DUE DILIGENCE BY THE ASSET MANAGEMENT COMPANY

It is confirmed that:

- (i) The Scheme Information Document submitted to SEBI is in accordance with the SEBI (Mutual Funds) Regulations, 1996 and the guidelines and directives issued by SEBI from time to time.
- (ii) All legal requirements connected with the launching of the Scheme as also the guidelines, instructions, etc., issued by the Government and any other competent authority in this behalf, have been duly complied with.
- (iii) The disclosures made in the Scheme Information Document are true, fair and adequate to enable the investors to make a well informed decision regarding investment in the Scheme.
- (iv) The intermediaries named in the Scheme Information Document and Statement of Additional Information are registered with SEBI and their registration is valid, as on date.
- (v) The contents of the Scheme Information Document including figures, data, yields etc. have been checked and are factually correct.
- (vi) The AMC has complied with the set of checklist applicable for Scheme Information Documents and that there are no deviations from the regulations.
- (vii) Notwithstanding anything contained in the Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines there under shall be applicable.
- (viii) The Trustees have ensured that the Scheme approved by them is a new product offered by ICICI Prudential Mutual Fund and not a minor modification of any existing schemes.

Sd/-

Rakesh Shetty

Chief Compliance Officer & Company Secretary

Place: Mumbai

Date: February 2, 2026

Note: The Due Diligence Certificate dated February 2, 2026, was submitted to SEBI.

PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Units of ICICI Prudential Gold ETF	95%	100%
Debt & Money Market Instruments (including cash & cash equivalent and Liquid/Debt Funds).	0%	5%

The Cumulative Gross Exposure across Debt and Money Market instruments and such other securities/assets as may be permitted by SEBI, if required, should not exceed 100% of the net assets of the scheme.

The above percentages would be adhered to at the point of investment in the underlying schemes. Further, subject to the asset allocation pattern stated above, the maximum asset allocation to the Scheme of a Mutual Fund may be to the extent of 100% of the investible corpus under the Scheme.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Exposure to various instruments will be as per the indicative table given below (Below percentages shall be subject to applicable SEBI circulars):

Sr. No.	Type of Instrument	Percentage exposure of	Circular references
1.	Stock Lending	Nil	Not Applicable
2.	Derivatives	Nil	Not Applicable
2(a)	Equity Derivatives for hedging purpose	Nil	
2(b)	Equity Derivatives for non-hedging purpose		
2(c)	Debt Derivatives for hedging/non hedging purpose		
3.	Securitized Debt	Nil	Not applicable
4.	Overseas Securities	Nil	Not applicable
5.	Units of InvITs	Nil	Not applicable
6.	AT1 and Tier II Bonds	Nil	Not applicable

7.	Structured Obligations and Credit Enhancements	Nil	Not applicable
----	--	-----	----------------

The deviation from the underlying ETF may occur mainly on account of the receipt of cash flows which on an average takes 30 business days given the existing operational procedure.

The investment portfolio of the Scheme would reflect low volatility in the units of the underlying schemes having asset allocations in gold and in debt and money market investments.

Rebalancing due to Short Term Defensive Consideration:

- Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Paragraph 1.14.1.2.b of the Master, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breaches:

- Further, as per Paragraph 2.9 of the SEBI Master Circular, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in Paragraph 2.9 of the Master Circular.

Further, the AMC shall comply with the applicable regulatory guidelines related to reporting and disclosure requirements as specified in the aforesaid circular.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

Negative list: The Scheme will not directly invest/ have exposure in the following:

Sr. No	Particulars
1.	Overseas securities
2.	Derivatives
3.	Repos in corporate debt securities
4.	Credit Default Swaps transactions
5.	Short Selling
6.	Securities Lending
7.	Securitised Debt
8.	Structured Obligations / Credit Enhancement rated securities
9.	Equity & Equity related instruments
10.	Unrated debt and money market instruments (except TREPS/ Government Securities/ T- Bills / Repo and Reverse Repo in Government Securities);
11.	Bespoke or complex debt products
12.	AT1 and Tier II Bonds
13.	Units of InvITs
14.	Unlisted debt Instruments
15.	Inter Scheme Transactions

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the section “How will the Scheme allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusively) of the following:

- 1) In the Units of ICICI Prudential Gold ETF registered with SEBI and/or permitted by SEBI.
- 2) Money market instruments permitted by SEBI/RBI, having maturities of up to one year, in call money market or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- 3) All types of debt securities which suits the investment objective of the Scheme.

As per the SEBI guidelines, a Fund of funds scheme shall not invest in any other fund of funds scheme.

The units of the schemes of the Mutual Funds or other securities where the Scheme proposes to invest could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The units may be acquired through subscription to the units during the New Fund Offerings (NFOs) of the schemes or by subscriptions on on-going basis in case of open-ended schemes. The Scheme may also enter into repurchase and reverse repurchases obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

Pending deployment of funds in accordance with the investment pattern of the Scheme, the Scheme may park funds in short term deposits of Scheduled commercial Banks, subject to SEBI guidelines.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme shall endeavor to provide investment returns linked to the underlying scheme i.e. ICICI Prudential Gold ETF.

The Scheme intends to achieve its investment objective by investing in units of ICICI Prudential Gold ETF and Debt & Money Market Instruments. Investment in Debt securities and money market instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

The Scheme shall follow a passive investment strategy. The Scheme will invest in ICICI Prudential Gold ETF directly or through secondary market.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Scheme is benchmarked against the Domestic Prices of Gold. The composition of the benchmark is such that, it is most suited for comparing performance of the Scheme.

The Trustees reserves the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

E. WHO MANAGES THE SCHEME?

Mr. Manish Banthia, Mr. Nishit Patel, Ms. Ashwini Bharucha and Mr. Venus Ahuja are the Fund Managers of the Scheme. As on December 31, 2025, Mr. Manish Banthia has been managing the Scheme for tenure of 12 years 4 months, since September 2012, Mr. Nishit Patel has been managing the scheme for the tenure of 4 years 4 months, since December 2020, Ms. Ashwini Bharucha and Mr. Venus Ahuja have been managing the scheme for 2 months since November 2025. F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

As on December 31, 2025, the Fund has following schemes under the FOF category:

Sr. No.	Scheme Name
1.	ICICI Prudential Passive Multi-Asset Fund of Funds
2.	ICICI Prudential BSE 500 ETF FOF
3.	ICICI Prudential BHARAT 22 - FOF
4.	ICICI Prudential Multi Sector Passive FOF (Erstwhile ICICI Prudential Passive Strategy Fund (FOF))
5.	ICICI Prudential Global Advantage Fund (FOF)
6.	ICICI Prudential Diversified Debt Strategy Active FOF (Erstwhile ICICI Prudential Debt Management Fund (FOF))
7.	ICICI Prudential Nifty Alpha Low-Volatility 30 ETF FOF
8.	ICICI Prudential Global Stable Equity Fund (FOF)
9.	ICICI Prudential Dynamic Asset Allocation Active FOF (Erstwhile ICICI Prudential Asset Allocator Fund (FOF))
10.	ICICI Prudential Thematic Advantage Fund (FOF)
11.	ICICI Prudential Nifty 100 Low Volatility 30 ETF FOF

12.	ICIC Prudential Income plus Arbitrage Omni FOF (Erstwhile ICICI Prudential Income Plus Arbitrage Active FOF))
13.	ICICI Prudential Gold ETF FOF (Erstwhile ICICI Prudential Regular Gold Savings Fund (FOF))
14.	ICICI Prudential Diversified Equity All Cap Omni FOF (Erstwhile ICICI Prudential India Equity FOF))
15.	ICICI Prudential Strategic Metal and Energy Equity Fund of Fund
16.	ICICI Prudential Silver ETF FOF (Erstwhile ICICI Prudential Silver ETF Fund of Fund)
17.	ICICI Prudential Nifty EV & New Age Automotive ETF FOF

A detailed comparison between the existing schemes of the mutual fund is available at the below link:

[SID related information \(icicipruamc.com\)](http://icicipruamc.com)

G. HOW HAS THE SCHEME PERFORMED?

Compounded Annualised Returns (in %) of the Scheme (Growth Option) and its benchmark as on December 31, 2025:

Period	ICICI Prudential Gold ETF FOF - Regular	Domestic Prices of Gold (Benchmark)	ICICI Prudential Gold ETF FOF - Direct	Domestic Prices of Gold (Benchmark)
Last 1 Year	71.95	74.73	72.52	74.73
Last 3 Year	32.56	33.75	32.89	33.75
Last 5 Year	19.99	21.48	20.33	21.48
Since Inception	10.46	11.91	10.75	11.88
Inception Date	11-Oct-11		01-01-2013	

The Benchmark of the Scheme has been changed to Domestic Prices of Gold with effect from January 30, 2026. The returns shown above are of previous benchmark i.e. Domestic price of Gold as derived from the LBMA AM fixing prices.

The date of inception of the Scheme is October 11, 2011, however the direct plan under the scheme was being offered since January 1, 2013. Thus, the returns of direct plan are computed for period starting Jan 1, 2013.

Past performance may or may not be sustained in the future.

Performance of the scheme is benchmarked to total return variant of the index. Past performance may or may not be sustained in future. For computation of since inception returns the allotment NAV has been taken as Rs. 10.00.

Absolute returns of each financial years of the Scheme for the last 5 years are as follows:

Past performance may or may not be sustained in the future. Past performance may or may not be sustained in the future. Absolute returns are provided. Benchmark is Domestic Prices of Gold. NAV of growth option is considered for computation of returns without considering load. Date of inception - (11-Oct-2011).

The Benchmark of the Scheme has been changed to Domestic Prices of Gold with effect from January 30, 2026.

