Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description								
I.	Name of the Scheme	Helios Balanced Advantage Fund								
II.	Category of the Scheme	Balanced Advantage Fund								
III.	Type of Scheme	An open-ended dynamic asset allocation fund.								
IV.	Scheme Code	HELI/O/H/BAF/24/02/0003								
V.	Investment Objective	To capitalize on the potential upside of equities while attempting to limit the downside by dynamically managing the portfolio through investment in equity & equity related instruments and active use of debt, money market instruments and derivatives. However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved.								
VI.	Liquidity / Listing details	The Scheme offers units for subscription / redemption on all Business Days at NAV based prices on an ongoing basis subject to the prevailing load structure. Being an open-ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. The AMC may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be made through Customer Service Centers of the AMC and as may be required by the respective Stock Exchanges.								
VII.	Benchmark (Total Return Index)	AMFI Tier I Benchmark: CRISIL Hybrid 50+50 – Moderate Total Return Index (TRI) Justification: It has been selected as the benchmark as it is the most appropriate index among the options provided by AMFI. Since the Scheme is a balanced advantage fund with ability to dynamically manage investments in equity/debt securities, CRISIL Hybrid 50+50 – Moderate TRI Index is an appropriate benchmark. However, subject to applicable regulations, Trustees reserve the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available. Second Tier Benchmark: Not Applicable.								
VIII.	NAV Disclosure	The AMC will calculate and disclose NAV of the Scheme/Plans/Options at the close of every Business Day. AMC shall update the NAV on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) and AMC website (www.heliosmf.in) by 11.00 p.m. on every business day. For further details, refer to Section II.								
IX.	Applicable Timelines	<u>Timeline for</u> Dispatch of redemption proceeds: The AMC shall dispatch the redemption proceeds within 3 (three) working days from the date of acceptance of duly filled in redemption request at any of the official points of acceptance of transactions. In the event of failure to dispatch the redemption proceeds within the above time, the AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @15% per annum). It may be noted that AMFI vide circular dated January 16, 2023, has provided list of exceptional instances wherein additional time has been allowed for payment of redemption proceeds. For further information, please refer to the SAI. Dispatch of IDCW: When the Mutual Fund declares an IDCW under the Scheme/ Plan, the IDCW shall be transferred to the Unitholders within 7 working days of the record date of such declaration of IDCW or such other timeline as may be prescribed by SEBI from time to time. In the event of failure to transfer IDCW within the stipulated period, the AMC shall be liable to pay interest @ 15% per annum to the Unitholders for the delay in payment as computed from the Record Date or from such other date or for such period as may be advised by SEBI from time to time.

			Pay-out of IDCW ^{^^^}
<p>*Growth Option - No IDCW will be declared under Growth Option. Income / profits received / earned on the Scheme's corpus would be accumulated by the Fund as capital accretion & will remain invested in the Scheme and will be reflected in the Net Asset Value (NAV). Unit holders who opt for this Option will not receive any IDCW in normal circumstances.</p> <p>**IDCW Option – Under IDCW Option, IDCW will be declared subject to the availability of distributable surplus as computed in accordance with SEBI (Mutual Funds) Regulations, 1996. It must be distinctly understood that the actual declaration of IDCWs and frequency thereof is at the discretion of the Board of Trustees. There is no assurance or guarantee to Unit holders as to the rate of IDCW distribution nor that the IDCWs will be declared regularly, though it is the intention of the Mutual Fund to make periodic IDCW distribution under the IDCW Option. On payments of IDCWs, the NAV will stand reduced by the amount of IDCW paid and the dividend distribution tax, if applicable.</p> <p>Further, amounts under IDCW Option can be distributed out of investors capital (equalization reserve), which is part of sale price that represents realized gains.</p> <p>[^]Unit holders opting for IDCW option may choose to reinvest the IDCWs to be received by them. Under this facility the IDCW due and payable to the Unit holders will be compulsorily and without any further act by the Unit holders, reinvested (subject to deduction of TDS and statutory levy, if any) in the IDCW re-investment sub-option at a price based on the prevailing Net Asset Value per Unit on the record date. The Units for the purpose of reinvestment will be created and credited to the Unit holder's account at a price based on the prevailing Ex-IDCW Net Asset Value (NAV derived post declaration of IDCW) per unit on the record date. In case the selected date for IDCW declaration falls on a holiday/non-Business Day then the next Business Day will be considered. No exit load shall be charged on units allotted on reinvestment of IDCW.</p> <p>^{^^}In case of IDCW Transfer, the IDCW declared will be automatically invested into any open-ended scheme (Target Scheme) of the Fund as may be specified by the investor in the application form. The amount to the extent of distribution (subject to deduction of TDS and statutory levy, if any) will be automatically invested on the ex-IDCW date into the Target Scheme selected by the investor, at the applicable NAV of that scheme. The provision of "Minimum Application Amount" specified in the SID of the respective Target Scheme will not be applicable for IDCW Transfer facility.</p> <p>^{^^^}In case of Payout of IDCW, IDCWs, if declared, will be paid (subject to deduction of TDS and statutory levy, if any) to those Unit holders, whose names appear in the register of Unit holders on the notified record date.</p> <p>The Plans and Options stated above will have a common portfolio. However, separate NAV will be computed for each of the Plans under the scheme.</p> <p>Default option: The investors must clearly indicate the Option (Growth or IDCW (Reinvestment of IDCW or Payout of IDCW or Transfer of IDCW) in the relevant space provided for in the Application Form. In case the investor does not select any Option, the default shall be considered as Growth Option. Within Income Distribution cum capital withdrawal Option if the investor does not select sub-option (i.e. Payout of IDCW or Re-investment of IDCW or Transfer of IDCW), then default sub-option (in case of IDCW Option) shall be Reinvestment of IDCW.</p> <p>The Plans and Options stated above will have a common portfolio. However, separate NAV will be computed for each of the Plans under the scheme.</p> <p>@ in case the application is received incomplete with respect to not selecting Regular/Direct Plan, the same shall be processed under default plan as per various scenarios mentioned in SAI.</p> <p>For detailed disclosure on default plans and Options, kindly refer SAI – Section 'Default scenarios available to the investors under plans/options of the of the Schemes'.</p>			
XI.	Load Structure	Exit Load:	

		<p>(i) If units redeemed or switched out are upto 10% (limit) of the units purchased or switched in within 3 months from the date of allotment – Nil</p> <p>(ii) If units redeemed or switched out are over and above the limit within 3 months from the date of allotment – 1% of the applicable NAV</p> <p>(iii) If redeemed/switched out after 3 months from the date of allotment – Nil</p> <p>The exit loads set forth above are subject to change at the discretion of the Trustees and such changes shall be implemented prospectively. For any change in load structure, the AMC will issue an addendum and display it on the website/ Investor Service Centres (ISCs).</p> <p>No load will be charged on units issued upon re-investment of amount of distribution under same IDCW option.</p>																		
XII.	<p>Minimum Application Amount/Switch-in</p> <p>Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the AMC reserves the right to change the minimum application amount from time to time.</p>	<p>During NFO</p> <p>Not applicable as this is an existing Scheme open for ongoing subscription.</p>																		
		<p>On continuous basis (lumpsum)</p> <p>Rs. 5,000 and in multiples of Re. 1 thereafter.</p> <p>Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the AMC reserves the right to change the minimum application amount from time to time.</p> <p>As per Para 6.10 of the Master Circular on 'Alignment of interest of Designated Employees of Asset Management Companies (AMCs) with the Unitholders of the Mutual Fund Schemes', SEBI has, inter alia mandated that minimum 20% of gross annual CTC net of income tax and any statutory contributions of the Designated Employees of the AMCs shall be invested in units of the scheme(s) of the Fund in which they have a role/oversight. In accordance with the regulatory requirement, the minimum application amount specified in the SID of the Fund will not be applicable for investments made in schemes of the Fund in compliance with the aforesaid circular(s).</p> <p>Further, the minimum application amount wherever specified in the SID will not be applicable for auto or systematic transfer of funds from any other Scheme (transferor scheme) of Helios Mutual Fund to this Scheme (transferee scheme).</p>

	Minimum balance to be maintained	There is no minimum balance required to be maintained under the Scheme.												
XIII.	Minimum additional purchase amount/switch-in	Rs 1,000/- per application and in multiples of Re. 1/- thereafter. Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996, as amended from time to time and circulars issued thereunder, the AMC reserves the right to change the minimum additional application amount from time to time.												
XIV.	Minimum Redemption/switch-out amount	The minimum redemption amount shall be 'any amount' or 'any number of units' as requested by the investor at the time of redemption. As per Para 6.10 of the Master Circular on 'Alignment of interest of Designated Employees of Asset Management Companies (AMCs) with the Unitholders of the Mutual Fund Schemes', SEBI has, inter alia mandated that minimum 20% of gross annual CTC net of income tax and any statutory contributions of the Designated Employees of the AMCs shall be invested in units of the scheme(s) of the Fund in which they have a role/oversight. In accordance with the regulatory requirement, the minimum redemption amount wherever specified in the SID of the Fund will not be applicable for investments made in schemes of the Fund in compliance with the aforesaid circular(s).												
XV.	New Fund Offer Period	Not applicable as this is an existing Scheme open for ongoing subscription. The NFO of the Scheme was opened from March 11, 2024, to March 20, 2024, and allotment to NFO applications was done on March 27, 2024, and the Scheme re-opened for ongoing subscriptions and redemptions on March 28, 2024.												
XVI.	New Fund Offer Price This is the price per unit that the investors have to pay to invest during the NFO.	Not applicable as this is an existing Scheme open for ongoing subscription at NAV based price. Units were offered at face value (i.e. Rs. 10/- per unit) during the new fund offer period of the Scheme.												
XVII.	Segregated Portfolio/Side pocketing disclosures	The AMC may create a segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event and to deal with liquidity risk. In this regard, the term 'segregated portfolio' shall mean a portfolio comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual												

		<p>fund scheme and the term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio. The term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event.</p> <p>A segregated portfolio may be created in a mutual fund scheme in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:</p> <p>a. Downgrade of a debt or money market instrument to 'below investment grade', or</p> <p>b. Subsequent downgrades of the said instruments from 'below investment grade', or</p> <p>c. Similar such downgrades of a loan rating.</p> <p>In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as detailed above and implemented at the ISIN level.</p> <p>The AMC may also create a segregated portfolio of unrated debt and money market instruments of an issuer that does not have any outstanding rated debt or money market instruments in case of 'actual default' of either the interest or principal amount.'</p> <p>Investors should note that creation of Segregated Portfolio is optional and at the discretion of the AMC.</p> <p>For further details on creation of segregated portfolio, kindly refer SAI.</p>
XVIII.	Swing pricing disclosure	Not applicable to the Scheme.
XIX.	Stock lending / short selling	<p>The Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.</p> <p>For details, kindly refer SAI or 'HOW WILL THE SCHEME ALLOCATE ITS ASSETS' section in this SID.</p>
XX.	How to Apply and other details	<p>Investments through physical application: Application form and Key Information Memorandum may be obtained from Official Points of Acceptance (OPAs) / Investor Service Centers (ISCs) of the AMC or RTA or Distributors or can be downloaded from our website www.heliosmf.in. Please refer to the SAI and Application form for further details and the instructions.</p> <p>Investments via online modes: Investors can also invest online through our website www.heliosmf.in or through our RTA's website www.camsonline.com or through MF Central portal i.e. www.mfcentral.com or through MFUI website www.mfuidia.com.</p> <p>For Investors, who wish to opt for holding Units in demat mode, the applicants under the scheme (including a transferee) will be required to have a beneficiary account with a DP of NSDL / CDSL and will be required to indicate in the application the DP's name, DP ID Number and its beneficiary owner account number (BO ID) with DP. In the absence of the information (including incomplete / incorrect information) in respect of DP ID / BO ID, the application will be processed with statement option as 'physical'.</p> <p>Investors subscribing under Direct Plan of a Scheme are required to indicate "Direct Plan" against the Scheme name in the application form e.g. "Helios Balanced Advantage Fund - Direct Plan". Investors are also required to indicate "Direct" in the ARN column of the application form. However, in case Distributor Code is mentioned in the application form but "Direct Plan" is indicated against the Scheme name, the Distributor Code will be ignored, and the application will be processed under Direct Plan.</p> <p>Further, effective from April 1, 2024, KYC status for the investors who are new to Helios MF should be "Validated" else the application needs to be submitted along with the duly completed KYC Application form (available on the website of the Fund) along with the valid proofs at the nearest ISC. For more information, please visit the following link www.heliosmf.in/kyc-corner/ and complete the KYC process including In-Person Verification (IPV), through any SEBI registered intermediary like Mutual Funds, Portfolio</p>

Managers, Depository Participants, Venture Capital Funds etc. The Investors can also complete online KYC through our Invest Online section on our website. The investor, upon completing the KYC process through any SEBI registered intermediary, will not be required to undergo the KYC process again with other intermediaries including Mutual Funds. Further, IPV conducted for an investor by any SEBI registered intermediary can be relied upon by the Fund. With respect to Mutual Funds, IPV can be carried out by the AMC or by KYD (Know Your Distributor) compliant distributors who hold certifications from NISM / AMFI, while for applications received directly from investors (i.e. not through any distributor), IPV conducted by scheduled commercial banks can be relied upon.

All investors investing or switching Units should mandatorily complete the KRA KYC formalities. Those investors who had obtained MF KYC compliance through CVL (KYC registration authority till 31 December 2011) are required to submit necessary supporting(s) and update the missing information to be in compliance with the uniform KYC requirement laid down by SEBI. For investors who have not completed KYC compliance through KRA, any application received without the requisite KYC information will be rejected.

