## Part II. INFORMATION ABOUT THE SCHEME

### A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances the asset allocation pattern will be:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related instruments of Technology & technology related companies@	80%	100%
Equity and Equity related instruments of companies other than above	0%	20%
Debt\$ and money market instruments#	0%	20%
Units issued by REITs and InvITs	0%	10%
Units of Mutual Funds *	0%	20%

@The Investment can be made in foreign securities including units of overseas mutual fund schemes / Overseas ETFs having similar investment strategy and which forms part of Technology sector subject to overall limit for investment in foreign securities as stipulated below.

\$ (including debt ETFs)

#Money Market instruments includes commercial papers, commercial bills, treasury bills, Tri-party repo, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme. Cash, cash equivalent with residual maturity up to 91 days will be treated as not creating any exposure.

In case the rebalancing is not done within the specified period, justification for the same shall be provided to the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course

of action.

There can be no assurance that the investment objective of the scheme will be realized. The Fund Manager may churn the portfolio to the extent as considered necessary to replicate the index.

The above limits shall not be applicable on investments in securitized debt instruments.</li> <li>3. Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.</li> </ol> <p>Further, the investment in debt instruments having credit enhancements should be sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without</p>	Clause 12.3 of the Master Circular for Mutual Funds dated May 19, 2023

		impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMC's will initiate necessary steps to ensure protection of the interest of the investors.	
11	AT1 and AT2 Bonds	The scheme shall not invest in said security.	Clause 12.2 of the SEBI Master Circular dated May 19, 2023

***Change In Asset Allocation, Portfolio Rebalancing and reporting & disclosure requirement:***

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per in Clause 1.14.1.2.b of the SEBI Master Circular dated May 19, 2023 for Mutual Funds, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

In the event of deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMC's), the same will be rebalanced within 30 business days. In case the asset allocation is not rebalanced within 30 business days justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee (IC). The IC can extend the timelines up to sixty (60) business days from the date of completion of the mandated rebalancing period. In case the portfolio of schemes is not rebalanced within the aforementioned mandated plus extended timelines, AMC's shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii. not levy exit load, if any, on the exiting investors.

AMC's will report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of the scheme, the investors will be immediately informed through SMS and email / letter including details of portfolio not rebalanced. Email / Letter and SMS will also be immediately triggered as and when the rebalancing of portfolio takes place. The same will also be communicated to investors through periodic portfolio disclosures as mandated by SEBI.

The above norms shall be applicable to main portfolio and not to segregated portfolio(s). The above is in line with in Clause 2.9 of the SEBI Master Circular dated May 19, 2023 for Mutual Funds as amended from time to time.

**B. WHERE WILL THE SCHEME INVEST?**

**The Scheme shall invest in any of the following securities:**

- (a) Investment in Equity and Equity related instruments
- (b) Investment in Debt and Money Market securities
- (c) Investments in Derivative Instrument
- (d) Covered Call Options
- (e) Investments in units of Infrastructure Investment Trusts (InvITs) and Real Estate Investment Trusts (REITs)
- (f) Investments in the Schemes of Mutual Fund
- (g) Any other Securities / asset class / instruments as permitted under SEBI Regulations.

Please refer Section II of the document for further details for each instrument.

### C. WHAT ARE THE INVESTMENT STRATEGIES?

The fund will follow a bottom-up approach to stock-picking and choose companies which are expected to derive benefit from development, use and advancement of technology.

The companies will be selected after rigorous fundamental research which includes parameters like management competitiveness, business competitiveness, corporate governance, growth prospects, valuations, past track record etc.

Indicative list of businesses where the scheme would invest in are:

- IT services, software, consulting, and outsourcing companies
- IT products and hardware including computers, smartphones, wearables, electronic devices & components, semiconductors, etc.
- Internet companies and Internet-enabled services including Fintech, e-retail/e-commerce, technology platforms, IoT (Internet of Things), and other digital service providers.
- Telecommunications, including networking, wireless, and wire-line services, equipment, software, and support and other Infrastructure providers..
- Media and information services, including the distribution of information and content providers.
- Data and data solutions providers
- IT infrastructure providers like data centres, leased line providers etc
- PaaS, SaaS, DaaS, DBaaS, etc companies

Please note that the above list is indicative, and the Fund Manager may add such other businesses that are part of the Technology and technology-related sector.

A portion of the scheme will also be invested in IPOs and other primary market offerings that meet the Scheme's investment criteria. Further, to achieve diversification, the Scheme may also invest up to 20% of the assets in companies other than those in Technology & technology related sectors.

The Scheme may also invest some portion of the investible funds in debt and money market instruments. Investment in overseas securities will be subject to restrictions stated in the Asset Allocation Pattern.

The Scheme may seek to invest up to 30% of its net assets in foreign securities.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so with the prior approval of the Board of the AMC/Trustee.

- **Risk Control:**

The Fund shall invest in a diversified basket of equity stocks spread across sectors, debt and money market instruments along with a portion of fund invested in initial/primary market offerings.

This allocation will be steadily monitored, and it shall be ensured that investments are made in accordance with the Scheme objective and within the regulatory and internal investment restrictions prescribed from time to time. Diversification across sectors/companies at the time of investments shall also manage the risk.

The Fund has designed a detailed process to identify, measure, monitor and manage the portfolio risk. The aim is not to eliminate the risk completely but to have a structured mechanism towards risk management thereby maximizing potential opportunities and minimize the adverse effects of risk. Few of the key risks identified are:

#### **Risk control / mitigation measures**

Type of Risk	Risk mitigants / management strategy
<b>Credit risk</b> Risk associated with repayment of investment	Investment universe carefully selected to only include issuers with high credit quality and good net worth
<b>Performance risk</b> Risk arising due to change in factors affecting the market	Understand the working of the markets and respond effectively to market movements
<b>Concentration risk</b> Risk arising due to over exposure in few securities	Invest across the spectrum of issuers and keeping flexibility to invest across tenor
<b>Liquidity risk</b> Risk arising due to inefficient Asset Liability Management, resulting in high impact costs	Control portfolio liquidity at portfolio construction stage. Having optimum mix of cash & cash equivalents along with the money market instruments in the portfolio
<b>Interest rate risk</b> Price volatility due to movement in interest rates	Control the portfolio duration and periodically evaluate the portfolio structure with respect to existing interest rate scenario

- **Portfolio Turnover:**

The Scheme will endeavour to keep the portfolio turnover at a minimum. However, the portfolio turnover ratio may vary as the Scheme may change the portfolio according to Asset Allocation to align itself with the objectives of the Scheme. The effect of higher portfolio turnover could be higher brokerage and transaction costs.

#### D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

##### BSE TECK

**Justification for use of benchmark:** The BSE TECK comprises constituents of the BSE 500 that are classified as members of the media & publishing, information technology & telecommunications sectors as defined by the BSE industry classification system. The composition and methodology of the benchmark is such that it is most suited for comparing the performance of Edelweiss Technology Fund.

### Part III- OTHER DETAILS

#### A. COMPUTATION OF NAV

The Net Asset Value (NAV) of the Units will be calculated on every Business Day and for such other days as may be required for the purpose for transaction of Units. The NAV shall be calculated in accordance with the following formula, or such other formula as may be prescribed by SEBI from time to time:

$$\frac{\text{Market or Fair Value of the Scheme's Investments+ Receivables+ Accrued Income+ Other Assets- Accrued Expenses- Payables- Other Liabilities}}{\text{Number of Units Outstanding}}$$

NAV =

The NAV of the Scheme will be calculated and declared upto 2 decimal places & the second decimal will be rounded off higher to the next digit if the third decimal is or more than 5 i.e., if the NAV is Rs. 10.127 it will be rounded off to Rs. 10.13.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

#### B. NEW FUND OFFER (NFO) EXPENSES

This is an ongoing scheme on the date of updating this document.

#### C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily average net assets of the scheme will be charged to the scheme as expenses. Details of the actual TER charged to the scheme after allotment and any change in the current expense ratios would be available on the website of the Mutual Fund on <https://www.edelweissmf.com/statutory/total-expense-ratio-of-mutual-fund-scheme> and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change.