H. ADDITIONAL SCHEME RELATED DISCLOSURES

i. SCHEME'S PORTFOLIO HOLDINGS

The top 10 holdings by the Scheme and allocation towards various sectors can be accessed at the below link: [Downloads - Application Forms, SID, KIM, SAI & Others | ICICI Prudential Mutual Fund](#)

- ii. DISCLOSURE OF NAME AND EXPOSURE TO TOP 7 ISSUERS, STOCKS, GROUPS AND SECTORS AS A PERCENTAGE OF NAV OF THE SCHEME IN CASE OF DEBT AND EQUITY ETFS/INDEX FUNDS THROUGH A FUNCTIONAL WEBSITE LINK THAT CONTAINS DETAILED DESCRIPTION –**
Not Applicable

iii. PORTFOLIO DISCLOSURE

Investors can obtain Scheme's latest quarterly portfolio holding from the website of AMC i.e. [Downloads - Application Forms, SID, KIM, SAI & Others | ICICI Prudential Mutual Fund](#)

iv. SCHEME's PORTFOLIO TURNOVER RATIO: Not Applicable

Aggregate investment in the Scheme by: (December 31, 2025)

Sr. No.	Category of Persons	Net Value		Market Value (in Rs.)
1.	Scheme's Fund Manager(s)	Units	NAV per unit	
	NIL			

Since the Scheme is investing in a Single underlying ETF, the requirement of Investment in the Scheme by the Fund Manager is not applicable in accordance with paragraph 6.10.4 of the Master Circular.

For any other disclosure with respect to investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

INVESTMENT OF THE AMC IN THE SCHEME

From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. Such investments would be in accordance with paragraph 6.9 of the Master Circular. The details of such investments of the AMC can be accessed at the following link: [Statutory Disclosure \(icicipruamc.com\)](http://icicipruamc.com)

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the valuation policy and procedures of the Fund, provided in Statement of Additional Information (SAI).

The NAV of the Scheme shall be rounded off upto four decimals.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments + Current Assets
- Current Liabilities and Provision

No. of Units outstanding under Schemes

The NAV will be calculated as of the close of every Business Day of the respective Scheme. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

Illustration of computation of NAV:

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 10,000,000, then the NAV per unit will be computed as follows:

$10,45,34,345.34 / 10,000,000 = \text{Rs. } 10.4534 \text{ p.u. (rounded off to four decimals)}$

The Fund shall ensure that the repurchase price of an open-ended scheme is not lower than 97 per cent of the Net Asset Value.

B. NEW FUND OFFER (NFO) EXPENSES – Not Applicable

C. ANNUAL SCHEME RECURRING EXPENSE

Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1.00% of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the AMC would update the same on the website at least three business days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular.

Investor can refer [Total Expense Ratio of Mutual Fund Schemes](#) for Total Expense Ratio (TER) details.

Estimated Recurring Expenses:

Particulars	ICICI Prudential Gold ETF FOF (% p.a. of net assets)
Investment Management and Advisory Fees	Upto 1.00
Audit Fees and expenses of trustees	
Custodian Fees	
Registrar & Transfer Agent Fees including cost of providing account statements/IDCW/redemption cheques/warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage and transaction cost pertaining to distribution of units	
Goods and Services Tax on expenses other than investment and advisory fees	

Goods and Services Tax on brokerage and transaction cost	
Other Expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (a)	Upto 1.00
Additional expenses under regulation 52 (6A) (c)* (more specifically elaborated below)	Upto 0.05
The aforesaid does not include Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.	

The returns of the Direct Plan for the Scheme shall be exclusive of distributor commission.

Investors may please note that they will be bearing the recurring expenses of the Scheme in addition to the expenses of the underlying schemes in which the fund of fund scheme makes investment.

It may be further noted that the total expense ratio to be charged over and above the weighted average of total expense ratio of the underlying schemes shall not exceed two times the weighted average of the total expense ratio levied under the underlying schemes, subject to limit as specified above.

* As permitted under the Regulation 52 of SEBI (MF) Regulations, 1996 and pursuant paragraph 15.10.1 of the Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations 2018.

ICICI Prudential Gold ETF FOF- Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. as compared to ICICI Prudential Gold ETF FOF – Regular plan and no commission for distribution of Units will be paid/ charged under ICICI Prudential Gold ETF FOF- Direct Plan.

All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.

These estimates have been made in good faith as per information available to the AMC and the total expenses may be more than as specified in the table above. However, as per the Regulations, the total recurring expenses that can be charged to the Scheme in this SID shall be subject to the applicable guidelines.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

Pursuant to paragraph 10.1.3 of SEBI Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and Securities and Exchange Board of India (Mutual Funds) (Fourth Amendment) Regulations, 2018, following additional costs or expenses may be charged to the scheme, namely:

1. The AMC may charge Goods and Services tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.

Fund of Funds (FoFs) investing more than 80% of its NAV in the underlying domestic funds shall not be required to set aside 2bps of the daily net assets towards investor education and awareness initiatives.

Further, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Goods and Services tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

The following is an illustration of the impact of expense ratio on the scheme's returns

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1300	1350

For calculating expense of ICICI Prudential Gold ETF FOF - Direct Plan, distribution expenses will not be considered.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	1. If the amount sought to be redeemed or switched out is invested for a period of up to 15 days from the date of allotment - 1% of the applicable Net Asset Value.

	2. If the amount sought to be redeemed or switched out is invested for a period of more than 15 days from the date of allotment – Nil
--	---

Any redemption/switch arising out of excess holding by an investor beyond 25% of the net assets of the Scheme in the manner envisaged under paragraph 6.11.1.1 (b) of the Master Circular, such redemption / switch will not be subject to exit load.

The exit load charged, if any, shall be credited back to the respective scheme. Goods and Services tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services tax shall be credited to the schemes.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres. Any imposition or enhancement in the load shall be applicable on prospective investments only.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- iv. A public notice shall be provided on the website of the AMC in respect of such changes.

Any imposition or enhancement in the load shall be applicable on prospective investments only.

SECTION II

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link : [SID related information \(icicpruamc.com\)](http://icicpruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. **Standard Risk Factors:** Please refer to SAI.

II. Scheme specific risk factors

- Investors may please note that they will be bearing the expenses of the relevant fund of fund Scheme in addition to the expenses of the underlying schemes in which the fund of fund scheme makes investment.
- The changes in the asset allocation may result in high transaction costs.
- The Scheme would invest in ICICI Prudential Gold ETF (IPru Gold ETF). Accordingly, the NAV of the Scheme will react to Gold price movements and as IPru Gold ETF is listed on stock exchange, the Scheme NAV would also react to general stock market fluctuations.
- The investible surplus could remain idle before it can be suitably invested and could lead to underperformance. Similarly, to avoid liquidity shortfall at the time of redemption and IDCW, the Scheme could maintain some cash in the Scheme which could lead to underperformance vis-à-vis gold prices.
- The NAV of the Scheme to the extent invested in Debt and Money market securities are likely to be affected by changes in the prevailing rates of interest and are likely to affect the value of the Scheme's holdings and thus the value of the Scheme's Units.
- Trading in listed units of IPru Gold ETF may be halted because of market conditions or for reasons that in view of Exchange Authorities or SEBI, trading is not advisable. In addition, trading is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the market necessary to maintain the listing of units of IPru Gold ETF will continue to be met or will remain unchanged. IPru Gold ETF may suffer liquidity risk from domestic as well as international market.
- The units of the underlying scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of holdings. The trading prices will fluctuate in accordance with changes in their NAV as well as market supply and demand. However, given that IPru Gold ETF can be created and redeemed in creation Units, it is expected that large discounts or premiums to the NAV will not sustain due to arbitrage opportunity available.
- The factors that may affect the price of gold, among other things, include demand and supply for gold in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, trading in gold as commodity, legal restrictions on the

movement/trade of gold that may be imposed by RBI, Government of India or countries that supply or purchase gold to/from India, trends and restrictions on import/export of gold jewellery in and out of India, etc.

- Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker of the underlying scheme to arbitrage, resulting into wider premium/discount to NAV. This could lead to fund underperformance vis-à-vis gold prices.
- The returns from underlying schemes in which the Scheme invests may underperform returns from the various general securities markets or different asset classes other than gold. Different types of securities tend to go through cycles of out-performance and under-performance in comparison to the general securities markets.
- The Scheme may be affected by a general price decline in the gold prices. The Scheme ultimately invests in gold as an asset class regardless of such investment merit.
- An investment in the Scheme may be adversely affected by competition from other methods of investing in gold.
- The Trustee, in the general interest of the unit holders of the Scheme offered under this Document and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.
- For the valuation of underlying scheme, indirect taxes like customs duty, GST, etc would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of underlying fund(s) units and hence the Fund of Funds scheme's units.
- The Fund of funds may also invest in money market instruments, bonds & other debt securities or Liquid/Debt Funds as permitted under the Regulations which are subject to price, credit and interest rate risk. Trading volumes and settlement periods and transfer procedures may restrict liquidity in debt investments.
- The Scheme's endeavor is to get cash on redemptions from underlying scheme. However, in case the underlying scheme is unable to sell for any reason, and delivers physical gold there could be delay in payment of redemptions proceeds pending such realization.
- Time lag in realization of cheque/ DD and as a result investment/deployment of investible surplus will be done basis the realization in scheme account for which the performance of scheme may vary from that of benchmark.
- The Scheme will subscribe according to the value equivalent to unit creation size as applicable for the underlying scheme. When subscriptions received are not adequate enough to invest in creation unit size, the subscriptions may be deployed in debt and money market instruments which will have a different return profile compared to gold returns profile.
- As the Fund of Funds (FOF) factsheets and disclosures of portfolio will be limited to providing the particulars of the schemes invested at FOF level, investors may not be able to obtain specific details of the investments of the underlying scheme.
- While it would be the endeavour of the Fund Manager of the Fund of Funds scheme(s) to invest in the target scheme in a manner, which will seek to maximize returns, the performance of the underlying fund may vary which may lead to the returns of the Fund of Funds being adversely impacted. Again any change in the fundamental attributes or the investments policies of the underlying scheme could affect the performance of the Scheme.
- The Scheme specific risk factors of the underlying scheme become applicable to the fund of funds as well. Investors who intend to invest in Fund of Funds are required to and are

deemed to have read and understood the risk factors of the underlying scheme relevant to the Fund of Fund scheme that they invest in. Copies of the SID pertaining to the Scheme of the Fund, which disclose the relevant risk factors, are available at the Customer Service Centres or may be accessed at www.icicipruamc.com.

