- And any other services that directly or indirectly forming part of the healthcare and allied sectors.

To achieve the diversification, Fund Manager may also invest up to 20% of the net assets of the Scheme in equities and equity related securities of companies engaged in other than Healthcare and Allied sectors. The Scheme will invest across the market capitalization predominantly in healthcare and allied sector space.

The Scheme also may invest in IPOs of companies which could be classified under Healthcare and Allied sector on listing. Every stock which will eventually form part of the Portfolio will be analyzed for its merits and fundamentals like competitive position, earning growth, future plans, sustainable cash flow etc.

The fund will follow an active investment strategy.

Derivative Strategies:

Investment in Equity Derivatives

The Fund's trading in derivatives would be in line that is permitted by SEBI Regulations from time to time. The Mutual Fund may use various derivatives and hedging products/ techniques, in order to seek to generate better returns for the Scheme. Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index. The Scheme while investing in equities shall transact in exchange traded equity

derivatives only and these instruments may take the form of Index Futures, Index Options, Futures and Options on individual equities/securities and such other derivative instruments as may be appropriate and permitted under the SEBI Regulations and guidelines from time to time.

Advantages of Trading in Derivatives

Advantages of derivatives are many. The use of derivatives provides flexibility to the Schemes to hedge whole or part of the portfolio. The following section describes some of the more common derivatives transactions along with their benefits:

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as interest rates, exchange rates, commodities and equities.

Futures

A futures contract is a standardized contract between two parties where one of the parties commits to sell, and the other to buy, a stipulated quantity of a security at an agreed price on or before a given date in future.

Currently, futures contracts have a maximum expiration cycle of 3 months. Three contracts are available for trading, with 1 month, 2 months and 3 months expiry respectively. A new contract is introduced on the next trading day following the expiry of the relevant monthly contract. Futures contracts typically expire on the last Thursday of the month. For example, a contract with the March 2024 expiration expires on the last Thursday of March 2024 (March 20, 2024).

Basic Structure of an Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices. The Stock Exchange, Mumbai (BSE) and The National Stock Exchange (NSE) have trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the underlying index and short-term interest rates. Index futures are cash settled, there is no delivery of the underlying stocks.

Example using hypothetical figures: 1 month ABC Index Future

If the Scheme buys 2,000 futures contracts, each contract value is 50 times the futures index price.

Purchase Date	:	March 01, 2024	Spot Index	:	10,200.00
Future Price	:	10,300.00	Date of Expiry	:	March 20, 2024
Margin	:	10%			

Assuming the exchange imposes a total margin of 10%, the Investment Manager will be required to provide a total margin of approx. Rs. 103,000,000 (i.e. $10\% \times 10300 \times 2000 \times 50$) through eligible securities and cash.

Assuming on the date of expiry, i.e. March 20, 2024, ABC Index closes at 10,350, the net impact will be a profit of Rs. 5,000,000 for the Scheme, i.e. $(10,350 - 10,300) \times 2000 \times 50$ (Futures price = Closing spot price = Rs. 10,350.00)

Profits for the Scheme = $(10,350 - 10,300) \times 2000 \times 50$ = Rs. 5,000,000.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity.

The net impact for the Scheme will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the above example that the profit or loss for the Scheme will be the difference between the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and

potential mis-pricing of the futures.

Basic Structure of a Stock Future

A futures contract on a stock gives its owner the right and obligation to buy or sell stocks. Single Stock Futures traded on NSE (National Stock Exchange) are cash settled; there is no delivery of the underlying stocks on the expiration date. A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself. In this regard, trading stock futures is no different from trading the security itself.

Example using hypothetical figures:

The Scheme holds shares of ABC Ltd., the current price of which is Rs. 500 per share. The Scheme sells one month futures on the shares of ABC Ltd. at the rate of Rs. 540.

If the price of the stock falls, the Mutual Fund will suffer losses on the stock position held. However, in such a scenario, there will be a profit on the short futures position.

At the end of the period, the price of the stock falls to Rs. 450 and this fall in the price of the stock results in a fall in the price of futures to Rs. 470. There will be a loss of Rs. 50 per share (Rs. 500 - Rs. 450) on the holding of the stock, which will be offset by the profits of Rs. 70 (Rs. 540 - Rs. 470) made on the short futures position.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins and other related costs have been ignored. The risks associated with stock futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

Options

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

An option contract may be of two kinds:

a) Call option

An option that provides the buyer the right to buy is a call option. The buyer of the call option can call upon the seller of the option and buy from him the underlying asset at the agreed price. The seller of the option has to fulfil the obligation upon exercise of the option.

b) Put option

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Option contracts are classified into two styles:

(a) European Style

In a European option, the holder of the option can only exercise his right on the date of expiration only.

