to debt assets in securitized debt or structured obligations or credit enhancements. However, in accordance with provisions of clause 12.3.1 of Master Circular as may be amended by SEBI from time to

time, investment in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:

- a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
- b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For this purpose, a group means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

As per clause 12.2 of Master Circular as may be amended from time to time, the Mutual Fund under all its schemes shall not own more than 10% of instruments issued by a single issuer in debt instruments with special features such as subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption ("also referred to as "perpetual debt instruments"). Further, the Mutual Fund scheme shall not invest –

- a) more than 10% of its NAV of the debt portfolio of the scheme in perpetual debt instruments; and
- b) more than 5% of its NAV of the debt portfolio of the scheme in perpetual debt instruments issued by a single issuer.

The limit mentioned at a) and b) above shall be within the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.

Derivative positions for equity other than hedging purposes shall not exceed 50% of maximum permissible allocation to equity assets and derivative positions for debt shall not exceed 50% of maximum permissible allocation to debt assets. Scheme may undertake imperfect hedging in accordance with guidelines and limits prescribed in clause 12.25.9 of Master Circular.

The cumulative gross exposure through equity, debt and Money Market Instruments, derivative positions (including commodity and fixed income derivatives), repo transactions, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the scheme, subject to clause 12.24.1 of Master Circular. Security wise hedge positions using derivatives such as Interest Rate Swaps, call options written under the covered call Strategy and any other positions specifically exempted under SEBI guidelines from time to time, subject to approval, if any, will not be considered in calculating above exposure.

As per clause 12.19 of Master Circular, the Scheme may invest upto 20% of its net assets in foreign securities. The Scheme seeks to invest an amount of US \$20 million in foreign securities within a period of 6 months from the date of closure of NFO subject to enhancement of industry-wide overseas limits by RBI/SEBI. Further investments shall follow the norms for ongoing schemes as specified from time to time, which currently are, 20% of the average AUM in Overseas securities / Overseas ETFs of the previous three calendar months would be available to the Mutual Fund for that month to invest in Overseas securities / Overseas ETFs. Provided that the limit for investment in overseas securities including ETFs shall be as permitted by SEBI from time to time.

The Scheme intends to invest in repo /reverse repo in corporate debt securities, as per prevailing regulatory norms upto 10% of the net assets of the Scheme.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled

commercial banks, subject to clause 12.16 of Master Circular. The AMC shall not charge investment management and advisory fees on such investments. The Term Deposits placed as margin will be covered in exposure to cash and cash equivalent.

Further, a part of the total assets may be invested in the Tri-Party Repos on Government Securities or Treasury Bills (TREPS) or repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements, subject to regulatory approvals, if any. From time to time, the Scheme may hold cash.

Stock Lending by the Fund

Subject to the SEBI (MF) Regulations and in accordance with clause 12.11 of Master Circular, as may be amended from time to time, the Scheme seeks to engage in Stock Lending.

The AMC shall adhere to the following limits should it engage in Stock Lending.:

- i. Not more than 20% of the net assets of the Scheme can be deployed in Stock Lending.
- ii. Not more than 5% of the net assets of the Scheme can be deployed in Stock Lending to any single approved intermediary i.e. the limit will be at broker level.

Stock Lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation in order to enhance returns of the portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period.

The Mutual Fund may not be able to sell such lent out securities and this can lead to temporary illiquidity.

Exposure limits for participation in repo in corporate debt securities

The gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the scheme or as permitted by extant SEBI regulation.

As per applicable provisions under Para 12.18 of Master Circular, the Scheme shall participate in repos on following corporate debt securities:

1. Listed AA and above rated corporate debt securities
2. Commercial Papers (CPs) and Certificate of Deposits (CDs).

Additionally, other restrictions on exposures to repo in corporate debt securities like tenor, rating category etc. would be applicable, as permitted by SEBI and RBI from time to time.

Change in Asset Allocation Pattern

Breach due to Short Term and Defensive Considerations:

The above mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may vary from time to time, keeping in view market conditions, market opportunities, and political and economic factors. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, the Fund Manager, with the intention to protect the interests of the unit holders may change the investment pattern for short term and defensive considerations. The Fund Manager may rebalance the portfolio within 30 calendar days (or such other timelines as prescribed by SEBI from time to time) and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time.

Passive Breach:

As per clause 2.9 of Master Circular, as may be amended / clarified from time to time in the event of change in the asset allocation due to passive breaches (occurrence of instances not

arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period.

In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

D. WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme shall be invested in accordance with the investment objective in any (but not exclusively) of the following securities:

- **Investment in equity and equity related instruments:**

Investments in these securities will be as per the limits specified in the asset allocation table of Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

- 7) Permitted securities under a repo/ reverse repo agreement (other than Corporate Debt Securities)
- 8) Any other like instruments as may be permitted / approved by RBI / SEBI from time to time, subject to necessary regulatory approvals.

Investment in debt securities will usually be in instruments, which have been assessed as "high investment grade" by at least one credit rating agency authorised to carry out such activity under the applicable regulations. Pursuant to clause 12.12 of Master Circular, the AMC may constitute committee(s) to approve proposals for investments in unrated debt instruments. The AMC Board and the Trustee shall approve the detailed parameters for such investments. The details of such investments would be communicated by the AMC to the Trustee in their periodical reports. It would also be clearly mentioned in the reports, how the parameters have been complied with. However, in case any unrated debt security does not fall under the parameters, the prior approval of Board of AMC and Trustee shall be sought. Investment in debt instruments shall generally have a low risk profile and those in money market instruments shall have an even lower risk profile. The maturity profile of debt instruments will be selected in accordance with the AMC's view regarding current market conditions, interest rate outlook and the stability of ratings.

Investments in Debt and Money Market Instruments will be as per the limits specified in the asset allocation table, subject to restrictions / limits laid under SEBI (MF) Regulations mentioned under section **'WHAT ARE THE INVESTMENT RESTRICTIONS?'**

Investments in debt will be made through primary or secondary market purchases, other public offers, placements and right offers (including renunciation). The securities could be listed, unlisted (as permitted), privately placed, secured /unsecured, rated / unrated.

- Where the monies are parked in short term deposits of Scheduled Commercial Banks pending deployment, the Scheme shall abide by the following guidelines as specified in clause 12.16 of Master Circular as may be amended from time to time:
 - 1) "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
 - 2) Such short-term deposits shall be held in the name of the Scheme.
 - 3) The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.

 - 6) The Scheme shall not park funds in short- term deposit of a bank, which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
 - 7) No investment management and advisory fees will be charged for such investments in the Scheme.

The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.

- The Scheme may engage in securities lending within the overall framework of 'Securities Lending Scheme, 1997 specified by SEBI and such other norms as may be specified by SEBI from time to time.
- The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI (MF) Regulations. As per the SEBI (MF) Regulations, no investment management fees will be charged for such investments and the aggregate inter scheme investment made by all the schemes of HDFC Mutual Fund or

in the schemes of other mutual funds shall not exceed 5% of the net asset value of the HDFC Mutual Fund.

- The Scheme may invest in hybrid securities such as units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time.

■ **Investment in Securitised Debt**

A securitisation transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers.

Generally available asset classes for securitisation in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans/receivables

Investment / Risk Mitigation Strategy

1. Risk profile of securitised debt vis-à-vis risk appetite of the Scheme(s)

The risk profile of securitised debt is generally at par with the risk profile of other debt securities at the same level of credit rating. Securitised debt offers additional income (spread) over a debt security of similar rating and maturity, which enables the scheme to optimize its income without taking any additional credit risk. Securitised debt is generally less liquid, however, investment in securitised debt is made to maintain a diversified portfolio of debt securities that optimizes return without increasing the overall risk profile of the Scheme(s).

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitised debt, etc

The originator is an entity (like banks, non-banking finance companies, corporates etc), which has initially provided the loan & is also generally responsible for servicing the loans. The schemes will invest in securitised debt of originators with at least investment grade credit rating and established track record. A detailed evaluation of originator is done before the investment is made in securitised debt of any originator on various parameters given below:

- **Track record**

The investment in securitised debt is done based on origination and underwriting process and capabilities of the originator, overview of corporate structure, group to which they belong, experience of the company in the business & how long they have been in the business, financial condition of the company, credit rating, past performance of similar pools by the originator, etc.

- **Willingness to pay through credit enhancement facilities etc.**

Credit enhancement is provided by the originator, as indicated by rating agencies, so as to adequately cover the defaults and acts as a risk mitigation measure. The size of the credit enhancement as indicated by rating agency depends on the originator's track

record, past delinquencies, pattern of the portfolio & characteristics of the pool vis-a-vis of the portfolio, nature of the asset class.

- **Ability to pay**

The quality of the origination impacts the performance of the underlying asset & thus originators with strong systems and processes in place can eliminate poor quality assets. A robust risk management system of the originator and availability of MIS reports on timely basis, results in creation of strong asset portfolio.

- **Business Risk Assessment**

The business risk assessment of originator / underlying borrower also includes detailed credit assessment wherein following factors are also considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition, a detailed review and assessment of rating rationale is done along with interactions with the company as well as the rating agency. All investment in securitised debt is done after taking into account, the Critical Evaluation Parameters (for pool loan and single loan securitisation transactions) regarding the originator / underlying issuer as mentioned below:

- Default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios of the ultimate borrower (for single- sell downs) - both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan, as the case may be.

3. Risk mitigation strategies for investments with each kind of originator

Investments are based on assessment of following parameters, so as to mitigate risk associated with such investment:

- a) Credit quality, size and reach of the originator
- b) Nature of receivables/asset category i.e. cars, construction equipment, commercial vehicles, personal loans etc.
- c) Collection process, infrastructure and follow-up mechanism
- d) Quality of MIS
- e) Credit cum liquidity enhancement
- f) Credit appraisal norms of originator
- g) Asset Quality - portfolio delinquency levels
- h) Past performance of rated pools
- i) Pool Characteristics - seasoning, Loan-to-value ratios, geographic diversity etc.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

Diversification of underlying assets is achieved through a) prudent mix of asset categories - i.e. cars (new, used), commercial vehicles, construction equipment, unsecured loans to individuals or small & medium enterprises b) total number of contracts in a pool c) average ticket size of loans and d) geographical distribution.

Risk mitigation measures for less diversified investments in pools is accomplished through the size of credit enhancement, seasoning or loan to value ratios.

Illustrative framework, which will be applied while evaluating investment decision relating to a pool securitisation transaction:

| Characteristics/ Type of Pool | Mort- gage Loan | Commercial Vehicle and Constructio n Equipment | Car | 2 wheeler s | Micro Financ e Pools | Person al Loans | Singl e Sell Down s | Others |

NA - Not Applicable

Information in the table above is based on current scenario and is subject to change depending upon the change in related factors.

Notes:

A. In case of securitised debt with underlying being single loan, the investment limit applicable to the underlying borrower is considered.

B. Other investment will be decided on a case to case basis.

In case of asset backed pools (ABS), evaluation of the pool assets is done considering the following factors: (Refer the table above which illustrates the averages of parameters considered while selecting the pool)

- Size of the loan
- Average original maturity of the pool
- Loan to Value Ratio
- Average seasoning of the pool
- Default rate distribution
- Geographical Distribution
- Credit enhancement facility
- Liquid facility
- Structure of the pool

5. Minimum retention period of the debt by originator prior to securitisation

The illustrative average seasoning of the debt by originator prior to securitisation is given above in table (Refer Point 4).

Minimum retention period of the debt by originator prior to securitisation in the case of asset pools is in the form of seasoning of loans to various asset classes (cars, commercial

vehicles, etc.) and generally varies from one month to six months depending on the nature of asset.

6. Minimum retention percentage by originator of debts to be securitised

While minimum retention percentage by originator is not prescribed, any amount retained by the originator through subordination is viewed positively at the time of making investment and generally varies from 5% to 10%.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitised debt of an originator and the originator in turn makes investments in that particular scheme of the fund

All proposals for investment in securitised debt are evaluated by the credit analyst based on several parameters such as nature of underlying asset category, pool characteristics, asset quality, credit rating of the securitisation transaction, and credit cum liquidity enhancement available. Investment in securitised debt in any scheme is made by the respective fund manager in line with the investment objective of that scheme.

8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitised debt (in general)

Investment in securitised debt is monitored regularly with regards to its performance on various parameters such as collection efficiency, delinquencies, prepayments and utilization of credit enhancement. Information on these parameters is available through monthly reports from Pool Trustees and through information disseminated by the rating agencies. Monthly performance report is released by the credit analyst to the fund management team and the fund management team periodically reviews the same.

- The Scheme may also invest in suitable investment avenues in overseas financial markets for the purpose of diversification, yield enhancement and to benefit from potential foreign currency appreciation, commensurate with the Scheme objectives and subject to clause 12.19 of Master Circular as may be amended from time to time and any other requirements as may be stipulated by SEBI/ RBI from time to time. Towards this end, the Mutual Fund may also appoint overseas investment advisors and other service providers, as and when permissible under the regulations. The Scheme may, in terms of its investment objectives with the approval of SEBI/RBI invest in following Foreign Securities:
 - i. ADRs/ GDRs issued by Indian or foreign companies
 - ii. Equity of overseas companies listed on recognized stock exchanges overseas
 - iii. Initial and follow on public offerings for listing at recognized stock exchanges overseas
 - iv. Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies
 - v. Money market instruments rated not below investment grade
 - vi. Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds
 - vii. Government securities where the countries are rated not below investment grade
 - viii. Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities
 - ix. Short term deposits with banks overseas where the issuer is rated not below investment grade
 - x. Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) permitted unlisted overseas securities (not exceeding 10% of their net assets).

1. As per clauses 12.19.1 of Master Circular:

1.1. Mutual Funds can make overseas investments subject to a maximum of US \$ 1 billion per Mutual Fund, within the overall industry limit of US \$ 7 billion.

1.2. Mutual Funds can make investments in overseas Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion.

2. The allocation methodology of the aforementioned limits shall be as follows:

2.1. In case of overseas investments specified at Para 1.1 above, US \$ 50 million would be reserved for each Mutual Fund individually, within the overall industry limit of US \$ 7 billion.

Subject to the limit specified in 1.1. and 1.2 above, the Scheme may invest a maximum of US \$ 20 million in Foreign Securities within a period of 6 months from the NFO closure date.

Further investments shall follow the norms for ongoing schemes as specified from time to time, which currently are, 20% of the average AUM in Overseas securities / Overseas ETFs of the previous three calendar months would be available to the Mutual Fund for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits specified at Para 1 above. Provided that the limit for investment in overseas securities including ETFs shall be as permitted by SEBI from time to time.

The Scheme shall not have an exposure of more than 20% of its net assets in foreign securities, subject to regulatory limits specified from time to time.

Subject to the approval of the RBI / SEBI and conditions as may be prescribed by them, the Mutual Fund may open one or more foreign currency accounts abroad either directly, or through the custodian/sub-custodian, to facilitate investments and to enter into/deal in forward currency contracts, currency futures, interest rate futures / swaps, currency options for the purpose of hedging the risks of assets of a portfolio or for its efficient management.

The Mutual Fund may, where necessary appoint intermediaries as sub-managers, sub-custodians, etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses as stated under Regulation 52 of SEBI (MF) Regulations.

- **Trading in Derivatives**

The Scheme may take derivatives position based on the opportunities available subject to the guidelines provided by SEBI from time to time and in line with the overall investment objective of the Scheme. The Fund has to comply with the prescribed disclosure requirements.

The Scheme intends to use derivatives mainly for the purpose of hedging and portfolio balancing. Losses may arise as a result of using derivatives, but these are likely to be compensated by the gains on the underlying cash instruments held by the Scheme. The Scheme will not assume any leveraged exposure to derivatives.

Hedging does not mean maximisation of returns but only reduction of systematic or market risk inherent in the investment. The Scheme intend to take position in derivative instruments like Futures, Options, and such other derivative instruments as may be permitted by SEBI from time to time.

Pursuant to clause 7.5.1.2 of Master Circular, as may be amended from time to time, the Scheme(s) shall be treated as Trading Members at par with a registered FII in respect of position limits in index futures, index options, stock options and stock futures contracts.

Derivatives can be traded over the exchange or can be structured between two counter-parties. Those transacted over the exchange are called exchange Traded derivatives whereas the other category is referred to as OTC (Over the Counter) derivatives. Some of the differences of these two derivative categories are as under:

Exchange traded derivatives: These are quoted on the exchanges like any other traded asset class. The most common amongst these are the Index Futures, Index Options, Stock Futures and Options on individual equities / securities. The basic form of the futures contract is similar to that of the forward contract, a futures contract obligates its owner to purchase a specified asset at a specified exercise price on the contract maturity date. Futures are cash-settled and are traded only in organised exchanges. Exchange traded derivatives are standardised in terms of amount and delivery date. Standardisation and transparency generally ensures a liquid market together with narrower spreads. On the other hand, for delivery dates far in the future, there may be insufficient liquidity in the futures market whereas an OTC price may be available.

OTC derivatives: OTC derivatives require the two parties engaging in a derivatives transaction to come together through a process of negotiation. It is a derivative that is customised in terms of structure, amount, tenor, underlying assets, collateral etc. Some of the common examples are interest rate and currency swaps, Forward Rate Agreements (FRAs) etc.

Position Limits

The position limits for trading in derivatives by Mutual Funds specified by clause 7.5 of Master Circular are as follows:

i. Position limit for Mutual Funds in index options contracts

- a) The Mutual Fund position limit in all index options contracts on a particular Underlying Index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock exchange.
- b) This limit would be applicable on open positions in all options contracts on a particular Underlying Index.

ii. Position limit for Mutual Funds in index futures contracts

- a) The Mutual Fund position limit in all index futures contracts on a particular Underlying Index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock exchange.
- b) This limit would be applicable on open positions in all futures contracts on a particular underlying.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Funds for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts will be as follows :-

- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

v. Position limit for each Scheme of a Mutual Fund

The Scheme-wise position limit requirements shall be:

1) For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a Scheme of a mutual fund shall not exceed the higher of:

1% of the free float market capitalization (in terms of number of shares). or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

2) This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock exchange.

3) For index based contracts, Mutual Funds shall disclose the total open interest held by its Scheme or all Schemes put together in a particular Underlying Index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that Underlying Index.