- A Fund Manager managing the Scheme may also be the Fund Manager for any underlying scheme.
- The tax benefits available under the Scheme are as available under the present taxation laws. The information given is included for general purposes only and is based on advice that the AMC has received regarding the law and the practice that is currently in force in India and the investors and the Unitholders should be aware that the relevant fiscal rules and their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor/Unitholder is advised to consult his/her own professional tax advisor.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- Risk factors pertaining to investment in Fixed Income Securities
 - a. **Market Risk:** The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
 - b. **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
 - c. **Credit Risk:** Investments in Fixed Income Securities and money market are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
 - d. **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
 - e. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from

reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

- f. Settlement risk: The inability of the underlying Scheme to make intended securities purchases due to settlement problems could cause the underlying Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the underlying Schemes’ portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the underlying Schemes’ portfolio.
- g. Regulatory Risk: Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- h. Risks associated with investment in unlisted securities: Except for any security of an associate or group company, the underlying scheme can invest in securities which are not listed on a stock exchange (“unlisted Securities”) which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the underlying Scheme will realise their investments in unlisted securities at a fair value.
- i. Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- j. The AMC may, considering the overall level of risk of the portfolio, invest in lower rated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- k. As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- l. The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- m. Scheme’s performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

The scheme may also invest in Units of Liquid / Debt funds which are subject to risks as stated above.

- Risks associated with investing in TREPSs/ Government Securities:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”.

As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss; it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.”

- Risk associated with investment in ICICI Prudential Gold ETF (IPru Gold ETF/ underlying scheme):

- a. IPru Gold ETF would invest in Gold and Gold-linked instrument(s). Accordingly, the NAV of the underlying Scheme will react to Gold price movements. Units of the underlying scheme are proposed to be listed on a stock exchange; hence the market prices of the units would also react to general stock market fluctuations.
- b. Although units of underlying scheme are proposed to be listed on an exchange, there can be no assurance that an active secondary market will develop or be maintained. Prices of units, which are proposed to be listed and traded, could be

- impacted by thin liquidity in the secondary market as these funds may not be actively traded.
- c. Risk of passive investment: The underlying scheme is not actively managed. The underlying scheme may be affected by a general price decline in the gold prices. The underlying scheme ultimately invests in gold as an asset class regardless of such investment merit. The AMC does not attempt to take defensive positions in declining markets.
 - d. Tracking error risk: The performance of the underlying scheme may not be commensurate with the performance of the benchmark on any given day or over any given period. Such variation, referred to as tracking error may impact the performance of the underlying scheme. However, the Investment Manager would monitor the tracking error of the underlying scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Investible surplus remaining idle increases the tracking error and hence acts as a risk factor.
 - e. Trading in units of underlying scheme on the exchange may be halted because of market conditions or for reasons that in view of exchange authorities or SEBI, trading in units of the underlying scheme is not advisable. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of exchange necessary to maintain the listing of the units will continue to be met or will remain unchanged.
 - f. The units may trade above or below their NAV. The NAV of the underlying scheme will fluctuate with changes in the market value of holdings. The trading prices will fluctuate in accordance with changes in their NAV as well as market supply and demand. However, given that units can be created and redeemed in Creation Units, it is expected that large discounts or premiums to the NAV will not sustain due to arbitrage opportunity available.
 - g. Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV.
 - h. The returns from physical gold in which the underlying scheme invests may under-perform returns from the various general securities markets or different asset classes other than gold. Different types of securities tend to go through cycles of out-performance and under-performance in comparison to the general securities markets.
 - i. Gold Exchange Traded Fund is relatively new product and their value could decrease if unanticipated operational or trading problems arise.
 - j. There is no Exchange for physical gold in India. The underlying scheme may have to buy or sell gold from the open market, which may lead to counter party risks for the Scheme for trading and settlement.
 - k. An investment in the underlying scheme may be adversely affected by competition from other methods of investing in gold.
 - l. The Trustee, in the general interest of the unit holders of the underlying scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.
 - m. For the valuation of units, indirect taxes like customs duty, GST etc. would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of units of the underlying scheme.

- n. The underlying scheme may also invest in gold related instruments, money market instruments, bonds & other debt securities as permitted under the Regulations which are subject to price, credit and interest rate risk. Trading volumes and settlement periods and transfer procedures may restrict liquidity in debt investments.

Physical gold: There is a risk that part or all of the underlying scheme's gold could be lost, damaged or stolen. Access to the scheme's gold could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the underlying scheme and consequently on investment redemption in Units.

Several factors that may affect the price of gold are as follows:

- a. Global gold supplies and demand, which is influenced by factors such as forward selling by gold producers, purchases made by gold producers to unwind gold hedge positions, central bank purchases and sales, and productions and cost levels in major gold producing countries such as the South Africa, the United States and Australia.
- b. Investors' expectations with respect to the rate of inflation;
- c. Currency exchange rates;
- d. Interest rates;
- e. Investment and trading activities of hedge funds and commodity funds; and
- f. Global or regional political, economic or financial events and situations.
- g. In addition, investors should be aware that there is no assurance that gold will maintain its long-term value in terms of purchasing power in the future. In the event that the price of gold declines, the value of investment in units is expected to decline proportionately.
- h. Changes in indirect taxes like custom duties for import, sales tax, GST or any other levies will have an impact on the valuation of gold and consequently the NAV of the Scheme.
- i. Although, the objective of the underlying Fund is to seek to provide returns that closely correspond to returns provided by price of gold through investment in physical Gold and Gold related securities, the performance of the underlying scheme may differ from that of the domestic prices of Gold due to expenses and or other related factors

A. Market risk due to volatility in Gold prices: The value of the Units relates directly to the value of the Gold held by the Scheme and therefore, fluctuations in the price of Gold could adversely affect investment value of the Units. The factors that may affect the price of Gold, inter alia, include demand & supply, economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, restrictions on movement/trade of Gold that may be imposed by the Reserve Bank of India (RBI), and restrictions on import/export of Gold or Gold jewellery, etc. Hence, the investor may also lose money due to fluctuation in the prices of the Gold. Value of Gold ETFs may decrease if unanticipated operational or trading problems arise.

B. Liquidity risks in physical or derivative markets impairing the ability of the fund to buy and sell Gold: Due to various regulatory, economic and market conditions, the ability of the Scheme to buy and/or sell Gold in physical or trade in ETCD with Gold as an underlying, could be impacted.

C. Risks associated with handling, storing and safekeeping of physical Gold: There is a risk that part or all of the Scheme's Gold could be lost, damaged or stolen. Access to the Scheme's Gold could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the scheme and consequently on investment in units.

Several other factors that may affect the price of gold are as follows:

- a) Global gold supplies and demand, which is influenced by factors such as forward selling by gold producers, purchases made by gold producers to unwind gold hedge positions, central bank purchases and sales, and productions and cost levels in major gold producing countries such as the South Africa, the United States and Australia.
- b) Investors' expectations with respect to the rate of inflation;
- c) Currency exchange rates;
- d) Interest rates;
- e) Investment and trading activities of hedge funds and commodity funds; and
- f) Global or regional political, economic or financial events and situations.
- g) In addition, investors should be aware that there is no assurance that gold will maintain its long-term value in terms of purchasing power in the future. In the event that the price of gold declines, the value of investment in units is expected to decline proportionately.

- **Portfolio Concentration Risk**

To the extent that the Scheme may concentrate its investments in Gold and Gold-related instrument(s), the Scheme will therefore be subject to the risks associated with such concentration.

- **Risks associated with investment in ADR/GDR and foreign securities**

The Scheme will not have any exposure in ADR/GDR and foreign securities.

- **Risks associated with Investing in Derivatives –**

The Scheme would not be investing in derivatives.

- **Risks associated with Investing in securitized debt–**

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, microfinance companies or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers. Generally available asset classes for securitization in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans/receivables
- Microfinance receivables

In pursuance to SEBI communication dated: August 25, 2010, given below are the requisite details relating to investments in Securitised debt.

- Risk profile of securitized debt vis-à-vis risk appetite of the scheme:

Investment in these instruments will help the fund in aiming at reasonable returns. These returns come with a certain degree of risks which are covered separately in the Scheme Information Document. Accordingly, the medium risk profile of the securitised debt instruments matches that of the prospective investors of these funds.

- Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.
- Risk mitigation strategies for investments with each kind of originator

For a complete understanding of the policy relating to selection of originators, we have first analyzed below risks attached to a securitization transaction.

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA/AA rated asset classes.

The Scheme may invest in securitized debt assets. These assets would be in the nature of Asset Backed securities (ABS) and Mortgage Backed securities (MBS) with underlying pool of assets and receivables like housing loans, auto loans and single corporate loan originators. The Scheme intends to invest in securitized instruments rated AAA/AA by a SEBI recognized credit rating agency.

Before entering into any securitization transaction, the risk is assessed based on the information generated from the following sources:

- (1) Rating provided by the rating agency
- (2) Assessment by the AMC

(1) Assessment by a Rating Agency

In its endeavor to assess the fundamental uncertainties in any securitization transaction, a credit rating agency normally takes into consideration following factors:

Credit Risk:

Credit risk forms a vital element in the analysis of securitization transaction. Adequate credit enhancements to cover defaults, even under stress scenarios, mitigate this risk. This is done by evaluating following risks:

- Asset risk
- Originator risk
- Portfolio risk
- Pool risks

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of installments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analyzed with regard to geographical location, borrower profile, LTV, and tenure.

Counterparty Risk:

There are several counterparties in a securitization transaction, and their performance is crucial. Unlike in the case of credit risks, where the risks emanate from a diversified pool of retail assets, counterparty risks result in either performance or non-performance. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure. The risks assessed under this category include:

- Servicer risk
- Commingling risk
- Miscellaneous other counterparty risks

Legal Risks:

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

Market Risks:

Market risks represent risks not directly related to the transaction, but other market related factors, stated below, which could have an impact on transaction performance, or the value of the investments to the investors.

