- *Investors should consult their financial advisers if in doubt about whether the product is suitable for them*

Riskometer

Scheme	Benchmark
 The risk of the scheme is very high.	 The risk of the benchmark is very high. As per AMFI Tier I Benchmark i.e. Nifty 50 TRI

(Offer of Units at NAV based prices on an on-going basis)

Scheme Code : BNDN/O/O/EIN/09/11/0022

Name of Mutual Fund	Bandhan Mutual Fund
Name of Asset Management Company	Bandhan AMC Limited
Name of Trustee Company	Bandhan Mutual Fund Trustee Limited
Addresses of the entities	6th Floor, One World Centre, 841, Senapati Bapat Marg, Prabhadevi, Mumbai – 400013
Website	www.bandhanmutual.com

The particulars of the Scheme have been prepared in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations 1996, (herein after referred to as SEBI (MF) Regulations) as amended till date and circulars issued thereunder filed with SEBI, along with a Due Diligence Certificate from the AMC. The units being offered for public subscription have not been approved or recommended by SEBI nor has SEBI certified the accuracy or adequacy of the Scheme Information Document.

The Scheme Information Document sets forth concisely the information about the scheme that a prospective investor ought to know before investing. Before investing, investors should also ascertain about any further changes to this Scheme Information Document after the date of this Document from the Mutual Fund / Investor Service Centres / Website / Distributors or Brokers.

The investors are advised to refer to the Statement of Additional Information (SAI) for details of Bandhan Mutual Fund, Standard Risk Factors, Special Considerations, Tax and Legal issues and general information on www.Bandhanmutual.com (website address).

SAI is incorporated by reference (is legally a part of the Scheme Information Document). For a free copy of the current SAI, please contact your nearest Investor Service Centre or log on to our website.

The Scheme Information Document (Section I and II) should be read in conjunction with the SAI and not in isolation.

This Scheme Information Document is dated November 28, 2025.

PART I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Bandhan Nifty 50 Index Fund
II.	Category of the Scheme	Index Funds
III.	Scheme type	An open ended scheme tracking Nifty 50 Index
IV.	Scheme code	BNDN/O/O/EIN/09/11/0022
V.	Investment objective	The investment objective of the scheme is to replicate the Nifty 50 index by investing in securities of the Nifty 50 Index in the same proportion / weightage. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
VI.	Liquidity/listing details	Units of the Scheme may be purchased or redeemed on all Business Days at NAV based prices subject to the prevailing load structure. The units of the Scheme are presently not listed on any stock exchange. Investors having a bank account with Banks whom the Fund has an arrangement from time to time can avail of the facility of direct debit/credit to their account for purchase/sale of their units. The Fund shall dispatch the redemption proceeds within 3 (three) working days from the date of acceptance of duly filled in redemption request at any of the official point of acceptance of transactions. Further, the investor may note that in case of exceptional scenarios as prescribed by AMFI vide its communication no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023 read with clause 14.2 of SEBI Master Circular dated June 27, 2024 (SEBI Master Circular), the AMC might follow the additional timelines as prescribed. In case the Redemption proceeds are not made within 3 working Days of the date of redemption or repurchase, interest will be paid @15% per annum or such other rate from the 4th day onwards, as may be prescribed by SEBI from time to time. The Scheme is an open ended scheme, sale and repurchase is available on a continuous basis and therefore the Units of the Scheme are presently not proposed to be listed on any stock exchange. However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect.
VII.	Benchmark (Total Return Index)	Nifty 50 TRI. The compositions of the benchmark are such that it is most suited for comparing performance of the Scheme.
VIII.	NAV disclosure	NAV will be determined for every Business Day except in special circumstances. NAV calculated upto four decimal places. NAV of the Scheme shall be made available on the website of AMFI (www. amfiindia.com) and the Mutual Fund (www.bandhanmutual.com)

Sr. No.	Title	Description
		by 11.00 p.m. on all business days. The NAV shall also be available on the call free number 1-800-300-66688 and on the website of the Registrar CAMS (www.camsonline.com). Further details mentioned in Section II – ‘III. Other Details’ – ‘B. Transparency/NAV’
IX.	Applicable timelines	Timeline for Dispatch of redemption proceeds: The Fund shall dispatch the redemption proceeds within 3 (three) working days from the date of acceptance of duly filled in redemption request at any of the official point of acceptance of transactions. Further, the investor may note that in case of exceptional scenarios as prescribed by AMFI vide its communication no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023, read with clause 14.2 of SEBI Master Circular dated June 27, 2024 (“SEBI Master Circular”), the AMC might follow the additional timelines as prescribed. In case the Redemption proceeds are not made within 3 working Days of the date of redemption or repurchase, interest will be paid @15% per annum or such other rate from the 4th day onwards, as may be prescribed by SEBI from time to time. Refer SAI for details on exceptional scenarios. Timeline for Dispatch of IDCW: The Fund shall dispatch the IDCW warrant to the unitholders shall be made within seven working days from the record date. The record date shall be two working days from the issue of public notice, wherever applicable, for the purpose of payment of dividend. In the event of delay the AMC shall pay to the concerning investor’s interest @15% p.a. for delayed period beyond the specified period of seven (7) working days from the record date
X.	Plans and Options Plans/Options and sub options under the Scheme	The Scheme has two Plans - Regular Plan & Direct Plan, with a common portfolio and separate NAVs. Each of the Plans offer Growth & Income Distribution cum capital withdrawal Option[^]. Income Distribution cum capital withdrawal Option under both the Plan(s) offer Payout of Income Distribution cum capital withdrawal option, Reinvestment Income Distribution cum capital withdrawal option & Transfer of Income Distribution cum capital withdrawal option (from Equity Schemes to Debt Schemes Only). [^]the amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. Sr. No.	Title	Description
		investors at the official point of acceptance of transactions at the office of the registrar and/or AMC as may be notified from time to time. For details please refer to the application form and/or website of the Mutual Fund at www.bandhanmutual.com. Please refer section II for details
XIX.	Investor services	Contact details for general service request and for compliant resolution: E-Mail: Investormf@bandhanamc.com Toll-Free: 1-800-266 66 88/ 1-800-300 666 88 Details of Investor Relation Officer Name: Ms. Neeta Singh Address and Contact Number: Bandhan AMC Limited, 6th Floor, One World Centre, 841, Senapati Bapat Marg, Prabhadevi, Mumbai – 400013 Contact number: 022 66289999 E-Mail: neeta.singh@bandhanamc.com
XX.	Specific attribute of the scheme (such as lock in, duration in case of target maturity scheme / close ended schemes) (as applicable)	Not Applicable
XXI.	Special product/ facility available during the NFO and on ongoing basis	The facilities/products Available are: Systematic Investment Plan (SIP): Unitholders of the scheme/s can invest through Systematic Investment Plan. SIP allows the unitholder to invest a specified sum of money each Week / Month / Quarter with a minimum amount of Rs. 100 and minimum 6 installments. Investors have an option to choose weekly SIP frequency as below – - Any day option from Monday to Friday. Default day: Wednesday, if any day is not selected. OR - Fixed dates i.e. 7, 14, 21 and 28. If none of the weekly option is selected then, default weekly frequency will be every Wednesday of the week. (Note - If SIP day falls on non-business day, the SIP transaction shall be processed on the next business day.) For investment on monthly & quarterly basis, unit holders can choose any day of the month from 1st to 31st as the date of the instalment. The unitholder who wishes to opt for Weekly SIP / Monthly SIP / Quarterly SIP, has to commit investment by providing the Registrar with at least six

Sr. No.	Title	Description
		post-dated cheques/debit mandate/mandate form for Electronic Clearing System (ECS)/ such other instrument as recognized by AMC from time to time for a block of 6 weeks/months/quarters in advance. OTHER SIP FACILITIES: • Perpetual SIP: Under this SIP facility the investor need not mention the maximum installment. The SIP shall end on December 31, 2099 automatically. In case there is no mention of the number of installments; the SIP shall be registered under the Perpetual SIP facility. • Differential SIP: Under this facility the investor has a choice of registering the SIP in such a manner that the 1st SIP installment will be lower / higher than the subsequent installments. • SIP Top-up facility - Top-up facility has to be opted at the time of SIP registration. Existing SIPs cannot be converted into this facility For details on SIP facilities, please refer SAI Booster SIP Facility: “Booster SIP” is a facility wherein an investor under a designated open-ended scheme can opt to invest variable amounts, at pre-determined intervals to take advantage of movements in the market by investing higher when the markets are low. For details please refer SAI. SIP Pause Facility: SIP Pause facility allows investors to pause their existing SIP for a temporary period, without discontinuing the existing SIP. Following are the terms and conditions of the facility. For details please refer SAI. Systematic Transfer Plan: Investors can opt for the Systematic Transfer Plan by investing a lumpsum amount in one scheme of the Mutual Fund and providing a standing instruction to transfer a pre-specified sum into any other scheme of Bandhan Mutual Fund. Investors can also opt for STP from an existing account by quoting their account / folio number. For other SIP Facilities please refer SAI. Booster STP is a facility wherein an investor under a designated open-ended scheme can opt to transfer variable amount(s) linked to the value of investment under Booster STP on the date of transfer at pre-determined intervals from designated scheme of Bandhan Mutual Fund (hereinafter referred to as “Source Scheme”) to the Growth Option of designated scheme of Bandhan Mutual Fund (hereinafter referred to as “Target Scheme”), subject to the enabling provision of the Scheme Information Document of the Target Scheme. For other details please refer addendum on the website. Systematic Withdrawal Plan: Unitholders of the Scheme have the benefit of enrolling themselves in the Systematic Withdrawal Plan. The SWP allows the Unitholder to withdraw a specified sum of money periodically from his investments in the Scheme. SWP is ideal for investors seeking a regular inflow of funds for their needs. It is also ideally suited to retirees or individuals who wish to invest lumpsums and withdraw from the investment over a period of time.

Sr. No.	Title	Description
		The Unitholder may avail of this plan by sending a written request to the Registrar. This facility is available in the growth and Income Distribution cum capital withdrawal option. For details please refer SAI. Choti SIP Facility: The features of the facility are as follows:- 1. The facility will be available only to first-time individual investors to the mutual fund industry excluding minors and will be restricted to three SIPs (one each in upto 3 Asset Management Companies) (“Choti SIP”). SIPs that were Choti SIP at the time of investment shall continue as Choti SIP. 2. The facility will be available with only monthly frequency under Growth option of the Eligible Schemes. 3. The ticket size of the SIP registered under the Eligible Schemes for this facility will be exactly equal to Rs. 250/- SIP with minimum commitment of 60 instalments. Early withdrawals of the instalments shall not be restricted and exit load shall be applicable as per the provisions of the SID of the Eligible Schemes. 4. Payment mode can only be through Unified Payment Interface (UPI) or National Automated Clearing House (NACH) only. 5. All statutory disclosures to unitholders of Choti SIPs shall be through a registered mobile number and email id (if provided by the investor). 6. Any investor having investments in the schemes of any Mutual Funds or initiates any SIP investment other than Choti SIP or makes a lumpsum investment across any Mutual Funds, shall be considered ineligible under Choti SIP at an industry level, for any of its subsequent investment.

PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The asset allocation under the scheme will be as follows:

Instruments	Indicative Allocation (% of total assets)	
	Minimum	Maximum
Securities forming a part of the Nifty 50 Index (including stock & index derivatives)	95%	100%
Debt & Money Market instruments (including Government securities, Securitised debt, Margin money/FD)	0%	5%

The net assets of the scheme/Plan will be invested predominantly in stocks constituting the Nifty 50 Index and / or in exchange traded derivatives on the Nifty 50 Index. This would be done by investing in almost all the stocks comprising the Nifty 50 Index in approximately the same weightage that they represent in the Nifty 50 Index and / or investing in derivatives including futures contracts and options contracts on the Nifty 50 Index. A small portion of the net assets will be invested in money market instruments permitted by SEBI / RBI including call money market or in alternative investment for the call money market as may be provided by the RBI, to meet the liquidity requirements of the scheme/plan and for meeting margin money requirement for Nifty futures and/or futures of stocks forming part of the Nifty Index. Further in case wherein the minimum lot size of the index scrip's is not available, then the scheme shall invest in debt and money market instruments. Further in case wherein the minimum lot size of the index scrip's is not available, then the scheme shall invest in debt and money market instruments.

Investment in Securities lending- up to 20% of the total assets with maximum single party exposure restricted to 5% of the total assets.

Gross Exposure to Repo of Corporate Debt Securities - up to 5% of total assets.

As per clause 12.24 of SEBI Master Circular, the cumulative gross exposure through equity, debt, Money Market instruments, derivative positions (including commodity and fixed income derivatives), repo transactions and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.

In line with SEBI Circular dated December 31, 2024, the scheme will ensure the following –

- (i) Investment in equity derivatives of underlying securities forming part of the index shall also be available as an investment option in case the underlying security is not available for purchase. However, investments in bespoke debt securities and debt derivatives shall not be allowed.
- (ii) The scheme will not invest in the following:
 - Unlisted debt instrument
 - Bespoke or complex debt products
 - Securities with special features
 - Inter scheme transactions
 - Short selling
 - Unrated debt and money market instruments (except G-Secs, T-Bills and other money market instruments)
- (iii) Investment in equity derivatives of underlying securities shall be allowed in instances of portfolio rebalancing or unavailability of the securities.

Disclosure Norms:

I. Portfolio:

As per clause 3.6.8 of SEBI Master Circular:

A. The Fund shall disclose the following on monthly basis:

- Name and exposure to top 7 issuers and stocks respectively as a percentage of NAV of the scheme
- Name and exposure to top 7 groups as a percentage of NAV of the scheme.
- Name and exposure to top 4 sectors as a percentage of NAV of the scheme.

B. Change in constituents of the index, if any, shall be disclosed on the AMC website on the day of change.

II. Tracking Error:

As per Clause 3.6.3.1(c) of SEBI Master Circular, the Fund shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of AMCs and AMFI.

III. Tracking Difference:

As per Clause 3.6.3.2 (a) of SEBI Master Circular, the annualized difference of daily returns between the index and the NAV of the Fund shall be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. no	Type of Instrument	Percentage of exposure	Circular references
1.	Securities Lending	A maximum of 20% of the net assets will be deployed in securities lending and the maximum single party exposure will be restricted to 5% of the net assets.	Para 12.11 of SEBI Master Circular dated June 27, 2024
2.	Equity Derivatives for non- hedging purposes	-	-
3.	Securitized Debt	Debt & Money Market instruments (including Government securities, Securitised debt, Margin money/FD): 0% - 5%	-
4.	Overseas Securities	Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.	Para 12.19 of SEBI Master Circular dated June 27, 2024
5.	ReITS and InVITS	-	Clause 13 of Seventh Schedule of SEBI Mutual Funds Regulations, 1996
6.	AT1 and AT2 Bonds (debt instruments with special features)	As per clause 12.2 of SEBI Master Circular, the scheme will not invest in instruments having special features.	Para 12.2 of SEBI Master Circular dated June 27, 2024
7.	Any other	Gross Exposure to Repo of	Para 12.18.1.1 of SEBI

	instrument	Corporate Debt Securities - up to 5% of total assets.	Master Circular dated June 27, 2024
--	-------------------	---	-------------------------------------

The scheme will follow the applicable provisions as specified in SEBI Circular and SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.

Change in Investment Pattern

Rebalancing due to Short Term Defensive Consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Clause 1.14.1.2 of SEBI Master circular, and the fund manager will rebalance the portfolio within 7 calendar days from the date of deviation.

Rebalancing due to Passive Breaches

In case of change in constituents of the index due to periodic review, the portfolio of Scheme will be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

The Scheme shall ensure compliance to the norms for portfolio as per clause 3.5 of SEBI Master Circular.

NSEIL undertakes periodic reviews of the fifty securities that are represented in the Nifty and from time to time may exclude existing securities or include new ones. In such an event, the Fund will endeavour to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Nifty in a short period of time.

B. WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme will be invested in equity and equity related products & in debt and money market instruments. Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments:

1. Equity and Equity related instruments include equity warrants and convertible instruments.
2. ADRs / GDRs issued by Indian companies subject to necessary regulatory requirements (or such other limits that the regulations may permit from time to time).
3. Stock futures / index futures and such other permitted derivative instruments.
4. Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities/Corporate Bonds as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
5. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
6. Debt instruments issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
7. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips, etc.
8. Debt instruments (both public and private sector) issued by banks / development financial institutions.
9. Money market instruments permitted by SEBI including call money market or in alternative investments for the call money market as may be provided by RBI to meet the liquidity requirements.

10. Certificate of Deposits (CDs).
11. Commercial Paper (CPs).
12. Securitised Debt instruments.
13. The non-convertible part of convertible securities.
14. Any other domestic fixed income securities including Structured Debt instruments.
15. Any overseas debt instrument, as permitted by extant regulations.
16. Pass through, Pay through or other Participation Certificates representing interest in a pool of assets including receivables.
17. Derivatives
18. Any other securities / instruments as may be permitted by SEBI from time to time, subject to regulatory approvals if any.

Detailed definition and applicable regulations/guidelines for each instrument is included in Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Equity

The Scheme will be managed passively with investments in stocks in a proportion that it is as close as possible to the weightages of these stocks in the Nifty 50 Index. The investment strategy would revolve around reducing the tracking error to the least possible through rebalancing of the portfolio, taking into account the change in weights of stocks in the index as well as the incremental collections/redemptions from the Scheme. It is proposed to manage the risks by placing limit orders for basket trades and other trades, proactive follow-up with the service providers for daily change in weights in the Nifty 50 Index as well as monitor daily inflows and outflows to and from the Fund closely. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated

Debt

The domestic debt markets are maturing rapidly with liquidity emerging in various debt segments through the introduction of new instruments and investors. The actual percentage of investment in various fixed income securities will be decided after considering the prevailing political conditions, the economic environment (including interest rates and inflation), the performance of the corporate sector and general liquidity and other considerations in economy and markets. The Fund has put in place detailed Investment Discretion Guidelines defining the prudential and concentration limits for the portfolio limits.

TRADING IN DERIVATIVES

The scheme intends to use derivatives for purposes that may be permitted by SEBI (Mutual Funds) regulations 1996, from time to time.

Derivative transactions that can be undertaken by the Scheme include a wide range of instruments, including, but not limited to

- Futures
- Options
- Swaps
- Any other instrument, as may be regulatory permitted

To the extent the Scheme invest in Equity derivatives the position taken in the portfolio would be guided by the following principles.

i. Position limit for the Mutual Fund in index options contracts

a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.

b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts:

a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.

b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

1. Short positions in index derivatives (short futures and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.

2. Long positions in index derivatives (long futures and long calls) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:-

a. The combined futures and options position limit shall be 20% of the applicable MWPL.

b. The MWPL and client level position limits however would remain the same as prescribed

v. Position limit for each scheme of a Mutual Fund for stock based derivative contracts

The scheme-wise position limit / disclosure requirements shall be –

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:

1% of the free float market capitalisation (in terms of number of shares) or 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Illustrations

Index Futures

Index Futures have been introduced by BSE and NSE. Generally, three futures of 1 month, 2 months and 3 months are presently traded on these exchanges. These futures expire on the last working Thursday of the respective months.

If the Nifty (Index) was 1875 at the beginning of a month and the quotes for the three futures were as under:

Month	Bid Price	Offer Price
1	1880	1885
2	1900	1915
3	1910	1930

The Fund can buy an Index of month 1 on the last day of the month prior to month 1 in the illustration above at an offer price of 1885.

Numerical example of futures trade

The following is a hypothetical example of a typical likely index future trade and the associated costs.

Particulars	Index Future	Actual purchase of stocks
Index at the beginning of the month	1875	1875
Price of 1 Month Future	1885	
A. Execution Cost: Carry and other Index Future costs (1885-1875)	10	Nil
B. Brokerage Cost: Assumed at 0.30% for Index Future and 0.50% for spot Stocks (0.30% of 1885) (0.50% of 1875)	5.66	9.38
C. Gains on Surplus Funds: (assumed 10% return on 90% of the money left after paying 10% margin) $(10\% \times 1875 \times 90\% \times 30 \text{ days} / 365)$	13.87	Nil
Total Cost (A+B-C)	1.79	9.38

In this example, the Index Future trade has resulted in profitability compared to actual purchase of the underlying index stocks. The profitability of Index Future as compared to an individual security will inter alia depend upon the carrying cost, the interest available on surplus funds and the transaction cost.

There are futures based on stock indices as mentioned above as also futures based on individual stocks.

Illustrative list of strategies that can employ futures

Strategies that employ index futures and their objectives:

(a) The fund has an existing equity portion invested in a basket of stocks. In case the fund manager has a view that the equity markets are headed downwards, the fund can then hedge the exposure to equity either fully or partially by initiating short futures positions in the index. A similar position in the long direction can also be initiated by the fund to hedge its position of cash and permissible equivalents. The extent to which this can be done is determined by existing guidelines.

Risk associated with this strategy:

1. Lack of opportunities available in the market
2. Inability of the derivatives to correlate perfectly with underlying indices
3. Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(b) To the extent permissible by extant regulations the scheme can initiate a naked short position in an underlying index future traded on a recognized stock exchange. In case the nifty near month future contract trading at say, 1850, and the fund manager has a view that it will depreciate going forward, the fund can initiate a sale transaction of nifty futures at 1850 without holding a portfolio of equity stocks or any other underlying long equity position. Once the price falls to 1800 after say, 20 days the fund can initiate a square-up transaction by buying the said futures and book a profit of 50. Correspondingly the fund can take a long position without an underlying cash/ cash equivalent subject to the extant regulations.

Risk associated with this strategy:

1. Lack of opportunities available in the market
2. Inability of the derivatives to correlate perfectly with underlying indices
3. Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Strategies that employ Stock specific Futures and their objectives:

Individual stock futures are also available in the Indian Equity Markets. Stock futures trade either at a premium or at discount to the spot prices, the level of premium generally reflects the cost of carry. Stock specific issues may have a bearing on futures as speculators may find futures as a cost-effective way of executing their view on the stock. However, such executions usually increase the premium/discount to the spot significantly, thereby giving rise to arbitrage opportunities for a fund.

