Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Nippon India Banking and PSU Fund
II.	Category of the Scheme	Banking and PSU Fund
III.	Scheme type	An open ended debt scheme predominantly investing in Debt instruments of banks, Public Sector Undertakings, Public Financial Institutions and Municipal Bonds. Relatively High interest rate risk and moderate Credit Risk.
IV.	Scheme code	NIMF/O/D/BPF/15/03/0057
V.	Investment objective	To generate income over short to medium term horizon through investments in debt and money market instruments of various maturities, consisting predominantly of securities issued by entities such as Banks, Public Sector Undertakings (PSUs) and Public Financial Institutions (PFIs). There is no assurance that the investment objective of the Scheme will be achieved.
VI.	Liquidity/listing details	Liquidity The Scheme will offer for Subscription/ Switch-in and Redemption / Switch-out of Units on every Working Day on an ongoing basis. As per SEBI Regulations, the Mutual Fund shall make payment of Redemption proceeds within 3 Working Days of receiving a valid Redemption request. In case of exceptional situations listed in AMFI Circular No. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time will be paid in case the Redemption proceeds are not made within 3 Working Days of the date of receipt of a valid Redemption request. Listing Nippon India Banking and PSU Fund - being an open-ended scheme, the units are currently not proposed to be listed on any stock exchange. However, the Trustee reserves the right to list the units if, the Trustee considers it necessary in the interest of unitholders of the Scheme and the same is in accordance with the applicable Regulations
VII.	Benchmark (Total Return Index)	AMFI Tier I benchmark- CRISIL Banking and PSU Debt A-II Index The benchmark adequately reflects the fund strategy. The portfolios are similar not only in term of the construct but also in terms of risk return parameters in question. Using this benchmark shall provide the investor with an independent and representative comparison with fund portfolio.
VIII.	NAV disclosure	The NAV will be calculated and disclosed at the close of every Business Day and uploaded on the AMFI website www.amfiindia.com and Nippon India Mutual Fund website i.e. https://mf.nipponindiaim.com by 11.00 p.m. on the on the same business day. Further, AMC will extend facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard. In case NAV of Corporate Debt Market Development Fund ('CDMDF') units is not available by 9:30 p.m. of same Business Day, NAV declaration timing for Mutual Fund Schemes holding units of CDMDF shall be 10 a.m. on next business day instead of 11 p.m. on same Business Day. For further details, refer to section II
IX.	Applicable timelines	Timeline for Dispatch of redemption proceeds As per SEBI Regulations, the Mutual Fund shall transfer the redemption proceeds within the maximum period allowed, which is currently 3 working days from the date of receipt of the redemption request at the Designated Investor Service Centres. In case of exceptional situations listed in AMFI Circular No.AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines. A Transaction Confirmation Slip / Fresh Account Statement will also be sent to the Unitholders reflecting the new unit balance in his Account. For payments made other than through direct transfers, the redemption proceeds shall be Dispatched through ordinary mail (with or without UCP) or Registered Post or by Courier, unless otherwise required under the Regulations, at the risk of the unitholder. Timeline for Dispatch of IDCW (if applicable) etc The IDCW payments shall be initiated to the unitholders within 7 working days from the Record date, in compliance to the Clause 11.4 of SEBI Master Circular dated June 27, 2024.

X.	Plans and Options Plans/Options and sub options under the Scheme	The Scheme offers following Plans/Options under the Direct Plan and Other than Direct Plan: i. Growth Plan: • Growth Option ii. Income Distribution cum capital withdrawal Plan • Income Distribution cum Capital Withdrawal - Payout Option & Reinvestment Option • Weekly Income Distribution cum Capital Withdrawal - Payout Option & Reinvestment Option • Monthly Income Distribution cum Capital Withdrawal - Payout Option & Reinvestment Option • Quarterly Income Distribution cum Capital Withdrawal - Payout Option & Reinvestment Option. Frequency of IDCW: i. Income Distribution cum capital withdrawal Plan - The Income Distribution cum capital withdrawal Plan has been designed for investors who require regular income in the form of IDCWs. Under the Income Distribution cum capital withdrawal Plan, the Fund will endeavor to make regular IDCW payments to the unitholders. IDCW will be distributed from the available distributable surplus after the deduction of TDS and applicable surcharge, if any. Income Distribution cum capital withdrawal Plan has following options: a. Payout of Income Distribution cum capital withdrawal option: Under this option the IDCW declared under the Income Distribution cum capital withdrawal Plan will be paid to the Unitholders within 7 working days from the record date in compliance to the Clause 11.4 of SEBI Master Circular dated June 27, 2024. b. Reinvestment of Income Distribution cum capital withdrawal option : The Income Distribution cum capital withdrawal Plan has a Reinvestment Option whereby the IDCW distributed under the plan will be automatically reinvested at the ex-IDCW NAV on the transaction day following the date of declaration of IDCW and additional Units will be allotted accordingly. Investors desirous of opting for the same should indicate the same in the space provided in the application form. c. Weekly Payout of Income Distribution cum capital withdrawal option: In the Weekly Payout of Income Distribution cum capital withdrawal option, the scheme will endeavour to declare regular IDCWs on a weekly basis. IDCWs will be declared on every Tuesday or on the next working day if Tuesday is a holiday. The IDCW declared will be paid to the unit holders within 7 working days from the record date though the fund endeavors to pay the IDCW proceeds within three working days. d. Weekly Reinvestment of Income Distribution cum capital withdrawal option: In the Weekly Reinvestment of Income Distribution cum capital withdrawal option, the fund will endeavour to declare regular IDCWs on a weekly basis. The IDCW declared under this option would be reinvested to the credit of the unitholder's account at the ex-IDCW NAV and no IDCW payout will take place. IDCWs will be declared on every Tuesday or on the next working day if the Tuesday is a holiday. There is no assurance or guarantee to Unitholders as to the rate of IDCW distribution nor that the IDCWs will be regularly paid, though it is the intention of the Mutual Fund to make regular IDCW distribution under the Income Distribution cum capital withdrawal Plan. e. Monthly Payout of Income Distribution cum capital withdrawal option : In the Monthly Payout of Income Distribution cum capital withdrawal option, the scheme will endeavour to declare regular IDCWs on a monthly basis. IDCWs will be declared on 19th of every month or on the next working day if 19th of the month is a holiday. The IDCW declared will be paid to the unit holders within 7 working days from the record date though the fund endeavors to pay the IDCW proceeds within three working days. f. Monthly Reinvestment of Income Distribution cum capital withdrawal option: In the Monthly Reinvestment of Income Distribution cum capital withdrawal option, the scheme will endeavour to declare regular IDCWs on a monthly basis. The IDCW declared under this option would be re-invested to the credit of the unitholder's account at the ex-IDCW NAV and no IDCW payout will take place. IDCWs will be declared on every 19th of the month or on the next working day if 19th of the month is a holiday. g. Quarterly Payout of Income Distribution cum capital withdrawal option: In the Quarterly Payout of Income Distribution cum capital withdrawal option, the scheme will endeavour to declare regular IDCWs on a quarterly basis in compliance with the Chapter 11 of SEBI Master Circular dated June 27, 2024. IDCWs will be declared on the 3rd (third) Thursday of the last month of each calendar quarter or on the next working day if 3rd (third) Thursday of the last month of each calendar quarter is a holiday. The IDCW declared will be paid to the unit holders within 7 working days from the record date in compliance to the Clause 11.4 of SEBI Master Circular dated June 27, 2024. h. Quarterly Reinvestment of Income Distribution cum capital withdrawal option: In the Quarterly Reinvestment of Income Distribution cum capital withdrawal option, the scheme will endeavour to declare regular IDCWs on a quarterly basis in compliance with the Chapter 11 of SEBI Master Circular dated June 27, 2024. The IDCW declared under this option would be re-invested to the credit of the unit holder's account at the ex-IDCW NAV and no IDCW payout will take place. IDCWs will be declared
----	---	---

		on the 3rd (third) Thursday of the last month of each calendar quarter or on the next working day if 3rd (third) Thursday of the last month of each calendar quarter is a holiday. There is no assurance or guarantee to Unitholders as to the rate of IDCW distribution nor that the IDCWs will be regularly paid, though it is the intention of the Mutual Fund to make regular IDCW distribution under the IDCW Option. XI.	Load Structure	Exit Load: NIL Exit load if charged, by NIMF to the unit holders shall be credited to the scheme immediately net of Goods & Service Tax, if any																																				
XII.	Minimum Application Amount/switch in	For all the Plans & Options Rs.5,000/- and in multiples of Re. 1 thereafter Note – Pursuant to notice cum addendum dated October 30, 2021, for investments made by designated employees in terms of Clause 6.10 of SEBI Master Circular dated June 27, 2024 read with SEBI Circular dated March 21, 2025, requirement for minimum application/ redemption amount will not be applicable. Minimum Switch Amount Will be as per the minimum application amount in the respective scheme which may have been opted by the Investor for switching the units/amount where the switch facility is available. Switch-in facility into applicable ETF schemes from Nippon India Banking and PSU Fund For availing this facility, Investors are requested to note the following operational modalities: a. Based on number of baskets the Investor wants to switch in to the scheme, switch-out amount from Liquid or Debt/Income Fund should be calculated as follows: (No. of Baskets opted by investor x Units creation size x Previous business day (of the Switch-out day) NAV of Switch-in scheme) + upto 7% markup. E.g. Investor wants to purchase 2 baskets of Nippon India ETF Nifty BeES on Friday through Switch-out from eligible open -ended Liquid Scheme of NIMF. Hence Switch day would be Thursday, previous business day's (i.e. Wednesday) NAV of Nippon India ETF Nifty BeES is Rs.1,244.84 The switch amount would be calculated as below: [2 x 5000(unit Basket) x 1244.84] + 2% = Rs. 12,697,368. b. Accordingly investor should provide the switch request for Rs.12,697,368 as illustrated in point “a” above (should always be in nearest rupee term in case the amount as per calculation has some fractional part). c. Switch-In to the ETF Scheme will be in terms of number of basket specified in the application form. d. Switch transaction will be processed at the applicable NAV of the switch- out scheme and only if the value is available in the switch-out scheme.																																				

		e. The applicability of the NAV in the ETF (transferee) Scheme will be the NAV of the business day on which the Funds are realized in Scheme's account before the cut-off time. f. In case the amount of portfolio deposit and cash component is less than the switch funding amount, excess amount will be refunded to investor within 5 business days of transaction. Units of the switch-in scheme shall be credited to investors demat account within 5 business days of transaction. g. Investors to note that the pattern and sequence of holding both in the open-ended (Non-ETF) Folio and in demat account (used for ETF units) should be same.
XIII.	Minimum Additional Purchase Amount	Rs.1,000/- and in multiples of Re. 1 thereafter Note – Pursuant to notice cum addendum dated October 30, 2021, for investments made by designated employees in terms of Clause 6.10 of SEBI Master Circular dated June 27, 2024 read with SEBI Circular dated March 21, 2025, requirement for minimum application/ redemption amount will not be applicable.
XIV.	Minimum Redemption/switch out amount	Minimum Redemption Amount Redemptions can be of minimum amount of Rs.100 or any number of units. Note – Pursuant to notice cum addendum dated October 30, 2021, for investments made by designated employees in terms of Clause 6.10 of SEBI Master Circular dated June 27, 2024 read with SEBI Circular dated March 21, 2025, requirement for minimum application/ redemption amount will not be applicable. Minimum Switch Amount Will be as per the minimum application amount in the respective scheme which may have been opted by the Investor for switching the units/amount where the switch facility is available. Switch-out facility from applicable ETF schemes to Nippon India Banking and PSU Fund. For availing this facility, investors are requested to note the following operational modalities: a. Switch-out from the Scheme will be allowed only in terms of Basket size (unit). b. Switch transaction will be processed subject to availability of all details as per regulatory guidelines. c. The applicability of the NAV in the transferee Scheme will be the NAV of the business day on which the Funds are realized in Scheme's account before cut-off time. d. In case of any rejection in Switch-in to the transferee Scheme, the amount will be paid to the investor as redemption proceeds. e. Investors to note that the pattern and sequence of holding both in the open-ended (Non-ETF) Folio and in demat account (used for ETF unit holding) should be same. However, in case there is no existing Folio, the investor has to provide the details and signatures of all holders for Folio creation in the open-ended (Non-ETF) Scheme. f. Investors should have the clear balance of ETF units in their demat account for execution of the Switch-out transaction from the selected ETF Scheme. NIMF/NAM India reserves the right to introduce, change, modify or withdraw any of the features available in this facility from time to time.
XV.	New Fund Offer Period This is the period during which a new scheme sells its units to the investors.	Not Applicable
XVI.	New Fund Offer Price: This is the price per unit that the investors have to pay to invest during the NFO.	Not Applicable
XVII.	Segregated portfolio/side pocketing disclosure	The scheme has segregated portfolio disclosure. For Details Disclosure, kindly refer SAI
XVIII.	Swing pricing disclosure	The scheme has Swing pricing disclosure. Swing Pricing on Re-Opening of a Scheme after announcement of winding up

		Pursuant to SEBI vide its letter No. SEBI/HO/IMD/PoD-1/OW/P/2024/24219/1 dated July 30, 2024 ("SEBI Letter") and AMFI Best Practices Guidelines Circular No 135/ BP/96-B/ 2024-25 dated November 4, 2024, Swing Pricing Framework ('the Swing Framework') shall also stand applicable upon re-opening of a scheme after announcement of winding up. Trigger for Swing Pricing and Swing Factor a) There may be instances where an NAM India after making an announcement to wind up a scheme, decides to roll-back the decision to wind up the scheme. Such situations may trigger large scale redemptions and hence it would be prudent to invoke the swing pricing mechanism to manage such a situation. In other words, if NAM India decides to reverse its decision to wind up the scheme, it shall mandatorily invoke the Swing pricing upon re-opening a scheme for subscriptions and redemptions post such announcement. b) The minimum swing factor for the parameter of "Re-opening of the scheme after announcement of Winding-Up" as per latest AMFI Best Practice circular is as follows: <table><tr><th>PRC Bucket</th><th>a</th><th>b</th><th>c</th></tr><tr><td>1</td><td>0.00%</td><td>0.05%</td><td>0.20%</td></tr><tr><td>2</td><td>0.05%</td><td>0.10%</td><td>0.40%</td></tr><tr><td>3</td><td>0.10%</td><td>0.20%</td><td>0.60%</td></tr></table> The minimum swing factor applied would be higher of the swing factor suggested by the Board of AMC or as per suggestion in the AMFI Best Practice Circular as shown above. The swing period shall be for higher of swing period as may be decided by the Board of AMC or for a minimum of 7 working days as per AMFI Best Practice circular, upon re-opening a scheme for subscriptions and redemptions For Detailed Disclosure, kindly refer SAI.	PRC Bucket	a	b	c	1	0.00%	0.05%	0.20%	2	0.05%	0.10%	0.40%	3	0.10%	0.20%	0.60%

Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the indicative asset allocation would be:

Instruments	Indicative asset allocation (% of total assets)		Risk Profile
	Minimum	Maximum	High/Medium/Low
Debt and Money Market Instruments issued by Banks, Public Sector Undertakings (PSUs) and Public Financial Institutions (PFIs) & Municipal Bonds	80%	100%	Medium to Low
Debt and Money Market Instruments issued by other entities, Government Securities issued by Central & State Government	0%	20%	Medium to Low
Units issued by REITs and InvITs	0%	10%	Medium to High

Debt instruments include securitized debts and liquid schemes launched by SEBI registered Mutual Fund or schemes that invest predominantly in money market instruments.

