SECTION II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocation (% of total assets)	
	Minimum	Maximum
Particulars		
Equity and Equity related securities of companies constituting the underlying index (Nifty50 Value 20 Index)	95	100
Money Market instruments including TREPs* and Units of debt schemes#	0	5

*or similar instruments as may be permitted by RBI/ SEBI, subject to requisite approvals from SEBI / RBI, if needed.

#Excluding subscription money in transit before deployment / payout.

Exposure to various instruments will be as per the indicative table given below:

Sr. No.	Type of Instrument	Percentage exposure of	Circular references
1.	Stock Lending	Upto 20% of its Net Assets and a single intermediary (broker) limit will be up to 5% of the Net Assets	Paragraph 12.11 of the Master Circular
2.	*Derivative instruments on underlying index (stock/ index futures)	Up to 20 % of net assets	paragraph 7.5 and 12.25 of Master Circular
2(a)	Equity Derivatives for hedging purpose		
2(b)	Equity Derivatives for non-hedging purpose	Up to 20 % of net assets	
2(c)	Debt Derivatives for hedging/non hedging purpose		

The Cumulative Gross Exposure through, Equity, Debt, Derivatives and Money Market Instruments including TREPS and Units of debt schemes and other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme.

The Scheme shall ensure compliance with the portfolio concentration norms in accordance with paragraph 3.4 of the Master circular dated May 19, 2023, details whereof are given below:

1. The index shall have a minimum of 10 stocks as its constituents.
2. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
3. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
4. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The Scheme shall monitor compliance with the aforesaid norms by the Index at the end of every calendar quarter. Further, the updated constituents of the Index will be made available on the website of the Fund.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Any transactions undertaken in the portfolio of the Scheme in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Rebalancing of deviation due to short term defensive consideration:

Any alteration in the investment pattern will be for a short term on defensive considerations as per paragraph 1.14.1.2.b of SEBI Master Circular; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days. It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Rebalancing in case of passive breaches:

In line with paragraph 3.6.7 of the Master Circular in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Index Schemes in order to meet the redemption and subscription obligations shall be done ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 calendar days, to minimize the tracking error.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 calendar days from the date of allotment/listing. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in

accordance with the provisions of sub regulation (15A) of Regulation 18 read with sub-regulation (26) of Regulation 25 of the SEBI Regulations.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

Negative list: The Scheme will not invest/ have exposure in the following:

Sr. No	Particulars
1.	Repos in corporate debt securities;
2.	Short selling of securities;
3.	Unrated instruments (except TREPS/ Government Securities/ T-Bills / Repo and Reverse Repo in Government Securities);
4.	Foreign securities/ADR/GDR;
5.	Securitized debts;
6.	Structured obligations;
7.	Additional Tier 1 bonds and Tier 2 bonds having special features as per paragraph 12.2 of the Master Circular;
8.	Credit Default Swaps transactions; and

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Change in Investment Pattern

Any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 subject to compliance with sub-regulation (26) of regulation 25 of these regulations, as detailed later in this document.

B. WHERE WILL THE SCHEME INVEST?

The Scheme invests in the securities included in the Underlying Index regardless of their investment merit.

Subject to the Regulations and the disclosures as made under the Section "How the Scheme will allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

- 1) Equity and equity related securities forming part of underlying index.
- 2) Derivative instruments like Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 3) TREPS#

#Or similar instruments as may be permitted by SEBI/RBI from time to time, subject to requisite approvals from SEBI/RBI, as applicable.

- 4) Units of debt schemes, subject to applicable regulations.
- 5) Money market instruments which includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time; to meet the liquidity requirements.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

Further the Scheme intends to participate in securities lending as permitted under the Regulations.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with the guidelines stated in paragraph 12.30 of the Master Circular.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Equity and equity related securities

The corpus of the Scheme will be invested in stocks constituting the respective benchmark of the Scheme i.e. Nifty50 Value 20 Index and a very small portion (0-5% of the Net Assets) of the scheme may be kept liquid to meet the liquidity and expense requirements.

The performance of the Scheme may not commensurate with the performance of the respective benchmark of the Schemes on any given day or over any given period. Such variations are commonly referred to as the tracking error. The Scheme intends to maintain a low tracking error by actively managing the portfolio in line with the index.