Exposure Limits

The exposure limits for trading in derivatives by Mutual Funds specified by clauses 12.24 and 12.25 of Master Circular as amended from time to time are as follows:

1. The cumulative gross exposure through equity, debt, derivative positions (fixed income derivatives), repo transactions and Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the scheme.

2. Mutual Funds shall not write options or purchase instruments with em-bedded written options except as permitted under SEBI circulars from time to time. Currently, Mutual Fund schemes (except Index Funds and ETFs) may write call options only under a covered call strategy as explained in point 9 below.

3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.

4. Cash or cash equivalents i.e. Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days may be treated as not creating any exposure.

5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

a) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.

b) Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.

c) Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

d) The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

6. (a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.

(b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single

counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

8. Definition of Exposure in case of Derivative Positions:

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

| Position | Exposure |
|-----------------|--|
| Long Future | Futures Price * Lot Size * Number of Contracts |
| Short Future | Futures Price * Lot Size * Number of Contracts |
| Option Bought | Option Premium Paid * Lot Size * Number of Contracts |

9. Exposure on account of call option written under the covered call strategy:

The Scheme will write call options only under a covered call strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:

a) The total notional value (taking into account strike price as well as premium value) of call options written shall not exceed 15% of the total market value of the underlying equity shares held at all points in time. In case of any passive breach, the Scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options will can be written in the Scheme.

b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of the particular company held in the Scheme at all points in time. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.

c) In case the Scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with (a) and (b) above while selling the securities.

d) The Scheme shall not write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.

e) The total gross exposure related to option premium paid and received will not exceed 20% of the net assets of the Scheme.

E. WHAT ARE THE INVESTMENT STRATEGIES?

INVESTMENT STRATEGY AND RISK CONTROL

The Scheme will invest in Indian equity and equity related securities of companies in Transportation and Logistics theme. This includes following basic industries as per common framework of industry classification of companies notified by stock exchanges (NSE and BSE): 2/3 Wheelers, Abrasives, Airline, Auto Components and Equipments, Batteries-Automobile, Bearings, Castings and Forgings, Commercial Vehicles, Fastener, Logistics Solution Provider, Passenger Cars & Utility Vehicles, Port & Port services, Railway Wagons, Railways, Ship Building & Allied Services, Shipping, Toll bridge operator, Tour, Travel Related Services,

Tractors, Trading – Automobiles, Tyres & Rubber Products, E-Commerce companies which are into delivery are eligible to be included.

The Scheme can invest in companies across market capitalization and will use bottom up approach to identify strong companies.

A portion of scheme will also be invested in IPOs and other primary market offerings that meet the Scheme's investment criteria.

Further, to achieve diversification, the Scheme may also invest up to 20% of the assets in companies other than those in Transportation and Logistics theme.

Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.

The Scheme may also invest in the hybrid securities viz. units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time.

The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments. Investment in Debt securities (including securitized debt, other structured obligations and credit enhanced debt rated SO / CE) and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.

Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

RISK CONTROL

Investments made by the Scheme would be in accordance with the investment objectives of the scheme and provisions of SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification. The Scheme being thematic in nature the major risk is theme specific concentration risk. The scheme will try and mitigate this risk by investing in sufficiently large number of companies within the Transportation and Logistics space, so as to maintain optimum diversification and keep stock specific concentration risk relatively low. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, the investment team of the AMC will carry out rigorous in-depth analysis of the securities proposed to be invested in. The Scheme may also use various derivatives products for the purpose of trading, hedging and portfolio balancing from time to time, with an attempt to protect the value of the portfolio and enhance Unitholders' interest. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Risk Mitigation measures for investments in equity / equity related instruments:

The Scheme is mandated to construct a portfolio predominantly of equity and equity related instruments of companies engaged in the Transportation and Logistics theme.

However, to achieve diversification the Scheme may also invest up to 20% of the assets in companies engaged in businesses other than Transportation and Logistics theme. This will help mitigate the risk associated with investments in Transportation and Logistics theme stocks.

Risk Mitigation for investments in debt securities:

Any investments in debt securities would be undertaken after assessing the associated credit risk, interest rate risk and liquidity risk.

Credit Evaluation Policy

The credit evaluation policy of the AMC entails evaluation of credit fundamentals of each investment opportunity. Some of the factors that are evaluated inter-alia may include outlook on the sector, parentage, quality of management, and overall financial strength of the credit. The AMC utilises ratings of recognised rating agencies as an input in the credit evaluation process. Investments in bonds and debenture are usually in instruments that have been assigned high investment grade ratings by a recognized rating agency.

In line with clause 12.12 of Master Circular, the AMC may constitute committee(s) to approve proposals for investments in unrated instruments. The AMC Board and the Trustee shall approve the detailed parameters for such investments. The details of such investments would be communicated by the AMC to the Trustee in their periodical reports. It would also be clearly mentioned in the reports, how the parameters have been complied with. However, in case any security does not fall under the parameters, the prior approval of Board of AMC and Trustee shall be sought.

- **Liquidity Risk:** Liquidity risk is the risk of not being able to sell / liquidate a security at short notice at prevailing market prices or without incurring impact cost. While government bonds, money market instruments and shorter maturity instruments are generally easier to sell, corporate bonds and other instruments typically face higher liquidity risk. Further, higher rated securities normally are more liquid compared to lower rated securities. As a result, different portfolios will face different levels of liquidity risk based on the underlying portfolio composition. Some of the strategies to reduce liquidity risk are creating portfolios that are diversified across maturities, ratings, types of securities, etc. in line with the fund objectives, regulations and investment strategy.
- **Credit Risk:** Lower rated securities have a higher credit risk compared to higher rated securities. Hence, credit risk faced by different schemes will be different based on the underlying portfolio / investment strategy. To reduce the credit risk, a comprehensive and in-depth credit evaluation of each issuer will be undertaken, using both quantitative (leverage, profitability, solvency ratios etc.) and qualitative factors (parentage, track record etc.). Each of the scheme/ portfolio will endeavour to maintain adequate diversification across issuers / sectors in line with scheme objectives, regulations and investment strategy. Unrated investments, if any, would require specific approval from a committee constituted for the purpose.
- **Debt Derivatives Risk:** The AMC has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per standard practice on a reciprocal basis. Interest Rate Swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.
- **Interest Rate Risk:** Interest rate risk is the risk of change in the NAVs due to change in overall market yields. The change in value of a security, for a given change in yield, is

higher for a security with higher duration and vice versa. Hence portfolios with higher duration will have higher volatility. The AMC shall strive to actively manage the duration of the respective funds based on the prevailing market conditions / outlook of interest rates, keeping in mind the scheme objectives, investment strategy and applicable regulations.

- **Concentration Risk:** The AMC will attempt to mitigate this risk by maintaining adequate diversification across issuers/ sectors / instrument type in line with the scheme objectives, investment strategy and applicable regulations. This will also be managed by keeping prudent investment limits on any particular industry or issuer or issuer group based on the size, credit profile, etc. to reduce issuer or industry specific risk.

Risk Mitigation measures for investments in Non-Convertible Preference Shares:

- **Credit Risk** - To reduce the credit risk, a comprehensive and in-depth credit evaluation of each issuer will be undertaken, using both quantitative (leverage, profitability, solvency ratios etc.) and qualitative factors (parentage, track record etc.)
- **Liquidity Risk** - The Fund endeavours to invest in preference shares of those companies which have relatively better market acceptability amongst market participants that increases the probability of secondary sale in case an exit from the investment is required.
- **Unsecured in nature** - The Fund endeavours to mitigate this risk by exercising due diligence while assessing the business, financial and management risks of the company before investing.

Risk Mitigation factors relating to investment in Perpetual Debt Instruments (PDI):

- Risk on coupon servicing and Risk of write-down or conversion into equity

Banks: The risks on coupon servicing or principal write down/ conversion to equity are mitigated, to a certain extent, if the investee bank has strong financial position and meets the required regulatory guidelines. Hence, an in-depth credit evaluation of each bank is undertaken, keeping in mind both quantitative (leverage, profitability, solvency ratios, capital adequacy, etc.) and qualitative factors (parentage, track record etc.). Given the regulatory guidelines, special focus is on capital cushion, track record of profitability, distributable surplus and/or strong parentage which has the capacity and willingness to infuse capital, in case it is needed. Investment is done only in the AT-1 bonds of banks with strong credit worthiness, in our assessment. This, in turn, reduces the risk of its capital position falling below regulatory requirements and / or reaching PONV.

Risk of write-down or conversion into equity is not applicable in case of NBFCs and Corporates.

- Risk on coupon servicing

NBFCs

These risks are mitigated, to certain extent, if the investee NBFC has strong financial position and meets the required regulatory guidelines. Hence, an in-depth credit evaluation of each NBFC is undertaken, keeping in mind both quantitative (leverage, profitability, solvency ratios, capital adequacy, etc.) and qualitative factors (parentage, track record etc.). Given the regulatory guidelines, special focus is on capital cushion, track record of profitability, distributable surplus and/or strong parentage which has the capacity and willingness to infuse capital, in case it is needed.

Corporates

To mitigate this risk, an in-depth credit evaluation of each corporate is undertaken, keeping in mind both quantitative (leverage, profitability, industry position, market share etc.) and qualitative factors (parentage, track record etc.). Additionally, given that the coupon is usually cumulative in nature and the corporate is restricted from paying any dividends till all previous dues are paid to the perpetual bond investor, the company has adequate incentive to not defer coupon on PDIs.

- Risk of instrument not being called by the Issuer

Banks

While the issuer bank does have an option to not exercise the first call, experience suggests that all Indian banks till now have exercised the call option during the call period. We believe that banks are cognizant of the investor sensitivities with regards to risk of not exercising the call option at the first call date. Further, as we invest in issuers with sound credit worthiness, we expect them to understand the importance of exercising the call as the part of their long term capital raising strategy. Any instance of skipping of call option exercise can lead to increase in cost of AT1 bonds for future issuance (as investor would start factoring in longer bond tenors) and impact the bank's profitability adversely. Given the importance of AT1 instruments for prudently managing the capital levels and improving the returns for the equity holders, we are of the opinion that banks would choose to service the interest on AT1 bonds and exercise the first call option on AT1 bonds, as they have done in the past. Finally, in case the issuer is unable to call the perpetual instrument on first call date (say due to market disruption), the annual call on these instruments would enable the bank to call the bond on any of the subsequent annual call options dates.

NBFCs and Corporates

While the issuer is not obligated to exercise the call option on first call date, the coupon step-up usually provides financial incentive to the Issuer to exercise the call option. Further, as we invest in issuer with sound credit worthiness, we expect them to be cognizant of the investor sensitivities with regards to exercising the call as the part of their long term resource raising strategy. Any instance of skipping of first call option exercise can lead to increase in cost of PDI for future issuance (as investor would start factoring in longer bond tenors) and impact the issuer's profitability adversely. Finally, in case the issuer is unable to call the perpetual instrument on first call date (say due to market disruption), the coupon step up also compensates the investor for extended holding period.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Strategies for Investment in Derivatives

Basic Structure of an Index Future:

Index Futures are instruments designed to give exposure to the equity market indices. BSE Limited and the National Stock Exchange of India Limited have started trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the Underlying Index and short term interest rates.

Example:

Assumptions:

1 month BSE 30 Future

Spot Index: 4900

Future Price on day 1: 4920

Fund buys 10,000 futures contracts On Date of settlement

Future price = Closing spot price = 4950

Profits for the Fund = (4950-4920)*10000 = Rs. 300,000 + interest for the 1 month period

Please note that the above example is given for illustration purposes only.

The net impact for the Fund will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity) plus interest costs on funds that would otherwise be invested in stocks comprising the index. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and/or mispricing of the future at any time during the life of the contract.

The strategies below are given for illustration purposes only. Some of the strategies involving derivatives that may be used by the Investment Manager, with an aim to protect capital and enhance returns include:

Strategy Number 1

- **Using Index Futures to increase percentage investment in equities**

This strategy will be used for the purpose of generating returns on idle cash, pending its investment in equities. The Scheme is subject to daily flows. There may be a time lag between the inflow of funds and their deployment in stocks. If so desired, the scheme would be able to take immediate exposure to equities via index futures. The position in index futures may be reversed in a phased manner, as the funds are deployed in the equity markets.

Example:

The scheme has a corpus of Rs. 50 crore and there is an inflow of Rs. 5 crore in a day. The AMC may buy index futures contracts of a value of Rs. 5 crore. Later as the money is deployed in the underlying equities, the value of the index futures contracts can be suitably reduced.

| Portfolio | Event | Equity Portfolio gain / (Loss) (Rs. in crore) | Derivative gain / (Loss) (Rs. in crore) | Total Portfolio gain / (Loss) (Rs. in crore) |
|--|---------------------------|---|---|--|
| Rs. 50 Crore equity exposure | 10% rise in equity prices | 5 | Nil | 5 |
| Rs. 50 Crore equity exposure + Rs. 5 Crore long position index futures | 10% rise in equity prices | 5 | 0.5 | 5.5 |
| Rs. 50 Crore equity exposure | 10% fall in equity prices | (5) | Nil | (5) |
| Rs. 50 Crore equity exposure + Rs. 5 Crore long position index futures | 10% fall in equity prices | (5) | (0.5) | (5.5) |

RISKS

- The strategy of taking a long position in index futures increases the exposure to the market. The long position is positively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not provide gains perfectly aligned to the movement in the index.
- The long position will have as much loss / gain as in the Underlying Index. e.g. if the index appreciates by 10%, the index future value rises by 10%. However, this is true only for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain / loss due to the movement of the Underlying Index. This is called the basis risk.

- While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Strategy Number 2

- **Downside Protection Using Stock Put**

As a stock hedging strategy, the purchase of a put option on an underlying stock held would lead to a capping of the loss in value of the stock in the event of a material decline in the stock's price.

The purchase of a put option against a stock holding in the scheme gives the scheme the option of selling the stock to the writer of the put at the predetermined level of the Put Option, called the strike price. If the stock falls below this level, the downside for the scheme is protected as it has already locked into the selling price. In case of a fall in the stock's price below the strike price, the value of the Put Option appreciates, approximately corresponding to the extent of the stock's price fall below the strike price.

Example:

Let us assume 20000 shares of XYZ Limited held in the portfolio with a market value of Rs. 1000 per share (overall Rs. 2 crores). The scheme purchases put options on the stock of XYZ Limited (not exceeding its holding of 20000 shares) with a strike price of Rs. 990 for an assumed cost (called Option Premium) of Rs.15 per share (Rs. 3 lakhs for 20000 shares).

By purchasing the above Put Option, the scheme has effectively set a floor to the realisation from the stock at Rs. 975 per share (Rs. 990 strike price less Rs. 15 Option Premium paid).

In case the stock price of the company falls below Rs. 975 per share, the gain in the price of the Put Option when added to the actual market price of the stock would bring the sale realisation per share close to Rs. 975 per share.

After purchasing the above Put Option, in case the price of the stock appreciates, remains around Rs. 1000 or declines slightly to remain above the strike price, the scheme may not avail of the option and the cost for having bought the option remains fixed at Rs. 15 per share.

In effect, a floor (in this case effectively Rs. 975) is set to the stock by buying an Option at a cost that is known (in this case Rs. 15 per share).

RISKS

- There can be no assurance that ready liquidity would exist at all points in time, for the scheme to purchase or close out a specific options contract.
- A hedging strategy using Put Options is a perfect hedge on the expiration date of the put option. On other days, there may be (temporary) imperfect correlation between the share price and the put option.

Strategy Number 3

- **Using Call option on Index to increase percentage investment in equities**

This strategy will be used for the purpose of participating in the upside of the market.

Example:

Suppose, the Scheme has a corpus of Rs. 100 crore and the Scheme on January 31, 2021 buys upto maximum 20% of the total assets into Index call option wherein strike price of underlying benchmark index is 10,000 and the premium on each call option for expiry after 3 years i.e. February 01, 2024 was at Rs. 2,000.

Based on the above strategy the total assets of the Scheme will be as under:

| Existing Scheme Net Assets | | Revised Scheme Total Assets | |
|----------------------------|-----------------|-----------------------------|-----------------|
| Asset Type | Rs. (in crores) | Asset Type | Rs. (in crores) |
| Equity | 70 | Equity | 70 |
| Net Current Assets | 30 | Option Premium* | 20 |
| | | (20% of 100 crores) | |
| | | Net Current Assets | 10 |
| Total Assets | 100 | Total Assets | 100 |

* Option premium paid is to take an additional exposure of around Rs. 100 crores of equities. Therefore, the total exposure to equity assets due to the said strategy will be around Rs. 170 crores (i.e. Rs. 70 crores + Rs. 100 crores).

Assuming the market index goes up the value of call option will increase. Thus, one can participate in the upside of the market as shown in the table below.

| Date | Closing value of underlying benchmark index | Call Premium/ value at expiry (Rs.) |
|-------------------|---|-------------------------------------|
| 31/01/2021 | 10,000 | 2,000 |
| February 01, 2024 | 12,400 | 2,400 |

Thus, the gain on the above strategy for the Scheme will be Rs. 400 (Rs. 2,400 - Rs. 2,000) on each call option

RISKS

- The strategy of taking a long position in index call option increases the exposure to the market. The long position is positively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not provide gains perfectly aligned to the movement in the index.
- The risk/downside, if the market falls/remains flat is only limited to the option premium paid.
- The long position will have as much loss / gain as in the Underlying Index. For e.g. if the index appreciates by 10%, the index options value rises by 10%. However, this is true only for options held till maturity.
- While option markets are typically less liquid than the underlying cash market, hence there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific contract.

Strategy Number 4

- **Using Put option on Index to minimize downside in equities**

This strategy will be used for the purpose of hedging against downside in the market and capping the maximum loss in such a scenario.

Example:

Suppose, the Scheme has a corpus of Rs 100 crore and the Scheme on January 31, 2021 buys 6% of the total assets into At-the-money Index put option wherein strike price of underlying benchmark index having expiry February 01, 2023 index put option is Rs 10,000, bought at a premium of Rs. 600.

