Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Nippon India Focused Fund
II.	Category of the Scheme	Focused Fund
III.	Scheme type	An open ended Multi Cap Equity Scheme investing in maximum 30 stocks
IV.	Scheme code	NIMF/O/E/FOC/18/04/0064
V.	Investment objective	The primary investment objective of the scheme is to generate long-term capital growth by predominantly investing in an active and concentrated portfolio of equity & equity related instruments up to 30 companies across market capitalization. The secondary objective of the scheme is to generate consistent returns by investing in debt, money market securities, REITs and InvITs. There is no assurance that the investment objective of the Scheme will be achieved
VI.	Liquidity/listing details	Liquidity The Scheme will offer for Sale / Switch-in and Redemption / Switch-out of Units on every Working Day on an ongoing basis. As per SEBI Regulations, the Mutual Fund shall initiate payment of Redemption proceeds within 3 Working Days of receiving a valid Redemption request. In case of exceptional situations listed in AMFI Circular No. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time, will be paid in case the Redemption proceeds are not made within 3 Working Days of the date of receipt of a valid Redemption request. Listing Nippon India Focused Fund being an open ended scheme, the units are not proposed to be listed on any stock exchange. However, the Trustee reserves the right to list the units as and when open-end Schemes are permitted to be listed under the Regulations, and if the Trustee considers it necessary in the interest of unitholders of the Scheme.
VII.	Benchmark (Total Return Index)	AMFI Tier I benchmark - BSE 500 TRI Considering the investment in the fund to be made in equity/ equity related securities of companies across market capitalization with the objective of achieving long term growth of capital, we propose to have BSE 500 TRI as a benchmark for this fund.
VIII.	NAV disclosure	The NAV will be calculated and disclosed at the close of every Business Day and uploaded on the AMFI website www.amfiindia.com and Nippon India Mutual Fund website i.e. https://mf.nipponindiaim.com by 11.00 p.m. on the day of the declaration of the NAV. Further, AMC shall extend facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.
IX.	Applicable timelines	Timeline for Dispatch of redemption proceeds As per SEBI Regulations, the Mutual Fund shall pay the redemption proceeds within the maximum period allowed, which is currently 3 working days from the date of receipt of the redemption request at the Designated Investor Service Centres. In case of exceptional situations listed in AMFI Circular No.AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines.A Transaction Confirmation Slip / Fresh Account Statement will also be sent to the Unitholders reflecting the new unit balance in his Account. For payments made other than through direct transfers, the redemption proceeds shall be Dispatched through ordinary mail (with or without UCP) or Registered Post or by Courier, unless otherwise required under the Regulations, at the risk of the unitholder. Timeline for Dispatch of IDCW (if applicable) etc The IDCW payments shall be initiated to the unitholders within 7 working days from the Record date, in compliance to the Clause 11.4 of SEBI Master Circular dated June 27, 2024.

X. Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Instruments	Indicative asset allocation (% of total assets)		
	Minimum	Maximum	Risk Profile
Equity and Equity related Instruments	65%	100%	Medium to High
Debt and Money Market Instruments (including investments in securitized debt)	0%	35%	Low to Medium
Units issued by REITs and InvITs	0%	10%	Medium to High

An overall limit of 100% of the portfolio value has been introduced for the purpose of equity derivatives in the scheme.

The portfolio will consist up to 30 companies across market capitalization.

Debt instruments include securitized debts and liquid schemes launched by SEBI registered Mutual Fund or schemes that invest predominantly in money market instruments.

Investment in liquid schemes or schemes that invest predominantly in money market instruments/ securities will be made for funds pending deployment.

Investment in securitized debts shall not exceed 35% of the net assets of the Scheme.

As per SEBI Letter dated 3rd November 2021 Cash and cash equivalent having residual maturity of less than 91 Days are not considered for the purpose of calculating gross exposure limit.

Money market instruments include Tri-party Repo on government securities or T-bills / Reverse Repo (including corporate bond Repo), certificate of deposit, commercial papers, commercial bills, treasury bills, Government securities issued by Central & State Government/ corporate bonds having an unexpired maturity up to one year, call or notice money, Term Deposits, usance bills (BRDS) and any other similar instruments as specified by the RBI/SEBI from time to time.

Liquidity in the scheme may be provided through borrowing to meet redemptions in accordance with the SEBI Regulations.

The Fund may also enter into "Repo", "Short Selling" or such other transactions as may be allowed to Mutual Funds from time to time.

The scheme may engage in Securities Lending not exceeding 15% of the net assets of the scheme and shall not lend more than 5% of its Net Assets to a single counterparty or such other limits as may be permitted by SEBI from time to time.

In case the Fund Manager decides to invest in Equity and Debt instruments of ADRs/ GDRs issued by Indian/ foreign companies and in foreign Securities in accordance with SEBI Regulations in the Scheme and such investments will not exceed 20% of the net assets of the Scheme. The investments in overseas securities shall be made in accordance with Clause 12.19 of SEBI Master Circular dated June 27, 2024 and such other amendments as issued by SEBI from time to time.

Rebalancing of deviation due to short term defensive consideration:

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations, and political and economic factors. It must be clearly understood that the percentages can vary substantially depending upon the perception of the Investment Manager; the intention being always to seek to protect the interests of the Unit holders. As per Clause 1.14.1.2.b and Clause 2.9 of SEBI Master Circular dated June 27, 2024, such changes in the investment pattern will be for short term and for defensive consideration only. In the event of deviations, portfolio rebalancing will be carried out within 30 calendar days in such cases.

Portfolio rebalancing in case of passive breach:

In case of any deviation (due to passive breaches) from the asset allocation of the scheme, the fund manager will carry out rebalancing within 30 business days. Where the portfolio is not re-balanced within 30 business days, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. However, always the portfolio will adhere to the overall investment objectives of the Scheme

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. No	Type of Instrument	Percentage of exposure	Circular references*
1	Securities Lending	0-15%	SEBI (Mutual Funds) Regulations, 1996, Securities Lending Scheme, 1997 and Clause 12.11 of SEBI Master Circular dated June 27, 2024
2	Equity Derivatives for non-hedging purposes	-	Clause 12.25 of SEBI Master Circular dated June 27, 2024
3	Derivatives	0-100%	Clause 12.25 of SEBI Master Circular dated June 27, 2024

12	* Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade for any group on debt portfolio of the schemes.	0-5%	Clauses 12.3.1 of SEBI Master Circular dated June 27, 2024
13	Repo transactions in corporate debt securities	0-10%	Clauses 12.18.1.1 of SEBI Master Circular dated June 27, 2024
	* 10% of Debt Portfolio		

B. WHERE WILL THE SCHEME INVEST?

To achieve its primary objective as mentioned above, the Fund would invest in equity and equity related securities. To achieve its secondary objective, the fund would invest in debt, money market securities, REITs and InvITs. These securities could include:

- a) Equity and equity related securities are such instruments like Convertible bonds and debentures and warrants carrying the right to obtain equity shares and derivative instruments.
- b) ADRs/ GDRs issued by Indian companies, subject to guidelines issued by RBI/ SEBI.
- c) Foreign equity securities in accordance with SEBI Guidelines.
- d) Commercial Paper (CP), Certificate of Deposits (CD), Treasury Bills, Bills Rediscounting, Tri-party Repo on government securities or T-bills / Reverse Repo (including repo in corporate bonds).
- e) Corporate Bonds include all debt instruments (including securitized debt) issued by entities such as Banks, Public Sector Undertakings, Government Agencies and other Statutory Bodies, Municipal Corporations, body corporate, companies, trusts/ Special Purpose Vehicles etc and would exclude investments in Government Securities issued by Central and State Government.
- f) Investment in Government securities issued by Central and/or State Government to the extent of SEBI prescribed limits. Such securities may be:
 - (i) Supported by the ability to borrow from the Treasury or
 - (ii) Supported by Sovereign guarantee or the State Government or
 - (iii) Supported by Government of India/ State Government in some other way.
- g) Securities issued by any government agencies, quasi-government or statutory bodies, Public Sector Undertakings, which may or may not be guaranteed or supported by the Central Government or any state government (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- h) Non-convertible securities as well as nonconvertible portion of convertible securities, such as debentures, coupon bearing bonds, zero coupon bonds, deep discount bonds, Mibor-linked or other floating rate instruments, premium notes and other debt securities or obligations of public sector undertakings, banks, financial institutions, corporations, companies and other bodies corporate as may be permitted by SEBI/ RBI from time to time.
- i) Securitized debt, pass through obligations, various types of securitization issuances including but not limited to Asset Backed Securitization, Mortgage Backed Securitization, single loan securitization and other domestic securitization instruments, as may be permitted by SEBI/ RBI from time to time.
- j) Derivative like Interest Rate Swaps, Forward Rate Agreements, Stock/ Index Futures, Stock/ Index Options and such other derivative instruments permitted by RBI/ SEBI.
- k) Fund may use Interest Rate Futures (IRF) to create an imperfect hedge/ proper hedge from time to time as per SEBI regulations.
- l) Deposits with banks and other bodies corporate as may be permitted by SEBI from time to time.
- m) Any other debt and money market instruments that may be available from time to time.
- n) The scheme may invest in the liquid schemes launched by SEBI registered Mutual Fund or schemes that invest predominantly in money market instruments/ securities.

- o) All investments in overseas securities will be governed based on SEBI guidelines issued from time to time. The Scheme may invest in various types of Foreign Securities including, but not limited to, any of the following:
 - (i) Foreign debt securities (non-convertible) in the countries with fully convertible currencies.
 - (ii) Overseas short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies.
 - (iii) Overseas Money market instruments rated not below investment grade.
- p) The Fund may also enter into "Repo" (Repos including repo in corporate bonds), hedging or such other transactions as may be allowed to Mutual Funds from time to time.

Investments in Tri-Party Repo on Government Securities or T-bills would be as per the RBI circular dated July 24, 2018.

Investments in Repo in corporate debt securities would be in line with Clause 12.18 of SEBI Master Circular dated June 27, 2024 and RBI circular dated July 24, 2018 and shall be made basis the policy approved by the Board of Nam India and NLITL. The significant features are as follows:

- i. As specified in the Clause 12.18.1.3 of SEBI Master Circular dated June 27, 2024, the base of eligible securities for mutual funds to participate in repo in corporate debt securities is from AAA rated to AA and above rated corporate debt securities.
- ii. Category of counterparty & Credit rating of counterparty NIMF schemes shall enter in lending via Repo only with Investment Grade counterparties.
- iii. The Gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net asset of the scheme.

All investment restrictions stated above shall be applicable at the time of making investment. Further, any new circular issued by RBI or SEBI on Repo would be applicable from time to time.

Applicable Haircut

RBI vide its circular dated July 24, 2018 had indicated the haircut to be applied for such transactions as follows:

Haircut/ margins will be decided either by the clearing house or may be bilaterally agreed upon, in terms of the documentation governing repo transactions, subject to the following stipulations:

- i. Listed corporate bonds and debentures shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.
- ii. CPs and CDs shall carry a minimum haircut of 1.5% of market value.
- iii. Securities issued by a local authority shall carry a minimum haircut of 2% of market value.

Additional haircut may be charged based on tenor and illiquidity of the security.

- q) The schemes may also enter into repurchase and reverse repurchase obligations in all securities (including Repos in corporate bonds) held by them as per the guidelines and regulations applicable to such transactions. It is the intention of the scheme to trade in the derivatives market as per the Regulations. The scheme may also invest into Tri-Party Repo on Government Securities or T-bills as per the prescribed guidelines of RBI.
- r) Investments in Equity or Equity related instruments will either in listed or to be listed companies
- s) Any other permitted overseas securities/ instruments that may be available from time to time. The scheme shall not invest in foreign securitized debts. Investment in Foreign Securities shall be in accordance with the guidelines issued by SEBI from time to time.
- t) Units issued by REITs and InvITs as per SEBI guidelines

The securities mentioned above could be listed, unlisted, publicly offered, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through public offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

An overall limit of 100% of the portfolio value has been introduced for the purpose of equity derivatives in the scheme.