(a) Selling spot and buying future : In case the fund holds the stock of a company at say Rs. 1000 while in the futures market it trades at a discount to the spot price say at Rs. 980 then the fund may sell the stock and buy the futures. On the date of expiry of the stock future, the fund may reverse the transactions (i.e. Buying at Spot & Selling futures) and earn a risk-free Rs. 20/- (2% absolute) on its holdings. As this can be without any dilution of the view of the fund on the underlying stock the fund can still benefit from any movement of the price in the northward direction, i.e. if on the date of expiry of the futures, if the stock trades at 1100 which would be the price of the futures too, the fund will have a benefit of Rs. 100/- whereby the fund gets the 10% upside movement together with the 2% benefit on the arbitrage, and thus getting a total return of 12%

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(b) Buying spot and selling future: Where the fund holds the stock of a company trading in the spot market at Rs 1000 while it trades at Rs. 1020/- in the futures market then fund may buy the stock at spot and sell in the futures market thereby earning Rs 20. In case of adequacy of cash with the fund, this strategy may be used to enhance returns of the Scheme which was otherwise sitting on cash.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(c) Buying stock future: Where the scheme wants to initiate a long position in a stock whose spot price is at say, Rs.1000 and futures is at Rs.980, then the fund may just buy the futures contract instead of the spot thereby benefiting from a lower cost option.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(d) In case the fund has a bearish view on a stock which is trading in the spot market at Rs.1000/- and

the futures market at say Rs.980/-. The fund can express such a view subject to extant SEBI regulations by initiating a short position in the futures contract. In case the view is right and the futures price depreciates to say 900/- the fund can square up the short position thereby earning a profit of Rs. 80/-

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Strategies that use Options and the objectives of such strategies:

Option contracts are of two types - Call and Put; the former being the right, but not obligation, to purchase a prescribed number of shares at a specified price before or on a specific expiration date and the latter being the right, but not obligation, to sell a prescribed number of shares at a specified price before or on a specific expiration date. The price at which the shares are contracted to be purchased or sold is called the strike price. Options that can be exercised on or before the expiration date are called American Options, while those that can be exercised only on the expiration date are called European Options. Option contracts are designated by the type of option, name of the underlying, expiry month and the strike price. Thus options can be used to earn less volatile returns, earn the premium or use for hedging purposes etc.

Illustrations of strategies using Options

Call Option (Buy): The fund buys a call option at the strike price of say Rs.1000 and pays a premium of say Rs. 50, the fund would earn profits if the market price of the stock at the time of expiry of the option is more than 1050 being the total of the strike price and the premium thereon. If on the date of expiry of the option the stock price is below Rs 1000, the fund will not exercise the option while it loses the premium of Rs 50.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Put Option (Buy): The fund buys a Put Option at Rs 1000 by paying a premium of say Rs 50. If the stock price goes down to Rs. 900, the fund would protect its downside and would only have to bear the premium of Rs 50 instead of a loss of Rs 100 whereas if the stock price moves up to say Rs. 1100 the fund may let the Option expire and forego the premium thereby capturing Rs. 100 upside after bearing the premium of Rs50.

Risks associated with the Strategy:

- The underlying security may fall by more than the option premium earned, thereby exposing the strategy to downside risks.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Risks associated with Covered Put Strategy:

- The underlying security may rise by more than the option premium earned, thereby exposing the strategy to downside risk

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

The above four option positions can be initiated in both index based options as well as stock specific options.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

The AMC retains the right to enter into such derivative transactions as may be permitted by the applicable regulations from time to time.

Tracking Error

The extent to which the NAV of the scheme moves in a manner inconsistent with the movements of the total returns of the Nifty on any given day or over any given period of time arising from any cause or reason whatsoever including but not limited to differences in the weightage of the investments in the securities and the weightage to such securities in the Nifty and the time lags in deployment or realization of funds under the Scheme as compared to the movement of or within the Nifty as well as the market liquidity, cost of trading, management and other expenses.

Tracking errors may result from a variety of factors including but not limited to:

- Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and / or the registration of any securities transferred and / or any delays in receiving cash Income Distribution cum capital withdrawal s and resulting delays in reinvesting them.
- The Nifty reflect the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the NSE.
- IISL undertakes periodic reviews of the fifty securities that are represented in the Nifty and from time to time may exclude existing securities or include new ones In such an event, the Fund will endeavour to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Nifty in a short period of time.
- The charging of expenses to the Fund including investment management fees and custodian fees.
- The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
- The holding of a cash position and accrued income prior to distribution and accrued expenses.

Disinvestments to meet redemptions, recurring expenses, Income Distribution cum capital withdrawal payouts etc.

The tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.

NOTE ON DEBT MARKET & MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector

enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt markets are developing fast, with the rapid introduction of new instruments including Foreign Portfolio Investors are also allowed to invest in Indian debt markets now. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills & Cash Management Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

Following table exhibits various debt instruments along with indicative yields as on October 28, 2025.

Instruments	Yield level (per annum)
G-Sec 5 year	6.18%
G-Sec 10 year	6.54%
CP 3 months	6.02%
CD 3 months	5.84%
CP 1 year	6.45%
CD 1 year	6.42%
PSU	
Corporate Debentures AAA 3 year	6.69%
Corporate Debentures AAA 5 year	6.91%
NBFC	
Corporate Debentures AAA 3 year	7.36%
Corporate Debentures AAA 5 year	7.81%

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

The mutual fund or AMC and its empanelled brokers have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the scheme.

For detailed derivative strategies, please refer to SAI.

Portfolio Turnover

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavor to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

Portfolio Turnover ratio of the scheme for the period October 01, 2024 to September 30, 2025 is 0.08*.

*Portfolio Turnover Ratio is calculated as lower of purchase or sale during the period / Average AUM for the last one year (includes Fixed Income securities and Equity derivatives).

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Scheme shall be benchmarked to Nifty 50 TRI

The compositions of the benchmark are such that it is most suited for comparing performance of the Scheme.

The fund reserves the right to change the said benchmark and/or adopt one or more other benchmarks to compare the performance of the scheme.

E. WHO MANAGES THE SCHEME?

The Fund Managers of the Scheme is Mr. Abhishek Jain. His details are given below:

Name / Designation	Age / Qualification	Brief Experience	Other schemes managed / co-managed
Mr. Abhishek Jain Associate Vice President -	41 years B.A. and Chartered Accountant	Mr. Abhishek Jain joined the equity fund management team of Bandhan AMC Limited on March 05, 2025. He has a total experience of 13 years.	Bandhan Nifty 50 ETF Fund, Bandhan Nifty 100 Index Fund, Bandhan Nifty 200 Momentum 30 Index Fund, Bandhan Nifty 100 Low Volatility 30 Index Fund, Bandhan Nifty IT Index Fund, Bandhan Nifty Alpha 50

Name / Designation	Age / Qualification	Brief Experience	Other schemes managed / co-managed
Equity		He was earlier associated with Groww Asset Management Co Limited from January 01, 2024 to March 03, 2025 wherein he was fund manager for passive schemes and dealer for equity schemes. Prior to this, he was associated with Edelweiss Tokio Life Insurance Co. Limited as Equity Dealer for quant based active schemes from September 01, 2022 to December 27, 2023. He was associated with Acko General Insurance Co. Limited as Deputy General Manager – Investment from November 08, 2021 to August 30, 2022, where in he was responsible for dealing activity in equity segment. Prior to this, in Shriram Asset Management Co Limited as Manager – Equity from January 05, 2018 to November 06, 2021 he was responsible for equity research of certain sector like IT, Telcom and Life insurance sector etc. and in Edelweiss Tokio Life Insurance Co Limited as Equity Dealer from January 05, 2012 to January 03, 2018 he was a dealer for quant based equity schemes	Index Fund, Bandhan Nifty Smallcap 250 Index Fund, Bandhan BSE Sensex ETF, Bandhan Nifty 200 Quality 30 Index Fund, Bandhan Nifty 500 Value 50 Index Fund, Bandhan Nifty 500 Momentum 50 Index Fund, Bandhan Nifty Midcap 150 Index Fund, Bandhan BSE Healthcare Index Fund, Bandhan Nifty Bank Index Fund, Bandhan Nifty Alpha Low Volatility 30 Index Fund, Bandhan Nifty Next 50 Index Fund and Bandhan Nifty Total Market Index Fund

F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

Sr. No	Name of the scheme	Category of the scheme	Type of scheme	Investment Objective
1.	Bandhan Nifty 50 Index Fund	Index Fund	An open ended scheme tracking Nifty 50 Index	The investment objective of the scheme is to replicate the Nifty 50 index by investing in securities of the Nifty 50 Index in the same proportion / weightage. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme

Sr. No	Name of the scheme	Category of the scheme	Type of scheme	Investment Objective
				does not assure or guarantee any returns.
2.	Bandhan Nifty 100 Index Fund	Index Fund	An open-ended scheme tracking Nifty 100 Index	The investment objective of the Scheme is to replicate the Nifty 100 index by investing in securities of the Nifty 100 Index in the same proportion / weightage with an aim to provide returns before expenses that closely correspond to the total return of Nifty 100 Index, subject to tracking errors. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
3.	Bandhan Nifty 200 Momentum 30 Index Fund	Index Fund	An open ended scheme tracking Nifty 200 Momentum 30 Index	The investment objective of the Scheme is to replicate the Nifty 200 Momentum 30 Index by investing in securities of the Nifty 200 Momentum 30 Index in the same proportion / weightage with an aim to provide returns before expenses that closely correspond to the total return of Nifty 200 momentum 30 Index, subject to tracking errors. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
4.	Bandhan Nifty100 Low Volatility 30 Index Fund	Index Fund	An open ended scheme tracking Nifty100 Low Volatility 30 Index	The investment objective of the Scheme is to replicate the Nifty100 Low Volatility 30 index by investing in securities of the Nifty100 Low Volatility 30 Index in the same proportion / weightage with an aim to provide returns before expenses that closely correspond to the total return of Nifty100 Low Volatility 30 Index, subject to tracking errors. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
5.	Bandhan CRISIL IBX 90:10 SDL Plus Gilt–November 2026	Index Fund	An open-ended Target Maturity Index Fund investing in	The investment objective of the scheme is to provide investment returns corresponding to the total returns of the securities as represented by the CRISIL

Sr. No	Name of the scheme	Category of the scheme	Type of scheme	Investment Objective
	Index Fund		constituents of CRISIL IBX 90:10 SDL plus Gilt Index– November 2026 with Relatively High interest rate risk and Relatively Low Credit Risk	IBX 90:10 SDL plus Gilt Index– November 2026 before expenses, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme will be achieved.
6.	Bandhan CRISIL IBX Gilt April 2026 Index Fund	Index Fund	An open-ended Target Maturity Index Fund investing in constituents of Crisil IBX Gilt Index - April 2026 with Relatively High interest rate risk and Relatively Low Credit Risk	The investment objective of the scheme is to provide investment returns corresponding to the total returns of the securities as represented by the Crisil IBX Gilt Index - April 2026 before expenses, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme will be achieved.
7.	Bandhan CRISIL IBX Gilt April 2032 Index Fund	Index Fund	An open-ended Target Maturity Index Fund investing in constituents of Crisil IBX Gilt Index - April 2032 with Relatively High interest rate risk and Relatively Low Credit Risk	The investment objective of the scheme is to provide investment returns corresponding to the total returns of the securities as represented by the Crisil IBX Gilt Index - April 2032 before expenses, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme will be achieved.
8.	Bandhan CRISIL IBX 90:10 SDL Plus Gilt– September 2027 Index Fund	Index Fund	An open-ended Target Maturity Index Fund investing in constituents CRISIL IBX 90:10 SDL Plus Gilt Index – September 2027 with Relatively High interest rate risk and Relatively Low Credit Risk	The investment objective of the scheme is to provide investment returns corresponding to the total returns of the securities as represented by the CRISIL IBX 90:10 SDL Plus Gilt Index – September 2027 before expenses, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme will be achieved.
9.	Bandhan CRISIL IBX Gilt June 2027 Index Fund	Index Fund	An open-ended Target Maturity Index fund investing in	The investment objective of the scheme is to provide investment returns closely corresponding to the total returns of the securities as represented by the CRISIL