Based on the above strategy the total assets of the Scheme will be as under:

| Existing Scheme Net Assets | | Revised Scheme Total Assets | |
|----------------------------|-----------------|-----------------------------|-----------------|
| Asset Type | Rs. (in crores) | Asset Type | Rs. (in crores) |
| Equity | 100 | Equity | 94 |
| | | Option Premium* | 6 |
| Total Assets | 100 | Total Assets | 100 |

*Option premium paid is to take downside exposure to Rs 94 crore in underlying benchmark index. Therefore, the total exposure to long equities is Rs 94 crore and participation in downside of underlying benchmark index is Rs 94 crore through the option.

| Date | Closing value of underlying benchmark index | Put Premium/ value at expiry (Rs.) |
|-------------------|---|------------------------------------|
| January 31, 2021 | 10,000 | 600 |
| February 01, 2023 | 9,000 | 1,000 |

Thus, the overall gain on the above put option for the Scheme will be Rs 400 (Rs. 1,000 - Rs. 600) on each put option.

RISKS

- The strategy of taking a long position in index put option hedges a portfolio of long only stocks/funds against potential markets falls. The long position in the put option is negatively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not provide gains perfectly aligned to the movement in the index.
- The risk/downside, if the index remains above the strike price **is only limited to the option premium paid**. The premium paid is the maximum downside to the portfolio. There is positive return in the put strategy only if the index falls below the strike price.
- The long position will have as much loss / gain as the reverse of the Underlying Index. For e.g. if the index depreciates by 10%, the index options value rises by 10%. However, this is true only for options held till maturity.
- While option markets are typically less liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific contract.

Covered Call Strategy:

When the Fund may sells a covered call (also known as writing a covered call), it would mean that the Fund would already be owning shares of the underlying stock and is selling a call which grants the buyer right, but not the obligation, to buy that stock at a set price until the option expires. The Fund would earn income known as option price or value (commonly known as the option premium) premium. An option's premium is based on several factors, like time value, intrinsic value, and implied volatility etc.

Illustration:

The Scheme owns 100 shares of Company A. Current Market Price (CMP) is Rs.50/- per share. The Scheme writes a covered call with a strike price of Rs.55/- and receives a premium of Rs.2.50 per share. Thus, the total premium received for selling the call option is Rs.250 (Rs 2.5*100 lot size). The call has an expiration date of 3 months.

On the day of expiration of options contract:

Scenario 1: The market price of Company A is below Rs.55/-, the Scheme keeps the premium (Rs.250/-) and also the stock as the buyer would let the call expire as CMP is lower than the strike price.

Scenario 2: The market price of Company A moves above Rs.55/-, the buyer would exercise the option and the Scheme will have to deliver the underlying stock to settle this obligation. The Scheme will get the strike price (Rs.5500/-) plus the premium (Rs.250/-).

Benefits:

The key benefit of writing a covered call option is to generate additional income (i.e. the proceeds of the options sale or option premium) on a stock already owned by the Fund. This enhances returns on a security that, in the fund manager's view, is not expected to move in the short-term. It can also be used as used as an exit strategy for a long position.

Risk:

Incorrectly pricing the option premium before writing the covered call by ignoring factors which determine pricing like number of days to expiry, adjustment with respect to announced corporate actions like dividend etc.

RBI and SEBI over the years vide various circulars have permitted Mutual Funds to participate in Interest Rate Swaps, Forward Rate Agreements and Interest Rate Futures. These products were introduced for deepening the country's debt and money markets. The Scheme may trade in these instruments or any new instrument permitted by SEBI for the purpose of hedging and portfolio balancing or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time. SEBI has also permitted trading of interest rate derivatives through Stock Exchange.

Interest Rate Swaps (IRS)

All swaps are financial contracts, which involve exchange (swap) of a set of payments owned by one party for another set of payments owned by another party, usually through an intermediary (market maker). An IRS can be defined as a contract between two parties (Counter Parties) to exchange, on particular dates in the future, one series of cash flows, (fixed interest) for another series of cashflows (variable or floating interest) in the same currency and on the same principal for an agreed period of time. The exchange of cashflows need not occur on the same date.

It may be noted that in such hedged positions (fixed v/s floating or vice versa), both legs of the transactions have interest rate volatility as underlying.

Basic Structure of a Swap

Assume that the Scheme has a Rs. 20 crore floating rate investment linked to FBIL (Financial Benchmarks India Private Ltd) – Overnight MIBOR (Mumbai Inter Bank Offered Rate). Hence, the Scheme is currently running an interest rate risk and stands to lose if the interest rate moves down. To hedge this interest rate risk, the Scheme can enter into a 6 month MIBOR swap. Through this swap, the Scheme will receive a fixed predetermined rate (assume 7%) and pays the “benchmark rate” (MIBOR), which is fixed by the FBIL or any other agency such as Reuters, etc. This swap would effectively lock-in the rate of 7% for the next 6 months, eliminating the daily interest rate risk.

The steps will be as follows -

- Assuming the swap is for Rs. 20 crore June 1, 2022 to December 1, 2022. The Scheme is a fixed rate receiver at 7% and the counterparty is a floating rate receiver at the overnight rate on a compounded basis (say MIBOR).

- On June 1, 2022 the Scheme and the counterparty will exchange only a contract of having entered this swap. This documentation would be as per International Swap Dealers Association (ISDA).
- On a daily basis, the benchmark rate fixed by FBIL will be tracked by them.
- On December 1, 2022 they will calculate the following-
 - The Scheme is entitled to receive interest on Rs. 20 crore at 7% for 183 days i.e. Rs. 0.7019 crore, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.
 - The counterparty is entitled to receive daily compounded MIBOR rate for 183 days & pay 7% fixed.
- On December 1, 2022, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 0.7019 crore, the Scheme will pay the difference to the counterparty. If the daily compounded benchmark rate is lower, then the counterparty will pay the Scheme the difference.
- Effectively the Scheme earns interest at the rate of 7% p.a. for six months without lending money for 6 months fixed, while the counterparty pays interest @ 7% p.a. for 6 months on Rs. 20 crore, without borrowing for 6 months fixed.

The above example illustrates the benefits and risks of using derivatives for hedging and optimizing the investment portfolio. Swaps have their own drawbacks like credit risk, settlement risk. However, these risks are substantially reduced as the amount involved is interest streams and not principal.

Forward Rate Agreement (FRA)

A FRA is an agreement between two counter parties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date, based on a notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period. The special feature of FRAs is that the only payment is the difference between the FRA rate and the Reference rate and hence are single settlement contracts. As in the case of IRS, notional amounts are not exchanged.

Assume that on December 1, 2022, the 30 day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 25 crores, which is going to mature on December 30, 2022. If the fund manager's view is that the interest rates are likely to remain stable or decline after December 30, 2022, and if the fund manager, wants to re-deploy the maturity proceeds for 1 more month and does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on December 1, 2022:

He can receive 1 X 2 FRA at 7.75% (FRA rate in 1 month time for 1 months lending) on the notional amount of Rs. 25 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. December 30, 2021 falls to 7.50%, then the Scheme receives the present value of 25 bps (7.75% - 7.50%) on the notional amount Rs. 25 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on December 1, 2022 (7.75%) as it would have received 25 basis points on Rs. 25 cr as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (December 30, 2022), the Scheme loses 25 basis points on Rs. 25 cr for 1 month, but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on December 1, 2022.

Interest Rate Futures (IRFs):

An Interest Rate Futures contract is “an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today.” The underlying security for Interest Rate Futures is either Government Bond, T-Bill or any other permitted benchmark security. IRFs contracts are cash settled.

Holders of the fixed income securities are exposed to the risk of rising interest rates, which in turn results in the reduction in the value of their portfolio. So in order to protect against a fall in the value of their portfolio due to falling bond prices, they can take short position in IRF contracts.

Example:

Date: 15/12/2021

Spot price of GOI Security: Rs 105.05

May Futures price of IRF Contract: Rs 105.12

On 15/12/2021 ABC bought 2000 GOI securities from spot market at Rs 105.05. He anticipates that the interest rate will rise in near future. Therefore to hedge the exposure in underlying market he may sell December 2021 Interest Rate Futures contracts at Rs 105.12

On 30/12/2021 due to increase in interest rate: Spot price of GOI Security: Rs 104.24 Futures Price of IRF Contract: Rs 104.28

Loss in underlying market will be $(104.24 - 105.05) \times 2000 = \text{Rs } 1,620$

Profit in the Futures market will be $(105.12 - 104.28) \times 2000 = \text{Rs } 1,680$.

Imperfect Hedging using IRF

IRF can be taken at portfolio level to reduce the interest rate risk of the portfolio or part of the portfolio (including one or more securities). However, in case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging ie basis risk. In order to reduce the basis risk for the portfolio hedging strategy, the correlation between the portfolio or part of the portfolio (excluding the hedged portions, if any) and the IRF would be atleast 0.9 at the time of initiation of hedge. The correlation should be calculated for a period of last 90 days. Additionally, Imperfect hedging using IRFs would be restricted upto maximum of 20% of the total assets of the scheme.

Example:

Date: 15/06/2021

Total Assets of the Scheme: Rs. 100 cr

Modified Duration of the Scheme: 4.75

August 2020 Future Price of IRF contract of 6.79 GOI 2030: 103.24

Modified Duration of 6.79 GOI 2030: 7.13

Correlation between IRF and Portfolio during last 90 days: 0.95

On 15/06/2021, the fund manager anticipates that the interest rates will rise in near future. Therefore, to hedge the exposures of the portfolio he sells 19,00,000 IRF contracts of August

2020 6.79 GOI 2030 at 103.24. Thus, the value of Futures contract is Rs. 19.62 cr, which is less than 20% of Scheme value.

On 15/07/2021, due to interest rate increase by 5 basis points, the values of securities in the portfolio reduced to Rs. 99.76 cr and the price of IRF contract for August 2020 6.79 GOI 2030 reduced to Rs. 102.88. This resulted in loss in the value of the securities of Rs. 0.24 cr (Rs. 100 cr – Rs. 99.76 cr) and profit in the futures position of Rs. 0.07 cr $\{(103.24 - 102.88) * 19,00,000\}$

Given that there was imperfect correlation between portfolio and the IRF (ie basis risk) as well as cap on the maximum portfolio hedging allowed as per extant regulation, the loss in the value of portfolio was not completely matched by the gain from the IRF contract. Nevertheless, the fund manager was able to protect the value of the portfolio, to an extent, using the IRF contract. The loss on proportionate basis (i.e. ~20% of portfolio) would have been only Rs. 0.05 cr as against gain of Rs. 0.07 cr of gain from IRF.

Risk Factors of SWAP/ Forward Rate Agreement (FRAs) / Interest Rate Futures (IRFs)

- **Credit Risk:** This is the risk of defaults by the counterparty. This is usually negligible, as there is no exchange of principal amounts in a derivative transaction.
- **Market Risk:** Market movements may adversely affect the pricing and settlement derivatives.
- **Liquidity Risk:** The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.
- **Basis Risk for imperfect hedging using IRF:** The imperfect correlation between the prices of securities in the portfolio and the IRF contract used to hedge part of the portfolio leads to basis risk. Thus, the loss on the portfolio may not exactly match the gain from the hedge position entered using the IRF.

PORTFOLIO TURNOVER

Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is an open-ended Scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

INVESTMENT DECISIONS

The Investment Committee comprising Head-Equities, Head-Fixed Income Fund Manager(s) - Equities (for equity related matters), Fund Manager(s) - Debt (for debt related matters), Fund Manager(s) - Commodities (for Commodity related matters) and Chief Compliance Officer will inter alia lay down the fund's investment philosophy, policy and processes / procedures, review the performance / portfolios of the Schemes, monitor the credit ratings of debt exposures, etc. Fund Manager(s) shall be responsible for taking investment / divestment decisions for their respective scheme(s) and for adhering to the Fund's investment philosophy, policy and processes / procedures. Investment decisions shall be recorded by the respective Fund Manager(s) along with reasons for the same. Research reports, both internal and external, covering inter alia factors like business outlook, financial analysis, valuation, etc. shall assist the Fund Manager(s) in the decision- making. Credit exposure limits shall be set and reviewed by the Head-Fixed Income, Fund Manager(s) – Debt.

The Head-Equities, Head-Fixed Income and the Investment Committee report to the Managing Director & CEO. Investment decisions are taken by the fund manager(s) of the respective scheme(s) and the Managing Director & CEO does not play any role in the day-to-

day investment decisions. The Managing Director & CEO of the AMC shall ensure that the investments made by the fund managers are in the interest of the Unit holders.

Periodic presentations will be made to the Board of Directors of the AMC and Trustee Company to review the performance of the Scheme.

INVESTMENT BY THE AMC IN THE SCHEME

The AMC may invest in the Scheme during continuous offer period subject to the SEBI (MF) Regulations. AMC's investment shall be made in accordance with clause 6.9 of Master Circular and clarifications issued thereafter. The AMC may also invest in existing Schemes of the Mutual Fund. As per the existing SEBI (MF) Regulations, the AMC will not charge Investment Management and Advisory fee on the investment made by it in the Scheme or other existing Schemes of the Mutual Fund.

F. CREATION OF SEGREGATED PORTFOLIO

In order to ensure fair treatment to all investors in case of a Credit Event and to deal with liquidity risk, clause 4.4 of Master Circular has allowed creation of Segregated Portfolio of debt and money market instruments by mutual fund schemes. Creation of Segregated Portfolio shall be optional and at the sole discretion of the asset management company.

The salient features of creation of Segregated Portfolio are as follows:

The term 'Segregated Portfolio' shall mean a portfolio, comprising debt or money market instrument affected by a Credit Event, that has been segregated in a mutual fund scheme optionally and at the sole discretion of the AMC.

The term 'Main Portfolio' shall mean the scheme portfolio excluding the Segregated Portfolio. The term 'Total Portfolio' shall mean the scheme portfolio including the securities affected by the Credit Event.

The term "Credit Event" with respect to creation of a Segregated Portfolio, if any, refers to:

- Issuer level downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA) as under:
 - Downgrade of a debt or money market instrument to 'below investment grade',
 - Subsequent downgrades of the said instruments from 'below investment grade', or
 - Similar such downgrades of a loan rating; or
- Trigger of a pre-specified event for loss absorption in case of debt instruments with special features such as subordination to equity (absorption of losses before equity capital and /or conversion to equity)
- Any other scenario as permitted by SEBI from time to time.

Note: In case of difference in rating by multiple CRAs, the most conservative rating shall be considered.

Credit Event shall also include actual default of either the interest or principal of unrated debt or money market instruments of an issuer that does not have any outstanding rated debt or money market instruments.

The AMC at its sole option and discretion may create Segregated Portfolio in the Scheme, with the approval of the Trustees, subject to the following:

Segregated portfolio may be created, in case of a Credit Event at issuer level as under

Creation of Segregated Portfolio shall be based on issuer level Credit Events as detailed above and implemented at the ISIN level.

Further, Segregated Portfolio may be created of unrated debt or money market instruments of an issuer that does not have any outstanding rated debt or money market instruments but only in case of actual default of either the interest or principal amount and subject to guidelines prescribed by SEBI in this behalf from time to time.

It may be noted that even for the same security (ISIN level) held by multiple Schemes, the AMC, in its sole discretion, may decide to segregate the portfolio only for select Schemes.

In case of debt instruments with special features mentioned above, if the instrument is to be written off or converted to equity pursuant to any proposal, the date of said proposal may be treated as the Trigger Date. However, if the said instruments are written off or converted to equity without proposal, the date of write off or conversion of debt instrument to equity may be treated as the Trigger Date.

It may be noted that notwithstanding the above, segregation of portfolio may be effected in such events and in such manner as may be permitted by SEBI whether by changes to circulars or guidelines in this behalf or by way of clarifications issued thereto from time to time or in any other manner.

Process for creation of Segregated Portfolio:

- a) In case the AMC decides on creation of Segregated Portfolio on the day of a Credit Event / Trigger Date in case of debt instruments with special features it shall:
 - i. seek approval of trustees prior to creation of the Segregated Portfolio.
 - ii. immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors and also disclose that the segregation shall be subject to trustee approval. Additionally, the said press release shall be prominently disclosed on the website of HDFC Mutual Fund ("the Fund").
 - iii. ensure that till the time the trustee approval is received, which in no case shall exceed 1 Business Day from the day of Credit Event, the subscription and redemption in the scheme(s) shall be suspended for processing with respect to creation of units and payment on redemptions.

- b) Process post receipt of trustee approval by the AMC for creation of Segregated Portfolio in the Scheme(s):
 - i. Segregated Portfolio shall be effective from the day of Credit Event
 - ii. The AMC shall issue a press release immediately with all relevant information pertaining to the Segregated Portfolio. The said information will also be submitted to SEBI.
 - iii. An e-mail or SMS shall be sent to all unit holders of the concerned scheme(s).
 - i. The NAV of both segregated and Main Portfolio of the Scheme(s) shall be disclosed from the day of the Credit Event.
 - ii. All existing investors in the scheme(s) as on the day of the Credit Event shall be allotted equal number of units in the Segregated Portfolio as held in the Main Portfolio.
 - iii. No redemption and subscription shall be allowed in the Segregated Portfolio. However, in order to facilitate exit to unit holders in Segregated Portfolio, the AMC shall enable listing of units of Segregated Portfolio on the recognized stock exchange within 10 working days of creation of Segregated Portfolio and also enable transfer of such units held in demat mode on receipt of transfer requests.

- c) If the trustees do not approve the proposal to Segregate Portfolio, the AMC shall issue a press release immediately informing investors of the same.

Valuation and processing of subscriptions and redemptions

- a) Notwithstanding the decision to segregate the debt and money market instrument, the valuation shall take into account the Credit Event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.
- b) All subscription and redemption requests for which NAV of the day of Credit Event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:
- i. Upon trustees' approval to create a Segregated Portfolio -
 - Investors redeeming their units will get redemption proceeds based on the NAV of Main Portfolio and will continue to hold the units of Segregated Portfolio.
 - Investors subscribing to the scheme(s) will be allotted units only in the Main Portfolio based on its NAV.
 - ii. In case trustees do not approve the proposal of Segregated Portfolio, subscription and redemption applications will be processed based on the NAV of Total Portfolio.