Investment in liquid schemes or schemes that invest predominantly in money market instruments/ securities will be made for funds pending deployment.

Investment in securitized debts shall not exceed 50% of the net assets of the Scheme.

As per SEBI Letter dated 3rd November 2021 Cash and cash equivalent having residual maturity of less than 91 Days are not considered for the purpose of calculating gross exposure limit. The Scheme may invest in instruments with special features as defined in clause 12.2. of SEBI Master Circular dated June 27, 2024 and limits of mutual funds in such instruments as defined in clause 12.2.2.b upto 10% of its NAV of the debt portfolio of the scheme in such instruments; and upto 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

Money market instruments include Tri-Party Repo on government securities or T-bills/ Repo and Reverse Repo (including corporate bond Repo), certificate of deposit, commercial papers, commercial bills, treasury bills, Government securities issued by Central & State Government/ corporate bonds having an unexpired maturity up to one year, call or notice money, Term Deposits, usance bills (BRDS) and any other similar instruments as specified by the RBI/SEBI from time to time.

The scheme may invest in derivatives up to a maximum of 50% of its net assets. The cumulative gross exposure through debt, repo in corporate debt securities and derivative positions (including fixed income derivatives), REITS and InvITs should not exceed 100% of the net assets of the scheme as per Clauses 12.24 and 12.25 of SEBI Master Circular dated June 27, 2024.

Liquidity in the scheme may be provided through borrowing to meet redemptions in accordance with the SEBI Regulations.

The investment in Foreign Securities may be made up to 25% of the scheme corpus and shall be in accordance with the prescribed Regulations from time to time.

The Scheme will invest upto a maximum of 25% of debt portion of the Scheme in foreign securities as specified in the Para 12.19 of SEBI Master Circular no. **SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90** dated June 27, 2024 and any subsequent amendments thereto specified by SEBI and/or RBI from time to time. "Foreign Securities" means Securities as specified in the Para 12.19 of SEBI Master Circular no. **SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90** dated June 27, 2024 and any subsequent amendments thereto specified by SEBI and/or RBI from time to time

The Fund may also enter into "Repo", "Short Selling" or such other transactions as may be allowed to Mutual Funds from time to time.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Clause 16A.2 of SEBI Master Circular dated June 27, 2024 on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF') within 10 working days from the request of CDMDF. Further, an incremental contribution to CDMDF shall be made every six months within 10 working days from the end of half year starting from December 2023 to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

However, in case of winding up of contributing Scheme, inter-scheme transfers within the same Mutual Fund or across Mutual Funds may be undertaken.

Further, investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

Subsequently, SEBI Circular dated September 06, 2023 has clarified that while calculating the asset allocation limits of mutual fund schemes, the investment in units of CDMDF shall be excluded from base of net assets.

Rebalancing of deviation due to short term defensive consideration:

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations, and political and economic factors. It must be clearly understood that the percentages can vary substantially depending upon the perception of the Investment Manager; the intention being always to seek to protect the interests of the Unit holders. As per Clause 1.14.1.2.b and Clause 2.9 of SEBI Master Circular dated June 27, 2024, such changes in the investment pattern will be for short term and for defensive consideration only. In the event of deviations, portfolio rebalancing will be carried out within 30 calendar days in such cases.

Portfolio rebalancing in case of passive breach:

In case of any deviation (due to passive breaches) from the asset allocation of the scheme, the fund manager will carry out rebalancing within 30 business days. Where the portfolio is not re-balanced within 30 business days, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. However, always the portfolio will adhere to the overall investment objectives of the Scheme.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. No	Type of Instrument	Percentage of exposure	Circular references
1	Securities Lending	-	SEBI (Mutual Funds) Regulations, 1996, Securities Lending Scheme, 1997 and Clause 12.11 of SEBI Master Circular dated June 27, 2024
2	Equity Derivatives for non-hedging purposes	-	Clause 12.25 of SEBI Master Circular dated June 27, 2024
3	Securitized Debt	0-50%	Clause 12.15 of SEBI Master Circular dated June 27, 2024
4	Overseas Securities	0-25%	Clause 12.19 of SEBI Master Circular dated June 27, 2024
5	REITS and InvITS		
	i. Units of REIT and InvIT	0-10%	Clause 13 of Seventh schedule of SEBI (Mutual Funds) Regulations, 1996
	ii. Units of REIT and InvIT issued by a single issuer.	0-5%	
6	AT1 and AT2 Bonds	0-10%	Clause 12.2 of SEBI Master Circular dated June 27, 2024
7	AT1 and AT2 Bonds (Single issuer)	0-5%	
8	Derivatives	0-50%	Clause 12.25 of SEBI Master Circular dated June 27, 2024
9	Unrated debt and money market instruments	0-5%	Clause 12.1.5 of SEBI Master Circular dated June 27, 2024
10	Unlisted Non-Convertible Debentures (NCDs)	0-10%	Clause 12.1.1 of SEBI Master Circular dated June 27, 2024
11	Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade at Scheme level.	0-10%	Clauses 12.3.1 of SEBI Master Circular dated June 27, 2024
12	Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade for any group on debt portfolio of the schemes.	0-5%	Clauses 12.3.1 of SEBI Master Circular dated June 27, 2024
13	Repo transactions in corporate debt securities	0-10%	Clauses 12.18.1.1 of SEBI Master Circular dated June 27, 2024
14	Intrascheme Investments (This clause shall not apply to any fund of funds scheme)	0-5%	Clause 4 of Seventh schedule of SEBI (Mutual Funds) Regulations, 1996
15	Short Term Deposits	0-15%	Clause 12.16 of SEBI Master Circular dated June 27, 2024
16	Short Term Deposits with Trustee Approval	0-20%	
17	Short Term Deposit with Single Commercial Bank	0-10%	
18	Corporate Debt Market Development Fund ('CDMDF')	0.25%	43A of SEBI (Mutual Funds) Regulations, 1996 and Clause 16A.2 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/PICIR/2024/90 dated June 27, 2024

B. WHERE WILL THE SCHEME INVEST?

Subject to the SEBI Regulations, the Scheme may invest in various types of instruments including, but not limited to, any of the following:

a) Commercial Paper (CP), Certificate of Deposits (CD), Treasury Bills, Bills Rediscounting, Tri-party Repo on government securities or T-Bills, Repo and Reverse Repo (including repo in corporate bonds)

b) Corporate Bonds include all debt instruments (including securitized debt) issued by entities such as Banks, Public Sector Undertakings, Government Agencies and other Statutory Bodies, Municipal Corporations, body corporate, companies, trusts/ Special Purpose Vehicles etc and would exclude investments in Government Securities issued by Central and /or State Government.

c) Investment in Government securities issued by Central and/or State Government to the extent of SEBI prescribed limits. Such securities may be:

- (i) Supported by the ability to borrow from the Treasury or
- (ii) Supported by Sovereign guarantee or the State Government or
- (iii) Supported by Government of India/ State Government in some other way.

d) Securities issued by any government agencies, quasi-government or statutory bodies, Public Sector Undertakings, which may or may not be guaranteed or supported by the Central Government or any state government (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).

e) Non-convertible securities as well as nonconvertible portion of convertible securities, such as debentures, coupon bearing bonds, zero coupon bonds, deep discount bonds, Mibor-linked or other floating rate instruments, premium notes and other debt securities or obligations of public sector undertakings, banks, financial institutions, corporations, companies and other bodies corporate as may be permitted by SEBI/ RBI from time to time.

f) Securitized debt, pass through obligations, various types of securitization issuances including but not limited to Asset Backed Securitization, Mortgage Backed Securitization, single loan securitization and other domestic securitization instruments, as may be permitted by SEBI/ RBI from time to time.

g) Derivatives like Interest rate swaps, Forward Rate agreements and other such instruments as permitted by RBI/ SEBI.

h) Fund may use Interest Rate Futures (IRF) to create an imperfect hedge/ proper hedge from time to time as per SEBI regulations.

i) Deposits with banks and other bodies corporate as may be permitted by SEBI from time to time

j) Any other debt and money market instruments that may be available from time to time.

k) The scheme may invest in the liquid schemes launched by SEBI registered Mutual Fund or schemes that invest predominantly in money market instruments/securities.

l) All investments in overseas securities will be governed based on SEBI guidelines issued from time to time. The Scheme may invest in various types of Foreign Securities including, but not limited to, any of the following:

- (i) Foreign debt securities (non-convertible) in the countries with fully convertible currencies.
- (ii) Overseas short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies.
- (iii) Overseas Money market instruments rated not below investment grade.

m) The Fund may also enter into "Repo", hedging or such other transactions as may be allowed to Mutual Funds from time to time. Investments in Tri-Party Repo would be as per the RBI circular dated July 24, 2018.

In line with Clause 12.18 of SEBI Master Circular dated June 27, 2024 read with SEBI Circular no. SEBI/HO/IMD/IMD PoD-2/P/CIR/2023/85 dated June 8, 2023 and SEBI Circular no. SEBI/HO/IMD/IMD PoD-2/P/CIR/2023/87 dated June 13, 2023 and RBI circular dated July 24, 2018 investments in corporate bond repo shall be made basis the policy approved by the Board of NAM India and NLITL. The significant features are as follows:

- i. As specified in the Clause 12.18.1.3 of SEBI Master Circular dated June 27, 2024, the base of eligible securities for mutual funds to participate in repo in Corporate Bond Securities, is from AAA rated to AA and above rated Corporate Bond Securities.
- ii. Commercial Papers (CPs) and Certificate of Deposits (CDs)
- iii. Category of counterparty & Credit rating of counterparty NIMF schemes shall enter in lending via Repo only with Investment Grade counterparties.
- iv. The Gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net asset scheme.

All investment restrictions stated above shall be applicable at the time of making investment. Further, any new circular issued by RBI or SEBI on Repo would be applicable from time to time.

Applicable haircut

RBI in its circular dated July 24, 2018 had indicated the haircut to be applied for such transactions as follows:

Haircut/ margins will be decided either by the clearing house or may be bilaterally agreed upon, in terms of the documentation governing repo transactions, subject to the following stipulations:

- i. Listed corporate bonds and debentures shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.
- ii. CPs and CDs shall carry a minimum haircut of 1.5% of market value.
- iii. Securities issued by a local authority shall carry a minimum haircut of 2% of market value.

Additional haircut may be charged based on tenor and illiquidity of the security.

n) The schemes may also enter into repurchase and reverse repurchase obligations in all securities (including Repos in corporate bonds) held by them as per the guidelines and regulations applicable to such transactions. It is the intention of the scheme to trade in the derivatives market as per the Regulations. The scheme may also invest into tri-party Repo as per the prescribed guidelines of RBI.

o) Overseas derivatives traded on recognized stock exchanges overseas (currently permitted only for hedging and portfolio balancing with underlying as securities).

p) Short term deposits with banks overseas where the issuer is rated not below investment grade.

q) Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in permitted Foreign Securities, Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or unlisted overseas securities (not exceeding 10% of their net assets).

r) Any other permitted overseas securities/ instruments that may be available from time to time. The scheme shall not invest in foreign securitized debts. Investment in Foreign Securities shall be in accordance with the guidelines issued by SEBI from time to time.

s) Units issued by REITs and InvITs as per SEBI guidelines

t) Overseas Exchange Traded Funds (ETFs)

u) **Investment in CDMDF:**

accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Clause 16A.2.4.2 of SEBI Master Circular dated June 27, 2024 on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM.

CDMDF Framework-

CDMDF shall comply with the Guarantee Scheme for Corporate Debt (GSCD) as notified by Ministry of Finance vide notification no. G.S.R. 559(E) dated July 26, 2023 and Clause 16A.2.2 of SEBI Master Circular dated June 27, 2024 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time, which includes the framework for corporate debt market development fund. The framework will inclusive of following points

- a) The CDMDF shall deal only in following securities during normal times:
 - Low duration Government Securities
 - Treasury bills
 - Tri-party Repo on G-sec
 - Guaranteed corporate bond repo with maturity not exceeding 7 days
- b) The fees and expenses of CDMDF shall be as follows:
 - During Normal times: (0.15% + tax) of the Portfolio Value charged on daily pro-rata basis.
 - During Market stress: (0.20% + tax) of the Portfolio Value charged on daily pro-rata basis.
 - "Portfolio Value" means the aggregate amount of portfolio of investments including cash balance without netting off of leverage undertaken by the CDMDF.
- c) Corporate debt securities to be bought by CDMDF during market dislocation include listed money market instruments. The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating.
- d) CDMDF shall follow the Fair Pricing document, while purchase of corporate debt securities during market dislocation as specified in Clause 16A.1.3.4 of SEBI Master Circular dated June 27, 2024 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time.
- e) CDMDF shall follow the loss waterfall accounting and guidelines w.r.t. purchase allocation and trade settlement of corporate debt securities bought by CDMDF, specified in Clause 16A.1.3.5 of SEBI Master Circular dated June 27, 2024 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time.

The securities mentioned above could be listed, unlisted, publicly offered, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through public offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

Debt Market in India

The Indian Debt market is facing major shift in the recent times. The substantial growth in Mutual Fund collections in the past few years have provided an easy route for the investors to channelise their savings into the debt market, which otherwise is largely dominated by Banks and other Institutional investors.

At present, the Indian debt market is dominated by issues of Central Government bonds, Corporate Debentures and PSU Bonds. The new Securitised instruments are also very attractive in the primary market. Risk associated with securitized Debt or PTCs are credit risk, liquidity risk and price risk/interest rate risk. The other instruments available for investment are Commercial Papers, Certificate of Deposits, Government guaranteed bonds, etc.

Brief details about the instruments are given below as on Sep 30, 2025.