Expense Head	% of daily Net Assets * (Estimated p.a.)T
Investment Management and Advisory Fees	Upto 2.25%
Audit fees/fees and expenses of trustee	
Custodial fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	

Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)*	
<b>Maximum total expense ratio (TER) permissible under Regulation 52 (6) (b)</b>	<b>Upto 2.25%</b>
Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b)	Upto 0.30%
Additional Expenses under Regulation 52 (6A) (c)	Upto 0.05%
*Subject to the Regulations and as permitted under Regulation 52 of SEBI (MF) Regulations, 1996, any other expenses which are directly attributable to the Scheme may be charged with the approval of the Trustee within the overall limits as specified in the Regulations.	

**Additional Expenses under Regulation 52 (6A):**

1. The AMC may charge additional expenses, incurred towards different heads mentioned under regulations 52(2) and 52(4), not exceeding 0.05 per cent of daily net assets of the Scheme. However, such additional expenses will not be charged if exit load is not levied/ not applicable to the Scheme.
2. To improve the geographical reach of the Fund in smaller cities/towns as may be specified by SEBI from time to time, expenses not exceeding 0.30 % p.a. of daily net assets, if the new inflows from retail investors<sup>^</sup> from such cities (i.e. beyond Top 30 cities\*) are at least:
  - (i) 30 % of gross new inflows in the Scheme, or;
  - (ii) 15 % of the average assets under management (year to date) of the Scheme, whichever is higher.

In case the inflows from beyond Top 30 cities is less than the higher of (i) or (ii) above, such additional expenses on daily net assets of the Scheme shall be charged on proportionate basis. The expenses so charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Further, the additional expense charged on account of new inflows from beyond Top 30 cities shall be credited back to the Scheme, in case the said inflows are redeemed within a period of 1 year from the date of investment.

<sup>^</sup> As per paragraph 10.1.3 of the Master Circular for Mutual Funds dated May 19, 2023, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

\*The Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Note: In line with AMFI communication no.35P/MEM-COR/85-a/2022-23 dated March 2, 2023 and SEBI letter no. SEBI/HO/IMD/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, the B-30 incentive structure is kept in abeyance from March 1, 2023, till appropriate re-instatement of incentive structure by SEBI with necessary safeguards

Brokerage and transactions costs incurred for the purpose of execution of trades and are included in the cost of investments shall be charged to the Scheme in addition to the limits on total expenses prescribed under Regulation 52(6) and will not exceed 0.12% in case of cash market transactions and 0.05% for derivatives transactions.

As per clause 10.1.14 of the Master Circular for Mutual Funds dated May 19, 2023, the brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the Scheme as provided in Regulation 52(6A) (a) up to 0.12% for cash market

transactions and 0.05% for derivatives transactions. Any payment towards brokerage and transaction cost, over and above the said 0.12% for cash market transactions and 0.05% for derivatives transactions may be charged to the scheme within the maximum limit of TER as prescribed under Regulation 52.

#### **Goods and Services Tax (GST):**

In addition to the expenses under Regulation 52 (6) and (6A), AMC shall charge GST as below:

1. GST on investment and advisory fees will be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6).
2. GST on other than investment and advisory fees, if any, will be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6).
3. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52.
4. GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme

#### **Notes:**

- a. The Direct Plan and Options thereunder shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under Direct Plan of the Scheme.
- b. Maximum Permissible expense: The maximum Total Expense Ratio (TER) that can be charged to the Scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated in the table above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations.
- c. Investor Education and Awareness initiatives: As per Para F of the SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC shall annually set apart at least 2 basis points p.a. (i.e. 0.02% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken by the Fund.

The AMC may incur expenses on behalf of the Scheme which will be reimbursed on actual basis to the AMC to the extent such expenses are permissible & are within the prescribed SEBI limit.

Any change in the current expense ratios will be updated on the website viz. [www.edelweissmf.com](http://www.edelweissmf.com) and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change.

#### **Illustration of impact of expense ratio on scheme's returns:**

#### **D. LOAD STRUCTURE**

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time.

For the current applicable structure, please refer to the website of the AMC [www.edelweissmf.com](http://www.edelweissmf.com) or may call at our toll free number 1800 425 0090 (MTNL/BSNL) and non toll free number +91 40 23001181 for others and investors outside India or your distributor.

### Applicable Load Structure

The load structure would comprise of an Entry Load and /or an Exit Load, as may be permissible under the Regulations. The current load structure is stated as under:

Particulars	Load chargeable (as % of NAV)
Exit Load**	<ul style="list-style-type: none"> <li>• If the units are redeemed /switched out on or before 90 days from the date of allotment – 1% of the applicable NAV.</li> <li>• If the units are redeemed /switched out after 90 days from the date of allotment - NIL</li> </ul>

\*\*The entire exit load (net of Goods and Service tax), charged, if any, shall be credited to the Scheme.

The upfront commission shall be paid by the investor directly to the ARN Holder based on the investor's assessment of various factors including service rendered by the ARN Holder.

AMC reserves the right to revise the load structure from time to time. Such changes will become effective prospectively from the date such changes are incorporated.

### **Please Note that:**

- \* Exit Load will be applicable for inter Scheme switches as well as special products under the Scheme such as switch-outs/systematic transfer between the schemes of Edelweiss Mutual Fund.
- \* No exit load shall be levied in case of switch of units from Edelweiss Technology Fund - Direct Plan to Edelweiss Technology Fund - Regular Plan. However, after the switch, exit load under the Scheme prevailing on the date of switch shall apply for subsequent redemptions/switch out from Edelweiss Technology Fund.
- \* Bonus Units and Units issued on reinvestment of IDCWs shall not be subject to exit load.
- \* The normal load structure will be applicable in case of Special Products (SIP/STP/SWP) unless otherwise specified.
- \* The AMC shall ensure the repurchase price will not be lower than 95% of the Applicable NAV.
- \* For any change in load structure, the AMC will issue an addendum and display it on the website/Investor Service Centres.

***The investors are requested to check the prevailing load structure of the Scheme, before investing.***

### **Changing the Load Structure:**

Under the Scheme, the AMC, in consultation with the Trustee, reserves the right to change the load structure if it so deems fit in the interest of investors & for the smooth and efficient functioning of the Scheme. Any imposition or enhancement in the load shall be applicable on prospective investments only. At the time of changing the load structure, the AMC shall issue a public notice in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated. Unit Holders / Prospective investors will be informed of the changed / prevailing Load structures through various means of communication such as public notice and / or display at ISCs / Distributors' offices, on Account Statements, acknowledgements, investor newsletters etc. The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and Key Information Memorandum already in stock. The introduction of the exit load along with the details may also be disclosed in the Account Statement issued after the introduction of such load.

## Section II

### I. Introduction

#### A. Definitions/interpretation

For detailed description please refer [Definition\\_04062024\\_022447\\_PM.pdf \(edelweissmf.com\)](#)

#### **RISK FACTORS**

Apart from the risk factors mentioned in SAI, following are some of the additional risk factors which investors are advised to go through before investing:

#### **STANDARD RISK FACTORS:**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- Edelweiss Technology Fund is only the name of the Scheme & it does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.1,00,000 made by it towards setting up the Fund.
- The Scheme is not a guaranteed or assured return Scheme.

#### **b) SCHEME SPECIFIC RISK FACTORS:**

The performance of the Scheme may be affected by changes in Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems, etc. Some of the Risks are listed below:

##### **1. Risk Factors Associated with Equity & Equity related instruments**

- The value of the Scheme's investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, etc.

- Settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. The Scheme may face liquidity risk or execution risk or redemption risk or the risk of NAV going below par.
- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date for disinvestment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio.
- At times, taking benefit of investing in Special Situations may involve certain risks like the promoter may choose not to accept the discovered prices or the Regulatory hurdles may delay any specific corporate action. For details, please refer SAI.
- Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment may not get implemented instantly.

