The particulars of the Scheme mentioned herein above have been prepared in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations 1996, (herein after referred to as SEBI (MF) Regulations) as amended till date, and filed with SEBI, along with a Due Diligence Certificate from the Asset Management Company. The units being offered for public subscription have not been approved or recommended by SEBI nor has SEBI certified the accuracy or adequacy of the Scheme Information Document.

This Scheme Information Document sets forth concisely the information about the Scheme that a prospective investor ought to know before investing. Before investing, investors should also ascertain about any further changes pertaining to the Scheme such as features, load structure, etc. made to this Scheme Information Document by issue of addenda / notice after the date of this Document from the AMC / Mutual Fund / Investor Service Centers / Website / Distributors or Brokers.

The investors are advised to refer to the Statement of Additional Information (SAI) for details of ICICI Prudential Mutual Fund, Standard Risk factors, Special Considerations, Tax and Legal issues and general information on www.icicipruamc.com

SAI is incorporated by reference (is legally a part of the SID). For a free copy of the current SAI, please contact your nearest Investor Service Centre or log on to our website.

The Scheme Information Document (Section I and II) should be read in conjunction with the SAI and not in isolation.

This Scheme Information Document is dated February 18, 2026.

Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	ICICI Prudential Diversified Equity All Cap Active FOF
II.	Category of the Scheme	Other Scheme – FOF-Equity Oriented FOF (Domestic)-Diversified FOF
III.	Scheme type	An open ended Fund of Funds scheme investing predominantly in the units of diversified domestic active equity-oriented schemes based on varied market caps.
IV.	Scheme code	ICIC/O/O/FOD/26/01/0201
V.	Investment objective	<p>The primary objective of the Scheme is to generate long term capital appreciation primarily from a portfolio that is invested in diversified domestic active equity-oriented schemes based on varied market caps.</p> <p>However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.</p>
VI.	Liquidity/listing details	<p>Liquidity: The Scheme being offered is open ended scheme and will offer units for sale / switch-in and redemption / switch-out, on each business day at NAV based prices subject to applicable loads. As per SEBI (Mutual Funds) Regulations, 1996, the redemption proceeds shall be dispatched within three (3) business days from the date of redemption request subject to exceptional situations and additional timelines for redemption payments in accordance with clause 14.1.3 of SEBI Master Circular. A penal interest of 15% p.a. or such other rate as may be prescribed by SEBI from time to time, will be paid in case the payment of redemption proceeds is not made within the stipulated timelines.</p> <p>Listing: Being an open ended scheme, the Units of the scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the scheme to be listed on one or more Stock Exchanges.</p>
VII.	Benchmark (Total Return Index)	<p>Nifty 500 TRI - As per AMFI Tier I Benchmark</p> <p>The composition of the benchmark is such that it is most suited for comparing performance of the Scheme of ICICI Prudential Mutual Fund.</p>

		The Trustees reserves the right to change the benchmark in future, if a benchmark better suited to the investment objective of the Scheme is available.
VIII.	NAV disclosure	<p>The AMC will calculate and disclose the first NAV within 5 business days from the date of allotment.</p> <p>The NAV will be calculated and disclosed by 10.00 a.m. on the following business day.</p> <p>NAV will be determined by 10.00 a.m. of the following business day except in special circumstances. NAV of the scheme shall be:</p> <ul style="list-style-type: none"> • Prominently disclosed by the AMC under a separate head on the AMC's website (https://www.icicipruamc.com/home) by 10.00 a.m. of the following business day • On the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 10.00 a.m. of the following business day and <p>Shall be made available at all Customer Service Centres of the AMC.</p> <p>As the scheme is permitted to invest in units of mutual fund schemes which may invest certain portion in overseas securities (as may be permitted by SEBI), thus the scheme requires extended timeline for NAV disclosure to ensure that all securities are valued basis same day valuation.</p> <p>In light of the above, NAV of the scheme would be declared by 12.00 noon on the following business day. In case any of the underlying schemes ceases to hold exposure to any overseas securities, NAV of the scheme for that day will continue to be declared by 10.00 a.m. on the following business day.</p> <p>Subsequent to that day, NAV of the scheme shall be declared on 10.00 a.m. on the following business day.</p> <p>Further details mentioned in Section II – 'III. Other Details' – 'C. Transparency/NAV'</p>
IX. Rakesh Shetty

Chief Compliance Officer & Company Secretary

Place: Mumbai

Date: September 10, 2025

Note: The Due Diligence Certificate dated September 10, 2025, was submitted to SEBI.

SECTION II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Units of diversified domestic active equity oriented schemes based on varied market caps [§]	95	100
Units of Liquid/Overnight mutual fund schemes, Money Market Instruments (with maturity not exceeding 91 days), including Tri-Party Repo*	0	5

*or similar instruments as may be permitted by RBI/SEBI, subject to approval from SEBI/RBI as required.

§Includes, Large Cap Funds, Large & Mid Cap Funds, Mid Cap Funds, Small Cap Funds, Focused Funds, Flexi Cap Funds and Multi Cap Funds.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

The Cumulative Gross Exposure across units of equity oriented schemes, Money Market Instruments (with maturity not exceeding 91 days), including Tri-Party Repo*#, units of liquid schemes/Overnight mutual fund Schemes and such other securities/assets as may be permitted by SEBI from time to time, should not exceed 100% of the net assets of the scheme.

At all points of time, the scheme will remain invested at least 95% (minimum allocation) in the underlying schemes. However, on account of rebalancing or certain liquidity requirements, the exposure to the underlying mutual fund schemes may fall below 95%. In such cases the same shall be rebalanced as per the provisions stated below. The portfolio would be rebalanced periodically to address any deviations from the aforementioned allocations due to market changes.

Exposure to various instruments will be as per the indicative table given below:

Sr. No.	Type of Instrument	% of direct exposure	Circular References
1	Stock lending	Nil	Not Applicable
2	Derivatives	Nil	Not Applicable
3	Securitised Debt	Nil	Not Applicable
4	Overseas Securities	Nil	Not Applicable
5	AT1 and Tier II Bonds	Nil	Not Applicable
6	Units of InvITs	Nil	Not Applicable

7	Structured Obligations and Credit Enhancements	Nil	Not Applicable
8	Money Market instruments including Tri-party repos	Up to 5% of Net Assets	Clause 12.1.5 of SEBI Master Circular for Mutual Funds and as per SEBI and RBI requirement, issued from time to time.
9	Units of Liquid/Overnight mutual fund schemes	The Schement may invest in mutual fund scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investments made by all Schemes under the same management or in mutual fund schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Scheme.	Clause 4 Of Seventh Schedule of SEBI Mutual Fund Regulations

Rebalancing due to Short Term Defensive Consideration:

- Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Paragraph 1.14.1.2.b of SEBI Master Circular, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breaches:

- Further, as per Paragraph 2.9 of SEBI Master Circular, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period

of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in Paragraph 2.9 of the Master Circular.

Further, the AMC shall comply with the applicable regulatory guidelines related to reporting and disclosure requirements as specified in the aforesaid circular.

Deployment of Funds collected in New Fund Offer (NFO) period

Pursuant to SEBI Circular dated February 27, 2025, the AMC shall deploy the funds garnered during the NFO within 30 business days from the date of allotment of units. If the AMC is unable to deploy the funds within the 30 business day period, a written explanation, including details of the efforts taken to deploy the funds, must be presented to the AMC's Investment Committee. The Investment Committee may extend the deployment timeline by up to 30 business days and will provide recommendations to ensure timely deployment in the future.

In case the funds are not deployed as per the asset allocation mentioned in the SID as per the aforesaid mandated plus extended timelines, AMC shall:

- not be permitted to receive fresh flows in the Scheme till the time the funds are deployed as per the asset allocation mentioned in the SID;
- not be permitted to levy exit load, if any, on the investors exiting the Scheme after 60 business days of not complying with the asset allocation of the scheme;
- inform all investors of the NFO, about the exit option without exit load, via email, SMS or other similar mode of communication;
- report deviation, if any, to Trustees at each of the above stages.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Negative list: The Scheme will not directly invest/ have exposure in the following:

Sr. No	Particulars
1.	Securitized debt
2.	Overseas Securities
3.	Derivatives
4.	Short selling

5.	Stock lending
6.	Units of InvITs
7.	AT1 and Tier II Bonds
8.	Structured Obligations / Credit Enhancement rated securities
9.	Repos in corporate debt securities
10.	Credit Default Swaps transactions

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusively) of the following:

1. Units of various active domestic equity oriented schemes across varied market caps
2. Units of Liquid/Overnight mutual fund schemes Money Market Instruments, including Tri-Party Repo*, cash & cash equivalents.