Instruments	Listed/ Unlisted	Current Yield Range As on Sep 30, 2025	Liquidity	Risk profile
Central Government Securities	Listed	5.40% - 7.29%	High	Low
Corporate Debentures / PSU Bonds	Listed	6.67%-7.22%	Moderate	Low
CDs (short term)	Unlisted	5.95% - 6.44%	High	Low
Call Money	Unlisted	4.75%- 5.85%	High	Low
Mibor linked Papers*	Listed	125-145 bps	Low	Low

* Range of spread of 5 year AAA Corporate bond and OIS papers of similar maturity

A brief description about yields presently available on Central Govt. Securities /Bonds & Debentures of various maturities is as follows:

Annualised yields (as on Sep 30, 2025) are:

Yrs	=< 1yr	1yr - 5yr	5yr - 10yrs	10yr - 30 yrs
Central Government securities	5.47%-5.74%	5.74%-6.38%	6.37%-6.80%	6.68%-7.34%
Debentures/ Bonds (AAA rated)	6.67%-6.70%	6.74%-7.00%	7.02%-7.22%	-

THE PRICE AND YIELD ON VARIOUS DEBT INSTRUMENTS FLUCTUATE FROM TIME TO TIME DEPENDING UPON THE MACRO ECONOMIC SITUATION, INFLATION RATE, OVERALL LIQUIDITY POSITION, FOREIGN EXCHANGE SCENARIO, ETC. ALSO, THE PRICE AND YIELD VARIES ACCORDING TO MATURITY PROFILE, CREDIT RISK ETC..

C. WHAT ARE THE INVESTMENT STRATEGIES?

Nippon India Banking & PSU Fund is an actively managed Fund. The fund management team will endeavor to maintain a consistent performance in the scheme by maintaining a balance between safety, liquidity and profitability aspects of various investments. The fund manager will try to achieve an optimal risk return balance for management of the fixed income portfolios.

The investments in debt instruments carry various risks like interest rate risk, liquidity risk, default risk, purchasing power risk etc. While they cannot be done away with, they can be minimized by diversification and effective use of hedging techniques.

The fund management team will take an active view of the interest rate movement by keeping a close watch on various parameters of the Indian economy, as well as developments in global markets.

Investment views/ decisions will be taken on the basis of the following parameters:

- Prevailing interest rate scenario
- Quality of the security/ instrument (including the financial health of the issuer)
- Maturity profile of the instrument
- Liquidity of the security
- Growth prospects of the company/ industry
- Any other factors in the opinion of the fund management team

Risk Measurement /Control

Robust measures are implemented to mitigate risk include, adoption of internal policies on investments and valuations, rigorous procedures for monitoring investment restrictions, monitoring of rating transitions, and effective implementation of various norms prescribed by SEBI from time to time.

Exposure to foreign equity securities

The scheme, subject to SEBI guidelines issued from time to time, may have an exposure in foreign equity securities within the permissible limits. However, the exposure in such foreign equity securities would not exceed the maximum amount permitted from time to time. Boards of asset management companies (AMCs) and trustees shall exercise due diligence in making investment decisions as required under

Regulation 25 (2). They shall make a detailed analysis of risks and returns of investment in foreign equity securities, comparing them with likely yields of the securities available in domestic markets and how these investments would be in the interest of investors. Investment must be made in liquid actively traded securities. Boards of AMCs and trustees may prescribe detailed parameters for making such investments, which may include identification of countries, country rating, country limits, etc. They shall satisfy themselves that the AMC has experienced key personnel, research facilities and infrastructure for making such investments. Other specialized agencies and service providers associated with such investments e.g. custodian, bank, advisors, etc should also have adequate expertise and infrastructure facilities. Their past track record of performance and regulatory compliance record, if they are registered with foreign regulators, may also be considered. Necessary agreements may be entered into with them as considered necessary. All investment decisions shall be recorded in accordance with SEBI circular dated July 27, 2000. Such investments shall be disclosed while disclosing half-yearly portfolios in the prescribed format by making a separate heading "Foreign Securities/overseas ETFs." Scheme-wise percentage of investments made in such securities shall be disclosed while publishing half-yearly results in the prescribed format, as a footnote.

Investment in overseas financial assets

Clause 12.19 of SEBI Master Circular dated June 27, 2024 has issued guidelines pertaining to investments in overseas financial assets. Accordingly all the investments in ADR/GDR and foreign securities shall be made in compliance with the above referred circular. It is the investment manager's belief that overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Offshore investment will be made subject to any/ all approvals / conditions thereof as may be stipulated by SEBI/ RBI/ other regulatory authorities. The Fund shall appoint a dedicated fund manager for the purpose of investment in overseas financial assets as prescribed in the aforesaid SEBI circular. The fund may, where necessary, appoint other intermediaries of repute as advisors, subcustodians, etc. for managing and administering such investments. The fees and expenses of such appointment would be borne by NAM India. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would include, besides the investments management fees, custody fees and costs, fees of appointed advisors and sub managers, transaction costs and overseas regulatory costs. Investment in foreign securities offers more opportunities and diversification for investments.

Advantages and Risks attached with investments in Overseas Financial Assets

It is AMC's belief that the investment in ADRs/GDRs/overseas securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Scheme would invest only partially in ADRs/ GDRs/overseas securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme.

We have seen that different economies perform differently at various points in time. Therefore in order to maximize the gains to the investors by allocating resources to economies which are doing better than ours and also to diversify the risk arising out of concentrated investments in just one country, we may propose to invest in foreign securities in compliance to the regulations from time to time.

- i. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.
- ii. To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.
- iii. Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, wherever necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments.
- iv. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and the expenses shall be borne by NAM India. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

i. Investors are requested to take note that in case the scheme invests in securitized debt

Disclosures with respect to securitized debt

1. How the risk profile of securitized debt fits into the risk appetite of the scheme

Securitized debt is a form of conversion of normally non-tradable loans to transferable securities. This is done by assigning the loans to a special purpose vehicle (a trust), which in turn issues Pass-Through-Certificates (PTCs). These PTCs are transferable securities with fixed income characteristics. The risk of investing in securitized debt is similar to investing in debt securities. However, it differs in following two majorly respects :-

Typically, the liquidity of securitized debt is less than similar debt securities. However, this is expected to change as SEBI has issued its guidelines on listing of securitized instrument and going forward, we expect more issuance of listed securitized debt. Currently, the fund manager normally buys these with the view to hold them till maturity. For the close ended scheme, the average tenor of the securitized debt would not exceed maturity of the Scheme / Plan / Fund. For open ended scheme, average maturity of the securitized debt will be in accordance, with the investment time horizon of such scheme, opportunities available in the market and interest rate views of the investment team.

For certain types of securitized debt (backed by mortgages, personal loans, credit card debt, etc.), there is an additional pre-payment risk. Pre-payment risk refers to the possibility that loans are repaid before they are due, which may reduce returns if the re-investment rates are lower than initially envisaged. The fund manager price the securitized debt accordingly to compensate for reinvestment risk.

Because of these additional risks, securitized debt typically offers higher yields than debt securities of similar credit rating and maturity. If the fund manager judges that the additional risks are suitably compensated by the higher returns, he may invest in securitized debt according to the nature (open ended / close ended) of the scheme.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.

Originators have been broadly categorized as follows:

- i. PSU Banks;
- ii. Private Banks;
- iii. NBFC's with asset size of Rs. 1,000 crores and above; and
- iv. NBFC's with asset size of below Rs. 1,000 crores.

Before the assessment of the structure is undertaken, the originators/ underlying issuers are evaluated on the following parameters:

- Track record - good track record of the originators/ underlying issuers or its group companies.
- Willingness to pay - credible and strong management team.
- Ability to pay – good financials and business profile.
- Risk appraisal capabilities - strong and well defined risk assessment processes
- Business risk assessment of the originators based on the following factors:
 - Outlook for the economy (domestic and global)
 - Outlook for the industry
 - Company specific factors

Further, investments in securitized debt will be done in accordance with the investment restrictions specified under the Regulations / this Scheme Information Documents which would help in mitigating certain risks. Currently, as per the Regulations,

3. Risk mitigation strategies for investments with each kind of originator

Investments are based on assessment of following parameters, so as to mitigate risk associated with such investment:

- a. Credit quality, size and reach of the originator
- b. Nature of receivables/asset category i.e. cars, construction equipment, commercial vehicles, personal loans etc.
- c. Collection process, infrastructure and follow up mechanism
- d. Quality of MIS
- e. Credit cum liquidity enhancement
- f. Credit appraisal norms of originator
- g. Asset Quality - portfolio delinquency levels
- h. Past performance of rated pools
- i. Pool Characteristics - seasoning, Loan-to value ratios, geographic diversity etc.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

In retail securitized debt investments, we will invest majorly in pools such as Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment, SME/MSME pool, Unsecured pool, personal loan pool, Loan Against Property, Any other retail lending product etc. Where we invest in Single Loan Securitization, as the credit is on the underlying issuer, we focus on the credit review of the borrower. A credit analyst sets up limit for various issuers based on independent research taking into account their historical track record, prevailing rating and current financials.

Table 1: illustrates the framework that will be applied while evaluating investment decision relating to a securitization transaction:

"Characteristics/Type of Pool"	"Mortgage Loan "	Commercial Vehicle and Construction Equipment	CAR	2Wheelers	Micro Finance	Personal Loans	Single Loan Sell Downs / Others
Collateral margin (including cash, excess interest spread, subordinate tranche)	In excess of 3%	In excess of 5%	In excess of 5%	In excess of 5%	In excess of 10%	In excess of 10%	Any Single Loan Sell Downs/ other class of securitised debt would be evaluated on a case by case basis
Average Loan to Value Ratio	85% or Lower	100% or lower	95% or Lower	95% or Lower	Unsecured	Unsecured	
Minimum Average seasoning of the Pool	3 months	3 months	3 months	3 months	1 month	1 month	
Maximum single exposure Range	5%	5%	1%	1%	< 1%	< 1%	

Average exposure range	single	<5%	<5%	< 1%	< 1%	< 1%	< 1%	
------------------------	--------	-----	-----	------	------	------	------	--

5. Minimum retention period of the debt by originator prior to securitization

The Mutual Fund will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

6. Minimum retention percentage by originator of debts to be securitized

We will follow the guidelines on minimum holding period requirements as laid down by SEBI and RBI from time to time.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund.

Investments made by the Scheme in any asset are done based on the requirements of the Scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest.

8. In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt.

As with any other debt instruments, investment in securitized debt instruments will be closely monitored by a dedicated team of credit analysts, ratings of any such instruments will be continuously tracked and periodic performance report from Trustee and MIS from Originators, if any would be scrutinized closely.

For details of securitized debt, please refer to SAI.

ii. Disclosure of Trading in Derivatives

The Scheme will comply with provisions specified in Clause 12.25 of SEBI Master Circular dated June 27, 2024 related to overall exposure limits as stated below:

- I. Mutual Funds shall not write options or purchase instruments with embedded written options except for the covered call strategy.
- II. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
- III. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

- a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
- b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Paragraph above.
- c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
- d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.

In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty scheme in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned above.

Hedging of Interest Rate Risk

To reduce interest rate risk in a debt portfolio, mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\text{(Portfolio Modified Duration * Market Value of the Portfolio)}$$

$$\text{(Futures Modified Duration * Futures Price / PAR)}$$

In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.

Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, up to maximum of 20% of the net assets of the scheme, subject to the following:

- i. Exposure to IRFs is created only for hedging the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.

Mutual Funds are permitted to resort to imperfect hedging, without it being considered under the gross exposure limits, if and only if, the correlation between the portfolio or part of the portfolio (excluding the hedged portions, if any) and the IRF is at least 0.9 at the time of initiation of hedge. In case of any subsequent deviation from the correlation criteria, the same may be rebalanced within 5 working

days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms mentioned above. The correlation should be calculated for a period of last 90 days.

Explanation: If the fund manager intends to do imperfect hedging up to 15% of the portfolio using IRFs on weighted average modified duration basis, either of the following conditions need to be complied with:

- (a) The correlation for past 90 days between the portfolio and the IRF is at least 0.9 or
- (b) The correlation for past 90 days between the part of the portfolio (excluding the hedged portions, if any) i.e. at least 15% of the net asset of the scheme (including one or more securities) and the IRF is at least 0.9.
- iii. At no point of time, the net modified duration of part of the portfolio being hedged should be negative.
- iv. The portion of imperfect hedging in excess of 20% of the net assets of the scheme should be considered as creating exposure and shall be included in the computation of gross exposure as mentioned above.

The basic characteristics of the scheme should not be affected by hedging the portfolio or part of the portfolio (including one or more securities) based on the weighted average modified duration.

Explanation: In case of long term bond fund, after hedging the portfolio based on the modified duration of the portfolio, the net modified duration should not be less than the minimum modified duration of the portfolio as required to consider the fund as a long term bond fund.

The interest rate hedging of the portfolio should be in the interest of the investors.

Mutual Fund schemes may imperfectly hedge their portfolio or part of their portfolio using IRFs, subject to the following conditions:

- i. Prior to commencement of imperfect hedging, existing schemes (schemes as on September 27, 2017) shall comply with the provisions of Regulation 18 (15A) of SEBI (Mutual Funds) Regulations, 1996 and all unit holders shall be given a time-period of at least 30 days to exercise the option to exit at prevailing NAV without charging of exit load.

The risks associated with imperfect hedging shall be disclosed and explained by suitable numerical examples in the offer documents and also needs to be communicated to the investors through public notice or any other form of correspondence.

- ii. In case of new schemes (schemes launched on or after September 27, 2017), the risks associated with imperfect hedging shall be disclosed and explained by suitable numerical examples in the offer documents.

Disclosure of Derivative Positions:

In addition to the existing provisions, the mutual funds shall also make the following disclosures. Separately disclose the hedging positions through IRF (both perfectly and imperfectly) in respective debt portfolios as per the prescribed format.

Investment in interest rate derivatives (both IRS/IRF) shall also be disclosed in the monthly portfolio disclosure in terms of Paragraph 5.1 of this Master Circular.

Disclosure of the details of interest rate derivatives (both IRS/IRF) used for hedging along with debt and money market securities transacted on its website and also forwarded to AMFI as per Paragraph 9.13 of this Master Circular.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

The provisions shall be applicable for all new schemes launched post August 18, 2010. For all existing schemes (as on August 18, 2010), compliance with the guidelines shall be effective from October 01, 2010.

Derivatives and Hedging Products

The scheme may use derivative instruments like Interest rate swaps, Forward rate agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing as may be permitted under the Regulations and Guidelines.

The sum total of derivative contracts outstanding shall not exceed 50% of the net assets of the scheme.

An interest rate swap is a financial contract between two parties exchanging a stream of interest payments for a notional principal amount on multiple occasions during a specified period.

Typically, one party receives a pre-determined fixed rate of interest while the other party, receives a floating rate, which is linked to a mutually agreed benchmark with provision for mutually agreed periodic resets.

The fund intends to use derivatives for hedging & portfolio balancing as permitted under the SEBI Regulations & Guidelines.

