HIGHLIGHTS/ SUMMARY OF THE SCHEME

INVESTMENT OBJECTIVES

ICICI Prudential Capital Protection Oriented Fund III – Plan D – 36 Months Plan is a close ended Capital Protection Oriented Fund. The investment objective of the Scheme is to seek to protect capital by investing a portion of the portfolio in highest rated debt securities and money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The securities would mature on or before the maturity of the Plan under the Scheme.

However, there can be no assurance that the investment objective of the Scheme will be realized.

LIQUIDITY

Repurchase facility

No redemption/repurchase of units shall be allowed prior to the maturity of the Scheme. Investors wishing to exit may do so, only in demat mode, by selling through BSE Limited or any of the stock exchange(s) where the Scheme will be listed as the Trustee may decide from time to time.

OPTIONS AVAILABLE UNDER THE PLANS OF THE SCHEME

Direct Plan – Cumulative Option
Direct Plan – Dividend Option
Regular Plan - Cumulative Option
Regular Plan - Dividend Option

All the options stated above will have a common portfolio. Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund. Direct Plan shall be the default Plan. Thus, if the Purchase/ Switch application does not specifically state the details of the plan then the same shall be processed under the Direct Plan if no distributor code is mentioned in the application. Otherwise it shall be processed under the Regular plan. Further, Cumulative Option shall be default option under both the stated plans. Dividend Payout is the only facility available under the Dividend Option.

The Trustee reserves the right to declare dividends under the Scheme depending on the net distributable surplus available under the Scheme. It should, however, be noted that actual distribution of dividends and the frequency of distribution will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.

I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 22.2 lacs made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.
- ICICI Prudential Capital Protection Oriented Fund III is the name of the Scheme and Plan D – 36 Months Plan is the name of the Plan under the Scheme and do not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The NAVs of the Scheme may be affected by changes in the general market conditions, factors and forces affecting capital market in particular, level of interest rates, various market related factors and trading volumes, settlement periods and transfer procedures.
- The liquidity of the Plans' investments is inherently restricted by trading volumes in the securities in which it invests.
- The Scheme may enter into transaction of derivative instruments like Interest Rate Swaps, Forward Rate Agreements or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Plans to certain risks inherent to such derivatives.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Plans.
- Investors in the Scheme are not being offered any guaranteed/indicated returns.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.
- From time to time and subject to the regulations, the AMC may invest in this Scheme. The decision to invest in the Scheme by the AMC will be based on parameters specified by the Board of the AMC.
- Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.

- Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Schemes. The various factors which impact the value of the Scheme's investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws in various countries, liquidity of the underlying instruments, settlement periods, trading volumes overseas etc.
- Different types of securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

Scheme Specific Risk Factors

a) The Scheme offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the Scheme and not from any bank guarantee, insurance cover etc.

b) The ability of the portfolio to meet capital protection on maturity to the investors can be impacted in certain circumstances by changes in government policies, interest rate movements in the market, credit defaults by bonds, expenses, reinvestment risk and risk associated with trading volumes, liquidity and settlement systems in equity and debt markets. Accordingly, investors may lose part or all of their investment (including original amount invested) in the Scheme. No guarantee or assurance, express or implied, is given that investors will receive the capital protected value at maturity or any other returns.

c) The rating provided by CARE, only assesses the degree of certainty for achieving the objective of the Scheme i.e. capital protection and does not denote any opinion on the stability of the NAV of the Scheme. The rating should, however, not be construed as an indication of expected returns, prospective performance of the mutual fund scheme, NAV or of volatility in its returns. The rating would be reviewed on a quarterly basis by CARE.

d) CARE reserves the right to suspend, withdraw or revise the ratings assigned to the portfolio structure of this scheme at any time, on the basis of any new information or unavailability of information or any other circumstances, which the Rating Agency believe may have impact on the above rating.

e) The rating, as aforesaid, however, should not be treated as a recommendation to buy, sell or hold the units issued by ICICI Prudential Mutual Fund under ICICI Prudential Capital Protection Oriented Fund III - Plan D. The rating is restricted to the portfolio structure of ICICI Prudential Capital Protection Oriented Fund Plan D only. CARE do not assume any responsibility on its part, for any liability that may arise consequent to the non compliance of any guidelines or directives issued by SEBI or any other mutual fund regulatory body.

f) The rating is based on current information furnished to the Rating Agency by the issuer or obtained by the rating Agency from sources it considers reliable. The rating Agency do not, however, guarantee the accuracy, adequacy or completeness of any information and are not responsible for any errors or omissions or for the results obtained from the use of such information.

g) The Asset Management Company shall not repurchase units of ICICI Prudential Capital Protection Oriented Fund III - Plan D ('the Scheme') before end of the maturity period. However, the Scheme may be listed on one or more Stock Exchange(s) in India at the discretion of the Trustee.

h) Investors in the Scheme are not being offered any guaranteed / assured returns.

i) The Trustee, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the Scheme is wound up for the reasons and in the manner provided under the Scheme Information Document.

j) Redemption by the Unit Holder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Fund their directors or their employees shall not be liable for any tax consequences that may arise.

Fixed Income Securities

Interest Rate Risk: As with all debt securities, changes in interest rates may affect the Plan's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.
Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
Credit Risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.
Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Plan are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

Risks associated with investing in Equities and Derivatives:

Investors may note that AMC/Fund Manager's investment decisions may not be always profitable. The Scheme proposes to invest in equity and equity related securities. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.

The Scheme is also vulnerable to movements in the prices of securities invested by the Scheme, which again could have a material bearing on the overall returns from the Scheme. These stocks, at times, may be relatively less liquid as compared to growth stocks. The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.

The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

Investment decisions made by the AMC may not always be profitable, as actual market movements may be at variance with anticipated trends.

The performance of the Scheme will be affected in case of unforeseen circumstances like political crisis, natural calamities, and changes in currency exchange rates or interest rates. Fund manager tries to generate returns based on certain past statistical trend. The performance of the Scheme may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.

In case of abnormal circumstances it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction.

- As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into and the ability to assess the risk. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

- Derivatives products are leveraged instruments and provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify to execute such strategies.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:
    - Lack of opportunity available in the market.
    - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risks associated with Investing in Securitised Debt

The Scheme shall not invest in securitised debt.

Risks associated with Short Selling and Securities Lending

The Plans under the Scheme will not do 'Short Selling' and 'Stock Lending' activity.

