Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 2026, and within the following guidelines. Under normal market circumstances, the investment range would be as follows:

Instruments	Indicative Allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related securities covered by the MSCI India Index	95%	100%
Debt and money market instruments#	0%	5%

#Money Market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

In accordance with clause 3 of Sixth Schedule of SEBI (Mutual Funds) Regulations 2026 read with Para 13.14.1 of Master Circular dated March 20, 2026, the scheme may invest upto 5% of net assets in Liquid & Overnight Mutual Fund schemes without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management of 360 ONE Asset Management Limited or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of 360 ONE Mutual Fund.

Indicative table of percentage of investment in various securities:

Sl. no	Type of Instrument	% of exposure	Circular references
1.	Equity Derivatives for non-hedging purpose	20% of the equity and equity related securities of the Scheme.	Para 8.5, 13.15 & 13.16 of SEBI Master circular dated March 20, 2026
2.	Units of Mutual Fund Schemes	5% of net assets in Liquid & Overnight Mutual Fund Schemes	Clause 3 of Sixth Schedule of SEBI (Mutual Funds) Regulations 2026 read with Para 13.14.1 of Master Circular dated March 20, 2026
4.	Short Term Deposits	Refer Note 1	Para 13.7 of SEBI Master Circular dated March 20, 2026

Note 1:

Pending deployment of funds of the Scheme, the AMC may invest funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide clause 13.7 of SEBI Master Circular:

- i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- ii. Such short-term deposits shall be held in the name of the Scheme.
- iii. The Scheme shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- iv. The Scheme shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
- v. The Trustee shall ensure that the funds of the Scheme are not parked in the short term deposits of a bank which has invested in the Scheme.
- vi. The Trustee shall also ensure that the bank in which a scheme has short term deposits do not invest in the scheme until the scheme has short term deposits with such bank.
- vii. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

As per para 4.3 of SEBI Master Circular dated March 20, 2026, in order to address the risk related to portfolio concentration in the Scheme, the underlying index for this scheme shall comply with the following:

1. The index shall have a minimum of 10 stocks as its constituents.
2. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
3. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
4. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

Accordingly, the underlying Index shall ensure that such index complies with the aforesaid norms.

Pursuant to Para 8.5, 13.15 and 13.16 of SEBI Master circular dated March 20, 2026 and as may be amended from time to time, The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted subject to rebalancing within 7 calendar days (or as specified by SEBI from time to time). The equity derivative exposure of scheme for non-hedging purposes shall be up to 20% of equity and equity related Securities of the scheme.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The Scheme will not invest in below securities/instruments:

S. No.	Securities/Instruments
1.	Debt and Commodity derivatives
2.	Securitized Debt
3.	Instruments having Special Features (AT1 and AT2 Bonds)
4.	Debt Instruments with SO / CE rating
5.	Stock Lending and borrowing
6.	Overseas Investments
7.	Units issued by InvITs
8.	Repo/ Reverse Repo transactions in Corporate Debt Securities
9.	Credit Default Swap transactions

The cumulative gross exposure through Equity, Equity derivative, Debt & Money Market Instruments and other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the Scheme as per Para 13.18.1 of SEBI Master Circular dated March 20, 2026.

Pursuant to SEBI Letter to AMFI dated November 03, 2021, Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Cash Equivalent shall consist of the following securities having residual maturity of less than 91 days:

- a) Government Securities;
- b) T-Bills; and
- c) Repo on Government securities

Pending deployment of the funds as per the investment objective of the Scheme, the funds of the Scheme may be parked in short term deposits of the scheduled commercial banks, subject to the guidelines and limits specified by clause 13.7 of SEBI Master Circular dated March 20, 2026 as amended from time to time.

Timelines for deployment of Funds mobilized in a New Fund Offer (NFO)

The funds mobilized during the New Fund Offer (NFO) shall be deployed in accordance with the asset allocation pattern of the scheme within 30 business days from the date of allotment of units. In exceptional cases where the AMC is not able to deploy the funds within this period, the AMC shall provide an explanation, including details of the efforts made to deploy the funds, to the Investment Committee of the AMC.

The Investment Committee may, if deemed necessary, shall extend the deployment timeline by an additional 30 business days, in accordance with Para 7.24 of SEBI Master Circular dated March 20, 2026. While granting an extension, the Committee shall examine the root cause of the delay. However, an extension shall not be granted if the scheme's assets are liquid and readily available.

If the funds are not deployed as per the asset allocation specified in the Scheme Information Document (SID) within the stipulated and extended timelines, the following measures shall apply:

1. **Restriction on Fresh Subscriptions:** The AMC shall not accept fresh inflows into the scheme until the funds are deployed as per the SID.
2. **Waiver of Exit Load:** No exit load shall be levied on investors exiting the scheme after 60 business days of non-complying with the asset allocation.
3. **Investor Notification:** The AMC shall inform all NFO investors about their option to exit the scheme without an exit load via email, SMS, or other appropriate communication channels.
4. **Reporting to Trustees:** Any deviation from the deployment timelines shall be reported to the Trustees at each stage.

Rebalancing due to Short Term Defensive Consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Para 1.9.1.(b)(ii) and 4.5.5 of SEBI Master Circular dated March 20, 2026, and, the fund manager will rebalance the portfolio within 7 calendar days from the date of deviation.

Rebalancing due to Passive Breaches:

In line with Para 4.5.5 of SEBI Master Circular, in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days.

Further, any transactions undertaken in the portfolio of Schemes in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

In the event of corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/listing.

B. WHERE WILL THE SCHEME INVEST?

The scheme shall invest in below instruments:

- a. Equity and Equity related securities of companies constituting MSCI India Index.
- b. Debt and money market instrument;
- c. Commercial Paper;
- d. Repo of Government Securities;
- e. Treasury Bill (T-Bill);
- f. Tri-party repo (TREPS);
- g. Securities created and issued by the Central and State Governments;
- h. Non-convertible debentures and bonds;
- i. Floating rate debt instruments;
- j. Short Term Deposits;
- k. The Scheme may take equity derivatives or index derivatives position subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme.
- l. Investments in units of Liquid & Overnight Mutual Fund schemes

Further, due to corporate action in companies comprising of the index, the scheme may be allocated/allotted securities which are not part of the index. For example, the Fund may invest in stocks not included in the relevant underlying index in order to reflect various corporate actions (such as mergers) and other changes in the relevant underlying index (such as reconstitutions, additions, deletions and these holdings will be in anticipation and in the direction of impending changes in the underlying index).