The stocks comprising the Nifty50 Value 20 Index is periodically reviewed by NSE Indices. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Scheme will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the index immediately. The portfolio shall be rebalanced within 7 calendar days to ensure adherence to the asset allocation norms of the Scheme. Similarly, in the event of a constituent stock being demerged / merged / delisted from the exchange, the Scheme will reallocate the portfolio and seek to minimize the variation from the index.

Further, the Scheme intends to participate in securities lending as permitted under the regulations.

Fixed Income Securities:

The scheme may invest 0-5% of the Net Assets in Money Market instruments including TREPs and Units of Debt mutual funds to meet the liquidity and redemption requirements, subject to regulatory approvals, subject to regulatory approvals.

Implementation of Policies

The Scheme, in general, will hold all of the securities that comprise the Underlying Index in the same proportion as the index. Expectation is that, over time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Investment Process

The Scheme will track the Underlying Index and is a passively managed scheme. The investment Decisions will be determined as per the Underlying Index. In case of any change in the index due to corporate actions or change in the constituents of the Underlying Index (as communicated by the Index Service Provider), relevant investment decisions will be determined considering the composition of the Underlying Index.

The Investment decision of the Scheme if required will be carried out by the designated Fund Manager.

For detailed derivatives strategies and illustrations, please refer to SAI.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked against Nifty50 Value 20 TRI.

The Nifty50 Value 20 Index is designed to reflect the behaviour and performance of a diversified portfolio of value companies forming a part of Nifty 50 Index. It consists of the most liquid value blue chip companies. The Nifty50 Value 20 Index comprises of 20 companies listed on the National Stock Exchange (NSE). Value companies are normally perceived as companies with low PE (Price to Earning), low PB (Price to Book) and high DY (Dividend Yield).

As the corpus of the Scheme would be invested in stocks forming part of Nifty50 Value 20 Index, the same is a suitable benchmark for the Scheme.

E. WHO MANAGES THE SCHEME?

vi. INVESTMENT OF THE AMC IN THE SCHEME

From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. The funds managed by these associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the

ability of other unit holders to redeem their units. The details of such investments can be accessed at the following link: [Statutory Disclosure \(icicipruamc.com\)](http://icicipruamc.com)

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the valuation policy and procedures of the Fund, provided in Statement of Additional Information (SAI).

The NAV of the Scheme shall be rounded off upto four decimals

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

$$\frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Schemes}}$$

The NAV will be calculated as of the close of every Business Day of the respective Scheme. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

Illustration of computation of NAV:

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 10,000,000, then the NAV per unit will be computed as follows:

10,45,34,345.34 / 10,000,000 = Rs. 10.4534 p.u. (rounded off to four decimals)

The Fund shall ensure that the repurchase price of an open ended scheme is not lower than 95 per cent of the Net Asset Value.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc., please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES – Not Applicable

C. ANNUAL SCHEME RECURRING EXPENSE

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that the following percentage of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the Mutual Fund would update the same on the website at least three

working days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular. Investor can refer <https://www.icicipruamc.com/Downloads/total-expense-ratio.aspx> for Total Expense Ratio (TER) details.

Details of Annual Scheme Recurring Expenses under the Scheme is as follows:

Particulars	ICICI Prudential Nifty50 Value 20 Index Fund (% p.a. of net assets)

Audit Fees and expenses of trustees	
Custodian Fees	
Registrar & Transfer Agent Fees including cost of providing account statements/IDCW/redemption cheques/warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage and transaction cost pertaining to distribution of units	
Goods and Services Tax on expenses other than investment and advisory fees	
Goods and Services Tax on brokerage and transaction cost	
Other Expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c) (i) and (6) (a)	Up to 1.00
Additional expenses for gross new inflows from specified cities* (more specifically elaborated below)	Up to 0.30
The aforesaid does not include Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.	

The returns of the Direct Plan for the Scheme shall be exclusive of distributor commission.

*As permitted under the Regulation 52 of SEBI (MF) Regulations, 1996 and paragraph 15.10.1 of the Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations 2018.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear.

ICICI Prudential Nifty50 Value 20 Index Fund - Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc as compared to ICICI Prudential Nifty50 Value 20 Index Fund and no commission for distribution of Units will be paid/ charged under ICICI Prudential Nifty50 Value 20 Index Fund - Direct Plan.

All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the

above table.

