Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Kotak Nifty Bank ETF
II.	Category of the Scheme	Other - ETFs
III.	Scheme type	An open-ended scheme replicating/ tracking Nifty Bank index
IV.	Scheme code	KOTM/O/O/EET/14/10/0032
V.	Investment objective	The investment objective of the scheme is to provide returns before expenses that closely correspond to the total returns of stocks as represented by the Nifty Bank Index subject to tracking errors. There is no assurance or guarantee that the investment objective of the scheme will be achieved.
VI.	Liquidity/listing details	Liquidity: The Units of the Scheme can be purchased/ redeemed on a continuous basis on the Stock Exchanges during the trading hours like any other publicly listed security. The AMC shall appoint at least two Market Makers (MMs), who are members of the Stock Exchanges, for ETFs to provide continuous liquidity on the stock exchange platform by providing two-way quotes in the units of the Scheme during trading hours. Ongoing purchases / redemptions directly from the Mutual Fund would be restricted to Market Makers and Large Investors (subject to transactions greater than INR 25 crores or such other amount as may be specified by SEBI from time to time) provided the value of units to be purchased / redeemed is in creation unit size or multiples thereof. The aforesaid limit of Rs.25 crores is not applicable for Market Makers. Market Makers / Large Investors may exchange Portfolio Deposit / cash equivalent to the portfolio deposit and applicable cash component and transaction handling charges for Purchase / Redemption of Units of the Scheme in 'Creation Unit' size or in multiples thereof directly from the Mutual Fund, as defined by the Scheme for that respective Business Day. Unit holdings in less than the Creation Unit size can normally only be sold through the secondary market, except in situations mentioned under 'Exit opportunity in case of ETF for investors other than Market Makers and Large Investors' in the SID. Depending on the market volatility, liquidity conditions and any other factors, the AMC may, at its sole discretion, decide to accept subscription/redeem Units of the Scheme either in

		“Cash”, “in-kind”/Portfolio Deposit (through slice of the entire Portfolio excluding G-Sec, TREPS and Repo in Government Securities) or the combination of both, subject to SEBI (MF) Regulations and circulars issued thereunder from time to time Listing: The units of the Scheme are listed on NSE on allotment under intimation to SEBI. It may also list on any other exchanges subsequently. AMC has proposed to engage MM for creating liquidity for ETFs in the stock exchange so that investors are able to buy or redeem units on the stock exchange using the services of a stockbroker.
VII.	Benchmark (Total Return Index)	The performance of the Scheme is measured against Nifty Bank Index (Total Return Index) Benchmark Rationale - As the Scheme is an Exchange Traded Fund and would replicate/track the securities constituting Nifty Bank Index (TRI), the said Index is most suited for comparing the performance of the Scheme.

Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Stocks comprising Nifty Bank Index*	95%	100%
Cash and debt/money market instruments**	0%	5%

*Exposure to equity derivatives of the index itself or its constituent stocks may be required in certain situations wherein equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period etc. The gross position to such derivatives will be restricted to 10% of net assets of the scheme.

** Investment in Debt instruments (for liquidity purpose) will be of less than 1-year residual maturity 23 The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal circumstances, such tracking errors are not expected to exceed 2% per annum. However, this may vary when the markets are very volatile However, there can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

As per para 12.24 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the cumulative gross exposure through equity, debt, derivative positions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.

Pursuant to para 12.25 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024 and SEBI Letter to AMFI dated November 03, 2021, Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Cash Equivalent shall consist of the following securities having residual maturity of less than 91 days:

- Government Securities;
- T-Bills; and
- Repo on Government securities.

Subject to the Regulations and the applicable guidelines issued by SEBI, the Trustee may permit the Fund to engage in securities lending and borrowing and short selling. At present, since only lending is permitted, the Fund may temporarily lend securities held with the Custodian to reputed counter-parties or on the exchange, for a fee, subject to prudent limits and controls for enhancing returns. The Fund, as per the current regulations is allowed to lend securities subject to a maximum of 50%, in aggregate, of the net assets of the Scheme and 50% of the net assets of the Scheme in the case of a single intermediary.

As per para 3.4 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in order to address the risk related to portfolio concentration in the Scheme, the underlying index for this scheme shall comply with the following:

- The index shall have a minimum of 10 stocks as its constituents.
- For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

Accordingly, the underlying Index shall ensure that such index complies with the aforesaid norms.

Indicative Table(Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. no	Type of Instrument	Percentage of exposure	Circular references*
1.	Securities Lending	Aggregate - 50% of net assets of the Scheme Single intermediary -50% of the net assets of the Scheme	Para 12.11.2.1 of Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
2.	Equity Derivatives	10% of net assets of the scheme	Para 7.5 and 12.25 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024
3	Debt instruments with special features as referred to in Para 9.4, 4.4.4, 12.7.2 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024	The Scheme shall not invest Debt instruments with special features.	Not Applicable

6	Bespoke or complex debt products	The Scheme shall not invest in Bespoke or complex debt products	Not Applicable
7	Short Selling	The Scheme shall not invest in short selling	Not Applicable
8	Inter scheme transactions	The Scheme shall not engage in inter-scheme transactions	Not Applicable

Portfolio Rebalancing:

Pursuant to Para 3.6.7 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of the scheme will be rebalanced within 7 calendar days.

