Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related securities of companies constituting the underlying index (NIFTY200 Quality 30 Index)	95	100
Money market instruments including TREPs*#	0	5

*Or similar instruments as may be permitted by SEBI/RBI from time to time, subject to requisite approvals from SEBI/RBI, as applicable

Excluding subscription money in transit before deployment/payout

The cumulative gross exposure through Equity, Debt, Derivatives and Money Market instruments including TREPs, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required should not exceed 100% of the net assets of the scheme.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Exposure to various instruments will be as per the indicative table given below:
(Below percentages shall be subject to applicable SEBI circulars):

Sr. No.	Type of Instrument	Percentage of exposure	Circular references
1.	Stock Lending	up to 20% of Net Assets and a single intermediary (broker) limit will be up to 5% of the Net Assets	Paragraph 12.11 of the Master Circular
2.	*Derivative instruments on underlying index (stock/ index futures)	Upto 20% of net assets	paragraph 7.5 and 12.25 of the Master Circular
3.	Equity Derivatives for hedging purpose	-	
4.	Equity Derivatives for non-hedging purpose	Upto 20% of net assets	

5.	Debt Derivatives for hedging/non hedging purpose	-	
----	--	---	--

* The Scheme may take an exposure to equity derivatives of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted subject to rebalancing within 7 calendar days (or as specified by SEBI from time to time).

PORTFOLIO CONCENTRATION NORMS

The portfolio concentration norms are in accordance with provisions of paragraph 3.4 of the Master Circular.

Disclosure norms as per paragraph 3.6.8 of the Master Circular:

A. The following details of the Scheme will be updated on a monthly basis:

- i. Name and exposure to top 7 stocks respectively as a percentage of NAV of the Scheme;
- ii. Name and exposure to top 7 groups as a percentage of NAV of the Scheme;
- iii. Name and exposure to top 4 sectors as a percentage of NAV of the Scheme.

B. Change in constituents of the underlying index, if any, shall be disclosed on the AMC website on the day of change.

Any transactions undertaken in the portfolio of the Scheme in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Rebalancing of deviation due to short term defensive consideration:

Any alteration in the investment pattern will be for a short term on defensive considerations as per paragraph 1.14.1.2.b of SEBI Master Circular; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days. It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Rebalancing in case of passive breaches:

In line with Paragraph 3.6.7 of the Master Circular in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Index Schemes in order to meet the redemption and subscription obligations shall be done ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 calendar days, to minimize the tracking error.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 calendar days from the date of allotment/listing. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 read with sub-regulation (26) of Regulation 25 of the SEBI Regulations.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Negative list: The Scheme will not invest/ have exposure in the following:

- Repos in corporate debt securities;
- Short selling of securities;
- Unrated instruments (except TREPS/ Government Securities/ T- Bills / Repo and Reverse Repo in Government Securities);
- Foreign securities/ADR/GDR;
- Securitised debts;
- Structured obligations;
- Additional Tier I bonds and Tier 2 bonds having special features as mentioned in paragraph 12.2 of SEBI Master Circular; and
- REITS and INVITS.

Change in Investment Pattern

As an index linked ETF, the scheme is passively managed. However, as elsewhere stated in this scheme information document, the investment pattern and the percentages stated are indicative, and may change for short duration and defensive considerations with the intention to protect the interests of the Unit holders. In the event the underlying index is dissolved or is withdrawn by index service provider or is not published due to any reason whatsoever, the Trustees reserve the right to modify the Scheme so as to track a different and suitable index or to suspend tracking the underlying index and appropriate intimation will be sent to the Unit holders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the

provisions of sub regulation (15A) of Regulation 18 subject to compliance with sub-regulation (26) of regulation 25 of the SEBI (MF) Regulations.

B. WHERE WILL THE SCHEME INVEST?

The Scheme invests in the securities included in the Underlying Index regardless of their investment merit.

