Pursuant to provisions of Rajiv Gandhi Equity Savings Scheme, 2012 (RGESS) notified by the Ministry of Finance, Government of India, vide notification no. 51/2012 [F.No. 142/35/2012-TPL] dated November 23, 2012, SEBI circular no CIR/MRD/DP/32/2012 dated December 6, 2012 and Mutual Fund notice dated January 11, 2013 Kotak Nifty 50 ETF is an eligible scheme under Rajiv Gandhi Equity Savings Scheme, 2012 (RGESS)

ABOUT RAJIV GANDHI EQUITY SAVINGS SCHEME (RGESS)

The Finance Act 2012 introduced a new section 80CCG on 'Deduction in respect of investment made under equity savings scheme' as notified by the Central Government to give tax benefits to 'New Retail Investors' who invest up to Rs. 50,000 and whose gross total annual income is less than or equal to Rs. 12 lakhs (w.e.f. from April 1, 2014 prior to that total income shall not exceed Rs. 10 lacs). Accordingly, the Ministry of Finance approved a new tax savings scheme called as Rajiv Gandhi Equity Savings Scheme, 2012 (RGESS) vide Notification no. 51/2012 F. No. 142/35/2012-TPL dated November 23, 2012.

Consequently, SEBI issued a Circular no. CIR/MRD/DP/32/2012 dated December 06, 2012 directed inter-alia Mutual Funds to take a note of RGESS notification and take necessary steps to implement the RGESS.

Salient features of the RGESS are as under:

1. RGESS is open to New Retail Investors being a resident individual, identified on the basis of their PAN. This includes those who have opened the Demat Account but have not made any transaction in equity and /or in derivatives till the date of notification of RGESS and all those account holders other than the first account holder who wish to open a fresh account.
2. The Depository shall certify the New Retail Investor status of the investor at the time of designating his demat account as demat account for the purpose of the Scheme.
3. The maximum Investment permissible for claiming deduction under RGESS is Rs. 50,000 and the investor would get a 50% deduction of the amount invested from the taxable income for that year.
4. Amongst the universe of Eligible Securities that a New Retail Investors need to invest, the Units of Exchange Traded Funds (ETFs) or Mutual Fund (MF) that have RGESS Eligible Securities as their underlying and are listed and traded in the stock exchanges and settled through a depository mechanism have also been brought under RGESS.
5. To benefit the investors, the investments are allowed to be made in instalments in the year in which tax claims are made.
6. The Eligible Securities brought into the demat account, as declared or designated by the New Retail Investor, will automatically be subject to lock-in during its first year unless the New Retail Investor submits a declaration (within one month from the date of transaction) in the prescribed format to the Depository Participant indicating that such securities are not to be included within the above limit of investment for claiming tax deduction.
7. The total lock-in period for investments under the RGESS would be three years including an initial blanket lock-in period of one year, commencing from the date of last purchase of securities under RGESS.
8. After the first year, investors would be allowed to trade in the securities. Investors would, however, be required to maintain their level of investment during the next two years at the amount for which they have claimed income tax benefit or at the value of the portfolio before initiating a sale transaction, whichever is less, for at least 270 days in a year.
9. The calculation of 270 days includes those days pursuant to the day on which the market value of the residual shares / Units has automatically touched the stipulated value after the date of debit.
10. The general principle under which trading is allowed is that whatever is the value of stocks / Units sold by the investor from the RGESS portfolio, RGESS compliant securities of at least the same value are credited back into the account subsequently. However, the investor is allowed to take benefits of the appreciation of his RGESS portfolio, provided its value, as on the previous day of trading, remains above the investment for which they have claimed income tax benefit.
11. The Depository Participant shall furnish an annual statement of the Eligible Securities invested in or traded through the demat account to the investor (demat account holder).
12. In case the investor fails to meet the conditions stipulated under RGESS and the provisions laid under Section 80CCG of the Income-tax Act, 1961, the tax benefit will be withdrawn.

Note:

No deduction under section 80CCG shall be allowed from AY 2018-2019. However, an assessee who has claimed deduction under section 80CCG for AY 2017-2018 or earlier assessment year, shall be allowed deduction till AY 2019-2020, if he is otherwise eligible to claim the deduction as per the provisions of section 80CCG

For complete details, investors are requested to read section 80CCG of the Income-tax Act, 1961 and the notification on Rajiv Gandhi Equity Savings Scheme, 2012 issued by Ministry of Finance.

Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Kotak Nifty 50 ETF
II.	Category of the Scheme	Other - ETFs
III.	Scheme type	An open-ended scheme replicating/ tracking Nifty 50 Index
IV.	Scheme code	KOTM/O/O/EET/09/11/0027
V.	Investment objective	The investment objective of the scheme is to provide returns before expenses that closely correspond to the total returns of the Nifty 50 subject to tracking errors. However, there is no assurance or guarantee that the investment objective of the scheme will be achieved.
VI.	Liquidity/listing details	Liquidity: The Units of the Scheme can be purchased/ redeemed on a continuous basis on the Stock Exchanges during the trading hours like any other publicly listed security. The AMC shall appoint at least two Market Makers (MMs), who are members of the Stock Exchanges, for ETFs to provide continuous liquidity on the stock exchange platform by providing two-way quotes in the units of the Scheme during trading hours. Ongoing purchases / redemptions directly from the Mutual Fund would be restricted to Market Makers and Large Investors (subject to transactions greater than INR 25 crores or such other amount as may be specified by SEBI from time to time) provided the value of units to be purchased / redeemed is in creation unit size or multiples thereof. The aforesaid limit of Rs.25 crores is not applicable for Market Makers. Market Makers / Large Investors may exchange Portfolio Deposit / cash equivalent to the portfolio deposit and applicable cash component and transaction handling charges for Purchase / Redemption of Units of the Scheme in 'Creation Unit' size or in multiples thereof directly from the Mutual Fund, as defined by the Scheme for that respective Business Day. Unit holdings in less than the Creation Unit size can normally only be sold through the secondary market, except in situations mentioned under 'Exit opportunity in case of ETF for investors other than Market Makers and Large Investors' in the SID. Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Stocks comprising Nifty 50*	95%	100%
Cash and debt/money market instruments	0%	5%

*Exposure to equity derivatives of the index itself or its constituent stocks may be required in certain situations wherein equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period etc. The gross position to such derivatives will be restricted to 10% of net assets of the scheme.

Money Market instruments include commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, triparty repo and any other like instruments as specified by the Reserve Bank of India from time to time;

As per para 12.24 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the cumulative gross exposure through equity, debt, derivative positions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.

Pursuant to para 12.25 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, and SEBI Letter to AMFI dated November 03, 2021, Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Cash Equivalent shall consist of the following securities having residual maturity of less than 91 days:

- Government Securities;
- T-Bills; and
- Repo on Government securities.

As per para 3.4 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in order to address the risk related to portfolio concentration in the Scheme, the underlying index for this scheme shall comply with the following:

- i. The index shall have a minimum of 10 stocks as its constituents.
- ii. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- iii. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- iv. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

Accordingly, the underlying Index shall ensure that such index complies with the aforesaid norms.

Subject to SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, Para 12.11 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, as amended from time to time, the Trustee may permit the Fund to engage in securities lending and borrowing and short selling. At present, since only lending is permitted, the Fund may temporarily lend securities held with the Custodian to reputed counterparties or on the exchange, for a fee, subject to prudent limits and controls for enhancing returns. The Fund, as per the current regulations is allowed to lend securities subject to a

maximum of 50%, in aggregate, of the net assets of the Scheme and 50% of the net assets of the Scheme in the case of a single intermediary.