Securities Lending by the Fund:

The scheme shall engage in securities lending for equity investments, in line with the SEBI (Mutual Funds) Regulations, 1996, Securities Lending Scheme, 1997, And Clause 12.11 of SEBI Master Circular dated June 27, 2024 notifying framework for lending of securities and such other applicable guidelines as may be amended from time to time.

The scheme may engage in Securities Lending not exceeding 15% of the net assets of the scheme and shall not lend more than 5% of its Net Assets to a single counterparty or such other limits as may be permitted by SEBI from time to time.

In accordance with the Regulations and applicable guidelines, the Fund may engage in stock lending activities. The Securities will be lent by the Approved Intermediary against collateral received from borrower, for a fixed period of time, on expiry of which the securities lent will be returned by the borrower.

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, resulting in inadequate value of collateral until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become

unable to honor its commitments. This along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there can also be temporary illiquidity of the securities that are lent out and the scheme may not be able to sell such lent out securities

Debt Market in India

The Indian Debt market is facing major shift in the recent times. The substantial growth in Mutual Fund collections in the past few years have provided an easy route for the investors to channelise their savings into the debt market, which otherwise is largely dominated by Banks and other Institutional investors.

At present, the Indian debt market is dominated by issues of Central Government bonds, Corporate Debentures and PSU Bonds. The new Securitised instruments are also very attractive in the primary market. Risk associated with securitized Debt or PTCs are credit risk, liquidity risk and price risk/interest rate risk. The other instruments available for investment are Commercial Papers, Certificate of Deposits, Government guaranteed bonds, etc.

Brief details about the instruments are given below as on Sep 30, 2025

Instruments	Listed/ Unlisted	Current Yield Range As on Apr 30, 2025	Liquidity	Risk profile
Central Government Securities	Listed	5.40% - 7.29%	High	Low
Corporate Debentures / PSU Bonds	Listed	6.67%-7.22%	Moderate	Low
CDs (short term)	Unlisted	5.95% - 6.44%	High	Low
Call Money	Unlisted	4.75%- 5.85%	High	Low
Mibor linked Papers*	Listed	125-145 bps	Low	Low

* Range of spread of 5 year AAA Corporate bond and OIS papers of similar maturity

A brief description about yields presently available on Central Govt. Securities /Bonds & Debentures of various maturities is as follows:

Annualised yields (as on Sep 30, 2025) are:

Yrs	=< 1yr	1yr - 5yr	5yr - 10yrs	10yr - 30 yrs
Central Government securities	5.47%-5.74%	5.74%-6.38%	6.37%-6.80%	6.68%-7.34%
Debentures/ Bonds (AAA rated)	6.67%-6.70%	6.74%-7.00%	7.02%-7.22%	-

THE PRICE AND YIELD ON VARIOUS DEBT INSTRUMENTS FLUCTUATE FROM TIME TO TIME DEPENDING UPON THE MACRO ECONOMIC SITUATION, INFLATION RATE, OVERALL LIQUIDITY POSITION, FOREIGN EXCHANGE SCENARIO, ETC. ALSO, THE PRICE AND YIELD VARIES ACCORDING TO MATURITY PROFILE, CREDIT RISK ETC..

C. WHAT ARE THE INVESTMENT STRATEGIES?

Nippon India Focused Fund is an actively managed Fund. The investment strategy of the scheme is to maintain an active and concentrated portfolio of equity & equity related instruments up to 30 companies across market capitalization. The aim will be to build a portfolio that adequately reflects a cross-section of the growth areas of the economy from time to time.

The Fund would identify Companies for investment, based on the following criteria amongst others:

1. Sound Management
2. Good track record of the company
3. Potential for future growth
4. Industry economic scenario
5. Strong Cash flows

Besides, it is expected that a portion of the funds will also be invested in initial offerings and other primary market offerings.

The Fund Manager will use a combination of top-down and bottom-up analysis to identify sector and stock weightages in the portfolio. Top down analysis involves an analysis of the macro environment in order to understand the business cycle that various sectors are exposed to. It also involves understanding sector trends such as scale of opportunity, pricing power, volume changes, government policy, international trends etc. Bottom-up analysis involves an analysis of company specific factors such as size, competitive position, scalability, management quality, operational efficiency, financial parameters, valuation, etc. The Fund Manager will also consider the prevailing stock market conditions in the overall portfolio construction process.

Nam India may, from time to time, review and modify the Scheme's investment strategy if such changes are considered to be in the best interests of the unit holders and if market conditions warrant it. Though every endeavor will be made to achieve the objectives of the Scheme, the AMC/ Sponsors/ Trustees do not guarantee that the investment objectives of the Scheme will be achieved.

Risk Control

The portfolio shall be structured so as to keep risk at acceptable levels. This shall be done through various measures including:

1. Broad diversification of portfolio
2. Ongoing review of relevant market, industry, sector and economic parameters

3. Investing in companies which have been researched
4. Investments in debentures and bonds will usually be in instruments which have been assigned investment grade ratings by any approved rating agency

Nam India may, from time to time, review and modify the Scheme's investment strategy if such changes are considered to be in the best interests of the unitholders and if market conditions warrant it. Investments in securities and instruments not specifically mentioned earlier may also be made, provided they are permitted by SEBI/RBI and approved by the Trustee. However, such investments shall be made keeping in view the Fundamental Attributes of the Scheme.

Investment Philosophy and Focus

India today is the world's largest democracy with a vibrant electorate, active Judiciary and civil society groups, and a fiercely independent media.

It is the Fund's view that India's growth model promises more stable, sustainable expansion and bigger returns for the investors. There exists a very positive view on the sectors like Agriculture, Manufacturing and Service, which contribute, substantially to our GDP. In our view all these three sectors simultaneously are looking quite attractive and bullish.

The Indian economy has performed impressively over the past two decades. A major fiscal and balance of payment crisis led to a package of radical economic reforms in 1991. Since then, India has undertaken far-reaching economic reforms of deregulation and liberalization, which has unleashed the enormous growth potential of the economy and a powerful entrepreneurial force. The reform measures included a greater private sector role in India's development by improving the investment and tax regimes, dismantling industrial licensing, opening infrastructure to private investment, reforming public enterprises and the financial sector, and reducing price controls. The package also initiated the liberalisation of foreign trade and exchange regimes.

The consumers and public have realized the benefits of liberalization through increase in the choice and quality of products and decrease in prices. The business and industry have also adjusted themselves with the liberalization and globalization. The unprecedented high level of foreign exchange reserves, upward trend in FDI inflows and the general growth of the economy has given more confidence and encouragement to the policy-makers to further accelerate its economic reforms and liberalization process. Both at the central and state levels and across political parties, in general, there is consensus on further economic liberalization.

The Fund is of the view that the reforms program and the market-oriented policies of the Government are irreversible. The government is committed to economic reforms with a human face that stimulates growth, investment and employment. The government has recognized that further reforms are needed in agriculture, industry, services and infrastructure.

Government has divested its stake in public sector undertakings in the light of the redefinition of its role from being a provider of goods and services to that of a policy-maker and facilitator. Between 1991 and 2003, the Government has privatized assets worth US\$ 10 billion including \$ 3.5 billion in fiscal 2003-2004. The economic reform process involves structural changes in various sectors and companies like:

- Ø Encouraging private participation and changing the ownership model in favour of private participants
- Ø De-regulation of pricing
- Ø Increased spending by government on the infrastructural projects
- Ø Reforming public enterprises and the financial sector

These planned steps will accelerate the pace of GDP growth and would encourage investments in form of increased FDIs/ and private investments. This will result in increase in investment capital and would finally result in the overall value creation in the economy. This will be reflected in increased valuations of the individual companies, increased corporate profitability and better market capitalization. These changes will implant greater confidence in the minds of the domestic and foreign investors.

Exposure to foreign equity securities:

The scheme, subject to SEBI guidelines issued from time to time, may have an exposure of upto 20% of its net assets in foreign equity securities. The AMC with a view to protecting the interests of the investors may increase exposure in foreign equity securities upto 100% as deemed fit from time to time. However, the exposure in such foreign equity securities would not exceed the maximum amount permitted from time to time. Boards of asset management companies (AMCs) and trustees shall exercise due diligence in making investment decisions as required under Regulation 25 (2). They shall make a detailed analysis of risks and returns of investment in foreign equity securities, comparing them with likely yields of the securities available in domestic markets and how these investments would be in the interest of investors. Investment must be made in liquid actively traded securities. Boards of AMCs and trustees may prescribe detailed parameters for making such investments, which may include identification of countries, country rating, country limits, etc. They shall satisfy themselves that the AMC has experienced key personnel, research facilities and infrastructure for making such investments. Other specialised agencies and service providers associated with such investments e.g. custodian, bank, advisors, etc should also have adequate expertise and infrastructure facilities. Their past track record of performance and regulatory compliance record, if they are registered with foreign regulators, may also be considered. Necessary agreements may be entered into with them as considered necessary. All investment decisions shall be recorded in accordance with SEBI Regulations as may be applicable from time to time.

Investment in overseas financial assets: SEBI vide. its clause 12.19 of SEBI Master Circular dated June 27, 2024 has issued guidelines pertaining to investments in overseas financial assets. Accordingly all the investments in ADR/GDR and foreign securities shall be made in compliance with the above referred circular. It is the investment manager's belief that overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Offshore investment will be made subject to any/ all approvals / conditions thereof as may be stipulated by SEBI/ RBI/ other regulatory authorities. The Fund shall appoint a dedicated fund manager for the purpose of investment in overseas financial assets as prescribed in the aforesaid SEBI Circular. The fund may, where necessary, appoint other intermediaries of repute as advisors, subcustodians, etc. for managing and

administering such investments. The fees and expenses of such appointment would be part of the recurring expenses of the scheme. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would include, besides the investments management fees, custody fees and costs, fees of appointed advisors and sub managers, transaction costs and overseas regulatory costs. Investment in foreign securities offers more opportunities and diversification for investments. Investors may note that the scheme shall not invest in foreign debt securities.

Advantages and Risks attached with investments in overseas financial assets:

It is AMC's belief that the investment in ADRs/GDRs/overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Scheme would invest only partially in ADRs/ GDRs/overseas securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme.

We have seen that different economies perform differently at various points in time. Therefore in order to maximize the gains to the investors by allocating resources to economies which are doing better than ours and also to diversify the risk arising out of concentrated investments in just one country, we may propose to invest in foreign securities in compliance to the regulations from time to time.

- To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.
- To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.
- Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, wherever necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments.
- The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory cost

i. Investors are requested to take note that in case the scheme invests in securitized debt

Disclosures with respect to securitized debt

1. How the risk profile of securitized debt fits into the risk appetite of the scheme

Securitized debt is a form of conversion of normally non-tradable loans to transferable securities. This is done by assigning the loans to a special purpose vehicle (a trust), which in turn issues Pass-Through-Certificates (PTCs). These PTCs are transferable securities with fixed income characteristics. The risk of investing in securitized debt is similar to investing in debt securities. However, it differs in following two majorly respects :-

Typically, the liquidity of securitized debt is less than similar debt securities. However, this is expected to change as SEBI has issued its guidelines on listing of securitized instrument and going forward, we expect more issuance of listed securitized debt. Currently, the fund manager normally buys these with the view to hold them till maturity. For the close ended scheme, the average tenor of the securitized debt would not exceed maturity of the Scheme / Plan / Fund. For open ended scheme, average maturity of the securitized debt will be in accordance, with the investment time horizon of such scheme, opportunities available in the market and interest rate views of the investment team.

For certain types of securitized debt (backed by mortgages, personal loans, credit card debt, etc.), there is an additional pre-payment risk. Pre-payment risk refers to the possibility that loans are repaid before they are due, which may reduce returns if the re-investment rates are lower than initially envisaged. The fund manager price the securitized debt accordingly to compensate for reinvestment risk.