Sr. No	Name of the scheme	Category of the scheme	Type of scheme	Investment Objective
			constituents of CRISIL IBX Gilt June 2027 Index. A Scheme with Relatively High Interest Rate Risk and Relatively Low Credit Risk.	Gilt 2027 Index before expenses, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme will be achieved.
10.	Bandhan CRISIL IBX Gilt April 2028 Index Fund	Index Fund	An open-ended Target Maturity Index fund investing in constituents of CRISIL IBX Gilt April 2028 Index. A Scheme with Relatively High Interest Rate Risk and Relatively Low Credit Risk	The investment objective of the scheme is to provide investment returns closely corresponding to the total returns of the securities as represented by the CRISIL Gilt 2028 Index before expenses, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme will be achieved.
11.	Bandhan CRISIL IBX 90:10 SDL Plus Gilt April 2032	Index Fund	An open-ended Target Maturity Index Fund investing in constituents of CRISIL IBX 90:10 SDL plus Gilt Index – April 2032 with Relatively High Interest Rate Risk and Relatively Low Credit Risk.	The investment objective of the scheme is to provide investment returns corresponding to the total returns of the securities as represented by the CRISIL IBX 90:10 SDL plus Gilt Index – April 2032 before expenses, subject to tracking errors.
12.	Bandhan Nifty IT Index Fund	Index Fund	An open ended scheme tracking Nifty IT Index	The investment objective of the Scheme is to replicate the Nifty IT Index by investing in securities of the Nifty IT Index in the same proportion / weightage with an aim to provide returns before expenses that tracks the total return of Nifty IT Index, subject to tracking errors. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
13.	Bandhan BSE Healthcare Index Fund	Index Fund	An open-ended scheme tracking BSE Healthcare Index	The investment objective of the Scheme is to replicate the BSE Healthcare Index by investing in securities of the BSE Healthcare Index in the same proportion / weightage with an aim to provide returns before expenses that track the total return of BSE Healthcare Index,

Sr. No	Name of the scheme	Category of the scheme	Type of scheme	Investment Objective
				subject to tracking errors. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
14.	Bandhan Nifty Alpha 50 Index Fund	Index Fund	An open-ended scheme tracking Nifty Alpha 50 Index	The investment objective of the Scheme is to replicate the Nifty Alpha 50 Index by investing in securities of the Nifty Alpha 50 Index in the same proportion / weightage with an aim to provide returns before expenses that tracks the total return of Nifty Alpha 50 Index, subject to tracking errors. However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.
15.	Bandhan Nifty Smallcap 250 Index Fund	Index Fund	An open-ended scheme tracking Nifty Smallcap 250 Index	The investment objective of the Scheme is to replicate the Nifty Smallcap 250 Index by investing in securities of the Nifty Smallcap 250 Index in the same proportion / weightage with an aim to provide returns before expenses that tracks the total return of Nifty Smallcap 250 Index, subject to tracking errors. H. ADDITIONAL SCHEME RELATED DISCLOSURES

- i. Scheme's portfolio holdings
Refer <https://bandhanmutual.com/downloads/sid> for top 10 holdings by issuer and fund allocation towards various sectors
- ii. Refer link <https://bandhanmutual.com/statutory-disclosures/schemes> for disclosure of name and exposure to Top 7 issuers, stocks, groups and sectors as a percentage of NAV of the scheme
- iii. Functional website link for Portfolio Disclosure - Refer <https://bandhanmutual.com/downloads/disclosures> for Monthly/ Half Yearly portfolio disclosure.
- iv. Portfolio Turnover ratio of the scheme for the period October 01, 2024 to September 30, 2025 is 0.08*.

*Portfolio Turnover Ratio is calculated as lower of purchase or sale during the period /Average AUM for the last one year (includes Fixed Income securities and Equity derivatives)

- v. Aggregate investment in the Scheme as on September 30, 2025.

Sr. No.	Category of Persons	Net Value	
1.	Concerned scheme's Fund Manager(s)	Units	NAV per unit
NIL			

For details of the investments by key personnel and AMC directors including please refer SAI.

- vi. Investments of AMC in the Scheme:

Refer <https://bandhanmutual.com/downloads/sid> for the details of the investments of AMC in the Scheme.

Subject to the Regulations, the AMC may invest in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management and advisory fee on such investment in the Scheme, in accordance with sub-regulation 17 of Regulation 25 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit.

The AMC shall invest in the scheme based on the risk associated with the scheme as specified in para 6.9 of the SEBI Master Circular.

The Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund. For detailed provisions refer SAI.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme.

The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

Illustration:

Computation of NAV - Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,00,000; Current asset of the scheme is Rs. 25,00,000; Current Liabilities and Provisions is Rs. 15,00,000 and the No. of Units outstanding under the scheme are 5,00,000. Thus, the NAV will be calculated as:

$$\text{NAV} = \frac{10000000 + 2500000 - 1500000}{500000} = 22.000$$

Therefore, the NAV of the scheme is Rs. 22.000

Computation of Repurchase Price - If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: $Rs. 10 * (1 - 0.02) = Rs. 9.80$

The Redemption Price will not be lower than 97% of the NAV.

For details on policies related to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV, please refer SAI.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme.

The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

NAV of the Scheme shall be made available on the website of AMFI (www.amfiindia.com) and the Mutual Fund (www.Bandhanmutual.com) by 11.00 p.m. on all business days. The NAV shall also be available on the Toll Free Number -1800-300-66688/1-800-2666688 -and on the website of the Registrar and Transfer Agent CAMS (www.camsonline.com).

In case the NAV is not uploaded by 11.00 p.m it shall be explained in writing to AMFI for non adherence of time limit for uploading NAV on AMFI's website. If the NAVs are not available before the commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV. Delay in disclosure of NAV etc. refer to SAI

During the continuous offer of the scheme, the units will be available at the applicable NAV based prices. This is the price that an investor will pay for purchase / switch in. Ongoing price for redemption (sale) /switch outs (to other schemes/plans of the Mutual Fund) by investors:

At the applicable NAV subjects to prevailing exit load. This is the price you will receive for redemptions/switch outs.

Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80

The Redemption Price will not be lower than 97% of the NAV.

Disclosure to the effect that the repurchase price shall not be lower than 97% of the NAV. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

This section was applicable during NFO.

C. ANNUAL SCHEME RECURRING EXPENSES

(These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below):

As per SEBI (MF) Regulations, 1996, recurring expenses will not exceed the regulatory limit of 1.00% of the Scheme's daily net assets.

The total fees and expenses for operating the scheme as listed hereunder would be 1.00% of the daily net assets which includes expenses towards management fees, commission, marketing expense and other expense relating to operating the scheme.

Expense Head	% of daily Net Assets
Investment Management and Advisory Fees	Upto 1.00%
Trustee fee	
Audit fees	
Custodian fees	
RTA Fees	
Listing and depository fees	
Marketing & Selling expense incl. Cost of statutory advertisement	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and Income Distribution cum capital withdrawal redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (5% of total TER charged to direct plans, subject to maximum of 0.5 bps of AUM.)	
Brokerage & transaction cost over and above 12 bps for cash market trades	

Expense Head	% of daily Net Assets
Goods and Services Tax on expenses other than investment and advisory fees	
Goods and Services Tax on brokerage and transaction cost	
Other Expenses	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c) (i) and (6) (a)	Upto 1.00%

The scheme can charge upto 1.00% of the daily net assets as management fees.

^ In line with SEBI Circular dated December 31, 2024, the AMC / Mutual Fund shall set apart 5% of total TER charged to direct plans, subject to maximum of 0.5 bps of AUM for investor education and awareness initiatives.

@ Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12 per cent of the value of trades of cash market transactions and 0.05 per cent of the value of trades of derivative market transactions. With effect from April 1, 2023, to align with Indian Accounting Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions and 0.05 per cent of the value of trades of derivative market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations, 1996.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

At least 0.10% of the TER is charged towards distribution expenses/ commission in the Regular Plan. The TER of the Direct Plan will be lower to the extent of the above mentioned distribution expenses/ commission (at least 0.10%) which is charged in the Regular Plan. For example, in the event that the TER of the Regular Option is 1.00% p.a., the TER of the Direct Option would not exceed 0.90% p.a.

The AMC shall adhere provisions of Chapter 10 of SEBI Master Circular dated June 27, 2024 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses. Accordingly:

- All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route.
Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.
- The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.
- All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.
- No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

Illustration in returns between Regular and Direct Plan

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Returns before Expenses (Rs.)	1,500	1,500
Expenses other than Distribution Expenses (Rs.)	150	150
Distribution Expenses (Rs.)	50	-
Returns after Expenses at the end of the year (Rs.)	1,300	1,350
Returns (%)	13.00%	13.50%

Disclosure on Goods & Services Tax:

Goods & Services Tax on investment management and advisory fees shall be in addition to the above expense. Further, with respect to Goods & Services Tax on other than management and advisory fees:

- Goods & Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services Tax, if any, shall be credited to the scheme.
- Goods & Services Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund at www.bandhanmutual.com (Home>Total Expense Ratio of Mutual Fund Schemes). Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. The total recurring expenses of the Scheme, will, however, be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.Bandhanmutual.com) or may call at (toll free no.1-800-266688/ 1-800-2666688.) or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	Nil

No Exit load will be charged in case of switches made between different Plans and Options within the scheme.

SECTION II

I. INTRODUCTION

A. Definitions/interpretation

Refer the following link for Definitions/interpretations

<https://bandhanmutual.com/downloads/sid>

B. Risk factors

Scheme specific risk factors

- The Scheme attempts to track the respective indices and it would primarily invest in the securities included in its Underlying indices regardless of their investment merit. The Scheme may be affected by a general decline in the Indian markets.
- Performance of the Nifty 50 Index will have a direct bearing on the performance of the scheme. In the event the Nifty 50 Index is dissolved or is withdrawn by NSE Indices Limited (NSEIL) or is not published due to any reason whatsoever, the Trustee reserves the right to modify the respective scheme so as to track a different and suitable index or to suspend tracking the Nifty till such time it is dissolved / withdrawn or not published and appropriate intimation will be sent to the Unit holders of the scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the scheme will be subject to tracking errors during the intervening period.
- Tracking errors are inherent in any index fund and such errors may cause the scheme to generate returns which are not in line with the performance of the Nifty 50 Index or one or more securities covered by / included in the Nifty 50 Index and may arise from a variety of factors including but not limited to, any delay in the purchase or sale of shares due to illiquidity in the market, settlement and realisation of sales proceeds, delay in credit of securities or in receipt and consequent reinvestment of Income Distribution cum capital withdrawal s, etc.
- The Indices reflect the prices of securities at a point in time, which is the price at close of business day on National Stock Exchange of India Limited (NSE). The scheme however, may trade these securities at different points in time during the trading session and therefore the prices at which the scheme trade may not be identical to the closing price of each scrip on that day on the NSE. In addition, the scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from NSE closing prices.
- NSEIL undertakes periodic reviews of the fifty securities that are represented in the Nifty and from time to time may exclude existing securities or include new ones. In such an event, the scheme will endeavor to reallocate its portfolio to mirror the changes. However, the reallocation process may not occur instantaneously and permit precise mirroring of the Nifty during this period.
- The potential of trades to fail may result in the scheme not having acquired the security at the price necessary to mirror the index.
- Transaction and other expenses, such as but not limited to brokerage, custody, trustee and investment management fees.
- Being an open-ended scheme, the scheme may hold appropriate levels of cash or cash equivalents to meet ongoing redemptions. The scheme may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.
- Due to the reasons mentioned above and other reasons that may arise, it is expected that the scheme may have a tracking error in the range of 2-3% per annum from the Benchmark. However, it needs to be clearly understood that the actual tracking error can be higher or lower than the range given.
- In case of investments in derivatives like index futures, the risk reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the

index futures market as it is relatively new market.