Short term defensive consideration:

Subject to Para 1.14.1.2 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and circulars issued thereunder, the asset allocation pattern indicated above may change for a short-term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time. In the event of involuntary corporate action, the scheme shall dispose the securities not forming part of the underlying index within 7 days from the date allotment/ listing.

For residual portion of 5% in asset allocation, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the scheme follows certain internal norms vis-à-vis limiting exposure to a particular issuer or sector, etc. within the mentioned restrictions, and these are subject SEBI (MF) Regulations and circulars issued thereunder and to review from time to time.

B. WHERE WILL THE SCHEME INVEST?

The Fund would invest in stocks comprising the underlying index and track the benchmark index. The Fund may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity and expense requirements.

Kotak Nifty Bank ETF will invest in Nifty Bank Index. Kotak Mahindra Bank Limited (KMBL) currently is a part of Nifty Bank Index, and to that extent Kotak Nifty Bank ETF will have investment in Equity Shares of KMBL.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Fund would invest in stocks comprising the underlying index and track the benchmark index. Kotak Nifty Bank ETF shall invest predominantly in stocks forming part of the underlying in the same ratio as per the index to the extent possible and to that extent follows a passive investment strategy, except to the extent of meeting liquidity and expense requirements. The Fund may also invest in cash and debt/ money market instruments, in compliance with Regulations to meet liquidity and expense requirements. Events like the constituent stocks becoming illiquid in cash market, the exchange changing the constituents, a large IDCW going ex but lag in its receipts, etc tend to increase the tracking error. In such events, it may be more prudent for the fund to take exposure through derivatives of the index itself or its constituent stocks in order to minimize the long-term tracking error.

The scheme may invest in another scheme of the Kotak Mahindra Mutual Fund or any other Mutual Fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management of Kotak Mahindra Asset Management Company Limited or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of Kotak Mahindra Mutual Fund.

Portfolio Turnover

Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme's portfolio during a given time period. The scheme being a passively managed open-ended exchange traded fund, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in the Index. The Scheme has no specific target relating to portfolio turnover.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of Kotak Nifty Bank ETF is benchmarked against the Nifty Bank Index (Total Return Index)

As the Scheme is an Exchange Traded Fund and would replicate/track the securities constituting Nifty Bank Index (TRI), the said Index is most suited for comparing the performance of the Scheme.

E. WHO MANAGES THE SCHEME?

Mr. Devender Singhal and Mr. Satish Dondapati will be the Fund Managers of the Scheme.

vi. Investments of AMC in the Scheme:

The AMC may invest in the Scheme subject to the SEBI (MF) Regulations. Under the Regulations, the AMC is not permitted to charge any investment management and advisory services fee on its own investment in the Scheme.

Pursuant to Regulation 25(16A) of the SEBI (MF) Regulations, 1996 and para 6.9.3.5 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, AMC shall not be required to invest minimum amount as a percentage of AUM in the Scheme.

Details of Investments of AMC in the Scheme will be available in the given link. – Not Applicable

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The AMC shall compute NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

The AMC shall value its investments according to the valuation norms (Valuation Policy includes computation of NAV in case of investment in foreign securities), as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

NAV of Units under the Scheme will be calculated as shown below:

NAV =	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses
	No. of Units outstanding under the Scheme/Option.				

NAV for the Scheme and the repurchase prices of the Units will be calculated and announced at the close of each Business Day. The NAV shall be computed upto four decimals.

INAV = Indicative NAV or INAV reflects the indicative value of each unit by valuing the previous day portfolio using real time prices. A measure of the intraday net asset value (NAV) of an investment, which gives an updated measure of the value of the investment based on its assets less its liabilities. An investment's NAV is usually calculated at the end of the trading day, but the indicative NAV measure gives a more real-time view of this value.

Illustration for Computation of NAV:

NAV=	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses	
	No. of Units outstanding under the Scheme/Option.					
10.109=	10,01,00,000.00	+	10,00,000.00	-	10,000.00	10,10,90,000.00
			1,00,00,000.00			1,00,00,000.00

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open-ended scheme shall not be lower than 97% of the Net Asset Value.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

The New Fund Offer expenses of the scheme were borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below.

The AMC has estimated that upto 1% daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund viz. www.kotakmf.com

Total Expense Ratio for the scheme

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management and Advisory Fees	Upto 1.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness (5% of total TER charged to direct plans, subject to maximum of 0.5 bps of AUM)	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52(6)(b)	Upto 1.00%
Additional expenses under Regulations 52(6A)(c)	-

The AMC shall not charge additional expenses under Regulation 52(6A)(c) in case exit load is not levied/ not applicable.

* As permitted under the Regulation 52 of SEBI (Mutual Funds) Regulations, 1996

Illustration of impact of expense ratio on scheme's returns:

Particulars	NAV p.u. in Rs.	%
Subscription received on March 31, 2024 (A)	100.00	-
Value of Subscribed Amount before expenses as on March 31, 2023(B)	112.25	-
Expense charged by the scheme (C)	1.06	1.00%
Value of Subscribed Amount as on March 31, 2023 (Net of expenses charged) (D)	111.19	-
Net Return to investors (E) (E=D-A)	11.19	11.19%

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme. The expenses of the Direct Plan under the Scheme will be lower to the extent of distribution expenses/ commission.