- Macro-economic risks

- Prepayment risks
- Interest rate risks

Other Risks associated with investment in securitized debt and mitigation measures

Limited Liquidity and Price Risk:

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

Risk Mitigation: Securitised debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analyzing the appropriateness of the securitization.

Limited Recourse, Delinquency and Credit Risk:

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any associate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

Bankruptcy of the Originator or Seller:

If originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to Trust was not a sale, then an Investor could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to Trust not being construed as a "True Sale". Legal opinion is normally obtained to the effect that the assignment of Receivables to Trust in trust for and for the benefit of the Investors, as envisaged herein, would constitute a true sale.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

Bankruptcy of the Investor's Agent:

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement. All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent. Legal opinion is normally obtained to the effect that the Investors Agent's recourse to assets/receivables is restricted in its capacity as agent and trustee and not in its personal capacity.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

Credit Rating of the Transaction / Certificate:

The credit rating is not a recommendation to purchase, hold or sell the Certificate in as much as the ratings do not comment on the market price of the Certificate or its suitability to a particular investor. There is no assurance by the rating agency either that the rating will remain at the same level for any given period of time or that the rating will not be lowered or withdrawn entirely by the rating agency.

Risk of Co-mingling:

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection

by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

(2) Assessment by the AMC

Mapping of structures based on underlying assets and perceived risk profile

The scheme will invest in securitized debt originated by Banks, NBFCs and other issuers of investment grade credit quality and established track record. The AMC will evaluate following factors, while investing in securitized debt:

Originator:

Acceptance Evaluation Parameters (For Pool Loan and Single Loan Securitization Transactions)

Track record:

The AMC ensures that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc.

Willingness to pay:

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank, guarantee etc. is obtained, as a risk mitigation measure.

Ability to pay:

This assessment is based on a strategic framework for credit analysis, which entails a detailed financial risk assessment.

Management analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to assess financial risk a broad assessment of the issuer's financial statements is undertaken to review its ability to undergo stress on cash flows and asset quality. Business risk assessment, wherein following factors are considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition, a detailed review and assessment of rating rationale is done including interactions with the company as well as agency

Critical Evaluation Parameters (For Pool Loan and Single Loan Securitization Transactions)

Typically, the AMC would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if there are concerns on the following issues regarding the originator / underlying issuer:

- High default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of rescheduling of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan, as the case may be.

Advantages of Investments in Single Loan Securitized Debt

- Wider Coverage: A Single Loan Securitized Debt market offers a more diverse range of issues / exposures as the Banks / NBFCs lend to larger base of borrowers.
- Credit Assessment: Better credit assessment of the underlying exposure as the Banks / NBFCs ideally co-invest in the same structure or take some other exposure on the same borrower in some other form.
- Better Structuring: Single Loan Securitized Debt investments facilitates better structuring than investments in plain vanilla debt instruments as it is governed by Securitization guidelines issued by RBI.
- Better Legal documentation: Single Loan Securitized Debt structures involve better legal documentation than Non-Convertible Debenture (NCD) investments.
- End use of funds: Securitized debt has better standards of disclosures as well as limitation on end use of funds as compared to NCD investments wherein the end use is general corporate purpose.
- Yield enhancer: Single Loan Securitized Debt investments give higher returns as compared to NCD investments in same corporate exposure.
- Regulator supervision: Macro level supervision from RBI in Securitization Investments as compared to NCD investments.
- Tighter covenants: Single Loan Securitized Debt structures involve tighter financial covenants than NCD investments.

Disadvantages of Investments in Single Loan Securitized Debt

- Liquidity risk: Investments in Single Loan Securitized Debts have relatively less liquidity as compared to investments in NCDs.
- Co-mingling risk: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the

collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Table below illustrates the framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	CAR	2wheelers	Micro Finance Pools	Personal Loans
Approximate Average maturity (in Months)	36-120 months	12-60 months	12-60 months	15-48 months	15-80 weeks	5 months -3 years
Collateral margin (including cash , guarantees, excess interest spread, subordinate tranche)	3-10%	4-12%	4-13%	4-15%	5-15%	5-15%
Average Loan to Value Ratio	75%-95%	80%-98%	75%-95%	70%-95%	Unsecured	Unsecured
Average seasoning of the Pool	3-5 months	3-6 months	3-6 months	3-5 months	2-7 weeks	1-5 months
Maximum single exposure range	4-5%	3-4%	NA (Retail Pool)	NA (Retail Pool)	NA (Very Small Retail loan)	NA (Retail Pool)
Average single exposure range %	0.5%-3%	0.5%-3%	<1% of the Fund size	<1% of The Fund size	<1% of The Fund size	<1% of The Fund size

Notes:

1. Retail pools are the loan pools relating to Car, 2 wheelers, micro finance and personal loans, wherein the average loan size is relatively small and spread over large number of borrowers.
2. Information illustrated in the Tables above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.
3. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments
4. Majority of our securitized debt investments shall be in asset backed pools wherein underlying assets may be Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment etc. Where we invest

in Single Loan Securitization, as the credit is on the underlying issuer, we focus on the credit review of the borrower.

In addition to the framework as per the table above, we also take into account following factors, which are analyzed to ensure diversification of risk and measures identified for less diversified investments:

- **Size of the Loan:**

We generally analyze the size of each loan on a sample basis and analyze a static pool of the originator to ensure the same matches the Static pool characteristics. Also indicates whether there is excessive reliance on very small ticket size, which may result in difficult and costly recoveries. To illustrate, the ticket size of housing loans is generally higher than that of personal loans. Hence in the construction of a housing loan asset pool for say Rs.1,00,00,000/- it may be easier to construct a pool with just 10 housing loans of Rs.10,00,000 each rather than to construct a pool of personal loans as the ticket size of personal loans may rarely exceed Rs.5,00,000/- per individual. Also to amplify this illustration further, if one were to construct a pool of Rs.1,00,00,000/- consisting of personal loans of Rs.1,00,000/- each, the larger number of contracts (100 as against one of 10 housing loans of Rs.10 lakhs each) automatically diversifies the risk profile of the pool as compared to a housing loan based asset pool.

- **Average Original Maturity of the Pool:**

Indicates the original repayment period and whether the loan tenors are in line with industry averages and borrower's repayment capacity. To illustrate, in a car pool consisting of 60-month contracts, the original maturity and the residual maturity of the pool viz. number of remaining installments to be paid gives a better idea of the risk of default of the pool itself. If in a pool of 100 car loans having original maturity of 60 months, if more than 70% of the contracts have paid more than 50% of the installments and if no default has been observed in such contracts, this is a far superior portfolio than a similar car loan pool where 80% of the contracts have not even crossed 5 installments.

- **Default Rate Distribution:**

We generally ensure that all the contracts in the pools are current to ensure zero default rate distribution. Indicates how much % of the pool and overall portfolio of the originator is current, how much is in 0-30 DPD (days past due), 30-60 DPD, 60-90 DPD and so on. The rationale here being, as against 0-30 DPD, the 60-90 DPD is certainly a higher risk category.

- **Geographical Distribution:**

Regional/state/ branch distribution is preferred to avoid concentration of assets in a particular region/state/branch.

- **Loan to Value Ratio:**

Indicates how much % value of the asset is financed by borrower's own equity. The lower LTV, the better it is. This Ratio stems from the principle that where the borrowers own

contribution of the asset cost is high, the chances of default are lower. To illustrate for a Truck costing Rs.20 lakhs, if the borrower has himself contributed Rs.10 lakhs and has taken only Rs.10 lakh as a loan, he is going to have lesser propensity to default as he would lose an asset worth Rs.20 lakhs if he defaults in repaying an installment. This is as against a borrower who may meet only Rs.2 lakhs out of his own equity for a truck costing Rs.20 lakh. Between the two scenarios given above, the latter would have higher risk of default than the former.

- **Average seasoning of the pool:**

Indicates whether borrowers have already displayed repayment discipline. To illustrate, in the case of a personal loan, if a pool of assets consists of those who have already repaid 80% of the installments without default, this certainly is a superior asset pool than one where only 10% of installments have been paid. In the former case, the portfolio has already demonstrated that the repayment discipline is far higher.

- **Risk Tranching:**

Typically, we would avoid investing in mezzanine debt or equity of Securitized debt in the form of sub ordinate tranche, without specific risk mitigant strategies / additional cash / security collaterals/ guarantees, etc.

- **The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund**

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest. In addition to internal controls in the fixed income investment process, there is regular monitoring by the compliance team, risk management group, and internal review teams. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

- **In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt**

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are monitored for any movement. Monthly Pool Performance MIS is received from the trustee and is analyzed for any variation. The entire securitized portfolio is published in the fact sheet and disclosed in the website with details of underlying exposure and originator.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

- **Risks associated with Short Selling and Securities Lending**

The Scheme shall not undertake any short selling and stock lending activity.

- **Risk Factors Associated with Investments in Exchange Traded Commodity Derivatives (ETCD)**

- An exchange traded commodity derivative is a derivative instrument that mimics the price movements of an underlying commodity, allowing an investor exposure to the commodity without physical purchase.
- **Liquidity Risk:** While ETCDs that are listed on an exchange carry lower liquidity risk, the ability to sell these contracts is limited by the overall trading volume on the exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes of the ETCD contracts in which it invests. Additionally, change in margin requirements or intervention by government agencies to reduce overall volatility in the underlying commodity could lead to adverse impact on the liquidity of the ETCD.
- **Price risk:** ETCDs are leveraged instruments hence, a small price movement in the underlying security could have a large impact on their value. Also, the market for ETCDs is nascent in India hence, arbitrages can occur between the price of the physical commodity and the ETCD, due to a variety of reasons such as technical issues and volatile movement in the price of the physical good. This can result in mispricing and improper valuation of investment decisions as it can be difficult to ascertain the amount of the arbitrage.
- **Settlement risk:** ETCDs can be settled either through the exchange or physically. The inability to sell ETCDs held in the Schemes' portfolio in the exchanges due to the extraneous factors may impact liquidity and would result in losses, at times, in case of adverse price movement. Wherein the underlying commodity is physically delivered in order to settle the derivative contract, such settlement could get impacted due to various issues, such as logistics, Government policy for trading in such commodities.