Subject to the Regulations and the disclosures as made under the Section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

- 1) Equity and equity related securities forming part of underlying index
- 2) Derivative instruments like, Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 3) Money market instruments which includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time; to meet the liquidity requirements.
- 4) TREPS#

#Or similar instruments as may be permitted by SEBI/RBI from time to time, subject to requisite approvals from SEBI/RBI, as applicable.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

Inter scheme transfer of investments shall be in accordance with the provisions contained in paragraph Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with the guidelines issued by SEBI vide its master Circular dated May 19, 2023 and such other guidelines as may be notified from time to time.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The corpus of the Scheme will be invested in stocks constituting the underlying index in the same proportion as in the Index and endeavor to track the benchmark index. A very small portion (0-5% of the Net Assets) of the fund may be kept liquid to meet the liquidity and expense requirements. Further, the Scheme shall follow a passive investment strategy.

The performance of the Scheme may not be commensurate with the performance of the underlying index on any given day or over any given period. Such variations are commonly referred to as the tracking error. The fund intends to maintain a low tracking error by closely aligning the portfolio in line with the index. The stocks comprising the underlying index are periodically reviewed by Index Service Provider. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the underlying index immediately. The portfolio shall be rebalanced within 7 days to ensure adherence to the asset allocation norms of the Scheme. Similarly, in the event of a constituent stock being demerged / merged / delisted from the exchange or due to a major corporate action in a constituent stock, the fund may have to reallocate the portfolio and seek to minimize the variation from the index. In such events, it may be more prudent for the fund to take exposure through derivatives of the index itself or its constituent stocks in order to minimize the long term tracking error.

Equities and equity related instruments:

The Scheme would invest in stocks comprising the underlying index and endeavor to track the benchmark index.

Fixed Income Securities:

The Scheme may also invest in units of TREPs, Repo and Reverse Repo, cash & cash equivalents, in compliance with Regulations to meet liquidity requirements. The scheme may also invest in liquid schemes of ICICI Prudential Mutual Fund or other schemes which has objective to invest in debt and money market instruments. Money Market Instruments include commercial papers, commercial bills, treasury bills, and Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, TREPs and any other like instruments as specified by the Reserve Bank of India from time to time, subject to regulatory approvals.

Implementation of Policies

The Scheme, in general, will hold all of the securities that comprise the Underlying Index in the same proportion as the index. Expectation is that, over time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Investment Process

The Scheme will track the Underlying Index and is a passively managed scheme. The investment Decisions will be determined as per the Underlying Index. In case of any change in the index due to corporate actions or change in the constituents of the

Underlying Index (as communicated by the Index Service Provider), relevant investment decisions will be determined considering the composition of the Underlying Index.

The Investment decision of the Scheme will be carried out by the designated Fund Manager.

For details on the Derivative Strategies followed, kindly refer to SAI.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked against NIFTY IT TRI.

Since the scheme is an ETF scheme, the composition of the benchmark is such that it is most suited for comparing performance of the Scheme.

E. WHO MANAGES THE SCHEME?

The investments under the Scheme will be managed by Mr. Nishit Patel, Ms. Priya Sridhar and Mr. Kewal Shah. As on May 31, 2024, Mr. Nishit Patel has been managing the scheme for 10 months since August 2023. vi. INVESTMENT OF THE AMC IN THE SCHEME

From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. The funds managed by these associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units. The details of such investments can be accessed at the following link:

[Statutory Disclosure \(icicpruamc.com\)](http://www.icicpruamc.com)>

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI.

The NAV of the Scheme shall be rounded off upto four decimals.

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme}}$$

Illustration on computation of NAV:

If the net assets of the Scheme are Rs.10,45,34345.34 and units outstanding are 100,00,000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 100,00,000 = \text{Rs. } 10.4534 \text{ p.u. (rounded off to four decimals)}$$

iNAV:

iNAV of an ETF i.e. the per unit NAV based on the current market value of its portfolio during the trading hours of the ETF, shall be disclosed on a continuous basis on the AMC Website and the Stock Exchange(s), where the units of these ETFs are listed and traded and shall be updated within a maximum time lag of 15 seconds from the market.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES: NA

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that the following percentage of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the Mutual Fund would update the same on the website at least three business days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular. Investor can refer <https://www.icicipruamc.com/Downloads/total-expense-ratio.aspx> for Total Expense Ratio (TER) details.

\$ Including exchange listing fee

#The Scheme shall not incur any distribution expenses/ commission.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear. The above expenses may increase/decrease as per actual and/or any change in the Regulations.

