

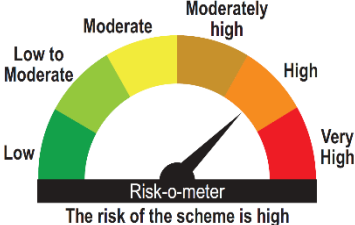

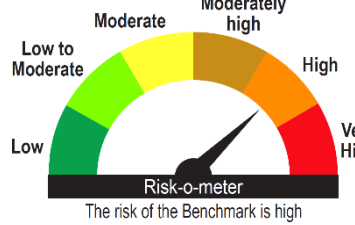

## SCHEME INFORMATION DOCUMENT

### SECTION I

#### ICICI Prudential Balanced Hybrid Fund

(An open ended balanced scheme investing only in equity and debt instruments. No arbitrage is permitted in this scheme.)

ICICI Prudential Balanced Hybrid Fund (the Scheme) is suitable for investors who are seeking*:	Scheme Riskometer	Benchmark of the Scheme as per AMFI Tier I benchmark Riskometer (CRISIL Hybrid 50+50 Moderate Index)
<ul style="list-style-type: none"> <li>• Long term capital appreciation/income</li> <li>• Investing only in equity and debt instruments</li> </ul>		

\*Investors should consult their financial advisers if in doubt about whether the product is suitable for them.

It may be noted that the scheme risk-o-meter specified above is based on the internal assessment of the scheme characteristics and may vary post NFO when the actual investments are made. The same shall be updated on ongoing basis in accordance with clause 6.16 of the SEBI Master Circular on Mutual Funds dated March 20, 2026 (Master Circular).

Offer of Units of Rs. 10 each during the New Fund Offer period and at NAV based prices on an on-going basis.

**New Fund Offer Opens on: June 30, 2026**

**New Fund Offer Closes on: July 14, 2026**

**Scheme re-opens on: \_\_\_\_\_.**

In accordance with the Master circular, the AMC reserves the right to make any changes in the dates of the New Fund Offer (NFO) subject to the conditions that in case of pre- closure the NFO shall be open for a minimum of 3 working days and the extension, if any, shall not be for more than 15 calendar days or such period as allowed by SEBI. The AMC shall publish an addendum to this effect on the website of the AMC.

The Scheme will re-open for continuous Sale and Repurchase within 5 business days from the date of allotment.

Face Value of units of the Scheme is Rs. 10/- per unit.

**Place:** Mumbai

**Date:** April 9, 2026

**Note: The Due Diligence Certificate dated April 9, 2026 was submitted to SEBI.**

## SECTION II. INFORMATION ABOUT THE SCHEME

### A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The asset allocation under the Scheme will be as follows:

Instruments	Indicative allocation (% of total assets)	
	Minimum	Maximum
Equity & Equity related instruments (including REITs)	40	60
Debt and Money Market Instruments, including Units of Debt oriented mutual fund schemes @\$	40	60

@ Excluding subscription money in transit before deployment / payout

\$ Any other security as may be permitted by SEBI/ RBI, subject to approval from SEBI / RBI as required.

\*Subject to the ceilings laid out in MF regulations w.r.t. the respective asset class.

The Cumulative Gross Exposure to Equity, Debt, Money market instruments, Derivatives, etc. and such other securities/assets as may be permitted by SEBI, if required, shall not exceed 100% of the net assets of the scheme.

The Scheme shall have no arbitrage position. However, the Scheme may invest upto 50% in other derivatives under equity and debt instruments. The Scheme may take covered-call positions for stock derivatives, as permitted by SEBI in accordance with paragraph 13.15.1 of the Master Circular.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Exposure to various instruments will be as per the indicative table given below:

Sr. No.	Type of Instrument	Percentage exposure of	Circular references
1.	Stock Lending	Up to 20% of net assets and single intermediary (broker) limit upto 5% of net assets.	Paragraph 13.6 of the Master Circular
2.	Derivatives	As follows:	Paragraph 8.5 and 13.15 of the Master Circular
2(a)	Equity Derivatives for hedging purpose	Upto 50% of net assets	
2(b)	Equity Derivatives for non-hedging purpose	(No arbitrage is permitted)	

Sr. No.	Type of Instrument	Percentage exposure of	Circular references
2(c)	Debt Derivatives for hedging/non hedging purpose	Upto 20% of net assets	
3.	Securitized Debt	Up to 40 % of the debt portfolio	Paragraph 13.1(2) of the Master Circular
4.	Overseas Securities	Up to 35% of the net assets	Paragraph 13.11 of the Master Circular
5.	Units of RelTs	Investment in units of Real Estate Investment Trusts (REITs) shall be undertaken in accordance with paragraph 13.13 of the SEBI Master Circular	Paragraph 13.13 of the Master Circular
6.	AT1 and Tier II bonds	<p>a) Upto 10% of its NAV of the debt portfolio of the scheme in perpetual debt instruments and</p> <p>b) Upto 5% of its NAV of the debt portfolio of the scheme at single issuer level. The above exposure will be subject to the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.</p>	Paragraph 13.1(9) of Master Circular
7.	Structured Obligations, Credit enhancements	<p>Upto 10% of the debt portfolio of the scheme and group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:</p> <p>a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is</p>	Paragraph 13.1(10) of the Master Circular

Sr. No.	Type of Instrument	Percentage of exposure	Circular references
		below investment grade and b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade	
8.	Units of Debt Mutual Fund Schemes	The Scheme may invest in units of Mutual Fund under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter Scheme investment made by all schemes under the same management or in Mutual Funds under the management of any other asset management company shall be subject to limits as may be specified by the Board from time to time.	Clause 3 of Sixth Schedule of SEBI (MF) Regulations

Investors may note that securities, which endeavor to provide higher returns typically, display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to very high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments.

**Rebalancing due to Short Term Defensive Consideration:**

- Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per paragraph 1.9.1(b) of the Master Circular, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

**Rebalancing due to Passive Breaches:**

- Further, as per Paragraph 3.11 of the Master Circular, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period

of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in Paragraph 3.11.3 of the Master Circular.

Further, in case of any passive breaches of prudential limits inter alia including issuer limits, group limits and sector limits etc. prescribed in SEBI (Mutual Funds) Regulations, 2026 and circulars issued thereunder, the rebalancing of such passive breaches shall be carried out in accordance with the provisions prescribed under paragraph 3.11 of the Master Circular, provided the specific timeline for rebalancing is not prescribed for the respective prudential limit.

### **Deployment of Funds collected in New Fund Offer (NFO) period**

Pursuant to paragraph 7.24 of the SEBI Master Circular, the AMC shall deploy the funds garnered during the NFO within 30 business days from the date of allotment of units. If the AMC is unable to deploy the funds within the 30 business day period, a written explanation, including details of the efforts taken to deploy the funds, must be presented to the AMC's Investment Committee. The Investment Committee may extend the deployment timeline by up to 30 business days and will provide recommendations to ensure timely deployment in the future.

In case the funds are not deployed as per the asset allocation mentioned in the SID as per the aforesaid mandated plus extended timelines, AMC shall:

- not be permitted to receive fresh flows in the Scheme till the time the funds are deployed as per the asset allocation mentioned in the SID;
- not be permitted to levy exit load, if any, on the investors exiting the Scheme after 60 business days of not complying with the asset allocation of the scheme;
- inform all investors of the NFO, about the exit option without exit load, via email, SMS or other similar mode of communication;
- report deviation, if any, to Trustees at each of the above stages.

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure as per Paragraph 13.18.6 of the Master Circular. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government

Negative list: The Scheme will not invest/ have exposure in the following:

Sr. No	Particulars
1.	Short Selling

2.	Arbitrage positions
3.	Credit Default Swaps

## **B. WHERE WILL THE SCHEME INVEST?**

Subject to SEBI (MF) Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- a) Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares, Units issued by REITs.
- b) Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- c) Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- d) Debt securities issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee
- e) Corporate debt securities (of both public and private sector undertakings)
- f) Obligations or Securities issued by banks (both public and private sector) including term deposits as permitted by SEBI / RBI from time to time and development financial institutions
- g) Money market instruments as permitted by SEBI/RBI
- h) Securitised Debt
- i) The non-convertible part of convertible securities
- j) Any other domestic fixed income securities
- k) Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Stock/ Index Futures/Options and such other derivative instruments permitted by SEBI
- l) ADRs / GDRs / overseas/overseas ETFs as permitted by Reserve Bank of India and Securities and Exchange Board of India
- m) Repo transactions in corporate debt securities
- n) Units of Mutual Fund Schemes, subject to applicable regulations
- o) Any other security as may be permitted by SEBI/ RBI, subject to approval from SEBI / RBI as required.

The portion of the Scheme's portfolio invested in each type of security may vary in accordance with economic conditions, interest rates, liquidity and other relevant considerations, including the risks associated with each investment. The Scheme will, in order to reduce the risks associated with any one security, utilize a variety of investments.

The Scheme may also invest in ADRs / GDRs / Overseas securities/ Foreign Debt/ overseas ETFs Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India. Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

Subject to the Regulations, the securities mentioned in "Where will the Scheme invest" above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through Public Offerings, secondary market operations, private placement, rights offer or negotiated deals.

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions. Further the Scheme intends to participate in stock lending as permitted under the Regulations.

Investments in overseas securities shall be in accordance with the requirements stipulated by SEBI and RBI from time to time.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph 13.19 of the Master Circular. The AMC shall comply with the above guidelines.

### **C. WHAT ARE THE INVESTMENT STRATEGIES?**

The Scheme seeks to generate capital appreciation/income by investing in a diversified portfolio of equity and debt instruments. The Scheme shall endeavour to maintain a balanced exposure to Equity & Debt instruments and the portfolio construct shall be dependent on various factors such as market conditions, economic scenarios, global events, interest rate movement, etc.

The Scheme shall follow an active investment strategy. The Scheme can invest across market capitalization and across sectors depending on relative valuations, earnings outlook, macro-economic factors, market opportunities etc. The Scheme shall also consider business and economic fundamentals, long-term growth prospects and liquidity/risk parameters.

The Scheme shall invest in Debt and money market securities available across duration and credit. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as long term financial health of the issuer.

The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. In addition, the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme shall also invest in units of Real Estate Investment Trusts (REITs) that allow investors to invest in real estate projects.

The Scheme may use derivatives strategies in accordance with the regulatory framework. For detailed derivative strategies and illustrations please refer to SAI, however, no Arbitrage position would be taken by the Scheme.

The Scheme may also invest in overseas markets in equity & equity related instruments including Global Depository Receipts (GDRs), ADRs, foreign securities, bonds and mutual funds and such other instruments as may be allowed under the Regulations from time to time.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

#### **D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?**

The performance of the scheme will be benchmarked to CRISIL Hybrid 50+50 – Moderate Index.

