PART I-HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Bank of India Credit Risk Fund
II.	Category of the Scheme	Credit Risk Fund
III.	Scheme type	An open ended debt scheme predominantly investing in AA and below rated corporate bonds (excluding AA+ rated corporate bonds). A Moderate Interest Rate Risk and Relatively High Credit Risk.
IV.	Scheme code	BOIA/O/D/CRF/14/09/0009
V.	Investment objective	The Scheme's investment objective is to generate capital appreciation over the long term by investing predominantly in corporate debt across the credit spectrum within the universe of investment grade rating. To achieve this objective, the Scheme will seek to make investments in rated, unrated instruments and structured obligations of public and private companies. However, there is no assurance or guarantee that the investment objective of the scheme will be achieved.
VI.	Liquidity/listing details	The Scheme will provide a continuous offer for Redemption of Units at NAV based prices subject to applicable Exit Load. As per SEBI Mutual Funds Regulations, the Fund shall dispatch Redemption proceeds within 3 Business Days of receiving the valid Redemption request. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time will be paid in case the redemption proceeds are not dispatched/remitted within 3 Business Days of the date of Redemption request. However, under normal circumstances, the Fund will endeavor to dispatch the Redemption proceeds well before 3 Business Days from the acceptance of the duly completed Redemption request. The AMC shall adhere to guidelines published by AMFI /SEBI for exceptional circumstances under which the Scheme is unable to transfer redemption or repurchase proceeds within prescribed timelines. The units of the Scheme shall not be listed on any Stock Exchange. However, Trustee reserve the right to list the scheme at recognized stock exchange at a later date.

Sr. No.	Title	Description
VII.	Benchmark (Total Return Index)	CRISIL Credit Risk Debt B-II Index Justification: Based on the investment objective of investing predominantly in corporate debt, CRISIL Credit Risk Debt B-II Index is the most appropriate benchmark for the Scheme. The Index however seeks to track the performance of a debt portfolio that includes government securities and AAA/AA+ rated corporate bonds. The benchmark is most suited for comparing the performance of the Scheme Second Tier Benchmark: Not applicable The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to SEBI guidelines and other prevalent guidelines.
VIII.	NAV disclosure	The AMC will calculate and disclose the first NAVs of the Scheme not later than 5 Business Days from the date of allotment of units under the NFO. Thereafter, the AMC will prominently disclose the NAVs under a separate head on the website of the Fund (https://www.boimf.in/nav) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m. on every Business Day. In case NAV of Corporate Debt Market Development Fund (CDMDF) units is not available by 9:30 p.m. of same Business Day, the NAV of the Scheme shall be declared by 10 a.m. on next business day instead of 11 p.m. on same Business Day. Further Details in Section II.
IX.	Applicable timelines	Timeline for Dispatch of redemption proceeds: The Scheme will dispatch redemption proceeds within 3 Business Days from the acceptance of the Redemption request or such other time as may be prescribed by SEBI from time to time. Redemption/Switch Procedure in case of physical form: The investors holding units in physical form may submit their redemption/ switch requests duly signed by all the holders (as per the mode of holding) at any of the Point of

Sr. No.	Title	Description
		Acceptance (POA) Investor Service Centers (ISC) of Registrar & Transfer Agent viz., M/s KFin Technologies Ltd. or Bank of India Investment Managers Pvt. Ltd. latest by the cut off time as stipulated and revised by SEBI from time to time which is currently 3.00 p.m. on any business day. Such cases will be eligible for NAV of the business day on which the redemption requests are time- stamped upto the cut-off time at the ISC for the Scheme. Redemption / Switch Procedure in case units are held in dematerialized form: The investors who hold units in demat form and wish to redeem their units will have to take following steps: 1. Investors will have to approach their DP (Depository Participants) where Demat Account is being held. 2. Investors will have to submit duly filled-in and signed Redemption/Repurchase Request Form (RRF) available with respective DPs. Normally, these RRF may be available on the websites of respective DPs e.g. Banks etc. As the format of RRF may be different with every DP, the investors are advised to use the RRF procured from their own DP to avoid rejections/delays by their own DP. The ISIN of the Scheme/plan/ subplan is printed on the Statement of Account issued to investors. 3. The investors are required to submit 3 copies of RRF to their DPs. One copy of the RRF is used by the DP for issuing acknowledgement to investors whereas the second copy of the RRF will be forwarded by the DP to the Head Office of the RTA i.e M/s KFin Technologies Ltd. The third copy will be retained by the DP for their own records. 4. Based on the receipt of RRF, if found in order the DP concerned generates Electronic Redemption Request and blocks the units applied for redemption in the NSDL/CDSL system immediately. After this, the investor will not be able to transfer the blocked units to anyone (i.e. cannot transfer to anyone). 5. The Electronic Requests generated up to the stipulated cut off time which is currently 3 pm every day by DPs shall get transmitted from NSDL / CDSL to respective Registrars of Mutual Fund by 4 - 6 pm. 6. All such Electronic Requests transmitted by NSDL / CDSL by 4 - 6 pm everyday are updated in the system at Registrar's end i.e. M/s KFin Technologies Ltd. for further processing.

Sr. No.	Title	Description
		7. Registrar shall verify and process the requests subject to finding the same in order by - Nullifying the units by confirming Electronic Repurchase Request; - Applying NAV based on Date and Time of raising Electronic request by DP's for Redemption Request; - Remitting Redemption proceeds to investor's bank account (as recorded in demat account) within 3 business days and - Dispatching an SOA (Statement of Account/Consolidated Account Statement) to the registered address of investor. 8. After the above process is completed, the Registrar will update the respective Depository (i.e. NSDL/ CDSL) about the processing of redemption to enable their DPs to issue Fortnightly/ Monthly Transaction Statement. A Unit holder has in case of physical redemption request for redemption either in terms of Amount or in terms of the number of Units. In case, the redemption request indicates both amount in Rupees and number of Units, the lower of the two in value term will be considered. Where a Rupee amount is specified or deemed to be specified for redemption, the number of Units redeemed will be the equivalent to the amount sought redeemed plus the exit load & applicable Govt levies like STT divided by the redemption price (ie additionally subject to the levy of applicable STT and exit load). In case of difference/ ambiguity in the amount and units mentioned in any request for Redemption/ Switch, the minimum value (of units and amount) on rupee equivalent basis on the Transaction/ applicable NAV date will be considered by the AMC, provided the investor has not furnished any clarification in writing, duly signed on the date of transaction. In the event of investor not having filled in the Amount/ Units in the Transaction Slip, the AMC will redeem/ switch out all the outstanding units in case the Scheme, Plan, Option are clearly mentioned. In case, the investor has not mentioned the plans/ sub-plans etc. in the redemption request specifically where he is having holdings in various plans/sub-plans etc. of the particular scheme, AMC will summarily reject such redemption request if the investor has not furnished any clarification in writing, duly signed on the date of transaction itself, during normal office hours.

Sr. No.	Title	Description
		In case, an Investor fails to mention the complete name of the Scheme upto plan/sub - plan level while making request for redemption/ switch-out, the AMC reserves the right to redeem/ switch-out all/specified desired units/ value provided the investor is having holdings only in one scheme/plan/option and the folio number is clearly mentioned or if he maintains one folio. Otherwise, such incompletely filled requests would be summarily rejected without processing. Investors are requested to note that in case of redemption/switch request, if the number of units or the amount to be redeemed/switched out to any other Scheme of Bank of India Mutual Fund, exceeds the number of outstanding units or value of outstanding units, respectively, then Bank of India Investment Managers Private Limited (the “AMC”) shall, at its discretion, redeem/switch out all the outstanding units, if no clarificatory letter is received from the respective investor on the date of the transaction and if the condition of minimum investment amount of switch-in scheme is fulfilled. The number of Units so redeemed will be subtracted from the Unit holder’s account and a monthly industry level Mutual Fund Consolidated Account Statement (CAS) containing the details will normally be dispatched / emailed to the Unitholders latest by 15th of subsequent month by NSDL/CDSL in case of Demat Units or by AMFI’s appointed Agencies (currently M/s. Manipal Technologies Ltd. or M/s. Seshaa Business Forms Pvt. Ltd.) for mailing/dispatching of physical MF-CAS) for verified PAN cases and by the registrar (i.e. M/s. KFin Technologies Limited) for other cases either through email or physical copy. Further, e-CAS will be issued via email through MF Central app. FIFO Method of redemption/switch-out: In case, an investor has purchased Units on more than one business day, the Units purchased prior in time (i.e. those Units which have been held for the longest period of time), will be deemed to have been redeemed first, i.e. on first in first out basis. Unit holders may also request for repurchase of their entire holding and close the account by indicating the same at the appropriate place in the Transaction Slip/ Repurchase form.

Sr. No.	Title	Description
		Uniform process for processing of redemption/switch - out for all the Schemes of the Mutual Fund: All switch funding shall be in line with redemption funding timelines adopted by the concerned scheme i.e. if a scheme follows T+2 payout for redemption, the switch out funding will also be made on T+2 and not earlier or later than T+2, where T is the day of valid transaction received before the stipulated cut off time. Timeline for Dispatch of IDCW (if applicable): The IDCW warrants/proceeds shall be dispatched to the Unit holders within 7 working from the record date for investors under Payout of IDCW facility. Delay in payment of redemption / repurchase / Income Distribution Cum Capital Withdrawal proceeds: The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum) if the delay is beyond the SEBI stipulated time which is 3 Business Days currently. In case the AMC delays in dispatching the Income Distribution Cum Capital Withdrawal proceeds beyond 7 working days from the Record Date, it shall pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
X. Portfolio Rebalancing in case of passive deviation from asset allocation:

Pursuant to para 2.9 of SEBI Master circular dated June 27, 2024, In case of such deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMC's), the portfolio would be rebalanced within a period of thirty (30) business days from the date of said deviation for all the schemes other than Overnight, Index and ETF Funds. In case the same is not aligned to the above asset allocation pattern within thirty (30) business days, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC.

The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, AMC shall not be permitted to launch any new scheme till the time the portfolio is rebalanced. The AMC shall not levy exit load, if any, on the investors exiting such scheme. The AMC will comply with the reporting and disclosure requirements as stated in para 2.9 of SEBI Master circular dated June 27, 2024 and other applicable guidelines and circulars issued from time to time.

Pursuant to SEBI circular dated June 26, 2025, the above provisions shall be applicable for all types of passive breaches for the actively managed mutual fund schemes.

Portfolio rebalancing in case of deviation from asset allocation under Defensive consideration:

It may be noted that the asset allocation percentages stated above are only indicative and not absolute. Subject to Regulations, and keeping in view market conditions, market opportunities and political and economic factors, the asset allocation pattern may change from time to time. The Fund Manager may

alter the asset allocation for a short term period on defensive considerations as per para 1.14.1.2 of SEBI master circular dated June 27, 2024. The deviations, if any, will be rebalanced within 30 calendar days from the deviation. In case the same is not aligned within 30 calendar days, justification shall be provided to the Investment Committee of the AMC and reasons for the same shall be recorded in writing.

