XXI.	Special product/facility available during the	During the NFO: Not Applicable Ongoing basis:

<p>NFO and on ongoing basis</p>	<p>1. Systematic Investment Plan (SIP) This facility enables the investors to save and invest at regular intervals over a longer period of time. It is convenient way to start investing, regular investment not only helps to reduce average unit acquisition cost (this concept is called ‘Rupee Cost Averaging.’) but also helps to inculcate discipline when it comes to investing. This facility gives the investor an opportunity to invest regularly thereby averaging the acquisition cost of units. Investors may register for SIP using a prescribed enrollment form or register through online modes.</p> <p>a. SIP through Direct Debit / NACH: Investors may also enroll for SIP facility through NACH (Debit Clearing) of the RBI or for SIP Direct Debit Facility available with specified Banks / Branches. In order to enroll for SIP NACH or Direct Debit Facility, an Investor must fill-up the Application Form for SIP NACH/ Direct Debit facility</p> <p>Note: Direct Debit facility will be offered at the discretion of the AMC and through select banks with whom AMC may have an arrangement, from time to time.</p> <p>b. SIP Top-up Facility: SIP Top-up Facility is a facility which provides flexibility to the investors to increase the amount of the SIP installment by a fixed amount or by a fixed percentage at pre-defined intervals during the tenure of the SIP.</p> <p>c. Pause SIP facility: Pause SIP Facility is a facility under which the investor has an option to temporarily pause their registered SIP by submitting the prescribed form at any of the Official Points of Acceptance (OPATs) of the Fund or by submitting an application through the online transaction portal available on the Fund’s website viz., www.mahindramanulife.com.</p> <p>d. Micro Systematic Investment Plan ("MICRO SIP"): Investment in mutual fund schemes [including through Systematic Investment Plan (SIP)] upto Rs. 50,000 per year per investor, are exempt from the requirement of PAN. Such PAN exempt SIPs are referred to as Micro SIP.</p> <p>e. Power SIP Facility (“the Facility”) The Facility allows an investor to register an SIP (Systematic Investment Plan) cum SWP (Systematic Withdrawal Plan) in the eligible scheme(s) of the Fund for a specified duration. SWP instalments would commence on completion of the SIP tenure. The investor has the option to register the SIP and SWP in the same scheme or different scheme .</p> <p>2. Systematic Transfer Plan (STP) This facility enables the Unit holder to transfer fixed amount periodically from one scheme of the Mutual Fund (“Transferor Scheme”) to another (“Transferee Scheme”) by redeeming units of the Transferor Scheme at the Applicable NAV, subject to Exit Load, if any and investing the same amount in Transferee Scheme at the Applicable NAV, on a recurrent basis for a specified period at specified frequency as per the investor’s STP mandate. Investors may register for STP using a prescribed enrolment form.</p> <p>a. Capital Appreciation Systematic Transfer Plan Capital Appreciation Systematic Transfer Plan (CASTP)” is a facility wherein unit holder(s) of "Transferor Scheme(s)" and in “Growth Option” of the Fund can opt to</p>

		<p>automatically invest regularly the capital appreciation amount, subject to Exit Load, if any and subject to a minimum capital appreciation amount of Rs. 500 into the "Transferee Scheme(s)" of the Fund which is/are available for investment at that time. Investors may register for CASTP using a prescribed enrollment form.</p> <p>b. Flex Systematic Transfer Plan Flex Systematic Transfer Plan (Flex STP) is a facility wherein unit holder(s) of designated open-ended scheme(s) of the Fund can opt to transfer variable amount(s) linked to value of investments, at pre-determined intervals from designated open-ended Scheme(s) of the Fund (hereinafter referred to as "Transferor Scheme") to the Growth Option of designated open-ended scheme(s) of the Fund (hereinafter referred to as "Transferee Scheme"). Investors may register for Flex STP using a prescribed enrollment form.</p> <p>3. Systematic Withdrawal Plan (SWP): SWP is a facility that enables Unitholders to withdraw specified amounts from the Scheme on a recurrent basis for a specified period at specified frequency by providing a single mandate/ standing instruction. The amount thus withdrawn by redemption will be converted into Units at Applicable NAV based prices and the number of Units so arrived at will be subtracted from the Units balance to the credit of that Unitholder. The provision of "Minimum Redemption Amount" of the Scheme shall not be applicable to SWP transactions. Investors may register for SWP using a prescribed enrollment form.</p> <p>4. Switching Options: a. Inter - Scheme Switching option: Unitholders under the Scheme have the option to Switch part or all of their Unitholdings in the Scheme to any other Scheme offered by the Mutual Fund from time to time. The Mutual Fund also provides the Unitholders the flexibility to Switch their investments from any other scheme(s) / plan (s) offered by the Mutual Fund to this Scheme. This option will be useful to Unitholders who wish to alter the allocation of their investment among the scheme(s) / plan(s) of the Mutual Fund in order to meet their changed investment needs.</p> <p>The Switch will be effected by way of a Redemption of Units from the Scheme at Applicable NAV, subject to Exit Load, if any and reinvestment of the Redemption proceeds into another Scheme offered by the Mutual Fund at Applicable NAV and accordingly the Switch must comply with the Redemption rules of the Switch out Scheme and the Subscription rules of the Switch in Scheme.</p> <p>b. Intra -Scheme Switching option : Unitholders under the Scheme have the option to Switch their Unit holding from one plan/option to another plan/option (i.e. Regular Plan to Direct Plan and Growth option to Income Distribution cum Capital Withdrawal/IDCW option and vice-a-versa), of respective units. The Switches would be done at the Applicable NAV based prices and the difference between the NAVs of the two options will be reflected in the number of Unit allotted.</p> <p>Switching shall be subject to the applicable "Cut off time and Applicable NAV" stated elsewhere in the Scheme Information Document. In case of "Switch" transactions from one scheme to another, the allocation shall be in line with Redemption payouts.</p> <p>For further details of above special products / facilities, kindly refer SAI.</p>

Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The Asset Allocation Pattern of the Scheme under normal circumstances would be as under:

Instruments	Indicative Allocation (% of Total assets)	
	Minimum	Maximum
Equity and Equity-related securities of companies engaged in manufacturing theme [^]	80	100
Equity and Equity related instruments of companies other than above*	0	20
Debt and Money Market Securities [#] (including TREPS (Tri-Party Repo) and Reverse Repo in Government Securities)	0	20
Units issued by REITs & InvITs	0	10

[^] including equity derivatives to the extent of 50% of the equity component of the Scheme.

Investment in derivatives shall be for hedging, portfolio balancing and such other purposes as maybe permitted from time to time under the Regulations and subject to guidelines issued by SEBI/RBI from time to time. The Scheme may utilize the entire available equity derivatives exposure limit as provided above, for hedging purpose. However, the equity derivatives exposure towards non-hedging purpose shall not exceed 20% of the net assets of the Scheme, subject to maximum derivatives exposure as defined above (i.e. 50% of the equity component of the Scheme). The margin money deployed on derivative positions would be included in the Debt and Money Market Securities category.

*The Scheme may invest in Foreign Securities (including units/securities issued by overseas mutual funds) up to 20% of the net assets of the Scheme in compliance with clause 12.19 of the SEBI Master Circular pertaining to overseas investments by mutual funds, as amended from time to time. The Scheme intends to invest US\$ 5 million in Overseas securities within six months from the date of the closure of the New Fund Offer (NFO) of the Scheme. Thereafter, the Scheme shall invest in Foreign Securities as per the limits available to 'Ongoing Schemes' in terms of clause 12.19.1.3.c of SEBI Master Circular. Further, SEBI vide its clause 12.19.1.3.d of the SEBI Master Circular, clarified that the above specified limit would be considered as soft limit(s) for the purpose of reporting only by mutual funds on monthly basis in the format prescribed by SEBI.