Stock Exchange Infrastructure Facility: Investors can also transact through Mutual Fund Services System (MFSS) of the National Stock Exchange of India Ltd. (NSE) and through BSE Stock Exchange Platform for Allotment and Repurchase of Mutual Funds (BSE StAR MF System) of BSE Limited. For more information on this facility, please refer to SAI.

MF Central: As per clause 16.6 of Master Circular, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs, currently, Kfin Technologies Limited and Computer Age Management Services Limited have jointly developed MF Central - A digital platform for Mutual Fund investors.

MF Central is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / physical services to Mutual fund investors across fund houses subject to applicable Terms and Conditions of the Platform. MF Central may be accessed using <https://mfcentral.com/> and a Mobile App.

TRANSACTIONS THROUGH MF UTILITY ("MFU")

The AMC has entered into an Agreement with MF Utilities India Private Limited (MFUI), for usage of MF Utility (MFU) - a shared services initiative of various Asset Management Companies, which acts as a transaction aggregator for transacting in multiple Schemes of various Mutual Funds with a single form and a single payment instrument.

All the authorized Point of Service (POS) and website/mobile application of MFUI (as updated from time to time) are considered as 'official points of acceptance' for all financial and non-financial transactions pertaining to Scheme(s) of Helios Mutual Fund either physically or electronically.

The list of POS of MFUI published on the website of MFUI at www.mfuindia.com as may be updated from time to time will be considered as Official Point of Acceptance for transactions (OPAT) in the Scheme(s) of the Fund.

The applicability of NAV shall be based on time stamping as evidenced by confirmation slip given by POS of MFUI and also the realization of funds in the Bank account of Helios Mutual Fund (and not at the time of realization of funds in the bank account of MFUI) within the applicable cut-off time. The Uniform cut-off time as prescribed by SEBI and as mentioned in the SID / KIM of respective schemes shall be applicable for applications received on the portal of MFUI. However, investors should note that transactions through MFUI shall be subject to the eligibility of the investors, any terms & conditions as stipulated by MFUI / the Fund/ the AMC from time to time and any law for the time being in force.

XXIII.	Special product/facility available during NFO and ongoing basis	<p>The Scheme offers following facilities:</p> <p>Systematic Investment Plan (SIP): The Unitholders of the Scheme can benefit by investing specific Rupee amounts regularly, for a certain period of time. SIP allows the investor to invest a fixed amount of Rupees for purchasing additional Units of the Scheme at NAV based prices. Investors can enroll themselves for SIP in the Scheme by ticking appropriate box on the application form or by subsequently making a written request to that effect to the Registrar. Further, investors can also register for SIP online on the website of Helios Mutual Fund at www.heliosmf.in or its RTA CAMS at www.camsonline.com.</p> <p>SIP TOP UP Facility: Investors can opt for SIP TOP UP facility with Fixed Top Up option or Variable Top Up option, wherein the amount of the SIP can be increased at fixed intervals.</p> <p>SIP Pause Facility: SIP Pause is a facility that allows investors to pause their existing SIP for a temporary period. Investors can pause their existing SIP without discontinuing it. SIP restarts automatically after the pause period is over.</p>

		<p>Micro Systematic Investment Plan (Micro SIP):</p> <p>Micro Investment: With effect from October 30, 2012, where the aggregate of the lump sum investment (fresh purchase & additional purchase) and Micro SIP installments by an investor in a financial year i.e. April to March does not exceed 50,000/- it shall be exempt from the requirement of Permanent Account Number (PAN). However, requirements of PAN Exempt KYC Reference Number (PEKRN) KYC shall be mandatory. Accordingly, investors seeking the above exemption for PAN still need to submit the KYC Acknowledgement, irrespective of the amount of investment. This exemption will be available only to Micro investment made by the individuals being Indian citizens (including NRIs, Joint holders, minors acting through guardian and sole proprietary firms). Persons of Indian Origin (PIOs), Hindu Undivided Family (HUFs), Qualified Foreign Investors (QFIs) and other categories of investors will not be eligible for this exemption.</p> <p>The unit holder will have the facility of Micro SIP under the current Systematic Investment Plan facility. The Minimum Investment amount per installment will be as per applicable minimum investment amount of the respective Scheme. The total investment under Micro SIP cannot exceed Rs. 50,000/-.</p> <p>Systematic Transfer Plan (STP): STP is a facility wherein investors can opt to transfer a fixed amount at regular intervals (i.e. Daily/Weekly/Monthly/ Quarterly (calendar quarter) intervals) from this scheme to all open-ended schemes of the Fund which is available for investment at that time.</p> <p>Value STP: In value STP, transfers from the Transferor Scheme into Transferee Scheme are made to achieve the Total Target Market Value in the Transferee Scheme based on number of instalments and amount for each instalment.</p> <p>This is done by transferring an amount at regular intervals in such a way, so as to keep the Market Value of the units in the Transferee Scheme equivalent to the product of 'number of instalments (including current instalment)' and 'fixed amount of the first instalment amount specified by the Unit holder' on the date of each transfer during the tenure of the Value STP, subject to overall terms and conditions.</p> <p>The instalment amount to be transferred will be arrived on the basis of the difference between the Target Market Value and the actual Market Value of the holdings in the Transferee Scheme as on the date of transfer.</p> <p>Systematic Withdrawal Plan (SWP): This facility enables an investor to withdraw sums from their Unit accounts in the Scheme at periodic intervals (i.e. Weekly/Monthly/ Quarterly (calendar quarter) intervals) through a one-time request.</p> <p>For further details of the above special products / facilities, kindly refer SAI.</p> <p>Note: Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time, the AMC reserves the right to change/modify existing facilities (such as SIP, STP, SWP, Plans and Options, minimum subscription amount, etc.) offered under the Scheme or may introduce additional such features. Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, it is anticipated that the asset allocation of the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Maximum	Minimum	
Equity & Equity related instruments [^]	100	0	Very High
Debt Securities\$ and Money Market Instruments, cash, and cash equivalents and / or units of debt oriented mutual fund schemes/ Exchange Traded Funds (ETFs).	100	0	Low to Medium

[^] The scheme may use derivatives for such purposes as may be permitted under the Regulations, including for the purposes of hedging and arbitrage or portfolio balancing, based on the opportunities available and subject to guidelines issued by SEBI from time to time. The endeavor will be to ensure allocation to equity and equity related instruments greater than or equal to 65%, which will provide the Scheme with Equity Fund taxation, while the net equity levels will normally be between 30% to 80%. Equity and Equity related instruments include (but not limited to) convertible debentures, equity warrants, convertible preference shares and equity derivatives. Exposure to equity derivatives (other than hedging purposes) may be upto 45% of the equity component of the net assets of the Scheme as permitted under the SEBI (Mutual Funds) Regulations, 1996 from time to time. The Scheme shall have derivative exposure as per the SEBI regulations issued from time to time. The scheme shall not invest in debt derivative instruments. The Scheme can take covered call positions for stock derivatives, as permitted by SEBI. Further, the total exposure related to options premium paid will not exceed 20% of the net assets of the Scheme.

\$ Debt securities include, but are not limited to, debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, or any other instruments as may be prevailing and permissible under the SEBI (Mutual Funds) Regulations, 1996, from time to time). The Scheme may enter into repos/reverse repos as may be permitted by RBI other than repo in corporate debt securities. A part of the net assets may be invested in the Tri-party repo on Government Securities or treasury bills or repo or in an alternative investment as may be provided by RBI, subject to prior approval from SEBI, if any.

Notes:

1. Above list is indicative, and the Scheme may invest in any other instruments as may be permitted by SEBI from time to time, subject to regulatory approval, if any

2. Securities Lending and Borrowing:

Subject to SEBI (Mutual Funds) Regulations, 1996 and in accordance with Securities Lending Scheme, 1997, Para 12.11 (on Stock Lending Scheme) of the Master Circular, as may be amended from time to time, the Scheme may engage in short selling/lending of securities. The Scheme shall adhere to the following limits should it engage in Stock Lending:

- Not more than 20% of the net assets can generally be deployed in Stock Lending
- Not more than 5% of the net assets can generally be deployed in Stock Lending to any single approved intermediary i.e. broker.

3. Investment in Overseas Securities:

The Scheme may invest in Foreign Securities including ADR / GDR/ ETFs/mutual funds upto 35% of its total assets subject to investment restriction* specified by SEBI/RBI from time to time.

*The maximum amount that can be invested by the schemes of the Mutual Fund in Foreign Securities, calculated based on the cost of investments in Foreign Securities as per RBI Circular AP (DIR) Series Circular No. 3 dated July 26, 2006, read with Para 12.19 of the Master Circular, that permits the Mutual Fund to invest in Foreign Securities i.e. US \$ 1 billion per Mutual Fund, within the overall industry limit of US\$ 7 billion. Further, investments in overseas Exchange Traded Fund (ETF(s)) is subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion. However, these limits may be revised by SEBI/RBI from time to time.

The Mutual Fund may also appoint overseas investment advisors and other service providers, to the extent permissible under the Regulations. The Mutual Fund may open one or more foreign currency accounts abroad either directly, or through the custodian/sub-custodian, to facilitate investments and to enter into/deal in forward currency contracts, currency futures, interest rate futures / swaps, currency options for the purpose of hedging the risks of assets of a portfolio or for its efficient management.

However, the use of such instruments shall be as permitted from time to time. All the requirements as per Para 12.19 of the Master Circular would be adhered to by the AMC for investment in foreign securities.

Limits for a period of six months from the date of closure of NFO: The Scheme does not intend to invest in foreign securities including overseas ETFs during the first six months from the date of the closure of the NFO of the Scheme.

Investment in Overseas Securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time. Further, investments in overseas securities (excluding units of overseas mutual funds/ETFs*) by the Scheme will be made only when the dedicated fund manager* is appointed.

*In terms of Para 12.19.3.1 of the Master Circular, requirement of appointing a dedicated fund manager not applicable for making investments in Units / securities issued by overseas Mutual Funds or unit trusts registered with overseas regulators and investing in specified securities as per Para 12.19.2.10 of the Master Circular. Further, as per SEBI Circular no. SEBI/HO/IMD/IMD-PoD-2/P/CIR/2024/30 dated April 30, 2024, appointment of a dedicated fund manager for making overseas investments stipulated under paragraph 12.19.2.1 to 12.19.2.9 of the Master Circular shall be optional. However, the person appointed as fund manager should have adequate expertise and experience to manage investments in overseas securities. The Board of the AMC's shall be responsible for ensuring compliance and reporting regarding the same to trustees, on a periodic basis.

4. Investment in Units of Mutual Fund Scheme:

The Scheme may invest upto 5% of its net assets in units of other schemes of Helios Mutual Fund or in units of schemes of any other Mutual Fund, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.

The scheme may also invest in mutual fund schemes/ Exchange Traded Funds (ETFs) which invests in debt and money market securities.

5. Investment in Short term deposits of scheduled commercial banks

Pending deployment of funds in accordance with the aforesaid asset allocation, the Scheme can invest in short term deposits of scheduled commercial banks in terms of Para 12.16 (on Investments in Short Term Deposits (STDs) of Scheduled Commercial Banks - pending deployment) of the Master Circular. For details, please refer Section 'What are the Investment Restrictions'.

6. Investments will be made in line with the asset allocation of the Scheme and the applicable SEBI and / or AMFI guidelines as specified from time to time.
7. There can be no assurance that the investment objective of the scheme will be realized. Investors may note that securities which provide higher returns typically display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments.
8. The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.
9. However, i) cash or cash equivalents* with residual maturity of less than 91 days may be treated as not creating any exposure; and ii) subject to guidelines specified by SEBI, derivatives exposure due to hedging positions may not be included in the aforesaid limit.

*AMFI vide letter dated November 3, 2021, has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

Change in Investment Pattern

Subject to the SEBI (Mutual Funds) Regulations, 1996, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unitholders and meet the objective of the Scheme. Such changes in the investment pattern will be for short term and defensive consideration.

Provided further and subject to the above, any change in the asset allocation affecting the fundamental attribute(s) of the Scheme shall be effected in accordance with the provisions of SEBI (Mutual Funds) Regulations, 1996 pertaining to change in fundamental attributes of the Scheme, as detailed in this SID.

Portfolio rebalancing of deviation due to short term defensive consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Para 1.14.1.2 of the Master Circular, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Portfolio rebalancing in case of passive breach:

As per Para 2.9 of the Master Circular, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall

- i) not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii) not levy exit load, if any, on the exiting investors.

AMCs will report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of the scheme, the investors will be immediately informed through SMS and email / letter including details of portfolio not rebalanced. Email / Letter and SMS will also be immediately triggered as and when the rebalancing of portfolio takes place. The same will also be communicated to investors through periodic portfolio disclosures as mandated by SEBI.

The above norms shall be applicable to main portfolio and not to segregated portfolio(s).

However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the Section "How will the Scheme allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

- Equity and Equity related instruments
- Debt and Money Market instruments
- Foreign Securities as permitted by Reserve Bank of India (RBI) and Securities Exchange Board of India (SEBI)
- Units of domestic Mutual Fund Schemes including Exchange Traded Funds (ETFs)
- Stock Lending and borrowing subject to SEBI Regulations/Guidelines
- Short term deposits of scheduled commercial banks
- Any other domestic fixed income securities as permitted by SEBI, subject to requisite approvals from SEBI/RBI, if needed
- Any other instruments as may be permitted by SEBI from time to time, subject to regulatory approval, if any

Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

Please refer **Section II (Information about the scheme)** for details.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Investment Strategy

The objective of the Scheme is to capitalize on the potential upside of equities while attempting to limit the downside by dynamically managing the portfolio through investments in equity & equity related instruments and active use of debt, money market instruments and derivatives.