## **2. Risks Associated with investing in Debt and Money Market Instruments**

- Interest rate Risk:** Price of a fixed income instrument generally falls when the interest rates move up and vice-versa. The extent of the fall or rise in the prices depends upon the coupon and maturity of the security. It also depends upon the yield level at which the security is being traded. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Credit risk or default Risk:** Credit risk is the risk that the issuer of a debenture/ bond or a money market instrument may default on interest and/or principal payment obligations. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that Government Security is a sovereign security and is the safest. Corporate bonds carry a higher amount of credit risk than Government Securities. Within corporate bonds also there are different levels of safety and a bond rated higher by a particular rating agency is safer than a bond rated lower by the same rating agency.
- Liquidity & Settlement Risk:** The liquidity of a fixed income security may change, depending on market conditions, leading to changes in the liquidity premium attached to the price of such securities. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio. Different segments of the financial markets have different settlement cycle/periods, and such settlement cycle/periods may be impacted by unforeseen circumstances, leading to Settlement Risk. This can adversely affect the ability of the Fund to swiftly execute trading strategies which can lead to adverse movements in NAV.
- Reinvestment Risk:** Interest rates may vary from time to time. The rate at which intermediate cash flows are reinvested may differ from the original interest rates on the security, which can affect the total earnings from the security.
- Performance Risk:** Performance of the Scheme may be impacted with changes in factors, which affect the capital market and in particular the debt market.
- Prepayment Risk:** The Scheme may receive payment of monthly cashflows earlier than scheduled, which may result in reinvestment risk.
- Market Risk:** Lower rated or unrated securities are more likely to react to developments affecting the market as they tend to be more sensitive to changes in economic conditions than higher rated securities.

There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly, or annual basis.

## **3. Risk factors associated with Derivatives**

### **i) General Risk Factors associated with derivatives:**

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Trading in derivatives has the following risks:

- An exposure to derivatives in excess of the hedging requirements can lead to losses.
- An exposure to derivatives, when used for hedging purposes, can also limit the profits from a genuine investment transaction.
- Derivatives carry the risk of adverse changes in the market price.
- Illiquidity Risk i.e. risk that a derivative trade may not be executed or reversed quickly enough at a fair price, due to lack of liquidity in the market.

The Fund may use derivatives instruments like equity futures & options, or other derivative instruments as permitted under the Regulations and Guidelines. Usage of derivatives will expose the Scheme to liquidity risk, open position risk, and opportunities risk etc. Such risks include the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. In case, of the derivative strategies, it may not be possible to square off the cash position against the corresponding derivative position at the exact closing price available in the Value Weighted Average Period. Debt derivatives instruments like interest rate swaps, forward rate agreements or other derivative instruments also involve certain risks. For details, please refer SAI.

#### **4. Risks Associated with exposure in Tri-party Repo**

Risk of exposure in the Tri-party Repo settlement Segment provided by CCIL emanates mainly on two counts –

- Risk of failure by a lender to meet its obligations to make funds available or by a borrower to accept funds by providing adequate security at the settlement of the original trade of lending and borrowing under Tri-party Repo transaction.
- Risk of default by a borrower in repayment.

#### **5. Risks Associated with Stock Lending & Short Selling:**

##### **i) Risks associated With Stock Lending**

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there can be temporary illiquidity of the securities that are lent out and the Scheme will not be able to sell such lent-out securities until they are returned. There is also a possibility of opportunity loss.

##### **ii) Risks associated with short selling**

Scheme may enter into short selling transactions, subject to SEBI and RBI regulations in the matter. This will be done if the fund management team is of the view that there exists an opportunity to make trading gains. Calls for short selling will be taken after considering the liquidity, price movement & volatility of the security by the fund management team. There can be a loss in such a transaction if the price of the security goes up instead of falling down.

#### **6. Risk factors associated with Repo transactions in Corporate Debt:**

##### **i) Lending transactions:**

The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However, in repo lending transactions, the collateral may be sold, and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than

the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which includes their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

#### **ii) Borrowing transactions:**

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on the due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which includes their credit profile evaluation.

#### **7. Risks associated with writing covered call options for equity shares**

- Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced by writing covered call options.
- The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.
- The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.
- The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

#### **8. Risk Factors Associated with Investments in REITs and InvITs:**

- **Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

#### **9. Risk Factors Associated with Investments in Foreign Securities**

Investments in International (overseas) securities including Exchange Traded Funds involves increased risk and volatility, not typically associated with domestic investing,

**Some of the risk associated are:**

- Changes in currency exchange rates
- Foreign government regulations
- Differences in auditing and accounting standards
- Political and economic instability
- Liquidity and volatile prices
- Economic deterioration, and changes in bi-lateral relationships.

The investment by the Scheme in overseas securities and overseas ETFs is subject to compliance with the industry-wide limit as stipulated by RBI/SEBI from time to time. The Scheme may not be able to make investment in overseas securities and overseas ETFs in case of breach of such industry-wide overseas limits. In such a situation, the performance of the Scheme could be affected.

#### 10. Risks Associated with segregated portfolio

- Unit holders holding units of Segregated Portfolio may not be able to liquidate their holdings till the recovery of money from the issuer.
- Portfolio comprising of Segregated Portfolio may not realise any value or may have to be written down.
- Listing of units of Segregated Portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further the trading price of units on the stock market may be significantly lower than the prevailing NAV.

**Investment in Securitized Debt:**

A securitization transaction involves true sale of cash generating assets & receivables by the originator (a bank, non-banking finance company, housing finance company, or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by transferring his cash generating asset(s) to an SPV, receives consideration from investors upfront. Investors get paid from the periodic distribution of cash generated by the underlying asset(s). Typically, the transaction is provided with some sort of credit enhancement (as stipulated by the rating agency for a target rating). This mechanism attempts to protect investors against potential delay in cash flows from assets as well as potential defaults by trenching risks by structuring cash flows in different forms.

Generally available asset classes for securitization in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loans
- Corporate loans/receivables
- Commercial Mortgage-backed securities

**Investment / Risk Mitigation Strategy:**

**1. Risk profile of securitized debt vis-à-vis risk appetite of the Scheme(s):**

The risk profile of securitized debt is generally slightly better than the risk profile of other debt securities at the same level of credit rating due to presence of credit-enhancing mechanism. Moreover, PTCs generally offer additional income (spread) over a debt security of similar rating and maturity, which enables the scheme to optimize its income without taking any additional credit risk. Securitized debt is generally less liquid, however, investment in securitized debt is made to maintain a diversified portfolio of debt securities that optimizes return without increasing the overall risk profile of the Scheme(s).

**2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc:**

The originator is an entity (like banks, non-banking finance companies, corporates etc), which has initially provided the loan & is also generally responsible for servicing the loans. The schemes will invest in securitized debt of originators with at least investment grade credit rating and established track record. A detailed evaluation of originator is done before the investment is made in securitized debt of any originator on various parameters given below:

**Track record:**

The investment in securitized debt is done based on the evaluation of the origination & underwriting process and capabilities of the originator, overview of corporate structure, group to which they belong, experience of the company in the business & longevity, processes, financial condition of the company, credit rating, past performance of similar pools by the originator, etc.

**Willingness to pay through credit enhancement facilities etc:**

Credit enhancement is provided by the originator, as indicated by rating agencies, so as to adequately cover delinquencies and defaults and acts as a risk mitigation measure. The size of the credit enhancement as indicated by the rating agency depends on the originator's track record, past delinquencies, pattern of the portfolio & characteristics of the pool vis-a-vis of the portfolio, nature of the asset class.

**Ability to pay:**

The quality of the origination impacts the performance of the underlying asset & thus originators with strong systems and processes in place can eliminate poor quality assets. A robust risk management system of the originator and availability of MIS reports on timely basis, results in creation of strong asset portfolio.

**Business Risk Assessment:**

The business risk assessment of originator / underlying borrower also includes assessment wherein following factors are also considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition, a detailed review and assessment of rating rationale is done along with interactions with the company as well as the rating agency. All investment in securitized debt is done after taking into account, the Critical Evaluation Parameters (for pool loan and single loan securitization transactions) regarding the originator / underlying issuer as mentioned below:

- Default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios of the ultimate borrower (for single sell downs) - both on a standalone basis as well on a consolidated level/ group level

- Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan, as the case may be.