In terms of the para 10.1 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, all fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

Additional expenses which may be charged to the Scheme:

The following additional expenses may be charged to the Scheme under Regulation 52 (6A), namely-

- Brokerage and transaction cost incurred for the purpose of execution shall be charged to the schemes (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

TER for the Segregated Portfolio

1. AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
2. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
3. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
4. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Goods and Services tax:

Goods and Services tax on investment and advisory fees may be charged to the scheme in addition to the maximum limit of TER as prescribed in Regulation 52(6)(b). Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per Regulation 52.

The estimates are based on good faith for the Scheme as per the information available subject to prevailing regulations.

The aforesaid estimates are made in good faith by the Investment Manager and are subject to change inter se among the various heads of expenses and between the Plans. It may also be noted that the total expenses of the Plans will also be subject to change within the overall limits of expenses under Regulation 52. Actual expenses under any head and / or the total expenses may be more or less than the estimates. The Investment Manager retains the right to charge the actual expenses to the Fund, however the expenses charged will not exceed the statutory limit prescribed by the Regulations. There will be no sub limit on management fee, and it shall be within the overall TER specified above.

For the actual current expenses being charged, the investor may refer to the website of the mutual fund.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of www.kotakmf.com or may call at 18003091490 or your distributor.

Type of Load	Load chargeable (as % age of NAV)
Exit	Nil

*In terms of Para 10.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, no entry load will be charged on purchase / additional purchase / switch-in. The commission as specified in aforesaid circular, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.

** Any exit load charged (net off Goods and Services tax, if any) shall be credited back to the Scheme.

Any imposition or enhancement of Load in future shall be applicable on prospective investments only. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres. In case of changes in load structure the addendum carrying the latest applicable load structure shall be attached to all KIM and SID already in stock till it is updated.

Investors may obtain information on loads on any Business Day by calling the office of the AMC or any of the Investor Service Centres. Information on applicability of loads will also be provided in the Account Statement.

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open-ended scheme is not lower than 97% of the Net Asset Value.

The investor is requested to check the prevailing load structure of the scheme before investing.

I. INTRODUCTION

A. Definitions/interpretation

The details detailed definitions/ interpretations refer to the link on website of the mutual fund viz. <https://www.kotakmf.com/Information/statutory-disclosure/disclosuresrelatedtosidandkim>

B. Risk factors

Scheme Specific Risk Factors

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV trading price, yield, total return and/or its ability to meet its objectives.

1. The NAV of the units is closely related to the value of stocks that form a part of the benchmark index. The value of this will react to stock market movements and may result in changes in the NAV of units under the scheme. There could also be movements in the scheme's NAV due to changes in interest rates, macro-economic and political developments and over longer periods during market downturns
2. Liquidity Risk: Trading in Kotak Nifty Bank ETF may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI, trading in Kotak Nifty Bank ETF is not advisable. There could also be trading halts caused by extraordinary market volatility and pursuant to NSE and SEBI circuit filter rules. There can be no assurance that the requirements of the exchange necessary to maintain the listing of the Kotak Nifty Bank ETF will continue to be met or will remain unchanged
3. Regulatory Risk: Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Market Maker/Large Investors to arbitrage resulting into wider premium/ discount to NAV.
4. Sector Risk: The banking sector in general could underperform returns from the securities or other asset classes.
5. Tracking error may have an impact on the performance of the scheme. However, KMAMC will endeavour to keep the tracking error as low as possible
6. As the scheme proposes to invest not less than 95% of the net assets in the securities of the benchmark Index, the Scheme is a passively managed scheme and provides exposure to the benchmark and tracking its performance and yield as closely as possible. The Schemes performance may be affected by a general price decline in the stock markets. The Scheme invests in the stocks comprising the index regardless of their investment merit. The Mutual Fund does not attempt to take defensive positions in declining markets.
7. As the scheme proposes to invest not less than 95% of the net assets in securities comprising of Nifty Bank Index, any deletion of stocks from or addition to in Nifty Bank Index may require sudden and immediate liquidation or acquisition of such stocks at the prevailing market prices irrespective of whether valuation of stocks is attractive enough. This may not always be in the interest of unitholders.
8. The scheme will attract provisions of take over regulations, if it invests in more than 10% of the paid up capital of a company and therefore may not be able to accept further subscriptions.
9. The performance of the Nifty Bank Index will have a direct bearing on the performance of the scheme. Hence any composition change by virtue of weightage or stocks selection will have an impact on the scheme.

