PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocation (% of total assets)	
	Minimum	Maximum
Equity & Equity related securities*	80	100
Fixed income securities of India as well as U.S including money market instruments, cash and equivalent, Treasury bills and fixed deposits	0	20

*Equity and equity related securities of bluechip companies listed on recognized stock exchanges in the United States of America as well as ADRs/GDRs issued by Indian and foreign companies

Note: The Scheme will not have any exposure to equity and equity related securities issued by Indian companies except for ADRs/GDRs issued by Indian companies, as stated above.

The Cumulative Gross Exposure across Equity, Debt and such other securities/assets as may be permitted by SEBI, if required, should not exceed 100% of the net assets of the scheme.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Exposure to various instruments will be as per the indicative table given below: (Below percentages shall be subject to applicable SEBI circulars):

Sr. No.	Type of Instrument	Percentage exposure of	Circular references
1.	Stock lending	Nil	NA
2.	Derivatives	Nil	NA
3.	Securitized Debt	Nil	NA
4.	Overseas Securities	Upto 100% of the net assets	Paragraph 12.19 of the Master Circular
5.	Units of ReITS and InvITs	Nil	NA
6.	AT1 and Tier II Bonds	a) Upto 10% of its NAV of the debt portfolio of the scheme in perpetual debt instruments and b) Upto 5% of its NAV	Paragraph 12.2 of Master Circular

		of the debt portfolio of the scheme at single issuer level. The above exposure will be subject to the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.	
7.	Structured Obligation and Credit Enhancement	Up to 10% of the debt portfolio of the scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes: a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.	Paragraph 12.3 of the Master Circular.

Rebalancing due to Short Term Defensive Consideration:

- Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per paragraph 1.14.1.2.b of SEBI Master Circular and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breaches:

- Further, as per paragraph 2.9 of SEBI Master Circular as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Review Committee of the AMC. The Investment Review Committee, if it so desires, can extend the

timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in Paragraph 2.9 of the Master Circular.

Further, in case of any passive breaches of prudential limits inter alia including issuer limits, group limits and sector limits etc. prescribed in SEBI (Mutual Funds) Regulations, 1996 and circulars issued thereunder, the rebalancing of such passive breaches shall be carried out in accordance with the provisions prescribed under paragraph 2.9 of the Master Circular, provided the specific timeline for rebalancing is not prescribed for the respective prudential limit.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities

Apart from the above investment restrictions, the Scheme follows certain internal norms vis-à-vis limiting exposure to scrips, sectors etc., within the above mentioned restrictions, and these are subject to review from time to time.

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

The Scheme will invest predominantly in shares of equity and equity related securities of companies listed in United States of America. The Scheme may also invest a certain proportion of its corpus in fixed income securities of India as well as US including money market instruments, cash and equivalent, US Treasury bills and fixed deposits. The corpus of the Scheme may also be invested in ADRs/GDRs issued by Indian and foreign companies.

Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, unsecured, rated or unrated and of varying maturity. The securities may be acquired through Public Offerings, secondary market operations, private placement, rights offers or negotiated deals.

Exposure to Foreign Securities, ADR / GDRs by US Bluechip Equity Fund will be as follows:

- i. ADRs/ GDRs issued by Indian or foreign companies
- ii. Equity of overseas companies listed on recognized stock exchanges overseas
- iii. Initial and follow on public offerings for listing at recognized stock exchanges overseas.
- iv. Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies.
- v. Money market instruments rated not below investment grade.
- vi. Government securities where the countries are rated not below investment grade.
- vii. Short term deposits with banks overseas where the issuer is rated not below investment grade.

In addition to aforesaid permissible overseas investments, compliance with following Regulations shall be ensured by the AMC:

1. The investment in ADRs/GDRs, equity of overseas companies listed on recognized stock exchanges overseas and other securities in accordance with the provisions of paragraph 12.19 of the Master Circular. Mutual Funds can make overseas investments subject to a maximum of US \$ 1 billion per Mutual Fund, within the overall industry limit of US \$ 7 billion. Mutual Funds can make overseas investments in Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion. In case the overall industry limit as prescribed by SEBI has been breached, the Scheme would temporarily not invest in the overseas securities.
2. The boards of Asset Management Company (AMC) and Trustees shall exercise due diligence in making investment decisions as required under Regulation 25(2). They shall make a detailed analysis of risks and returns of overseas investment and how these investments would be in the interest of investors. Investment must be made in liquid actively traded securities/instruments.
3. The boards of AMC and Trustees may prescribe detailed parameters for making such investments which may include identification of countries, country rating, country limits, etc. They shall satisfy themselves that the AMC has experienced key personnel, research facilities and infrastructure for making such investments. Other specialised agencies and service providers associated with such investments e.g. custodian, bank, advisors, etc should also have adequate expertise and infrastructure facilities. Their past track record of performance and regulatory compliance record, if they are registered with foreign regulators, may also be considered. Necessary agreements may be entered into with them as considered necessary. All investment decisions shall be recorded in accordance with the Master circular.
4. The AMC shall send detailed periodical reports to the Trustees which shall include the performance of overseas investments and amount invested in various Schemes and any breach of the exposure limit laid down in the Scheme Information documents. The boards of AMC and Trustees shall review the performance of Schemes making overseas investments with appropriate benchmark(s) as disclosed in the Scheme Information Document.
5. Half yearly portfolio shall also disclose the ADRs / GDRs / Foreign Securities by making a separate heading 'Foreign Securities' and Scheme wise investments made in such securities shall also be disclosed in the Half yearly results as a foot note. The AMC and Trustees shall offer their comments on the compliance of these guidelines in the half-yearly reports filed with SEBI.