**3. Risk mitigation strategies for investments with each kind of originator:**

Investments are based on assessment of following parameters, so as to mitigate risk associated with such investment:

- Credit quality, size and reach of the originator
- Nature of receivables/asset category i.e. cars, construction equipment, commercial vehicles, personal loans etc.
- Collection process, infrastructure and follow-up mechanism
- Quality of MIS
- Credit cum liquidity enhancement
- Credit appraisal norms of originator
- Asset Quality - portfolio delinquency levels
- Past performance of rated pools
- Pool Characteristics - seasoning, Loan-to-value ratios, geographic diversity etc.

**4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments:**

Diversification of underlying assets is achieved through a) prudent mix of asset categories - i.e. cars (new, used), commercial vehicles, construction equipment, unsecured loans to individuals or small & medium enterprises b) total number of contracts in a pool c) average ticket size of loans and d) geographical distribution.

Risk mitigation measures for less diversified investments in pools is accomplished through the size of credit enhancement, seasoning or loan to value ratios.

**Illustrative framework, which will be applied while evaluating investment decision relating to a pool securitization transaction:**

Characteristics	Mortgage loan	Commercial Vehicle and Constructions Equipment	Car	2 Wheelers	Micro Finance Pool	Personal Loans	Single Sell Downs	Others
Approximate Average maturity (in Months)	NA	12-60 Months	12-60 months	8-40 Months	NA	NA	Refer Note A	Refer Note B
Collateral margin (including cash, guarantees, interest excess spread, subordinate tranche)	NA	5%-20%	4-15%	4-15%	NA	NA		
Average Loan to Value Ratio	NA	80-95%	70-90%	70-90%	NA	NA		
Average seasoning of the Pool	NA	3-8 months	3-8 months	2-5 months	NA	NA

Average single exposure range %	NA	1-5%	0-1%	0-1%	NA	NA		
---------------------------------	----	------	------	------	----	----	--	--

NA - Not Applicable Information in the table above is based on current scenario and is subject to change depending upon the change in related factors.

Notes:

- A. In case of securitised debt with underlying being single loan, the investment limit applicable to the underlying borrower is considered.
- B. Other investment will be decided on a case to case basis. In case of asset backed pools (ABS), evaluation of the pool assets is done considering the following factors: (Refer the table above which illustrates the averages of parameters considered while selecting the pool)

- Size of the loan
- Average original maturity of the pool
- Loan to Value Ratio
- Average seasoning of the pool
- Default rate distribution
- Geographical Distribution
- Credit enhancement facility
- Liquid facility
- Structure of the pool

**5. Minimum retention period of the debt by originator prior to securitisation**

The illustrative average seasoning of the debt by originator prior to securitisation is given above in table (Refer Point 4). Minimum retention period of the debt by originator prior to securitisation in the case of asset pools is in the form of seasoning of loans to various asset classes (cars, commercial vehicles, etc.) and generally varies from one month to six months depending on the nature of asset.

**6. Minimum retention percentage by originator of debts to be securitised.**

While minimum retention percentage by originator is not prescribed, any amount retained by the originator through subordination is viewed positively at the time of making investment and generally varies from 5% to 10%.

**7. The mechanism to tackle conflict of interest when the mutual fund invests in securitised debt of an originator and the originator in turn makes investments in that particular scheme of the fund**

All proposals for investment in securitised debt are evaluated by the credit analyst based on several parameters such as nature of underlying asset category, pool characteristics, asset quality, credit rating of the securitisation transaction, and credit cum liquidity enhancement available. Investment in securitised debt in any scheme is made by the respective fund manager in line with the investment objective of that scheme.

**8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitised debt (in general)**

Investment in securitised debt is monitored regularly with regards to its performance on various parameters such as collection efficiency, delinquencies, prepayments and utilization of credit enhancement. Information on these parameters is available through monthly reports from Pool Trustees and through information disseminated by the rating agencies. Monthly performance report is released by the credit analyst to the fund management team and the fund management team periodically reviews the same

• **Investments in the Schemes of Mutual Fund**

The Scheme may invest in schemes managed by the AMC or in the schemes of any other Mutual Fund, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI Regulations. As per the SEBI Regulations, no Investment Management fees will be charged for such investments and the aggregate inter scheme investment made by all

schemes in the schemes of the Mutual Fund or in the schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund.

- Derivative Instrument like Interest Rate Swaps, Forward Rate Agreement and such other derivative instruments as may be permitted under the Regulations.
- Any other domestic equity and equity related instruments / debt securities as permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The above-mentioned securities could be listed, secured, unsecured, rated or unrated and may be acquired through Primary, secondary market offerings, private placements, rights offer etc. Further, investments in debentures, bonds and other fixed income securities will usually be in instruments, which have been assigned investment grade ratings by an approved rating agency. In cases where the debt instrument is unrated, specific approval from the Board of the Asset Management Company and the Board of Trustees shall be obtained. However, the same shall be subject to limitations as contained in clause 1 and 1A, of Schedule VII to SEBI (Mutual Funds) Regulations, 1996.

In view of the above and as per investment objective, investment in the Scheme should be regarded as long term in nature. The Scheme is, therefore, only suitable for investors who can afford the risks involved.

Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The above-mentioned securities could be listed, unlisted, secured, unsecured, rated or unrated and may be acquired through Primary, secondary market offerings, private placements, rights offer etc. Further, investments in debentures, bonds and other fixed income securities will usually be in instruments, which have been assigned investment grade ratings by an approved rating agency. In cases where the debt instrument is unrated, specific approval from the Board of the Asset Management Company and the Board of Trustees shall be obtained. However, the same shall be subject to limitations as contained in clause 1 and 1A, of Schedule VII to SEBI (Mutual Funds) Regulations, 1996.

## **INVESTMENT STRATEGY & APPROACH**

The fund will follow a bottom-up approach to stock-picking and choose companies which are expected to derive benefit from development, use and advancement of technology.

The companies will be selected after rigorous fundamental research which includes parameters like management competitiveness, business competitiveness, corporate governance, growth prospects, valuations, past track record etc.

Indicative list of businesses where the scheme would invest in are:

- IT services, software, consulting, and outsourcing companies
- IT products and hardware including computers, smartphones, wearables, electronic devices & components, semiconductors, etc.
- Internet companies and Internet-enabled services including Fintech, e-retail/e-commerce, technology platforms, IoT (Internet of Things), and other digital service providers.
- Telecommunications, including networking, wireless, and wire-line services, equipment, software, and support and other Infrastructure providers..
- Media and information services, including the distribution of information and content providers.

- Data and data solutions providers
- IT infrastructure providers like data centres, leased line providers etc
- PaaS, SaaS, DaaS, DBaaS, etc companies

Please note that the above list is indicative, and the Fund Manager may add such other businesses that are part of the Technology and technology-related sector.

A portion of the scheme will also be invested in IPOs and other primary market offerings that meet the Scheme's investment criteria. Further, to achieve diversification, the Scheme may also invest up to 20% of the assets in companies other than those in Technology & technology related sectors.

The Scheme may also invest some portion of the investible funds in debt and money market instruments. Investment in overseas securities will be subject to restrictions stated in the Asset Allocation Pattern.

The Scheme may seek to invest up to 30% of its net assets in foreign securities.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so with the prior approval of the Board of the AMC/Trustee.

- **Risk Control:**

The Fund shall invest in a diversified basket of equity stocks spread across sectors, debt and money market instruments along with a portion of fund invested in initial/primary market offerings.

This allocation will be steadily monitored, and it shall be ensured that investments are made in accordance with the Scheme objective and within the regulatory and internal investment restrictions prescribed from time to time. Diversification across sectors/companies at the time of investments shall also manage the risk.