For details, please refer Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

360 ONE MSCI India ETF is a passively managed fund which will employ an investment approach designed to track the performance of Equity and Equity related securities covered by the MSCI India Index. The Scheme will invest at least 95% of its total assets in the Equity and Equity related securities covered by the MSCI India Index. It may hold up to 5% of their total assets in debt or money market securities.

The investment strategy would revolve around minimizing the tracking error through periodic rebalancing of the portfolio, taking into account the change in weights of stocks in the indices as well as the incremental subscriptions / redemptions in the Scheme. A small portion of the net assets may be held as cash & cash equivalents or will be invested in debt and money market instruments to meet the liquidity requirements under the Scheme.

Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period on defensive considerations.

Portfolio Turnover

Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is passively managed an open-ended Exchange Traded Fund and it is expected that there may be a number of subscriptions and repurchases on a daily basis through Stock Exchange(s) or Market Maker and Large Investors. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in index. However, it will be the endeavour of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/ redemption transactions on an ongoing basis in the Scheme.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme is benchmarked against the MSCI India Index (Total Return Index (TRI)).

Justification:

The MSCI India Index is designed to measure the performance of the large and mid cap segments of the Indian market. With 164 constituents (as of January 2026), the index covers approximately 85% of the Indian equity universe.

Since the scheme will be replicating the MSCI India Index, the aforesaid index is the best suited for comparing the performance of the scheme.

The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, after obtaining relevant approval from SEBI.

F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

360 ONE MSCI India ETF is a new product offered by 360 ONE Mutual Fund and is not a minor modification of the existing Scheme. 360 ONE MSCI India ETF is different from the following existing open-ended scheme launched by 360 ONE Mutual Fund:

- 360 ONE Gold ETF

The investment objective of 360 ONE Gold ETF is to generate returns that are in line with the performance of physical gold in domestic prices, subject to tracking error. In contrast, the 360 ONE MSCI India ETF aims to replicate the composition and performance of the MSCI India Index. The 360 ONE Gold ETF is a commodity-focused passive scheme with exposure limited to physical gold, whereas the 360 ONE MSCI India ETF is an equity-oriented passive scheme that provides diversified exposure to Indian equities as represented by the MSCI India Index.

- 360 ONE Silver ETF

The investment objective of 360 ONE Silver ETF is to generate returns that are in line with the performance of physical Silver in domestic prices, subject to tracking error. In contrast, the 360 ONE MSCI India ETF aims to replicate the composition and performance of the MSCI India Index. The 360 ONE Silver ETF is a commodity-focused passive scheme with exposure limited to physical silver, whereas the 360 ONE MSCI India ETF is an equity-oriented passive scheme that provides diversified exposure to Indian equities as represented by the MSCI India Index.

The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time in terms of SEBI (Mutual Funds) Regulations, 2026 and circulars issued thereunder. The AMC will not charge Investment Management and Advisory fee on the investment made by it in the Scheme as per SEBI (Mutual Funds) Regulations, 2026.

Pursuant to Regulation 22(3)(a) of the SEBI (MF) Regulations, 2026 and para 7.13 of SEBI Master Circular dated March 20, 2026, AMC shall not be required to invest minimum amount as a percentage of AUM in the ETF Scheme.

Part III – OTHER DETAILS

A. COMPUTATION OF NAV

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets – Current Liabilities and Provision (including accrued expenses)}}{\text{No. of Units outstanding under Scheme/Plan on the Valuation Date}}$$

The NAV will be calculated up to four decimals. The first NAV will be calculated and announced not later than 5 workings days from the date of allotment in the NFO. Thereafter, the NAV shall be calculated for close of each working day. The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time.

Illustration for Computation of NAV:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets – Current Liabilities and Provision (including accrued expenses)}}{\text{No. of Units outstanding under Scheme on the Valuation Date}}$$

$$10.5 = \frac{10,000 + 2000 - 1500}{1000} = \frac{10,500}{1,000}$$

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid for marketing and advertising, registrar expenses, printing and stationery, bank charges etc. All initial issue expenses pertaining to NFO till the date of allotment of unit will be borne by the AMC or trustee or sponsor. No NFO expenses will be charged to the Scheme.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below. as per Regulation 66(1) of MF Regulations, 2026, all scheme related expenses by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits. The expenses shall be subject to the base expense limits, brokerage limits, transaction cost and statutory levy permissible under these regulations. No charges other than the base expense ratio, brokerage cost, transaction

cost, statutory levy and exit load including levies as may be specified by SEBI, shall be charged to the investors.

The AMC has estimated that upto 0.90% of the daily net assets of the scheme shall be charged to the scheme as Base Expenses Ratio (BER).

The total expenses charged to the Scheme shall not exceed the limits stated in Regulation 66 of the SEBI (MF) Regulations, 2026. Any expenditure in excess of the SEBI regulatory limits shall be borne by the AMC or by the Trustee or the Sponsor.

The AMC has estimated the following annual recurring expenses on daily net assets of the Scheme. Further, any change in the expense ratio will be updated on our website and the same will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change. For the actual current expenses being charged, the investor should refer to the website: <https://www.360.one/asset-management/mutualfund/>:

Maximum Base Expense Ratio (BER) permissible under Regulation 66(7)	

Total Expense Ratio (TER): As defined in Regulation 67 of MF Regulations, 2026, Total Expense Ratio (TER) means the ratio of total of all expenses charged to the investors of the scheme to the total asset under management of the scheme and TER includes:

- Base Expense Ratio (BER) as mentioned in above table as per Regulation 66(7)
- ### Brokerage cost as per Regulation 66(9) - maximum of 0.06 per cent of trade value in case of cash market transactions and 0.02 per cent of trade value in case of derivatives transactions. Expense charged towards brokerage, over and above the specified limit, shall be part of the base expense ratio limit. Transaction cost incurred for the purpose of execution of a trade shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation,

and clearing house, as applicable. Such transaction costs shall not form part of the base expense ratio.

- Transaction cost as per Regulation 66(10) incurred for the purpose of execution of a trade shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the base expense ratio.
- Statutory levies means levy imposed by state government and central government.

These estimates of Investment Management Fees and Expenses have been made in good faith as per the information available to the Investment Manager and are subject to change inter-se, which may be more or less than estimated above. Any expenditure in excess of the said prescribed limit shall be borne by the AMC or by the trustee or sponsor.

^ As per clause 4.5.1.(d) of SEBI Master Circular dated March 20, 2026, it is hereby clarified that the incentive to be paid to Market Makers shall be charged to the ETF scheme but within the maximum permissible limit of TER.