TER for the Segregated Portfolio

- a) The AMC will not charge investment and advisory fees on Segregated Portfolio. However, TER (excluding the investment and advisory fees) may be charged, on a pro-rata basis only upon recovery of the investments in Segregated Portfolio.
- b) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the Main Portfolio (in % terms) of the scheme(s) during the period for which Segregated Portfolio was in existence.
- c) The legal charges related to recovery of the investments of the Segregated Portfolio may be charged to the Segregated Portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the Main Portfolio. The legal charges in excess of the TER limits, if any, shall be borne by The AMC.
- d) The costs related to Segregated Portfolio shall in no case be charged to the Main Portfolio.

Periodic Disclosures:

In order to enable the existing as well as the prospective investors to take informed decision, inter alia the following disclosures shall be made:

- a) A statement of holding indicating the units held by the investors in the Segregated Portfolio along with the NAV of both Segregated Portfolio and Main Portfolio as on the day of the Credit Event shall be communicated to the investors within 5 working days of creation of the Segregated Portfolio.
- b) Adequate disclosure of the Segregated Portfolio shall appear in the scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the Scheme.
- c) Net Asset Value (NAV) of Segregated Portfolio, if any, shall be declared on daily basis.
- d) Investors of the Segregated Portfolio shall be duly informed of the recovery proceedings of the investments of the Segregated Portfolio. Status update may be

provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

- e) The AMC shall make necessary disclosures as mandated by SEBI with respect to Segregated Portfolio, if any, in account statements, monthly/half yearly portfolio statements, scheme annual report, Key Information Memorandum, SID, Scheme Advertisements, Scheme Performance data, AMC's Website, etc.

Risk factors associated with Creation of Segregated Portfolio

- a) Investor holding units of Segregated Portfolio may not be able to liquidate their holding till recovery of money from the issuer.
- b) Security comprising Segregated Portfolio may not realise any value.
- c) Listing of units of Segregated Portfolio on recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Given below is an **illustration explaining the segregation of portfolio**:

Scheme Portfolio before the Credit Event

| Assets | Amount (Rs.) |
|------------|--------------|
| Debt A | 50,000 |
| Debt B | 50,000 |
| Debt C | 50,000 |
| Net Assets | 1,50,000 |

Assuming number of units outstanding is 10,000 units

NAV = Net Assets / No of units = 150,000/10,000= Rs.15/-

There is a Credit Event in one of the Security (Debt C). Due to Credit Event the Debt C is valued at Rs. 25,000/- in line with extant SEBI regulations on valuation of such securities. AMC decides to segregate portfolio by segregating exposure in Debt C. The resultant split will be as follows:

Scheme Main Portfolio

| Assets | Amount (Rs.) |
|------------|--------------|
| Debt A | 50,000 |
| Debt B | 50,000 |
| Net Assets | 100,000 |

NAV (Main Portfolio) = 100,000/10,000= Rs.10/-

Scheme Segregated Portfolio

| Assets | Amount (Rs.) |
|------------|--------------|
| Debt C | 25,000 |
| Net Assets | 25,000 |

NAV (Segregated Portfolio) = Rs. 25,000/10,000= Rs.2.5/-

Investor (having 1000 units) will see his scheme holdings as follows:

| Particulars | Before Credit Event | After Credit Event | |
|-----------------------------|---------------------|--------------------|----------------------|
| | | Main Portfolio | Segregated Portfolio |
| Market Value of Units (Rs.) | 15,000 | 10,000 | 2500 |

| | | | |
|--------------------|-------|-------|------|
| No of Units | 1000 | 1000 | 1000 |
| NAV per unit (Rs.) | 15.00 | 10.00 | 2.50 |

Monitoring by Trustees

In order to ensure timely recovery of investments of a Segregated Portfolio, if any, the trustees would continuously monitor the progress and take suitable action as they deem appropriate. Trustees shall ensure that the AMC puts in sincere efforts to recover the investments of the segregated portfolio and that upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.

In order to avoid mis-use of Segregated Portfolio, Trustees shall ensure that a mechanism is put in place which will negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the Segregated Portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the Segregated Portfolio of the Scheme.

G. FUNDAMENTAL ATTRIBUTES

This Scheme does not provide any guaranteed or assured return.

Changes in Fundamental Attributes

In accordance with Regulation 18 (15A) of the SEBI (MF) Regulations, and clause 1.14.1.4 of Master Circular, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s)/ Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s)/ Option(s) thereunder and affect the interest of Unit holders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal

- A written communication about the proposed change is sent to each Unit holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unit holders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit Load.

H. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Nifty Transportation & Logistics Index (Total Returns Index).

As required under clause 1.9 of Master Circular, the benchmark has been selected from amongst those notified by AMFI as the first tier benchmark to be adopted by mutual funds and which are reflective of the category of the scheme.

The Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any by suitable notification to the investors to this effect.

Details about the Benchmark:

The Nifty Transportation & Logistics Index aims to track the performance of portfolio of stocks that broadly represent the Transportation & Logistics theme.

Stock Selection Criteria: The largest 30 stocks from eligible basic industries given below are chosen based on 6 month average free-float market capitalisation. The list of basic industries identified so far may evolve and hence change in future due to market dynamics. The weight of stocks in the index is based on their free-float market capitalization. Stock weights are capped at 10% each.

Review of the Index: Semi-annually based on data for six months ending January and July.

J. WHAT ARE THE INVESTMENT RESTRICTIONS?

As per the Regulations, the following investment restrictions are currently applicable to the Scheme:

- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided that the Mutual Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
- The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the Scheme, wherever investments are intended to be of long-term nature.
- Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.
- The Scheme shall not invest more than 10% of its NAV in case of the equity shares or equity related instruments of any company. Provided that the limit of 10% will not be applicable for the investments in case of Index Fund or sector or industry specific scheme. In case of sector or industry specific scheme, the upper ceiling on investments may be in accordance with the weightage of the scrips in the representative sectoral index or sub index as disclosed in the SID or 10% of the NAV of the scheme, whichever is higher.

The Scheme being thematic in nature, the upper ceiling on investments made will be in accordance with their weightage in the Benchmark Index or 10% of the NAV of the Scheme, whichever is higher.

- As per SEBI (MF) Regulations, the Mutual Fund under all its Scheme(s) will not own more than 10% of any company's paid up capital carrying voting rights.

Provided that the Sponsor of the Fund, its associate or group company including the asset management company of the Fund, through the Scheme(s) of the Fund or otherwise, individually or collectively, directly or indirectly, shall not have 10% or more of the shareholding or voting rights in the asset management company or the trustee company of any other mutual fund.

Provided further that in the event of a merger, acquisition, scheme of arrangement or any other arrangement involving the sponsor of the mutual funds, shareholders of the asset management companies or trustee companies, their associates or group companies which results in the incidental acquisition of shares, voting rights or representation on the board of the asset management companies or trustee companies beyond the above specified limit, such exposure may be rebalanced within a period of one year of coming into force of such an arrangement.

- The Scheme shall only invest in equity shares or equity related instruments which are listed or to be listed.
- The Scheme shall not make any investment in:
 - Any unlisted security of an associate or group company of the Sponsor; or
 - Any security issued by way of private placement by an associate or group company of the Sponsor; or
 - The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets of the Scheme of the Fund.
 - any fund of funds Scheme.
- The cumulative gross exposure through equity, debt, derivative positions (including fixed income derivatives), repo transactions and Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the scheme, subject to clause 12.24 of Master Circular.

- The Scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to such conditions as may be specified by SEBI from time to time.

Provided further that the Scheme shall comply with the norms under the above clauses within the time and in the manner as may be specified by SEBI.

Provided further that the norms for investments by the Scheme in unrated debt instruments shall be as specified by SEBI from time to time.

As per prevailing norms, investments in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall not exceed 5% of net assets of the Scheme.

Further, the Scheme shall comply with provisions of clause 12.1 of Master Circular regarding investment in Debt and Money Market Instruments, as amended from time to time, to the extent applicable to the Scheme.

- The Scheme shall not invest more than 10% of its debt portfolio in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act, subject to the below limits at rating level:

The scheme shall not invest more than:

- a. 10% of its debt portfolio in debt and money market securities rated AAA; or
- b. 8% of its debt portfolio in debt and money market securities rated AA; or
- c. 6% of its debt portfolio in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the debt portfolio of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to overall limit of 12% of its debt portfolio of the Scheme for a single issuer.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-party Repos on Government securities or treasury bills (TREPS).

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by SEBI from time to time.

- As per clause 12.2 of Master Circular as may be amended from time to time, no Mutual Fund under all its schemes shall own more than 10% of instruments issued by a single issuer in debt instruments with special features such as subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption ("hereinafter referred to as "perpetual debt instruments").

Further, a Mutual Fund scheme shall not invest –

- a) more than 10% of its NAV of the debt portfolio of the scheme in perpetual debt instruments; and
- b) more than 5% of its NAV of the debt portfolio of the scheme in perpetual debt instruments issued by a single issuer.

The limit mentioned at a) and b) above shall be within the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.

- The Scheme shall invest in Debt instruments having Structured Obligations/ Credit Enhancements in accordance with provisions of clause 12.3 of Master Circular. The same are currently as under:

The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:

- a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
- b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For this purpose, a group means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

However the above Investment limits shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitised Debt Instruments) Regulations 2008.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

- The Scheme may invest in the units of REITs and InvITs subject to the following:
 - (a) HDFC Mutual Fund under all its Schemes shall not own more than 10% of units issued by a single issuer of REIT and InvIT; and
 - (b) The Scheme shall not invest –
 - (i) more than 10% of its NAV in the units of REIT and InvIT; and
 - (ii) more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
- Transfer of investments from one Scheme to another Scheme in the same mutual fund, shall be allowed only if:-
 - a) such transfers are made at the prevailing market price for quoted Securities on spot basis.
Explanation: spot basis shall have the same meaning as specified by Stock exchange for spot transactions.
Provided that inter scheme transfer of money market or debt security (irrespective of maturity) shall take place based on prices made available by valuation agencies as prescribed by SEBI from time to time.
 - b) the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

c) Inter Scheme Transfers are effected in accordance with the guidelines specified by clause 12.30 of Master Circular as amended from time to time.

- The Scheme may invest in other scheme(s) under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all Schemes under the same AMC or in Schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund. Further, the Scheme shall not invest in any fund of funds scheme.
- Pending deployment of funds of the Scheme in securities in terms of the investment objectives of the Scheme, the Fund may invest the funds of the Scheme in short term deposits of scheduled commercial banks subject to the following guidelines as specified by SEBI
 - “Short Term” for parking of funds shall be treated as a period not exceeding 91 days.
 - Short Term deposits shall be held in the name of the Scheme.
 - Total investment of the Scheme in short term deposit(s) of all the Scheduled Commercial Banks put together shall not exceed 15% of the net assets. However, this limit can be raised upto 20% of the net assets with prior approval of the Board of Trustees.
 - Investments in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not invest more than 10% of the net assets in short term deposit(s) of any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not invest in short term deposit of a bank which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
 - No investment management and advisory fees will be charged for such investments in the Scheme.
 - The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash market.
 - However, period for ‘pending deployment’ as stated above for the Scheme shall not exceed 7 days.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting / limiting exposure to a particular scrip or sector, etc

All investment restrictions shall be applicable at the time of making investment.

B. ONGOING OFFER DETAILS

| | |
|------------------------------|--|
| Plans/options offered | <p>The Scheme offers Regular Plan and Direct Plan.</p> <p>1. Regular Plan: This Plan is for investors who wish to route their investment through any distributor.</p> <p>2. Direct Plan: This Plan is for investors who wish to invest directly without routing the investment through any distributor. This Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under the Direct Option.</p> <p>Each Plan offers following Options:</p> <p>Growth IDCW will not be declared under this Option. The income attributable to Units under this Option will continue to remain invested and will be reflected in the Net Asset Value of Units under this Option.</p> <p>Income Distribution Cum Capital Withdrawal option Under this Option, it is proposed to distribute income/ capital subject to availability of distributable profits, as computed in accordance with SEBI (MF) Regulations. Investors should note that the IDCW amount can be distributed out of investor's capital (Equalization Reserve), which is part of sale price that represents realized gains.</p> |
|------------------------------|--|

This option offers following Sub-Options / facilities:

- Payout of Income Distribution Cum Capital Withdrawal option

Income / Capital distribution, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders/ Beneficial Owners whose names appear in the Register of Unit holders maintained by the Mutual Fund/ statement of beneficial ownership maintained by the Depositories, as applicable, on the notified record date.

- Re-investment of Income Distribution Cum Capital Withdrawal Option / facility

Unit holders opting for this Option may choose to reinvest the income / capital distribution to be received by them in additional Units of the Scheme. Under this facility, the income / capital distribution payable to the Unit holders will be compulsorily and without any further act by the Unit holders, reinvested in this Option at the prevailing ex-ICDW Net Asset Value per Unit on the record date. The amount re-invested will be net of tax deducted at source, wherever applicable. The amount so reinvested shall constitute a constructive payment of income / capital distributed to the Unit holders and a constructive receipt of the same amount from each Unit holder for reinvestment in Units.

On reinvestment of ICDW, the number of Units to the credit of Unit holder will increase to the extent of the IDCW reinvested divided by the Applicable NAV as explained above. There shall, however, be no Entry Load and Exit Load on the IDCW so reinvested.

The AMC reserves the right to introduce a new option/ investment Plan at a later date, subject to the SEBI (MF) Regulations.

Holding / transacting of units held in demat mode shall be in accordance with the procedures / requirements laid down by the Depositories, viz. NSDL / CDSL in accordance with the provisions under the Depositories Act, 1996 and Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.</p> <p>Subscription of Units Existing / New Investors under the Scheme may submit their purchase / switch - in requests as follows:</p> <ol style="list-style-type: none"> 1. Account Statement (non-demat) form: Investors / existing Unitholders opting for units in account statement (non- demat) form, can submit their valid application for subscription / switch-in at any of the Official Points of Acceptance of HDFC Mutual Fund. 2. Demat (Electronic) form: Investors / existing Unitholders, opting for units in demat form, can submit their valid application for subscription only at any of the Official Points of Acceptance of HDFC Mutual Fund and not to their Depository Participants. Investor opting for units in demat form will be required to mention in the application form DP ID No. and Beneficiary Account No. with the Depository Participant (DP). The Units allotted will be credited to the demat account of the Unit holder as per the details provided in the application form. The statement of holding of the beneficiary |

account holder for units held in demat will be sent by the respective DPs / Depositories periodically.

Applications by Existing / New Investors under the Scheme must be for the minimum amount(s) as mentioned of section '**Highlights / Summary of the Scheme**'. The AMC reserves the right to change the minimum application amount from time to time. Subscriptions on an ongoing basis may be made only by specifying the amount to be invested and not the number of Units to be subscribed. The total number of Units allotted will be determined with reference to the applicable Sale Price and fractional Units may be created. Fractional Units will be computed and accounted for upto three decimal places.

Redemption of Units

The Units can be Redeemed (i.e. sold back to the Mutual Fund) or Switched-out on every Business Day at the Redemption Price as follows:

1. For Units Held in Demat (electronic) form: Unitholders should submit their valid redemption request to their Depository Participant (DP). The redemption proceeds will be credited to the bank account of the Unitholder, as per the bank account details provided by the Depositories.

2. For Units Held in Account Statement (non-demat) form: The Redemption / Switch-out request can be made by way of a written request on a pre-printed form or Transaction Slip, which should be submitted at / may be sent by mail to any of the Official Points of Acceptance.

In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.

Transferability of Units:

Units held in demat or physical mode are freely transferable.

If an applicant desires to transfer Units held in physical mode for e.g. in statement of account form, the AMC shall, upon receipt of valid and complete request for transfer together with the relevant documents, register the transfer within 30 days. Provided that the transferor(s) and the transferee(s) will have to comply with the procedure for transfer as may be laid down by the AMC or as required under the prevailing law from time to time including payment of stamp duty for transfer of Units, etc.

Units held in Demat form are transferable in accordance with the provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time.

Dematerialization / Rematerialization of Units

| | |
|--|---|
| | <p>If the Unit holder desires to hold the Units in a Dematerialized / Rematerialized form at a later date, the request for conversion of units held in Account Statement (non demat) form into Demat (electronic) form or vice versa should be submitted alongwith a Demat / Remat Request Form to their Depository Participants. The AMC/ RTA will endeavour to credit the units in the demat account of the investor within 2 working days from the date of receipt of valid request with complete details.</p> <p>However the Trustee / AMC reserves the right to change the dematerialization / rematerialization process in accordance with the procedural requirements laid down by the Depositories, viz. NSDL / CDSL and / or in accordance with the provisions laid under the Depositories Act, 1996 and the Regulations thereunder.</p> |
| <p>Ongoing Price for subscription (purchase)/ switch-in (from other schemes/plans of the mutual fund) by investors.</p> <p>This is the price you need to pay for purchase/switch-in.</p> | <p>The Sale Price will be the Applicable NAV of the Scheme / Plan / Option. i.e. Sale Price = Applicable NAV For a valid purchase request of Rs. 10,000 where the applicable NAV is Rs.11.123, the units allotted will be: = $\frac{10,000 \text{ (i.e. purchase amount)}}{11.123 \text{ (i.e. applicable NAV)}}$ = 899.038 units (rounded to three decimals)</p> <p>Transaction charges and other charges/expenses, if any, borne by the investors have not been considered in the above illustration.</p> |
| <p>Ongoing Price for redemption (sale)/ switch-outs (to other schemes/plans of the mutual fund) by investors.</p> <p>This is the price you will receive for Redemptions / switch-outs</p> | <p>The Repurchase Price for a valid repurchase will be the applicable NAV reduced by any exit load (say 1%). i.e. applicable NAV - (applicable NAV X applicable exit load).</p> <p>For a valid repurchase request where the applicable NAV is Rs. 12.123, the repurchase price will be: = $12.123 - (12.123 \times 1.00\%)$ = $12.123 - 0.121$ = Rs. 12.002 Therefore, for a repurchase of 899.038 units, the proceeds received by the investor will be – = $899.038 \text{ (units)} \times 12.002 \text{ (Repurchase price)}$ = Rs. 10,790.25 (rounded to two decimals)</p> <p>Transaction charges and other charges/expenses, if any, borne by the investors have not been considered in the above illustration.</p> |
| <p>Cut off timing for subscriptions/ redemptions/switches</p> | <p>The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:</p> |

This is the time before which your application (complete in all respects) should reach the official points of acceptance.