The composition of the benchmark is such that, it is most suited for comparing performance of the Scheme.

The Trustees reserves the right to change the benchmark in future, if a benchmark better suited to the investment objective of the Scheme is available.

#### **E. WHO MANAGES THE SCHEME?**

Mr. Roshan Chutkey, Mr. Manish Banthia and Mr. Akhil Kakkar are the fund managers of the Scheme.

Sr No.	Fund Manager/ Age/ Qualification	Experience	Other schemes managed
1.	Roshan Chutkey/45/ B.Tech (IIT Madras), MBA (IIM Lucknow), Masters in Finance (London Business School) and Chartered Financial Analyst (CFA) Charter holder	<p>Roshan has joined ICICI Prudential Asset Management Company Limited in February 2015. He has around 17 years of total experience.</p> <p><b>Past Experience:</b></p> <p>~ Estee Advisors – Research – Indian F&amp;O Universe - May, 2013 to January 2014.</p> <p>~ Kuwait Financial Centre - Macroeconomic research, Fund of funds management - March 2008 to July, 2011.</p> <p>~ Citibank - Risk Management, Cards business - May 2006 to February 2008.</p> <p>~ JP Morgan Chase - Equity Research - January 2005 to May 2006.</p>	<ul style="list-style-type: none"> <li>• ICICI Prudential Regular Savings Fund</li> <li>• ICICI Prudential India Opportunities Fund</li> <li>• ICICI Prudential Manufacturing Fund</li> <li>• ICICI Prudential MNC Fund</li> <li>• ICICI Prudential Quant Fund</li> </ul>

----	---	---	--

Note: Since this is a new Scheme, tenure of the Fund manager for this Scheme is not applicable.

**F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?**

As on May 31, 2026 the Fund has following schemes under the Hybrid category:

Sr. No	Scheme Names
1.	ICICI Prudential Equity & Debt Fund
2.	ICICI Prudential Equity – Arbitrage Fund
3.	ICICI Prudential Equity Savings Fund
4.	ICICI Prudential Regular Savings Fund
5.	ICICI Prudential Multi-Asset Fund
6.	ICICI Prudential Balanced Advantage Fund

A detailed comparison between the existing schemes of the mutual fund is available at the below link:

[SID related information \(icicpruamc.com\)](http://icicpruamc.com)

## G. HOW HAS THE SCHEME PERFORMED?

This Scheme is a new scheme and does not have any performance track record.

## H. ADDITIONAL SCHEME RELATED DISCLOSURES

### i. SCHEME'S PORTFOLIO HOLDINGS

Since the Scheme is a new Scheme, details of Portfolio Holdings and Sector wise holdings are not applicable.

### ii. DISCLOSURE OF NAME AND EXPOSURE TO TOP 7 ISSUERS, STOCKS, GROUPS AND SECTORS AS A PERCENTAGE OF NAV OF THE SCHEME IN CASE OF DEBT AND EQUITY ETFS/INDEX FUNDS THROUGH A FUNCTIONAL WEBSITE LINK THAT CONTAINS DETAILED DESCRIPTION – Not Applicable

### iii. PORTFOLIO DISCLOSURE

Since the Scheme is a new Scheme, portfolio details are not applicable.

### iv. WEBSITE LINK TO THE RESPECTIVE ADDENDUMS AFTER THE LAST UPDATE OF SID

Not Applicable

### v. SCHEME'S PORTFOLIO TURNOVER RATIO:

Since the Scheme is a new Scheme, Portfolio Turnover ratio is not available.

### vi. AGGREGATE INVESTMENT IN THE SCHEME BY

Sr. No.	Category of Persons	Net Value		Market Value ( in Rs.)
		Units	NAV per unit	
A	Scheme's Fund Manager(s)			
	Not Applicable			

### vii. INVESTMENT OF THE AMC IN THE SCHEME

In terms of sub-regulation 3(a) in Regulation 22 of SEBI (MF) Regulations, the asset management companies are required to invest such amount in such scheme of the mutual fund, based on the risks associated with the respective scheme. Accordingly, the AMC shall make investment in the Scheme as per the provisions of paragraph 7.13 of the Master Circular.

From time to time and subject to the SEBI (MF) Regulations, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. The funds managed by these associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units. The details of such

investments of the AMC can be accessed at the following link: [Statutory Disclosure \(icicpruamc.com\)](http://icicpruamc.com)

## **PART III. OTHER DETAILS**

### **A. COMPUTATION OF NAV**

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the valuation policy and procedures of the Fund, provided in Statement of Additional Information (SAI).

The NAV of the Scheme shall be rounded off upto two decimals.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments + Current Assets  
- Current Liabilities and Provision

---

No. of Units outstanding under Schemes

The NAV will be calculated as of the close of every Business Day of the respective Scheme. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

#### **Illustration of computation of NAV:**

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 10,000,000, then the NAV per unit will be computed as follows:

$10,45,34,345.34 / 10,000,000 = \text{Rs. } 10.45 \text{ p.u. (rounded off to two decimals)}$

The Fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

## B. NEW FUND OFFER (NFO) EXPENSES –

These expenses are incurred for the purpose of various activities related to the NFO like marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

In accordance with the provisions of SEBI Circular, no New Fund Offer Expenses will be charged to the Scheme. The NFO expenses for launch of scheme will be borne by the AMC.

## C. ANNUAL SCHEME RECURRING EXPENSE

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1.85% of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the AMC would update the current expense ratios on the website at least three business days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 11.4 of the Master Circular.

Investor can refer [Total Expense Ratio of Mutual Fund Schemes \(icicpruamc.com\)](http://icicpruamc.com) for Total Expense Ratio (TER) details.

**Details of Annual Scheme Recurring Expenses under the Scheme is as follows:**

Particulars	ICICI Prudential Balanced Hybrid Fund (% per annum of net assets)
Investment Management and Advisory Fees	Up to 1.85
Audit Fees and expenses of trustees	
Custodian Fees	
Registrar & Transfer Agent Fees including cost of providing account statements/IDCW/redemption cheques/warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost towards investor education, awareness and financial inclusion	
Brokerage cost pertaining to execution of trades	
Cost of Statutory advertisements	
Other Expenses*	
<b>Maximum base expense ratio (BER) permissible under Regulation 66</b>	Up to 1.85
The aforesaid does not include Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.	
Statutory levies (including GST) on all expenses excluding	GST of 18% or any other

brokerage and transaction cost	rate as may be levied from time to time on the Taxable/ Invoice/ Contract amount.  Additionally, levies such as Stamp Duty, STT etc.
Statutory levies (including GST) on brokerage and transaction cost	Will be charged on Turnover of securities which will be at prescribed rates.

The returns of the Direct Plan for the Scheme shall be exclusive of distribution commission and statutory levies charged on the same.

\*As permitted under the Regulation 66 of SEBI (MF) Regulations, 2026

Direct Plan shall have a lower expense ratio excluding distribution expenses and its statutory levies, commission, etc as compared to other Plan and no commission for distribution of Units will be paid/ charged under Direct Plan.

All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in other than Direct Plan.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table. Types of expenses charged shall be as per the SEBI (Mutual Funds) Regulations, 2026.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

First Rs. 500 crore	Next Rs. 250 crore	Next Rs. 1,250 crore	Next Rs. 3,000 crore	Next Rs. 5,000 crore	Next Rs. 40,000 crores	Balance
1.85%	1.65%	1.40%	1.25%	1.15%	TER reduction of 0.05% for every increase of Rs. 5,000 crore of daily net assets or part thereof	0.70%

The above expense percentage excludes additional expenses charged towards statutory levy, transaction charges incurred for the purpose of execution of a trade which includes regulatory levies and any other expense charged by the stock exchanges, clearing corporations and clearing houses, as applicable.

The AMC shall pay additional commission to distributors for onboarding new individual investors (new PAN) from B-30 cities at the mutual fund industry Level and new women individual investors (new PAN) from both Top 30 and B-30 cities.

The additional distribution commission shall be paid from the 2 basis points on daily net assets, mandated to be set apart annually by AMCs for investor education, awareness and financial inclusion initiatives, subject to adequate claw back provisions.

The additional commission specified above shall be in addition to the existing trail commission paid to the distributor from the scheme.

At least 2 basis points on daily net assets within the maximum limit of overall expense ratio shall be annually set apart for investor education and awareness initiatives. The same shall be within limits specified under paragraph 11.9.3 of the Master Circular.

Brokerage cost incurred for the purpose of execution of trade over and above the base expense ratio subject to a maximum of 6 bps of trade value in case of cash market transactions and 2 bps of trade value in case of derivatives transactions. Any payment towards brokerage and transaction costs, over and above the said 6 bps and 2bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Base Expense Ratio as prescribed under regulation 66.

No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the Board, shall be charged to the investors.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

The following is an illustration of the impact of expense ratio on the scheme's returns:

<b>Particulars</b>	<b>Regular Plan</b>	<b>Direct Plan</b>
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1300	1350

For calculating expense of ICICI Prudential Balanced Hybrid Fund – Direct Plan, distribution expense will not be considered.

#### **D. LOAD STRUCTURE**

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC ([www.icicipruamc.com](http://www.icicipruamc.com)) or your distributor.

<b>Type of Load</b>	<b>Load chargeable (as % of NAV)</b>
---------------------	--------------------------------------

<b>Exit Load</b>	<ul style="list-style-type: none"> <li>• NIL - If units purchased or switched in from another scheme of the Fund are redeemed or switched out upto 30% of the units (the limit) purchased or switched within 1 year from the date of allotment.</li> <li>• 1% of the applicable NAV - If units purchased or switched in from another scheme of the Fund are redeemed or switched out in excess of the limit within 1 year from the date of allotment</li> <li>• NIL - If units purchased or switched in from another scheme of the Fund are redeemed or switched out after 1 year from the date of allotment</li> </ul>
------------------	---

Any redemption/switch arising out of excess holding by an investor beyond 25% of the net assets of the Scheme in the manner envisaged under paragraph 7.19.1(ii) of the Master Circular, such redemption / switch will not be subject to exit load.

The exit load charged, if any, shall be credited back to the respective scheme. Goods and Services tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services tax shall be credited to the schemes.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme. Units issued on reinvestment of IDCW shall not be subject to exit load.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres. Any imposition or enhancement in the load shall be applicable on prospective investments only.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- iv. A public notice shall be provided on the website of the AMC in respect of such changes.

Any imposition or enhancement in the load shall be applicable on prospective investments only.