To hedge & balance the portfolio derivative instruments like interest rate swaps & forward rate agreements would be used to create synthetic fixed rate bonds/ floating rate bonds. We wish to submit that, creation of synthetic fixed rate bonds/floating rate bonds is a hedging and portfolio rebalancing technique.

An example is stated below to explain the said proposition.

Swaps can be used to create synthetic fixed rate instruments.

Let us take the example of a 3 Yr floating rate bond with a spread of 50 bps (basis points) over a benchmark. Ordinarily, this fetches the investor a yield of the benchmark (which is floating) plus 50 bps on an annualized basis. However, by receiving the 3 yr fixed rate

on the swap side, what happens is that the bond gets converted into a fixed rate bond. Let us assume that the 3 yr swap on the same benchmark is received for the same principal amount at the rate 7.25%. Broadly then, the investor receives fixed cash flows of 7.25%, pays the floating benchmark rate, and receives the floating rate of the bond (which comprise the benchmark rate and the “spread” of 50 bps). The floating cash flows of the benchmark cancel each other out and the investor is left with a synthetic fixed rate bond yielding him 7.75% (7.25% plus the ‘spread’ of 50bps). Thus through the swap, the floating rate bond gets converted ‘synthetically’ into a fixed rate bond.

Accounts are generally settled on a net basis on predetermined settlement dates. Accordingly, on each agreed payment date, amounts owed by each party is calculated by applying the agreed rate i.e. fixed in one case and floating in the other, on the notional amount. The party, who owes the higher amount i.e. the difference between the interest rate amount and the floating interest rate amount or vice versa, makes a payment of the net amount, no principal amount is exchanged.

Generally, interest rate swaps involve exchange of a fixed rate to a floating rate of interest or vice versa. These are known as Plain Vanilla Swaps. The RBI has currently allowed only these swaps in the Indian market.

Example: The most common type of swaps is where one party agrees to pay a fixed rate of interest (fixed-rate payer) to the other party who agrees to pay a floating rate of interest (floating-rate payer). The payments are exchanged on designated dates during the life of the contract at agreed rates.

Suppose, the view on interest rate is that they would come down over the next three months if a particular investment is yielding a rate of return at 10% p.a. currently, the Fund Manager would like to lock-in this rate of return which in a downward interest rate scenario would appear attractive.

He, then, enters into a swap transaction with a counterparty that is willing to pay a fixed rate of 10% p.a. and accept a floating rate linked to say, MIBOR which would vary everyday but is currently at 7% p.a. The transaction would be represented thus:

Receives fixed rate@10% p.a.

NIMF Counterparty B

Pays Floating Rate MIBOR

Note

1. No principal amount is exchanged. A notional principal amount is agreed upon for interest calculation purposes.
2. Only the difference between the two rates is exchanged at agreed intervals or payment dates. When fixed interest rate amount is higher, the fixed rate payer pays the difference amount i.e. fixed interest rate amount minus the floating interest rate amount or vice-versa.

Interest Rate Futures:

An Interest Rate Futures (‘IRF’) contract is “an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today.” The underlying security for Interest Rate Futures is either Government Bond or T-Bill. Interest Rate Futures are Exchange traded and standardized contracts based on 6 year, 10 year and 13 year Government of India Security and 91-day Government of India Treasury Bill (91DTB). These future contracts are cash settled. These instruments can be used for hedging the underlying cash positions. The overall gross exposure for a fund is computed as sum of exposure to equity, cash, debt instruments and derivatives (other than for hedging purposes) and it should not be more than 100%. Derivative position is considered to be for hedging purposes only if the following conditions are met:

- 1) **Perfect Hedging** - We hedge the underlying using IRF contract of same underlying.
- 2) **Imperfect hedging** - In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.

Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, up to maximum of 20% of the net assets of the scheme, subject to the following:

- Exposure to IRFs is created only for hedging the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.
- Mutual Funds are permitted to resort to imperfect hedging, without it being considered under the gross exposure limits, if and only if, the correlation between the portfolio or part of the portfolio (excluding the hedged portions, if any) and the IRF is at least 0.9 at the time of initiation of hedge. In case of any subsequent deviation from the correlation criteria, the same may be rebalanced within 5 working days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms of Paragraph 12.24.1 above. The correlation should be calculated for a period of last 90 days. Explanation: If the fund manager intends to do imperfect hedging up to 15% of the portfolio using IRFs on weighted average modified duration basis, either of the following conditions need to be complied with: (a) The correlation for past 90 days between the portfolio and the IRF is at least 0.9 or (b) The correlation for past 90 days between the part of the portfolio (excluding the hedged portions, if any) i.e. at least 15% of the net asset of the scheme (including one or more securities) and the IRF is at least 0.9.
- At no point of time, the net modified duration of part of the portfolio being hedged should be negative.
- The portion of imperfect hedging in excess of 20% of the net assets of the scheme should be considered as creating exposure and shall be included in the computation of gross exposure in terms of Paragraph 12.24.1 above.

Illustration of Hedge using Interest Rate Futures (IRF)

Security name	Amount (in Crs)	Price	MV (in Crs)	Modified duration	Weights	Weighted Modified duration
IGB 6.79% 2027	100	94.42	97.457	6.4147	0.40	2.5658
IGB 7.17% 2028	50	97.95	49.931	6.7562	0.20	1.3512
IGB 8.15% 2026	25	102.95	26.436	5.9738	0.10	0.5973
IGB 6.68% 2031	25	91.39	22.937	8.4743	0.10	0.8474
Cash	50		50			
IRF 6.79 2027		94.38		6.4147		
Total	250		246.80			5.3619

Assuming the Fund manager intends to hedge the portfolio using IRF and uses contracts on IGB 6.79% 2027 as it is most liquid.

The maximum short position that can be taken = (Portfolio modified duration* Market Value (MV) of portfolio)/Futures Modified duration* Future price/PAR)

The maximum short future position that can be taken based on the above portfolio using IRF (IGB 6.79% 2027) is 211.67 crores.

Illustration of Perfect & Imperfect Hedge Positions:

Case 1

Security name	Amount (in Crs)	Price	MV (in Crs)	90 day historical correlation to IRF 6.79% 2027	Comments
IGB 6.79% 2027	100	94.42	97.457	1	Perfect hedge
IGB 7.17% 2028	50	97.95	49.931	0.95	Imperfect hedge
IGB 8.15% 2026	25	102.95	26.436	0.85	Unhedge
IGB 6.68% 2031	25	91.39	22.937	0.75	Unhedge
Cash	50		50	-	Unhedge
IRF 6.79 2027	120	94.38	117.457		
Total	250		246.80		

- In the above example, IGB 7.17% 2028 is the only security which qualifies for the '**Imperfect Hedge**' as the correlation is more than 90% for the past 90 days. This would be exempted from the '**Gross Exposure**'.
- Total Amount of Imperfect Hedge Allowed:** 20% of Net Assets of the scheme i.e. 20% * 250 crs = 50 crs.
- Total Hedge allowed in the above indicative portfolio (Exempted from Gross Exposure):** Total 150 crs
Perfect Hedge – 100 crs against 6.79 2027 underlying
Imperfect Hedge – 50 crs against 7.17 2028 underlying
- Total Hedge allowed in the above indicative portfolio (Subject to Gross Exposure):** Total 50 crs
Imperfect Hedge – 50 crs against Cash & Cash Equivalents

Case 2

Security name	Amount (in Crs)	Price	MV (in Crs)	90 day historical correlation to IRF 6.79% 2027	Comments
IGB 6.79% 2027	100	94.42	97.457	1	Perfect hedge
IGB 7.17% 2028	30	97.95	29.235	0.95	Imperfect hedge
IGB 8.15% 2026	45	102.95	46.327	0.91	Imperfect hedge
IGB 6.68% 2031	25	91.39	22.937	0.85	Unhedge
Cash	50		50		Unhedge
IRF 6.79 2027	120	94.38	117.457		
Total	250		245.95		

- In the above example, IGB 7.17% 2028 & IGB 8.15% 2026 are the securities which qualifies for the 'Imperfect Hedge' as the correlation is more than 90% for the past 90 days. This would be exempted from the 'Gross Exposure'.
- **Total Amount of Imperfect Hedge Allowed:** 20% of Net Assets of the scheme i.e. $20\% \times 250 \text{ crs} = 50 \text{ crs}$.
- **Total Hedge allowed in the above indicative portfolio (Exempted from Gross Exposure):** Total 150 crs
 Perfect Hedge – 100 crs against 6.79 2027 underlying
 Imperfect Hedge – 30 crs against 7.17 2028 underlying
 Imperfect Hedge – 20 Crs against 8.15% 2026 underlying
- **Total Hedge allowed in the above indicative portfolio (Subject to Gross Exposure) :** Total 50 crs
 Imperfect Hedge – 50 crs against Cash & Cash Equivalents

Forward Rate Agreements (FRAs)

A FRA is a financial contract between parties agreeing to exchange interest payments for a notional principal amount on settlement dates for a specified period from start date to maturity date.

A FRA enables parties to fix interest cost on a future borrowing or fix an interest rate for a future investment.

Hedging a future asset

Example: Suppose, NIMF has funds to invest after two months for a period of three months. The Fund Manager expects interest rates to soften in the next two months. He, therefore, would like to lock-in the interest rate today for his investment to be made after two months. The instrument in which he wishes to invest is a 91-day Treasury Bill at 8.25% p.a. He, therefore, enters into an agreement where he sells a 2 x 5 FRA for a notional principal amount. 2 represents the start date of the FRA and 5 represents the maturity date or end date.

The details will be as under

Asset : 91-day T' Bill

Tenor : 3 months commencing from 2 months from date of agreement.

Indicative 2 x 5 : 8.25% p.a.

Benchmark : 91-day T' Bill cut-off yield on the last auction preceding settlement date

So NIMF receives 8.25% p.a. on the notional amount on settlement date. Counterparty will receive 91-day T' Bill cut-off rate on the 91-day T' Bill auction, on the auction just preceding the settlement date.

Both, IRS and FRAs can be thus effectively used as hedging products for interest rate risks.

Risk Factors

Derivatives products carry the credit risk (risk of default by counterparty), market risk (due to market movements) and liquidity risk (due to lack of liquidity in derivatives).

1. No principal amount is exchanged. A notional principal amount is agreed upon for interest calculation purposes.
2. Only the difference between the two rates is exchanged at agreed intervals or payment dates. When fixed interest rate amount is higher, the fixed rate payer pays the difference amount i.e. fixed interest rate amount minus the floating interest rate amount or vice-versa.

The Scheme will comply with provisions specified in Clause 12.25 of SEBI Master Circular dated June 27, 2024 related to overall exposure limits as stated below

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
4. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.

Investment in overseas financial assets

SEBI vide its circular no. SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007 has issued guidelines pertaining to investments in overseas financial assets. Accordingly all the investments in ADRs/GDRs/Foreign Securities/Overseas ETFs shall be made in compliance with the above referred circular. It is the investment manager's belief that overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Offshore investment will be made subject to any/ all approvals / conditions thereof as may be stipulated by SEBI/ RBI/ other regulatory authorities. Ms. Kinjal Desai, Mr. Divya Dutt Sharma & Mr. Lokesh Maru has been appointed as the Fund Manager for Overseas Investments, as prescribed in the aforesaid SEBI circular. The fund may, where necessary, appoint other intermediaries of repute as advisors, sub-custodians, etc. for managing and administering such investments. The fees and expenses of such appointment would be part of the recurring expenses of the scheme. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would include, besides the investments management fees, custody fees and costs, fees of appointed advisors and sub managers, transaction costs and overseas regulatory costs. Investment in foreign securities offers more opportunities and diversification for investments.

Advantages and Risks attached with investments in Overseas Financial Assets

It is AMC's belief that the investment in ADRs/GDRs/ overseas securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks.

Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the schemes. Since the Scheme would invest only partially in ADRs/ GDRs/overseas securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme.

1. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.
2. To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.
3. Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, wherever necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments.
4. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Portfolio Turnover Policy:

The Investment Manager does not have a policy statement on portfolio turnover. It is presently anticipated that the portfolio turnover rate will be low. However, trading opportunities may emerge from time to time due to inefficiencies in the market causing the portfolio turnover rate to rise. A high portfolio turnover rate may be representative of arbitrage opportunities that exist for securities in the portfolio rather than an indication of the Investment Manager's view on a sector or security.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

AMFI Tier I Benchmark - CRISIL Banking and PSU Debt A-II Index

The benchmark adequately reflects the fund strategy. The portfolios are similar not only in term of the construct but also in terms of risk return parameters in question. Using this benchmark shall provide the investor with an independent and representative comparison with fund portfolio.

E. WHO MANAGES THE SCHEME?

Name of the Fund Manager	Age	Educational Qualification	Type and Nature of past experience including assignments held during the past 10 years	Name of the Other Scheme managed

F. HOW IS THE SCHEME DIFFERENT FROM EXISTING SCHEMES OF THE MUTUAL FUND?

Existing Debt schemes of Nippon India Mutual Fund are as follows:

Sr. No.	Name
1	Nippon India Banking & PSU Fund
2	Nippon India Corporate Bond Fund
3	Nippon India Credit Risk Fund (Existing Number of Segregated Portfolios- 1)
4	Nippon India Dynamic Bond Fund
5	Nippon India Floater Fund
6	Nippon India Gilt Fund
7	Nippon India Medium to Long Duration Fund
8	Nippon India Liquid Fund
9	Nippon India Low Duration Fund
10	Nippon India Money Market Fund
11	Nippon India Nivesh Lakshya Long Duration Fund
12	Nippon India Overnight Fund
13	Nippon India Short Duration Fund
14	Nippon India Medium Fund (Existing Number of Segregated Portfolios - 1)
15	Nippon India Ultra Short Duration Fund
16	Nippon India Conservative Hybrid Fund (Existing Number of Segregated Portfolios - 1)
17	Nippon India Retirement Fund - Income Generation Scheme

For details of the scheme differentiation please visit

<https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

G. HOW HAS THE SCHEME PERFORMED (as on September 30, 2025)

Compounded Annualised Returns	Scheme Returns (Growth Plan)* %	Benchmark Returns %	Scheme Returns (Direct Plan) %	Benchmark Returns %
Returns for the last 1 year	7.48	7.54	7.90	7.54
Returns for the last 3 years	7.41	7.39	7.85	7.39
Returns for the last 5 years	6.00	6.07	6.46	6.07
Returns since inception	7.42	7.45	7.81	7.45
Inception Date	15/05/2015		15/05/2015	

Absolute returns for each financial year for the last 5 years

Past performance may or may not be sustained in future.

Returns are of Growth Plan - Growth Option and Direct Plan – Growth Option • Face Value of the Scheme is Rs. 10/- Per unit • Returns less than one year are absolute returns Calculation assume that all payouts during the period have been re-invested in the units of the scheme at the then prevailing NAV.