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme(s) has invested in Government Securities, there is no credit risk to that extent. Different types of securities in which the scheme(s) would invest as given in the scheme information document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.
- **Re-investment Risk:** Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Basis Risk (Interest - rate movement):** During the life of a floating rate security or a swap, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favorably leading to fluctuation in the NAV.
- **Liquidity Risk:** Due to the evolving nature of the floating rate market, there may be an increased risk of liquidity risk in the portfolio from time to time.
- **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.
- **Securities Lending:** Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.
- **Short-selling of Securities:** Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up thereby decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

Risk Associated with Investing in Equities

The scheme proposes to invest in equity and equity related instruments. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities' purchases due to settlement problems could cause the Scheme to miss certain investment

opportunities.

Investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity/ equity related securities and utilising debt and money market instruments as a defensive investment strategy.

While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Scheme can go up and down because of various factors that affect the capital markets in general.

Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the AMC may choose to invest in unlisted securities that offer attractive yields. This may however increase the risk of the portfolio.

Tracking Error Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the scheme, corporate actions, cash balance, changes to the underlying index, non-availability of issuances, regulatory policies and any such reasons that may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index.

"Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking Error may arise including but not limited to the following reasons: -

- i) Expenditure incurred by the fund.
- ii) The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all time as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- iii) Securities trading may halt temporarily due to circuit filters.
- iv) Corporate actions such as debenture or warrant conversion, merger, change in constituents etc.
- v) Disinvestments to meet redemptions, recurring expenses, etc.
- vi) Execution of large buy / sell orders
- vii) Transaction cost (including taxes and insurance premium) and recurring expenses
- viii) Realisation of Unit holders' funds

It will be the endeavor of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. However, in certain events like market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. For the fund existence for a period of less than one year, the annualized standard deviation shall be calculated based on available data.

Risk factors with investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. As and when the Scheme trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand.

Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market;
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk associated with Interest Rate Future (IRF):

An Interest Rate Futures is an agreement to buy or sell a debt instruments at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange Traded and are cash settled. Hedging using Interest Rate Futures can be perfect or imperfect. Perfect hedging means hedging the underlying using IRF contract of same underlying.

- (i) **Market risk:** Derivatives carry the risk of adverse changes in the market price.
- (ii) **Liquidity risk** – This occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- (iii) **Model Risk** - The risk of mispricing or improper valuation of derivatives.
- (iv) **Basis Risk** – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Risk associated with imperfect hedge using IRF:

In case the IRF used for hedging the interest rate risk has different underlying security than the existing position being hedged, it would result in imperfect hedging.

- (i) **Basis Risk:** Basis risk is the risk that arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. This could result into potential gains or losses from the strategy, thus adding risk to the position.
- (ii) **Price Risk:** The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- (iii) **Risk of mismatch between the instruments:** The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example, when IRF which has government security as underlying is used to hedge a portfolio that contains corporate debt securities.
- (iv) **Correlation weakening and consequent risk of regulatory breach:** SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90-day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

Risk Associated with investing in Securitized Debt/ Structured Obligation

The Scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). Asset Backed Securities (ABS) are securitized debts where the underlying assets are receivables arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. Mortgage backed securities (MBS) are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential / commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of reinvestment risk as compared to the normal corporate or sovereign debt.

Different types of Securitised Debts in which the scheme would invest carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investments in Securitised Debts. e.g. AAA securitised bonds will have low Credit Risk than a AA securitised bond. Credit Risk on Securitised Bonds may also depend upon the Originator, if the Bonds are issued with Recourse to Originator. A Bond with Recourse will have a lower Credit Risk than a Bond without Recourse. Underlying Assets in Securitised Debt may be the Receivables from Auto Finance, Credit Cards, Home Loans or any such receipts. Credit risk relating to these types of receivables depends upon various factors including macro-economic factors of these industries and economies. To be more specific, factors like nature and adequacy of property mortgaged against these borrowings, loan agreement, mortgage deed in case of Home Loan, adequacy of documentation in case of Auto Finance and Home Loan, capacity of borrower to meet its obligation on borrowings in case of Credit Cards and intentions of the borrower influence the risks relating to the assets (borrowings) underlying the Securitised Debts. Holders of Securitised Assets may have Low Credit Risk with Diversified Retail Base on Underlying Assets, especially when Securitised Assets are created by High Credit Rated Tranches. Risk profiles of Planned Amortisation Class Tranches (PAC), Principal Only Class Tranches (PO) and Interest Only Class Tranches (IO) will also differ, depending upon the interest rate movement and Speed of Pre-payments. A change in market interest rates/prepayments may not change the absolute amount of receivables for the investors, but affects the reinvestment of the periodic cashflows that the investor receives in the securitised paper.

Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions

may be at a discount to the initial issue price due to changes in the interest rate structure.

Securitised transactions are normally backed by pool of receivables and credit enhancement as stipulated by the rating agency, which differ from issue to issue. The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and there is no obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Seller may repossess and sell the underlying Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

At present in Indian market, following types of loans are securitised:

- Auto Loans (cars / commercial vehicles /two wheelers)
- Residential Mortgages or Housing Loans
- Consumer Durable Loans
- Personal Loans
- Corporates Loans

The main risks pertaining to each of the asset classes above are described below:

Auto Loans (cars / commercial vehicles /two wheelers)

The underlying assets (cars etc) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed. These loans are also subject to model risk. ie if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual.

Commercial vehicle loans are susceptible to the cyclicity in the economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

Housing Loans

Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower classes. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

Consumer Durable Loans

The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult. The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

Personal Loans

These are unsecured loans. In case of a default, the bank has no security to fall back on. The lender has no control over how the borrower has used the borrowed money. Further, all the above categories of loans have the following common risks:

All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes

different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans. In India, there is insufficiency of ready comprehensive and complete database regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record. In retail loans, the risks due to frauds are high.

Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporate are assigned to a trust that issues Pass through certificates in turn. The credit risk in such PTCs is on the underlying pool of loans to corporates. The credit risk of the underlying loans to the corporates would in turn depend of economic cycles.

Risk associated with investing in Debt instruments having Credit Enhancements

The Scheme may invest in debt instruments having credit enhancements. Credit Enhancement (CE) is a way of improving the credit quality of the said debt instruments by way of some form of explicit credit support from the parent/ group company of the issuer / a third party. The support may be in the form of corporate guarantee, letter of comfort, shortfall undertaking, pledge of shares, standby letter of credit from a commercial bank (majorly in case of Commercial Papers), etc. A common form of credit enhancement is an unconditional & irrevocable guarantee from a higher rated entity covering the issuer's debt obligations. Such instruments carry a suffix 'CE' in their credit rating (e.g. AAA(CE)).

Debt instruments having credit enhancements are subject to the following risks, which in turn may impact the credit profile of the given debt instrument:

- The credit strength of the support provider may deteriorate or the value of the underlying asset / collateral may reduce. A common example would be a sharp reduction in the price of underlying equity shares provided as collateral or a possibility of the guarantor going insolvent, thus impacting the Fund's ability to recover the issuer's debt obligations.
- Any weakness or possible delay in the enforceability of the underlying support or invocation of the underlying asset/collateral owing to regulatory constraints.

Investment by the Scheme in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. Further, the AMC will ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, the AMC will initiate necessary steps to ensure protection of the interest of the investors.

Risk associated with investing in Repo of Corporate Bond Securities

Settlement Risk: Corporate Bond Repo will be settled between two counterparties in the OTC segment unlike in the case of TREPS transactions where CCIL stands as central counterparty on all transactions (no settlement risk).

Quality of collateral: The Mutual Fund will be exposed to credit risk on the underlying collateral – downward migration of rating. The Mutual Fund will impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AAA or equivalent.

Liquidity of collateral: In the event of default by the counterparty, the Mutual Fund would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

II. Information about the scheme:

A. Where will the scheme invest –

The corpus of the Scheme will be invested in equity and equity related products & in debt and money market instruments. Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments:

- 1) Equity and Equity related instruments include equity warrants and convertible instruments.
- 2) ADRs / GDRs issued by Indian companies subject to necessary regulatory requirements (or such other limits that the regulations may permit from time to time).
- 3) Stock futures / index futures and such other permitted derivative instruments.
- 4) Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities/Corporate Bonds as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- 5) Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- 6) Debt instruments issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- 7) Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips, etc.
- 8) Debt instruments (both public and private sector) issued by banks / development financial institutions.
- 9) Money market instruments permitted by SEBI including call money market or in alternative investments for the call money market as may be provided by RBI to meet the liquidity requirements.
- 10) Certificate of Deposits (CDs).
- 11) Commercial Paper (CPs).
- 12) Securitised Debt instruments.
- 13) The non-convertible part of convertible securities.
- 14) Any other domestic fixed income securities including Structured Debt instruments.
- 15) Any overseas debt instrument, as permitted by extant regulations.
- 16) Pass through, Pay through or other Participation Certificates representing interest in a pool of assets including receivables.
- 17) Derivatives
- 18) Any other securities / instruments as may be permitted by SEBI from time to time, subject to regulatory approvals if any.

For the purpose of further diversification and liquidity, the Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund.

The securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines mentioned under clause 12.16 of SEBI Master Circular. The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by

it as per the guidelines and regulations applicable to such transactions.

The scheme shall not make investments in Foreign Securitised debt. The Scheme may participate in securities lending as permitted under the Regulations, from time to time.

Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

A broad description of various securities:

Equity and Equity-Related Instruments:

1. Equity share is a security that represents an ownership interest in a company. It is issued to those who have contributed capital in setting up an enterprise.

2. Equity Instruments are securities that give the holder of the security right to receive equity shares on pre agreed terms. It includes convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instruments as may be specified by the Board from time to time.

3. Equity Derivatives are financial instruments, generally traded on an exchange, the price of which is directly dependent upon (i.e. “derived from”) the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying but do not directly transfer property.

4. Depository Receipts (DRs) are negotiable certificates that represent shares in a foreign company and are traded in local exchanges of most advanced economies. ADR (American Depository Receipt) and GDR (Global Depository Receipt) are two depository receipts that are traded in local markets but represent the equity of a company listed in another country.

5. Derivatives:

Futures are exchange-traded contracts to sell or buy financial instruments for future delivery at an agreed price. There is an agreement to buy or sell a specified quantity of financial instruments on a designated future date at a price agreed upon by the buyer and seller at the time of entering into a contract. To make trading possible, the exchange specifies certain standardized features of the contract. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

- a. Option is a contract which provides the buyer of the option (also called holder) the right, without the obligation, to buy or sell a specified asset at the agreed price on or upto a particular date. For acquiring this privilege, the buyer pays premium (fee) to the seller. The seller on the other hand has the obligation to buy or sell specified assets at the agreed price and for this obligation he receives premium. The premium is determined considering a number of factors such as the market price of the underlying asset/security, number of days to expiry, risk free rate of return, strike price of the option and the volatility of the underlying asset. Option contracts are of two types viz:
- b. Call Option - The option that gives the buyer the right to buy a specified quantity of the underlying asset at the strike price is a call option. The buyer of the call option (known as the holder of call option) can call upon the seller of the option (writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry of the option.

The seller (writer of the option) on the other hand has the obligation to sell the underlying asset if the buyer of the call option decides to exercise his option to buy.

- c. Put Option - The right to sell is called put option. A Put option gives the holder (buyer) the right

to sell a specified quantity of the underlying asset at the strike price. The seller of the put option (one who is short Put) however, has the obligation to buy the underlying asset at the strike price if the buyer decides to exercise his option to sell.