A] For Purchase (including switch-in) of any amount:

- In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable.
- In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
- Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

B] For Switch-ins of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.
- The funds are available for utilization before the cut-off time.
- In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts.

In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Redemption for switch-out shall be processed at the applicable NAV as per cut-off timing. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme.

For investments through systematic investment routes such as Systematic Investment Plans (SIP), Flex SIP, Systematic Transfer Plans (STP), Flex-STP, Swing STP, Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan facility (TIP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization within applicable cut-off time by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.

While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks.

Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with

| | |
|--|---|
| | <p>Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment.</p> <p>C] For Redemption (including switch-out) applications</p> <ul style="list-style-type: none"> • In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable. • In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable. <p>Transactions through online facilities / electronic modes: The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.</p> <p>The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.</p> |
| <p>Where can the applications for purchase/ redemption / switches be submitted?</p> | <p>The application forms for subscription/ redemption#/switches should be submitted at / may be sent by mail to, any of the ISCs / Official Points of Acceptance whose addresses are mentioned in the SID.</p> <p>#In case of units held in demat mode, applications for redemptions should be submitted to the respective Depository Participants only.</p> <p>The Investors can also purchase/redeem Units of the eligible Plan(s) under the Scheme through various channels/modes. Please refer to section "Special Products available" for more details.</p> <p>For details on updated list of ISCs / Official Points of Acceptance investors are requested to call 1800 3010 6767/ 1800 419 7676 or contact the AMC branches or log on to our website www.hdfcfund.com.</p> |
| <p>Minimum amount for purchase/ redemption/ switches</p> | <p>Minimum amount for Purchase (including Switch-in): For details refer section 'Highlights / Summary of the Scheme'.</p> <p>Minimum Amount / Units For Redemption (including Switch-out): The request for minimum amount/units for redemption/switch-out of Units under each plan/option would be Rs.100/- and multiples of Re.1/- thereafter. There will be no minimum redemption criterion for Unit based redemption.</p> <p>Note: Provisions for minimum amount of purchase / redemptions are not applicable in case of mandatory investments by the Designated Employees of the AMC in accordance with clause 6.10 of Master Circular as amended from time to time.</p> |

| | |
|---|---|
| | <p>The Redemption / Switch-out would be permitted to the extent of credit balance in the Unit holder's account of the Plan(s) /Option(s) of the Scheme (subject to completion of Lock-in period or release of pledge / lien or other encumbrances).</p> <p>The Redemption / Switch-out request can be made by specifying the rupee amount or by specifying the number of Units of the Plan(s) / Option(s) to be redeemed. In case a Redemption / Switch-out request received is for both, a specified rupee amount and a specified number of Units of the Plan(s) / Option(s), the specified number of Units will be considered the definitive request.</p> <p>In case the value / number of available units held in the Unit holder's folio / account under the Plan / Option of the Scheme is less than the amount / number of units specified in the redemption / switch-out request, then the transaction shall be treated as an 'all units' redemption and the entire balance of available Units in the folio / account of the Unit holder under the stated Plan / Option of the Scheme shall be redeemed.</p> |
| <p>Minimum balance to be maintained and consequences of non-maintenance.</p> | <p>There is no minimum balance requirement.</p> |
| <p>Special Products available</p> | <p>SYSTEMATIC INVESTMENT PLAN (SIP)</p> <p>The Unit holders under the eligible Scheme(s) can benefit by investing specified Rupee amounts at regular intervals for a continuous period. Under the SIP, Investors can invest a fixed amount of Rupees at regular intervals for purchasing additional Units of the Scheme(s) at Applicable NAV. This concept is called Rupee Cost Averaging.</p> <p>Unit holder can enroll for the SIP facility by submitting duly completed Enrolment Form at the Official Point(s) of Acceptance. It may be noted that new investors can apply for SIP without any existing investment/folio.</p> <p>The provision for minimum application amount shall not be applicable to SIP investments, which have different minimum installment amount.</p> <p>Presently, SIP offers investors six frequencies viz. 'Daily Systematic Investment Plan (DSIP)', 'Weekly Systematic Investment Plan (WSIP)', 'Monthly Systematic Investment Plan (MSIP)', 'Quarterly Systematic Investment Plan (QSIP)', Half Yearly Systematic Investment Plan (HYSIP) and Yearly Systematic Investment Plan (YSIP).</p> <p>DSIP shall be triggered and processed only on all Business Days. Mode of payment for DSIP installments shall be only through OTM Debit Mandate. Minimum amount shall be as under:</p> |

| SIP Frequency | Minimum Amount (Rs.)* | Minimum number of installments |
|-------------------------|-----------------------|--------------------------------|
| Daily, Weekly & Monthly | 100 | 6 |
| Quarterly | 1,500-2,999 | 4 |
| | 3,000 and above | 2 |
| Half Yearly | 2,500 and above | 2 |
| Yearly | 5,000 and above | 1 |

* and in multiples of Re.1/- thereafter.

There is no maximum duration for SIP enrolment.

Investors can choose any date of his / her preference as SIP Debit Date. In case of weekly frequency, Investor can select any Business Day between Monday to Friday. However, in case the chosen or default date/day falls on a Non-Business Day or on a day which is not available in a particular month, the SIP will be processed on the immediate next Business Day. In case the SIP Debit date is not indicated, 10th shall be treated as the Default date. In case of weekly frequency, default day is Wednesday. The cheques should be drawn in favour of the Scheme name e.g. **“HDFC Transportation and Logistics Fund A/c PAN”** or **“HDFC Transportation and Logistics Fund A/c Investor Name”** and crossed **“A/c Payee only”**.

Note: SIP is only a disciplined way of investing and units may not be allotted on the selected date if the amount is not available for utilization by the Scheme.

Investors can invest under this facility at periodic intervals by providing post-dated cheques for Monthly & Quarterly SIP to Official Point(s) of Acceptance. An investor is eligible to issue only one cheque for each month / quarter in the same SIP enrolment form. All SIP cheques under MSIP, QSIP, HYSIP and YSIP should be of the same amount and same date.

On receipt of the post dated cheques, the Fund will send a letter to the Unit holder confirming that the Unit holder's name has been noted for the SIP facility. The cheques will be presented on the dates mentioned on the cheque and subject to realization of the cheque, Units will be allotted at the Applicable NAV. In case the date falls on a holiday, the immediate next Business Day will be considered for this purpose.

Investors may register for SIP through One Time Mandate (OTM) for payment towards any future purchase transactions received through any mode i.e. physical or electronic. AMC may choose any mode such as NACH/ECS/DIRECT DEBIT/Standing Instruction (SI) as per arrangements with banks or payment aggregators. For online transactions, AMC may provide various payment modes, as available from time to time for SIP Enrolments.

The SIP registration will be discontinued in cases where six (6) consecutive installments are not honored.

Investors will have the right to discontinue the SIP facility at any time by sending a written request to any of the Official Point(s) of Acceptance. Notice of such discontinuance should be received at least 15 days prior to the due date of the next installment. On receipt of such request, the SIP facility will be terminated. The balance post-dated cheque/s will be returned to the Investor. SIP will be terminated upon notification of death of the Unit holder.

Exit Load, if any, prevailing on the date of enrolment shall be levied in the Scheme(s).

Transactions Charges shall be deducted from SIP installments, if applicable. For further details, refer to the section '**Highlights / Summary of the Scheme**'.

The AMC / Trustee reserves the right to change / modify load structure and other terms and conditions under the SIP prospectively at a future date.

Please refer to the SIP Enrolment Form for terms & conditions before enrolment.

SIP Top Up Facility:

Top up in Amount

Investors may avail SIP Top-up facility where they have an option to increase the amount of the SIP Installment by a fixed amount at pre-defined intervals. This will enhance the flexibility of the investor to invest higher amounts during the tenure of the SIP. SIP Top up facility is not available under Micro SIP and DSIP and WSIP.

SIP Top-up facility shall be available for SIP Investments through ECS (Debit Clearing) / Direct Debit Facility / Standing Instruction only. The Top-up amount should be in multiples of Rs.100 only. Monthly SIP offers top-up frequency at half yearly and yearly intervals. Quarterly SIP offers top-up frequency at yearly intervals only. In case the top-up frequency is not indicated under Monthly SIP, it will be considered as yearly interval.

Note: Monthly SIP Installment Amount increases by Top-up amount Rs.1,000 at half-yearly intervals.

Percentage Top-Up

Unit holders have an option to Top-up the SIP amount as a percentage of the existing SIP installment. The features of the said option are detailed below:

- Investor can Top-up the SIP amount by a minimum of 10% and in multiples of 1% thereafter, of the existing SIP installment.
- SIP (including the Top-up) amount will be rounded off to the nearest Rs. 10.
- Percentage Top-up can be done at annual frequency only.
- In case the SIP amount (including Top-up) under the said option exceeds the maximum amount mentioned by the investor in the debit mandate, the said SIP Top-up request will stand rejected and the SIP will continue to be processed with the last topped up SIP installment amount.

Top-up cap option:

Unit holders have an option to cap the SIP Top-up amount based on either a fixed pre-defined amount or date as detailed below:

- **Top-up cap amount:** Investor has an option to cap the SIP Top-up amount once the SIP installment (including Top-up amount) reaches a fixed predefined amount. Thereafter the SIP installment will remain constant till the end of SIP tenure.

The fixed pre-defined amount should be same as the maximum amount mentioned by the investor in the debit mandate. In case of difference between the cap amount & the maximum amount mentioned in debit mandate, then amount which is lower of the two amounts shall be considered as the default SIP cap amount.

- **Top-up cap month-year:** Investor has an option to provide an end date to the SIP Top-up amount. It is the date from which Top - up to the SIP installment amount will cease and the SIP installment will remain constant till the end of SIP tenure.

Investor shall have flexibility to choose either top-up cap amount or top-up cap month-year. In case of multiple selections, top-up cap amount will be considered as default selection.

If none of the above options for Top-up cap is selected by the investor, the SIP Top-up will continue as per the SIP end date and Top-up amount specified by the investor.

The AMC / Trustee reserve the right to change the terms and conditions of this facility at a later date on a prospective basis. The AMC / Trustee reserve the right to withdraw the SIP Top-up facility.

**MICRO SYSTEMATIC INVESTMENT PLAN (“MICRO SIP”)/
PAN EXEMPT INVESTMENTS**

Investors i.e. either all jointholders or the first holder who do not hold PAN or are PAN exempted investors may invest (via lumpsum/SIP) upto Rs. 50,000 per year per investor. Such PAN exempt SIPs are referred to as Micro SIP.

Investors may make PAN exempt investments subject to the following provisions:

- The limit of Rs. 50,000/- is applicable at an aggregate level (SIP plus lumpsum investments) across all Schemes of the Fund in a rolling 12 month period or in a financial year i.e. April to March.
- This exemption is applicable only to investments by “Eligible Investors” i.e. individuals [including Joint Holders who are individuals, NRIs but not PIOs], Minors and Sole proprietary firms, who do not possess a PAN*. Hindu Undivided Family (HUF) and other categories are not eligible for PAN exemption.
* In case of joint holders, first holder must not possess a PAN.
- Eligible Investors are required to undergo Know Your Customer (KYC) procedure with any of the SEBI registered KYC Registration Agency (KRA).
- Eligible Investors must attach a copy KYC acknowledgement letter containing the PAN Exempt KYC Reference No (PEKRN) issued by the KRA along with the application form. Eligible investors must hold only one PEKRN.

Eligible Investors who wish to enroll for Micro SIP are required to fill in the SIP Enrolment Form available with the ISCs, distributors/agents and also displayed on the website www.hdfcfund.com

All terms and conditions (including load structure and Transaction Charges) of Systematic Investment Plans (SIPs) (except SIP Top-up facility) shall apply to Micro SIPs.

The detailed procedures / requirements for accepting PAN exempt investments, including Micro SIPs, shall be as specified by AMC / Trustee from time to time and their decision in this behalf will be final and binding.

Please refer to the SIP / Micro SIP Enrolment Form for terms & conditions before enrolment.

SIP Pause facility

The Fund offers Systematic Investment Plan (“SIP”) Pause facility (“the Facility”) for investors who wish to temporarily pause their SIP in the Schemes of the Fund.

The terms and conditions of the Facility are as follows:

1. The Facility is applicable to SIPs registered through all electronic platforms except SIP registered through MFSS platform of NSE.
2. This Facility is not available under Flex SIP.
3. This Facility is available only for SIPs with Monthly and Quarterly frequencies.
4. The maximum number of installments that can be paused using this facility are 3 (three) consecutive installments for SIPs registered with Monthly frequency and 1 (one) for SIPs registered with Quarterly frequency.
5. Thereafter, automatically the balance SIP installments (as originally registered) will resume.
6. In case of SIP Top-Up registered in a folio, if the next SIP Top-Up installment falls during the Pause period, the SIP installment after the completion of Pause period will be inclusive of such SIP Top-up amount. For eg. If current installment amount is Rs.3000, if the SIP Pause period is 15.03.2020 to 15.05.2020 and the next SIP Top-Up falls on 31.03.2020 for an amount of Rs.2000. The SIP installment after the end of Pause period i.e. on 15.06.2020 will be Rs.5000.
7. SIP pause request should be submitted at least 15 days before the requested start date.
8. SIP Pause once registered cannot be cancelled.
9. Investors can opt for the Facility only once during the tenure of the SIP.
10. The Investor understands and acknowledges that the SIP Pause facility is merely a transaction related facility offered by the Company; and the Investor unconditionally and irrevocably agrees that HDFC Asset Management Company Limited ("the AMC") or HDFC Mutual Fund "the Fund" will not be liable for: (i) acting in good faith on any instructions received from the Investor; (ii) any force majeure events that are beyond the control of any person; and (iii) any error, default, delay or inability of the AMC or the Fund or its Agents to act on all or any of the instructions from the Investor. The Investor hereby assumes and undertakes the entire risk of using the Facility and agrees to take full responsibility for the same.

The AMC/Trustee reserves the right to change / modify the terms and conditions of the Facility or withdraw the Facility. Please refer to the SIP Pause Facility Form and instructions before enrolment.

Flex Systematic Investment Plan

Flex SIP is a facility whereby investors can invest at predetermined intervals in Growth Option of open ended equity oriented schemes (the eligible schemes) of the Fund, higher amount(s) determined by a formula linked to value of investments, to take advantage of market movements. The eligible schemes for Flex SIP investments are subject to change from time to time. Investors are requested to contact nearest Investor Service Centre (ISC) of the Fund or email us at hello@hdfcfund.com or visit our website www.hdfcfund.com for the updated list of eligible schemes.

The first Flex SIP installment (not exceeding Rs. 1 Lakh) will be processed for the fixed amount specified by the Unitholder in the enrolment form. From the second installment onwards, the investment amount shall be higher of:

- Fixed amount to be invested per installment; or
- The amount determined by the formula: (fixed amount to be invested per installment X number of installments including the current installment) – market value of the investments through Flex SIP 2 Business Days prior to the SIP date.

At any given point in time, the subsequent Flex SIP installment amount determined by the above formula shall be capped at 2 times the first Flex SIP installment amount or Rs.1,99,999/- whichever is lower. The installment amount shall be rounded off to nearest multiple of Re. 1/-.

The total amount invested during the tenure of the Flex SIP shall not exceed the total enrolment amount i.e. fixed amount per installment X total number of installments under the Flex SIP registration. Thus, the last installment amount shall be decided accordingly.

| Period | : | January 2020 to December 2022 |

i. How would the Flex SIP installment be calculated?

Calculation of Flex SIP installment amount for instance on the date of the fourth installment i.e. April 15, 2020 (T):

- Total units allotted upto the date of previous installment i.e. March 15, 2020 is assumed as 685.50;
- The Net Asset Value ("NAV") of the Scheme on April 13, 2020 (T-2) is assumed as Rs. 18/- per unit;
- Hence the market value of the investment in the Scheme on April 13, 2020 is Rs. 12,339 [685.50 X 18].

The installment amount will be calculated as follows:

Fixed amount specified at the time of enrolment: Rs. 5,000/-

Or

As determined by the formula: $[(5,000 \times 4) - 12,339.00] = \text{Rs.}7,661.00$

whichever is higher

Hence, the installment amount on April 15, 2020 will be Rs. 7,661/-

ii. How would maximum Flex SIP installment be calculated?

Calculation of Flex SIP installment amount for instance on the date of the seventh installment i.e. July 15, 2020 (T):

- Total units allotted upto the date of previous installment i.e. June 15, 2020 is assumed as 1,558.675;
- NAV of the Scheme on July 13, 2020 (T-2) is assumed as Rs. 14/- per unit;
- Hence the market value of the investment as on July 13, 2020 is Rs. 21,821 $[1558.675 \times 14]$.

The installment amount will be calculated as follows:

Fixed amount specified at the time of enrolment: Rs. 5,000/-

or

As determined by the formula: $[(5,000 \times 7) - 21,821.00] = \text{Rs.}13,179.00$

whichever is higher; subject to 2 times the initial installment amount

Hence, the installment amount on July 15, 2020 will be Rs. 10,000/-

iii. How would the Flex SIP installment be calculated vis-à-vis total enrolment amount?

In the above illustration, the total enrolment amount for Flex SIP is Rs 1,80,000 (5000 X 36 months).

If the total amount invested in Flex SIP till the 34th month is Rs 1,77,000, then the 35th installment will be Rs. 3000 (Rs. 1,80,000 – Rs. 1,77,000) and the Flex SIP will cease.

An investor has an option to choose from 5 Flex SIP tenures viz. 3 years, 5 years, 10 years, 15 years and 20 years. If a tenure is not chosen, 5 years shall be the default Flex SIP tenure. The facility offers Monthly Flex Systematic Investment Plan (MFLEX) and Quarterly Flex Systematic Investment Plan (QFLEX) frequencies. In case the frequency is not indicated, Monthly frequency shall be treated as the Default Frequency.