The Fund has designed a detailed process to identify, measure, monitor and manage the portfolio risk. The aim is not to eliminate the risk completely but to have a structured mechanism towards risk management thereby maximizing potential opportunities and minimize the adverse effects of risk. Few of the key risks identified are:

**Risk control / mitigation measures**

Type of Risk	Risk mitigants / management strategy
<b>Credit risk</b> Risk associated with repayment of investment	Investment universe carefully selected to only include issuers with high credit quality and good net worth
<b>Performance risk</b> Risk arising due to change in factors affecting the market	Understand the working of the markets and respond effectively to market movements
<b>Concentration risk</b> Risk arising due to over exposure in few securities	Invest across the spectrum of issuers and keeping flexibility to invest across tenor
<b>Liquidity risk</b> Risk arising due to inefficient Asset Liability Management, resulting in high impact costs	Control portfolio liquidity at portfolio construction stage. Having optimum mix of cash & cash equivalents along with the money market instruments in the portfolio

<b>Interest rate risk</b>	Control the portfolio duration and periodically evaluate the portfolio structure with respect to existing interest rate scenario
Price volatility due to movement in interest rates	

• **Portfolio Turnover:**

The Scheme will endeavour to keep the portfolio turnover at a minimum. However, the portfolio turnover ratio may vary as the Scheme may change the portfolio according to Asset Allocation to align itself with the objectives of the Scheme. The effect of higher portfolio turnover could be higher brokerage and transaction costs.

**B. What are the investment restrictions?**

- i) *The investment policy of the Scheme complies with the rules, regulations and guidelines laid out in SEBI (Mutual Funds) Regulations, 1996. As per the Regulations, specifically the Seventh Schedule, the following investment limitations are currently applicable:*

The investment policy of the Scheme complies with the rules, regulations and guidelines laid out in SEBI (Mutual Funds) Regulations, 1996. As per the Regulations, specifically the Seventh Schedule, the following investment limitations are currently applicable:

1. All the investments by Scheme shall be made only in listed equity shares and equity related securities.
2. The Scheme being sectoral in nature, the upper ceiling on investments made will be in accordance with their weightage in the Benchmark Index or 10% of the NAV of the Scheme, whichever is higher.
3. The Scheme shall adhere to following limits for investments in Debt and Money Market Instruments issued by a single issuer:

Credit Rating	Maximum Limit (% of net assets)
AAA	10
AA (including AA+ and AA-)	8
A (including A+) & below	6

The above limits may be extended by up to 2% of the NAV of the Scheme with prior approval of the Board of Trustees and AMC, subject to compliance with the overall 12% limit.

Provided that such limits shall not be applicable for investments in Government Securities, treasury bills, and Triparty Repo on G-Secs & T-Bills.

4. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up capital carrying voting rights.
5. Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.
6. The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis. Provided further that the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

7. All investments by the Scheme in CPs would be made only in CPs which are listed or to be listed.
8. The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:
  - Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
  - Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade
9. Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. Further, the investment in debt instruments having credit enhancements should be sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs will initiate necessary steps to ensure protection of the interest of the investors.
10. The Scheme may invest in debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption including Additional Tier I bonds and Tier 2 bonds issued under Basel III framework subject to following prudential limits as prescribed under clause 12.2 of the Master Circular for Mutual Funds dated May 19, 2023 or such other circular issued by SEBI from time to time:
  - i. No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer.
  - ii. A Mutual Fund scheme shall not invest –
    - a) more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and
    - b) more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

(The above investment limit for the scheme shall be within the overall limit for debt instruments issued by a single issuer, as specified at clause 1 of the Seventh Schedule of SEBI (Mutual Fund) regulations, 1996, and other prudential limits with respect to the debt instruments.)

11. Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided:
  - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
  - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided the same are in line with clause 12.30 of the Master Circular for Mutual Funds dated May 19, 2023

12. The Scheme may invest in other Schemes of the AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other Asset Management Company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.
13. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities: Provided that the Mutual Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard. Further, the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

14. The Fund shall get the securities purchased or transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
15. The Scheme shall not make any investment in any fund of funds scheme.
16. The Scheme shall not make any investment in:
  - Any unlisted security of an associate or group company of the Sponsor; or
  - Any security issued by way of private placement by an associate or group company of the Sponsor; or
  - The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets of the Scheme of the Mutual Fund.
17. No loans for any purpose shall be advanced by the Scheme.
18. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase / redemption of Units or payment of interest and IDCW to the Unit holders. Provided that the Fund shall not borrow more than 20% of the net assets of the Scheme and the duration of the borrowing shall not exceed a period of 6 months.
19. Pending deployment of funds of the Scheme in securities in terms of the investment objectives of the Scheme, the Fund may invest the funds of the Scheme in short term deposits of scheduled commercial banks or in like instruments subject to the Guidelines as may be specified by the Board. Further, the AMC shall not charge investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

Further in line with Paragraph 12.16 of the Master Circular for Mutual Funds dated May 19, 2023:

- a. Total investment of the Scheme in Short term deposit(s) of all the Scheduled Commercial Banks put together shall not exceed 15% of the net assets. However, this limit can be raised upto 20% of the net assets with prior approval of the Board of Trustees. Further, investments in Short Term Deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- b. Scheme shall not invest more than 10% of the net assets in short term deposit(s), of any one scheduled commercial bank including its subsidiaries.
- c. Scheme shall not invest in short term deposit of a bank which has invested in that Scheme
- d. The Scheduled Commercial Banks in which a scheme has Short Term Deposits shall not invest in the Scheme until the Scheme has Short Term Deposits with such bank.

Further as per clause 12.16.1.9 of the Master Circular for Mutual Funds dated May 19, 2023, it is clarified that the said limits shall not apply to term deposits placed as margins for trading in cash and derivatives market.

The investments in short term deposits of scheduled commercial banks will be reported to the Board of Trustees along with the reasons for the investment which, interalia, would include comparison with the interest rates offered by other scheduled commercial banks. Further, the AMC shall ensure that the reasons for such investments are recorded in the manner prescribed in clause 12.23 of the Master Circular for Mutual Funds dated May 19, 2023.

20. Investments in derivatives shall be in lines with the norms/restrictions specified in clause 12.25 of the Master Circular for Mutual Funds dated May 19, 2023

21. The Scheme may invest in the units of InvITs and REITs subject to the following:
- a) The Fund under all its schemes shall own not more than 10% of units issued by a single issuer of InvITs and REITs; and
  - b) The Scheme shall not invest:
    - i. more than 10% of its net assets in the units of InvITs and REITs; and
    - ii. more than 5% of its net assets in the units of InvITs and REITs issued by a single issuer.
22. Investment restrictions in relation to repo in corporate debt securities:
- The net exposure of any Mutual Fund scheme to repo transactions in money market and corporate debt securities shall not be more than 10 % of the net assets of the Scheme.
  - The cumulative gross exposure through repo transactions in money market and corporate debt securities along with debt shall not exceed 100% of the net assets of the Scheme.
  - Mutual funds shall participate in repo transactions only in money market and corporate debt securities with long-term credit rating of AA and above at the time of transaction by any of the recognized credit rating agencies.
23. The Scheme will comply with any other regulations applicable to the investments of Mutual Funds from time to time.
24. **Investments Limitations and Restrictions in Derivatives:**
- In accordance with clause 7.5 of the Master Circular for Mutual Funds dated May 19, 2023 permitted mutual funds to participate in derivatives trading. The following conditions shall apply to the Scheme's participation in the derivatives market. Please note that the investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

**Position limit for the Fund in index options contracts:**

The position limit for the Mutual Fund in index options contracts shall be as follows:

- The Fund's position limit in all index options contracts on a particular underlying index shall be Rs. 500 Crores or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- This limit would be applicable on open positions in all options contracts on a particular underlying index.

**Position limit for the Fund in index futures contracts:**

The position limit for the Mutual Fund in index futures contracts shall be as follows:

- The Fund's position limit in all index futures contracts on a particular underlying index shall be Rs. 500 Crores or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- This limit would be applicable on open positions in all futures contracts on a particular underlying index.

