		Instruments			Indicative allocations (% of total assets)							
					Minimum	Maximum						
		Constituents of Nifty Next 50 Index			95%	100%						
		Money market instruments / debt securities, Instruments and/or units of debt/liquid schemes of domestic Mutual Funds			0%	5%						
		The Asset Allocation portion shall also include subscription and redemption cash flow which may be undeployed due to various reasons (dividend from underlying securities, rebalancing or balances for running cost of the scheme, residual amount due to execution on rounding off etc).										

		Subject to SEBI (MF) Regulations and in accordance with Clause 13.6 in SEBI Master Circular dated March 20, 2026 on Securities Lending Scheme, and framework for short selling and borrowing and lending of securities, the Scheme intends to engage in Stock Lending. Money Market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time. In line with Para 5.6 of SEBI Master circular, securities in which investment is made for the purpose of ensuring liquidity (debt and money market instruments) are those that fall within the definition of liquid assets which includes Cash, Government Securities, T-bills and Repo on Government Securities. The Scheme shall adhere to the following limits should it engage in Stock Lending: (a) Not more than 20% of the net assets can generally be deployed in Stock Lending (b) Not more than 5% of the net assets can generally be deployed in Stock Lending to any single approved intermediary i.e. broker. The Scheme does not intend to undertake/ invest/ engage in • Debt Instruments with special features (AT 1 and AT 2 Bonds) • Debt Instruments with SO/CE • InVITs • ADR/ GDR / Foreign Securities • Structured obligation/Credit enhancements • Securitized Debt • Repo in Corporate Debt Securities • Short selling • Credit default swap • Unrated Debt instruments The Scheme may also use various derivative products from time to time in a manner permitted by SEBI to reduce the risk of the portfolio as and when the fund manager is of the view that it is in the best interest of the unit holders. The exposure of the scheme to derivatives will be upto 20% of net assets. The cumulative gross exposure to equity, derivatives, debt instruments and money market instruments will not exceed 100% of the net assets of the scheme in accordance with Clause 13.18 of SEBI Master Circular dated March 20, 2026. Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period which shall not exceed 7 days. The exposure to derivatives will be rebalanced to align with the underlying index changes in weights

		or constituents. Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. It can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index. In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions. Exposure to derivatives for non-hedging purpose will be restricted to 20% of net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days. In accordance with Clause 4.3 of SEBI Master Circular the underlying index shall comply with the portfolio concentration norms as prescribed. Debt securities include, but are not limited to, Debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the Regulations from time to time). The debt securities (including money market instruments) referred to above could be fixed rate or floating rate, listed, unlisted, privately placed, unrated among others, as permitted by regulation. Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of Clause 13.7 of SEBI Master Circular dated March 20, 2026. Further, the Scheme may, for meeting liquidity requirements invest in units of money market/liquid schemes of Groww Mutual Fund and/or any other mutual fund provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund in accordance with Sixth Schedule of SEBI (MF) Regulations The AMC shall not charge any investment management fees with respect to such investment.

Investments in Scheme by AMC, Sponsor & Associates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 21 of the Regulations and shall charge fees on such amounts in future only if the SEBI(MF) Regulations so permit. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable SEBI regulations. In terms of SEBI notification dated August 5, 2021 and as per Regulation 22, sub-regulation 3(a) of SEBI(MF) Regulations, the asset management company shall invest such amounts in such schemes of the mutual fund, based on the risks associated with the schemes, as may be specified by the Board from time to time. In case of NFO, AMC's investment shall be made during the allotment of units and shall be calculated as a percentage of the final allotment value excluding AMC's investment pursuant to this circular.

Rebalancing due to passive breach

In accordance with Clause 4.5.5 of Master Circular of Mutual Fund in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done

		while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. In the event of involuntary corporate action, the Scheme shall dispose the security not forming part of the underlying index within 7 calendar Days from the date of allotment/ listing. Rebalancing of deviation due to short term defensive consideration In the event of the asset allocation falling outside the limits specified in the asset allocation table, the Fund Manager will rebalance the same within 7 calendar days. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. Any alteration in the investment pattern will be for short-term defensive consideration as per Clause 4.5.5 of Master Circular of Mutual Fund the intention being at all times to protect the interests of the Unit Holders. List of underlying securities for passive schemes to invest: • Equity and Equity related instruments including derivatives • Debt securities and Money Market Instruments (including reverse repos, Commercial Deposit, Commercial Paper, Treasury Bills and Tri-Party Repos) permitted by SEBI/RBI or in alternative investment for the call money market as may be provided by RBI to meet the liquidity requirements. • Derivatives including Index Futures, Stock Futures, Index Options, Stock Options etc. and such other derivative instruments permitted under Regulations. • Mutual Fund units Any other instruments as may be permitted by RBI/SEBI under prevailing laws from time to time. XIII.	Transaction charges and stamp duty	Applicability of Stamp Duty: Pursuant to Notification No. S. O. 1226 (E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value shall be levied on applicable mutual fund transactions. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions to the unitholders would be