These estimates have been made in good faith as per information available to the Investment Manager based on past experience. Types of expenses charged shall be as per the SEBI (MF) Regulations.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall not exceed one percent (1.00%) of daily net assets.

Pursuant to paragraph 10.1.3 of the Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and Securities and Exchange Board of India (Mutual Funds) (Fourth Amendment) Regulations, 2018, following additional costs or expenses may be charged to the scheme, namely:

- (i) The AMC may charge Goods and Services tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.
- (ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from B30 cities or as may be specified by the Securities and Exchange Board of India, from time to time are at least –
 - 30 per cent of the gross new inflows from retail investors from B30 cities into the scheme, or;
 - 15 per cent of the average assets under management (year to date) of the scheme,

whichever is higher;

Provided that if inflows from retail investors from B30 cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this paragraph shall be utilised for distribution expenses incurred for bringing inflows from retail investors from B30 cities;

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

For above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme amount upto Rs. 2,00,000/- per transaction.

Note - SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February

24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure *in abeyance with effect from March 01, 2023 till further notice.*

At least 1 basis point on daily net assets shall be annually set apart for investor education and awareness initiatives. The same shall be within limits specified under Regulation 52 of the SEBI (Mutual Funds) Regulation.

Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52.

Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Goods and Services tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

D. LOAD STRUCTURE

Load is an amount, which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay trail commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer

to the website of the AMC (www.icicipruamc.com) or may call your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	NIL

The Eligible Investors can redeem units directly with the Fund/the AMC in accordance with the “minimum application amount”. Currently there is no exit load applicable for the said transactions.

However, during the process of creation/redemption there may be transaction costs and/or other incidental expenses (forming part of the Cash Component), which are liable to be borne by the eligible investors.

Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:

- i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- iii. Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.

Under these circumstances, investors, as specified above and can redeem units of the Scheme directly with the the Fund/the AMC without any exit load. The Fund/the AMC will track the aforesaid liquidity criteria and display it on its website viz., www.icicipruamc.com if the same is triggered, no exit load would be applicable in such cases.

The investor is requested to check the prevailing load structure of the Scheme before investing. Any imposition or enhancement in the load shall be applicable on prospective investments only. Units issued on reinvestment of IDCW shall not be subject to entry and exit load.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application

form and will also be disclosed in the statement of accounts issued after the introduction of such load.

- iv. A public notice shall be provided on the website of the AMC in respect of such changes.

SECTION II

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link: [SID related information \(icicpruamc.com\)](http://icicpruamc.com/SID%20related%20information)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. Standard Risk Factors: Please refer to SAI.

II. Scheme specific risk factors

Risk associated with investing in companies forming part of NIFTY200 Quality 30 Index:

The index tracks the performance of 30 stocks with higher profitability, lower leverage and more stable earnings in the past five years selected from Nifty 200 index. The scheme by mandate invests in stocks of the underlying index which represents the NIFTY200 Quality 30 Index having 30 constituents and will therefore be subject to the risks associated with such concentration. The weightage of each stock is capped at the time of rebalancing of index, which may help in limiting concentration risk. In addition, the scheme would be subject to risks associated with deterioration in the quality scores of the stocks between two index rebalancing dates

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

Passive Investments

The Scheme is not actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

Risks associated with investing in Equities

The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as trading volumes, settlement periods and transfer

procedures, price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Governments, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

The ability to sell the investments is limited by the overall trading volume on the stock exchanges. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. The NAV of the Scheme can go up and down because of various factors that affect the capital markets in general.

Market Risk

The Scheme's NAV will react to the stock market movements. The Investors could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

Market Trading Risks

- **Absence of Prior Active Market:** Although units of the Scheme are to be listed on the Exchanges, there can be no assurance that an active secondary market will develop or be maintained.
- **Lack of Market Liquidity:** Trading in units of the respective Scheme on the Exchange may be halted because of market conditions or for reasons that in the view of the Market Authorities or SEBI, trading in units of the Scheme are not advisable. In addition, trading in units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to BSE/NSE and SEBI "circuit filter" rules. There can be no assurance that the requirements of the Market necessary to maintain the listing of units of the Scheme will continue to be met or will remain unchanged.
- **Units of the Scheme may trade at Prices Other than NAV:** Units of the Scheme may trade above or below its NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of units of the Scheme will fluctuate in accordance with changes in their NAVs as well as market supply and demand of units of the Scheme. However, given that units can be created and redeemed only in Creation Units directly with the Fund, it is expected that large discounts or premiums to the NAVs of the Scheme will not sustain due to arbitrage possibility available.
- **Regulatory Risk:** Any changes in trading regulations by the Stock Exchange/s or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV. Although, the units are listed on BSE and NSE, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on the stock exchanges / or due to connectivity problems with the depositories and/or due to the occurrence of any event beyond their control.

