Sponsor

The Sponsor of Sundaram Mutual Fund is Sundaram Finance Limited. Sundaram Finance holds the entire paid capital of Sundaram Asset Management Company Limited and Sundaram Trustee Company Limited. A detailed background of the sponsor-Sundaram Finance Limited is available in the Statement of Additional Information, which can be accessed at www.sundarammutual.com.

Liquidity

The Fund does not intend to buy the units back till the maturity of the schemes. However, in order to provide the liquidity to the investors, the units of the schemes are proposed to be listed on the NSE within five business days from the date of allotment. Hence, Investors who want to liquidate their units of the schemes can sell the units in the secondary market. NSE has given its in-principle approval for listing the units of the scheme on its exchange vide its letter no. NSE/LIST/152846-C Dated 09/12/2011

In addition to NSE, the units may be listed in other exchanges also. The Investment Manager/ Trustee will initiate the delisting procedure at least 30 days prior to the date of maturity of the scheme. The Unitholders will not be able to trade in stock exchange once the schemes are delisted. On the Maturity Date the Units of the FMPs will be redeemed/switched out at the Applicable NAV.

Transparency

The Investment Manager will calculate and disclose the first NAV of the respective FTPs not later than five business days from the allotment of units in the respective FTPs. NAV will be declared on every business day and sent to daily newspapers for publication. Transparency will also be maintained through disclosure of portfolio on a half-yearly basis as required by SEBI regulations.

NAV will be updated on the websites of Sundaram Asset Management (www.sundarammutual.com) and the Association of Mutual Funds of India (www.amfiindia.com). Sundaram Asset Management shall normally update the NAVs on the website of Association of Mutual Funds in India before 9.00 p.m. every business day.

In case of any delay, the reasons for such delay would be explained to AMFI by the next day. If the NAVs are not available before commencement of working hours on the

following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

The Investment Manager shall disclose the portfolio of the schemes in the format prescribed by SEBI on a monthly basis on its website, www.sundarammutual.com.

Suitability

The fund is appropriate for investors who seek to deploy short-term surplus assets in an investment that may offer returns that may be higher than what a traditional bank deposit or liquid fund could offer for a similar maturity.

A. Risk Factors**Standard Risk Factors:**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down
- Past performance of the Sponsor/Investment Manager/Mutual Fund does not guarantee future performance of the scheme.
- The name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs 1 lakh made by them towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

General Risk Factors

- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- The main types of risks to which the Scheme is exposed are risk of capital loss, market risk, currency risk, liquidity risk, credit risk, counter party default risk, to name a few.
- As with any investment in securities, the NAV of the Units issued under this Scheme can go up or down depending on the factors and forces affecting the capital markets.
- The NAV may be affected by factors such as market conditions, level of interest rates, market-related factors, trading volumes, settlement periods, transfer procedures, price/interest rate risk, credit risk, government policy, volatility and liquidity in markets, exchange rate, geo-political development, to name a few.
- Trading volumes in the securities in which it invests inherently restricts the liquidity of the scheme's investments.
- Change in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the scheme.
- The tax benefits available under the scheme are as available under the present taxation laws and subject to relevant conditions. The information given is included for general purposes only and is based on advice that the Investment Manager has received regarding the law and the practice that is now in force in India.
- Unit holders should be aware that the relevant fiscal rules and their interpretation might change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor/Unit holder is advised to consult his/her own professional tax advisor.
- If the market conditions turn adverse (such as high levels of volatility or disruption to trading activity to name a few) the mutual fund reserves the right to cancel the Scheme during the New Fund Offer period and also during the five business days following the close of the Offer period.

- Investors/unit holders are also urged to read the detailed clause(s) titled 'Special considerations.'

This is only an illustrative list and not an exhaustive list of risk factors that could affect the NAV of the Scheme. They should read the risk factors presented in this document though the list is no way exhaustive. Potential investors should rely solely on the information contained in this Prospectus or the documents mentioned herein and are advised to consult their investment advisors before taking investment decisions.

Scheme Specific Risk Factors

- **Interest Rate Risk:** Changes in the prevailing rates of interest is likely to affect the value of the scheme's holdings and consequently the value of the scheme's Units. Increased rates of interest, which frequently accompany inflation and /or a growing economy, are likely to have a negative effect on the value of the Units. The value of debt securities held by the scheme generally will vary inversely with the changes in prevailing interest rates.
- While it is the intent of the fund manager to invest primarily in high rated debt securities, the scheme may from time to time invest in higher yielding, low rated securities. As a result, an investment in the scheme may be accompanied by a higher degree of risk relative to an investment consisting exclusively of high rated, lower yielding securities.
- **Credit Risk:** Credit Risk refers to the risk of interest (coupon) payment and /or principal repayment. All debt instruments carry this risk. Government securities carry sovereign credit risk the assets of the Scheme will be partly or entirely invested in corporate debt. The assets of the Scheme will be partly or entirely invested in fixed income securities issued by a corporate entity, bank, financial institution and/or a public sector undertaking owned by the Government of India or by a government in any state. The credit risk associated with the aforementioned issuers of debt is higher than that of government securities.
- **Price Risk:** As long as the Scheme will be invested, its Net Asset Value (NAV) is exposed to market fluctuations, and its value can go up as well as down. The portfolio of fixed-income securities that the Scheme invests in would be exposed to price changes on a day-to-day basis.
- These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions. In general, price of fixed-income securities go up when interest rates fall, and vice versa.
- **Market Risk:** The Scheme may also be subject to price volatility due to such factors as interest sensitivity, market perception or the creditworthiness of the issuer and general market liquidity .
- **Liquidity Risk:** A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Scheme's assets. This may more importantly affect its ability to sell particular securities with minimal impact cost as and when necessary to meet requirement of liquidity or to sell stocks in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments.
- Different types of securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern.

e.g. corporate debt carry credit risk unlike Government securities. Further even among corporate debt, AAA rated debt is comparatively less risky (in credit risk terms) than those rated lower (say AA or A).