*or similar instruments as may be permitted by SEBI/RBI, subject to approval from SEBI/RBI as required.

The units of the schemes of the Mutual Funds in which the Scheme propose to make investments in could be listed or unlisted, open/closed ended, listed or unlisted. The units in the underlying schemes may be acquired through subscription to the units during the New Fund Offer of the respective schemes or by subscriptions on on-going basis.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph 12.30 of the Master Circular pertaining to Inter-Scheme transfer of investments.

C. WHAT ARE THE INVESTMENT STRATEGIES?

ICICI Prudential Diversified Equity All Cap Active FOF which shall predominantly invest in the Units of market cap based domestic active equity oriented schemes of ICICI Prudential Mutual Fund. The Scheme shall follow an active management approach for selecting market cap based domestic active equity oriented schemes of ICICI Prudential Mutual Fund.

The scheme shall follow an active investment strategy. The scheme shall leverage various factors including the following factors in selecting market cap based domestic active equity oriented schemes to construct its portfolio:

- Long term growth prospects
- Valuation parameters
- Market cycle
- Liquidity/risk considerations
- Macro economic conditions

Basis the above factors or any other factors as evolved in future, the Scheme shall identify and invest in market capitalization based active equity oriented schemes.

The scheme can also deploy funds in units of Liquid/Overnight mutual fund schemes Money Market Instruments, including Tri-Party Repo, cash & cash equivalents.

D.HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Benchmark of the Scheme is Nifty 500 TRI.

The above Index has been chosen as the benchmark since this scheme shall invest in domestic equity-oriented schemes across various diversified market cap segments. Moreover, the benchmark is in-line with the FOF Framework.

The composition of the benchmark is such that it is most suited for comparing performance of the Scheme. The Trustee reserves right to change the benchmark for performance of the scheme by suitable notification to the investors to this effect.

E. WHO MANAGES THE SCHEME?

Mr. Dharmesh Kakkad and Ms. Sharmila D'silva are the fund managers of the Scheme.

The qualifications and experience and other schemes managed by the aforesaid Fund Managers are given below:

Name of the Fund Manager/ Age & Qualification	Experience	Other schemes managed

Since this is a new Scheme, tenure of fund managers in the scheme is not applicable.

B. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

As on January 31, 2026, the Fund has following schemes under the FOF category:

Sr. No.	Scheme Name
1.	ICICI Prudential Passive Multi-Asset Fund of Funds
2.	ICICI Prudential BSE 500 ETF FOF
3.	ICICI Prudential BHARAT 22 - FOF
4.	ICICI Prudential Multi Sector Passive FOF (Erstwhile ICICI Prudential Passive Strategy Fund (FOF))
5.	ICICI Prudential Global Advantage Fund (FOF)
6.	ICICI Prudential Diversified Debt Strategy Active FOF (Erstwhile ICICI Prudential Debt Management Fund (FOF))
7.	ICICI Prudential Nifty Alpha Low-Volatility 30 ETF FOF
8.	ICICI Prudential Global Stable Equity Fund (FOF)
9.	ICICI Prudential Dynamic Asset Allocation Active FOF (Erstwhile ICICI Prudential Asset Allocator Fund (FOF))
10.	ICICI Prudential Thematic Advantage Fund (FOF)
11.	ICICI Prudential Nifty 100 Low Volatility 30 ETF FOF
12.	ICIC Prudential Income plus Arbitrage Omni FOF (Erstwhile ICICI Prudential Income Plus Arbitrage Active FOF))
13.	ICICI Prudential Gold ETF FOF (erstwhile ICICI Prudential Regular Gold Savings Fund (FOF))
14.	ICICI Prudential Diversified Equity All Cap Omni FOF (Erstwhile ICICI Prudential India Equity FOF))
15.	ICICI Prudential Strategic Metal and Energy Equity Fund of Fund
16.	ICICI Prudential Silver ETF FOF (Erstwhile ICICI Prudential Silver ETF Fund of Fund)
17.	ICICI Prudential Nifty EV & New Age Automotive ETF FOF

A detailed comparison between the existing schemes of the mutual fund is available at the below link: [SID related information \(icicipruamc.com\)](http://www.icicipruamc.com/SID-related-information)

G. HOW HAS THE SCHEME PERFORMED?

This Scheme is a new Scheme and does not have any performance track record.

H. ADDITIONAL SCHEME RELATED DISCLOSURES

i. SCHEME'S PORTFOLIO HOLDINGS

Since the Scheme is a new Scheme, Portfolio Holdings and Sector wise holdings are not available.

- ii. DISCLOSURE OF NAME AND EXPOSURE TO TOP 7 ISSUERS, STOCKS, GROUPS AND SECTORS AS A PERCENTAGE OF NAV OF THE SCHEME IN CASE OF DEBT AND EQUITY ETFS/INDEX FUNDS THROUGH A FUNCTIONAL WEBSITE LINK THAT CONTAINS DETAILED DESCRIPTION –**
Not Applicable

iii. PORTFOLIO DISCLOSURE

Since the Scheme is a new Scheme, portfolio is not available.

iv. SCHEME'S PORTFOLIO TURNOVER RATIO:

Since the Scheme is a new Scheme, Portfolio Turnover ratio is not available.

v. Aggregate investment in the Scheme by:

Sr. No.	Category of Persons	Net Value		Market Value (in Rs.)
1.	Scheme's Fund Manager(s)	Units	NAV per unit	
Not Applicable since the Scheme is a new Scheme				

For any other disclosure with respect to investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

vi. INVESTMENT OF THE AMC IN THE SCHEME

From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. The details of such investments of the AMC can be accessed at the following link: [Statutory Disclosure \(icicipruamc.com\)](http://icicipruamc.com)

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the valuation policy and procedures of the Fund, provided in Statement of Additional Information (SAI).

The NAV of the Scheme shall be rounded off upto four decimals.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments + Current Assets - Current Liabilities and Provision

No. of Units outstanding under Schemes

The NAV will be calculated as of the close of every Business Day of the respective Scheme. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

Illustration of computation of NAV:

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 10,000,000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 10,000,000 = \text{Rs. } 10.4534 \text{ p.u. (rounded off to four decimals)}$$

The Fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES –

These expenses are incurred for the purpose of various activities related to the NFO like marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

In accordance with the provisions of SEBI Circular, no New Fund Offer Expenses will be charged to the Scheme. The NFO expenses for launch of scheme will be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSE

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25 % of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. The AMC would update the current expense ratios on the website at least three working days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular. Investors can view the same at - [Mutual Funds - Invest in Mutual Funds Online | ICICI Prudential MF](#) for Total Expense Ratio (TER) details.

Details of Annual Scheme Recurring Expenses under the Scheme are as follows:

Particulars	ICICI Prudential Diversified Equity All Cap Active FOF (% p.a. of net assets)
Investment Management and Advisory Fees	Upto 2.25
Audit Fees and expenses of trustees	
Custodian Fees	
Registrar & Transfer Agent Fees including cost of providing account statements/IDCW/redemption cheques/warrants	

Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage and transaction cost pertaining to distribution of units	
Goods and Services Tax on expenses other than investment and advisory fees	
Goods and Services Tax on brokerage and transaction cost	
Other Expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (a) (ii)	Upto 2.25
Additional expenses under regulation 52 (6A) (c)*	Up to 0.05
The aforesaid does not include Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.	
Investors may please note that the above include recurring expenses of the Scheme in addition to the expenses of the underlying schemes in which the fund of fund scheme makes investment.	

Provided that the total expense ratio to be charged over and above the weighted average of the total expense ratio of the underlying schemes shall not exceed two times the weighted average of the total expense ratio levied by the underlying scheme(s), subject to the overall ceilings as stated above.