6. The Mutual Fund shall appoint a dedicated Fund Manager for making investments in ADRs/GDRs/Foreign Securities/Foreign ETFs and shall disclose the name of the dedicated Fund Manager.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph Inter-Scheme transfer of investments, stated in paragraph 12.30 of the Master Circular.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme will invest in equity and equity related securities listed on recognized stock exchanges of the United State of America. The Scheme may also invest in ADRs/GDRs issued by Indian and foreign companies. The Scheme shall follow an active investment strategy.

The Scheme will invest in securities of large cap companies, which may form part of S&P 500. The stock selection strategy would be a combination of both top down and bottom up approach without any sector preference. While the Scheme maintains a diversified portfolio, it may at any particular time, shift stock selection toward sectors that appear to offer attractive value and appreciation potential. The Scheme will follow a blend approach of value and growth stock-picking to build its portfolio.

The AMC shall engage and avail the expertise of various international research houses for the purpose of identifying suitable investment opportunities. The fees related to these services, if any, will be borne by the AMC and will not be charged to the Scheme. The Fund Management of the Scheme shall rest with the AMC.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme could invest in Fixed Income Securities issued by government, quasi government entities, corporate issuers and multilateral agencies in line with the investment objectives of the Scheme as permitted by SEBI from time to time

For detailed derivatives strategies and illustrations, please refer to SAI.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The benchmark of the Scheme is S&P 500 TRI.

The composition of the benchmark is such that, it is most suited for comparing performance of the Scheme. The Trustees reserves the right to change the benchmark in future, if a benchmark better suited to the investment objective of the Scheme is available.

The date of inception of the Scheme is July 6, 2012, however the direct plan under the scheme was being offered since January 1, 2013. Thus the returns of direct plan is computed for period starting Jan 1, 2013.

Performance of the scheme is benchmarked to total return variant of the index.

Past performance may or may not be sustained in the future and the same may not necessarily provide the basis for comparison with other investment. The returns are calculated on the basis of Compounded Annualized Growth returns (CAGR). For computation of since inception returns the allotment NAV has been taken as Rs. 10.00.

^ Inception date shown is the date from which units under the Scheme are available throughout.

Absolute returns of last five financial years of the Scheme is as follows:

ICICI Prudential US Bluechip Equity Fund – Growth Option

Performance of the scheme is benchmarked to total return variant of the index. Past performance may or may not be sustained in future. Absolute returns are provided for the above mentioned financial years. For computation of returns the allotment NAV has been taken as Rs. 10. NAV is considered for computation of returns without considering load.

Note: In accordance with directive received from SEBI and AMFI with respect to monitoring of overseas limits, the AMC has temporarily discontinued investments in the Scheme and investments of the fund managers are being invested in an alternate Scheme whose (a) risk value as per the risk-o-meter is equivalent or higher than the Scheme and (b) whose underlying portfolio is of similar nature as the scheme managed by the fund manager in accordance with the provisions 6.10 of the Master Circular pertaining to "Alignment of interest of Designated Employees of Asset Management Companies (AMCs) with the Unitholders of the Mutual Fund Schemes".

* The above give investment has been made before the AMC temporarily discontinued investments in the Scheme.

For any other disclosure with respect to investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

vii. **INVESTMENT OF THE AMC IN THE SCHEME**

From time to time and subject to the SEBI (Mutual Funds) Regulations, 1996, the sponsors, the mutual funds and investment Companies managed by them, their associate companies, subsidiaries of the sponsors and the AMC may invest in either directly or indirectly in the Scheme. The funds managed by these associates and/ or the AMC may acquire a substantial portion of the Scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the Scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units. The details of such investments of the AMC can be accessed at the following link:

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the valuation policy and procedures of the Fund, provided in Statement of Additional Information (SAI).

The NAV of the Scheme shall be rounded off upto two decimals

NAV of units under the Schemes shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Schemes}}$$

The NAV will be calculated as of the close of every Business Day of the respective Schemes. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

Illustration on computation of NAV:

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 10,00,0000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 10,00,0000 = \text{Rs. } 10.45 \text{ p.u. (rounded off to two decimals)}$$

For ICICI Prudential US Bluechip Equity Fund:

Policy for computation of NAV of foreign securities:

Considering that the Scheme shall be investing in US markets, there would be timing zone differences between transactions by investors and investments in/sale of securities. As a result, the AMC shall update the NAV by 10.00 a.m. on the website of Association of Mutual Funds in India on the next business day.

The NAV of the Scheme will be calculated and declared by 10.00 a.m. on the next Business Day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

The Fund shall ensure that the repurchase price of an open ended scheme is not lower than 95 per cent of the Net Asset Value.

For further details, such as policies with respect to computation of NAV, rounding off, valuation of investment in foreign securities, procedure in case of delay in disclosure of NAV etc, please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES – Not Applicable

C. ANNUAL SCHEME RECURRING EXPENSE

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily net assets of the Scheme will be charged to the Scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. In case of any change in the expense ratio, the AMC would update the same on the website at least three working days prior to the effective date of the change. The requirement for disclosing such change would be subject to paragraph 10.1.8 of the Master Circular.

Investor can refer [Total Expense Ratio of Mutual Fund Schemes \(icicipruamc.com\)](http://icicipruamc.com) for [Total Expense Ratio \(TER\)](#) for Total Expense Ratio (TER) details.

Goods and Services Tax on brokerage and transaction cost	
Other Expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.25
Additional expenses under regulation 52 (6A) (c)* (more specifically elaborated below)	Upto 0.05
Additional expenses for gross new inflows from specified cities* (more specifically elaborated below)	Upto 0.30
The aforesaid does not include Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.	

The returns of the Direct Plan for the Scheme shall be exclusive of distribution commission.