In order to achieve its investment objectives, the Scheme will dynamically allocate its net assets to equity and equity related securities and debt & money market instruments in line with the asset allocation of the Scheme.

As part of the investment strategy, gross equity and equity related exposure would normally be maintained between 65%-100%, and the net equity exposure shall be between 30% to 80% through various derivative strategies to protect downside in volatile times. The equity exposure is thus dynamically managed and is likely to be increased when various factors are favorable towards equity as an asset class and is likely to be brought down when such factors are not favorable i.e. scheme may have larger exposure towards debt and money market instruments when equity factors are not favorable. As such, the exposure between equity and debt asset classes shall in large part be a result of fund manager's actions that shall be based on the exposure management framework outlined below:

Risk Mitigation measured for investments in Equity/ equity related instruments:

The Scheme employs an internal exposure management framework that informs the portfolio manager's asset allocation decisions. The four pillars of this framework are:

Macro Conditions: monitoring of macro data such as GDP growth, inflation, interest rates, liquidity conditions, tax collections, government policy and political environment. Whilst the main focus of the above framework is on Indian economy, the framework also entails an assessment of macro conditions across the globe, especially in the USA.

Market Conditions: monitoring of investor sentiment, investor activity in cash and options markets, demand for IPOs, market preference for large, mid or small caps, inflows/outflows from domestic investors, inflows/outflows from FII investors, etc.

Valuations: monitoring the valuation of major Indian indices (PE, PB, earnings yield, etc.) versus their own history and in the context of the expected earnings growth of the market, and valuation of Helios' pool of covered / investable stocks relative to their own history as well as relative to the market, and in the context of their expected earnings growth.

Market Sentiment: Momentum indicators, India VIX index, etc.

The framework entails, based on the analysis of the data, the team at Helios to rate each of the four pillars of the framework as Red (bad), Yellow (not bad) and Green (good).

Exposures are therefore expected to be at the lower end of the range when all pillars are rated Red (bad), and at the higher end of the range when all pillars are rated either Green (good) or Yellow (not bad).

While the Fund Manager uses this model as an indicator to inform his decisions, the ultimate decision-making authority rests with the Fund Manager, who may choose to have a varying assessment in recognition of the fact that the market is dynamic in nature and investing is both art and science. As such, the Fund Manager has the full discretion to determine allocation percentages, position sizes, holding periods and financial instruments so long as these are aligned with the fund's investment objective and risk parameters. Additionally, the specific factors underlying the four pillars that are used in the framework (as indicated above) will be subject to periodic revisions. These revisions may involve adding or removing factors and adjusting their respective importance as required.

Along with the above, equity stock Selection will be based on fundamental research using Helios proprietary Elimination Investing Investment philosophy and framework.

➤ **Equity/Equity related instrument**

To mitigate stock-specific risk, the investment team at the AMC will conduct thorough analysis before investing in any company through its elimination investing investment process.

Elimination Investing –

A) Eliminating stocks with conviction, based on (eight) fundamental screening factors, has repeatedly proven to be effective in weeding out poor performers, gravitating towards winners, and creating a sustainable outperformance profile.

B) Avoiding permanent loss of capital is an overarching objective at every stage of the investment process, at stock level and at portfolio level.

C) Investing is deeply fundamental research driven process, executed in the context of evolving macroeconomics, market conditions, industry.

The core principle of Elimination Investing is not, in the first instance, to predict which companies will be at the top but to increase the likelihood of avoiding possible underperforming investments. By focusing on reducing the risk of selecting poorly performing companies, by skillfully eliminating companies that do not meet these criteria convincingly, we create a focused universe of "Good" and at the minimum "Not Bad" companies. This approach significantly improves the odds of arriving at a universe of companies with better prospects, aligning with the aim of outperforming the market over time.

The Elimination Investing process navigates through a comprehensive framework comprising eight. pivotal factors. This framework is meticulously applied to eliminate investments that exhibit red flags, which include:

1. Bad theme (Size of Opportunity)
2. Unfavourable Industry Dynamics
3. Potential for Disruption
4. Weakness in Management/Background/Strategy
5. Poor Corporate Governance
6. Low Quality Accounting
7. Negative Medium-Term Triggers; and
8. Unreasonably High Valuations

From a positive parlance for a ease of investor understanding in terms of why we want to eliminate companies which exhibit these red flags, is explained below:-

1. **Good Theme or Size of opportunity:** Emphasize investment opportunities with significant market potential, focusing on industries or sectors poised for growth and expansion.
2. **Favorable industry dynamics:** Identify industries with positive trends and dynamics that can drive the growth of companies operating within them. Factors such as increasing demand, technological advancements, regulatory support, and evolving consumer preferences will be considered.
3. **Low potential for disruption:** Evaluate the resilience of business models and industries against disruptive forces.
4. **Strong management/background/strategy:** Assess the quality and experience of the management team, seeking leaders with a proven track record of success, relevant expertise, and a well-defined strategy to guide future growth.
5. **Good corporate governance:** Prioritize companies with robust corporate governance practices, including transparent decision-making processes, independent board members, and a commitment to ethical business practices.
6. **Clean accounting:** Review financial statements to ensure compliance with relevant accounting standards. Companies questionable accounting practices will be avoided.
7. **Medium-term positive triggers:** Identify potential catalysts or events that could positively impact a company's performance over the medium term. Factors such as upcoming product launches, market expansions, cost-saving initiatives, and anticipated industry developments, change in management, favorable government policy, etc.
8. **Reasonable valuations:** Evaluate the company's valuation relative to peers and the overall market. Companies should trade at a reasonable valuation in relation to their growth prospects, earnings potential, and industry benchmarks.

By employing this investment strategy, the focus will be on eliminating "bad" investment opportunities that fail to meet the above criteria. Once the options have been narrowed down to companies that rank at least "not bad" or "good" on each of the elimination factors/criteria, investments will be selected from this group based on further fundamental analysis. It is important to note that the entire investment process is bottom-up research driven, entailing analysis of industry, sector and company and its ecosystem, and thorough ongoing research and regular review of existing (and potentially new) investments will remain a crucial part of the investment strategy.

Once the universe is narrowed down, the fund manager will endeavor to build an all-weather – a bar-bell long portfolio of two types of companies within the universe:

- A) "Good" Stocks: stocks that offer "High Confidence in reasonable returns"
- B) "Emerging" good stocks: stocks that offer "Reasonable Confidence In high returns"

In addition to equity and equity-related securities, the scheme may also invest in other types of equity instruments (including futures and covered calls) that align with the investment objectives and strategies outlined above.

In addition to aforesaid investment strategy, the Scheme shall follow a style-agnostic approach adaptable to various market environments with an aim to ensuring consistency of returns. Also, diversification and rigorous company screening shall be used for risk mitigation.

The Scheme may invest in equities through primary market such as IPOs, securities received through corporate actions, private placements, etc. The Scheme may engage in Stock Lending activities. The Scheme may invest in equity derivatives such as Stock/Index Futures & Options, covered call and such other derivative instruments as may be introduced and permitted by SEBI from time to time, subject to approval from SEBI as required. The Scheme may use equity derivatives for the purpose of hedging, portfolio balancing, and other purposes as may be permitted under the Regulations.

The Scheme may also invest in foreign securities which may offer new investment and portfolio diversification opportunities.

At present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

- **Foreign Securities:** Overseas investments, if any, will be made subject to any / all approvals, conditions thereof as may be stipulated by SEBI / RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian / sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceiling of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs and overseas regulatory costs.

- **Risk Mitigation measures for investments in debt instruments:** As per the asset allocation pattern indicated above, the Scheme may invest upto 100% of its corpus in Debt & Money Market Instruments (Money Market securities include cash and cash equivalents). With the aim of controlling risks, credit evaluation of the instruments proposed to be invested in will be carried out by the Investment Team of the AMC. The credit evaluation shall include study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as long-term financial health of the issuer. The AMC will also be guided by the ratings of rating agencies. In addition, the investment team of the AMC will study the macro-economic conditions, including the political, economic environment and factors affecting liquidity and interest rates.

The AMC would use this analysis to position the portfolio appropriately.

- **Securities Lending:** The Scheme may also engage in securities lending in accordance with the applicable guidelines/ SEBI (Mutual Funds) Regulations, 1996. Securities lending means lending a security to another person or entity for a fixed period of time, at a negotiated compensation. The security lent will be returned by the borrower on expiry of the stipulated period. A maximum of 20% of the net assets will be deployed in securities lending and the maximum single party exposure will be restricted to 5% of the net assets. Engaging in securities lending is subject to risks related to fluctuations in the collateral value / settlement / liquidity / counter party.
- **Short Selling of Securities:** If permitted by SEBI (Mutual Funds) Regulations, 1996, the Scheme may engage in short selling of securities in accordance with the guidelines / regulations issued by SEBI. Short sale of securities means selling of securities without owning them. Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/ liquidity risks.
- **Trading In Derivatives:** The Scheme intends to use derivatives for purposes that may be permitted by SEBI (Mutual Fund) Regulations, 1996, as amended from time to time, which will include hedging & portfolio balancing. Hedging does not mean maximization of returns but only reduction of systematic or market risk inherent in the investment. Derivatives instruments may take the form of Futures, Options or any other instrument, as may be permitted from time to time.

SEBI, vide Para 7.5 of the Master Circular, has specified the guidelines pertaining to trading by Mutual Fund in Exchange traded derivatives.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the scheme and the benefits and risks attached therewith.

Equity Derivatives: The Scheme(s) may use various equity derivatives from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance unitholder's interest. Accordingly, the Scheme(s) may use derivative instruments like futures & options on stock indices, future & options on individual securities or such other derivative instruments as may be introduced from time to time as permitted under the SEBI (Mutual Funds) Regulations, 1996.

In addition to trading in equity derivatives, the Fund Manager may employ any of the following strategies or a combination thereof:

1. Index Arbitrage

As an Index derives its value from its underlying stocks, the underlying stocks can be used to create a synthetic index matching the Index levels. The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

2. Cash Futures Arbitrage (Only one way as funds are not allowed to short in the cash market).

The Scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The Scheme will first buy the stocks in the cash market and then sell in the futures market to lock the spread known as arbitrage return.

3. Hedging and alpha strategy

The fund may use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The fund may seek to generate alpha by superior stock selection and removing market risks by selling appropriate index.

4. Covered Call Strategy

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. The covered call is a strategy in which a seller sells a call option on a stock he owns.

5. Other Derivative Strategies

As allowed under the SEBI guidelines on derivatives, the fund manager may employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

For further details on derivative strategies, illustration and the benefits and risks attached therewith, please refer to SAI.

Risk control measures

Investments made by the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. While allocating and choosing securities, the Investment Manager will aim to diversify by gaining broad exposure to different industries and companies in order to reduce risk

Portfolio Turnover

Portfolio turnover is defined as lesser of purchases and sales as a percentage of the average corpus of the Scheme during a specified period of time. The Scheme being an open-ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate, with any reasonable measure of accuracy, the likely turnover in the portfolio(s). Active asset allocation would impact portfolio turnover.

Further, the Scheme follows active investment strategies/asset allocation as detailed above and there is possibility that implementation of such active strategies/allocation could result into a higher rate of the portfolio turnover of the scheme which could in turn lead to higher brokerage and transaction cost. However, the investment strategies shall be used with an aim to minimize the risk for the unitholders and achieve scheme's investment objectives.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Benchmark (Total Return Index): The performance of the Scheme will be benchmarked to the performance of the CRISIL Hybrid 50+50 – Moderate Total Return Index (TRI).

Justification: It has been selected as the benchmark as it is the most appropriate index among the options provided by AMFI. Since the Scheme is a balanced advantage fund with ability to dynamically manages investments in equity/debt securities, CRISIL Hybrid 50+50 – Moderate TRI Index is an appropriate benchmark. However, subject to applicable regulations, Trustees reserve the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

vi. Investment by the AMC in the Scheme

In terms of the provisions of Regulation 25(16A) of SEBI (Mutual Funds) Regulations, 1996 and Para 17.4 of the Master Circular, the AMC shall invest (based on the risk value assigned to the Scheme) minimum amount as a percentage of assets under management (‘AUM’) as per provisions of Para 6.9 of the Master Circular read with AMFI Best Practice Guidelines Circular 135/BP/100/2022-23 dated April 26, 2022, as amended from time to time. AMC shall conduct a quarterly review to ensure compliance with the requirement of investment of minimum amount in the Scheme which may change either due to change in value of the AUM or in the risk value assigned to the Scheme. Further, based on review of quarterly average AUM, shortfall in value of the investment in Scheme, if any, shall be made good within 7 days of such review. AMC shall have the option to withdraw any excess investment than what is required pursuant to such review.

In addition to investments as mandated above, the AMC may invest in the Scheme subject to the SEBI (Mutual Funds) Regulations, 1996 & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fees on the investment made by it in the Scheme.

Part III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme/Plans/Options will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date, as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme/Plan/Option}}$$

Illustration for computation of NAV

Assume that the Market or Fair Value of Scheme's investments is Rs. 5,00,00,000; Current asset of the scheme is Rs. 1,25,00,000; Current Liabilities and Provisions is Rs. 75,00,000 and the No. of Units outstanding under the scheme are 50,00,000. Thus, the NAV will be calculated as:

Value of investments (Rs.)	5,00,00,000
Current Assets (Rs.)	1,25,00,000
Total Assets (Rs.) (A)	6,25,00,000
Less:	
Current liabilities and provisions (Rs.) (B)	75,00,000
Net Assets (Rs.) (A-B) (C)	5,50,00,000
Units Outstanding	50,00,000
NAV per unit (Rs.)	11.00

Purchase and Redemption transactions shall be processed at applicable NAV. Redemption / Repurchase shall be subject to exit load, if any. However, the repurchase price shall not be lower than 95% of the NAV subject to SEBI (Mutual Funds) Regulations, 1996, as amended from time to time.