Risks attached with investments in ADRs/GDRs/ overseas securities:

The investment in ADRs/GDRs/overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities,

there may not be readily available and widely accepted benchmarks to measure performance of the Schemes. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for portfolio rebalancing and hedging, and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

- **Risk management strategies**

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk & Description	Risk mitigants / management strategy
Risks associated with Debt investment	
Market Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The fund will invest in a basket of debt and money market securities maturing on or before maturity of the fund with a view to hold them till the maturity of the fund. While the interim NAV will fluctuate in response to changes in interest rates, the final NAV will be more stable. To that extent the interest rate risk will be mitigated at the maturity of the Scheme.
Liquidity or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.

Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.	A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.
Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
Derivatives Risk As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.
Risks associated with Equity investment	
Market Risk The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is a risk which is inherent to an equity scheme. The Scheme may use derivatives to limit this risk.

Liquidity risk The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	The fund will be a high risk, high return fund and the time horizon, until the market realizes the true value of the stocks that the fund has invested into, could be longer. As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.
Derivatives Risk As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	Derivatives will be used for the purpose of hedging/ portfolio balancing purposes. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. No OTC contracts will be entered into.
Risks associated with investment in ADR/ GDR/ overseas securities	
Currency Risk The Scheme may invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets may be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	Plans under the Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Plan. These conditions will be complied with immediately after the close of the NFO itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, the Plan shall be wound up in accordance with Regulation 39 (2) (c) of SEBI (MF) Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 working days of the date of closure of the New Fund Offer.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME

A close ended Capital Protection Oriented Fund

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

ICICI Prudential Capital Protection Oriented Fund III – Plan D is a close ended Capital Protection Oriented Fund. The investment objective of the Scheme is to seek to protect capital by investing a portion of the portfolio in highest rated debt securities and money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The securities would mature on or before the maturity of the Scheme.

However, there can be no assurance that the investment objective of the Scheme will be realized.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation of the Plan will be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Max	Min	High/Medium/Low
Debt securities & money market instruments#	100	80	Low to Medium
Equity & equity related securities	20	0	Medium to high

The Plan will make investments in debt securities which mature on or before the date of its maturity.

Any change in the investment pattern may be for a period of one month for defensive considerations. Any change in the asset allocation is for defensive consideration and the AMC shall endeavour to ensure that the capital remains protected till maturity. The portfolio would be reviewed and rebalanced within 30 days to address any deviations from the aforementioned allocations due to market changes. The Scheme shall not take any exposure to floating rate instruments.

On account of market conditions and considering the risk reward analysis of investing in equity and taking into consideration the interest of unit holders, the Scheme may invest the uninvested portion of equity allocation in highest rated CDs of Banks, CBLOs, Repo and Reverse Repo in Government Securities and Cash/Cash equivalent.

Note: The Plan may enter into derivative transactions on a recognized stock exchange, subject to the framework specified by SEBI. If the Plan decides to invest in equity derivatives it could be upto 100% of the allocation to equity. The margin money requirement for the purpose of derivative exposure may be held in the form of term deposits. The Scheme shall not take leverage positions and total investments, including investments in equity and other securities and gross exposure to derivatives, if any, shall not exceed net assets under management of the Scheme. The exposure to derivatives shall only be for portfolio rebalancing and hedging purpose.

Investment in ADR/ GDR/ foreign securities may be upto 100 % of the equity allocation.

The Plan shall invest only in AAA or equivalent short term rated papers. The Plan shall not invest in unrated papers.

The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the Plan.

Disclosure in terms of SEBI circular dated August 1, 2011.

Credit Rating / Instruments	AAA*	Not applicable
NCDs	83-88%	-
Equity & equity related securities	-	12-17%

* or equivalent short term rating

The above allocation is stated as a % of net assets of the Plan.

1. In case instruments/ securities as indicated above are not available, taking into account risk – reward analysis of such instruments/ securities, the Scheme may invest in Certificate of Deposits (CDs) of banks having highest ratings/ CBLOs/ Repo and Reverse Repo in Government securities/ Government securities / T-bills.
2. All investment shall be made based on the rating prevalent at the time of investment. In case security is rated by more than one rating agency, the most conservative rating would be considered.
3. The Scheme would not invest in unrated papers.
4. Post New Fund Offer and towards maturity of the Scheme, there may be higher allocation to cash and cash equivalent.
5. In the event of any deviations from the floor and ceiling of credit ratings specified for any instrument, the same shall be rebalanced with 30 days from the date of the said deviation.
6. Further, the allocation may vary during the tenure of the Scheme. Some of these instances are: (i) coupon inflow; (ii) the instrument is called or bought back by the issuer (iii) in anticipation of any adverse credit event. In case of such deviations, the Scheme may invest in Bank CDs of highest rating/ CBLOs/ Repo and Reverse Repo in Government securities / Government securities/ T-Bills.

There would not be any variation from the intended portfolio allocation as stated in the launch Scheme Information Document / Key Information Memorandum on the final allocation, except as specified in point no. 1, 4, 5 and 6.

In the event of any deviation from the asset allocation stated above, the Fund Manager shall review and rebalance the portfolio within 30 days from the date of such deviation except in case where the deviation is on account of the condition stated in point 1 and 6 above.

The Scheme shall not invest in securitised debt and Real Estate Securities in case of Fixed Income component.

Exposure to the securities rated by CARE at all times shall not exceed 20% of the Assets under Management (AUM) of the Scheme. The restriction shall continue to apply even in cases where the security is rated by CARE and any other Agency. However, this limit will not apply to securities issued by a Public Sector Undertaking (PSU). Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

The yield on debt securities at the time of purchase will not be more than 100 bps to the benchmark yield as stipulated under respective CRISIL & ICRA Bond Matrix as applicable to AAA instruments.

There can be no assurance that the investment objective of the Scheme will be realized. The Scheme will also review these investments from time to time keeping in view the extant SEBI Regulations and the Fund Manager may align the portfolio to the extent as considered beneficial

to the investors.

The Trust Company shall review the rating and portfolio of the Scheme on a periodic basis and will report the same in the half-yearly Trustee Report. The AMC will also report about the same in the bi-monthly Compliance Test Report.

The Scheme offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the Scheme and not from any bank guarantee, insurance cover etc

It may be noted that no prior intimation/indication would be given to investors when the composition/asset allocation pattern under the Scheme undergo changes within the permitted band as indicated above or for changes due to defensive positioning of the portfolio with a view to protect the interest of the unitholders for a period of one month. The investors/unit holders can ascertain details of portfolio of the Scheme/plan as on the last date of each month on AMC's website at www.icicipruamc.com which are displayed as per SEBI Regulations.