Rebalancing in Potential Risk Matrix:

Positioning of PRC of a scheme may be changed temporarily to higher risk cell due to investment actions, price changes, rating changes, etc. In case of temporary change of positioning of PRC to higher risk cell, the AMC will endeavor to rebalance the same within a period of 30 days. In case the deviation in temporary change in positioning of PRC to higher risk cell is not rebalanced within a period 30 days, then justification for such delay shall be placed before the Investment Committee and the reason for the same shall be recoded in writing. The Investment Committee shall then decide on the course of action.

B. WHERE WILL THE SCHEME INVEST

(i) Debt and Money Market Instruments:

The corpus of Scheme will be invested in privately negotiated debt and money market instruments which include but are not limited to:

- (a) Debt obligations of public and private sector companies, holding companies, Special Purpose Vehicles (SPV), trusts (which include securitized debt) across all sectors (including but not limited to Automobiles, Cement, Chemicals, Construction, Consumer Goods, Energy, Fertilizers, Financial Services, Industrial Manufacturing, IT, Media, Metals, Pharmaceuticals, Real Estate, Services, Telecom and Textiles)
- (b) Debt and money market securities and such other securities as may be permitted under the Regulations from time to time.
- (c) Money market instruments including but not limited to, treasury bills, commercial papers, reverse-repo agreements, TREPs (Tri party Repo), CDs (Commercial Deposits) of scheduled commercial banks and development financial institutions, bills of exchange/promissory notes of public sector and private sector corporate entities.
- (d) Pass through, Pay through or other Participation certificates, representing interest in a pool of assets including receivables.
- (e) The non-convertible part of convertible debt securities.
- (f) The debt securities could be listed, unlisted, privately placed or securitized debt securities including but not restricted to pass through certificates.
- (g) Any other instruments as permitted under the Regulations from time to time.

The Scheme will not make investments in foreign securities or Foreign Securitized Debt.

The Scheme will invest only in investment grade securities that are rated investment grade by domestic credit rating agency authorized to carry out such activity such as CRISIL, ICRA, CARE or FITCH or in unrated debt securities, which the Fund manager believes to be of equivalent quality. Where investment in unrated debt securities is sought to be made, the specific approval of the Board of Directors of the AMC and Trustee shall be obtained prior to investment. In-house research by the Fund Manager will emphasize on credit analysis, in order to determine credit risk. The securities mentioned above and such other

securities the Scheme is permitted to invest in, could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity bearing fixed-rate or floating coupon rate. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals. the Scheme may also enter into repo and reverse repo obligations on Gsecs held by it as per the guidelines and regulation applicable to such transactions pending deployment of funds of the scheme investment in short term deposits of scheduled commercial banks will be as per the provisions of SEBI (Mutual Funds) Regulations, 1996 and relevant SEBI Circulars as amended from time to time.

(ii) Investments in Securitised Debt:

As and when investment in asset backed securities would be made by the Scheme, following factors would be considered (but not limited to):

1. How the risk profile of securitized debt fits into the risk appetite of the scheme Securitised debt is a form of conversion of normally non tradable loans to transferable securities. This is done by assigning the loans to a special purpose vehicle (a trust), which in turn issues (Pass Through Certificates) PTCs. These PTCs are transferable securities with fixed income characteristics. The risk of investing in securitized debt is similar to that of investing in Debt Securities except that it differs in two respects. Typically the liquidity of securitized debt is less than similar Debt Securities. For certain types of securitized debt (backed by mortgages, personal loans, credit card debt, etc.), there is an additional pre-payment risk. Pre-payment risk refers to the possibility that loans are repaid before they are due, which may reduce returns if the re-investment rates are lower than initially envisaged. Because of these additional risks, securitized debt typically offers higher yields than Debt Securities of similar credit rating and maturity. If the fund manager judges that the additional risks are suitably compensated by higher returns, he may invest in securitized debt up to 50% of the net assets of the Scheme.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.

The originator is the person who has initially given the loan. The originator is also usually responsible for servicing the loan (i.e. collecting the interest and principal payments). An analysis of the originator is especially important in case of retail loans, as this affects the credit quality and servicing of the PTC. The key risk is that of the underlying assets and not of the originator. For example, loss or performance of earlier issuances does not indicate quality of current series. However such past performance may be used as a guide to evaluate the loan standards, servicing capability and performance of the originator. Originators may be banks, Non-Banking Finance Companies, Housing Finance Companies, etc.

The fund manager/credit analyst evaluates originators based on the following parameters:

- Track record
- Willingness to pay, through credit enhancement facilities etc.
- Ability to pay
- Business risk assessment, wherein following factors are considered:
 - Outlook for the economy (domestic and global)
 - Outlook for the industry
 - Company specific factors

In addition, a detailed review and assessment of rating rationale is done, including interactions with the originator as well as the credit rating agency.

The following additional evaluation parameters are used as applicable for the originator / underlying issuer for pool loan and single loan securitization transactions:

- Default track record/ frequent alteration of redemption conditions/ covenants
- High leverage ratios of the ultimate borrower (for single-sell downs) - both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market.
- Insufficient track record of servicing of the pool or the loan, as the case may be.

The following additional evaluation parameters are used as applicable for the originator / underlying issuer for pool loan and single loan securitization transactions:

- Default track record/ frequent alteration of redemption conditions/ covenants
- High leverage ratios of the ultimate borrower (for single-sell downs) - both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor reputation in market.
- Insufficient track record of servicing of the pool or the loan, as the case may be.

3. Risk mitigation strategies for investments with each kind of originator

An analysis of the originator is especially important in case of retail loans as the size and reach affect the credit quality and servicing of the pass through certificates. In addition, the quality of the collection process, infrastructure and follow-up mechanism; quality of management information system; and credit enhancement mechanism are key risk mitigants for the better originators / servicers. In case of securitization involving single loans or a small pool of loans, the credit risk of the underlying borrower is analyzed. In case of diversified pools of loans, the overall characteristic of the loans is analyzed to determine the credit risk. The credit analyst looks at ageing (i.e. how long the loan has been with the originator before securitization) as one way of evaluating the performance potential of the PTC.

Securitization transactions may include some risk mitigants (to reduce credit risk). These may include interest subvention (difference in interest rates on the underlying loans and the PTC serving as margin against defaults), overcollateralization (issue of PTCs of lesser value than the underlying loans, thus even if some loans default, the PTC continues to remain protected), presence of an equity / subordinate tranche (issue of PTCs of differing seniority when it comes to repayment the senior tranches get paid before the junior tranche) and / or guarantees.

4. The level of diversification with respect to the underlying assets and measures for less diversified investments:

In case of securitization involving single loans or a small pool of loans, the credit risk of the borrower is analyzed. In case of diversified pools of loans, the overall characteristic of the loans is analyzed to

determine the credit risk. The credit analyst looks at ageing (i.e. how long the loan has been with the originator before securitization) as one way of judging the performance potential of the PTC. Additional risk mitigants may include interest subvention, over collateralization, presence of an equity / subordinate tranche and / or guarantees. The credit analyst also uses analyses by credit rating agencies on the risk profile of the securitized debt.

Currently, the following parameters are intended to be used while evaluating investment decision relating to a pool securitization transaction. These parameters may be revised from time to time.

Characteristic s/ Type of Pool	Mortgage Loan	Commercial Vehicles and Constructio n Equipment	Car	2 wheeler s	Micro Financ e Pools	Persona l Loans	Single Sell Down s	Other s
Approximate Average maturity (in Months)	NA	12-60 months	12-60 month s	8-40 months	NA	NA	Refer Note 1	Refer Note 2
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche etc.)	NA	5% - 20%	5% - 20%	5% - 20%	NA	NA		
Average Loan to Value Ratio	NA	80% -95%	70% - 90%	70% - 95%	NA	NA		
Average seasoning of the Pool	NA	3-8 months	3-8 month s	3-8 months	NA	NA		
Maximum exposure range	NA	5% - 15%	NA (Retail Pool)	NA (Retail Pool)	NA	NA		
Average single exposure range %	NA	1% - 10%	0% - 5%	0% - 5%	NA	NA		

Note 1: In case of securitization involving single loans or a small pool of loans, the credit risk of the borrower is analyzed. The investment limits applicable to the underlying borrower are applied to the single loan sell-down.

Note 2: Other investments will be decided on a case-to-case basis.

The credit analyst may consider the following risk mitigating measures in his analysis of the securitized debt:

- Size of the loan
- Average original maturity of the pool
- Loan to value Ratio
- Average seasoning of the pool
- Default rate distribution
- Geographical distribution
- Credit enhancement facility
- Liquid facility
- Structure of the pool

5. Minimum retention period of the debt by originator prior to securitization

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements. In addition, RBI has proposed minimum holding period of between nine and twelve months for assets before they can be securitized. The minimum holding period depends on the tenor of the securitization transaction. The Scheme will invest in securitized debt that is compliant with the laws and regulations as applicable.

6. Minimum retention percentage by originator of debts to be securitized

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements, including maximum exposure by the originator in the pass through certificates. In addition, RBI has proposed minimum retention requirement of between five and ten percent of the book value of the loans by the originator. The minimum retention requirement depends on the tenor and structure of the securitization transaction. The Scheme will invest in securitized debt that is compliant with the laws and regulations as applicable.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund.

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment objectives and the asset allocation pattern of a fund. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the ensures that there is no conflict of interests when a scheme invests in securitized debt of an originator and the originator in turn makes investment in that particular scheme.

There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest. In addition to internal controls in the fixed income investment process, there is regular monitoring by the risk management group and investment committee. Normally

the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

Furthermore, there is clear cut segregation of duties and responsibilities with respect to Investment function and Sales function. Investment decisions are being taken independently based on the above mentioned parameters and investment by the originator in the fund is based on their own evaluation of the fund vis a vis their investment objectives.

8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt.

The fund management team has the experience to analyze securitized debt. In addition, credit research agencies provide analysis of individual instruments and pools. On an on going basis (typically monthly) the servicer provides reports regarding the performance of the pool. These reports would form the base for ongoing evaluation where applicable. In addition, rating reports indicating rating changes would be monitored for changes in rating agency opinion of the credit risk.

9. Investments in securitized debt instruments will be reported in the half-yearly portfolio of the Scheme, annual financial results for the Scheme, and mentioned in the portfolio uploaded on the website. Necessary reporting will be done to the Investment Committee of the AMC and to the Trustee of the Scheme at their meetings.

10. Risk Control Mechanism:

Since investing requires disciplined risk management, in order to protect the interests of investors, the AMC would incorporate adequate safeguards for controlling risks in the portfolio. As a prudent measure, the AMC has broad internal investment norms and investments made through the schemes would be in accordance with the investment objectives of the schemes and provisions of SEBI Regulations. Where required, schemes specific guidelines are also in place.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

DEBT MARKET IN INDIA:

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts and pension funds. The instruments in the market can be broadly categorized as those issued by corporates, banks, financial institutions and those issued by state/ central governments.

The debt markets are developing fast, with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets now. According to National Stock Exchange, the market capitalization of the Indian Bond markets is approximately ~INR 215 trillion as on March 31, 2025. The money markets in India essentially consist of the Treasury bills (T-bills), Commercial Papers (CPs), Certificate of Deposits (CDs), Bill Rediscounting (BRD) and Tri Party Repos (TREPS).