- **Settlement Risk:** In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme's portfolio.
- **Right to Limit Redemptions:** The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with paragraph 1.12 of the master circular.

Portfolio Concentration Risk

To the extent that the Scheme may concentrate its investments in the Securities of companies of certain companies/sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity Securities. Such risks may impact the Scheme to the extent that it invests in particular sectors even in cases where the investment objective is more generic.

Volatility Risk

The equity markets and derivative markets are volatile and the value of securities, derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

Redemption Risk

Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be subject to minimum application amount. However, investors wishing to subscribe/redeem units can do so by buying/selling the same on the Stock Exchange.

Tracking Error Risk

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The tracking error may vary due to various reasons mentioned below or any other reasons that may arise and particularly when the markets are very volatile: -

1. Expenditure incurred by the Scheme.
2. The funds may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or expenses or for corporate actions of securities in the index.
3. Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any

- securities transferred and any delays in receiving cash and IDCWs and resulting delays in reinvesting them.
4. Securities trading may halt temporarily due to circuit filters.
 5. The underlying index reflects the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
 6. Index Service Provider undertakes the periodical review of the scrips that comprise the underlying index and may either drop or include new securities. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Index immediately.
 7. The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
 8. The holding of a cash position (0-5% of the Net Assets to meet the redemptions and other liquidity requirements) and accrued income prior to distribution and accrued expenses.
 9. Corporate actions such as rights, merger, change in constituents etc.
Rounding off quantity of shares underlying the index
 10. Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.

Risk associated with Investing in Debt and money market instruments

- Interest Rate risk: This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.
- Credit risk: This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest
- Liquidity risk: The liquidity of a bond may change depending on market conditions leading to changes in the liquidity premium linked to the price of the bond. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.

The scheme may also invest in liquid schemes of ICICI Prudential Mutual Fund or other schemes which has objective to invest in debt and money market instruments and are subject to risks as stated above.

Risks associated with investing in Tri Party Repo through CCIL (TREPS):

- The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.
- CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized

to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”.

- As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.
- Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.
- Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risk factors associated with creation of segregated portfolios

1. Liquidity risk – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 business days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

Risks associated with Securities Lending and Borrowing:

The Scheme may engage in Securities Lending activity.

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section “How will the Scheme allocate its assets?” for maximum permissible exposure to Securities Lending.

The AMC shall report to the Trustee on a quarterly basis as to the level of lending in terms of value, volume and the names of the intermediaries and the earnings/losses arising out of the transactions, the value of collateral security offered etc. The Trustees shall offer their comments on the above aspect in the report filed with SEBI under sub-regulation 23(a) of Regulation 18.

Risks associated with investing in Derivatives:

- The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The Scheme may use derivatives instruments like Stock Index Futures or other derivative instruments for the purpose of portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

- Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.
- The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.
- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:
 - Lack of opportunity available in the market.
 - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
 - Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
 - Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
 - Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.
 - The derivative contracts at times are undertaken with various counterparties. These counterparties may not be able to meet the obligations under such derivative contracts. This would lead to credit risk in derivative transactions, Hence, derivative trades are undertaken with approved counterparties or through exchanges. This mitigates credit risk on derivative transactions.

The Scheme will not have any exposure to Debt Derivatives. Please refer section on “**Derivatives**” for further details.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

- (i) Performance of the underlying Index will have a direct bearing on the performance of the Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme.
- (ii) Tracking errors are inherent in any ETF and such errors may cause the Scheme to generate returns which are not in line with the performance of the Index or one or more securities covered by / included in the Index.
- (iii) In case of investments in derivative instruments, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it

is relatively new market for Index and also it is relatively less popular as compared to the Index.