Because of these additional risks, securitized debt typically offers higher yields than debt securities of similar credit rating and maturity. If the fund manager judges that the additional risks are suitably compensated by the higher returns, he may invest in securitized debt according to the nature (open ended / close ended) of the scheme.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.

Originators have been broadly categorized as follows:

- i. PSU Banks;
- ii. Private Banks;
- iii. NBFC's with asset size of Rs. 1,000 crores and above; and
- iv. NBFC's with asset size of below Rs. 1,000 crores.

Before the assessment of the structure is undertaken, the originators/ underlying issuers are evaluated on the following parameters:

- Track record - good track record of the originators/ underlying issuers or its group companies.
- Willingness to pay - credible and strong management team.
- Ability to pay – good financials and business profile.
- Risk appraisal capabilities - strong and well defined risk assessment processes
- Business risk assessment of the originators based on the following factors:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

Further, investments in securitized debt will be done in accordance with the investment restrictions specified under the Regulations / this Scheme Information Documents which would help in mitigating certain risks. Currently, as per the Regulations,

3. Risk mitigation strategies for investments with each kind of originator

Investments are based on assessment of following parameters, so as to mitigate risk associated with such investment:

- Credit quality, size and reach of the originator
- Nature of receivables/asset category i.e. cars, construction equipment, commercial vehicles, personal loans etc.
- Collection process, infrastructure and follow up mechanism
- Quality of MIS
- Credit cum liquidity enhancement
- Credit appraisal norms of originator
- Asset Quality - portfolio delinquency levels
- Past performance of rated pools
- Pool Characteristics - seasoning, Loan-to value ratios, geographic diversity etc.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

In retail securitized debt investments, we will invest majorly in pools such as Medium and Heavy Commercial Vehicles, Light 26 Commercial Vehicles (LCV), Cars, and Construction Equipment, SME/MSME pool, Unsecured pool, personal loan pool, Loan Against Property, Any other retail lending product etc. Where we invest in Single Loan Securitization, as the credit is on the underlying issuer, we focus on the credit review of the borrower. A credit analyst sets up limit for various issuers based on independent research taking into account their historical track record, prevailing rating and current financials.

Table 1: illustrates the framework that will be applied while evaluating investment decision relating to a securitization transaction:

"Characteristics/Type of Pool"	"Mortgage Loan "	Commercial Vehicle and Construction Equipment	CAR	2Wheelers	Micro Finance	Personal Loans	Single Loan Sell Downs / Others
Collateral margin (including cash, excess interest spread, subordinate tranche)	In excess of 3%	In excess of 5%	In excess of 5%	In excess of 5%	In excess of 10%	In excess of 10%	Any Single Loan Sell Downs/ other class of securitised debt would be evaluated on a case by case basis
Average Loan to Value Ratio	85% or Lower	100% or lower	95% or Lower	95% or Lower	Unsecured	Unsecured	
Minimum Average seasoning of the Pool	3 months	3 months	3 months	3 months	1 month	1 month	
Maximum single exposure Range	5%	5%	1%	1%	< 1%	< 1%	
Average single exposure range	<5%	<5%	< 1%	< 1%	< 1%	< 1%	

5. Minimum retention period of the debt by originator prior to securitization

The Mutual Fund will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

6. Minimum retention percentage by originator of debts to be securitized

We will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund.

Investments made by the Scheme in any asset are done based on the requirements of the Scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest.

8. In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt.

As with any other debt instruments, investment in securitized debt instruments will be closely monitored by a dedicated team of credit analysts, ratings of any such instruments will be continuously tracked and periodic performance report from Trustee and MIS from Originators, if any would be scrutinized closely.

For details of securitized debt, please refer to SAI

ii. Disclosure of Trading in Derivatives

For details of Derivatives Strategies, please refer to SAI

Portfolio Turnover Policy:

Given the nature of the scheme, the portfolio turnover ratio may be very high and AMC may change the portfolio according to Asset Allocation, commensurate with the investment objectives of the scheme. The effect of higher portfolio turnover could be higher brokerage and transaction costs

.D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

AMFI Tier I Benchmark - **BSE 500 TRI**

Considering the investment in the fund to be made in equity/ equity related securities of companies across market capitalization with the objective of achieving long term growth of capital, we propose to have BSE 500 TRI as a benchmark for this fund..

E. WHO MANAGES THE SCHEME?

Name	Age	Educational Qualification	Type and Nature of past experience including assignments held during the past 10 years	Name of the Other Schemes managed
Mr. Vinay Sharma Senior Fund Manager (Managing the Scheme - Since May, 2018)	46	B.Arch, PGDCM	Over 21 years of experience April 2018 till date Nam India Fund Manager January 2010 till March 2018 ICICI Prudential Asset Management – Fund Manager Equities January 2007 – January 2010 AIG Global Asset Management Company – Equity Research Analyst Dec 2004 – January 2007 J P Morgan India Services Private Limited – Equity Research Analyst July 2004 – December 2004 UTI Bank – management trainee	Nippon India Banking & Financial Services Fund Nippon India Innovation Fund
Mr. Rishit Parikh Assistant Fund Manager (Managing the Scheme - Since August 19, 2024)	38	MBA, B-Tech	<u>Over 16 years of experience</u> <u>From August 19, 2024 onwards</u> Co - Fund Manager / Assistant Fund Manager & Research Analyst, NAM India <u>October 2021 – August 18, 2024</u> Research Analyst - Equity, Nippon Life Asset Management <u>May 2015 to October 2021</u> Lead Analyst, IT, Internet & Real Estate at Nomura. <u>March 2014 to September 2015</u> Senior Analyst, Goldman Sachs. F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

Existing Equity schemes of Nippon India Mutual Fund are as follows:

Sr. No.	Name
1.	Nippon India Arbitrage Fund
2.	Nippon India Balanced Advantage Fund
3.	Nippon India Banking & Financial Services Fund
4.	Nippon India Consumption Fund
5.	Nippon India Aggressive Hybrid Fund (Existing Number of Segregated Portfolios - 2)
6.	Nippon India Equity Savings Fund (Existing Number of Segregated Portfolios - 2)
7.	Nippon India Flexi Cap Fund
8.	Nippon India Focused Fund
9.	Nippon India Growth Mid Cap Fund
10.	Nippon India Japan Equity Fund
11.	Nippon India Large Cap Fund

12.	Nippon India Multi Asset Allocation Fund
13.	Nippon India Multi Cap Fund
14.	Nippon India Pharma Fund
15.	Nippon India Power & Infra Fund
16.	Nippon India Quant Fund
17.	Nippon India Retirement Fund - Wealth Creation Scheme
18.	Nippon India Small Cap Fund
19.	Nippon India Taiwan Equity Fund
20.	Nippon India ELSS Tax Saver Fund
21.	Nippon India US Equity Opportunities Fund
22.	Nippon India Value Fund
23.	Nippon India Vision Large & Mid Cap Fund
24.	Nippon India Innovation Fund
25.	Nippon India Active Momentum Fund
26.	Nippon India MNC Fund

For any other disclosure w.r.t investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

v. Investments of AMC in the Scheme –

Subject to the Regulations, the AMC may invest in the Scheme during the NFO and/or on ongoing basis.

In terms of sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 read along with Clause 6.9 of the SEBI Master Circular dated June 27, 2024 and AMFI Best Practice Guidelines Circular No.100 /2022-23 dated April 26, 2022 on 'Alignment of interest of AMCs with the Unitholders of the Mutual Fund schemes', the AMC shall invest its own funds in the scheme(s) based on the risks associated with the schemes, as may be specified by the SEBI from time to time.

Further, the AMC shall not charge any investment management and advisory fee on its investment in the Scheme (s), unless allowed to do so under SEBI Regulations in the future.

For details of investment please visit : <https://mf.nipponindiaim.com/investor-service/statutory-disclosures>

Part III - OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) of the Units will be determined daily or as prescribed by the Regulations. The NAV shall be calculated in accordance with the following formula, or such other formula as may be prescribed by SEBI from time to time.

NAV =	Market/Fair Value of Scheme's Investments + Receivables + Accrued Income + Other Assets - Accrued Expenses- Payables- Other Liabilities
	Number of Units Outstanding

Rounding off policy for NAV

Net Asset Value of the Units in the Scheme is calculated in the manner provided in this Scheme Information Document or as may be prescribed by Regulations from time to time. The NAV will be computed upto four decimal places.

Example: If the applicable NAV is Rs. 10.00, sales/entry load is 2 per cent and the exit/repurchase load is 2 percent then the sales price will be Rs. 10.20 and the repurchase price will be Rs. 9.80.

Illustration for computation of NAV:

Particulars	Amount (In INR)
Assets	
Market/Fair Value of Scheme's Investments	1,00,000
Current Assets	
Receivables	1,500
Accrued Income	500
Other Assets	1,000
Total Assets (A)	1,03,000
Current Liabilities	
Accrued Expenses	1,100
Payables	300
Other Liabilities	100
Total Liabilities (B)	1,500
Net Assets (C) (A – B)	1,01,500
Units Outstanding (D)	10,000
NAV per unit (C/D)	10.1500

The mutual fund shall ensure that the repurchase price of the scheme is not lower than 97% of the Net Asset Value.

Methodology for calculation of sale and re-purchase price of the units of mutual fund scheme:

Let's assume that the NAV of a Mutual Fund Scheme on April 01, 2018 is Rs. 10/-.

Purchase of mutual fund units:

The Purchase Price of the Units on an ongoing basis will be same as Applicable NAV.

Purchase Price = Applicable NAV

In the above example, purchase is done on April 01, 2018, when the Applicable NAV = Rs. 10/-. Therefore, Purchase Price = Rs. 10/-

As per existing Regulations, no entry load is charged with respect to applications for purchase / additional purchase of mutual funds units.

Redemption/Re-purchase of mutual fund units:

The Redemption Price of the Units will be calculated on the basis of the applicable NAV subject to prevailing Exit Load, if any. In case of redemption, the amount payable to the investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)

Say, in the above example the exit load applicable is

For exit on or before 12 months from the date of allotment – 1.00%

For exit after 12 months from the date of allotment – Nil.

Scenario 1: Redemption is done during applicability of exit load

In case the investor requests for redemption on or before 12 months i.e. on or before March 31, 2019; say December 1, 2018, when the NAV of the scheme is Rs. 12/- and the exit load applicable is 1%, so the Redemption amount payable to investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)

= Rs. 12 * (1-1%) = Rs. 11.88/-

Scenario 2: Redemption is done when the exit load is NIL

In case the investor requests for redemption after 12 months i.e. after March 31, 2019; say April 1, 2019, when the NAV of the scheme is Rs. 12/- and the exit load applicable is NIL, so the Redemption amount payable to investor shall be calculated as follows:

$$\begin{aligned}\text{Redemption Price} &= \text{Applicable NAV} * (1 - \text{Exit Load}) \\ &= \text{Rs. } 12 * (1-0) = \text{Rs. } 12/-\end{aligned}$$

The aforesaid example does not take into consideration any applicable statutory levies or taxes. Accordingly, the redemption amount payable to investor shall further reduce to the extent of applicable statutory levies or taxes.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

Being an ongoing Scheme details as regard NFO expenses have not been provided herein.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. As specified under Section II - C of this document, the scheme will invest a minimum of sixty-five per cent of its net assets in equity and equity related instruments, thus the scheme will be considered as equity oriented scheme for the purpose of limits of total expense ratio as defined under regulation 5A of regulation 52 of the SEBI Regulations These expenses include Investment Management and Advisory Fee charged by the AMC and other expenses as given in the table below:

The AMC has estimated that following % of the daily net assets of the scheme will be charged to the scheme as expenses. The AMC would update the current expense ratios on the website of the mutual fund at least three working days prior to the effective date of the change. Further Actual Expense ratio will be disclosed at the following link

<https://mf.nipponindiaim.com/investor-services/downloads/total-expense-ratio-of-mutual-fund-schemes>

Estimated Expense Structure

Particulars	% of Net Assets
Investment Management & Advisory Fee	Up to 2.25%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory Advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Service Tax on expenses other than investment and advisory fees	
Brokerage and transaction cost (Including GST) over and above 12 bps and 5 bps for cash and derivative market trades respectively	
Other Expenses #	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Up to 2.25%
Additional expenses under regulation 52 (6A) (c)#	Up to 0.05%

(# Expenses charged under the said parameters shall be in line with the Regulation 52 of SEBI (MF) Regulations or such other basis as specified by SEBI from time to time.)