## SECTION II

### I. Introduction

#### A. Definitions

Definition for the words and expressions used in the SID are available at the following link : [SID related information \(icicpruamc.com\)](http://icicpruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

#### B. Risk Factors

I. **Standard Risk Factors:** Please refer to SAI.

#### II. **Scheme specific risk factors**

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect the Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

#### **Market Risk**

The Scheme's NAV will react to the stock market movements. The investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

#### **Settlement Risk**

The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme's portfolio.

#### **Portfolio Concentration Risk**

To the extent that the Scheme may concentrate its investments in the Securities of companies of certain companies/sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity Securities. Such risks may impact the Scheme to the extent that it invests in particular sectors even in cases where the investment objective is more generic.

## **Volatility Risk**

The equity markets and derivative markets are volatile and the value of securities, derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the scheme to decrease.

## **Redemption Risk**

Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be subject to minimum application amount.

## **Right to Limit Redemptions**

The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.

## **Risk associated with investing in equities, equity related instruments and units of Real Estate Investment Trusts (REITs)**

- The value of the Schemes' investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The Mutual Fund may not be able to sell / lend out securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that the dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to

instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by the scheme. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors. In addition, investments in units of REITs could also receive funds through repatriation of funds by these Trusts in the form of buyback of units along with dividend pay-outs, etc. Hence reinvestments of the proceeds carry a risk of lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.

- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests. This may however increase the risk of the portfolio.
- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, the Scheme will aim at taking exposure into relatively liquid stocks where there will be minimal risk to square off the transaction. The Schemes investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- The value of units of REITs is derived based on the prevailing interest rate. Generally, when interest rates rise, value of units falls and when interest rates drop, such value increases. Hence, the prices of units of REITs is susceptible to changes in interest rate.
- In case of warrants, a relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be volatile.
- It is essential for the investors to understand that the right to subscribe which a warrant confers is invariably limited in time with the consequence that if the investor fails to exercise this right within the predetermined time –scale then the investment becomes worthless. Investment in a warrant can result in a total loss of the money invested plus any commission or other transaction charges.

## **Risk associated with investing in fixed income and money market securities**

- **Market Risk:** The Net Asset Value (NAV) of the underlying scheme(s), to the extent invested in fixed income securities, will be affected by changes in the general level of interest rates. The NAV of the underlying scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- **Credit Risk:** Investments in fixed income securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the underlying scheme(s) are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** The inability of the underlying scheme(s) to make intended securities purchases due to settlement problems could cause the underlying scheme(s) to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the underlying scheme(s)' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the underlying scheme(s)' portfolio.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the underlying scheme(s).

### **Risks associated with investment in unlisted securities:**

Except for any security of an associate or group company, the underlying scheme(s) have the power to invest in securities which are not listed on a stock exchange or receive unlisted securities which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. These securities may lack a liquid secondary market and there can be no assurance that the underlying scheme(s) will realise their investments in these securities at a fair value.

- Different types of fixed income securities in which the underlying scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the underlying scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the underlying scheme(s).
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The underlying scheme(s) may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.
- The underlying scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.
- The scheme may also invest in debt schemes of ICICI Prudential Mutual Fund or other schemes including debt ETFs which has objective to invest in debt and money market instruments and are subject to risks as stated above.

### **Risk associated with investing in units of mutual funds**

The scheme may make investments in units of mutual funds. Investments in schemes of mutual funds are subject to market risks and there is no assurance or guarantee that the objectives of the scheme will be achieved. Further, any investment in mutual funds is also subject to risk factors outlined in the offer document of the mutual fund and an adverse performance of a mutual fund scheme in which the scheme has made investments could adversely impact the scheme's performance and NAV of the scheme.

### **Risks associated with investing in Tri Party Repo through CCIL (TREPS)**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

### **Risks associated with Repo in Corporate Debt**

- **Lending transactions:** The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase

agreement. However, in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

- **Borrowing transactions:** In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

### **Risks associated with investing in Securitised Debt**

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, microfinance companies or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers. Generally available asset classes for securitization in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans/receivables
- Microfinance receivables

In pursuance to SEBI communication dated: August 25, 2010, given below are the requisite details relating to investments in Securitised debt.

- i. Risk profile of securitized debt vis-à-vis risk appetite of the scheme: The Scheme aims to provide reasonable returns to investors with a long-term investment horizon. To ensure the scheme targets only long term investors, the scheme has exit loads of upto 1 year which acts as a deterrent to short term investors. Securitised debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity which would match with the long-term investment horizon of these investors. Investment in these instruments may help the scheme in aiming at reasonable returns. These returns come with a certain degree of risks which are covered separately in the Scheme Information Document.

Accordingly, the medium risk profile of the securitised debt instruments matches that of the prospective investors of these schemes.

- ii. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.
- iii. Risk mitigation strategies for investments with each kind of originator

For a complete understanding of the policy relating to selection of originators, the AMC has first analysed below risks attached to a securitization transaction.

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA/AA rated asset classes.

The Scheme may invest in securitized debt assets. These assets would be in the nature of Asset Backed Securities (ABS) and Mortgage Backed Securities (MBS) with underlying pool of assets and receivables like housing loans, auto loans and single corporate loan originators. The Scheme intends to invest in securitized instruments rated AAA/AA by a SEBI recognized credit rating agency.

Before entering into any securitization transaction, the risk is assessed based on the information generated from the following sources:

- i. Rating provided by the rating agency
- ii. Assessment by the AMC

### **(1) Assessment by a Rating Agency**

In its endeavor to assess the fundamental uncertainties in any securitization transaction, a credit rating agency normally takes into consideration following factors:

#### **Credit Risk:**

Credit risk forms a vital element in the analysis of securitization transaction. Adequate credit enhancements to cover defaults, even under stress scenarios, mitigate this risk. This is done by evaluating following risks:

- Asset risk
- Originator risk
- Portfolio risk
- Pool risks

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of instalments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analyzed with regard to geographical location, borrower profile, LTV, and tenure.

### **Counterparty Risk:**

There are several counterparties in a securitization transaction, and their performance is crucial. Unlike in the case of credit risks, where the risks emanate from a diversified pool of retail assets, counterparty risks result in either performance or non-performance. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure. The risks assessed under this category include:

- Servicer risk
- Commingling risk
- Miscellaneous other counterparty risks

### **Legal Risks:**

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

### **Market Risks:**

Market risks represent risks not directly related to the transaction, but other market related factors, stated below, which could have an impact on transaction performance, or the value of the investments to the investors.

- Macro-economic risks
- Prepayment risks
- Interest rate risks

### Other Risks associated with investment in securitized debt and mitigation measures

#### **Limited Liquidity and Price Risk:**

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

#### **Limited Recourse, Delinquency and Credit Risk:**

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These

Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However, many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

**Risk Mitigation:** In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

### **Risks due to possible prepayments: Weighted Tenor / Yield**

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

**Risk Mitigation:** A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

### **Bankruptcy of the Originator or Seller:**

If originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to Trust was not a sale, then an Investor could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to Trust not being construed as a "True Sale". Legal opinion is normally obtained to the effect that the assignment of Receivables to Trust in trust for and for the benefit of the Investors, as envisaged herein, would constitute a true sale.

**Risk Mitigation:** Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

### **Bankruptcy of the Investor's Agent:**

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement. All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent. Legal opinion is normally obtained to the effect that the Investors Agent's recourse to assets/receivables is restricted in its capacity as agent and trustee and not in its personal capacity.

**Risk Mitigation:** All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

### **Risk of Co-mingling:**

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

## **(2) Assessment by the AMC**

### **Track record:**

The AMC ensures that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc.

### **Willingness to pay:**

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank, guarantee etc. is obtained, as a risk mitigation measure.

### **Ability to pay:**

This assessment is based on a strategic framework for credit analysis, which entails a detailed financial risk assessment.

Management analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to assess financial risk a broad assessment of the issuer's financial statements is undertaken to review its ability to undergo

stress on cash flows and asset quality. Business risk assessment, wherein following factors are considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition, a detailed review and assessment of rating rationale is done including interactions with the company as well as agency

**Critical Evaluation Parameters (For Pool Loan and Single Loan Securitization Transactions)**

Typically, the AMC would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if there are concerns on the following issues regarding the originator / underlying issuer:

- High default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan, as the case may be.

Table below illustrates the factors which may be taken into account while evaluating investment decision relating to a pool securitization transaction:

<b>Characteristics/Type of Pool</b>	<b>Mortgage Loan</b>	<b>Commercial Vehicle and Construction Equipment</b>	<b>CAR</b>	<b>2 wheeler s</b>	<b>Micro Finance Pools</b>	<b>Personal Loans</b>
Approximate Average maturity (in Months)	36-120 months	12- 60 months	12-60 months	15-48 months	15-80 weeks	5 months -3 years
Collateral margin (including cash ,guarantees, excess interest spread , subordinate tranche)	3-10%	4-12%	4-13%	4-15%	5-15%	5-15%
Average Loan to Value Ratio	75%-95%	80%-98%	75%-95%	70%-95%	Unsecured	Unsecured
Average seasoning of the Pool	3-5 months	3-6 months	3-6 months	3-5 months	2-7 weeks	1-5 months
Maximum single exposure range	4-5%	3-4%	NA (Retail Pool)	NA (Retail Pool)	NA (Very Small Retail	NA (Retail Pool)

Characteristics/Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	CAR	2 wheeler s	Micro Finance Pools	Personal Loans
					loan)	
Average single exposure range %	0.5%-3%	0.5%-3%	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size

**Notes:**

1. Retail pools are the loan pools relating to Car, 2 wheeler, micro finance and personal loans, wherein the average loan size is relatively small and spread over large number of borrowers.
2. Information illustrated in the Tables above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.
3. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments
4. Majority of our securitized debt investments shall be in asset backed pools wherein the AMC may have underlying assets as Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment etc. Where the AMC invest in Single Loan Securitization, as the credit is on the underlying issuer, the AMC focuses on the credit review of the borrower.

In addition to the factors, the AMC also take into account following factors, which are analyzed to ensure diversification of risk and measures identified for less diversified investments:

- **Size of the Loan**
- **Average Original Maturity of the Pool**
- **Delinquency Distribution**
- **Geographical Distribution**
- **Loan to Value Ratio**
- **Average seasoning of the pool**
- **Risk Tranching:**

Typically, the AMC would avoid investing in mezzanine debt or equity of Securitized debt in the form of sub ordinate tranche, without specific risk mitigant strategies / additional cash / security collaterals/ guarantees, etc.

- **The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that**

## **particular scheme of the fund**

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest.