*As permitted under the Regulation 52 of SEBI (MF) Regulations, 1996 and pursuant to paragraph 15.10.1 of the Master Circular and Securities and Exchange Board of India (Mutual Funds) (Fourth Amendment) Regulations, 2018.

Investors may please note that they will be bearing the recurring expenses of the Scheme in addition to the expenses of the underlying schemes in which the fund of fund scheme makes investment.

As per Regulation 52(6)(a)(ii), the total expenses of the Scheme including weighted average of charges levied by the underlying schemes shall not exceed 2.25 per cent of the daily net assets of the Scheme.

ICICI Prudential Diversified Equity All Cap Active FOF – Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc as compared to ICICI Prudential Diversified Equity All Cap Active FOF – Regular Plan and no commission for distribution of units will be paid/charged under ICICI Prudential Diversified Equity All Cap Active FOF – Direct Plan.

All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in the Regular Plan.

These estimates have been made in good faith as per information available to the AMC and the total expenses may be more than as specified in the table above. However, as per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme Information Document shall be subject to the applicable guidelines.

The purpose of the above table is to assist the investors in understanding the various costs and expenses that an investor in the Scheme will bear. The above expenses may increase/decrease as per actual and/or any change in the Regulations.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

Pursuant to paragraph 10.1.3 of SEBI Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 following additional costs or expenses may be charged to the scheme, namely:

- (i) The AMC may charge Goods and Services Tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations.
- (ii) Additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4) of Regulation 52 of the Regulations, not exceeding 0.05 per cent of daily net assets of the scheme. However, such additional expenses will not be charged if exit load is not levied or not applicable to the Scheme.

Fund of Funds (FoFs) investing more than 80% of its NAV in the underlying domestic funds shall not be required to set aside 2bps of the daily net assets towards investor education and awareness initiatives.

Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

The following is an illustration of the impact of expense ratio on the scheme's returns:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1,300	1,350

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load (No Entry Load shall be charged)	<ul style="list-style-type: none">• 1% of the applicable NAV - If units purchased or switched in from another scheme of the Fund are redeemed or switched out in excess of the limit within 1 Year from the date of allotment• NIL - If units purchased or switched in from another scheme of the Fund are redeemed or switched out after 1 Year from the date of allotment. <p>However, the Trustee shall have a right to prescribe or modify the load structure with prospective effect subject to a maximum prescribed under the Regulations.</p>

Any redemption/switch arising out of excess holding by an investor beyond 25% of the net assets of the Scheme in the manner envisaged under paragraph 6.11.1.1 (b) of the Master Circular, such redemption / switch will not be subject to exit load.

The exit load charged, if any, shall be credited back to the respective scheme. Goods and Services tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services tax shall be credited to the schemes.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme.

In accordance with Regulation 51A of the Regulations, the exit load charged, if any, shall be credited to the scheme. Goods and Services Tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services Tax shall be credited to the schemes.

Any imposition or enhancement in the load shall be applicable on prospective investments only. The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.

- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. A public notice shall be provided on the website of the AMC in respect of such changes.

SECTION II

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link : [SID related information \(iciipruamc.com\)](http://www.iciipruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. Standard Risk Factors: Please refer to SAI.

II. Scheme specific risk factors

- Investors may please note that they will be bearing the recurring expenses of the relevant fund of fund scheme in addition to the expenses of the underlying schemes in which the fund of fund scheme makes investment.
- As the investors are incurring expenditure at both the Fund of Funds level and the schemes into which the Fund of Funds invests, the returns that they may obtain may be materially impacted or may at times be lower than the returns that investors directly investing in such schemes obtain.
- Again as the Fund of Funds scheme may shift the weightage of investments between schemes into which it invests, the expenses charged being dependent on the structure of the underlying schemes (being different) may lead to a non- uniform charging of expenses over a period of time.
- As the Fund of Funds (FOF) factsheets and disclosures of portfolio will be limited to providing the particulars of the schemes invested at FOF level, investors may not be able to obtain specific details of the investments of the underlying schemes.
- While it would be the endeavour of the Fund Manager of the Fund of Funds scheme(s) to invest in the target schemes in a manner, which will seek to maximize returns, the performance of the underlying funds may vary which may lead to the returns of the Fund of Funds being adversely impacted.
- The scheme specific risk factors of each of the underlying schemes become applicable where a fund of funds invests in any underlying scheme. Investors who intend to invest in Fund of Funds are required to and are deemed to have read and understood the risk factors of the underlying schemes relevant to the Fund of Funds scheme that they invest in. Copies of the Scheme Information Documents pertaining to the various schemes of ICICI Prudential Mutual Fund, which disclose the relevant risk factors, are available at the Customer Service Centers or may be accessed at www.iciipruamc.com.

- A Fund Manager managing any one of the Fund of Funds schemes may also be the Fund Manager for any underlying schemes.
 - There exists a possibility that the investment policy and/or fundamental attributes of the underlying scheme change over time. In such circumstances, the fund manager will seek to continue remain invested in such underlying scheme as long as it does not challenge the investment strategy of the Scheme.
 - **Settlement Risk:** In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the underlying scheme to make intended securities purchases due to settlement problems could cause the underlying scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the underlying scheme portfolio may result, at times, in potential losses to the underlying scheme, and there can be a subsequent decline in the value of the securities held in the underlying scheme's portfolio.
 - **Portfolio Concentration Risk:** To the extent that the underlying scheme may concentrate its investments in the Securities of companies of certain sectors/theme, the underlying scheme will therefore be subject to the risks associated with such concentration. Such risks may impact the underlying scheme to the extent that it invests in particular sectors/theme even in cases where the investment objective is more generic.
 - **Volatility Risk:** The equity markets are volatile and the value of securities may fluctuate dramatically from day to day. This volatility may cause the value of investment in the underlying scheme to decrease.
- **Risk associated with investment in money market securities**
- a. **Market Risk/Interest Rate Risk:** The Net Asset Value (NAV) of the Scheme(s), to the extent invested in fixed income and money market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
 - b. **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
 - c. **Credit Risk:** Investments in fixed income securities and money market instruments are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
 - d. **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the

rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

- e. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- f. **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- g. **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the underlying scheme(s) have the power to invest in securities which are not listed on a stock exchange or receive unlisted securities which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. These securities may lack a liquid secondary market and there can be no assurance that the underlying scheme(s) will realise their investments in unlisted securities at a fair value.
- h. **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme’s portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme.
- i. Different types of fixed income securities in which the Scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- j. The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- k. As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- l. The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- m. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on

the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.

- n. Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

➤ **Risk associated with investment in units of mutual funds**

The scheme may make investments in units of mutual funds. Investments in schemes of mutual funds are subject to market risks and there is no assurance or guarantee that the objectives of the scheme will be achieved. Further, any investment in mutual funds is also subject to risk factors outlined in the offer document of the mutual fund and an adverse performance of a mutual fund scheme in which the scheme has made investments could adversely impact the scheme's performance and NAV of the scheme.

➤ **Risk associated with investment in Tri Party Repo through CCIL (TREPS)**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and

Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

The underlying schemes having exposure to the fixed income securities and/ or equity and equity related securities will be subject to the following risks and in turn the Scheme's/ Plans' performance will be affected accordingly.

➤ **Risk associated with investment in underlying schemes (as applicable):**

Market Risk

The Scheme's NAV will react to the stock market movements. The Investors could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

Right to Limit Redemptions

The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with paragraph 1.12 of SEBI Master circular for Mutual Funds dated June 27, 2024 (Restriction on redemption in Mutual Funds).

➤ **Risk associated with investment in equities, equity related instruments and units of Real Estate Investment Trusts (REITs)**

- The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The Mutual Fund may not be able to sell / lend out securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

- Investors may note that the dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by the scheme. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors. In addition, investments in units of REITs could also receive funds through repatriation of funds by these Trusts in the form of buyback of units along with dividend pay-outs, etc. Hence reinvestments of the proceeds carry a risk of lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk. Within the Regulatory limits, the AMC may choose to invest in unlisted securities.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavours to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However fund will aim at taking exposure into relatively liquid stocks where there will be minimal risk to square off the transaction. The Schemes investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.
- The schemes are also vulnerable to movements in the prices of securities invested by the schemes which again could have a material bearing on the overall returns from the schemes.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- In case of warrants, a relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be volatile.
- It is essential for the investors to understand that the right to subscribe which a warrant confers is invariably limited in time with the consequence that if the investor fails to exercise this right within the predetermined timeline then the investment becomes worthless. Investment in a warrant can result in a total loss of the money invested plus any commission or other transaction charges.