*Other than Direct Plan

H. ADDITIONAL SCHEME RELATED DISCLOSURES

i. Top 10 holdings by issuer and sectors (As on September 30, 2025)

For scheme portfolio holdings & sectors please visit

<https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

ii. Functional website link for Portfolio Disclosure –

Fortnightly / Monthly: <https://mf.nipponindiaim.com/investor-service/downloads/factsheet-and-other-portfolio-disclosures>

Half Yearly: <https://mf.nipponindiaim.com/investor-service/downloads/annual-half-yearly-reports>

iii. Portfolio Turnover Rate: Not Applicable for Debt Schemes

iv. Aggregate investment in the Scheme by (As on September 30, 2025):

Sr. No	Concerned scheme's Fund Manager(s)	Net Value		Market Value (in Rs.)
		Units	NAV per unit	
1	Ms. Kinjal Desai (DIRECT GROWTH PLAN)	3594.592	21.8422	78,513.80
2	Mr. Pranay Sinha (DIRECT GROWTH PLAN)	127929.667	21.8422	2,794,265.37
3	Mr. Vivek Sharma (DIRECT GROWTH PLAN)	81166.436	21.8422	1,772,853.53
4	Mr. Lokesh Maru (DIRECT GROWTH PLAN)	18.452	21.8422	403.03
5.	Mr. Divya Dutt Sharma	-	-	-

For any other disclosure w.r.t investments by key personnel and AMC directors including regulatory provisions in this regard kindly refer SAI.

v. Investments of AMC in the Scheme –

Subject to the Regulations, the AMC may invest in the Scheme during the NFO and/or on ongoing basis.

In terms of sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 read along with Clause 6.9 of the SEBI Master Circular dated June 27, 2024 and AMFI Best Practice Guidelines Circular No.100 /2022-23 dated April 26, 2022 on 'Alignment of interest of AMCs with the Unitholders of the Mutual Fund schemes', the AMC shall invest its own funds in the scheme(s) based on the risks associated with the schemes, as may be specified by the SEBI from time to time.

Further, the AMC shall not charge any investment management and advisory fee on its investment in the Scheme (s), unless allowed to do so under SEBI Regulations in the future.

For details of investment please visit: <https://mf.nipponindiaim.com/investor-service/statutory-disclosures>

A. COMPUTATION OF NAV

The Net Asset Value (NAV) of the Units will be determined daily or as prescribed by the Regulations. The NAV shall be calculated in accordance with the following formula, or such other formula as may be prescribed by SEBI from time to time.

$$\text{Market/Fair Value of Scheme's Investments} + \text{Receivables} + \text{Accrued Income} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}$$

NAV = $\frac{\text{-----}}{\text{Number of Units Outstanding}}$

Rounding off policy for NAV

Net Asset Value of the Units in the Scheme is calculated in the manner provided in this Scheme Information Document or as may be prescribed by Regulations from time to time. The NAV will be computed upto four decimal places.

Policy on computation of NAV in case of investment in foreign securities

The exchange gain / loss resulting from the foreign securities exchange rates conversion shall be recognized as unrealized exchange gain / loss in the books of the Scheme on the day of valuation. Further, the exchange gain / loss resulting from the settlement of assets / liabilities denominated in foreign currency shall be recognized as realized exchange gain /loss in the books of the scheme on the settlement of such assets / liabilities for NAV computation.

Example: If the applicable NAV is Rs. 10.00, sales/entry load is 2 per cent and the exit/repurchase load is 2 percent then the sales price will be Rs. 10.20 and the repurchase price will be Rs. 9.80.

Illustration for computation of NAV:

Particulars	Amount (In INR)
Assets	
Market/Fair Value of Scheme's Investments	1,00,000
Current Assets	
Receivables	1,500
Accrued Income	500
Other Assets	1,000
Total Assets (A)	1,03,000
Current Liabilities	
Accrued Expenses	1,100
Payables	300
Other Liabilities	100
Total Liabilities (B)	1,500
Net Assets (C) (A – B)	1,01,500
Units Outstanding (D)	10,000
NAV per unit (C/D)	10.1500

The mutual fund shall ensure that the repurchase price of the scheme is not lower than 97% of the Net Asset Value.

Methodology for calculation of sale and re-purchase price of the units of mutual fund scheme:

Let's assume that the NAV of a Mutual Fund Scheme on April 01, 2018 is Rs. 10/-.

Purchase of mutual fund units:

The Purchase Price of the Units on an ongoing basis will be same as Applicable NAV.

Purchase Price = Applicable NAV

In the above example, purchase is done on April 01, 2018, when the Applicable NAV = Rs. 10/-. Therefore, Purchase Price = Rs. 10/-
As per existing Regulations, no entry load is charged with respect to applications for purchase / additional purchase of mutual funds units.

Redemption/Re-purchase of mutual fund units:

The Redemption Price of the Units will be calculated on the basis of the applicable NAV subject to prevailing Exit Load, if any. In case of redemption, the amount payable to the investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)

Say, in the above example the exit load applicable is

For exit on or before 12 months from the date of allotment – 1.00%

For exit after 12 months from the date of allotment – Nil.

Scenario 1: Redemption is done during applicability of exit load

In case the investor requests for redemption on or before 12 months i.e. on or before March 31, 2019; say December 1, 2018, when the NAV of the scheme is Rs. 12/- and the exit load applicable is 1%, so the Redemption amount payable to investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)
= Rs. 12 * (1-1%) = Rs. 11.88/-

Scenario 2: Redemption is done when the exit load is NIL

In case the investor requests for redemption after 12 months i.e. after March 31, 2019; say April 1, 2019, when the NAV of the scheme is Rs. 12/- and the exit load applicable is NIL, so the Redemption amount payable to investor shall be calculated as follows:

Redemption Price = Applicable NAV * (1 - Exit Load)
= Rs. 12 * (1-0) = Rs. 12/-

The aforesaid example does not take into consideration any applicable statutory levies or taxes. Accordingly, the redemption amount payable to investor shall further reduce to the extent of applicable statutory levies or taxes.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

The NFO expenses of Nippon India Banking and PSU Fund shall be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC and other expenses as given in the table below:

As specified under section II – C of this document, the investments in equity and equity related instruments is less than sixty-five per cent of the net assets of the scheme, hence the scheme will be considered as other than equity oriented scheme as per sub regulation 5A of regulation 52 of the SEBI (MF) Regulations for the purpose of limits of total expenses ratio.

The AMC has estimated that the following % of the daily net assets of the scheme will be charged to the scheme as expenses. The AMC would update the current expense ratios on the website of the mutual fund at least three working days prior to the effective date of the change. Further Actual Expense ratio will be disclosed at the following link

<https://mf.nipponindiaim.com/investor-services/downloads/total-expense-ratio-of-mutual-fund-schemes>

Particulars	% of Net Assets
Investment Management & Advisory Fee	Upto 2.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory Advertisement	

Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Service Tax on expenses other than investment and advisory fees	
Brokerage and transaction cost (Including GST) over and above 12 bps and 5 bps for cash and derivative market trades respectively	
Other Expenses #	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.00%

(# Expenses charged under the said parameters shall be in line with the Regulation 52 of SEBI (MF) Regulations or such other basis as specified by SEBI from time to time)

<u>Illustration – Impact of Expense Ratio on the Returns</u>		
Particulars	Regular Plan/Other than Direct Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1,300	1350
Returns	13.00%	13.50%

Note: Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se as per actual but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Mutual funds /AMCs may charge Goods & Service Tax on investment and advisory fees to the scheme in addition to the maximum limit as prescribed in regulation 52 of the SEBI Regulations.

Goods & Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the SEBI Regulations.

Mutual Funds/AMCs will annually set apart at least 2 basis points on daily net assets within the maximum limit as per regulation 52 of the SEBI Regulations for investor education and awareness initiatives.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, and no commission shall be paid from such plan.

However, no Investment Management fees would be charged on NAM India's investment in the Scheme. The Trustee Company, shall be entitled to receive a sum computed @ 0.05% of the Unit Capital of all the Schemes of NIMF on 1st April each year or a sum of Rs.5,00,000/- which ever is lower or such other sum as may be agreed from time to time in accordance with the SEBI Regulations or any other authority, from time to time.

The total expenses of the scheme including the investment management and advisory fee shall not exceed the limits stated in Regulation 52(6) which are as follows:

- On the first Rs.500 crores of the daily net assets - 2.00%
- On the next Rs.250 crores of the daily net assets – 1.75%
- On the next Rs.1,250 crores of the daily net assets - 1.50%
- On the next Rs.3,000 crores of the daily net assets - 1.35%
- On the next Rs.5,000 crores of the daily net assets - 1.25%

- On the next Rs.40,000 crores of the daily net assets - Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.
- On balance of the assets – 0.80%

The above expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations, 1996, which means there will be no internal sub-limits on expenses and AMC is free to allocate them within the overall TER.

In terms of Regulation 52(1) of SEBI (Mutual Funds) Regulations, 1996, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, will necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses shall be paid out of AMC books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower. List of such miscellaneous expenses may be provided by AMFI in consultation with SEBI or as specified/amended by AMFI/SEBI from time to time.

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the scheme as per new sub regulation 6A, namely-

- Brokerage and Transaction costs (including GST) incurred for the execution of trades may be expensed out in the scheme to the extent of 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Any payment towards brokerage and transaction costs incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure in excess of the said prescribed limit (including brokerage and transaction costs, if any) shall be borne by the AMC or by the Trustee or Sponsors.;

The Fund will strive to reduce the level of these expenses so as to keep them well within the maximum limits allowed by SEBI. Expenses on an ongoing basis will not exceed the percentage of the daily net assets or such maximum limits as may be specified by SEBI Regulations from time to time.

D. LOAD STRUCTURE

Load is an amount which is paid by the investor to redeem the units from the scheme. For the current applicable structure, please refer to the website of the AMC <https://mf.nipponindiaim.com> or may call at Customer Service Centre 1860-266-0111 (charges applicable), and Investors outside India can call at 91-22-69259696 (charges applicable) or your distributor.

Type of Load	Load chargeable (as a % of NAV)
Exit	NIL Exit load if charged, by NIMF to the unit holders shall be credited to the scheme immediately net of Goods & Service Tax, if any
Inter scheme Switch	At the applicable load in the respective Schemes.
Inter Plan Switch / Systematic Transfer Plan (STP)	Switch / Systematic transfer of Investments made from 'Regular Plan' to 'Direct Plan' under the scheme and vice versa, will not be subject to exit load.

Pursuant to Clause 10.6 of SEBI Master Circular dated June 27, 2024, no entry load or exit load shall be charged in respect of units allotted on reinvestment of IDCW.

The investor is requested to check the prevailing load structure of the scheme before investing. Load amounts are variable and are subject to change from time to time. For any change in load structure NAM India will issue an addendum and display it on our website mf.nipponindiaim.com or Investor Service Centres.

Any imposition or enhancement in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the load structure, the mutual funds may consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads:

- The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

v. Any other measures which the mutual funds may feel necessary.

The investor is requested to check the prevailing load structure of the scheme before investing.

For any change in load structure NAM India will issue an addendum and display it on the website/Investor Service Centres.

I. INTRODUCTION**A. Definitions/interpretation**

For definition details please visit <https://mf.nipponindiaim.com/investor-service/downloads/scheme-information-document>

B. Risk Factors**SCHEME SPECIFIC RISK FACTORS****i. Risks associated with investing in Fixed income securities**

Investment in Debt and Money Market Instruments is subject to price, credit, and interest rate risk.

The NAV of the Scheme may be affected, inter alia, by changes in the market conditions, interest rates, trading volumes, settlement periods and transfer procedures.

Corporate debt securities are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk). Debt and money market securities may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of the creditworthiness of the issuer, among others (market risk). The Investment Manager will endeavor to manage credit risk through in-house credit analysis. The Scheme may also use various hedging products from time to time, as are available and permitted by SEBI, to attempt to reduce the impact of undue market volatility on the Scheme's portfolio.

The NAV of the Scheme's Units, to the extent that the Scheme is invested in fixed income securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline.

Investing in Bonds and Fixed Income securities are subject to the risk of an Issuer's inability to meet principal and interest payments obligation (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (market risk).

The timing of transactions in debt obligations, which will often depend on the timing of the Purchases and Redemptions in the Scheme, may result in capital appreciation or depreciation because the value of debt obligations generally varies inversely with the prevailing interest rates.

a. Interest Rate Risk

As with all debt securities, changes in interest rates will affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of longer-term securities generally fluctuate more in response to interest rate changes than do shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.

b. Liquidity or Marketability Risk

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.

c. Credit Risk

Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e. will be unable to make timely principal and interest payments on the security). Because of this risk debentures are sold at a yield spread above those offered on Treasury securities, which are sovereign obligations and generally considered to be free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default.

d. Reinvestment Risk

This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme or from maturities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk refers to the fall in the rate for reinvestment of interim cashflows.

e. Risks associated with various types of securities

	CREDIT RISK	LIQUIDITY RISK	PRICE RISK
Listed	Depends on credit quality	Relatively Low	Depends on duration of instrument
Unlisted	Depends on credit quality	Relatively High	Depends on duration of instrument
Secured	Relatively low	Relatively Low	Depends on duration of instrument
Unsecured	Relatively high	Relatively High	Depends on duration of instrument
Rated	Relatively low and depends on the rating	Relatively Low	Depends on duration of instrument
Unrated	Relatively high	Relatively High	Depends on duration of instrument

Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern e.g. corporate bonds, carry a higher level of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

With regard to the specific investments made by this scheme, the performance of banking companies are dependent on broad macro economic factors like interest rates and credit growth, apart from specific factors that may affect their borrowers which may in turn affect the level of Non-performing assets held by banks. This may have an impact on the bank's credit ratings. Public sector undertakings may also see a change in their operating environments due to change in government policies or divestment of the government's stake and /or privatization of the enterprise.

ii. Risks associated with investing in foreign Securities

The Fund may invest in overseas debt with the approval of RBI/SEBI, subject to such guidelines as may be issued by RBI/SEBI. The net assets, distributions and income of the scheme may be affected adversely by fluctuations in the value of certain foreign currencies relative to the Indian Rupee to the extent of investments in these securities. Repatriation of such investment may also be affected by changes in the regulatory and political environments. The scheme's NAV may also be affected by a fluctuation in the general and specific level of interest rates internationally, or the change in the credit profiles of the issuers.

Risk factor associated with overseas investment

Subject to necessary approvals and within the investment objectives of the Scheme, the Scheme may invest in overseas markets which carry a risk on account of fluctuations in foreign exchange rates, nature of securities market of the country concerned, repatriation of capital due to exchange controls and political circumstances.