*As permitted under the Regulation 52 of SEBI (MF) Regulations, 1996 and pursuant to

paragraph 15.10.1 of the Master Circular, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations 2018.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc as compared to other Plan and no commission for distribution of Units will be paid/charged under Direct Plan.

All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in other than Direct Plan.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

Types of expenses charged shall be as per the SEBI (Mutual Fund) Regulation, 1996.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

First Rs. 500 crore	Next Rs. 250 crore	Next Rs. 1,250 crore	Next Rs. 3,000 crore	Next Rs. 5,000 crore	Next Rs.40,000 crores	Balance
2.25%	2.00%	1.75%	1.60%	1.50%	TER reduction of 0.05% for every increase of Rs. 5,000 crore of daily net assets or part thereof	1.05%

The above expense percentage excludes additional expenses that can be charged towards: i) 5 bps under the Regulation 52(6A)(c), ii) 30 bps for gross new inflows from retail investors from B30 cities and iii) Goods and Services tax on investment management and advisory fees. The same is more specifically elaborated below.

Pursuant to paragraph 10.1 of SEBI Master Circular on Mutual Funds dated May 19, 2023, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and Securities and Exchange Board of India (Mutual Funds) (Fourth Amendment) Regulations, 2018, following additional costs or expenses may be charged to the scheme, namely:

- (i) The AMC may charge Goods and Services tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.
- (ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from B30 cities as specified by the Securities and Exchange Board of India, from time to time are at least –
 - 30 per cent of the gross new inflows from retail investors from B30 cities into the scheme, or;

- 15 per cent of the average assets under management (year to date) of the scheme,

whichever is higher;

Provided that if inflows from retail investors from B30 cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from retail investors from B30 cities;

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

For above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Note - SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMC's to keep B-30 incentive structure *in abeyance with effect from March 01, 2023 till further notice*.

(iii) Additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4) of Regulation 52 of the Regulations, not exceeding 0.05 per cent of daily net assets of the scheme. However, such additional expenses will not be charged if exit load is not levied or not applicable to the Scheme.

At least 2 basis points on daily net assets shall be annually set apart for investor education and awareness initiatives. The same shall be within limits specified under Regulation 52 of the SEBI (Mutual Funds) Regulation.

Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

Illustration on impact of expense ratio on scheme's return:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-

Returns after Expenses at the end of the Year	1300	1350
---	------	------

For calculating expense of ICICI Prudential US Bluechip Equity Fund – Direct plan, distribution expenses will not be considered.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	1% of the applicable NAV - For redemption/switch-out of units within 1 month from the date of allotment • Nil - For redemption/switch-out of units after 1 month from the date of allotment

Any redemption/switch arising out of excess holding by an investor beyond 25% of the net assets of the Scheme in the manner envisaged under paragraph 6.11.1.1 (b) of the Master Circular, such redemption / switch will not be subject to exit load.

The exit load charged, if any, shall be credited back to the respective scheme. Goods and Services tax on exit load shall be paid out of the exit load proceeds and exit load net of Goods and Services tax shall be credited to the schemes.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme. Units issued on reinvestment of IDCW shall not be subject to exit load.

Units issued on reinvestment of IDCW shall not be subject to exit load.

The investor is requested to check the prevailing load structure of the Scheme before investing. Any imposition or enhancement in the load shall be applicable on prospective investments only.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- iv. A public notice shall be provided on the website of the AMC in respect of such changes.

Any imposition or enhancement in the load shall be applicable on prospective investments only.

I. Introduction

A. Definitions

Definition for the words and expressions used in the SID are available at the following link : [SID related information \(icicpruamc.com\)](http://icicpruamc.com)

The words and expressions shall have the meaning as specified at the above link, unless the context otherwise requires.

B. Risk Factors

I. **Standard Risk Factors:** Please refer to SAI.

II. **Scheme specific risk factors**

➤ **Risk associated with investing in equities and equity related instruments –**

1. The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
2. Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
3. Investors may note that IDCW is due only when declared and there is no assurance that a company (even though it may have a track record of payment of IDCW in the past) may continue paying IDCW in future. As such, the schemes are vulnerable to instances where investments in securities may not earn IDCW or where lesser IDCW is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay IDCW, the performance of the schemes may be adversely affected due to such factors.
4. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk.
5. While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in

the securities in which it invests.

6. Fund manager endeavours to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
7. In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction. The Schemes investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.
8. Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.

Risk associated with investment in fixed income and money market securities

- **Market Risk/Interest Rate Risk:** The Net Asset Value (NAV) of the Scheme(s), to the extent invested in fixed income and money market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
- **Credit Risk:** Investments in fixed income securities and money market instruments are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.

- **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the underlying scheme(s) have the power to invest in securities which are not listed on a stock exchange or receive unlisted securities which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. These securities may lack a liquid secondary market and there can be no assurance that the underlying scheme(s) will realise their investments in unlisted securities at a fair value.
- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme.
- Different types of fixed income securities in which the Scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.

The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

➤ **Risk associated with investing in units of mutual funds**

The scheme may make investments in units of mutual funds. Investments in schemes of mutual funds are subject to market risks and there is no assurance or guarantee that the objectives of the scheme will be achieved. Further, any investment in mutual funds is also subject to risk factors outlined in the offer document of the mutual fund and an adverse performance of a mutual fund scheme in which the scheme has made investments could adversely impact the scheme's performance and NAV of the scheme.

➤ **Risks associated with Investing in Foreign Securities - ADRs/GDRs/other overseas investments:**

It is AMC's belief that the investment in ADRs/GDRs/overseas securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Schemes. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient

portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Investors are requested to note that Cost associated with overseas investment like advisory series (other than those expenses permissible under regulation 52 of SEBI regulations) would not be borne by the scheme.