The Government of India (GOI) routinely issues both T-bills and government securities for liquidity and fiscal management. The T-bills are issued as a discount to their face value whereas the government securities are issued as coupon bearing securities. The GOI had issued certain Zero Coupon Bonds (ZCB) in the past. Both the T-bills and the coupon bearing government securities are issued by RBI on behalf of GOI. Total Outstanding in the Government securities market on March 31, 2025 was INR~178 Trillion INR (source: RBI Site). The Corporate bond market is also fast developing with greater number of corporates

raising capital through issuances of non-convertible debentures and commercial papers. The corporates are issuing both dated coupon bearing and floating rate NCDs. The debentures and CPs are rated by rating agencies. Some of the capital is even raised through the private placement route. Of late the money market segment of the Indian debt market has become liquid and the longer dated bonds and debentures are less liquid in comparison. Currently, the corporate sector is issuing floating rate debentures linked both to the MIBOR and the INBMK (Indian G-Sec benchmark). The debt market presently offers a variety of short term and medium term instruments with different risk and return characteristics. The various instruments currently available for investments and their indicative yield are (as on September 30, 2025):

Instrument	Tenor	Yield (%)	Liquidity
T-Bills	91 days	5.40-5.50	High
	364 days	5.60-5.70	High
Commercial Papers	3 months	6.30-6.70	Medium
	6 months	6.60-6.80	Medium
	12 months	6.75-7.00	Low
Government Securities	1 year	5.70-5.80	Medium
	5 year	6.15-6.25	High
	10 years	6.45-6.55	High
Corporate Security	1 year	6.60-6.80	Medium
	2 years	6.70-6.90	Medium
Floating Rate Securities	1 Year +	Mibor/INBMK +	Very Low

C. WHAT ARE THE INVESTMENT STRATEGIES

The Scheme's investment objective is to generate capital appreciation over the long term by investing predominantly in corporate debt across the credit spectrum within the universe of investment grade rating. To achieve this objective, the Scheme will seek to make investments in rated, unrated instruments and structured obligations of public and private companies.

The Scheme will also invest in the debt instruments where the fund manager believes that the capital structure needs or where broader market dislocation has created an opportunity to generate superior risk adjusted returns. The Scheme may also invest in debt instruments of companies requiring structured debt solutions where the fund manager believes investment in debt securities of such companies provides attractive opportunities and meets specific financing need of the issuer.

The Scheme's investments are generally expected to comprise privately negotiated investments in debt or debt securities of public or private companies, including, bonds, debentures and asset-backed securities. Typically such transactions are privately originated investments that provide debt capital directly to companies in need of financing generally unobtainable through the broader capital markets. The Scheme

will focus on investments in debt instruments of companies wherein the structuring needs are driven by need for flexibility in the terms of financing, such as tenor, type of collateral, repayment scheduling, interest payment scheduling etc.

In this regard, the AMC may appoint a service provider to source such deals for the Fund that are in alignment with the investment objectives of the Fund. Such service provider may charge fees in accordance with the terms of the agreement entered into by it.

However, the final decision-making power vests with the Fund Manager of the Fund and any decision in relation to the deals sourced by such service provider will be strictly in accordance with the process for investment decision as set out in this section hereinabove.

Investment Decisions:

The Fund Manager will follow a four stage process as outlined below:

1. Research:

The process will be research oriented. It will comprise of qualitative as well as quantitative research of all the investment proposals received/ available in the market. All the investment options which are in line with the investment objective of the Scheme will be evaluated by the research team on various parameters like credit quality, quality of underlying security, pricing, deal structure, etc. Transactions which are found fit on these parameters shall be referred to the investment committee for approval.

2. Investment committee:

All investment proposals (except A1+) credit rating have to be pre-approved by the Investment committee.

Investment committee comprising of Chief Executive Officer, Chief Operating Officer, Chief Investment Officer, Head-Equity, Head-Fixed Income, Fund Managers, Head – Compliance, Head - Operations, Risk Analyst and Head- Risk shall meet regularly to review and analyze market movement, events and deliberate on new investment proposals. If needed, it may also refer the proposal to any external agency for seeking opinion on various issues like transaction legal structure, valuation of underlying security, credit evaluation / rating, due diligence, etc.

The investment committee shall also review the performance of the scheme including the underlying investments. The various investment monitoring reports generated by risk management team shall also be reviewed by the investment committee.

3. Fund management:

The investment decisions for the Scheme will be taken by the Fund Manager, which will be consistent with the regulatory requirements and the investment objectives of the Scheme. The Scheme may additionally observe such internal guidelines as may be prescribed by the Boards of the AMC / Trustee or any internal committee. Subject to the above, the day to day investment management decisions will rest with the Fund Manager of the Scheme.

4. Investment monitoring:

The risk management team shall monitor all investments on a daily basis. They may seek reports from various agencies to ascertain that the value of the underlying security is in line with the terms of issue, all the deal covenants are complied with and ascertain if any macro event has a material impact on the investment. The risk team may regularly report to the investment committee on such issues.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE

There is no distinct benchmark available for this Scheme. However, based on the investment objective of investing predominantly in corporate debt, CRISIL Credit Risk Debt B-II Index is the most appropriate benchmark for the Scheme. The Index however seeks to track the performance of a debt portfolio that includes government securities and AAA/AA+ rated corporate bonds. The benchmark is most suited for comparing the performance of the Scheme

Also, as required under Para 1.9 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD1/P/CIR/2023/74 dated June 27, 2024, the benchmark has been selected from amongst those notified by AMFI as the first-tier benchmark to be adopted by mutual funds.

The AMC and the Trustee may mutually agree to change the benchmark index or select an additional benchmark index after recording reasons for such change and by following required regulatory process.

The Scheme performance are reviewed by Investment Committee at its monthly meeting. The Board of AMC & Trustee also discuss the Scheme Performance with the respective benchmarks in its meetings.

vi. Investments of AMC in the Scheme

For details on investment of AMC in the Scheme, following link can be referred: The AMC shall not invest in any of the schemes unless full disclosure of its intention to invest has been made in the Scheme Information Document and that the AMC shall not be entitled to charge any fees on such investment.

The AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly in the Scheme. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Scheme. Consequently, in the event of repurchase of units held by such associates and Sponsor, there be an adverse impact on the units of the Scheme as the timing of such repurchase may impact the ability of other unitholders to repurchase their units. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time.

The AMC may invest in the Scheme at any time during the NFO and continuous offer period subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

Further, the AMC shall based on the risk value assigned to the scheme, shall invest minimum amount as a percentage of assets under management of the scheme, Pursuant to para-No. 6.9.2 of SEBI Master Circular dated June 27, 2024.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

Valuation of assets, computation of NAV, repurchase price and their frequency of disclosure will be in accordance with the provisions of SEBI (Mutual Funds) Regulations 1996/ Guidelines/ Directives issued by SEBI from time to time. The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

NAV (Rs .Per unit)=
$$\frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Other Assets (including accrued interest)} - \text{Current Liabilities \& Provisions}}{\text{Number of Units Outstanding under the Scheme at the end of the day}}$$

Number of Units Outstanding under the Scheme at the end of the day

The NAV will be calculated up to 2 decimals using standard rounding criteria. The NAV will be computed and announced for each Business Day. The NAV shall be calculated and announced on a daily basis. The NAVs of Growth Option and IDCW Option will be different after the declaration of the first IDCW.

The IDCW paid on units of the Scheme(s) Fund shall be deducted in computing the NAV of the Scheme(s), each time a IDCW is declared and till it is distributed.

NAV Illustration on NAV computation:

Assumptions - on the day of calculation of NAV:

Particulars	Amount (In Rs.)
Market or Fair Value of the Scheme's Investments	1000
Add: Current Assets	1000
Less: Current Liabilities and Provisions	300
Net Assets	1700

No of units outstanding in the plan = 100

The NAV per unit will be computed as follows: $1700/100=\text{Rs. } 17$ per unit.

The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

Methodology for computation of sale and re-purchase price of the units of mutual fund scheme:

Let's assume that an investor has invested Rs. 100,000 in a Mutual Fund Scheme on April 01, 2024, at a NAV of Rs. 10/- per unit and the exit load structure of the scheme is:

- For exit on or before 12 months from the date of allotment – 1.00%
- For exit after 12 months from the date of allotment – Nil.

Purchase of Mutual Fund units:

Number of units allotted =
$$\frac{\text{Amount invested}}{\text{NAV of scheme as on date of investment}}$$

At the time of purchase of units

$$\frac{1,00,000}{10} = 10,000 \text{ units}$$

As per existing Regulations, no entry load is charged with respect to applications for purchase / additional purchase of mutual funds units.

Redemption/Re-purchase of mutual fund units

In case of redemption, the amount payable to the investor shall be calculated as follows:

(Current value of the holding) – (Exit Load applicable)

where, Current value of the holding = No. of units as on the date* NAV as on the date

Exit Load applicable = Current value of the holding * Exit Load %

Scenario 1: Redemption is done during applicability of exit load

Assume that the investor has requested for redemption of all the units (i.e. 10,000 units), on or before 12 months from the date of allotment i.e. on or before March 31, 2024, the redemption amount payable to investor shall be calculated as follows:

Say in this example the redemption request is done on December 1, 2023; when the NAV of the scheme was Rs. 12/- and the exit load applicable is 1%, so the Redemption amount payable to investor shall be calculated as follows:

Current value shall be = 10,000 units*Rs. 12/- = Rs. 120,000/-

Exit load applicable = Rs. 120,000*1% = Rs. 1200/-

Redemption amount payable to investor = Current value of the holding – Exit Load applicable
= Rs. 120,000 - Rs. 1200 = Rs. 118,800/-

Scenario 2: Redemption is done if the exit load is NIL

Assume that the investor has requested for redemption of all the units (i.e. 10,000 units), after 12 months from the date of allotment i.e. after March 31, 2024, the redemption amount payable to investor shall be calculated as follows:

Say in this example the redemption request is done on April 1, 2024; when the NAV of the scheme was Rs. 12 and the exit load applicable is NIL, so the Redemption amount payable to investor shall be calculated as follows:

Current value shall be = 10,000 units*Rs. 12/- = Rs. 120,000/-

Exit load applicable = NIL

Redemption amount payable to investor = Current value of the holding – Exit Load applicable
= Rs. 120,000 – NIL = Rs. 120,000/-

The aforesaid example does not take into consideration any applicable statutory levies or taxes. Accordingly, the redemption amount payable to investor shall further reduce to the extent of applicable statutory levies or taxes.

The AMC shall update the NAVs on the website of Association of Mutual Funds in India -AMFI (www.amfiindia.com) by 11.00 p.m. or such other time as may be mandated by SEBI, on a daily basis. In case of any delay, the reasons for such delay will be explained to AMFI and, if so mandated, SEBI, by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund will be able to publish the NAVs.