Indicative Table(Actual instrument/percentages may vary subject to applicable SEBI circulars)

Portfolio Rebalancing:

Pursuant to Para 3.6.7 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of the scheme will be rebalanced within 7 calendar days.

Short term defensive consideration:

Subject to Para 1.14.1.2 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, and circulars issued thereunder, the asset allocation pattern indicated above may change for a short-term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the

perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time. In the event of involuntary corporate action, the scheme shall dispose the securities not forming part of the underlying index within 7 days from the date allotment/ listing.

For residual portion of 5% in asset allocation, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the scheme follows certain internal norms vis-à-vis limiting exposure to a particular issuer or sector, etc. within the mentioned restrictions, and these are subject SEBI (MF) Regulations and circulars issued thereunder and to review from time to time.

B. WHERE WILL THE SCHEME INVEST?

The Fund would invest in stocks comprising the underlying index and endeavour to track the benchmark index. The Fund may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity and expense requirements. Kotak Nifty 50 ETF endeavours to invest in stocks forming part of the underlying in the same ratio as per the index to the extent possible and to that extent follows a passive investment strategy, except to the extent of meeting liquidity and expense requirements.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Fund would invest in stocks comprising the underlying index and endeavour to track the benchmark index. The Fund may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity and expense requirements. Kotak Nifty 50 ETF endeavours to invest in stocks forming part of the underlying in the same ratio as per the index to the extent possible and to that extent follows a passive investment strategy, except to the extent of meeting liquidity and expense requirements. Events like the constituent stocks becoming illiquid in cash market, the exchange changing the constituents, a large Payout of IDCW going ex but lag in its receipts, etc. tend to increase the tracking error. In such events, it may be more prudent for the fund to take exposure through derivatives of the index itself or its constituent stocks in order to minimize the long-term tracking error.

The scheme may invest in another scheme of the Kotak Mahindra Mutual Fund or any other Mutual Fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management of Kotak Mahindra Asset Management Company Limited or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of Kotak Mahindra Mutual Fund.

The scheme may use Derivatives traded on recognized stock exchanges for hedging, as well as portfolio rebalancing and other purposes as may be permitted by SEBI. For detailed derivative strategies, please refer to SAI.

Portfolio Turnover

Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme's portfolio during a given time period. The scheme being a passively managed open-ended exchange traded fund, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in the Index. The Scheme has no specific target relating to portfolio turnover.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of Kotak Nifty 50 ETF is benchmarked against the Nifty 50 Index (Total Return Index)

The Nifty 50 index is a well-diversified 50 companies index reflecting overall market conditions. Nifty 50 Index is computed using free float market capitalization method. Nifty 50 can be used for a variety of purposes such as benchmarking fund portfolios, launching of index funds, ETFs and structured products. The composition of the aforesaid benchmark is such that, it is most suited for comparing the performance of the scheme

Pursuant to Regulation 25(16A) of the SEBI (MF) Regulations, 1996 and para 6.9.3.5 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, AMC shall not be required to invest minimum amount as a percentage of AUM in the Scheme.

Details of Investments of AMC in the Scheme will be available in the given link. – Not Applicable

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The AMC shall compute NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

The AMC shall value its investments according to the valuation norms (Valuation Policy includes computation of NAV in case of investment in foreign securities), as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

NAV of Units under the Scheme will be calculated as shown below:

NAV =	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses
	No. of Units outstanding under the Scheme/Option.				

NAV for the Scheme and the repurchase prices of the Units will be calculated and announced at the close of each Business Day. The NAV shall be computed upto four decimals.

INAV = Indicative NAV or INAV reflects the indicative value of each unit by valuing the previous day portfolio using real time prices. A measure of the intraday net asset value (NAV) of an investment, which gives an updated measure of the value of the investment based on its assets less its liabilities. An investment's NAV is usually calculated at the end of the trading day, but the indicative NAV measure gives a more real-time view of this value.

Illustration for Computation of NAV:

NAV=	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses	
	No. of Units outstanding under the Scheme/Option.					
10.109=	10,01,00,000.00	+	10,00,000.00	-	10,000.00	10,10,90,000.00
			1,00,00,000.00			1,00,00,000.00

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open-ended scheme shall not be lower than 97% of the Net Asset Value.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

The New Fund Offer expenses of the scheme were borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below.

The AMC has estimated that upto 1% daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund viz. www.kotakmf.com

Total Expense Ratio for the scheme

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management and Advisory Fees	Upto 1.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness (5% of total TER charged to direct plans, subject to maximum of 0.5 bps of AUM)	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52(6)(b)	Upto 1.00%
Additional expenses under Regulations 52(6A)(c)	-

The AMC shall not charge additional expenses under Regulation 52(6A)(c) in case exit load is not levied/ not applicable.

* As permitted under the Regulation 52 of SEBI (Mutual Funds) Regulations, 1996

Illustration of impact of expense ratio on scheme's returns:

Particulars	NAV p.u. in Rs.	%
Subscription received on March 31, 2024 (A)	100.00	-
Value of Subscribed Amount before expenses as on March 31, 2023(B)	112.25	-
Expense charged by the scheme (C)	1.06	1.00%

Value of Subscribed Amount as on March 31, 2023 (Net of expenses charged) (D)	111.19	-
Net Return to investors (E) (E=D-A)	11.19	11.19%

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme. The expenses of the Direct Plan under the Scheme will be lower to the extent of distribution expenses/ commission.

In terms of the para 10.1 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, all fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

Additional expenses which may be charged to the Scheme:

The following additional expenses may be charged to the Scheme under Regulation 52 (6A), namely-

- Brokerage and transaction cost incurred for the purpose of execution shall be charged to the schemes (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

TER for the Segregated Portfolio

1. AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
2. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
3. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
4. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Goods and Services tax:

Goods and Services tax on investment and advisory fees may be charged to the scheme in addition to the maximum limit of TER as prescribed in Regulation 52(6)(b). Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per Regulation 52.

The estimates are based on good faith for the Scheme as per the information available subject to prevailing regulations.

The aforesaid estimates are made in good faith by the Investment Manager and are subject to change inter se among the various heads of expenses and between the Plans. It may also be noted that the total expenses of the Plans will also be subject to change within the overall limits of expenses under Regulation 52. Actual expenses under any head and / or the total expenses may be more or less than the estimates. The Investment

Manager retains the right to charge the actual expenses to the Fund, however the expenses charged will not exceed the statutory limit prescribed by the Regulations. There will be no sub limit on management fee, and it shall be within the overall TER specified above.

For the actual current expenses being charged, the investor may refer to the website of the mutual fund.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of www.kotakmf.com or may call at 18003091490 or your distributor.

Type of Load	Load chargeable (as % age of NAV)
Exit	Nil

*In terms of Para 10.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, no entry load will be charged on purchase / additional purchase / switch-in. The commission as specified in aforesaid circular, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.

** Any exit load charged (net off Goods and Services tax, if any) shall be credited back to the Scheme.

Any imposition or enhancement of Load in future shall be applicable on prospective investments only. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres. In case of changes in load structure the addendum carrying the latest applicable load structure shall be attached to all KIM and SID already in stock till it is updated.

Investors may obtain information on loads on any Business Day by calling the office of the AMC or any of the Investor Service Centres. Information on applicability of loads will also be provided in the Account Statement.

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open-ended scheme is not lower than 97% of the Net Asset Value.

The investor is requested to check the prevailing load structure of the scheme before investing.