For other details such as policies w.r.t. computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc. As per the extant regulatory provisions, open-ended schemes are not permitted to charge NFO Expenses to the scheme.

The NFO expenses of Helios Balanced Advantage Fund were not charged to the Scheme and the same were borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The total recurring expenses of the Scheme shall be as per the limits prescribed under sub-regulation 6 and 6A of Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996 and shall not exceed the limits prescribed there under as a percentage limit of daily net assets. As per the Regulation 52(6), the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily average net assets in the table below:

AUM Slab of the Scheme	Expense Ratio
First Rs. 500 crores	2.25%
Next Rs. 250 crores	2.00%
Next Rs. 1,250 crores	1.75%
Next Rs. 3,000 crores	1.60%
Next Rs. 5,000 crores	1.50%
Next Rs. 40,000 crores	TER reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof
Balance	1.05%

The AMC has estimated the following percentage of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. Any change in the current expense ratios will be updated on the website and the same will be communicated to the investor via SMS / e-mail 3 working days prior to the effective date of change:

Expense Head	% p.a. of daily Net Assets (Estimated p.a.)
Investment Management and Advisory Fees	Up to 2.25

Other Expenses [^]	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Up to 2.25
Additional expenses under regulation 52 (6A) (c)	Up to 0.05
Additional expenses for gross new inflows from specified cities under regulation 52(6A)(b)	Up to 0.30\$
The aforesaid does not include Goods and Services Tax on investment management and advisory fees.	

\$ Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/ OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/MEM-COR/85-a/2022-23 dated March 02, 2023 has directed AMC's to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

[^]As permitted under the Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time, and in accordance with the provisions of Para 10.1 of the Master Circular. Further, as per current Regulation 52 (6A), the additional recurring expenses that can be charged to Scheme shall be subject to a percentage limit of daily average net assets as specified below:

Regulation 52(6A)(a)	Brokerage and transaction costs (inclusive of GST) which are incurred for the purpose of execution of trades, shall be charged to the scheme as per Regulation 52(6A)(a) of SEBI (Mutual Funds) Regulations, 1996 not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions. With effect from April 1, 2023, to align with Indian Account Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction cost, over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
Regulation 52(6A)(b)	Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from beyond Top 30 cities (B- 30**) are at least – (i) 30 per cent of gross new inflows in the scheme, or; (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher. Provided that if inflows from such cities are less than the higher of (i) or (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis. Additional TER shall be charged based on inflows from retail investors from beyond top 30 cities (B-30 cities). Inflows of amount upto Rs. 2,00,000/- per transaction, by individual investors shall be considered as inflows from retail investor. Provided further that, expenses so charged shall be utilized for distribution expenses incurred for bringing inflows from beyond Top 30 cities. Provided further that the amount incurred as expense on count of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment. ** Beyond Top 30 (B30) cities shall mean beyond top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry'

	as at the end of the previous financial year. Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/ OW/2023/5823/1 dated February 24, 2023, and AMFI letter dated No. 35P/MEM-COR/85-a/2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.
Regulation 52(6A)(c)	Additional recurring expenses of upto 0.05% of daily net assets of the scheme towards the investment and advisory fees or various other permissible expenses. However, in accordance with Para 10.1.7 of the Master Circular, AMC shall not charge any additional expense of upto 0.05% as per Regulation 52(6A) (c), if exit load is not being levied under the Scheme. Accordingly, upon levy or introduction of exit load under the Scheme, the additional expenses upto 0.05% under Regulation 52 (6A) (c) may be levied, and upon removal of exit load under the Scheme, additional expense upto 0.05% under Regulation 52 (6A) (c) shall be discontinued.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. as compared to Regular Plan and no commission for distribution of Units will be paid/ charged under Direct Plan.

All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (Mutual Funds) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

The types of expenses charged shall be as per the SEBI (Mutual Funds) Regulations, 1996.

Expenses shall be charged / borne in accordance with the SEBI (Mutual Funds) Regulations, 1996, prevailing from time to time.

Illustration: Impact of Expense Ratio on Scheme's return:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the SEBI (Mutual Funds) Regulations, 1996, by the average net assets.

To further illustrate in rupee terms the above, for the Scheme under reference, suppose an Investor invested INR 100,000/- (after deduction of stamp duty and transaction charges, if any) under the Growth Option, the impact of expenses charged will be as under:

Particular	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	100,000/-	100,000/-
Returns before expenses (Rs.)	8,000/-	8,000/-
Expenses other than Distribution expenses (Rs.)	250/-	250/-
Distribution expenses	50/-	0/-
Returns after expenses at the end of the year (Rs.)	7,700/-	7,750/-
Return (in %)	7.70%	7.75%

Note(s):

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan of the Scheme will be lower to the extent of the distribution expenses/commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Company (AMC), its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses shall be paid out of AMC's books at actuals or not exceeding 2 bps of scheme AUM, whichever is lower. The AMC shall pay from its books only those expenses which are part of the miscellaneous expenses list provided by AMFI. Such expenses incurred by AMC shall be properly recorded and audited in the books of accounts of AMC at year end.

GOODS AND SERVICE TAX: Goods and Service tax ("GST") on investment and advisory fees shall be charged to the Scheme in addition to the maximum limit of total recurring expenses as permitted under regulation 52 (6) and 52 (6A)

of the Regulations. GST on any other fees / expenses shall be borne by the Scheme within the overall limit of the TER. GST shall be levied on the Investment Management & Advisory Fee at the then prevailing GST rate, as per the Taxation Laws in force.

GST on exit load, if any, shall be paid out of exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limits prescribed under Regulation 52 of SEBI (Mutual Funds) Regulations.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.heliosmf.in) or may call at ISC (toll-free no. 1800 210 0168) your distributor.

Exit Load:

- (i) If units redeemed or switched out are upto 10% (limit) of the units purchased or switched in within 3 months from the date of allotment – Nil
- (ii) If units redeemed or switched out are over and above the limit within 3 months from the date of allotment – 1% of the applicable NAV
- (iii) If redeemed/switched out after 3 months from the date of allotment – Nil

The exit loads set forth above are subject to change at the discretion of the Trustees and such changes shall be implemented prospectively. For any change in load structure, the AMC will issue an addendum and display it on the website/ Investor Service Centres (ISCs).

The exit load charged, if any, shall be credited back to the respective scheme. Goods and Services Tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services Tax shall be credited to the Scheme.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme.

Units issued on reinvestment of IDCW shall not be subject to exit load.

Exit load is not applicable for Segregated Portfolio.

The investor is requested to check the prevailing load structure of the Scheme before investing.

Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the Trustee reserves the right to modify/alter the load structure and may decide to introduce a differential load structure on the Units redeemed on any Business Day. Such changes will be applicable prospectively. The changes may also be disclosed in the Statements of Account issued after the introduction of such load.

At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centers and distributors/brokers' office.
- iii. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- iv. A public notice shall be provided on the website of the AMC in respect of such changes.
- v. Any other measures which the mutual fund may feel necessary.

Any imposition or enhancement in the load shall be applicable to prospective investments only.

Methodology for calculation of Repurchase/Redemption Price of units:

Repurchase Price = Applicable NAV * (1 - Exit Load, if any)

Example

If the Applicable NAV is Rs. 15 and the exit load applicable is 0.5%, the repurchase price is calculated as follows:

$$\begin{aligned} \text{Repurchase Price} &= 15 * (1 - 0.005) \\ &= 15 * 0.995 \\ &= 14.925 \end{aligned}$$

B. Risk Factors

Scheme Specific Risk Factors

In line with the investment objectives and asset allocation of the scheme, the Scheme shall invest in various securities (including equities and fixed income securities) which may be exposed to various risks. Some of the specific risk factors related to the Scheme include but are not limited to the following.

Market Risk:

All mutual funds and securities investments are subject to market risk and there can be no assurance / guarantee that the Scheme's objective will be achieved. The securities that the Scheme invests in would be exposed to price changes on a day-to-day basis. These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions.

Markets are volatile and can decline significantly in response to adverse issues, political, regulatory, market or economic developments. The scheme may be subject to price volatility due to factors such as interest sensitivity, market perception, and creditworthiness of issuer and market liquidity.

Different parts of the market can react differently to these developments. The value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole.

Risk Associated with Investing in Equities:

- The Scheme proposes to invest in equity and equity related instruments. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. The liquidity of investments made in the Scheme may be restricted by trading volumes, settlement periods and transfer procedures. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio. Also, the value of the Scheme investments may be affected by interest rates, changes in law/ policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges.
- Limited trading volumes/non availability of quotes in any of the securities held by the scheme can result into a larger liquidity risk in comparison with securities that are actively traded on the exchanges or offer other exit options to the investors, including put options.
- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Schemes unless they can afford to take the risk of losing their investment.
- The value of the Schemes' investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to be collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that a dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn a

dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies is likely to vary and have a material bearing on their ability to declare and pay dividends, the performance of the schemes may be adversely affected due to such factors.

- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavours to generate returns based on certain past statistical trends. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, the Fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction.
- The schemes are also vulnerable to movements in the prices of securities invested by the schemes, which again could have a material bearing on the overall returns from the schemes. These stocks, at times, may be relatively less liquid as compared to growth stocks.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- In the event that the investible funds of more than 65% of the total proceeds of the Scheme are not invested in equity shares of domestic companies, the tax exemptions on income distribution will not be available to the Scheme. This is however subject to change as per Income Tax laws of India.

Risks associated if investment made in small/mid cap companies:

This scheme may invest in equity and equity related instruments of large, mid and small cap companies and the nature of the portfolio may result in volatility similar to other diversified equity-oriented funds. It is important to note that midcap and small cap stocks may be riskier and more volatile on a relative basis. It should be noted that over a period of time, large cap, midcap and small cap stocks have demonstrated different levels of volatility and investment returns. And it is important to note that generally, no one category consistently outperforms the others.

While small/mid cap stocks give an opportunity to go beyond the usual large cap stocks and present possible higher capital appreciation, it is important to note that small/mid cap stocks can be riskier and more volatile on a relative basis.

Small/Mid cap companies carry large amount of liquidity risk compared to the large cap companies, as the ability to sell is limited by overall trading volume in the securities, which it invests.

Risk factors associated with investing in Preference Shares:

- Credit Risk - Investments in Preference Shares are subject to the risk of an issuer's inability to meet dividend and redemption by the issuer. Further, for non-cumulative preference shares, the issuer also has an option not to pay dividends on preference shares in case of inadequate profits in any year.
- Liquidity Risk - Preference shares lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- Unsecured in nature - Preference shares are unsecured in nature and rank lower than secured and unsecured debt in hierarchy of payments in case of liquidation. Thus, there is a significant risk of capital erosion in case the company goes into liquidation.
- Market Risk – The schemes will be vulnerable to movements in the prices of securities invested by the schemes which could have a material bearing on the overall returns from the schemes.

Risk Associated with investment in Foreign Securities:

The Scheme may invest in overseas markets subject to necessary approvals and within the investment objectives of the Scheme. Such investments carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances.

The AMC believes that investment in foreign securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI / RBI from time to time.

Currency Risk: To the extent that the assets of the Scheme will be invested in foreign securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

Regulatory Limit Risk - The Scheme's investments in overseas securities is subject to the regulatory limits applicable for overseas investments as prescribed by RBI/SEBI from time to time and as per the regulations prevailing in the overseas jurisdiction where investments are made/intended to be made. In this regard, overseas investments will be halted, if such limit is breached either at the mutual fund level or at mutual fund industry level.

Risk Associated with Investing in Fixed Income Securities:

- **Market Risk:** The Net Asset Value (NAV) of the Scheme(s), to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- **Credit Risk:** Investments in Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of the fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which the government raises new money and/or the price levels at which the market is already dealing in existing securities. The price risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Schemes' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Schemes' portfolio.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.

Risks associated with investment in unlisted securities:

Subject to the SEBI (Mutual Funds) Regulations, 1996, the scheme may invest in unlisted debt securities (i.e. Government securities, Money Market Instruments (other than Commercial Papers), and Non-Convertible Debentures). Unlisted securities, in general, are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realize their investments in unlisted securities at a fair value.

Risk associated with investment in Fixed Income Securities:

Fixed Income Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.

- Different types of fixed income securities in which the Scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/unrated debt securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero-coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This

may increase the risk of the portfolio.

- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. In accordance with SEBI guidelines, The AMC may choose to invest in unlisted debt securities (i.e. Government securities, Money Market Instruments (other than Commercial Papers), and Non-Convertible Debentures) that offer attractive yields. This may increase the risk of the portfolio.
- The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.
- Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market value for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.

Risks associated with Investing in Derivatives:

The Schemes may use various derivative products as permitted by the SEBI (Mutual Funds) Regulations, 1996. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The Fund may use derivatives instruments like Stock /Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the SEBI (Mutual Funds) Regulations, 1996, and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
- Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margin or insist that margins be placed in cash. All of these might force positions to be unwound at a loss and might materially impact returns.

Additional risks for writing covered call options for equity shares:

1. Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing are capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.
2. The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have

been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

3. The writing of the covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.
4. The total gross exposure related to the option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

Risk associated with Short Selling:

The risk associated with upward movement in the market price of security sold short may result in loss. The losses on short position may be unlimited as there is no upper limit on rise in price of a security.

Risks associated with Securities Lending & Borrowing (SLB):

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section “**How will the Scheme allocate its assets?**” for maximum permissible exposure to Securities Lending & Borrowing.