		reduced to that extent. The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis. For instance: If the transaction amount is Rs. 100100/- and the transaction charge is Rs. 100, the stamp duty will be calculated as follows: $((\text{Transaction Amount} - \text{Transaction Charge}) * 0.005\%) = \text{Rs.5}$. If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: $(\text{Transaction Amount} - \text{Transaction Charge} - \text{Stamp Duty}) / \text{Applicable NAV} = 9,999.50$ units. Annexure 1

Equity derivatives of underlying securities forming part of the index may also be available as an investment option in case the underlying security is not available for purchase.

Calculation of cumulative gross exposure - The cumulative gross exposure to equity, derivatives, debt instruments and money market instruments will not exceed 100% of the net assets of the scheme in accordance with Clause 13.18 of SEBI Master Circular dated March 20, 2026.

Numerical example of risk involved –

- Using Index Futures to increase percentage investment in equities

This strategy will be used for the purpose of generating returns on idle cash, pending its investment in equities. The Scheme is subject to daily flows. There may be a time lag between the inflow of funds and their deployment in stocks. If so desired, the scheme would be able to take immediate exposure to equities via index futures. The position in index futures may be reversed in a phased manner, as the funds are deployed in the equity markets.

Example:

The scheme has a corpus of Rs. 50 crore and there is an inflow of Rs. 5 crore in a day. The AMC may buy index futures contracts of a value of Rs. 5 crore. Later as the money is deployed in the underlying equities, the value of the index futures contracts can be suitably reduced.

Portfolio	Event	Equity Portfolio gain/(Loss) (Rs. in crore)	Derivative gain/(Loss) (Rs. in crore)	Total Portfolio gain/(Loss) (Rs. in crore)
Rs. 50 Crore equity exposure	10% rise in equity prices	5	Nil	5
Rs. 50 Crore equity exposure + Rs. 5 Crore long position index futures	10% rise in equity prices	5	0.5	5.5

Portfolio	Event	Equity Portfolio gain/(Loss) (Rs. in crore)	Derivative gain/(Loss) (Rs. in crore)	Total Portfolio gain/(Loss) (Rs. in crore)
Rs. 50 Crore equity exposure	10% fall in equity prices	(5)	Nil	(5)
Rs. 50 Crore equity exposure + Rs.	10% fall in equity prices	(5)	(0.5)	(5.5)

Risks associated with investing in Derivatives:

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Other risks include risk of mispricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

Disclosure relating to extent and manner of participation in derivatives to be provided

–

The Scheme may invest in derivative for the purpose of portfolio balancing and other purposes as may be permitted under the Regulations. Equity Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on stock exchanges whereas OTC derivative transactions are generally structured between two counterparties. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.

Investments Limitations and Restrictions in Derivatives

In accordance with Clause 13.15 of SEBI Master Circular dated March 20, 2026, the following investment restrictions shall apply with respect to investment in Derivatives:

1. The cumulative gross exposure through equity, debt and derivative positions will not exceed 100% of the net assets of the scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
2. The Scheme shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid shall not exceed 20% of the net assets of the scheme.
4. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

	a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains. b. Hedging positions shall not be taken for existing derivative positions. Exposure due to such positions shall be added and treated under gross cumulative exposure limits mentioned under Point 1. c. Any derivative instrument used to hedge shall have the same underlying security as the existing position being hedged. d. The quantity of underlying associated with the derivative position taken for hedging purposes shall not exceed the quantity of the existing position against which hedge has been taken. 5. The scheme may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. In case of participation in IRS is through over the counter transactions, the counter party shall be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions shall not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable. 6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under gross cumulative exposure limits mentioned under Point 1. Apart from the investment restrictions prescribed SEBI (MF) Regulations the Fund does not follow any internal norms vis-a-vis limiting exposure to a particular scrip or sector etc.
ETCDs (applicable to ETFs only)	• The scheme will not invest in ETCDs.