As per the Regulations, in case of ICICI Prudential Nifty50 Value 20 Index Fund, maximum recurring expenses that can be charged shall be restricted to 1.00% of daily net assets.

The above expense percentage excludes additional expenses that can be charged towards: i) 30 bps for gross new inflows from retail investors from specified cities and ii) Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.

Pursuant to paragraph 15.10.1 of the Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations 2018, following additional costs or expenses may be charged to the scheme, namely:

(i) The AMC may charge Goods and Services Tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.

(ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from B30 cities as specified by the Securities and Exchange Board of India, from time to time are at least –

- 30 per cent of the gross new inflows from retail investors from B30 cities into the scheme, or;
- 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher;

Provided that if inflows from retail investors from B30 cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from retail investors from B30 cities;

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

At least 1 basis point on daily net assets shall be annually set apart for investor education and awareness initiatives. The same shall be within limits specified under Regulation 52 of the SEBI (Mutual Funds) Regulation.

Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52(6A)(a) of the SEBI (Mutual Funds) Regulations, 1996. Goods and Services Tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of SEBI Circular dated October 22, 2018 on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

In terms of Regulation 52(1) of SEBI (Mutual Funds) Regulations, 1996, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

The following is an illustration of the impact of expense ratio on the scheme's returns:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1300	1350

For calculating expense of ICICI Prudential Nifty50 Value 20 Index Fund – Direct Plan, brokerage component will not be considered.

- Please note that the above is only an illustration of the impact of expense ratio on the returns, where the returns have been reduced to the extent of the expenses.
- The same should not be construed as providing any kind of investment advice or guarantee of returns on investments.

- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load (No Entry Load shall be charged)	Nil

Any redemption/switch arising out of excess holding by an investor beyond 25% of the net assets of the Scheme in the manner envisaged under paragraph 6.11.1.1 (b) of the Master Circular, such redemption / switch will not be subject to exit load.

The exit load charged, if any, shall be credited back to the respective scheme. Goods and Services tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services tax shall be credited to the schemes.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme.

Units issued on reinvestment of IDCWs shall not be subject to exit load.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres. Any imposition or enhancement in the load shall be applicable on prospective investments only.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be provided on the website of the AMC in respect of such changes.

Any imposition or enhancement in the load shall be applicable on prospective investments only.

SECTION II

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link : [SID related information \(icicpruamc.com\)](http://icicpruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. **Standard Risk Factors:** Please refer to SAI.

II. **Scheme specific risk factors**

• **Market Risk:**

The Scheme's NAV will react to the stock market movements. The Investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices market movements, and over longer periods during market downturns.

• **Settlement Risk:** In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.

• **Right to Limit Redemptions:** The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with paragraph 1.12 of the master circular dated May 19, 2023.

➤ **Risks associated with investing in ADR/ GDR/ Foreign securities:**

The Scheme will not invest in ADR/GDR/Foreign securities

➤ **Risk associated with investing in companies forming part of Nifty50 Value 20 Index:**

Market Risk:

The Scheme's NAV will react to the stock market movements. The Investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices market movements, and over longer periods during market downturns.

Passive Investments

The Scheme is not actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

1. Investing in Equities

- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to be collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of IDCW in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- The schemes are also vulnerable to movements in the prices of securities invested by the schemes which again could have a material bearing on the overall returns from the schemes. These stocks, at times, may be relatively less liquid as compared to growth stocks.

- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.

2. Investing in Fixed Income Securities

- **Market Risk:** The Net Asset Value (NAV) of the Scheme(s), to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- **Credit Risk:** Investments in Fixed Income Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Schemes' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Schemes' portfolio
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the scheme has the power to invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in

the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise their investments in unlisted securities at a fair value.

- Fixed Income Securities: Fixed Income Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- Different types of fixed income securities in which the Scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.
- The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market values for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.

3. Risks associated with Investing in Derivatives:

The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The Scheme may use derivatives instruments like Stock /Index Futures or other derivative instruments for the purpose of portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
- Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.
- The derivative contracts at times are undertaken with various counterparties. These counterparties may not be able to meet the obligations under such derivative contracts. This would lead to credit risk in derivative transactions, Hence, derivative trades are undertaken with approved counterparties or through exchanges. This mitigates credit risk on derivative transactions.

4. Risks associated with Securities Lending & Borrowing (SLB)

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities

deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section “How will the Scheme allocate its assets?” for maximum permissible exposure to Securities Lending & Borrowing.