➤ **Risks associated with Investing in Derivatives:**

The Scheme will not invest in derivatives.

➤ **Risks associated with investing in Securitised Debt**

The Scheme will not invest in Securitised Debt

➤ **Risks associated with Short Selling and Stock Lending & Borrowing (SLB)**

The Scheme will not invest in Short Selling and Stock Lending

➤ **Risks associated with investing in Tri Party Repo through CCIL (TREPS):**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated

from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee (if Indian Rupee appreciates against these foreign currencies).

The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment. The Scheme may have to pay applicable taxes on gains from such investment. As regards foreign securities that are traded on exchanges that are not located in India, the NAV will be calculated based on the closing price of the foreign security and the prevailing exchange rate on that date. The Scheme's NAV may also be affected by a fluctuation in the general and specific level of interest rates internationally, or the change in the credit profiles of the issuers.

Risk factors for US Bluechip Equity Fund related to Taxation

**1. Investment in listed equity
(i) Capital Gains**

Under Section 865(a)(2) of the Internal Revenue Code (the Code) of the U.S., income from the sale of personal property by a non-U.S. resident is sourced outside of the U.S., and thus generally should not be subject to U.S. federal income tax.

In addition, under Section 864(b)(2)(A), trading in stock or securities is generally not considered a U.S. trade or business, except when the taxpayer is a dealer in stocks or securities and effects the trades through U.S. offices directly or through the U.S. office of its agent other than an independent agent (Trading Safe Harbor).

However, if the Scheme invests in any entities that are treated as partnerships for U.S. federal income tax purposes and if these partnerships are engaged in a U.S. trade or business, then the Scheme itself would be treated as engaged in such a U.S. trade or business, would likely be required to file a U.S. income tax return and potentially pay U.S. tax on its distributive share of partnership income, and may be subject to tax and to potential withholding with respect to sales of an interest in such partnership.

Moreover, Section 897(a) may treat gain derived by a non-U.S. resident from the disposition of a U.S. Real Property Interest (USRPI) as income that is effectively connected with the conduct of a U.S. trade or business and thus subject such gain to U.S. federal income tax (and to a requirement to file a U.S. income tax return). Shares of a U.S. Real Property Holding Corporation (USRPHC), i.e. a company that owns substantial U.S. real estate, would generally be treated as USRPI. Likewise, an interest in a publicly traded partnership (PTP) that holds substantial U.S. real estate would generally be treated as a USRPI.

Nonetheless, the definition of a USRPI excludes stock of a U.S. corporation that is regularly traded on an established securities market, but such exclusion only applies if the stock is held by a person who, during the 5-year look-back period, did not actually or constructively own more than 5% of that class of stock. The USRPI exclusion for publicly traded stock for holders of 5% or less of such stock is increased to 10% solely in the case of a publicly traded real estate investment trust (REIT). Moreover, the exclusion would apply for a non-resident holding not more than a 5% interest in a PTP that is also a USRPI.

Generally, a taxpayer's interest in a domestic corporation is not treated as a USRPI held by the taxpayer if the corporation (i) had no USRPI on the date of the taxpayer's disposition of the interest, and (ii) all of the USRPI held by the corporation during the shorter of the taxpayer's holding period, or the five-year period preceding the date of taxpayer's disposition of the interest, was disposed of by the corporation in a transaction in which gain (if any) was fully recognized (or such USRPIs ceased to be USRPIs by reason of the rule described in this sentence). This exception to the definition of USRPI is commonly referred to as the "cleansing rule."

The cleansing rule is inapplicable, where the corporation, or any predecessor to the corporation, was a Regulated Investment Company (RIC) or REIT at any time during the shorter of (i) the period during which the taxpayer held the relevant interest in the corporation, or (ii) the five-year period ending on the date of the taxpayer's disposition of the interest.

As the Scheme should not be considered as having a U.S. trade or business by reasons of its investment activities (provided that it does not invest in partnerships that are engaged in a U.S. trade or business), capital gains derived by the Scheme from the sale of listed U.S. equity should not be subject to tax in the U.S. provided the Scheme holds an interest of 5% or less of any class of stock or 10% in case of a publicly traded REIT, and 5% or less of a PTP that is also USRPI.

In case where the Scheme held, at sometime within the 5-year period ending on the date of disposition, more than 5% of the shares of a publicly-traded company that is also a USRPHC, 10% or more of a publicly traded REIT, or more than 5 % of a PTP that is also a USRPI, gain from disposition of such interest is subject to U.S. corporate net income tax at a rate of 21%.

The AMC shall endeavor that the Scheme's exposure in a publicly-traded company that is also a USRPHC shall not exceed 5% or in case of a publicly traded REIT, shall not exceed

10%, or in the case of a partnership interest in a PTP that would be considered a USRPI, shall not exceed 5%, so that the capital gains received by the Scheme are not subject to tax in U.S.

It should be noted that Section 864(c)(8), provides that where a partnership, including a PTP, is engaged in a U.S. trade or business, if a non-U.S. partner disposes of the partnership interest, a portion of gain or loss is treated as connected with the conduct of a U.S. trade or business, and is therefore subject to U.S. tax. Such income also generates a requirement to file a U.S. tax return. Unlike the rules for PTPs that are USRPI, this provision is not subject to a 5% exception. In addition, Section 1446(f) imposes a requirement that when a non-U.S. partner disposes of an interest in such a partnership, the purchaser withholds 10% of the purchase price (as a prepayment of the ultimate tax liability). The IRS had suspended the withholding requirement with respect to interests in PTPs until such time as it finalizes regulations and issued interim guidance on withholding requirements was issued for non-PTP interests. Final regulations (T.D. 9926; November 30, 2020; 85 FR 76910), applicable to non-PTP transfers on or after January 29, 2021, were issued. It requires withholding of 10% of the amount realized on the transfer unless an exception applies. According to Notice 2021-51, the withholding requirement for PTP transfers and Section 1446(f)(4) backup withholding applies only to transfers on or after January 1, 2023. Revised Regulations Section 1.1446-4 were issued to address withholding on PTP distributions under Section 1446(a), effective January 1, 2023.