**In terms of para 11.9 of SEBI Master Circular on Mutual Funds, the AMC / Mutual Fund shall annually set apart at least 1 basis points (i.e. 0.01%) on daily net assets of the Scheme within the maximum limit of Total Expense Ratio as per Regulation 66 of the SEBI (MF) Regulations for investor education and awareness initiatives.

@The Scheme shall not incur any distribution expenses and no commission shall be paid by the Scheme.

ILLUSTRATION OF IMPACT OF EXPENSE RATIO ON SCHEME' S RETURN:

Particulars	Scheme
Amount Invested at the beginning of the year	10,000
Returns before Expenses	1,500
Expenses other than Distribution Expenses	150
Distribution Expenses	-
Returns after Expenses at the end of the Year	1350

The purpose of the above illustration is to explain the impact of expense ratio of the scheme. Above calculation are bases on assumed NAV and Expenses. The actual NAV, expenses and return on your investment may be more or less.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC <https://www.360.one/asset-management/mutualfund/> or may call at toll free no. 1800-2108-606 or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	<p data-bbox="359 273 544 297">Exit Load: NIL</p> <p data-bbox="359 342 847 367">For other than Creation Unit Size: Nil</p> <p data-bbox="359 412 1458 584">The Units of 360 ONE MSCI India ETF in other than Creation Unit Size cannot be directly redeemed with the Fund. These Units can be redeemed (sold) on a continuous basis on the Stock Exchange during the trading hours on all trading days. The Trustee / AMC reserve the right to change / modify the exit load on a future date on prospective basis.</p> <p data-bbox="359 629 1190 654">Other charges for transactions through Stock Exchange Mode:</p> <p data-bbox="359 663 1458 862">The units of the Scheme are compulsorily traded on Stock Exchange(s) in dematerialized form, and hence, there shall be no entry/exit load for the units purchased or sold through Stock Exchanges. However, the investor shall have to bear costs in the form of bid/ask spread and brokerage and such other costs as charged by his broker or mandated by the government from time-to-time for transacting in the units of the scheme through secondary market.</p>

In accordance with the requirements specified by the paragraph 11.7 of SEBI Master circular dated March 20, 2026, no entry load will be charged for purchase/additional purchase/switches accepted by the Mutual Fund. Similarly, no entry load will be charged with respect to applications for registrations under the Systematic Investment Plan (SIP)/Systematic Transfer Plan (STP) accepted by the Mutual Fund.

Investors other than Market Maker/Large investors can redeem units directly with the Fund for less than Creation Unit size at the Closing NAV of the day of submission of redemption application form (Before Cut off) along with the transfer of units without any exit load if:

- Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

Such instances shall be tracked by the AMC on an ongoing basis and in case if any of the above mentioned scenario arises, the same shall be disclosed on the website of the Mutual Fund. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The entire exit load (net of Goods and Service Tax) received shall be credit back to the Scheme.

- No exit load shall be levied for switching between Options under the same Plan within the Scheme.
- Switch of investments from Regular Plan to Direct Plan under the same Scheme/ Plan shall be subject to applicable exit load, unless the investments were made directly i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from Direct Plan will not be subject to any exit load.
- No exit load shall be levied for switch-out from Direct Plan to Regular Plan under the same Scheme/ Plan. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the original date of investment in the Direct Plan.
- No Exit load will be levied on Units allotted on Re-investment of Income Distribution cum Capital Withdrawal.

- In case of Systematic Transactions such as Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Exit Load, if any, prevailing on the date of registration / enrolment shall be levied. At the time of change in load structure in future, the AMC will take following steps:
- The addendum detailing the changes shall be attached to SID and Key Information Memorandum (KIM). The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all investor service centres and distributors/brokers offices.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
The Fund shall display the addendum on its website (<https://www.360.one/asset-management/mutualfund/>)

B. Risk Factors

- **Scheme Specific Risk Factors**

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV trading price, yield, total return and/or its ability to meet its objectives.

1. The NAV of the units is closely related to the value of stocks that form a part of the benchmark index. The value of this will react to stock market movements and may result in changes in the NAV of units under the scheme. There could also be movements in the scheme's NAV due to changes in interest rates, macro-economic and political developments and over longer periods during market downturns;
2. Liquidity Risk: Trading in 360 ONE MSCI India ETF may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI, trading in 360 ONE MSCI India ETF is not advisable. There could also be trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI circuit filter rules. There can be no assurance that the requirements of the exchange necessary to maintain the listing of the 360 ONE MSCI India ETF will continue to be met or will remain unchanged.
3. Regulatory Risk: Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Market Maker/Large Investors to arbitrage resulting into wider premium/ discount to NAV.
4. Tracking error may have an impact on the performance of the scheme. However, 360 ONE AMC will endeavour to keep the tracking error as low as possible.
5. The Scheme is a passively managed scheme and provides exposure to the benchmark and tracking its performance and yield as closely as possible. The Schemes performance may be affected by a general price decline in the stock markets. The Scheme invests in the Stocks regardless of their investment merit. The Mutual Fund does not attempt to take defensive positions in declining markets.
6. As the scheme proposes to invest not less than 95% of the net assets in securities comprising of MSCI India Index, any inflow or redemption may require sudden and immediate liquidation or acquisition of such stocks comprising of MSCI India Index at the prevailing market prices irrespective of whether valuation of Stocks is attractive enough. This may not always be in the interest of unitholders.
7. The performance of the MSCI India Index will have a direct bearing on the performance of the scheme. Hence any composition change by virtue of weightage or stocks selection will have an impact on the scheme.
8. Though 360 ONE MSCI India ETF will be listed on the stock exchange(s), there is no assurance that an active secondary market will develop or be maintained.
9. Investors may note that even though this is an open-ended scheme, they will have to buy or sell units of the scheme on the stock exchanges where these units are listed for liquidity at the market price, subject to the rules and regulations of the exchange. Buying and selling units on stock exchange requires the investor to engage the services of a broker and are subject to payment of

margins as required by the stock exchange/ broker, payment of brokerage, securities transactions tax and such other costs.

10. The market price of ETF units, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the unit (or NAV), and (2) demand and supply of units in the market. Sizeable demand or supply of the units in Exchange may lead to market price of the units to quote at premium or discount to NAV. However, since the eligible investors can transact with the AMC for units beyond the creation unit size there should not be a significant variance from the NAV. Hence the price of ETF is less likely to hold significant variance (large premium or discount) from the latest declared NAV all the time.
11. Capital Gains Impact: Investors who trade in 360 ONE MSCI India ETF may be subject to Long Term Capital Gains or Short Term Capital Gains. Investors are requested to consult their tax / legal consultants before investing in the scheme.
12. The units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of units available to the credit of unit holder. Settlement of trades, repurchase of units by the mutual fund depends up on the confirmations to be received from depository(ies) on which the mutual fund has no control.