- **Risk associated with investing in fixed income securities:**

- **Interest Rate risk/Market risk:** The Net Asset Value (NAV) of the Scheme, to the extent invested in fixed income securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme/underlying scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.

- **Credit risk:** Investments in fixed income securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Liquidity risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- Fixed Income Securities are subject to the risk of an issuer’s inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Schemes’ portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Schemes’ portfolio.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- The scheme may invest in units of debt oriented schemes of ICICI Prudential Mutual Fund or other schemes which may also be subject to risks as stated above.
- **Risks associated with investing in Tri Party Repo through CCIL (TREPS):**
The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and

settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Portfolio Turnover

Portfolio turnover is defined as the aggregate of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time. The portfolio turnover shall be generally on account of purchase and redemptions in the scheme.

- **Risk Mitigation Strategies:**

Risk Mitigation measures for portfolio volatility

The Scheme being passively managed carry lesser risk compared to active management. The Scheme follow the underlying price of gold and therefore the level of portfolio volatility would be same as that of the underlying gold price. The fund manager would also endeavour to keep minimal cash levels to keep performance deviation to minimal.

Risk mitigation measures for managing liquidity

The Scheme invest in physical gold which satisfy the norms of 'Good Delivery' as per the acceptable market practice. Liquidity issues are not envisaged as gold is a globally traded commodity and thereby liquid. There are also designated Authorised Participants who facilitate liquidity on the exchange.

Also the Scheme could have tracking error with respect to price of physical gold which may add to the Schemes tracking error with its benchmark i.e. physical gold due to various factors including but not limited to:

1. Delay in the purchase or sale of gold due to
 - a. Illiquidity of gold,
 - b. Delay in realization of sale proceeds,
 - c. Creating a lot size to buy the required amount of gold

Risk Mitigation:

a. Gold is a fairly liquid asset and hence in normal circumstances would be available for purchase and sale at all points of time.

b. The AMC has a robust process of retrieving speedily the daily collections at various RTA locations. The RTA has been advised to bank cheques as expeditiously as possible. The AMC tracks the daily cash flows and the Fund Managers towards prompt deployment, subject to market conditions.

c. Even if the collections reported on a day are less than the minimum lot size, the AMC can procure the required quantity through open market purchases. The AMCs generally appoint Authorised Participants to ensure liquidity in the market place.

2. The Scheme may buy or sell the gold at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.

Risk Mitigation:

Investment is based on the judgment of the Fund Manager who shall work towards furtherance of the unitholders interest.

3. The potential for trades to fail, which may result in the Scheme not having acquired gold at a price necessary to track the benchmark price.

Risk Mitigation:

Units procured through exchanges have an auction process inbuilt into them, and hence the aforesaid risk is automatically mitigated. Even for lot size purchases, the AMC deals with multiple reputed banks/authorized participants whereby the probability of default in trades are remote.

4. The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.

Risk Mitigation: The fund manager would endeavour to keep cash to the minimal, subject to the asset allocation table; the fund has also proposed a minimal expenses ratio, thereby reducing the extent of tracking error.

5. Execution of large buy / sell orders, and disinvestments to meet redemptions, recurring expenses, dividend payouts etc.

Risk Mitigation: Endeavor shall be carry out these deals at best possible prices available at the time of investments. Distortions, if any could automatically get corrected over periods of time.

6. Transaction cost (including taxes and insurance premium) and recurring expenses

Risk Mitigation: The Fund seeks to keep it to the minimal to reduce the impact of the tracking error. The AMC will endeavor to keep the tracking error as low as possible. However, this may vary when the markets are very volatile.

C. Risk mitigation strategies:

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in gold. The risk control process involves identifying & measuring the risk through various risk measurement tools. The Scheme has identified following risks of investing in gold and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk & Description	Risk mitigants / management strategy
Tracking Error: The performance of the Scheme may not be commensurate with the performance of the benchmark index on any given day or over any given period, referred to as tracking error.	The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The investment manager will endeavor to maintain low cash levels to minimize tracking error.
Price risk: Fluctuations in the price of Gold	The fund is passively managed and fluctuations in Gold prices will not increase the tracking error.
Liquidity risk: Inability to buy / sell appropriate quantity of gold	Purchase of gold: All bullion banks have access to the international markets for purchase of gold. Sale of gold: The bullion banks are not allowed to sell the gold back in the international markets. However, sale of gold to meet the expenses of the Scheme would require gold to be sold in very small quantities which would be bought by the Bullion Bank.
Event risk/Custody Risk: Risk of loss, damage, theft, impurity etc. of gold	There is a risk that part or all of the physical gold belonging to the Scheme could be lost, damaged or stolen. In order to ensure safety, the said gold will be stored with custodian in its vaults. Gold held by custodian is also insured. The custodian will insure/cover all such risks.

Risk & Description specific to Debt	Risk mitigants / management strategy
<u>Market Risk</u> As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	In a rising interest rates scenario the Scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.
<u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.
<u>Credit Risk</u> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.	Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. In case of securitized debt instruments, the fund will ensure that these instruments are sufficiently backed by assets.
<u>Reinvestment Risk</u> This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which may be a very small portion of the portfolio value.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. Information about the scheme

A. Where will the scheme invest?

Subject to the Regulations and the disclosures as made under the section “How will the Scheme allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusively) of the following:

- 1) In the Units of ICICI Prudential Gold ETF registered with SEBI and/or permitted by SEBI.
- 2) Money market instruments permitted by SEBI/RBI, having maturities of up to one year, in call money market or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- 3) All types of debt securities which suits the investment objective of the Scheme.

As per the SEBI guidelines, a Fund of funds scheme shall not invest in any other fund of funds scheme.

The units of the schemes of the Mutual Funds or other securities where the Scheme proposes to invest could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The units may be acquired through subscription to the units during the New Fund Offerings (NFOs) of the schemes or by subscriptions on on-going basis in case of open-ended schemes. The Scheme may also enter into repurchase and reverse repurchases obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

Pending deployment of funds in accordance with the investment pattern of the Scheme, the Scheme may park funds in short term deposits of Scheduled commercial Banks, subject to SEBI guidelines.

POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitised Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on January 22, 2026, are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	5.45%	High
GOI	Treasury Bill	364 Days	5.65%	High
GOI	Short Dated	1-3 Years	5.75% - 5.90%	High
GOI	Medium Dated	3-5 Years	5.90% - 6.39%	High
GOI	Long Dated	5-10 Years	6.39% - 6.63%	High
Corporates	Taxable Bonds (AAA)	1-3 Years	7.15% - 7.22%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	7.22% - 7.31%	Low to Medium
Corporates	CDs (A1+)	3 months	6.97%	Medium to High
Corporates	CPs (A1+)	3 months	7.47%	Medium to High

B. What are the investment restrictions?

As per the provisions of the Trust Deed read with the SEBI (Mutual Funds) Regulations, 1996, the following investment restrictions apply in respect of the Scheme at the time of making investments. However, all investments by the Scheme will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (Mutual Funds) Regulations, 1996, including schedule VII thereof, as amended from time to time.

1. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - a) Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - b) The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further the inter Scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, stated in paragraph 12.30 of the Master Circular.

2. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
3. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

4. No loans for any purpose can be advanced by the Scheme.
5. No mutual fund scheme shall make any investments in;
 - a) any unlisted security of an associate or group company of the sponsor; or
 - b) any security issued by way of private placement by an associate or group company of the Sponsor; or
 - c) the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets except for investments by equity oriented exchange traded funds and index funds and subject to such conditions as may be specified by the Board.
6. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the Unitholders. Such borrowings shall not exceed 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
7. Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks as per paragraph 12.16 of the Master Circular. The following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:
 - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b. Such short term deposits shall be held in the name of the concerned Scheme.
 - c. No mutual fund Scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
 - d. No mutual fund Scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - e. Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.

The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
8. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.

9. The Scheme being the fund of fund scheme, it shall be subject to following investment restrictions:
 - a) The Scheme shall not invest in any other fund of fund scheme.
 - b) The Scheme shall not invest its assets other than in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions, as disclosed in the SID of fund of fund scheme.
10. The Scheme will comply with any other Regulation applicable to the investment of mutual funds from time to time.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow or as deemed fit in the general interest of the Unitholders.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

C. Fundamental Attributes

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) subject to compliance with sub-regulation (26) of regulation 25 of the SEBI (MF) Regulations:

(i) Type of a Scheme

For details on type of Scheme, please refer **“Type of the Scheme”**.

(ii) Investment Objective

- Main Objective - Please refer **“What are the investment objectives of the Scheme?”**
- Investment pattern – The tentative portfolio break-up as may be permitted by the SEBI from time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short-term period on defensive considerations. Please refer **“How will the Scheme allocate its assets?”** for more details.

(iii) Terms of Issue

1) Liquidity

On an on-going basis, an investor can purchase and redeem Units on every Business Day at NAV based prices, subject to the applicable load structure.

- **Listing**

Being an open-ended fund, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same

will be made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges.

- **Redemption of Units**

For details on redemption of units, please refer “Redemption of Units”.

- **Redemption Price**

The redemption price will be at Applicable NAV based prices, subject to applicable exit load provisions.

2) Aggregate fees and expenses charged to the Scheme: The provisions in respect of fees and expenses as indicated in this Scheme Information Document.

3) Any safety net or guarantee provided: The present Scheme is not a guaranteed or assured return scheme.