(ii) Dividend income

Under Section 881(a)(1) of the Code, dividend income received by a foreign corporation from sources within the U.S is subject to a 30% withholding tax. Thus U.S. source dividends received by the Scheme from investment in U.S. listed equities shall be subject to withholding tax of 30%. US withholding tax should not apply with respect to distributions from Indian companies which issue ADRs/GDRs in the US.

2. Investment in U.S Treasury bills, notes or bonds

(i) Capital Gains

Under Section 865(a)(2) of the Code, income from the sale of personal property by a non-U.S resident is sourced outside of the U.S. Thus, capital gains derived by the Scheme from the sale of U.S Treasury bills, notes or bonds shall not be subject to tax in the U.S.

(ii) Interest income

Under Section 881(a)(1)(A) of the Code, interest income received by a foreign corporation from sources within the U.S. is subject to a 30% withholding tax. Hence, interest income received by the Scheme shall generally be subject to withholding tax of 30%.

However, Section 881(c) provides that in the case of any portfolio interest received by a foreign corporation from sources within the U.S., no tax shall be imposed under Section 881(a)(1).

Portfolio interest generally means any interest which is paid on an obligation which is in registered form and with respect to which the person who would otherwise be the withholding agent receives a statement from the beneficial owner or a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of business that the beneficial owner of the obligation is not a U.S person. Certain additional requirements may apply. Nonetheless, U.S. Treasury bills, notes and

bonds are generally expected to qualify for the portfolio interest exemption.

There are certain exceptions under US internal law, for interest on bank deposits, and short-term obligations (with terms to maturity of 183 days or less). There are also exceptions for certain longer-term debt under the portfolio interest exception which applies to interest income on certain registered obligations as long as the recipient is not a 10% or greater shareholder of the issuer.

Interest generated from US Treasury Securities should not be subject to US withholding tax but Investors can opt to have up to 50% of their Treasury bills' interest earnings automatically withheld¹. If income is characterized as interest, for instance income from a repurchase agreement with a term that exceeds 183 days, such income could be subject to a 30% withholding tax unless the repurchase agreement is with respect to qualifying registered portfolio interest indebtedness (e.g. U.S. Treasury securities). Certain contingent indebtedness does not qualify for the portfolio interest exception and is subject to 30% withholding tax on all U.S. source non-ECI contingent interest paid.

Sales of bonds between interest dates - Amounts paid as part of the purchase price of an obligation sold or exchanged between interest payment dates is not subject withholding. This does not apply if the sale or exchange is part of a plan the principal purpose of which is to avoid tax and you have actual knowledge or reason to know of the plan.

Further, as the Scheme shall be primarily investing in securities of companies that are listed on the NYSE and / or NASDAQ, the Scheme shall not be classified as an "Equity Oriented Fund" as per the provisions mentioned in the Income Tax Act, 1961. Hence the tax provisions as applicable to other than Equity Oriented Fund shall be applicable to the unitholders of the Scheme in India.

3. Investment in U.S. Based Mutual Fund

(i) Capital Gains

As already noted, under Code Section 865(a)(2), income from the sale of personal property by a non-U.S resident is sourced outside of the U.S. Thus, generally capital gains derived by a non-U.S. investor from the sale of an investment in a U.S based mutual fund should not be subject tax in the U.S. However, if the mutual fund that is sold is a USRPHC, then the gain is considered to be effectively connected with a U.S. trade or business and thus subject to U.S net taxation, unless the mutual fund whose shares are sold is (a) publicly traded and the investor held an interest of 5% or less in the mutual fund at all times during the year preceding the sale or (b) the mutual fund is a domestically controlled qualified investment entity.

(ii) Income distributions from U.S mutual funds

Generally, under Code Section 881(a)(1)(A), dividend income received by a foreign corporation from sources within the U.S is subject to 30% withholding tax. A mutual fund that is not subject to the USRPHC-related rules described above may distribute ordinary dividends which should be subject to 30% withholding tax. Dividends designated by a RIC (e.g., a mutual fund) as capital gain dividends are treated as long term capital gains in the hands of the shareholders. Except as described above for mutual funds that otherwise qualify as USRPHCs, because long-term capital gains are sourced to the domicile of the recipient, such capital gain dividends should not be U.S source if the recipient is a non-U.S person, and thus would not be subject to U.S taxation.

Until recently, Code Section 881(e)(1) excluded interest-related dividends received from a RIC (Regulated Investment Company) from the tax imposed by Code Section 881(a)(1). Under Code Section 881(e)(2), short-term capital gain dividends received from a RIC were also excluded from the tax imposed by Section 881(a)(1). However, unless they are retroactively extended, the provisions of Code Section 881(e)(1) and (2) are no longer effective for dividends paid as of January 1, 2015. A RIC will designate by written notice mailed to its shareholders whether a dividend (or part thereof) is a capital gain dividend, or, with respect to prior years, an interest related dividend or a short-term capital gain dividend.