- Fixed Income securities of any issuer that has higher duration could be more risky in terms of price movements relative to those with lower duration. Thus any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security.
- Sundaram Fixed Term Plan-CR (comprising series CJ, CK, CL, CM, CN, CO, CP, CQ, CR, CS, CT, CU, CV & C W). is not a money market scheme.

Risks associated with Investing in Derivatives

- **Counter Party Risk:** The credit risk is the risk that the counter party will default obligations. There is, however, no exchange of principal amounts in a derivative transaction.
- **Market risk:** Derivatives carry the risk of adverse changes in the market price.
- **Illiquidity risk:** The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.
- **Basis Risk:** the risk that the movements in swap rates does not actually reflect the expected movement in benchmark rates, thus, creating a mismatch with what was intended.

It may be mentioned here that the guidelines issued by Reserve Bank of India from time to time for forward rate agreements and interest rate swaps and other derivative products would be adhered to.

The Scheme may also use various derivative and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio.

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying instrument could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

The Scheme may use techniques such as interest rate swaps, options on interest rates, warrants, forward rate agreement and other derivative instruments that are / may be permitted under SEBI/RBI Regulations. These techniques and instruments, if imperfectly used, have the risk of the Scheme incurring losses due to mismatches, particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any).

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the

fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

B. Requirement of Minimum Investors

Each series under the Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. These conditions will be complied with immediately after the close of the NFO itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, the Scheme shall be wound up in accordance with Regulation 39 (2) (c) of SEBI (MF) Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 business days of the date of closure of the New Fund Offer.

C. Special Considerations

Prospective investors should review / study this scheme information document carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial/ investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalization, disposal (sale, transfer, switch or redemption or conversion into money) of units within their jurisdiction / of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed Funds to be used to purchase/gift units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing / gifting to, purchasing or holding units before making an application for units. Neither this scheme information document nor the units have been registered in any jurisdiction. The distribution of this scheme information document in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this scheme information document in certain jurisdictions are required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of this scheme information document or any accompanying application form in such jurisdiction may treat this scheme information document or such application form as constituting an invitation to them to subscribe for units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Neither the delivery of this scheme information document nor any sale made hereunder shall, under any circumstances, create any implication that the information contained herein is correct as of any time subsequent to the close of the New Fund Offering Period.

A. Type

Closed-end income scheme

B. Investment Objective

The objective of the Scheme would be to generate income with minimum volatility by investing in debt and money market securities, which mature on or before the maturity of the scheme.

No guarantee/assurance

Investors are neither being offered any guarantee/indicated returns nor any guarantee on repayment of capital by the Scheme. There is also no guarantee/assurance of capital or return either by the mutual fund or by the sponsor or by Investment Manager. The mutual fund/Investment Manager and its empanelled brokers has not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the scheme.

Investment universe

The scheme will invest primarily in a portfolio of money-market securities and fixed-income securities and derivatives, in an effort to seek the investment objective.

C. Indicative Asset Allocation

The indicative asset allocation pattern is:

Instrument	Allocation	Risk Profile
Money-market instruments	Up to 100%	Low to medium
Short-term and medium-term debt instruments	Up to 100%	Low to medium

The scheme shall not make any investment in repo in corporate bond. The scheme shall not invest in securitised debt. The gross exposure to debt, money market instruments and derivatives shall not exceed 100% of the net assets and for this purpose, the same security wise hedge positions shall not be considered in computing the gross exposure.

In terms of SEBI notification dated June 05, 2009, the scheme shall not invest more than 30% of its NAV in money-market instruments issued by a single issuer.

The scheme may review the above pattern of investments based on views on the debt markets and asset-liability management needs. The portfolio shall be reviewed on a regular basis. At all times, the objective of the portfolio will be to seek income.

The Scheme shall make investment out of NFO proceeds only on or after the closure of the NFO period.

Brief note on fixed-income and money market in India

The market for fixed-income securities in India can be briefly divided into the following segments:

- The money market – The market for borrowing / lending money;
- The securities market – The market for trading in securities;
- The derivatives market – The market for fixed income derivatives.

In this predominantly institutional market, the key market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and companies. Provident / pension funds, though present, are not active players.

The money market

The money market can be classified into two broad categories

The market for clean borrowing/lending without backing of any collateral:

- **Call Money:** The market for overnight borrowing/lending
- **Notice Money:** The market for borrowing/lending from 2 days to a fortnight.
- **Term Money:** The market for borrowing/lending from a fortnight to six months

The market for collateralized borrowing/lending

- **Repo transactions:** These are repurchase-obligation transactions in which the borrower tenders securities to the lender; these securities are bought back by the borrower on the repurchase date. The price difference between the sale and repurchase of the securities is the implicit interest rate for the borrowing/lending. The eligible underlying securities for these transactions are government securities and treasury bills. Corporate bonds are not allowed as eligible securities for repo transactions. The minimum repo term (lending / borrowing period) is one day.
- **CBLO:** CBLO stands for Collateralized Borrowing and Lending Obligation. CBLO is a discount instrument introduced by the Clearing Corporation of India Limited (CCIL). They can be traded like any other discount instrument. Lenders buy CBLOs and borrowers sell CBLOs. CCIL manages the risks inherent in issuing these securities through a system of margins and deposits that it takes from both lenders and borrowers. CBLOs can be issued/bought/sold for a minimum of one day to a maximum of 364 days.