As required under the Regulations, the fund shall ensure that the repurchase price of an open ended scheme is not lower than 97% of the Net Asset Value. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising expense, registrar expenses, printing and stationary, bank charges etc. The NFO expenses shall be borne by the AMC/Trustee/Sponsor and not by the Scheme of the Mutual Fund. The AMC will ensure that no NFO expenses will be charged to the Scheme.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.00 % of the daily net assets of the scheme will be charged to the scheme as expenses For the actual current expenses being charged, the investor should refer to the website of the mutual fund (<https://www.boimf.in/investor-corner#t4>).

As per the Regulations, the maximum recurring expenses excluding issue or redemption expenses, whether initially borne by the Fund or by the AMC but including investment management and advisory fee that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management & Advisory Fee	Upto 2.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.00%
Additional expenses under Regulations 52(6A)(c)#	Upto 0.05%
Additional expenses for gross new inflows from specified cities	Upto 0.30%

In terms of para 10.1 of SEBI Master circular dated June 27, 2024, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses. However, the scheme has exit load and hence, the AMC is allowed to charge.

Note :-SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/ OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/MEM-COR/85-a/2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice. Accordingly, the B-30 incentive structure shall be implemented as per SEBI/AMFI directions from time to time.

The purpose of the table is to assist the investor in understanding the various costs and expenses to be borne by the Scheme. Apart from the above expenses, any other expenses which are directly attributable to the Scheme, may be charged with the approval of the Trustee within overall limits as specified in the Regulations except those expenses which are specifically prohibited.

Investment Management and Advisory Fees charged by the AMC to the Scheme shall be within the total expense limit as prescribed under Regulation 52 of the Regulations with no sub-limits on said management and advisory fees.

The annual total of all permissible recurring charges and expenses of the Scheme including Investment Management and Advisory Fees as mentioned in the above table, shall be subject to the following limits as specified in Regulation 52(6) of the Regulations:

Asset under Management slab (in crore)	TER limits
on the first Rs. 500 crores of the daily net assets.	2.00%
on the next Rs. 250 crores of the daily net assets	1.75%
on the next Rs. 1,250 crores of the daily net assets.	1.50%
on the next Rs. 3,000 crores of the daily net assets	1.35%
on the next Rs. 5,000 crores of the daily net assets	1.25%
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of ₹ 5000 crores of daily net assets or part thereof

Asset under Management slab (in crore)	TER limits
on balance of the assets	0.80%

Provided that the expenses as per the list as provided by AMFI, which are very small in value but high in volume may be paid out of AMC's books. Such expenses can be paid out of AMC's books at actuals or not exceeding 2 bps of the scheme AUM, whichever is lower. Such expenses incurred by AMC would be properly recorded and audited in the books of account of AMC at year end.

Further, in addition to the limits prescribed in the Regulation 52 (6) of the SEBI (Mutual Funds) Regulations, the following additional costs/expenses may also be charged to the scheme:

(a) Additional expenses, not exceeding 0.05% of daily net assets may be charged to the Scheme(s), incurred towards Investment Management and Advisory Fees and the various sub-heads of recurring expenses mentioned under Regulation 52 (2) and (4) respectively of the SEBI (Mutual Funds) Regulations, in addition to the limits on total expenses prescribed of Regulation 52(6) of the SEBI (Mutual Funds) Regulations; except where exit load is not levied / not applicable to the Scheme;

(b) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from such cities as specified by SEBI/AMFI from time to time are at least -

(i) 30 per cent of gross new inflows in the scheme, or;

(ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher

Provided that if inflows from retail investors from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment;

The additional TER in terms of Regulation 52(6A)(b) of SEBI (Mutual Funds) Regulations, 1996 shall be charged upto 30 basis points on daily net assets of the scheme based on inflows only from retail investors beyond Top 30 cities (B 30 cities). Inflows of amount upto Rs. 2,00,000 per transaction by individual investors shall be considered as inflows from retail investors. Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

The additional commission for B 30 cities shall be paid as trail only.

Further, GST on investment and advisory fees to the scheme shall be charged in addition to the Total Expense Ratio as mentioned above.

Additionally at least 2 basis points on daily net assets within the maximum limit of overall expense Ratio (as mentioned in the above table) shall be annually set apart for investor education and awareness initiatives.

Investors should further note that the AMC reserves the right to charge a higher percentage of Investment and Management Fees than as mentioned in the SID but within the overall total expense ratio mentioned for the Scheme.

Further, brokerage and transaction cost incurred for the purpose of execution shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan. The Direct Plan shall also have separate NAV.

The total expense ratios of the schemes of the Fund are available in downloadable spreadsheet format on the AMC website and AMFI website. Any change in the current expense ratios will be updated at least three working days prior to the effective date of the change. For the total expense ratio details of the Scheme, investors may visit <https://www.boimf.in/investor-corner#t4> available on the website of the AMC and AMFI's website.

ILLUSTRATION OF IMPACT OF EXPENSE RATIO ON SCHEMES RETURNS:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets. To further illustrate the above, for the Scheme under reference, suppose an Investor invested Rs. 1,00,000/- (after deduction of stamp duty and transaction charges, if any) under the Growth Option, the impact of expenses charged will be as under:

Particular	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	1,00,000/-	1,00,000/-
Returns before expenses (Rs.)	8,000/-	8,000/-
Expenses other than Distribution expenses (Rs.)	250/-	250/-
Distribution expenses (Rs.)	50/-	0/-
Returns after expenses at the end of the year (Rs.)	7,700/-	7,750/-
Return (in %)	7.70%	7.75%

Above illustration is a simplified calculation to show the impact of the expense charged on the performance to the scheme. In the above illustration total expense charged to the scheme has been mentioned in INR.

As per the SEBI regulation, expense to the scheme is charged on daily basis on the daily net assets and as per the percentage limits specified in the SEBI regulations.

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme.

C. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (<https://www.boimf.in/siddisclosures/load-structure>) or may call at (1800 - 266 - 2676 & 1800 - 103 - 2263) or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	• 4 % if redeemed within 12 months from the date of allotment • 3% if redeemed after 12 months but within 24 months from the date of allotment • 2% if redeemed after 24 months but within 36 months from the date of allotment • Nil if redeemed after 36 months from the date of allotment
Entry	No entry Load shall be charged to the Scheme.

As required under the Regulations, the fund shall ensure that the repurchase price of an open ended scheme is not lower than 97% of the Net Asset Value.

- No Entry / Exit Loads will be chargeable in case of switches made between different options of a Scheme.
- Exit Load will be computed basis the amount of redemptions made by an investor/Unitholder.
- Redemption of investments made through SIP, STP, switch or other facilities will also attract Exit Load as applicable except otherwise specified.
- In terms of SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009, no Entry Load will be charged to any purchase applications (including additional purchases and switch-ins). Direct Applications will also not attract any Entry Load. Upfront commission shall be paid directly by the investor to the AMFI registered Distributors based on the investors' assessment of various factors including the service rendered by the distributor.
- Where investments were made directly i.e. without any distributor code, exit load will not be levied on switch of Units from Regular Plan to Direct Plan.
- No exit load shall be levied in case of switch of Units from Direct Plan to Regular Plan.
- For any change in Load structure, AMC will issue an addendum and display it on the AMC Website immediately and circulated to all Investor Service Centres for inclusion in the existing copies.
- The Trustee reserves the right to modify / alter the Load structure under the Scheme and may decide to charge a Load or revised Load or introduce a differential Load structure on the Units prospectively subject to the following:
 - Any imposition or enhancement in the Load shall be applicable on prospective investments only.
 - The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
 - Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
 - The introduction of the Exit Load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such Load.

B. Risk factors

(a) Standard Risk Factors

- (a) Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- (b) As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of the investment in the scheme may go up or down. As with any investment in securities, the NAV of the Units under the Scheme can go up or down, depending on the factors and forces affecting the markets. The various factors which impact the value of the scheme's investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- (c) Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- (d) Bank of India Credit Risk Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- (e) The Sponsor is not responsible or liable for any loss or shortfall in Scheme's corpus arising or resulting from the operation of the Scheme, beyond the initial contribution of Rs. 1,00,000/- (Rupees One Lakh only) made by it to the Fund at the time of setting up the Mutual Fund. The Associates of the Sponsor are not responsible or liable for any loss or shortfall resulting from the operation of the Scheme. However, the asset management company and the sponsor of the mutual fund shall be liable to compensate the affected investors and/or the scheme for any unfair treatment to any investor as a result of inappropriate valuation.
- (f) The present Scheme is not a guaranteed or assured return scheme and investors in the Scheme are not being offered any guaranteed / assured return.
- (g) Statements/Observations made in this Scheme Information Document are subject to the laws of the land as they exist at any relevant point of time.
- (h) Mutual Funds and securities investments are subject to market risks and the NAVs of the units issued under the scheme may go up or down depending on the factors and forces affecting the capital markets.
- (i) Growth, appreciation, IDCW and income, if any, referred to in this Scheme Information Document are subject to the tax laws and other fiscal enactments as they exist from time to time

(b) Scheme Specific Risk Factors

I. Risk associated with investments in Bonds / Fixed Income Instruments:

1. Credit Risk: Credit risk may arise due to downgrades of, delays or defaults by the issuer.

- Delay in payment or Default risk refers to the risk that an issuer of a fixed income security may delay or default in payment (i.e., will be unable to make timely principal and/or interest payments on the security). Such non-payment or delay in payment will likely result in a reduction in the value of the debt investment experiencing non-payment/delay and resultant reduction of income to the Scheme. It may further result in expensive cost of recoveries for the Scheme.
- Downgrade risk refers to the decline in the perceived credit- worthiness of the issuer which may be due to micro-economic factors such as financial soundness and ability of the borrower as also macro-economic factors such as industry performance, industry competitiveness, input costs, trade barriers, etc. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default. As a result of a downgrade, the price of a security may decline because the credit rating of an issuer goes down. Downgrade risk can be even more pronounced in the event of credit rating downgrade from investment grade to junk, as there can be a large price decline and significant liquidity shock, as many institutions are not allowed to own instruments below investment-grade.

The credit risk in respect of Scheme assets portfolio thus may go up or down basis its investment pattern.

Although the Scheme may invest in investments that the Fund Manager believes are secured by specific collateral the value of which may exceed the principal amount of the investments at the time of initial investment, there can be no assurance that the liquidation of any such collateral would satisfy the borrower's obligation in the event of non-payment of scheduled interest or principal payments with respect to such investment or that such collateral could be readily liquidated. In addition, in the event of bankruptcy of a borrower, the Scheme could experience delays or limitations with respect to its ability to realize the benefits of the collateral securing an investment. Under certain circumstances, collateral securing an investment may be released without the consent of the Scheme.

Moreover, the Scheme's investments in secured debt may be unperfected for a variety of reasons, including the failure to make required filings by lenders and, as a result, the Scheme may not have priority over other creditors as anticipated. The Scheme will also invest in high-yield securities and other unsecured investments, each of which involves a higher degree of risk than secured debt investments. Furthermore, the Scheme's right to payment and its security interests, if any, may be subordinated to the payment rights and security interests of senior lenders. Certain of these investments may have an interest-only payment schedule, with the principal amount remaining outstanding and at risk until the maturity of the investment. In this case, a company's

ability to repay the principal of an investment may be dependent upon a liquidity event or the long-term success of the company, the occurrence of which may be uncertain.