[#]Money Market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

Cash and cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide its letter dated November 3, 2021 issued to AMFI, has clarified that for the purpose of clause 12.25 of SEBI Master Circular, cash equivalent shall consist of-

- Government Securities;
- T-Bills; and
- Repo on Government Securities.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.

Subject to the Regulations and applicable regulatory guidelines as may be issued from time to time, the Scheme may also engage in securities lending not exceeding 20% of the net assets of the Scheme. Further, the Scheme shall not deploy more than 5% of the Scheme's net assets in securities lending through a single intermediary. These limits shall be applicable at the time of participating in the securities lending by the Scheme.

Illustration –Total Net Assets of the Scheme A on June 1 – Rs. 30,00,000; On June 2, the Scheme A wishes to lend securities worth Rs. 3,00,000. The Scheme A may participate in the securities lending by placing orders through any 2 or more intermediaries / brokers where the maximum order value with a single intermediary/broker shall not exceed Rs. 1,50,000 (i.e. 5% of the net assets of the Scheme A as on June 1).

The Scheme shall not invest in securitized debt, debt instruments having structured obligations / credit enhancements, debt instruments having special features in terms of clause 12.2 of SEBI Master circular, unrated debt instruments, credit default swaps and repos in Corporate Bonds. The Scheme shall not engage into short selling. The Scheme shall not invest in Overseas ETFs.

As per clause 12.24 of SEBI Master Circular, the cumulative gross exposure through equity, debt, derivative positions, repo transactions in government securities, units issued by REITs & InvITs, Foreign Securities and such other securities/assets as may be permitted by SEBI from time to time should not exceed 100% of the net assets of the scheme.

Pending deployment of the funds in securities in terms of investment objective of the Scheme, the AMC may in terms of clause 12.16 of SEBI Master Circular park the funds of the Scheme in short term deposits of the Scheduled Commercial Banks.

All the investments by the Mutual Fund under the scheme shall be guided by investment restrictions as specified in SEBI (Mutual Funds) Regulations, 1996 from time to time.

Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

Subject to SEBI (MF) Regulations and circulars issued thereunder, the Fund Manager reserves the right to invest in such securities as maybe permitted from time to time and which are in line with the investment objectives of the Scheme.

For applicable regulatory investment limits please refer paragraph "Investment Restrictions".

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme follows an active investment strategy. The Scheme aims to generate capital appreciation by investing at least 80% of its net assets in equity and equity-related securities of companies and sectors that are involved in manufacturing activities and are likely to benefit from the growth of the manufacturing theme.

The Scheme will follow a bottom-up approach towards investing in listed companies that:

- Are engaged in manufacturing activity
- May benefit from government incentives to encourage manufacturing opportunities.
- Are positioned to benefit from export promotion of domestic industries and import substitution through domestic manufacturing.
- May produce goods and materials for export.
- Are establishing new manufacturing capacity or investing in new plants and production technology.

The Scheme may also invest across market capitalization and in sectors which offer allied services associated with the entire manufacturing lifecycle. The universe of the Scheme may also contain companies listed in India and having manufacturing facilities outside India.

However, the investment universe of the above referred manufacturing theme will be limited to companies mapped to the basic Industry list published by Asia Index Private Limited for BSE India Manufacturing Index. Please refer the current link <https://www.asiaindex.co.in/documents/methodology/methodology-sp-bse-thematic-indices.pdf> for the index methodology document and indicative basic industry list published by Asia Index Private Limited.

The portfolio construction will be based on bottom-up stock picking using the internal investment framework which will inter alia focus on four key criteria i.e. Growth, Cash, Management and Valuation among others. The said criteria will be guided by a combination of one or more factors like (a) growth outlook for the business, (b) quality of balance sheet and cashflows strength, (c) stability of business model across economic cycles; (d) business moat in terms of brand power or technological edge or any competitive advantage, (e) management track record, (f) reasonable valuations vis a vis growth.

The Scheme may also invest a part of its corpus through permissible foreign securities including ADRs, GDRs, overseas equity, mutual funds and such other instruments as may be allowed under the Regulations from time to time. The Scheme may also invest a certain portion of its corpus in debt and money market securities. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The investment team of the AMC will, as a mitigation and risk control procedure, carry out rigorous credit evaluation of the issuer company proposed to be invested in. The credit evaluation will analyse the operating environment of the issuer, the sector analysis, business model, management, governance practices, quality of the financials, the past track record as well as the future prospects of the issuer and the financial health of the issuer.

The Scheme may also invest in the units of REITs and InvITs for diversification, subject to conditions prescribed by SEBI from time to time.

Derivatives Strategy

The Scheme may invest in various derivative instruments which are permissible under the applicable regulations. Derivatives will be used for the purpose of hedging, and portfolio balancing or such other purpose as may be permitted under the regulations and Guidelines from time to time. Such

investments shall be subject to the investment objective and strategy of the Scheme and the internal limits if any, as laid down from time to time. These include but are not limited to futures (both stock and index) and options (stock and index). Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument such as interest rates, exchange rates, commodities and equities.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

For Details of various derivative strategies/examples of use of derivatives, please refer SAI of the Fund.

Portfolio Turnover:

The Scheme is an open-ended scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. There may be an increase in transaction cost such as brokerage paid, if trading is done frequently. The fund manager will endeavor to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. However, it is difficult to estimate with reasonable accuracy, the likely turnover in the portfolio of the Scheme. The Scheme has no specific target relating to portfolio turnover.

Risk Control

Risk is an inherent part of the investment function. Effective Risk Management is critical to Fund Management for achieving financial soundness. Investments by the Scheme shall be made as per the investment objectives of the Scheme and provisions of the Regulations.

The AMC has incorporated adequate safeguards to manage risk in the portfolio construction process. The risk control process involves identifying & measuring the risk through various Risk Measurement Tools. Further, the AMC has implemented a robust Front Office System (FOS) for managing risk related to investment restrictions. The system has inbuilt feature which enables the Fund Manager calculate various risk ratios and analyze the same.

The AMC has experienced investment professionals to help limit investment universe to carefully selected high quality businesses. The Fund Manager would also consider hedging the portfolios in case of predictable events with uncertain outcomes.

The Scheme would invest in a diversified portfolio of equity and equity related securities which would help alleviate the credit, sector/market capitalization related concentration risk.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Benchmark (Total Returns Index):The Scheme performance would be benchmarked against the BSE India Manufacturing TRI (First Tier Benchmark)

Subject to the Regulations and other prevalent guidelines, the Trustee may change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

Justification of Benchmark

The Scheme will invest in companies belonging to the manufacturing theme. Hence, BSE India Manufacturing TRI is a suitable benchmark for comparing performance of the Scheme, as composition of the said benchmark is aligned with the investment objective of the Scheme.

The Trustee reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to the Regulations and other prevalent guidelines.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per unit of the Scheme for each option will be computed by dividing the net assets of the Scheme by the number of units outstanding on the valuation day. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

The NAV of the Units under the Scheme will be calculated on a daily basis as shown below:

$$\text{NAV per unit (Rs.)} = \frac{\text{(Market / Fair Value of Scheme's Investments + Current Assets including Accrued Income - Current Liabilities and Provisions)}}{\text{No. of units outstanding under the Scheme / Option on the valuation day}}$$

The NAV shall be calculated/rounded off up to four decimal places. However the AMC reserves the right to declare the NAVs up to additional decimal places as it deems appropriate. Separate NAV will be calculated and disclosed for each Plan/Option. The NAVs of the Growth Option and the Income Distribution cum Capital Withdrawal/IDCW Option will be different after the declaration of the first IDCW. The AMC will calculate and disclose the NAV of the Scheme on all the Business Days.