- **In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt**

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are monitored for any movement. Monthly Pool Performance MIS is received from the trustee and is analyzed for any variation. The entire securitized portfolio is published in the fact sheet and disclosed in the website with details of underlying exposure and originator.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

## **Risks associated with Investing in Derivatives**

The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The Scheme may use derivatives instruments like Stock /Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as follows:

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
- Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.
- The derivative contracts at times are undertaken with various counterparties. These counterparties may not be able to meet the obligations under such derivative contracts. This would lead to credit risk in derivative transactions, Hence, derivative trades are undertaken with approved counterparties or through exchanges. This mitigates credit risk on derivative transactions.

#### **Additional risks for writing covered call options for equity shares**

1. Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.

2. The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

3. The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

4. The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

#### **Benefits of using Covered Call strategy in Mutual Funds**

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the

following benefits:

- a. Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.
- b. Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction

### **Risk Factors with respect to imperfect hedging using Interest Rate Futures**

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

1. Perfect Hedging means hedging the underlying using IRF contract of same underlying.
2. Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- 1) Corporate Bonds and Government securities or
- 2) Only Corporate debt securities or
- 3) Only government securities with different maturities

### **Risk associated with imperfect hedging includes:**

**Basis Risk:** The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.

**Price Risk:** The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

**Risk of mismatch between the instruments:** The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example, when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

**Correlation weakening and consequent risk of regulatory breach:** SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 business days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level,

within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

### **Risks associated with investment in ADR/GDR/Foreign equity Securities/Overseas Mutual Funds/Overseas ETFs**

It is AMC's belief that the investment in ADRs/GDRs/overseas securities/ overseas mutual funds and ETFs offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities/overseas mutual funds and ETFs, there may not be readily available and widely accepted benchmarks to measure performance of the Schemes. To manage risks associated with foreign currency and interest rate exposure, the Scheme may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Scheme in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Scheme may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Investors are requested to note that the costs associated with overseas investments like advisory fees (other than those expenses permissible under regulation 52 of SEBI Regulations) would not be borne by the scheme.

### **Risk factors associated with investments in Perpetual Debt Instrument (PDI):**

Perpetual Debt instruments are issued by Banks, non-banking financial institutions (NBFCs) and corporates to improve their capital profile. Some of the PDIs issued by Banks which are governed by the Reserve Bank of India (RBI) guidelines for Basel III Capital Regulations are referred to as Additional Tier I (AT1 bonds). While there are no regulatory guidelines for issuance of PDIs by corporate bodies, NBFCs issue these bonds as per guidelines issued by RBI. The instruments are treated as perpetual in nature as there is no fixed maturity date.

The key risks associated with these instruments are highlighted below:

#### **Risk on coupon servicing**

- **Banks**

As per the terms of the instruments, Banks may have discretion at all times to cancel distributions/payment of coupons.

- **NBFCs**

While NBFCs may have discretion at all times to cancel payment of coupon, coupon may also be deferred (instead of being cancelled), in case paying the coupon leads to breach of capital ratios.

- **Corporates**

Corporates usually have discretion to defer the payment of coupon. However, the coupon is usually cumulative and any deferred coupon shall accrue interest at the original coupon rate of the PDI.

#### **Risk of write-down or conversion into equity**

- **Banks**

As per the regulatory requirements, Banks have to maintain a minimum Common Equity Tier-1 (CET-1) ratio of Risk Weighted Assets (RWAs), failing which the AT-1 bonds can get written down. Further, AT-1 Bonds are liable to be written down or converted to common equity, at the discretion of RBI, in the event of Point of Non Viability Trigger (PONV). PONV is a point, determined by RBI, when a bank is deemed to have become non-viable unless there is a write off/ conversion to equity of AT-1 Bonds or a public sector capital injection happens. The write off/conversion has to occur prior to public sector injection of capital. This risk is not applicable in case of NBFCs and Corporates.

#### **Risk of instrument not being called by the Issuer**

- **Banks**

The issuing banks have an option to call back the instrument after minimum period as per the regulatory requirement from the date of issuance and specified period thereafter, subject to meeting the RBI guidelines. However, if the bank does not exercise the call on first call date, the Scheme may have to hold the instruments for a period beyond the first call exercise date.

- **NBFCs**

The NBFC issuer has an option to call back the instrument after minimum period as per the regulatory requirement from date of issuance and specified period thereafter, subject to meeting the RBI guidelines. However, if the NBFC does not exercise the call option the Scheme may have to hold the instruments for a period beyond the first call exercise date.

- **Corporates**

There is no minimum period for call date. However, if the corporate does not exercise the call option, the Scheme may have to hold the instruments for a period beyond the call exercise date.

#### **RISKS FOR WRITING COVERED CALL OPTIONS FOR EQUITY SHARES**

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset to generate an

income stream. The Scheme may write call options under covered call strategy, as permitted by the regulations. Risks associated thereto are mentioned below:

- a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced by writing covered call options.
- b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.
- c) The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.
- d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

#### **Benefits of using Covered Call strategy in Mutual Funds**

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits:

- a) Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.
- b) Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

#### **Risk factors with respect to imperfect hedging using interest rate futures:**

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

1. Perfect Hedging means hedging the underlying using IRF contract of same underlying.
2. Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- 1) Corporate Bonds and Government securities or
- 2) Only Corporate debt securities or
- 3) Only government securities with different maturities

**Risk associated with imperfect hedging includes:**

**Basis Risk:** The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.

**Price Risk:** The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

**Risk of mismatch between the instruments:** The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example, when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

**Correlation weakening and consequent risk of regulatory breach:** SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90-day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 business days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

**Risks associated with Stock Lending**

Stock lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Investors are requested to refer to section “**How will the Scheme allocate its assets?**” for maximum permissible exposure to Stock Lending.

The Scheme will not engage in Short Selling activity.

**Risks associated with Investing in Structured Obligation (SO) & Credit Enhancement (CE) rated securities:**

- The risks factors stated below for the Structured Obligations & Credit Enhancement are in addition to the risk factors associated with debt instruments.
- Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/ mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer
- Liquidity Risk: SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is adversely affected compared to similar rated debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to sell such debt instruments and generate liquidity for the scheme or higher impact cost when such instruments are sold.

**Credit Risk:** The credit risk of debt instruments which are CE rated derives rating based on the combined strength of the issuer as well as the structure. Hence, any weakness in either the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to ability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. In case of SO transactions, comingling risk and risk of servicer increases the overall risk for the securitized debt or assets backed transactions. Therefore, apart from issuer level credit risk such debt instruments are also susceptible to structure related credit risk.

**Risk factors associated with creation of segregated portfolios:**

1. Liquidity risk – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 business days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

**Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –**

Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity/ equity related securities and utilising debt and money market instruments as a defensive investment strategy. Given the nature of the Scheme, the portfolio turnover ratio may be very high and AMC may change the full portfolio from say all Equity to all Cash and/or to all long /short term Bonds, commensurate with the investment objectives of the Scheme. At times such churning of portfolios may lead to substantial losses due to subsequent adverse developments in the capital markets or unfavourable market movements. In view of the same, there can be no assurance that the investment objective of the Scheme will be realised.

### **C. RISK MANAGEMENT STRATEGIES**

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity and debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Scheme has identified following risks of investing in equity and debt securities and designed risk management strategies, which are embedded in the investment process to manage such risks.

<b>Risks associated with Equity investments</b>	
<b>Concentration Risk</b> Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of sectors or securities.	The Scheme may try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.

<p><b><u>Market Risk</u></b> The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme</p>	<p>Market risk is a risk which is inherent to an equity scheme. The Scheme may use derivatives to limit this risk.</p>
<p><b><u>Liquidity risk</u></b> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.</p>	<p>As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.</p>
<p><b><u>Derivatives Risk</u></b>  As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.</p>	<p>The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted under the Regulations. Fund managers will endeavor to use derivatives which are relatively liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.</p>
<p><b><u>Currency Risk</u></b> The Scheme may invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.</p>	<p>The Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.</p> <p>All currency derivatives trade, if any will be done only through the stock exchange platform.</p>

<p><b><u>Risks associated with Debt investment</u></b></p>	
<p><b><u>Market Risk/ Interest Rate Risk</u></b> As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or</p>	<p>The scheme will undertake the active portfolio management as per the investment objective to reduce the marker risk. In a rising interest rates scenario the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.</p>

down in fixed income securities and thereby to possible movements in the NAV.	
<p><b>Liquidity or Marketability Risk</b></p> <p>This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.</p> <p>The Scheme will however, endeavor to minimize liquidity risk by investing in securities having a relatively liquid market.</p>
<p><b>Credit Risk</b></p> <p>Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis will be used for identifying company specific risks. In order to assess financial risk, a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.</p>
<p><b>Reinvestment Risk</b></p> <p>This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme is reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.</p>	<p>Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.</p>

<p><b><u>Derivatives Risk</u></b></p> <p>As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.</p>	<p>The Scheme has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre-approved ISDA agreements or through recognized trading platforms. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.</p>
<p><b><u>Currency Risk</u></b></p> <p>The Scheme may invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.</p>	<p>The Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.</p> <p>All currency derivatives trade, if any will be done only through the stock exchange platform.</p>

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

## **II. Information about the scheme**

### **A. Where will the Scheme invest?**

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- a) Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares, Units issued by REITs.
- b) Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI

- (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- c) Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
  - d) Debt securities issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
  - e) Corporate debt securities (of both public and private sector undertakings)
  - f) Obligations or Securities issued by banks (both public and private sector) including term deposits as permitted by SEBI / RBI from time to time and development financial institutions.
  - g) Money market instruments as permitted by SEBI/RBI
  - h) Securitised Debt
  - i) The non-convertible part of convertible securities
  - j) Any other domestic fixed income securities
  - k) Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Stock/ Index Futures/Options and such other derivative instruments permitted by SEBI
  - l) ADRs / GDRs / overseas/overseas ETFs as permitted by Reserve Bank of India and Securities and Exchange Board of India
  - m) Repo transactions in corporate debt securities
  - n) Units of Mutual Fund Schemes, subject to applicable regulations
  - o) Any other security as may be permitted by SEBI/ RBI, subject to approval from SEBI / RBI as required.

The portion of the Scheme's portfolio invested in each type of security may vary in accordance with economic conditions, interest rates, liquidity and other relevant considerations, including the risks associated with each investment. The Scheme will, in order to reduce the risks associated with any one security, utilize a variety of investments. The Scheme will also invest in ADRs / GDRs / Foreign Debt Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India

Subject to the Regulations, the securities mentioned in "Where will the Scheme invest" above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

Investments in overseas securities shall be in accordance with the requirements stipulated by SEBI and RBI from time to time.