POSITION OF DEBT MARKET IN INDIA

The debt market in India is estimated at about Rs.20,00,000 crores as of now. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt varies from one year to Fifteen years. Recently some banks have also issued perpetual bonds. Securities may be both listed and unlisted and increasingly most securities of maturities of over one year are being listed by issuers. While in the corporate bond market, deals are conducted over telephone and are entered on principal-to-principal basis, due to the introduction of the Reserve Bank of India's NDS- Order Matching system a significant proportion of the government securities market is trading on the new system. The yields and liquidity on various securities currently are as under:

Issuer	Instrument	Maturity	Yields (%)	Liquidity
GOI	Treasury Bill	91 days	8.17 to 8.18	High
GOI	Treasury Bill	364 days	8.10 to 8.11	High
GOI	Short Dated	1-3 Yrs	7.84 to 8.09	High
GOI	Medium Dated	3-5 Yrs	8.01 to 8.18	High
GOI	Long Dated	5-10 Yrs	8.18 to 8.21	High
Corporates	Taxable Bonds (AAA)	1-3 Yrs	8.81 to 8.91	Medium
Corporates	Taxable Bonds (AAA)	3-5 Yrs	8.91 to 9.02	Low to medium
Corporates	CPs (A1+)	3 months	8.45 to 8.50	Medium to High
Corporates	CPs (A1+)	1 Yr	8.74 to 8.75	Medium

*Money Market yield
**Semi-annual yield
***Annualized yield

D. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the Section "How the Scheme will allocate its Assets", the corpus of the Plan can be invested in any (but not exclusive) of the following securities/ instruments:

1) Non Convertible Debentures (including Bonds) and non-convertible part of convertible securities

2) Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares.

3) Money market instruments permitted by SEBI/RBI

4) Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Interest Rate Derivatives, Exchange Traded Interest Rate Futures and such other derivative instruments permitted by SEBI/RBI.

5) ADRs/GDRs or other foreign securities, subject to the guidelines issued by Reserve Bank of India and Securities and Exchange Board of India.

6) Bank Fixed Deposits and any such instruments as permitted by SEBI and in accordance with the final allocation.

7) Securities created and issued/ guaranteed by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).

The securities/debt instruments mentioned above could be listed or unlisted, secured or unsecured and of varying maturity.

The Plan may enter into derivative transactions on a recognized stock exchange, subject to the framework specified by SEBI. If a Plan decides to invest in equity derivatives it could be upto 100% of the allocation to equity. The margin money requirement for the purpose of derivative exposure may be held in the form of term deposits. The Scheme shall not take leverage positions and total investments, including investments in equity and other securities and gross exposure to derivatives, if any, shall not exceed net assets under management of the Scheme. The exposure to derivatives shall only be for portfolio rebalancing and hedging purpose.

The Scheme will not undertake repos in corporate debt securities.

Negative list of sectors: The Scheme shall not invest in Securitised debt and Real Estate Securities in case of Fixed Income component.

E. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme endeavors to protect capital by investing a portion of the portfolio in highest rated debt securities & money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The allocation to equity and equity related securities would depend on interest rates prevailing at the time of deployment of funds in debt securities and the time horizon of each plan. It would typically be equal to the interest amount that can be earned from the debt securities for the tenure of the investment.

- The Scheme will follow a passive investment strategy for the fixed income component of the Scheme. The Scheme will invest in fixed income securities with a view to hold them till the maturity. To that effect the Scheme will follow a buy and hold strategy to investment in fixed income instruments.

- Exposure to the securities rated by CARE at all times shall not exceed 20% of the Assets under Management (AUM) of the Scheme. The restriction shall continue to apply even in cases where the security is rated by CARE and any other Agency. However, this limit will not apply to securities issued by a Public Sector Undertaking (PSU). Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

- The yield on debt securities at the time of purchase shall not be more than 100 bps to the benchmark yield as stipulated under respective CRISIL & ICRA Bond Matrix as applicable to AAA instruments.

- The fixed income component of the Scheme shall be invested in Central government securities or debt securities issued by corporate rated at AAA or equivalent rating

- The Scheme is 'oriented towards protection of capital' and not with 'guaranteed returns'. Further, the orientation towards protection of capital originates from the portfolio structure of the Scheme and not from any bank guarantee, insurance cover, etc.

- The Scheme shall endeavour to ensure capital protection by investing in debt the allocation not below the CARE indicative allocation at the time of launch. Capital protection will be provided solely through the fixed income part of the portfolio and the same shall be invested in securities that mature to capital value at the end of the Scheme.

- The debt component of the portfolio will always have the highest investment rate grading (AAA rating or equivalent from a rating agency).

- Whenever asset allocation is altered for defensive considerations, the AMC shall endeavour to ensure that the capital remains protected on maturity and also that the rating of the Scheme is not adversely affected.

- Fund manager may alter the asset allocation during subsequent deployment of funds provided such deployment is generated out of appreciation in value of existing investments. While making such asset allocations, fund manager would endeavor that capital remains protected on maturity and ensure rating of the Scheme is not adversely impacted.

Fixed Income Securities:

The Scheme will invest in a basket of permissible securities maturing on or before maturity of the Scheme. The Scheme will invest in securities with a view to hold them till the maturity of the Scheme. To that effect the Scheme will follow a buy and hold strategy to investment. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer. The AMC will be guided by the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of Rating Agencies.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Equities:

For the equity portion of the corpus, the AMC intends to invest in stocks, which will be bought, keeping in mind the time horizon of the Scheme. Stock specific risk will be minimized by investing only in those companies that have been thoroughly analyzed by the Fund Management team at the AMC. The AMC will also monitor and control maximum exposure to any one stock or one sector.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and / or to enhance Unitholders' interest.

Portfolio Turnover

Portfolio turnover is defined as the aggregate of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. A high portfolio turnover rate in the equity component of the portfolio may represent arbitrage opportunities that exist for scrips held in the portfolio. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived therefrom.

Credit Evaluation Policy for investment in debt securities:

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks so the Investment process is firmly research oriented. It comprises of qualitative as well as quantitative measures. Qualitative factors like management track record, group companies, resource-raising ability, extent of availability of banking lines, internal control systems, etc are evaluated in addition to the business model and industry within which the issuer operates as regards industry/model-specific risks working capital requirements, cash generation, seasonality, regulatory environment, competition, bargaining power, etc. Quantative factors like debt to equity ratio, Profit and loss statement analysis, balance sheet analysis.

Macroeconomic call is taken on interest rate direction by careful analysis of various influencing factors like Inflation, Money supply, Private sector borrowing, Government borrowing, Currency market movement, Central Bank policy, Local fiscal and monetary policy, Global interest rate scenario and Market sentiment. Interest rate direction call is supplemented by technical analysis of market and short term influencing factors like trader position, auction/issuance of securities, release of economic numbers, offshore market position, etc. Interest Rate direction call and anticipation of yield curve movement forms the basis of portfolio positioning in duration and spread terms.