(iv) In the event of any of the indices mentioned above, is dissolved or is withdrawn by NSE Indices Limited (NSE Indices) or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as track a different and suitable index or to suspend tracking the Nifty till such time it is dissolved/ withdrawn or not published and appropriate intimation will be sent to the Unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

C. Risk management strategies

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Scheme has identified following risks of investing in equity and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk and Description	Risk mitigants / management strategy
<u>Risks associated with Equity investment</u>	
<p><u>Market Risk</u> The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the underlying Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.</p>	<p>Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.</p>
<p><u>Liquidity risk</u> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which they invests.</p>	<p>The Scheme will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.</p>
<p><u>Tracking Error risk (Volatility/ Concentration risk):</u> The performance of the Scheme may not commensurate with the performance of the</p>	<p><u>Tracking Error risk (Volatility/ Concentration risk):</u> Over a short to medium period, the Scheme may carry the risk of variance</p>

underlying Index viz. NIFTY200 Quality 30 Index on any given day or over any given period.	between portfolio composition and Benchmark. The objectives of the Scheme are to track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.
<u>Derivatives Risk</u> As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.	Derivatives will be used in the form of Index Options, Index Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. The AMC monitors the portfolio and regulatory limits for derivatives through its front office monitoring system. Exposure to derivatives of stocks or underlying index will be done based on requisite research. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into.

Risks associated with money market investment	
<u>Market Risk/ Interest Rate Risk</u> As with all fixed income securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The Scheme may invest in money market instruments having relatively shorter maturity thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.
<u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in money market instruments having relatively shorter maturity. While the liquidity risk for short maturity securities may be low, it may be high in case of medium to long maturity securities.

<p>Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis may be used for identifying company specific risks. Management's past track record may also be studied. In order to assess financial risk an assessment of the issuer's financial statements may be undertaken.</p>

II. Information about the scheme

A. Where will the scheme invest?

The Scheme invests in the securities included in the Underlying Index regardless of their investment merit.

Subject to the Regulations and the disclosures as made under the Section "How the Scheme will allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

- 1) Equity and equity related securities forming part of underlying index
- 2) Derivative instruments like, Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 3) Money market instruments which includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time; to meet the liquidity requirements.
- 4) TREPS#

#Or similar instruments as may be permitted by SEBI/RBI from time to time, subject to requisite approvals from SEBI/RBI, as applicable.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now

goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on May 31, 2024 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	6.87%	High
GOI	Treasury Bill	364 Days	7.02%	High
GOI	Short Dated	1-3 Years	7.01% - 7.03%	High
GOI	Medium Dated	3-5 Years	7.05% - 7.05%	High
GOI	Long Dated	5-10 Years	7.05% - 6.99%	High
Corporates	Taxable Bonds (AAA)	1-3 Years	7.65% - 7.71%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	7.71% - 7.55%	Low to Medium
Corporates	CDs (A1+)	3 months	7.13%	Medium to High
Corporates	CPs (A1+)	3 months	7.70%	Medium to High

B. What are the investment restrictions?

Pursuant to the Regulations and amendments thereto and subject to the investment pattern of the Scheme, following investment restrictions are presently applicable to the Scheme:

- 1) The Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by paragraph (a), of sub-regulation (1), of regulation 7B

- 2) No sponsor of a mutual fund, its associate or group company including the asset management company of the fund, through the schemes of the mutual fund or otherwise, individually or collectively, directly or indirectly, have -
 - (a) 10% or more of the share-holding or voting rights in the asset management company or the trustee company of any other mutual fund; or
 - (b) Representation on the board of the asset management company or the trustee company of any other mutual fund.
- 3) a) A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act as per the following matrix.

A mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in paragraph 1 of Seventh Schedule of MF Regulation.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and TREPs:

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

b) A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

In terms of the Asset Allocation of the Scheme, the Scheme may invest upto 5% of its total assets in Money market instruments including TREPs.

- 4) Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - a) Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further the inter scheme transfer of investments shall be in accordance with the provisions contained in paragraph Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with paragraph 12.30 of the Master Circular and such other guidelines as may be notified from time to time.

- 5) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
- 6) The Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and will not make any short sales or engage in carry forward transaction or badla finance. Provided that mutual funds shall enter into derivatives transactions in a recognised stock exchange for the purpose of portfolio balancing, in accordance with the Regulations.