Illustration on Computation of NAV for a Scheme has been provided below:

Particulars	Amount in Rs
Market or Fair Value of Scheme's investments	2,00,00,000.00
Current Assets including accrued income	15,00,000.00
Current Liabilities and Provisions	5,00,000.00

No. of Units outstanding under the Scheme = 6,80,000.000

The NAV per unit will be computed as follows:

$$\text{NAV per unit (Rs.)} = \frac{2,00,00,000.00 + 15,00,000.00 - 5,00,000.00}{6,80,000.000}$$

$$\text{NAV per unit (Rs.)} = 30.8824$$

Note : The aforesaid provisions pertaining to "Calculation of NAV" shall apply in respect of each individual Scheme and/or plan as the case may be. The NAV per unit above is rounded off to four decimals.

- **Methodology of calculating the sale price**

The price or NAV a unitholder is charged while investing in an open-ended scheme is called sale / subscription price. Pursuant to clause 10.4.1.a of the SEBI Master circular, no entry load will be charged by the Scheme to the unitholders.

Therefore, Sale / Subscription price = Applicable NAV

- **Methodology of calculating the repurchase price**

Repurchase or redemption price is the price or NAV at which an open-ended scheme purchases or redeems its units from the Unitholders. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the “Applicable NAV” to calculate the repurchase price.

Therefore, Repurchase / Redemption Price = Applicable NAV *(1 – Exit Load, if any)

For example, If the Applicable NAV of the Scheme is Rs. 10 and the Exit Load applicable at the time of investment is 2% if redeemed before completion of 1 year from the date of allotment of units and the Unitholder redeems units before completion of 1 year, then the repurchase/redemption price will be:

$$= \text{Rs. } 10 * (1 - 0.02)$$

$$= \text{Rs. } 9.80$$

As per regulation 49 (3) of the SEBI (MF) Regulations, While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 95 per cent of the Net Asset Value.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, paid marketing and advertising, Registrar and Transfer Agent expenses, printing and stationary, bank charges etc.

In accordance with regulatory guidelines the NFO expenses shall be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below.

The AMC has estimated that following % of the daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the Investor should refer to the website of the Fund/AMC.

Sr. No	Expense Head	% p.a of daily Net Assets*(Estimated p.a)
(i)	Investment Management and Advisory Fees	Upto 2.25%
(ii)	Audit Fees / Fees and expenses of Trustees	
(iii)	Custodial Fees	
(iv)	Registrar & Transfer Agent Fees including cost of providing Account statements / IDCW / redemption cheques/ warrants	
(v)	Marketing & Selling Expenses including Agents Commission and Statutory advertisement	
(vi)	Costs related to investor communications	
(vii)	Costs of fund transfer from location to location	
(viii)	Cost towards investor education & awareness	

(ix)	Brokerage & transaction cost pertaining to distribution of units	
(x)	Goods & Services Tax on expenses other than investment and advisory fees	
(xi)	Goods & Services Tax on brokerage and transaction cost	
(xii)	Other Expenses# (to be specified as per Reg 52 of SEBI MF Regulations)	
(A)	Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.25%
(B)	Additional expenses under regulation 52 (6A) (c)	Upto 0.05%
(C)	Additional expenses for gross new inflows from specified cities	Upto 0.30%*

#Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the SEBI (MF) Regulations except those expenses which are specifically prohibited.

* In line with AMFI communication no.35P/MEM-COR/85-a/2022-23 dated March 2, 2023 and SEBI letter no. SEBI/H0/IMD/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, the B-30 incentive structure is kept in abeyance from March 1, 2023, till appropriate re-instatement of incentive structure by SEBI with necessary safeguards.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

The total expenses of the Scheme including Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) shall not exceed the limits stated in Regulation 52(6) of SEBI (MF) Regulations. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) respectively.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its Associate, Sponsors, Trustee or any other entity through any route. However, expenses that are very small in value but high in volume^ (^A list of such miscellaneous expenses is provided by AMFI in consultation with SEBI) may be paid out of AMC's books at actuals or not exceeding 2 bps of the Scheme's AUM, whichever is lower.

Expense Structure for Direct Plan - Direct Plan will have lower expense ratio than Regular Plan of the Scheme. The expenses under Direct Plan shall exclude the distribution and commission expenses and additional expenses for gross new flows from specified cities under regulation 52(6A)(b). All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a Regular Plan.

The trusteeship fees shall be subject to a maximum of 0.01% per annum of the daily Net Assets of the schemes of the Mutual Fund. Such fee shall be paid to the Trustee Company at monthly frequency. The Trustee Company may charge further expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

GST on expenses other than the investment management and advisory fees, if any, shall be charged to the Scheme within the maximum limit of total expense ratio as prescribed under regulation 52 of the SEBI (MF) Regulations. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the SEBI (MF) Regulations.

In terms of clause 10.1.16. a of SEBI Master circular, the AMC shall annually set apart at least 0.02% on daily net assets within the maximum limit of recurring expenses as per Regulation 52 for investor education and awareness initiatives

The total expenses of the Scheme including the investment management and advisory fee shall not exceed the limits stated in Regulation 52(6) which are as follows:

- (i) On the first Rs.500 crores of the daily net assets - 2.25%;
- (ii) On the next Rs.250 crores of the daily net assets – 2.00%;
- (iii) On the next Rs. 1,250 crores of the daily net assets - 1.75%;
- (iv) On the next Rs. 3,000 crores of the daily net assets - 1.60%;
- (v) On the next Rs. 5,000 crores of the daily net assets - 1.50%;
- (vi) On the next Rs. 40,000 crores of the daily net assets - TER reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof.
- (vii) On balance of the assets – 1.05%

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the Scheme as per regulation 52 (6A), namely-

- (a) Brokerage and Transaction costs incurred for the execution shall be charged to the Scheme upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
- (b) Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors of such cities as specified by SEBI/AMFI from time to time are at least –
 - (i) 30 per cent of gross new inflows from retail investors in the Scheme, or;
 - (ii) 15 per cent of the average assets under management (year to date) of the Scheme, whichever is higher:

Provided that if inflows from such retail investors from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the Scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from retail investors from such cities.

Provided further that amount incurred as expense on account of inflows from retail investors of such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment;

For the purpose of this clause - inflows of amount upto Rs. 2 Lacs per transaction, by individual investors shall be considered as inflow from “retail investor”.

Note: In line with AMFI communication no.35P/MEM-COR/85-a/2022-23 dated March 2, 2023 and SEBI letter no. SEBI/H0/IMD/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, the B-30 incentive structure is kept in abeyance from March 1, 2023, till appropriate re-instatement of incentive structure by SEBI with necessary safeguards.

- (c) Additional expenses, incurred towards different heads mentioned under regulations 52(2) and 52(4), not exceeding 0.05 per cent of daily net assets of the Scheme. However, such additional expenses will not be charged if exit load is not levied/ not applicable to the Scheme.

Further, GST on investment management and advisory fees shall be charged to the Scheme, in addition to the above expenses, as prescribed under the SEBI (MF) Regulations.

The total expense ratios (TER) of the schemes of the Fund are available in downloadable spreadsheet format on the AMC website and AMFI website. Any change in the current expense ratios will be updated at least three working days prior to the effective date of the change. For the total expense ratio details of the Scheme, investors may visit <https://www.mahindramanulife.com/downloads#mandatory-disclosures> available on the website of the AMC viz., www.mahindramanulife.com and AMFI's website viz., www.amfiindia.com.