To the extent that the assets of the schemes will be invested in securities denominated in foreign currencies, the Indian rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian rupee (if Indian rupee appreciates against these foreign currencies). The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment. The scheme may have to pay applicable taxes on gains from such investment.

Additional Risk Factors

The risk associated with underlying stocks remain the same except for the additional risk of fluctuation in the exchange rate of the Indian Rupee vis-à-vis US Dollar – the currency in which GDRs / ADRs are denominated. To manage risks associated with the portfolio, foreign currency and interest rate exposure, the Fund may use / invest in derivatives for efficient portfolio management including hedging and in accordance with the conditions as may be stipulated by SEBI / RBI. The Fund also hereby avers that offshore investments shall be made subject to any / all approvals, as well as the conditions thereof as may be stipulated by SEBI / RBI and provided such investments do not result in expenses to the fund in excess of the ceiling, if any, on the expenses prescribed by SEBI. The expenses to the fund shall be limited to the level which, in the opinion of the Fund, is reasonable and consistent with the costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute such as advisors, sub-managers, sub-custodian etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI. The fees and expenses would illustratively include, besides the investment management fee, custody fees and costs, fees of appointed overseas advisors and sub-managers, transaction costs, and overseas regulatory costs.

iii. Risk associated with investing in Derivatives

a. Valuation Risk

The risk in valuing the Debt derivative products due to inadequate trading data with good volumes. Derivatives with longer duration would have higher risk viz a viz the shorter duration derivatives.

b. Mark to Market Risk

The day-to-day potential for an investor to experience losses from fluctuations in underlying stock prices and derivatives prices.

c. Systematic Risk

The risk inherent in the capital market due to macro economic factors like Inflation, GDP, Global events.

d. Liquidity Risk

The risk stemming from the lack of availability of derivatives products across different maturities and with different risk appetite.

e. Implied Volatility

The estimated volatility of an underlying security's price and derivatives price.

f. Interest Rate Risk

The risk stemming from the movement of Interest rates in adverse direction. As with all the debt securities, changes in the interest rates will affect the valuation of the portfolios.

g. Counterparty Risk (Default Risk)

Default risk is the risk that losses will be incurred due to the default by the counterparty for over the counter derivatives.

h. System Risk

The risk arising due to failure of operational processes followed by the exchanges and OTC participants for the derivatives trading.

Risk attached with the use of derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. NAM India may use various derivative products, from time to time, for purposes of hedging and portfolio rebalancing in an attempt to protect the value of the portfolio and enhance Unit holder's interest of the Scheme. As and when the schemes trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

iv. Risk Associated with Securitised Debt

The Scheme may invest in Securitised debt.

As with any other debt instrument, the following risk factors have to be taken into consideration while investing in Pass through Certificates (PTCs):

a. Credit Risk

Since most of the PTCs are drawn from a cherry picked pool of underlying assets, the risk of delay / default due to poor credit quality is low. Further more most of the PTCs enjoy additional cashflow coverage in terms of subordination by another lower class of PTCs or in terms of excess cash collateralization.

b. Liquidity Risk

Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

c. Price Risk / Interest Rate Risk

The price risk of these instruments shall be in line with the maturity / duration of such instruments. However given the fact that these instruments will have a maturity profile upto 2 years, the duration risk is relatively less.

Domestic Securitised debt can have different underlying assets and these assets have different risk characteristics. These may be as given in the following example:

Security 1 - Backed by receivables of personal loans originated by XYZ Bank

Security2 - Senior Series Pass Through Certificates backed by commercial vehicles and two-wheeler loan and loan receivables from ABC Bank Limited.

Specific Risk Factors: Loss due to default and/or payment delay on Receivables, Premature Termination of Facility Agreements, Limited loss cover, Delinquency and Credit Risk, Limited Liquidity and Price Risk, Originator/Collection Agent Risk, Bankruptcy of the Originator, Co-mingling of funds

v. Risk associated with Short Selling:

Short-selling is the sale of securities that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the loan. If the price of the stock has fallen, he can buy the stock back for less than he received for selling it and profits from it (the difference between higher short sale price and the lower purchase price). However, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the price increases without limit and shall result into major losses in the portfolio.

vi. Risk factors associated with repo transactions in corporate bonds -

In Repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. The Scheme may invest in repo of corporate debt securities which are subject to the following risks:

- a. **Counterparty Risk:** This refers to the inability of the seller to meet the obligation to buy back securities at the contracted price. The Investment Manager will endeavor to manage counterparty risk by dealing only with counterparties having strong credit profiles assessed through in-house credit analysis or with entities regulated by SEBI/RBI/IRDA.
- b. **Collateral Risk:** In the event of default by the repo counterparty, the schemes have recourse to the corporate debt securities. Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk is mitigated by restricting participation in repo transactions only in AA and above rated money market and corporate debt securities. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.

vii. Other Scheme Specific Risk factors

- a. The liquidity of the Scheme's investments may be inherently restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests, or of a re-structuring of the Scheme's investment portfolio, these periods may become significant. Please read the Sections of this Scheme Information Document entitled "Special Considerations" and "Right to Limit Redemptions" thereunder.
- b. Although, the objective of the Fund is to generate optimal returns, the objective may or may not be achieved. The investors may note that if the AMC/Investment Manager is not able to make right decision regarding the timing of increasing exposure in debt securities in times of falling equity market, it may result in negative returns. Given the nature of scheme, the portfolio turnover ratio may be on the higher side and the AMC may change the full portfolio commensurate with the investment decisions and Asset Allocation of the Scheme. At times, such churning of portfolio may lead to losses due to subsequent negative or unfavorable market movements.
- c. The tax benefits described in this Scheme Information Document are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.
- d. The performance of banking companies are dependent on broad macro economic factors like interest rates and credit growth, apart from specific factors that may affect their borrowers which may in turn affect the level of Non-performing assets held by banks. This may have an impact on the bank's credit ratings. Public sector undertakings may also see a change in their operating environments due to change in government policies or divestment of the government's stake and /or privatization of the enterprise.
- e. Credit And Rating Downgrade Risk, Prepayment and Foreclosures Risk for Senior PTC Series, Prepayment And Foreclosures Risk for Senior PTC Series, Servicing Agent Risk, Co-mingling Risk, and Bankruptcy of the Seller.
- f. The NAV of the scheme to the extent invested in Debt and Money market securities are likely to be affected by changes in the prevailing rates of interest and are likely to affect the value of the Scheme's holdings and thus the value of the Scheme's Units.
- g. The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/ unrated securities offering higher yields. This may increase the risk of the portfolio.
- h. Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.
- i. While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- j. Investment decisions made by the AMC may not always be profitable, even though it is intended to generate capital appreciation and maximize the returns by actively investing in equity and equity related securities.

viii. Risk Factors Associated with Investments in REITs and InvITs:

Market Risk: REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.

Liquidity Risk: As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments

in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.

Reinvestment Risk: Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or IDCW pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

Regulatory/Legal Risk: REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis

ix. Risk associated with debt instruments having Structured Obligations (SO)/ Credit Enhancements (CE)

1. Relative liquidity of SO/CE instruments may be lower than a plain vanilla instrument in the same rating bucket irrespective of the inherently strong credit features. This is because of the asymmetry in the potential investor universe which invests in structured instruments vis-a vis plain vanilla debt instruments, due to regulatory constraints.
2. SO/CE instruments, if off balance sheet in nature, may have strong underlying collateral but limited access to main issuer/ originator balance sheet. This can work both in favor if the issuer credit profile weakens but the structure strength remains intact or vice-versa.
3. Since the strength (credit quality/ rating) of the instruments is derived from the strength of the underlying structure, any weaknesses in structuring could undermine the credit quality in a meaningful manner.

x. Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

xi. Risks associated with segregated portfolio

Liquidity risk

- 1) Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
- 2) Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Credit risk

- 3) Security comprises of segregated portfolio may not realize any value

xii. Risk associated with Imperfect Hedging using Interest Rate Futures

1) Basis Risk

Each security would be hedged with an Interest rate future. Hypothetically creating an imperfect hedge, **IGB 7.17% 2028** on which we are **long**, and **short** on an **(interest rate future) IRF 6.79% 2027** for which the underlying is 10 year bond, if the **spot yield are 7%** and **future yield is 7.3%** the **basis** would be of **0.3%**. There is an inherent risk of this basis (spread) narrowing, widening or remaining stable/flat.

Spread widening means that the spot becomes 6.9% and future becomes 7.25% - the **basis increases** in total by 0.5% and new basis is 0.35%. Due to this there would be a profit of 5bps on the IGB 8.15% 2026 long bond and there would be a loss of 5bps on IRF short future position. This would result in an **overall profit** as the price of a bond would increase more compared to the increase in the price of IRF due to the duration and convexity effect.

Spread narrowing means that the spot becomes 7.2% and future becomes 7.35% - the **basis decreases** in total by 0.15% and the new basis is 0.15%. This would result in a **loss** as the price of IGB 8.15% 2026 bond would decrease more compared to the decrease in the price of IRF due to the duration and convexity effect.

Spread remaining flat or stable means that the spread does not move or is a **negligible change** in the basis i.e. in our example is of 0.3%.

2) Mispricing Risk, or improper valuation –

Market circumstances may necessitate unwinding the derivative positions at sub-optimal prices during periods of market dislocation triggered by contagion or turmoil e.g. if the expected upward trajectory of yields reverses course and begins to spiral downward, most participants with short Interest Rate Futures positions are likely to seek an unwinding, leading to a potential amplification in the adverse price movement, and impact there from.

3) Liquidity Risk:

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.

4) Correlation weakening, and consequent risk of regulatory breach –

SEBI regulation mandates minimum correlation criteria of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative serving as the hedge; in cases where this limit is breached (i.e. when the 90-day correlation falls below 0.9), a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement within the stipulated period due to difficulties in re-balancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value; leverage is not permitted as per SEBI guidelines.

Numerical Example Explaining Imperfect Hedging With Investments In IRF's

Perfect hedging:

Spot price of Govt. security (6.79% 2027) = 94.42, Yield – 7.68%

Price of IRF - November Contract (expiry on 23-November-2017) = Rs 94.45

On 5th November, 2017, the fund bought Rs 100 crores worth of government security from the spot market at Rs 94.42. Subsequently, it is anticipated that yields may rise in the near future. Thus, to hedge the underlying position taken, the fund sells November 2017 IRF 6.79% 2027. The price of the Futures contract is Rs 94.45.

On 11th November, 2017, assuming due to increase in yields:

Spot price of the security (6.79% 2027) = 94.00

Price of IRF - November Contract (expiry on 23-November-2017) = 94.03

Thus, due to hedging the portfolio:

Loss in the underlying security: $(94.00 - 94.42) * 100 \text{ crores} = (0.42 \text{ crores})$

Profit in the futures market: $(94.45 - 94.03) * 100 \text{ crores} = 0.42 \text{ crores.}$

Thus due to the effective use of Interest Rate Futures, the notional loss in the underlying security was is getting offset by the IRF future position.

Imperfect hedging:

DP = Duration of the portfolio (measure of the interest rate sensitivity of the portfolio) = 7

DF = Duration of the underlying security of the futures contract = 6

P = Portfolio's market value = 100 crores

Y = underlying interest rate or portfolio yield = 8.00%

The portfolio can be a mix of:

- 1) Corporate Bonds and Government securities
- 2) Only Corporate Bonds (i.e. no Government securities)

Subsequently, if it is anticipated that yields may rise in the future, the fund manager can hedge the underlying duration risk in the IRF by selling the futures contract.

Imperfect hedge allowed as per the SEBI limit = 20% of the Net asset of the portfolio

Assuming the interest rates rise by 50 bps point, post the imperfect hedging

Change in the market value of the portfolio = $(P * DP * \text{Change in interest rate}) = 100 \text{ crores} * 7 * (0.50\%) = (3.50 \text{ crores})$

Duration risk managed due to hedge in IRF = % of portfolio hedged * P * DF * Change in the interest rates

$$= 20\% * 100 * 6 * (0.50\%) = 0.60 \text{ crores}$$

Thus net change in the market value of the portfolio = Rs 100 – Rs 3.50 + Rs 0.60 = Rs 97.10

As can be seen from the above, in case yields move higher by 50 bps, there is a loss in the portfolio for Rs 3.5 crores, but due to the active hedging, IRFs position helps in reducing the loss in the portfolio by 0.60 crores.

xiii. Risk Management

In accordance with SEBI & AMFI guidelines (issued from time to time), the AMC has implemented the following measures to manage various risk in the schemes.

Potential Risk Matrix:

The Potential Risk Class Matrix reflects the maximum risk fund manager can take in the scheme in terms of maximum interest rate risk (measured by Macaulay duration of scheme) and maximum credit risk (measured by Credit Risk value of the scheme). The threshold for values of interest rate risk & credit risk would determine the maximum risk the scheme can take.

i. Maximum Weighted Average Interest Rate Risk of the scheme (measured in terms of Macaulay Duration):

1. Class I: MD ≤ 1 year;
2. Class II: MD ≤ 3 years;
3. Class III: Any Macaulay duration

ii. Maximum Weighted Average Credit Risk of the scheme (measured in terms of Credit Risk Value assigned to each security in portfolio):

1. Class A: CRV ≥ 12
2. Class B: CRV ≥ 10
3. Class C: CRV < 10

Liquidity Risk Management Framework:

As provided in AMFI Best Practice Guidelines circular dated 24th July 2021 on Prudential norms for Liquidity Risk Management for Open ended Debt schemes (except Overnight Fund, Gilt Fund and Gilt Fund with 10-year constant duration) and various other circulars issued thereon, defines liquidity risk (Liquidity Ratio-Redemption at Risk (LRaR) & Liquidity Ratio-Conditional Redemption at Risk (LCRaR) arising from the liability side of the scheme and shall maintain these on each day by way of eligible assets by the scheme. However, to meet redemptions, the scheme may have to periodically dip into their liquid assets which may result in the liquidity ratio dropping below the required levels on those days. The scheme shall ensure to take remedial actions in line with the requirement of the aforementioned circular.

Stress Testing:

Stress testing in open-ended debt schemes addresses the asset side risk from an Interest Rate Risk, Credit Risk & Liquidity Risk perspective at an aggregate portfolio level in terms of its impact on Net Asset Value of the scheme. The AMC conducts Stress testing for all open-ended debt schemes (except overnight Fund) on a fortnightly basis. The model portfolio for each category of fund is defined. In case the stress in the actual portfolio is greater than stress in model portfolio then corrective action is taken within the defined timeline.

Asset Liability Mismatch:

The AMC monitors the Asset Liability Mismatch (ALM) requirement which address potential liquidity risk. The liability side covers all possible outflow scenarios with a 95% confidence interval over 90 days period. The asset side is rigoured based on Risk-o-meter liquidity scores in an exponential manner, to penalize assets with higher Risk-o-meter scores more than proportionately.