Notwithstanding the foregoing, under Code Section 897(h)(1), any distribution to a foreign person or other qualified investment entity by a qualified investment entity to the extent attributable to gain from sales or exchanges by the qualified investment entity of USRPIs is treated as gain from the sale or exchange of a USRPI by the foreign person, unless such distribution is with respect to stock that is publicly traded on a U.S exchange and the foreign person did not own more than 5% (or in the case of a REIT, no more than 10%) of such class of stock at any time during the 1-year period ending on the date of distribution. Where the distribution is treated as gain from the sale or exchange of a USRPI, the distribution is treated as income effectively connected to a U.S trade or business, subject to tax at U.S corporate tax rates and withheld on at a rate of 21% of the distribution. The total amount in tax paid should not exceed the liability as determined by applying the U.S corporate rate.

In addition, where distributions from the mutual fund are characterized as gain from the sale of a USRPI due to Code Section 897(h), discussed above, the income is considered effectively connected with the conduct of a U.S trade or business such that the branch profits tax provisions must be considered. Under Code Section 884(a), dividend equivalent amounts are subject to tax at a rate of 30%. The dividend equivalent amount is equal to a foreign corporation's effectively connected earnings and profits as determined under Code Section 884(b). Code Section 884(d)(2)(C) excludes gain on the disposition of an interest in a USRPHC from the definition of effectively connected earnings and profits. Thus where Code Section 897(h) applies to treat a dividend distribution as the sale of a USRPI and subject it to withholding, there is branch profits tax as well unless the distribution/gain is related to the sale of USRPHC shares by the qualified investment entity.

For detailed tax benefits, investors are requested to refer para on "Tax benefits of investing in Mutual Fund" as mentioned in the Statement of Additional Information.

C. Risk Mitigation Strategies

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity and debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Scheme has identified following risks of investing in equity and debt securities and designed risk management strategies, which are embedded in the investment process to manage such risks.

<u>Risks associated with Equity investments</u>	
<u>Concentration Risk and Market Risk</u> Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of	The Scheme will try and mitigate this risk by investing across large number of companies/sectors and endeavor to keep stock-specific concentration risk

sectors or securities. The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme.	relatively low.
<u>Liquidity risk</u> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	As such the liquidity of stocks that the fund invests into could be relatively low. The Scheme may try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.
<u>Currency Risk</u> The Scheme will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.

<u>Risks associated with Debt investment</u>	
<u>Market Risk/ Interest Rate Risk</u> As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	In a rising interest rates scenario the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.
<u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity

	corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. The Schemes will however, endeavor to minimize liquidity risk by investing in securities having a relatively liquid market.
<u>Credit Risk</u> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).	Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.
<u>Reinvestment Risk</u> This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
<u>Currency Risk</u> The Scheme will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	The scheme subject to applicable regulations, shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.

- ii. Equity of overseas companies listed on recognized stock exchanges overseas
- iii. Initial and follow on public offerings for listing at recognized stock exchanges overseas.
- iv. Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies.
- v. Money market instruments rated not below investment grade.
- vi. Government securities where the countries are rated not below investment grade.
- vii. Short term deposits with banks overseas where the issuer is rated not below investment grade.

In addition to aforesaid permissible overseas investments, compliance with following Regulations shall be ensured by the AMC:

- The investment in ADRs/GDRs, equity of overseas companies listed on recognized stock exchanges overseas and other securities in accordance with the provisions of paragraph 12.19 of the Master Circular. Mutual Funds can make overseas investments subject to a maximum of US \$ 1 billion per Mutual Fund, within the overall industry limit of US \$ 7 billion. Mutual Funds can make overseas investments in Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion. In case the overall industry limit as prescribed by SEBI has been breached, the Scheme would temporarily not invest in the overseas securities .
2. The boards of Asset Management Company (AMC) and Trustees shall exercise due diligence in making investment decisions as required under Regulation 25(2). They shall make a detailed analysis of risks and returns of overseas investment and how these investments would be in the interest of investors. Investment must be made in liquid actively traded securities/instruments.
 3. The boards of AMC and Trustees may prescribe detailed parameters for making such investments which may include identification of countries, country rating, country limits, etc. They shall satisfy themselves that the AMC has experienced key personnel, research facilities and infrastructure for making such investments. Other specialised agencies and service providers associated with such investments e.g. custodian, bank, advisors, etc should also have adequate expertise and infrastructure facilities. Their past track record of performance and regulatory compliance record, if they are registered with foreign regulators, may also be considered. Necessary agreements may be entered into with them as considered necessary. All investment decisions shall be recorded in accordance with the Master circular.

4. The AMC shall send detailed periodical reports to the Trustees which shall include the performance of overseas investments and amount invested in various Schemes and any breach of the exposure limit laid down in the Scheme Information documents. The boards of AMC and Trustees shall review the performance of Schemes making overseas investments with appropriate benchmark(s) as disclosed in the Scheme Information Document.
5. Half yearly portfolio shall also disclose the ADRs / GDRs / Foreign Securities by making a separate heading 'Foreign Securities' and Scheme wise investments made in such securities shall also be disclosed in the Half yearly results as a foot note. The AMC and Trustees shall offer their comments on the compliance of these guidelines in the half-yearly reports filed with SEBI.
6. The Mutual Fund shall appoint a dedicated Fund Manager for making investments in ADRs/GDRs/Foreign Securities and shall disclose the name of the dedicated Fund Manager.

POSITION OF DEBT MARKET IN INDIA

There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

The yields and liquidity on various securities as on September 30, 2025 are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 Days	5.44%	High
GOI	Treasury Bill	364 Days	5.56%	High
GOI	Short Dated	1-3 Years	5.61% - 5.93%	High
GOI	Medium Dated	3-5 Years	5.93% - 6.21%	High
GOI	Long Dated	5-10 Years	6.21% - 6.57 %	High
Corporates	Taxable Bonds (AAA)	1-3 Years	6.72% - 6.96%	Medium
Corporates	Taxable Bonds (AAA)	3-5 Years	6.96% - 7.00%	Low to Medium
Corporates	CDs (A1+)	3 months	5.83%	Medium to High
Corporates	CPs (A1+)	3 months	6.57%	Medium to High

B. What are the Investment restrictions?

As per the provisions of the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments. Further, all investments by the Scheme will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (MF) Regulations, including Seventh Schedule thereof, as amended from time to time.