- 7) No loans for any purpose can be advanced by the Scheme.
- 8) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and IDCW to the Unitholders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
- 9) The Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.
- 10) The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.
- 11) The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.
- 12) Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks in accordance with paragraph 12.16 of the Master circular, following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:
 - 1) "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - 2) Such short term deposits shall be held in the name of the concerned Scheme.
 - 3) No mutual fund Scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
 - 4) No mutual fund Scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - 5) Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.

All investment restrictions shall be applicable at the time of making investment. The Trustee may alter the above restrictions from time to time to the extent of changes in the Regulations.

PROCEDURE FOR CREATION OF UNITS

Issue of Units

1. Each unit of the Scheme will be approximately equal to 1/1000th of the Underlying Index closing on the date of allotment. The units being offered will be issued at a premium approximately equal to the difference between face value and allotment price.

2. As the Scheme will be listed on BSE/NSE, subsequent buying or selling by investors can be made from the secondary market on BSE/NSE. The minimum number of units that can be bought or sold is 1 (one) unit.
3. Authorised Participant(s)/ Investor(s) can directly buy / sell in blocks from the Fund in 'Creation Unit' Size subject to minimum application amount.

Creation of Units:

'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for a predefined basket of shares underlying the index called the "Portfolio Deposit" and a "Cash Component". The facility of creating / redeeming units in Creation Unit size is available to the Eligible Investors:

The number of units, that investors can create / redeem in exchange of the Portfolio Deposit and Cash Component, is 3,70,000 units and in multiples thereof. The Portfolio Deposit and Cash Component are defined as follows:-

- a. **Portfolio Deposit:** This is a pre-defined basket of securities that represent the Underlying Index. Portfolio Deposit can change from time to time. The Portfolio Deposit may vary on account of market movements and other related factors.
- b. **Cash Component for subscription/ redemption in Creation Unit:** The Cash Component represents the difference between the applicable net asset value of a Creation Unit and the market value of the Portfolio Deposit. This difference may include accrued dividends, accrued annual charges including management fees and residual cash in the Scheme. In addition, the Cash Component may include transaction cost as charged by the Custodian/Depository Participant, equalization of dividend, effect of rounding-off of number of shares in Portfolio Deposit and other incidental expenses for Creating Units. The Cash Component will vary from time to time and will be computed and announced by the AMC on its website every Business Day.

Example of Creation and Redemption of Units of ICICI Prudential Nifty 200 Quality 30 ETF

The Creation Unit is made up of 2 components i.e. the Portfolio Deposit and the Cash Component. The Portfolio Deposit will be determined by the Fund as per the weightages of each security in the Underlying Index. The value of this portfolio deposit will change due to change in prices during the day. The number of shares of each security that constitute the portfolio deposit will remain constant unless there is any corporate action in the Underlying Index/ change in the constituents of the Underlying Index.

<p>Settlement of Purchase / Sale on stock exchange(s)</p>	<p>Buying/ Selling units of the Scheme on the stock exchange is similar to buying / selling any other listed securities. If an investor has bought units, the investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realized before funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, the investor has to deliver the units to the broker/ sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or units to the investor in accordance with the time prescribed by the stock exchange regulation. If an investor has bought units, he/she should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation.</p>

	<p>An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her beneficiary account to the Pool Account of his/her trading member through whom he/she has sold the units. The details of the Pool Account of investor's trading member to which the units are to be transferred, unit quantity, etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc.</p> <p>All investors including Authorized Participants, Investors and other investors may sell their units in the stock exchange(s) on which these units are listed on all the Trading Days of the stock exchange. The Mutual Fund will repurchase units from Authorized Participants and Investors on any Business Day provided the units offered for repurchase is not less than the Creation Unit Size and multiples thereafter.</p>
<p>Rolling Settlement</p>	<p>The Fund intends to follow the settlement pattern and practices of BSE and NSE as per the trade/s executed on the respective exchange.</p> <p>Rolling Settlement = T+ 1</p> <p>The Pay-in and Pay-out of funds and the units will take place within 1 working day after the trading date. The pay-in and pay-out days for funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below:</p> <p>While calculating the days from the Trading Day (Day T), weekend days (i.e. Saturday and Sundays) and Bank holidays are not taken into consideration. All investors including Authorized Participants, may sell their units, in the stock exchange(s) on which these units are listed on all the trading days of the stock exchange. Mutual fund will repurchase units</p>