10. Though Kotak Nifty Bank ETF is listed on the stock exchange, there is no assurance that an active secondary market will develop or be maintained.
11. Tracking error may have an impact on the performance of the scheme. However, KMAMC will endeavour to keep the tracking error as low as possible.
12. Investors may note that even though this is an open-ended scheme, they will have to buy or sell units of the scheme on the stock exchanges where these units are listed for liquidity at the market price, subject to the rules and regulations of the exchange. Buying and selling units on stock exchange requires the investor to engage the services of a broker and are subject to payment of margins as required by the stock exchange/ broker, payment of brokerage, securities transactions tax and such other costs.
13. The market price of ETF units, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the unit (or NAV), and (2) demand and supply of units in the market. Sizeable demand or supply of the units in Exchange may lead to market price of the units to quote at premium or discount to NAV. However, since the eligible investors can transact with the AMC for units beyond the creation unit size there should not be a significant variance from the NAV. Hence the price of ETF is less likely to hold significant variance (large premium or discount) from the latest declared NAV all the time.
14. Capital Gains Impact: Investors who trade in Kotak Nifty Bank ETF may be subject to Long Term Capital Gains or Short-Term Capital Gains. Investors are requested to consult their tax / legal consultants before investing in the scheme.

The units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of units available to the credit of unit holder. Settlement of trades, repurchase of units by the mutual fund depends up on the confirmations to be received from depository (ies) on which the mutual fund has no control.

15. The Index reflects the prices of securities at a point in time, which is the price at close of business day on the stock exchange. The Scheme, however, may at times trade these securities at different points in time during the trading session and therefore the prices at which the Plan trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing prices.

Risk related to ETF:

- a. Absence of Prior Active Market: Although the units of ETFs are listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.
- b. Lack of Market Liquidity: Trading in units of ETFs on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or Market Regulator, trading in the ETF Units is inadvisable. In addition, trading in the units of ETFs is subject to trading halts caused by extraordinary market volatility pursuant to 'circuit breaker' rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the units of ETFs will continue to be met or will remain unchanged.
- c. Units of Exchange Traded Funds May Trade at Prices Other than NAV: Units of Exchange Traded Funds may trade above or below their NAV. The NAV of Units of Exchange Traded Funds may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of units of ETF will fluctuate in accordance with changes in their NAVs as well as market supply and demand. However, given that ETFs can be created / redeemed in Creation Units, directly with the fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.

- d. **Regulatory Risk:** Any changes in trading regulations by the Exchange or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV. Although Kotak Nifty Bank ETF is proposed to be listed on Exchange, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.
- e. **Political Risks:** Whereas the Indian market was formerly restrictive, a process of deregulation has been taking place over recent years. This process has involved removal of trade barriers and protectionist measures, which could adversely affect the value of investments. It is possible that the future changes in the Indian political situation, including political, social or economic instability, diplomatic developments and changes in laws and regulations could have an effect on the value of investments. Expropriation, confiscatory taxation or other relevant developments could affect the value of investments.
- f. **Competition Risks:** An investment in Kotak Nifty Bank ETF may be adversely affected by competition from other methods of investing in the Bank Index.
- g. **Right to Limit Redemptions:** The Trustee, in the general interest of the unit holders of the Scheme offered under this Offer Document and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total "Saleable Underlying Stock" available with the fund.
- h. **Redemption Risk –** The Unit Holders may note that even though this is an open-ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit size. Thus, unit holdings less than the Creation Unit size can normally only be sold through the secondary market unless no quotes are available on the Exchange for 3 trading days consecutively.
- i. **Asset Class Risk:** The returns from the types of securities in which a Scheme invests may under perform returns from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under performance in comparison of the general securities markets.
- j. **Passive Investments:** As Kotak Nifty Bank ETF is not actively managed, the underlying Investments may be affected by a general decline in the Indian markets relating to its Underlying Index. The scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets. Further, the fund manager does not make any judgment about the investment merit nor shall attempt to apply any economic, financial or market analysis.
- k. **Tracking Error Risk:** Factors such as the fees and expenses of the Scheme, cash balance, changes to the Underlying assets and regulatory policies may affect AMC's ability to achieve close correlation with the Underlying assets of the scheme. The Scheme's returns may therefore deviate from those of its Underlying assets.

Tracking Error of ETFs is likely to be low as compared to a normal index fund. Due to the Creation / Redemption of units through the in-kind mechanism the fund can keep lesser funds in cash. Also, time lag between buying / selling units and the underlying shares is much lower. The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal circumstances, such tracking errors are not expected to exceed 2% per annum. However, this may vary when the markets are very volatile. However, there can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Risk specific to investing in companies forming part of Nifty Bank Index

Nifty Bank Index is a Sectoral index and the Fund will seek to invest in companies belonging to a specific sector. This will limit the capability of the Fund to invest in other sectors. The Index being sector specific will be affected by the risks associated with the banking sector such as fiscal and monetary, regulatory changes, interest rate environment, business cycle, capital requirement, competition etc.

Also, as with all equity investing, there is the risk that companies in that specific sector will not achieve its expected earnings results, or that an unexpected change in the market or within the company may occur, both of which may adversely affect investment results. Thus, investing in a sector specific fund could involve potentially greater volatility and risk.

Risks associated with investments in Derivative Instruments:

As and when the Scheme trades in derivative market, there are risk factors and issues concerning the use of derivatives that the investors should understand.