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions. Further the Scheme intends to participate in securities lending as permitted under the Regulations. Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

## POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on May 29, 2026 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	5.53%	High
GOI	Treasury Bill	364 Days	5.98%	High
GOI	Short Dated	1-3 Years	6.06% - 6.52%	High
GOI	Medium Dated	3-5 Years	6.52% - 6.82%	High
GOI	Long Dated	5-10 Years	6.82% - 7.00%	High
Corporates	Taxable Bonds (AAA)	1-3 Years	7.95% - 7.84%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	7.84% - 7.84%	Low to Medium
Corporates	CDs (A1+)	3 months	7.21%	Medium to High
Corporates	CPs (A1+)	3 months	8.00%	Medium to High

### B. What are the investment restrictions?

As per the provisions of the Trust Deed read with the SEBI (Mutual Funds) Regulations, 2026, the following investment restrictions apply in respect of the Scheme at the time of making investments subject to asset allocation and where will the scheme investment. Further, all investments by the Scheme will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (Mutual Funds) Regulations, 2026, including Sixth Schedule thereof, as amended from time to time.

1. a) A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act as per the following matrix.

A mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in paragraph 13.(2)(b) of the Master Circular.

b) Such limit is not applicable for investment in securitized debt (mortgage backed securities and asset backed securities), at the originator level.

c) Provided that such limit shall not be applicable for investments in debt exchange traded funds, Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

d) Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided that the long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of Credit Rating Agencies between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government securities.

2. Mutual fund schemes shall not invest in any other unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio, of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the above purposes, listed debt instruments shall include listed and to be listed debt instruments.

3. The Scheme shall not invest more than 5% of its net assets in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by Mutual Funds Scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of AMC.

Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Funds) Regulations, 2026 and various circulars issued thereunder.

4. The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights or 10% of units of REITs issued by singer issuer, as the case maybe

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by Regulation 6(1)(a).

5. The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes
  - a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
  - b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. AMCs may ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs should initiate necessary steps to ensure protection of the interest of the investors.

6. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
  - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
  - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further the inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with the guidelines as stated in paragraph 13.19 of the Master Circular.

7. The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.
8. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard

Every mutual fund shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme except in respect of such securities as may be specified by the board from time to time.

10. Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks as per paragraph 13.7 of the Master Circular, following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:

- a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
- b. Such short term deposits shall be held in the name of the concerned Scheme.
- c. No mutual fund scheme shall park more than 15% of their net assets in STDs across all scheduled commercial banks. This limit may be extended to 20% with prior approval of trustees.
- d. No mutual fund scheme shall park more than 10% of the net assets in STDs with any one scheduled commercial bank including subsidiaries.
- e. Parking of funds in STDs of associate and sponsor scheduled commercial banks together shall not exceed 20% of the total deployment by the mutual fund in STDs. Trustees/AMCs shall ensure that no funds of a scheme is parked in STD of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD do not invest in the said scheme till the time the scheme has STD with such bank. **The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.**
- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

11. No mutual fund Scheme shall make any investments in;

- a) any unlisted security of an associate or group company of the sponsor; or
- b) any security issued by way of private placement by an associate or group company of the Sponsor; or
- c) the listed securities of group companies of the Sponsor which is in excess of 25% of its net assets except for investments by equity oriented exchange traded funds and index funds..

Investments by Mutual Fund Schemes in the listed securities of group companies of the sponsor by Equity oriented ETFs and Index Funds based on widely tracked and non-bespoke indices which is in accordance with the weightage of the constituents of the

underlying index, subject to an overall cap of 35% of NAV of the Scheme, in the group companies of the sponsor. The AMC shall comply with the guidelines as stated in paragraph 13.1(6)(d) of the Master Circular.

12. The scheme shall not invest in Fund of funds scheme.

13. No mutual fund Scheme shall invest more than 10% of its NAV in equity shares or equity related instruments of any entity.

Provided that such limit shall not be applicable for investment in index fund or ETF or Sector or Thematic scheme.

Provided further that the limit shall also be applicable for investment in units of Venture capital funds.

14. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed

15. No loans for any purpose can be advanced by the Scheme.

16. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the unit holders. Such borrowings shall not exceed more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

17. If any company invests more than 5% of the NAV of any of the Scheme, investments made by that or any other schemes of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.

18. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further all transactions in government securities shall be in dematerialised form.

19. The Scheme will comply with provisions specified in paragraph 13.18 of the Master Circular related to overall exposure limits applicable for derivative transactions as stated below:

- i. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
- ii. The total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- iii. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- iv. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
  - i. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains. Hedging positions cannot be taken for existing derivative positions.
  - ii. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

- iii. The quantity of underlying associated with the derivative position taken for hedging purpose does not exceed the quantity of the existing position against which hedge has been taken.
- v. (a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme.
  - (b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty scheme in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.
- vi. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point (i) above.
- vii. Definition of Exposure in case of Derivative Positions - Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

**Exposure limit for participating in Interest Rate Futures as per paragraph 13.15.2 of the Master Circular**

- i. To reduce interest rate risk in a debt portfolio, mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Future Price/ PAR})}$$

- ii. In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.
- iii. Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, upto maximum of 20% of the net assets of the scheme, subject to the following:
  - a) Exposure to IRFs is created only for hedging the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.
  - b) The correlation between the portfolio or part of the portfolio (excluding the hedged portions, if any) and the IRF, calculated for the past 90 calendar days is at least 0.9 at

the time of initiation of hedge. Any subsequent deviation from the correlation criteria shall be rebalanced within 5 working days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms of Paragraph 13.18.1 above.

Explanation: If the fund manager intends to do imperfect hedging up to 15% of the portfolio using IRFs on weighted average modified duration basis, either of the following conditions need to be complied with for the purpose of exemption from gross exposure:

- i. The correlation for past 90 calendar days between the portfolio and the IRF is at least 0.9 or
  - ii. The correlation for past 90 days between the part of the portfolio (excluding the hedged portions, if any) i.e. at least 15% of the net asset of the scheme (including one or more securities) and the IRF is at least 0.9.
- c) At no point of time, the net modified duration of part of the portfolio being hedged should be negative.
- d) The portion of imperfect hedging in excess of 20% of the net assets of the scheme should be considered as creating exposure and shall be included in the computation of gross exposure in terms of Paragraph 13.18.1 of the Master Circular.
- iv. The basic characteristics of the scheme should not be affected by hedging the portfolio or part of the portfolio (including one or more securities) based on the weighted average modified duration.

Explanation: In case of long-term bond fund, after hedging the portfolio based on the modified duration of the portfolio, the net modified duration should not be less than the minimum modified duration of the portfolio as required to consider the fund as a long term bond fund.

- v. The interest rate hedging of the portfolio should be in the interest of the investors.

20. Mutual Fund schemes (excluding ETFs and Index funds) may write Call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:

- a. The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme. In case of any passive breach, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Stock Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- d) In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.

- e) In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- g) The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 13.15.1 of the Master Circular.
- h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

21. Below stated conditions and norms shall apply to repo in corporate debt securities, which are subject to change as may be prescribed by SEBI and/or RBI from time to time:

- a) Any scheme shall not lend/borrow more than 10% of its net assets in repo against corporate debt securities.
- b) The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt, derivatives and any other permitted assets shall not exceed 100% of the net assets of the Scheme.
- c) The Scheme shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
- d) The exposure limit/investment restrictions prescribed under the Sixth Schedule of the Regulations and circulars issued there under (wherever applicable) shall be applicable to repo transactions in corporate debt securities.

e) Tenor of Repo:

Tenor of repo shall not exceed 6 months. There shall be no restriction/limitation on the tenor of collateral.

f) Rating of underlying instruments:

The schemes shall participate in repo transactions only in AA (or equivalent short term rating) and above rated corporate debt securities.

22. The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.

23. A mutual fund may invest in the units of InvITs subject to the following:

- (a) No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of InvIT; and
- (b) A mutual fund scheme shall not invest –
  - i. more than 10% of its NAV in the units of InvIT; and
  - ii. more than 5% of its NAV in the units of InvIT issued by a single issuer.

Provided that the limits mentioned in sub-paragraphs (i) and (ii) above shall not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to InvIT.

24. Participation of mutual funds in ETCDs shall be subject to the following investment limits:
- a. Mutual funds are permitted to participate in ETCDs in India, except in commodity derivatives on 'Sensitive Commodities'.
  - b. Mutual fund schemes shall participate in ETCDs of a particular goods (single), not exceeding 10% of net asset value of the scheme.
  - c. In case of multi assets allocation schemes, the exposure to ETCDs shall not be more than 30% of the net asset value of the scheme.
  - d. In case of Other Hybrid Schemes excluding Multi Assets allocation schemes, the exposure to ETCDs shall not be more than 10 % of the net asset value of the scheme
  - e. The cumulative gross exposure through equity, debt and derivative positions (including commodity derivatives) shall not exceed 100% of net asset value of the scheme.
  - f. No mutual fund scheme shall have net short positions in ETCDs on any particular good, considering its positions in physical goods as well as ETCDs, at any point of time.
25. The Scheme may invest in certain debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption. Additional Tier I bonds and Tier 2 bonds issued under Basel III framework are some instruments which may have above referred special features. The debt instruments having such special features as referred above, which otherwise are Non-Convertible Debentures, may be treated as debt instruments until converted to equity.
- i. no Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer
  - ii. a Mutual Fund scheme shall not invest:
    - a. more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and
    - b. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

Such limit shall be within overall limit for debt instruments issued by a single issuer as specified under Paragraph 13.1(2).

26. The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.

All investment restrictions shall be applicable at the time of making investment. The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 2026 change or as deemed fit in the general interest of the unit holders, so as to permit the Scheme to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

### **C. Fundamental Attributes**

Following are the Fundamental Attributes of the Scheme, in terms paragraph 1.9 of the Master Circular:

(i) Type of a Scheme

For details on type of Scheme, please refer “Type of the Scheme”.

(ii) Investment Objective

- Main Objective - Please refer “**What are the investment objectives of the Scheme?**”
- The Tentative portfolio breakup of Equity/Debt/Money Market instruments, other permitted securities and such other securities as may be permitted by the Board from time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations. Please refer “**How will the Scheme allocate its assets?**” for more details.

(iii) Terms of Issue

**1) Liquidity**

On an on-going basis, an investor can purchase and redeem Units on every Business Day at NAV based prices, subject to the applicable load structure.

• **Listing**

Being an open-ended fund, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges.

• **Redemption of Units**

For details on redemption of units, please refer “Redemption of Units”

• **Redemption Price**

The redemption price will be at Applicable NAV based prices, subject to applicable exit load provisions.

**2) Aggregate fees and expenses charged to the Scheme:** The provisions in respect of fees and expenses as indicated in this Scheme Information Document.