I. INTRODUCTION

A. Definitions/interpretation

The details detailed definitions/ interpretations refer to the link on website of the mutual fund viz. <https://www.kotakmf.com/Information/statutory-disclosure/disclosuresrelatedtosidandkim>

B. Risk factors

Scheme Specific Risk Factors

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

1. The NAV of the units is closely related to the value of stocks that form a part of the benchmark index. The value of this will react to stock market movements and may result in changes in the NAV of units under the scheme. There could also be movements in the scheme's NAV due to changes in interest rates, macro-economic and political developments and over longer periods during market downturns
2. Liquidity Risk: Trading in Kotak Nifty 50 ETF may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI, trading in Kotak Nifty 50 ETF is not advisable. There could also be trading halts caused by extraordinary market volatility and pursuant to NSE/BSE and SEBI circuit filter rules. There can be no assurance that the requirements of the exchange necessary to maintain the listing of the Kotak Nifty 50 ETF will continue to be met or will remain unchanged.
3. Regulatory Risk: Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Market Maker to arbitrage resulting into wider premium/ discount to NAV.
4. Market Risk: The market in general could underperform returns from the securities or other asset classes.
5. Tracking error may have an impact on the performance of the scheme. However, KMAMC will endeavour to keep the tracking error as low as possible
6. The Scheme is a passively managed scheme and provides exposure to the benchmark and tracks its performance and yield as closely as possible to the benchmark index. The Scheme's performance may be affected by a general price decline in the stock markets. The Scheme invests in the stocks comprising the index regardless of their investment merit. The Mutual Fund does not attempt to take defensive positions in declining markets.
7. As the scheme proposes to invest not less than 95% of the net assets in securities comprising of Nifty 50 Index, any deletion of stocks from or addition to in Nifty 50 Index may require sudden and immediate liquidation or acquisition of such stocks at the prevailing market prices irrespective of whether valuation of stocks is attractive enough. This may not always be in the interest of unitholders
8. The performance of the Nifty 50 will have a direct bearing on the performance of the scheme. Hence any composition change made by the index service provider in terms of weightage or stocks selection will have an impact on the scheme.
9. Though Kotak Nifty 50 ETF is listed on the stock exchange, there is no assurance that an active secondary market will develop or be maintained. For a retail investor in less than basket size, exchange quotes may not always be available.
10. Investors may note that even though this is an open-ended scheme, they will have to buy or sell units of the scheme on the stock exchanges where these units are listed for liquidity at the market price, subject to the rules and regulations of the exchange. Buying and selling units on stock exchange requires the investor to engage the services of a broker and are subject to payment of margins as required by the stock exchange/broker, payment of brokerage, securities transactions tax and such other costs.

11. The market price of ETF units, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the unit (or NAV), and (2) demand and supply of units in the market. Sizeable demand or supply of the units in Exchange may lead to market price of the units to quote at premium or discount to NAV. However, since the eligible investors can transact with the AMC for units beyond the creation unit size there should not be a significant variance from the NAV. Hence the price of ETF is less likely to hold significant variance (large premium or discount) from the latest declared NAV all the time.
12. **Capital Gains Impact:** Investors who trade in Kotak Nifty 50 ETF may be subject to Long Term Capital Gains or Short-Term Capital Gains. Investors are requested to consult their tax / legal consultants before investing in the scheme.
13. The units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of units available to the credit of unit holder. Settlement of trades, repurchase of units by the mutual fund depends up on the confirmations to be received from depository (ies) on which the mutual fund has no control.
The scheme will attract provisions of take over regulations, if KMMF invests in more than 10% of the paid up capital of a company and therefore may not be able to accept further subscription.
14. The Index reflects the prices of securities at a point in time, which is the price at close of business day on the stock exchange. The Scheme, however, may at times trade these securities at different points in time during the trading session and therefore the prices at which the Plan trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing prices.

Risk associated with Exchange Traded Fund:

- a) **Absence of Prior Active Market:** Although the units of ETFs are listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.
- b) **Lack of Market Liquidity:** Trading in units of ETFs on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or Market Regulator, trading in the ETF Units is inadvisable. In addition, trading in the units of ETFs is subject to trading halts caused by extraordinary market volatility pursuant to 'circuit breaker' rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the units of ETFs will continue to be met or will remain unchanged.
- c) **Units of Exchange Traded Funds May Trade at Prices Other than NAV:** Units of Exchange Traded Funds may trade above or below their NAV. The NAV of Units of Exchange Traded Funds may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of units of ETF will fluctuate in accordance with changes in their NAVs as well as market supply and demand. However, given that ETFs can be created / redeemed in Creation Units, directly with the fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.
- d) **Regulatory Risk:** Any changes in trading regulations by the Exchange or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV. Although the Scheme is proposed to be listed on Exchange, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.
- e) **Political Risks:** Whereas the Indian market was formerly restrictive, a process of deregulation has been taking place over recent years. This process has involved removal of trade barriers and protectionist measures, which could adversely affect the value of investments. It is possible that the future changes

in the Indian political situation, including political, social or economic instability, diplomatic developments and changes in laws and regulations could have an effect on the value of investments. Expropriation, confiscatory taxation or other relevant developments could affect the value of investments.

- f) **Right to Limit Redemptions:** The Trustee, in the general interest of the unit holders of the Scheme offered under this Scheme Information Document and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total “Saleable Underlying Stock” available with the fund.
- g) **Redemption Risk:** The Unit Holders may note that even though this is an open ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit size. Thus unit holdings less than the Creation Unit size can normally only be sold through the secondary market unless no quotes are available on the Exchange for 3 trading days consecutively.
- h) **Asset Class Risk:** The returns from the types of securities in which a Scheme invests may underperform returns from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under performance in comparison of the general securities markets.
- i) **Passive Investments:** As the Scheme is not actively managed, the underlying investments may be affected by a general decline in the Indian markets relating to its Underlying Index. The scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets. Further, the fund manager does not make any judgment about the investment merit nor shall attempt to apply any economic, financial or market analysis.
- j) **Tracking Error Risk:** Factors such as the fees and expenses of the Scheme, cash balance, changes to the Underlying assets and regulatory policies may affect AMC’s ability to achieve close correlation with the Underlying assets of the scheme. The Scheme’s returns may therefore deviate from those of its Underlying assets.
- k) Tracking Error of ETFs is likely to be low as compared to a normal index fund. Due to the Creation / Redemption of units through the in-kind mechanism the fund can keep lesser funds in cash. Also, time lag between buying / selling units and the underlying shares is much lower. The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal circumstances, such tracking errors are not expected to exceed 2% per annum. However, this may vary when the markets are very volatile. However, there can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Risks associated with Tracking errors/ difference:

Tracking error means the extent to which the NAV of the scheme moves in a manner inconsistent with the movements of the benchmark index on any given day or over any given period of time due to any cause or reason whatsoever including but not limited to expenditure incurred by the scheme, dividend payouts if any, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. The tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. However, the Scheme will endeavor to limit the tracking error

upto 50 bps (over and above each actual TER charged limits. For ETFs/ Index Funds in existence for a period of less than one year, the annualized standard deviation shall be calculated based on available data. Tracking difference is the difference of return between the scheme and benchmark annualized over 1 year, 3 year, 5 years, 10 years and since inception period.

- Tracking error/ difference could be the result of a variety of factors including but not limited to:
 - Delay in the purchase or sale of stocks within the benchmark due to
 - Illiquidity in the stocks, circuit filters on the stocks
- Delay in realisation of sale proceeds
- The scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired the securities at a price necessary to track the benchmark price
- Index providers may either exclude or include new scrips in their periodic review of the stocks that constitute the underlying index. In such situations the scheme will endeavour to rebalance the portfolio in line with the index. But, may not able to mirror the index immediately due to the available investment/reinvestment opportunity.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, payouts of IDCW etc.
- Execution of large buy / sell orders
- Delay in credit of securities
- Transaction cost and recurring expenses
- Delay in realisation of Unit holders' funds
- Levy of margins by exchanges

SEBI / other Regulatory restrictions on investments and/ or divestments by the scheme / Mutual Fund, which are outside the control of AMC, which may further cause / impact the tracking error.