The AMC shall report to the Trustee on a quarterly basis as to the level of lending in terms of value, volume and the names of the intermediaries and the earnings/losses arising out of the transactions, the value of collateral security offered etc. The Trustees shall offer their comments on the above aspect in the report filed with SEBI under sub-regulation 23(a) of Regulation 18 of the SEBI (Mutual Funds) Regulations, 1996.

Risk factor associated with legal, tax and regulatory risk:

The Scheme could be exposed to changes in legal, tax and regulatory regime which may adversely affect it and / or the investors. Such changes could also have retrospective effects and could lead to additional taxation imposed on the Scheme which was not contemplated either when investments were made, valued or disposed of.

Risk factors associated with creation of segregated portfolios:

1. Liquidity risk – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to the absence of an active secondary market and difficulty to price in qualitative factors.

Risk associated with investments in Money Market instruments:

Investments in money market instruments would involve a moderate credit risk i.e. risk of an issuer’s liability to meet the principal payments.

Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments.

The NAV of the Scheme’s Units, to the extent that the corpus of the Scheme is invested in money market instruments, will be affected by the changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.

Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund has obtained membership of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honor his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”.

As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Further, it may be noted that CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risk Factors associated with schemes investing in Gilt/Government Securities:

Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of the fall or rise in prices is a function of the existing coupon, days to maturity and the increase or decrease in interest rates. Price risk is not unique to government securities but is true for all fixed income securities. The default risk, however, in respect of Government securities is zero. Therefore, their prices are influenced only by movement in interest rates in the financial system. On the other hand, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced by the credit standing of the issuer as well as the general level of interest rates.

Even though the Government securities market is more liquid compared to other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.

Risks associated with transaction in Units through Stock Exchange mechanism:

In respect of transactions in Units of the Scheme routed through the BSE StAR MF platform or any other recognized stock exchange platform as intimated by the AMC, allotment and redemption of Units on any Business Day will depend upon the order processing/ settlement by BSE, or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by BSE or such other recognized exchange in this regard.

Risks associated with investments in mutual fund units:

To the extent of the investments made by the scheme in mutual funds units, the risks associated with investing in such funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal; etc. will exist.

C. Risk Mitigation Strategies

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools. The Scheme has identified the following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risks associated with Equity investment	
Risks and description	Risk mitigation strategy
Concentration Risk: Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of sectors or securities.	The Scheme will try and mitigate this risk by investing in sufficiently large number of companies (and across sectors) so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.
Market Risk: The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme.	Market risk is a risk which is inherent to an equity scheme. The Scheme may use derivatives to limit this risk.

<p>Liquidity risk: The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.</p>	<p>As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / maturity payments are made on time and not affected by illiquidity of the underlying stocks.</p>
<p>Derivatives Risk: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds.</p>	<p>The Scheme may invest in derivatives for the purpose of hedging, portfolio balancing, and other purposes as may be permitted under the SEBI (Mutual Funds) Regulations, 1996. Derivatives may be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trades will be done only on the exchange with guaranteed settlement. Exposure to derivatives of stocks or underlying index will be done based on requisite research. Fund managers will endeavor to use derivatives which are liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. Such exposure shall also be regularly reviewed by the Fund manager. No OTC contracts will be entered into.</p>
<p>Risk Management Strategy with respect to investments in overseas/foreign securities:</p> <p>The Scheme may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses.</p> <p>Currency Risk: The Scheme shall, subject to applicable regulations, have the option (there is no obligation) to enter into forward contracts for the purpose of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.</p> <p>Country Risk: Investment universe is carefully selected to include sound quality businesses.</p>	

Risks associated with Debt investment	
Risks and description	Risk mitigation strategy
<p>Market Risk/ Interest Rate Risk: As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>The scheme will undertake active portfolio management as per the investment objective to reduce the market risk. In a rising interest rate scenario, the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.</p>
<p>Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.</p> <p>Liquidity risk is today characteristic of the Indian fixed income market. The Scheme will however, endeavor to minimize liquidity risk by investing in securities having a liquid market.</p>
<p>Credit Risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis will be used to identify company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. Also, the AMC shall follow its internal policy w.r.t. credit risk assessment before investing.</p>

Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested the risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. Information about the scheme

A. Where will the Scheme invest?

Subject to the SEBI (Mutual Funds) Regulations, 1996 and the disclosures as made under the Section "How the Scheme will allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

1. Equity and equity related securities including Indian Depository Receipts (IDRs), convertible debentures, preference shares, equity derivatives and warrants carrying the right to obtain equity shares.
2. Foreign Securities as permitted by Reserve Bank of India (RBI) and Securities Exchange Board of India (SEBI).
3. Securities issued/guaranteed by the Central, State and local Governments and/or repos/reverse repos in such Government Securities as may be permitted by SEBI / RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
4. Securities issued by banks (both public and private sector) including term deposit with the banks as permitted by SEBI from time to time, subject to approval from SEBI / RBI as required and development financial institutions.
5. Money market instruments, as permitted by SEBI/ RBI, having residual maturities of up to 1 year.
Money market instruments include commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, Tri-party REPO (TREPS) and any other like instrument as specified by the Reserve Bank of India from time to time.
6. The non-convertible part of convertible securities
7. Derivative instruments like Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
8. Units of domestic Mutual Fund Schemes including Exchange Traded Funds (ETFs),
9. Cash & cash equivalents
10. Certificate of Deposits (CDs)
11. Tri party repo/ TREPS - A part of the net assets may be invested in the Tri-party repo on Government Securities or treasury bills or repo or in an alternative investment as may be provided by RBI, subject to prior approval from SEBI, if any.
12. Repurchase and reverse repurchase obligations in securities as may be permitted by RBI other than repo in corporate debt securities
13. Pending deployment of funds, the Scheme can invest in short term deposits of scheduled commercial banks in terms of Para 12.16 of the Master Circular.
14. The Scheme may engage in Stock Lending subject to SEBI Regulations/Guidelines.
15. Any other domestic fixed income securities as permitted by SEBI, subject to requisite approvals from SEBI/RBI, if needed.
16. Any other instruments as may be permitted by SEBI from time to time, subject to regulatory approval, if any.

Subject to the SEBI (Mutual Funds) Regulations, 1996, the securities mentioned above could be listed, unlisted*, privately placed, secured, unsecured, rated or unrated and of any maturity, as enabled under SEBI (Mutual Funds) Regulations, 1996 /circulars / RBI.

* The Scheme shall not invest in unlisted securities including commercial papers (CPs), other than (a) unlisted but 'to

be listed' debt instruments including commercial papers (a) unlisted non-convertible debentures (NCDs) not exceeding 10% of the debt portfolio of the Scheme, (b) unlisted government securities, and (c) unlisted money market instruments (other than unlisted commercial papers). Such investments in unlisted securities shall be subject to conditions specified under SEBI (Mutual Funds) Regulations, 1996 and circulars issued thereunder.

Investments in unrated debt and money market instruments (if any) other than Government Securities and T-bills shall only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated, and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder. Further, such investments shall be made with the prior approval of the Board of AMC and the Board of trustees and exposure of the Scheme in such instruments shall not exceed 5% of the net assets of the Scheme.

The securities mentioned above/in the asset allocation pattern may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers (including renunciation) or negotiated deals. Further, the Scheme may participate in securities lending as permitted under the SEBI (Mutual Funds) Regulations, 1996.

Debt securities include, but are not limited to, debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the SEBI (Mutual Funds) Regulations, 1996 as amended from time to time).

Overview of debt markets in India

Debt instruments are securities that offer a fixed rate of return and repayment of the principal amount. The debt market in India consists of mainly two categories — the government securities or the G-Sec markets comprising central government and state government securities, and the corporate bond market. Government and Public Sector enterprises are predominant borrowers in the market. These government securities are issued by the Reserve Bank of India (RBI) on behalf of the government to finance its fiscal deficit and manage its debt. The corporate bond market is where companies raise funds from the public by issuing debt securities. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt market in India operates through both primary and secondary markets. The primary market is where new debt securities are issued and sold to investors. The secondary market is where existing debt securities are traded among investors. The primary market is dominated by private placements, where issuers sell debt securities directly to institutional investors without going through a public offer. The Indian debt markets are one of the largest such markets in Asia. The debt markets are developing fast, with the rapid introduction of new instruments including Foreign Portfolio Investors are also allowed to invest in Indian debt markets now. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades. The G-Sec market is the oldest and the largest component of the Indian debt market in terms of market capitalization, outstanding securities and trading volumes. The G-Sec market plays a vital role in the Indian economy as it provides the benchmark for determining the level of interest rates in the country through the yields on the Government Securities which are referred to as the risk-free rate of return in any economy. The corporate bond market, in the sense of private corporate sector raising debt through public issuance in capital market, is comparatively smaller part of the Indian Debt Market. A large part of the issuance in the non-Government debt market is currently on private placement basis. The money markets in India essentially consist of the call money market (i.e., market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs), short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills & Cash Management Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates. The risks associated with investment in debt & money market instruments are - credit risk, interest rate risk and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in the corporate securities market is higher as compared to that in case of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators in this direction over a period of time. SEBI's directive of a compulsory rating by a rating agency for any public issuance over 18 months, dematerialization, entry of private insurance companies, listing of debt securities and growth of fixed income mutual funds have enhanced liquidity in the corporate debt market. The setting up of clearing corporations, real time gross settlement and electronic clearing system for government securities have considerably enhanced the depth and width of the Indian debt markets and bringing it at par with developed markets. Different debt instruments have different levels of risks and returns depending on various factors such as the issuer, the maturity, credit rating, coupon rate, yield to maturity, prevailing market conditions etc. Relatively, debt instruments carry low risk as compared to equity instruments, as they have priority over equity in case of liquidation and offer fixed payments of interest and principal. Generally, higher-risk debt instruments offer higher returns to compensate for the additional risk taken by the investors. For example, corporate bonds tend to have higher returns than government bonds, as they have higher credit risk. Similarly, long-term bonds tend to have higher returns than short-term bonds, as they have higher interest rate risk and inflation risk. However, the returns of debt instruments are not guaranteed and may vary depending on the market conditions and investor

preferences. Over the years, there have been new products introduced by the RBI like zero coupon bonds, floating rate bonds, inflation indexed bonds, etc. Further, the Indian debt market is witnessing innovation and technology adoption in terms of asset pooling, credit guarantee enhancement, new rating scales, digital platforms, etc. Following table exhibits various debt instruments along with indicative yields as on September 30, 2024:

Instruments	Yield Range (% per annum)
Interbank Call Money	6.68%
91 Day Treasury Bill	6.40%
182 Day Treasury Bill	6.52%
A1 + Certificate of deposits 90 Days	7.20%
A1 + Commercial Paper 90 Days	7.30%
G – Sec 5 year	6.67%
G – Sec 10 year	6.75%
PSU Corporate Debentures AAA 1 year	7.75%
NBFC Corporate Debentures AAA 3 year	7.90%

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro-economic conditions and RBI policy. The price and yield on various debt instruments fluctuate from time to time depending upon the macro-economic situation, inflation rate, overall liquidity position, foreign exchange scenario etc. Also, the price and yield vary according to maturity profile, credit risk etc.

The mutual fund or AMC and its empaneled brokers/distributors have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the scheme.

B. What are the Investment Restrictions?

All investments by the Scheme(s) and the Mutual Fund will always be within the investment restrictions as specified in the SEBI (Mutual Funds) Regulations, 1996, as amended from time to time. Pursuant to the SEBI (Mutual Funds) Regulations, 1996, and amendments thereto and subject to the investment pattern of the Scheme, following investment restrictions are presently applicable to the Scheme:

1. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act. subject to following rating level limits:

The Scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below; issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996.

The long-term rating of issuers shall be considered for the money market instruments. However, if there is no long-term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government securities.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

Provided further that investment within such limit can be made in mortgaged backed securitized debt which are rated not below investment grade by a credit rating agency registered with SEBI.

2. The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, the Scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the Scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the above purposes, listed debt instruments shall include listed and to be listed debt instruments.

3. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

Investments shall only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated, and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

Exposure of the Schemes in such instruments shall not exceed 5% of the net assets of the Scheme.

All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

4. The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B of the SEBI (Mutual Funds) Regulations, 1996.

5. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:

- Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
- The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further the inter Scheme transfer of investments shall be in accordance with the provisions of Para 12.30 of the Master Circular.

6. The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund. Provided that this clause shall not apply to any fund of funds scheme and investments in mutual funds in foreign countries.

7. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that the Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

Provided further that the Scheme may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

8. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.

9. Pending deployment of funds of the Scheme in terms of the investment objective of the Scheme, the Mutual Fund may invest them in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:

- a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
- b. Such short term deposits shall be held in the name of the Scheme.
- c. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
- d. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- e. The Scheme shall not park funds in short term deposit (STD) of a bank which has invested in that Scheme. Trustees/AMC shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.

The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
10. The Scheme shall not make any investments in;
 - a. any unlisted security of an associate or group company of the sponsor; or
 - b. any security issued by way of private placement by an associate or group company of the Sponsor; or
 - c. the listed securities of group companies of the Sponsor which is in excess of 25% of its net assets (except for investments by equity-oriented exchange traded funds and index funds and subject to such conditions as may be specified by SEBI).
 11. The scheme shall not invest in a Fund of funds scheme.
 12. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
 13. The Scheme shall invest more than 10% of its NAV in equity shares or equity related instruments of any company. Provided that the limit of 10 per cent shall not be applicable for investments in case of index fund or sector or industry specific scheme.
 14. No loans for any purpose shall be advanced by the Scheme.
 15. The Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the unit holders. Such borrowings shall not exceed more than 20% of the net assets of the Scheme and the duration of the borrowing shall not exceed a period of 6 months.
 16. Pursuant to Para 12.24 of the Master Circular, the Cumulative Gross Exposure through Equity, Debt, Mutual Fund Schemes, ETFs, Derivative position, Foreign Securities and such other securities/assets as may be permitted by SEBI from time to time (subject to prior approval from SEBI, if any) will not exceed 100% of the net assets of the scheme. However, following shall not be considered while calculating the gross exposure:
 - i) Exposure to cash or cash equivalents with residual maturity of less than 91 days; and
 - ii) Security-wise hedged position.