Further, any change in the base TER (i.e. TER excluding additional expenses provided in Regulation 52 (6A) (b) and 52 (6A) (c) of SEBI (Mutual Funds) Regulations, 1996 and Goods & Services Tax on investment and advisory fees) in comparison to previous base TER charged to the Scheme/ Plan shall be communicated to investors of the Scheme/ Plan through notice via email or SMS and will be uploaded on the website <https://www.mahindramanulife.com/downloads#mandatory-disclosures> at least three working days prior to effective date of such change.

Provided that any increase or decrease in TER of the Scheme/Plan due to change in AUM and any decrease in TER in the Scheme/Plan due to various other regulatory requirements would not require issuance of any prior notice/communication to the investors.

Net return under each plan earned by the Investor ((E-A) / A)%	7.25%			8.00%		

Notes:

1. The above computation assumes no investment/redemption made during the year. The investment is assumed to be made in the Growth option of the Scheme.
2. The above computation is simply to illustrate the impact of expenses of the Schemes. The actual expenses charged to the Schemes will not be more than the amount that can be charged to the scheme as mentioned in this SID.

3. It is assumed that expenses charged are evenly distributed throughout the year. Tax impact on customers has not been considered due to the individual nature of this impact.
4. The expenses of the Direct Plan under the Scheme may vary with that of the Regular Plan under the Scheme.
5. Calculations are based on assumed NAVs and expenses. Actual returns may differ from those considered above.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.mahindramanulife.com) or may call at 1800-419-6244 or your distributor.

Type of Load#	Load chargeable# (as %age of NAV)
Exit Load (as a % of Applicable NAV)	<ul style="list-style-type: none"> • An Exit Load of 0.5% is payable if Units are redeemed / switched-out upto 3 months from the date of allotment; • Nil if Units are redeemed / switched-out after 3 months from the date of allotment. <p>Redemption /Switch-Out of Units would be done on First in First out Basis (FIFO).</p>

Applicable for normal subscriptions / redemptions including transactions under special products such as SIP, SWP, switches, etc. offered by the AMC.

There shall be no exit load for switches between the options (i.e. IDCW and Growth options) under the same Plan (i.e. Regular and Direct Plan) within the Scheme. However, switch of investments between the Plans within the Scheme i.e. between Regular and Direct Plan or vice versa, shall be subject to applicable exit load.

There shall be no load on issue of units allotted on reinvestment of IDCW for existing as well as prospective investors.

GST on exit load, if any, shall be paid out of the exit load proceeds. The entire exit load (net of GST), charged, if any, shall be credited to the Scheme.

The AMC/Trustee reserves the right to change / modify the Load structure of the Scheme, subject to maximum limits as prescribed under the Regulations. However, the Redemption/ Repurchase Price will not be lower than 95% of the NAV or as permitted / prescribed under the SEBI Regulations from time to time.

Any imposition or enhancement of Load in future shall be applicable on prospective investments only. At the time of changing the Load Structure:

1. An Addendum detailing the changes will be attached to Scheme Information Document (s) and Key Information Memorandum. The addendum may be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
2. The addendum will be displayed on the website of the AMC and arrangements will be made to display the addendum in the form of a notice in all the Investor Service Centres and distributors / brokers office.

3. The introduction of the Exit Load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such Load.
4. A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
5. Any other measure which the Mutual Fund may consider necessary.

The investors / unitholders are requested to check the prevailing load structure of the Scheme before investing. *For the current applicable exit load structure, please refer to the website of the AMC (www.mahindramanulife.com) or may call at 1800-419-6244 (toll free no.) or your distributor.*

I. INTRODUCTION

A. DEFINITIONS

For details refer <https://www.mahindramanulife.com/downloads#mandatory-disclosures--Scheme-Information-Document-Disclosures>

B. RISK FACTORS

i. STANDARD RISK FACTORS

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsors/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- Mahindra Manulife Manufacturing Fund does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsors is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Fund.
- Mahindra Manulife Manufacturing Fund is not a guaranteed or assured return scheme.

ii. SCHEME SPECIFIC RISK FACTORS

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

The Scheme will predominantly invest in equity and equity related securities of companies engaged in manufacturing theme. The Scheme is thematic in nature, hence will be affected by the risks associated with the companies/sectors falling under manufacturing theme. Sectors falling under manufacturing theme are considered to be more volatile than other sectors and hence, the Scheme's portfolio may result in higher level of volatility vis-à-vis portfolios of other diversified equity-oriented schemes. Higher sector wise concentration of the Scheme portfolio may also result into higher liquidity risk as compared to other diversified equity funds.

Investing in thematic scheme is based on the premise that the Scheme will seek to invest in companies belonging to a specific theme. This will limit the capability of the Scheme to invest in other companies/themes. Also, as with all equity investing, there is a risk that companies in that theme will not achieve expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results.

Risks associated with investments in equity and equity related securities/instruments

- Equity and equity related securities may be volatile and hence are prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted due to trading volumes and settlement periods. Settlement periods may get extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio or it may result into actual loss in terms of impact cost. Also, the value of the Scheme investments may be affected by interest rates, currency exchange rates,

changes in law / policies of the government, taxation laws and geopolitical, economic or other developments which may have an adverse bearing on individual securities, a specific sector or all sectors.

- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Schemes unless they can prepare to take the risk of losing their investment.
- Securities which are not quoted on the stock exchanges are inherently less liquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to investors, including put options. The AMC may choose to invest in unlisted securities within the regulatory limit. The liquidity and valuation of the Scheme investments due to their holdings of unlisted securities may be affected negatively if they are required to be sold prior to their target date of divestment. The price of unlisted security may go down before the divestment date and selling these securities before the divestment date may lead to losses in the portfolio.

Risks associated with investments in Debt and Money Market Instruments

- **Interest-Rate Risk:** Fixed income securities such as government bonds, corporate bonds, and money market instruments and fixed income derivatives run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices depends upon the coupon and maturity of the security. It also depends upon the yield level at which the security is being traded.
- **Re-investment Risk:** Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.
- **Basis Risk:** Basis risk arises due to an unidentical price movement of the derivative vis-à-vis that of the security being hedged.
- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- **Liquidity Risk:** The liquidity of a bond may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the bond. At the time of selling the security, the security can become less liquid, leading to loss in value of the portfolio.
- **Credit Risk:** This is the risk associated with the issuer of a debenture/bond or a money market instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and considered to be the safest. Corporate bonds carry a higher amount of credit risk than Government securities. Within corporate bonds also there are different levels of safety and a bond rated higher by a particular rating agency is safer than a bond rated lower by the same rating agency.
- **Liquidity Risk on account of unlisted securities:** The liquidity and valuation of the Scheme investments due to their holdings of unlisted securities may be affected if they are required to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.
- **Counterparty Risk:** - This is the risk of failure of counterparty to a transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the Scheme in case of a counterparty default.

- **Settlement Risk:** Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.
- **Duration Risk:** Duration risk refers to the movement in price of the underlying invested money market / debt instruments due to movement/change in interest rates over different durations of maturity of instruments. In a portfolio of debt assets, the duration risk is measured by the average duration of the portfolio. Duration, expressed in years, is used as a measure of the sensitivity of the fixed income instrument to a change in interest rates. Usually Individual duration of the fixed income instruments in the portfolio is calculated and the portfolio duration is the weighted average of such individual instrument duration. A longer portfolio duration is associated with greater price fluctuations. A rise in interest rates could normally lead to decrease in prices and generally negatively affects portfolios having longer duration vis-a-vis portfolios having shorter duration. A fall in interest rate generally benefits portfolio having longer duration. A longer duration portfolio is also generally associated with greater volatility vis-a-vis a shorter duration portfolio.

Performance Risk:

Performance risk refers to the risk of a scheme being unable to generate returns matching / above the returns of the scheme's benchmark. It would also mean the scheme underperforming against its peer set of other mutual fund schemes having similar portfolios, scheme classification, objective, benchmark and asset allocation. These risks could arise due to a variety of market and economic activities, government policies, global economic changes, currency fluctuations, tax policies, geopolitical changes, corporate actions and investors' behaviour.