The Securities Market

The market for fixed-income securities can be broadly classified into

- **The market for money market (short-term) instruments:** Money-market securities are

generally discount securities maturing within one year from the date of issuance. Instruments satisfying this criterion are treasury bills (obligations of the government), commercial paper (obligations of the corporate sector) and certificate of deposit (obligations of banks).

- **The market for Government Securities:** Government securities are medium-/long-term debt obligations of the government. The market for government securities is the most liquid segment of the fixed-income market in India. Most of the secondary market trading is concentrated in government securities. Trading in government securities is now done mostly through an electronic trading, reporting and settlement platform developed by the Reserve Bank of India (RBI) called Negotiated Dealing System. The role of brokers, which was an important element of the Indian bond market, is now less significant in this segment than in the past.
- **The market for corporate bonds:** Trading in corporate bonds is relatively subdued (in comparison to government securities). Price discovery and trading in this segment are still through the telephone. Attempts at improving the trading, settlement and risk-management practices for trading corporate bonds are currently underway.
- **The market for floating-rate securities:** The coupon rate in floating-rate securities is linked to an acceptable benchmark. Floating-rate securities generally have a coupon rate, which is reset over a regular period depending on the benchmark chosen. The market widely uses the MIBOR benchmarks announced by Independent agencies such as NSE and Reuters. When benchmark interest rate rises, the income generated on these floating-rate securities may also rise. When the benchmark interest rates decline, the income generated on these floating-rate securities may decline. Increasingly more companies are raising resource through floating-rate securities. Most of such securities are in the form of floating-rate debentures at a spread over NSE MIBOR. The other popular benchmark is the Indian Government securities benchmark yield (known as INBMK). The reset in such cases happen after a period of time, generally six months. The Government of India has also started issuing floating-rate securities using INBMK 1 year as the benchmark.
- **The fixed income derivatives market:** The interest-rate derivatives market is at a developing stage in India. Instruments broadly transacted are • Interest Rate Swaps; and • Forward Rate Agreements.
- **Interest Rate Swaps:** This is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed-to-floating-rate swap where one party receives a fixed (pre-determined) rate of interest while the other receives a floating (variable) rate of interest.
- **Forward Rate Agreement:** This is basically a forward-starting interest-rate swap. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. The notional amounts are not exchanged.

Disclosures on credit evaluation, pursuant to SEBI Circular no Cir/IMD/DF/12/2011 dated August 1, 2011.

1. Credit Evaluation Policy

The objective of the Credit Evaluation Policy is to adopt the best practices and highest standards in the investment decision making process for appraising fixed income and money market securities.

The policy covers the following aspects:

- a) The Credit Investment Process,
- b) The Credit Investment Strategy and
- c) The Credit Committee

a) The Credit Investment Process:

The investment process is stated hereunder:

The Macro View:

- The macro economic variables like economic growth, industrial output, money supply, credit growth, investment demand, revenue deficit, balance of payments.
- The Monetary policy stance, the level of administered rates, Central Bank reference rates and market initiatives.
- The global factors more in line with emerging market context including credit determination, global economic growth, commodity prices and investment preferences.

The above indicators determine some of the parameters like Liquidity, Inflation and money flows in the economy. These parameters drive the future interest rates and these are monitored on a regular basis. Both the external inputs from research wings of various intermediaries like Primary Dealers, Merchant Bankers etc. and the internal research by the

Economist are considered to arrive at the Macro View.

Issuer Selection:

The credit analyst evaluates and prescribes specific issuers along with a limit, for taking the credit exposure. The credit evaluation is based on the process and the proprietary model approved the credit committee. The credit evaluation framework mainly considers the following aspects:

- Company details
- Company's position in the industry it operates
- History
- Management & Shareholdings
- Credit rating – external (with outlook if any)
- Credit rating – internal
- Financial Statement – History/forecast (including cash flow forecast)
- Financial ratios and Qualitative analysis
- Industry / Sector outlook based on their business cycles
- Regulatory environment and Public Policies

The credit analyst reviews each issuer limits on a regular basis, as and when the audited financials of the issuers are available. The fund management team also provides information on issuers, obtained through formal as well as informal sources and through market feedback to the credit analyst, which is factored in the credit evaluation process.

b) The Investment Strategy:

Investments in the fund portfolio will be diversified among a variety of sectors, issuer categories, credit profiles, maturity profiles and instruments. This is intended to take care of protection of capital, liquidity need to meet redemption and reducing impact cost while liquidating the portfolio. Protection of the portfolio's principal is of primary concern and hence investments may be largely restricted to securities which have high credit quality. In case ratings get downgraded, subsequent to our investments, to levels which are not in line with the investment strategy, efforts shall be made to liquidate those positions on a best efforts basis.

c) The Credit Committee

The Investment Manager has constituted an Internal Credit Committee. The Managing Director, Deputy Managing Director, Head – Risk Management, Head – Fixed Income and Head - Equities are the members of the Committee. The Committee meets periodically to review the following aspects:

1. Decide on whether to include a new entity to the credit / counterparty universe; Review the existing entities in the credit / counterparty universe
2. Fix and review Credit / Counterparty limits for the existing and new entities.
3. Review credit exposures to various entities, asset classes, products, structures and instruments in the fixed income fund portfolios
4. Review the yield curve and liquidity trend in the debt market with respect to various categories of issuers.
5. Recommend Credit strategies for fixed income funds
6. Study the existing formats of risk reports and suggest improvements
7. Review the deviations and overrides to the Fixed Income Risk Guidelines
8. Review the impact on performance of funds owing to credit limits and norms.
9. Such other matters delegated by the Board of Investment Manager / Risk management Committee from time to time

2) List of Sectors, the Investment Manager would not be investing

- 1) Real Estate
- 2) Such other sectors decided by the Credit Committee from time to time as not suitable for investment

3) Types of Instruments, the plans proposes to invest in

Please refer section under the heading “D. Indicative Investment Universe”

4) Floors and Ceiling within a range of 5% of the intended allocation against each sub class of asset

Credit Rating	AAA*	AA*	A*	BBB*
Instruments				
CDs	—	—	—	—
CPs	95%-100%	—	—	—
NCDs	—	—	—	—
Any other	—	—	—	—

* or equivalent to a short term rating

Pursuant to SEBI Circular No: Cir/IMD/DF/12/2011 dated August 1, 2011 and rules issued thereon shall also apply to the schemes:

- a. The floors and ceilings within a range of 5% of the intended allocation (%) against each sub asset class/credit rating shall be decided at the time of filing the final offer documents with SEBI before launch of the scheme. This will be indicated in the form of letter to the SEBI.
- b. Securities with rating A and AA shall include A+ and A- & AA+ and AA-, respectively.
- c. Positive variation in investment towards higher credit rating in the same instrument may be allowed.
- d. In case of non-availability of and taking into account the risk-reward analysis of CPs, NCDs (including securitized debt), the scheme may invest in CDs of PSU Banks only and CBLO having equivalent or higher ratings.
- e. At the time of building up the portfolio post NFO and towards the maturity of the scheme, there may be a higher allocation to cash and cash equivalent.
- f. All investment shall be made based on the rating prevalent at the time of investment. However, in case of an instrument having dual ratings, the most conservative publicly available rating would be considered.
- g. Disclosures with reference to investment in unrated securities, derivatives: The scheme/plan will not make any investments in unrated securities. However the scheme/plan will make investment in derivative instruments please refer the heading 'Investments in derivatives instruments' for disclosures.
- h. In the event of any deviations from the floor and ceiling of credit ratings specified for any instrument, the same shall be rebalanced with 30 days from the date of the said deviation.

There will not be any variation between the intended portfolio allocation and the final allocation portfolio allocation apart from the exceptions in the above mentioned clauses c, d, e, h.

5) Reporting: After the closure of NFO, the Investment Manager will report in the next meeting of Investment Manager/ Trustees, the publicized percentage allocation and the final portfolio.

D. Indicative Investment Universe

In order to achieve investment objective, the corpus of the Scheme can be invested in any, but not exclusively, of the following securities:

- Debt obligations of the Government of India, state and local governments, government agencies, statutory bodies, public sector undertakings, scheduled commercial banks, non-banking finance companies, development financial institutions, supranational financial institutions, corporate entities and trusts.
- Debt and money-market securities and such other securities as may be permitted by SEBI and RBI regulations from time to time.
- Money-market instruments including but not limited to, treasury bills, commercial paper of public sector undertakings and private sector corporate entities, inter-bank call and notice money, reverse repurchase agreements, CBLOs, certificates of deposit of scheduled commercial banks and development financial institutions, bills of exchange/promissory notes of public sector and private sector corporate entities (co accepted by banks), government securities with unexpired maturity of one year or less and other money-market securities as may be permitted by SEBI/RBI regulations.
- The debt securities could be listed, unlisted or privately placed.
- The non-convertible part of convertible securities.
- Units of mutual funds as may be permitted by regulations.
- Fixed-income derivatives
- Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time.

The scheme may invest in other schemes managed by the Investment Manager, provided it is in conformity to the investment objective of the scheme and in terms of the prevailing SEBI Regulations. As per the SEBI Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all schemes of Sundaram Mutual Fund or in the schemes under the management of other asset management companies shall not exceed 5% of the net asset value of the Sundaram Mutual Fund.

For the present, the scheme does not intend to enter into underwriting obligations. If the scheme does enter into an underwriting agreement, it would do so after complying with the RBI Regulations and with the prior approval of the Board of the Investment Manager/Trustee Company.

Pending deployment of funds in terms of investment objectives of the scheme, the funds may be invested in short-term deposits with scheduled Commercial Banks. The limits, tenor and other conditions for placing deposits shall be in made in accordance with SEBI regulations. The Investment Manager shall disclose the portfolio of the schemes in the format prescribed by SEBI on a monthly basis on its website, www.sundarammutual.com.

E. Investment Strategy

The portfolio of the Scheme may be invested largely or completely in one or more types of securities from even one category of issuers, subject to adherence to single-issuer exposure

limit specified in the SEBI Regulations.

The scheme would attempt to invest in fixed-income instruments. Purchase of debt may be made either through initial public offer, private placement, through rights offerings, purchase on the floor of a recognized stock exchange or through negotiated deals on the secondary market. The scheme may invest in privately-offered securities based on the merits of the investment proposals.