**Additional position limit in index derivatives for hedging of the Fund:**

In addition to the position limits above, the Fund may take exposure in equity index derivatives subject to the following limits:

- Short positions in index derivatives (short futures and long puts) shall not exceed (in notional value) the Fund's holding of stocks.
- Long positions in index derivatives (long futures and long calls) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments.

**Position limit for the Fund for stock based derivative contracts:**

The position limit for the Mutual Fund in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts shall be as follows:

- For stocks having an applicable market-wise position limit (MWPL) of Rs. 500 Crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or Rs. 300 Crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 Crores, whichever is lower.
- For stocks having an applicable market-wise position limit (MWPL) less than Rs. 500 Crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 Crores whichever is lower.

**Position limit for the Scheme:**

The position limit / disclosure requirements for the Scheme shall be as follows:

- For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of the Scheme shall not exceed the higher of:
  - i. 1% of the free float market capitalisation (in terms of number of shares) OR
  - ii. 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts (Shares)).
- For index-based contracts, the Fund shall disclose the total open interest held by its Scheme or all Schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

These position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.

**Exposure Limit:**

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme.
2. The Scheme shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid shall not exceed 20% of the net assets of the Scheme.
4. Cash or cash equivalent instruments under the Scheme, with residual maturity of less than 91 days shall be treated as not creating any exposure.
5. Exposure due to hedging positions may not be included in the above-mentioned limits subject to the following:
  - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
  - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated as exposure while calculating cumulative gross exposure.
  - c. Any derivative instrument used to hedge shall have the same underlying security as the existing position being hedged.
  - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which the hedge has been taken.

The Scheme shall enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions shall be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases will not exceed the

value of respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the Scheme.

6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be included while calculating cumulative gross exposure.
7. Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

#### Investment Restrictions for Covered Call strategy:

The Scheme can write Call options only under a covered call strategy subject to the following conditions:

- a. The Scheme can write call options under a covered call strategy only for constituent stocks of NIFTY 50 and BSE SENSEX.
- b. The total notional value (taking into account strike price as well as premium value) of call options written by the Scheme shall not exceed 15% of the total market value of equity shares held in the Scheme.
- c. The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- d. At all points of time the Scheme shall comply with the provisions at points (b) and (c) above. In case of any passive breach of the requirement at paragraph (b) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- e. In case the Scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (c) and (b) above while selling the securities.
- f. In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- g. The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- h. The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.
- i. The call option written shall be marked to market daily and In accordance with SEBI guidelines, the following conditions shall apply to the Scheme's participation in the derivatives market. Please note that the investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

#### Investment Restrictions pertaining to Debt Derivatives:

In terms of Circular No. MFD.BC.191/07.01.279/1999-2000 and MPD. BC.187/07.01.279/1999-2000 dated November 1, 1999 and July 7, 1999 respectively issued by the RBI permitting participation by mutual funds in interest rate swaps and forward rate agreements, the Fund will use derivative instruments for the purpose of hedging and portfolio balancing. Further, the guidelines issued by the RBI from time to time for forward rate agreements and interest rate swaps and other derivative products will be adhered to by the Fund.

## **Interest Rate Swaps (IRS)**

An IRS is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed to floating rate swap where one party receives a fixed (pre-determined) rate of interest while the other receives a floating (variable) rate of interest.

## **Forward Rate Agreement (FRA)**

A FRA is basically a forward starting IRS. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

## **Example of a derivatives transaction -**

### **Basic Structure of a Swap Bank**

A has a six-month V 10 crore liability, currently being deployed in call. Bank B has a V 10 crore, six-month asset, being funded through call. Both banks are running an interest rate risk.

To hedge this interest rate risk, they can enter into a six-month MIBOR swap. Through this swap, A will receive a fixed pre-agreed rate (say 7%) and pay "call" on the NSE MIBOR ("benchmark rate"). Bank A paying at "call" on the benchmark rate will hedge the interest rate risk of lending in call. Bank B will pay 7% and receive interest at the benchmark rate. Bank A receiving of "call" on the benchmark rate will hedge its interest rate risk arising from its call borrowing.

he mechanism is as follows: -

- Assume the swap is for V 10 crore March 1, 2005 to September 1, 2005. A is a fixed rate receiver at 7% and B is a floating rate receiver at the overnight compounded rate.
- On March 1, 2005, A and B will exchange only an agreement of having entered this swap. This documentation would be based on an International Swaps and Derivatives Association (ISDA) template.
- On a daily basis, the benchmark rate fixed by NSE will be tracked by them. On September 1, 2005 they will calculate the following:
- A is entitled to receive interest on R 10 crore at 7% for 184 days i.e. V 35.28 lakh, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.
- B is entitled to receive daily compounded call rate for 184 days and pay 7% fixed.
- On September 1, 2005, if the total interest on the daily overnight compounded benchmark rate is higher than V 35.28 lakhs, A will pay B the difference. If the daily compounded benchmark rate is lower, then B will pay A the difference.
- Effectively, Bank A earns interest at the rate of 7% p.a. for six months without lending money for six months fixed, while Bank B pays interest @ 7% p.a. for six months on V 10 crore, without borrowing for six months fixed.

As per the above-mentioned RBI circulars, mutual funds are permitted to do interest rate swaps / forward rate agreements for hedging purposes only. Accordingly, the AMC would undertake the same for similar purposes only. IRS and FRAs also have inherent credit and settlement risks. However, these risks are reduced as they are limited to the interest streams and not the notional principal amounts.

Investments in derivatives will be in accordance with the SEBI Regulations / guidelines and presently derivatives shall be used for hedging and / or portfolio balancing purposes, as permitted under the Regulations. The circumstances under which such transactions would be

entered into would be when, using the IRS route, it is possible to generate better returns / meet the objective of the Scheme at a lower cost. For example, if buying a two-year MIBOR based instrument and receiving the two-year swap rate yields better return than buying the two-year AAA corporate instrument, the Scheme would endeavour to do that. Alternatively, the Scheme would also look to hedge existing fixed rate positions if the view on interest rates is that they are likely to rise in the future.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the Unit Holders.

These investment restrictions shall be applicable at the time of investment and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Schemes of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unit holders.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Schemes to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective. As such all investments of the Schemes will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

- b. **Investment Objective**
- c. **Main Objective:** The Fund seeks to provide long-term capital appreciation by investing predominantly in equity and equity-related securities of technology & technology-related companies. However, there is no assurance that the investment objective of the Scheme will be realized and the Scheme does not assure or guarantee any returns.
- d. **Investment Pattern** – The tentative Equity/ Debt portfolio break-up with minimum and maximum asset allocation, is disclosed in the Section on Asset Allocation and Investment Pattern.
- e. **Terms of Issue**

- Liquidity Provisions:

The Scheme, being open ended, the Units are not proposed to be listed on any stock exchange. However, the Board of Trustees reserves the right to list the Units as and when this Scheme is permitted to be listed and considers it necessary in the interest of Unit holders of the Fund.

The Scheme offers subscription & redemption facility at the Applicable NAV on every Business Day. As per SEBI Regulations, the Mutual Fund will dispatch Redemption proceeds within 3 working Days of receiving a valid redemption request. In case the redemption proceeds

are not made within 3 working Days of the date of receipt of a valid redemption request, interest will be paid @ 15% per annum or such other rate from the 4th working day onwards as may be prescribed by SEBI from time to time.

- Aggregate fees and expenses charged to the Scheme:

The aggregate fee and expenses to be charged to the Scheme is detailed in Section I - Part III(C) of this document

- Any Safety Net or Guarantee Provided:

The Scheme does not provide any safety net or guarantee.

### Changes in Fundamental Attributes:

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s) / Option(s) thereunder and affect the interests of Unit holders is carried out unless:

- The Trustees have taken/received comments from SEBI in this regard before carrying out such changes.
- An addendum to the existing SID shall be issued and displayed on AMC website immediately.
- A written communication about the proposed change is sent to each Unit holder and a public notice / advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated.
- The Unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load; and
- The SID shall be revised and updated immediately after completion of the duration of the exit option (not less than 30 days from the notice date).