Debt Instruments:

1. Non-convertible debentures as well as bonds are securities issued by companies / institutions promoted / owned by the Central or State governments and statutory bodies, which may or may not carry a Central/State government guarantee, public and private sector banks, All India Financial Institutions, private sector companies. These instruments may be secured against the assets of the company or unsecured and generally issued to meet the short term and long term fund requirements. Rate of interest on such instruments would depend upon spread over corresponding government security, perceived risk, rating, tenor etc. These instruments include fixed interest security with/without put/call option, floating rate bonds, zero coupon bonds. Frequency of the interest payment could be either monthly/quarterly/half-yearly or annually.
2. Floating rate debt instruments are debt instruments issued by central government, state government, corporates, PSUs etc. with coupon reset periodically. The periodicity of reset could be daily, monthly, quarterly, half yearly and annually or any other periodicity as may be mutually agreed between the issuer and the Fund. The fund manager will have the flexibility to invest the debt component into floating rate debt securities in order to reduce the impact of rising interest rate in the economy.
3. Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Special securities issued by the Government of India to entities like Oil Marketing Companies, Fertilizer Companies, the Food Corporation of India, etc. (popularly called oil bonds, fertilizer bonds and food bonds respectively) and special securities issued by the State Government under “Ujjwal Discom Assurance Yojna (UDAY) Scheme for Operational and Financial Turnaround of Power Distribution Companies (DISCOMs)” notified by Ministry of Power vide Office Memorandum (No 06/02/2015-NEF/FRP) dated November 20, 2015, (popularly called as UDAY Bonds). Central Government Securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government’s annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc.
4. Debt Instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption. Additional Tier I bonds and Tier 2 bonds issued under Basel III framework are some instrument which may have above referred special features.
5. Securitized Debt such as Mortgage Backed Securities (“MBS”) or Asset Backed Securities (“ABS”) is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. Asset Securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitization involves sale of specific receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company. The SPV in turn issues financial instruments (promissory notes, participation certificates or other debt instruments) also referred to as “Securitized Debt” to the investors evidencing the beneficial ownership of the investors in the receivables. The financial instruments are rated by an independent credit rating agency.
6. Credit rating agencies assign CE rating to an instrument based on any identifiable credit

enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc.

7. Pass Through Certificate (PTC) represents beneficial interest in an underlying pool of cash flows. These cash flows represent dues against single or multiple loans originated by the sellers of these loans. PTCs may be backed, but not exclusively, by receivables of personal loans, car loans, two wheeler loans and other assets subject to applicable regulations.

Money Market Instruments:

1. Certificate of Deposits (CDs) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year whereas in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value. Banks/ FIs cannot buyback their own CDs before maturity.
2. Commercial Paper (CPs) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short-term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in the secondary market and can be freely bought and sold before maturity.
3. Treasury Bills (T-Bills) are issued by the Government of India to meet their short-term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.
4. Non-Convertible Debentures of original or initial maturity upto one year issued by corporate (including NBFCs) by way of private placement in accordance with the provisions of master circular of RBI vide reference no. RBI/MRD/2016-17/32 dated July 7, 2016.
5. Tri-party Repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.
6. Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. When the seller sells the security with an agreement to repurchase it, it is a Repo transaction whereas from the perspective of buyer who buys the security with an agreement to sell it at a later date, it is reverse repo transaction. Presently in India, G-Secs, State Government Securities, T-Bills and Corporate Debt Securities are eligible for Repo/Reverse Repo.
7. Bills Rediscounting- Bills Rediscounting. Bill rediscounting is a process where a financial institution (generally banks) discounts the bills of exchange that it has discounted previously with another financial institution. In other words, the original discounting bank sells its discounted bills to another bank or financial institution at a discount. The new institution pays the original institution the present value of the bills minus a discount, and in return, it becomes

the holder of the bills until maturity, when it receives the full payment from the debtor. Bill rediscounting is a way for financial institutions to manage their liquidity and meet short-term funding requirements.

8. Cash Management Bills (CMB) are issued by Government of India to meet the temporary cash flow mismatches of the Government. CMBs are non-standard, discounted instruments issued for maturities less than 91 days. CMBs are issued at discount to the face value through auctions. The settlement of the auction will be on T+1 basis.

B. What are the investment restrictions?

Pursuant to the Regulations and amendments thereto, the following investment restrictions are presently applicable to the Scheme:

- 1) The Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights or ten percent of units of REITS issued by a single issuer.
Provided that investment in asset management company or the trustee company of a mutual fund shall be governed by clause (a) sub-regulation (1) of regulation 7B of the Regulations.

- 2) The Scheme shall not invest more than 10% of its net assets in equity shares or equity related instruments of any entity.
Provided that, the limit of 10 per cent shall not be applicable for investments in case of index fund or exchange traded fund or sector or industry specific scheme.

- 3) The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities;

Provided that the Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI;

Provided further that the Scheme may enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI;

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- 4) All investments by the Scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

- 5) The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Boards of the Trustee Company and the asset management company;

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-Party repos on government securities or treasury bills;

Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a rating agency registered with SEBI.

Further, in accordance with clause 12.8.3 of SEBI Master Circular, within the limits specified above, following prudential limits shall be followed for the scheme:

The scheme shall not invest more than:

- 10% of its NAV in debt and money market securities rated AAA; or
- 8% of its NAV in debt and money market securities rated AA; or
- 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

- 6) The Scheme shall not make any investment in:
 - i. any unlisted security of an associate or group company of the sponsor;
 - ii. any security issued by way of private placement by an associate or group company of the sponsor or
 - iii. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
- 7) Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
 - i. such transfers are done at the prevailing market price for quoted instruments on spot basis;
 - ii. the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
 - iii. the same are in line with clause 12.30 of SEBI Master Circular.
- 8) The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. Provided that this clause shall not apply to any Fund of Funds scheme.
- 9) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
- 10) All the Scheme's investments will be in transferable securities or bank deposits or in money at call or any such facility provided by RBI in lieu of call.
- 11) No loans for any purpose can be advanced by the Scheme.
- 12) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and/or Income Distribution cum capital withdrawal to the Unitholder's, provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
- 13) Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
 - "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks

together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.

- The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. The Trustees / AMC's shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has STD with such bank.
- The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

14) The Scheme will comply with provisions specified in clause 12.25 of SEBI Master Circular related to overall exposure limits applicable for derivative transactions as stated below:

- (a) The cumulative gross exposure through equity, debt, derivative positions, REITs & InvITs and across various other asset classes in which the Scheme is permitted to invest should not exceed 100% of net assets of the Scheme.
- (b) Mutual Funds shall not write options or purchase instruments with embedded written options.
- (c) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- (d) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- (e) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - i. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities till the existing position remains.
 - ii. Hedging position cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in point a).
 - iii. Any derivative instrument used to hedge the underlying security as the existing position being hedged.
 - iv. The quantity of underlying associated with the derivative position taken for hedging purpose does not exceed the quantity of the existing position against which hedge has been taken.
- (f) Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counterparty in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the Scheme.
- (g) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point a) above.
- (h) Definition of Exposure in case of Derivatives Positions – Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss.

Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

Exposure limit for participating in Interest Rate Futures

In lines with clause 12.25.9 of SEBI Master Circular:

- i. To reduce interest rate risk in a debt portfolio, mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Future Price} / \text{PAR})}$$
- ii. In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.
- iii. Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, upto maximum of 20% of the net assets of the Scheme, subject to the following:

01. Exposure to IRFs is created only for hedging the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.
02. Mutual Funds are permitted to resort to imperfect hedging, without it being considered under the gross exposure limits, if and only if, the correlation between the portfolio or part of the portfolio (excluding the hedged positions, if any) and the IRF is at least 0.9 at the time of initiation of hedge. In case of any subsequent deviation from the correlation criteria, the same may be rebalanced within 5 working days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms of Para 21 a) above. The correlation should be calculated for a period of last 90 days.

Explanation: If the fund manager intends to do imperfect hedging upto 15% of the portfolio using IRFs on weighted average modified duration basis, either of the following conditions need to be complied with:

- The correlation for past 90 days between the portfolio and the IRF is at least 0.9 or
- The correlation for past 90 days between the part of the portfolio (excluding the hedged portions, if any) i.e. at least 15% of the net asset of the Scheme (including one or more securities) and the IRF is at least 0.9.

03. At no point of time, the net modified duration of part of the portfolio being hedged should be negative.
 04. The portion of imperfect hedging in excess of 20% of the net assets of the Scheme should be considered as creating exposure and shall be included in the computation of gross exposure in terms of 20.a) above.
- iv. The basic characteristics of the Scheme should not be affected by hedging the portfolio or part of the portfolio (including one or more securities) based on the weighted average modified duration.

Explanation: In case of long term bond fund, after hedging the portfolio based on the modified duration of the portfolio, the net modified duration should not be less than the minimum modified duration of the portfolio as required to consider the fund as a long term bond fund.

- v. The interest rate hedging of the portfolio should be in the interest of investors.

- 15) The scheme shall not make any investment in a Fund of Funds scheme.
- 16) All investments by the Scheme in Commercial Papers (CPs) would be made only in CPs which are listed or to be listed.
- 17) The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, Scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the Scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the purpose of investment in debt instruments, listed debt instruments shall include listed and to be listed debt instruments.

- 18) Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps, Interest Rate Futures, etc by the Scheme shall be subject to the following:
- Investments shall only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - Exposure of the Scheme in such instruments, shall not exceed 5% of the net assets of the Scheme.

All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustees.

- 19) The Scheme being an index fund, the investment by the Scheme in the equity shares or equity related instruments of any company shall be in accordance with the weightage of the scrips in Nifty 50 Index.

The Scheme will comply with SEBI regulations and any other Regulations applicable to the investments of Mutual Funds from time to time. The Trustees may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and/or as deemed fit in the general interest of the Unitholders.

All investment restrictions shall be applicable at the time of making the investment.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) Type of a scheme

Please refer to the section on 'Part I Highlights/Summary of the Scheme'.

(ii) Investment Objective

- Main Objective: Please refer to the section on 'Part I Highlights/Summary of the Scheme'.
- Investment Pattern: Please refer to the section on 'Part II Information about the Scheme'.

(iii) Terms of Issue

- Listing: Please refer to the section on 'Part I Highlights/Summary of the Scheme'.
- Redemption: Please refer to the section on 'Part I Highlights/Summary of the Scheme'.
- Aggregate Fees and Expenses: Please refer to the section on 'Part III C. Annual Scheme Recurring Expenses'.
- Any safety net or guarantee provided- None.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024 the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal;
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)-

Disclosures regarding the index, index eligibility criteria, methodology, index service provider, index constituents, impact cost of the constituents

Disclaimer for Nifty 50 INDEX Fund– The Bandhan Nifty 50 Index Fund ("The Product") is not sponsored, endorsed, sold, or promoted by NSE INDICES LIMITED (formerly known as India Index Services & Products Limited ("IISL")). NSE INDICES LIMITED does not make any representation or warranty, express or implied, to the owners of the Product(s) or any member of the public regarding the advisability of investing in securities generally or in the Product(s) particularly or the ability of the Nifty 50 Index Fund to track general stock market performance in India. The relationship of NSE INDICES LIMITED to the Issuer is only in respect of the licensing of the Indices and certain trademarks and trade names associated with such Indices which is determined, composed, and calculated by NSE INDICES LIMITED without regard to the Issuer or the Product(s). NSE INDICES LIMITED does not have any obligation to take the needs of the Issuer or the owners of the Product(s) into consideration in determining, composing, or calculating the Nifty Total Market Index.