The securities could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity bearing fixed-rate or floating coupon rate. The scheme invests in securities that are rated by CRISIL or ICRA or other independent credit rating agencies registered with SEBI. The scheme may also enter into repurchase and reverse-repurchases obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

The scheme shall invest in instruments rated as at least investment grade by a recognized rating agency. In case, the instruments are not rated, specific approval of the Board of Directors of the Investment Manager or a committee approved by the Trustee Company shall be obtained.

The scheme intends to use derivatives as permitted by RBI/SEBI for hedging interest-rate risk. The actual percentage of investments in various floating- and fixed-interest rate securities and the position of derivatives will be decided on day-to-day basis depending upon the prevailing view on Interest rate.

Investments in derivative instruments: SEBI has permitted all mutual funds to participate in derivatives trading subject to observance of guidelines issued by it in this regard. There are risk factors and issues relating to the use of derivatives that investors should understand (Refer details provided in Risk Factors in Part I of this document).

Example of a derivatives transaction: Let us assume that a scheme has an investment of Rs. 10 crore in an instrument that pays interest linked to NSE MIBOR. As the NSE MIBOR would vary daily, the scheme is running an interest-rate risk on its investment and would stand to lose if rates decline. To hedge itself against this risk, the scheme could use an interest-rate swap where it receives a fixed rate (assume 5%) on the notional amount of Rs. 10 crore and pay a floating rate (NSE MIBOR). In doing this, the scheme would effectively lock itself into a fixed rate of 5% as mentioned here under:

The scheme enters into an interest-rate swap on Rs. 10 crore from January 01, 2011 to February 2011. It receives a fixed rate of interest at 5% and the counter party receives the floating rate (NSE MIBOR). The scheme and the counter party exchange a contract of having entered into this swap. On a daily basis, the NSE MIBOR will be tracked by the counter parties to determine the floating rate payable by the scheme. On February 01, 2011, the scheme will receive interest on Rs. 10 crore at 5% p.a. for 31 days - Rs. 4,24,657/-.

The scheme will pay the compounded NSE MIBOR for 31 days by converting its floating-rate asset into a fixed rate through the swap. If the total interest on the compounded NSE MIBOR rate is lower than Rs. 4,24,657, the scheme will receive the difference from the counterparty and vice-versa. In case the interest on compounded NSE MIBOR is higher, the scheme would make a lower return than what it would have made had it not undertaken the interest-rate swap.

Purpose of derivative investment: Trading in derivatives by the scheme shall be restricted to hedging and portfolio balancing purposes. A hedge is designed to offset a prospective loss on a portfolio with a gain in the hedge position. The scheme will use derivative instruments such as interest rate swaps, option on interest rate and forward rate agreements, to name a few.

The scheme shall fully cover its positions in the derivatives market by holding underlying securities/cash or cash equivalents/option and/or obligation for acquiring underlying assets to honour the Obligations contracted in the derivatives market. Separate records shall be maintained for holding the cash and cash equivalents/securities for this purpose. The securities held shall be marked-to-market by the Investment Manager to ensure full coverage of investments made in derivative products at all time.

Exposure to derivatives: Sundaram Fixed Term Plan-CR (comprising series CJ, CK, CL, CM, CN, CO, CP, CQ, CR, CS, CT, CU, CV & C W) shall not have exposure of more than 50% of the net assets in derivative instruments.

Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risk associated with the use of derivatives is different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

Risk factors for derivative investments: (Refer details provided in Risk Factors in Part I of this document).

Valuation: The traded derivatives shall be valued at market price in conformity with the SEBI regulations. The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in the SEBI Regulations.

General investment procedure

- G-Secs are obtained from the secondary market or through participation in Government auctions, while corporate debt instruments may be obtained from both secondary and primary markets. In the case of G-Secs, instruments of different maturities can be easily traded under normal market conditions. The particular instrument will be chosen as a result of the duration and exposure weight decisions.
- In the case of corporate debt, if the instruments are to be obtained through private-placement route, an approval from the Executive Committee of the Investment Manager is required. This committee comprises of the Managing Director, two other Directors and the Head Equity and Head Fixed Income. The investment department (comprising of analysts, fund manager and the Head Equity and Head Fixed Income) submits a note to the committee for the purpose of this approval. In case of purchases from secondary market, if the issuer's any instrument is/was not in the portfolio, permission from an Internal Investment Committee (IIC) is sought. The Internal Investment Committee comprises of the Managing Director/Deputy Managing Director and the Head Equity and Head Fixed Income.
- The reasons for purchase / sale are recorded in the 'system/deal ticket' by the fund manager. For all purchases, we depend upon the credit rating assigned by external agencies. If this is not available, the fund manager depends on internal analysis. The company believes that the important risks of investing in debt arise from interest-rate forecasts and asset-allocation decisions and not necessarily from individual-company performance.
- In weekly meetings, the fund manager assesses the performance of the fund during the previous week and explains the likely strategy that he or she would adapt for the next week to the Head Fixed Income. The member of the Internal Investment Committee who also attends these meetings may also stipulate some restrictions, or provide guidance at this point. Every quarter, the fund manager presents a review of all decisions taken, and on fund performance to the Board of Directors of the Investment Manager and the Trustee Company.
- In the asset allocation decision, the spread between G-Secs and corporate bonds are considered to determine relative weights. As the credit spread increases, the weight of corporate debt may be raised, and as the spread declines, the weight of government bonds may be raised. Thus the allocation between corporate bonds and G-Secs is also a function of relative attractiveness.