Changes in Fundamental Attributes

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996 and paragraph 1.14.1.4 of the Master Circular, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless it complies with sub-regulation (26) of regulation 25 of these regulations as follows:

- An application has been made with SEBI and views/comments of SEBI are sought on the proposal for fundamental attribute changes;
- An addendum to the existing SID shall be issued and displayed on AMC website immediately,
- SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days),
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated, and the Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

D. Index Methodology: NA

E. Other Scheme Specific Disclosures:

Listing and transfer of units	Listing: Being an open ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be
--------------------------------------	--

	made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges. Transfer: Pursuant to paragraph 14.4.4 of the Master Circular, the Units of the Scheme can be transferred freely in demat form or in Statement of Account (SOA) mode. For Details process on transfer of units under SOA mode, please refer SAI.
Dematerialization of units	The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two business days of the receipt of request from the unit holder subject to receipt of complete documents and details from the investor. Unit holders can convert their existing physical units (represented by statement of account) into dematerialized form, for further details, please refer to SAI.
Policy for declaration of Income Distribution cum capital withdrawal (IDCW Policy)	(i) Growth Option The Scheme will not declare any IDCW under this option. The income earned by the Scheme will remain reinvested in the Scheme and will be reflected in the Net Asset Value. This option is suitable for investors who are not looking for regular income but who have invested with the intention of capital appreciation. (ii) IDCW Option This option is suitable for investors seeking income through IDCW declared by the Scheme. The Trustee may approve the distribution of IDCW by AMC out of the net surplus under this Option. The remaining net surplus after considering the IDCW and tax, if any, payable there on will be ploughed back in the Scheme and be reflected in the NAV. (iii) IDCW Payout: As per the SEBI (MF) Regulations, the IDCW warrants shall be dispatched to the Unit Holders, within 7 business days from the record date. IDCW will be payable to those Unit

Holders whose names appear in the Register of Unit Holders on the date (Record Date). IDCW will be paid by cheque, net of taxes as may be applicable. Unit Holders will also have the option of direct payment of IDCW to the bank account. The cheques will be drawn in the name of the sole/first holder and will be posted to the Registered address of the sole/first holder as indicated in the original application form. To safeguard the interest of Unit Holders from loss or theft of IDCW cheques, investors should provide the name of their bank, branch and account number in the application form. IDCW cheques will be sent to the Unit Holder after incorporating such information. The minimum amount for IDCW payout shall be Rs.100, else IDCW would be mandatorily reinvested

(iv) IDCW Reinvestment:

The investors opting for IDCW Option may choose to reinvest the IDCW to be received by them in additional Units of the Scheme. Under this provision, the IDCW due and payable to the Unitholders will be compulsorily and without any further act by the Unitholders reinvested in the Scheme (under the IDCW Option, at the first ex- IDCW NAV). The IDCW so reinvested shall be constructive payment of IDCW to the Unitholders and constructive receipt of the same amount from each Unitholder for reinvestment in Units. On reinvestment of IDCW, the number of Units to the credit of Unitholder will increase to the extent of the IDCW reinvested by the NAV applicable on the day of reinvestment, as explained above.

(V) IDCW Transfer

IDCW Transfer facility will be available under the scheme.

The designated schemes (source and target schemes) for this facility are as given below:

Source schemes - all schemes where IDCW option is available [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI

Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]

Target schemes- all open ended schemes where subscription is allowed [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]

Note: Investors are requested to note that any change in IDCW sub-option, due to additional investment or on the basis of a request received from the investor, will be applicable to all existing units in the IDCW option of the Scheme under the respective folio.

The Trustee reserves the right to declare IDCW under the IDCW option of the Scheme depending on the distributable surplus available under the Scheme. It should, however, be noted that actual distribution of IDCW and the frequency of distribution will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.

The IDCW will be distributed in accordance with Chapter 11 of the Master Circular on the procedure for IDCW Distribution.

Equalisation Reserve:

When units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains is credited to an Equalization Reserve Account and which can be used to pay IDCW. IDCW can

	be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.
Allotment (Detailed procedure)	The AMC shall allot the units to the applicant whose valid application has been accepted and funds have been credited to the account. The AMC shall also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or registered mobile number not later than 5 business days from the date of receipt of the request from the unitholders Further, the asset management company shall issue units in dematerialized form to a unit holder in a scheme within two business days of the receipt of request from the unit holder.
Refund	Not Applicable for ongoing schemes.
Who can Invest? (This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.)	The following persons are eligible and may apply for subscription to the Units of the Scheme (subject, wherever relevant, to purchase of units of Mutual Funds being permitted under respective constitutions and relevant statutory regulations): • Resident adult individual either singly or jointly (not exceeding four) • Minor through parent/lawful guardian • Companies, Bodies Corporate, Public Sector Undertakings, association of persons or bodies of individuals and societies registered under the Societies Registration Act, 1860 (so long as the purchase of units is permitted under the respective constitutions) • Religious and Charitable Trusts (eligible to invest in certain securities) under the provisions of 11(5) of the Income-tax Act, 1961 read with Rule 17C of Income-Tax Rules, 1962 subject to the provisions of the respective constitutions under which they are established permits to invest • Any other trust, including private trusts as may be permitted by their respective Regulator • Non-Government Organizations as may be permitted by their respective Regulator.

	• Partnership Firms • Karta of Hindu Undivided Family (HUF) • Banks & Financial Institutions • Non-resident Indians/Persons of Indian origin residing abroad (NRIs) on full repatriation basis or on non-repatriation basis • Army, Air Force, Navy and other para-military funds • Scientific and Industrial Research Organizations • Alternate Investment Funds, Portfolio Management Services, • Authorized Government entities as may be approved by State Governments or Central Government • EPFOs • Other individuals/institutions/body corporate etc. or any other permitted category of investors Investors are requested to ensure compliance with the regulatory guidelines applicable to them, while making such investments. Every investor, depending on any of the above category under which he/she/ it falls, is required to provide the relevant documents along with the application form as may be prescribed by AMC.
Who cannot invest?	The following persons are not eligible to invest in the Scheme: • A person who falls within the definition of the term “U.S. Person” under ‘Regulation S’ promulgated under the Securities Act of 1933 of the United States, as amended, and corporations or other entities organised under the laws of the U.S. are not eligible to invest in the schemes and apply for subscription to the units of the schemes, except for lump sum subscription, systematic transactions and switch transactions requests received from Non-resident Indians/Persons of Indian origin who at the time of such investment, are present in India and submit a physical transaction request along with such documents as

	may be prescribed by ICICI Prudential Asset Management Company Limited (the AMC)/ICICI Prudential Trust Limited (the Trustee) from time to time. The AMC shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the AMC/the Trustee. The investor shall be responsible for complying with all the applicable laws for such investments. The AMC reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the AMC, which are not in compliance with the terms and conditions notified in this regard. • A person who is resident of Canada • Such other individuals/institutions/body corporate etc., as may be decided by the AMC from time to time.
How to Apply and other details	Please refer to SAI for detailed process (physical and online) with respect to additional/ongoing purchase, Investments by NRIs (Non-Resident Indian), FPIs (Foreign Portfolio Investors) and Foreign Investors, Joint Applications etc. Investors can also read further details in the application form available on the AMC website under Downloads -> Forms on the following link: Downloads - Application Forms, SID, KIM, SAI & Others ICICI Prudential Mutual Fund Link for Official Points of Acceptance: SID related information (icicipruamc.com) Currently, the Mutual Fund / AMC has not appointed any collecting bankers for accepting application forms for existing schemes. The application forms will be accepted at any of the Investor Service Centres of the AMC or the designated branch offices of Computer Age Management Services Ltd. (CAMS). Further, for details of R&T, Official Points of Acceptance please refer to the last section of the of the SID.

	It is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unitholder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained. <u>Open Network for Digital Commerce (ONDC)</u> The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) ("Network"). To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an 'OPAT'. Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC. As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route. Kindly refer to below link for list of official points of acceptance, collecting banker details etc. SID related information (icicipruamc.com)
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the Scheme or the AMC) involved in the same.	Not applicable

Restrictions, if any, on the right to freely retain or dispose of units being offered.	Subscription: In the interest of the investors and in order to protect the portfolio from market volatility, the Trustees reserve the right to limit or discontinue subscriptions under the Scheme for a specified period of time or till further notice. Redemption: Suspension or restriction of repurchase/redemption facility under any Scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees. After obtaining the approval from the AMC Board and the Trustees, intimation would be sent to SEBI in advance providing details of circumstances and justification for the proposed action shall also be informed.
Cut off timing for subscriptions/redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: For Purchase of any amount: • In respect of valid applications received upto 3.00 p.m. and where the funds for the entire xcamount are available for utilization before the cut-off time i.e. 3.00 p.m. - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are available for utilization on the same day or before the cut-off time of the next business day - the closing NAV of the next Business Day shall be applicable • Irrespective of the time of receipt of application, where the funds for the entire amount are available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. For Switch-ins of any amount:

In case of switch from one scheme to another scheme received before cut-off i.e. upto 3 p.m. having business day for both the schemes, closing NAV of the Business Day shall be applicable for switch-out scheme and for Switch-in scheme, the closing NAV of the Business Day shall be applicable, on which funds are available for utilization in the switch-in scheme (allocation shall be in line with the redemption payout).

To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), Flex STP, Capital Appreciation STP, IDCW Transfer, Trigger etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.

- *“Switch Out” shall be treated as redemption application and accordingly, closing NAV of the day will be applicable based on the cut-off time for redemption followed for various type of schemes.*

- *“Switch In” shall be treated as purchase application and accordingly for unit allotment, closing NAV of the day will be applicable on which the funds are available for utilization.*

Redemptions including switch-outs:

In respect of valid applications received upto 3.00 pm on a business day by the Mutual Fund, same day's closing NAV shall be applicable.