NSE INDICES LIMITED is not responsible for or has participated in the determination of the timing of, prices at, or quantities of the Product(s) to be issued or in the determination or calculation of the equation by which the Product(s) is to be converted into cash. NSE INDICES LIMITED has no obligation or liability in connection with the administration, marketing or trading of the Product(s). NSE INDICES LIMITED do not guarantee the accuracy and/or the completeness of the Nifty 50 INDEX Fund or any data included therein and NSE INDICES LIMITED shall have not have any responsibility or liability for any errors, omissions, or interruptions therein. NSE INDICES LIMITED does not make any warranty, express or implied, as to results to be obtained by the Issuer, owners of the product(s), or any other person or entity from the use of the Nifty 50 Index Fund or any data included therein. NSE INDICES LIMITED makes no express or implied warranties, and expressly disclaim all warranties of merchantability or fitness for a particular purpose or use with respect to the Index or any data included therein. Without limiting any of the foregoing, NSE INDICES LIMITED expressly disclaim any and all liability for any claims, damages or losses arising out of or related to the Products, including any and all direct, special, punitive, indirect, or consequential damages (including lost profits), even if notified of the possibility of such damages. An investor, by subscribing or purchasing an interest in the Product(s), will be regarded as having acknowledged, understood and accepted the disclaimer referred to in Clauses above and will be bound by it.

Eligibility Criteria for Selection of Constituent Stocks:

Constituents of the Nifty 100 Index that are available for trading in NSE's Futures & Options segment are eligible for inclusion in the Nifty 50 Index. For a stock to qualify for possible inclusion into the Nifty50, have traded at an average impact cost of 0.50% or less during the last six months for 90% of the observations, for the basket size of Rs. 100 Million. The company should have a listing history of 6 months. Companies that are allowed to trade in F&O segment are only eligible to be constituent of the Index. The Company should have a minimum listing history of 1 month as on the cut off date.

Methodology

The Index tracks the behavior of a portfolio of blue-chip companies, the largest and most liquid Indian securities. It includes 50 of all companies listed and/ or traded on the NSE and is a true reflection of the Indian stock market.

Index Service Provider

NSE Indices Limited (NSE Indices), a subsidiary of NSE Strategic Investment Corporation Limited was setup in May 1998 to provide a variety of indices and index related services and products for the Indian capital markets.

E. Principles of incentive structure for market makers (for ETFs) - Not applicable

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27,2024 (only for close ended debt schemes) – Not applicable

G. Other Scheme Specific Disclosures:

Listing and transfer of units	The Scheme is an open ended equity scheme, sale and repurchase is available on a continuous basis and therefore the Units of the Scheme are presently not proposed to be listed on any stock exchange . However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect.
--------------------------------------	--

	In accordance with clause 14.4.4 of SEBI Master Circular units of the Scheme that are held in electronic (demat) form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time. Units of the Scheme are freely transferable in demat and non demat mode. If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.
Dematerialization of units	Unit holder has an option to subscribe in dematerialized (demat) form the units of the Scheme in accordance with the provisions laid under the Scheme and in terms of the guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) from time to time. In case, the Unit holder desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted along with a Demat/Remat Request Form to their Depository Participants. Units held in demat form will be transferable subject to the provisions laid under the scheme and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time
Maximum Amount to be raised (if any)	Nil
Dividend Policy (IDCW)	The Scheme will endeavor to declare Income Distribution cum Capital Withdrawal (“IDCW”) from time to time. The IDCW shall be dependent on the availability of distributable surplus as on the Record Date. The Mutual Fund is not assuring any declaration of dividend under IDCW option nor is it assuring that it will make any IDCW distributions. All IDCW distributions would depend on the performance of the scheme. Under this Option, IDCW amount payable of upto Rs. 100/- under a folio shall compulsorily be reinvested in the same option of the Scheme. Such IDCW shall be re-invested at the prevailing ex- IDCW Net Asset Value per Unit on the Record Date.
Allotment (Detailed procedure)	For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio: The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction.

- The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC.

- For NFO allotment in demat form, the AMC shall issue units in dematerialized form to a unit holder within two working days of the receipt of request from the unit holder.

For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.

- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Pursuant to clause 14.4 of SEBI Master Circular, investors are requested to note the following regarding dispatch of account statements:

A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of Bandhan Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor

wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW option, Reinvestment of IDCW option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW option, Reinvestment of IDCW option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of

the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

B) For Unitholders who have not registered their PAN / PEKRN with the Mutual Fund:

For folios not included in the Consolidated Account Statement (CAS):

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of transaction.
- The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme.
- For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in BANDHAN MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

C) For all Unitholders

In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.	THE FOLLOWING PERSONS MAY APPLY FOR SUBSCRIPTION TO THE UNITS OF THE SCHEME (SUBJECT, WHEREVER RELEVANT, TO PURCHASE OF UNITS OF MUTUAL FUNDS BEING PERMITTED UNDER RESPECTIVE CONSTITUTIONS, RELEVANT STATUTORY REGULATIONS AND WITH ALL APPLICABLE APPROVALS): • Resident adult individuals either singly or jointly • Minor through parent/lawful guardian • Companies, Bodies Corporate, Public Sector Undertakings, association of persons or bodies of individuals whether incorporated or not and societies registered under the Societies Registration Act, 1860 (so long as the purchase of units is permitted under the respective constitutions). • Trustee(s) of Religious and Charitable and Private Trusts under the provision of Section 11(5) (xii) of the Income Tax Act, 1961 read with Rule 17C of Income Tax Rules, 1962 (subject to receipt of necessary approvals as “Public Securities” where required) • The Trustee of Private Trusts authorised to invest in mutual fund Schemes under their trust deed. • Partner(s) of Partnership Firms. • Karta of Hindu Undivided Family (HUF). • Banks (including Co-operative Banks and Regional Rural Banks), Financial Institutions and Investment Institutions. • Non-resident Indians/Persons of Indian origin residing abroad (NRIs) on full repatriation basis or on non-repatriation basis. • Foreign Portfolio Investors (FPIs) duly registered under applicable SEBI regulations on full repatriation basis. • Army, Air Force, Navy and other para-military funds. • Scientific and Industrial Research Organizations. • Mutual fund Schemes. • Provident/Pension/Gratuity and such other Funds as and when permitted to invest. • International Multilateral Agencies approved by the Government of India. • Others who are permitted to invest in the Scheme as per their respective constitutions • Other Schemes of Bandhan Mutual Fund subject to the conditions and limits prescribed in SEBI Regulations and/or by the Trustee, AMC or sponsor may subscribe to the units under this Scheme.
Who cannot invest	The following persons are not eligible to subscribe to the Units of the Scheme: 1) Residents in Canada 2) United States Persons (U.S. Persons) shall not be eligible to invest in the schemes of Bandhan Mutual Fund and the Mutual Fund / AMC shall not accept subscriptions from U.S. Persons, except for lump sum subscription, switch transactions requests and registration of systematic transactions received from Non-resident Indians/Persons of Indian origin who at the time of such investment, are present in India and submit a transaction request along with such documents as may be prescribed by the AMC/Mutual Fund from time to time. In case of systematic transaction facility, the decision for such investment in the Scheme

	will be deemed to have been taken by the investor on the date of execution of the SIP/STP enrolment forms while present in India, though the investments will trigger on periodical basis at the predetermined dates in the month at the prevailing NAV and of specified amount as detailed in the SIP/STP enrolments form(s) executed by the investor. The AMC shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the AMC/Mutual Fund. The investor shall be responsible for complying with all the applicable laws for such investments. The AMC/Mutual Fund reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the AMC/Mutual Fund, which are not in compliance with the terms and conditions prescribed in this regard. The term “U.S. Person” shall mean any person that is a United States Person within the meaning of Regulation ‘S’ under the United States Securities Act of 1933 or as defined by the U.S. Commodity Futures Trading Commission for this purpose, as the definition of such term may be changed from time to time by legislation, rules, regulations or judicial or administrative agency interpretations. 3) Any entity who is not permitted to invest in the Scheme as per their respective constitutions and applicable regulations. The Fund reserves the right to include / exclude new / existing categories of investors to invest in this Scheme from time to time, subject to regulatory requirements, if any. This is an indicative list and investors are requested to consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.
How to Apply and other details	Investor can obtain application form / Key Information Memorandum (KIM) from Bandhan AMC branch offices, Investor services centers and RTA’s (CAMS) branch office. Investors can also download application form / Key Information Memorandum (KIM) from our website (www.Bandhanmutual.com). The list of the Investor Service Centres (ISCs)/Official Points of Acceptance (OPAs) of the Mutual Fund will be provided on the website of the AMC. Investors may make payments for subscription to the Units of the Scheme at the bank collection centres by local Cheque/Pay Order/Bank Draft, drawn on any bank branch, which is a member of Bankers Clearing House located in the Official point of acceptance of transactions where the application is lodged or by giving necessary debit mandate to their account or by any other mode permitted by the AMC. Cheques/Pay Orders/Demand Drafts should be drawn as follows: 1. The Cheque/DD/Payorder should be drawn in favour of “Bandhan Nifty 50 Index Fund ” as mentioned in the application form/addendum at the time of the launch. Please note that all cheques/DDs/payorders should be crossed as "Account payee". In order to prevent frauds and misuse of payment instruments, the investors are mandated to make the payment instrument (cheque, demand draft, pay order, etc.) favouring either of

the following (Investors are urged to follow the order of preference in making the payment instrument favouring as under):

“Bandhan Nifty 50 Index Fund A/c Permanent Account Number”

“Bandhan Nifty 50 Index Fund A/c First Investor Name” or

“Bandhan Nifty 50 Index Fund A/c Folio number”

2. Centres other than the places where there are Official point of acceptance of transactions as designated by the AMC from time to time, are Outstation Centres. Investors residing at outstation centres should send demand drafts drawn on any bank branch which is a member of Bankers Clearing House payable at any of the places where an Official point of acceptance of transactions is located.

Please refer to the SAI and Application form for the instructions.

Please refer to the SAI and Application form for the instructions.

Where can the applications for purchase/redemption switches be submitted?

Filled up applications can be submitted at the Offices of the CAMS Transaction points and ISC's as per the details given on the last few pages of this document including the back cover page.

The redemption/ repurchase requests can be made on the transaction slip for redemption available at the Official point of acceptance of transactions or the office of the Registrar or the offices of the AMC on any business day (as per details given in the last few pages and the back cover page of this document).

In case the Units are standing in the names of more than one Unitholder, where mode of holding is specified as 'Jointly', redemption requests will have to be signed by all joint holders. However, in cases of holding specified as 'Anyone or Survivor', any one of the Unitholders will have the power to make redemption requests, without it being necessary for all the Unitholders to sign. However, in all cases, the proceeds of the redemption will be paid only to the first-named holder.

The Unitholder may either request for mailing of the redemption proceeds to his/her address or the collection of the same from the Official point of acceptance of transactions.