- The value of units of REITs is derived based on the prevailing interest rate. Generally, when interest rates rise, value of units falls and when interest rates drop, such value increases. Hence, the prices of units of REITs is susceptible to changes in interest rate.

➤ **Risk associated with investment in ADR/GDR/Foreign equity Securities/Overseas Mutual Funds/Overseas ETFs**

It is AMC's belief that the investment in ADRs/GDRs/overseas securities/Overseas ETFs offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities/Overseas ETFs, there may not be readily available and widely accepted benchmarks to measure performance of the Schemes. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Investors are requested to note that the costs associated with overseas investments like advisory fees (other than those expenses permissible under regulation 52 of SEBI Regulations) would not be borne by the scheme.

➤ **Risk associated with investment in Derivatives**

1. The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
2. The Scheme may use derivatives instruments like Interest Rate Swaps, Forward Rate Agreements or other derivative instruments for the purpose of hedging and portfolio

balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

3. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
 4. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.
 5. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.
 6. The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:
 - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
 - Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
 - Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
 - Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.
 - The derivative contracts at times are undertaken with various counterparties. These counterparties may not be able to meet the obligations under such derivative contracts. This would lead to credit risk in derivative transactions, Hence, derivative trades are undertaken with approved counterparties or through exchanges. This mitigates credit risk on derivative transactions.
- **Risk associated with imperfect hedging using interest rate futures**

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

1. Perfect Hedging means hedging the underlying using IRF contract of same underlying.
2. Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- 1) Corporate Bonds and Government securities or
- 2) Only Corporate debt securities or
- 3) Only government securities with different maturities

➤ **Risk associated with imperfect hedging includes:**

- **Basis Risk:** The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.
- **Price Risk:** The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- **Risk of mismatch between the instruments:** The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example, when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.
- **Correlation weakening and consequent risk of regulatory breach:** SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 business days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

➤ **Risk associated with investment in Securitized Debt**

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, microfinance companies or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers. Generally available asset classes for securitization in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans/receivables
- Microfinance receivables

In pursuance to SEBI communication dated: August 25, 2010, given below are the requisite details relating to investments in Securitized debt.

- Risk profile of securitized debt vis-à-vis risk appetite of the scheme:

The Scheme aims to provide reasonable returns to investors with a long-term investment horizon. To ensure the scheme targets only long term investors, the scheme has exit loads of upto 1 year which acts as a deterrent to short term investors. Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity which would match with the long-term investment horizon of these investors. Investment in these instruments may help the fund in aiming at reasonable returns. These returns come with a certain degree of risks which are covered separately in the Scheme Information Document. Accordingly, the medium risk profile of the securitized debt instruments matches that of the prospective investors of these schemes.

- Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.
 - Risk mitigation strategies for investments with each kind of originator
- For a complete understanding of the policy relating to selection of originators, the AMC has first analysed below risks attached to a securitization transaction.

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA/AA rated asset classes.

The Scheme may invest in securitized debt assets. These assets would be in the nature of Asset Backed Securities (ABS) and Mortgage Backed Securities (MBS) with underlying pool of assets and receivables like housing loans, auto loans and single corporate loan originators. The Scheme intends to invest in securitized instruments rated AAA/AA by a SEBI recognized credit rating agency.

Before entering into any securitization transaction, the risk is assessed based on the information generated from the following sources:

- (1) Rating provided by the rating agency
- (2) Assessment by the AMC

(1) Assessment by a Rating Agency

In its endeavor to assess the fundamental uncertainties in any securitization transaction, a credit rating agency normally takes into consideration following factors:

- **Credit Risk**

Credit risk forms a vital element in the analysis of securitization transaction. Adequate credit enhancements to cover defaults, even under stress scenarios, mitigate this risk. This is done by evaluating following risks:

- Asset risk
- Originator risk
- Portfolio risk
- Pool risks

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of installments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analyzed with regard to geographical location, borrower profile, LTV, and tenure.

- **Counterparty Risk**

There are several counterparties in a securitization transaction, and their performance is crucial. Unlike in the case of credit risks, where the risks emanate from a diversified pool of retail assets, counterparty risks result in either performance or non-performance. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure. The risks assessed under this category include:

- Servicer risk
- Commingling risk
- Miscellaneous other counterparty risks

- **Legal Risks**

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

- **Market Risks**

Market risks represent risks not directly related to the transaction, but other market related factors, stated below, which could have an impact on transaction performance, or the value of the investments to the investors.

- Macro-economic risks
- Prepayment risks
- Interest rate risks

➤ **Other Risks associated with investment in securitized debt and mitigation measures:**

- **Limited Liquidity and Price Risk**

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

- **Limited Recourse, Delinquency and Credit Risk**

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However, many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

- **Risks due to possible prepayments: Weighted Tenor / Yield**

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

- **Bankruptcy of the Originator or Seller**

If originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to Trust was not a sale,

then an Investor could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to Trust not being construed as a “True Sale”. Legal opinion is normally obtained to the effect that the assignment of Receivables to Trust in trust for and for the benefit of the Investors, as envisaged herein, would constitute a true sale.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

- **Bankruptcy of the Investor’s Agent**

If Investor’s agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor’s Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement. All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor’s Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor’s Agent. Legal opinion is normally obtained to the effect that the Investors Agent’s recourse to assets/receivables is restricted in its capacity as agent and trustee and not in its personal capacity.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor’s Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor’s Agent.

- **Risk of Co-mingling**

With respect to the Certificates, the Servicer will deposit all payments received from the Obligor into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

(2) Assessment by the AMC

- **Track record**

The AMC ensures that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc.

- **Willingness to pay**

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank, guarantee etc. is obtained, as a risk mitigation measure.

- **Ability to pay**

This assessment is based on a strategic framework for credit analysis, which entails a detailed financial risk assessment.

Management analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to assess financial risk a broad assessment of the issuer's financial statements is undertaken to review its ability to undergo stress on cash flows and asset quality. Business risk assessment, wherein following factors may be considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition, a detailed review and assessment of rating rationale is done including interactions with the company as well as agency

➤ **Critical Evaluation Parameters (For Pool Loan and Single Loan Securitization Transactions)**

Typically, the AMC would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if there are concerns on the following issues regarding the originator / underlying issuer:

- High default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan, as the case may be.

Table below illustrates the framework that may be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	CAR	2 wheels	Micro Finance Pools	Personal Loans

Approximate Average maturity (in Months)	36-120 months	12- 60 months	12-60 months	15-48 months	15-80 weeks	5 months -3 years
Collateral margin (including cash ,guarantees, excess interest spread , subordinate tranche)	3-10%	4-12%	4-13%	4-15%	5-15%	5-15%
Average Loan to Value Ratio	75%-95%	80%-98%	75%-95%	70%-95%	Unsecured	Unsecured
Average seasoning of the Pool	3-5 months	3-6 months	3-6 months	3-5 months	2-7 weeks	1-5 months
Maximum single exposure range	4-5%	3-4%	NA (Retail Pool)	NA (Retail Pool)	NA (Very Small Retail loan)	NA (Retail Pool)
Average single exposure range %	0.5%-3%	0.5%-3%	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size

Notes:

- Retail pools are the loan pools relating to Car, 2 wheelers, micro finance and personal loans, wherein the average loan size is relatively small and spread over large number of borrowers.
- Information illustrated in the Tables above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.
- The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments
- Majority of our securitized debt investments shall be in asset backed pools wherein the AMC may have underlying assets as Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment etc. Where the AMC invests in Single Loan Securitization, as the credit is on the underlying issuer, the AMC focuses on the credit review of the borrower.