### D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF) - Not Applicable

### E. Principles of incentive structure for market makers (for ETFs) – Not applicable

### F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated May 19, 2023 (only for close ended debt schemes) – Not Applicable

### G. Other Scheme Specific Disclosures:

Listing and transfer of units	Units of the Scheme, which are held in dematerialized (demat) form, are freely transferable under the depository system in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996. However, for Units of the Scheme held on physical form the AMC shall, on production of instrument of transfer together with relevant unit certificates, register the transfer and return the unit certificate to the transferee within 30 days from the date of such production. The cost of stamp duty paid for issuing the unit certificate in case of a transfer or otherwise will form part of the annual on-going expenses and/or may be recovered from the unit holder(s).
Dematerialization of units	The Unit holders will have an Option to hold the units by way of an Account Statement or in Dematerialized ('Demat') form. Unit holders

	<p>opting to hold the units in Demat form must provide their Demat Account details in the specified section of the application form. The Applicant intending to hold the units in Demat form are required to have a beneficiary account with a Depository Participant (DP) registered with NSDL / CDSL and will be required to indicate in the application the DP's name, DP ID Number and the Beneficiary Account Number of the applicant held with the DP at the time of purchasing Units. Unitholders are requested to note that request for conversion of units held in Account Statement (non-demat) form into Demat (electronic) form or vice versa should be submitted to their Depository Participants.</p> <p>In case Unit holders do not provide their demat account details or the demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect and accordingly an account statement shall be sent to them.</p> <p>In case of Investors investing through SIP facility and opting to hold the Units in Demat form, the units will be allotted based on the Applicable Net Asset Value (NAV) and the same will be credited to investor's Demat Account on weekly basis on realization of funds.</p> <p>The AMC shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.</p>
Minimum Target amount	Not Applicable
Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy ( IDCW )	<ul style="list-style-type: none"> <li>● <b>IDCW Distribution Procedure:</b></li> </ul> <p>SEBI Circular lays down the procedure for Declaration of IDCW which clearly says that quantum of IDCW and record date shall be fixed by the Board of Trustees and AMC shall issue a notice to the public communicating the decision about IDCW including the record date, within one calendar day of the decision made by the Board of Trustees in their meeting.</p> <p>Record date shall be the date that will be considered for the purpose of determining the eligibility of investors whose name appears on the register of Unit holders. Record date shall be 2working days from the issue of notice.</p> <p>The Trusteeship Company reserves the right to declare IDCW on a regular basis. The Fund does not guarantee or assure declaration or payment of IDCW. Although the Trustees have intention to declare IDCW under IDCW Option, such declaration of IDCW if any, is subject to Scheme's performance &amp; the availability &amp; adequacy of distributable surplus in the Scheme at the time of declaration of such IDCW.</p>

Investors should note that, when the Mutual Fund declares a IDCW under the Scheme, the Income distribution shall be dispatched within 15 days of the record date. The requirement of giving notice & the above laid procedure shall not be compulsory for Scheme/plan/option having frequency of IDCW distribution from daily upto monthly IDCW.

Further, investors are requested to note that the amounts can be distributed out of the investor's capital (Equilization Reserve), which is part of sales price that represents realized gains.

- **Effect of IDCWs:**

When IDCWs are declared and paid under the Scheme, the net assets attributable to Unit holders in the IDCW Option will stand reduced by the IDCW amount subject to TDS and statutory levy if any. The NAV of the Unit holders in the Growth Option will remain unaffected by the payment of IDCW.

Even though the asset portfolio will be un-segregated, the NAVs of the Growth Option and IDCW Option will be distinctly different after declaration of the first IDCW to the extent of distributed income, tax and statutory levy paid thereon, where applicable, and expenses relating to the distribution of IDCWs.

- **Mode of Payment of IDCWs:**

The Scheme proposes to pay IDCW by Direct Credit or through RTGS or NEFT or any other EFT means.

RBI offers the facility of EFT for facilitating better customer service by direct credit of IDCW amount to a Unit holder's bank account through electronic credit which avoids loss of IDCW in transit or fraudulent encashment. The Mutual Fund will endeavour to offer this facility for payment of IDCW/repurchase proceeds to the Unit holders residing in any of the cities where such a Bank facility is available.

The Fund is arranging with selected bankers to enable direct credits into the bank accounts of the investors at these banks. If an investor has an account with a bank with which the Fund will tie up for direct credit, the IDCW amount will be credited directly to the bank account, under intimation to the Unit holder by email/SMS/post. The Mutual Fund, on a best effort basis, and after scrutinising the names of the banks where Unit holders have their accounts, will enable direct credit/RTGS/NEFT/ to the Unit holders' bank accounts.

While the preferred mode of payment is through EFT route, the AMC is at the sole discretion to pay IDCW by any other means (including at par cheques and demand drafts, where the EFT facility is not available in a particular city or Bank or as the Trusteeship Company or the AMC deems fit in the interest of investors.)

	<p>All the IDCW payments shall be in accordance and compliance with SEBI Regulations, as amended from time to time.</p> <p>If Unit holders have opted for IDCW Payout Option, if the IDCW amount payable to such Unit holders (net of tax deducted at source, wherever applicable) is less than or equal to Rs. 250, following treatment shall be:</p> <p>a. Where the option to payout IDCW is available in electronic mode: The IDCW amount shall be paid to the Unit holders. However, if the payment through electronic mode is unsuccessful, the AMC shall issue IDCW warrant for such amount; and</p> <p>Where the option to payout IDCW is not available in electronic mode: The IDCW shall be mandatorily reinvested in the respective Scheme/Plan by issuing additional Units at the applicable ex-IDCW NAV.</p>
Allotment	<p><b>For investors who opt to hold Units in Physical Form (Non-demat form):</b></p> <ul style="list-style-type: none"> <li>• On receipt of valid application for subscription/transaction request, an Allotment Confirmation will be sent by way of SMS and/or email within 5 Business Days from the date of receipt of application/transaction request to the Unit holder's registered mobile number and/or email address. Unit holders who have not registered their email address/mobile number with the Fund will receive a physical Account Statement giving details of the transaction.</li> <li>• A Consolidated Account Statement (CAS) for each calendar month to the Unit holder(s) in whose folio(s) transaction(s) has/have taken place during the month on or before 15th of the succeeding month shall be sent by mail/email.</li> <li>• The Unit holder may request for a physical Account Statement by writing/calling the AMC/ISC/R&amp;T. The Mutual Fund/ AMC shall dispatch an Account Statement within 5 Business Days from the date of the receipt of request from the Unit holder.</li> <li>• In the event the account has more than one registered holder, the first named Unit holder shall receive the CAS/ Account Statement.</li> <li>• The transactions viz. purchase, redemption, switch, IDCW payout, etc., carried out by the Unit holders shall be reflected in the CAS on the basis of Permanent Account Number (PAN).</li> <li>• The CAS shall not be received by the Unit holders for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN.</li> <li>• For folios not included in CAS (due to non availability of PAN), EAML shall issue Account Statement to such Unit holders on a monthly basis, pursuant to any financial transaction in their folios, on or before tenth day of succeeding month by way of email to the registered email address and if the same is not available with EAML, a physical statement will be sent.</li> <li>• Unit holders who receive Account Statements by e-mail may download the documents after receiving the same from the Fund. Should the Unit holder experience any difficulty in accessing the electronically delivered documents, the Unit holder shall promptly advise the Fund to enable the Fund to make the delivery through alternate means. 	<p><b>For Investors who opt to hold Units in Demat Form:</b></p> <p>The AMC shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder. In order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, SEBI vide its circular no. CIR/MRD/DP/31/2014 dated November 12, 2014 had advised to generate and dispatch a single Consolidated Account Statement for investors having Mutual Fund investments and holding demat accounts. Accordingly,</p> <ul style="list-style-type: none"> <li>• Investors shall receive a single CAS from the Depository.</li> <li>• Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding.</li> <li>• In case an investor has multiple accounts across two Depositories, the Depository with whom the account has been opened earlier will be the default Depository.</li> <li>• The CAS shall be generated on a monthly basis.</li> <li>• If there is any transaction in any of the Demat accounts of the investor or in any of his Mutual Fund folios, Depositories shall send the CAS within fifteen days from the month end. In case there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.</li> <li>• In case of demat accounts with nil balance and no transactions in securities and in Mutual Fund folios, the Depository shall send holding statement in terms of regulations applicable to the Depositories.</li> <li>• For Unit holders who have provided an e-mail address to the Fund or have updated the same in KYC records, CAS will be sent to such Unit holders by e-mail. However, where an investor does not wish to receive CAS through e-mail, option shall be given to such investor to receive the CAS in physical form at the address registered with the Depository.</li> <li>• Investors who do not wish to receive CAS sent by Depositories have an option to indicate their negative consent. Such investors may contact the Depositories to opt out.</li> </ul> <p>The dispatch of CAS by the Depositories would constitute compliance by the AMC/the Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996.</p> <p><b>Half Yearly Consolidated Account Statement:</b></p> <ul style="list-style-type: none"> <li>• A consolidated account statement detailing holding across all Schemes at the end of every six months (i.e. September/March), on or before 21st day of succeeding month, to all such Unit holders in whose folios no transaction has taken place during that period shall be sent by mail/email.</li> <li>• The half yearly CAS will be sent by e-mail to the Unit holders whose e-mail address is registered with the Fund, unless a specific request is made to receive in physical.</li> </ul> <p>Unit holders who receive account statements by e-mail may download the documents after receiving e-mail from the Fund. Should the Unit holder experience any difficulty in accessing the electronically delivered documents, the Unit holder shall promptly advise the Fund to enable the Fund to make the delivery through alternate means. It is deemed that the Unit holder is aware of all security risks including possible third-party interception of the documents and contents of the documents becoming known to third parties.</p>