MANDATORY QUOTING OF BANK MANDATE BY INVESTORS

	As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected.	
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	The AMC do not facilitates reissue of repurchased units.	
Restrictions, if any, on the right to freely retain or dispose of units being offered.	Not Applicable	
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	Subscription facility is available on a continuous basis. Applicable NAV for Subscriptions / Switch-ins (irrespective of application amount): In respect of valid applications received upto 3.00 p.m. on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the Scheme before the cut-off time on same day i.e available for utilization before the cut-off time - the closing NAV of the day shall be applicable In respect of valid applications received after 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the Scheme either on same day or before the cut-off time of the next Business Day i.e available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable Irrespective of the time of receipt of application at the official point(s) of acceptance, where funds for the entire amount of subscription/purchase (including switch-ins) as per the application are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day - i.e available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. In case of switch transactions from one scheme to another scheme, units allotment in switch-in scheme shall be in line with the redemption payouts. The aforesaid provisions shall also apply to systematic transactions i.e Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Transfer of Income Distribution cum capital withdrawal plan etc. irrespective of the installment date or Income Distribution cum capital withdrawal record date.	
Minimum amount for purchase/redemption/swit ches (mention the provisions for ETFs, as	Particulars	Details
	Initial Investment (including switches)	Rs.1000/- and any amount thereafter

may be applicable, for direct subscription/ redemption with AMC.	Additional Purchases (including switches)	Rs.1000/- and any amount thereafter
	Repurchase/ Redemption	Rs.500/- and any amount thereafter If the balance in the Folio / Account available for redemption is less than the minimum amount prescribed above, the entire balance available for redemption will be redeemed
	SIP	Rs.100/- and in multiples of Rs.1 thereafter [Minimum 6 installments]
	SWP	Rs.200/- and any amount thereafter
	STP (in)	Rs.100/- and any amount thereafter
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable For further details, refer SAI.	
Dividend/ IDCW	The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date.	
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024.	
Bank Mandate	As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected.	
Delay in payment of redemption / repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024, by SEBI for the period of such delay (presently @ 15% per annum). However, the Asset Management Company will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC/Trustee is required to obtain from the investor/Unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be requested by a regulatory body or any government authority, which may result in delay in processing the application.	
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	In accordance with clause 14.3 of SEBI Master Circular, the unclaimed Redemption amount and IDCW amount that are currently allowed to be deployed by the Mutual Fund only in call money market or money market Instruments, shall also be allowed to be invested in a separate	

	plan of only Overnight scheme / Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. Provided that such schemes where the unclaimed redemption and dividend amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix. AMCs shall not be permitted to charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped as per the TER of direct plan of such scheme or at 50 bps, whichever is lower. Further, for the Unclaimed redemption and dividend amounts deployed by Mutual Funds in Call Money Market or Money Market instruments, the investment management and advisory fee charged by the AMC for managing unclaimed amounts shall not exceed 50 basis points. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The investors can visit the website of the AMC to check the unclaimed amount in their folios.
Disclosure w.r.t investment by minors	As per clause of 17.6 of SEBI Master Circular, the following Process for Investments in the name of a Minor through a Guardian will be applicable- <i>Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian, else the transaction is liable to get rejected.</i> Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. Unit holders are requested to review the Bank Account registered in the folio and ensure that the registered Bank Mandate is in favour of minor or joint with registered guardian in folio. If the registered Bank Account is not in favour of minor or not joint with registered guardian, unit holders will be required to submit the change of bank mandate, where minor is also a bank account holder (either single or joint with registered guardian), before initiation any redemption transaction in the folio, else the transaction is liable to get rejected. For systematic transactions in a minor's folio, AMC will register standing instructions till the date of the minor attaining majority, though the instructions may be for a period beyond that date. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. Please refer SAI for detailed process on investments made in the name

	of a Minor through a Guardian and Transmission of Units.
Any other disclosure in terms of Consolidated Checklist on Standard Observations	Not applicable

III. Other Details

A. Periodic Disclosures such as Half yearly disclosures, half yearly results, annual report

Monthly / Half yearly Portfolio Disclosures:

The Mutual fund shall disclose portfolio (along with ISIN) as on the last day of the month / half year for this scheme on website of the AMC (<https://bandhanmutual.com/downloads/disclosures>) and AMFI (www.amfiindia.com) within 10 days from the close of each month / half year in a user-friendly and downloadable spreadsheet format. In case of unitholder whose email addresses are registered with the Fund, the portfolios disclosed as above shall be sent to the unitholders via email. The unitholders whose e-mail address are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. An advertisement shall be published in at least one English daily newspaper and Hindi daily newspaper disclosing the hosting of scheme's half yearly portfolio on the website of AMC and AMFI. Investors may also place a specific request to the Mutual Fund for sending the half yearly portfolio through email.

Physical copy of statement of scheme's portfolio shall be provided without charging any cost, on specific request received from the unitholder.

Half Yearly Financial Results

The Mutual Fund shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on their website and shall publish an advertisement disclosing the hosting of such financial results on their website, in atleast one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the mutual fund is situated. The unaudited financial results will be displayed on the website of the Mutual Fund (<https://bandhanmutual.com/statutory-disclosures/financials>) and that of AMFI (www.amfiindia.com).

Annual Report

Scheme wise Annual Report or an abridged summary thereof shall be mailed to all unitholders within four months from the date of closure of the relevant accounts year i.e. 31st March each year as under:

- (i) by e-mail to the Unit holders whose e-mail address is available with the Fund,
- (ii) in physical form to the Unit holders whose email address is not available with the Fund and/or to those Unit holders who have opted / requested for the same.

An advertisement shall also be published in all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the website of the AMC.

The physical copy of the scheme wise annual report or abridged summary shall be made available to the investors at the registered office of the AMC. A link of the scheme annual report shall be displayed prominently on the website of the Mutual Fund (<https://bandhanmutual.com/statutory-disclosures/financials>) and that of AMFI (www.amfiindia.com).

The AMC shall also provide a physical copy of abridged summary of the annual report, without charging

any cost, on specific request received from the unitholder. A copy of scheme wise annual report shall also be made available to unitholder(s) on payment of nominal fees.

Risk-o-meter

In accordance with SEBI circular dated November 05, 2024 and Clause 5.16 of SEBI Master Circular dated June 27, 2024, Mutual Fund shall disclose, to the investors in which the unit holders are invested, (a) risk-o-meter of the scheme and benchmark while disclosing the performance of scheme vis-à-vis benchmark and

(b) details of the scheme portfolio including the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark while communicating the fortnightly, monthly and half-yearly statement of scheme portfolio via email.

Further, pursuant to clause 17.4.1.h of SEBI Master Circular, any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on the website of the Mutual Fund (www.bandhanmutual.com) and that of AMFI (www.amfiindia.com) within 10 days from the close of each month.

Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on its website and AMFI website.

Investors may please note that the Risk-o-meter disclosed is basis internal assessment of the scheme portfolio as on the date of disclosure.

Scheme Summary Document

Pursuant to SEBI advisory dated December 28, 2021, a standalone scheme document called 'Scheme Summary Document' for all the Schemes of Bandhan Mutual Fund has been hosted on its website (www.bandhanmutual.com) which contains all the details of the Schemes including but not limited to Scheme features, Fund Manager details, investment details, investment objective, expense ratios, portfolio details, etc. The Scheme Summary Document is uploaded on the website of the Mutual Fund, AMFI and stock exchanges in 3 data formats i.e. PDF, Spreadsheet and a machine readable format (either JSON or XML).

Potential Risk Class (PRC) Matrix

Pursuant to the Clause 17.5 of SEBI Master Circular dated June 27, 2024, all debt schemes are required to be classified in terms of a Potential Risk Class matrix consisting of parameters based on maximum interest rate risk (measured by Macaulay Duration (MD) of the scheme) and maximum credit risk (measured by Credit Risk Value (CRV) of the scheme). Mutual Funds are required to disclose the PRC matrix (i.e. maximum risk that a fund manager can take in a Scheme) along with the mark for the cell in which the Scheme resides on the front page of initial offering application form, SID, KIM, common application form and scheme advertisements in the manner as prescribed in the said circular. The scheme would have the flexibility to take interest rate risk and credit risk below the maximum risk as stated in the PRC matrix. Subsequently, once a PRC cell selection is done by the Scheme, any change in the positioning of the Scheme into a cell resulting in a risk (in terms of credit risk or duration risk) which is higher than the maximum risk specified for the chosen PRC cell, shall be considered as a fundamental attribute change of the Scheme in terms of Regulation 18(15A) of SEBI (Mutual Fund) Regulations, 1996.

Refer SAI for further details

B. Transparency/NAV Disclosure:

NAV will be determined for every Business Day except in special circumstances. NAV will be calculated upto four decimal places. NAV of the Scheme shall be made available on the website of AMFI (www.amfiindia.com) and the Mutual Fund (www.Bandhanmutual.com) by 11.00 p.m. on all

business days. The NAV shall also be available on the Toll Free Number -1800-300-66688/1-800-2666688 and on the website of the Registrar and Transfer Agent CAMS (www.camsonline.com).

For details please refer Section I - Part I (HIGHLIGHTS/SUMMARY OF THE SCHEME)

C. Transaction charges and stamp duty:

Transaction charges: In terms of Notice-Cum-Addendum no. 54 of 2024 dated August 26, 2024, Bandhan AMC Limited has decided to discontinue the payment of transaction charges to distributors of the schemes of Bandhan Mutual Fund with effect from September 01, 2024 ('the Effective Date'). Accordingly, from the Effective Date, for transactions/applications received through distributors (i.e. in Regular Plan) no transaction charges will be deducted from the subscription/investment amount given by the investor, and full subscription/investment amount (subject to deduction of statutory charges, if any) will be invested in the scheme(s) of Bandhan Mutual Fund.

Stamp Duty: Rate of stamp duty applicable from July 1, 2020 is: 0.005%

The collection of stamp duty is subject to the *Indian Stamp (Collection of Stamp-duty through Stock Exchanges, Clearing Corporations and Depositories) Rules, 2019*.

Refer SAI for details

Please note that the Bandhan Branch offices at • **Udaipur • Belgaum • Vizag • Thiruvananthapuram • Dhanbad • Muzaffarpur • Thrissur • Bhavnagar • Aligarh** will not be an Official Point of Acceptance of transactions. Accordingly, no transaction applications / investor service requests shall be accepted at these branch offices and the same will continue to be accepted at Investor Service Centre (ISC) of Computer Age Management Services Ltd. (CAMS), the Registrar of Bandhan Mutual Fund.

Point of Service locations (“POS”) of MF Utilities India Private Limited (“MFUI”)

All the authorised MFUI POS designated by MFUI from time to time shall be the Official Points of Acceptance of Transactions. In addition to the same, investors can also submit the transactions electronically on the online transaction portal of MFUI (www.mfuonline.com). To know more about MFUI and the list of authorised MFUI POS, please visit the MFUI website (www.mfuindia.com).

Website / Electronic modes - Bandhan AMC shall accept transactions through its website (www.Bandhanmutual.com). Transactions shall also be accepted through other electronic means including through secured internet sites operated by CAMS with specified channel partners (i.e. distributors) with whom AMC has entered into specific arrangements. The servers of Bandhan AMC and CAMS, where such transactions shall be sent shall be the official point of acceptance for all such online / electronic transaction facilities offered by the AMC.

NSE MFSS / BSE STAR / ICEX - Eligible Brokers/Clearing Members/Depository Participants / Distributors will be considered as the Official Point of Acceptance for the transactions through NSE MFSS, BSE STAR and ICEX platforms.

MFCentral as Official Point of Acceptance:

For enhancing investors’ experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA’s), Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral may be accessed using <https://mfcentral.com/>

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.

Open Network for Digital Commerce (ONDC) (“ONDC Network”) as Official Point of Acceptance:

To increase the network and enhance the service levels for investors, with effect from October 6, 2025, Cybrilla platform will be appointed as one of the official points of acceptance for transactions under all schemes of Bandhan Mutual Fund (‘the Fund’), excluding Exchange Traded Fund [ETFs]. The facility shall be extended to allow financial transactions i.e. Subscription/ Redemption/ Switch/ SIP/ STP through Cybrilla platform. The provision of this facility shall be subject to the terms and conditions specified and guidelines issued by SEBI. Bandhan AMC Limited reserves the right to later introduce, modify, restrict, withdraw all or any of the features available in this facility from time to time.