Credit research is done on a regular basis for corporate having high investment grade rating. Credit research includes internal analysis of rating rationale, and financial statements (annual reports and quarterly earnings statements) of the issuer, for the last 1-3 years evaluating amongst other metrics, relevant ratios of profitability, capital adequacy, gearing, turnover and other inputs from external agencies. On an ongoing basis, the credit analyst keeps track of credit profile of the issuer, possible credit risks reflected in change in outlook of rating agencies, external developments affecting the issuer etc. Internal credit call is a pre-requisite for all investments since the investment universe is primarily high-grade credit instruments. Credit research is also used to minimize credit migration risk and for generating relative value trade ideas. Stable to higher rating on maturity vis-à-vis issuance is the guiding factor for investment decisions from credit point of view.

Procedure followed for investment decisions:

a) The Fund Manager of each Scheme is responsible for making buy/sell decisions in respect of the securities in the respective scheme portfolios.

b) The AMC has an Internal Investment Committee comprising the Chief Executive Officer & Managing Director, the Chief Investment Officer (CIO)- Fixed Income, the CIO – Equity and Fixed Income(CIO), Fund Managers and Credit Analysts who meet at periodic intervals. The Investment Committee, at its meetings, reviews the performance of the schemes and general market outlook and formulates broad investment strategy. The Managing Director attends the meeting at his discretion.

c) The CIO who chairs the Investment Committee Meetings guides the deliberations at Investment Committee. He, on an ongoing basis, reviews the portfolios of the schemes and gives directions to the respective fund managers, where considered necessary. It is the ultimate responsibility of the CIO to ensure that the investments are made as per the internal/Regulatory guidelines, Scheme investment objectives and in the best interest of the unitholders of the respective schemes.

d) The Managing Director makes a presentation to the Board of the AMC at its meetings indicating the performance of the Schemes.

e) The Scheme will be benchmarked against the prices of CRISIL MIP Blended Index. The benchmark may be changed in future, if a benchmark better suited to the investment objective of the Scheme is available. The Trustee reserves right to change the benchmark for performance of any of the Scheme by suitable notification to the investors to this effect.

f) The Managing Director brings to the notice of the Board specific factors, if any, which are impacting the performance of Scheme. The Board on consideration of all relevant factors may, if necessary, give directions to AMC. Similarly, the performance of the Schemes is submitted to the Trustees. The Managing Director explains to the Trustees the details on Schemes' performance vis-à-vis the benchmark returns.

g) Subsequent to the issue of Circular No.MFD/CIR/9/120/2000 dated November 24, 2000, the Board has constituted a Committee to approve the investment in un-rated debt securities. All such investments, as and when are made, will be placed before the Board of Directors of AMC for its review. All such investments are also approved by the Board of Directors of Trustee Company.

h) The AMC has been recording investment decisions since the receipt of instructions from SEBI, in terms of SEBI's circular no. MFD/CIR/6/73/2000 dated July 27, 2000.

i) The Chief Executive Officer & Managing Director of the AMC shall ensure that the mutual fund complies with all the provisions of SEBI (Mutual Funds) Regulations, 1996, as amended from time to time, including all guidelines, circulars issued in relation thereto from time to time and that the investments made by the fund managers are in the interest of the unit holders and shall also be responsible for the overall risk management function of the mutual fund.

j) The Fund managers shall ensure that the funds of the Scheme are invested to achieve the investment objectives of the schemes and in the interest of the unit holders.

Exposure to Derivatives

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund Regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time. SEBI has vide its Circular DNPD/Cir-29/2005 dated September 14, 2005 and DNPD/Cir-29/2005 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010 specified the guidelines pertaining to trading by Mutual Fund in Exchange trades derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

i. Position limit for the Fund in index options contracts

a. The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.

b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Fund in index futures contracts:

a. The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.

b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:

a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund's holding of stocks.

b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for the Fund for stock based derivative contracts

The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, :-

a. For stocks having applicable market wide position limit (MWPL) of Rs. 500 crores or more, the combined futures and options limit shall be 20% of applicable MWPL or Rs. 300 crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 crores, whichever is lower

b. For stocks having applicable market wide position limit (MWPL) less than Rs. 500 crores or more, the combined futures and options limit shall be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 crores, whichever is lower

c. The MWPL and client level position limits however would remain the same as prescribed

v. Position limit for the Scheme

The position limits for the Scheme and disclosure requirements are as follows–

a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher
of:
1% of the free float market capitalisation (in terms of number of shares).
Or
5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

c. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index."

The Scheme will comply with provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions as stated below:

1) The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme.

2) Mutual Funds shall not write options or purchase instruments with embedded written options.

3) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.

4) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

5) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following

   a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
   b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
   c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
   d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken

6) Mutual Funds may enter into interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the Scheme.

7) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

i) Interest Rate Swaps and Forward rate Agreements

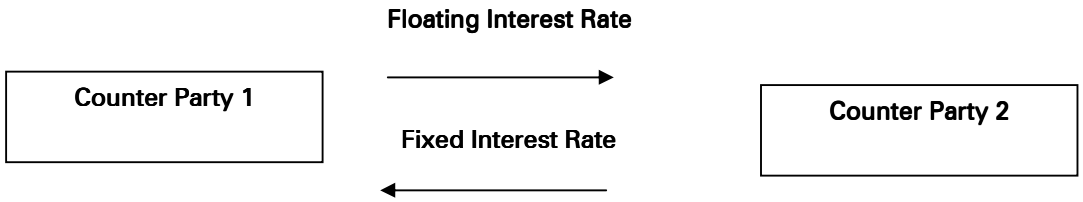

Benefits

Bond markets in India are not very liquid. Investors run the risk of illiquidity in such markets. Investing for short-term periods for liquidity purposes has its own risks. Investors can benefit if the Fund remains in call market for the liquidity and at the same time take advantage of fixed rate by entering into a swap. It adds certainty to the returns without sacrificing liquidity.

Illustration

The following are illustrations how derivatives work:

Basic Structure of an Interest Rate Swap

In the above illustration,

Basic Details : Fixed to floating swap

Notional Amount : Rs. 5 Crores
Benchmark : NSE MIBOR
Deal Tenor : 3 months (say 91 days)

Documentation : International Securities Dealers Association (ISDA).
Let us assume the fixed rate decided was 10%.