SEBI vide letter dated November 3, 2021, has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.
 17. The Scheme will comply with provisions Para 12.25 of the Master Circular, related to overall exposure limits applicable for derivative transactions as stated below:
 - 1) The Cumulative Gross Exposure through Equity, Debt, Mutual Fund Schemes, ETFs, Derivative position, Foreign Securities and such other securities/assets as may be permitted by SEBI from time to time (subject to prior approval from SEBI, if any) will not exceed 100% of the net assets of the scheme.
 - 2) The Scheme shall not write options or purchase instruments with embedded written options except for the covered call strategy.
 - 3) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
 - 4) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
 - 5) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
 - e. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.
 - 6) Definition of Exposure in case of Derivative Positions - Each position taken in derivatives shall have an associated exposure as defined below. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure

in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

18. Restriction on writing of Covered Call Options by the Scheme:

The Scheme may write Call Options only as part of covered call strategy as under:

In terms of Para 12.25.8 of the Master Circular, mutual fund schemes (except Index Funds and ETFs) have been permitted to write call options only under a covered call strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:

- a) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of the Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- c) At all points of time the Mutual Fund scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- d) In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.
- e) In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- f) The premium received shall be within the requirements prescribed in terms of Para 12.25 of the Master Circular, i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- g) The exposure on account of the call option written under the covered call strategy shall not be considered in cumulative gross exposure of the Scheme for computing 100% of the net asset of the Scheme.
- h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

19. Position limit for derivatives:

SEBI has permitted Mutual Funds to participate in derivatives trading subject to observance of guidelines issued by it in this behalf. Accordingly, Mutual Funds may use various derivative products from time to time, as would be available and permitted by SEBI. The Mutual Fund would comply with the provisions of Para 7.5 and 12.25 of the Master and such other amendments issued by SEBI from time to time while trading in derivatives. Presently, the position limits for trading in derivatives by Mutual Fund specified by SEBI are as follows:

The position limits for Mutual Funds and its schemes shall be under:

- (i) Position limit for Mutual Funds in index options contracts:
 - o The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
 - o This limit would be applicable on open positions in all options contracts on a particular underlying index.
- (ii) Position limit for Mutual Funds in index futures contracts:
 - o The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs.500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
 - o This limit would be applicable on open positions in all futures contracts on a particular underlying index.
- (iii) Additional position limit for hedging:

In addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:

- Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the mutual fund's holding of stocks.
- Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the mutual fund's holding of cash, government securities, T-bills and similar instruments.

(iv) Position limit for Mutual Funds for stock based derivative contracts:

- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL)
- The MWPL and client level position limits, however, would remain the same as prescribed.

(v) Position limit for each scheme of a Mutual Fund:

The scheme-wise position limit requirements shall be:

- For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
 - 1% of the free float market capitalization (in terms of number of shares). Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at the Stock Exchange.
- For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index

20. All the investments of the Scheme will be in transferable securities or bank deposits or in money at call or any such facility provided by RBI in lieu of call.

21. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable to debt instruments under clause 1 and 1 A of the VII Schedule to the SEBI (Mutual Funds) Regulations, 1996.

22. All investments by the Scheme in Commercial Papers (CPs) would be made only in CPs which are listed or to be listed.

23. The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.

24. Limit for investment in Foreign Securities:

1. As per clauses 12.19 and 12.19.1.1 of Master Circular:

1.1 Mutual Funds can make overseas investments subject to a maximum of US \$ 1 billion per Mutual Fund, within the overall industry limit of US \$ 7 billion.

1.2 Mutual Funds can make investments in overseas Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion.

2. The allocation methodology of the aforementioned limits shall be as follows:

2.1 In case of overseas investments specified at Para 1.1 above, US \$ 50 million would be reserved for each Mutual Fund individually, within the overall industry limit of US \$ 7 billion.

The Scheme shall not have an exposure of more than 35% of its net assets in foreign securities, subject to regulatory limits specified from time to time.

Subject to the approval of the RBI / SEBI and conditions as may be prescribed by them, the Mutual Fund may open one or more foreign currency accounts abroad either directly, or through the custodian/sub-custodian, to facilitate investments and to enter into/deal in forward currency contracts, currency futures, interest rate futures / swaps, currency options for the purpose of hedging the risks of assets of a portfolio or for its efficient management.

The Mutual Fund may, where necessary appoint intermediaries as sub-managers, sub-custodians, etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses as stated under Regulation 52 of SEBI (MF) Regulations.

25. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.

26. Non-Convertible Preference Shares shall be treated as debt instruments and hence investment restrictions as applicable to debt instruments shall be applicable to these instruments.
27. The AMC/Trustee may alter these investment restrictions from time to time to the extent SEBI (Mutual Funds) Regulations, 1996 or applicable rules change so as to permit the Scheme to make its investments in full spectrum of permitted investments to achieve the investment objective of the scheme. Such alterations will be made in conformity with SEBI (Mutual Funds) Regulations, 1996.
28. Apart from the Investment Restrictions prescribed under the SEBI (Mutual Funds) Regulations, 1996, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.
29. All investment restrictions shall be applicable at the time of making the investment.

Dematerialization of units	<p>Option to hold Units in dematerialized (Demat) form</p> <p>The Unit holders are given an Option to hold the units by way of an Account Statement (Physical form) or in Dematerialized ('Demat') form.</p> <p>Mode of holding shall be clearly specified in the application form. Unit holders holding the units in physical form will not be able to trade or transfer their units till such units are dematerialized. Unit holders who wish to trade in units would be required to have a demat account.</p> <p>The Unit holder intending to hold the units in Demat form are required to have a beneficiary account with the Depository Participant (DP) (registered with NSDL / CDSL). Unit holders opting to hold the units in demat form must provide their Demat Account details like the DP's name, DP ID Number and the beneficiary account number of the applicant with the DP, in the specified section of the application form.</p> <p>In case Unit holders do not provide their Demat Account details, unit will be allotted to them in physical form and an Account Statement shall be sent to them. Investors holding units in dematerialized form as well as investors holding units in physical form, both shall be able to trade on the BSE StAR MF Platform and on NSE NMF II.</p> <p>Units held in demat form are transferable (except for Equity Linked Savings Scheme) in accordance with the provisions of the SEBI (Depositories and Participants) Regulations, 1996, as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding units and having a valid demat account.</p> <p>In case, the unit holder desires to hold the units in a demat/rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice versa should be submitted along with a demat/remat request form to the DP directly and not to the AMC or the Registrar and Transfer Agent (RTA) of the Fund. The AMC shall then issue units in the desired form within two working days of the receipt of valid documents from the respective DP. The credit of the converted units shall be reflected in the transaction statement provided by the DP to its client. Similarly, request for redemption or any other non-financial request shall be</p>

	<p>submitted directly to the DP and not to the AMC/ RTA of the Fund.</p> <p>For the units held in demat form investors will receive an account statement from their respective DPs not from AMC / RTA of the Fund.</p> <p>The facility of availing the units in demat / remat form is available subject to such processes, operating guidelines and terms & conditions as may be prescribed by the DPs and the depositories from time to time.</p> <p>Presently, the option to hold units in demat form shall not be available for systematic transactions like Systematic Transfer Plan (STP), Systematic Withdrawal Plan (SWP) etc. Such investors shall be mandatorily allotted units in physical form.</p> <p>Pursuant to Para 14.4.2 of the Master Circular, and AMFI communication no. 35P/MEM-COR/35/11-12 dated December 23, 2011, an option to hold units in demat form shall be available for SIP transactions. However, the units will be allotted based on the applicable NAV as per the SID and will be credited to investors demat account on weekly basis upon realization of funds. For e.g. units will be credited to investors' demat account every Monday (or immediate next business day in case Monday happens to be a non-business day) for realization status received in the last week from Monday to Friday. If an investor has opted to hold units in demat form for SIP transactions, he will be able to redeem / transfer only those units which are credited to his demat account till the date of submission of redemption / transfer request. Accordingly, redemption / transfer request shall be liable to be rejected in case of non – availability of sufficient unit in the investor's demat account as on date of submission of redemption / transfer request.</p> <p>Static Details</p> <ul style="list-style-type: none"> • The details provided by investors in the application form for subscribing to Units should be same as the details registered with the DP. • In the event of any conflict, the details registered with the DP will prevail. • In case any particular detail is not registered with the DP, the details in the application form will be considered. • In the event of mismatch in the mode of holding as mentioned in the application form vis-à-vis details with the DP, the application is liable to be rejected.
<p>Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)</p>	<p>This section is not applicable, as the ongoing offer of the Scheme has commenced after the NFO, and the Units are available for continuous subscription and redemption.</p>
<p>Maximum Amount to be raised (if any)</p>	<p>This section is not applicable, as the ongoing offer of the Scheme has commenced after the NFO, and the Units are available for continuous subscription and redemption.</p>
<p>Dividend Policy (IDCW)</p>	<p>The Scheme will not declare any IDCW under Growth Option of the Scheme. In case of this option, the income earned by the Scheme will remain reinvested in the Scheme and will be reflected in the Net Asset Value.</p> <p>The Trustee may declare IDCW to the Unit holders under the IDCW Option of the Scheme subject to the availability of distributable surplus and the actual distribution of IDCW and the frequency of distribution will be entirely at the discretion of the Trustee. Such IDCW will be distributed to the Unit holders whose names appear on the register of Unit holders on the record date as fixed for the Scheme. The IDCW declared will be distributed to the unitholders net of tax deducted at source, wherever applicable.</p> <p>Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the Trustee/ AMC reserves the right to change the record date from time to time. However, it must be distinctly understood that the actual declaration of IDCW and the</p>

frequency thereof will inter alia, depend on the availability of distributable surplus as computed in accordance with SEBI (Mutual Funds) Regulations, 1996. The decision of the Trustee in this regard shall be final.

There is no assurance or guarantee to the Unit holders as to the rate of IDCW distribution nor that the IDCW will be distributed regularly. If the Fund declares & distributes IDCW, the NAV of the IDCW Option of the Scheme will stand reduced by the amount of IDCW distributed and Dividend distribution tax (if applicable). All the IDCW distribution shall be in accordance and compliance with SEBI, Stock Exchange Guidelines, as applicable from time to time.

Equalization Reserve: When units are sold, and sale price (NAV) is higher than face value (Rs. 10 per unit) of the unit, a portion of sale price that represents realized gains is credited to an Equalization Reserve Account and which can be used to pay income distribution/IDCW. IDCW can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

Effect of IDCWs: When IDCWs are declared and paid under the Scheme, the net assets attributable to Unit holders in the IDCW Option will stand reduced by the IDCW amount subject to TDS and statutory levy if any. The NAV of the Unit holders in the Growth Option will remain unaffected by the payment of IDCW.

Even though the asset portfolio will be common, the NAVs of the Growth Option and IDCW Option will be distinctly different after declaration of the first IDCW to the extent of distributed income, tax and statutory levy paid thereon, where applicable, and expenses relating to the distribution of IDCWs.

Mode of Payment of IDCWs:

The Scheme proposes to pay IDCW by Direct Credit or through RTGS or NEFT or any other Electronic Fund Transfer (ETF) means.

RBI offers the facility of EFT for facilitating better customer service by direct credit of IDCW amount to a Unit holder's bank account through electronic credit which avoids loss of IDCW in transit or fraudulent encashment. The Mutual Fund will endeavor to offer this facility for payment of IDCW/repurchase proceeds to the Unit holders residing in any of the cities where such a Bank facility is available.

The Fund shall have arrangements with the selected bankers to enable direct credits into the bank accounts of the investors at these banks. If an investor has an account with a bank with which the Fund has tied up for direct credit, the IDCW amount will be credited directly to the bank account, under intimation to the Unit holder by email/SMS/post. The Mutual Fund, on a best effort basis, and after scrutinizing the names of the banks where Unit holders have their accounts, will enable direct credit/RTGS/NEFT/ to the Unit holders' bank accounts.

While the preferred mode of payment is through EFT route, the AMC is at the sole discretion to pay IDCW by any other means (including at par cheques and demand drafts, where the EFT facility is not available in a particular city or Bank or as the Trusteeship Company or the AMC deems fit in the interest of investors.)

All the IDCW payments shall be in accordance and compliance with SEBI (Mutual Funds) Regulations, 1996, as amended from time to time.

If Unit holders have opted for IDCW Option – Payout facility, if the IDCW amount payable to such Unit holders (net of tax deducted at source, wherever applicable) is less than or equal to Rs. 250, following treatment shall be applicable:

- a. Where the option to payout IDCW is available in electronic mode: The IDCW amount shall be paid to the Unit holders. However, if the payment through electronic mode is unsuccessful, the AMC shall issue IDCW warrant for such amount; and
- b. Where the option to payout IDCW is not available in electronic mode: The IDCW shall be mandatorily reinvested in the respective Scheme/Plan by issuing additional Units at the applicable ex-IDCW NAV.