Risks associated with investments in Derivative Instruments

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investment.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. There are certain risks inherent in derivatives. These are:

- a) **Basis Risk** – This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g. mismatch between the maturity date of the futures and the actual selling date of the asset.
- b) **Limitations on upside:** Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
- c) **Liquidity risk** pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.

- d) In case of investments in index futures, the risk would be the same as in the case of investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks. In case futures are used for hedging a portfolio of stocks, which is different from the index stocks, the extent of loss could be more or less depending on the coefficient of variation of such portfolio with respect to the index; such coefficient is known as Beta.
- e) The risk related to hedging for use of derivatives, (apart from the derivatives risk mentioned above) is that event of risk, which we were anticipating and hedged our position to mitigate it, does not happen. In such case, the cost incurred in hedging the position would be a avoidable charge to the scheme net assets.
- f) Credit Risk – The credit risk in derivative transaction is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a IRS / IRF derivative transaction. With the phased implementation of physical settlement of stocks in equity derivative segment, though there is an element of risk of stock / funds not being received, the same is mitigated due to settlement guarantee similar to equity cash market segment.
- g) Interest Rate Risk – interest rate is one of the variables while valuing derivatives such as futures & options. For example, with everything remaining constant, when interest rates increase, the price of Call option would increase. Thus, fluctuations in interest rates would result in volatility in the valuation of derivatives.
- h) Model Risk - A variety of models can be used to value options. Hence, the risk to the fund is that the fund manager buys a particular option using a particular valuation model (on the basis of which the option seems to be fairly priced or cheap) but the market is valuing it using another valuation model and according to which the option may be expensive.
- i) The risk (loss) for an option buyer is limited to the premium paid, while the risk (loss) of an option writer is unlimited, the latter's gain being limited to the premiums earned. However, in the case of the Fund, all option positions will have underlying assets and therefore all losses due to price-movement beyond the strike price will actually be an opportunity loss. The writer of a put option bears a risk of loss if the value of the underlying asset declines below the strike price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the strike price.

Risks associated with Capital Markets or Equity Markets (i.e. Markets in which Equity Shares or Equity oriented instruments are issued and traded)

○ **Price fluctuations and Volatility:**

Mutual Funds, like securities investments, are subject to market and other risks and there can be neither a guarantee against loss resulting from an investment in the Scheme nor any assurance that the objective of the Scheme will be achieved. The NAV of the Units issued under the Scheme can go up or down because of various factors that affect the capital market in general, such as, but not limited to, changes in interest rates, government policy and volatility in the capital markets. Pressure on the exchange rate of the Rupee may also affect security prices.

○ **Concentration / Sector Risk:**

When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector. Investments under this scheme will be in a portfolio of diversified equity or equity related stocks spanning across a few selected sectors. Hence the concentration risks could be high.

○ **Liquidity Risks:**

Liquidity in Equity investments may be affected by trading volumes, settlement periods and transfer procedures. These factors may also affect the Scheme's ability to make intended purchases/sales, cause potential losses to the Scheme and result in the Scheme missing certain investment opportunities. These factors can also affect the time taken by KMMF for redemption of Units, which could be significant in

the event of receipt of a very large number of redemption requests or very large value redemption requests. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described in the Statement of Additional Information.

○ **Risk associated with Securities Lending: -**

In the case of securities lending the additional risk is that there can be temporary illiquidity of the securities that are lent out and the Fund may not be able to sell such lent-out securities, resulting in an opportunity loss. In case of a default by counterparty, the loss to the Fund can be equivalent to the securities lent.

Risks associated with Debt / Money Markets (i.e. Markets in which Interest-bearing Securities or Discounted Instruments are traded)

Credit Risk:

Securities carry a Credit risk of repayment of principal or interest by the borrower. This risk depends on micro-economic factors such as financial soundness and ability of the borrower as also macro-economic factors such as Industry performance, Competition from Imports, Competitiveness of Exports, Input costs, Trade barriers, Favourability of Foreign Currency conversion rates, etc.

Credit risks of most issuers of Debt securities are rated by Independent and professionally run rating agencies. Ratings of Credit issued by these agencies typically range from "AAA" (read as "Triple A" denoting "Highest Safety") to "D" (denoting "Default"), with about 6 distinct ratings between the two extremes.

The highest credit rating (i.e. lowest credit risk) commands a low yield for the borrower. Conversely, the lowest credit rated borrower can raise funds at a relatively higher cost. On account of a higher credit risk for lower rated borrowers lenders prefer higher rated instruments further justifying the lower yields.

b) Price-Risk or Interest-Rate Risk:

From the perspective of coupon rates, Debt securities can be classified in two categories, i.e., Fixed Income bearing Securities and Floating Rate Securities. In Fixed Income Bearing Securities, the Coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the Floating Rate Securities, on the other hand, the coupon rate changes - 'floats' - with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury Bill.

Fixed Income Securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price-risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof. However, debt securities in the scheme are intended to be held till maturity. For such securities held till maturity, there will not be any interest rate risk at the end of the tenure.

Floating rate securities issued by a government (coupon linked to treasury bill benchmark or a real return inflation linked bond) have the least sensitivity to interest rate movements, as compared to other securities. The Government of India has already issued a few such securities and the Investment Manager believes that such securities may become available in future as well. These securities can play an important role in minimizing interest rate risk on a portfolio.

c) Risk of Rating Migration:

The following table illustrates the impact of change of rating (credit worthiness) on the price of a hypothetical AA rated security with a maturity period of 3 years, a coupon of 10.00% p.a. and a market value of Rs. 100. If it is downgraded to A category, which commands a market yield of, say, 11.00% p.a., its market value would drop to Rs. 97.53 (i.e. 2.47%). If the security is up-graded to AAA category which commands a market yield of, say, 9.00% p.a. its market value would increase to Rs. 102.51 (i.e. by 2.51%). The figures shown in the table are only indicative and are intended to demonstrate how the price of a security can be affected by change in credit rating.

Rating	Yield (% p.a.)	Market Value (Rs.)
AA	10.00	100.00
If upgraded to AAA	9.00	102.51
If downgraded to A	11.00	97.53

d) Basis Risk:

During the life of floating rate security or a swap the underlying benchmark index may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio. Where swaps are used to hedge an underlying fixed income security, basis risk could arise when the fixed income yield curve moves differently from that of the swap benchmark curve.

e) Spread Risk:

In a floating rate security, the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions the spreads may move adversely or favourably leading to fluctuation in NAV.

f) Reinvestment Risk:

Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

g) Liquidity Risk:

The corporate debt market is relatively illiquid vis-a-vis the government securities market. There could therefore be difficulties in exiting from corporate bonds in times of uncertainties. Liquidity in a scheme therefore may suffer. Even though the Government Securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described in the Statement of Additional Information (SAI).

Risk associated with investment in Government securities and Triparty repo on Government securities or treasury bills:

- The mutual fund is a member of securities segment and Triparty repo on Government securities or treasury bills trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty repo on Government securities or treasury bills trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counter party risks considerably for transactions in the said segments.
- The members are required to contribute towards margin obligation (Initial / Mark to Market etc.) as per bye-laws of CCIL as also an amount as communicated by CCIL from time to time to the default

fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in discharging their obligation. As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members as determined by CCIL.

- Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- CCIL maintains two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty repo on Government securities or treasury bills trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

C. Risk mitigation strategies

Type of Risks	Measures/ Strategies to control risks
Equity Markets/ Equity Oriented Instruments	▪ <u>Market Risk and Volatility</u>: Market risk is a risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index. ▪ <u>Concentration / Sector Risk</u>: Index Fund being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus, there is no additional element of volatility or stock concentration on account of fund manager decisions. The Risk Mitigation strategy revolves around minimizing the Tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Underlying Index as well as the incremental collections into / redemptions from the Scheme. • <u>Liquidity Risks</u>: As such the liquidity of stocks that the scheme invests into could be relatively low. The scheme will endeavour to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
Debt and Money Market instruments	▪ <u>Credit Risk</u>: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.

	▪ Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. ▪ Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities ▪ Basis Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. ▪ Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities ▪ Reinvestment Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short-term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. The Scheme may, however, endeavour to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. All derivatives trade will be done only on the exchange with guaranteed settlement. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.

Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs).” The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the scheme may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.
Tracking errors	Over a short period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavour to maintain a low tracking error by actively aligning the portfolio in line with the Index.

The measures mention above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change.in response to the same.

II. INFORMATION ABOUT THE SCHEME:

A. Where will the scheme invest?

Securities/ Instruments	Definitions
Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares;	Equity shares is a security that represents ownership interest in a company.
	Equity related instruments include convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by the Board from time to time.
	Derivative is a financial instrument whose value is based upon the value of an underlying equity shares or indices. The equity derivatives may be in the following form: Futures - Futures Contract means a legally binding agreement to buy or sell the underlying security / indices on a future date at an agreed price. Options - Options Contract is a type of Derivatives Contract which gives the buyer/holder of the contract the right (but not the obligation) to buy/sell the underlying asset at a predetermined price within or at end of a specified period. The buyer / holder of the option purchases the right from the seller/writer for a consideration which is called the premium. The seller/writer of an option is obligated to settle the option as per the terms of the contract when the buyer/holder exercises his right. The underlying asset could include securities, an index of prices of securities etc.
Money market instruments permitted by SEBI/RBI, having maturities of up to one year but not limited to: • Certificate of Deposits (CDs). • Commercial Paper (CPs) • Tri-party Repo, Bills re-discounting, as may be permitted by SEBI from time to time. • Repo of corporate debt securities	• "Certificate of Deposit" or "CD" is issued by Scheduled Commercial Banks (SCBs) and All-India Financial Institutions. There is a term period of 7 days to 1 year for CDs that are issued by SCBs, whereas the term period ranges from 1 year to 3 years for CDs issued by financial institutions. CDs are usually issued at a discounted rate and redeemed at par. • "Commercial Paper" or "CP" is a short-term instrument issued by corporates and financial institutions CPs are usually issued at a discounted rate and redeemed at par. The tenor of CP ranges from 7 days to 1 year. • Treasury bills or T-bills, which are money market instruments, are short term debt instruments issued by the Government of India and are presently issued in three tenors, namely, 91 day, 182 day and 364 day. Treasury bills are zero coupon securities and pay no interest. Instead, they are issued at a discount and redeemed at the face value at maturity. • Triparty Repo (TREPS) is a type of repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo

	to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. • Repos / Reverse Repos enables collateralized short term borrowing and lending through sale/purchase operations in debt instruments (including corporate bonds). • Bills Re-discounting is an instrument where a financial institution discounts the bills of exchange that it has discounted previously with another financial institution.
Units of Mutual Funds Schemes	Mutual fund means a fund established in the form of a trust to raise monies through the sale of units to the public or a section of the public under one or more schemes for investing in securities, money market instruments, gold or gold related instruments, silver or silver related instruments, real estate assets and such other assets and instruments as may be specified by the SEBI from time to time.
Securities Lending & Borrowing as permitted by SEBI from time to time	Securities Lending and Borrowing is a process through which shares or stocks are lent or borrowed from other investors or financial firms at a specified time and price.

B. What are the investment restrictions?

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments.

1. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

2. The Mutual Fund under all its Scheme(s) shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.

3. As per Clause 1 of the Seventh Schedule of MF Regulation, the Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and nonmoney market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

Within the limits specified in clause 1 of the Seventh Schedule of MF Regulation, a mutual fund scheme shall not invest more than:

- 10% of its NAV in debt and money market securities rated AAA issued by a single issuer; or
- 8% of its NAV in debt and money market securities rated AA issued by a single issuer; or
- 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of the Seventh Schedule of MF Regulation.

The long-term rating of issuers shall be considered for the money market instruments. However, if there is no long-term rating available for the same issuer, then based on credit rating mapping of Credit Rating Agency (CRAs) between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

Provided further that investments within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time. Considering the nature of the Scheme, investments in such instruments will be permitted up to 5% of its Net Assets.

4. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments. It is further clarified that the investment limits are applicable to all debt securities, which are issued by public bodies/institutions such as electricity boards, municipal corporations, state transport corporations etc. guaranteed by either state or central government. Government securities issued by central/state government or on its behalf by the RBI are exempt from the above investment limits.

5. The Scheme shall not make any investments in:

- (a) any unlisted security of an associate or group company of the Sponsors; or
- (b) any security issued by way of private placement by an associate or group company of the Sponsors; or
- (c) the listed securities of group companies of the Sponsors which is in excess of 25% of the net assets except for investments by equity-oriented ETFs and index funds based on widely tracked and non-bespoke indices, wherein the investments shall be made upto the weightage of the constituents of the underlying index, subject to overall cap of 35% of the net assets of the scheme in the group companies of the sponsor, in accordance with the SEBI circular no. SEBI/HO/IMD/IMD-PoD 2/P/CIR/2024/098 dated July 8, 2024.

6. The Scheme shall not invest in any Fund of Funds Scheme.

7. Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:-

- a) such transfers are made at the prevailing market price for quoted Securities on spot basis (spot basis shall have the same meaning as specified by Stock Exchange for spot transactions.)
- b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
- c) the same are in line with Para 12.30 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD 1/P/CIR/2024/90 dated June 27, 2024.

8. The mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

- Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.
- Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

9. No loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of payment of interest or IDCW

to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.

10. The Mutual Fund shall enter into transactions relating to Government Securities only in Electronic form.

11. The mutual fund shall get the securities purchased / transferred in the name of the fund on account of the concerned scheme, where investments are intended to be of long term nature.

12. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to Para 12.16 and 4.5 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, as may be amended from time to time. The AMC shall not charge investment management and advisory fees for parking of funds in such short-term deposits of scheduled commercial banks

13. Investments in Derivatives shall be in accordance with the guidelines as stated under Para 7.5, 7.6 and 12.25 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024 as may be amended from time to time.

14. In accordance with the Para 12.1 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, investments in following instruments as specified in the said circular, as may be amended from time to time, shall be applicable:

- i. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.
- ii. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than
 - (a) government securities,
 - (b) other money market instrument
- iii. However, the scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront,) and are rated and secured with coupon payment frequency on monthly basis.

Further, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the conditions as specified in the said circular:

- (a) Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- (b) Exposure of mutual fund schemes in such instruments shall not exceed 5% of the net assets of the schemes.
- (c) All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
- (d) Investments in debt instruments, listed debt instruments shall include listed and to be listed debt instruments

15. The Scheme being an exchange traded fund (ETF), investment by the scheme in the scheme in the equity shares or equity related instruments of any company shall be in accordance with the weightage of the scrips in Nifty 100 Equal Weight Index.