At the end of three months, the following exchange will take place:

Counter party 1 pays : compounded call rate for three months, say 9.90%

Counter party 2 pays fixed rate: 10%

In practice, however, the difference of the two amounts is settled. Counter party 2 will pay:

Rs 5 Crores *0.10%* 91/365 = Rs. 12,465.75

Thus the trade off for the Fund will be the difference in call rate and the fixed rate payment and this can vary with the call rates in the market. Please note that the above example is given for illustration purposes only and the actual returns may vary depending on the terms of swap and market conditions.

ii) Index Futures:
Benefits
a) Investment in Stock Index Futures can give exposure to the index without directly buying the individual stocks. Appreciation in Index stocks can be effectively captured through investment in Stock Index Futures.

b) The Fund can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The Stock Index futures are instruments designed to give exposure to the equity market indices. The Stock Exchange, Mumbai and The National Stock Exchange have started trading in index futures of 1, 2 and 3-month maturities. The pricing of an index future is the function of the underlying index and interest rates.

Illustration
Spot Index: 1070
1 month Nifty Future Price on day 1: 1075
Fund buys 100 lots
Each lot has a nominal value equivalent to 200 units of the underlying index

Let us say that on the date of settlement, the future price = Closing spot price = 1085

Profits for the Fund = (1085-1075)* 100 lots * 200 = Rs 200,000

Please note that the above example is given for illustration purposes only.

The net impact for the Fund will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

iii) Buying Options:
Benefits of buying a call option:
Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

For example, if the fund buys a one month call option on Satyam Computers at a strike of Rs. 150, the current market price being say Rs.151. The fund will have to pay a premium of say Rs. 15 to buy this call. If the stock price goes below Rs. 150 during the tenure of the call, the fund avoids the loss it would have incurred had it straightaway bought the stock instead of the call option. The fund gives up the premium of Rs. 15 that has to be paid in order to protect the fund from this probable downside. If the stock goes above Rs. 150, it can exercise its right and own Satyam Computers at a cost price of Rs. 150, thereby participating in the upside of the stock.

Benefits of buying a put option

Buying a put option on a stock originally held by the buyer gives him/her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

For example, if the fund owns Satyam computers and also buys a three month put option on Satyam Computers at a strike of Rs. 150, the current market price being say Rs.151. The fund will have to pay a premium of say Rs. 12 to buy this put. If the stock price goes below Rs. 150 during the tenure of the put, the fund can still exercise the put and sell the stock at Rs. 150, avoiding therefore any downside on the stock below Rs. 150. The fund gives up the fixed premium of Rs. 12 that has to be paid in order to protect the fund from this probable downside. If the stock goes above Rs. 150, say to Rs. 170, it will not exercise its option. The fund will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 170.

(v) Risks attached with the use of derivatives: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

Derivatives products are leveraged instruments and provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify to execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

(vi) Valuation of Derivative Products:

I. The traded derivatives shall be valued at market price in conformity with the stipulations of sub clauses (i) to (v) of clause 1 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended from time to time.

ii The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 as amended from time to time.

(vii) Risk attached with the use of Interest Rate Derivatives:

While Interest Rate Derivatives are powerful new tools, the investor should understand instrument and its risk-return profile. The Derivatives unlike plain cash market instrument, requires greater expertise and it could cause damage if used without proper analysis. It driven by the demand & supply of money, monetary & credit policy viz. Bank rate, Repo rate etc., exchange rate policy, inflation, economic growth & investment avenues etc. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Even a small price movement in the underlying security could have a large impact on their value.

F: FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Plan	Benchmark
Plan D - 36 Months Plan	CRISIL MIP Blended Index

CRISIL MIP Blended Index has been arrived in consultation with AMFI (Association of Mutual Funds of India) for benchmarking the performance of the funds which are generally hybrid schemes with predominant exposure to debt and some allocation to equity.

The CRISIL MIP (Monthly Income Plan) Blended Index is designed to track the returns on a Portfolio that includes Equity instruments and also the Debt Instruments like CBLOs, Commercial Paper, Certificate of Deposit, Government Securities and also Corporate Bonds.

The composition of the aforesaid benchmark is such that, they are most suited for comparing performance of the Scheme. The Trustee reserves the right to change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

Further, all transactions in government securities shall be in dematerialised form.

16) As per SEBI Circular No. SEBI / IMD / CIR No.3 / 166386 / 2009 dated June 15, 2009, no mutual fund scheme shall invest more than thirty percent of its net assets in money market instruments of an issuer. Provided that such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.

17) Exposure to the securities rated by the CARE at all times shall not exceed 20% of the Assets under Management (AUM) of the Scheme. The restriction shall continue to apply even in cases where the security is rated by the Rating Agency and any other agency. However, this limit will not apply to securities issued by a Public Sector Undertaking (PSU). Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

18) The Scheme may invest in ADRs/GDRs, equity of overseas companies listed on recognized stock exchanges overseas and other securities in accordance with the provisions of SEBI Circular No. SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007 and SEBI/IMD/CIR No. 122577/08 dated April 8, 2008 and circular issued on the subject from time to time.

J. HOW HAS THE SCHEME PERFORMED?

"This scheme is a new scheme and does not have any performance track record"

III. UNITS AND OFFER

This section provides details you need to know for investing in the Scheme.

A. NEW FUND OFFER (NFO)

Plan	New Fund Offer opens	New Fund Offer closes
Plan D – 36 Months Plan	January 07, 2013	January 15,2013
The AMC reserves the right to extend or pre close the New Fund Offer (NFO) period, subject to the condition that the NFO Period including the extension, if any, shall not be kept open for more than 15 days or for such period as allowed by SEBI.		
New Fund Offer Price: This is the price per unit that the investors have to pay to invest during the NFO.	The corpus of the Plan will be divided into Units having an initial value of Rs.10 each. Units can be purchased during the New Fund Offer Period only.	
Minimum Amount for Application in the NFO	Rs. 5,000/- and in multiples of Rs. 10 thereafter. The minimum application amount applies to switch also	
Minimum Target amount This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return. However, if AMC fails to refund the amount within 5 working days from the closure of NFO period, interest as specified by SEBI (currently 15% p.a.) will be paid to the investors from the expiry of 5 working days from the date of closure of the subscription period.	During the New Fund Offer period of the Plans under the Scheme, each Plan seeks to raise a minimum subscription of Rs.20 crores. MICR Cheques will be accepted till the end of business hours upto January 15, 2013. Transfer cheques and Real Time Gross Settlement (RTGS) will be accepted till the end of business hours upto January 15, 2013. Switch-in requests will be accepted upto January 15, 2013 till the cut-off time applicable for switches.	
Maximum Amount to be raised (if any) This is the maximum amount which can be collected during the NFO period, as decided by the AMC.	There is no Maximum Amount.	
Plans / Options offered	Direct Plan – Cumulative Option Direct Plan – Dividend Option Regular Plan - Cumulative Option Regular Plan - Dividend Option All the options stated above will have a common portfolio. Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund. Direct Plan shall be the default Plan. Thus, if the Purchase/ Switch application does not specifically state the details of the plan then the same shall be processed under the Direct Plan if no distributor code is mentioned in the application. Otherwise it shall be processed under the Regular plan. Further, Cumulative Option shall be default option under both the stated plans. Dividend Payout is the only facility available under the Dividend Option. The Trustee reserves the right to declare dividends under the Scheme depending on the net distributable surplus available under the Scheme. It should, however, be noted that actual distribution of dividends and the frequency of distribution will depend, inter-alia, on the availability of	