	<p>Delay in payment of IDCW proceeds</p> <p>As per Chapter 11 of the Master Circular, or as amended from time to time, the AMC shall dispatch payment of the IDCW proceeds within 7 working days from the record date. However, in the event of failure to dispatch/ credit the IDCW proceeds within the above time, interest @ 15% per annum or such rate as may be specified by SEBI, would be paid to the Unit holders for the period of delay from the stipulated period for the dispatch/payment of IDCW payments.</p> <p>IDCW Distribution Procedure</p> <p>The AMC shall follow IDCW distribution procedure specified by SEBI as may be amended from time to time. Currently, following procedure is applicable for distribution of IDCW under the Scheme:</p> <ul style="list-style-type: none"> • Quantum of IDCW and record date shall be fixed by the Board of Trustees in their meeting, and AMC shall issue a notice to the public communicating the decision about IDCW including the record date, within one calendar day of the decision made by the Board of Trustees. IDCW so decided shall be paid, subject to availability of distributable surplus. • Record date shall be the date that will be considered for the purpose of determining the eligibility of investors whose name appears on the register of Unit holders. The record date shall be 2 working days from the issue of public notice. • When IDCW is declared under the Scheme, the AMC shall dispatch the IDCW within 7 working days from the record date. • The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. • Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by Mutual Fund. <p>The requirement of giving notice regarding the quantum and record date of the IDCW in two newspapers shall not be compulsory for the Plan(s)/Option(s) of the Scheme having frequency of IDCW distribution from daily up to monthly IDCW.</p> <p>The IDCW proceeds may be paid by way of IDCW warrants/direct credit/ Electronic Funds Transfer (EFT)/ Electronic Clearing Service (ECS) Credit/ National Electronic Funds Transfer (NEFT) /Real Time Gross Settlement (RTGS)/Wired Transfer/ National Electronic Clearing Service (NECS)/any other manner through the investor's bank account specified in the Registrar's records. The AMC, at its discretion at a later date, may choose to alter or add other modes of payment.</p> <p>AMC may also use instruments or payment channels such as RTGS, NEFT, IMPS, direct credit, etc. or any other mode allowed by Reserve Bank of India from time to time, for payments including refunds to unitholders in addition to the cheque, demand draft or IDCW warrants.</p> <p>Further, AMC may also use modes of dispatch such as speed post, courier etc. for payments including refunds to unitholders in addition to the registered post with acknowledgement due.</p> <p>Further, in case of units held in dematerialized form, based on the list provided by the Depositories (NSDL/ CDSL) giving the details of the demat account holders and the number of Units held by them in demat form on the Record date, the Registrars & Transfer Agent will pay the IDCW proceeds by forwarding a IDCW warrant or directly crediting the bank account linked to the demat account depending on the mode of receipt of IDCW proceeds chosen by the Unit holder.</p>
Allotment (Detailed procedure)	Allotment of units under the Scheme will be completed for all valid applications within 5 Business Days. Allotment to NRIs/FPIs will be subject to RBI approval, if required. Subject to the SEBI (Mutual Funds) Regulations, 1996, the AMC/Trustee may reject any application received in case the application is found invalid/incomplete or for any other reason in the AMC's/Trustee's sole

	<p>discretion. For investors who have given demat account details, the Units will be credited to the investor's demat account after due verification and confirmation from NSDL/CDSL of the demat account details.</p> <p>Allotment Confirmation/Account Statement (for non-demat account holders): An Allotment Confirmation/Account statement will be sent by way of SMS and/or email and/or ordinary post, to each Unit Holder who has not provided his demat account details in the application form. The Allotment Confirmation/Account statement, stating the number of Units allotted to the Unit Holder will be sent not later than 5 Business Days from the date of receipt of valid subscription application. The Account Statement shall be non-transferable.</p> <p>Dispatch of Account Statements to NRIs/FPIs will be subject to RBI approval, if required.</p> <p>Allotment Advice/Holding Statement (demat account holders): For investors who have given valid demat account details, Units issued under the Scheme shall be credited by the Registrar to the investor's beneficiary account with the DP as per information provided in the Application Form. The AMC shall issue to such investor units in dematerialized form as soon as possible but not later than five working days from the date of receipt of the application. Such investors will receive the holding statement / statement of account directly from their depository participant (DP) at such a frequency as may be defined in the Depository Act or Regulations or on specific request. The AMC shall send confirmation specifying the number of units allotted to the applicant by way of an email and/or SMS to the applicant's registered email address and/or mobile number as soon as possible but not later than five working days from the date of receipt of valid application or transfer request from the unit holder.</p> <p>Consolidated Account Statement or CAS (for non-demat account holders): CAS shall also be sent to the Unit holder in whose folio transactions have taken place during that month, on or before 15th of the succeeding month. In the event the account has more than one registered Unit holder, the first named Unit holder shall receive the CAS. In case of specific request received from investors, Mutual Fund will provide an account statement to the investors within 5 Business Days from the receipt of such request.</p> <p>Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the Mutual Fund reserves the right to recover from an investor any loss caused to the Scheme on account of dishonor of cheques issued by him/her/it for purchase of Units.</p> <p>The AMC/Trustee retains the sole and absolute discretion to reject any application, subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder.</p>
Refund	<p>Fund will refund the application money to applicants whose applications are found to be incomplete, invalid or have been rejected for any other reason whatsoever. The AMC will endeavor to refund the proceeds on the best effort within 5 business days basis either through electronic mode or physical mode. Refund by physical mode may include refund orders that will be marked "A/c payee only" and will be in favour of and be dispatched to the sole / first Applicant, by registered post.</p> <p>Investors should note that no interest will be payable on any subscription money so refunded within 5 Business Days. If the AMC refunds the amount after 5 Business Days, interest at the rate of 15% p.a. will be paid to the applicant and borne by the AMC for the period from the day following the date of expiry of 5 Business Days until the actual date of the refund.</p>

<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>1. Transfer & Transmission of Units: Units held in Demat form are transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018, as may be amended from time to time. For units held in paper / physical form, if an applicant so desires to transfer units, the same can be done post conversion of units from paper / physical form to demat form.</p> <p>Since, any addition/deletion of name(s) from a folio is deemed as transfer of Units, additions/deletions of names are not allowed in any folio(s) of any Scheme offered by the Mutual Fund. However, a person becoming entitled to hold the Units in consequence of the death, insolvency, or winding up of the sole holder or the survivors of joint holders, upon producing evidence and documentation to the satisfaction of the Fund and upon executing suitable indemnities in favor of the Fund and the AMC, shall be registered as a Unit holder if the transferee is otherwise eligible to hold the Units.</p> <p>2. Lien/Pledge of units: If in conformity with the guidelines and notifications issued by SEBI / Government of India / any other regulatory body from time to time, Units under the Plan(s) may be offered as security by way of a pledge / charge in favor of scheduled banks, financial institutions, non-banking finance companies (NBFCs), or any other body.</p> <p>Unitholders / investors would be required to submit their request for lien creation in the prescribed forms which can be obtained from AMC / ISC.</p> <p>Units held in physical form: The AMC and / or the ISC will note and record such pledged / Lien marked Units. Disbursement of such loans will be at the entire discretion of the bank / financial institution / NBFC or any</p>

other body concerned, and the Mutual Fund assumes no responsibility thereof. The Pledgor will not be able to redeem / switch Units that are pledged until the entity to which the Units are Lien marked / pledged provides written authorization to the Mutual Fund that the pledge / lien charge may be removed. As long as Units are Lien marked / pledged, the pledgee will have complete authority to redeem such Units.

The distributions in the nature of IDCWs which are paid out on Lien marked /pledged Units shall be made in favor of the investor, unless understood and accepted between the unit holder(s) and financier/ lender.

Units held in dematerialized form: In case of Units held in dematerialized form, the rules of Depository will be applicable for Lien marking / Pledge of the Units of the Scheme. Units can be Lien marked / pledged by completing the requisite forms / formalities as may be required by the Depository.

Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the AMC reserves the right to change the procedure for Lien marking / pledge of MF Units from time to time.

3. Suspension of Sale / Switch-in of Units: Subject to the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time and circulars issued thereunder, the AMC/Trustee at its sole discretion reserves the right to withdraw / suspend sale (via fresh / additional subscriptions / switch-ins / existing or fresh SIP / STP or such other special product) of the Units in the scheme temporarily or indefinitely, if in the opinion of the AMC, the general market conditions are not favorable and / or suitable investment opportunities are not available for deployment of funds.

Further, the indicative list of circumstances under which sale or switching of units may temporarily be suspended is as follows:

- When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme is closed otherwise than for ordinary holidays.
- In the event of breakdown in the means of communication use for the valuation of investments of the Scheme, without which the value of the securities of the scheme cannot be accurately calculated.
- During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unitholders of the Scheme.
- When AMC is of the view that further increasing the size of the corpus of the Scheme may prove detrimental to the interest of the existing unit holders.
- In case of natural calamities, strikes, riots and bandhs.
- In the event of any force majeure or disaster that affects the normal functioning of the AMC, ISC or the Registrar.
- In the event of any unforeseen situation that affects the normal functioning of the stock exchange(s).
- When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme are not reasonable or would not reasonably be practicable without being detrimental to the interests of the Unit holders.
- If so directed by SEBI.

Further, an order to purchase Units is not binding on and may be rejected by the Trustees, the AMC or their respective agents, until it has been confirmed in writing by the AMC or its agents and payment has been received.

4. Freezing / Seizure of Accounts: The Trustee / AMC may at its sole discretion (and without being responsible and / or liable in any manner whatsoever) freeze/seize / do such acts to a Unit holder's account as per

instructions (or deal with the same in the manner the Trustee / AMC is directed and / or ordered) under the Scheme: i) Under any requirement of any law or regulations for the time being in force; and or ii) Under the direction and / or order (including interim orders) of any regulatory/statutory authority or any judicial authority or any quasi-judicial authority or such other competent authority having the powers to give direction and / or order.

5. Restriction on third party payment:

- a) Third party payments (i.e. where payment is made from a source other than that of the first holder) will not be accepted by the Fund, except if made under the following exceptional categories, namely;
- i. Payment by employer on behalf of employee as payroll deductions or deductions out of expense reimbursements for SIP / Lumpsum investments,
 - ii. Custodian on behalf of FPI / client and
 - iii. Payment by Asset Management Company (AMC) to a Distributor empaneled with it on account of commission / incentive etc. in the form of the Mutual Fund Units of the Funds managed by the AMC through Systematic Investment Plans or Lumpsum Investment.
 - iv. Payment by a Corporate to its Agent/Distributor / Dealer, on account of commission or incentive payable for sale of its goods / services, in the form of the Mutual Fund Units through Systematic Investment Plan or Lumpsum Investment.
 - v. Any other cases as may be permitted by SEBI/AMFI from time to time.

In such cases, KYC acknowledgement along with additional declarations will have to be submitted along with the application form, failing which the application will be rejected. Such declaration to be submitted in original & in the prescribed standard format and unique across each lumpsum investment. (Declaration formats can be obtained from ISCs or downloaded from the Fund's website.)

- b) In case of payment from a joint bank account, the first holder in the folio has to be one of the joint holders of the bank account from which the payment is made. Hence, joint holders may pre-register their bank accounts (single / multiple) with the AMC / RTA, by completing the Multiple Bank Account Registration Form, if they intend to make payment on behalf of other joint holder(s) in the folio. In such cases the application will be accepted and not treated as a third party payment.
- c) Where the payment instrument does not mention the bank account holder's name/s or Signature of the units holder as on the investment application does not match with the signature on the payment instrument, investor should attach a cancelled cheque leaf / bank pass book copy to substantiate that the first unit holder is one of the joint holders of the bank account. Where a payment is through a pre-funded instrument, a bank certification of the bank account no. and account holders name should be attached, in the required format. Pre-funded instruments issued against cash shall not be accepted for investments of Rs. 50,000 or more. For RTGS / NEFT / online bank transfer etc., a copy of the instruction to the bank stating the account number debited must accompany the purchase application.
- d) The AMC reserves the right to reject the application, post acceptance of the same, if any of the requisite documents / declarations are unavailable or incomplete, in which case the AMC shall refund the subscription money.
- e) No interest will be payable on any such subscription money refunded.