1. a) A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act as per the following matrix.

A mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in paragraph 1 of Seventh Schedule of MF Regulation.

- b) Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and TREPs:
- c) Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

2. Mutual fund schemes shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio, of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the above purposes, listed debt instruments shall include listed and to be listed debt instruments.

3. The Scheme shall not invest more than 5% of its net assets in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. All such investments shall be made with the prior approval of the Board of Trustees and the Board of AMC.

Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

4. The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B

5. The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes
 - a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For the purpose of this provision, 'Group' shall have the same meaning as defined in paragraph 12.9.3.3 of the Master Circular.

Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. AMCs may ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs should initiate necessary steps to ensure protection of the interest of the investors.

6. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further the inter Scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, stated in paragraph 12.30 of the Master Circular.

7. The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.
8. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver

the securities:

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard

9. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
10. Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks in accordance with paragraph 12.16 of the Master Circular. The following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment:
 - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b. Such short term deposits shall be held in the name of the concerned Scheme.
 - c. No mutual fund Scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
 - d. No mutual fund Scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - e. Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.
The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.
 - f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
11. No mutual fund Scheme shall make any investments in;
 - a) any unlisted security of an associate or group company of the sponsor; or
 - b) any security issued by way of private placement by an associate or group company of the Sponsor; or
 - c) the listed securities of group companies of the Sponsor which is in excess of 25% of its net assets except for investments by equity oriented exchange traded funds and index funds and subject to such conditions as may be specified by the Board.
12. The scheme shall not invest in Fund of funds scheme.
13. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed

14. No mutual fund Schemes shall invest more than 10% of its NAV in equity shares or equity related instruments of any company. Provided that the limit of 10% will not be applicable for the investments in case of Index Fund or sector or industry specific scheme. In case of sector or industry specific scheme, the upper ceiling on investments may be in accordance with the weightage of the scrips in the representative sectoral index or sub index as disclosed in the SID or 10% of the NAV of the scheme, whichever is higher.
15. No loans for any purpose can be advanced by the Scheme.
16. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the unit holders. Such borrowings shall not exceed more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
17. If any company invests more than 5% of the NAV of any of the Scheme, investments made by that or any other schemes of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.
18. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further all transactions in government securities shall be in dematerialised form.
19. The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.
20. The Scheme may invest in certain debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption. Additional Tier I bonds and Tier 2 bonds issued under Basel III framework are some instruments which may have above referred special features. The debt instruments having such special features as referred above, which otherwise are Non-Convertible Debentures, may be treated as debt instruments until converted to equity.

The following investment conditions are applicable for investments in such debt instruments with special features:

- i. no Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer
- ii. a Mutual Fund scheme shall not invest:
 - a. more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and
 - b. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

All investment restrictions shall be applicable at the time of making investment. The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change or as deemed fit in the general interest of the unit holders, so as to permit the Scheme to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

C. Fundamental Attributes

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) subject to compliance with sub-regulation (26) of regulation 25 of the SEBI (MF) Regulations:

(i) Type of Scheme:

For details on type of Scheme, please refer “**Highlights/Summary of The Scheme**”:

(ii) Investment Objective

Main Objective - Please refer “**Highlights/Summary of The Scheme**”

Investment pattern – The tentative portfolio break-up of Equity and Debt and other permitted securities and such other securities as may be permitted by the SEBI from time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations.

(iii) Terms of Issue

a) Liquidity provisions such as listing, repurchase, redemption:

Listing: Being an open ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. Changes in Fundamental Attributes:

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996 and paragraph 1.14.1.4 of the Master Circular, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless it complies with sub-regulation (26) of regulation 25 of these regulations as follows:

- An application has been made with SEBI and views/comments of SEBI are sought on the proposal for fundamental attribute changes;

- An addendum to the existing SID shall be issued and displayed on AMC website immediately,
- SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days),
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated, and the Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

D. Other Scheme Specific Disclosures:

Listing and transfer of units	Listing: Being an open ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. The Trustee may, at its sole discretion, cause the Units under the Scheme to be listed on one or more Stock Exchanges. Notification of the same will be made through Customer Service Centres of the AMC and as may be required by the respective Stock Exchanges. Transfer: Pursuant to paragraph 14.4.4 of the Master Circular, the Units of the Scheme can be transferred freely in demat form or in statement of Account (SOA) mode. For Details process on transfer of units under SOA mode, please refer SAI.
Dematerialization of units	The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder subject to receipt of complete documents and details from the investor. Unit holders can convert their existing physical units (represented by statement of account) into dematerialized form, for further details, please refer to SAI.
Policy for declaration of Income Distribution cum capital withdrawal (IDCW Policy)	(i) Growth Option The Scheme will not declare any IDCW under this option. The income earned by the Scheme will remain reinvested in the Scheme and will be reflected in the Net Asset Value. This option is suitable for investors who are not looking for regular income but who have invested with the intention of capital appreciation. (ii) IDCW Option

This option is suitable for investors seeking income through IDCW declared by the Scheme. The Trustee may approve the distribution of IDCW by AMC out of the net surplus under this Option. The remaining net surplus after considering the IDCW and tax, if any, payable there on will be ploughed back in the Scheme and be reflected in the NAV.