	distributable surplus and will be entirely at the discretion of the Trustee.
Dividend Policy	Dividends, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders whose names appear in the Register of Unit holders on the record date. In case of Units held in dematerialized mode, the Depositories (NSDL/CDSL) will give the list of demat account holders and the number of Units held by them in electronic form on the Record date to the Registrars and Transfer Agent of the Mutual Fund. Further, the Trustee at its sole discretion may also declare interim dividend. However, it must be distinctly understood that the actual declaration of dividend and the frequency thereof will inter-alia, depend on the availability of distributable profits as computed in accordance with SEBI Regulations. The decision of the Trustee in this regard shall be final. On payment of dividends, the NAV will stand reduced by the amount of dividend and dividend tax (if applicable) paid.
Dividend	The dividend warrants shall be dispatched to the unitholders within 30 days of the date of declaration of the dividend.
Allotment	All Applicants whose cheques towards purchase of Units have realised will receive a full and firm allotment of Units, provided also the applications are complete in all respects and are found to be in order. For applicants applying through 'APPLICATIONS SUPPORTED BY BLOCKED AMOUNT (ASBA)', on allotment, the amount will be unblocked in their respective bank accounts and account will be debited only to the extent required to pay for allotment of Units applied in the application form. The AMC shall allot units within 5 Business Days from the date of closure of the NFO period. The Trustee retains the sole and absolute discretion to reject any application. Applicants under each of the respective Plan(s) offered under the Scheme will have an option to hold the Units either in physical form (i.e. account statement) or in dematerialized form. Dematerialization The Applicants intending to hold the Units in dematerialized mode will be required to have a beneficiary account with a Depository Participant of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units during the NFO of the respective Plan(s). The Units allotted will be credited to the DP account of the Unit holder as per the details provided in the application form. The statement of holding of the beneficiary account holder for units held in demat will be sent by the respective DPs periodically.

	It may be noted that trading and settlement in the Units of respective Plan(s) over the stock exchange(s) (where the Units are listed) will be permitted only in electronic form. If the Unit holder desires to hold the Units in a Dematerialized / Rematerialized form at a later date, the request for conversion of units held in Account Statement (non demat) form into Demat (electronic) form or vice versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants. However, the Trustee / AMC reserves the right to change the dematerialization / rematerialization process in accordance with the procedural requirements laid down by the Depositories, viz. NSDL/ CDSL and/or in accordance with the provisions laid under the Depositories Act, 1996. Normally no Unit certificates will be issued. However, if the applicant so desires, the AMC shall issue a non-transferable Unit certificate to the applicant within 5 Business Days of the receipt of request for the certificate. Unit certificate if issued must be duly discharged by the Unit holder(s) and surrendered alongwith the request for Redemption / Switch or any other transaction of Units covered therein. All Units will rank pari passu, among Units within the same Option in the Scheme concerned as to assets, earnings and the receipt of dividend distributions, if any, as may be declared by the Trustee.
Refund	If application is rejected, full amount will be refunded within 5 working days of closure of NFO. If refunded later than 5 working days of closure of NFO, interest @ 15% p.a. for delay period will be paid and charged to the AMC.

The maturity date of such Fixed Maturity Plan or close ended schemes should fall during the New Fund Offer period of the Scheme. For switch-in requests from any open ended scheme received under this Scheme during NFO, switch-out requests from the open ended Scheme will be effected based on the applicable NAV as on the closure date of the NFO of the plan under this Scheme, whereas the switch-in requests under the Scheme will be processed on the date of the allotment of the Units. AMC shall not be liable for losses incurred due to NAV changes, if any, by the investor due to the time lag between switch-outs happening on closure date of the NFO and the switch-in into the Plans under the Scheme to be processed on the allotment date.
Switch out from the Scheme	Investors are requested to note that a facility has been enabled for submitting switch out request 10 calendar days in advance, prior to the maturity date of the Scheme. The switch out transaction will be processed based on the applicable Net Asset Value (NAV) on the date of maturity. This facility is enabled for switch in to any of the New Fund Offers or any open-ended scheme of ICICI Prudential Mutual Fund. Investors are requested to note that switch out requests once submitted shall not be cancelled at later date. The AMC shall not be liable for any loss due to subsequent movement in NAV.
Consolidated Account Statement (CAS)	1. The Consolidated Account Statement (CAS) for each calendar month will be issued on or before tenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN). Due to this regulatory change, AMC shall now cease to send physical account statement to the investors after every

	financial transaction** including systematic transactions. Further, CAS will be sent via email where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records. **The word 'financial transaction' shall include purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan and bonus transactions. 2. For folios not included in the Consolidated Account Statement (CAS), the AMC shall henceforth issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. In case of a New Fund Offer Period (NFO), the AMC shall send confirmation specifying the number of units allotted to the applicant by way of a physical account statement or an email and/or SMS's to the investor's registered address and/or mobile number not later than five business days from the date of closure of the NFO. 3. In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request. 4. In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS. Further, in case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Schemes of all mutual funds, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before tenth day of succeeding month, unless a specific request is made to receive the same in physical form. In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically. The AMC reserve the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).
Transaction Charges	Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 transaction charge per subscription of Rs.10,000/- and above may be charged in the following manner:

	i. The existing investors may be charged Rs.100/- as transaction charge per subscription of Rs.10,000/- and above; ii. A first time investor may be charged Rs.150/- as transaction charge per subscription of Rs.10,000/- and above. There shall be no transaction charge on subscription below Rs. 10,000/- and on transactions other than purchases/ subscriptions relating to new inflows. Investors may note that distributors can opt to receive transaction charges based on 'type of the Scheme'. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable. The aforesaid transaction charge shall be deducted by the Asset Management Company from the subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested in the relevant scheme opted by the investor. However, upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by such distributor. **Transaction Charges shall not be deducted if:** • Purchase/Subscription made directly with the fund through any mode (i.e. not through any distributor/agent). • Purchase/ subscription made through stock Exchange, irrespective of investment amount. CAS/ Statement of account shall state the net investment (i.e. gross subscription less transaction charge) and the number of units allotted against the net investment.
Cash Investments	Pursuant to SEBI circular dated September 13, 2012, it is permitted to accept cash transactions to the extent of Rs. 20,000/- subject to compliance with Prevention of Money Laundering Act, 2002 and Rules framed there under and the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable AML rules, regulations and guidelines. Provided that the limit shall be applicable per investor for investments done in a financial year across all schemes of the Mutual Fund, subject to sufficient systems and procedures in place for such acceptance. However any form of repayment either by way of redemption, dividend, etc. with respect to such cash investment shall be paid only through banking channel. The Asset Management Company is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard

	will be provided to Investors as and when the facility is made available.