Risks Related to Index Schemes

(i) Performance of the Index will have a direct bearing on the performance of the respective Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

(ii) In case of investments in derivative instruments like index, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market for Index and also it is relatively less popular as compared to the Index.

(iii) Tracking Error and Tracking Difference Risk

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. However, this may vary due to various reasons mentioned below or any other reasons that may arise and particularly when the markets are very volatile: -

1. Expenditure incurred by the Scheme.
2. The funds may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or expenses.
3. The underlying index reflects the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices.
4. Index Service Provider undertakes the periodical review of the scrips that comprise the underlying index and may either drop or include new securities. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/disinvestment opportunities may not permit precise mirroring of the Index.
5. The potential for trades to fail which may result in the Scheme not having acquired security at a price necessary to track the index.
6. The holding of a cash/liquid asset position (0-5% of the Net Assets to meet the redemptions and other liquidity requirements) and accrued income prior to distribution and accrued expenses.
7. Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any securities transferred and any delays in receiving cash and scrip IDCWs and resulting delays in reinvesting them. Securities trading may halt temporarily due to circuit filters.
8. Corporate actions such as rights, merger, change in constituents etc
9. Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.

➤ Portfolio Concentration Risk

To the extent that the Scheme may concentrate its investments in the Securities of companies of certain companies/sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity Securities. Such risks may impact the Scheme to the extent that it invests in particular sectors even in cases where the investment objective is more generic.

➤ Volatility Risk

The equity markets and derivative markets are volatile and the value of securities, derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

5. Risk factors associated with creation of segregated portfolios

1. Liquidity risk – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 business days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

6. Risk associated with Investing in money market instruments

- Interest Rate risk: This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.
- Credit risk: This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest
- Liquidity risk: The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time

of selling the security, the security can become illiquid leading to loss in the value of the portfolio

7. Risks associated with investing in Tri Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

a. Performance of the Index will have a direct bearing on the performance of the respective Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities

that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

b. Tracking errors are inherent in any index fund and such errors may cause the Scheme to generate returns which are not in line with the performance of the Index or one or more securities covered by / included in the Index.

c. In case of investments in derivative instruments like index, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market for Index and also it is relatively less popular as compared to the Index.

d. In the event of any of Index being dissolved or is withdrawn by index provider or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as track a different and suitable index or to suspend tracking the Index till such time it is dissolved/ withdrawn or not published and appropriate intimation will be sent to the Unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

C. Risk Mitigation Strategies:

The Scheme by utilizing a holistic risk management strategy will endeavour to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools. The Scheme has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk and Description	Risk mitigants / management strategy
<u>Risks associated with Equity investment</u>	
<u>Market Risk</u> The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the underlying Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.
<u>Derivatives Risk</u>	Derivatives will be used in the form of Index Options, Index Futures and other instruments as may be permitted by SEBI.

<p>As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.</p>	<p>All derivatives trade will be done only on the exchange with guaranteed settlement. The AMC monitors the portfolio and regulatory limits for derivatives through its front office monitoring system. Exposure to derivatives of stocks or underlying index will be done based on requisite research. Fund managers will endeavor to use derivatives which are liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. Such exposure shall also be regularly reviewed by the Fund manager. No OTC contracts will be entered into.</p>
<p><u>Liquidity risk</u> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which they invests.</p>	<p>The Scheme will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.</p>

Risks associated with Debt investment

<p><u>Market Risk/ Interest Rate Risk</u> As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>The Scheme may primarily invest in short to medium debt and money market instruments thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.</p>
<p><u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).</p>	<p>The Scheme may invest in government securities, short to medium term debt and money market instruments. The liquidity risk for government securities, money market instruments is generally low.</p>
<p><u>Credit Risk</u> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet</p>

	exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.

II. Information about the scheme

A. Where will the scheme invest?

The Scheme invests in the securities included in the Underlying Index regardless of their investment merit.

Subject to the Regulations and the disclosures as made under the Section "How the Scheme will allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

- 1) Equity and equity related securities forming part of underlying index.
- 2) Derivative instruments like Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 3) TREPS#
- 4) #Or similar instruments as may be permitted by SEBI/RBI from time to time, subject to requisite approvals from SEBI/RBI, as applicable.
- 5) Units of debt schemes, subject to applicable regulations.
- 6) Money market instruments which includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time; to meet the liquidity requirements.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Fund or in Schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

Further the Scheme intends to participate in securities lending as permitted under the Regulations.