In respect of valid applications received after the cut off time by the Mutual Fund: the closing NAV of the next business day.

e.g.: If an investor submits redemption request at 2.00 pm on Monday, the same shall be processed at the closing NAV of Monday. If an investor submits redemption request at 3.30 pm on Monday, the same shall be processed

	at the closing NAV of Tuesday.
Minimum amount for purchase/redemption/switches	Minimum Purchase Amount: Rs. 100/- (plus in multiple of Re. 1/-). Minimum Purchase Amount for switch ins: Rs. 100/- and any amount thereafter. Minimum additional application amount – Rs. 100/- (plus in multiple of Re. 1/-). Minimum additional application amount for switch ins) – Rs. 100/- and any amount thereafter. For applications under systematic transactions, investors should refer to the details regarding the amount in the section 'Special product/facility available on ongoing basis'. Minimum Redemption Amount: Any amount
Account Statements	1. The Consolidated Account Statement (CAS) for each calendar month will be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN). Further, CAS will be sent via email where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records. 2. For folios not included in the Consolidated Account Statement (CAS), the AMC shall henceforth issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before fifteenth day of succeeding month. 3. The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders

	registered e-mail address and/ or mobile number. 4. In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request. 5. In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS. Further, in case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Schemes of all mutual funds, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before twenty first day of succeeding month, unless a specific request is made to receive the same in physical form. The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two business days of the receipt of request from the unit holder. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme. Further, CAS shall be issued for the half-year (September/ March). Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.
--	---

	The dispatch of CAS by the depositories would constitute compliance by the AMC/ the Mutual Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations. The AMC reserves the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).
IDCW	The payment of IDCW to the unitholders shall be made within seven business days from the record date.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 business days from the date of redemption or repurchase. Further, AMFI has published a list of exceptional circumstances for schemes unable to transfer redemption or repurchase proceeds to investors within the limit specified above for transfer of redemption or repurchase proceeds to the unitholders in such exceptional circumstances. The said list is available on AMFI website.
Bank Mandate	<u>Bank Account Details:</u> As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to reject the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable. No bank account shall be registered in the investor account or subsequent addition or change in bank request unless a validation is undertaken whereby the investors name, account number/ details are verified. Bank Mandate Requirement

	For all fresh purchase transactions made by means of a cheque, if cheque provided alongwith fresh subscription/new folio creation does not belong to the bank mandate opted in the application form, any one of the following documents needs to be submitted. 1. Original cancelled cheque having the First Holder Name and bank account number printed on the cheque. 2. Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application. 3. Photocopy of the bank statement duly attested by the bank manager/ authorized personnel with designation, employee number and bank seal. 4. Photocopy of the bank pass book duly attested by the bank manager/ authorized personnel with designation, employee number and bank seal. 5. Photocopy of the bank statement/passbook/cheque duly attested by the AMC branch officials after verification of original bank statement/passbook shown by the investor or their representative. 6. Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the name of investor, account type, bank branch, MICR and IFSC code of the bank branch. The letter should not be older than 3 months. This condition is also applicable to all purchase transactions made by means of a Demand Draft. In case the application is not accompanied by the aforesaid documents, the AMC reserves the right to reject the application, also the AMC will not be liable in case the redemption/IDCW proceeds are credited to wrong account in absence of above original documents.
--	---

	In case the bank account details are not mentioned or found to be incomplete or invalid in a purchase application, then the AMC may consider the account details as appearing in the investment amount cheque and the same shall be updated under the folio as the payout bank account for the payment of redemption/IDCW amount etc. The aforementioned updation of bank account shall however be subject to compliance with the third party investment guidelines issued by Association of Mutual Funds in India (AMFI) from time to time. The AMC reserves the right to call for any additional documents as may be required, for processing of such transactions with missing/incomplete/invalid bank account details. The AMC also reserves the right to reject such applications.
Delay in payment of redemption / repurchase proceeds/IDCW	The Asset Management Company shall be liable to pay interest to the unitholders at @ 15% per annum as specified vide paragraph 14.2 of Master Circular for the period of such delay.
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	The treatment of unclaimed redemption & IDCW amount will be as per paragraph 14.3 of the master circular.
Disclosure w.r.t investment by minors	A minor can invest through his/her parent/lawful guardian. Minors can complete their KYC requirements for their folio through guardian. Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. For further details, please refer to SAI.
Acceptance of transactions through email in respect of Non-Individual investors	Application for financial transaction in the schemes of ICICI Prudential Mutual Fund from Non-Individual investors would be processed as per the following:

	a. The Investors are required to submit a copy of board resolution or an authority letter on their letterhead granting appropriate authority to the designated officials of the entity. b. The board resolution/authority letter shall explicitly mention the following: i. List of approved authorized officials who are authorized to transact on behalf of Investors along with their designation and email IDs. ii. An undertaking that the instructions for any financial transactions sent by email by the authorized officials shall be binding upon the Investor as if it were a written agreement. c. In case the document is submitted electronically with a valid Digital Signature Certificate (DSC) or through Aadhaar based e-signature by the authorized official/s shall be considered as valid and acceptable, and shall be binding on the Investor even if the transaction request is not received from the registered email id. of the authorized official/s. However, in such cases, the domain name of the email ID should be from the same organization's official domain name. d. In addition to acceptance of financial transaction via email, scanned copy of duly signed transaction form/request letter bearing wet signatures of the authorized signatories of the entity, received from some other official / employee of the Investor may also be accepted, and shall be binding on the non-individual investor provided – i. The email is also cc'd (copied) to the registered email ID of the authorized official/ signatory of the Investor; and ii. the domain name of the email ID of the sender of the email is from the same organization's official domain name.
--	--

	e. In addition to acceptance of financial transactions via email, scanned copies of signed transaction form /request letters bearing wet signatures of the authorized signatories of the Investor, received from the registered mutual fund distributor (MFD) of the Investor or a third party authorized by the non-individual unitholder may also be accepted subject to fulfilment of the following requirements: i. Authorization letter from the Investor authorizing the MFD/person to send the scanned copies of signed transaction form/request letter on behalf the Investor and ii. the Investor's registered email ID is also cc'd (copied) in the email sent by the authorized MFD/person sending the scanned copies of the duly signed transaction form/request letter. For more details, please refer SAI.
Ongoing Offer Period This is the date from which the Scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	The Scheme is an open ended scheme and hence is available for subscription and redemption on an ongoing basis on every business day at NAV based prices. The Units of the Scheme will not be listed on any exchange, for the present.

Ongoing price for subscription (purchase)/switch-in (from other schemes/plans of the mutual fund) by investors. This is the price you need to pay for purchase/switch-in.	The purchase price of the Units will be based on the Applicable NAV subject to the applicable stamp duty. Purchase Price = Applicable NAV (for respective plan and option of the Scheme) (Example: An investor invests Rs 20,000/- and the current NAV is Rs. 20/- then the purchase price will be Rs. 20/- and the investor receives $20000/20 = 1000$ units. The Scheme shall not charge any entry load.
Nomination	The SEBI (Mutual Fund) Regulations notifies that the mutual fund shall provide nomination facility to the unit holders to nominate a person in whose favour the units shall be transmitted in the event of death of the unitholder. Any new investor, investing in Mutual Fund Units shall mandatorily have to provide nomination or Opt out of nomination through physical or online mode. The requirement of nomination shall be optional for jointly held folios. For detailed guidelines on Nomination please refer to SAI.

KYC rules for investors:	All the prospective and existing investors / Unit holders of the Fund are requested to note that, pursuant to SEBI Master Circular on Know Your Client (KYC) norms for the securities market dated October 12, 2023 regarding uniformity in KYC process in the securities market and development of a mechanism for centralization of the KYC records, the following KYC procedure is being carried out: A) Requirement of PAN: • In order to strengthen the KYC norms and identify every participant in the securities market with their respective PAN thereby ensuring sound audit trail of all the transactions, PAN shall be the unique identification number for all participants transacting in the securities market, irrespective of the amount of transaction • The following are exempted from the mandatory requirement of PAN: a. Transactions undertaken on behalf of Central Government and/or State Government and by officials appointed by Courts e.g. Official liquidator, Court receiver etc. (under the category of Government) for transacting in the securities market. b. Investors residing in the state of Sikkim. c. UN entities/multilateral agencies exempt from paying taxes/filing tax returns in India. d. SIP of Mutual Funds upto ₹50,000/- per year. • Exempted investors are required to provide alternate proof of identity in lieu of PAN for KYC purposes and are allotted PAN-exempt KYC Reference Number (PEKRN). B) List of Officially Valid Documents (OVDs): The aforesaid circular specifies list of documents considered as Officially Valid Documents for Proof of Identity (PoI) and Proof of Address (POA). The investor shall visit the www.icicipruamc.com of
--	---

	the Mutual fund and go on KYC Corner section which will have FAQs providing required details. C) <u>Methods for completing KYC process and know your KYC status:</u> <u>Physical KYC process:</u> - To bring uniformity in KYC process, SEBI has introduced a common KYC application form for all the SEBI registered intermediaries viz. Mutual Funds, Depository Participants, Stock Brokers, etc. are therefore requested to use the Common KYC application form to apply for KYC and mandatorily undergo - In Person Verification (IPV) requirements. For Common KYC Application Form please visit our website www.icicipruamc.com <u>Digital KYC process:</u> - The investor shall visit the www.icicipruamc.com of the Mutual fund and go on new investor section and fill up the required details and online KYC form and submit requisite documents. Digital KYC process will be in accordance with SEBI Master circular of KYC dated October 12, 2023. <u>Review of KYC status by existing investors:</u> The investor shall visit the www.icicipruamc.com of the Mutual fund and go on KYC Corner in Quick link section and fill up the required details to check their KYC status. Further, if investors wish to modify its KYC status, the same can also be done from that section of the website.
Any other disclosure in terms of Consolidated Checklist on Standard Observations	Investment by the AMC: From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. Such investments would be in accordance with paragraph 6.9 of the Master Circular. Accordingly, redemption

	of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the ability of other unitholders to redeem their units. Further, as per the SEBI (Mutual Funds) Regulations, 1996, in case the AMC invests in any of the Scheme managed by it, it shall not be entitled to charge any fees on such investments. The Scheme may invest in other Scheme managed by the AMC or in the Scheme of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing SEBI (Mutual Funds) Regulations, 1996 and guidelines. As per the SEBI (Mutual Funds) Regulations, 1996, no investment management fees will be charged for such investments.
--	--

III. Other Details

A. Details of Benchmark, Investment Objective, Investment Strategy, TER, AUM, Year wise performance, Top 10 Holding/ link to Top10 holding of the underlying fund as below

Information about ICICI Prudential Gold ETF (the Underlying Scheme):

Benchmark: ICICI Prudential Gold ETF will be benchmarked against the Domestic Prices of Gold.

The composition of the benchmark is such that, it is most suited for comparing performance of the Scheme.

Investment Objective: The objective of the Scheme is to seek to provide investment returns that, before expenses, closely track the performance of domestic prices of Gold. However, the performance of the Scheme may differ from that of the underlying gold due to tracking error.