Illustration – Impact of Expense Ratio on the Returns		
Particulars	Regular Plan/Other than Direct Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1,300	1350
Returns	13.00%	13.50%

Note: Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se as per actual but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Mutual funds /AMCs may charge Goods & Service Tax on investment and advisory fees to the scheme in addition to the maximum limit as prescribed in regulation 52 of the SEBI Regulations.

Goods & Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the SEBI Regulations.

Mutual Funds/AMCs will annually set apart at least 2 basis points on daily net assets within the maximum limit as per regulation 52 of the SEBI Regulations for investor education and awareness initiatives.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, and no commission shall be paid from such plan.

However, no Investment Management fees would be charged on Nam India's investment in the Scheme. The Trustee Company, shall be entitled to receive a sum computed @ 0.05% of the Unit Capital of all the Schemes of NIMF on 1st April each year or a sum of Rs.5,00,000/- which ever is lower or such other sum as may be agreed from time to time in accordance with the SEBI Regulations or any other authority, from time to time.

Investors are requested to note that the total expense ratio of the open ended equity oriented scheme including the investment management and advisory fee shall not exceed the limits stated in Regulation 52(6) (c) which are as follows:

- (i) On the first Rs. 500 crores of the daily net assets - 2.25%;
- (ii) On the next Rs. 250 crores of the daily net assets - 2.00%;
- (iii) On the next Rs. 1,250 crores of the daily net assets - 1.75%;
- (iv) On the next Rs. 3,000 crores of the daily net assets - 1.60%;
- (v) On the next Rs. 5,000 crores of the daily net assets - 1.50%;
- (vi) On the next Rs. 40,000 crores of the daily net assets - Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof;
- (vii) On the balance of the assets - 1.05%;

The above expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations, 1996, which means there will be no internal sub-limits on expenses and AMC is free to allocate them within the overall TER.

In terms of Regulation 52(1) of SEBI (Mutual Funds) Regulations, 1996, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, will necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses shall be paid out of AMC books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower. List of such miscellaneous expenses may be provided by AMFI in consultation with SEBI or as specified/amended by AMFI/SEBI from time to time.

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the scheme as per new sub regulation 6A, namely:-

- (a) Brokerage and Transaction costs (including GST) incurred for the execution of trades may be expensed out in the scheme to the extent of 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Any payment towards brokerage and transaction costs incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure in excess of the said prescribed limit (including brokerage and transaction costs, if any) shall be borne by the AMC or by the Trustee or Sponsors.;
- (b) additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4), not exceeding 0.05 per cent of daily net assets of the scheme.

The Fund will strive to reduce the level of these expenses so as to keep them well within the maximum limits allowed by SEBI. Expenses on an ongoing basis will not exceed the percentage of the daily net assets or such maximum limits as may be specified by SEBI Regulations from time to time.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC <https://mf.nipponindiaim.com> or may call at Customer Service Centre at 1860-266-0111 (charges applicable), and Investors outside India can call at 91-22-69259696 (charges applicable)

Type of Load	Load chargeable (as a % of NAV)
Exit	10% of the units allotted shall be redeemed without any exit load, on or before completion of 12 months from the date of allotment of units. Any redemption in excess of such limit in the first 12 months from the date of allotment shall be subject to the following exit load, Redemption of units would be done on First in First out Basis (FIFO): 1% if redeemed or switched out on or before completion of 12 months from the date of allotment of units. - Nil, thereafter. W.E.F. October 01, 2012, Exit Load If charged to the scheme shall be credited to the scheme immediately net of Goods and service tax, if any.
Inter scheme Switch	At the applicable loads in the respective schemes.
Inter Plan/Inter Option Switch/Systematic Transfer Plans (STP):	Switch / Systematic transfer of Investments made from 'Regular Plan' to 'Direct Plan' under the scheme and vice versa, will not be subject to exit load.

Pursuant to Clause 10.6 of SEBI Master circular dated June 27, 2024, no entry load or exit load shall be charged in respect of units allotted on reinvestment of IDCW.

Load amounts are variable and are subject to change from time to time. NAM India, in consultation with the Trustees, reserves the right to change the load structure if it so deems fit in the interest of smooth and efficient functioning of the scheme. Any imposition or enhancement in the load shall be applicable on prospective investments only. However, NAM India shall not charge any load on issue of units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the load structure:

- The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- Any other measures which the mutual funds may feel necessary.

The investor is requested to check the prevailing load structure of the scheme before investing.

For any change in load structure NAM India will issue an addendum and display it on the website/Investor Service Centres.

I. INTRODUCTION

A. Definitions/interpretation

For definition details please visit <https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

B. Risk Factors

SCHEME SPECIFIC RISK FACTORS

a) Risks associated with investing in Equities

The Scheme being an equity scheme will be affected by the risks associated with the equity market.

Equity and Equity related instruments on account of its volatile nature are subject to price fluctuations on daily basis. The volatility in the value of the equity and equity related instruments is due to various micro and macro economic factors affecting the securities markets. This may have adverse impact on individual securities /sector and consequently on the NAV of Scheme.

The inability of the Scheme to make intended securities purchases due to settlement problems, could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the schemes portfolio may result, at times, in potential losses to the scheme, should there be a subsequent decline in the value of the securities held in the schemes portfolio.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments. This may impact the ability of the unit holders to redeem their units. In view of this, the Trustee has the right, in its sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

The Scheme may find itself invested in unlisted securities due to external events or corporate actions. This may increase the risk of the portfolio as these unlisted securities are inherently illiquid in nature and carry larger liquidity risk as compared to the listed securities or those that offer other exit options to the investors.

Investments in equity and equity related securities involve high degree of risks and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.

b) Risks associated with investing in Bonds

Investment in Debt is subject to price, credit, and interest rate risk.

The NAV of the Scheme may be affected, inter alia, by changes in the market conditions, interest rates, trading volumes, settlement periods and transfer procedures.

Corporate debt securities are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk). Debt securities may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of the creditworthiness of the issuer, among others (market risk). The Investment Manager will endeavor to manage credit risk through in-house credit analysis. The Scheme may also use various hedging products from time to time, as are available and permitted by SEBI, to attempt to reduce the impact of undue market volatility on the Scheme's portfolio.

The NAV of the Scheme's Units, to the extent that the Scheme is invested in fixed income securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline.

Investing in Bonds and Fixed Income securities are subject to the risk of an Issuer's inability to meet principal and interest payments obligation (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (market risk).

The timing of transactions in debt obligations, which will often depend on the timing of the Purchases and Redemptions in the Scheme, may result in capital appreciation or depreciation because the value of debt obligations generally varies inversely with the prevailing interest rates.

Interest Rate Risk: As with all debt securities, changes in interest rates will affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of longer-term securities generally fluctuate more in response to interest rate changes than do shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.

Liquidity or Marketability Risk: This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.

Credit Risk: Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e. will be unable to make timely principal and interest payments on the security). Because of this risk debentures are sold at a yield spread above those offered on Treasury securities, which are sovereign obligations and generally considered to be free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default.

Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme or from maturities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk refers to the fall in the rate for reinvestment of interim cashflows.

Risks associated with various types of securities

	CREDIT RISK	LIQUIDITY RISK	PRICE RISK
Listed	Depends on credit quality	Relatively Low	Depends on duration of instrument
Unlisted	Depends on credit quality	Relatively High	Depends on duration of instrument
Secured	Relatively low	Relatively Low	Depends on duration of instrument
Unsecured	Relatively high	Relatively High	Depends on duration of instrument
Rated	Relatively low and depends on the rating	Relatively Low	Depends on duration of instrument
Unrated	Relatively high	Relatively High	Depends on duration of instrument

Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern e.g. corporate bonds, carry a higher level of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

c) Risks associated with investing in Overseas / foreign Securities

The Fund may invest in overseas equities / ADR's / GDR's with the approval of RBI/SEBI, subject to such guidelines as may be issued by RBI/SEBI. The net assets, distributions and income of the scheme may be affected adversely by fluctuations in the value of certain foreign currencies relative to the Indian Rupee to the extent of investments in these securities. Repatriation of such investment may also be affected by changes in the regulatory and political environments. The scheme's NAV may also be affected by a fluctuation in the general and specific level of interest rates internationally, or the change in the credit profiles of the issuers. Further, the investment in foreign securities will be subject to such restrictions as specified under the SEBI (Mutual Funds) Regulations/ Circulars and Guidelines issued by SEBI from time to time.

Subject to necessary approvals and within the investment objectives of the Scheme, the Scheme may invest in overseas markets which carry a risk on account of fluctuations in foreign exchange rates, nature of securities market of the country concerned, repatriation of capital due to exchange controls and political circumstances.

To the extent that the assets of the schemes will be invested in securities denominated in foreign currencies, the Indian rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian rupee (if Indian rupee appreciates against these foreign currencies). The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment. The scheme may have to pay applicable taxes on gains from such investment.

As regards foreign equity securities that are traded on exchanges that are not located in India basis of valuation will depend on the time zone of the respective country. For exchanges located in countries, with time zone earlier than India, the NAV will be calculated based on the closing price of the foreign equity security and the prevailing exchange rate on that date. For exchanges located in countries, with time zone later than India, the NAV will be calculated based on the closing price of the foreign equity security and the prevailing exchange rate of the previous date.

Subject to the Regulations, the investments may be in securities which are listed or unlisted, secured or unsecured, rated or unrated, and acquired through secondary market purchases, RBI auctions, open market sales conducted by RBI etc., Initial Public Offers (IPOs), other public offers, placements, rights, offers, negotiated deals, etc.

To avoid duplication of portfolios and to reduce expenses, the Scheme may invest in any other schemes of the Fund to the extent permitted by the Regulations. In such an event, Nam India will not charge management fees on the amounts of the Schemes so invested, unless permitted by the Regulations.

Additional Risk Factors

The risk associated with underlying stocks remain the same except for the additional risk of fluctuation in the exchange rate of the Indian Rupee vis-à-vis US Dollar – the currency in which GDRs / ADRs are denominated. To manage risks associated with the portfolio, foreign currency and interest rate exposure, the Fund may use / invest in derivatives for efficient portfolio management including hedging and in accordance with the conditions as may be stipulated by SEBI / RBI. The Fund also hereby avers that offshore investments shall be made subject to any / all approvals, as well as the conditions thereof as may be stipulated by SEBI / RBI and provided such investments do not result in expenses to the fund in excess of the ceiling, if any, on the expenses prescribed by SEBI. The expenses to the fund shall be limited to the level which, in the opinion of the Fund, is reasonable and consistent with the costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute such as advisors, sub-managers, sub-custodian etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fee, custody fees and costs, fees of appointed overseas advisors and sub-managers, transaction costs, and overseas regulatory costs.

d) **Risk associated with investing in Derivatives**

Valuation Risk

The risk in valuing the Debt & Equity derivative products due to inadequate trading data with good volumes. Derivatives with longer duration would have higher risk viz a viz the shorter duration derivatives.

Mark to Market Risk

The day-to-day potential for an investor to experience losses from fluctuations in underlying stock prices and derivatives prices.

Systematic Risk

The risk inherent in the capital market due to macro economic factors like Inflation, GDP, Global events.

Liquidity Risk

The risk stemming from the lack of availability of derivatives products across different maturities and with different risk appetite.

Implied Volatility

The estimated volatility of an underlying security's price and derivatives price.

Interest Rate Risk

The risk stemming from the movement of Interest rates in adverse direction. As with all the debt securities, changes in the interest rates will affect the valuation of the portfolios.

Counterparty Risk (Default Risk)

Default risk is the risk that losses will be incurred due to the default by the counterparty for over the counter derivatives.