Risks associated with Real Estate Investment Trust (REIT) and Infrastructure Investment Trust (InvIT)

1. **Risk of lower than expected distributions:** The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/INVIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:
 - success and economic viability of tenants and off-takers
 - economic cycles and risks inherent in the business which may negatively impact
 - valuations, returns and profitability of portfolio assets
 - force majeure events related such as earthquakes, floods etc. rendering the portfolio assets inoperable
 - debt service requirements and other liabilities of the portfolio assets
 - fluctuations in the working capital needs of the portfolio assets
 - ability of portfolio assets to borrow funds and access capital markets
 - changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets
 - amount and timing of capital expenditures on portfolio assets
 - insurance policies may not provide adequate protection against various risks associated with operations of the REIT/InvIT such as fire, natural disasters, accidents.
 - taxation and other regulatory factors
2. **Price-Risk:** The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates and the resulting impact on the value of the portfolio of assets, regulatory changes, force majeure events etc. REITs & InvITs may have volatile cash flows. As an indirect shareholder of portfolio assets,

unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any of the portfolio assets.

3. **Interest-Rate Risk:** Generally, there would be inverse relationship between the interest rates and the price of units i.e. when interest rates rise, prices of units fall and when interest rates drop, such prices increase.
4. **Liquidity Risk:** This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.

Risks associated with investments in Derivatives

- **Market Risk:** Derivatives are traded in the market and are exposed to losses due to change in the prices of the underlying and/or other assets and, change in market conditions and factors. The volatility in prices of the underlying may impact derivative instruments differently than its underlying.
- **Liquidity Risk:** This risk arises from the inability to sell derivatives at prices that reflect the underlying assets/ rates/ indices, lack of availability of derivative products across different maturities and with various risk appetite.
- **Valuation Risk:** This is the risk of mis-pricing or improper valuation of derivatives due to inadequate trading data with good volumes.
- **Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for example, when a bond is hedged using a derivative, the change in price of the bond and the change in price of the derivative may not be fully correlated leading to basis risk in the portfolio. The underlying benchmark of a floating rate security might become less active or may cease to exist and thus may not be able to capture the exact interest rate movements, leading to loss of value of the portfolio. Example: Where swaps are used to hedge an underlying fixed income security, basis risk could arise when the fixed income yield curve moves differently from that of the swap benchmark curve or if there is a mismatch in the tenor of the swap and the fixed income security.
- **Credit Risk:** The Credit Risk is the risk that the counter party will default in its obligations and is generally small as in a derivative transaction there is generally no exchange of the principal amount.
- **Operational / Systemic Risk:** This is the risk arising due to failure of operational processes followed by the exchanges and Over The Counter (OTC) participants for the derivatives trading.
- **Counterparty Risk:** Counterparty risk is the risk that losses will be incurred due to the default by the counterparty for OTC derivatives.
- **Exposure Risk:** An exposure to derivatives in excess of the hedging requirements can lead to losses. An exposure to derivatives can also limit the profits from a plain investment transaction.

- **Interest Rate Risk:** This risk arises from the movement of interest rates in adverse direction. As with all the debt securities, changes in the interest rates will affect the valuation of the portfolios.
- **Systemic Risk:** The risk inherent in the capital market due to macro-economic factors like Inflation, GDP, Global events.
- **Implied Volatility:** The estimated volatility of an underlying security's that is captured in its derivatives price. This may lead to market participating overstating or understating the price of the derivative instrument by a significant amount.

Risks attached with the use of derivatives

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. It requires not only understanding the stocks and bonds but the derivatives as a whole. Derivatives require the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may be in the best interest of the investors but not always turn out profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.

Risks associated with investment in Foreign Securities

The value of an investment in a foreign issuer's securities may depend on general global economic factors or specific economic and political factors relating to the country or countries in which the foreign issuer operates. To the extent the assets of the Scheme are invested in overseas financial assets, there may be risk associated with fluctuation in foreign exchange rates, restriction on repatriation of capital and earnings under the exchange control regulations and transaction procedure in overseas market. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls, political circumstances, bi-lateral conflicts or prevalent tax laws. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of such Scheme. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management and hedging and portfolio rebalancing and in accordance with conditions as may be stipulated under the Regulations and by RBI from time to time. The Scheme may have to pay applicable taxes on gains from such investment.

Investment in foreign securities carries currency risk. Currency risk is a form of risk that arises from the change in price of one currency against other. The exchange risk associated with a foreign denominated instrument is a key element in foreign investment. This risk flows from differential monetary policy and growth in real productivity, which results in differential inflation rates. The risk arises because currencies may move in relation to each other.

The Scheme will be investing in overseas markets as per the asset allocation of the scheme and headroom available to the Mutual Fund. However, the said limits/headroom shall be guided by the SEBI/RBI circulars/guidelines issued in this regard from time to time.

In case of exhaustion of the overall limits of the Scheme/Fund (as applicable) or in other cases as directed by SEBI/RBI, the scheme may limit or temporary suspend the further subscriptions of the Scheme in overseas market.

Risk associated with Securities Lending

As with other modes of extensions of credit, there are risks inherent to securities lending. During the period the security is lent, the Scheme may not be able to sell such security and in turn cannot protect from the falling market price of the said security. Under the current securities lending and borrowing mechanism, the Scheme can call back the securities lent any time before the maturity date of securities lending contract. However, this will be again the function of liquidity in the market and if there are no lenders in the specified security, the Scheme may not be able to call back the security and in the process, the Scheme will be exposed to price volatility. Moreover, the fees paid for calling back the security may be more than the lending fees earned by Scheme at the time of lending the said security and this could result in loss to the Scheme.

Risks associated with ‘Right to limit redemptions’

Subject to the approval of Board of Directors of the AMC and Trustee Company and immediate intimation to SEBI, a restriction on redemptions may be imposed by the Scheme under certain exceptional circumstances, which the AMC / Trustee believe that may lead to a systemic crisis or event that constrict liquidity of most securities or the efficient functioning of markets. Please refer to the paragraph “Right to Limit Redemptions” for further details including the procedure to be followed while imposing restriction on redemptions.

Risks associated with investing in Tri-party Repo (TREPS) through CCIL

The Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India Limited (CCIL). All transactions of the Mutual Fund in Government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The Mutual Fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time i.e. in the event that the default waterfall is triggered and the contribution of the Mutual Fund is called upon to absorb settlement/default losses of another member by CCIL, the Scheme may lose an amount equivalent to its contribution to the default fund.

Further, it maybe noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by

BSE and / or NSE and their respective clearing corporations on which the Fund has no control. Further, there is no guarantee about sufficient liquidity of units of the Scheme on stock exchange platforms(s).

Risks associated with segregated portfolio

The unitholders may note that no redemption and subscription shall be allowed in segregated portfolio. However, in order to facilitate exit to unitholders in segregated portfolio, the AMC shall enable listing of units of segregated portfolio on the recognized stock exchange. The risks associated in regard to the segregated portfolio are as follows:

- The investors holding units of the segregated portfolio may not be able to liquidate their holdings till the time of recovery of money from the issuer.
- The security comprising the segregated portfolio may not realize any value
- Listing of units of the segregated portfolio on a recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units of the segregated portfolio on the stock exchange.

The trading price of units on the stock exchange may be significantly lower than the prevailing Net Assets Value (NAV) of the segregated portfolio.

C. RISK MITIGATION STRATEGIES:

Risk is an inherent part of the investment function. The AMC has incorporated adequate safeguards to manage risk in the fund management process. The risk control process involves identifying & measuring the risk through various Risk Measurement Tools.