(b) American Style

In an American option, the holder can exercise his right anytime between the purchase date and the expiration date.

Basic Structure of an Equity Option

In India, options contracts on indices are European style and cash settled whereas, option contracts on individual securities are American style and cash settled.

Example using hypothetical figures: Market type : N
Instrument Type : OPTSTK
Underlying : ABC Ltd.(ABC) Purchase date : March 1, 2024
Expiry date : March 20, 2024
Option Type : Put Option (Purchased) Strike Price : Rs. 8,750.00
Spot Price : Rs. 8,800.00
Premium : Rs. 200.00
Lot Size : 100
No. of Contracts : 50

Say, the Mutual Fund purchases on March 1, 2024, 1 month Put Options on ABC Ltd. (ABC) on the NSE i.e. put options on 5000 shares (50 contracts of 100 shares each) of ABC.

As these are American style options, they can be exercised on or before the exercise date i.e. March 20, 2024. If the share price of ABC Ltd. falls to Rs. 8,500/- on March 20, 2024, and the Investment Manager decides to exercise the option, the net impact will be as Follows:

Premium Expense = Rs. 200 * 50 * 100 = Rs. 10,00,000/-

Option Exercised at = Rs. 8,500/-

Profits for the Mutual Fund = $(8,750.00 - 8,500.00) * 50 * 100 =$ Rs. 12,50,000/-

Net Profit = Rs. 12,50,000 - Rs. 10,00,000 = Rs. 2,50,000/-

In the above example, the Investment Manager hedged the market risk on 5000 shares of ABC Ltd. by purchasing put options.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins have been ignored. The purchase of Put Options does not increase the market risk in the Mutual Fund as the risk is already in the Mutual Fund's portfolio on account of the underlying asset position (in this example shares of ABC Ltd.). The Premium paid for the option is treated as an expense and added to the holding cost of the relevant security. Additional risks could be on account of illiquidity and potential mis-pricing of the options.

Presently, the position limits for trading in derivatives by Mutual Fund specified under Paragraph 7.5 of SEBI Master Circular for Mutual Funds are as follows:

Position Limits

The position limits for Mutual Funds and its schemes shall be under:

(SEBI Circular No. SEBI/HO/MRD/MRD-PoD-2/P/CIR/2024/140 dated October 15, 2024 as amended from time to time as follows)

i) Position limit for Mutual Funds in index options contracts

- a) The Mutual Fund position limit in all index options contracts on a particular underlying index shall be INR 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- b) This limit would be applicable on open positions in all options contracts on a particular underlying index.

(ii) Position limit for Mutual Funds in index futures contracts

- a) The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be INR

500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.

b) This limit would be applicable on open positions in all futures contracts on a particular underlying index.

(iii) Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

(iv) Position limit for Mutual Funds for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts will be as follows :-

- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

(v) Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

a) For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:

1. 1% of the free float market capitalization (in terms of number of shares). Or
2. 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

b) This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

c) For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Further, the exposure limits for trading in derivatives by Mutual Fund specified under Paragraph 12.25 of SEBI Master Circular for Mutual Funds, are as follows:

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options except for the covered call strategy.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1
 - Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. (a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.
(b) In case of participation in IRS is through over the counter transactions, the counter party has to be

an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.”

7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1 above.
8. Definition of Exposure in case of derivatives positions: Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

For detailed derivative strategies, please refer to SAI.

PORTFOLIO TURNOVER:

Portfolio Turnover is defined as the lower of the value of purchases or sales as a percentage of the average corpus of the Scheme during a specified period of time.

Generally, the AMC encourages a low portfolio turnover rate. A high portfolio turnover may result in an increase in transaction, brokerage costs. However, a high portfolio turnover may also be representative of the arising trading opportunities to enhance the total return of the portfolio.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

BSE Healthcare - Total Return Index (TRI)

The performance will be benchmarked to the Total Returns Variant of the Index.

Justification for use of Benchmark: The benchmark of the Scheme has been selected in accordance with paragraph 1.9 of SEBI Master Circular for Mutual Funds from amongst those notified by AMFI as the first tier benchmark and the same is reflective of the category of the Scheme.

The Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (Mutual Funds) Regulations, 1996 and other prevailing guidelines, if any.

vi. **Investments of AMC in the Scheme –**

The AMC shall invest such amounts in such schemes of the mutual fund, based on the risks associated with the schemes, as may be specified by SEBI from time to time. As per the existing SEBI (Mutual Funds) Regulations, 1996 the AMC will not charge Investment Management and Advisory fee on the investment made by it in the Scheme(s). In accordance with Paragraph 6.9 of SEBI Master Circular for Mutual Funds, the sponsor or asset management company shall invest in the growth option of the Scheme on the basis of risk value assigned to the scheme in terms of Paragraph 17.4 of SEBI Master Circular for Mutual Funds. The investment shall be maintained at all points of time till the completion of tenure of the scheme or till the scheme is wound up. The AMC shall conduct a quarterly review to ensure compliance with the requirement of investment of minimum amount in the scheme which may change either due to change in value of the AUM or in the risk value assigned to the scheme. Further, based on review of quarterly average AUM, shortfall in value of the investment in scheme, if any, shall be made good within 7 days of such review. The AMC shall have the option to withdraw any excess investment than what is required pursuant to such review.

The market value of investment made by the AMC in the Scheme as on 30th September 2025 is available at <https://www.licmf.com/sid-disclosure>

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (Mutual Funds) Regulations, 1996 or such norms as may be specified by SEBI from time to time.

NAV of units under Scheme/Plan shall be calculated as shown below:

$$\text{NAV per unit} = \frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme}}$$

The NAV of the Scheme/Plan will be calculated and disclosed at the close of every Business Day. Separate NAV will be calculated and announced for each of the Options of the respective Plan(s) at the close of every Business Day. The NAVs will be calculated upto 4 decimals. Units will be allotted upto 3 decimals.

Illustration of NAV: If the net assets of the Scheme, after considering applicable expenses, are Rs.10,05,55,700 and units outstanding are 1,00,00,000 then the NAV per unit will be computed as follows: $10,05,55,700 / 1,00,00,000 = \text{Rs. } 10.0556$ per unit (rounded off to four decimals).

a) Methodology of calculating sale/repurchase price

The price or NAV a unitholder is charged while investing in Scheme is called sale or subscription price. Pursuant to paragraph 10.4.1.a of SEBI Master Circular for Mutual Funds, no entry load will be charged by the Scheme to the unitholders. Therefore, Sale or Subscription price = Applicable NAV – Statutory levies applicable, if any.

For Example: An investor invests Rs. 20,000/- and the current NAV is Rs. 20/- (assuming there is no statutory levy) then the sale/subscription price will be Rs. 20/- and the investor will receive $20000/20 = 1000$ units.

b) Methodology of calculating repurchase price

Repurchase or redemption price is the price or NAV at which scheme purchases or redeems its units from the Unitholders. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the “Applicable NAV” to calculate the repurchase price. Therefore, Repurchase or Redemption Price = Applicable NAV * (1 - Exit Load, if any).

For example, If the Applicable NAV of the Scheme is Rs.10 and the Exit Load applicable at the time of investment is 2% if redeemed before completion of 1 year from the date of allotment of units and the unitholder redeems units before completion of 1 year, then the repurchase or redemption price will be: $\text{Rs. } 10 * (1 - 0.02) = \text{Rs. } 9.80$.

While determining the price of the units, the mutual fund will ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

Please refer Statement of Additional Information for details such as policies with respect to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc.

B. NEW FUND OFFER (NFO) EXPENSES

This section does not apply to the Scheme, as the ongoing offer of the Scheme has commenced after the NFO, and the units are available for continuous subscription and redemption.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the AMC.

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management & Advisory Fee	2.25%

Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness (2 bps)	
Brokerage & transaction cost (inclusive of GST) over and above 12 bps and 5 bps for cash and derivative market trades respectively	
Goods & Services Tax on expenses other than investment and advisory fees**	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (as per Reg 52 of SEBI (Mutual Funds) Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	2.25%
Additional expenses under Regulations 52(6A)(c)\$	0.05%

*Direct Plan under the aforementioned Scheme shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under the Direct Plan.

** Mutual funds /AMCs may charge GST on investment and advisory fees to the scheme in addition to the maximum limit of TER as prescribed in regulation 52 of the Regulations.

\$ The nature of expenses can be any permissible expenses including management fees.