	<p>from Authorized Participants on any business day provided the units offered for repurchase is not less than the creation unit size and multiples thereafter.</p>
Accounts Statements	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of e-mail and/or SMS within 5 Business Days of receipt of valid application / transaction to the Unit holders registered e-mail address and/or mobile number.</p> <p>As the units of the Scheme will be issued, traded and settled in dematerialized (electronic) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.</p>
IDCW	<p>The IDCW payments shall be dispatched to the unit holders within 7 business days from the record date.</p> <p>In the event of failure to dispatch IDCW within 7 business days, the AMC shall be liable to pay interest at 15% per annum to the unit holders.</p> <p>With respect to payment of interest in the event of failure of dispatch of IDCW payments within the stipulated time period, the interest for the delayed payment of IDCW shall be calculated from the record date.</p> <p>The treatment of unclaimed redemption & IDCW amount will be as per paragraph 14.3 of SEBI Master Circular on Mutual Funds dated May 19, 2023 and any other circular published by SEBI from time to time.</p>

The aforesaid threshold shall not be applicable for eligible investors, subject to exceptions as mentioned in minimum application amount.</p>
<p>Procedure for Purchasing in Creation Unit Size</p>	<p><u>Creation of Units</u></p> <p>The requisite securities constituting the Portfolio Deposit have to be transferred to the DP account of the respective Scheme on the day of receipt of the application, while the Cash Component, as applicable on that business day; has to be paid to the Fund. On confirmation of the receipt of Portfolio Deposit/ equivalent amount of cash by the Custodian/AMC, the AMC will credit the equivalent number of units of the Scheme into the investor's DP account.</p> <p>In case of cash subscription of units of the Scheme in 'Creation Unit' Size, the purchase request for creation of units shall be made by</p>

	<p>such investor to the Fund/AMC where upon the Fund/AMC will arrange to buy the underlying portfolio of securities on behalf of the investor. The cost of purchase of securities including brokerage charges, transaction handling charges and all other incidental costs/profits/losses arising out of market movement during the purchase of securities shall be borne by the investor.</p> <p>The AMC may at its discretion create “Creation Unit” prior to receipt of all or a portion of the relevant Portfolio Deposit or equivalent amount in cash and Cash Component, wherein, amongst other things, the AMC may ask investor to post collateral to secure the obligation to deliver such outstanding Portfolio Deposit Securities or equivalent amount of cash and Cash Component.</p> <p>The Portfolio Deposit and Cash Component for units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents.</p> <p>The AMC reserves the right to adjust the number of Units to be credited in case the instrument towards the Cash Component is not honoured.</p> <p>The creation request can be made to the AMC/ Fund in a duly filled application form. Application Forms for Creation of units can be obtained from the office of AMC.</p> <p>Note: For the aforesaid purpose, the terms ‘Cash’ means RTGS, NEFT or transfer Cheque.</p>
<p>Procedure for Redeeming in Creation Unit Size</p>	<p>Redemption of Units:</p> <p>The requisite number of units of the Scheme equivalent to the Creation Unit lot size has to be transferred to the DP account of the respective Scheme, while the Cash Component, as applicable on that business day to be paid to the Scheme. On confirmation of the receipt of unit of the Scheme by the Custodian/AMC, the AMC shall extinguish the units and credit the Portfolio Deposit to the investor’s DP account and pay</p>

the Cash Component, as applicable.

The Fund may allow cash redemption of the units of the Scheme in Creation Unit Size. Redemption request shall be made by such investor to the Fund before the stipulated cut-off time whereupon the Fund shall arrange to sell the underlying portfolio of securities on behalf of the investor. Accordingly, the cost of sale of securities including brokerage charges, transaction handling charges and any other incidental costs/profits/losses arising out of market movement during the sale of securities shall be borne by investor. Payment will then be made to the Investor net of all the above mentioned charges.

The Portfolio Deposit and Cash Component for the units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents.

Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque.

Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.
