PART II - INFORMATION ABOUT THE SCHEME

A. Asset Allocation Pattern

Under normal circumstances, the asset allocation of the Scheme would be as follows:

Instruments	Indicative Allocations (% of net assets)	
	Minimum	Maximum
Equity and Equity related instruments of companies in the Pharma, Healthcare and allied sectors	80	100
Other equity and equity related instruments	0	20
Money Market / Other Liquid Instruments#	0	20
Gold / Silver ETFs	0	20
Units issued by InvITs	0	10

#Other liquid instruments shall include cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities and any other instruments as specified by SEBI.

The Scheme shall have exposure to following instruments as per the percentages prescribed below and actual instrument / percentages may vary subject to applicable circulars:

Sl. No.	Type of Instrument	Percentage of exposure	Circular references
1.	Mutual Fund Units (Gold / Silver ETFs, Overnight funds, Liquid funds and Money Market Mutual funds)	Upto 20% of net assets of the Scheme subject to overall limit of 5% of net asset value at the fund house level	Para 13.14.1 of SEBI Master Circular dated March 20, 2026 and Clause 3 of Sixth Schedule of SEBI MF Regulations.
2.	Derivatives	**Equity Derivative:** Upto 50% of the equity portfolio of the Scheme No separate limit for non-hedging	Para 8.5 and 13.15 of SEBI Master Circular dated March 20, 2026
3.	Overseas Securities	Upto 20% of the net assets of the Scheme or residual regulatory limit, whichever is lower	Para 13.11 of SEBI Master Circular dated March 20, 2026
4.	Units issued by InvITs	Upto 10% of the net assets of the Scheme	Para 13.13 of SEBI Master Circular dated March 20, 2026
5.	Short term deposits of all the Scheduled Commercial Banks (pending deployment)	Upto 15% of net assets (Upto 20% of net assets with Trustee Approval)	Para 13.7 of SEBI Master Circular dated March 20, 2026
6.	Securities Lending	Upto 20% of the net assets of the Scheme and upto 5% of the net assets to the single intermediary in case of debt instruments	Para 13.6 of SEBI Master Circular dated March 20, 2026
7.	Repo on Money Market Securities (Excluding G-sec/T-bill)	Upto 10% of Net Assets of the scheme	As per Asset Allocation pattern
8.	Triparty repo (TREPS) on Government securities or treasury bills	Upto 20% of net assets of the Scheme	As per Asset Allocation pattern

The Scheme will invest in Overseas securities / Overseas ETFs during NFO and on an ongoing basis. The Scheme intends to invest USD 25 Million subject to residual regulatory limit in overseas securities during a period of six months from the date of closure of New Fund Offer.

On an ongoing basis, the Scheme may make investments in overseas securities (i.e. ADRs, GDRs etc.) upto the headroom available without breaching the overseas investments limits as of February 1, 2022, at the Fund level. Further, pursuant to SEBI letter dated March 19, 2024, the subscription to schemes investing in Overseas ETFs is temporarily suspended in order to avoid breach of industry-wide limits for investment in overseas ETFs till any further communication is received from SEBI / AMFI in this regard.

The Scheme will not invest in following instruments:

Sl. No.	Type of Instrument
1.	Bespoke or complex debt products
2.	Fixed Income Derivatives / Credit Default Swaps
3.	Debt Instruments having Structured Obligation (SO rating) and / or Credit Enhancements (CE rating)
4.	Securitized debt including Pass through Certificates
5.	Repo in corporate debt securities
6.	Debt Instruments with special features i.e. Additional Tier I (AT1) / Perpetual Bonds and Tier II (AT2) Bonds
7.	Foreign Debt Securities
8.	Unrated debt instruments (except G-sec, T-bills & other money market instruments that are generally not rated)
9.	Unlisted non-convertible debentures

In line with para 13.18 of SEBI Master Circular dated March 20, 2026, the cumulative gross exposure through equity, money market instruments, other liquid instruments, applicable mutual fund schemes, derivative positions, Gold / Silver ETFs, InvITs, repo transactions, other permitted securities/assets and such other securities/assets as may be permitted by the SEBI from time to time, subject to regulatory approvals, if any, shall not exceed 100% of the net assets of the Scheme.

Cash and cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Point 67 of Policy Related emails issued by SEBI Master Circular dated March 20, 2026 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

The Scheme may enter into repos / reverse repos as may be permitted by RBI. From time to time, the Scheme may hold cash. A part of the net assets may be invested in the Triparty repo (TREPS) on Government securities or treasury bills or repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements.

Deployment of Funds collected in New Fund Offer (NFO) Period:

In accordance with Regulation 32(4) of SEBI MF Regulations read with para 7.24 of SEBI Master Circular dated March 20, 2026, the AMC shall deploy the funds collected during NFO period within 30 business days from the date of allotment of units. In exceptional cases, if the AMC is not able to deploy within 30 business days, then the reasons in writing, including details of efforts taken to deploy the funds, shall be placed before the Investment Committee of the AMC. The Investment Committee upon examination of root cause for delay in deployment, may extend the timeline, either partially or fully by 30 business days and shall also recommend on how to ensure the deployment and shall monitor the same. However, an extension shall not be ordinarily granted if the scheme's assets are liquid and readily available. Further, in case, funds are not deployed as per asset allocation mentioned above and as per mandated plus extended timeline, the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 7.24 of SEBI Master Circular dated March 20, 2026.

Rebalancing due to Short Term Defensive Consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per para 1.9.1(b). of SEBI Master Circular dated March 20, 2026 and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breaches:

Further, as per para 3.11.1 of SEBI Master Circular dated March 20, 2026, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 3.11.3 of SEBI Master Circular dated March 20, 2026.

B. Where will the scheme invest

The corpus of the Scheme will be predominantly invested in Equity and Equity related instruments of companies in the Pharma, Healthcare and allied sectors, Money Market Instruments and Other liquid instruments and other permitted securities which will include but not limited to:

1. Equity
2. Equity Related Instruments
3. Equity Derivatives including covered call
4. Foreign Equity and Equity related instruments
5. Securities created and issued by the Central and State Governments as may be permitted by RBI
6. Certificate of Deposits
7. Commercial Paper
8. Treasury Bills (T-Bills)
9. Tri-party Repo
10. Repo (Repurchase Agreement) or Reverse Repo on G-sec & T-Bills
11. Clearcorp Repo Order Matching System (CROMS)
12. Bills Rediscounting
13. Cash Management Bills
14. Infrastructure Investment Trust (InvIT)
15. Units of Overnight funds, Liquid funds and Money Market Mutual Funds of Invesco Mutual Fund or of any other mutual fund
16. Units of Gold ETFs / Silver ETFs
17. Other liquid instruments specified by SEBI from time to time
18. Pending deployment of funds, the Scheme may park funds in Short Term Deposits of Scheduled commercial banks.
19. Any other securities as may be permitted by SEBI / RBI from time to time.

Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

For details, refer Section II.