6. Suspension of Redemption of units:

Suspension or restriction of repurchase/ redemption facility under any

	<p>scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees.</p> <p>Additionally, the following requirements shall need to be observed before imposing restriction on redemptions:</p> <p>a) Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <ol style="list-style-type: none"> i. Liquidity issues - when the market at large becomes illiquid affecting almost all securities rather than any issuer specific security. ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems. <p>b) Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.</p> <p>c) Any imposition of restriction would require specific approval of Board of AMC and Trustees and the same shall be informed to SEBI immediately.</p> <p>d) When restriction on redemption is imposed, the following procedure shall be applied:</p> <ul style="list-style-type: none"> • No redemption requests up to INR 2 lakh shall be subject to such restriction. • Where redemption requests are above INR 2 lakh, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction. <p>Right to Limit Redemptions</p> <p>Any Units, which by virtue of these limitations are not redeemed on a particular Business Day, will be carried forward for Redemption to the next Business Day, in order of receipt. Redemptions so carried forward will be priced on the basis of the Applicable NAV (subject to the prevailing load) of the Business Day on which Redemption is made. Under such circumstances, to the extent multiple Redemption requests are received at the same time on a single Business Day, Redemptions will be made on pro-rata basis, based on the size of each Redemption request, the balance amount being carried forward for Redemption to the next Business Day(s).</p> <p>Suspension or restriction of repurchase/ redemption facility under any Scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees. After obtaining the approval from the AMC Board and the Trustees, intimation would be sent to SEBI in advance providing details of circumstances and justification for the proposed action shall also be informed.</p> <p>7. Fractional Units: The total number of Units allotted will be determined with reference to the applicable sale price and fractional Units may be created. Fractional Units will be computed and accounted for up to three decimal places for the Scheme.</p>
<p>Cut off timing for subscriptions/ redemptions/ switches</p> <p>This is the time before which your</p>	<p>Cut off timing for subscriptions/ redemptions/ switches: 3.00 p.m.</p> <p>Where a request for purchase / redemption / switch is received after the cut-off time as mentioned above, the request will be deemed to have been</p>

<p>Minimum balance to be maintained and consequences of non-maintenance</p>	<p>There is no minimum balance required to be maintained under the Scheme.</p>
<p>Account Statements</p>	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form).</p> <p>A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month.</p> <p>Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable.</p> <p>CAS for investors having Demat account: Investors having MF investments and holding securities in Demat account shall receive a single Consolidated Account Statement (CAS) from the Depository. Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis. If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within ten days from the month end. In case there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.</p> <p>For further details, refer SAI.</p>
<p>Dividend/ IDCW</p>	<p>The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date.</p> <p>For further details, please refer the section 'Dividend Policy (IDCW)' above.</p>

Redemption	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase.</p> <p>All redemption requests received prior to the cut-off time (i.e. 3.00 p.m.) on any Business Day at the Official Points of Acceptance of Transactions will be considered accepted on that Business Day, subject to the redemption requests being complete in all respects and will be priced on the basis of Redemption Price for that day. Requests received after the cut-off time (i.e. 3:00 p.m.) will be treated as though they were accepted on the next Business Day.</p> <p>Further, as per AMFI circular no. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, in case of exceptional situations the AMC might follow the additional timelines for making redemption payments. For further information, please refer to the SAI.</p> <p>For schemes investing atleast 80% of total assets in permissible overseas investments (as per Clause 12.19 of SEBI Master Circular for Mutual Funds dated May 19, 2023), the transfer of redemption or repurchase proceeds to the unitholders shall be made within five working days from the date of redemption or repurchase.</p>
Delay in payment of redemption / repurchase proceeds/IDCW	<p>The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024, by SEBI for the period of such delay.</p> <p>Delay in payment of IDCW proceeds: As per Chapter 11 of the Master Circular, or as amended from time to time, the AMC shall dispatch payment of the IDCW proceeds within 7 working days from the record date. However, in the event of failure to dispatch/ credit the IDCW proceeds within the above time, interest @ 15% per annum or such rate as may be specified by SEBI, would be paid to the Unit holders for the period of delay from the stipulated period for the dispatch/payment of IDCW payments.</p> <p>Delay in payment of redemption / repurchase proceeds: As per Para 14.1.1 of the Master Circular, or as amended from time to time, the AMC shall transfer the redemption / repurchase proceeds within <u>3 working Days*</u>, from the date of acceptance of redemption request at any of the Investor Service Centers. In the event of failure to dispatch the redemption proceeds within the above time, the Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @15% per annum). SEBI has further advised the mutual funds that in the event of payment of interest to the Unit holders, such Unit holders should be informed about the rate and the amount of interest paid to them.</p> <p><i>* As per AMFI circular no. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, in case of exceptional situations the AMC might follow the additional timelines for making redemption payments. For further information, please refer to the SAI.</i></p> <p>If the Unit holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Fund retains the right to reject/withhold the redemption until a proper bank mandate is furnished by the Unitholder and the provision with respect of penal interest in such cases will not be applicable/ entertained.</p> <p>The mode of payment may be direct credit/ECS/cheque or any other mode as may be decided by AMC in the interest of investors.</p> <p>If the investor(s)/unitholder(s) submit(s) redemption request accompanied with request for change of Bank mandate or submits a redemption request within 7 days from the date submission of a request for change of Bank mandate details, the Asset Management Company will process the redemption but the release of redemption proceeds shall be deferred on account of additional verification, but will be within the regulatory limits as specified by Securities and Exchange Board of India time to time.</p>
Bank Mandate	<p>a) Bank Account Details:</p>

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit- holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to withhold the redemption until a proper bank mandate is furnished by the Unitholder and the provision with respect of penal interest in such cases will not be applicable/ entertained.

It may be noted that in case of those Unitholders who hold Units in demat form, the bank mandate available with respective DP will be treated as the valid bank mandate for the purpose of payout at the time of any corporate action.

b) Bank Mandate Requirement

For all fresh purchase transactions made by means of a cheque, if cheque provided along with fresh subscription/new folio creation does not belong to the bank mandate opted in the application form, any one of the following documents needs to be submitted.

- 1) Original cancelled cheque having the First Holder Name printed on the cheque.
- 2) Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application.
- 3) Photocopy of the bank statement duly attested by the bank manager with designation, employee number and bank seal.
- 4) Photocopy of the bank passbook duly attested by the bank manager with designation, employee number and bank seal.
- 5) Photocopy of the bank statement/passbook/cheque duly attested by Helios Asset Management Company Limited (the AMC) branch officials after verification of original bank statement/passbook shown by the investor or their representative.
- 6) Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the name of investor, account type, bank branch, MICR and IFSC code of the bank branch. The letter should not be older than 3 months.

This condition is also applicable to all purchase transactions made by means of a Demand Draft. In case the application is not accompanied by the aforesaid documents, the AMC reserves the right to reject the application, also the AMC will not be liable in case the redemption/IDCW proceeds are credited to wrong account in absence of above documents.

In case the bank account details are not mentioned or found to be incomplete or invalid in a purchase application, then the AMC may consider the account details as appearing in the investment amount cheque and the same shall be updated under the folio as the payout bank account for the payment of redemption/IDCW amount etc. The aforementioned updation of bank account shall however be subject to compliance with the third party investment guidelines issued by Association of Mutual Funds in India (AMFI) from time to time.

The AMC reserves the right to call for any additional documents as may be required, for processing of such transactions with missing/incomplete/invalid bank account details. The AMC also reserves the right to reject such applications.

c) Multiple Bank Account Registration

The Mutual Fund offers a facility to register multiple bank accounts for pay-in & payout purposes and designate one of the registered bank accounts as "Default Bank Account". Individuals, HUFs, Sole proprietor firms can register upto five bank accounts and a non-individual investor can register upto ten bank accounts in a folio. This facility can be availed by using a designated "Bank Accounts Registration Form" available at Investor Service Centers and Registrar and Transfer Agent's offices. In case of new investors, the bank account mentioned on the purchase application form, used for opening the folio, will be treated as default bank account till the investor gives a separate

	<p>request to register multiple bank accounts and change the default bank account to any of other registered bank account. Registered bank accounts may also be used for verification of pay-ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription. Default Bank Account will be used for all IDCW and redemption payouts unless the investor specifies one of the existing registered bank account in the redemption request for receiving redemption proceeds. However, in case a Unit holder does not specify the default account, the Mutual Fund reserves the right to designate any of the registered bank accounts as default bank account.</p> <p>Consequent to introduction of “Multiple Bank Accounts Facility”, registering a new bank account will require a cooling period of not more than 10 days from the date of receipt of request. In the interim, in case of any IDCW/ redemption/ maturity payout, the same would be credited in the existing registered bank account.</p> <p>d) Change in Bank Mandate</p> <p>Pursuant to AMFI communication no. 135/BP/26/11-12 dated March 21, 2012, following process changes will be carried out in relation to change in bank mandate:</p> <ol style="list-style-type: none"> 1. In case of standalone change of bank details, documents as enlisted in the SAI should be submitted as a proof of new bank account details. 2. Investors/Unit holders are advised to register multiple bank accounts and choose any of such registered bank accounts for receipt of redemption proceeds. 3. Any unregistered bank account or new bank account forming part of redemption request shall not be entertained or processed. <p>Any change of Bank Mandate request received/processed few days prior to submission of a redemption request or on the same day as a standalone change request or received along with the redemption request, the AMC will continue to follow cooling period of 10 calendar days for validation and registration of new bank account and dispatch/credit of redemption proceeds shall be completed in 10 working days from the date of redemption.</p>
<p>Unclaimed Redemption and Income Distribution cum Capital Withdrawal (IDCW) Amount</p>	<p>Deployment of unclaimed redemption/IDCW amounts</p> <p>In accordance with the provisions of Para 14.3 of the Master Circular, the unclaimed redemption amount and IDCW amounts (the funds) may be deployed by the Mutual Fund in call money market or money market instruments and separate plan of Overnight Scheme / Liquid Scheme / Money Market Scheme floated by the Mutual Fund specifically for deployment of the unclaimed amounts only. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix.</p> <p>AMCs shall not charge any exit load in such plans and TER (Total Expense Ratio) of such plan shall be capped as per the TER of direct plan of such scheme or at 50 bps, whichever is lower.</p> <p>Further, for the Unclaimed redemption and IDCW amounts deployed in Call Money Market or Money Market instruments, the investment management and advisory fee charged by the AMC for managing unclaimed amounts shall not exceed 50 basis points.</p> <p>Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid an initial unclaimed amount along with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education.</p> <p>The AMC shall make a continuous effort to remind the investors through letters to take their unclaimed amounts.</p>

	<p>The details of such unclaimed redemption/IDCW amounts shall be made available to investors upon them providing proper credentials, on website of Mutual Funds and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same.</p> <p>Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), shall be separately disclosed to investors through the periodic statement of accounts / Consolidated Account Statement sent to the investors.</p>
<p>Disclosure w.r.t investment by minors</p>	<p>Process for Investments made in the name of a Minor through Parent/Legal Guardian</p> <p>The minor shall be the sole Unit holder in a folio. Joint holders will not be registered.</p> <p>The minor Unit holder should be represented either by a natural parent (i.e. father or mother) or by a legal guardian i.e., a court appointed guardian.</p> <p>Copies of birth certificate/passport evidencing the date of birth of the minor, relationship proof of the natural parent/ Court Order appointing the legal guardian (as the case may be) should be mandatorily provided while placing a request for subscription on behalf of a minor investor.</p> <p>Payment for investment by means of Cheque, Demand Draft or any other mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian only, else the transaction is liable to get rejected.</p> <p>Irrespective of the source of payment for subscription, all redemption/IDCW proceeds shall be credited only in the verified bank account of the minor, i.e. the account of the minor or account that minor may hold with the parent/ legal guardian after completing all KYC formalities.</p> <p>If the registered Bank Account is not in favour of minor or not joint with the parent/registered legal guardian, unit holders will be required to submit the change of bank mandate, where minor is also a bank account holder (either single or joint with the parent / registered legal guardian), before initiation any redemption transaction in the folio, else the transaction is liable to get rejected. Unit holders are required to submit the supporting document for the old bank account as well as new bank account while submitting the request for change of bank mandate.</p> <p>Upon minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transaction shall be allowed till the status of the minor is changed to major.</p> <p>The AMC/ Mutual Fund will register standing instructions like SIP/ STP/SWP etc. for a folio held by a minor Unit holder (either for existing folio or new folio) from the parent/ legal guardian only till the date when the minor Unit holder attains the age of majority, even though such instructions may be for a period beyond that date.</p>
<p>Ongoing Offer Period This is the date from which the Scheme will reopen for subscriptions/redemptions after the closure of the NFO period.</p>	<p>Units of the Scheme shall also be available for subscription and redemption on an ongoing basis on every business day at NAV based prices. The Units of the Scheme will not be listed on any exchange, for the present.</p> <p>The Scheme offers Sale/Switch-in and Redemption/Switch-out of Units on every Business Day. Units of the Scheme would be available at Applicable NAV on any Business Day.</p>
<p>Ongoing price for subscription (purchase) / switch-in (from other Schemes / plans of the mutual fund) by the investors This is the price you need to pay for purchase/switch-in.</p>	<p>The purchase price of the Units will be based on the Applicable NAV (for respective plan and option of the Scheme).</p> <p>Purchase Price = Applicable NAV (for respective plan and option of the Scheme)</p> <p>Example: An investor invests Rs 20,000/- and the current NAV is Rs. 20/- then the purchase price will be Rs. 20/- and the investor receives</p>

	<p>$20000/20 = 1000$ units.</p> <p>Transaction charges and other charges/expenses, if any, borne by the investors have not been considered in the above illustration(s).</p>
<p>Ongoing price for redemption This is the price you will receive for redemptions/ switch outs.</p>	<p>The Redemption Price of the Units will be based on the Applicable NAV (for respective plan and option of the Scheme) subject to the prevalent exit load provisions.</p> <p>The repurchase price, however, will not be lower than 95% of the NAV subject to SEBI (Mutual Funds) Regulations, 1996 as amended from time to time. The Redemption Price of the Units will be computed as follows:</p> <p>Redemption Price = Applicable NAV (for respective plan and option of the Scheme) * (1-Exit Load as applicable to the investor).</p> <p>The applicable exit load shall be subject to the tenure of investment of the investor in the scheme vis-à-vis the exit load structure applicable when investor had invested in the scheme.</p> <p>Example: An investor invests on April 1, 2023, when the applicable exit load for the scheme was 2% if redeemed within 1 year, else nil.</p> <p>Scenario 1) In case investor redeems before April 1, 2024, then applicable exit load would be 2%. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is Rs 25/-. Hence, the sale or redemption price per unit becomes Rs. 24.50/- i.e. $25*(1-2\%)$. The investor therefore gets $1000 \times 24.50 = \text{Rs. } 24,500/-$.</p> <p>Scenario 2) In case investor redeems on or after April 1, 2024, then applicable exit load would be nil. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is Rs 30/-. Hence, the sale or redemption price per unit will be Rs. 30/- i.e. $30*(1-0)$. The investor therefore gets $1000 \times 30 = \text{Rs. } 30,000/-$.</p> <p>Transaction charges and other charges/expenses, if any, borne by the investors have not been considered in the above illustration(s).</p>
<p>Requirement of minimum investors in the Scheme</p>	<p>The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. The two conditions mentioned above shall be complied with in each calendar quarter on an average basis, as specified by SEBI. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund at the applicable Net Asset Value on the 15th day of the notice period. The Scheme shall adhere to the requirements prescribed by SEBI from time to time in this regard.</p>