**3) Any safety net or guarantee provided:** The present Scheme is not a guaranteed or assured return scheme.

**Changes in Fundamental Attributes**

In accordance with Regulation 22(9)(c) of the SEBI (MF) Regulations, 2016 and Paragraph 1.9.2 of SEBI Master Circular for Mutual Funds the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal;

- A written communication (including digital modes such as email/sms etc.) about the proposed change is sent to each Unitholder and details as specified by the Board are appropriately displayed on the website of the AMC; and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing NAV without any exit load

**D. Other Scheme Specific Disclosures:**

<b>Scheme Disclosure Type</b>	<b>Manner of Disclosures</b>
<b>Listing and transfer of units</b>	<p>Listing:</p> <p>Being an open ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges.</p> <p>Transfer:</p> <p>Pursuant to paragraph 15.2 of the Master Circular, the Units of the Scheme can be transferred freely in demat form or in statement of Account (SOA) mode. For Details process on transfer of units under SOA mode, please refer SAI.</p>
<b>Dematerialization of units</b>	<p>The The Unit holders are given an Option to hold the units by way of an Account Statement (Physical form) or in Dematerialized ('Demat') form.</p> <p>The applicants intending to hold Units in demat mode would be required to have a beneficiary account with a Depository Participant of the NSDL/CDSL and would be required to mention in the application form DP's Name, DP ID No., and Beneficiary Account No. with the DP at the time of purchasing Units during the NFO.</p> <p>In case, the investor desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in Account Statement (non- demat) mode into electronic (demat) form or vice-versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participant(s). Investors should</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>ensure that the combination of names in the account statement is the same as that in the demat account.</p> <p>The AMC shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.</p> <p>The holding(s) of the beneficiary account holder for units held in demat mode will be shown in the statement issued by respective Depository Participants (DPs) periodically.</p> <p>For further details, please refer SAI.</p>
<p><b>Minimum Target Amount</b> (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return)</p>	<p>The minimum subscription amount to be raised by the Scheme at the time of new fund offer shall be Rs. 10 crores.</p>
<p><b>Minimum Amount to be raised</b></p>	<p>There is no maximum amount.</p>
<p><b>Policy for declaration of Income Distribution cum capital withdrawal (IDCW Policy)</b></p>	<p><b>(i) Growth Option</b> The Scheme will not declare any IDCW under this option. The income earned by the Scheme will remain reinvested in the Scheme and will be reflected in the Net Asset Value. This option is suitable for investors who are not looking for regular income but who have invested with the intention of capital appreciation.</p> <p><b>(ii) IDCW Option</b> This option is suitable for investors seeking income through IDCW declared by the Scheme. The Trustee may approve the distribution of IDCW by AMC out of the net surplus under this Option. The remaining net surplus after considering the IDCW and tax, if any, payable there on will be ploughed back in the Scheme and be reflected in the NAV.</p> <p><b>(iii) IDCW Payout:</b> As per the SEBI (MF) Regulations, IDCW warrants shall be dispatched within 7 business days from the record date. IDCW will</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>be payable to those Unit Holders whose names appear in the Register of Unit Holders on the date (Record Date). IDCW will be paid by cheque, net of taxes as may be applicable. Unit Holders will also have the option of direct payment of IDCW to the bank account. The cheques will be drawn in the name of the sole/first holder and will be posted to the Registered address of the sole/first holder as indicated in the original application form. To safeguard the interest of Unit Holders from loss or theft of IDCW cheques, investors should provide the name of their bank, branch and account number in the application form. IDCW cheques will be sent to the Unit Holder after incorporating such information. The minimum amount for IDCW payout shall be Rs.100, else IDCW would be mandatorily reinvested.</p> <p><b>(iv) IDCW Reinvestment:</b></p> <p>The investors opting for IDCW Option may choose to reinvest the IDCW to be received by them in additional Units of the Scheme. Under this provision, the IDCW due and payable to the Unitholders will be compulsorily and without any further act by the Unitholders reinvested in the Scheme (under the IDCW Option, at the first ex- IDCW NAV). The IDCW so reinvested shall be constructive payment of IDCW to the Unitholders and constructive receipt of the same amount from each Unitholder for reinvestment in Units. On reinvestment of IDCW, the number of Units to the credit of Unitholder will increase to the extent of the IDCW reinvested by the NAV applicable on the day of reinvestment, as explained above.</p> <p><b>(v) IDCW Transfer</b></p> <p>IDCW Transfer facility will be available under the scheme. The designated schemes (source and target schemes) for this facility are as given below:</p> <p>Source schemes - all schemes where IDCW option is available [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]</p> <p>Target schemes- all open ended schemes where subscription is allowed [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]</p> <p>Note: Investors are requested to note that any change in IDCW sub-option, due to additional investment or on the basis of a request received from the investor, will be applicable to all existing units in the IDCW option of the Scheme under the respective folio.</p> <p>The Trustee, in accordance with SEBI regulations and any other applicable laws reserves the right to declare IDCW under the IDCW option of the Scheme depending on the distributable surplus available under the Scheme. It should, however, be noted that actual distribution of IDCW and the frequency of distribution will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.</p> <p>The IDCW will be distributed in accordance with Chapter 12 of the Master Circular on the procedure for IDCW Distribution.</p> <p>Equalization Reserve: When units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains is credited to an Equalization Reserve Account and which can be used to pay IDCW. IDCW can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.</p>

Scheme Disclosure Type	Manner of Disclosures
<b>Allotment (Detailed procedure)</b>	<p>The AMC shall allot the units to the applicant whose valid application has been accepted and funds have been credited to the account. The AMC shall also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or registered mobile number not later than 5 business days from the date of receipt of the request from the unitholders.</p> <p>For applicants applying through 'APPLICATIONS SUPPORTED BY BLOCKED AMOUNT (ASBA)', on allotment, the amount will be unblocked in their respective bank accounts and account will be debited only to the extent required to pay for allotment of Units applied in the application form. The AMC shall allot units within 5 Business Days from the date of closure of the NFO period. The Trustee retains the sole and absolute discretion to reject any application. Applicants under the Scheme will have an option to hold the Units either in physical form (i.e. account statement) or in dematerialized form.</p> <p>Further, the asset management company shall issue units in dematerialized form to a unit holder in a scheme within two business days of the receipt of request from the unit holder.</p>
<b>Refund</b>	<p>If application is rejected, full amount will be refunded within five business days of the closure of New Fund Offer Period or within such period as allowed by SEBI. If refunded after the time period stipulated under the Regulations, interest @ 15% p.a. for delay period will be paid and charged to the AMC.</p>
<b>Who can Invest?</b> (This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.)	<p>The following persons are eligible and may apply for subscription to the Units of the Scheme (subject, wherever relevant, to purchase of units of Mutual Funds being permitted under respective constitutions and relevant statutory regulations):</p> <ul style="list-style-type: none"> <li>• Resident adult individual either singly or jointly (not exceeding four)</li> <li>• Minor through parent/lawful guardian</li> </ul>

	<p>on the same day or before the cut-off time of the next business day - the closing NAV of the next Business Day shall be applicable.</p> <ul style="list-style-type: none"> <li>• Irrespective of the time of receipt of application, where the funds for the entire amount are available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.</li> </ul> <p><b>For Switch-ins of any amount:</b></p> <p>In case of switch from one scheme to another scheme received before cut-off i.e. upto 3 p.m. having business day for both the schemes, closing NAV of the Business Day shall be applicable for switch-out scheme and for Switch-in scheme, the closing NAV of the Business Day shall be applicable, on which funds are available for utilization in the switch-in scheme (allocation shall be in line with the redemption payout).</p> <p>To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), Flex STP, Capital Appreciation STP, IDCW Transfer, Trigger etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.</p> <p>- <i>“Switch Out” shall be treated as redemption application and accordingly, closing NAV of the day will be applicable based on the cut-off time for redemption followed for various type of schemes.</i></p> <p>- <i>“Switch In” shall be treated as purchase application and accordingly for unit allotment, closing NAV of the day will be applicable on which the funds are available for utilization.</i></p>

Scheme Disclosure Type	Manner of Disclosures
	<p><b>Redemptions including switch-outs:</b> In respect of valid applications received upto 3.00 pm on a business day by the Mutual Fund, same day's closing NAV shall be applicable.</p> <p>In respect of valid applications received after the cut off time by the Mutual Fund: the closing NAV of the next business day.</p> <p>e.g.: If an investor submits redemption request at 2.00 pm on Monday, the same shall be processed at the closing NAV of Monday. If an investor submits redemption request at 3.30 pm on Monday, the same shall be processed at the closing NAV of Tuesday, assuming that Monday and Tuesday, both are working days for the scheme.</p>
<p><b>Minimum amount for purchase/redemption/switches</b></p>	<p><b>During NFO:</b> Rs. 500/- plus in multiple of Re.1</p> <p><b>During ongoing offer period:</b></p> <p><b>Minimum application amount:</b> Rs. 500/- (plus in multiple of Re. 1/-)</p> <p><b>Minimum application amount for switch ins –</b> Rs. 500 and any amount thereafter.</p> <p>Minimum additional application amount– Rs. 100 (plus in multiple of Re. 1/-).</p> <p>Minimum additional application amount for switch ins – Rs. 100 and any amount thereafter.</p> <p>Minimum Redemption Amount: Any amount</p> <p>For applications under systematic transactions, investors should refer to the details regarding the amount in the section 'Special product/facility available on ongoing basis'</p>
<p><b>Accounts Statement</b></p>	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form).</p> <p><b><u>Consolidated Account Statement (CAS):</u></b>  As per provisions of SEBI Circular dated February 14, 2025, If there is any transaction in any of the demat accounts of the investor or in any of his mutual fund folios or Schemefolios, then CAS shall be sent to the investor through email on monthly basis. In case there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investors by email on half yearly basis. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs.</p> <p>CAS would contain details relating to all the transactions across and Mutual funds (including transaction charges paid to the distributor) and holding at the end of the period to the Unit holders.</p> <p><u>Timelines for Dispatch of CAS:</u></p> <p>a) <u>Monthly CAS-</u> The unitholders that have opted for delivery via electronic mode (e-CAS), CAS would be delivered within twelve (12) days from the month end and to investors that have opted for delivery via physical mode, within fifteen (15) days from the month end.</p> <p><u>Half-yearly CAS –</u> The unitholders that have opted for investors that have opted for delivery via electronic mode, on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode, on or before the twenty-first (21st) day of April and October</p>
<b>IDCW</b>	The payment of IDCW to the unitholders shall be made within seven business days from the record date.
<b>Redemption</b>	The redemption or repurchase proceeds shall be dispatched to the unitholders within three business days from the date of