C. Investment Strategy

The Scheme seeks to generate long-term capital appreciation by primarily investing in equity and equity related securities of the companies in the Pharmaceuticals, Healthcare and allied sectors, both within India and internationally. The Scheme will follow active investment strategy and will invest across market capitalization. Investments will be made in stocks of companies engaged in Pharmaceuticals, Healthcare, Hospital & Diagnostics, Medical Equipment & Accessories, Distribution, research & manufacturing services, Biotechnology, Healthcare research, innovation, analytics & technology, Hygiene, personal healthcare, fitness & wellness, Insurance and allied sectors that, directly or indirectly supports the pharma value chain. The Scheme also aims to identify and invest in emerging healthcare trends.

The above are only indicative and Scheme may invest in any other business or service directly or indirectly forming part of the pharma, healthcare and allied sectors forming part of the Benchmark Index.

Risk Control

Risk is an inherent part of the investment function. Effective risk management is critical to fund management for achieving financial soundness. Investments by the Scheme shall be made as per the investment objectives of the Scheme and provisions of SEBI MF Regulations. AMC has incorporated adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme. The risk control process involves identifying the risk and taking proper measures for the same. Risk such as Liquidity risk, volatility risk, Interest rate risk and such other risk can be partly mitigated through diversification, staggering of maturities, as well as internal controls. The Scheme may also use various derivatives products in accordance with the scheme objective and within the regulatory restriction for the purpose of trading, hedging and portfolio balancing from time to time, with an attempt to protect the value of the portfolio and enhance Unitholders' interest. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that this risk would be completely eliminated.

Investment in Derivatives

The Scheme may invest in various derivative instruments which are permissible under the applicable Regulations and shall also be subject to the investment objective and strategy of the Scheme and the internal limits if any, as laid down from time to time. These include but are not limited to futures (both stock and index) and options (stock and index). For detailed derivative strategies, please refer to SAI.

Portfolio Turnover

The Scheme being open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. The fund management team depending on its view and subject to there being an opportunity, may trade in securities, which will result in increase in portfolio turnover. There may be an increase in transaction cost such as brokerage paid, if trading is done frequently. However, the cost would be negligible as compared to the total expenses of the Scheme. Frequent trading may increase the profits which will offset the increase in costs. The fund manager will endeavour to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. However, it is difficult to estimate with reasonable measure of accuracy, the likely turnover in the portfolio of the Scheme.

D. Benchmark Index

Benchmark Index	Justification
BSE Healthcare TRI	BSE Healthcare TRI is currently selected as the First tier Benchmark from the list of benchmarks circulated by AMFI to be used by AMCs as a First Tier Benchmark, pursuant to para 7.22 as per SEBI Master Circular dated March 20, 2026 on guiding principles for selection of first tier benchmark. **About BSE Healthcare TRI:** The BSE Healthcare is designed to provide investors with a benchmark reflecting companies included in the BSE AllCap that are classified as members of the healthcare sector.

6. Investments of AMC in the Scheme

Under Regulation 22(3)(a) of the SEBI MF Regulations read with para 7.13 of SEBI Master Circular dated March 20, 2026, the AMC will invest in the Scheme as a percentage of assets under management ('AUM') of the Scheme based on risk assigned to the Scheme. For the purpose of this requirements, the risk value assigned to the Scheme will be as per the risk-o-meter in terms of para 17.13.1. as per SEBI Master Circular dated March 20, 2026 and risk-o-meter of immediately preceding month shall be considered. During NFO, AMC's investment shall be made during the allotment of units and shall be calculated as a percentage of the final allotment value excluding AMC's investment. Further, the investments will be maintained at all points of time till the Scheme is wound up and will be reviewed on a quarterly basis to ensure that the investments are aligned due to change in AUM and / or change in risk value of the Scheme. Based on quarterly review, shortfall in value of investments, if any, shall be made good within 7 days of such review. Further, the AMC may withdraw any excess investments than what is required pursuant to such quarterly review.

In addition to mandatory investments, the AMC may invest in the Scheme during NFO or during the continuous offer period subject to the SEBI MF Regulations.

As per the existing SEBI MF Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

Part III. OTHER DETAILS

A. Computation of NAV

The Net Asset Value (NAV) per Unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation day. The Mutual Fund will value its investments according to the principle of fair valuation as specified in Seventh Schedule of the SEBI MF Regulations, or such norms as may be specified by SEBI from time to time.

The Net Assets Value (NAV) per unit of the Scheme shall be calculated by following method:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under Scheme on the Valuation Day}}$$

NAV shall be rounded upto two decimals.

Illustration of computation of NAV:

The computation of NAV per unit using various components is explained as follows:

Particulars	Amount in Rs.
Market or Fair Value of Scheme's Investments ……(A)	10,00,00,000.00
Add: Current Assets including Accrued Income …..(B)	75,34,345.00
Less: Current Liabilities and Provisions …………..(C)	(30,00,000.00)
Net Assets (A+B-C)	**10,45,34,345.00**

No. of Units outstanding under Scheme on the Valuation Day: 10,000,000.

The NAV per unit will be computed as follows: 10,45,34,345.00 / 10,000,000 = Rs. 10.45 p.u. (rounded off to two decimals).

Methodology for calculation of sale and re-purchase price of the units:

1. **Ongoing price for subscription (purchase) / switch-in (from other schemes/plans of the mutual fund) by investors.**

The Purchase Price of Units is the price at which an investor can subscribe /purchase Units of the Scheme. During the continuous offer of the Scheme, the Units will be available at the Applicable NAV.

Pursuant to para 11.7.1. of SEBI Master Circular dated March 20, 2026, there shall be no entry load for purchase of Units of the Scheme. Accordingly, Purchase Price will be equal to Applicable NAV.

Example: The applicable NAV of the Scheme is Rs. 11.00 p.u. Since Entry load is not applicable, the sale / subscription price will be calculated as follows:

Sale / Subscription Price = Applicable NAV*(1+ Entry Load)
= Rs. 11*(1+0)
= Rs. 11.00*1
= Rs.11.00

The investors should also note that stamp duty at the applicable rate will be levied on applicable transactions i.e. purchase, switch-in, IDCW reinvestment, instalment of Systematic Investment Plan, Systematic Transfer Plan. Accordingly, pursuant to levy of stamp duty, the number of units allotted will be lower to that extent. For more details & impact of stamp duty on number of units allotted, please refer section **Stamp Duty**.

2. **Ongoing price for redemption (sale) / switch outs (to other schemes/plans of the Mutual Fund) by investors**

Ongoing price for redemption /switch out (to other schemes/plans of the Mutual Fund) is price which a Unit holder will receive for redemption/switch-outs.

During the continuous offer of the Scheme, the Unit holder can redeem the units at applicable NAV, subject to payment of Exit Load, if any. It will be calculated as follows:

Redemption Price = Applicable NAV*(1-Exit Load, if any)

Example 1: The applicable NAV of the Scheme is Rs. 11.00 p.u. If the applicable Exit Load at the time of investments is 1%, then the repurchase / redemption price will be calculated as follows:
= Rs. 11.00*(1-0.01)
= Rs.11.00*0.99
= Rs. 10.89

Example 2: The applicable NAV of the Scheme is Rs. 11.00 p.u. If the applicable Exit Load at the time of investment is Nil, then the repurchase / redemption price will be calculated as follows:

Repurchase / Redemption Price = Applicable NAV*(1-Exit Load)
= Rs. 11.00*(1-0)
= Rs.11.00*1
= Rs. 11.00

The securities transaction tax levied under the Income-tax Act, 2025 at the applicable rate on the amount of redemption will be reduced from the amount of redemption.