Derivative products are specialized instrument that require investment technique and risk analysis different from those associated with stocks. The use of derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivative requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the “Counter party”) to comply with the terms of the derivative contract. Other risks in using derivative include the risk of mispricing or improper valuation of derivative and the inability of derivative to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. The risk of loss associated with futures contracts is potentially unlimited due to the low margin deposits required and the extremely high degree of leverage involved in futures pricing. As a result, a relatively small price movement in a futures contract may result in an immediate and substantial loss or gain. There may be a cost attached to selling or buying futures or other derivative instrument. Further there could be an element of settlement risk, which could be different from the risk in settling underlying securities. The possible lack of a liquid secondary market for a futures contract or listed option may result in inability to close futures or listed option positions prior to their maturity date.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involve uncertainty and decision of the Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

The risk associated with the use of derivatives are different from or possibility greater than the risks associated with investing directly in securities and other traditional investments.

Risks associated with Tracking errors/ difference:

Tracking error means the extent to which the NAV of the scheme moves in a manner inconsistent with the movements of the benchmark index on any given day or over any given period of time due to any cause or reason whatsoever including but not limited to expenditure incurred by the scheme, dividend payouts if any, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. The tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. However, the Scheme will endeavour to limit the tracking error upto 50 bps (over and above each actual TER charged limits. For ETFs/ Index Funds in existence for a period of less than one year, the annualized standard deviation shall be calculated

based on available data. Tracking difference is the difference of return between the scheme and benchmark annualized over 1 year, 3 year, 5 years, 10 years and since inception period.

- Tracking error/ difference could be the result of a variety of factors including but not limited to:
 - Delay in the purchase or sale of stocks within the benchmark due to
 - Illiquidity in the stocks, circuit filters on the stocks
- Delay in realisation of sale proceeds
- The scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired the securities at a price necessary to track the benchmark price
- Index providers may either exclude or include new scrips in their periodic review of the stocks that constitute the underlying index. In such situations the scheme will endeavour to rebalance the portfolio in line with the index. But, may not be able to mirror the index immediately due to the available investment/reinvestment opportunity.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, payouts of IDCW etc.
- Execution of large buy / sell orders
- Delay in credit of securities
- Transaction cost and recurring expenses
- Delay in realisation of Unit holders' funds
- Levy of margins by exchanges

SEBI / other Regulatory restrictions on investments and/ or divestments by the scheme / Mutual Fund, which are outside the control of AMC, which may further cause / impact the tracking error.

Risks associated with Capital Markets or Equity Markets (i.e. Markets in which Equity Shares or Equity oriented instruments are issued and traded)

• **Price fluctuations and Volatility:**

Mutual Funds, like securities investments, are subject to market and other risks and there can be neither a guarantee against loss resulting from an investment in the Scheme nor any assurance that the objective of the Scheme will be achieved. The NAV of the Units issued under the Scheme can go up or down because of various factors that affect the capital market in general, such as, but not limited to, changes in interest rates, government policy and volatility in the capital markets. Pressure on the exchange rate of the Rupee may also affect security prices.

• **Concentration / Sector Risk:**

When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector.

• **Liquidity Risks:**

Liquidity in Equity investments may be affected by trading volumes, settlement periods and transfer procedures. These factors may also affect the Scheme's ability to make intended purchases/sales, cause potential losses to the Scheme and result in the Scheme missing certain investment opportunities. These factors can also affect the time taken by KMMF for redemption of Units, which could be significant in the event of receipt of a very large number of redemption requests or very large value redemption requests. In view of this, redemption may be limited or

suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described in the Statement of Additional Information.

· **Potential Loss associated with Securities Lending: -**

In the case of securities lending the additional risk is that there can be temporary illiquidity of the securities that are lent out and the Fund may not be able to sell such lent-out securities, resulting in an opportunity loss. In case of a default by counterparty, the loss to the Fund can be equivalent to the securities lent.

Risks associated with Debt / Money Markets (i.e. Markets in which Interest-bearing Securities or Discounted Instruments are traded)

Kotak Nifty Bank ETF invests not less than 95% its corpus in the securities representing Nifty Bank Index. As this scheme endeavours to earn returns that closely correspond to the total returns represented by Nifty Bank Index, the scheme will have insignificant cash or debt/ market investments. Therefore, the scheme is not significantly susceptible to risks associated with debt/ money markets.

Risk associated with investment in Government securities and Triparty repo on Government securities or treasury bills:

- The mutual fund is a member of securities segment and Triparty repo on Government securities or treasury bills trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty repo on Government securities or treasury bills trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counter party risks considerably for transactions in the said segments.
- The members are required to contribute towards margin obligation (Initial / Mark to Market etc.) as per bye-laws of CCIL as also an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in discharging their obligation. As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members as determined by CCIL.
- Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- CCIL maintains two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty repo on Government securities or treasury bills trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

C. Risk mitigation strategies

Type of Risks	Measures/ Strategies to control risks
Equity Markets/ Equity Oriented Instruments	• Market Risk and Volatility: Market risk is a risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index. • Concentration / Sector Risk: Index Fund being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus there is no additional element of volatility or stock concentration on account of fund manager decisions. The Risk Mitigation strategy revolves around minimizing the Tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Underlying Index as well as the incremental collections into / redemptions from the Scheme. • Liquidity Risks: As such the liquidity of stocks that the scheme invests into could be relatively low. The scheme will endeavour to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
Debt and Money Market instruments	• Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of

	rating migration generally associated with long-term securities • Basis Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities • Reinvestment Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. All derivatives trade will be done only on the exchange with guaranteed settlement. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.
Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs).” The risk is adequately covered as Securities Lending &

	Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the scheme may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.
Tracking errors	Over a short period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavour to maintain a low tracking error by actively aligning the portfolio in line with the Index.