Scheme Disclosure Type	Manner of Disclosures
	<p>redemption or repurchase.</p> <p>Further, AMFI has published a list of exceptional circumstances for schemes unable to transfer redemption or repurchase proceeds to investors within the limit specified above for transfer of redemption or repurchase proceeds to the unitholders in such exceptional circumstances. The said list is available on AMFI website.</p>
<b>Bank Mandate</b>	<p>In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the AMC. Payment will be made only in the Bank Account registered with the Mutual Fund.</p> <p>No bank account shall be registered in the investor account/folio as part of account opening or subsequent addition or change of bank request unless a validation is undertaken through any one of the following modes whereby the investors name, account number /details are verified and validated.</p> <p>The AMC would validate the Bank Account details through PAN based account validation facility provided by NCPI or Penny Drop facility. Where the bank mandate cannot be validated by any of the stated methods, the bank account validation may be done on the basis of the any one of the following documents:</p> <ol style="list-style-type: none"> <li>a) Original cancelled cheque having the First Holder Name and bank account number printed on the cheque.</li> <li>b) Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application.</li> <li>c) Self-certified cheque copy/bank passbook and verified with the original by AMC/ RTA.</li> <li>d) Photocopy of the bank statement duly attested by the bank manager/ authorized personnel with designation, employee number and bank seal.</li> </ol>

Scheme Disclosure Type	Manner of Disclosures
	<p>e) Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the name of investor, account type, bank branch, MICR and IFSC code of the bank branch. The letter should not be older than 3 months.</p> <p>If the bank account details cannot be validated, the AMC reserves the right to reject the application and in case of redemption, the payout will be issued by way of warrant/cheque.</p> <p>case the bank account details are not mentioned or found to be incomplete or invalid in a purchase application, then the AMC may consider the account details as appearing in the investment amount cheque and the same shall be updated under the folio as the payout bank account for the payment of redemption amount etc.</p> <p>The AMC reserves the right to call for any additional documents as may be required, for processing of such transactions with missing/ incomplete/ invalid bank account details. The AMC also reserves the right to reject such applications.</p> <p>In case of units held in demat mode, payment will be made to the bank account linked to the demat account. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques/ warrants and/ or any delay/ loss in transit.</p> <p><b><u>Change in Bank Account</u></b></p> <p>For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant.</p> <p>For investors holding units in non-demat</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.</p> <p><b><u>Bank Account Details:</u></b></p> <p>As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to reject the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable.</p>
<b>Delay in payment of redemption / repurchase proceeds/IDCW</b>	The Asset Management Company shall be liable to pay interest to the unitholders at @ 15% per annum as specified vide paragraph 15.4 of Master Circular for the period of such delay.
<b>Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount</b>	The treatment of unclaimed redemption & IDCW amount will be as per para 15.5 of the Master Circular.
<b>Disclosure w.r.t investment by minors</b>	<p>A minor can invest through his/her parent/lawful guardian.</p> <p>Minors can complete their KYC requirements for their folio through guardian.</p> <p>Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of Pay-out bank mandate before redemption is processed.</p> <p>For further details, please refer to SAI.</p>
<b>Ongoing Offer Period</b> This is the date from which the Scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	The Scheme is an open ended scheme and hence is available for subscription and redemption on an ongoing basis on every business day at NAV based prices. The Units of the Scheme will not be listed on any exchange, for the present.
<b>Ongoing price for subscription</b>	The purchase price of the Units will be based

Scheme Disclosure Type	Manner of Disclosures
<p><b>(purchase)/switch-in (from other Schemes/plans of the mutual fund) by investors</b></p> <p>This is the price you need to pay for purchase/switch-in.</p>	<p>on the Applicable NAV subject to the applicable stamp duty.</p> <p>Purchase Price = Applicable NAV (for respective plan and option of the Scheme) (</p> <p>Example: An investor invests Rs 20,000/- and the current NAV is Rs. 20/- then the purchase price will be Rs. 20/- and the investor receives <math>20000/20 = 1000</math> units.</p> <p>The Scheme shall not charge any entry load.</p>
<p><b>Ongoing price for redemption (sale)/switch outs (to other Schemes/plans of the Mutual Fund) by investors</b></p> <p>This is the price you will receive for redemptions/switch outs.</p>	<p>The Redemption Price of the Units will be based on the Applicable NAV (for respective plan and option of the Scheme) subject to the prevalent exit load provisions. The Redemption Price of the Units will be computed as follows:</p> <p>Redemption Price = Applicable NAV (for respective plan and option of the scheme) * (1-Exit Load, if any).</p> <p>Applicable exit load shall be subject to the tenure of investment of the investor in the scheme vis-à-vis the exit load structure applicable when investor had invested in the scheme.</p> <p>Example: An investor invests on April 1, 2019 when the applicable exit load for the scheme was 2% if redeemed within 1 year, else nil.</p> <p>Scenario 1) In case investor redeems before April 1, 2020, then applicable exit load would be 2%. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is Rs 25/-. Hence, the sale or redemption price per unit becomes Rs. 24.50/- i.e. <math>25*(1-2\%)</math>. The investor therefore gets <math>1000 \times 24.50 = \text{Rs. } 24,500/-</math>.</p> <p>Scenario 2) In case investor redeems on or after April 1, 2020, then applicable exit load would be nil. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is Rs 30/-. Hence, the sale or redemption price per unit will be Rs. 30/- i.e. <math>30*(1-0)</math>. The investor therefore gets <math>1000 \times 30 = \text{Rs. } 30,000/-</math>.</p>
<p><b>Acceptance of transactions through email in respect of Non-Individual investors</b></p>	<p>Application for financial transaction in the schemes of ICICI Prudential Mutual Fund from Non-Individual investors would be processed as per the following:</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>a. The Investors are required to submit a copy of board resolution or an authority letter on their letterhead granting appropriate authority to the designated officials of the entity.</p> <p>b. The board resolution/authority letter shall explicitly mention the following:</p> <ul style="list-style-type: none"> <li>i. List of approved authorized officials who are authorized to transact on behalf of Investors along with their designation and email IDs.</li> <li>ii. An undertaking that the instructions for any financial transactions sent by email by the authorized officials shall be binding upon the Investor as if it were a written agreement.</li> </ul> <p>c. In case the document is submitted electronically with a valid Digital Signature Certificate (DSC) or through Aadhaar based e-signature by the authorized official/s shall be considered as valid and acceptable, and shall be binding on the Investor even if the transaction request is not received from the registered email id. of the authorized official/s. However, in such cases, the domain name of the email ID should be from the same organization's official domain name.</p> <p>d. In addition to acceptance of financial transaction via email, scanned copy of duly signed transaction form/request letter bearing wet signatures of the authorized signatories of the entity, received from some other official / employee of the Investor may also be accepted, and shall be binding on the non-individual investor provided –</p> <ul style="list-style-type: none"> <li>i. The email is also cc'd (copied) to the registered email ID of the authorized official/ signatory of the Investor; and</li> </ul>

Scheme Disclosure Type	Manner of Disclosures
	<ul style="list-style-type: none"> <li>ii. the domain name of the email ID of the sender of the email is from the same organization's official domain name.</li> <li>e. In addition to acceptance of financial transactions via email, scanned copies of signed transaction form /request letters bearing wet signatures of the authorized signatories of the Investor, received from the registered mutual fund distributor (MFD) of the Investor or a third party authorized by the non-individual unitholder may also be accepted subject to fulfilment of the following requirements: <ul style="list-style-type: none"> <li>i. Authorization letter from the Investor authorizing the MFD/person to send the scanned copies of signed transaction form/request letter on behalf the Investor and</li> <li>ii. the Investor's registered email ID is also cc'd (copied) in the email sent by the authorized MFD/person sending the scanned copies of the duly signed transaction form/request letter.</li> </ul> </li> </ul> <p>For more details, please refer SAI.</p>
<b>Nomination</b>	<p>The SEBI (Mutual Fund) Regulations notifies that the mutual fund shall provide nomination facility to the unit holders to nominate a person in whose favour the units shall be transmitted in the event of death of the unitholder. Any new investor, investing in Mutual Fund Units shall mandatorily have to provide nomination or Opt out of nomination through physical or online mode. The requirement of nomination shall be optional for jointly held folios. For detailed guidelines on Nomination please refer to SAI.</p>
<b>KYC rules for investors:</b>	<p>All the prospective and existing investors / Unit holders of the Fund are requested to note that, pursuant to SEBI Master Circular on Know Your Client (KYC) norms for the securities market dated October 12, 2023 regarding uniformity in KYC process in the securities market and development of a</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>mechanism for centralization of the KYC records, the following KYC procedure is being carried out:</p> <p>A) <u>Requirement of PAN:</u></p> <ul style="list-style-type: none"> <li>• In order to strengthen the KYC norms and identify every participant in the securities market with their respective PAN thereby ensuring sound audit trail of all the transactions, PAN shall be the unique identification number for all participants transacting in the securities market, irrespective of the amount of transaction</li> <li>• The following are exempted from the mandatory requirement of PAN: <ul style="list-style-type: none"> <li>a. Transactions undertaken on behalf of Central Government and/or State Government and by officials appointed by Courts e.g. Official liquidator, Court receiver etc. (under the category of Government) for transacting in the securities market.</li> <li>b. Investors residing in the state of Sikkim.</li> <li>c. UN entities/multilateral agencies exempt from paying taxes/filing tax returns in India.</li> <li>d. SIP of Mutual Funds upto ₹50,000/- per year.</li> </ul> </li> <li>• Exempted investors are required to provide alternate proof of identity in lieu of PAN for KYC purposes and are allotted PAN-exempt KYC Reference Number (PEKRN).</li> </ul> <p>B) <u>List of Officially Valid Documents (OVDs):</u>  The aforesaid circular specifies list of documents considered as Officially Valid Documents for Proof of Identity (PoI) and Proof of Address (POA). The investor shall visit the <a href="http://www.icicipruamc.com">www.icicipruamc.com</a> of the Mutual fund and go on KYC Corner section which will have FAQs providing required details.</p> <p>C) <u>Methods for completing KYC process and know your KYC status:</u></p>

Scheme Disclosure Type	Manner of Disclosures
	<p><u>Physical KYC process:</u></p> <ul style="list-style-type: none"> <li>To bring uniformity in KYC process, SEBI has introduced a common KYC application form for all the SEBI registered intermediaries viz. Mutual Funds, Depository Participants, Stock Brokers, etc. are therefore requested to use the Common KYC application form to apply for KYC and mandatorily undergo - In Person Verification (IPV) requirements. For Common KYC Application Form please visit our website <a href="http://www.icicipruamc.com">www.icicipruamc.com</a></li> </ul> <p><u>Digital KYC process:</u></p> <ul style="list-style-type: none"> <li>The investor shall visit the <a href="http://www.icicipruamc.com">www.icicipruamc.com</a> of the Mutual fund and go on new investor section and fill up the required details and online KYC form and submit requisite documents. Digital KYC process will be in accordance with SEBI Master circular of KYC dated October 12, 2023.</li> </ul> <p><u>Review of KYC status by existing investors:</u> The investor shall visit the <a href="http://www.icicipruamc.com">www.icicipruamc.com</a> of the Mutual fund and go on KYC Corner in Quick link section and fill up the required details to check their KYC status. Further, if investors wish to modify its KYC status, the same can also be done from that section of the website.</p>
<p><b>Any other disclosure in terms of Consolidated Checklist on Standard Observations</b></p>	<p><b>Investment by the AMC:</b></p> <p>From time to time and subject to the SEBI (Mutual Funds) Regulations, 2026, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest either directly or indirectly in the Scheme. The funds managed by associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme</p>