Risk Mitigation Measures

Risks associated with Equity investments	
Concentration Risk	The Scheme shall aim to mitigate this risk by investing across optimally large number of companies/sectors and endeavor to keep stock-specific concentration risk low. Process in place for regular monitoring of concentration.
Market Risk	The Scheme will try to reduce the market risk by undertaking active portfolio management as per the investment objective. The Scheme may also use derivatives to limit this risk. The Scheme shall aim to mitigate the unsystematic risk in the portfolio through adequate diversification.
Liquidity Risk	Liquidity Risk shall be addressed by monitoring the asset side secondary market liquidity in conjunction with the concentration and the profile of the liability side on timely basis. The analysis is conducted under both normal and stressed scenarios to capture the impact of unforeseen redemptions along with shallow secondary market liquidity. The portfolio construction and management shall be executed in line with the Regulatory and internal guidelines for liquidity risk management. Firmwide liquidity is also monitored on timely basis along with special focus on exposure to apparently less liquid securities in the scheme portfolios.

Risks associated with Debt Securities and Money Market Securities	
Market Risk / Interest Rate Risk	In expectation of a rising interest rate scenario, the Scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.

Liquidity Risk	Liquidity Risk shall be addressed by monitoring the asset side secondary market liquidity in conjunction with the concentration and the profile of the liability side on timely basis. The liquidity risk will be managed and/or sought to be addressed by creating a portfolio which has adequate access to liquidity in the secondary market. The portfolio construction and management shall be executed in line with the Regulatory and internal guidelines for liquidity risk management.
Credit Risk	In addition to external ratings by the accredited credit rating agencies, the credit analyst will undertake independent credit assessment that would capture the quantitative (financial statements) and qualitative aspects (accounting policies, management quality, disclosure standards etc.) of a company to assess its fundamental credit strength and guide the investment decisions in the schemes. There is also a regulatory cap on exposure to each issuer to ensure a diversified portfolio and reduced credit risk in the portfolio. Further, there are firm wide issuer limits to keep credit risk under control through diversification.
Re-investment Risk	Reinvestment risk on intermittent cashflows received by the Scheme manifests during a falling interest rate scenario. While the Scheme would be subjected to reinvestment risk, it is also expected to benefit from the capital appreciation in fixed income instruments driven by falling interest rates. Reinvestment risk and interest rate risk for fixed income securities mitigate each other.

Risk associated with respect to investment in Foreign Securities	
Currency Risk	The Scheme subject to applicable regulations, shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.
Country Risk	Investment universe is carefully selected considering geopolitical, environmental and market risk pertaining to a particular geography.

II. INFORMATION ABOUT THE SCHEME

A. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities as permitted by SEBI/ RBI from time to time:

I) Equity and Equity Related Instruments:

1. Equity share – Equity Share is a security that represents ownership interest in a company.
2. Equity Related Instruments – are securities which give the holder of the security right to receive Equity Shares on pre agreed terms. It includes convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by SEBI from time to time.
3. Equity Derivatives – are financial instruments, generally traded on an exchange, the price of which is directly dependent upon (i.e., “derived from”) the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying, but do not directly transfer property. The equity derivatives may take the following forms:-

Futures:

Futures are exchange-traded contracts to sell or buy financial instruments for future delivery at a date and at an agreed price. SEBI has permitted futures contracts on indices and individual stocks with maturity of 1 month, 2 months and 3 months on a rolling basis. The futures contracts are settled on last Thursday (or immediately preceding trading day if Thursday is a trading holiday) of each month. The final settlement price is the closing price of the underlying stock(s)/index.

Options:

Option is a contract which provides the buyer of the option the right, without the obligation, to buy or sell a specified asset at the agreed price on or up to a particular date. Option contracts are of two types viz:

(a) **Call Option** - The option that gives the buyer the right but not the obligation to buy specified quantity of the underlying asset at the strike price is a call option.

(b) **Put Option** - The option that gives the buyer the right but not the obligation to sell is called put option.

II) Debt & Money Market Instruments:

1. Certificate of Deposits (CD) – CD is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value.
2. Commercial Paper (CP) - CP is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in secondary market and can be freely bought and sold before maturity.
3. Bills Rediscounting (BRD) – BRD is the rediscounting of trade bills which have already been purchased by / discounted with the bank by the customers. These trade bills arise out of supply of goods / services.
4. Securities issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Central Government securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government's annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc. State Government securities are issued by the respective State Government in co-ordination with the RBI.
5. Treasury Bills (T-Bills) are issued by the Government of India to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.
6. Repos/reverse repos in Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price.
7. Triparty Repo (TREPS) – "Triparty repo" means a repo contract where a third entity (apart from the borrower and lender), called a Tri- Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody

and management during the life of the transaction. TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement.

8. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee – These are instruments which are issued by various government agencies and bodies. They can be issued at discount, par or premium.
9. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips etc. These are instruments issued by corporate entities for their business requirements. They are generally rated by credit rating agencies, higher the rating lower the risk of default.
10. When issued market: When, as and if issued (commonly known as “when-issued” (WI) security) refers to a security that has been authorized for issuance but not yet actually issued. WI trading takes place between the time a new issue is announced and the time it is actually issued. All “when issued” transactions are on an “if” basis, to be settled if and when the actual security is issued.

SEBI has on April 16, 2008 in principle allowed Mutual Funds to undertake When Issued (WI) transactions in Central Government securities, at par with other market participants.

Open Position in the WI market are subject to the following limits:

Category: Non-PDs

Reissued Security: Long Position, not exceeding 5% of the notified amount.

Newly Issued Security: Long Position, not exceeding 5% of the notified amount.

11. Money market instruments permitted by SEBI/RBI, including TREPS (Tri-Party Repo) market or in alternative investment for the TREPS market as may be provided by the RBI to meet the short term liquidity requirements.
 12. The non-convertible part of convertible securities – Convertible securities are securities which can be converted from Debt to Equity shares. The non-convertible part cannot be converted into Equity shares and work like a normal debt instrument.
- III)** Investments in units of mutual fund schemes – The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.
- IV)** Investment in Short Term Deposits – Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.
- V)** Investment in Units issued by REITs & InvITs - The Scheme may invest in the units issued by REITs & InvITs subject to requirements specified under SEBI (MF) Regulations.
- VI)** Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated and of any maturity.

The securities may be acquired through initial public offering (IPOs), secondary market, private placement, rights offers, negotiated deals. Further investments in debentures, bonds and other fixed income securities will be in instruments which have been assigned investment grade rating by the Credit Rating Agency.

Investment in Foreign Securities:

The Scheme may also invest in suitable investment avenues in Foreign Securities in overseas financial markets for the purpose of diversification, commensurate with the Scheme objectives

and subject to necessary stipulations by SEBI / RBI. Towards this end, the Mutual Fund may also appoint overseas investment advisors and other service providers, subject to compliance with applicable regulatory requirements prescribed by SEBI in this regard.

The Scheme may invest in the following foreign securities in line with the guidelines stipulated by RBI/SEBI from time to time:

- ADRs / GDRs issued by Indian or foreign companies;
- Equity of overseas companies listed on recognized Stock Exchanges overseas;

B. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to Regulations, specifically the Seventh Schedule and amendments thereto, the following investment restrictions are currently applicable to the Scheme:

1. The Scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.
Provided that the limit of 10% shall not be applicable for investments in the case of index fund or exchange traded fund or sector or industry specific Scheme.
2. All investments by the Scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
3. The Mutual Fund under all its Scheme(s) shall not own more than ten per cent of any company's paid up capital carrying voting rights. Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.
4. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency authorized to carry out such activities under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of Trustee and the Board of AMC.