- **Risks associated with Equity investments:**

- **Price Risk:**

Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. The value of the Schemes' equity investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.

Investors may note that dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the scheme is vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the scheme may be adversely affected due to such factors.

Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Schemes

- **Liquidity Risk for listed securities:**

While securities that are listed on the stock exchange carry lower liquidity risk, the ability to execute investment strategies or sell these investments could be limited by the overall trading volume, settlement periods, transfer cycles on the stock exchanges and may lead to the Scheme not realizing desired price and may incur losses till the security is finally sold. Although the investment universe constitutes securities which will have high market liquidity, there is a possibility that market liquidity could get impacted on account of company/sector/general market related events and there could be a price impact on account of portfolio rebalancing and/or liquidity demands on account of redemptions.

Concentration Risk:

When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector or theme; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector. Investments under this scheme will be in equity or equity related stocks spanning across the selected theme. Hence the concentration risks could be high.

- **Risk specific to investing in securities forming part of MSCI India Index and Risks:**

The MSCI India Index is designed to measure the performance of the large and midcap segments of the Indian market. With 164 constituents, the index covers approximately 85% of the Indian equity universe. The risk to investing in these companies would emanate from market risk in general in case equity markets enter a correction/consolidation phase. Also, a risk may arise in case the sector to which the company belongs may not perform in line with the broader market.

- **Risk associated with Investing in Debt and money market instruments**

The performance of the Scheme may be affected by changes in macroeconomic factors such as Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems.

Interest Rate/Price risk: This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices generally increase. The extent of fall or rise in the prices depends upon factors such as coupon, residual maturity of the security, micro and macroeconomic scenario as well as the yield level at which the security is being traded.

Credit Risk/Default risk: Credit risk is the risk that the issuer of a debenture/ bond or a money market instrument may default on interest &/or principal payment obligations. This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. Corporate bonds carry a higher credit risk than Government Securities. Within corporate bonds as well, there are different levels of safety. Credit risks of most issuers of debt securities are rated by independent and professionally run rating agencies. Ratings of Credit issued by these agencies typically range from "AAA" (read as "Triple A" denoting "Highest Safety") to "D" (denoting "Default"), with about 6 distinct ratings between the two extremes. A bond rated higher by a particular rating agency is safer than a bond rated lower by the same rating agency. The highest credit rating (i.e. lowest credit risk) commands a lower yield for the borrower. Conversely, a lower rated credit borrower would raise funds at a relatively higher cost. On account of a higher credit risk for lower rated borrowers, lenders prefer higher rated instruments further justifying the lower yields.

Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Counterparty Risk: This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the scheme in case of counterparty default.

Inflation risk: Inflation, in most basic terms, erodes the purchasing power of money and also withers the value of existing investments; in other words, it reduces the purchasing power of a bond investor's future interest payments and principal, collectively known as "cash flows." Inflation also leads to higher interest rates, which in turn leads to lower bond prices.

Liquidity risk: The liquidity of a bond may change depending on market conditions leading to changes in the liquidity premium linked to the price of the bond. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio. There could therefore be difficulties in exiting from corporate bonds in times of uncertainties. Liquidity in a scheme therefore may suffer.

Liquidity Risk on account of unlisted securities: The liquidity and valuation of the Scheme investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

Settlement Risk: Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.

Legislative Risk: Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Schemes.

Risk of Rating Migration: It may be noted that the price of a rated security would be impacted with the change in rating and hence, there is risk associated with such migration.

- **Risks associated with Investing/trading in Derivatives**

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess

the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- **Risk factors associated with processing of transaction in case of investors investing in mutual fund units through Stock Exchange Mechanism:**

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognized stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing / settlement, etc. upon which the Fund and the AMC have no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s) upon which the Fund and the AMC have no control. Accordingly, there could be negative impacts to the investors such as delay or failure in allotment / redemption of Units. The Fund and the AMC are not responsible for the negative impacts.

- **Risks associated with segregated portfolio:**

The unit holders may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in the segregated portfolio, the AMC shall enable listing of units of segregated portfolio on the recognized stock exchange.

The risks associated in regard to the segregated portfolio are as follows:

- The investors holding units of the segregated portfolio may not be able to liquidate their holdings till the time of recovery of money from the issuer.
- The security comprising the segregated portfolio may not realize any value.
- Listing of units of the segregated portfolio on a recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units of the segregated portfolio on the stock exchange.
- The trading price of units on the stock exchange may be significantly lower than the prevailing Net Asset Value (NAV) of the segregated portfolio.

- **Risk factors associated with investment in Tri-Party Repo**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counter party risks considerably for transactions in the said segments. The members are required to contribute an amount as

communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Tri-party Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

- **Risk associated with Exchange Traded Fund:**

Absence of Prior Active Market: Although the units of ETFs are listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.

Lack of Market Liquidity: Trading in units of ETFs on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or Market Regulator, trading in the ETF Units is inadvisable. In addition, trading in the units of ETFs is subject to trading halts caused by extraordinary market volatility pursuant to 'circuit breaker' rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the units of ETFs will continue to be met or will remain unchanged.

Units of Exchange Traded Funds May Trade at Prices Other than NAV: Units of Exchange Traded Funds may trade above or below their NAV. The NAV of Units of Exchange Traded Funds may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of units of ETF will fluctuate in accordance with changes in their NAVs as well as market supply and demand. However, given that ETFs can be created / redeemed in Creation Units, directly with the fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.

Regulatory Risk: Any changes in trading regulations by the Exchange or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV. Although 360 ONE MSCI India ETF is proposed to be listed on Exchange, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.

Political Risks: Whereas the Indian market was formerly restrictive, a process of deregulation has been taking place over recent years. This process has involved removal of trade barriers and protectionist measures, which could adversely affect the value of investments. It is possible that the future changes in the Indian political situation, including political, social or economic instability, diplomatic developments and changes in laws and regulations could have an effect on the value of investments. Expropriation, confiscatory taxation or other relevant developments could affect the value of investments.

Restriction on Redemptions: The Trustee, in the general interest of the unit holders of the Scheme offered under this Scheme Information Document and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.

Redemption Risk: The Unit Holders may note that even though this is an open ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit size. Thus unit holdings less than the Creation Unit size can normally only be sold through the secondary market unless no quotes are available on the Exchange for 3 trading days consecutively.

Asset Class Risk: The returns from the types of securities in which a Scheme invests may underperform returns from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under performance in comparison of the general securities markets.