B. What are the investment restrictions?

Pursuant to the Regulations and amendments thereto and subject to the investment pattern of the Scheme, following investment restrictions are presently applicable to the Scheme:

1. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a

single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act as follows:

A mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-party repos (TREPs):

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

The Scheme may invest upto 5% of its total assets in Money Market instruments including TREPs and Units of debt schemes.

2. Mutual fund schemes shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the above purposes, listed debt instruments shall include listed and to be listed debt instruments.

3. The Scheme shall not invest more than 5% of its net assets in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. All such investments shall be made with the prior approval of the Board of Trustees and the Board of AMC.

Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

4. The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B

5. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further the inter Scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with the guidelines as stated in paragraph 12.30 of the Master Circular.

6. The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.
7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard

8. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
9. Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks in accordance with paragraph 12.16 of the Master Circular, following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:
 - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b. Such short term deposits shall be held in the name of the concerned Scheme.

- c. No mutual fund Scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
- d. No mutual fund Scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- e. Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.

The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

10. No mutual fund Scheme shall make any investments in;

- a) any unlisted security of an associate or group company of the sponsor; or
- b) any security issued by way of private placement by an associate or group company of the Sponsor; or
- c) the listed securities of group companies of the Sponsor which is in excess of 25% of its net assets.

11. The scheme shall not invest in Fund of funds scheme.

12. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed

13. No loans for any purpose can be advanced by the Scheme.

14. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the unit holders. Such borrowings shall not exceed more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

15. If any company invests more than 5% of the NAV of any of the Scheme, investments made by that or any other schemes of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.

16. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further all transactions in government securities shall be in dematerialised form.

17. The Mutual Fund/AMC shall make investment out of the NFO proceeds only on or after the closure of the NFO period. The Mutual Fund/ AMC can however deploy the NFO

proceeds in Tri-Party Repo before the closure of NFO period. However, AMCs shall not charge any investment management and advisory fees on funds deployed in Tri-party Repo during the NFO period. The appreciation received from investment in Tri-Party Repo shall be passed on to investors.

Further, in case the minimum subscription amount is not garnered by the scheme during the NFO period, the interest earned upon investment of NFO proceeds in Tri-Party Repo shall be returned to investors, in proportion of their investments, along-with the refund of the subscription amount.

18. The Scheme will comply with provisions in paragraph 12.25 of the Master Circular related to overall exposure limits applicable for derivative transactions as stated below:

- 1) The cumulative gross exposure across all asset classes should not exceed 100% of the net assets of the Scheme.
- 2) Mutual Funds shall not write options or purchase instruments with embedded written options.
- 3) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- 4) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- 5) Definition of Exposure in case of Derivative Positions - Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

Exposure limit for participating in Interest Rate Futures **as per paragraph 12.25.9 of the Master Circular**

i. To reduce interest rate risk in a debt portfolio, mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Future Price/ PAR})}$$

19. The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.

The Trustee may alter the above restrictions from time to time to the extent that changes in

the Regulations may allow or as deemed fit in the general interest of the unit holders.

All investment restrictions shall be applicable at the time of making investment.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

C. Fundamental Attributes

Any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations, as detailed later in this document.

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations, 1996:

(i) Type of Scheme:

For details on type of Scheme, please refer "**Highlights/Summary of The Scheme**":

(ii) Investment Objective

Main Objective - Please refer "**Highlights/Summary of The Scheme**"

Investment pattern – The tentative portfolio break-up of Equity and Debt and other permitted securities and such other securities as may be permitted by the SEBI from time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations. Refer to the section "**How will the Scheme allocate its Assets?**" for more details.