Investors/Unit holders should note that the Trustee has right to modify existing load structure and to introduce Exit Load and/or any other Load subject to a maximum limit prescribed under the SEBI MF Regulations. Any change in load structure will be effective on a prospective basis and will not affect the existing Unit holder in any manner.

The Redemption / Repurchase Price will not be lower than 97% of the Applicable NAV.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. New Fund Offer (NFO) Expenses

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid, marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

The AMC will ensure that NFO expenses are not charged to the Scheme.

C. Annual Scheme Recurring Expenses

These are the fees and expenses for operating the Scheme. These expenses include investment management and advisory fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.10% of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the Fund.

Expense Head	Maximum BER as % of daily Net Assets* (Estimated p.a.)
Investment Management & Advisory Fee	Upto 2.10
Marketing and selling expenses including fees, commission and charges towards distribution, if any**	
Registrar & Transfer Agent Fees including cost of providing account statements/IDCW payouts/redemption cheques/ warrants	
Fees and Expenses of Trustee	

Expense Head	Maximum BER as % of daily Net Assets* (Estimated p.a.)
Audit Fees	
Custodian Fees	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost of Statutory Advertisements	
Cost towards investor education & awareness (at least 2 bps)	
Payment towards brokerage cost for execution of trades over and above 6 bps and 2 bps for cash and derivative market trades respectively	
Maximum BER permissible under Regulation 66(7)(c)	**Up to 2.10**
Transaction cost incurred for the purpose of execution of trade as referred under Regulation 66(10) shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house.	As applicable
Statutory levies (including GST) on all expenses excluding brokerage and transaction cost	GST of 18% or any other rate as may be levied from time to time on the Taxable / Invoice / Contract amount. Additionally, levies such as Stamp Duty, STT etc. will be charged on Turnover of securities which will be at prescribed rates.
Statutory levies (including GST) on brokerage and transaction cost	

Statutory levy means levy imposed by state government and central government.

Over and above the BER specified under Regulation 66(7) of SEBI MF Regulations, expense incurred towards brokerage for the purpose of execution of trade, subject to a maximum of 0.06 per cent of trade value in case of cash market transactions and 0.02 per cent of trade value in case of derivatives transactions shall be charged to the scheme.

*All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan. Commission and distribution expenses will not be charged to the Direct Plan. Further, Direct Plan under the scheme will have a separate NAV.

**For payment of Agents Commission, MF / AMC has adopted full trail model of commission without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route. However, upfronting of trail commission will be allowed for inflows through Systematic Investment Plans (SIPs) from new investors, up to 1% payable yearly in advance, for a maximum period of three years subject to guidelines provided by SEBI, as amended from time to time. The upfront trail commission shall be paid from the books of the AMC and amortized on daily basis to the scheme over the period for which the payment has been made.

The purpose of the above table is to assist the investor in understanding various costs and expenses that an investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available with AMC based on past experience and are subject to change inter-se.

The Base Expense Ratio **('BER')** of the Scheme is sum of investment management and advisory fees mentioned under Regulation 66(4), recurring expenses mentioned under Regulation 66(5) and charges or commission or fees related to distribution of the Scheme mentioned under Regulation 66(6) but excludes statutory levy applicable, if any, on the said expenses and Transaction cost mentioned under Regulation 66(10) of SEBI MF Regulations.

Pursuant to Regulation 66(7)(c) of SEBI MF Regulations, BER charged to the Scheme as % of daily net assets will be subject to maximum limit of 2.10%.

Any expenditure in excess of the base limits specified in SEBI MF Regulations shall be borne by the AMC or the Trustees or Sponsors. If any expense of the scheme is borne by the AMC or by the Trustee or Sponsor(s), the same shall be done only after the investment management and advisory fees charged to the scheme, if any, is fully reversed.

Any expenses other than those specified in sub-regulation (4), (5), (6), (9) and (10) of Regulation 66 of SEBI MF Regulations shall be borne by the AMC or Trustee or Sponsor(s).

No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the SEBI, shall be charged to the investors.

All scheme related expenses, including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the AMC, its Associate, Sponsor, Trustee or any other entity through any route.

However, expenses that are very small in value but high in volume may be paid out of AMC's books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower. A list of such miscellaneous expenses will be as provided by AMFI in consultation with SEBI.

Additional Incentives to distributors for onboarding new individual investors from B-30 cities and women investors:

In line with the provisions stated in para 11.6 of SEBI Master Circular dated March 20, 2026, the AMC shall pay additional commission in the following manner:

1. Additional commission is payable to distributors for onboarding new eligible investors as follows:
   a. New individual investors (new PAN) from B-30 cities at the mutual fund industry level;
   b. New women individual investors (new PAN) from both Top 30 and B-30 cities.
2. The structure of additional commission will be as follows:
   - Lumpsum Investments: 1% of amount of the first application subject to a maximum of ₹2,000, provided the investor remains invested for a minimum period of one year.
   - Systematic Investment Plan, 1% of the total investment made during the first year, subject to a maximum of ₹2,000.
3. Additional distribution commission will be paid from 2 bps on daily net assets, mandated to be set apart annually by AMCs for investor education, awareness and financial inclusion initiatives and will be subject to adequate claw back provisions.
4. The additional commission will be in addition to the existing trail commission paid to the distributor from the Scheme.
5. Distributor will be eligible to receive additional commission for mobilizing investments from new women investors from Top-30 cities and in cases where the commission for new investments from B-30 cities has not been claimed for the same women investors / investment. Dual incentives for the same investor / investment will not be permitted.
6. Payment of additional commission will be applicable as per stipulated timelines and will subject to implementation standards as prescribed by AMFI vide email dated December 27, 2025.

The AMC will prominently disclose the Total Expense Ratio of the Scheme under a separate head on it's website on a daily basis. The investors can refer to https://www.invescomutualfund.com/about-us?tab=Statutory for Total Expense Ratio (TER) details.

Additionally, the Fund will disclose the Total Expense Ratio (TER) of the Scheme on daily basis on the website of AMFI (www.amfiindia.com).

Further, any change in the BER in comparison to previous BER charged to the Scheme shall be communicated to investors of the Scheme through notice via email or SMS and notice of change in BER will be uploaded on the website (https://www.invescomutualfund.com/about-us?tab=Statutory) at least three working days prior to effecting such change.

Total Expenses Ratio: As per Regulation 2(1)(aaa) of SEBI MF Regulations, Total Expense Ratio (**'TER'**)" means the ratio of total of all expenses charged to the investors of the scheme to the total asset under management of the scheme and includes BER, brokerage cost for execution of trade, transaction cost and statutory levies.

Illustration of impact of expense ratio on Scheme's returns is as follows:

Particulars	Direct Plan	Regular Plan
Investment Value (Rs.)	10,00,000.00	10,00,000.00
Annualized Gross Return (%)	10.00	10.00
Annual Recurring Expenses (%)	0.60	0.90
Gross Appreciation for the day @ 10% (Rs.)	273.97	273.97
Expense Amount for the day (Rs.)	16.44	24.66
Net Appreciation for the day (Rs.)	257.53	249.31
Return (Net of Expenses) for the day in % (Annualized)	9.40	9.10

Note: The above is just an illustration to explain the impact of the expense ratio on the performance of the Scheme. The actual returns generated by the Scheme will change from time to time.