The above indicative expenses would be applicable to respective plans as mentioned in the above table.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Schemes will bear directly or indirectly.

Expense Structure for Direct Plan - The annual recurring expenses will be within the limits specified under the SEBI (Mutual Funds) Regulations, 1996.

The fund shall update the current expense ratios on the website (www.licmf.com) at least three working days prior to the effective date of the change. The exact web link for TER is

The recurring expenses of the Scheme (including the Investment Management and Advisory Fees) shall be as per the maximum permissible limits prescribed under the SEBI (MF) Regulations. These are as follows:

Slab Rates	
Daily Net Assets	As a % of daily net assets (per annum)
On the first Rs. 500 crore	2.25%
On the next Rs. 250 crore	2.00%
On the next Rs. 1,250 crore	1.75%
On the next Rs. 3,000 crore	1.60%
On the next Rs. 5,000 crore	1.50%
On the next Rs. 40,000 crores	Reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof
Balance of assets over and above Rs. 50,000 crores	1.05%

The total expenses of the Scheme(s) including the investment management and advisory fee shall not exceed the limit stated in Regulation 52(6) of the SEBI (MF) Regulations.

“Provided that such additional expenses shall not be charged to the schemes where the exit load is not levied or applicable.”

In Addition to expenses under Regulation 52 (6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

- GST on investment and advisory fees:** AMC may charge GST on investment and advisory fees of the scheme in addition to the maximum limit of TER as per the Regulation 52(6).
- GST on expenses other than investment and advisory fees:** AMC may charge GST on expenses other than investment and advisory fees of the scheme, if any within the maximum limit of TER as per the Regulation under 52(6).
- GST on brokerage and transaction cost:** The GST on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of TER as per the Regulation 52(6).

At least 2 bps on daily net assets within the maximum limit of overall expense Ratio shall be annually set apart for investor education and awareness initiatives.

These estimates have been made in good faith by the AMC and are subject to change inter-se. The total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI Regulations.

Any other expenses that are directly attributable to the Scheme, and permissible under SEBI (Mutual Funds) Regulations, 1996 from time to time, may be charged within the overall limits as specified in the Regulations.

The Scheme shall strive to reduce the level of these expenses so as to keep them well within the maximum limits currently allowed by SEBI and any revision in the said expenses limits by SEBI would be applicable.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

Further, it is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the Scheme upto 12 bps and 5 bps for cash market transactions and derivative transactions

respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations.

Illustration of impact of expense ratio on scheme's returns :-

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (in Rs.)	20,000	20,000
Returns before expenses (in Rs.)	2000	2000
Returns before expenses (%)	10%	10%
Expenses other than Distribution commission (in Rs.)	200	200
Distribution Commission (in Rs.)	100	-
Returns after expenses at the end of the Year (in Rs.)	1700	1800
Returns after expenses at the end of the Year (%)	8.5%	9%

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.licmf.com) or may call at (toll free no. 1800 258 5678) or at Official Points of Acceptance for Schemes of LIC Mutual Fund (List of Official Point of Acceptance available on the website of the AMC i.e. www.licmf.com).

Type of Load	Load chargeable (as %age of NAV)
Exit	• Nil, if units of the Scheme are redeemed or switched out up to 12% of the units (the limit) within 90 days from the date of allotment. • 1% of the applicable NAV, if units of the scheme are redeemed or switched out in excess of the limit within 90 days from the date of allotment. • Nil, if units of scheme are redeemed or switched out after 90 days from the date of allotment.

- No exit load shall be levied for switching between Plans/Options within the Scheme.
- However, any subsequent switch-out or redemption of such investment from the Scheme shall be subject to exit load based on the original date of investment in the Scheme.
- No exit load will be levied on Bonus Units and Units allotted on Reinvestment of Income Distribution cum capital withdrawal option.
- While determining the price of the units, the mutual fund will ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

Under the Scheme, the Trustee reserves the right to modify / change the Load structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations Exit load charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing.

Any imposition or enhancement of Exit Load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of bonus units and units allotted on Reinvestment of Income Distribution cum Capital Withdrawal for existing as well as prospective investors.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres. In case of changes in load structure the addendum carrying the latest applicable load, structure shall be attached to all KIM and SID already in stock till it is updated.

The Trustee/AMC reserves the right to change the load structure subject to the limits prescribed under the Regulations. Any change in load structure shall be only on a prospective basis i.e. any such changes would be chargeable only for Redemptions from prospective purchases (applying first in first out basis).