The measures mention above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change.in response to the same.

The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not Applicable
Restrictions, if any, on the right to freely retain or dispose of units being offered.	Units which are held in demat form shall be freely transferable under the depository system.
Cut off timing for subscriptions/ redemptions/ switches	For Purchase/ Redemption directly from the fund on any business day: a) upto 3.00 p.m. on a business day, the NAV of such business day. b) After 3.00 p.m. on a business day, the NAV of the following business day.

This is the time before which your application (complete in all respects) should reach the official points of acceptance.	Pursuant to para 3.6.2 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024dated May 23, 2022, the aforesaid cut off timing shall not be applicable for direct transaction with AMCs by MM and other eligible investors. Technical issues when transactions are processed through online facilities/ electronic modes. The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / SIP/ sale / switch of units is received in the servers of AMC/RTA. In case of transactions through online facilities / electronic modes, there may be a time lag of few seconds or upto 1-7 banking days between the amount of subscription being debited to investor's bank account and the subsequent credit into the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Kotak Asset Management Company Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme. Representation of SIP transaction which have failed due to technical reasons will also follow same rule.
Minimum amount for purchase/redemption/switches (mention the provisions for or ETFs, as may be applicable, for direct subscription/redemption with AMC.	Minimum Purchase Amount: • Ongoing purchases / redemptions directly from the Mutual Fund would be restricted to Market Makers and Large Investors (subject to transactions greater than INR 25 crores or such other amount as may be specified by SEBI from time to time) provided the value of units to be purchased / redeemed is in creation unit size or multiples thereof. The aforesaid limit of Rs.25 crores is not applicable for Market Makers. • Market Makers / Large Investors may exchange Portfolio Deposit / cash equivalent to the portfolio deposit and applicable cash component and transaction handling charges for Purchase / Redemption of Units of the Scheme in 'Creation Unit' size or in multiples thereof directly from the Mutual Fund, as defined by the Scheme for that respective Business Day. • The units would be listed on NSE and BSE to provide liquidity through secondary market. All categories of Investors may purchase the units through secondary market on any trading day. • The AMC shall appoint at least two Market Makers, who are members of the Stock Exchanges, for ETFs to provide continuous liquidity on the stock exchange platform by providing two-way quotes in the units of the Scheme during trading hours. • The AMC reserves the right to list the units of the scheme on any other exchange, in future. • Unit holdings in less than the Creation Unit size can normally only be sold through the secondary market, except in situations mentioned under 'Exit opportunity in case of ETF for investors other than Market Makers and Large Investors' in the SID.

	· Any Transaction placed for redemption or subscription directly with the AMC must be greater than INR 25 crores or such other amount as may be specified by SEBI from time to time. Minimum Redemption Amount: 1. All investors including Market Makers, Large Investors and other investors may sell their units in the stock exchange(s) on which these units are listed on all trading days of the stock exchange 2. Mutual Fund will repurchase units from Market Makers on any business day in creation size units. In certain circumstances, the AMC may allow Large investors to sell units in creation unit size directly to the AMC at applicable NAV and other transaction handling charges. 3. In case a Redemption / Switch-out request received is for both, a specified rupee amount and a specified number of Units of the respective Plan(s)/ Option(s), the specified amount will be considered the definitive request. In case the value / number of available units held in the Unit holder's folio / account under the Plan / Option of the Scheme is less than the amount / number of units specified in the redemption / switch-out request, then the available units/ amount available in the respective Scheme(s)/ Plan(s)/ Option(s) transaction shall be processed.
Accounts Statements	The depository participant with whom the unitholder has a depository account will send a statement of transactions in accordance with the byelaws of the depository which will contain the details of transaction of units. Allotment of units and dispatch of Allotment Advice to FIIs will be subject to RBI approval, if required. Units allotted under this scheme are transferable subject to the provisions of the Depositories Act, SEBI (Depository and Depository Participant) Regulations, 1996 and other applicable provisions. Note: The fund house may not furnish separate accounts statement to the unitholders since the statement of accounts furnished by depository participant will contain the details of transactions in these units. Pursuant to Para 14.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD1/P/CIR/2024/90 dated June 27, 2024, the investor whose transaction has been accepted by Kotak Mahindra Asset Management Company Ltd. / Kotak Mahindra Mutual Fund shall receive the following: 1. The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). 2. The holding(s) of the beneficiary account holder for units held in demat mode will be shown in the statement issued by respective Depository Participants (DPs) periodically.