The Scheme is a new scheme, and the below details will be available after the Scheme is launched:

D. Load Structure

Exit Load is an amount which is paid by the investor to redeem the Units from the Scheme. Load amounts are variable and are subject to change from time to time.

Type of Load	Load chargeable (as % of NAV)
Exit Load^	For each purchase of units through Lumpsum / switch-in / Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) and IDCW Transfer Plan, exit load will be as follows: • if units are redeemed/switched out on or before 3 months from the date of allotment: **0.50%** • if units are redeemed/switched-out after 3 months: **Nil** • Switch between the Plans under the Scheme: **Nil** ^Exit Load charged, if any, will be credited back to the scheme, net of Goods and Services Tax.

- No Exit Load will be levied on Units issued on IDCW reinvested.
- No Exit Load will be levied on Units issued as bonus units.
- A switch-out or a withdrawal under SWP may also attract an Exit Load like any Redemption.

Load Structure in the Transferee Scheme (target scheme) prevailing at the time of submission of STP application (whether for fresh enrolment or extension) will be applicable for all the investments through STP specified in SID of the Scheme.

The AMC reserves the right to change / modify the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Scheme depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI MF Regulations. For any change in Load structure, the AMC will issue an addendum and display it on the AMC Website/Investor Service Centres. The intimation of the same will be displayed on our website (www.invescomutualfund.com). Exit Load charged, if any, will be credited back to the scheme, net of Goods and Services Tax.

The investor is requested to check the prevailing load structure of the Scheme before investing. Investors may refer to the current applicable Load structure by referring to the SID on the AMC website or by calling at 1800 209 0007 (toll-free). Any imposition or enhancement of Load in future shall be applicable on prospective investments only.

The Redemption / Repurchase Price will not be lower than 97% of the Applicable NAV.

SECTION II

I. Introduction

A. Definition / interpretation

For the meaning of words, expressions and abbreviations used in this Scheme Information Document, interpretations, please click on the functional website Link given below:

https://www.invescomutualfund.com/literature-and-form?tab=Scheme

B. Risk Factors

➢ **Scheme specific risk factors:**

Investing in a sectoral fund is based on the premise that the Scheme will seek to invest in companies belonging to only specific theme / sector. In line with the investment objective, the Scheme will seek to invest in equity and equity related securities of the companies in Pharmaceuticals, Healthcare and allied sectors and hence will be affected by risks associated with these sectors / industries and hence concentration risk is expected to be high. The performance of the companies which form the investment universe of this Scheme would be affected by the growth and performance of the Pharmaceuticals and Healthcare sector in the country.

➢ **Risk associated with Equity and Equity Related Instruments:**

Equity and Equity Related Instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, general decline in the Indian markets, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAVs of the Units issued under the Scheme may be adversely affected.

Further, the Equity and Equity Related Instruments are risk capital and are subordinate in the right of payment to other securities, including debt securities.

Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk; however the Scheme's ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.

Further, the volatility of medium / small - capitalization stocks may be higher in comparison to liquid large capitalization stocks.

➢ **Risk associated with Money Market Instruments:**

Interest - Rate Risk
Money Market Instruments run interest-rate risk. Generally, when interest rates rise, prices of existing money market securities fall and when interest rate falls, the prices increase. The extent of rise or fall in the price is a function of existing coupon, days to maturity, increase or decrease in the level of interest, credit quality, demand and supply. However, in case of Government securities credit risk remains zero, their prices are influenced by the movement in interest rates in the financial system.

In case of floating rate instruments, an additional risk could arise because of changes in spreads of floating rate instruments. With increase in spread of floating rate instruments, the price can fall and with decrease in spread of floating rate instruments, the prices can rise. Moreover, the floating rate instruments having a periodical interest rate reset carry lower interest rate risk compared to a fixed rate debt security. However, in the falling interest rate scenario, the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.

Invesco Mutual Fund

Credit Risk
Credit risk or default risk refers to the risk that the issuer of a money market security may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may be affected because of change in the credit rating of the issuer/instrument and the price of a security goes down if the credit rating agency downgrades the rating of the issuer. In case of Government Securities, there is minimal credit risk to that extent.

Lower rated or unrated securities are more likely to react to developments affecting the market and credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.

Liquidity or Marketability Risk
The ability of the Scheme to execute sale/purchase order is dependent on the liquidity or marketability. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these securities is limited by the overall trading volumes. Further, different segments of Indian financial markets have different settlement cycles and may be extended significantly by unforeseen circumstances.

Securities which are not quoted on the stock exchange(s) may be illiquid and can carry higher liquidity risk in comparison with securities which are listed on the stock exchange(s) and offer exit option to the investor including put option. The Scheme would invest in the securities which are not listed but offer attractive yields. This may however increase the risk of the portfolio.

Re-investment Risk
This refers to the interest rate risk at which the intermediate cash flows received from the securities in the Scheme including maturity proceeds are reinvested. Investments in money market securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the debt security. Consequently, the proceeds may get invested at a lower rate.

- **Risk Factor associated with investing in Securities Segment and Tri-party Repo trade settlement**

Clearing Corporation of India Ltd. (‘CCIL’) is providing clearing and settlement services, for Triparty Repo trades in Government Securities, under its Securities Segment. CCIL would act as a Central Counterparty to all the borrow and lend Triparty Repo trades received by it for settlement. CCIL would also be performing the role responsibilities of Triparty Repo Agent, in terms of Repurchase transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. CCIL would settle the Triparty Repo trades, in terms of its Securities Segment Regulations.

The funds settlement of members is achieved by multilateral netting of the funds position in Triparty Repo with the funds position in Outright and Market Repo and settling in the books of RBI for members who maintain an RBI Current Account. In respect of other members, funds settlement is achieved in the books of Settlement Bank. Securities settlement for Triparty Repo trades shall be achieved in the Gilt Account of the Member maintained with CCIL. Securities obligation for outright and market repo trades shall be settled in the SGL / CSGL account of the Member with RBI.

Invesco Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the CCIL. Since all transactions of the Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL, it reduces the settlement and counterparty risks considerably for transactions in the said segments.

To mitigate the potential losses arising in case any member defaults in settling the transactions routed through CCIL, CCIL maintains a Default Fund. CCIL shall maintain two separate Default Funds in respect of its securities segment, one to meet the losses airing out of any default by its members from outright and repo trades and other for meeting losses arising out of any default by its members from Triparty Repo trades.

In case any clearing member fails to honor his settlement obligations, the Default Fund is utilized to complete the settlement applying the Default Waterfall Sequence. As per the said waterfall mechanism, after the defaulter’s margins and defaulter’s contribution to default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution, if there is still a loss to be met, then contribution of non-defaulting members to Default Fund is utilized to meet the said loss.

The Scheme is subject to the risk of losing initial margin and contribution to Default Fund in the event of failure of any settlement obligation. Further the Scheme's contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Further, CCIL periodically prescribes a list of securities eligible for contribution as collaterals by members. Presently, all Central Government Securities and Treasury Bills are accepted as collaterals by CCIL. The above risk factor may undergo a change in case the CCIL notifies securities other than Government of India Securities as eligible for contributions as collateral.