Passive Investments: As the Scheme is not actively managed, the underlying investments may be affected by a general decline in the Indian markets relating to its Underlying Index. The scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets. Further, the fund manager does not make any judgment about the investment merit nor shall attempt to apply any economic, financial or market analysis.

Tracking Error Risk: Factors such as the fees and expenses of the Scheme, cash balance, changes to the Underlying assets and regulatory policies may affect AMC's ability to achieve close correlation with the Underlying assets of the scheme. The Scheme's returns may therefore deviate from those of its Underlying assets. Tracking Error of ETFs is likely to be low as compared to a normal index fund. Due to the Creation /Redemption of units through the in-kind mechanism the fund can keep lesser funds in cash. Also, time lag between buying / selling units and the underlying shares is much lower The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the through regular rebalancing of the portfolio. Under normal circumstances, such tracking errors are not expected to exceed 2% per annum. However, this may vary when the markets are very volatile However, there can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

- **Risk factor associated with investment in Units of Mutual Funds:**

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, suspension of subscription/redemptions of the scheme, change in fundamental attribute etc. The Scheme may invest in schemes of Mutual Funds. Hence, scheme specific risk factors of each such mutual fund schemes will be applicable to the Scheme portfolio.

All the above factors may not only affect the prices of securities but also the time taken by the Fund for redemption of Units, which could be significant in the event of receipt of a very large number of redemption requests or very large value redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described elsewhere in the SAI.

- **Risks associated with Tracking errors/ difference:**

Tracking error means the extent to which the NAV of the fund moves in a manner inconsistent with the movements of the benchmark index on any given day or over any given period of time due to any cause or reason whatsoever including but not limited to expenditure incurred by the scheme, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. The tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on daily past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. However, the Fund will endeavour to limit the tracking error within 2% limits. Tracking difference is the difference of return between the scheme and benchmark annualized over 1 year, 3 year, 5 years, 10 years and since inception period.

Tracking error/ difference could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of stocks within the benchmark due to illiquidity in the stocks, circuit filters on the stocks
- Delay in realisation of sale proceeds
- The scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired the securities at a price necessary to track the benchmark price.
- Index providers may either exclude or include new scrips in their periodic review of the stocks that constitute the underlying index. In such situations the scheme will endeavour to rebalance the portfolio in line with the index. But, may not able to mirror the index immediately due to the available investment/reinvestment opportunity.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, payouts of IDCW etc.
- Execution of large buy / sell orders

- Delay in credit of securities
- Transaction cost and recurring expenses
- Delay in realisation of Unit holders' funds
- Levy of margins by exchanges

SEBI / other Regulatory restrictions on investments and/ or divestments by the scheme / Mutual Fund, which are outside the control of AMC, which may further cause / impact the tracking error.

C. Risk Mitigation Strategies

Risk control measures with respect to investment Equity and Equity related instruments

Concentration Risk: Concentration risk represents the probability of loss arising from heavy exposure to a particular group of sectors or securities.

Mitigation: The scheme will try to mitigate this risk by diversifying the investment into the large number of companies and keep stock-specific concentration risk relatively low.

Market Risk: Equity and Equity related securities by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.

Mitigation: Market risk is a risk which is inherent to an equity scheme. The scheme will try to reduce the market risk by undertaking active portfolio management as per the investment objective.

Liquidity risk: The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods

Mitigation: As such the liquidity of stocks that the scheme invests into could be relatively low. The scheme will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time.

Risk control measures with respect to Debt & Money Market Instruments

Market Risk / Interest Rate Risk: Changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. The price movement up and down in fixed income securities will lead to possible movements in the NAV.

Mitigation - In a rising interest rates scenario the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.

Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).

Mitigation - The scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.

Credit risk or default risk: It refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of

credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Mitigation - As part of the due diligence, management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.

Risk control with respect to derivatives

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations.

Mitigation - Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. All equity derivatives trade will be done only on the exchange with guaranteed settlement.

II. Information about the scheme:

A. Where will the scheme invest –

- **Investment in Equities and equity related instruments:** The scheme shall invest into equities and equities related instruments as per limit specified in the asset allocations subject to permissible limits laid under SEBI (MF) regulations.

Derivative is a financial instrument whose value is based upon the value of an underlying equity shares or indices. The equity derivatives may be in the following form:

Futures - Futures Contract means a legally binding agreement to buy or sell the underlying security / indices on a future date at an agreed price.

Options - Options Contract is a type of Derivatives Contract which gives the buyer/holder of the contract the right (but not the obligation) to buy/sell the underlying asset at a predetermined price within or at end of a specified period. The buyer / holder of the option purchases the right from the seller/writer for a consideration which is called the premium. The seller/writer of an option is obligated to settle the option as per the terms of the contract when the buyer/holder exercises his right. The underlying asset could include securities, an index of prices of securities etc.

Derivative positions for hedging purposes shall not exceed 20% of equity and equity related securities of the Scheme.

- **Investment in Debt and money market instrument:** The Scheme may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity requirements. The scheme may also invest in liquid schemes of 360 ONE Mutual Fund or other schemes which has objective to invest in debt and money market instruments. Money Market Instruments include but not limited to:

Certificate of Deposit (CD) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is one year to 3 years from the date of issue.

Commercial Paper (CP): Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. CP is traded in secondary market and can be freely bought and sold before maturity.

Repo of Government Securities: Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds.

Treasury Bill (T-Bill): Treasury Bills (T-Bills) are issued by the Government of India or State Governments to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-Bills are issued at a discount and for a fixed period.

Tri-party repo (TREPS): Tri-party repo is a type of repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.

Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). State Government securities (popularly known as State Development Loans or SDLs) are issued by the respective State Government in co-ordination with the RBI.

Corporate debt (of both public and private sector undertakings) including Nonconvertible debentures (including bonds) and nonconvertible part of convertible securities: These are financial instruments issued by companies (both public and private) to raise long-term funds through public issues. They are generally rated by credit rating agencies.

- **Investment in Short Term Deposits**

Pending deployment of funds of the Scheme, the AMC may invest funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide Para 13.7 of SEBI Master Circular:

- i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- ii. Such short-term deposits shall be held in the name of the Scheme.
- iii. The Scheme shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- iv. The Scheme shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.

- v. The Trustee shall ensure that the funds of the Scheme are not parked in the short term deposits of a bank which has invested in the Scheme.
- vi. The Trustee shall also ensure that the bank in which a scheme has short term deposits do not invest in the scheme until the scheme has short term deposits with such bank.
- vii. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

- **Investments in units of mutual fund schemes** – The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.