(iii) Terms of Issue

a) Liquidity provisions such as listing, repurchase, redemption:

E. Other Scheme Specific Disclosures

Listing and transfer of units	<p>Listing: Being an open ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges.</p> <p>Transfer: Pursuant to paragraph 14.4.4 of the Master Circular, the Units of the Scheme can be transferred freely in demat form or in such form as may be permitted under SEBI Regulations and guidelines, as amended from time to time.</p>
Dematerialization of units	The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two business days of the

	<p>receipt of request from the unit holder subject to receipt of complete documents and details from the investor.</p> <p>Unit holders can convert their existing physical units (represented by statement of account) into dematerialized form, for further details, please refer to SAI.</p>
<p>Policy for declaration of Income Distribution cum capital withdrawal (IDCW Policy)</p>	<p>(i) Growth Option</p> <p>The Scheme will not declare any IDCW under this option. The income earned by the Scheme will remain reinvested in the Scheme and will be reflected in the Net Asset Value. This option is suitable for investors who are not looking for regular income but who have invested with the intention of capital appreciation.</p> <p>(ii) IDCW Option</p> <p>This option is suitable for investors seeking income through IDCW declared by the Scheme. The Trustee may approve the distribution of IDCW by AMC out of the distributable surplus under this Option. The remaining distributable surplus after considering the IDCW and tax, if any, payable there on will be ploughed back in the Scheme and be reflected in the NAV.</p> <p>(iii) IDCW Payout:</p> <p>As per the SEBI (MF) Regulations, the Mutual Fund shall despatch to the Unit Holders, IDCW warrants within 7 business days from the record date. IDCW will be payable to those Unit Holders whose names appear in the Register of Unit Holders on the date (Record Date). IDCW will be paid by cheque, net of taxes as may be applicable. Unit Holders will also have the option of direct payment of IDCW to the bank account. The cheques will be drawn in the name of the sole/first holder and will be posted to the Registered address of the sole/first holder as indicated in the original application form. To safeguard the interest of Unit Holders from loss or theft of IDCW cheques, investors should provide the name of their bank, branch and account number in the application form. IDCW cheques will be sent to the Unit Holder after incorporating such information. The minimum amount for IDCW payout shall be Rs.100, else IDCW would be mandatorily reinvested</p>

(iv) IDCW Reinvestment:

The investors opting for IDCW Option may choose to reinvest the IDCW to be received by them in additional Units of the Scheme. Under this provision, the IDCW due and payable to the Unitholders will be compulsorily and without any further act by the Unitholders reinvested in the Scheme (under the IDCW Option, at the first ex- IDCW NAV). The IDCW so reinvested shall be constructive payment of IDCW to the Unitholders and constructive receipt of the same amount from each Unitholder for reinvestment in Units. On reinvestment of IDCW, the number of Units to the credit of Unitholder will increase to the extent of the IDCW reinvested IDCW by the NAV applicable on the day of reinvestment, as explained above.

(v) IDCW Transfer

IDCW Transfer facility will be available under the scheme.

The designated schemes (source and target schemes) for this facility are as given below:

Source schemes - all schemes where IDCW option is available [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]

	For further details, please refer to SAI
Ongoing Offer Period This is the date from which the Scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	The Scheme is an open ended scheme and hence is available for subscription and redemption on an ongoing basis on every business day at NAV based prices. The Units of the Scheme will not be listed on any exchange, for the present.
Ongoing price for subscription (purchase)/switch-in (from other Schemes/plans of the mutual fund) by investors This is the price you need to pay for purchase/switch-in.	The purchase price of the Units will be based on the Applicable NAV subject to stamp duty (for respective plan and option of the Scheme). Purchase Price = Applicable NAV (for respective plan and option of the Scheme) Example: An investor invests Rs 20,000/- and the current NAV is Rs. 20/- then the purchase price will be Rs. 20/- and the investor receives $20000/20 = 1000$ units. The Scheme shall not charge any entry load.
Disclosure norms as per as per paragraph 3.6.8 of SEBI Master Circular:	A. The following details of the Scheme will be updated on a monthly basis: i. Name and exposure to top 7 stocks respectively as a percentage of NAV of the Scheme; ii. Name and exposure to top 7 groups as a percentage of NAV of the Scheme; iii. Name and exposure to top 4 sectors as a percentage of NAV of the Scheme. B. Change in constituents of the underlying index, if any, shall be disclosed on the AMC website on the day of change.
Any other disclosure in terms of Consolidated Checklist on Standard Observations	Investment by the AMC: From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest either directly or indirectly in the Scheme. The funds managed by associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the ability of other unitholders to redeem their units.