With the above liquidity management tools, the redemption risk in the scheme can be addressed to a certain extent. However, for extraneous scenarios like 2008- financial crisis, 2019 covid crisis, or during market dislocation a swing pricing mechanism has been introduced at industry level which covers all types of investors (existing, new & outgoing investors).

xiv. Backstop facility in form of investment in Corporate Debt Market Development Fund (CDMDF):

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes to begin with) and sell as markets recover. The CDMDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus, this backstop facility will help fund managers of the aforementioned Schemes to better generate liquidity during market dislocation to help the schemes fulfill liquidity obligations under stress situation.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Para 16A.2 of SEBI Master Circular dated June 27, 2024 on Investment by Mutual Fund Schemes in units of Corporate Debt Market Development Fund, the aforementioned schemes shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF'). An incremental contribution to CDMDF shall be made every six months to ensure 25 bps of

scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

We would further like to bring to the notice of the investors that investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

Investors are requested to read details disclosure on investment of the schemes in the CDMDF as listed in sub- section "C. How will the Scheme allocate its assets? And sub-section D. Where will the Scheme Invest" in Section "Section II- Information about the scheme".

C. Risk mitigation strategies

Type of Risks	Measures/ Strategies to control risks
Debt and Money Market instruments	• Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in short term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities. • Basis Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities. • Reinvestment Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may, however, endeavor to minimize liquidity risk by- primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on stock exchanges whereas OTC derivative transactions are generally structured between two counterparties. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.
Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nationwide terminals who are registered as Approved Intermediaries (AIs)." The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the Fund may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.
Currency	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.
Repo Transactions	This risk is largely mitigated, as the choice of counterparties is largely restricted and their credit rating is taken into account before entering into such transactions. Also, operational risks are lower as such trades are settled on a DVP basis. In the event the counterparty is unable to pay back the money to the scheme as contracted on maturity, the scheme may dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to the counterparty.
Securitized Debt	In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained.
REITs and InvITS	The fund will comply with the prescribed SEBI limits on exposure. The scheme will endeavor to invest in liquid REITs & InvITS.
Structured Obligation (SO) & Credit	Scheme wise investments as prescribed by the regulations limits the exposure to such securities. Additionally, covenants of such structured papers are reviewed periodically for adequate maintenance of covers as prescribed in the Information Memorandum of such papers.

Enhancement rated securities (CE)	
Segregated Portfolio	In such an eventuality it will be AMC's endeavor to realise the segregated holding in the best interest of the investor at the earliest.
Government securities and Triparty repo on Government securities or treasury bills:	As a member of securities segment and Triparty repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades etc. Also, there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.
Units of mutual fund schemes	Mutual Fund portfolios are generally well diversified and typically endeavor to provide liquidity on a T+1/T+2 basis and aim to mitigate any risks arising out of underlying investments. Commodity ETF's are quite liquid as they can either be created / redeemed with the fund house or traded on the exchange.
Market/Volatility Risk	The Scheme, being a Target Maturity Date Index structure, is expected to follow a Buy and Hold investment strategy in a passive manner. Based on that, we expect to mitigate intermittent price volatility in the underlying assets. Investors who remain invested until the maturity of the Scheme is expected to mitigate market / volatility risk to large extent.
Credit risk	Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.
Liquidity risk	The Scheme may, however, endeavor to minimize liquidity risk by- primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.
Interest rate risk	The Scheme, being a Target Maturity Date Index structure, is expected to follow a Buy and Hold investment strategy in a passive manner. All investments will be in line with the maturity date of the Scheme and the underlying Index. This should help mitigate the interest rate risk.
Derivatives	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on stock exchanges whereas OTC derivative transactions are generally structured between two counterparties. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

The measures mentioned above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same..

II. Information about the scheme:

A. Where will the scheme invest –

For Detailed description of the instruments (including overview of debt markets in India), please refer to Section I - Part II – B

B. What are the investment restrictions?

The investment policy of the scheme complies with the rules, regulations and guidelines laid out in SEBI (Mutual Funds) Regulations, 1996. As per the Regulations, specifically the Seventh Schedule, the following investment limitations are currently applicable:

1. The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-Party Repo: Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board:

Provided further that the schemes already in existence shall within an appropriate time and in the manner, as may be specified by the Board, conform to such limits.

As per Clause 12.8.3 of SEBI Master Circular dated June 27, 2024, the scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

2. Mutual Funds/AMCs shall ensure that total exposure of debt schemes of mutual funds in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.
3. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:
 - a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees
4. The Mutual Fund under all its schemes taken together will not own more than 10% of any companies paid up capital carrying voting rights.
 Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of subregulation (1), of regulation 7B.
5. Transfers of investments from one scheme to another scheme in the Mutual Fund shall be allowed only if:
 - i. Such transfers are done at the prevailing market price for quoted instruments on spot basis;
 - ii. The securities so transferred shall be in conformity with the investment objectives & policies of the Scheme to which such transfer has been made.
 Such transfer would be in accordance with the Clause 12.30 of SEBI Master Circular dated June 27, 2024 or any other circular issued by SEBI from time to time.
6. The Scheme may invest in another scheme under the same asset management company or in any other mutual fund without charging any fees, provided the aggregate inter scheme investments made by all Schemes under the same management company or in schemes under the management of any other AMC shall not exceed 5% of NAV of the Mutual Fund. [Provided that this clause shall not apply to any fund of funds scheme.]
7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities :
 - a. **Provided** that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and borrowing specified by the Board.
 - b. **Provided further** that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.
 - c. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
8. The Fund shall get the securities purchased or transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.
9. The fund's schemes shall not make any investment in:
 - i. Any unlisted security of an associate or group company of the sponsor
 - ii. Any security issued by way of private placement by an associate or group company of the sponsor
 - iii. As per SEBI Circular No. SEBI/HO/IMD/IMD-PoD-2/P/CIR/2024/098 dated July 08, 2024, no Mutual Fund scheme shall make any investment in the listed securities of group companies of the sponsor which is in excess of 25 per cent of the net assets of the scheme, except for investments by equity oriented exchange traded funds (ETFs) and Index Funds and subject to such conditions as may be specified by SEBI. Accordingly, it has been decided as under:
 - Equity oriented ETFs and Index Funds, based on widely tracked and non-bespoke indices, can make investments in accordance with the weightage of the constituents of the underlying index. However, such investments shall be subject to an overall cap of 35% of net asset value of the scheme, in the group companies of the sponsor.
 - Widely tracked and non-bespoke indices shall be indices that are tracked by passive funds or act as primary benchmark for actively managed funds with collective Assets under Management (AUM) of INR 20,000 Cr. and above.
10. Mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis
11. The Scheme shall not invest in a fund of funds scheme.
12. Pending deployment of funds of the scheme in securities in terms of the investment objectives and policies of the scheme, the Mutual Fund can invest the fund of the scheme in short term deposits of scheduled commercial banks subject to the guidelines as applicable from time to time.

Pursuant to the Clause 12.16 of SEBI Master Circular dated June 27, 2024, where the cash in the scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the respective Plan(s) shall abide by the following guidelines:

- “Short Term” for parking of funds shall be treated as a period not exceeding 91 days.
- Such short-term deposits shall be held in the name of the respective Plan(s) of the Scheme.
- The respective Plan(s) shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The respective Plan(s) shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The respective Plan(s) shall not park funds in short term deposit of a bank, which has invested in the Scheme. Further, the bank in which a scheme has short term deposit will not invest in the said scheme until the scheme has short term deposit with the bank.
- NAM India will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

13. No term loans for any purpose will be advanced by the Scheme.

14. The Scheme shall not invest more than 10% of its NAV in equity shares/equity related instruments of any company.

Provided that, the limit of 10% shall not be applicable for investments in index fund or sector/industry specific scheme.

15. In case any company has invested more than 5% of the net asset value of a scheme, the investment made by that scheme or by any other scheme of the same Mutual Fund in that company or its subsidiaries, if any, shall be brought to the notice of the Trustees by NAM India and be disclosed in the half-yearly and annual accounts with justification for such investment provided that the latter investment has been made within one year of the date of the former investment calculated on either side.

16. As per Clause 12.19.1.1 of SEBI Master Circular dated June 27, 2024, Mutual Funds can make overseas investments subject to a maximum of US \$ 1 billion per Mutual Fund, within the overall industry limit of US \$ 7 billion. Mutual Funds can make investments in overseas Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion.

17. The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time.

18. The scheme shall participate Repo in corporate debt securities in accordance with Clause 12.18 of SEBI Master Circular dated June 27, 2024 and such other directions issued by RBI and SEBI from time to time. The Gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net asset of the scheme.

The cumulative gross exposure through repo transactions in Corporate debt securities along with debt, Money Market Instruments and derivative positions (including fixed income derivatives), REITS and InvITs shall not exceed 100% of the net assets of the scheme as per Clauses 12.24 and 12.25 of SEBI Master Circular dated June 27, 2024

19. Total exposure of the debt schemes in a particular sector (excluding investments in Bank CDs, Tri-Party Repo, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks and such other instruments if any, as may be specified by SEBI from time to time) shall not exceed 20% or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time.

An additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) rated AA and above and registered with National Housing Bank (NHB). Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

However, such total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time.

Note : The sector classification shall be basis the data provided by Association of Mutual Fund in India

Further, to clarify please note that all the above-mentioned provisions and investments made in line with the above mentioned circumstances/variations are independent of this scenario.

20. **Applicable Investment Limits for Real Estate Investment Trust (REITs) and Infrastructure Investment Trust (InvITs):**

a. At the Mutual Fund level:- Not more than 10% of units issued by a single issuer of REIT and InvIT;

b. At a single Mutual Fund scheme level: -

i. not more than 10% of its NAV in the units of REIT and InvIT;

and

ii. not more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

The limits mentioned in sub- clauses (i) and (ii) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.

21. The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:
 - a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.
22. Mutual Funds invest in certain debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption. Additional Tier I bonds and Tier 2 bonds issued under Basel III framework are some instruments which may have above referred special features. The debt instruments having such special features as referred above, which otherwise are Non-Convertible Debentures, may be treated as debt instruments until converted to equity. The limit for such instruments are as follows
 - i. No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer.
 - ii. A Mutual Fund scheme shall not invest –
 - a. more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and
 - b. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.
23. Pursuant to regulation 43A of SEBI (Mutual Funds) Regulations, 1996 and Clause 16A.2 of SEBI Master Circular dated June 27, 2024 on Investment by Mutual Fund Schemes and AMC's in units of Corporate Debt Market Development Fund, AMC shall make a one-time contribution equivalent to 2 bps of the AUM of the specified debt oriented schemes as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF') within 10 working days of request from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

In case of delay in contribution by the Scheme and AMC, the AMC shall be liable to pay interest at fifteen percent (15%) per annum for the period of delay.
24. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase / Redemption of Units or payment of interest and IDCW to the Unitholders.

Provided that the Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

In case of borrowing through repo transactions the tenor of such transaction shall not exceed a period of six months

All investment restrictions stated above shall be applicable at the time of making investment.

The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time

The Scheme will not enter into any transaction which exposes it to unlimited liabilities or results in the encumbering of its assets in any way so as to expose them to unlimited liability.

These investment limitations / parameters as expressed / linked to the net asset / net asset value / capital, shall in the ordinary course, apply as at the date of the most recent transaction or commitment to invest. Changes do not have to be effected merely because of appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unit holders.

The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments in order to achieve its investment objectives & policies. As such, all investments of the Scheme will be made in accordance with the Regulations, including Schedule VII thereof and the Fundamental Attributes of this Scheme.

At NIMF, to ensure robust risk management and adequate portfolio diversification internal Investment policy for various debt schemes has been framed. The investment policy at NIMF specifies limits both on overall basis (across all schemes) as well as on individual scheme level. Guidelines for following parameters for liquid as well as non liquid schemes have been specified in the policy:

1. Eligible Instruments: Defines the eligible instruments where the scheme can invest
2. Minimum Liquidity: Defines the instruments considered as liquid instruments and the minimum investments in these instruments as a percentage of total net assets
3. Maximum Illiquid component: Defines the instruments considered as illiquid and the maximum investment that can be made in these instruments as a percentage of net assets.
4. Rating: Defines minimum and/ or maximum investment in a particular rating as a percentage of total portfolios.
5. Maturity: Defined the weighted average maturity of a portfolio. Also defines the weighted average maturity, maximum and maturity for certain asset types like corporate bond, PTCs, Gilts etc.

Investment by the AMC in the Scheme

In line with SEBI Regulations and circulars issued by SEBI from time to time, the AMC may invest its own funds in the scheme(s), subject to disclosure being made in the Scheme Information Documents (s). Further, the AMC shall not charge any fees on its investment in the Scheme (s), unless allowed to do so under SEBI Regulations in the future.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) **Type of a scheme** - An open ended debt scheme predominantly investing in Debt instruments of banks, Public Sector Undertakings, Public Financial Institutions and Municipal Bonds. Relatively High interest rate risk and moderate Credit Risk.

(ii) **Investment Objective**

- **Main Objective:-** To generate income over short to medium term horizon through investments in debt and money market instruments of various maturities, consisting predominantly of securities issued by entities such as Banks, Public Sector Undertakings (PSUs) and Public Financial Institutions (PFIs). However, there is no assurance that the investment objective of the Scheme will be achieved
- **Investment pattern:-** For Detailed description, please refer to Section I - Part II – B (HOW WILL THE SCHEME ALLOCATE ITS ASSETS?)

(iii) **Terms of Issue**

- **Liquidity provisions such as listing, repurchase, redemption.**

Being an open-ended scheme, the units are not proposed to be listed on any stock exchange. However, the Trustee reserves the right to list the units as and when open-end Schemes if, the Trustee considers it necessary in the interest of unitholders of the Scheme and the same is in accordance with the applicable Regulations.

The redemption or repurchase proceeds shall be transferred to the unit holders within 3 working Days from the date of redemption or repurchase.

The Scheme will offer for Subscription/ Switch-in and Redemption / Switch-out of Units on every Business Day on an ongoing basis.

- **Aggregate fees and expenses charged to the scheme.**

- i) New Fund Offer (NFO) Expenses : Refer to Section I - Part-III - B
- ii) Annual Scheme Recurring Expenses : Refer to Section I - Part-III - C

- **Any safety net or guarantee provided. – Not Applicable**

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024, the trustees shall ensure that no change in the fundamental attributes of the Scheme, the fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unitholders is carried out by the AMC, unless it complies with sub-regulation (26) of Regulation 25 of the SEBI (MF) Regulations.