Portfolio rebalancing

Subject to the Regulations and in accordance with the SEBI Circular No: Cir/ IMD/ DF/12/2011 dated August 1, 2011 the asset allocation pattern indicated above will be maintained, apart from the permitted changes and exceptions stated herein above. In the event of any deviations from the floor and ceiling of credit ratings specified for any instrument, the same shall be rebalanced with 30 days from the date of the said deviation.

Risk Control

As investing requires disciplined risk management, the Investment Manager would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification. With the aim of controlling risk, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Investment Manager.

Risk Mitigation

An independent risk management team is in place to oversee and monitor portfolio risk on a day-to-day basis. Internal risk control guidelines are in place and the portfolio contours are tracked on a daily basis to ensure adherence. Any deviation is brought to the notice of the Managing Director/Deputy Managing Director and the fund manager for corrective action. Follow up actions are made to ensure that the deviation is corrected within the time period prescribed in internal risk control guidelines. Adherence to limits from SEBI regulations as well as stipulations in the Scheme Information Document is monitored by the compliance team. The risk management team reports to the Managing Director/Deputy Managing Director.

Risk Management Committee: The Board of Sundaram Asset Management has constituted a Risk Management Committee comprising Managing Director, Deputy Managing Director & Two Independent Directors. The Risk Management Committee reviews the reports prepared by the Risk Officers. The Risk Management Committee looks into the implementation of Enterprise Risk Management. The Committee also reviews the risk guidelines with respect to

equity and fixed income funds, set/modify the limits of counter party exposure, review exceptions and overrides and suggest improvements to the framework/formats.

The Heads of Equity and Fixed Income, the Risk Analyst and the Executive Director – Sales & Marketing will be the permanent invitees to the Committee. The Compliance Officer acts as the secretary to the committee.

Risk Committee – Role: The Risk Committee will approve the:

- Guidelines in the Universe of securities
- Global Issuer limits (including limit per maturity)
- Counterparty limits
- Limits applicable to each fund such as Credit Diversification ratio, Duration Limit, WAM Limit, Maximum Maturity Limit, Liquidity Risk Limits, Valuation Risk Limits, Risk Grade Limits etc.

Risk Guidelines: Sundaram Asset Management has internal investment norms and risk guidelines for equity and debt investments. Also fund specific guidelines are in place.

Risk Control: Risk control is customized by product according to the level of risk the fund can expose investors to, as specified in the investment mandate.

Portfolio turnover

Portfolio turnover will be a function of market opportunities. Continuous changes in the market environment expose the fixed-income instruments to systematic and nonsystematic risks. Based on market opportunities the fund manager will endeavour to optimise portfolio turnover and risk-adjusted return, keeping in mind the cost associated with such portfolio turnover. On account of the multiple factors that affect portfolio turnover, it is difficult to give an estimate with any reasonable amount of accuracy.

F. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI Regulations:

- (i) Type of a scheme: Closed-end income scheme
- (ii)
 - Investment Objective: Seek income

I. Investment Restrictions

At present, the Securities and Exchange Board of India (Mutual Funds) Regulations 1996 stipulates the following investment criteria and restrictions:

1. The scheme shall not invest more than 15% of its NAV in debt instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency

authorised to carry out such activity under the Securities and Exchange Board of India Act, 1992. Such investment limit may be extended to 20% of the scheme with the prior approval of the Board of Trustee and the Board of the Investment Manager. No mutual fund scheme shall invest more than thirty percent of its net assets in money market instruments of an issuer: Provided that such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.

2. The scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustee and Board of the Investment Manager.
3. Transfer of investments from one scheme to another scheme, including this scheme shall be allowed only if such transfers are made at the prevailing market price for quoted securities on a spot basis and the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
4. The scheme may invest in another scheme, under the same asset management company or any other mutual fund, without charging any fees, provided that the aggregate inter-scheme investments made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
5. The scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and shall in no case put itself in a position whereby it has to make short sale or carry forward transactions. The mutual fund may enter into derivatives transactions in a recognized stock exchange for the purpose of hedging and portfolio balancing in accordance with the SEBI Guidelines.
6. The scheme shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
7. Pending deployment of funds of the scheme in securities in terms of the investment objectives of the scheme, the Mutual Fund can invest the funds of the scheme in short term deposits of scheduled commercial banks in accordance with applicable SEBI Guidelines.
8. No term loans for any purpose will be advanced by the Scheme.
9. No Scheme of a mutual fund shall make any investment in any fund-of-funds scheme.
10. The Investment Manager may invest in the Scheme from time to time. The percentage of such investments to the total net assets may vary from time to time and can be up to 25% of the net assets of the scheme. The Investment Manager shall not charge any fees on its own investment in the scheme in accordance with SEBI Regulations.
11. The Scheme shall not make any investments in
 - any unlisted security of an associate or group company of the sponsor
 - any security issued by way of private placement by an associate or group company of the sponsor .
 - the listed securities of group companies of the sponsor, which is in excess of 25% of the net assets.
12. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investments restrictions as applicable for debt instruments as in the SEBI Regulations,