	<p>Further, as per the SEBI (Mutual Funds) Regulations, 1996, in case the AMC invests in any of the Scheme managed by it, it shall not be entitled to charge any fees on such investments.</p> <p>The Scheme may invest in other Scheme managed by the AMC or in the Scheme of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing SEBI (Mutual Funds) Regulations, 1996 and guidelines. As per the SEBI (Mutual Funds) Regulations, 1996, no investment management fees will be charged for such investments.</p>

- The AMC shall disclose portfolio of the scheme (along with ISIN) as on the last day of the month / half-year within 10 days from the close of each month / half-year respectively on website of:

AMC i.e. www.icicipruamc.com

AMFI i.e. www.amfiindia.com.

- **Annual Report**

The scheme wise annual report shall be hosted on the website of the AMC and on the website of the AMFI soon as may be possible but not later than four months from the date of closure of the relevant accounts year. The AMC shall publish an advertisement every year in all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the website of the AMC www.icicipruamc.com.

The AMC shall display prominently on the AMC's website link of the scheme wise annual report and physical copy of the same shall be made available to the unitholders at the registered / corporate office of the AMC at all times.

The AMC shall email the annual report or an abridged summary thereof to the unitholders whose email addresses are registered with the Fund. The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. Physical copy of scheme wise annual report or abridged summary shall be provided to investors who have opted to receive the same.

The AMC shall also provide a physical copy of the abridged summary of the Annual Report, without charging any cost, on specific request received from unitholder.

As per regulation 56(3A) of the Regulations, copy of Schemewise Annual Report shall be also made available to unitholder on payment of nominal fees.

- **Half – Yearly Financial Results**

The AMC shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on their website www.icicipruamc.com. The half-yearly unaudited report shall contain details as specified in Twelfth Schedule and such other details as are necessary for the purpose of providing a true and fair view of the operations of the mutual fund. Further, the AMC shall publish an advertisement disclosing the hosting of such financial results on their website, in atleast one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the mutual fund is situated.

- **Disclosure on Riskometers and Scheme Summary Document (SSD)**

In accordance with paragraph 17.4 of the master circular Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

A Scheme Summary Document (SSD) of the Scheme will be made available on the website of the AMC and AMFI. The SSD will be updated in case of any changes.

- **Tracking Error:**

In accordance with paragraph 3.6 of the Master circular dated May 19, 2023, the tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. The same shall be disclosed on a daily basis on the websites of AMC and AMFI.

The Scheme shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of respective AMCs and AMFI.

- **Tracking Difference:**

The annualized difference of daily returns between the index and the NAV of the Scheme. The same shall be disclosed on a monthly basis on the websites of AMC and AMFI.

The Scheme, in general, will hold all of the securities that comprise the Underlying Index in the same proportion as the index. Expectation is that, over time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

B. Transaction charges and stamp duty

➤ Transaction charges:

No transaction charges to be levied on the investment amount from transactions/applications (including SIPs) received through distributors (i.e. for Regular Plans). Accordingly, payment of transaction charges to the distributors has been discontinued.

Please refer to SAI for more details.

➤ Stamp Duty:

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent.

C. Transparency/NAV Disclosure

The NAV will be calculated and disclosed at the close of every Business Day. NAV will be determined on every Business Day except in special circumstances. NAV of the scheme shall be:

- On the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 11.00 p.m. on every business day, and
- Shall be made available at all Customer Service Centres of the AMC.

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

The AMC shall disclose portfolio of the scheme (along with ISIN) as on the last day of the month / half-year within 10 days from the close of each month / half-year respectively on website of:

- AMC i.e. www.icicipruamc.com
- AMFI i.e. www.amfiindia.com.

The Scheme Risk-o-meter shall be evaluated on a monthly basis and shall disclose along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

The AMC shall send via email both the monthly and half-yearly statement of scheme portfolio within 10 days from the close of each month / half-year respectively. The AMC shall send the details of the scheme portfolio while communicating the monthly and half-yearly statement of scheme portfolio via email or any other mode as may be communicated by SEBI/AMFI from time to time within the prescribed timelines. The AMC shall provide a feature wherein a link is provided to the investors to their registered email address to enable the investor to directly view/download only the portfolio of schemes subscribed by the said investor. The portfolio disclosure shall also include the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark.

The AMC shall publish an advertisement in all India edition of at least two daily newspapers, one each in English and Hindi, every half year disclosing the hosting of the half-yearly statement of the scheme's portfolio on the AMC's website and on the website of AMFI.

The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder.