Scheme Disclosure Type	Manner of Disclosures
	<p>because the timing of such redemption may impact the ability of other unitholders to redeem their units.</p> <p>Further, as per the SEBI (Mutual Funds) Regulations, 2026, in case the AMC invests in any of the Scheme managed by it, it shall not be entitled to charge any fees on such investments.</p> <p>The Scheme may invest in other Scheme managed by the AMC or in the Scheme of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing SEBI (Mutual Funds) Regulations, 2026 and guidelines. As per the SEBI (Mutual Funds) Regulations, 2026, no investment management fees will be charged for such investments.</p>

## II. Other Details

### A. Periodic Disclosures

- **Portfolio Disclosures**

The AMC shall disclose portfolio of the scheme (along with ISIN) as on the last day of the month within 10 calendar days from the close of each month on website of: AMC i.e. [Downloads - Application Forms, SID, KIM, SAI & Others | ICICI Prudential Mutual Fund](#)  
AMFI i.e. [www.amfiindia.com](http://www.amfiindia.com).

The AMC shall send via email monthly statement of scheme portfolio within 10 calendar days from the close of each month. The AMC shall provide a feature wherein a link is provided to the investors to their registered email address to enable the investor to directly view/download only the portfolio of schemes subscribed by the said investor. The portfolio disclosure shall also include the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark.

*The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder.*

- **Annual Report**

The scheme wise annual report in a machine readable format shall be hosted on the website of the AMC and on the website of the AMFI. The link for the same will be prominently displayed on the AMC's website i.e. <https://www.icicipruamc.com/about->

[us/financials-&-disclosures](https://www.icicpruamc.com/about-us/financials-&-disclosures) and the physical copies shall be made available to the unit holders, at their registered offices at all times.

AMCs shall send an email/SMS to all unitholders regarding the hosting of scheme wise annual report on their website and on the website of AMFI. AMCs shall e-mail the scheme annual reports in machine readable formats, to all such unit holders, whose email addresses are registered with the Mutual Fund, within 4 months from the date of closure of the relevant financial year.

- **Half – Yearly Financial Results**

The AMC shall within one month from the close of each half year, that is on 31st March and on 30th September, host its unaudited financial results on their website i.e. <https://www.icicpruamc.com/about-us/financials-&-disclosures>.

- **Disclosure on Riskometers and Scheme Summary Document (SSD)**

In accordance with paragraph 6.16 of the Master Circular Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter of the scheme or its benchmark shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Risk-o-meter shall have following six levels of risk for the Scheme.

- i. Low risk
- ii. Low to Moderate risk
- iii. Moderate risk
- iv. Moderately High risk
- v. High - risk and
- vi. Very High risk

The evaluation of risk levels of a scheme shall be done in accordance with the aforesaid circular.

A Scheme Summary Document (SSD) of the Scheme which contains details such as Scheme features, Fund Manager details, investment details, investment objective, expense ratio etc will be made available on the website of the AMC and AMFI. The SSD will be updated within 5 working days from the date of change or modification in the Scheme.

## **B. Transaction charges and stamp duty**

### ➤ **Transaction charges:**

No transaction charges to be levied on the investment amount from transactions/applications (including SIPs) received through distributors (i.e. for Regular Plans). Accordingly, payment of transaction charges to the distributors has been discontinued.

Please refer to SAI for more details.

➤ **Stamp Duty:**

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent.

**C. Transparency/NAV Disclosure**

The NAV will be calculated and disclosed at the close of every Business Day. NAV will be determined on every Business Day except in special circumstances. NAV of the scheme shall be:

- Prominently disclosed by the AMC under a separate head on the AMC's website ([www.icicipruamc.com](http://www.icicipruamc.com)) by 11.00 p.m. on every business day,
- On the website of Association of Mutual Funds in India - AMFI ([www.amfiindia.com](http://www.amfiindia.com)) by 11.00 p.m. on every business day, and
- Shall be made available at all Customer Service Centres of the AMC.

*The Scheme is permitted to take exposure to overseas securities. In such cases where the Scheme has taken exposure to overseas securities the NAV of the Scheme would be declared by 10.00 a.m. on the next business day.*

*In the event where the Scheme ceases to hold exposure to any overseas securities, NAV of the Scheme for that day would continue to be declared on 10.00 am on the next business day. Subsequent to that day, NAV of the Scheme shall be declared on 11.00 p.m., on the same day.*

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next business day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

**D. Associate Transactions**

Please refer to Statement of Additional Information (SAI).

**E. Taxation**

As per the provisions of the Act, as amended from time to time by the Finance Act, 2026 taxation on investing in mutual funds is mentioned below:

<b>Particulars</b>	<b>Tax rates# applicable for Resident Investors (Refer note 2)</b>	<b>Tax rates# applicable for Non-Resident Investors (Refer note 2)</b>	<b>Tax rates applicable for Mutual Fund</b>
Tax on IDCW	Taxable as per applicable tax rates	Taxable as per applicable tax rates	Nil
Long Term Capital Gains on sale of listed and unlisted units transferred	12.5% without Indexation  Listed - held for more than 12 months Unlisted – held for more than 24 months)	12.5% without Indexation  (Listed - held for more than 12 months Unlisted – held for more than 24 months)	Nil
Short Term Capital Gains on sale of listed and unlisted units	Income tax rate applicable to the unit holders as per their income slabs (*) (Listed - held for less than 12 months Unlisted – held for less than 24 months)	Non-resident (other than company) - Income tax rate applicable to the unit holders as per their income slabs Foreign company – 35% (Listed - held for less than 12 months Unlisted – held for less than 24 months)	Nil

Note:

- Under the terms of the Scheme Information Document, the scheme is classified as “other mutual fund”.
- As per section 76 of the Act, “specified mutual fund” means a Mutual Fund by whatever name called, which invests more than 65% of its total proceeds in debt and money market instruments; or a fund which invests 65% or more of its total proceeds in units of such Mutual Fund subject to the following:  
  
The percentage of investment in debt and money market instruments or in units of a fund, shall be computed with reference to the annual average of the daily closing figures.  
  
“Debt and money market instruments” shall include any securities, by whatever name called, classified or regulated as debt and money market instruments by the Securities and Exchange Board of India.’
- Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 11(3) read with Sr. No. 20 of Schedule VII of the Act.

4. If the total income of a resident investor (being individual or HUF) [without considering such Long Term Capital Gains / Short Term Capital Gains] is less than the basic exemption limit, then such Long-term capital gains/short-term capital gains should be first adjusted towards basic exemption limit and only excess should be chargeable to tax.

Non-resident investors may be subject to a separate of tax regime / eligible to benefits under Tax Treaties, depending upon the facts of the case. The same has not been captured above. A rebate of up to Rs. 12,500 is available under the old regime for resident individuals whose total income does not exceed Rs. 5,00,000.

5. Section 156 of the Act to provide that where an Individual apply for lower slab rates provided under section 202(1) of the Act (i.e., new regime):
  - i. The total income does not exceed twelve lakhs rupees, a rebate shall be provided on tax to the extent of an amount equal to 100% of such income-tax or an amount of INR 60,000 (whichever is less);
  - ii. The total income exceeds twelve lakhs rupees and the income-tax payable on such total income exceeds the amount by which the total income is in excess of twelve lakhs rupees, a rebate shall be provided on tax of an amount equal to the amount by which the tax payable is in excess of the amount by which the total income exceeds twelve lakhs rupees.

Further, such rebate of income-tax will not be available on tax on incomes chargeable to tax at special rates (for e.g.: capital gains u/s 196, 197 and 198 etc.)

(\*) A tax rate of 25% (plus applicable surcharge and health and education cess) is applicable for the tax year(§) 2026-27 in the case of domestic companies having total turnover or gross receipts not exceeding Rs. 400 crores in the tax year 2024-25. Domestic companies may opt for a lower tax rate of 22% (plus fixed surcharge at the rate of 10% and health and education cess) (as per section 200 of the Act), subject to fulfillment of prescribed conditions. Further, new domestic manufacturing companies may opt for a lower tax rate of 15% (plus fixed surcharge at the rate of 10% and health and education cess) (as per section 201 of the Act), subject to fulfillment of prescribed conditions.

# Excluding applicable surcharge and cess.

(§) For the purposes of this Act, “tax year” means the twelve months period of the financial year commencing on the 1<sup>st</sup> April.

For details on Stamp Duty, please refer section 'Units and Offer' mentioned in respective scheme SID.

In addition to the existing Official Point of Acceptance of transactions, Computer Age Management Services Ltd. (CAMS), the Registrar and Transfer Agent of ICICI Prudential Mutual Fund, having its office at New No 10. Old No. 178, Opp. to Hotel Palm Grove, MGR Salai (K.H.Road), Chennai - 600 034 shall be an official point of acceptance for electronic transactions received from the Channel Partners with whom ICICI Prudential Asset Management Company Limited has entered or may enter into specific arrangements for all financial transactions relating to the units of mutual fund Investment Strategys. Additionally, the secure Internet sites operated by CAMS will also be official point of acceptance only for the limited purpose of all channel partners transactions based on agreements entered into between IPMF and such authorized entities. Additionally, the Internet site(s) operated by the AMC and online applications of the AMC [including i-Invest i Pru (previously IPRUTouch)] will also be official point of acceptance. The AMC also accepts applications received on designated FAX numbers.

In addition to the existing Official Point of Acceptance of transactions, authorized Points of Service (POS) of MF Utilities India Private Limited (MFUI) shall be an official point of acceptance for all financial and non- financial transactions. The updated list of POS of MFUI is available on [www.mfuindia.com](http://www.mfuindia.com). The online transaction portal of MFUI is [www.mfuonline.com](http://www.mfuonline.com). Further, Investors can also subscribe units of the Investment Strategy during the NFO Period by availing the platforms/facilities made available by the Stock Exchanges.

For the updated list of official Point of Acceptance of transactions of AMC and CAMS, please

refer the website of the AMC viz., <https://www.icicipruamc.com>

### **Open Network for Digital Commerce (ONDC)**

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) ("Network").

To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an 'OPAT'.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.