- **Risks associated with investing in ADR/GDR and Foreign Securities**

Subject to necessary approvals, the Scheme may also invest in ADRs/ GDRs/ overseas financial assets as permitted under the applicable regulations. The value of an investment in foreign securities may depend on general global economic factors or specific economic and political factors relating to the country or countries in which the foreign issuer operates. To the extent the assets of the Scheme are invested in overseas financial asset, there may be risk associated with fluctuation in foreign exchange rates, restriction on repatriation of capital and earnings under the exchange control regulations and transaction procedure in overseas market. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls, political circumstances, bi-lateral conflicts or prevalent tax laws.

Investment in foreign securities carries currency risk. Currency risk is a form of risk that arises from the change in price of one currency against other. The exchange risk associated with a foreign denominated instrument is a key element in foreign investment. This risk flows from differential monetary policy and growth in real productivity, which results in differential inflation rates. The risk arises because currencies may move in relation to each other.

- **Risks associated with investing in Derivatives**

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly.

Other risks include risk of mispricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

Risk associated with writing covered call options for equity shares

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset to generate an income stream. The scheme may write call options under covered call strategy, as permitted by the regulations. Risks associated thereto are mentioned below:

Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.

The scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the investment strategy. This may restrict the ability of Investment strategy to buy any options.

Benefits of using Covered Call
The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Investment strategy. The strategy offers the following benefits:

Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.

Generating additional returns in the form of option premium in a range bound market. Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

➢ **Risks of Total Return**

Dividends are assumed to be reinvested into the schemes after the ex-dividend date. However, in practice, the dividends are received with a lag.

➢ **Risk Factors associated with investments in InvITs**

- **Market Risk:** InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc., the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or IDCW pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk:** InvITs being new asset classes, rights of unit holders such as right to information etc. may differ from existing capital market asset classes under Indian Law.

➢ **Risks associated with investment in Mutual fund units**

Mutual Fund Schemes are not guaranteed or assured return products.

Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.

As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of investment in a mutual fund Scheme may go up or down.

In addition to the factors that affect the value of individual investments in the Scheme, the NAV of the Scheme may fluctuate with movements in the broader equity and bond markets and may be influenced by factors affecting capital and money markets in general, such as, but not limited to, changes in interest rates, currency exchange rates, changes in Government policies, taxation, political, economic or other developments and increased volatility in the stock and bond markets.

➢ **Risks associated with Investment in Gold / Silver Exchange Traded Funds:**

Investment in Gold/Silver ETFs involves investment risks such as Gold/Silver price movement, regulatory risk, trading volumes, settlement risk, liquidity risk. As the price / value of the underlying in which the Gold/Silver ETF invests fluctuates, the value of units of ETF may go up or down. The value of underlying of the Gold/Silver ETF may be affected, inter-alia, by changes in the Gold/Silver prices, changes in government duties, trading volumes, settlement periods and transfer procedures.

Currency Risk: The NAV of Gold/Silver ETF is based on the imported (landed) value of the Gold / Silver, which is computed by multiplying international market price by US Dollar value. Hence the value of NAV of Gold / Silver ETF will depend upon the conversion value and as such is sensitive to currency risk.

Liquidity Risk: Trading in units of Gold ETFs / Silver ETFs on stock exchange(s) may be halted because of market conditions or for reasons that in view of Exchange authorities or SEBI, trading in units of Gold ETFs / Silver ETFs is not advisable. In addition, trading in units of Gold ETFs / Silver ETFs is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of units of Gold ETFs / Silver ETFs will continue to be met or will remain unchanged.

Regulatory Risk: Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Authorised Participant / Large Investor to arbitrage resulting into wider premium/ discount to NAV.

Risk Factors related to Purchase / Sale of units of Gold ETFs & Silver ETFs directly with the AMC/Mutual Fund:

The Scheme can purchase / redeem (sale) units of Gold ETFs & Silver ETFs directly with the AMC/Mutual Fund only for transaction above a specified threshold. Currently, order for purchase / redemption of units of Gold ETF & Silver ETF directly with AMC / Fund must be for amount greater than Rs.25 Crores. Transactions for purchase of units of Gold ETFs & Silver ETFs for amount less than Rs. 25 Crores can be executed only on stock exchange(s) where these units are listed. This may result in a higher cost of acquisition due to variance in the price quoted on the stock exchange(s) and the underlying NAV of respective ETFs. Similarly, transactions for sale (redemption) of units of Gold ETFs & Silver ETFs for amount less than Rs. 25 Crores can be executed only on stock exchange(s) where these units are listed. The market price of Gold ETFs & Silver ETFs on stock exchange(s) may be at discount to NAV of respective ETFs thereby affecting returns of the Scheme. The ability of Scheme to purchase / sale units of Gold ETFs & Silver ETFs on stock exchange(s) will depend on overall trading volumes, liquidity (i.e. demand / supply) and bid/ask spread. In certain cases, settlement periods may be extended significantly by unforeseen circumstances.

- **Risks associated with Securities Lending**

For Equity Instruments:
As with other modes of extensions of credit, there are risks inherent to securities lending. During the period the security is lent, the Scheme may not be able to sell such security and in turn cannot protect from the falling market price of the said security. Under the current securities lending and borrowing mechanism, the Scheme can call back the securities lent any time before the maturity date of securities lending contract. However, this will be again the function of liquidity in the market and if there are no lenders in the specified security, the Scheme may not be able to call back the security and in the process, the Scheme will be exposed to price volatility. Moreover, the fees paid for calling back the security may be more than the lending fees earned by Scheme at the time of lending the said security and this could result in loss to the Scheme. Also, during the period the security is lent, the Fund will not be able to exercise the voting rights attached to the security as the security will not be registered in the name of the Scheme in the records of the Depository/issuer.

For Money Market Instruments:
As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell such lent securities and this can lead to temporary illiquidity.

- **Risks associated with Short Selling**

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short positions carry the risk of losing money and these losses may grow unlimited theoretically if the price of the stock increases without any limit. This may result in major loss to the Scheme. At times, the participants may not be able to cover their short positions, if the price increases substantially. If numbers of short sellers try to cover their position simultaneously, it may lead to disorderly trading in the stock and thereby can briskly escalate the price even further making it difficult or impossible to liquidate short position quickly at reasonable prices. In additions, short selling also carries the risk of inability to borrow the security by the participants thereby requiring the participants to purchase the securities sold short to cover the position even at unreasonable prices.

➢ **Risks associated with segregated portfolio**

a. Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
b. Security(ies) held in segregated portfolio may not realize any value.
c. Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

C. Risk Mitigation Strategies

Risk Mitigation Measures: The Scheme will participate in both the upside risk and downside risk from the performance of the pharma and healthcare sector. Our stock selection process can improve the performance of the scheme.