Section II

I. Introduction

A. Definitions/interpretation

Definitions

Definitions pertaining to the Scheme are available at the below link: <https://www.licmf.com/sid-disclosure>

Interpretation

For all purposes of the SID, except as otherwise expressly provided or unless the context otherwise requires:

- All references to the masculine shall include the feminine and all references, to the singular shall include the plural and vice-versa.
- All references to "Rs" refer to Indian Rupees. A "crore" means "ten million" and a "lakh" means a "hundred thousand".
- All references to timings relate to Indian Standard Time (IST).

B. Risk factors

Scheme Specific Risk Factors

RISK ASSOCIATED WITH INVESTMENT IN EQUITIES:

Equity instruments carry both company specific and market risks and hence no assurance of returns can be made for these investments. Also trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.

RISK ASSOCIATED WITH INVESTMENT IN DERIVATIVE INSTRUMENTS:

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The Scheme may invest in derivative instruments. The derivatives will entail a counter-party risk to the extent of amount that can become due from the party. The cost of hedge can be higher than adverse impact of market movements. An exposure to derivatives in excess of the hedging requirements can lead to losses. An exposure to derivatives can also limit the profits from a genuine investment transaction. Efficiency of a derivatives market depends on the development of a liquid and efficient market for underlying securities and also on the suitable and acceptable benchmarks.

RISK ASSOCIATED WITH INVESTMENT IN DEBT SECURITIES:

All debt securities are exposed to interest rate risks, credit risks and reinvestment risk. Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern e.g. corporate bonds carry a higher amount of risk than government securities. Further even among corporate bonds, bond which AAA rated are comparatively less risky than bonds which are AA rated.

Liquidity of scheme's investment may be inherently restricted by trading volumes and settlement periods. The inability to sell the money market or debt securities held in the scheme's portfolio due to the absence of a well developed and liquid secondary market for such securities may result, at times in losses to the scheme, in case of subsequent decline in the value of such securities.

RISK ASSOCIATED WITH FLOATING RATE SECURITIES:

The fund may invest in floating rate instruments. These instruments' coupon will be reset periodically in line with the benchmark index movement. The changes in the prevailing rates of interest will affect the value of the Plan's holdings and thus the value of the Plan's Units. The fund could be exposed to the interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement. Though the basis (i.e. benchmark) gets readjusted on a regular basis, the spread (i.e. markup) over benchmark remains constant. This can result in some volatility to the holding period return of floating rate instruments. If the floating rate asset is created by swapping the fixed return to a floating rate return, then there may be an additional risk of counter- party who will pay floating rate return and receive fixed rate return. Due to the evolving nature of the floating rate market, there may be an increased degree of liquidity risk in the portfolio from time to time.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN REITS AND INVITS

- **Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or IDCW pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

RISK ASSOCIATED WITH STOCK LENDING

Risks associated with stock lending may include counter party risk, liquidity risk and other market risks.

At present, there is no significant activity in the Securities Borrowing and Lending market. The Mutual Fund has so far not participated in Securities Lending market. However, we understand the risks associated with the securities lending business and the AMC will have appropriate controls (including limits) before initiating any such transactions.

C. Risk mitigation strategies

The Mutual Fund has built adequate internal risk management controls and safeguards to ensure that the Scheme is managed in line with the defined investment objectives and in compliance with SEBI (Mutual Funds) Regulations with respect to issuer exposures and limits. As a primary measure of risk control, the portfolio will be adequately diversified.

The AMC will monitor the overall economic environment, track company specific news, financial performance and liquidity on a regular basis and the outlook will be integrated into the risk control and monitoring of the Scheme. The AMC will regularly monitor the performance of the Scheme and review the performance against the benchmark index and peer group.

Some of the risks and the corresponding risk mitigating strategies are listed below:

•**Risks associated with Equity and Equity related instruments**

Risk	Risk Mitigation Strategy
Market Risk (The risk of losses due to adverse movements in overall market prices.)	Endeavour to have a well-diversified portfolio of good companies with the ability to use cash/derivatives for hedging.
Business Risk (Risk associated to the nature of the business of the Issuer Company)	Portfolio companies carefully selected to include those with perceived good quality of earnings.
Derivatives Risk (The risk associated with the use of derivatives due to complexity of these instruments.)	Endeavour to have a well-diversified portfolio by constructing appropriate derivative strategies and continuous monitoring of the derivatives positions and strict adherence to the regulations.
Concentration Risk (The risk arising from a large allocation to a single asset, sector which can lead to significant losses if that concentrated area underperforms)	The Scheme shall endeavor to ensure diversification by investing across the spectrum of securities/issuers.
Liquidity Risk (The risk that an equity asset cannot be sold quickly without significantly affecting its price)	Periodic Monitoring of portfolio liquidity.
Performance Risk (Risk arising due to change in factors affecting the market)	Endeavour to have a well-diversified portfolio of good companies, carefully selected to include those with perceived good quality of earnings.