B. What are the investment restrictions?

The following investment limitations and other restrictions, inter-alia, as contained in the Trust Deed and the Regulations apply to the Scheme:

- Investments of the Scheme, together with the investments of other schemes of the Fund in share capital of any company shall not exceed 10% of that company's paid-up capital carrying voting rights or 10% of units of REITs issued by single issuer. For the purpose of determining the above limit, gross long position, which will be a combination of positions of the underlying securities and stock derivatives, will be considered.
- Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

- The Mutual Fund shall get the securities purchased/transferred in the name of the Mutual Fund on account of the Scheme except in respect of such securities as may be specified by the board from time to time.
- The Scheme shall not make any investment in: a) any unlisted security of an associate or group company of the Sponsor; or b) any security issued by way of private placement by any associate or group company of the Sponsor; or c) the listed securities of group companies of the Sponsor in excess of 25% of its net assets except for investments by equity oriented exchange traded funds (ETFs) and Index Funds and subject to such conditions as may be specified by SEBI.
- No sponsor of a mutual fund, its associate or group company including the asset management company of the fund, through the schemes of the mutual fund or otherwise, individually or collectively, directly or indirectly, have –

- a. 10% or more of the share-holding or voting rights in the asset management company or the trustee company of any other mutual fund; or
 - b. representation on the board of the asset management company or the trustee company of any other mutual fund.
- The Scheme shall not invest in any Fund of Funds Scheme.
- All investments by a mutual fund scheme in equity shares, equity related instruments and debt instruments shall only be made provided such securities are listed or to be listed except:
 - (a) unlisted Government Securities and money market instruments other than commercial papers; and
 - (b) unlisted non-convertible debentures to the extent and in the manner as specified by the Board.
- Mutual fund shall not borrow except to meet temporary liquidity needs for the purpose of repurchase or redemption of units or payment of interest or Income Distribution cum Capital Withdrawal payout to the unitholders or for settlement of trades by equity oriented index funds and equity oriented exchange traded funds on account of under execution of sell trades on the stock exchange in the manner as may be specified by the board from time to time. The borrowing specified above shall be subject to –
 - a) such borrowing not exceeding twenty per cent of the net assets of the scheme; and
 - b) duration of such borrowing not exceeding a period of six months.

The limit of 20% specified above shall not be applicable for intraday borrowing subject to such conditions as may be specified by the board.

The mutual fund may lend and borrow securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board.

- The cumulative gross exposure through equity, derivatives position and other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the scheme.
- The underlying index shall comply with the below restrictions in line with Para 4.3 of SEBI Master Circular:
 - a. The index shall have a minimum of 10 stocks as its constituents.
 - b. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
 - c. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
 - d. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The Scheme shall evaluate and ensure compliance to the aforesaid norms at the end of every calendar quarter.

- Investment restrictions relating to investment in debt and money market instruments:

As per Para 13.1 of SEBI Master Circular dated March 20, 2026, a mutual fund scheme shall not invest more than:

 - a. 10% of its NAV in debt and money market securities rated AAA; or

- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in SEBI Master Circular.

The long-term rating of issuers shall be considered for the money market instruments. However, if there is no long-term rating available for the same issuer, then based on credit rating mapping of Credit Rating Agency (CRAs) between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time. Considering the nature of the Scheme, investments in such instruments will be permitted up to 5% of its Net Assets

- Pending deployment of funds of the Scheme, the AMC may invest funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide clause 13.7 of SEBI Master Circular:
 - i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
 - ii. Such short-term deposits shall be held in the name of the Scheme.
 - iii. The Scheme shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - iv. The Scheme shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
 - v. The Trustee shall ensure that the funds of the Scheme are not parked in the short term deposits of a bank which has invested in the Scheme.
 - vi. The Trustee shall also ensure that the bank in which a scheme has short term deposits do not invest in the scheme until the scheme has short term deposits with such bank.
 - vii. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

- A scheme may invest in another scheme, under the same AMC or any other mutual fund provided that the aggregate inter-scheme investments made by all schemes under the same AMC or any other mutual fund shall not exceed 5% of the net assets of the Fund or any other limit as prescribed by the Regulations from time to time. The AMC is not permitted by the Regulations to charge any investment management and advisory services fee on such investments.
- Wherever investments are intended to be of a long-term nature, the securities shall be purchased or transferred in the name of the Fund, on account of the Scheme concerned.

- The Scheme shall not invest in unlisted debt instruments including commercial papers, except (a) Government Securities and (b) other money market instruments which are used by mutual funds for hedging. Provided further, the Scheme may invest in unlisted nonconvertible debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis. Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.
- Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:
 - a. such transfers are made at the prevailing market price for quoted Securities on spot basis (spot basis shall have the same meaning as specified by Stock Exchange for spot transactions).
 - b. the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made and
 - c. the Transfer is in conformity with additional safeguards as prescribed by clause 13.19 of SEBI Master Circular dated March 20, 2026.
- Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments..

Investments in Derivatives shall be in accordance with the guidelines as stated under Para 8.5, 13.15, 13.16 of SEBI Master circular dated March 20, 2026 as may be amended from time to time.

- In accordance with the Para 13.1(3) of SEBI Master Circular dated March 20, 2026, investments in following instruments as specified in the said circular, as may be amended from time to time, shall be applicable:
 - i. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.
 - ii. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instrument
 - iii. However, the scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront,) and are rated and secured with coupon payment frequency on monthly basis.
- The Scheme being an exchange traded fund (ETF), investment by the scheme in the scheme in the equity shares or equity related instruments of any company shall be in accordance with the weightage of the scrips in MSCI India Index.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal

norms vis-à-vis restricting/ limiting exposure to a particular scrip or sector, etc. All investment restrictions shall be applicable at the time of making investment.

C. Fundamental Attributes

Following are the fundamental attributes of the Scheme, in terms of Para 1.9 of SEBI Master Circular dated March 20, 2026:

- I. **Type of Scheme:** An open-ended scheme replicating/tracking MSCI India Index.
- II. **Investment Objective:**
 - Main objective: Please refer section of 'Investment Objective'.
 - Investment pattern - Please refer section of 'Asset Allocation'.

- The Unit holders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any Exit Load.

D. Index methodology

About MSCI India Index (TRI):

The MSCI India Index is designed to measure the performance of the large and mid cap segments of the Indian market. The index covers approximately 85% of the Indian equity universe.

Index Re-Balancing:

The index is free float-adjusted market capitalization weighted. It is quarterly reviewed in February, May, August and November with effective dates typically set on the first business date of March, June, September and December. Prices used for index review are as of any one of the last 10 business days of January for the February Index Review, of April for the May Index Review, of July for the August Index Review and of October for the November Index Review.

