## I. INTRODUCTION

### A. RISK FACTORS

#### 1. Standard Risk Factors

- a. Mutual funds and securities investments are subject to market risks and there is no assurance or guarantee that the Fund's objective will be achieved.
- b. As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of investment in the scheme may go up or down.
- c. Past performance of the Sponsor / AMC / Mutual Fund or its affiliates does not indicate the future performance of the scheme(s) of the Mutual Fund.
- d. State Bank of India, the sponsor, is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution made by it of an amount of Rs. 5 lakhs towards setting up of the mutual fund.
- e. SBI Shariah Equity Fund is only the name of the scheme and does not, in any manner, indicate either the quality of the scheme or its future prospects and returns.
- f. The NAV of the Schemes' Units may be affected by change in the general market conditions, factors and forces affecting capital markets in particular, level of interest rates, various market related factors and trading volumes.
- g. The present scheme is not a guaranteed or assured return scheme.
- h. Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.

#### 2. Scheme-specific Risk Factors

- a. The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the scheme is wound up for the reasons and in the manner provided under the Scheme Information Document & Statement of Additional Information.
- b. Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Fund their directors or their employees shall not be liable for any tax consequences that may arise.
- c. The tax benefits described in the Statement of Additional Information are as available under the present taxation laws and are available subject to relevant condition. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Investors and Unit Holders should be aware that the relevant fiscal rules or their interpretation may change. As in the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of the investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor / Unit holder is advised to consult his/her/its own professional tax advisor.
- d. The Mutual Fund is not assuring any dividend nor is it assuring that it will make any dividend distributions. All dividend distributions are subject to the availability of distributable surplus and would depend on the performance of the scheme.

The Scheme would be investing in equity and money market instruments (such as term / notice money market, reverse repos and any alternative to the call money market as may be directed by the RBI), which are Shariah compliant. Following are various risk factors for such investments:

#### (i) Risks associated with investing in equity and equity related securities

Investments in equity and equity related securities involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.

Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods.

Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, if there is a subsequent decline in the value of the securities held in the Scheme's portfolio.

The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of divestment.

(ii) **Risks associated with investing in money market instruments**

(a) Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments. The AMC endeavours to manage such risk through the use of in-house credit analysis and credit ratings given by recognized rating agencies such as CRISIL, ICRA, FITCH, CARE, etc.

(b) Liquidity Risk pertains to how saleable a security is in the market. If a particular security does not have a market at the time of sale, then the scheme may have to bear an impact depending on its exposure to that particular security.

(iii) **Risks associated with investing in Securitised Debt**

The Scheme shall not invest in Securitised debt.

(iv) **Risks associated with short selling and securities lending**

The Scheme shall not engage in selling and Securities lending.

(v) **Risks associated with investing in ADR / GDR/ Foreign Securities**

The Scheme shall not invest in ADR / GDR / Foreign Securities.

(vi) **Risks associated with investing in derivatives**

The Scheme shall not invest in derivatives.

(vii) **Thematic Risk**

The Scheme will invest in securities which are Shariah compliant. To this extent investment universe of the fund will be restricted. This will lead to less diversification on the stocks and sector allocation.

(viii) **Risk associated with Shariah compliant securities**

Securities may from time to time be classified as non Shariah compliant depending on the requirements set out under section Investment Restrictions. The scheme is required to exit from such investment within a stipulated timeframe of 30 days from the date of such notification. This may restrict the ability of scheme to sell such securities at a desired price.

## **B. RISK CONTROL STRATEGIES:**

Investments in securities carry various risks such as inability to sell securities, trading volumes and settlement periods, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification.

In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Internal limits are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigants.

For risk control, the following may be noted:

### **Liquidity risks:**

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. Liquidity Risk can be partly mitigated by diversification, staggering of maturities as well as internal risk controls that lean towards purchase of liquid securities.

**Volatility risks:**

There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification.

**C. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

**D. SPECIAL CONSIDERATIONS, IF ANY**

Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem Units.

The approval from the Board of Directors and the Trustees giving details of circumstances and justification for the proposed action shall also be informed to SEBI in advance.

**b) Termination of the scheme**

The Trustees reserve the right to terminate the scheme at any time. Regulation 39(2) of the SEBI Regulations provides that any scheme of a mutual fund may be wound up after repaying the amount due to the Unit holders:'

- (a) on the happening of any event which, in the opinion of the Trustees, requires the scheme to be wound up; or
- (b) if 75% of the Unit holders of a scheme pass a resolution that the scheme be wound up; or
- (c) if SEBI so directs in the interest of the unit holders.

Where a scheme is wound up under the above Regulation, the trustees shall give a notice disclosing the circumstances leading to the winding up of the scheme:

- (a) to SEBI; and

  - Alcohol
  - Gambling
  - Financials
  - Advertising and Media (newspapers are allowed, sub-industries are analyzed individually)
  - Pornography
  - Tobacco
  - Trading of gold and silver as cash on deferred basis
2. Accounting-Based - After removing companies with non-compliant business activities, the rest of the companies are examined for compliance in financial ratios, as certain ratios may violate compliance measurements. Three areas of focus are leverage, cash, and the share of revenues derived from non-compliant activities. All of these are subject to evaluation on an ongoing basis.
3. Leverage Compliance based - This compliance is measured as a ratio of debt to equity.
4. Cash Compliance based - There are compliances with reference to cash holdings.
5. Revenue Share from Non-Compliant Activities based - In certain cases, revenues from noncompliant activities are permissible, if they comply with the prescribed threshold of (Non-Permissible Income other than Interest Income) / Revenue
6. Dividend Purification Ratio Index Eligibility based - This ratio is provided to investors for purification purposes, it is calculated as:  
$$\text{Dividends} * (\text{Non Permissible Revenue} / \text{Total Revenue})$$

However, given the nature of the Scheme which follows a monthly cycle or rollover / positions the portfolio turnover is expected to be high. Further, there are trading opportunities that present themselves from time to time. These trading opportunities may be due to trading opportunities in equities, changes in interest rate policy by the Reserve Bank of India, shifts in the yield curve, credit rating changes or any

other factors where in the opinion of the fund manager there is an opportunity to enhance the total return of the portfolio. It will be the endeavour of the fund manager to keep portfolio turnover rates as low as possible.

Further, a show cause notice dated January 29, 2010 ("2010 SCN") was received from SEBI in the matter and SBI Mutual Fund has replied to the show cause notice countering the allegations made by SEBI. SBI Mutual Fund had also made an application to SEBI to settle the matter through the consent process, i.e. on a no-fault basis, without accepting or denying guilt. The said consent proposal has not been accepted by SEBI vide its letter dated March 22, 2013. A fresh Show Cause Notice dated May 28, 2013 ("2013 SCN") has been issued enclosing a copy of an enquiry report conducted again by a Designated Authority, recommending a prohibition on SBI Mutual Fund from launching any new mutual fund schemes for a period of 12 months. In terms of the opportunity made available in the 2013 SCN to avail the consent process, SBI Mutual Fund had filed a consent application which was returned by SEBI stating that the consent application by SBIFMPL shall not be reconsidered by SEBI. SBIFMPL is now in the process of preparing a reply to the 2013 SCN in consultation with its legal counsels.