•**Risks associated with Debt and money market securities**

Risk	Risk Mitigation Strategy
Interest Rate Risk (The risk that changes in interest rates will affect the value of debt securities.)	Active duration management strategy; control portfolio duration and actively evaluate the portfolio structure with respect to existing interest rate scenario.
Market Risk/Volatility Risk	There is risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic

(Risk arising due to vulnerability to price fluctuations and volatility, having material impact on the overall returns of the scheme.)	policy etc. The Scheme will manage volatility risk through diversification.
Concentration Risk (The risk of loss due to a large exposure to a single issuer, sector, or type of security.)	Diversification by investing across the spectrum of issuers or sectors.
Liquidity Risk (The risk that a debt instrument cannot be sold quickly enough without a significant price concession.)	Periodic Monitoring of portfolio liquidity.
Credit Risk (The risk that the issuer of a debt security will default on its payment obligations or the credit rating of the issuer gets downgraded.)	Investment universe carefully defined to include issuers with high credit quality; critical evaluation of credit profile of issuers on an on-going basis

•Risks associated with REITS/ INVITS:

Risk	Risk Mitigation Strategy
Market Risk (Risk arising due to vulnerability to price fluctuations and volatility, having material impact on the overall returns of the scheme.)	The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates and the resulting impact on the value of the portfolio of assets, regulatory changes, force majeure events etc. REITs & InvITs may have volatile cash flows. To mitigate this, the maximum exposure to units of REITs and InvITs is capped at 10% of the portfolio.
Liquidity Risk (The risk that an instrument cannot be sold quickly enough without a significant price concession.)	This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be times when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists. Regular monitoring of the REITs and InvITs liquidity/ trading volume & changes in market conditions/ regulatory changes will help mitigate the same.
Interest Rate Risk (The risk that changes in interest rates will affect the value of the securities.)	Generally, there would be an inverse relationship between the interest rates and the price of units. Regular monitoring and evaluating the portfolio structure with respect to changing interest rate scenario.

II. Information about the scheme:

A. Where will the scheme invest?

- A. The Scheme will predominantly invest in equity and equity related instruments of companies engaged in Healthcare and Allied sectors. The Scheme will also invest in Equity and Equity related instruments of companies engaged in other than Healthcare and Allied sectors.

B. Debt

1. Government Debt

Treasury Bills (T-Bills) are issued by the Government of India or State Governments to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-Bills are issued at a discount and for a fixed period.

Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). State Government Securities (popularly known as State Development Loans or SDLs) are issued by the respective State Government in co-ordination with the RBI.

2. Certificate of Deposit (CD)

Certificate of Deposit (CD) is a negotiable money market instrument issued by Scheduled Commercial Banks (SCBs) and select All India Financial Institutions (FIs) that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the SCBs is between 7 days to 1 year, whereas, in case of FIs, maturity is 1 year to 3 years from 47 the date of issue. CDs also are issued at a discount to face value and can be traded in secondary market.

3. Triparty Repo (TREPS)

Tri-party Repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. The Scheme shall undertake Tri-party Repo transactions in Government Securities.

4. Commercial Paper (CP)

Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and All India Financial Institutions as an alternative source of short term borrowings. CP is traded in secondary market and can be freely bought and sold before maturity. CP can be issued for maturities between a minimum of 15 days and a maximum up to 1 year from the date of issue.

5. Non Convertible Debentures and Bonds

Non-convertible debentures as well as bonds are securities issued by companies / institutions promoted / owned by the Central or State Governments and statutory bodies which may or may not carry a Central/State Government guarantee, public and private sector banks, all India Financial Institutions and Private Sector Companies. These instruments may be secured or unsecured against the assets of the Company and generally issued to meet the short term and long term fund requirements. The Scheme may also invest in the non-convertible part of convertible debt securities.