	3. A consolidated account statement (CAS) for each calendar month on or before 15th of the succeeding month shall be sent by email (wherever investor has provided email id) or physical account statement where investor has not provided email id., across the schemes of the mutual funds, to all the investors in whose folio(s) transaction(s) has/have taken place during the month. The same shall be sent by the AMC or by the Agencies appointed by the AMC for non demat unit holders. 4. For the purpose of sending CAS, common investors across mutual funds shall be identified by their Permanent Account Number (PAN). 5. The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN and email id. Such investors will get monthly account statement from Kotak Mahindra Mutual Fund in respect of transactions carried out in the schemes of Kotak Mahindra Mutual Fund during the month. 6. Pursuant to SEBI Circular no. CIR /MRD /DP /31/2014 dated November 12, 2014 requiring Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts, the following modifications are made to the existing guidelines on issuance of CAS. § Such Investors shall receive a single Consolidated Account Statement (CAS) from the Depository. § Consolidation shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. § In case an investor has multiple accounts across two depositories, the depository with whom the Demat account has been opened earlier will be the default depository which will consolidate the details across depositories and MF investments and dispatch the CAS to the investor. § The CAS will be generated on monthly basis. § If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within fifteen days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts, then CAS with holding details shall be sent to the investor on half yearly basis. § The dispatch of CAS by the depositories shall constitute compliance by Kotak AMC/ Kotak Mahindra Mutual Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996 § Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before 21st day of succeeding month, providing the following information: - holding at the end of the six month - The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc.

	schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. • The account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme. • Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated. “Transaction” shall include purchase, redemption, switch, Payout of Income Distribution cum capital withdrawal option (IDCW), Reinvestment of Income Distribution cum capital withdrawal option (IDCW), systematic investment plan, systematic withdrawal plan, systematic transfer plan and bonus transactions.
Dividend/Income Distribution cum capital withdrawal (IDCW)	The Income Distribution cum capital withdrawal (IDCW) payments shall be dispatched to the unitholders within seven working days from the record date. IDCW may also be paid to the Unitholder in any other manner viz., through ECS, Direct Credit, IMPS or NEFT in to Bank account, RTGS facility, any other mode allowed by Reserve Bank of India or through Banker's cheque, etc as the AMC may decide, from time to time for the smooth and efficient functioning of the Scheme.
Redemption	MM/LI may submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which MM/LI has a depository account. Redemption proceeds in the form of basket of securities included in the underlying Index in the same proportion will be credited to the designated DP account of the MM/LI. Any fractions in the number of securities transferable to MM/LI will be rounded off to the lower integer and the value of the fractions will be added to the cash component payable. Applicable cash component will be recovered along with necessary transaction handling charges Payment of proceeds in cash: The Fund at its discretion may accept the request of MM/LI for payment of redemption proceeds in cash in creation unit size or in multiples thereof. Such investors shall submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which MM/LI has a depository account. whereupon the Fund will arrange to sell underlying portfolio securities on behalf of the investor. Accordingly, the sale proceeds at the actual execution price of the underlying portfolio, after adjusting necessary transaction handling charges/costs and applicable cash component, will be remitted to the investor. The number of Units so redeemed will be subtracted from the unitholder's account balance (DP) and a statement to this effect will be issued to the unitholder by depository. Redemption cheques will generally be sent to the Unitholder's address, (or, if there is more than one joint holder, the address of the first-named holder) when the unit balance is confirmed with the records of the depository, not later than 3 (Three) Working Days from the date of receipt of redemption requests.

	For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024 Note: The mutual fund will rely on the address and the bank account details recorded in the depository system. Any changes to the address and bank account details can be made only through the depository system.
Bank Mandate	As per the directives issued by SEBI it is mandatory for an investor to declare his/her bank account number. To safeguard the interest of Unitholders from loss or theft of their refund orders/redemption cheques, investors are requested to provide their bank details in the Application Form. In case an existing Unitholder is submitting a request for Change in his Bank Details, he needs to submit an old and new bank account. In absence of the same, the request for Change in Bank Mandate is liable to be rejected. Investors have an option of registering their bank accounts, by submitting the necessary forms & documents. At the time of redemption, investors can select the bank account to receive the amount.
Delay in payment of redemption / repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024 by SEBI for the period of such delay

Procedure for Purchase and Redemption of Units	The following three types of investors may subscribe to the units of the scheme. There are some restrictions on their dealing with the Fund directly during the continuous offer as explained below: 1. Market Makers (MM): MM is an entity engaged by AMC to provide continuous liquidity on the stock exchange platform. MM may buy and redeem units in creation unit size or in multiples thereof directly from the Fund on any business day. AMCs shall facilitate in-kind creation and redemption of units of ETFs (including Debt ETFs) by MMs on a best effort basis. 2. Large Investors (LI): LI may buy and redeem units in transaction value greater than Rs.25 crores or such other amount as may be specified by SEBI from time to time and in creation unit size or in multiples thereof directly from the Fund on any business day as and when permitted by the AMC. 3. Other Investors: Investors other than MM and LI may buy or sell units of the ETF Scheme from the stock market only, on an ongoing basis except in situations mentioned under 'Exit opportunity in case of ETF for investors other than Market Makers and Large Investors' in the SID. <u>Market Making Settlement Process</u> i) Market making settlement process would enable net settlement between cash leg of transactions in units of ETF by the MM and consequent transaction in underlying basket by the ETF.				