System Risk

The risk arising due to failure of operational processes followed by the exchanges and OTC participants for the derivatives trading.

Risk attached with the use of derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Nam India may use various derivative products, as permitted by SEBI from time to time, in an attempt to protect the value of the portfolio and enhance Unit holder's interest/value of the Scheme. As and when the schemes trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

e) **Risk Associated with Securitised Debt**

The Scheme may invest in Securitised debt.

As with any other debt instrument, the following risk factors have to be taken into consideration while investing in PTCs:

- a. **Credit Risk** : Since most of the PTCs are drawn from a cherry picked pool of underlying assets, the risk of delay / default due to poor credit quality is low. Further more most of the PTCs enjoy additional cashflow coverage in terms of subordination by another lower class of PTCs or in terms of excess cash collateralisation.
- b. **Liquidity Risk**: Since the maturity of the PTCs will be in line with the maturity of the FMP, the risk arising from low secondary market liquidity of such instruments is low.
- c. **Price Risk / Interest Rate Risk** : The price risk of these instruments shall be in line with the maturity / duration of such instruments. However given the fact that these instruments will have a maturity profile upto 2 years, the duration risk is relatively less.
- d. **Domestic Securitised debt** can have different underlying assets and these assets have different risk characteristics. These may be as given in the following example:

Security 1 -Backed by receivables of personal loans originated by XYZ Bank

Security 2 - Senior Series Pass Through Certificates backed by commercial vehicles and two-wheeler loan and loan receivables from ABC Bank Limited

Specific Risk Factors: Loss due to default and/or payment delay on Receivables, Premature Termination of Facility Agreements, Limited loss cover, Delinquency and Credit Risk, Limited Liquidity and Price Risk, Originator/Collection Agent Risk, Bankruptcy of the Originator, Co-mingling of funds

f) **Risk associated with Short Selling & Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. In case the Scheme undertakes stock lending under the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Short-selling is the sale of shares that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the loan. If the price of the stock has fallen, he can buy the stock back for less than he received for selling it and profits from it (the difference between higher short sale price and the lower purchase price). However, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the price increases without limit and shall result into major losses in the portfolio.

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

g) **Risk factors associated with repo transactions in corporate bonds -**

In Repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. The Scheme may invest in repo of corporate debt securities which are subject to the following risks:

- a. **Counterparty Risk:** This refers to the inability of the seller to meet the obligation to buy back securities at the contracted price. The Investment Manager will endeavor to manage counterparty risk by dealing only with counterparties having strong credit profiles assessed through in-house credit analysis or with entities regulated by SEBI/RBI/IRDA.
- b. **Collateral Risk:** In the event of default by the repo counterparty, the schemes have recourse to the corporate debt securities. Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk is mitigated by restricting participation in repo transactions only in AA and above rated money market and corporate debt securities. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument

h) **Risk Factors Associated with Investments in REITs and InvITS:**

Market Risk: REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.

Liquidity Risk: As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.

Reinvestment Risk: Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or IDCW pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

Regulatory/Legal Risk: REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis

The above changes will be applicable to all the relevant sections of SID and KIM and the respective sections shall stand modified accordingly. All other terms and conditions as mentioned in the SID / KIM of Scheme shall remain unchanged. The above proposal is change in the Fundamental Attributes of the scheme as per Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996 and pursuant to provision of Clause 12.21 of SEBI Master Circular dated June 27, 2024.

i) **Risk associated with Imperfect Hedging using Interest Rate Futures**

1) **Basis Risk**

Each security would be hedged with an Interest rate future. Hypothetically creating an imperfect hedge, **IGB 7.17% 2028** on which we are **long**, and **short** on an (**interest rate future**) IRF 6.79% 2027 for which the underlying is 10 year bond, if the **spot yield are 7%** and **future yield is 7.3%** the **basis** would be of **0.3%**. There is an inherent risk of this basis (spread) narrowing, widening or remaining stable/flat.

Spread widening means that the spot becomes 6.9% and future becomes 7.25% - the **basis increases** in total by 0.5% and new basis is 0.35%. Due to this there would be a profit of 5bps on the IGB 8.15% 2026 long bond and there would be a loss of 5bps on IRF short future position. This would result in an **overall profit** as the price of a bond would increase more compared to the increase in the price of IRF due to the duration and convexity effect.

Spread narrowing means that the spot becomes 7.2% and future becomes 7.35% - the **basis decreases** in total by 0.15% and the new basis is 0.15%. This would result in a **loss** as the price of IGB 8.15% 2026 bond would decrease more compared to the decrease in the price of IRF due to the duration and convexity effect.

Spread remaining flat or stable means that the spread does not move or is a **negligible change** in the basis i.e. in our example is of 0.3%.

2) **Mispricing Risk, or improper valuation –**

Market circumstances may necessitate unwinding the derivative positions at sub-optimal prices during periods of market dislocation triggered by contagion or turmoil e.g. if the expected upward trajectory of yields reverses course and begins to spiral downward, most participants with short Interest Rate Futures positions are likely to seek an unwinding, leading to a potential amplification in the adverse price movement, and impact there from.

3) **Liquidity Risk :**

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.

4) **Correlation weakening, and consequent risk of regulatory breach –**

SEBI regulation mandates minimum correlation criteria of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative serving as the hedge; in cases where this limit is breached (i.e. when the 90-day correlation falls below 0.9), a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement within the stipulated period due to difficulties in re-balancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value; leverage is not permitted as per SEBI guidelines.

Numerical Example Explaining Imperfect Hedging With Investments In IRF's

Perfect hedging:

Spot price of Govt. security (6.79% 2027) = 94.42, Yield – 7.68%

Price of IRF - November Contract (expiry on 23-November-2017) = Rs 94.45

On 5th November, 2017, the fund bought Rs 100 crores worth of government security from the spot market at Rs 94.42. Subsequently, it is anticipated that yields may rise in the near future. Thus, to hedge the underlying position taken, the fund sells November 2017 IRF 6.79% 2027. The price of the Futures contract is Rs 94.45.

On 11th November, 2017, assuming due to increase in yields:

Spot price of the security (6.79% 2027) = 94.00

Price of IRF - November Contract (expiry on 23-November-2017) = 94.03

Thus, due to hedging the portfolio:

Loss in the underlying security: $(94.00 - 94.42) \times 100 \text{ crores} = (0.42 \text{ crores})$

Profit in the futures market: $(94.45 - 94.03) \times 100 \text{ crores} = 0.42 \text{ crores}.$

Thus due to the effective use of Interest Rate Futures, the notional loss in the underlying security was getting offset by the IRF future position.

Imperfect hedging:

DP = Duration of the portfolio (measure of the interest rate sensitivity of the portfolio) = 7

DF = Duration of the underlying security of the futures contract = 6

P = Portfolio's market value = 100 crores

Y = underlying interest rate or portfolio yield = 8.00%

The portfolio can be a mix of:

- 1) Corporate Bonds and Government securities
- 2) Only Corporate Bonds (i.e. no Government securities)

Subsequently, if it is anticipated that yields may rise in the future, the fund manager can hedge the underlying duration risk in the IRF by selling the futures contract.

Imperfect hedge allowed as per the SEBI limit = 20% of the Net asset of the portfolio

Assuming the interest rates rise by 50 bps point, post the imperfect hedging

Change in the market value of the portfolio = $(P \times DP \times \text{Change in interest rate}) = 100 \text{ crores} \times 7 \times (0.50\%) = (3.50 \text{ crores})$

Duration risk managed due to hedge in IRF = % of portfolio hedged * P * DF * Change in the interest rates
 $= 20\% \times 100 \times 6 \times (0.50\%) = 0.60 \text{ crores}$

Thus net change in the market value of the portfolio = Rs 100 – Rs 3.50 + Rs 0.60 = Rs 97.10

As can be seen from the above, in case yields move higher by 50 bps, there is a loss in the portfolio for Rs 3.5 crores, but due to the active hedging, IRFs position helps in reducing the loss in the portfolio by 0.60 crores.

j) **Other Scheme Specific Risk factors**

- (i) The liquidity of the Scheme's investments may be inherently restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests, or of a re-structuring of the Scheme's investment portfolio, these periods may become significant. Please read the Sections of this Scheme Information Document entitled "**Special Considerations**" and "**Right to Limit Redemptions**" thereunder.
- (ii) Although, the objective of the Fund is to generate optimal returns, the objective may or may not be achieved. The investors may note that if the AMC/Investment Manager is not able to make right decision regarding the timing of increasing exposure in debt securities in times of falling equity market, it may result in negative returns. Given the nature of scheme, the portfolio turnover ratio may be on the higher side and the AMC may change the full portfolio commensurate with the investment decisions and Asset Allocation of the Scheme. At times, such churning of portfolio may lead to losses due to subsequent negative or unfavorable market movements.
- (iii) The tax benefits described in this Scheme Information Document are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.

Specific Risk Factors

- (i) Credit And Rating Downgrade Risk, Prepayment And Foreclosures Risk for Senior PTC Series, Prepayment And Foreclosures Risk for Senior PTC Series, Servicing Agent Risk, Co-mingling Risk, Bankruptcy of the Seller.
- (ii) The NAV of the scheme to the extent invested in Debt and Money market securities are likely to be affected by changes in the prevailing rates of interest and are likely to affect the value of the Scheme's holdings and thus the value of the Scheme's Units.
- (iii) The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/ unrated securities offering higher yields. This may increase the risk of the portfolio.
- (iv) Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.
- (v) While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- (vi) Investment decisions made by the AMC may not always be profitable, even though it is intended to generate capital appreciation and maximize the returns by actively investing in equity and equity related securities.
- (vii) The AMC carries out valuation of investments made by the Scheme. The AMC values Securities and assets in the Scheme according to the valuation policies described in the Statement of Additional Information.

C. Risk mitigation strategies

Type of Risks	Measures/ Strategies to control risks
Equity Markets/ Equity Oriented Instruments	• Investment strategy: The fund will comply with the prescribed SEBI limits on exposure. Risk is monitored and necessary action would be taken on the portfolio, if required. Attribution analysis is done to monitor the under or over performance vis a vis the benchmark and the reasons for the same. • Portfolio volatility & concentration: The overall volatility of the portfolio would be maintained in line with the objective of the scheme Volatility would be monitored with respect to the benchmark and peer set. • Liquidity: The scheme predominantly invests across market capitalisations which are actively traded and thereby liquid. The fund manager may also keep some portion of the portfolio in debt and money market instruments and/or cash within the specified asset allocation framework for the purpose of meeting redemptions. The liquidity would be monitored and necessary action would be taken on the portfolio if required. Stock turnover is monitored at regular intervals. The debt/money market instruments that are invested by the fund will have a short term duration.
Debt and Money Market instruments	• Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in short term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities. • Basis Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities • Reinvestment Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Equity Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on stock exchanges whereas OTC derivative transactions are generally structured between two counterparties. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.
Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs)." The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the Fund may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.
Currency	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purpose of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.

Repo Transactions	This risk is largely mitigated, as the choice of counterparties is largely restricted and their credit rating is taken into account before entering into such transactions. Also, operational risks are lower as such trades are settled on a DVP basis. In the event the counterparty is unable to pay back the money to the scheme as contracted on maturity, the scheme may dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to the counterparty.
Securitized Debt	In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained.
REITs and InvITS	The fund will comply with the prescribed SEBI limits on exposure. The scheme will endeavour to invest in liquid REITs & InvITS.
Structured Obligation (SO) & Credit Enhancement (CE) rated securities	Scheme wise investments as prescribed by the regulations limits the exposure to such securities. Additionally, covenants of such structured papers are reviewed periodically for adequate maintenance of covers as prescribed in the Information Memorandum of such papers.
Government securities and Triparty repo on Government securities or treasury bills:	As a member of securities segment and Triparty repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades etc. Also, there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.
Units of mutual fund schemes	Mutual Fund portfolios are generally well diversified and typically endeavor to provide liquidity on aT+1/T+2 basis and aim to mitigate any risks arising out of underlying investments. Commodity ETF's are quite liquid as they can either be created / redeemed with the fund house or traded on the exchange

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks will be completely eliminated.