Type of Risk	Risk Mitigation Measures
Equity and equity related instruments	Investments in equity and equity related instruments will be made in accordance with the categorized universe and will take into account size of the companies and liquidity of the equity shares of the companies. Additionally, SEBI limits on exposure will be duly complied with. Risk oversight with respect to attribution and performance analysis will be conducted in line with normal risk management process.
Money Market instruments	Money Market investments will be largely made in government securities and commercial papers, certificate of deposits of issuers of high credit quality from the eligible and approved issuer universe for Fixed Income funds. Regulatory limits with respect to exposure to Fixed Income instruments will be duly adhere to.
Gold ETF and Silver ETF	Gold/Silver allocation will be through Gold ETF and Silver ETF and will take into account the tracking error and liquidity of underlying ETFs. Regulatory limits with respect to exposure to Gold/Silver instruments will be duly adhered to.
Overseas securities	Investment in overseas securities will be in line with applicable regulations. For overseas ETFs/mutual funds, tracking error and liquidity of the ETFs will be considered before investing. Additionally, the fund managers will take into account the regulatory limits relating to overseas investments applicable at the time of investing.
InvITs	The Scheme will comply with the applicable SEBI limits and will endeavour to invest in InvITs which have adequate liquidity in their tradeable units.
TREPS/Repo	The scheme will endeavour to invest any cash in an efficient manner through TREPs/Repos. TREPs investment is through a recognized exchange/platform (for eg CCIL) which reduces the counterparty risk to a large extent. Repos will be undertaken only with approved counterparties in approved eligible collateral and with hair-cuts as per the internal policy.
Securities lending	Securities lending shall be operated through Clearing Corporation/Clearing House of recognized stock exchanges and who are registered as Approved Intermediaries (AIs). The counterparty risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default.
Derivatives	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. Internal risk limits applicable to asset classes will cover derivative exposures in those asset classes also.
Volatility	Fund Managers will be guided by a disciplined framework that takes into account amongst other things macro-economic fundamentals, liquidity, asset class valuations as well investor positioning. By reviewing this framework on a regular basis, the fund managers will try to optimize the asset allocation for best risk-adjusted returns and in the process limit volatility of the Scheme. Given the correlations between various asset

	classes, volatility of the scheme would likely be manageable with dynamic asset allocation changes.
Concentration	Fund Managers will be guided by a disciplined framework that takes into account amongst other things macro-economic fundamentals, liquidity, asset class valuations as well investor positioning. By reviewing this framework on a regular basis, the fund managers will try to optimize the asset allocation for best risk-adjusted returns and in the process limit concentration risk in the Scheme. By diversifying across stocks / sectors, domestic/international equities, concentration risk can be reduced.
Liquidity	The fund managers will control the liquidity at portfolio construction level. The equity allocation will be invested taking into account the liquidity of underlying equities. Fixed Income allocation will largely be invested in government bonds and commercial papers, certificate of deposits of issuers of high credit quality from the eligible and approved issuer universe for Fixed Income funds. Appropriate amounts of cash will be maintained to take on regular redemptions.

II. Information about the scheme

A. Where will the scheme invest

The corpus of the Scheme will be predominantly invested in Equity and Equity related instruments of companies in the Pharma, Healthcare and allied sectors, Money Market Instruments and other permitted securities which will include but not limited to:

Equity and Equity Related Instruments:

1. Equity share is a security that represents ownership interest in a company. It is issued to those who have contributed capital in setting up an enterprise.
2. Equity Related Instruments are securities which give the holder of the security right to receive equity shares on pre agreed terms. It includes convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by SEBI from time to time. Equity Derivatives are financial instrument, generally traded on an exchange, the price of which is directly dependent upon (i.e. "derived from") the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying, but do not directly transfer property.
3. Derivatives:
   Futures are exchange-traded contracts to sell or buy financial instruments for future delivery at an agreed price. There is an agreement to buy or sell a specified quantity of financial instrument on a designated future date at a price agreed upon by the buyer and seller at the time of entering into a contract. To make trading possible, the exchange specifies certain standardized features of the contract. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

   SEBI has permitted futures contracts on indices and individual stocks with maturity of 1 month, 2 months and 3 months on a rolling basis. The futures contracts are settled on last Thursday (or immediately preceding trading day if Thursday is a trading holiday) of each month. The final settlement price is the closing price of the underlying stock(s) / index. However, pursuant to SEBI Circular No. SEBI/HO/MRD/DOPI/CIR/P/2018/161 dated December 31, 2018, stock derivatives are physically settled.

   Option is a contract which provides the buyer of the option (also called holder) the right, without the obligation, to buy or sell a specified asset at the agreed price on or upto a particular date. For acquiring this privilege, the buyer pays premium (fee) to the seller. The seller on the other hand has the obligation to buy or sell specified asset at the agreed price and for this obligation he receives premium. The premium is determined considering number of factors such as the market price of the underlying asset/security, number of days to expiry, risk free rate of return, strike price of the option and the volatility of the underlying asset. Option contracts are of two types viz:

   Call Option - The option that gives the buyer the right to buy specified quantity of the underlying asset at the strike price is a call option. The buyer of the call option (known as the holder of call option) can call upon the seller of the option (writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry of the option.

The seller (writer of the option) on the other hand has the obligation to sell the underlying asset if the buyer of the call option decides to exercise his option to buy.

Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset to generate an income stream.

Put Option - The right to sell is called put option. A Put option gives the holder (buyer) the right to sell specified quantity of the underlying asset at the strike price. The seller of the put option (one who is short Put) however, has the obligation to buy the underlying asset at the strike price if the buyer decides to exercise his option to sell.

There are two kinds of options based on the date of exercise of right. The first is the European Option which can be exercised only on the maturity date. The second is the American Option which can be exercised on or before the maturity date.

W.e.f. December 31, 2010, all the options contracts in F&O Segment have European Option only.

- **Money Market Instruments:**

1. Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Special securities issued by the Government of India to entities like Oil Marketing Companies, Fertilizer Companies, the Food Corporation of India, etc. (popularly called oil bonds, fertilizer bonds and food bonds respectively) and special securities issued by the State Government under "Ujjwal Discom Assurance Yojna (UDAY) Scheme for Operational and Financial Turnaround of Power Distribution Companies (DISCOMs)" notified by Ministry of Power vide Office Memorandum (No 06/02/2015-NEF/FRP) dated November 20, 2015, (popularly called as UDAY Bonds). Central Government Securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government's annual borrowing programme and are used to fund the fiscal deficit along with other short term and long-term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc.

2. Certificate of Deposits (CDs) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The minimum denomination of CD should be Rs. 1 Lac and in multiples of Rs. 1 Lac thereafter. The maturity period of CDs issued by the Banks is between 7 days to one year whereas in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value. Banks/ FIs can not buyback their own CDs before maturity.

3. Commercial Paper (CPs) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short-term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in secondary market and can be freely bought and sold before maturity.

4. Treasury Bills (T-Bills) are issued by the Government of India to meet their short-term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.

5. Tri-party Repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.

6. Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. When the seller sells the security with an agreement to repurchase it, it is Repo transaction whereas from the perspective of buyer who buys the security with an agreement to sell it at a later date, it is reverse repo transaction. Presently in India, G-Secs, State Government Securities, T-Bills and Corporate Debt Securities are eligible for Repo/Reverse Repo. The Scheme will not participate in repo in corporate debt securities.

7. Bills Rediscounting.

8. Cash Management Bills (CMB) are issued by Government of India to meet the temporary cash flow mismatches of the Government. CMBs are non-standard, discounted instruments issued for maturities less than 91 days. CMBs are issued at discount to the face value through auctions. The settlement of the auction will be on T+1 basis.