The minimum amount per installment for shall be:

MFLEX: Rs. 500/- and in multiples of Rs. 100/- thereafter (**For Equity Linked Savings Schemes (ELSS)**, it shall be Rs. 500/- and in multiples of Rs. 500/- thereafter)

QFLEX: Rs. 1500/- and in multiples of Rs. 100/- thereafter (**For ELSS**, it shall be Rs. 1500/- and in multiples of Rs. 500/- thereafter)

Investors can choose any preferred date of the month as SIP debit date (10th is the default date). In case the chosen date falls on a non-Business Day or on a date which is not available in a particular month, the SIP will be processed on the immediate next Business Day. If an investor chooses more than one date for SIP, separate SIPs shall be registered for each such date as per the frequency selected by the investor. Flex SIP shall be processed only through **NACH mode**.

Exit Load, if any, prevailing on the date of Flex SIP enrolment shall govern the investments during the tenure.

In the following circumstances, the Flex SIP facility may cease and SIP may be processed for the fixed installment amount specified by the unitholder at the time of enrolment:

- (a) If there is a reversal of any SIP installment due to insufficient balance or technical reasons; or
- (b) If there is redemption/ switch-out of any units allotted under Flex SIP. (Units under a Scheme are redeemed on First In First Out (FIFO) basis, irrespective of the mode of allotment).

Unitholders can discontinue the facility by giving thirty days written notice to any of the Fund's Investor Service Centres (ISCs). An investor can place a request for cancellation for any one SIP debit date, in case multiple debit dates are chosen.

Top up feature is not available under Flex SIP facility. All other terms and conditions of the SIP facility shall apply mutatis mutandis to the Flex SIP facility. The AMC/Trustee reserves the right to change / modify the terms and conditions of Flex SIP facility or withdraw the facility.

Please refer to the SIP / Flex SIP Enrolment Forms for further details and the terms & conditions before enrolment.

NOTE FOR ALL SIPs: Investors investing through SIP facility, have an option to hold the Units in dematerialized form (except for units offered under the Daily/ Weekly/Fortnightly IDCW Options). The units will be allotted in demat form based on the Applicable NAV and will be credited to investor's Demat Account within 2 working days of allotment of units. SIP will be terminated upon notification of death of the Unit holder.

OTM - One Time Mandate ('Facility'):

OTM is a simple and, convenient facility that enables the Unit holders to transact in the Schemes of the Fund by submitting OTM - One Time Mandate registration form to the Fund. It is a one - time registration process wherein the Unit holder(s) of the Scheme(s) of

the Fund authorizes his / her bank to debit their account upto a certain specified limit per transaction, on request received from the Fund, as and when the transaction is undertaken by the Unit holder, without the need of submitting cheque or fund transfer letter with every transaction thereafter. This Facility is only available to Unit holder(s) of the Fund who have been assigned a folio number by the AMC.

Unit Holder(s) are requested to note that the AMC reserves the right to amend the terms and conditions, or modify, or discontinue the Facility for existing as well as prospective investors at anytime in future. Complete paperless mandate registration called 'E-mandate' or 'E-OTM' is available on HDFC MFOnline Investors and Partners portal.

For general terms and conditions and more information, Unit holder(s) are requested to read Terms and Conditions in the OTM registration form available at the Investor Service Centres (ISCs) of the Fund and also available on www.hdfcfund.com.

SYSTEMATIC TRANSFER PLAN (STP)

A Unit holder holding units in non-demat form may enroll for the Systematic Transfer Plan and choose to Switch on a daily, weekly, monthly or quarterly basis from one HDFC Mutual Fund scheme to another scheme, which is available for investment at that time. The provision of "Minimum Redemption Amount" of the designated Transferor Scheme and "Minimum Application Amount" of the designated Transferee Scheme shall not be applicable to STP.

The amount thus switched shall be converted into Units on the scheduled date and such number of Units will be subtracted from the Unit balance of the Transferor Scheme. In case these dates fall on a Holiday, the next Business Day will be considered for this purpose. The amount so switched shall be reinvested in the Transferee Scheme / Plan.

Presently STP offers investor two plans viz. Fixed Systematic Transfer Plan (FSTP) with daily, weekly, monthly and quarterly frequency and Capital Appreciation Systematic Transfer Plan (CASTP) with monthly and quarterly frequency.

The minimum number of installments under each Plan are as follows:

Under Daily FSTP:

- where installment amount is less than Rs. 1,000/-: 12
- where installment amount is equal to or greater than Rs. 1,000/-: 6

Under Weekly STP:

Where installment amount is less than Rs. 1,000: 12 installments

Where installment amount is equal to or greater than Rs. 1,000: 6 installments

However, for weekly STP in equity linked savings schemes, there should be a minimum of 6 installments for enrolment.

Under Monthly FSTP & Monthly CASTP:

- Minimum 6 installments

Under Quarterly FSTP & Quarterly CASTP:

- Minimum 2 installments

Further, the minimum balance in the Unit holders account or the minimum amount of application at the time of enrolment for STP in the Transferor Scheme should be Rs. 12,000.

There will be no maximum duration for STP enrolment.

The amount transferred under the STP from the Transferor Scheme to the Transferee Scheme shall be effected by redeeming units of Transferor Scheme at Applicable NAV, after payment of Exit Load, if any, and subscribing to the units of the Transferee Scheme at Applicable NAV in respect of each STP investment. In case the STP date falls on a Non-Business Day, the immediate next Business Day will be considered for the purpose of determining the applicability of NAV.

Unit holders may change the amount (but not below the specified minimum) by giving written notice to any of the Official Point(s) of Acceptance. Unit holders will have the right to discontinue the STP facility at any time by sending a written request to the Official Point(s) of Acceptance. Notice of such discontinuance should be received at least 10 days prior to the due date of the next transfer date. On receipt of such request, the STP facility will be terminated. STP will be terminated automatically if all the Units are liquidated or withdrawn from the Transferor Scheme or pledged or upon the Fund's receipt of notification of death or incapacity of the Unit holder.

Exit Load, if any, prevailing on the date of enrolment shall be levied in the Transferee Scheme.

The AMC / Trustee reserve the right to change / modify load structure and other terms and conditions under the STP prospectively at a future date.

Please refer to the STP Enrolment Form for terms and conditions before enrolment.

HDFC FLEX SYSTEMATIC TRANSFER PLAN

HDFC Flex Systematic Transfer Plan (Flex STP) is a facility wherein unit holder(s) holding units in non-demat form of designated open-ended Scheme of HDFC Mutual Fund can opt to transfer variable amount(s) linked to value of investments under

Flex STP on the date of transfer at pre-determined intervals from designated open-ended Scheme of HDFC Mutual Fund (hereinafter referred to as “**Transferor Scheme**”) to the **Growth Option** of designated open-ended Scheme of HDFC Mutual Fund (hereinafter referred to as “**Transferee Scheme**”). Flex STP offers transfer facility at daily, weekly, monthly and quarterly intervals. Unitholder is free to choose the frequency of such transfers. The amount to be transferred under Flex STP from Transferor Scheme to Transferee Scheme shall be calculated as follows:

{fixed amount to be transferred per installment or the amount as determined by the following formula [(fixed amount to be transferred per installment X number of installments including the current installment) - market value of the investments through Flex STP in the Transferee Scheme on the date of transfer] **whichever is higher**}.

There should be a minimum of 12 installments where installment amount is less than Rs. 1,000/- and a minimum of 6 installments where installment amount is equal to or greater than Rs. 1,000/- under Flex STP - Daily & Weekly Intervals. There should be a minimum of 6 installments for enrolment under Flex STP - Monthly Interval and 2 installments under Flex STP - Quarterly Interval. Also, the minimum unit holder’s account balance or a minimum amount of application at the time of Flex STP enrolment in the Transferor Scheme should be Rs. 12,000.

In case the amount to be transferred is not available in the Transferor Scheme in the unit holder’s account, the residual amount will be transferred to the Transferee Scheme and Flex STP will be closed.

The total Flex STP amount invested in the Transferee Scheme shall not exceed the total enrolment amount i.e. amount per installment X number of installments.

The amount transferred under the Flex STP from the Transferor Scheme to the Transferee Scheme shall be effected by redeeming units of Transferor Scheme at Applicable NAV, **after payment of Exit Load**, if any, and subscribing to the units of the Transferee Scheme at Applicable NAV in respect of each Flex STP investment.

Exit Load, if any, prevailing on the date of enrolment shall be levied in the Transferee Scheme.

Unitholders who wish to enroll for this facility are required to fill HDFC Flex STP Enrolment Form available with the ISCs, distributors / agents and also displayed on the website www.hdfcfund.com

Unit holders may opt for either Swing STP or Flex STP registration in a particular target scheme in a folio. Further, multiple Swing STPs or multiple Flex STP registrations in the same target scheme in a folio will also not be allowed.

The AMC / Trustee reserve the right to change / modify load structure and other terms and conditions under the HDFC Flex STP prospectively at a future date.

Please refer to the HDFC Flex STP Enrolment Form for terms & conditions before enrolment.

HDFC SWING SYSTEMATIC TRANSFER PLAN

HDFC Swing Systematic Transfer Plan (Swing STP) is a facility wherein unit holder(s) holding units in non-demat form can opt to transfer an amount at regular intervals from designated open-ended Scheme of HDFC Mutual Fund (“**Transferor Scheme**”) to the **Growth Option** of designated open-ended Scheme of HDFC Mutual Fund (“**Transferee Scheme**”) including a feature of Reverse Transfer from Transferee Scheme into the Transferor Scheme, in order to achieve the Target Market Value on each transfer date in the Transferee Scheme. Swing STP offers transfer facility at weekly, monthly and quarterly intervals.

The minimum amount per Swing STP installment shall be as follows:

- Swing STP - Weekly Interval: Rs. 500 and any amount thereafter.
- Swing STP - Monthly Interval: Rs. 1,000 and any amount thereafter.
- Swing STP - Quarterly Interval: Rs. 3,000 and any amount thereafter.

There should be a minimum of 12 installments where installment amount is less than Rs. 1,000/- and a minimum of 6 installments where installment amount is equal to or greater than Rs. 1,000/- under Swing STP- Weekly. However, for weekly STP in equity linked savings schemes, there should be a minimum of 6 installments for enrolment. There should be a minimum of 6 installments for enrolment under Swing STP - Monthly Interval and 2 installments under Swing STP - Quarterly Interval. Beginning of quarter could be any month. There is no maximum duration for Swing STP enrolment.

Also, the minimum unit holder’s account balance or a minimum amount of application at the time of Swing STP enrolment in the Transferor Scheme should be Rs. 12,000.

The provision of ‘Minimum Redemption Amount’ as specified in the Scheme Information Document(s) of the respective designated Transferor Scheme (Transferee Scheme in case of Reverse Transfer) and ‘Minimum Application Amount’ specified in the Scheme Information Document(s) of the respective designated Transferee Scheme (Transferor Scheme in case of Reverse Transfer) will not be applicable for Swing STP.

The objective of Swing STP is to achieve the Total Target Market Value in the Transferee Scheme by transferring an amount from

the Transferor Scheme at regular intervals in such a way so as to increase the Target Market Value of units in the Transferee Scheme systematically by a fixed amount (i.e. the first installment amount specified by the Unitholder) on the date of each transfer till the tenure of the Swing STP.

The amount to be transferred under Swing STP from Transferor Scheme to Transferee Scheme shall be calculated as follows:

- The first Swing STP installment will be processed for the first installment amount specified by the Unitholder at the time of enrolment.
- From the second Swing STP installment onwards, the transfer amount may be higher/lower than the first installment amount, as derived by the formula stated below:

(First installment amount X Number of installments including the current installment) - Market Value of the investments through Swing STP in the Transferee Scheme on the date of transfer.

In case the amounts (as specified above) to be transferred are not available in the Transferor Scheme in the unit holder's account, the residual amount will be transferred to the Transferee Scheme and Swing STP will be closed.

Reverse Transfer: On the date of transfer, if the Market Value of the investments in the Transferee Scheme through Swing STP is higher than the first installment amount X number of installments (including the current installment), then a Reverse Transfer will be effected from the Transferee Scheme to the Transferor Scheme to the extent of the difference in the amount, in order to arrive at the Target Market Value.

The total amount invested through Swing STP over its tenure in the Transferee Scheme, may be higher or lower than the Total Target Market Value of the investment (i.e. the first installment amount X total number of installments specified by the Unitholder). This may be on account of fluctuations in the Market Value of the Transferee Scheme. **If you decide to take up this facility, you should be aware of the possibility, that the total amount invested through Swing STP could be higher or lower than the Total Target Market Value of the investment.**

The redemption/ switch-out of units allotted in the Transferee Scheme shall be processed on First In First Out (FIFO) basis. **In case there is a redemption/ switch-out of any units allotted under Swing STP in the Transferee Scheme by the Unit holder, the balance installments under Swing STP will be processed as a normal STP** for the remaining installments by investing the amount indicated as first installment amount, on the date of each transfer over the balance tenure of the Swing STP, subject to availability of unit balance in the Transferor Scheme.

Swing STP will be automatically terminated if all units are liquidated or withdrawn from the Transferor Scheme or pledged or upon receipt of intimation of death of the unit holder.

Unit holders will have the right to discontinue the Swing STP facility at any time by sending a written request to the ISC. On receipt of such request, the Swing STP facility will be terminated within 15 days.

The amount transferred under the Swing STP from the Transferor Scheme to the Transferee Scheme shall be effected by redeeming units of Transferor Scheme at the Applicable NAV, **after payment of Exit Load**, if any, and subscribing to the units of the Transferee Scheme at Applicable NAV.

Exit Load, if any, prevailing on the date of enrolment shall be levied in the Transferee Scheme and Transferor Scheme (for units purchased through Reverse Transfer).

Unit holders who wish to enroll for this facility are required to fill HDFC Swing STP Enrolment Form available with the ISCs, distributors/agents and also displayed on the website www.hdfcfund.com

Unit holders may opt for either Swing STP or Flex STP registration in a particular target scheme in a folio. Further, multiple Swing STPs or multiple Flex STP registrations in the same target scheme in a folio will also not be allowed.

The AMC / Trustee reserve the right to change / modify load structure and other terms and conditions under the HDFC Swing STP prospectively at a future date.

Please refer to the HDFC Swing STP Enrolment Form for further details and terms & conditions before enrolment.

TRANSFER OF INCOME DISTRIBUTION CUM CAPITAL WITHDRAWAL (IDCW) PLAN FACILITY – ("TIP FACILITY")

Transfer of IDCW Plan (TIP) is a facility wherein unit holder(s) of "Source Scheme" of HDFC Mutual Fund can opt to automatically invest the IDCW (as reduced by the amount of applicable statutory levy) declared by the eligible Source Scheme into the "Target Scheme" of HDFC Mutual Fund.

TIP Facility will be available to unit holder(s) holding units in non-demat form under the IDCW Option of the Source Scheme. However, the TIP Facility will not be available to unit holder(s) under the Daily IDCW Option in the Source Scheme. Unit holder(s)' enrolment under the TIP Facility will automatically override any previous instructions for 'Payout' or 'Reinvestment' facility in the Source Scheme. For updated list of eligible Source Scheme and Target Scheme the Unit holder is advised to contact nearest Investor Service Centre (ISC) of HDFC Mutual or the distributor or visit our website www.hdfcfund.com

The IDCW amount to be invested under the TIP Facility from the Source Scheme to the Target Scheme shall automatically be invested by subscribing to the units of the Target Scheme as per the applicable NAV provisions mentioned in the cut-off timing section. Under normal circumstances, the Mutual Fund would endeavour to transfer the IDCW proceeds to the Target Scheme within 2 Business Days from the record date.

No Exit Load will be levied on units allotted in the Target Scheme under the TIP Facility.

The facility will be terminated upon notification of death of the Unit holder.

The AMC / Trustee reserve the right to change/ modify the terms and conditions of the TIP Facility on a prospective basis.

Please refer to TIP Facility Enrolment Form for terms and conditions before enrolment.

SYSTEMATIC WITHDRAWAL ADVANTAGE PLAN (SWAP)

This facility, available to the Unit holders of the Scheme(s) holding units in non-demat form, enables them to withdraw (subject to deduction of tax at source, if any) fixed sum (Fixed Plan) or a variable amount (Variable Plan) from their Unit accounts at periodic intervals **(subject to completion of lock-in period, if any)**. Fixed Plan is available for Growth as well as IDCW Option and Variable Plan is available for Growth Option only for eligible Scheme(s) / Plan(s) under SWAP facility. Unitholder(s) who opt for Fixed Plan under systematic withdrawal from each Scheme / Plan have an option of Monthly, Quarterly, Half-Yearly and Yearly intervals and Unitholder(s) who opt for Variable Plan under systematic withdrawal from each Scheme / Plan have an option of Quarterly, Half-Yearly and Yearly intervals. Unit holder can avail of this facility subject to the terms and conditions contained in the SWAP Enrolment Form, by choosing any date, as applicable, of his/her preference as SWAP withdrawal date. In case the chosen date falls on a holiday or on a date which is not available in a particular month, the immediate next Business Day will be deemed as the SWAP withdrawal date. In case no date is mentioned 25th will be considered as the Default Date.

The amount withdrawn (subject to deduction of tax at source, if any) under SWAP by Redemption shall be converted into the specific Scheme / Plan Units at the NAV based prices as on the SWAP withdrawal date of month/quarter/ half-year/ year, as applicable, and such Units will be subtracted from the Unit Balance of the Unit holders. If the net asset value of the Units outstanding on the withdrawal date is insufficient to process the withdrawal request, then the Mutual Fund will redeem the Units outstanding in its entirety. SWAP will be terminated automatically if all the Units are liquidated or withdrawn from the Scheme or pledged or upon the Fund's receipt of notification of death or incapacity of the Unit holder.

In respect of amount withdrawn under SWAP, the Exit Load, if any, applicable to the Scheme/Plan as on the date of allotment of units in case of lumpsum investments and date of registration in case of units allotted under all Systematic Investment facilities i.e. all types of SIPs / STPs, shall be levied.

Investors may note that if you decide to take up Fixed Plan under SWAP facility, you should be aware of that the withdrawals may take place from the principal amount invested.

Investors can enroll themselves for the facility by submitting the duly completed SWAP Enrolment Form at any of the OPAs.

The AMC / Trustee reserve the right to change / modify the terms and conditions under the SWAP prospectively at a future date.