(iii) IDCW Payout:

As per the SEBI (MF) Regulations, the IDCW warrants shall be dispatched to the Unit Holders, within 7 business days from the record date. IDCW will be payable to those Unit Holders whose names appear in the Register of Unit Holders on the date (Record Date). IDCW will be paid by cheque, net of taxes as may be applicable. Unit Holders will also have the option of direct payment of IDCW to the bank account. The cheques will be drawn in the name of the sole/first holder and will be posted to the Registered address of the sole/first holder as indicated in the original application form. To safeguard the interest of Unit Holders from loss or theft of IDCW cheques, investors should provide the name of their bank, branch and account number in the application form. IDCW cheques will be sent to the Unit Holder after incorporating such information. The minimum amount for IDCW payout shall be Rs.100, else IDCW would be mandatorily reinvested

(iv) IDCW Reinvestment:

The investors opting for IDCW Option may choose to reinvest the IDCW to be received by them in additional Units of the Scheme. Under this provision, the IDCW due and payable to the Unitholders will be compulsorily and without any further act by the Unitholders reinvested in the Scheme (under the IDCW Option, at the first ex- IDCW NAV). The IDCW so reinvested shall be constructive payment of IDCW to the Unitholders and constructive receipt of the same amount from each Unitholder for reinvestment in Units. On reinvestment of IDCW, the number of Units to the credit of Unitholder will increase to the extent of the IDCW reinvested by the NAV applicable on the day of reinvestment, as explained above.

(V) IDCW Transfer

IDCW Transfer facility will be available under the scheme.

The designated schemes (source and target schemes) for this facility are as given below:

Source schemes - all schemes where IDCW option is available [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]

Target schemes- all open ended schemes where subscription is allowed [except (i) Exchange Traded Funds (ETFs) and (ii) separate plans under ICICI Prudential Overnight Fund for deployment of unclaimed amounts viz ICICI Prudential Overnight Fund - Unclaimed Redemption, ICICI Prudential Overnight Fund - Unclaimed IDCW, ICICI Prudential Overnight Fund - Unclaimed Redemption Investor Education and ICICI Prudential Overnight Fund - Unclaimed IDCW Investor Education]

Note: Investors are requested to note that any change in IDCW sub-option, due to additional investment or on the basis of a request received from the investor, will be applicable to all existing units in the IDCW option of the Scheme under the respective folio.

The Trustee reserves the right to declare IDCW under the IDCW option of the Scheme depending on the distributable surplus available under the Scheme. It should, however, be noted that actual distribution of IDCW and the frequency of distribution will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.

The IDCW will be distributed in accordance with Chapter 11 of the Master Circular on the procedure for IDCW Distribution.

	Equalization Reserve: When units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains is credited to an Equalization Reserve Account and which can be used to pay IDCW. IDCW can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

Note:

1. Under the terms of the SID, the scheme is classified as "Equity oriented fund".
2. Income of the Mutual Fund is exempt from income tax in accordance with the provisions of Section 10(23D) of the Act.
3. As per clause (a) of the explanation to section 112A of the Act, an "Equity oriented fund" has been defined to mean a fund set up under a scheme of a mutual fund specified under clause (23D) of section 10 and,—
 - (i) in a case where the fund invests in the units of another fund which is traded on a recognised stock exchange,—
 - (A) a minimum of ninety per cent of the total proceeds of such fund is invested in the units of such other fund; and
 - (B) such other fund also invests a minimum of ninety per cent of its total proceeds in the equity shares of domestic companies listed on a recognised stock exchange; and
 - (ii) in any other case, a minimum of sixty-five per cent of the total proceeds of such fund is invested in the equity shares of domestic companies listed on a recognised stock exchange
4. If the total income of a resident investor (being individual or HUF) [without considering such Long Term Capital Gains / Short Term Capital Gains] is less than the basic exemption limit, then such Long-term capital gains/short-term capital gains should be first adjusted towards basic exemption limit and only excess should be chargeable to tax.

Non-resident investors may be subject to a separate of tax regime / eligible to benefits under Tax Treaties, depending upon the facts of the case. The same has not been captured above.

A rebate of up to Rs. 12,500 is available under the old regime for resident individuals whose total income does not exceed Rs. 5,00,000.

The Finance Act, 2025 amended Section 87A of the Act to provide that where an Individual apply for lower slab rates provided under section 115BAC(1A) of the Act (i.e. the new regime) and the total income:

- i. does not exceed 12,00,000, a rebate shall be provided on tax to the extent of an amount equal to 100% of such income-tax or an amount of INR 60,000 (whichever is less);
- exceeds INR 12,00,000 and the income-tax payable on such total income exceeds the amount by which the total income is in excess of 12,00,000, a rebate shall be provided on tax of an amount equal to the amount by which the tax payable is in excess of the amount by which the total income exceeds 12,00,000

Further, such rebate of income-tax will not be available on tax on incomes chargeable to tax at special rates (for e.g.: capital gains u/s 111A, 112 and 112A of the Act etc.)

Excluding applicable surcharge and cess.

Open Network for Digital Commerce (ONDC)

The schemes of ICICI Prudential Mutual Fund (the Fund) are now available to be transacted through the Open Network for Digital Commerce (ONDC) (“Network”).

To facilitate transactions through this Network, the Fund has/shall enter into agreement with service provider(s) who would provide backend platform on behalf of the Fund. The said platform would be considered as an ‘OPAT’.

Accordingly, for the purpose of determining the applicability of NAV, the time at which request for purchase / sale / switch of units is received on the server(s) of the said platform will be considered as time of receipt of transaction with the AMC.

As per existing system architecture of ONDC network, currently regular plans of the schemes of ICICI Prudential Mutual Fund are available for transaction through this route.