In addition to the framework as per the table above, the AMC also take into account following factors, which are analyzed to ensure diversification of risk and measures identified for less diversified investments:

- Size of the Loan
- Average Original Maturity of the Pool
- Delinquency Distribution
- Geographical Distribution
- Loan to Value Ratio

- Average seasoning of the pool
- **Risk Tranching**

Typically, the AMC may avoid investing in mezzanine debt or equity of Securitized debt in the form of sub ordinate tranche, without specific risk mitigant strategies / additional cash / security collaterals/ guarantees, etc.

- **The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund**

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest.

- **In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt**

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is similar to any other credit. The investments in securitized debt are done after appropriate research. The ratings are monitored for any movement.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

➤ **Risks associated with stock lending**

Stock lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section “**How will the Scheme allocate its assets?**” for maximum permissible exposure to Stock Lending.

➤ **Risk associated with investment in Gilt Securities**

Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in prices is a function of the existing coupon, days to maturity and the increase or decrease in interest rates. Price-risk is not unique to government securities but is true for all fixed income securities. The default risk however, in respect of Government securities is zero. Therefore, their prices are influenced only by movement in interest rates in the financial system. On the other hand, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced by credit standing of the issuer as well as the general level of interest rates.

Even though the Government securities market is more liquid compared to other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.

➤ **Risk Factors associated with schemes investing in Floating Rate papers**

Risks of investing in floating rate debt instruments or fixed rate debt instruments swapped for floating rate return:

Interest rate movement (Basis Risk):

As the Schemes will invest in floating rate instruments these instruments' coupon will be reset periodically in line with the benchmark index movement. Normally, the interest rate risk of a floating rate instrument compared to a fixed rate instrument is limited. The changes in the prevailing rates of interest will likely affect the value of the Scheme's holdings until the next reset date and thus the value of the Scheme's Units. Increased rates of interest, which frequently accompany inflation and/ or a growing economy, are likely to have a negative effect on the value of the Units. The value of securities held by the Scheme generally will vary inversely with changes in prevailing interest rates. The Scheme could be exposed to the interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement.

Spread Movement (Spread Risk):

Though the basis (i.e. benchmark) gets readjusted on a regular basis, the spread (i.e. mark-up) over benchmark remains constant. This can result in some volatility to the holding period return of floating rate instruments.

Settlement Risk (Counter-party Risk):

The floating rate assets may also be created by swapping a fixed return to a floating rate return. In such a swap, there may be an additional risk of counter-party who will pay floating rate return and receive fixed rate return.

Liquidity Risk:

Due to the evolving nature of the floating rate market, there may be an increased degree of liquidity risk in the portfolio from time to time.

➤ **Risk associated with repo transactions in corporate debt securities**

• **Lending transactions**

The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However, in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

• **Borrowing transactions**

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

➤ **Risk associated with investment in Investment Infrastructure Trusts (InvITs)**

- **Regulatory and Policy Risk:** InvITs operate under a defined regulatory regime. Any changes in government policies, tax laws, or SEBI regulations can materially impact the structure, returns, and compliance obligations of InvITs.
- **Market Risk:** InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends relating to various factors including demand and supply trends. The NAV of the scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes and Infrastructure sectors, settlement periods and transfer procedures. The fund manager will undertake active portfolio management as per the investment objective to reduce the market risk.
- **Liquidity Risk:** As the liquidity of the investments made by the scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme's portfolio risk. The fund will try to maintain a proper asset-liability match to

ensure redemption payments are made on time and not affected by illiquidity of the underlying units.

- **Reinvestment Risk:** Investments in units of InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.
- **Interest Rate Risk:** The value of units of InvITs is derived based on the prevailing interest rate. Generally, when interest rates rise, value of units falls and when interest rates drop, such value increases. Hence, the prices of units of InvITs is susceptible to changes in interest rate.
- **Sector Concentration Risk:** InvITs often focus on specific infrastructure sectors (e.g., roads, power transmission). Sector-specific regulatory changes or economic stress can disproportionately affect performance.
- **Counterparty and Credit Risk:** InvITs rely on counterparties such as concession authorities, contractors, and lenders. Defaults or delays in payments by these entities can impair cash flows and distributions to unit holders.
- **Force Majeure and Environmental Risk:** Infrastructure assets are exposed to risks arising from natural disasters, extreme weather events, and other force majeure situations, which can disrupt operations and revenue generation.

The above are some of the common risks associated with investments in units of InvITs. There can be no assurance that the scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

C. Risk management strategies

The underlying schemes having exposure to the fixed income securities and/ or equity and equity related securities will be subject to the following risks and in turn the Scheme's/ Plans' performance will be affected accordingly.

<u>Risks associated with Equity investments</u>	
<p><u>Concentration Risk</u> Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of sectors or securities.</p>	<p>The underlying schemes will try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.</p>
<p><u>Market Risk</u> The scheme is vulnerable to movements in the prices of securities invested by the underlying schemes, which could have a material bearing on the overall returns from the scheme</p>	<p>Market risk is a risk which is inherent to an equity scheme. The underlying schemes may use derivatives to limit this risk.</p>

<p><u>Derivatives Risk</u> As and when the underlying schemes trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.</p>	<p>The underlying schemes may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. Fund managers will endeavor to use derivatives which are liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.</p>
<p><u>Liquidity risk</u> The liquidity of the underlying scheme's investments is inherently restricted by trading volumes in the securities in which it invests.</p>	<p>As such the liquidity of stocks that the underlying schemes invest into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time.</p>
<p><u>Currency Risk</u> The underlying schemes will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.</p>	<p>The underlying schemes, subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The underlying schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.</p>

<p><u>Risks associated with Fixed Income investment</u></p>	
<p><u>Market Risk/ Interest Rate Risk</u> As with all debt securities, changes in interest rates may affect the underlying scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do</p>	<p>The underlying schemes will undertake active portfolio management as per the investment objective to reduce the market risk. In a rising interest rates scenario the underlying scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with</p>

<p>short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>longer maturity may be increased thereby mitigating risk to that extent.</p>
<p>Liquidity or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).</p>	<p>The underlying scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.</p>
<p>Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.</p>
<p>Currency Risk The underlying scheme will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.</p>	<p>The underlying schemes subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The underlying scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.</p> <p>All currency derivatives trade, if any will be done only through the stock exchange platform.</p>

Derivatives Risk

As and when the underlying scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The underlying scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Interest Rate Swaps will be done with approved counter parties under pre-approved ISDA agreements through recognized platforms. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

I. Information about the scheme**A. Where will the scheme invest?**

Subject to the Regulations and the disclosures as made under the section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusively) of the following:

1. Units of various active domestic equity oriented schemes across varied market caps
2. Units of Liquid/Overnight mutual fund schemes, Money Market Instruments, including Tri-Party Repo*, cash & cash equivalents.

*or similar instruments as may be permitted by SEBI/RBI, subject to approval from SEBI/RBI as required.

The units of the schemes of the Mutual Funds in which the Scheme propose to make investments in could be listed or unlisted, open/closed ended. The units may be acquired through subscription to the units during the New Fund Offer of the schemes or by subscriptions on on-going basis in case of open ended schemes.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph 12.30 of the Master Circular pertaining to Inter-Scheme transfer of investments.

As per the SEBI guidelines, a Fund of funds scheme shall not invest in any other fund of

funds scheme.

POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitised Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on January 30, 2026 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	5.45%	High
GOI	Treasury Bill	364 Days	5.71%	High
GOI	Short Dated	1-3 Years	5.70% - 6.02%	High
GOI	Medium Dated	3-5 Years	6.02% - 6.36%	High
GOI	Long Dated	5-10 Years	6.36% - 6.70%	High
Corporates	Taxable Bonds (AAA)	1-3 Years	7.19% - 7.27%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	7.27% - 7.29%	Low to Medium
Corporates	CDs (A1+)	3 months	7.25%	Medium to High
Corporates	CPs (A1+)	3 months	7.75%	Medium to High

B. What are the investment restrictions?

Pursuant to the Regulations and amendments thereto, the following investment restrictions shall apply at the time of making investments. All investments by the Scheme will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (Mutual Funds) Regulations, 1996, including schedule VII thereof, as amended from time to time:

1. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - a) Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further, the inter Scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with the guidelines as stated in paragraph 12.30 of the Master Circular.

2. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
3. The Fund may buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and will not make any short sales or engage in carry forward transaction or badla finance.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard

4. No loans for any purpose can be advanced by the Scheme.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.

5. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the Unitholders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
6. Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks in accordance with paragraph 12.16 of the Master Circular. The following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:
 - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b. Such short term deposits shall be held in the name of the concerned Scheme.

- c. No mutual fund Scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
- d. No mutual fund Scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- e. Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.

The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits.
7. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.
 8. This Scheme shall not invest in any other Fund of Funds Scheme.
 9. A fund of funds scheme shall not invest its assets other than in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions, as disclosed in the Scheme Information Document.
 10. No mutual fund scheme shall make any investments in;
 - a) any unlisted security of an associate or group company of the sponsor; or
 - b) any security issued by way of private placement by an associate or group company of the Sponsor; or
 - c) the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets of the scheme of the Mutual Fund. (except for investments by equity oriented exchange traded funds and index funds and subject to such conditions as may be specified by the Board

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow or as deemed fit in the general interest of the Unitholders.

C. Fundamental Attributes

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) subject to compliance with sub-regulation (26) of regulation 25 of the SEBI (MF) Regulations:

(i) Type of a Scheme

For details on type of Scheme, please refer “**Type of the Scheme**”.

(ii) Investment Objective

- Main Objective - Please refer “**What are the investment objectives of the Scheme?**”
- Investment pattern – The tentative portfolio break-up of Equity and Debt and other permitted securities and such other securities as may be permitted by SEBI from time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations. Please refer “**How will the Scheme allocate its assets?**” for more details.

(iii) Terms of Issue

1) Liquidity

On an on-going basis, an investor can purchase and redeem Units on every Business Day at NAV based prices, subject to the applicable load structure.

• **Listing**

Being an open-ended fund, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges.

• **Redemption of Units**

For details on redemption of units, please refer \ “Redemption of Units” .

• **Redemption Price**

The redemption price will be at Applicable NAV based prices, subject to applicable exit load provisions.

2) Aggregate fees and expenses charged to the Scheme: The provisions in respect of fees and expenses as indicated in this Scheme Information Document.

3) Any safety net or guarantee provided: The present Scheme is not a guaranteed or assured return scheme.

Changes in Fundamental Attributes

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- An application has been made with SEBI and views/comments of SEBI are sought on the proposal for fundamental attribute changes;
- An addendum to the existing SID shall be issued and displayed on AMC website immediately;
- SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days from the notice date).;
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated, and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Other Scheme Specific Disclosures:

Offline transaction requests:

The application form / transactions requests for subscription/ redemption/ switches can be submitted at official points of acceptance of the AMC and CAMS Transaction Points provided in the link: [SID related information \(icicpruamc.com\)](http://www.icicpruamc.com).

Online / Electronic Transactions:

- AMC's Digital Properties: Investors can undertake transactions via electronic mode through various online facilities offered by the AMC i.e. Website: www.icicpruamc.com and Mobile Application of the AMC mobile app by downloading from the google play store or apple store.
- CAMS (RTA) Website and Mobile App: Investor can also subscribe to the Units of the Scheme through the website of CAMS (www.camsonline.com) through their mobile app (myCAMS) by downloading from the google play store or apple store.
- MF Utilities (MFU): Investors may purchase units of the Plan(s) under the Scheme through MFU. All financial and non-financial transactions pertaining to Scheme of the AMC can also be submitted through MFU either electronically or physically through the authorized Points of Service ("POS") of MFU. The list of POS of MFU is published on the website of MFU at www.mfuindia.com and may be updated from time to time.
- MFCentral: Investor can also submit their applications through MFCentral, a unified platform for mutual fund transactions and services.
- Stock Exchanges: Investors can also subscribe to the Units of the Scheme on BSE StAR MF Platform, MFSS and NSE NMF II.
- Channel Partners / Execution Only Platforms (EOP): For electronic

transactions received from the Channel Partners / EOP with whom the AMC has entered or may enter specific arrangements for all financial transactions relating to the units of Scheme.

- Pursuant to paragraph 14.8 of the Master Circular, an investor can also subscribe to the New Fund Offer (NFO) through ASBA facility. ASBAs can be accepted only by SCSBs whose names appear in the list of SCSBs as displayed by SEBI on its website www.sebi.gov.in.

For the purpose of, determining the applicability of NAV, the time when the request for purchase / sale / switch of units is received in the servers of AMC/ RTA or such other service provider/ transaction platform, shall be considered.

It is mandatory for investors to mention bank account numbers in their applications/requests for redemption.

Open Network for Digital Commerce (ONDC)

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) ("Network").

To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an 'OPAT'.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.

	<p>Kindly refer to below link for list of official points of acceptance, collecting banker details etc.</p> <p>SID related information (icicpruamc.com)</p>
<p>The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the Scheme or the AMC) involved in the same.</p>	<p>Not applicable</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>Subscription: In the interest of the investors and in order to protect the portfolio from market volatility, the Trustees reserve the right to limit or discontinue subscriptions under the Scheme for a specified period of time or till further notice.</p> <p>Redemption: Suspension or restriction of repurchase/redemption facility under any Scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees. After obtaining the approval from the AMC Board and the Trustees, intimation would be sent to SEBI in advance providing details of circumstances and justification for the proposed action shall also be informed.</p>
<p>Cut off timing for subscriptions/redemptions/ switches</p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:</p> <p>For Purchase and Switch-in transactions:</p> <p>a) In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. 3.00 p.m. - the closing NAV of the day shall be applicable.</p> <p>b) In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are available for utilization on the same day or before the cut-off time of the next business day - the closing NAV of the next Business Day shall be applicable.</p>

	<p>c) Irrespective of the time of receipt of application, where the funds for the entire amount are available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.</p> <p>d) In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme.</p> <p>Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the scheme bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment.</p> <p>Redemptions including switch-outs:</p> <p>a) In respect of valid applications received upto 3.00 pm on a business day by the Mutual Fund, same day's closing NAV shall be applicable.</p> <p>b) In respect of valid applications received after the cut off time by the Mutual Fund: the closing NAV of the next business day.</p> <p>Transactions through online-mode or electronic mode: For the purpose of, determining the applicability of NAV, the time when the request for purchase / sale / switch of units is received in the servers of AMC/ RTA or such other service provider/ transaction platform, shall be considered.</p>
<p>Minimum amount for purchase/redemption/switches</p>	<p>During NFO: Rs. 100/- plus in multiple of Re.1.</p> <p>During ongoing offer period: Minimum application amount-</p>

	<p>Rs. 100/- plus in multiples of Re. 1</p> <p>Minimum application amount for switch ins – Rs. 100 and any amount thereafter.</p> <p>Minimum additional application amount: Rs. 100/- plus in multiples of Re. 1</p> <p>Minimum additional application amount for switch ins – Rs. 100 and any amount thereafter</p> <p>Minimum Redemption Amount: Any amount</p>
Minimum balance to be maintained and consequences of non-maintenance	Not Applicable
Account Statements	<p>1. Account Statements:</p> <ul style="list-style-type: none"> • The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders registered e-mail address and/or mobile number. • In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request. <p>2. Consolidated Account Statement:</p> <ul style="list-style-type: none"> • The Consolidated Account Statement (CAS) for each calendar month will be issued on or before fifteenth day of succeeding month to the investors. Further, CAS will be sent via email where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records. • In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Mutual Fund Schemes, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before twenty first day of succeeding

	<p>month, unless a specific request is made to receive the same in physical form.</p> <ul style="list-style-type: none"> • Investors may note that Half-yearly CAS shall be issued to all investors, excluding those investors who do not have any holdings in any of Mutual Fund Schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. • In case of the units are held in dematerialized (demat) form, the statement of holding or Consolidated Account Statement (CAS) of the beneficiary account holder will be sent by the respective Depositories in accordance with SEBI Master circular for Depositories. Dispatch of CAS by the depositories would constitute compliance by the AMC/ the Mutual Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations. • In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS. • Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each Scheme. <p>The AMC reserves the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).</p>
IDCW	Not Applicable
Redemption	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase.</p> <p>Further, AMFI has published a list of exceptional circumstances for schemes unable to transfer redemption or repurchase proceeds to investors within the limit specified above for transfer of redemption or repurchase proceeds to the unitholders in such exceptional circumstances. The said list is available on AMFI website.</p>

Bank Mandate

In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the AMC. Payment will be made only in the Bank Account registered with the Mutual Fund.