SWAP facility is available subject to terms & conditions. Please refer to the SWAP Enrolment Form for terms & conditions before enrolment.

MINOR ATTAINING MAJOR STATUS

The Mutual Fund/AMC will register SIP/STP/SWAP/ or any other systematic enrolment in the folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date. Such enrolments will automatically stand terminated upon the Unit Holder attaining 18 years of age.

For folios where the units are held on behalf of the minor, the account shall be frozen for operation by the guardian on the day the minor attains majority and no transactions shall be permitted till the requisite documents for changing the status of the account from 'minor' to 'major' are submitted.

AUTOMATIC TRIGGER FACILITY

Under this facility, a Unit holder holding units in non-demat form may opt for withdrawal and / or switch based on the Unit balance attaining a minimum capital appreciation / gains, events, dates etc (subject to deduction of tax at source, if any). The Units will be redeemed as and when the balance reaches a desired value or after certain period of time etc. In case of triggers linked with events / dates, on realisation of gains, a specified amount / full amount / gains / appreciation etc. would be redeemed and paid either on the investment attaining a particular value or after a particular period of time. Unit holders can enroll themselves for the facility by filling in the appropriate box in the Application Form or by subsequently making a written request to the ISC.

Please read the instructions on the Application Form for further details.

SWITCHING OPTIONS

Unit holders under the Scheme(s) holding units in non-demat form have the option to Switch part or all of their Unit holdings in the Scheme to another Scheme established by the Mutual Fund which is available for investment at that time or vice versa (subject to completion of lock-in period, if any), or within the Scheme from one Plan / Option to another Plan / Option, subject to applicable exit load. This Option will be useful to Unit holders who wish to alter the allocation of their investment among the scheme(s) / Plan(s) / Option(s) of the Mutual Fund in order to meet their changed investment needs.

The Switch will be effected by way of a Redemption of Units [On a First In First Out (FIFO) basis] from the switch-out scheme / plan and a reinvestment of the Redemption proceeds in the switch-in scheme / plan and accordingly, to be effective, the Switch must comply with the Redemption rules of the switch-out scheme and the issue rules of the switch-in scheme (e.g. as to the minimum number of Units that may be redeemed or issued, Exit / Entry Load etc). The price at which the Units will be Switched out of the switch-out scheme will be based on the Redemption Price, and the proceeds will be invested in the switch-in scheme / plan at the prevailing sale price for units in that scheme / plan.

Exit Load for switches within the Scheme:

- i. No exit load shall be levied for switching between Options under the same Plan within the Scheme.
- ii. Switch of investments from Regular Plan to Direct Plan shall be subject to applicable exit load, unless the investments were made directly i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from Direct Plan will not be subject to any exit load.
- iii. No exit load shall be levied for switch-out from Direct Plan to Regular Plan. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the original date of investment in the Direct Plan.

For further details on load structure, please refer to 'Load Structure' under section '**Fees and Expenses**'. The Trustee/AMC reserves the right to modify the load structure for Switching between Plans within the Scheme or Options within the Plans under the Scheme at a future date.

FACILITY TO PURCHASE UNITS OF THE SCHEME THROUGH STOCK EXCHANGE(S)

MF Central

As per clause 16.6 of Master Circular, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs, currently, Kfin Technologies Private Limited ("KFintech") and Computer Age Management Services Limited ("CAMS") have jointly developed MFCentral - A digital platform for Mutual Fund investors (hereinafter referred to as "MFCentral" or "the Platform").

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / physical services to Mutual fund investors across fund houses subject to applicable Terms and Conditions of the Platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using <https://mfcentral.com/> and a Mobile App in future.

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the DISCs or collection centres of Kfintech or CAMS.

TRANSACTIONS THROUGH MF UTILITY ("MFU")

A unitholder may purchase units of the Plan(s) under the Scheme through MFU.

The AMC has entered into an Agreement with MF Utilities India Private Limited ("MFUI"), a "Category II - Registrar to an Issue" under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") a "Shared Services" initiative formed by the Asset Management Companies of SEBI registered Mutual Funds under the aegis of Association of Mutual Funds in India (AMFI). MFU acts as a transaction aggregation portal for enabling transaction in multiple Schemes of various Mutual Funds with a single form and a single payment instrument. Both financial and non-financial transactions pertaining to Scheme(s) of HDFC Mutual Fund ('the Fund') can be done through MFU at the authorized Points of Service ("POS") of MFUI. The details of POS with effect from the respective dates published on MFU website at www.mfuindia.com will be considered as Official Point of Acceptance (OPA) for transactions in the Scheme(s) of the Fund.

Additionally, such transactions can also be carried out electronically on the online transaction portal of MFU at www.mfuonline.com as and when such a facility is made available by MFUI and that the same will be considered OPA for transactions in the Scheme(s) of the Fund.

The key features of MFU are:

1. Investors will be required to obtain Common Account Number ("CAN") for transacting through MFU.
2. Investors can create a CAN by submitting the CAN Registration Form (CRF) and necessary documents at the Point of Service (POS) of MFUI. HDFC AMC and / or CAMS, Registrar and Transfer Agent (RTA) of the Fund shall provide necessary details to MFUI as may be needed for providing the required services to investors / distributors through MFU.
3. Investors will be allotted a CAN, a single reference number for all investments across Mutual Funds, for transacting in multiple Schemes of various Mutual Funds through MFU and to map existing folios, if any.
4. Currently, the transactions facilitated through MFU for the investors are:
 - (i) CAN registration;
 - (ii) Submission of documents to KRAs for KYC Registration;
 - (iii) Financial transactions like Purchases, Redemptions and Switches, Registration of Systematic Transactions like Systematic Investments (SIP) using a single Mandate, Systematic Withdrawals (SWP) and Systematic Transfers (STP);
 - (iv) Non-financial transactions (NFT) like Bank Account changes, facilitating change of address through KRAs etc. based on duly signed written requests from the Investors.
5. The CRF and other relevant forms for transacting through MFU can be downloaded from MFUI website at www.mfuindia.com or can be obtained from MFUI POS.
6. Investors transacting through MFU shall be deemed to have consented to exchange of information viz. personal and / or financial (including the changes, if any) between the Fund /HDFC AMC and MFUI and / or its authorized service providers for validation and processing of transactions carried out through MFU.
7. For details on carrying out the transactions through MFU or any queries or clarifications related to MFU, investors are requested to contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and Public Holidays) or send an email to clientservices@mfuindia.com. Investors of the Fund can also get in touch with Investor Service Centres (ISCs) of HDFC AMC to know more about MFU.
8. For any escalations and post-transaction queries pertaining to Scheme(s) of the Fund, the Investors are requested to get in touch with the ISCs of HDFC AMC.

The transactions carried out through MFU shall be subject to the terms & conditions as may be stipulated by MFUI / Fund / HDFC AMC from time to time.

| | |
|----------------------------------|---|
| | <p>The terms & conditions of offering of the Scheme(s) of the Fund as specified in the Scheme Information Document (SID), Key Information Memorandum ('KIM') and Statement of Additional Information ('SAI') shall be applicable to transactions through MFU.</p> |
| <p>Account Statements</p> | <ol style="list-style-type: none"> 1. The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). 2. The holding(s) of the beneficiary account holder for units held in demat mode will be shown in the statement issued by respective Depository Participants (DPs) periodically. 3. A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or e-mail on or before 15th of the succeeding month. 4. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. 5. Half yearly CAS will not be sent to those Unit holders who do not have any holdings in the schemes of mutual fund and where no commission against their investment has been paid to distributors, during the concerned half-year period. 6. The periodical CAS will be sent by the Depositories to investors holding demat accounts (whether or not units are held in demat form) referred to as "SCAS" and by Mutual Fund Industry to other investors referred to as "MF-CAS". 7. The periodical CAS are issued on the basis of Permanent Account Number (PAN). Thus, CAS shall not be received by the Unit holders for the folios not updated with PAN and / or KYC details. Unit holders are therefore requested to ensure that the folios are updated with their PAN / KYC details. 8. For folios of the Fund not included in the CAS (due to non-availability of PAN), the AMC shall issue the necessary account statements within prescribed timeline by mail or email. 9. In the event the account has more than one registered holder, the first named Unit holder shall receive the CAS/ account statement. 10. The Unit holder may request for a physical account statement without any charges by writing to/calling the AMC/ISC/RTA. The Mutual Fund/ AMC shall despatch an account statement within 5 Business Days from the date of the receipt of request from the Unit holder. <p>Pursuant to, clauses 14.4.3 and 11.3 of Master Circular, the following additional disclosures will be provided in the CAS issued to the investors:</p> |

- Each CAS/SCAS shall also provide the total purchase value / cost of investment in each scheme. Further, whenever distributable surplus is distributed, a clear segregation between income distribution (appreciation on NAV) and capital distribution (Equalization Reserve) shall be suitably disclosed.
- CAS/SCAS issued for the half-year (ended September / March) shall also provide (i) the amount of actual commission paid by the AMC/ Fund to distributors (in absolute terms) during the half-year period, and (ii) the scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and Other expenses for the half-year period for the scheme's applicable Option (regular or direct or both) where the concerned investor has actually invested in.
- The term 'commission' refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by the AMC/Fund to distributors. The commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Service Tax (wherever applicable, as per existing rates), operating expenses, etc.

Further information pertaining to SCAS sent by Depositories:

- In case an investor does not wish to receive SCAS, an option shall be given by the Depository to indicate negative consent.

A penal interest of 15% or such other rate as may be prescribed by SEBI from time to time, will be paid by the AMC for the period of delay in case the Redemption proceeds are not transferred within the specified timeline</p> |

Units will be redeemed on First In First Out (FIFO) basis at a folio level.

Redemption request shall not be processed if PAN is not updated in non-PAN exempt folios. Redemption request may also not be processed if KYC compliant status is not updated in the folio.

For Units held in demat form

The redemption proceeds will be credited to the bank account of the Unitholder, as per the bank account details recorded with the DP through electronic modes or by forwarding a Cheque / Draft.

Redemption by NRIs/ PIOs/ OCIs/ FPIs

Payment to NRI / PIOs/ OCIs/ FPI Unit holders will be subject to the relevant laws / guidelines of the RBI as are applicable from time to time (also subject to deduction of tax at source as applicable).

In the case of NRIs/ PIOs/ OCIs

Subject to RBI/FEMA Regulations, redemption proceeds may be :

- (i) Credited to the Unitholder's NRO account, where the payment for the purchase of the Units redeemed was made out of funds held in NRO account;
- or
- (ii) Credited at the Unitholder's option to the NRE / FCNR/ NRO account, where the Units were purchased on repatriation basis and the payment for such purchase was made by inward remittance through normal banking channels or out of funds held in NRE/ FCNR account of the Unitholder;
- or
- (iii) any other mode permitted under FEMA Regulations at the discretion of the AMC.

In the case of FPIs

The Fund will credit the net amount of redemption proceeds of such Units to the foreign currency account or Special Non-Resident Rupee Account of the FPI.

BANK DETAILS

In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Payment will be made only in the Bank Account registered with the Mutual Fund. Applications without complete bank details shall be rejected. Further, it will be mandatory for the investors to submit any one of the documentary proof mentioned in point No.1, 2 and 3 as detailed in procedure under section 'Change in Bank Account' in case the pay-out bank account details (i.e. bank account for receipt of redemption/ IDCW proceeds)

mentioned in the application form for subscription under a new folio is different from pay-in bank account details (i.e. bank account from which a subscription payment is being made). The Fund / AMC / Trustee reserves the right to call for such other information and documents as may be required from the investors. Investors are requested to note that applications for new folio creation submitted (wherein pay-out bank details is different from payin bank details) without any of the required documentary proof relating to pay-out bank account details will be treated as invalid and liable to be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques / warrants and / or any delay / loss in transit.

Investments (including through existing SIP registrations) in the name of minors shall be permitted only from bank account of the minor, parent or legal guardian of the minor or from a joint account of the minor with the parent or legal guardian. It is reiterated that the redemption/ Income Distribution cum Capital Withdrawal (IDCW) proceeds for investments held in the name of Minor shall continue to be transferred to the verified bank account of the minor (i.e. of the minor or minor with parent/ legal guardian) only. Therefore, investors must ensure to update the folios with minor's bank account details as the 'Pay-out Bank account' by providing necessary documents before tendering redemption requests / for receiving IDCW distributions.

- **Multiple Bank Accounts Registration**

The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non - Individuals) for receiving redemption/ IDCW proceeds etc. by providing necessary documents. Investors must specify any one account as the "Default Bank Account". The investor, may however, specify any other registered bank account for credit of redemption proceeds at the time of requesting for redemption. Investors holding units in non-demat form are requested to avail the facility of registering multiple bank accounts by filling in the 'Multiple Bank Accounts Registration Form' available at our Investor Service Centres (ISCs) or on our website www.hdfcfund.com.

- **Change in Bank Account**

For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant.

For investors holding units in non-demat mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.

In case a 'Change of Bank Details Form' is submitted, the following procedure needs to be adhered to:

1. Unit holders will be required to submit the duly filled in Change of Bank Details Form along with a cancelled original cheque leaf of the new bank account as well as the bank account currently registered with the Mutual Fund (where the account

number and first unit holder name is printed on the face of the cheque). Unit holders should without fail cancel the cheque and write 'Cancelled' on the face of it to prevent any possible misuse.

2. Where such name is not printed on the original cheque, the Unit holder may submit a letter from the bank on its letterhead certifying that the Unit holder maintains/ maintained an account with the bank, the bank account information like bank account number, bank branch, account type, the MICR code of the branch & IFSC Code (where available).
3. In case of non-availability of any of these documents, a self attested copy of the bank pass book or a statement of bank account with current entries not older than 3 months having the name and address of the first unit holder and account number.

Note: The above documents shall be submitted in Original. If copies are furnished, the same must be submitted at the ISCs where they will be verified with the original documents to the satisfaction of the Fund. The original documents will be returned across the counter to the Unit holder after due verification. In case the original of any document is not produced for verification, then the copies should be attested by the bank manager with his / her full signature, name, employee code, bank seal and contact number.

In the event of a request for change in bank account information being invalid / incomplete / not satisfactory in respect of signature mismatch/document insufficiency/ not meeting any requirements more specifically as indicated in clauses 1-3 above, the request for such change will not be processed. Redemptions / IDCW payments, if any, will be processed and the last registered bank account information will be used for such payments to Unit holders.

Unit holders may note that it is desirable to submit their requests for change in bank details atleast 7 days prior to date of redemption / IDCW payment, if any and ensure that the request for change in bank details has been processed before submitting the redemption request. If change in bank details has not been processed, payment will be made in the existing bank account registered in the folio. Further, in the event of a request for redemption of units being received within seven days of change in bank account details, the normal processing time as specified in the Scheme Information Document, may not necessarily apply, however it shall be within the regulatory limits. Any unregistered bank account or a new bank account mentioned by the Unit holder along with the redemption request may not be considered for payment of redemption /IDCW proceeds.

Change of Address

- 1) For investors holding units in demat mode, the procedure for change in address would be as determined by the depository participant.
- 2) For investors holding units in non-demat mode, the procedure as detailed below shall be applicable. Unit holder will be

| | |
|---|---|
| | <p>required to submit a valid request for change in address details along with the following supporting documents:</p> <p>KYC Not Complied Folios/Clients: Investors are advised to complete KYC formalities as required by KRAs and submit the request to AMC to update their PAN/PEKRN in our records. The address will be updated in the folios from the KRA record.</p> <ul style="list-style-type: none"> • Self attested copy of Proof of New Address; and • Self attested copy of PAN or other proof of identity as may be prescribed by SEBI from time to time, for PAN exempt cases. <p>KYC Complied Folios/Clients:</p> <ul style="list-style-type: none"> • Application form for change in address, as specified by KRAs • Self attested copy of Proof of New Address; and • Any other document/form that the KYC Registration Agency (KRA) may specify from time to time. <p>The above documents will be forwarded to KRA for updation in their record.</p> <p>Note: The above documents shall be submitted in Original. If copies are furnished, the same must be submitted at the ISCs where they will be verified with the original documents to the satisfaction of the Fund. The original documents will be returned across the counter to the Unit holder after due verification. In case the original of any document is not produced for verification, then the copies should be properly attested / verified by entities authorized for attesting/verification of the documents as per extant KYC guidelines.</p> <p>The AMC / Trustee reserves the right to amend the aforesaid requirements.</p> |
| <p>Delay in payment of redemption/ repurchase proceeds</p> | <p>The AMC shall be liable to pay interest to the Unit holders at 15% or such other rate as may be prescribed by SEBI from time to time, in case the redemption/ repurchase proceeds are not transferred within the prescribed time. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be requested by a regulatory body or any government authority, which may result in delay in processing the application.</p> |
| <p>Tax Status of Investors</p> | <p>For all new purchases, the AMC reserves the right to update the tax status of investors by referring to the information furnished in the application form by the applicant(s) and as per the Permanent Account Number/ Bank Account details or such other documents submitted along with the application form. The AMC shall not be responsible for any claims made by the investor/ third party on account of updation of tax status basis the stated process.</p> |

² As per amendment made vide Finance Act, 2023, withholding tax would be lower of 20% (plus applicable surcharge and cess) or the rate provided under the relevant tax treaty, whichever is lower, subject to eligibility and compliance with applicable conditions.

As per the provisions of section 196D of the Act which is specifically applicable in case of FPI/FII, the withholding tax rate of 20% (plus applicable surcharge and cess) on any income in respect of securities referred to in section 115AD(1)(a) credited / paid to FII shall apply. The proviso to section 196D(1) of the Act provides for claiming the tax treaty benefits at the time of withholding tax on income with respect to securities of FPIs, subject to furnishing of tax residency certificate and such other documents as may be required. As per section 196D(2) of the Act, no TDS shall be made in respect of income by way of capital gain arising from the transfer of securities referred to in section 115AD of the Act.

³ Health and education Cess shall be applicable at 4% on aggregate of base tax and surcharge.

⁴ The Finance Act, 2023 provides that in case of domestic company, the rate of income-tax shall be 25% if its total turnover or gross receipts in the financial year 2021-22 does not exceed Rs. 400 crores.