Proceeds of any redemption will be sent only to a bank account that is registered and validated in the Investor's folio at the time of redemption transaction processing. With a view to monitor, as part of Standard KYC Norms, that third party payment Instruments are not be accepted for subscription, the Mutual Funds will be providing a facility for investors to do a one-time registration of all their bank accounts where they are one of the holders and from where they expect to make a payment for mutual fund subscription. For further details please refer to the instructions in the Application Forms/SAI and the Website of the Mutual Fund.
Registration of Bank Account	The Unitholders may choose to receive the redemption/dividend proceeds in any of the bank accounts, the details of which are registered with the AMC by specifying the necessary details in the "Bank Accounts Registration form" which will be available at our office/Sundaram BNP Paribas Fund Services Ltd and on the website of www.sundarammutual.com . Individuals, HUFs, Sole proprietor firms can register up to five bank accounts and other investors can register up to ten bank accounts in a folio. The unitholder can choose anyone of the registered bank accounts as default bank account. In case the investor fails to mention any preference, then by default the first number indicated in the list shall be the preferred account number. If unit holder(s) provide a new unregistered bank mandate/ a change of bank mandate request with a specific redemption proceeds such bank account may not be considered for payment of redemption proceeds, or the Fund may withheld the payment for up to 10 calendar days to ensure validation of new bank mandate mentioned. Valid change of bank mandate requests with supporting documents will be processed within ten business days of necessary documents reaching the head office of the RTA and any financial transaction request received in the interim will be carried based on previous details only. For more details please refer our websites www.sundarammutual.com . For any queries and clarifications that you may have, please get in touch with us at our office or call our toll free number 1800 425 1000.
Non Acceptance of Third Party Instruments	Applications accompanied by a Third Part Instrument will be rejected. Applications accompanied by pre-funded instruments (such as demand drafts, pay order etc.) will also be rejected unless accompanied by a banker's certificate evidencing the source of the funds. In case such pre-funded instruments are purchases through CASH for value of Rs 50000/- and above the same shall also be rejected irrespective of being supported with banker's certificate. Following are the exceptional situations when Third-Party Payments can be made with relevant declaration and KYC/PAN of such Third Party: (i) Payment made by parents/grand-parents/related persons on behalf of a minor in consideration of natural love and affection or as gift for a value not exceeding Rs.50,000/-(for each regular purchase or per SIP installment); (ii) Payment made by an employer on behalf of its employee(s) under Systematic Investment Plans through payroll deductions; (iii) Custodian on behalf of an FII or a client. The above list is not a complete list and is only indicative in nature and not exhaustive. Any other method of payment, as introduced by the Fund will also be covered under these provisions. The AMC may also request for additional documentation as may be required in this regard from the investor/person making the payment. when payment is made through pre-funded instruments (such as Pay Order, Demand Draft, Banker's cheque, etc.), a certificate from the issuing banker must accompany the application stating the account holder's name and the account number which has been debited for the issue of the instrument. If payment is made by RTGS, NEFT, ECS, bank transfer, etc., a copy of the instruction to the bank stating the account number debited must accompany the application. The AMC may, at its discretion, reject any application which is incomplete or not accompanied with valid documents."

C. Periodic Disclosures

Net Asset Value This is the value per unit of the scheme on a particular day. An investor can ascertain the value of his holdings by multiplying the units owned with the NAV.	NAV will be determined on every working day, except in special circumstances, and sent to daily newspapers for publication. NAV will also be updated on www.sundarammutual.com . The Investment Manager shall also seek to update the NAV on the website of Association of Mutual Funds of India www.amfiindia.com before 9.00 P.M on every working day. In case of any delay, the reasons for such delay would be explained to AMFI by the next day. If the NAV is not available before commencement of working hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAV.
Transparency	The Investment Manager shall disclose the portfolio of the schemes in the format prescribed by SEBI on a monthly basis on its website, www.sundarammutual.com .
Half yearly Disclosures: Portfolio / Financial Results This is a list of securities where the corpus of the scheme is currently invested. The market value of these investments is also stated in portfolio disclosures.	The Investment Manager shall publish the portfolio of the scheme as of March 31 and September 30 of every year before the expiry of one month from the close of each half year. The portfolio shall be published in the SEBI-prescribed format in one national English daily newspaper and in a newspaper in the language of the region where the Head Office of the Mutual Fund is situated or send a copy to all the unit holders. The portfolio shall be displayed at www.sundarammutual.com
Half Yearly Results	The Mutual Fund and the Investment Manager publish the unaudited financial results in one English newspaper circulating in the whole of India and in a Tamil newspaper published from Chennai before expiry of one month from the close of each half year. The results shall also be made available at www.sundarammutual.com and www.amfiindia.com .
Annual Report	Pursuant to Regulation 56 of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular No. Cir/ IMD/ DF/16/ 2011 dated September 8, 2011, the Scheme-wise annual report or an abridged summary thereof shall be sent by AMC/Mutual Fund within four months from the date of closure of relevant accounting year as under: (i) by e-mail to the Unit holders whose e-mail address is available with the Fund, (ii) in physical form to the Unit holders whose email address is not available with the Fund and/or to those Unit holders who have opted / requested for the same. The physical copy of the scheme-wise annual report shall be made available to the investors at the registered / corporate office of the AMC on payment of Rs.10/-. The scheme-wise annual reports or abridged summary thereof will also be available at www.sundarammutual.com
Associate Transactions	Please refer to Statement of Additional Information
Taxation The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.	Please refer a summary of tax-related aspects on page number 5 of this document and the Statement of Additional Information at www.sundarammutual.com .

D. Computation of NAV

The Net Asset Value (NAV) is the most widely accepted yardstick for measuring the performance of any scheme of a Mutual Fund. NAV calculations shall be based upon the following formula:

$$\frac{\text{Market value of the Scheme's investments + other current assets + deposits – all liabilities except unit capital, reserves and Profit \& Loss Account}}{\text{Number of units of the scheme outstanding}}$$

NAV will be declared on every business day and sent to daily newspapers for publication. Valuation of Scheme's assets and calculation of the Scheme's NAV will be subject to such rules or regulations that SEBI may prescribe.