6. Floating rate Bonds

Floating rate debt instruments are instruments issued by Central / State Governments, corporates, PSUs, etc. with interest rates that are reset periodically.

7. Repo/Reverse Repo

Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. Presently in India, Central Government Securities, State Government securities, T-Bills and corporate debt securities are eligible for Reverse Repo. The Scheme intends to participate in Reverse Repo in Central Government Securities, State Government securities, T-Bills.

8. Short Term Deposit of Scheduled Commercial Banks (pending) as per applicable guidelines

- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit.

4. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if,—

(a) Such transfers are done at the prevailing market price for quoted instruments on spot basis. In the absence of a traded price, price derived from the last valuation yield shall be used.

[Explanation.—“Spot basis” shall have same meaning as specified by stock exchange for spot transactions;]

(b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

The interscheme transfer shall be done in compliance with paragraph 12.30 of SEBI Master Circular for Mutual Funds, as amended from time to time.

5. The Scheme may invest in another scheme (except fund of funds Schemes) under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund:

No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund

6. The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided that the Sponsor of the Fund, its associate or group company including the asset management company of the Fund, through the Scheme(s) of the Fund or otherwise, individually or collectively, directly or indirectly, shall not have 10% or more of the share- holding or voting rights in the asset management company or the trustee company of any other mutual fund.

Provided further that in the event of a merger, acquisition, scheme of arrangement or any other arrangement involving the sponsors of the mutual funds, shareholders of the asset management companies or trustee

companies, their associates or group companies which results in the incidental acquisition of shares, voting rights or representation on the board of the asset management companies or trustee companies beyond the above specified limit, such exposure may be rebalanced within a period of one year of coming into force of such an arrangement.

7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that the Mutual Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board.

Provided further that a mutual fund may enter into derivatives transactions on a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

8. The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
9. The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
10. The Mutual Funds having an aggregate of securities worth Rs.10 crore or more as on the latest balance-sheet date, shall subject to such instructions as may be issued from time to time by SEBI, settle their transactions only through dematerialised securities. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
11. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, the Mutual Fund may invest them in short term deposits of schedule commercial banks, subject to such Guidelines as may be specified by the Board.

The Scheme(s) shall abide by the following guidelines for parking of funds in short term deposits:

- i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- ii. Such short-term deposits shall be held in the name of the Scheme.
- iii. The Scheme(s) shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- iv. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- v. The Scheme(s) shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- vi. The Scheme(s) shall not park funds in short-term deposit of a bank, which has invested in the Scheme.
- vii. The AMC will not charge any investment management and advisory fees for funds under a Plan parked in short term deposits of scheduled commercial banks

The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.

12. The Scheme shall not make any investment in,—

- (a) Any unlisted security of an associate or group company of the sponsor; or
- (b) Any security issued by way of private placement by an associate or group company of the sponsor; or

(c) The listed securities of group companies of the sponsor which is in excess of 25% of the net assets of the scheme except for investments by equity-oriented exchange traded funds and index funds and subject to such conditions as may be specified by SEBI from time to time.

13. The Scheme shall not make any investment in any fund of funds scheme.

14. All Investments in derivative instruments shall be subject to the limits mentioned in SEBI circular as specified from time to time.

15. Save as otherwise expressly provided under the SEBI (Mutual Funds) Regulations, 1996 as amended from time to time, the mutual fund shall not advance any loans for any purpose.

16. The Scheme shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of redemption of Units or payment of interest and Income Distribution cum Capital Withdrawal (IDCW) to the Unit holders.

Provided that the Mutual Fund shall not borrow more than 20% of the net assets of the Scheme and the duration of such borrowing shall not exceed a period of 6 (six) months.

17. The Scheme shall not invest in unlisted debt instruments including commercial papers, other than Government Securities, other money market instruments and derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used for hedging.

Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to such conditions as may be specified by Board from time to time*:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time#.

* As per paragraph 12.1 of SEBI Master Circular for Mutual Funds, the Schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

As per paragraph 12.1.5 of SEBI Master Circular for Mutual Funds, in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- a) Investments shall only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Funds) Regulations, 1996 and various circulars issued thereunder.
- b) Exposure of the Scheme in such instruments, shall not exceed 5% of the net assets of the Scheme.
- c) All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
- d) The single issuer limit and the group exposure limit shall be calculated at the issuing bank level as BRDS are issued with recourse to the issuing bank.

18. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.