16. As per para 3.4 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD 1/P/CIR/2024/90 dated June 27, 2024, in order to address the risk related to portfolio concentration in the Scheme, the underlying index for this scheme shall comply with the following:

- (a) The index shall have a minimum of 10 stocks as its constituents.
- (b) For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- (c) The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- (d) The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

Accordingly, the underlying Index shall ensure that such index complies with the aforesaid norms.

Further, on a quarterly basis index will be screened by stock exchanges for compliance with the portfolio concentration norms for ETFs/ Index Funds as specified in para 3.4 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024. In case of non-compliance, suitable corrective measures will be taken to ensure compliance with the norms.

The Scheme shall endeavour to follow the guidelines prescribed under para 3.4 and 3.6 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024 and circular issued thereunder from time to time.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund, subject to SEBI (MF) regulations and circular issued thereunder from time to time.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations.

All investment restrictions shall be applicable at the time of making investment.

Modifications, if any, in the Investment Restrictions on account of amendments to the Regulations shall supersede/override the provisions of the Trust Deed.

C. Fundamental Attributes

Following are the fundamental attributes of the schemes, in terms of Regulation 18 (15A) of SEBI (MF) Regulations:

- i. Type of the scheme: As mentioned under the heading “Type of the Scheme” of Part I – Sr. No. III
- ii. Investment Objective: As mentioned under the heading “Investment Objective” of Part I – Sr. No. V
- iii. Investment Pattern: As mentioned under the heading “How will the scheme allocate its assets” of Part II – A
- iv. Terms of Issue:
 - a. Liquidity provisions such as listing, repurchase, redemption. Investors may refer Part I and Section II under ‘Other Scheme Specific Disclosures’ for detailed information on listing, repurchase and redemption.
 - b. Aggregate fees and expenses charged to the scheme. Investors may refer Part III ‘Other Details’.
 - c. Any safety net or guarantee provided – Not Applicable

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the trustees shall ensure that no change in the fundamental attributes of any scheme, the fees and expenses payable or any other change which would modify the scheme and affect the interest of the unit holders is carried out by the asset management company, unless it complies with sub-regulation (26) of regulation 25 of these regulations.

In accordance with Regulation 25(26) of the SEBI (MF) Regulations, the asset management company shall ensure that no change in the fundamental attributes of any scheme or the trust, fees and expenses payable or any other change which would modify the scheme and affect the interest of unit holders, shall be carried out unless,

- SEBI has reviewed and provided its comments on the proposal.
- A written communication about the proposed change is sent to each unit holder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the mutual fund is situated; and
- The Unitholders are given an option for a period of 30 calendar days to exit at the prevailing Net Asset Value without any exit load

About Nifty 50 Index (TRI)

The index represents 50 companies selected from the universe of Nifty 100 based on free float market capitalisation and liquid companies having average impact cost of 0.50% or less for 90% of the observations for a basket size of Rs. 10 Crores. The constituents should have derivative contracts available on NSE.

Index Re-Balancing:

- Index is re-balanced on semi-annual basis. The cut-off date is January 31 and July 31 of each year, i.e. For semi-annual review of indices, average data for six months ending the cut-off date is considered. Four weeks prior notice is given to market from the date of change

Index Eligibility Criteria:

- Market impact cost is the best measure of the liquidity of a stock. It accurately reflects the costs faced when actually trading an index. For a stock to qualify for possible inclusion into the Nifty50, have traded at an average impact cost of 0.50% or less during the last six months for 90% of the observations, for the basket size of Rs. 100 Million.
- Companies that are allowed to trade in F&O segment are only eligible to be constituent of the index.
- The Company should have a minimum listing history of 1 month as on the cutoff date.

Constituent Weighting:

Index constituents are weighted based on their float-adjusted market capitalization

E. Principles of incentive structure for market makers

Performance based incentives as and when offered to market maker, shall be disclosed as per SEBI Circular. The same shall be charged within the permissible TER limit.

F. Other Scheme Specific Disclosures:

Listing and transfer of units	Listing: The units of the Scheme are listed on NSE and BSE on allotment under intimation to SEBI. It may also list on any other exchanges subsequently. AMC has proposed to engage MM for creating liquidity for ETFs in the stock exchange so that retail investors (investors other than MM and Large Investors) are able to buy or redeem units on the stock exchange using the services of a stockbroker. Transfer of Units: Not Applicable
Dematerialization of units	1. Units of the Scheme will be available in Dematerialized (electronic) form in addition to the account statement. 2. The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the Depository Participants (DP's) name, DP ID Number and the beneficiary account number of the applicant. 3. Units of the Scheme will be issued, traded and settled compulsorily in dematerialized form.

Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not Applicable since it is an ongoing scheme.
Maximum Amount to be raised (if any)	Not Applicable since it is an ongoing scheme.
Dividend Policy (IDCW)	The Scheme does not offer any Plans/Options for investment. The AMC/Trustee reserve the right to introduce Option(s) as may be deemed appropriate at a later date.
Allotment (Detailed procedure)	The AMC/ Trustee reserves the right to reject any application inter alia in the absence of fulfilment of any regulatory requirements, fulfilment of any requirements as per the SID, incomplete/incorrect documentation and furnishing necessary information to the satisfaction of the Mutual Fund/AMC and subject to SEBI (MF) Regulations and circulars issued thereunder from time to time. Allotment of units and dispatch of allotment advice to FPI will be subject to RBI approval if required. Investors who have applied in non-depository mode will be entitled to receive the account statement of units within 5 Business Days of the closure of the NFO Period (since the investor can transact only through the exchange after NFO period, they need to convert the units in demat form). For applicants applying through the ASBA mode, on intimation of allotment by CAMS to the banker the investors account shall be debited to the extent of the amount due thereon. On allotment, units will be credited to the Investor's demat account as specified in the ASBA application form. The Units of the Scheme held in the dematerialized form will be fully and freely transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time and as stated in Para 14.4.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. Further, for the procedure of release of lien, the investors shall contact their respective DP. Also, when a person becomes a holder of the units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production/submission of such satisfactory evidence, which in its opinion is sufficient, effect the transfer, if the intended transferee is otherwise eligible to hold the units.
Refund	If application is rejected, full amount will be refunded within 5 working days of closure of NFO. If refunded later than 5 working days @ 15% p.a. for delay period will be paid and charged to the AMC.

The aforesaid limit of Rs.25 crores is not applicable for Market Makers. · Market Makers / Large Investors may exchange Portfolio Deposit / cash equivalent to the portfolio deposit and applicable cash component and transaction handling charges for Purchase / Redemption of Units of the Scheme in 'Creation Unit' size or in multiples thereof directly from the Mutual Fund, as defined by the Scheme for that respective Business Day. · The units are listed on NSE and BSE to provide liquidity through secondary market. All categories of Investors may purchase the units through secondary market on any trading day. · The AMC will appoint shall appoint at least two Market Makers, who are members of the Stock Exchanges, for ETFs to provide continuous liquidity on the stock exchange platform by providing two-way quotes in the units of the Scheme during trading hours. · The AMC reserves the right to list the units of the scheme on any other exchange, in future. · Unit holdings in less than the Creation Unit size can normally only be sold through the secondary market, except in situations mentioned under 'Exit opportunity in case of ETF for investors other than Market Makers and Large Investors' in the SID. · Any Transaction placed for redemption or subscription directly with the AMC must be greater than INR 25 crores or such other amount as may be specified by SEBI from time to time. Minimum Redemption Amount: All investors including Market Makers, Large Investors and other investors may sell their units in the stock exchange(s) on which these units are listed on all trading days of the stock exchange Mutual Fund will repurchase units from Market Makers on any business day in creation size units. In certain circumstances, the AMC