	ii) MMs shall be permitted to transact in the basket of securities underlying the ETF against equivalent transactions in units of ETFs and transfer the net obligation of such transactions to the ETF for unit creation or redemption. The AMCs shall be allowed to create or redeem units of ETFs without upfront payment of 100% value of such units or upfront delivery of such units by the MMs, respectively. iii) The above mechanism shall be permitted subject to equivalent transactions in units and underlying basket for the same settlement cycle and confirmation of both the legs by the Custodian. iv) For the above mechanism ETFs shall be allowed to buy or sell their own units, without the same forming part of the asset allocation of the scheme v) Facilitation of the above mechanism for equity ETFs shall be at the discretion of the AMC. 1. Requirement of Demat account for investing in the scheme. The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the Depository Participants (DP's) name, DP ID Number and the beneficiary account number of the applicant. 2. Procedure for Purchase/Redemption of Units directly from the Fund: Only Market Makers/Large Investors can purchase or redeem unit directly from the Fund as per the procedure given below: a. Creation/Redemption of units in Creation Unit Size by Exchanging Portfolio Deposit The Fund creates / redeems the scheme units in large size known as "Creation Unit". The value of the "Creation Unit" of the ETF Scheme or in multiple thereof called as the "Portfolio Deposit" and a "Cash Component" which will be exchanged for corresponding number of units. The Portfolio Deposit and Cash Component may change from time to time and will be announced by Fund on its website. Portfolio deposit shall be made into a pre-designated depository account. AMC may, at its sole discretion, create units of the Scheme in 'Creation Unit' size in "Cash". Large investors may buy and redeem units in transaction value greater than Rs.25 crores or such other amount as may be specified by SEBI from time to time and in creation unit size directly from the Fund. b. Procedure for Creating Scheme's units in Creation Unit Size <u>Subscription in-kind (portfolio deposit)</u> MM/LI may deposit requisite basket of securities comprising underlying benchmark constituting the Portfolio Deposit and Cash component. The requisite securities constituting the Portfolio Deposit have to be transferred to the designated depository account of the scheme while the Cash Component along with transaction handling charges has to be paid to the AMC based on the request by MM/LI by way of a cheque or any other mode of payment. The AMC will have the corresponding number of units credited to the depository account of the MM/LI. <u>Subscription in cash</u> Subscription of the ETF Units in Creation Unit Size may be made by MM / LI on payment of requisite Cash (through cheque or other modes of
--	---

	payment), as determined by the AMC equivalent to the cost incurred towards the purchase of predefined basket of securities that represent the Underlying Index (i.e. Portfolio Deposit), Cash Component and transaction handling charges, if any. Units may be allotted only on realization of the full consideration for creation unit and at the value at which the underlying stocks for the creation unit is purchased against that purchase request. The AMC will have the corresponding number of units credited to the depository account of the MM/LI. c. Procedure for Redeeming Scheme's units in Creation Unit Size <u>Redemption in-kind (portfolio deposit):</u> MM/LI may submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which MM/LI has a depository account. Redemption proceeds in the form of basket of securities included in the underlying index in the same proportion will be credited to the designated DP account of the MM/LI. Any fractions in the number of securities transferable to MM/LI will be rounded off to the lower integer and the value of the fractions will be added to the cash component payable. Applicable cash component will be recovered along with necessary transaction handling charges. <u>Redemption in cash:</u> The Fund at its discretion may accept the request of MM/LI for payment of redemption proceeds in cash in creation unit size or in multiples thereof. Such investors shall submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which MM/LI has a depository account. whereupon the Fund will arrange to sell underlying portfolio securities on behalf of the investor. Accordingly, the sale proceeds at the actual execution price of the underlying portfolio, after adjusting necessary transaction handling charges/costs and applicable cash component, will be remitted to the investor. The number of Units so redeemed will be subtracted from the unitholder's account balance (DP) and a statement to this effect will be issued to the unitholder by depository. d. Redemption method: · Unitholder (large investor or authorized participant) may submit to any of the offices of AMC Redemption request Form enclosed with a copy of redemption request duly acknowledged by the depository participant. · The depository participant will process the request and forward the same to Registrar to the Scheme in the normal course. · The time taken for confirmation of repurchase of units is dependent upon the timelines and procedures of depositories. · Redemption proceeds in the form of Portfolio of securities will be transferred to the demat account of the unit holder within three days of confirmation with the depository records or the sale proceeds at the actual execution price of the underlying portfolio, after adjusting necessary
--	---

	transaction handling charges/costs and applicable cash component, will be remitted to the unit holder. e. Buying /Selling through the Stock Exchange Buying / Selling units on the stock exchange is just like buying / selling any other normal listed securities. If an investor has bought units, an investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, an investor has to deliver the units to the broker/sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or deliver the units to the investor in accordance with time prescribed by the stock exchange regulations. If an investor has bought units, he should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation. An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her trading member through whom he/she have sold the units. The details of the pool A/c of his/her trading member to which the units are to be transferred, unit quantity etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc. f.