No bank account shall be registered in the investor account/folio as part of account opening or subsequent addition or change of bank request unless a validation is undertaken through any one of the following modes whereby the investors name, account number /details are verified and validated.

The AMC would validate the Bank Account details through PAN based account validation facility provided by NCPI or Penny Drop facility. Where the bank mandate cannot be validated by any of the stated methods, the bank account validation may be done on the basis of the any one of the following documents:

- a) Original cancelled cheque having the First Holder Name and bank account number printed on the cheque.
- b) Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application.
- c) Self-certified cheque copy/bank passbook and verified with the original by AMC/ RTA.
- d) Photocopy of the bank statement duly attested by the bank manager/ authorized personnel with designation, employee number and bank seal.
- e) Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the name of investor, account type, bank branch, MICR and IFSC code of the bank branch. The letter should not be older than 3 months.

If the bank account details cannot be validated, the AMC reserves the right to reject the application and in case of

redemption, the payout will be issued by way of warrant/cheque.

In case the bank account details are not mentioned or found to be incomplete or invalid in a purchase application, then the AMC may consider the account details as appearing in the investment amount cheque and the same shall be updated under the folio as the payout bank account for the payment of redemption amount etc.

The AMC reserves the right to call for any additional documents as may be required, for processing of such transactions with missing/ incomplete/ invalid bank account details. The AMC also reserves the right to reject such applications.

In case of units held in demat mode, payment will be made to the bank account linked to the demat account. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques/ warrants and/ or any delay/ loss in transit.

Change in Bank Account

For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant.

For investors holding units in non-demat mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.

Bank Account Details:

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the

	<p>Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to reject the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable.</p>
<p>Delay in payment of redemption / repurchase proceeds/ IDCW</p>	<p>The Asset Management Company shall be liable to pay interest to the unitholders at @ 15% per annum as specified vide paragraph 14.2 of Master Circular for the period of such delay.</p> <p>IDCW – Not applicable</p> <p>The Scheme currently offers only Growth option.</p> <p>However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be required by a regulatory body or any government authority, which results in delay in processing the application.</p>
<p>Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount</p>	<p>The treatment of unclaimed redemption & IDCW amount will be as per para 14.3 of the master circular.</p> <p>IDCW – Not Applicable</p>
<p>Disclosure w.r.t investment by minors</p>	<p>A minor can invest through his/her parent/lawful guardian.</p> <p>Minors can complete their KYC requirements for their folio through guardian.</p> <p>Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed.</p> <p>For further details, please refer to SAI</p>

<p>Ongoing Offer Period This is the date from which the Scheme will reopen for subscriptions/redemptions after the closure of the NFO period.</p>	<p>The Scheme is an open ended scheme and hence is available for subscription and redemption on an ongoing basis on every business day at NAV based prices. The Units of the Scheme will not be listed on any exchange, for the present.</p>
<p>Ongoing price for subscription (purchase)/switch-in (from other Schemes/plans of the mutual fund) by investors</p> <p>This is the price you need to pay for purchase/switch-in.</p>	<p>The purchase price of the Units will be based on the Applicable NAV subject to the applicable stamp duty.</p> <p>Purchase Price = Applicable NAV (for respective plan and option of the Scheme) (</p> <p>Example: An investor invests Rs 20,000/- and the current NAV is Rs. 20/- then the purchase price will be Rs. 20/- and the investor receives $20000/20 = 1000$ units.</p> <p>The Scheme shall not charge any entry load.</p>
<p>Nomination</p>	<p>The SEBI (Mutual Funds) Regulations notifies that the mutual fund shall provide nomination facility to the unit holders to nominate a person in whose favour the units shall be transmitted in the event of death of the unitholder. Any new investor, investing in Mutual Fund Units shall mandatorily have to provide nomination or Opt out of nomination through physical or online mode. The requirement of nomination shall be optional for jointly held folios. For detailed guidelines on Nomination please refer to SAI.</p>
<p>KYC rules for investors:</p>	<p>All the prospective and existing investors / Unit holders of the Fund are requested to note that, pursuant to SEBI Master Circular on Know Your Client (KYC) norms for the securities market dated October 12, 2023 regarding uniformity in KYC process in the securities market and development of a mechanism for centralization of the KYC records, the following KYC procedure is being carried out:</p> <p>A) <u>Requirement of PAN:</u></p> <ul style="list-style-type: none"> In order to strengthen the KYC norms and identify every participant in the securities market with their respective PAN thereby ensuring sound audit trail of all the transactions, PAN shall be the unique identification number for all participants transacting in the securities market, irrespective of the amount of transaction

- The following are exempted from the mandatory requirement of PAN:
 - a. Transactions undertaken on behalf of Central Government and/or State Government and by officials appointed by Courts e.g. Official liquidator, Court receiver etc. (under the category of Government) for transacting in the securities market.
 - b. Investors residing in the state of Sikkim.
 - c. UN entities/multilateral agencies exempt from paying taxes/filing tax returns in India.
 - d. SIP of Mutual Funds upto ₹50,000/- per year.
- Exempted investors are required to provide alternate proof of identity in lieu of PAN for KYC purposes and are allotted PAN-exempt KYC Reference Number (PEKRN).

B) List of Officially Valid Documents (OVDs):

The aforesaid circular specifies list of documents considered as Officially Valid Documents for Proof of Identity (PoI) and Proof of Address (POA). The investor shall visit the www.icicipruamc.com of the Mutual fund and go on KYC Corner section which will have FAQs providing required details.

C) Methods for completing KYC process and know your KYC status:

Physical KYC process:

- To bring uniformity in KYC process, SEBI has introduced a common KYC application form for all the SEBI registered intermediaries viz. Mutual Funds, Depository Participants, Stock Brokers, etc. are therefore requested to use the Common KYC application form to apply for KYC and mandatorily undergo - In Person Verification (IPV) requirements. For Common KYC Application Form please visit our website www.icicipruamc.com

	<p><u>Digital KYC process:</u></p> <ul style="list-style-type: none"> The investor shall visit the www.icicipruamc.com of the Mutual fund and go on new investor section and fill up the required details and online KYC form and submit requisite documents. Digital KYC process will be in accordance with SEBI Master circular of KYC dated October 12, 2023. <p><u>Review of KYC status by existing investors:</u></p> <p>The investor shall visit the www.icicipruamc.com of the Mutual fund and go on KYC Corner in Quick link section and fill up the required details to check their KYC status. Further, if investors wish to modify its KYC status, the same can also be done from that section of the website.</p>
<p>Any other disclosure in terms of Consolidated Checklist on Standard Observations</p>	<p>Investment by the AMC:</p> <p>From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest either directly or indirectly in the Scheme.</p> <p>Further, as per the SEBI (Mutual Funds) Regulations, 1996, in case the AMC invests in any of the Scheme managed by it, it shall not be entitled to charge any fees on such investments.</p> <p>The Scheme may invest in other Scheme managed by the AMC or in the Scheme of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing SEBI (Mutual Funds) Regulations, 1996 and guidelines. As per the SEBI (Mutual Funds) Regulations, 1996, no investment management fees will be charged for such investments.</p>

II. Other Details

A. Details of Benchmark, Investment Objective, Investment Strategy, TER, AUM, Year wise performance, Top 10 Holding/ link to Top10 holding of the underlying fund

accessed at the below link:

Not applicable as the Scheme is a new Scheme.

B. Periodic Disclosures

• Portfolio Disclosures

The AMC shall disclose portfolio of the scheme (along with ISIN) as on the last day of the month / half-year within 10 days from the close of each month / half-year respectively on website of:

AMC i.e. www.icicipruamc.com

AMFI i.e. www.amfiindia.com.

The scheme Risk-o-meter shall be evaluated on a monthly basis and shall be disclosed along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder.

• Annual Report

The scheme wise annual report shall be hosted on the website of the AMC and on the website of the AMFI soon as may be possible but not later than four months from the date of closure of the relevant financial year. The AMC shall publish an advertisement every year in all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the website of the AMC i.e. [Mutual Funds - Invest in Mutual Funds Online | ICICI Prudential MF](#).