- 2. Securities with moderate credit rating and unrated securities:** A security with a credit rating of BBB and above is considered to be investment grade. However, instruments with a BBB rating are considered to have only a moderate degree of safety regarding timely servicing of financial obligations. Such instruments carry moderate credit risk. The Scheme may invest in securities with moderate credit rating or unrated debt securities and instruments. Such securities and instruments are generally not exchange-traded and, as a result, trade in the over-the-counter ("OTC") marketplace, which is less transparent than the exchange traded marketplace. The market values of certain of these lower-rated and unrated debt investments tend to reflect individual corporate developments to a greater extent and tend to be more sensitive to economic conditions than those of higher-rated investments, which react primarily to fluctuations in the general level of interest rates. Companies that issue such securities are often not highly rated and may not have available to them more traditional methods of financing. Major economic recessions may disrupt severely the market for such securities and may have an adverse impact on the value of such securities and the ability of the issuers of such securities to repay principal and interest thereon, thereby increasing the incidence of default of such securities. Adverse publicity and investor perceptions, whether or not based on fundamental analysis, may also decrease the value and liquidity of these debt securities.
- 3. Valuation Risk associated with investing in unrated securities:** The scheme plans to invest up to 25% of its NAV in unrated debt securities. Unrated securities carry additional risks related to valuation due to lack of any market benchmark / standards on valuations. Hence, such unrated securities will be valued based on SEBI / AMFI valuation guidelines.
- 4. Potential Lack of Investment Opportunities:** The Scheme's success will depend, in part, on the ability of the Investment Manager to identify and select appropriate investment opportunities, as well as the Scheme's ability to acquire these investments. In both cases, the Scheme will compete with a broad spectrum of investors and sources of finance, including other private investment vehicles, as well as the public debt markets, individuals, banks and other financial institutions, business development companies, strategic industry acquirers, hedge funds and other institutional investors, many of which have substantially greater financial resources and are more well-known than the Fund. Over the past several years, a number of private investment vehicles, in particular, have been formed to participate in the corporate Debt markets and many such existing entities have grown in size. Additional entities with similar investment objectives may also be formed in the future by unrelated parties. It is possible that competition for appropriate investment opportunities may increase, thus reducing the number of investment opportunities available to the Scheme. These competing investors may make competing offers for investment opportunities identified by the Investment Manager. In addition, such competition may mean that the prices and terms on which investments may be made may be less beneficial to the Scheme than would otherwise have been the case.

There can be no assurance that the Fund Manager will be able to locate and complete investments which satisfy the Scheme's objectives or realize upon their values or that the Scheme will be able to fully invest the Unit Capital. The Scheme may incur significant expenses identifying, investigating and attempting to make potential investments that are ultimately not consummated. Moreover, the Investment Manager's belief regarding the availability of investment opportunities for the Scheme over the next several years are based in part on assumptions regarding the amount of bank finance that will be available over this time period, the Scheme's ability to participate in such investments and other market, economic and related assumptions, some or all of which may not materialize as expected.

5. **Borrower Fraud; Breach of Covenant:** The Scheme will seek to obtain structural, covenant and other contractual protections with respect to the terms of its investments as determined appropriate under the circumstances. There can be no assurance that such attempts to provide downside protection with respect to investments will achieve their desired effect. Of paramount concern in acquiring the investment contemplated by the Scheme is the possibility of material misrepresentation or omission on the part of Issuer Company or other credit support providers or breach of covenants by such parties. Such inaccuracy or incompleteness or breach of covenants may adversely affect the valuation of the collateral underlying the investments or the ability of the Scheme to perfect or effectuate a lien on the collateral securing the investment or otherwise realize on the investment. The Scheme will rely upon the accuracy and completeness of representations made by borrowers to the extent reasonable, but cannot guarantee such accuracy or completeness. The scheme may subject to the approval of the trustees allow breach of covenants to continue, give up certain covenants, seek and obtain other protections in case of covenant breaches, etc.
6. **Legal / Enforcement Risk:** In case of default in any of its portfolio investments, the Scheme may engage with various agencies / law firms in order to initiate remedial action including litigation to recover the proceeds from its investments and such enforcement of securities including liquidation of underlying assets may take a long period of time, may be expensive and may not lead to recovery of all outstanding amounts.
7. **Re-investment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme or from maturities in the Scheme are re-invested. The additional income from re-investment is the "interest on interest" component. The risk would arise if the above cash flows would have to be re- invested at lower interest rates.
8. **Supplemental Agreements:** The Fund may enter into agreements with various third parties such as but not limited to law firms, consulting firms, accounting firms, merchant banking firms, private equity funds, rating agencies, etc. for research, deal sourcing, credit evaluation, due diligence and valuation services. The fund will exercise reasonable care and diligence in the selection of such third parties. Some of such third parties may in their professional capacities also be associated with or provide services to any of the issuers/ arrangers of securities/instruments the Scheme invests in or to investors investing in the Scheme, and may receive fees from such issuers/arrangers/investors. While the fund manager would reach his own judgment / decision

based on the information provided by the external agencies, there can be no guarantee regarding the accuracy, completeness, timeliness or correct sequencing of the information made available by such third parties, nor can there be a guarantee that investment decisions made by the fund manager based on this information or otherwise, will ultimately turn out to be profitable.

Pursuant to the above, the Fund has appointed a merchant banker (service provider) for research, deal sourcing, credit evaluation, due diligence, investment monitoring and valuation services in terms of a services agreement. Such arrangements might result in dependence of the Fund on the service provider. Such relationship may pose business continuity risks in the event of termination of the arrangement between the parties and may impinge on the smooth operation of business of the Fund.

9. **Counterparty Risk:** For deals executed in the secondary market, certain investments of the Scheme will be exposed to the credit risk of the counterparties (dealers, brokers and exchanges) through which the Fund deals. In the case of a bankruptcy of any such counterparty or other party, the Scheme might recover, even in respect of property specifically traceable to the Scheme, only a pro rata share of all property available for distribution to all of the counterparty's customers and counterparties. Such an amount may be less than the amounts owed to the Scheme. Certain counterparties may have general custody of, or title to, the Scheme's assets. The failure of any such counterparty may result in adverse consequences to the Scheme.
10. **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the quoted bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event: (a) it has to meet an inordinately large number of redemption, or (b) of restructuring of the Scheme's investment portfolio. Securities that are unlisted also carry a higher liquidity risk compared to listed securities.

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. Investment in the Scheme requires a long-term commitment, with no certainty of return. Many of the Scheme's investments are expected to be illiquid and there can be no assurance that the Scheme will be able to generate returns for Investors, that the returns will be commensurate with the risks of investing in the type of transactions and issuers described herein or that the Investment Manager's methodology for evaluating risk-adjusted return profiles for investments will achieve the Scheme's objectives. In some cases, the Scheme may be legally, contractually or otherwise prohibited from selling certain investments for a period of time or may otherwise be restricted

from disposing of them and illiquidity may also result from the absence of an established market for certain investments. The realizable value of an illiquid investment at any given time may be less than its intrinsic value. In addition, certain types of investments made by the Scheme may require a substantial length of time to liquidate. As a result, the Scheme may be unable to realize its investment objectives by sale or other disposition at attractive prices or may otherwise be unable to complete any exit strategy.

An investment in the Scheme is suitable only for long-term, sophisticated investors. Investors must understand and accept the extent of the Scheme's exposure to the underlying credit risks and lack of liquidity of its investments.

11. **Price volatility:** Fixed Income instruments may be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments.
12. **Trading volumes and settlement periods:** The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and low return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. By the same token, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well-developed and liquid secondary market for debt securities, could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of the securities held in the Scheme's portfolio.
13. **Interest Rate Risk:** As with all debt securities, changes in interest rates will affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long term securities generally fluctuate more in response to interest rate changes than of shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.

In the case of floating rate instruments, an additional risk could arise because of the changes in the spread of floating rate instruments. With the increase in the spread of floating rate instruments the prices can fall and with the contraction in the spreads of the floating rate instruments the prices can rise, other parameters being unchanged. Moreover, floating rate instruments which have periodical interest rate reset carry lower interest rate risk compared to a fixed rate debt instrument. However, in a falling interest rate scenario the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.

14. **Risk of Losses:** An investment in the Scheme involves various risks, including the possibility of partial or total loss of the invested capital, and prospective Investors should not subscribe unless they can readily bear the consequences of such losses. The value of the Scheme's investments may

in certain cases fluctuate, and a variety of other factors that are difficult to predict, such as domestic or international economic and political developments, may significantly affect value of the Scheme's investments.

15. Investment decisions made by the Investment Manager may not always be profitable.
16. **Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
17. **Risk associated with investing in Repo of Corporate Bond Securities:**

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Corporate Bond Repo will be subject to counter party risk.
 - The Scheme will be exposed to credit risk on the underlying collateral– downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.
 - Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).
18. **Others:** Different types of securities in which the Scheme would invest as given in the SID carry different levels and types of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further, even among corporate bonds, bonds which are rated AAA are comparatively less risky than bonds which are AA rated.
 19. **Backstop facility in form of investment in Corporate Debt Market Development Fund (CDMDF):**

a. CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes to begin with) and sell as markets recover. The CDMDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus this backstop facility will help fund managers of the aforementioned Schemes to better generate liquidity during market dislocation to help the schemes fulfill liquidity obligations under stress situation.

b. In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on Investment by Mutual Fund Schemes in units of Corporate Debt Market Development Fund, the aforementioned schemes shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ("CDMDF"). An incremental contribution to CDMDF shall be made every six months to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

c. We would further like to bring to the notice of the investors that investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

d. Investors are requested to read detailed disclosure on investment of the schemes in the CDMDF as listed in sub-section "C. How will the Scheme allocate its assets and sub-section D. Where will the Scheme Invest" in Section "Section II- Information about the scheme".

a. Risks relating to external factors:

1. **Material Changes in Legislation / New Legislation:** Changes in laws and regulations or to the regulatory or enforcement environment in India may have an adverse effect on the value of the Scheme's assets or on the collateral available for the investments made out by the Scheme or on the Scheme's business in general.
2. **Economic Risks:** The Scheme's performance and the quality and growth of its assets are necessarily dependent on the health of the Indian economy as well as on global economic conditions. An economic slowdown could adversely affect the Scheme's business, including the Scheme's ability to grow its asset portfolio, to maintain the quality of its assets and to implement its strategy. The Indian economy could be adversely affected by a variety of domestic as well as global factors.

The Scheme's positions in liquid investments in particular will be vulnerable to market fluctuations and the risks inherent in investments in financial markets. Public markets can be volatile and market prices of investments can change substantially. Fluctuations in the market prices of debt and equity investments and interest rates may have a substantial negative impact on the Scheme's investments and investment opportunities and accordingly may have a material adverse effect on the Scheme's investment objectives and the rate of return on invested capital. Instability in the debt and equity markets may also increase the risks inherent in the Scheme's investments. The performance of the Scheme will therefore depend in part on the ability of the Fund Manager to anticipate and respond to such market volatility and to utilize appropriate strategies to maximize returns, while attempting to reduce the associated risks to investment capital.