Index Eligibility Criteria

The MSCI India Index is governed by the MSCI Global Investable Market Indexes methodology which is based on a global approach. The index construction process involves the following:

- i. **Defining the equity universe:** MSCI begins with securities listed in countries included in the MSCI Global Investable Market Indexes. All listed equity securities, including Real Estate Investment Trusts (REITs) and certain income trusts listed in Canada are eligible for inclusion in the Equity Universe. Limited partnerships, limited liability companies, and business trusts, which are listed in the USA and are not structured to be taxed as limited partnerships, are likewise eligible for inclusion in the Equity Universe. Conversely, mutual funds, ETFs, equity derivatives, and most investment trusts are not eligible for inclusion in the Equity Universe. Preferred shares and stapled securities whose underlying components exhibit characteristics of equity securities are considered eligible.

Each company and its securities are classified in only one country. For India, ordinary shares listed in the Mumbai Stock Exchange or National Stock exchange are eligible for inclusion in the equity universe.

- ii. **Determining the market investable equity universe for each market:** The investable equity universe in any market is derived by applying invest ability screens to individual companies and securities in the equity universe of that market.
 - a. Minimum Full Market Capitalization Requirement: This minimum full market capitalization is referred to as the Equity Universe Minimum Size Requirement (UMSR). UMSR is defined by the full market capitalization of the company at the 99th percentile of free-float adjusted market capitalization in the DM Equity Universe at each index review.
 - b. Minimum Free Float Market Capitalization Requirement: at least 50% of the UMSR for newly eligible securities.
 - c. Minimum Liquidity Requirement:
 - i. Non-current constituents: 12 month and 3 month Annual Traded Value Ratio (ATVR) of 20% (DM) and 15% (EM) each, met over the last 4 consecutive quarters; 3 month Frequency of Trading at 90% (DM) and 80% (EM); Maximum stock price of US\$10k for new inclusions.
 - ii. Existing constituents: 12 month ATVR (ATVR) of 13.33% (DM) and 10% (EM); 3 month ATVR of 5%; 3 month Frequency of Trading at 80% (DM) and 70% (EM).
 - d. Minimum Free Float Requirement: Generally, security must have a Foreign Inclusion Factor (FIF) equal to or larger than 0.15; For a security with a FIF lower than 0.15 to be included in the Standard Market Index, its free float-adjusted market capitalization must be at least 1.8 times half of the Standard Index Interim Market Size-Segment Cutoff (calculated daily).
 - e. Minimum Foreign Room Requirement: at least 15% New constituents.
 - f. Minimum Length of Trading/ Seasoning: For regular IPOs, at least 3 months trading before the Index Review; For large IPOs, they may be included after 10 days of trading.
- iii. **Determining market capitalization size segments for each market:** Based on global approach, GIMI methodology applies Global Minimum Size Reference and target market coverage (cumulative float adjusted) to define the target size and coverage range. The Segment Number of Companies and Market Size-Segment Cut-offs of each market will be accessed relative to this target area at each index review.
- iv. **Assigning companies to size segments:** Companies in the investable equity universe are assigned based on specific priority rules to the Size-Segments until the Segment Number of

Companies is achieved. Between Index Reviews, assignments resulting from corporate events use daily updated Market Size-Segment Cutoffs.

v. **Applying final size-segment invest ability requirements:**

- a. The Free Float-Adjusted market Capitalization must be above 50% of the Market Size Segment Cutoff for the Standard Size-Segments. Existing constituents must meet 2/3s of this 50% threshold for the Market Size-Segment Cutoff for the Standard Size-Segments.
- b. For a security that is subject to a Foreign Ownership Limit (FOL) to be included in the Investable Market Index at its entire free-float adjusted market capitalization, the proportion of shares still available to foreign investors relative to the maximum allowed (referred to as “foreign room”) must be at least 25%. If a security's foreign room is less than 25% and equal to or higher than 15%, MSCI will use an adjustment factor of 0.5 to reflect the actual level of foreign room to adjust the security's final foreign inclusion factor (FIF). Securities will not be eligible for inclusion in a Market Investable Equity Universe if the foreign room is less than 15%.

Current constituent securities for which there is less than 25% foreign room may have their weight adjusted by the application of an adjustment factor to reflect their actual level of foreign room.

Constituent Weighting:

The index is free float-adjusted market capitalization weighted.

Investors may note that CAS will be issued on a monthly basis to all investors in whose folio's transactions have taken place during the month concerned. • Consolidated account statement shall be issued every half yearly (September/March), on or before 21st day of succeeding month, providing the following information: - <ul style="list-style-type: none"> • holding at the end of the six months • The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. • Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods and Service Tax (wherever applicable, as per existing rates), operating expenses, etc. The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in. Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. <p>For further details, refer SAI.</p>
IDCW	<p>The Scheme does not offer any Plans/ IDCW Options for investment. The AMC/Trustee reserves the right to introduce Plan(s)/Option(s) as may be deemed appropriate at a later date.</p>
Redemption Process	<p>As per Clause 15.3 of SEBI Master Circular dated March 20, 2026, the redemption or repurchase proceeds shall be transferred to the unitholders not later than 3 working days from the date of redemption or repurchase, once the scheme opens for the same.</p> <p>Under exceptional circumstances, the redemption or repurchase proceeds shall be dispatched in physical form to the unitholders as</p>

per the timelines prescribed by SEBI/AMFI.

The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. Units purchased by cheque may not be redeemed until after realization of the cheque. In case the investor mentions the number of Units as well as the amount, then the amount will be considered for processing the Redemption request. In case the investor mentions the number of units or the amount in words and figures, then the value in words will be taken for processing the Redemption request. If the redemption request amount exceeds the balance lying to the credit of the Unitholder's said account, then the fund shall redeem the entire amount lying to the credit of the Unitholder's account in that Scheme/Option.

If an investor has purchased Units on more than one Business Day, the Units purchased prior in time (i.e. those Units which have been held for the longest period of time), are deemed to have been redeemed first, i.e. on a First In First Out Basis.

Payment of Proceeds Resident Investors:

Redemption proceeds will be paid to the investor by way of transfer to bank account as available on the records of the Registrar.

Physical despatch of redemption or repurchase proceeds shall be carried out only in exceptional circumstances as published by AMFI/SEBI from time to time as per timelines prescribed by SEBI/AMFI.

In case of physical dispatch, the bank name and bank account number, as specified in the Registrar's records, will be mentioned in the cheque/demand draft. The redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post/UCP. The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the investor. The AMC / Registrar are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.