⁵ The corporate tax rates for domestic companies (not claiming specified incentives and deductions) at the rate of 22% under section 115BAA and domestic manufacturing companies (not claiming specified incentives and deductions) set-up and registered on or after 1 October 2019 at the rate of 15% under section 115BAB. The tax computed in case of domestic companies whose income is chargeable to tax under section 115BAA or section 115BAB shall be increased by a surcharge at the rate of 10%.

⁶ Short term/ long term capital gain tax will be deducted at the time of redemption of units in case of NRI investors only. However, the Finance Act, 2023 now provides withholding tax would be lower of the rate of 20% (plus applicable surcharge and cess) or rates provided in the tax treaty of 20% (plus applicable surcharge and cess) on any income in respect of units of mutual fund in case of non-residents as per section 196A of the Act. The non-resident unitholders have to provide the required documents for claiming the benefit of tax treaty.

⁷ Section 112A provides that long term capital gains arising from transfer of a long term capital asset being a unit of an equity oriented fund shall be taxed at 10% (without indexation and foreign currency fluctuation benefit) of such capital gains exceeding one lakh rupees. The concessional rate of 10% shall be available only if STT has been paid on transfer in case of units of equity-oriented mutual funds.

*Section 206AB would apply on any sum or income or amount paid, or payable or credited, by a person (herein referred to as deductee) to a specified person, as defined. This section shall not apply where the tax is required to be deducted under sections 192, 192A, 194B, 194BA, 194BB, 194-IA, 194-IB, 194LBC, 194M or 194N of the Act. The TDS rate in this section is higher of the followings rates:

| | |
|--------------------------|--|
| | <ul style="list-style-type: none"> • twice the rate specified in the relevant provision of the Act; or • twice the rate or rates in force; or • the rate of five per cent. <p>It is also provided that if the provision of section 206AA of the Act is applicable to a specified person, in addition to the provision of this section, the tax shall be deducted at higher of the two rates provided in this section and in section 206AA of the Act. Specified person' means a person (excluding non-residents who do not have a permanent establishment in India or person not required to file income-tax return and notified by Central Government) who has not filed income-tax return under section 139(1) for the preceding year and aggregate of TDS and TCS in his case is INR 50,000 or more in the said year.</p> <p>^^ The information given herein is as per the prevailing tax laws. For further details on taxation, please refer to the Section on Taxation on investing in Mutual Funds in Statement of Additional Information {SAI}. Investors should be aware that the fiscal rules/ tax laws may change and there can be no guarantee that the current tax position may continue indefinitely. In view of the individual nature of tax implications, investors are advised to consult their professional tax advisor</p> |

D. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI / available on website.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units of under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under each Scheme}}$$

The NAV of the Scheme will be calculated and disclosed at the close of every Business Day. The NAV of the Scheme will be calculated upto 3 decimals.

Valuation of Foreign Securities including ADR/GDR

(i) Traded Securities

Traded foreign securities including ADR/GDR shall be valued based on the latest available closing price of the stock exchange on which the security is listed. If the security is listed on more than one stock exchange, the AMC shall select the appropriate stock exchange and the reasons for selection of the stock exchange shall be recorded in writing and approved by Valuation Committee.

If the security is listed in a time zone ahead of ours than the same day's closing price would be used for Valuation. If the security is listed in the time zone behind ours then the previous day's closing price would be used for valuation.

When on a particular valuation day, a security has not been traded on the selected stock exchange; the value at which it is traded on another stock exchange or last available price on the selected stock exchange shall be used provided such date is not more than thirty days prior to the valuation date.

On valuation date, all assets and liabilities in foreign currency shall be valued in Indian Rupees at the RBI reference rate as at the close of banking hours on the relevant Business Day in India.

If the security is listed in currency for which RBI reference rate is not available, the exchange rates available from Reuters will be used. In case the direct exchange rates are not available on Reuters, then cross currency rate with USD would be considered and converted as per the INR/USD RBI reference rate.

(ii) Non Traded Securities

Non traded foreign security shall be valued by AMC at fair value after considering relevant factors on case to case basis. Non-traded ADR/ GDR shall be valued after considering prices/issue terms of underlying security. Valuation committee shall decide the appropriate discount for illiquidity.

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the Scheme and also about the transaction charges to be borne by the investors. The information provided under this Section seeks to assist the investor in understanding the expense structure of the Scheme and types of different fees / expenses/ loads and their percentage the investor is likely to incur on purchasing and selling the Units of the Scheme.

A. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses incurred for the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs, listing fee, etc.

The AMC has estimated that the following expenses will be charged to the Scheme as permitted under Regulation 52 of SEBI (MF) Regulations. The expenses are estimated on Assets Under Management (daily net assets) of Rs.500 crores. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. www.hdfcfund.com

| Expense Head | % of daily net assets* (estimated) (p.a.) |
|--|---|
| Investment Management and Advisory Fees | Upto 2.25% |

| Costs of Statutory Advertisements | |
| Cost towards investor education & awareness (0.02% p.a.) ² | |
| Brokerage & Transaction cost on value of trades for cash and derivative market trades respectively | |
| GST on expenses other than Investment Management and Advisory Fees ³ | |
| GST on brokerage and transaction cost ³ | |
| Other Expenses | |
| Maximum total expense ratio (TER) permissible under Regulation 52 (6) ⁴ | |
| Additional expenses under Regulation 52 (6A) (c) ^{4#} | 0.05% |
| Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b) | Upto 0.30% |

* The TER of the Direct Plan will be lower to the extent of the above mentioned distribution expenses/ commission which is charged in the Regular Plan.

In terms of clause 10.1.7 of Master Circular, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses.

Notes:

¹ Trustee Fees and Expenses

In accordance with the Trust Deed constituting the Mutual Fund, the Trustee is entitled to receive, in addition to the reimbursement of all costs, charges and expenses, a quarterly fee

computed at a rate not exceeding 0.10% per annum of the daily net assets of the Scheme or a sum of Rs. 15,00,000 per annum, whichever is higher. However, the Trustee may charge any fee amount within the rate/amount as specified hereto. Such fee shall be paid to the Trustee within seven working days from the end of each quarter every year, namely, within 7 working days from June 30, September 30, December 31 and March 31 of each year. The Trustee may charge further expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

² Investor Education and Awareness initiatives

As per clause 10.1.16 of Master Circular, the AMC shall annually set apart at least 2 basis points p.a. (i.e. 0.02% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken.

³ Refer Point (3) below on GST on various expenses.

⁴ There shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) viz. Investment Management and Advisory Fees and various sub-heads of recurring expenses, respectively.

All scheme related expenses including commission paid to distributors, if any, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 as amended from time to time on implementation of clause 10.1.12 of Master Circular on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

The purpose of the above table is to assist the Investor in understanding the various costs and expenses that an Investor in the Plan(s) under the Scheme will bear directly or indirectly. The figures in the table above are estimates. The actual expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI (MF) Regulations. Currently these are as under:

(1) Maximum Total Expense Ratio under Regulation 52 (6):

On the first Rs.500 crores of the daily net assets - 2.25% p.a.

On the next Rs.250 crores of the daily net assets - 2.00% p.a.

On the next Rs.1,250 crores of the daily net assets - 1.75% p.a.

On the next Rs.3,000 crores of the daily net assets - 1.60% p.a.

On the next Rs.5,000 crores of the daily net assets - 1.50% p.a.

On the next Rs.40,000 crores of the daily net assets – Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.

On balance of the assets - 1.05% p.a.

(2) Additional Expenses under Regulation 52 (6A):

(i) To improve the geographical reach of the Scheme in smaller cities / towns as may be specified by SEBI from time to time, expenses not exceeding 0.30% p.a. of daily net assets, if the new inflows from retail investors from such cities are at least (a) 30% of gross new inflows in the Scheme or (b) 15% of the average assets under management (year to date) of the Scheme, whichever is higher.

In case inflows from retail investors from such cities are less than the higher of (a) or (b) above, such expenses on daily net assets of the Scheme shall be charged in accordance with clause 10.1.3 of Master Circular.

The amount so charged shall be utilised for distribution expenses incurred for bringing inflows from retail investors from such cities. However, the amount incurred as expense on account of inflows from retail investors from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Currently, SEBI has specified that the above additional expense may be charged for inflows from retail investors from beyond 'Top 30 cities'. Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year. Inflows from "retail investors" shall mean inflows of amount upto Rs 2 lakhs per day, from individual investors.

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice. Accordingly, the B-30 incentive structure shall be implemented as per SEBI / AMFI directions from time to time.

(ii) Expenses not exceeding 0.05% p.a. of daily net assets towards Investment Management and Advisory Fees and the various sub-heads of recurring expenses mentioned under Regulation 52 (2) and (4) respectively of SEBI (MF) Regulations. Provided that such additional expenses shall not be charged to the schemes where the exit load is not levied or applicable.

(3) GST

As per clause 10.3 of Master Circular, GST shall be charged as follows:

1. GST on investment management and advisory fees shall be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
2. GST on other than investment management and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
3. GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme.
4. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52 of the SEBI (MF) Regulations.

The total expenses charged to the Scheme shall not exceed the limits stated in Regulation 52 of the SEBI (MF) Regulations and as permitted under SEBI Circulars issued from time to time.

Any expenditure in excess of the SEBI regulatory limits shall be borne by the AMC or by the Trustee or the Sponsor.

The mutual fund would update the current expense ratios on the website (www.hdfcfund.com) at least three working days prior to the effective date of the change and update the TER under the Section titled "Statutory Disclosures" under sub-section titled "Total Expense Ratio of Mutual Fund Schemes".

Illustration: Impact of Expense Ratio on Scheme's return:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above in rupee terms, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- (after deduction of stamp duty and transaction charges, if any) under the Growth Option, the impact of expenses charged will be as under:

| Particulars | Regular Plan | Direct Plan |
|--|---------------------|--------------------|
| Amount invested at the beginning of the year (Rs.) | 10,000 | 10,000 |
| Returns before expenses (Rs.) | 1,500 | 1,500 |
| Returns before expenses (%) | 15 | 15 |
| Expenses other than Distribution expenses (Rs.) | 150 | 150 |
| Distribution expenses (Rs.) | 50 | 0 |
| Returns after expenses at the end of the year (Rs.) | 1300 | 1350 |
| Returns after expenses at the end of the year (%) | 13 | 13.50 |

Note(s):

- The purpose of the above illustration is purely to explain the impact of expenses charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Option under the Plan(s) under the Scheme will be lower to the extent of the distribution expenses/commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

B. TRANSACTION CHARGES

For details refer section '**Highlights / Summary of the Scheme(s)**'.

C. LOAD STRUCTURE

Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.hdfcfund.com) or may call at (1800 3010 6767/1800 419 7676) or your distributor.

Details of Load Structure:

| | |
|------------------------|--|
| Entry/ Sales Load | <ul style="list-style-type: none"> • Not Applicable. <p>Pursuant to clause 10.4.1.a of Master Circular, no entry load will be charged by the Scheme to the investor.</p> |
| Exit / Redemption Load | <ul style="list-style-type: none"> • In respect of each purchase/switch-in of units, an Exit load of 1% is payable if units are redeemed/switched-out within 1 year from the date of allotment. • No Exit Load is payable if units are redeemed / switched-out after 1 year from the date of allotment. <p>In respect of Systematic Transactions such as SIP, STP, etc, Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.</p> |

- (i) No exit load shall be levied for switching between Options under the same Plan within the Scheme.
- (ii) Switch of investments from Regular Plan to Direct Plan under the same Scheme/ Plan shall be subject to applicable exit load, unless the investments were made directly i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from Direct Plan will not be subject to any exit load.

- (iii) No exit load shall be levied for switch-out from Direct Plan to Regular Plan under the same Scheme/ Plan. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the original date of investment in the Direct Plan.
- (iv) No Exit load will be levied on Units allotted on Re-investment of Income Distribution cum Capital Withdrawal.
- (v) No Exit load will be levied on Units allotted in the Target Scheme under the Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan Facility (TIP Facility).
- (vi) In case of Systematic Transactions such as Systematic Investment Plan (SIP), Flex SIP, Systematic Transfer Plan (STP), HDFC Flex Systematic Transfer Plan (Flex STP), HDFC Swing Systematic Transfer Plan (Swing STP), Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.

Under the Scheme (s), the Trustee / AMC reserves the right to modify / change the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund.

The AMC reserves the right to introduce / modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. The Load may also be changed from time to time and in the case of an Exit / Redemption Load this may be linked to the period of holding. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing.

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 95 per cent of the Net Asset Value.

Any imposition or enhancement of Exit Load in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the load structure the AMC / Mutual Fund may adopt the following procedure

- (i) The addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum and displayed on our website www.hdfcfund.com. The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Document and Key Information Memorandum already in stock.
- (ii) Arrangements will be made to display the changes / modifications in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors / brokers office.
- (iii) The introduction of the Load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the Account Statement or in the covering letter issued to the Unit holders after the introduction of such Load.

D. WAIVER OF LOAD FOR DIRECT APPLICATIONS

Pursuant to clause 10.4.1.a of Master Circular, no entry load shall be charged for all mutual fund schemes.

Therefore, the procedure for waiver of load for direct applications is no longer applicable.

E. STAMP DUTY ON ALLOTMENT/ TRANSFER OF UNITS*

Mutual fund units issued against Purchase transactions (whether through lump-sum investments or SIP or STP or switch-ins or reinvestment under IDCW Option) would be subject

to levy of stamp duty @ 0.005% of the amount invested. Transfer of mutual fund units (such as transfers between demat accounts) are subject to payment of stamp duty @ 0.015%. The rate and levy of stamp duty may vary as amended from time to time.

* Pursuant to Notification No. S.O. 4419(E) dated December 10, 2019 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, and subsequent Notification dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India.

The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be created only for the balance amount i.e. net investment amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis as illustrated below:

For instance: If the investment amount is Rs. 100,100 and the transaction charge is Rs. 100, the stamp duty will be calculated as follows: $((\text{Investment Amount} - \text{Transaction Charge}) / 100.005) * 0.005 = \text{Rs. } 5$. If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: $(\text{Investment Amount} - \text{Transaction Charge} - \text{Stamp Duty}) / \text{Applicable NAV} = 9,999.50$ units.

V. RIGHTS OF UNITHOLDERS

Please refer to 'Statement of Additional Information ('SAI')' for details.

VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY

1. Penalties and action(s) taken against foreign Sponsor(s) limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out and where the headquarters of the Sponsor(s) is situated. Also, top 10 monetary penalties of foreign Sponsor(s) during the last three years.

Details of settlement, if any, arrived at with the aforesaid authorities during the last three years shall also be disclosed.

- i. SEBI had issued Show Cause Notice dated June 19, 2023 to HDFC Bank as designated depository participant in the matter of Foreign Portfolio Investors not meeting eligibility criteria prescribed under SEBI (Foreign Portfolio Investors) Regulations. Response to the Show Cause Notice was submitted to SEBI vide letter dated August 15, 2023 and settlement application was also submitted to SEBI, which are pending disposal.
- ii. Reserve Bank of India (RBI) by an order dated May 27, 2021, levied a penalty of Rs. 10 cores (Rupees ten cores only) for marketing and sale of third-party non-financial products to HDFC Bank's auto loan customers, arising from a whistle blower complaint, which revealed, inter alia, contravention of Section 6(2) and Section 8 of the Banking Regulation Act, 1949. The Bank has discontinued the sale of said third-party non-financial product since October 2019. The penalty was paid by the Bank.
- iii. SEBI issued final order on January 21, 2021, levying a penalty of Rs. 1 crore on the Bank, in the matter of invocation of securities pledged by BMA Wealth Creators (BRH Wealth Kretors) for availing credit facilities. SEBI also directed the Bank to transfer sale proceeds of Rs. 158.68 crores on invocation of securities, along with interest to escrow account with a nationalised bank by marking lien in favour of SEBI. The Bank challenged SEBI's order before SAT and SAT, vide its interim order, stayed operation of SEBI's order. SAT, vide its final order dated February 18, 2022, allowed the Bank's appeal and quashed SEBI's Order.
- iv. RBI issued an Order dated December 02, 2020 ("Order") to HDFC Bank Limited (the "Bank") with regard to certain incidents of outages in the internet banking/mobile banking/ payment utilities of the Bank over the past 2 years, including the outages in the Bank's internet banking and payment system on November 21, 2020 due to a power failure in the primary data centre. RBI, vide above order, advised the Bank (a) to stop all digital business generating activities planned under its 'Digital 2.0' and proposed Business generating applications digital also imposed restrictions and (b) to stop sourcing of new credit card customers. The Bank initiated remedial activities including fixing of staff accountability and the same were communicated to the RBI. Basis the Bank's submission, RBI vide its letter dated August 17, 2021, relaxed the restriction placed on sourcing of new credit cards customers and further vide its letter

dated March 11, 2022 lifted the restrictions on the business generating activities planned under the Bank's Digital 2.0 program.

3. Details of all enforcement actions (including the details of violation, if any) taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/adjudication/ enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party.

Please refer to the disclosures at point 2 (i) and (iii) above.

4. Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party.

In accordance with applicable SEBI MF Regulations and the relevant Scheme Information Document's (SID) a few of the schemes of HDFC Mutual Fund ("the Fund") had made investments in Pass Through Certificates (PTCs) of certain securitisation trusts ("the Trusts"). The returns filed by few of Trusts whose PTCs were held by the Fund were taken up for scrutiny by the Income Tax Authorities for Assessment Years 2007-08, 2008-09, 2009- 10 and 2010-11. Arising out of this, they had raised a tax demand on such Trusts. On failure to recover the same from them, they sent demand notices to the Fund along with other Mutual Funds as beneficiaries / contributors to such Trusts. The Fund in consultation with its tax and legal advisors had contested the applicability of such demand and got the attachment order vacated by the Mumbai High Court in March 2012. The Securitisation Trusts on their part have contested the matter and the ITAT has upheld their appeal and dismissed the contentions and all the cross - appeals filed by the Tax Authorities. The Tax Authorities have on their part preferred an appeal in the High Court against the ITAT order, where the matter is being heard and had also filed a Miscellaneous application before the ITAT, where the matter was dismissed vide their ITAT order dated March 25, 2022.

5. Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/ Trustee Company which SEBI has specifically advised to be disclosed in the SID, or notified by any other regulatory agency.