The measures mentioned above are based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes, and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. Information about the scheme:

A. Where will the scheme invest – For Detailed description, please refer to Section I - Part II – B

B. What are the investment restrictions?

The investment policy of the scheme comply with the rules, regulations and guidelines laid out in SEBI (Mutual Funds) Regulations, 1996. As per the Regulations, specifically the Seventh Schedule, the following investment limitations are currently applicable:

1. Mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-Party Repo on Government Securities or T-bills : Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board:

Provided further that the schemes already in existence shall within an appropriate time and in the manner, as may be specified by the Board, conform to such limits.

As per clause 12.8.3 of SEBI Master circular dated June 27, 2024, the scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

2. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:
 - a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.

- c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
3. Mutual Funds/AMCs shall ensure that total exposure of debt schemes of mutual funds in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.
4. The Mutual Fund under all its schemes taken together will not own more than 10% of any companies paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.

5. Transfers of investments from one scheme to another scheme in the Mutual Fund shall be allowed only if:
- Such transfers are done at the prevailing market price for quoted instruments on spot basis;
 - The securities so transferred shall be in conformity with the investment objectives & policies of the Scheme to which such transfer has been made.

Such transfer would be in accordance with the Clause 12.30 of SEBI Master circular dated June 27, 2024 or any other circular issued by SEBI from time to time.

6. The Scheme may invest in another scheme under the same asset management company or in any other mutual fund without charging any fees, provided the aggregate inter scheme investments made by all Schemes under the same management company or in schemes under the management of any other AMC shall not exceed 5% of NAV of the Mutual Fund
7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities :

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

8. The Fund shall get the securities purchased or transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
9. The fund's schemes shall not make any investment in:
- Any unlisted security of an associate or group company of the sponsor
 - Any security issued by way of private placement by an associate or group company of the sponsor
 - As per SEBI Circular No. SEBI/HO/IMD/IMD-PoD-2/P/CIR/2024/098 dated July 08, 2024, no Mutual Fund scheme shall make any investment in the listed securities of group companies of the sponsor which is in excess of 25 per cent of the net assets of the scheme, except for investments by equity oriented exchange traded funds (ETFs) and Index Funds and subject to such conditions as may be specified by SEBI. Accordingly, it has been decided as under:
 - Equity oriented ETFs and Index Funds, based on widely tracked and non-bespoke indices, can make investments in accordance with the weightage of the constituents of the underlying index. However, such investments shall be subject to an overall cap of 35% of net asset value of the scheme, in the group companies of the sponsor.
 - Widely tracked and non-bespoke indices shall be indices that are tracked by passive funds or act as primary benchmark for actively managed funds with collective Assets under Management (AUM) of INR 20,000 Cr. and above.

10. The Scheme shall not invest in a fund of funds scheme.
11. Pending deployment of funds of the scheme in securities in terms of the investment objectives and policies of the scheme, the Mutual Fund can invest the fund of the scheme in short term deposits of scheduled commercial banks subject to the guidelines as applicable from time to time.

Pursuant to the Clause 12.16 of SEBI Master Circular dated June 27, 2024, where the cash in the scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the respective Plan(s) shall abide by the following guidelines

- "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- Such short-term deposits shall be held in the name of the Scheme.
- The scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.

- The scheme shall not park funds in short term deposit of a bank, which has invested in the Scheme. Further, the bank in which a scheme has short term deposit will not invest in the said scheme until the scheme has short term deposit with the bank
 - Asset Management Company (AMC) shall not be permitted to charge investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks."
12. No term loans for any purpose will be advanced by the Scheme.
13. The Fund shall not invest more than 5% of its NAV in the unlisted equity shares or equity related instruments.
14. The Scheme shall not invest more than 10% of its NAV in equity shares/equity related instruments of any company.
Provided that, the limit of 10% shall not be applicable for investments in index fund or sector/industry specific scheme.
However, the Scheme at any point of time will not invest more than 10% of the NAV of the Scheme in a single company.
15. In case any company has invested more than 5% of the net asset value of a scheme, the investment made by that scheme or by any other scheme of the same Mutual Fund in that company or its subsidiaries, if any, shall be brought to the notice of the Trustees by Nam India and be disclosed in the half-yearly and annual accounts with justification for such investment provided that the latter investment has been made within one year of the date of the former investment calculated on either side.
16. NAM India shall not undertake any other business except that permitted under the MF Regulations. NAM India shall meet with the capital adequacy requirements, if any, separately for each of the separate activity, if any undertaken by the AMC and obtain separate approval, if necessary under the MF Regulations.
17. The Scheme may invest in Overseas securities in accordance with the regulations as applicable from time to time.
18. The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time.
19. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase / Redemption of Units or payment of interest and IDCW to the Unitholders.
Provided that the Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
In case of borrowing through repo transactions the tenor of such transaction shall not exceed a period of six months.
20. Total exposure of the scheme in a particular sector (excluding investments in Bank CDs, Tri-Party Repo on Government Securities or T-bills, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks and such other instruments if any, as may be specified by SEBI from time to time) shall not exceed 20% or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time, unless the scheme has specifically been exempted from the requirement by SEBI.
An additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) rated AA and above and registered with National Housing Bank (NHB). Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio
However, such total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time..
Note : The sector classification shall be basis the data provided by Association of Mutual Fund in India
21. Applicable Investment Limits for Real Estate Investment Trust (REITs) and Infrastructure Investment Trust (InvITs):
- a. At the Mutual Fund level:- Not more than 10% of units issued by a single issuer of REIT and InvIT;
 - b. At a single Mutual Fund scheme level: -
 - i. not more than 10% of its NAV in the units of REIT and InvIT;
 - and
 - ii. not more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

The limits mentioned in sub- clauses (i) and (ii) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.
22. The investment of mutual fund schemes in debt instruments having Structured Obligations / Credit Enhancements shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:
- a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade
23. Mutual fund scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.
However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity

period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

24. The scheme may engage in Securities Lending not exceeding 15% of the net assets of the scheme and shall not lend more than 5% of its Net Assets to a single counterparty or such other limits as may be permitted by SEBI from time to time..
25. The scheme shall participate Repo in corporate debt securities in accordance with Clause 12.18 of SEBI Master Circular dated June 27, 2024 and such other directions issued by RBI and SEBI from time to time.

The Gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net asset of the scheme as per clause 12.18 of SEBI Master Circular dated June 27, 2024.

The cumulative gross exposure through repo transactions in Corporate debt securities along with Equity, debt, Money Market instruments and derivative positions (including fixed income derivatives) shall not exceed 100% of the net assets of the scheme as per Clauses 12.24 and 12.25 of SEBI Master Circular dated June 27, 2024

The scheme shall participate Repo in corporate debt securities in accordance with directions issued by RBI and SEBI from time to time

All the Schemes securities investment will be in transferable securities.

All investment restrictions stated above shall be applicable at the time of making investment.

The Scheme will not enter into any transaction, which exposes it to unlimited liabilities or results in the encumbering of its assets in any way so as to expose them to unlimited liability.

These investment limitations / parameters as expressed / linked to the net asset / net asset value / capital, shall in the ordinary course, apply as at the date of the most recent transaction or commitment to invest. Changes do not have to be effected merely because of appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

The Trustee Company in consultation with AMC may alter these above stated limitations from time to time, and also to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments in order to achieve its investment objectives & policies. As such, all investments of the Scheme will be made in accordance with the Regulations including Schedule VII thereof and the Fundamental Attributes of this Scheme.

The investment in Foreign equity Securities shall be in accordance with SEBI Regulations.

At NIMF, to ensure robust risk management and adequate portfolio diversification internal Investment policy for various debt schemes has been framed. The investment policy at NIMF specifies limits both on overall basis (across all schemes) as well as on individual scheme level. Guidelines for following parameters for liquid as well as non liquid schemes has been specified in the policy:

1. Eligible Instruments: Defines the eligible instruments where the scheme can invest
2. Minimum Liquidity: Defines the instruments considered as liquid instruments and the minimum investments in these instruments as a percentage of total net assets
3. Maximum Illiquid component: Defines the instruments considered as illiquid and the maximum investment that can be made in these instruments as a percentage of net assets.
4. Rating: Defines minimum and/ or maximum investment in a particular rating as a percentage of total portfolio.
5. Maturity: Defined the weighted average maturity of a portfolio. Also defines the weighted average maturity, maximum and maturity for certain asset types like corporate bond, PTCs, Gilts etc

Investment by the AMC in the Scheme: In line with SEBI Regulations and circulars issued by SEBI from time to time, the AMC may invest its own funds in the scheme(s). Further, the AMC shall not charge any fees on its investment in the Scheme (s), unless allowed to do so under SEBI Regulations in the future

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i). **Type of a scheme** - An open ended Multi Cap Equity Scheme investing in maximum 30 stocks.

(ii). **Investment Objective**

- **Main Objective:-** The primary investment objective of the scheme is to generate long-term capital growth by predominantly investing in an active and concentrated portfolio of equity & equity related instruments up to 30 companies across market capitalization. The secondary objective of the scheme is to generate consistent returns by investing in debt, money market securities, REITs and InvITs. There is no assurance that the investment objective of the scheme will be achieved
- **Investment pattern:-** For Detailed description, please refer to Section I - Part II – B (HOW WILL THE SCHEME ALLOCATE ITS ASSETS?)

(iii) **Terms of Issue**

- Liquidity provisions such as listing, repurchase, redemption.

Being an open ended scheme, the units are not proposed to be listed on any stock exchange. However, the Trustee reserves the right to list the units as and when open ended Schemes are permitted to be listed under the Regulations, and if the Trustee

considers it necessary in the interest of unitholders of the Scheme. The redemption or repurchase proceeds shall be transferred to the unitholders within 3 working Days from the date of redemption or repurchase.

The Scheme will offer for Subscription/ Switch-in and Redemption / Switch-out of Units on every Business Day on an ongoing basis

- **Aggregate fees and expenses charged to the scheme.**
 - i) New Fund Offer (NFO) Expenses : Refer to Section I - Part-III - B
 - ii) Annual Scheme Recurring Expenses : Refer to Section I - Part-III - C
- **Any safety net or guarantee provided. – Not Applicable**

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024 the trustees shall ensure that no change in the fundamental attributes of the Scheme, the fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unitholders is carried out by the AMC, unless it complies with sub-regulation (26) of Regulation 25 of the SEBI (MF) Regulations.

Further, in accordance with Regulation 25 (26) of the SEBI (MF) Regulations, the AMC shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unitholders shall be carried out unless:

- (i) A written communication about the proposed change is sent to each Unitholder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

In addition to the above, for bringing change in the fundamental attributes of the scheme, the comments shall be taken from SEBI before bringing such change(s).