9. Clearcorp Repo Order Matching System (CROMS) is a Straight Through Processing (STP) enabled anonymous Order Matching Platform launched by Clearcorp Dealing Systems (India) Ltd. for facilitating dealing in Market Repos in all kinds of Government Securities. It enables dealing in two kinds of Repos – (1) Basket and (2) Special Repos. Building on the internationally popular Standard Repo Model, Basket Repos enables dealing in baskets wherein repoable securities have been classified based on instrument type, liquidity and outstanding tenor and clustered together. While borrowers can raise funds through a Basket Repo against any of security forming part of the concerned basket, the lender is assured that it would receive only any of the securities forming part of the concerned basket. Details of security allocated are known to both counterparties post trade. As for Special Repos, which is the conventional repo, both borrower and lender are aware of the underlying security against which deal is sought to be concluded. CROMS provides better transparency, repo rate discovery and operational efficiency.

- "InvIT" or "Infrastructure Investment Trust" shall have the meaning assigned in clause (za) of sub-regulation (1) of regulation 2 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014. InvITs are similar to REITs, except these own infrastructure assets not real estate.
- Liquid, Overnight and Money Market Fund of Invesco Mutual Fund or of any other mutual fund. Such investment will be subject to limits specified under SEBI MF Regulations and AMC will not be entitled to charge management fees on such investments.
- Pending deployment of funds as per the investment objective of the Scheme, the funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.
- Any other securities as may be permitted by SEBI / RBI from time to time. Investment in such any other securities will be subject to complying with the regulatory requirements as may be prescribed by SEBI / RBI.

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The securities may be acquired through initial public offering (IPOs), secondary market, private placement, rights offers, negotiated deals. Further investments in money market securities will be in instruments which have been assigned investment grade rating by the credit rating agency.

The Scheme may also invest in suitable investment avenues in foreign securities in overseas financial markets for the purpose of diversification, commensurate with the Scheme objectives and subject to necessary stipulations by SEBI / RBI. Towards this end, the Mutual Fund may also appoint overseas investment advisors and other service providers, as and when permissible under the regulations. The Scheme may with the approval of SEBI / RBI invests in:

- ADRs/ GDRs issued by Indian or foreign companies
- Equity of overseas companies listed on recognized stock exchanges overseas;
- Initial and follow on public offerings for listing at recognized stock exchanges overseas;
- Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies;
- Money market instruments rated not below investment grade;
- Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds.
- Government securities where the countries are rated not below investment grade;
- Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities;
- Short term deposits with banks overseas where the issuer is rated not below investment grade; and
- Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, or (b) unlisted overseas securities (not exceeding 10% of their net assets).

On an ongoing basis, the AMC is allowed to invest in overseas securities upto 20% of the average Asset Under Management ('AUM') in overseas securities of the previous three calendar months subject to maximum limit mentioned above at Fund house level. Para 13.11.4 of SEBI Master Circular dated March 20, 2026 has clarified that the aforesaid 20% limit for ongoing investment in overseas securities will be soft limit for purpose of reporting only on a monthly basis to SEBI.

As per para 13.11.2 of SEBI Master Circular dated March 20, 2026, the limits applicable for investment in overseas securities at Fund House level are as follows:
- Overseas Securities: Maximum of US $1 billion within the overall industry limit of US $ 7 billion or such limits as may be prescribed by SEBI from time to time.
- Overseas ETFs: Maximum of US $300 million within the overall industry limit of US $ 1 billion or such limits as may be prescribed by SEBI from time to time.

Subject to the approval of RBI / SEBI and conditions as may be prescribed by them, the Mutual Fund may open one or more foreign currency accounts abroad either directly, or through the custodian/sub-custodian, to facilitate investments and to enter into/deal in forward currency contracts, currency futures, interest rate futures / swaps, currency options for the purpose of hedging the risks of assets of a portfolio or for its efficient management.

B. Investment Restrictions

Pursuant to SEBI MF Regulations, specifically the sixth schedule and amendments thereto, the following investment restrictions are currently applicable to the Scheme:

1. The Scheme shall not invest more than 10% of its NAV in the listed or to be listed equity shares or equity related instruments of any entity and in listed securities/units of Venture Capital Funds.

   The Scheme being sectoral fund, pursuant to Para 13.4.1 of SEBI Master Circular dated March 20, 2026, the upper ceiling on investment will be the weightage of scrip in the sectoral index or 10% of NAV of the Scheme, whichever is higher.

AA (including AA+ and AA-)	8
A (including A+) & below	6

   The above limits may be extended by up to 2% of the NAV of the Scheme with prior approval of the Board of Trustees and AMC, subject to compliance with the overall 12% limit.

   Provided that such limits shall not be applicable for investments in Government Securities, treasury bills, and Triparty Repo on G-Secs & T-Bills.

11. The Scheme shall not invest in Unlisted Debt instruments including commercial papers, except Government Securities, other money market instruments and derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by the Scheme for hedging.

12. The Scheme will comply with the following restrictions for trading in exchange traded derivatives contracts as specified in para 8.5 of SEBI Master Circular dated March 20, 2026 read with SEBI vide it circular SEBI/HO/MRD/TPD-1/P/CIR/2025/79 dated May 29, 2025:

   i. Position limit for the Mutual Fund in equity index options contracts

   a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Net end of day Futures Equivalent(FutEq) of ₹1,500 cr. and gross Futures Equivalent OI to be ₹10,000 cr. (i.e. neither gross long FutEq OI nor gross short FutEq OI shall exceed ₹10,000 cr.).
   b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

   ii. Position limit for the Mutual Fund in equity index futures contracts

   a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs.500 crores or 15% of the total open interest of the market in index futures, whichever is higher.

b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

a. Aggregate short positions in index derivatives (short futures, short calls and long puts) shall not exceed (Future Equivalent terms for Index options and gross notional terms for Index futures) the holding of stocks.
b. Aggregate long positions in index derivatives (long futures, long calls and short puts) shall not exceed (Future Equivalent terms for Index options and gross notional terms for Index futures) the holding of cash and cash equivalent, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:

The combined futures and options position limit shall be 30% of the applicable Market Wide Position Limit (MWPL).

v. Position limit for each scheme of a Mutual Fund

The Mutual fund scheme level position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:

The combined futures and options position limit shall be 10% of the applicable Market Wide Position Limit (MWPL).

For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% or Rs. 500 crores of the open interest of all derivative contracts on that underlying index.

In terms of para 13.15 and 13.18 of SEBI Master Circular dated March 20, 2026, the following additional restrictions shall be applicable to the Scheme w.r.t investment in derivatives:

i. The cumulative gross exposure through equity, money market instruments, other liquid instruments, applicable mutual fund schemes, derivative positions, Gold / Silver ETFs, InvITs, repo transactions, other permitted securities/assets and such other securities/assets as may be permitted by the SEBI from time to time, subject to regulatory approvals, if any, shall not exceed 100% of the net assets of the Scheme.
ii. The Scheme shall not write options or purchase instruments with embedded written options except for the covered call strategy.
iii. The total exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
iv. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Point 67 of Policy Related emails issued by SEBI Master Circular dated March 20, 2026 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.
v. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

   1. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
   2. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point (i).
   3. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

4. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

vi. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point (i).

vii. Definition of Exposure in case of Derivative Positions:

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

13. Investment Restrictions on writing call options: Mutual Fund schemes (excluding ETFs and Index funds) can write Call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:
a) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
c) At all points of time the Mutual Fund scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
d) In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.
e) In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
f) The premium received shall be within the requirements stated in paragraph 13.18.3 of the Master Circular dated March 20. 2026 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
g) The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 13.18.1 of the Master Circular dated March 20, 2026.
h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

14. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to guidelines mentioned in para 13.7 of SEBI Master Circular dated March 20, 2026 as may be amended from time to time.