Provided that such limit shall not be applicable for investment in Government Securities, treasury bills and Triparty Repo on Government securities or treasury bills.

Further, pursuant to clause 12.8.3 of the SEBI Master Circular,

- i. The Scheme shall not invest more than:
 - a. 10% of its NAV in debt and money market securities rated AAA; or
 - b. 8% of its NAV in debt and money market securities rated AA; or
 - c. 6% of its NAV in debt and money market securities rated A and belowissued by a single issuer;
 - ii. Such investment limits may be extended by up to 2% of the NAV of the Scheme with the prior approval of the Board of Trustee and the Board of AMC, subject to compliance with overall limit of 12% of the NAV of the scheme as specified above in the first para.
5. The Scheme shall not invest in unlisted debt instruments including commercial papers, other than Government Securities, other money market instruments and derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to such conditions and requirements as prescribed under clause 12.1 of SEBI Master Circular.

For the purpose of investment in debt instruments, listed debt instruments shall include listed and to be listed debt instruments.

6. The Scheme may invest in other schemes of the Mutual Fund or any other mutual fund without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund.
7. The Scheme shall not make any investment in,—

 - Such transfers are done at the prevailing market price for quoted instruments on Spot Basis (Spot Basis shall have the same meaning as specified by a stock exchange for spot transactions) and in line with the process laid down under the Valuation Policy of the Mutual Fund;
 - The Securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

However, in terms of clause 12.30.2.2 of SEBI Master circular, inter scheme transfers (ISTs) are allowed only in case of raising liquidity and for duration/Issuer/Sector/Group rebalancing with the following conditions:

In case of raising liquidity, ISTs permitted if:

- a. Use of scheme cash & cash equivalent
- b. Use of market borrowings
- c. Selling of scheme securities in the market
- d. After attempting all the above, if there is still a scheme level liquidity deficit, then out of the remaining securities, outward Inter Scheme Transfers (ISTs) of the optimal mix of low duration paper with highest quality shall be effected. The use of market borrowing before ISTs will be optional and Fund Manager may at his discretion take decision on borrowing in the best interest of unitholders.

In case of Duration/Issuer/Sector/Group rebalancing, ISTs permitted if:

- a. ISTs shall be allowed only to rebalance the breach of regulatory limit.
- b. ISTs can be done where any one of duration, issuer, sector and group balancing is required in both the transferor and transferee schemes.

No ISTs of a security shall be allowed, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment in terms of clause 4.3 of SEBI Master circular during the previous four months.

9. The Mutual Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
10. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

11. The Scheme shall not make any investment in any fund of funds scheme.
12. Save as otherwise expressly provided under SEBI (Mutual Funds) Regulations, 1996, the Scheme shall not advance any loans.
13. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/redemption of Units or payment of interest and/or IDCW to the Unit holders.

Provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

14. Pursuant to clause 12.19 of SEBI Master Circular, mutual funds can make overseas investments subject to a maximum of US \$ 1 billion in Overseas securities and US \$ 300 million in Overseas ETFs or such limits as may be prescribed by SEBI from time to time.
Note: The Scheme shall not invest in Overseas ETFs.
15. The Scheme will comply with the following restrictions for trading in exchange traded derivatives, as specified under clause 7.5 of SEBI Master Circular

i. Position limit for the Mutual Fund in equity index options contracts

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crores or 15% of the total open interest of the market in index options, whichever is higher, per stock exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in equity index futures contracts:

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs.500 crores or 15% of the total open interest of the market in index futures, whichever is higher, per stock exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

- a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, Treasury Bills and similar instruments.

iv. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is as follows: -

The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

v. **Position limit for each scheme of a Mutual Fund**

The scheme-wise position limit / disclosure requirements shall be:

- a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Mutual Fund shall not exceed the higher of 1% of the free float market capitalization (in terms of number of shares)
or
5% of the open interest in the derivative contract on a particular underlying stock (in terms of number of contracts).
- b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
- c. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

16. SEBI, vide clause 12.24 of the SEBI Master circular, has prescribed the following investment restrictions with respect to investment in derivatives :

- a. Pursuant to clause 12.24 of SEBI Master Circular, the cumulative gross exposure through investments in equity and equity related securities(including overseas securities), debt securities, money market instruments, units issued by REITs & InvITs and exposure in derivatives' positions shall not exceed 100% of the net assets of the Scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- b. Mutual Fund shall not write options or purchase instruments with embedded written options.
- c. The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- d. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:-
 - i. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains;
 - ii. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point (a) above.
 - iii. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - iv. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
- e. Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of

respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the Scheme. However, if the Mutual Fund is transacting in interest rate swaps through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

- f. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in Point (a) above.
- g. Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

17. Pending deployment of funds of the Scheme in terms of the investment objective of the Scheme, the AMC may invest the funds of the Scheme in short term deposits of scheduled commercial banks in accordance with the guidelines set out by SEBI under the Regulations. The Scheme will comply with the following guidelines/restrictions for parking of funds in short term deposits:-
 - a. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
 - b. Such short-term deposits shall be held in the name of the Scheme.
 - c. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
 - d. Parking of funds in short term deposits of associate and sponsors scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - e. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - f. The Scheme shall not park funds in short-term deposit of a bank which has invested in the said Scheme. Further, it shall also be ensured that the bank in which the Scheme has short term deposit(s) does not invest in the said Scheme until the Scheme has short term deposit(s) with such bank.
 - g. The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.

18. The Mutual Fund under all its schemes shall not invest more than 10% of units issued by a single issuer of REITs and InvITs.

19. The Scheme shall not invest:
 - more than 10% of its NAV in the units of REITs and InvITs; and
 - more than 5% of its NAV in the units of REITs and InvITs issued by a single issuer.

All the investment restrictions will be applicable at the time of making investments.

There are no internal norms prescribed vis-à-vis limiting exposure to a particular scrip, issuer or sector, etc. The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

<p>The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the Scheme or the AMC) involved in the same.</p>	<p>Units once redeemed will be extinguished and will not be reissued.</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>Pledge of Units:- The Units under the Scheme may be offered as security by way of a pledge / charge in favour of scheduled banks, financial institutions, non-banking finance companies ("NBFC's), or any other body. The AMC/RTA will note and record such Pledged Units. A standard form for this purpose is available on request at all ISCs and the Mutual Fund website (www.mahindramanulife.com). The AMC shall mark a lien on the specified units only upon receiving the duly completed form and documents as it may require. Disbursement of such loans will be at the entire discretion of the bank / financial institution / NBFC or any other body concerned and the Mutual Fund assumes no responsibility thereof.</p> <p>The Pledgor will not be able to redeem/switch Units that are pledged until the entity to which the Units are pledged provides a written authorisation to the Mutual Fund that the pledge / lien/ charge may be removed. As long as Units are pledged, the Pledgee will have complete authority to redeem such Units. IDCW declared on Units under lien will be paid / re-invested to the credit of the Unit Holder and not the lien holder unless specified otherwise in the lien letter.</p> <p>For units of the Scheme held in electronic (Demat) form, the rules of Depository applicable for pledge will be applicable for Pledge/Assignment of units of the Scheme. Pledgor and Pledgee must have a beneficial account with the Depository. These accounts can be with the same DP or with different DPs.</p> <p>Lien on Units: - On an ongoing basis, when existing and new investors make Subscriptions, pending clearance of the payment instrument, a temporary hold (lien) will be created on the Units allotted and such Units shall not be available for redemption/switch out until the payment proceeds are realised by the Fund. In case the cheque/draft is dishonoured during clearing process by the bank, the transaction will be reversed and the Units allotted there against shall be cancelled under intimation to the applicant. In respect of NRIs, the AMC/ RTA shall mark a temporary hold (lien) on the Units, in case the requisite documents (such as FIRC/Account debit letter) have not been submitted along with the application form and</p>

before the submission of the redemption request. The AMC reserves the right to change the operational guidelines for temporary lien on Units from time to time.