B. ONGOING OFFER DETAILS

Ongoing Offer Period This is the date from which the scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	Being a close-ended Scheme, investors can subscribe to the Units of the Scheme during the New Fund Offer Period only and the Scheme will not reopen for subscriptions after the closure of NFO. To provide liquidity to the investors, the Fund proposes to list the units on one or more of the recognised stock exchange.
Ongoing price for subscription (purchase)/switch-in (from other schemes/plans of the mutual fund) by investors.	Units cannot be subscribed after the closure of NFO. After the NFO, the persons can invest in the Scheme only through demat mode by purchasing the units on BSE or any other Stock Exchange where the Scheme will list its units.
Redemption of Units	No redemption/repurchase of units shall be allowed prior to the maturity of the Scheme. Investors wishing to exit may do so by selling their units through stock exchanges. The Scheme shall be fully redeemed on the date of maturity and redemption proceeds shall be paid out within 10 business days, subject to availability of all relevant documents and details.
Where can the applications for purchase/redemption switches be submitted?	The details of official points of acceptance, collecting banker etc. are provided on back cover page. Applications for purchase can be submitted only during the New Fund Offer of the Scheme. Applications for Redemption/Switches can only be submitted at the time of maturity of the Scheme.
Minimum amount for purchase on an ongoing basis	Being close ended scheme, investors can subscribe to the units of the Scheme during New Fund Offer period only and the Scheme will not re-open for subscription after the closure of NFO.
Special Products / facilities available	Not Available
Dividend	The dividend warrants shall be dispatched to the unitholders within 30 days of the date of declaration of the dividend.
Maturity	The redemption proceeds on maturity, subject to availability of all relevant documents/details, shall be dispatched to the unitholders within 10 working days from the date of maturity of the Scheme. If the maturity date falls on a non business day, the immediately following business day will be considered as the maturity date for the Scheme.
Delay in payment of maturity proceeds	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). The AMC shall not be liable to pay such interest if the delay is attributable to any act or omission on the part of unitholders, its agents, assigns or successors.
Bank Account Details	As per the directives issued by SEBI, it is mandatory for

	applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Fund retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained. **Bank Mandate Requirement** For all fresh purchase transactions made by means of a cheque, where the account on which the cheque is drawn for purchase of units differs from the bank mandate account provided in the application, a copy of blank/cancelled cheque of bank mandate account is required to be provided. This condition is also applicable to all purchase transactions made by means of a Demand Draft. In case the application is not accompanied by the original cheque, the AMC reserves the right to reject the application, also the AMC will not be liable in case the redemption/dividend proceeds are credited to wrong account in absence of above original cheque.

In addition to the limits specified above the following costs or expenses may be charged to the scheme, namely:

(i) The AMC may charge service tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations.

(ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by the Securities and Exchange Board of India, from time to time are at least –

- 30 per cent of the gross new inflows into the scheme, or;
- 15 per cent of the average assets under management (year to date) of the scheme,

whichever is higher;

Provided that if inflows from such cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities;

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

(iii) Additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4) of Regulation 52 of the Regulations, not exceeding 0.20 per cent of daily net assets of the scheme.

Additionally at least 2 basis points on daily net assets within the maximum limit of overall expense Ratio shall be annually set apart for investor education and awareness initiatives.

Further, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Service tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

Subject to Regulations, expenses over and above the prescribed limit shall be borne by the Asset Management Company.

C. LOAD STRUCTURE

Load is an amount, which is paid by the investor to redeem the units from the Scheme. This amount is used by the AMC to pay trail commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.icicipruamc.com) or may call your distributor.

i) **Entry Load:** Not Applicable. In terms of SEBI circular no. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 has notified that w.e.f. August 01, 2009 there will be no entry load charged to the schemes of the Mutual Fund and the upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor

ii) **Exit Load:** Being a listed scheme, no exit load will be applicable.

Investors shall note that the brokerage on sales of the units of the Schemes on the stock exchanges shall be borne by the investors.

D. WAIVER OF LOAD FOR DIRECT APPLICATIONS

Pursuant to SEBI Circular No. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, no entry load shall be charged for all the Mutual Funds Schemes. Therefore the procedure for the waiver of load for direct application is no longer applicable.

   1. Erstwhile Bank of Madura extended lease finance of USD 72,000 (INR Rs.258.0 Million) to the company in the year for import of capital goods from IPTE, USA. At the request of IPTE, USA, the entire lease finance was placed in FCNR deposits with EBOM in the name of ETKIF America Inc., Chennai, an Overseas Corporate Body. EBOM marked lien on these deposits towards adjustment of lease finance and remitted balance proceeds to ORJ towards equity participation by IPTE, USA. Later it was found on the investigations conducted by DRI Officials of Customs that Capital Goods imported were of Indian origin and the machineries were manufactured and exported from India and the same machineries were imported in the same container with inflated value.

      Based on DRI's report, Commissioner of Customs adjudicated and imposed fine of Rs.10.0 Mn on the Bank for alleged violation of Customs Act. On appeal of ICICI Bank (the Bank) Customs Tribunal remanded the matter to another Commissioner for fresh adjudication. The Commissioner imposed Customs duty of Rs.12,86,61,198/- payable by Bank and ORJ jointly and severally, and increased penalty of Rs.5,00,00,000/- on the Bank. The Bank filed an appeal before Customs Tribunal and obtained interim stay and waiver of pre-deposits. As the interim stay obtained by ORJ still continues and Customs Dept. is yet to take steps for vacating stay and inspite the Bank's contentions before CESTAT to go ahead with the appeal filed by the Bank, CESTAT adjourned the matter and as there was no sitting and the case is reposted to January 24, 2012.