3. **Political Instability:** Political instability could arise due to several reasons. Any political instability in India could impact the Scheme's business. The role of the Indian Central and State Governments in the Indian economy has remained significant over the years. There can be no assurance that these governments' liberalization policies will continue in the future. The rate of economic liberalization could change and specific laws and policies affecting financial services companies, foreign investment, currency exchange rates and other matters affecting investments in Indian companies could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and have an adverse effect on economic conditions in India, thus affecting the Scheme's business.
4. **Force Majeure:** India has experienced natural calamities such as earthquakes, floods, droughts and a tsunami in recent years. India has also experienced pandemics, including the outbreak of avian flu and swine flu. The extent and severity of these natural disasters and pandemics determine their impact on the economy and in turn their effect on the financial services sector. Prolonged spells of abnormal rainfall and other natural calamities could also have an adverse impact on the economy which in turn could adversely affect the Scheme's results and operations.
5. **India's Sovereign Rating:** Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact domestic market liquidity conditions, which may affect the Scheme's performance.

b. Risks relating to taxation:

Tax Risks: Investors are subject to a number of risks related to tax matters. In particular, the tax laws relevant to the Scheme are subject to change, and tax liabilities could be incurred by Investors as a result of such changes. Prospective Investors are strongly urged to consult their tax advisors with specific reference to their own situations. For further details please refer to the Section of this SID titled "Tax Considerations".

c. Risk factors associated with investing in Securitised Debt:

The Scheme may invest in securitized debt / asset-backed securities. These are securities backed by mortgages, including trade claims, installment sale contracts, credit card receivables or other assets and which include collateralized debt obligations as described below. Asset-backed securities are "pass-through" securities, meaning that principal and interest payments, net of expenses, made by the borrower on the underlying assets are passed through to the Scheme. The value of asset-backed securities like the traditional fixed income securities, typically increases when interest rates fall and decreases when interest rates rise. However, asset-backed securities differ from traditional fixed income securities because of their potential for prepayment. The price paid by the Scheme for such securities, the yield the Scheme expects to receive from such securities and the average life of such securities are based on a number of factors, including the anticipated rate of prepayment of the underlying assets.

The Risks involved in Securitised papers / Pass Through Certificates (PTCs) described below are the principal ones and does not represent that the statement of risks set out hereunder is exhaustive.

- **Limited Liquidity & Price Risk:** There is no assurance that a deep secondary market will develop for the PTCs. This could limit the ability of the investor to resell them.
- **Limited Recourse, Delinquency and Credit Risk:** Investors in securitized debt take a direct exposure on the performance of the underlying collateral and have limited or no recourse to the originator. Hence, investors seek additional comfort in form of credit enhancement, which refers to an attempt to buffer investors against losses on the assets collateralizing their investment. Credit enhancements are often essential to secure a higher level of credit rating and for low cost funding. The credit enhancement stipulated represents a limited loss cover to investors. PTCs represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the issuer, the seller, the originator, or the parent or any of the seller, issuer and originator. No financial recourse is available to the PTC holders against the investors' representative. Delinquencies and credit losses may cause depletion of the amount available under the credit enhancement and thereby the investor payouts to the PTC holders may get affected if the amount available in the credit enhancement facility is not enough to cover the shortfall. On persistent default of a obligor to repay his obligation, the servicer may repossess and sell the asset. However, many factors may affect, delay or prevent the repossession of such asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which the asset may be sold may be lower than the amount due from that obligor.
- **Risks due to possible prepayments and charge offs:** In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any charge offs would result in the reduction in the tenor of the PTCs.
- **Bankruptcy of the Swap Bank:** If the Swap Bank, becomes subject to bankruptcy proceedings then an Investor could experience losses or delays in the payments due under the Interest Rate Swap Agreement.
- **Risk of Co-mingling:** With respect to the PTCs, the servicer will deposit all payments received from the obligors into the collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the loan agreements may not be segregated from other funds of originator. If originator in its capacity as servicer fails to remit such funds due to investors, the investors may be exposed to a potential loss.

d. Risks associated with Segregated Portfolio

- a) Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
- b) Security(ies) held in segregated portfolio may not realize any value.

- c) Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

(c) Risk Management Framework:

In accordance with SEBI & AMFI guidelines (issued from time to time), the AMC has implemented the following measures to manage various risk in the schemes.

Potential Risk Class (PRC) Matrix: The PRC reflects the maximum risk that a scheme will run as per design and a measurement of that risk on a regular basis. Remedial measures also in place in case any of the design boundaries are breached.

Liquidity Risk Management (LRM): LRM addresses the Liquidity Risk arising from the liability side and covers all potential liquidity risk scenarios upto 99% confidence interval. Has remedial measures both for managing this risk on an ongoing basis (LRaR & LCRaR) as well as action plan in case there is a difference between actual outcome and projected outcome.

Stress testing: Stress testing in open-ended debt schemes (except Overnight Fund) addresses the asset side risk from an Interest Rate, Credit and Liquidity Risk perspective at an aggregate portfolio level in terms of its impact on NAV.

Asset Liability Mismatch (ALM): ALM framework to address a longer-term Asset Liability matching up to a period of 90 days. The RMC circular brings in ALM requirement which addresses potential Liquidity requirement over a 90-day period and required relevant asset side liquidity to be maintained.

Swing pricing: In case of severe liquidity stress at an AMC level or a severe dysfunction at market level, the Swing Pricing guidelines get triggered which offers the contingency plan in case all else fails.

II. INFORMATION ABOUT THE SCHEME

A. Where will the scheme invest

Detailed description of the instruments (including overview of debt markets in India, if applicable) mentioned in Section I.

B. What are the investment restrictions

The Investments to be made under the Scheme are subject to various restrictions as prescribed by the Seventh Schedule of the Regulations including any amendments thereto and SEBI circulars issued from time to time and the Trust Deed as summarized below. These restrictions would be kept in view at the time of making investments. Additionally, the Scheme may be subject to internal guidelines / restrictions, which may include limiting sectoral exposure to a particular scrip or sector as may be decided by the Trustee/AMC. Investments by the Scheme will also be subject to the investment objective, investment strategy and investment pattern described previously. Restrictions relating to Regulations and Trust Deed referred above are as follows:

1. The investment shall at all times be in accordance with the SEBI Regulations and other applicable regulations.

2. A mutual fund scheme shall not invest more than:

- a) 10% of its NAV in debt and money market securities rated AAA; or
- b) 8% of its NAV in debt and money market securities rated AA; or
- c) 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri Party Repo on Government securities or treasury bills

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

3. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted nonconvertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

In terms of Para 12.1 of the SEBI Master Circular dated June 27, 2024 all investments in CPs would be made only in CPs which are listed or to be listed with effect from one month from January 01, 2020.

4. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments.

5. The scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management of the AMC or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Mutual Fund. Provided that this clause shall not apply to any fund of funds scheme.

Provided that this clause shall not apply to any fund of funds scheme.

6. No scheme shall make any investment in any fund of funds scheme.

7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities. Provided that the Fund may engage in short selling, securities lending and derivatives transactions in accordance with the frame work specified relating to short selling and securities lending and borrowing specified by the Board.

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

8. The Mutual Fund shall get the securities purchased or transferred in its name on account of the concerned scheme, wherever investments are intended to be of long-term nature.

9. Pending deployment of funds in terms of investment objectives of the scheme:

The Mutual Fund can deploy the funds of the Scheme in short term deposits of upto 91 days with scheduled commercial banks in line with Para 12.16 of the SEBI Master Circular dated June 27, 2024. However, such deployment shall not exceed 15% of the net assets of the Scheme, or with Trustee's approval, upto 20%, across all banks, and further shall be limited to 10% of the net assets with any one scheduled commercial bank including its subsidiaries.

10. The Scheme shall not make any investment in : a) Any unlisted security of an associate or group company of the Sponsor; or b) Any security issued by way of private placement by an associate or group company of the sponsor; or c) The listed securities of group companies of the Sponsor which is in excess of 25% of the assets.

11. Inter-scheme transfer of investments from one scheme to another scheme of the Mutual Fund shall be allowed only if

a. Such transfers are done at the prevailing market price for quoted instruments on spot basis.

Explanation - "Spot basis" shall have same meaning as specified by stock exchange for spot transactions.

b. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

In case of Open Ended Schemes, ISTs may be allowed in the following scenarios:

(A) For Meeting Liquidity Requirement in a scheme in case of unanticipated redemption pressure:

1. Each scheme to have Liquidity Risk Management (LRM) Model as approved by Trustees to ensure that reasonable liquidity requirements are adequately provided for.

2. ISTs to be allowed only after all the below mentioned avenues have been attempted and exhausted:

- (i) Use of Scheme Cash and Cash Equivalent
- (ii) Selling of Scheme Securities in the Market
- (iii) Use of Market Borrowing

3. The use of market borrowing before ISTs will be optional and Fund Manager may at his discretion take decision on borrowing in the best interest of unit-holders. The option of market borrowing or selling of security as mentioned at above may be used in any combination and not necessarily in the above order. In case option of market borrowing and/or selling of security is not used, the reason for the same shall be recorded with evidence.

4. Proper documentation of the attempts made to meet the liquidity through the above mentioned avenues would be maintained. Further, appropriate records of the Interscheme transfer shall also be maintained in the format provided in SEBI circular dated October 28, 2020.

5. After completion of the above, proposed IST would be referred to Investment Committee ("IC") with list of Securities of the lowest duration and highest quality for consideration by the IC for IST.

6. The IC shall then confirm with the Risk Team whether there is any negative news or rumors in the mainstream media or an alert has been generated about the security or issuer based on the internal credit risk assessment in terms of Para 4.3 of the SEBI Master Circular dated June 27, 2024 during the previous 4 months.

7. The IST of only Securities approved by IC would be effected only after completion of the abovementioned procedure.

(B) For Duration/Issuer/Sector/Group rebalancing:

- 1. Submission to the IC either in advance or post-facto the reason for the IST, i.e. Duration/Issuer/Sector/Group rebalancing and evidence thereof that the rebalancing (duration, issuer, sector or group) is required for both the transferor and transferee schemes. Risk Team to ensure that the same reasons are cited for both schemes (except if the transferee scheme is Credit Risk scheme).
- 2. Risk team shall then confirm whether there is any negative news or rumors in the mainstream media or an alert has been generated about the security or issuer based on the internal credit risk assessment in terms of Para 4.3 of the SEBI Master Circular dated June 27, 2024 during the previous 4 months. If yes, then the Inter Scheme transfer of such security shall not be allowed.
- 3. On completion of the above steps, Template consisting approval of Chief Compliance Officer, Chief Investment Officer and Fund Manager of both transferor and transferee scheme shall be obtained and filed for documentary evidence.
- 4. No scheme shall be able to invest more than 10% of its NAV in the equity shares or equity related instruments of any company.