NAV of the schemes – option wise - will be calculated and disclosed up to four decimals.

The first NAV will be calculated and announced within 5 business days from the date of allotment.

A. New Fund Offer Expenses

As per SEBI regulations, the new fund offer expenses shall not be charged to the scheme. The New Fund Offer expenses will be borne by Investment Manager.

DD charges shall be borne by Investment Manager as per prevailing SBI norms, where there are no collection centers.

B. Recurring Expenses & Fee

The total annual recurring expenses of this Scheme, excluding deferred revenue expenditure written off, issue or redemption expenses, but including the investment management/advisory fee shall be subject to the indicative limits mentioned in the accompanying table.

Indicative break-up of annual expenses

Nature of Expense	Cost (as % of average weekly net assets) on a per annum basis
Investment Management Fee	1.00
Trustee Fee	0.01
Custodian Fee	0.05
Registrar and Transfer Agent Fess	0.12
Audit Fee	0.02
Marketing and Selling Expenses	1.00
Other expenses (including listing fees)	0.05
Total	2.25

The recurring expenses and investment management fee shall not exceed the limit prescribed by SEBI.

The Investment Management Fees and other recurring expenses will be calculated on the basis of daily average net assets.

These are indicative numbers and subject to change within the limits prescribed for fee and expenses by SEBI. Other expenses will also include service tax, costs that are directly attributable to the Scheme and costs, which may be charged with approval of the Trustee within the overall limits specified in the Regulations.

Only indicative structure: The purpose of the indicative numbers is only to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear directly or indirectly. The actual expenses may vary within the regulatory limit as well as in the event of any change in the Regulation. The estimates have been made in good faith based on information available to Investment Manager. The total expense in each category may be more or less than specified in the table. Investment Manager reserves the right to change the estimates, both inter se or in total, subject to prevailing Regulation. For the actual current expenses being charged to the scheme, investors should refer www.sundarammutual.com.

Maximum limit for total expenses: The maximum recurring expenses and investment management fee that can be charged to the Scheme as a percentage of average weekly net assets is:

- First Rs 100 crore: 2.25% • Next Rs 300 crore: 2.00% • Next Rs 300 crore 1.75% • On assets in excess of Rs 700 crore 1.50%

Expenses in excess of the permitted limit will be borne by the Investment Manager or the Trustee or The Sponsor.

Maximum limit for Investment Management Fee: The maximum investment management fee that can be charged to the Scheme as a percentage of average weekly net assets is:

- First Rs 100 crore 1.25% • Assets in excess of Rs 100 crore: 1.00%

C. Load Structure

Entry Load: In accordance with SEBI Regulation, there will be no entry load for investments in the Scheme. This shall apply to new investment and switch-in to the scheme during the New Fund Offer. The scheme does not offer any facility for additional purchase, Systematic Investment Plan

(SIP), Systematic Transfer Plan (STP) and any other form of investment on an on going basis..The upfront commission to distributor (ARN holder) will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor. The distributor (ARN holder) will disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.

Exit Load: Not applicable.

Please note that buying and selling the units of the schemes from/ to the market (after closure of the NFO) will not entail any entry / exit load. However, investors will have to bear the cost of brokerage and applicable taxes on the brokerage and other relevant charges as applicable for transacting on secondary market.

Investors are requested to ascertain from the Distributor the details of transaction charges payable (during NFO Period) to Distributor, if any.

V. Rights of unitholders

Please refer to Statement of Additional Information for a detailed view of the rights of unit holders.

VI. Penalties & pending litigations

- **Details of penalties awarded by SEBI under the SEBI Act or any of its Regulation against the sponsor of the Mutual Fund:** the Securities and Exchange Board of India has alleged non disclosure of information to the stock exchanges under SEBI (Prohibition of Insider Trading) Regulations, 1992 and imposed a penalty of Rs. 10 lakhs on the Sponsor. On appeal by the Sponsor, the Securities Appellate Tribunal vide its order dated 1st September 2010, partly allowed the appeal and reduced the Quantum of penalty to Rs. 2. Lakhs.
- No penalties have been awarded by SEBI under the SEBI Act or any of its Regulations against any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any of the directors or any key personnel (specifically the fund managers) of the Investment Manager and Trustee. No penalties have been awarded on the associates of the sponsor by any financial regulatory body, including stock exchanges, for defaults in respect of shareholders, debenture holders and depositors. No penalties have been awarded for any economic offence and violation of any securities laws.
- There are no pending material litigation proceedings incidental to the business of the Mutual Fund to which the sponsor of the Mutual Fund or any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any of the directors or key personnel of the Investment Manager is a party. Further, there are no pending criminal cases against the Sponsor or any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any of the directors or key personnel.
- There is no deficiency in the systems and operations of the sponsor of the Mutual Fund or any company associated with the sponsor in any capacity, including the Investment Manager which SEBI has specifically advised to be disclosed in the Scheme Information Document, or which has been notified by any other regulatory agency.
- There are no enquiries or adjudication proceedings under the SEBI Act and the Regulations, which are in progress against any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any directors or key personnel of the Investment Manager.

Jurisdiction

All disputes arising out of or in relation to the issue made under the Scheme will be subject to the exclusive jurisdiction of courts in India.

Applicability of SEBI (Mutual Fund) Regulations

Notwithstanding anything contained in this Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines thereunder shall be applicable.