19. In accordance with SEBI (Mutual Funds) Regulations, as amended from time to time and Paragraph 12.21 of SEBI Master Circular for Mutual Funds, the Mutual Fund under all its schemes shall not own more than 10% of units issued by a single issuer of REIT and InvIT. The Scheme shall not invest: -

- i. more than 10% of its NAV in the units of REIT and InvIT; and
- ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

20. In accordance with 12.9.1 of SEBI Master Circular for Mutual Funds, the Scheme shall ensure that total exposure of the Scheme in a particular sector (excluding investments in Bank CDs, triparty repo on Government securities or treasury bills, G-Secs, TBills, short term deposits of Scheduled Commercial Banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) does not exceed 20% of the net assets of the scheme;

Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs);

Further, an additional exposure of 5% of the net assets of the scheme shall be allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

However, the overall exposure in HFCs shall not exceed the sector exposure limit of 20% of the net assets of the scheme. Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme.

21. In accordance with 12.9.3 of SEBI Master Circular for Mutual Funds, the Scheme shall not invest more than 20% of its net assets in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks). Such investment limit may be extended to 25% of the net assets of the Scheme with the prior approval of the Trustees. Provided that investments by the Scheme in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the Scheme. Such investment limit may be extended to 15% of the net assets of the Scheme with prior approval of the Board of Trustees.

The AMC/Trustees may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme(s) to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. All investment restrictions shall be applicable at the time of making investment.

All investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

The Scheme will comply with other Regulations applicable to the investments of mutual funds from time to time.

These investment limitations/parameters as expressed (linked to the Net Asset/Net Asset Value/capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Mutual Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, the AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unit Holders.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Schemes to make their investments in the full spectrum of permitted investments in order to achieve their investment objective. All the investment restrictions shall be applicable at the time of making investments.

The record date shall be two working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. - Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of unit holders for receiving IDCW (dividends). The NAV shall be adjusted to the extent of IDCW and statutory levy, if applicable, at the close of business hours on record date. - Before the issue of such notice, no communication whatsoever indicating the probable date of dividend declaration shall be issued by any Mutual Fund or its distributors of its products. - The notice shall, in font size 10, bold, categorically state that

	pursuant to payment of IDCW, the NAV of the Scheme would fall to the extent of payout and statutory levy (if applicable).
Allotment (Detailed procedure)	All Applicants whose money towards purchase of Units have been realized by the Fund, will receive a full and firm allotment of Units in compliance with Paragraph 8.4 of SEBI Master circular for Mutual Funds, provided also the applications are complete in all respects and are found to be in order. Accounts Statements • In case of Unit Holders holding units in the dematerialized mode, the Fund will not send the account statement to the Unit Holders. The statement provided by the Depository Participant will be equivalent to the account statement. • For those unit holders who have provided an e-mail address, the AMC will send the account statement by e-mail. Unit holders will be required to download and print the documents after receiving e-mail from the Mutual Fund. Should the Unit holder experience any difficulty in accessing the electronically delivered documents, the Unit holder shall promptly advise the Mutual Fund to enable the Mutual Fund to make the delivery through alternate means. It is deemed that the Unit holder is aware of all security risks including possible third party interception of the documents and contents of the documents becoming known to third parties. • The Unit holder may request for a physical account statement by writing/calling the AMC/ISC/RTA. In case of specific request received from the Unit Holders, the AMC/Fund will provide the Account Statement to the Investors within 5 business days from the receipt of such request. Consolidated Accounts Statements Pursuant to Regulation 36 of SEBI (Mutual Funds) Regulations, 1996 and amendments thereto, read with Paragraph 14.4 of SEBI Master Circular for Mutual Funds, the investor whose transaction has been accepted by LIC Mutual Fund/KFin shall receive a confirmation by way of email and /or SMS within 5 Business Days from the date of receipt of transaction request, same will be sent to the Unit holders registered e-mail address and/or mobile number. In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to investors in following manner:

	Investors who do not hold DEMAT Account Consolidated account statement[^], based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding DEMAT account, for each calendar month on or before 15th day of the succeeding month to the investors in whose folios transactions have taken place during that month. Consolidated account statement shall be sent by AMC/RTA every half yearly (September/ March), on or before 21st day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios there have been no transactions during that period. [^]Consolidated account statement sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of IDCW, reinvestment of IDCW, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. and holding at the end of the month. II. Investors who hold DEMAT Account Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding DEMAT account.