Right to Limit Redemptions:-

Subject to the approval of Board of Directors of the AMC and Trustee Company and immediate intimation to SEBI, a restriction on redemptions may be imposed by the Scheme when there are circumstances, which the AMC / Trustee believe that may lead to a systemic crisis or event that constrict liquidity of most securities or the efficient functioning of markets such as:

1. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security.
2. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.
3. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.

Such restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. However, if exceptional circumstances / systemic crisis referred above continues beyond the expected timelines, the restriction may be extended further subject to the prior approval of Board of Directors of the AMC and Trustee Company giving details of circumstances and justification for seeking such extension shall also be informed to SEBI in advance.

Procedure to be followed while imposing restriction on redemptions

- a. No redemption requests upto INR 2 lacs per request shall be subject to such restriction;
- b. Where redemption requests are above INR 2 lacs:
 - i. The AMC shall redeem the first INR 2 lacs of each redemption request, without such restriction;
 - ii. Remaining part over and above INR 2 lacs shall be subject to such restriction and be dealt as under:
 - Any Units which are not redeemed on a particular Business Day will be carried forward for Redemption to the next Business Day, in order of receipt.

	<ul style="list-style-type: none"> - Redemptions so carried forward will be priced on the basis of the Applicable NAV (subject to the prevailing Load, if any) of the subsequent Business Day(s) on which redemptions are being processed. - Under such circumstances, to the extent multiple redemption requests are received at the same time on a single Business Day, redemptions will be made on a prorata basis based on the size of each redemption request, the balance amount being carried forward for redemption to the next Business Day.
<p>Cut off timing for subscriptions / redemptions / switches</p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>Subscriptions/Purchases including Switch – ins of any amount</p> <ul style="list-style-type: none"> • In respect of valid applications received upto 3.00 p.m. on a Business Day at the Official Point(s) of Acceptance and where the funds for the entire amount of subscription / purchase as per the application / switch-in request, are credited to the bank account of the Scheme before the cut-off time i.e. available for utilization before the cut-off time - the closing NAV of the day on which application is received shall be applicable. • In respect of valid applications received after 3.00 p.m. on a Business Day at the Official Point(s) of Acceptance and where the funds for the entire amount of subscription / purchase as per the application / switch-in request, are credited to the bank account of the Scheme before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable. • Irrespective of the time of receipt of applications at the Official Point(s) of Acceptance, where the funds for the entire amount of subscription/purchase as per the application / switch-in request, are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. <p>For determining the applicability of NAV for allotment of units in respect of Subscriptions/Purchases including Switch –ins to the Scheme the following shall be ensured:</p> <ol style="list-style-type: none"> 1. Subscription/Purchase application/switch-in request is received before the applicable cut-off time 2. Funds for the entire amount of subscription/purchase (including switch-in) as per the application should be credited to the bank account of the Scheme before the cut-off time and the funds are available for utilisation before the cut-off time without availing any credit facility whether intra-day or otherwise, by the Scheme 3. In case of ‘switch’ transactions from one scheme to another, the switch-out will be processed on the date of receipt of transaction, if received before cut-off time and corresponding Switch-In transaction will be processed based on the pay out / settlement date of the respective Switch-Out Scheme

	<p>Further, it may be noted that:</p> <ul style="list-style-type: none"> • Where funds are transferred/received first and application is submitted thereafter, the date and time of receipt of the application shall be considered for NAV applicability • In case of investments through systematic investment routes such as Systematic Investment Plans, Systematic Transfer Plans, etc., the units will be allotted as per the closing NAV of the day on which the funds are available for utilisation by the Scheme irrespective of amount and installment date of the systematic transactions. <p>Redemptions including Switch-Outs:</p> <ul style="list-style-type: none"> • In respect of valid applications received upto 3 p.m. on a business day by the Mutual Fund – the closing NAV of the day of receipt of application, shall be applicable. • In respect of valid applications received after 3 p.m. on a business day by the Mutual Fund – the closing NAV of the next business day shall be applicable. <p>The above mentioned cut off timing shall also be applicable to transactions through the online trading platform. The Date of Acceptance will be reckoned as per the date & time; the transaction is entered in stock exchange 's infrastructure for which a system generated confirmation slip will be issued to the unitholder.</p>
<p>Minimum amount for purchase/redemption /switches</p>	<p>Minimum Amount for Subscription / Purchase: Rs. 1,000/- and in multiples of Re. 1/- thereafter.</p> <p>Minimum Amount for Switch in: Rs. 1,000/- and in multiples of Re. 0.01/- thereafter.</p> <p>Minimum Additional Purchase Amount: Rs. 1,000/- and in multiples of Re.1/- thereafter.</p> <p>Minimum Amount for Redemption / Switch-outs: Rs. 1,000/- or 100 units or account balance, whichever is lower in respect of each Option. In case the Investor specifies both the number of units and amount, the number of Units shall be considered for Redemption. In case the unitholder does not specify the number or amount, the request will not be processed. Further, in case the balance in the account of the Unit holder is not sufficient to cover the specified Number of units or the amount of redemption, then the request shall not be processed.</p> <p>Where Units under a Scheme are held under both Plans and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.</p> <p>Note: The requirements w.r.t minimum application amount and minimum redemption amount will not be applicable for</p>

B. TRANSPARENCY/NAV DISCLOSURES (DETAILS WITH REFERENCE TO INFORMATION GIVEN IN SECTION I)

This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.

The AMC will calculate and disclose the NAVs on all the Business Days. The AMC shall update the NAVs on its website (www.mahindramanulife.com) and of the Association of Mutual Funds in India - AMFI (www.amfiindia.com) before 11.00 p.m. on every Business Day. In case of any delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV. Unitholders may also avail a facility of receiving latest NAVs through SMS on their registered mobile numbers, by submitting a specific request in this regard to the AMC / Registrar & Transfer Agent.

C. TRANSACTION CHARGES AND STAMP DUTY

Transaction Charges:

In accordance with clause 10.5 of SEBI Master Circular, the AMC/ Fund shall deduct a Transaction Charge per purchase /subscription of Rs. 10,000/- and above, as may be received from new investors (an investor who invests for the first time in any mutual fund schemes) and existing investors. The distributors shall have an option to either “Opt-in / Opt-out” from levying transaction charge based on the type of product. Therefore, the “Opt-in / Opt-out” status shall be at distributor level, basis the product selected by the distributor.

However, investors are requested to note that, pursuant to Addendum No. 17/2023 dated April 26, 2023, it was decided by the AMC to discontinue the payment of transaction charges to the distributors. Accordingly, no transaction charges shall be deducted from the investment amount for transactions/applications received from the investor and routed through any mutual fund distributor (i.e., for investment in Regular Plan) and the entire subscription amount will be invested in the Scheme.

Stamp Duty:

Pursuant to Notification No. S.O. 4419(E) dated December 10, 2019 and subsequent notifications issued in this regard, by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019:

- a. a stamp duty @ 0.005% of the transaction value would be levied on all mutual fund purchase transactions (including fresh / additional purchases, switch-in transactions, all SIP / STP-in instalments and IDCW reinvestment) at the time of allotment of units;

Pursuant to levy of stamp duty, the number of units allotted on such purchase transactions to the unitholders would be reduced to that extent.

b. a stamp duty @0.015% of the transaction value would be levied on transfer of mutual fund units.

Further, it is hereby clarified that stamp duty shall not be levied on redemption of units by unitholders.

D. ASSOCIATE TRANSACTIONS: Please refer to Statement of Additional Information (SAI).