The Scheme will comply with the following guidelines/ restrictions for parking of funds in short term deposits at all points of time:
1. "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
2. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustees.
3. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
4. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.

5. The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. Further, the bank in which a scheme has short term deposit will not be allowed to invest in the Scheme till the Scheme has short term deposit with such bank.
6. The AMC shall not charge any investment management and advisory fees for funds parked in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.

15. The Scheme may invest upto 10% of net assets in InvITs, as permitted by SEBI from time to time subject to the following:
    a. No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of InvIT; and
    b. The scheme shall not invest -
        a. more than 10% of its NAV in the units of InvIT; and
        b. more than 5% of its NAV in the units of InvIT issued by a single issuer.

16. The Scheme shall not advance any loans.

17. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/redemption of Units or payment of interest and/or IDCW to the Unit holders.

    Provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 month.

    Note: The said restrictions shall not apply to intraday borrowing for addressing timing mismatch between outflows and inflows of the scheme.

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the SEBI MF Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

All the investment restrictions will be applicable at the time of making investments. Further, pursuant to para 3.11 of SEBI Master Circular dated March 20, 2026, deviation of prudential limits due to passive breaches (occurrence of instances not arising out of omission and commission of AMC) should be rebalanced within 30 business days. If such passive deviations of prudential limits are not rebalanced within 30 business days, justification in writing, including details of efforts taken to rebalance the passive breach shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing of passive breach up to sixty (60) Business Days from the date of completion of mandated rebalancing period. In case the passive deviation of prudential limits is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, reporting and disclosure requirements as specified in para 3.11.1 of SEBI Master Circular dated March 20, 2026.

D. Other Scheme Specific Disclosures

Listing and transfer of units	The Scheme being an open-ended Scheme under which the Units are available for Subscription and Redemption on an ongoing basis on all the Business Days, the Units of the Scheme are not proposed to be listed on any stock exchange. However, the AMC/ Trustee reserves the right to list the Units of the Scheme as and when the AMC/ Trustee considers it necessary in the interest of Unit holders of the Scheme. There are no restrictions on transfer of Units of the Scheme whether held in Statement of Account (physical / non-demat) mode or dematerialised mode. Units held in dematerialized form can be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time and units held in Statement of Account (physical / non-demat) mode can be transferred by investors under resident / non-resident individual category for the reasons like transfer to siblings, gifting of units, transefer of units to third party and addition / deletion of unitholdrs, in accordance with the AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 read with AMFI Best Practices Guidelines Circular No. 135/BP/119/2025-26 dated May 08, 2025. For further details, please refer SAI. In case a person (i.e. a transferee) becomes a holder of the Units by operation of law or upon enforcement of pledge then the AMC shall, subject to production of such satisfactory evidence and submission of such documents, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the Scheme. Additions / deletions of names of Unit holders will be allowed only in folio held in the name of invidual investor(s). Further, addition of names in the folio will also be allowed under the following 2 (two) scenarios subject to compliance with AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 read with AMFI Best Practices Guidelines Circular No. 135/BP/119/2025-26 dated May 08, 2025: i. Surviving joint unitholder who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). ii. A minor unitholder, who has turned a major and has changed his / her status from minor to major, wants to add joint holder(s) in the folio. For further details, please refer SAI The said provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer.
Dematerialization of units	The Scheme offers option to hold units in electronic (demat) mode in addition to the account statement mode. Accordingly, the Units of the Scheme will be available in dematerialized (electronic) form. The option to hold units in electronic (demat) mode is not available for plans/options where the IDCW frequency is less than one month. The applicant intending to hold Units in dematerialized form or unit holders who wish to trade in units would be required to have a beneficiary account with a Depository Participant (DP) of NSDL/CDSL and will be required to mention in the application form DP Name, DP ID and Beneficiary Account Number with the DP at the time of subscribing Units of the Schemes. In case Unit holders do not provide their demat account details or the demat details provided in the application form are incomplete / incorrect or do not match with the details with the

	Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect. Further, if the Units cannot be allotted in demat mode due to reason that KYC details including IPV is not updated with DP, the Units will be allotted in non-demat mode subject to compliance with necessary KYC provisions and the application is otherwise complete in all respect.
Minimum Target Amount	Rs. 10 crores
Maximum Amount to be raised (if any)	There is no maximum subscription (target) to be raised.
Dividend Policy (IDCW)	Under the IDCW option, the Trustees will endeavor to declare the IDCW, subject to availability of distributable surplus calculated in accordance with SEBI MF Regulations. The amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. The actual declaration of IDCW and frequency will, inter-alia, depend on availability of distributable surplus calculated in accordance with SEBI MF Regulations and the decisions of the Trustees shall be final in this regard. There is no assurance or guarantee to the Unit holders as to the rate of IDCW nor that the IDCW will be paid regularly. **IDCW Distribution Procedure** In accordance with para 12.5.1 of SEBI Master Circular dated March 20, 2026, the procedure for IDCW distribution would be as under: 1. Quantum of IDCW and the record date will be fixed by the Trustee in their meeting. IDCW so decided shall be paid, subject to availability of distributable surplus. 2. Within one calendar day of decision by the Trustee, the AMC shall display the decision including the record date on the website of the AMC. The record date shall be 2 business days from issue of public notice in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. 3. Record date shall be the date, which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders for receiving IDCW. 4. The notice will, in font size 10, bold, categorically state that pursuant to payment of IDCW, the NAV of the Scheme would fall to the extent of payout and statutory levy (if applicable). 5. The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. 6. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by Mutual Fund.
Allotment	All applicants whose cheques/other payment instruments like pay order, Net banking, NEFT, RTGS, Online Transfer etc. towards purchase of Units have realized will receive a full and firm allotment of Units, provided also the applications are complete in all respects and are found to be in order. The AMC/Trustee retains the sole and absolute discretion to reject any application. The process of allotment of Units and sending of an allotment confirmation, specifying the number of Units allotted to the applicant by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number will be completed within 5 (five) Business Days from the date of closure of the NFO Period. Applicants under the Scheme will have an option to hold the Units either in physical form (i.e. account statement) or in dematerialized (electronic) form. All Units will rank pari passu, among Units within the same option in the Scheme concerned as to assets, earnings and the receipt of IDCW distributions, if any, as may be declared by the Trustee.
Refund	If the Scheme fails to collect the minimum subscription amount of Rs. 10 Crores, the Mutual Fund shall be liable to refund the subscription money (without interest except as provided below) to the applicants. In addition to the above, refund of subscription amount to applicants whose applications are invalid for any reason whatsoever, will commence after the allotment process is completed and will be without incurring any liability whatsoever for interest or other sum.

	No Interest will be payable on any subscription money refunded within 5 Business Days from the closure of NFO Period. Interest on subscription amount will be payable for the amounts refunded after 5 Business Days from the closure of the New Fund Offer Period at the rate of 15% per annum for the period in excess of 5 Business Days and will be charged to the AMC.