There can be no assurance or guarantee that the investment objective of the Scheme will be achieved.

The Scheme is not actively managed. The Scheme may also participate in Exchange Traded Commodity Derivatives (ETCDs) with gold as underlying.

Investment Strategy:

1. The AMC uses a “passive” approach to try and achieve Scheme investment objective. The Scheme invests in gold and gold related securities as an asset regardless of such investment merit.
2. The Scheme will invest at least 95% of its total assets in the Gold or gold related securities. It may hold up to 5% of their total assets in debt or money market securities. Expectation is that, over time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.
3. The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the benchmark Index.
4. All the Investment decision will be taken by the designated Fund Manager under the supervision of Chief Investment Officer.
5. Any other strategy notified by the regulators from time to time.

Further, the scheme may participate in Exchange Traded Commodity Derivatives ("ETCDs") with gold as underlying up to 50% of the net asset value of the Scheme.

Exchange Traded Commodity Derivatives (ETCDs):

The Commodity derivatives are instruments designed to give exposure to the commodity market.

Multi Commodity Exchange provides derivatives for bullion, base metals, energy, agri commodities etc. These contracts have varied maturities. The pricing of a commodity derivative is the function of the underlying commodity.

Fixed Income securities

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer. Rated debt instruments in which the Schemes invests will be of investment grade as rated by a credit rating agency. The AMC will be guided by the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of Rating agencies, for this purpose. In case a debt instrument is not rated, such investments shall be made by the Board of Trustees and the Board of Asset Management Company or by an internal committee constituted by AMC to approve the investment in un-rated debt securities in terms of the parameters approved by the Board of Trustees and the Board of Asset Management Company.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Schemes could invest in Fixed Income Securities issued by government, quasi government entities, corporate issuers, structured notes and various other institutions in line with the investment objectives of the Schemes as permitted by SEBI from time to time.

The Investment decision of the Fund will be carried out by the designated Fund Manager.

B. Periodic Disclosures

• **Portfolio Disclosures**

The AMC shall disclose portfolio of the scheme (along with ISIN) within 10 days from the close of each quarter on website of:

AMC i.e. www.icicipruamc.com

AMFI i.e. www.amfiindia.com.

The AMC shall send via email the quarterly statement of scheme portfolio within 10 days from the close of each quarter. The AMC shall send the details of the scheme portfolio while communicating the quarterly statement of scheme portfolio via email or any other mode as may be communicated by SEBI/AMFI from time to time. The AMC shall provide a feature wherein a link is provided to the investors to their registered email address to enable the investor to directly view/download only the portfolio of schemes subscribed by the said investor. The portfolio disclosure shall also include the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark.

The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder.

• **Annual Report**

The scheme wise annual report shall be hosted on the website of the AMC and on the website of the AMFI soon as may be possible but not later than four months from the date of closure of the relevant financial year. The AMC shall publish an

advertisement every year in all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the website of the AMC <https://www.icicipruamc.com/about-us/financials-&-disclosures>

The AMC shall display prominently on the AMC's website link of the scheme wise annual report and physical copy of the same shall be made available to the unitholders at the registered / corporate office of the AMC at all times.

- **Disclosure on Riskometers and Scheme Summary Document (SSD)**

In accordance with paragraph 17.4 of the master circular Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter of the Scheme or its benchmark shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Risk-o-meter shall have following six levels of risk for the Scheme:

- i. Low risk
- ii. Low to Moderate risk
- iii. Moderate risk
- iv. Moderately High risk
- v. High - risk and
- vi. Very High risk

The evaluation of risk levels of a scheme shall be done in accordance with the aforesaid circular.

A Scheme Summary Document (SSD) of the Scheme which contains details such as Scheme features, Fund Manager details, investment details, investment objective, expense ratio etc will be made available on the website of the AMC and AMFI. The SSD will be updated within 5 business days from the date of change or modification in the Scheme.

C. Transaction charges and stamp duty

➤ **Transaction charges:**

No transaction charges to be levied on the investment amount from transactions/applications (including SIPs) received through distributors (i.e. for Regular Plans). Accordingly, payment of transaction charges to the distributors has been discontinued.

Please refer to SAI for more details.

➤ **Stamp Duty:**

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent.

D. Transparency/NAV Disclosure

The NAV will be calculated and disclosed at the close of every Business Day. NAV will be determined on every Business Day except in special circumstances. NAV of the scheme shall be:

- Prominently disclosed by the AMC under a separate head on the AMC's website <https://www.icicipruamc.com/home> by 10.00 a.m. of the following business day,
- On the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 10.00 a.m. of the following business day, and
- Shall be made available at all Customer Service Centres of the AMC.

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next business day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

E. Associate Transactions

Please refer to Statement of Additional Information (SAI).

F. Taxation

As per the provisions of the Income-tax Act, 1961, as amended from time to time:

Particulars	Tax rates[#] applicable for Resident Investors (Refer note 2)	Tax rates[#] applicable for Non-Resident Investors (Refer note 2)	Tax rates applicable for Mutual Fund
Tax on IDCW	Taxable as per applicable tax rates	Taxable as per applicable tax rates	Nil

Long Term Capital Gains on sale of listed and unlisted units transferred	12.5% without Indexation (held for more than 24 months)	12.5% without Indexation (held for more than 24 months)	Nil
Short Term Capital Gains on sale of listed and unlisted units	Income tax rate applicable to the unit holders as per their income slabs (*) (held for less than 24 months)	Non-resident (other than company) - Income tax rate applicable to the unit holders as per their income slabs Foreign company – 35% (held for less than 24 months)	Nil

Note:

- Under the terms of the Scheme Information Document, the scheme is classified as “other mutual fund”.
- As per section 50AA of the Act, “specified mutual fund” means (a) a Mutual Fund by whatever name called, which invests more than sixty-five per cent of its total proceeds in debt and money market instruments; or (b) a fund which invests sixty-five per cent or more of its total proceeds in units of a fund referred to in sub-clause (a).”

Provided that the percentage of investment in debt and money market instruments or in units of a fund, as the case may be, in respect of the Specified Mutual Fund, shall be computed with reference to the annual average of the daily closing figures.

Provided further that for the purposes of this clause, “debt and money market instruments” shall include any securities, by whatever name called, classified or regulated as debt and money market instruments by the Securities and Exchange Board of India.’

- Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 10(23D) of the Income-tax Act, 1961 (Act).
- If the total income of a resident investor (being individual or HUF) [without considering such Long Term Capital Gains / Short Term Capital Gains] is less than the basic exemption limit, then such Long-term capital gains/short-term capital gains should be first adjusted towards basic exemption limit and only excess should be chargeable to tax.

Non-resident investors may be subject to a separate of tax regime / eligible to benefits under Tax Treaties, depending upon the facts of the case. The same has not been captured above.

A rebate of up to Rs. 12,500 is available under the old regime for resident individuals whose total income does not exceed Rs. 5,00,000.

The Finance Act, 2025 amended Section 87A of the Act to provide that where an Individual apply for lower slab rates provided under section 115BAC(1A) of the Act (i.e., new regime) and the total income:

- i. does not exceed 12,00,000, a rebate shall be provided on tax to the extent of an amount equal to 100% of such income-tax or an amount of INR 60,000 (whichever is less);
- ii. exceeds INR 12,00,000 and the income-tax payable on such total income exceeds the amount by which the total income is in excess of 12,00,000, a rebate shall be provided on tax of an amount equal to the amount by which the tax payable is in excess of the amount by which the total income exceeds 12,00,000.

Further, such rebate of income-tax will not be available on tax on incomes chargeable to tax at special rates (for e.g.: capital gains u/s 111A, 112 and 112A etc.)

(*) A tax rate of 25% (plus applicable surcharge and health and education cess) is applicable for the financial year 2025-26 in the case of domestic companies having total turnover or gross receipts not exceeding Rs. 400 crores in the financial year 2023-24. Domestic companies may opt for a lower tax rate of 22% (plus fixed surcharge at the rate of 10% and health and education cess) (as per section 115BAA of the Act), subject to fulfillment of prescribed conditions. Further, new domestic manufacturing companies may opt for a lower tax rate of 15% (plus fixed surcharge at the rate of 10% and health and education cess) (as per section 115BAB of the Act), subject to fulfillment of prescribed conditions.

Excluding applicable surcharge and cess.

For details on Stamp Duty, please refer SAI.

For further details on taxation please refer to the Section on 'Tax Benefits of investing in the Mutual Fund' provided in 'Statement of Additional Information ('SAI')'

Please consult your tax advisor for further details on taxation.

In addition to the existing Official Point of Acceptance of transactions, Computer Age Management Services Ltd. (CAMS), the Registrar and Transfer Agent of ICICI Prudential Mutual Fund, having its office at New No 10. Old No. 178, Opp. to Hotel Palm Grove, MGR Salai (K.H.Road), Chennai - 600 034 shall be an official point of acceptance for electronic transactions received from the Channel Partners with whom ICICI Prudential Asset Management Company Limited has entered or may enter into specific arrangements for all financial transactions relating to the units of Investment Strategies. Additionally, the secure Internet sites operated by CAMS will also be official point of acceptance only for the limited purpose of all channel partners transactions based on agreements entered into between IPMF and such authorized entities. Additionally, the Internet site(s) operated by the AMC and online applications of the AMC [including i-Invest i Pru (previously IPRUTouch)] will also be official point of acceptance. The AMC also accepts applications received on designated FAX numbers.

In addition to the existing Official Point of Acceptance of transactions, authorized Points of Service (POS) of MF Utilities India Private Limited (MFUI) shall be an official point of acceptance for all financial and non- financial transactions. The updated list of POS of MFUI is available on www.mfuindia.com. The online transaction portal of MFU is www.mfuonline.com. Further, Investors can also subscribe units of the Scheme during the NFO Period by availing the platforms/facilities made available by the Stock Exchanges.

For the updated list of official Point of Acceptance of transactions of AMC and CAMS, please refer the website of the AMC viz., www.icicipruamc.com

Open Network for Digital Commerce (ONDC)

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) ("Network").

To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an 'OPAT'.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.