- D. **Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)- Not Applicable.**
- E. **Principles of incentive structure for market makers (for ETFs)- Not Applicable.**
- F. **Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes)- Not Applicable.**
- G. **Other Scheme Specific Disclosures:**

Listing and transfer of units	Listing:- Being an open ended scheme, the units are not proposed to be listed on any stock exchange. However, the Trustee reserves the right to list the units as and when open-end Schemes are permitted to be listed under the Regulations, and if the Trustee considers it necessary in the interest of unitholders of the Scheme Transfer of units:- If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence. Demat Mode: Units held in Demat form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favor of transferees who are eligible of holding units and having a Demat Account. The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode Non-Demat (Statement of Account) mode: In compliance to the AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 it has been decided to introduce the facility for transfer of units held in SOA (Statement of Account) mode shall be made available for all schemes of NIMF, except ETFs w.e.f. November 14, 2024. It is proposed to provide the facility to individual unitholders falling under the following three categories: (i) Surviving joint unitholder, who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). (ii) A nominee of a deceased unitholder, who wants to transfer the units to the legal heirs of the deceased unitholder, post the transmission of units in the name of the nominee.
--------------------------------------	---

	(iii) A minor unitholder who has turned a major and has changed his/her status from minor to major, wants to add the name of the parent / guardian, sibling, spouse etc. in the folio as joint holder(s). Based on AMFI best practices guidelines circular no.119/2025-26 dated may 08, 2025, the process of transfer of units has been extended to the following categories, for resident / non-resident investor: (i) Transfer to Siblings (ii) Gifting of Units (iii) Transfer of Units to Third Party (iv) Addition / Deletion of Unit Holder Units in Exchange Traded Funds & Solution Oriented schemes such as Retirement schemes are excluded from the transfer of units facility. Partial transfer of units held in a folio shall be allowed. If the request for transfer of units is lodged on the record date, the IDCW payout/ reinvestment shall be made to the transferor. To mitigate the risk, redemption under the transferred units shall not be allowed for 10 days from the date of transfer. Mode of submitting / accepting the Transfer Request: The facility for transfer of units held in SoA mode shall be available only through online mode via the transaction portals of the RTAs and the MF Central, i.e., the transfer of units held in SoA mode shall not be allowed through physical/ paper based mode or via the stock exchange platforms, MFU, channel partners and EOPs etc. Pre-requisites: - The surviving unit holder /nominee/minor unitholder who has turned major, should be registered as the rightful unitholder of the units in the folio to be eligible to apply for transfer of units held in SoA mode. - There should be no "lien" or freeze on the units being transferred for any reason whatsoever. Also, the Units should not be under any lock-in period. - The transferee(s) should mandatorily be an individual / individual(s) with a valid folio in the mutual fund in which the transferor wishes to transfer the units. Transferee should be eligible to hold the Units as per the respective SID and fulfil any other regulatory requirement as may be applicable. - The primary holder, Plan, Option, and the ARN (in case of Regular Plan) in the transferor's Folio shall remain unchanged upon transfer of units in the transferee folio. Payment of Stamp duty on Transfer of Units: - The Stamp duty for transfer of units, if/where applicable, shall be payable by the transferor. - For calculation of the amount of stamp duty, the consideration value will be calculated as per the last available NAV (irrespective of the amount of consideration mentioned by the transferor in the transfer request). - The stamp duty if/where applicable, shall be collected by the RTAs from the transferor through online mode by ensuring that the payment is received from the bank account registered in the folio. For further details, please refer SAI
Dematerialization of units	The Unit holders are given an Option to hold the units by way of an Account Statement (Physical form) or in Dematerialized ('Demat') form. Mode of holding shall be clearly specified in the KIM cum application form. Unit holders opting to hold the units in demat form must provide their Demat Account details in the specified section of the application form. The Unit holder intending to hold the units in Demat form are required to have a beneficiary account with the Depository Participant (DP) (registered with NSDL / CDSL as may be indicated by the Fund at the time of launch of the Plan) and will be required to indicate in the application the DP's name, DP ID Number and the beneficiary account number of the applicant with the DP. In case of subscription is through SIP the units will be allotted based as per the SID and will be credited to investors Demat account as per applicable timelines. This Option shall be available in accordance with the provision laid down in the respective schemes and

	in terms of guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) / Stock Exchanges (NSE / BSE) from time to time In case, the Unit holder desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants. Units held in demat form will be transferable (except in case of Equity Linked Savings Schemes) Demat option will not be available for subscription through Micro SIP
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not Applicable
Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy (IDCW)	When IDCWs are declared with respect to the Scheme, the net assets attributable to Unitholders in the respective Income Distribution cum Capital Withdrawal Plan/option will stand reduced by an amount equivalent to the product of the number of units eligible for IDCW and the gross amount of IDCW per unit declared on the record date. The NAV of the Unitholders in the Growth option will remain unaffected by the payment of IDCWs. NAM India, in consultation with the Trustees reserves the right to discontinue/ add more plans/ options at a later date subject to complying with the prevailing SEBI guidelines and Regulations. Process for declaration of IDCW in Unlisted Schemes/Plans 1. Quantum of IDCW and the record date shall be fixed by the trustees in their meeting. IDCW so decided shall be paid, subject to availability of distributable surplus. The IDCW amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. 2. Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of unit holders for receiving IDCWs. Further, the NAV shall be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. 3. Within one calendar day of the decision by the trustees, AMC shall issue notice to the public communicating the decision including the record date. 4. The record date shall be 2 working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. 5. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever may be issued by any mutual fund or distributors of its products. IDCWs as and when declared will be paid to eligible unitholders, within 7 working days from the Record date. In the event of failure to initiate of IDCW payments within 7 working days from the record date, the AMC shall pay an interest @ 15 per cent per annum of the relevant IDCW amount to the applicable Unit holders. Interest for the delayed payment of IDCW shall be calculated from the record date.
Allotment (Detailed procedure)	All the applicants whose subscription proceeds have been realised will receive full and firm allotment of Units, provided their applications are valid in all other respects. NAM India retains the discretion to reject any application, subject to applicable SEBI / AMFI guidelines, circulars. NAM India shall allot the units to the applicant whose Purchase or Switch application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number as soon as possible but not later than five working days from the date of closure of the new fund offer period or from the date of allotment of units, on ongoing basis Where units are held by investor in dematerialised form, the demat statement issued by the DP would be deemed adequate compliance with the requirements in respect of dispatch of statements of account. All Units will rank pari passu amongst Units within the same Scheme / Plan as to assets, earnings and the receipt of IDCW distribution, if any.

Refund	If any subscription/ switch application is rejected, full amount will be refunded within five business days of closure of the NFO. No interest will be payable on any subscription money refunded within five business days from the closure of NFO. If refunded later than five business days, interest @ 15% p.a. for the delay period will be paid to the applicant and borne by the AMC for the period from the day following the date of expiry of five business days until the actual date of the refund. Refund will be initiated in the name of the applicant in the case of a sole applicant and in the name of the first applicant in all other cases. In both cases, the bank account number and bank name, as specified in the application, will be considered for refund. The bank and/ or collection charges, if any, will be borne by the applicant. All the refund payments will be initiated in the manner as may be specified by SEBI from time to time. The bank and/ or collection charges, if any, will be borne by the applicant. All the refund payments will be sent by registered post or courier service or as required under The Regulations.

For existing folios, in case the pay-out bank mandate is not held solely by minor or jointly by minor and guardian, the investors are requested to provide a change of Pay-out Bank mandate request before providing redemption request.

	- Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC / FATCA details, updated bank account details including cancelled original cheque leaf of the new account and his/her specimen signature duly authenticated by banker/guardian. Investors shall additionally note that, upon the minor attaining the status of major, no further transactions shall be allowed till the status of the minor is changed to major. Pursuant to Clause 17.6.1 of SEBI Master Circular dated June 27, 2024, payment for any investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of pay-out bank mandate before redemption is processed. •Investors are also requested to note that the process of transmission of units shall be in line with Clause 17.6.2 of SEBI Master Circular dated June 27, 2024 and guidelines issued by SEBI in this regard from time to time. Note : - Non Resident Indians (NRIs) and Persons of Indian Origin (PIOs) residing abroad / Foreign Portfolio Investors (FPIs) have been granted a general permission by Reserve Bank of India Schedule 5 of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 for investing in / redeeming units of the mutual funds subject to conditions set out in the aforesaid regulations. - In case of application under a Power of Attorney or by a limited company or a corporate body or an eligible institution or a registered society or a trust fund, the original Power of Attorney or a certified true copy duly notarised or the relevant resolution or authority to make the application as the case may be, or duly notarised copy thereof, alongwith a certified copy of the Memorandum and Articles of Association and/or bye-laws and / or trust deed and / or partnership deed and Certificate of Registration should be submitted. The officials should sign the application under their official designation. A list of specimen signatures of the authorised officials, duly certified / attested should also be attached to the Application Form. In case of a Trust / Fund it shall submit a resolution from the Trustee(s) authorising such purchases and redemptions. Persons (as described aforesaid) investing in this scheme, shall all times ensure due compliance of their respective laws, which they are subject to from time to time. The Fund reserves the right to include / exclude new / existing categories of investors to invest in this Scheme from time to time, subject to SEBI/RBI Regulations, if any. - Neither this Scheme Information Document ("SID")/ Key Information Document ("KIM")/ Statement of Additional Information ("SAI") ["Scheme Related Documents"] nor the units of the scheme(s) have been registered under the relevant laws, as applicable in the territorial jurisdiction of United States of America nor in any provincial/ territorial jurisdiction in Canada. It is being clearly stated that the Scheme Related Documents and/or the units of the schemes of Nippon India Mutual Fund have been filed only with the regulator(s) having jurisdiction in the Republic of India. The distribution of these Scheme Related Documents in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of these Scheme Related Documents are required to inform themselves about, and to observe any such restrictions. No persons receiving a copy of these Scheme Related Documents or any KIM accompanying application form jurisdiction may treat such Scheme Related Documents as an invitation to them to subscribe for units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly these Scheme Related Documents do not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of such persons in possession of the Scheme Related Documents and any persons wishing to apply for units pursuant to these Scheme Related
--	--

	Documents to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction. The Nam India shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the Nam India . The investor shall be responsible for complying with all the applicable laws for such investments. The Nam India reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the Nam India, which are not in compliance with the terms and conditions notified in this regard.. Foreign Account Tax Compliance In accordance with the relevant provisions of the Foreign Account Tax Compliance Act ("FATCA") as contained in the United States Hiring Incentives to Restore Employment ("HIRE") Act, 2010, there is a likelihood of withholding tax being levied on certain income/ receipt sourced from the subjects of United States of America ("US") with respect to the schemes, unless such schemes are FATCA compliant. In this regard, the respective governments of India and US have signed an Inter Governmental Agreement-1 (IGA) on July 9, 2015. In the terms of this proposed IGA, Nippon India Mutual Fund ("NIMF") and/ or Nippon Life India Asset Management Limited ("Nam India"/ "AMC") classified as a "Foreign Financial Institution" and in which case NIMF and/ or Nam India would be required, from time to time, to (a) undertake the necessary due-diligence process; (b) identify US reportable accounts; (c) collect certain required information/ documentary evidence ("information") with respect to the residential status of the unit holders; and (d) directly or indirectly disclose/ report/ submit such or other relevant information to the appropriate Indian authorities. Such information may include (without limitation) the unit holder's folio detail, identity of the unit holder, details of the beneficial owners and controlling persons etc In this regard and in order to comply with the relevant provisions under FATCA, the unit holders would be required to fully cooperate & furnish the required information to the AMC, as and when deemed necessary by the latter in accordance with IGA and/ or relevant circulars or guidelines etc, which may be issued from time to time by SEBI or any other relevant & appropriate authorities. The applications which do not provide the necessary information are liable to be rejected. The applicants/ unit holders/ prospective investors are advised to seek independent advice from their own financial & tax consultants with respect to the possible implications of FATCA on their investments in the scheme(s). The underlying FATCA requirements are applicable from July 1, 2014 or such other date, as may be notified. In case required, NIMF/ Nam India reserves the right to change/ modify the provisions (mentioned above) at a later date
Who cannot invest	- Any individual who is a Foreign National, except for Non –Resident Indians and Persons of Indian Origin and provided such Foreign National has procured all the relevant regulatory approvals applicable and has complied with all applicable laws, including but not limited to and pertaining to anti money laundering, know your customer (KYC), income tax, foreign exchange management (the Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder), in the sole discretion and to the sole satisfaction of Nippon Life India Asset Management Ltd (the AMC). Nippon Life India Asset Management Limited in its capacity as an asset manager to the Nippon India Mutual Fund reserves the right to amend/terminate this facility at any time, keeping in view business/operational exigencies. - Overseas Corporate Bodies ("OCBs"), i.e. firms and societies which held directly or indirectly to the extent of at least 60% by NRIs and trusts in which at least 60% of the beneficial interest is similarly held irrevocably by such persons without the prior approval of the RBI. - NRIs residing in Non-Compliant Countries and Territories ("NCCTs") as determined by the Financial Action Task Force ("FATF"), from time to time. - Any other person determined by the AMC or the Trustee as not being eligible to invest in the Scheme. - The AMC reserves the right to include/exclude new/existing categories of investors to invest in the Scheme from time to time, subject to SEBI Regulations & other prevailing statutory regulations
How to Apply (and other details)	Details regarding-