	may allow Large investors to sell units in creation unit size directly to the AMC at applicable NAV and other transaction handling charges. In case a Redemption / Switch-out request received is for both, a specified rupee amount and a specified number of Units of the respective Plan(s)/ Option(s), the specified amount will be considered the definitive request. In case the value / number of available units held in the Unit holder's folio / account under the Plan / Option of the Scheme is less than the amount / number of units specified in the redemption / switch-out request, then the available units/ amount available in the respective Scheme(s)/ Plan(s)/ Option(s) transaction shall be processed.
Accounts Statements	The depository participant with whom the unitholder has a depository account will send a statement of transactions in accordance with the byelaws of the depository which will contain the details of transaction of units. Allotment of units and dispatch of Allotment Advice to FIIs will be subject to RBI approval, if required. Units allotted under this scheme are transferable subject to the provisions of the Depositories Act, SEBI (Depository and Depository Participant) Regulations, 1996 and other applicable provisions. Note: The fund house may not furnish separate accounts statement to the unitholders since the statement of accounts furnished by depository participant will contain the details of transactions in these units. Pursuant to Para 14.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, the investor whose transaction has been accepted by Kotak Mahindra Asset Management Company Ltd. / Kotak Mahindra Mutual Fund shall receive the following: • The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). • The holding(s) of the beneficiary account holder for units held in demat mode will be shown in the statement issued by respective Depository Participants (DPs) periodically. • A consolidated account statement (CAS) for each calendar month on or before 12th of the succeeding month shall be sent by email (wherever investor has provided email id) or physical account statement where investor has not provided email id., across the schemes of the mutual funds, to all the investors in whose folio(s) transaction(s) has/have taken place during the month. The same shall be sent by the AMC or by the Agencies appointed by the AMC for non demat unit holders.

	• For the purpose of sending CAS, common investors across mutual funds shall be identified by their Permanent Account Number (PAN). • The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN and email id. Such investors will get monthly account statement from Kotak Mahindra Mutual Fund in respect of transactions carried out in the schemes of Kotak Mahindra Mutual Fund during the month. • Pursuant to SEBI Circular no. CIR /MRD /DP /31/2014 dated November 12, 2014 requiring Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts, the following modifications are made to the existing guidelines on issuance of CAS. • Such Investors shall receive a single Consolidated Account Statement (CAS) from the Depository. • Consolidation shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. • In case an investor has multiple accounts across two depositories, the depository with whom the Demat account has been opened earlier will be the default depository which will consolidate the details across depositories and MF investments and dispatch the CAS to the investor. • The CAS will be generated on monthly basis. • If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within fifteen days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts, then CAS with holding details shall be sent to the investor on half yearly basis. • The dispatch of CAS by the depositories shall constitute compliance by Kotak AMC/ Kotak Mahindra Mutual Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996 • Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before 21st day of succeeding month, providing the following information: • holding at the end of the six months

Redemption proceeds may also be paid to the Unitholder in any other manner like through ECS, direct credit, RTGS, etc as the AMC may decide, from time to time, for the smooth and the efficient functioning of the Scheme. Note: The mutual fund will rely on the address and the bank account details recorded in the depository system. Any changes to the address and bank account details can be made only through the depository system.			
Bank Mandate	As per the directives issued by SEBI it is mandatory for an investor to declare his/her bank account number. To safeguard the interest of Unitholders from loss or theft of their refund orders/redemption cheques, investors are requested to provide their bank details in the Application Form. In case an existing Unitholder is submitting a request for Change in his Bank Details, he needs to submit an old and new bank account. In absence of the same, the request for Change in Bank Mandate is liable to be rejected. Investors have an option of registering their bank accounts, by submitting the necessary forms & documents. At the time of redemption, investors can select the bank account to receive the amount.		
Delay in payment of redemption / repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024 by SEBI for the period of such delay		
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	In accordance with Para 14.3 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and SEBI Letter SEBI/HO/IMD-SEC-2/P/OW/2025/02346/1 dated January 22, 2025 the unclaimed Redemption amount and IDCW amount that are currently allowed to be deployed by the Mutual Fund only in call money market or money market Instruments, shall also be allowed to be invested in a separate plan of only Overnight scheme / Liquid scheme / Money Market Mutual Fund scheme floated by		

	Mutual Funds specifically for deployment of the unclaimed amounts. There shall a separate scheme/plan for Redemption amount and IDCW amount, pending for less than 3 years and more than 3 years Following are timelines for deployment by Mutual fund - Transfer of Unclaimed redemption and dividend amount to Unclaimed Dividend and Redemption Scheme (UDRS) after 90 days and not beyond 105 days from date of issuance of the instruments - On completion of first 3 years of a separate plan of Overnight scheme / Liquid scheme / Money Market Mutual Fund scheme, AMC shall transfer such units to UDRS plan (> 3 years) within 10 business days of subsequent month - The amount of income accrued on daily basis on unclaimed amount beyond 3 years shall be transferred on a monthly basis (ie on or before 10thcalendar day of subsequent month) to the investor education scheme/folio Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per para 17.5 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. AMCs shall not be permitted to charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped as per the TER of direct plan of such scheme or at 50bps whichever is lower. Investors who claim these amounts during a period of three years from the due date shall be paid initial unclaimed amount along with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. AMC shall play a proactive role in tracing the rightful owner of the unclaimed amounts considering the steps suggested by regulator vide the referred circular. As per SEBI Circular no. SEBI/HO/IMD/IMD-SEC-3/P/CIR/2025/15 dated February 12, 2025 a service platform for investors to trace inactive and unclaimed Mutual Fund folios- MITRA (Mutual Fund Investment Tracing and Retrieval Assistant) MITRA platform is developed and hosted by the QRTAs (CAMS and KFintech) would be available through a link on the website of MF Central, AMCs, AMFI, the two QRTAs and SEBI. MITRA platform will facilitate the investors with a searchable database of inactive and unclaimed Mutual Fund folios at an industry-level which will empower the investors on following manner:
--	--

	• Enable investors/ legal claimants to identify the overlooked investments or any investments made by any other person for which he/she may be rightful legal claimant. • Encourage investors to do KYC as per the current norms thus reducing the number of non-KYC compliant folios. • Contribute towards building a transparent financial ecosystem and will be reliable medium for investors to find their inactive and unclaimed Mutual Fund investments. • Build and incorporate mitigants against fraud risk An inactive folio shall be defined as “Mutual Fund Folio(s) where no investor-initiated transaction/s (financial and non-financial) have taken place in the last 10 years, but unit balance is available”. This portal would display only Fund Names and investor has to approach the respective MFs for more information.
Disclosure w.r.t investment by minors	As per Para 17.6 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the following Process for Investments in the name of a Minor through a Guardian will be applicable: a. Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. b. Redemption proceeds shall be credited only in verified bank account of the minor, i.e the account the minor may hold with the parent/legal guardian after completing KYC formalities. c. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. d. AMCs shall build a system control at the account set up stage of Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) and Systematic Withdrawal Plan (SWP) on the basis of which, the standing instruction is suspended when the minor attains majority, till the status is changed to major. Please refer SAI for detailed process on investments made in the name of a Minor through a Guardian and Transmission of Units.
Creation unit size	Creation Unit is fixed number of units of the Scheme, which is exchanged for a basket of securities underlying the index called the Portfolio Deposit and a Cash Component equal to the value of 12,500 units of the Scheme or cash equal to the value of 12,500 units of the scheme.