The AMC shall display prominently on the AMC's website link of the scheme wise annual report and physical copy of the same shall be made available to the unitholders at the registered / corporate office of the AMC at all times.

• Half – Yearly Financial Results

The AMC shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on their website i.e. [Mutual Funds - Invest in Mutual Funds Online | ICICI Prudential MF](#). Further, the AMC shall publish an advertisement disclosing the hosting of such financial results on their website, in atleast one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the mutual fund is situated.

• Disclosure on Riskometers and Scheme Summary Document (SSD)

In accordance with paragraph 17.4 of the master circular Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter

along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter of the Scheme or its benchmark shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Risk-o-meter shall have following six levels of risk for the Scheme:

- i. Low risk
- ii. Low to Moderate risk
- iii. Moderate risk
- iv. Moderately High risk
- v. High - risk and
- vi. Very High risk

The evaluation of risk levels of a scheme shall be done in accordance with the aforesaid circular.

A Scheme Summary Document (SSD) of the Scheme which contains details such as Scheme features, Fund Manager details, investment details, investment objective, expense ratio etc will be made available on the website of the AMC and AMFI. The SSD will be updated within 5 working days from the date of change or modification in the Scheme.

C. Transaction charges and stamp duty

➤ Transaction charges:

No transaction charges to be levied on the investment amount from transactions/applications (including SIPs) received through distributors (i.e. for Regular Plans). Accordingly, payment of transaction charges to the distributors has been discontinued.

Please refer to SAI for more details.

➤ Stamp Duty:

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent.

D. Transparency/NAV Disclosure

The NAV will be calculated and disclosed by 10.00 a.m. of the following business day. NAV will be determined on by 10.00 a.m. of the following business day except in special circumstances. NAV of the scheme shall be:

- Prominently disclosed by the AMC under a separate head on the AMC's website (<https://www.icicpruamc.com/home>) by 10.00 a.m. of the following business day,
- On the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 10.00 a.m.. of the following business day, and
- Shall be made available at all Customer Service Centres of the AMC.

As the scheme is permitted to invest in units of mutual fund schemes which may invest certain portion in overseas securities (as may be permitted by SEBI), thus the scheme requires extended timeline for NAV disclosure to ensure that all securities are valued basis same day valuation.

In light of the above, NAV of the scheme would be declared by 12.00 noon on the following business day. In case any of the underlying schemes ceases to hold exposure to any overseas securities, NAV of the scheme for that day will continue to be declared on 10.00 a.m. on the following business day.

Subsequent to that day, NAV of the scheme shall be declared by 10.00 a.m. on the following business day.

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next business day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

E. Associate Transactions

Please refer to Statement of Additional Information (SAI).

F. Taxation

As per the provisions of the Income-tax Act, 1961, as amended from time to time:

Particulars	Tax rates applicable for Resident Investors (Refer note 2)	Tax rates applicable for Non-Resident Investors (Refer note 2)	Tax rates applicable for Mutual Fund (other than Equity Oriented Fund and Infrastructure Debt Fund)
Tax on IDCW	Taxable as per applicable tax rates	Taxable as per applicable tax rates	Nil

Long Term Capital Gains on sale of listed and unlisted units	12.5% without Indexation (Listed - held for more than 12 months Unlisted – held for more than 24 months)	12.5% without Indexation (Listed - held for more than 12 months Unlisted – held for more than 24 months)	Nil
Short Term Capital Gains on sale of listed and unlisted units	Income tax rate applicable to the unit holders as per their income slabs (Listed - held for more than 12 months Unlisted – held for more than 24 months)	Non-resident (other than company) - Income tax rate applicable to the unit holders as per their income slabs Foreign company – 35% (plus applicable surcharge and cess) (Listed - held for more than 12 months Unlisted – held for more than 24 months)	Nil

Note:

- Under the terms of the Scheme Information Document, the schemes are classified as “other than equity oriented fund and infrastructure debt fund”.
- Section 50AA as introduced by Finance Act, 2023 deems any gains on transfer / redemption of specified mutual funds acquired on or after 1 April 2023 as short-term capital gains. For the purposes of section 50AA, “specified mutual fund” means (a) a Mutual Fund by whatever name called, which invests more than sixty-five per cent of its total proceeds in debt and money market instruments; or (b) a fund which invests sixty-five per cent or more of its total proceeds in units of a fund referred to in sub-clause (a).” Provided that the percentage of investment in debt and money market instruments or in units of a fund, as the case may be, in respect of the Specified Mutual Fund, shall be computed with reference to the annual average of the daily closing figures: Provided further that for the purposes of this clause, “debt and money market instruments” shall include any securities, by whatever name called, classified or regulated as debt and money market instruments by the Securities and Exchange Board of India.’
- Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 10(23D) of the Income-tax Act, 1961 (Act).
- If the total income of a resident investor (being individual or HUF) [without considering such Long Term Capital Gains / Short Term Capital Gains] is less than the basic exemption limit, then such Long-term capital gains/short-term capital gains should be first adjusted towards basic exemption limit and only excess should be chargeable to tax.

Non-resident investors may be subject to a separate of tax regime / eligible to benefits under Tax Treaties, depending upon the facts of the case. The same has not been captured above.

A rebate of up to Rs. 12,500 is available for resident individuals whose total income does not exceed Rs. 5,00,000.

The Finance Act, 2025 amended Section 87A of the Act to provide that where an Individual apply for lower slab rates provided under section 115BAC(1A) and the total income:

- i. does not exceed 12,00,000, a rebate shall be provided on tax to the extent of an amount equal to 100% of such income-tax or an amount of INR 60,000 (whichever is less);
- ii. exceeds INR 12,00,000 and the income-tax payable on such total income exceeds the amount by which the total income is in excess of 12,00,000, a rebate shall be provided on tax of an amount equal to the amount by which the tax payable is in excess of the amount by which the total income exceeds 12,00,000

Further, such rebate of income-tax will not be available on tax on incomes chargeable to tax at special rates (for e.g.: capital gains u/s 111A, 112 etc.)

Excluding applicable surcharge and cess.

For units acquired after 1 April 2023 and sold anytime after that will be deemed to be short-term capital gains.

For details on Stamp Duty, please refer section 'Units and Offer' mentioned in respective scheme SID.

For further details on taxation please refer to the Section on 'Tax Benefits of investing in the Mutual Fund' provided in 'Statement of Additional Information ('SAI')'

Please consult your tax advisor for further details on taxation.

G. Rights of Unitholders

Please refer to SAI for details.

In addition to the existing Official Point of Acceptance of transactions, Computer Age Management Services Ltd. (CAMS), the Registrar and Transfer Agent of ICICI Prudential Mutual Fund, having its office at New No 10. Old No. 178, Opp. to Hotel Palm Grove, MGR Salai (K.H.Road), Chennai - 600 034 shall be an official point of acceptance for electronic transactions received from the Channel Partners with whom ICICI Prudential Asset Management Company Limited has entered or may enter into specific arrangements for all financial transactions relating to the units of mutual fund Investment Strategys. Additionally, the secure Internet sites operated by CAMS will also be official point of acceptance only for the limited purpose of all channel partners transactions based on agreements entered into between IPMF and such authorized entities. Additionally, the Internet site(s) operated by the AMC and online applications of the AMC [including i-Invest iPru (previously IPRUTouch)] will also be official point of acceptance. The AMC also accepts applications received on designated FAX numbers.

In addition to the existing Official Point of Acceptance of transactions, authorized Points of Service (POS) of MF Utilities India Private Limited (MFUI) shall be an official point of acceptance for all financial and non- financial transactions. The updated list of POS of MFUI is available on www.mfuindia.com. The online transaction portal of MFU is www.mfuonline.com. Further, Investors can also subscribe units of the Investment Strategy during the NFO Period by availing the platforms/facilities made available by the Stock Exchanges.

For the updated list of official Point of Acceptance of transactions of AMC and CAMS, please refer the website of the AMC viz., <https://www.icicipruamc.com>

Open Network for Digital Commerce (ONDC)

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) (“Network”). To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an ‘OPAT’.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.