	1. The applications filled up and duly signed by the applicants should be submitted at the office of the Collection Centres / DISCs / Official Points of Acceptance or may be downloaded from the website of AMC. The list of the Designated Investor Service Centres (DISCs)/Official Points of Acceptance (OPAs) of the Mutual Fund are available on the website of the AMC i.e. https://mf.nipponindiaim.com. 2. Please refer to the SAI for detailed procedure and Application form for the instructions. 3. Link for the list of official points of acceptance, collecting banker details etc. Official points of acceptance https://mf.nipponindiaim.com/investor-services/customer-service/locate-a-branch Collecting Banker Details As per the directives issued by SEBI, it is mandatory for an investor to declare his/her bank account number in the application form. This is to safeguard the interest of unitholders from loss or theft of their redemption cheques / DDs. Additionally, if the bank details provided by investors are different from the details available on instrument, AMC may seek additional details from investors to validate the bank details provided by investors.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not Applicable
Restrictions, if any, on the right to freely retain or dispose of units being offered.	If the Securities are held in dematerialised form the rules of the Securities and Exchange Board of India (Depositories Participants) Regulations, 1996 will apply. However, since scheme is an open ended scheme, presently the same is not listed in any stock exchange
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	As per clause 8.4.6.2 of SEBI Master circular dated June 27, 2024, in respect of purchase of units of mutual fund schemes (except liquid and overnight schemes), closing NAV of the day shall be applicable on which the funds are available for utilization irrespective of the size and time of receipt of such application subject to cut-off timing provisions. Considering the above, cut-off timings with respect to Subscriptions/Purchases including switch – ins shall be as follows: 1. Purchases / subscriptions (including Switch-in) in the scheme of any amount In respect of valid application received before up to 3.00 p.m. and funds for the entire amount of subscription / purchase as per the application are credited to the bank account of the scheme and are available for utilization before the cut-off time of 3.00 p.m., the closing NAV of the day shall be applicable; In respect of valid application received after 3.00 p.m. and funds for the entire amount of subscription / purchase as per the application are credited to the bank account of the scheme either on the same day or before the cut-off time on the next business day i.e. available for utilization before the cut-off time of the next business day, the closing NAV of the next business day shall be applicable; Irrespective of the time of receipt of application, where funds for entire amount are credited to the bank account of the scheme before the cut-off time on any subsequent business day i.e. available for utilization before the cut-off time on any subsequent business day - the closing NAV of such subsequent business day shall be applicable subject to applicability of cut-off timing for application 2. For switch-in in the scheme of any amount: The following shall be ensured for determining the applicability of NAV: a. Application for switch-in is received before the applicable cut-off time of 3.00 p.m b. Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the respective switch-in schemes before the cut-off time; c. The funds are available for utilization before the cut-off time, by the respective switch-in schemes d. In case of Switch transactions from one scheme (Switch-out scheme) to other scheme (Switch-in scheme), NAV applicability shall be in line with redemption pay-outs of switch-out scheme

	Redemptions including switch - outs In respect of valid applications received upto 3.00 p.m. by the Mutual Fund, closing NAV of the day of receipt of application, shall be applicable. In respect of valid applications received after 3.00 p.m. by the Mutual Fund, the closing NAV of the next business day shall be applicable.
Minimum amount for purchase/redemption/switches	Rs. 5,000/- and in multiples of Re. 1 thereafter under each plan Minimum Additional Investment: Rs. 1000/- and in multiples of Re. 1 thereafter (*including switch in after opening a folio with minimum of Rs 5000) Note – Pursuant to notice cum addendum dated October 30, 2021, for investments made by designated employees in terms of Clause 6.10 of SEBI Master Circular dated June 27, 2024 read with SEBI Circular dated March 21, 2025, requirement for minimum application/ redemption amount will not be applicable. Minimum Redemption Amount Redemptions can be of minimum amount of Rs.100 or any number of units. Minimum Switch Amount Will be as per the minimum application amount in the respective scheme which may have been opted by the Investor for switching the units/amount where the switch facility is available. Switch-out facility from applicable ETF schemes to Nippon India Focused Fund For availing this facility, investors are requested to note the following operational modalities: - Switch-out from the Scheme will be allowed only in terms of Basket size (unit). - Switch transaction will be processed subject to availability of all details as per regulatory guidelines. - The applicability of the NAV in the transferee Scheme will be the NAV of the business day on which the Funds are realized in Scheme's account before cut-off time. - In case of any rejection in Switch-in to the transferee Scheme, the amount will be paid to the investor as redemption proceeds. - Investors to note that the pattern and sequence of holding both in the open-ended (Non-ETF) Folio and in demat account (used for ETF unit holding) should be same. However, in case there is no existing Folio, the investor has to provide the details and signatures of all holders for Folio creation in the open-ended (Non-ETF) Scheme. - Investors should have the clear balance of ETF units in their demat account for execution of the Switch-out transaction from the selected ETF Scheme. NIMF/Nam India reserves the right to introduce, change, modify or withdraw any of the features available in this facility from time to time.
Accounts Statements	In accordance with Clause 14.4 of SEBI Master Circular dated June 27, 2024 the investor whose transaction has been accepted by the NAM India/NIMF shall receive a confirmation by way of email and/or SMS within 5 Business Days from the date of receipt of transaction request, same will be sent to the Unit holders registered e-mail address and/or mobile number. Thereafter, a Consolidated Account Statement ("CAS") shall be issued in line with the following procedure: - Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be PAN of the first holder and pattern of holding. - If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the Consolidated Account Statement (CAS) to investors that have opted for delivery via electronic mode (E-CAS) within twelve (12) days from the month end and to investors that have opted for delivery via physical mode, within fifteen (15) days from the month end w.e.f May 14, 2025 pursuant to SEBI Circular No. SEBI/HO/MRD/PoD1/CIR/P/2025/16 dated February 14, 2025. In case, there is no transaction in any of the mutual fund folios and demat

	accounts then CAS with holding details shall be sent to the investor on half yearly basis. The depositories shall dispatch the CAS to investors that have opted for delivery via electronic mode (E-CAS) on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode by the twenty first (21st) day of April and October. 3. Investors having MF investments and not having Demat account shall receive a Consolidated Account Statement from the MF Industry containing details of transactions across all Mutual Fund schemes by email / physical mode. 4. As a green initiative measure, SEBI vide its circular no.SEBI/HO/MRD-PoD2/CIR/P/2024/93 dated July 1, 2024 has specified that the CAS shall be despatched by email to all the investors whose email addresses are registered with the Depositories and AMCs/MF-RTAs. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. The depositories shall also intimate the investor on quarterly basis through the SMS mode specifying the email id on which the CAS is being sent. The word 'transaction' shall include purchase, redemption, switch, IDCW payout, IDCW reinvestment, systematic investment plan, systematic withdrawal plan, and systematic transfer plan. CAS shall not be received by the Unit holders for the folio(s) wherein the PAN details are not updated. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. For Micro SIP and Sikkim based investors whose PAN details are not mandatorily required to be updated Account Statement will be dispatched by NAM India/NIMF for each calendar month on or before 10th of the immediately succeeding month. The Consolidated Account statement will be in accordance to Clause 14.4.3 of SEBI Master Circular dated June 27, 2024. In case of a specific request received from the Unit holders, NAM India / NIMF will provide the account statement to the investors within 5 Business Days from the receipt of such request. Investors are requested/encouraged to register/update their email id and mobile number of the primary holder with the AMC/RTA through our Designated Investor Service Centres (DISCs) in order to facilitate effective communication. For further details, refer SAI
Dividend/ IDCW	The IDCW payments shall be initiated to the unitholders within 7 working days from the Record date, in compliance to the Clause 11.4 of SEBI Master Circular dated June 27, 2024
Redemption	The redemption or repurchase proceeds shall be transferred to the unitholders within 3 working Days from the date of redemption or repurchase. Further, investors are requested to note that processing of Redemption or Repurchase transactions without PAN in respect of Non-PAN-Exempt folios has been restricted with effect from September 30, 2019. In case of exceptional situations/circumstances listed in AMFI Circular No.AMFI/35P/MEM COR/74/2022-23 dated January 16, 2023 read with guidelines issued as per para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024, redemption payment would be made within the permitted additional timelines. For all such Non-PAN-Exempt folios, investors are requested to update PAN by submitting suitable request along with PAN card copy at any of the Designated Investor Service Centre ("DISC") of Nippon India Mutual Fund (NIMF) and then submit Redemption or new Systematic Withdrawal Plans (SWPs) requests. With respect to existing SWPs registered without PAN in Non-PAN-Exempt folios, the same shall be restricted with effect from October 16, 2019 till PAN is updated in the folio. Investors are also requested to note further that it is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor. Accordingly, completion of KYC requirements shall be mandatory and with effect from February 28, 2020, all financial transactions (including redemptions, switches etc.) will be processed only if the KYC requirements are completed.

	Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the Designated Investor Service Centre ("DISC") of Nippon India Mutual Fund or KFin Technologies Limited
Bank Mandate	As per the directives issued by SEBI, it is mandatory for an investor to declare his/her bank account number in the application form. This is to safeguard the interest of unitholders from loss or theft of their redemption cheques / DDs. Additionally, if the bank details provided by investors are different from the details available on instrument, AMC may seek additional details from investors to validate the bank details provided by investors
Delay in payment of redemption / repurchase proceeds/dividend	In terms of clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024, the Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). No interest will be payable on any subscription money refunded within 5 working days. If the Fund refunds the amount after 5 working days, interest @ 15% p.a. will be paid to the applicant and borne by the AMC for the period from the day following the date of expiry of 5 working days until the actual date of the refund The period of five working days for computation of interest payable for delay in refund of subscription amounts during on-going offer period shall be reckoned from the date of purchase transaction as per timestamp / applicable NAV, provided the application form / online transaction is received along with the payment and the funds have been realized. Where the subscription amount and the application / online transaction are received separately, the period of five working days for computation of interest payable for delay in refund of subscription amounts shall be reckoned from the later of the date of identifying the remitter details, based on the credit provided by the bank or receipt and time stamping of application / online transaction. It is clarified that the interest will be payable only in those cases where the credit pertains to a subscription in the scheme backed by a transaction request by the customer and such subscription is rejected by the AMC. Refund will be initiated in the name of the applicant in the case of a sole applicant and in the name of the first applicant in all other cases. In both cases, the bank account number and bank name, as specified in the application, will be mentioned in the refund order. The bank and/ or collection charges, if any, will be borne by the applicant. All the refund payments will be initiated in the manner as may be specified by SEBI from time to time
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	In terms of Clause no. 14.3 of SEBI Master Circular dated June 27, 2024, the unclaimed redemption amount and IDCW amounts (the funds) may be deployed by the Mutual Fund in money market instruments and separate plan of Overnight scheme / liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts only, provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight Scheme/ Liquid Scheme / Money Market Mutual Fund Schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per Clause no. 17.5 of SEBI Master Circular dated June 27, 2024. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of Mutual Funds and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts / Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points..
Disclosure w.r.t investment by minors	Process for Investments made in the name of a Minor through a Guardian: Payment for investment by means of Cheque or any other mode shall be accepted from the bank account of the minor / Minor with guardian or from a joint account of the minor with the guardian only. For existing folios, in case the pay-out bank mandate is not held solely by minor or jointly by minor and guardian, the investors

	are requested to provide a change of Pay-out Bank mandate request before providing redemption request. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC / FATCA details, updated bank account details including cancelled original cheque leaf of the new account and his/her specimen signature duly authenticated by banker/guardian. Investors shall additionally note that, upon the minor attaining the status of major, no further transactions shall be allowed till the status of the minor is changed to major. Pursuant to Clause 17.6.1 of SEBI Master Circular dated June 27, 2024, payment for any investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of pay-out bank mandate before redemption is processed.