**Foreign Account Tax Compliance Act (commonly known as “FATCA”):**

The Foreign Account Tax Compliance Act is a United States (US) federal law, aimed at prevention of tax evasion by US Citizens and Residents (“US Persons”) through use of offshore accounts. The Government of India and the US have reached an agreement in substance on the terms of an Inter-Governmental Agreement (“IGA”) to implement the FATCA provisions, which have become globally applicable from July 1, 2014.

Edelweiss Mutual Fund (“the Fund”)/ Edelweiss Asset Management Limited (“the AMC”) is classified as a FFI under the FATCA provisions, in which case the Fund / AMC is required, from time to time, to:

- (i) undertake necessary due diligence process by collecting information/documentary evidence of the US/non-US status of the investors;
- (ii) disclose/report information as far as may be legally permitted about the holdings/investment returns pertaining to reportable accounts to the US Internal Revenue Service and/or such Indian authorities as may be specified under FATCA or other applicable laws and
- (iii) carry out such other activities as prescribed under the FATCA provisions, as amended from time to time.

FATCA due diligence will have to be directed at each investor/unit holder (including joint investors) and on being identified as a reportable person/specified US person, all the folios will be reported. Further, in case of folio with joint investors, the entire account value of investment portfolio will be attributable under each such reportable person. Investors/Unit holders would therefore be required to furnish such information to the Fund/AMC, from time to time, in order to comply with the reporting requirements stated in the IGA and or circulars/guidelines issued by SEBI/AMFI in this regard.

The impact of FATCA is relevant not only at the point of on-boarding of the investors but also throughout the life cycle of the investor account / folio with the Fund. Hence investor(s) should immediately intimate the Fund/AMC, in case of any change in the FATCA related information provided by them at the time of initial subscription.

	<p>The Fund/AMC reserves the right to reject any application or compulsorily redeem the units held directly or beneficially in case the applicant/investor fails to furnish the relevant information and/or documentation or is found to be holding units in contravention of the FATCA provisions.</p> <p>Further, in accordance with the regulatory requirements relating to FATCA/CRS read along with SEBI Circular no. CIR/MIRSD/2/2015 dated August 26, 2015 and AMFI Best practices guidelines circular no. 63/2015-16 dated September 18, 2015 regarding uniform implementation of FATCA/CRS requirements, investors are requested to ensure the following:</p> <ul style="list-style-type: none"> <li>• With effect from November 1, 2015 all investors have to mandatorily provide the details and declaration pertaining to FATCA/CRS for all new accounts opened, failing which the application shall be liable to be rejected.</li> <li>• For accounts opened between July 1, 2014 and October 31, 2015 and certain pre - existing accounts opened till June 30, 2014, the AMC shall reach out to the investors to seek the requisite information/declaration which has to be submitted by the investors before December 31, 2015. In case the information/declaration is not received from the investor on or before December 31, 2015, the account shall be treated as reportable account.</li> </ul> <p><b>Ultimate Beneficial Ownership:</b> In accordance with SEBI Circular no. CIR/MIRSD/2/2013 dated January 24, 2013 and AMFI Best practices guidelines circular no. 62/2015-16 dated September 18, 2015, Investors may note the following:</p> <ul style="list-style-type: none"> <li>• With effect from November 1, 2015, it is mandatory for new investors to provide beneficial ownership details as part of account opening documentation failing which the AMC shall reject the application.</li> <li>• With effect from January 1, 2016 it is mandatory for existing investors/unit holders to provide beneficial ownership details, failing which the AMC may reject the transaction for additional subscription (including switches).</li> </ul>
<p><b>Who cannot invest</b></p>	<p>The Units of the Scheme held in electronic (demat) mode are freely transferable. <p><b>Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance</b></p>	<p>Investors will get the Units on the basis of NAV &amp; the time at which they apply. NAV is the Net Asset Value per Unit at the close of the Business Day on which the application for subscription/redemption/switch is received at the Designated Investor Service Center subject to its being complete in all respects and received prior to the cut-off timings on that Business Day.</p> <p>The AMC will calculate NAV on every Business Day and the same will be declared/disclosed and uploaded on the AMFI website i.e., <a href="http://www.amfiindia.com">www.amfiindia.com</a> and on Edelweiss Mutual Fund’s website i.e. <a href="http://www.edelweissmf.com">www.edelweissmf.com</a> by 10.00 a.m. on the following calendar day.</p> <p><b>For Purchase of any amount:</b></p> <ul style="list-style-type: none"> <li>▪ In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. 3.00 p.m. - the closing NAV of the day shall be applicable.</li> <li>▪ In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are available for utilization on the same day or before the cut-off time of the next business day - the closing NAV of the next Business Day shall be applicable.</li> </ul>

Irrespective of the time of receipt of application, where the funds for the entire amount are available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

**For Redemption:**

- a. Where the application is received up to 3.00 p.m. on a Business Day - Closing NAV of the day of receipt of application; and
- b. Where the application is received after 3.00 p.m. on a Business Day - Closing NAV of the next Business Day.

Note: In case of applications received on a Non-Business Day the closing NAV of the next Business Day shall be applicable.

**For Switches:**

Valid applications for 'Switch-out' shall be treated as applications for Redemption and valid applications for 'Switch-in' shall be treated as applications for Purchase, and the provisions of the cut-off time and the Applicable NAV mentioned above as applicable to purchase and redemption shall be applied respectively to the 'Switch-in' and 'Switch-out' applications.

For Switch-ins of any amount: In case of switch from one scheme to another scheme received before cut-off i.e. upto 3 p.m. having business day for both the schemes, closing NAV of the Business Day shall be applicable for switch-out scheme and for Switch-in scheme, the closing NAV of the Business Day shall be applicable, on which funds are available for utilization in the switch-in scheme (allocation shall be in line with the redemption payout).

To clarify, for investments through systematic investment systematic investment and trigger routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), IDCW Transfer, Power SIP, Power STP, Multi SIP, Combo SIP, STeP Facility, Gain Switch Mechanism, Switch on Arbitrage etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.

The NAV of the Scheme will be calculated and declared by the Fund on every Business Day. The information on NAV may be obtained by the Unit holders, on any day from the office of AMC / the office of the Registrar or any of the other Designated Investor Service Centres or from [www.edelweissmf.com](http://www.edelweissmf.com) & [www.amfiindia.com](http://www.amfiindia.com).