5. The Scheme shall not invest more than 5% of its NAV in the unlisted equity shares or equity related instruments of any company.
6. Total exposure of the scheme in a particular sector (excluding investments in Bank CDs, TREPS, G-Secs, T-Bills, short terms deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks and such other instruments if any, as may be specified by SEBI from time to time) shall not exceed 20% or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time, unless the scheme has specifically been exempted from the requirement by SEBI.
7. An additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs); Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio
8. Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme.
9. Note: The sector classification shall be basis the data provided by Association of Mutual Fund in India.
10. Pursuant to Para 12.1.5 of the SEBI Master Circular dated June 27, 2024, Investment in BRDS by debt schemes of mutual funds shall be considered as exposure to financial services sector for the purpose of sector exposure limits.
11. The Mutual Fund shall subject to Regulations settle its transactions only through dematerialised securities except such instruments which are to be transacted only in physical form. Further, all transactions in government securities shall also be in dematerialised form.
12. The Scheme shall not invest (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) more than 20% of net assets in the Group. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.
13. For this purpose, "Group" means a group as defined in clause (b) of the Explanation to Section 5 of the Competition Act, 2002 (12 of 2003).
14. Further, limit for investment in debt and money market instruments of group companies of sponsor and AMC is 10% of the net assets of the scheme which can be extended to 15% with the prior approval of the Board of Trustees.
15. The Mutual Fund under all its schemes taken will not own more than 10% of any company's paid up capital carrying voting rights.
16. Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B of the SEBI (Mutual

Funds) Regulations, 1996.

17. The scheme shall hold at least 10% of their net assets in liquid assets (including Cash, Government Securities, T-bills and Repo on Government Securities).

Additional Restrictions:

1. From time to time, the Scheme may hold cash. A part of the net assets may be invested in the Tri-party Repo (TREPs) or repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements.
2. The total gross exposure through investment in debt + money market instruments shall not exceed 100% of net assets of the Scheme.

The Scheme will comply with other regulatory provisions and restrictions as may be applicable for investments under the Scheme.

The Trustee or AMC may alter the above restrictions from time to time to the extent that changes in the Regulations may allow. All investment restrictions shall be applicable at the time of making investment.

3. For all regulatory limit calculations other than Asset Allocation Limits (e.g. for Macaulay Duration, Risk-o-meter, investment restrictions pertaining to issuer, sector and group), the base to be considered is 100% of Net Assets. For asset allocation limits the base shall be considered as Net assets excluding the extent of minimum stipulated liquid assets i.e. 10%.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow or as deemed fit in the general interest of the unit holders. All investment restrictions shall be applicable at the time of making investment.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

Apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may be subject to internal guidelines / restrictions, which may include limiting sectoral exposure to a particular scrip or sector as may be decided by the Trustee/AMC.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) Type of a scheme

An open ended debt scheme predominantly investing in AA and below rated corporate bonds (excluding AA+ rated corporate bonds). A Moderate Interest Rate Risk and Relatively High Credit Risk.

(ii) Investment Objective

- Main Objective -. The Scheme's investment objective is to generate capital appreciation over the long term by investing predominantly in corporate debt across the credit spectrum within the universe of investment grade rating. To achieve this objective, the Scheme will seek to make investments in rated, unrated instruments and structured obligations of public and private companies. However, there can be no assurance that the investment objectives of the Scheme will be realized.
- Investment pattern -Kindly refer section A Part II "How will the Scheme Allocate its Assets"

(iii) Terms of Issue

- Liquidity provisions such as listing, repurchase, redemption- Kindly refer "Other Scheme Specific Disclosure"
- Aggregate fees and expenses charged to the scheme- Kindly refer "Annual Scheme Recurring Expense"
- Any safety net or guarantee provided- The Scheme does not provide any guaranteed or assured return.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024 the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal;
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

In addition to the conditions specified above for bringing change in the fundamental attributes of any scheme, the trustees shall take comments of SEBI before bringing such change(s).

However, changes / modifications to the Scheme made in order to comply with Regulations or any change therein will not constitute change in Fundamental Attributes.

The Trustees shall take comments of SEBI before bringing such change(s).

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)-

Disclosures regarding the index, index eligibility criteria, methodology, index service provider, index constituents, impact cost of the constituents.-Not applicable.

E. Principles of incentive structure for market makers (for ETFs)-Not applicable.

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes)-Not applicable.

G. Other Scheme Specific Disclosures:

Listing and transfer of units	At present the units of scheme are not proposed to be listed on any stock exchange. However, the AMC / Trustee may at their sole discretion list the Units under the Scheme on one or more stock exchanges at a later date. Transferability of units: Units unless otherwise restricted or prohibited shall be freely transferable by act of parties or by operation of law. The asset management company shall on production of instrument of transfer together with the relevant unit certificates, register the transfer and return the unit certificates to the transferee within timelines prescribed by SEBI from time to time.
Dematerialization of units	Unit holders, who are holding Units in non-dematerialised form, can dematerialise their holding at any time by making an application to their Depository Participant (with whom they have their DP account). Subject to receipt of complete documentation, the AMC shall credit the Units in dematerialised form to the Depository account of the Unitholder. The expenses incurred by the AMC in dematerialising of the Units may be recovered from Unitholders or may be charged to the Scheme.
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not applicable, since NFO period is concluded.
Maximum Amount to be raised (if any)	Not Applicable. The AMC reserves the right to specify maximum amount to be raised, at the time of New Fund Offer.
Dividend Policy (IDCW)	The Income Distribution Cum Capital Withdrawal warrants shall be dispatched to the unitholders within 7 Working days of the Record Date.

	The IDCW will be paid to only those Unitholders whose names appear on the register of Unitholders of the Scheme / Option at the close of the business hours on the record date. Pursuant to 11.4 of SEBI Master Circular, The Fund is required to dispatch IDCW payments within seven working days from the record date. In case the AMC fails to dispatch the IDCW payments within the stipulated time of seven working days, it shall be liable to pay interest to the unit holders at 15% p.a. or such other rate as may be prescribed by SEBI from time to time. On payment of Income Distribution Cum Capital Withdrawal, the NAV will stand reduced by the amount of Income Distribution Cum Capital Withdrawal and statutory levies paid if any. Investors may like to note that the amounts can be distributed as Income Distribution Cum Capital Withdrawal out of investors capital (Equalization Reserve), which is part of the sale price that represents realized gains.
Allotment	An investor who purchases Units through a broker/ clearing member will receive Units in his/her/its account through his/her/its broker / clearing member's pool account. The AMC will credit the Units to the broker / clearing member's pool account, and they in turn will credit the Units to the investor's account. Credit of Units to the broker / clearing member's pool account by the AMC/its RTA shall discharge the AMC/its RTA of their obligation of allotment of Units to the investor. All valid and complete applications will be allotted Units at the Applicable NAV for the application amount. Allotments made will be subject to realization of payment instrument and subject to the AMC being reasonably satisfied of having received clear funds. Applicants under the Scheme will have an option to hold the Units either in physical form (i.e. account statement) or in dematerialized (electronic) form. For Units held in physical form, normally no Unit certificates will be issued. However, on a specific request from the Unit holder, the AMC shall issue a Unit certificate within 5 Business Days of the receipt of such request.

	In case of purchase transactions, where there is a mismatch in the amounts on the Transaction Slip / Application Form and the payment instrument / credit received, the AMC may at its discretion allot the units for the lesser of the two amounts and refund / utilize the excess, if any, for any other transaction submitted by the same investor, subject to the fulfillment of other regulatory requirements for the fresh transaction. At the time of redemption / switch of units, the Unit holder(s) must surrender the original unit certificate duly discharged along with the request for redemption/switch. Further, if the Unit holder(s) intend to transfer such Units, must submit the original unit certificate with instrument of transfer and such other documents / declarations as may be required by the AMC from time to time. The AMC shall upon receipt of documents register the transfer and return the original unit certificate to the transferee within 30 days from the date of receipt of request for transfer. For investors / Unit holders opting for holding of Units in dematerialized / electronic form, the investors need to furnish the details of their depository account in the Application Form. Where the Investor has chosen to receive the Units in electronic form, the AMC will credit Units to the Investor's Depository Account as per the details furnished by the investor in the Application Form within 30 days. If the Units cannot be credited to the Depository Account of Unitholder for any reason whatsoever, the AMC shall issue Account Statement specifying the Units allotted to the investor within 30 days. At the time of redemption / switch of units, the Unit holder(s) must surrender the original unit certificate duly discharged along with the request for redemption/switch. Further, if the Unit holder(s) intend to transfer such Units, must submit the original unit certificate with instrument of transfer and such other documents / declarations as may be required by the AMC from time to time. The AMC shall upon receipt of documents register the transfer and return the original unit certificate to the transferee within 30

	days from the date of receipt of request for transfer. Account Statements: For all applicants whose application has been accepted, the AMC shall send an Account Statement specifying the number of units allotted to the applicant by way of email to the applicant's registered email address as soon as possible but not later than 5 business days. If email is not registered, then physical account statement will be sent to registered address. Thereafter a consolidated account statement (CAS) will be sent for each Calendar month to the Unit Holder whose folio/s transaction have taken place during the month on or before the 10th of the succeeding month. The AMC reserves the right to call for other additional documents as may be required, for processing such transactions. The AMC also reserves the right to reject such transactions. The AMC, thereafter, shall not be responsible for any loss suffered by the investor due to the discrepancy in the Scheme name mentioned in the application form/transaction slip and Cheque / Demand Draft.
Refund	If application is rejected, full amount will be refunded within 5 working days of closure of NFO. If refunded later than 5 working days @ 15% p.a. for delay period will be paid and charged to the AMC. Any credit received without application will be refunded within 5 working days from identification of creditors bank details.

The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not applicable
Restrictions, if any, on the right to freely retain or dispose of units being offered.	The Units of the Scheme held in electronic (demat) mode) are transferable. The Mutual Fund at its sole discretion reserves the right to suspend sale and switching of Units in the Scheme temporarily or indefinitely when any of the following conditions exist. However, the suspension of sale and switching of Units either temporarily or indefinitely will be with the approval of the Trustee. 1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays. 2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme are not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unit holders. 3. In the event of breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated. 4. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme. 5. In case of natural calamities, strikes, riots and bandhs. 6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the ISC. 7. If so directed by SEBI