      Enforcement Directorate initiated proceedings under FERA against the Bank and Official and imposed fine of Rs.1.0 Mn and Rs.0.1 Mn on the Bank and the Official respectively. The Bank filed an appeal before the FERA Appellate Tribunal and obtained conditional stay. The Bank also challenged the conditional order before MHC and obtained stay of further proceedings. The appeal filed by the Bank alongwith other appeals are being reposted for final arguments

   2. **RBI had conducted a scrutiny** in the accounts of M/s Jai Ganga Construction Co. at Dehradun Road, Roorkee branch of the Bank, and M/s Saha Enterprises at Viveka nanda Road, Kolkata branch of the Bank during 2009. Subsequently they have issued a show cause notice dated April 16, 2010 charging the ICICI Bank of negligence in adhering to the extant KYC/AML guidelines DBOD.AML.BC.18/14.01.001/2002-03 dated August 16, 2002 (Amended from time to time). RBI has informed vide the above mentioned notice that in both cases Bank has not collected appropriate KYC documents, did not monitor the accounts and has not submitted the CTR /STR to FIU-IND. In the case of M/s Jai Ganga

Construction Co., RBI observed that Bank had not done risk categorization and no threshold limit was fixed for transactions in the account.

RBI has accordingly called upon the Bank vide their mentioned notice, to show cause as to why a penalty of Rs. 35 lacs should not be imposed u/s 46(4)(i) read with 47-A(1)(b) of the B R Act, 1949. Bank has responded to RBI on April 28, 2010, giving a point-wise reply to show that it has acted in compliance with the extant RBI guidelines in respect of the charges mentioned in the notice, and has submitted suitable evidences of compliance for the same. Bank has further requested RBI to provide a personal hearing for making these submissions and requested RBI not to impose a penalty for the same. Subsequently, the Bank had a personal hearing with the Executive Director of RBI on October 11, 2010. Further response from RBI is awaited.

3. **ICICI Bank had received a show cause notice from the RBI dated** January 6, 2011 for violation of Foreign Exchange Management Act, 1999 - Section 11 (3) pertaining to operations of vostro accounts of banks based in Nepal and Bhutan. The said notice was sent by the RBI pursuant to the Bank's letters dated October 26, 2009 and December 16, 2009. RBI has called upon the explanations from the Bank vide their notice dated January 6, 2011. Bank has responded to RBI on January 25, 2011, requesting to condone the matters relating to operations of the vostro accounts of banks based in Nepal and Bhutan as the discrepancies were detected by the Bank and was promptly brought to the notice of RBI. The Bank also requested RBI to provide a personal hearing to explain and clarify its position. Subsequently, the Bank had a personal hearing with the Chief General Manager of RBI on February 25, 2011. Further response from RBI is awaited.

4. **ICICI Bank had received a show cause notice from the RBI dated July 29, 2011** with regard to non-filling of form FC-GPR by the Bank on behalf of AAA & Sons Enterprises Private Limited (AAA) for an amount of USD 749.99 million for an FDI transaction for which remittance was received on December 17, 2007. RBI has called upon the Bank to show cause with specific reasons as to why penalty should not be imposed on the Bank under Section 11(3) of FEMA 1999. Bank has responded to RBI on August 22, 2011, requesting to condone the delay in filing of the Part-A of Form FC-GPR as the delay in reporting occurred due to non-rectification of certain discrepancies in FC-GPR submitted by AAA to the Bank, despite the Bank's repeated emails. The Bank also requested RBI to provide a personal hearing to explain and clarify its position. Subsequently, the Bank had a personal hearing with the Executive Director of RBI on September 28, 2011. Further response from RBI is awaited.

5. **ICICI Bank had received a show cause notice from the RBI dated** August 18, 2011 with regard to the special scrutiny (of accounts of agents/franchisees of SpeakAsia Online Pte Ltd.) conducted between May 16 to 20, 2011 where certain KYC/AML related deficiencies/irregularities were observed in opening and conduct of the accounts. The Bank has responded to RBI on September 5, 2011 and requested RBI to provide a personal hearing. Subsequently, the Bank had a personal hearing with the Chief General Manager of RBI on October 10, 2011. Further response from RBI is awaited.

6. **ICICI Bank received a show cause notice dated November 20, 2009 from Nagpur Municipal Corporation** as to why the 10 times penalty should not be levied for non-payment of octroi tax on import of 119.5 kg gold coins imported by ICICI Bank. The reply to which was filed by the Bank on the November 25, 2009. Thereafter, the Corporation issued a letter dated December 2, 2009 granting the Bank a date of hearing for the December 4, 2009. An extension was sought by the Bank however, the same was granted and demand notice for payment of Octroi + ten times penalty was issued on the December 5, 2009 for an amount of Rs. 1,11,10,556. The bank vide it reply dated December 8, 2009 enclosed a sum of Rs. 11,10,556 (Eleven Lakhs Ten Thousand and Five Hindered and Fifty Six Rupees Only) towards octroi tax. The Corporation vide its letter dated December 16, 2009 informed the bank the matter maybe taken up with a superior

authority i.e. Addl. Dy. Municipal Commissioner (1). Accordingly, the bank filed an appeal with the Addl. Dy. Municipal Commissioner (1) on the December 18, 2009. The assistant Superintendent octroi of the Corporation sent a letter dated January 1, 2010 demanding payment of Rs. 1,11,10,556 to be made within a period of 21 days. Subsequently, letter dated January 7, 2010 was received by the Bank on January 11, 2010 whereby the Addl. Dy. Municipal Commissioner (1) granted the bank date of hearing for the January 12, 2010. The bank requested for time extension in pursuance to which the corporation postponed the date to January 19, 2010. During the hearing the Corporation was made of aware of the fact that the bank had approached the corporation on suo moto basis and there is no deliberate intention or 'mens rea' displayed in terms of 'evasion' of octroi whereby penalty has been levied. The Addl. Dy. Municipal Commissioner of the corporation vide its order dated February 6, 2010 has rejected the arguments put forth by the bank. The said order was received on the February 17, 2010. The Bank accordingly has filed a writ petition on the February 22, 2010 before the Nagpur Bench. The Hon'ble Court was pleased to grant ad-interim stay in terms of operation and implementation of the impugned notices and orders and also to restrained the Corporation from encashing the cheque given by ICICI Bank Ltd. However, the matter was heard on the April 6, 2010 whereby the Hon'ble Court struck down the bill dated December 5, 2009 and notice of demand dated January 1, 2010 and remanded the matter back to the Corporation for disposal on merit. The bank made submission in writing on April 20, 2010 to the Asst. Commissioner in continuation to show cause notice dated November 20, 2009 and in pursuance to the order passed by the Court. On May 11, 2010 The Bank received orders passed by Asst. Commissioner dismissing the arguments presented on April 20, 2010. The Bank has filed objections before the Addl. Dy. Municipal Commissioner against the order passed by Asst. Municipal Commissioner for which the matter was heard on June 2, 2010. Addl. Dy. Municipal Commissioner has passed an adverse order. The Bank has filed a Writ Petition at the High Court, Nagpur Bench. The last date of hearing was November 29, 2011 wherein the High Court observed that only the Addl. Dy. Municipal Commissioner has the power to hear the matter and the same cannot be delegated. The next date of hearing is yet to be confirmed.