	For redemption of units it is vice versa i.e. fixed number of units of Scheme are exchanged for Portfolio Deposit and Cash Component or cash equal to the value of 12,500 units of the scheme. The Portfolio Deposit and Cash Component will change from time. Each creation unit consists of 12,500 units of Kotak Nifty 50 ETF. Each unit of Kotak Nifty 50 ETF will be approximately equal to 1/100thof the value of the Nifty 50. The creation unit size may be changed by the AMC at their discretion and the notice of the same shall be published on AMC’s website.

Procedure for Purchase and Redemption of Units	The following three types of investors may subscribe to the units of the scheme. There are some restrictions on their dealing with the Fund directly during the continuous offer as explained below:					

	1. Market Makers (MM):MM is an entity engaged by AMC to provide continuous liquidity on the stock exchange platform. MM may buy and redeem units in creation unit size or in multiples thereof directly from the Fund on any business day. i. AMCs shall facilitate in-kind creation and redemption of units of ETFs (including Debt ETFs) by MMs on a best effort basis. 2. Large Investors (LI):LI may buy and redeem units in transaction value greater than Rs.25 crores or such other amount as may be specified by SEBI from time to time and in creation unit size or in multiples thereof directly from the Fund on any business day as and when permitted by the AMC. 3. Other Investors: Investors other than MM and LI may buy or sell units of the ETF Scheme from the stock market only, on an ongoing basis except in situations mentioned under 'Exit opportunity in case of ETF for investors other than Market Makers and Large Investors' in the SID. <u>Market Making Settlement Process</u> i. Market making settlement process would enable net settlement between cash leg of transactions in units of ETF by the MM and consequent transaction in underlying basket by the ETF. ii. MMs shall be permitted to transact in the basket of securities underlying the ETF against equivalent transactions in units of ETFs and transfer the net obligation of such transactions to the ETF for unit creation or redemption. The AMCs shall be allowed to create or redeem units of ETFs without upfront payment of 100% value of such units or upfront delivery of such units by the MMs, respectively. iii. The above mechanism shall be permitted subject to equivalent transactions in units and underlying basket for the same settlement cycle and confirmation of both the legs by the Custodian. iv. For the above mechanism ETFs shall be allowed to buy or sell their own units, without the same forming part of the asset allocation of the scheme v. Facilitation of the above mechanism for equity ETFs shall be at the discretion of the AMC. 1. Requirement of Demat account for investing in the scheme. The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the Depository Participants (DP's) name, DP ID Number and the beneficiary account number of the applicant.
--	---

	2. Procedure for Purchase/Redemption of Units directly from the Fund: Only Market Makers/Large Investors can purchase or redeem unit directly from the Fund as per the procedure given below: a. Creation/Redemption of units in Creation Unit Size by Exchanging Portfolio Deposit The Fund creates / redeems the scheme units in large size known as “Creation Unit”. The value of the “Creation Unit” of the ETF Scheme or in multiple thereof called as the “Portfolio Deposit” and a “Cash Component” which will be exchanged for corresponding number of units. The Portfolio Deposit and Cash Component may change from time to time and will be announced by Fund on its website. Portfolio deposit shall be made into a pre-designated depository account. AMC may, at its sole discretion, create units of the Scheme in ‘Creation Unit’ size in “Cash”. Large investors may buy and redeem units in transaction value greater than Rs.25 crores or such other amount as may be specified by SEBI from time to time and in creation unit size directly from the Fund. b. Procedure for Creating Scheme’s units in Creation Unit Size <u>Subscription in-kind (portfolio deposit)</u> MM/LI may deposit requisite basket of securities comprising underlying benchmark constituting the Portfolio Deposit and Cash component. The requisite securities constituting the Portfolio Deposit have to be transferred to the designated depository account of the scheme while the Cash Component along with transaction handling charges has to be paid to the AMC based on the request by MM/LI by way of a cheque or any other mode of payment. The AMC will have the corresponding number of units credited to the depository account of the MM/LI. <u>Subscription in cash</u> Subscription of the ETF Units in Creation Unit Size may be made by MM / LI on payment of requisite Cash (through cheque or other modes of payment), as determined by the AMC equivalent to the cost incurred towards the purchase of predefined basket of securities that represent the Underlying Index (i.e. Portfolio Deposit), Cash Component and transaction handling charges, if any. Units may be allotted only on realization of the full consideration for creation unit and at the value at which the underlying stocks for the creation unit is purchased against that purchase request. The AMC will have the corresponding number of units credited to the depository account of the MM/LI. c. Procedure for Redeeming Scheme’s units in Creation Unit Size <u>Redemption in-kind (portfolio deposit):</u> MM/LI may submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which MM/LI has a depository account.
--	---

	Redemption proceeds in the form of basket of securities included in the underlying index in the same proportion will be credited to the designated DP account of the MM/LI. Any fractions in the number of securities transferable to MM/LI will be rounded off to the lower integer and the value of the fractions will be added to the cash component payable. Applicable cash component will be recovered along with necessary transaction handling charges. <u>Redemption in cash:</u> The Fund at its discretion may accept the request of MM/LI for payment of redemption proceeds in cash in creation unit size or in multiples thereof. Such investors shall submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which MM/LI has a depository account. whereupon the Fund will arrange to sell underlying portfolio securities on behalf of the investor. Accordingly, the sale proceeds at the actual execution price of the underlying portfolio, after adjusting necessary transaction handling charges/costs and applicable cash component, will be remitted to the investor. The number of Units so redeemed will be subtracted from the unitholder's account balance (DP) and a statement to this effect will be issued to the unitholder by depository. d. Redemption method: ○ Unitholder (large investor or authorized participant) may submit to any of the offices of AMC Redemption request Form enclosed with a copy of redemption request duly acknowledged by the depository participant. ○ The depository participant will process the request and forward the same to Registrar to the Scheme in the normal course. ○ The time taken for confirmation of repurchase of units is dependent upon the timelines and procedures of depositories. ○ Redemption proceeds in the form of Portfolio of securities will be transferred to the demat account of the unit holder within three days of confirmation with the depository records or the sale proceeds at the actual execution price of the underlying portfolio, after adjusting necessary transaction handling charges/costs and applicable cash component, will be remitted to the unit holder. e. Buying /Selling through the Stock Exchange Buying / Selling units on the stock exchange is just like buying / selling any other normal listed securities. If an investor has bought units, an investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, an investor has to deliver the units to the broker/sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the
--	--

	settlement cycle on the exchange. The trading member would pay the money or deliver the units to the investor in accordance with time prescribed by the stock exchange regulations. If an investor has bought units, he should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation. An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her trading member through whom he/she have sold the units. The details of the pool A/c of his/her trading member to which the units are to be transferred, unit quantity etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc. IISL do not guarantee the accuracy and/or the completeness of the Nifty 50 Index, or any data included therein and they shall have no liability for any errors, omissions, or interruptions therein. IISL makes any warranty, express or implied, as to results to be obtained by Kotak Mahindra Asset Management Company Limited owners of the Kotak Nifty 50 ETF, or any other person or entity from the use of the Nifty 50 Index or any data included therein. IISL make no express or implied warranties and expressly disclaim all warranties of merchantability or fitness for a particular purpose or use with respect to the Nifty 50 Index or any data included therein. Exit opportunity in case of ETF for investors other than Market Makers and Large Investors: Investors other than Market Makers and Large Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 crores or such other amount as may be specified by SEBI from time to time without any exit load or such other amount as may be specified by SEBI from time to time, in case of the following scenarios:
--	--

	a. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or b. No quotes are available on stock exchanges for 3 consecutive trading days, or c. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days. In such a scenario valid applications received from investors for redemption up to 3 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day. . Such instances shall be tracked by the AMC on an ongoing basis and in case if any of the above-mentioned scenario arises the same shall be disclosed on the website of the AMC.