	The AMC reserves the right in its sole discretion to withdraw the facility of Sale and Switching option of Units in the Scheme [including any one Plan/Option of the Scheme], temporarily or indefinitely, if AMC views that changing the size of the corpus further may prove detrimental to the existing Unit holders of the Scheme. Right to Limit Redemptions in Mutual Funds: a) Liquidity issues - When markets at large becomes illiquid affecting almost all securities rather than any issuer specific security. b) Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. c) Operational issues - When exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Under the aforesaid circumstances, AMC / Trustee may restrict redemption for a specified period of time not exceeding 10 working days in any 90 days period. For redemption requests placed during the restriction period, the following provisions will be applicable: (a) For redemption requests upto Rs. 2 lakhs the above-mentioned restriction will not be applicable; and (b) Where redemption requests are above Rs. 2 lakhs, AMCs shall redeem the first Rs. 2 lakhs without such restriction and remaining part over and above Rs. 2 lakhs shall be subject to such restriction. AMC / Trustee reserves the right to change / modify the provisions of right to limit Redemption / switch-out of units of the Scheme(s) pursuant to direction/ approval of SEBI. Pledge or Hypothecation of Units: Units under the Scheme may be offered as security by way of a pledge / charge in favour of scheduled

	banks, financial institutions, non-banking finance companies (NBFCs) or at the discretion of the AMC. The AMC and / or the Registrar will note and record the pledge of Units. The AMC shall mark a lien only upon receiving the duly completed form and documents, as it may require. Disbursement of the loans will be at the entire discretion of the bank / financial institution / NBFC etc and the Fund/AMC assumes no responsibility for that. The Pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides a written authorization to the Mutual Fund that the pledge / lien charge may be removed. As long as the Units are pledged, the Pledgee will have complete authority to redeem such Units with or without Income Distribution Cum Capital Withdrawal / reinvested units thereon as per the arrangements between the pledger and pledgee. Transfer of Units: Units shall be freely transferable. In case, the units are with the depository held in Demat mode, such units will be transferable in accordance with the provisions of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996. Pursuant to para no 14.4.4 of SEBI Master Circular dated June 27, 2024 on Mutual Funds, units under the Scheme are freely transferable from one demat account to another demat account. In case, a person becomes a holder of Units by operation of law or upon enforcement/invocation of pledge, the AMC shall, subject to production of such satisfactory evidence and submission of such documents by the transferee, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the Scheme concerned. In case of physical mode of holding, the asset management company shall, on production of instrument of transfer together with relevant statement of accounts, register the transfer and return the statement of accounts to the transferee within thirty days from the date of such production.

	the application shall be considered for NAV applicability For Redemptions/Switch out/STP: 1. In respect of valid applications accepted at an Official Point of Acceptance up to 3.00 p.m. on a Business Day, the closing NAV of the same day will be applicable; and 2. In respect of valid applications accepted at an Official Point of Acceptance after 3.00 p.m., the closing NAV of the next Business Day will be applicable. Further, with respect to investors who transact through the stock exchange, a confirmation slip given by the stock exchange mechanism shall be considered for the purpose of determining Applicable NAV for the Scheme and cut off timing for the transactions Transactions through online facilities / electronic modes: The time of transaction done through various online facilities / electronic modes offered by the Online Channel Partners of the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. In case of transactions through Online facilities / electronic modes, there may be a time lag of few days between the amount of subscription being debited to investor's bank account and the subsequent credit into the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization/receipt of funds by the Scheme. Under no circumstances will BOI MF/ AMC or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.
--	--

	The AMC has the right to amend cut off timings of transactions received through online channels within the cut off time stipulated by SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme. Exchange Platforms & MFU: The cut – off timing and applicability of Net Asset Value (NAV) shall be subject to the guidelines issued by SEBI in this regard from time to time. With respect to investors who transact through Stock Exchange Platforms (i.e. BSE/NSE or MFU), the applicable NAV shall be reckoned on the basis of the time stamping as evidenced by confirmation slip given by Stock Exchange/MFU mechanism, and subject to receipt of funds by the AMC/ Fund before the cut – off time of the Scheme for purchase transactions. These platforms are authorized Point of Acceptance for the limited purpose of time-stamping the transactions.

Confirmation by the bank manager with seal, on the bank's letter head with name, designation and employee number confirming the investor details and bank mandate information.
Delay in payment of redemption / repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024 by SEBI for the period of such delay. Delay in payment of IDCW proceeds: As per Chapter 11 of the Master Circular, or as amended from time to time, the AMC shall dispatch payment of the IDCW proceeds within 7 working days from the record date. However, in the event of failure to dispatch/ credit the IDCW proceeds within the above time, interest @ 15% per annum or such rate as may be specified by SEBI, would be paid to the Unit holders for the period of delay from the stipulated period for the dispatch/payment of IDCW payments. Delay in payment of redemption / repurchase proceeds: As per Para 14.1.1 of the Master Circular, or as amended from time to time, the AMC shall transfer the redemption / repurchase proceeds within 3 working Days*, from the date of acceptance of redemption request at any of the Investor Service Centers. In the event of failure to

	dispatch the redemption proceeds within the above time, the Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @15% per annum). SEBI has further advised the mutual funds that in the event of payment of interest to the Unit holders, such Unit holders should be informed about the rate and the amount of interest paid to them. <i>* As per AMFI circular no. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, in case of exceptional situations the AMC might follow the additional timelines for making redemption payments. For further information, please refer to the SAI.</i>
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	As per para 14.3 of SEBI Master circular dated June 27, 2024 issued by SEBI, the unclaimed redemption and IDCW amounts that are currently allowed to be deployed only in call money market or money market instruments, shall also be allowed to be invested in a separate plan of only Overnight scheme / Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per para 14.3.2 of SEBI master Circular dated June 27, 2024. AMCs shall not be permitted to charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped as per the TER of direct plan of such scheme or at 50bps whichever is lower.” The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. Investors claiming these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount shall be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. Income earned on such funds shall be used for the purpose of investor education. The AMC shall make a continuous

	effort to remind investors through letters to take their unclaimed amounts. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), shall be separately disclosed to investors through the periodic statement of accounts / Consolidated Account Statement sent to the investors.
Disclosure w.r.t investment by minors	Following is the process for investments made in the name of a Minor through a Guardian: - Payment for investment by minor in any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. Mutual Fund will send an intimation to Unit holders advising the minor (on attaining majority) to submit an application form along with prescribed documents to change the status of the account from 'minor' to 'major'. All transactions / standing instructions / systematic transactions etc. will be suspended i.e. the Folio will be frozen for operation by the guardian from the date of beneficiary child completing 18 years of age, till the status of the minor is changed to major. Upon the minor attaining the status of major, the minor whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new bank account. No investments (lumpsum/SIP/ switch in/ STP in etc.) in the scheme would be allowed once the minor attains majority i.e. 18 years of age. He will be allowed to transact, once he submits the requirement documents on attaining the age of majority.

	Email ID & Mobile Number Investors should provide their own email address and mobile number to enable AMC for speed and ease of communication in a convenient and cost-effective manner, and to help prevent fraudulent transactions.

H. Any other disclosure in terms of Consolidated Checklist on Standard Observations:

1. Requirement of minimum investors/ investment in the Scheme (Applicability for an open-ended scheme):

The Scheme/ plan (at portfolio level) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/ Plan(s). In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. For details, kindly refer SAI.

2. Special Considerations:

- (A) Prospective investors in this Scheme should educate themselves or seek professional advice on:
 - a) Legal requirements or restrictions relating to the acquisition, holding, disposal, or redemption of Units within their jurisdiction of nationality, residence, ordinary residence and domicile or under the laws of any jurisdiction to which they are subject; and
 - b) Tax provisions on investments in the Scheme, capital gains, and other tax consequences relevant to their acquisition, holding or disposal, whether by way of sale or redemption of Units.
- (B) Prospective investors should not construe the contents hereof as advice relating to legal, taxation or investment matters and are advised to consult their own professional advisor(s) relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences within their jurisdiction of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they are subject to.
- (C) The tax benefits described in this SID / in the SAI are as available under the prevailing taxation laws, which or whose interpretation may change from time to time. As is the case with any investment, there can be no guarantee that the current tax position or the tax position prevailing at the time of an investment in the Scheme will not undergo change. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her / their own professional tax advisor.

- (D) The AMC or its Sponsor or Shareholders or their associates, group entities may either directly or indirectly invest in this Scheme and / or any other Scheme, present or future, and such investment could be substantial. If these entities decide to offer a substantial portion of such investment for repurchase/redemption, it may have an adverse impact on the NAV of Units.
- (E) Neither this SID nor the Units being offered have been registered in any jurisdiction outside India. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID are required to inform themselves about, and to observe, any such restrictions, as may be applicable. This SID does not constitute an offer or solicitation to any person within such jurisdiction and further are not being marketed in any such jurisdiction. The Trustee may compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions.
- (F) It is the responsibility of any person in possession of this SID and of any person wishing to apply for Units pursuant to this SID to be informed of and to observe, all applicable laws and Regulations of such relevant jurisdiction including not subscribing to Units if so prohibited by their home jurisdiction.
- (G) The Scheme may disclose details of the investor's account and transactions there under to intermediaries whose stamp appears on the investor's application form. Additionally, the Scheme may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Scheme may also disclose such details to regulatory and statutory authorities / bodies as may be required or necessary as per provisions of law.
- (H) Right to limit redemptions: The Board of AMC and Trustee, may in the general interest of the Unit holders of the Scheme, keeping in view circumstances / unsure conditions as mentioned under para 1.12 of SEBI Master circular dated June 27, 2024, limit the total number of Units which may be redeemed on any Business Day. For details please refer "Right to Limit Redemption".
- (I) The Scheme will dispatch redemption proceeds within 3 working Days from the acceptance of the Redemption request.
- (J) Pursuant to the Provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, failure to provide required documentation, information, etc. the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV subject to payment of exit load, if any.

C. Transparency/NAV Disclosure (Details with reference to information given in Section I)

D. Transaction charges and stamp duty-

Transaction charge:

Pursuant to SEBI Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2025/115 dated August 08, 2025, the transaction charges or commission have been discontinued. Accordingly, distributors shall no longer charge transaction fees to either existing investors or first-time investors in Mutual Fund schemes.

Stamp Duty: Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of The Finance Act, 2019, notified on February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, a stamp duty @0.005% of the transaction value of units would be levied on applicable mutual fund inflow transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including Reinvestment of Income Distribution cum capital withdrawal and Transfer of Income Distribution cum capital withdrawal) to the unitholders would be reduced to that extent.

Further details are provided in SAI.

E. Associate Transactions- Please refer to Statement of Additional Information (SAI)

F. Taxation- For details on taxation please refer to the clause on Taxation in the SAI apart from the following:

Tax rates for other than equity-oriented fund¹ under Income-tax Act, 1961 (amended by Finance Act, 2025):

Particulars	Resident Investor	Mutual Fund
Income from Mutual Funds	Normal rate of taxes applicable to investor	Nil ¹
Long-term capital gains ²	12.5% (without indexation benefit)	Nil ¹
Short-term capital gains ³	Normal rate of taxes applicable to investor	Nil ¹
Business income	Normal rate of taxes applicable to investor	Nil ¹

1. Under section 10(23D) of the Act.
2. Units listed on a recognized stock exchange are treated as a long-term capital asset if they are held for a period of more than 12 months preceding the date of transfer.
3. Units listed on a recognized stock exchange are treated as a short-term capital asset if they are held for a period of 12 months or less preceding the date of transfer.

Notes: ¹ As per section 50AA of the Act, introduced by the Finance Act 2023, gains arising on transfer, redemption or maturity of specified mutual funds acquired on or after 1 April 2023 will be deemed to be 'short-term capital gains' (regardless of the period of holding) and taxable at the rates applicable to short term capital gains.

"Specified mutual fund" means a mutual fund by whatever name called, where not more than 35% of its total proceeds is invested in the equity shares of domestic companies.

The FA 2024 has amended the definition of Specified Mutual Funds under section 50AA of the Act which shall be effective from FY 2025-2026 to mean:

- (i) a mutual fund scheme which invests more than sixty five percent of its total proceeds in debt and money market instruments; or
- (ii) a fund which invests sixty-five per cent or more of its total proceeds in units of fund referred above.

G. Rights of Unitholders- Please refer to SAI for details.