Note: The AMC, at its discretion at a later date, may choose to alter or add other modes of payment. The Redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post. The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the investor. The AMC / Registrar is not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.

Non-Resident Investors

For NRIs, Redemption proceeds will be remitted depending upon the source of investment as follows:

(i) Repatriation Basis: When Units have been purchased through

remittance in foreign exchange from abroad or by cheque / draft issued from proceeds of the Unit Holder's FCNR deposit or from funds held in the Unit Holder's Non Resident (External) account kept in India, the proceeds can be remitted to the Unit Holder in foreign currency (any exchange rate fluctuation will be borne by the Unit Holder). The proceeds can also be sent to his Indian address for crediting to his NRE / FCNR / Non-Resident (Ordinary) Account, if desired by the Unit Holder.

(ii) Non Repatriation Basis: When Units have been purchased from funds held in the Unit Holder's Non-Resident (Ordinary) Account, the proceeds will be sent to the Unit Holder's Indian address for crediting to the Unit Holder's Non-Resident (Ordinary) account.

For FPIs, the designated branch of the authorised dealer may allow remittance of net sale / maturity proceeds (after payment of taxes) or credit the amount to the Foreign Currency account or Nonresident Rupee account of the FPI maintained in accordance with the approval granted to it by the RBI. The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations while converting the Rupee amount in foreign exchange in the case of transactions with NRIs / FPIs.

The proceeds may be paid by way of direct credit through which the investor's bank account specified in the Registrar's records is credited with the Redemption proceeds. The Direct Credit facility is available for specific banks with whom AMC have a tie up from time to time. Investors need to check with the AMC for an updated list of the Direct Credit Banks. Investors having bank mandates where the AMC has a Direct Credit facility will receive redemption / IDCW proceeds by way of Direct Credit only and not cheques.

The Fund may make other arrangements for effecting payment of Redemption proceeds in future.

Application through Stock Exchange Infrastructure (MFSS/ BSE StAR MF Platform):

Investors wishing to redeem their units held in demat mode in Scheme listed on MFSS and BSE StAR MF platform, can place their redemption request with the AMFI Certified Stock Exchange Brokers by providing Depository Instruction Slip with redemption details. The AMFI Certified Stock Exchange Broker will place the redemption order in the system and will provide a confirmation slip to the investor. The redemption proceeds will be directly credited to the investor's bank account, as per the bank account details recorded with the Depository Participant.

Redemption by investors who hold Units in dematerialized form:

Redemption request for Units held in demat mode shall not be accepted at the offices of the Mutual Fund/AMC/Registrar. Unit holders shall submit such request only through stock exchange platforms.

Bank Mandate

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Fund retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained.

Multiple Bank Account Registrations:

In compliance with AMFI Best Practice Guidelines Circular No.17/2010-11 dated October 22, 2010 and AMFI Best Practice Guidelines Circular No. 26/2011-12 dated March 12, 2012, 360 ONE Mutual Fund offers its investors the facility to register multiple bank accounts in their folios to receive redemption / IDCW proceeds.

Registration of Multiple Bank Accounts in respect of an Investor

Folio: An Investor can register with the Fund, upto 5 bank accounts in case of individuals and HUFs and upto 10 in other cases. Registering of Multiple Bank Accounts will enable the Fund to systematically validate the paying of funds and avoid acceptance of third party payments. For the purpose of registration of bank account(s), Investor should submit Bank Mandate Registration Form (available at the CSCs/ AMC Website) together with one of the following documents:

- a. Cancelled original cheque leaf in respect of bank account to be registered where the account number and names of the account holders are printed on the face of the cheque; or
- b. Bank statement or copy of Bank Pass Book page with the Investor's Bank Account number, name and address.;
- c. Bank letter / certificate on its letter head certifying the account holder's name, account number and branch address [Such letter / certification should be certified by the Bank Manager with his / her full name, signature, employee code.]

The above documents will also be required for change in bank account mandate submitted by the Investor. The AMC will register the Bank Account only after verifying that the sole/ first joint holder is the holder / one of the joint holders of the bank account. In case if a copy of the above documents is submitted, Investor shall submit the original to the AMC/ Service Centre for verification and the same shall be returned. In case of Multiple Registered Bank Account, Investor may choose one of the registered bank accounts for the credit of redemption/ IDCW proceeds (being "Pay-out bank account"). Investor may however, specify any other registered bank accounts for credit of redemption proceeds at the time of requesting for the redemption. Investor may change such Pay-out Bank account, as necessary, through written instructions. However, if request for redemption is received together with a change of bank account (unregistered new bank account) or before verification and

	<p>validation of new bank account, the redemption request would be processed to the currently registered default old bank account. For further details please refer to paragraph on 'Registration of Multiple Bank Accounts in respect of an Investor Folio' in the SAI</p> <p>Discontinuation of Change of Bank Account Mandate along with redemption/IDCW proceeds facility: Discontinuation of Change of Bank Account Mandate along with redemption/IDCW proceeds facility. In compliance with AMFI Best Practice Guidelines Circular No.17/2010-11 dated October 22, 2010, consequent to introduction of “Multiple Bank Accounts Facility,” the existing facility of redemption/ IDCW proceeds with change of bank mandate is discontinued by the Fund w.e.f. November 15, 2010. New bank accounts can only be registered using the designated “Multiple Bank Account Registration Form”. Further please note the following important points in this regard:</p> <ol style="list-style-type: none"> 1. Proceeds of any redemption/IDCW will be sent only to a bank account that is already registered and validated in the folio at the time of redemption transaction processing. 2. Unit holder(s) may choose to mention any of the existing registered bank accounts with redemption/ IDCW payment request for receiving redemption/IDCW proceeds. If no registered bank account is mentioned, default bank account will be used. 3. If unit holder(s) provide a new and unregistered bank mandate or change of bank mandate request with a specific redemption/IDCW payment request (with or without necessary supporting documents) such bank account may not be considered for payment of redemption/IDCW proceeds, or the Fund may withheld the payment for upto 10 calendar days to ensure validation of new bank mandate mentioned. 4. Valid change of bank mandate requests with supporting documents will be processed within 10 business days of necessary documents reaching the office of RTA and any financial transaction request received in the interim will be carried based on previous details only.
<p>Delay in payment of redemption/repurchase proceeds</p>	<p>As per Clause 15.4 of SEBI Master Circular dated March 20, 2026, the AMC shall be liable to pay interest to the unitholders at rate of 15% per annum and the interest shall be borne by the AMC.</p> <p>Investor may note that in case of exceptional scenarios as prescribed by AMFI vide its communication no.