Further, in accordance with Regulation 25 (26) of the SEBI (MF) Regulations, the AMC shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unitholders shall be carried out unless:

- (i) A written communication about the proposed change is sent to each Unitholder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

In addition to the above, for bringing change in the fundamental attributes of the scheme, the comments shall be taken from SEBI before bringing such change(s).

D. **Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)- Not Applicable.**

E. **Principles of incentive structure for market makers (for ETFs)- Not Applicable.**

F. **Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes)- Not Applicable**

G. **Other Scheme Specific Disclosures:**

Listing and transfer of units	Listing:- Nippon India Banking and PSU Fund - being an open-ended scheme, the units are currently not proposed to be listed on any stock exchange. However, the Trustee reserves the right to list the units if, the Trustee considers it necessary in the interest of unitholders of the Scheme and the same is in accordance with the applicable Regulations Transfer of units:- If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.
--------------------------------------	---

	Demat Mode: Units held in Demat form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favor of transferees who are eligible of holding units and having a Demat Account. The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode. Non-Demat (Statement of Account) mode: In compliance to the AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 it has been decided to introduce the facility for transfer of units held in SOA (Statement of Account) mode shall be made available for all schemes of NIMF, except ETFs w.e.f. November 14, 2024. It is proposed to provide the facility to individual unitholders falling under the following three categories: (i) Surviving joint unitholder, who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). (ii) A nominee of a deceased unitholder, who wants to transfer the units to the legal heirs of the deceased unitholder, post the transmission of units in the name of the nominee. (iii) A minor unitholder who has turned a major and has changed his/her status from minor to major, wants to add the name of the parent / guardian, sibling, spouse etc. in the folio as joint holder(s). Based on AMFI best practices guidelines circular no.119/2025-26, the process of transfer of units has been extended to the following categories, for resident / non-resident investor: (i) Transfer to Siblings (ii) Gifting of Units (iii) Transfer of Units to Third Party (iv) Addition / Deletion of Unit Holder Units in Exchange Traded Funds & Solution Oriented schemes such as Retirement schemes are excluded from the transfer of units facility. Partial transfer of units held in a folio shall be allowed. If the request for transfer of units is lodged on the record date, the IDCW payout/ reinvestment shall be made to the transferor. To mitigate the risk, redemption under the transferred units shall not be allowed for 10 days from the date of transfer. Mode of submitting / accepting the Transfer Request: The facility for transfer of units held in SoA mode shall be available only through online mode via the transaction portals of the RTAs and the MF Central, i.e., the transfer of units held in SoA mode shall not be allowed through physical/ paper based mode or via the stock exchange platforms, MFU, channel partners and EOPs etc. Pre-requisites: • The surviving unit holder /nominee/minor unitholder who has turned major, should be registered as the rightful unitholder of the units in the folio to be eligible to apply for transfer of units held in SoA mode. • There should be no "lien" or freeze on the units being transferred for any reason whatsoever. Also, the Units should not be under any lock-in period. • The transferee(s) should mandatorily be an individual / individual(s) with a valid folio in the mutual fund in which the transferor wishes to transfer the units. Transferee should be eligible to hold the Units as per the respective SID and fulfil any other regulatory requirement as may be applicable. • The primary holder, Plan, Option, and the ARN (in case of Regular Plan) in the transferor's Folio shall remain unchanged upon transfer of units in the transferee folio. Payment of Stamp duty on Transfer of Units: 1. The Stamp duty for transfer of units, if/where applicable, shall be payable by the transferor. 2. For calculation of the amount of stamp duty, the consideration value will be calculated as per the last available NAV (irrespective of the amount of consideration mentioned by the transferor in the transfer request). 3. The stamp duty if/where applicable, shall be collected by the RTAs from the transferor through online mode by ensuring that the payment is received from the bank account registered in the folio. For further details, please refer to SAI
--	---

Dematerialization of units	The Unit holders are given an Option to hold the units by way of an Account Statement (Physical form) or in Dematerialized ('Demat') form. Mode of holding shall be clearly specified in the KIM cum application form. Unit holders opting to hold the units in demat form must provide their Demat Account details in the specified section of the application form. The Unit holder intending to hold the units in Demat form are required to have a beneficiary account with the Depository Participant (DP) (registered with NSDL / CDSL as may be indicated by the Fund at the time of launch of the Plan) and will be required to indicate in the application the DP's name, DP ID Number and the beneficiary account number of the applicant with the DP. In case of subscription is through SIP the units will be allotted based as per the SID and will be credited to investors Demat account as per applicable timelines. This Option shall be available in accordance with the provision laid down in the respective schemes and in terms of guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) / Stock Exchanges (NSE / BSE) from time to time In case, the Unit holder desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants. Units held in demat form will be transferable (except in case of Equity Linked Savings Schemes) Demat facility will not be available for Daily, Weekly & Fortnightly Income Distribution cum capital withdrawal Plans/ options and micro SIP
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not Applicable
Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy (IDCW)	When IDCWs are declared with respect to the Scheme, the net assets attributable to Unitholders in the respective Income Distribution cum Capital Withdrawal Plan/option will stand reduced by an amount equivalent to the product of the number of units eligible for IDCW and the gross amount of IDCW per unit declared on the record date. The NAV of the Unitholders in the Growth option will remain unaffected by the payment of IDCWs. Process for declaration of IDCW in Unlisted Schemes/Plans - Quantum of IDCW and the record date shall be fixed by the trustees in their meeting. IDCW so decided shall be paid, subject to availability of distributable surplus. - Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of unit holders for receiving IDCWs. Further, the NAV shall be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. - Within one calendar day of the decision by the trustees, AMC shall issue notice to the public communicating the decision including the record date. - The record date shall be 2 working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. - Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever may be issued by any mutual fund or distributors of its products. The IDCW amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. The requirement of giving notice shall not be compulsory for scheme/plan/option having frequency of IDCW distribution from daily upto monthly IDCW. IDCWs as and when declared will be paid to eligible unitholders, within 7 working days from the record date. In the event of failure to initiate of IDCW payments within 7 working days from the record date, the AMC shall pay an interest @ 15 per cent per annum of

	the relevant IDCW amount to the applicable Unit holders. Interest for the delayed payment of IDCW shall be calculated from the record date
Allotment (Detailed procedure)	All the applicants whose subscription proceeds have been realised will receive full and firm allotment of Units, provided their applications are valid in all other respects. NAM India retains the discretion to reject any application, subject to applicable SEBI / AMFI guidelines, circulars. NAM India shall allot the units to the applicant whose Purchase or Switch application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number as soon as possible but not later than five working days from the date of closure of the new fund offer period. or from the date of allotment of units, on ongoing basis. Where units are held by investor in dematerialised form, the demat statement issued by the DP would be deemed adequate compliance with the requirements in respect of dispatch of statements of account. All Units will rank pari passu amongst Units within the same Scheme / Plan as to assets, earnings and the receipt of IDCW distribution, if any.
Refund	If any subscription/ switch application is rejected, full amount will be refunded within five business days of closure of the NFO. No interest will be payable on any subscription money refunded within five business days from the closure of NFO. If refunded later than five business days, interest @ 15% p.a. for the delay period will be paid to the applicant and borne by the AMC for the period from the day following the date of expiry of five business days until the actual date of the refund. Refund will be initiated in the name of the applicant in the case of a sole applicant and in the name of the first applicant in all other cases. In both cases, the bank account number and bank name, as specified in the application, will be considered for refund. The bank and/ or collection charges, if any, will be borne by the applicant. All the refund payments will be initiated in the manner as may be specified by SEBI from time to time. The bank and/ or collection charges, if any, will be borne by the applicant. All the refund payments will be sent by registered post or courier service or as required under The Regulations.
Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile	The units of the scheme are being offered to the public for subscription. The following persons are eligible and may apply for subscription to the Units of the Scheme(s) (subject to wherever relevant statutory regulations and their respective constitutions): 1. Resident adult individuals, either singly or jointly (not exceeding three); 2. Minor* through parent / lawful guardian; (please see the note below) 3. Army, Air Force, Navy and other para-military funds and eligible institutions; 10. Scientific and Industrial Research Organisations; 11. Provident / Pension / Gratuity and such other Funds as and when permitted to invest; 12. International Multilateral Agencies approved by the Government of India / RBI ; 13. The Trustee, AMC or Sponsor or their associates (if eligible and permitted under prevailing laws); and 14. A Mutual Fund through its schemes, including Fund of Funds schemes. 15. Qualified Foreign Investor (please refer SAI for further details).

	16. Foreign Portfolio Investors (FPI) as defined in Regulation 2(1) (h) of Securities and Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014. 17. Such other individuals/institutions/body corporate etc., as may be decided by the AMC from time to time, so long as wherever applicable they are in conformity with SEBI Regulations.. * Process for Investments made in the name of a Minor through a Guardian: • Payment for investment by means of Cheque, or any other mode shall be accepted from the bank account of the minor / Minor with guardian or from a joint account of the minor with the guardian only. For existing folios, in case the pay-out bank mandate is not held solely by minor or jointly by minor and guardian, the investors are requested to provide a change of Pay-out Bank mandate request before providing redemption request. • Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC / FATCA details, updated bank account details including cancelled original cheque leaf of the new account and his/her specimen signature duly authenticated by banker/guardian. Investors shall additionally note that, upon the minor attaining the status of major, no further transactions shall be allowed till the status of the minor is changed to major. • Investors are also requested to note that the process of transmission of units shall be in line with Clause 17.6 of SEBI Master Circular dated June 27, 2024 and guidelines issued by SEBI in this regard from time to time. Pursuant to Clause 17.6.1 of SEBI Master Circular Dated June 27, 2024, payment for any investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of pay-out bank mandate before redemption is processed. Note : 1. Non Resident Indians (NRIs) and Persons of Indian Origin (PIOs) residing abroad / Foreign Portfolio Investors (FPIs) have been granted a general permission by Reserve Bank of India Schedule 5 of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 for investing in / redeeming units of the mutual funds subject to conditions set out in the aforesaid regulations. 2. In case of application under a Power of Attorney or by a limited company or a corporate body or an eligible institution or a registered society or a trust fund, the original Power of Attorney or a certified true copy duly notarised or the relevant resolution or authority to make the application as the case may be, or duly notarised copy thereof, alongwith a certified copy of the Memorandum and Articles of Association and/or bye-laws and / or trust deed and / or partnership deed and Certificate of Registration should be submitted. The officials should sign the application under their official designation. A list of specimen signatures of the authorised officials, duly certified / attested should also be attached to the Application Form. In case of a Trust / Fund it shall submit a resolution from the Trustee(s) authorising such purchases and redemptions. NAM India reserves the right to invest its own funds in the Scheme(s) upto a maximum extent of its networth. As per SEBI Regulations, such investments are permitted, subject to disclosure being made in the respective Scheme Offer Documents (s). Further, NAM India shall not charge any fees on its investment in the Scheme (s), unless allowed to do so under SEBI Regulations in the future. It is expressly understood that at the time of investment, the investor/unitholder has the express authority to invest in units of the Scheme and the AMC / Trustee / Mutual Fund will not be responsible if such investment is ultravires the relevant constitution. 3. Neither this Scheme Information Document ("SID")/ Key Information Document ("KIM")/ Statement of Additional Information ("SAI") ["Scheme Related Documents"] nor the units of the scheme(s) have been registered under the relevant laws, as applicable in the territorial jurisdiction of United States of America nor in any provincial/ territorial jurisdiction in Canada. It is being clearly stated that the Scheme Related Documents and/or the units of the schemes of Nippon India Mutual Fund have been filed only with the regulator(s) having jurisdiction in the Republic of India. The distribution of these Scheme Related Documents in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come
--	--

	into possession of these Scheme Related Documents are required to inform themselves about, and to observe any such restrictions. No persons receiving a copy of these Scheme Related Documents or any KIM accompanying application form in such/relevant jurisdiction may treat such Scheme Related Documents as an invitation to them to subscribe for units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly these Scheme Related Documents do not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of such persons in possession of the Scheme Related Documents and any persons wishing to apply for units pursuant to these Scheme Related Documents to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction. The NAM India shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the NAM India. The investor shall be responsible for complying with all the applicable laws for such investments. The NAM India reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the NAM India, which are not in compliance with the terms and conditions notified in this regard. Foreign Account Tax Compliance In accordance with the relevant provisions of the Foreign Account Tax Compliance Act ("FATCA") as contained in the United States Hiring Incentives to Restore Employment ("HIRE") Act, 2010, there is a likelihood of withholding tax being levied on certain income/ receipt sourced from the subjects of United States of America ("US") with respect to the schemes, unless such schemes are FATCA compliant. In this regard, the respective governments of India and US have signed an Inter Governmental Agreement-1 (IGA) on July 9, 2015. In the terms of this proposed IGA, Nippon India Mutual Fund ("NIMF") and/ or Nippon Life India Asset Management Limited ("NAM India"/ "AMC") classified as a "Foreign Financial Institution" and in which case NIMF and/ or NAM India would be required, from time to time, to (a) undertake the necessary due-diligence process; (b) identify US reportable accounts; (c) collect certain required information/ documentary evidence ("information") with respect to the residential status of the unit holders; and (d) directly or indirectly disclose/ report/ submit such or other relevant information to the appropriate Indian authorities. Such information may include (without limitation) the unit holder's folio detail, identity of the unit holder, details of the beneficial owners and controlling persons etc In this regard and in order to comply with the relevant provisions under FATCA, the unit holders would be required to fully cooperate & furnish the required information to the AMC, as and when deemed necessary by the latter in accordance with IGA and/ or relevant circulars or guidelines etc, which may be issued from time to time by SEBI/ AMFI or any other relevant & appropriate authorities. The applications which do not provide the necessary information are liable to be rejected. The applicants/ unit holders/ prospective investors are advised to seek independent advice from their own financial & tax consultants with respect to the possible implications of FATCA on their investments in the scheme(s). The underlying FATCA requirements are applicable from July 1, 2014 or such other date, as may be notified. In case required, NIMF/ NAM India reserves the right to change/ modify the provisions (mentioned above) at a later date. The Fund reserves the right to include / exclude new / existing categories of investors to invest in the Schemes, subject to SEBI Regulations and other prevailing statutory regulations, if any. NAM India reserves the right to include / exclude new / existing categories of investors to invest in this Scheme from time to time, subject to SEBI Regulations, if any.
Who cannot invest	1. Any individual who is a Foreign National, except for Non –Resident Indians and Persons of Indian Origin and provided such Foreign National has procured all the relevant regulatory approvals applicable and has complied with all applicable laws, including but not limited to and pertaining to anti money laundering, know your customer (KYC), income tax, foreign exchange management (the Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder), in the sole discretion and to the sole satisfaction of Nippon Life India Asset Management Ltd (the AMC).

	Nippon Life India Asset Management Limited in its capacity as an asset manager to the Nippon India Mutual Fund reserves the right to amend/terminate this facility at any time, keeping in view business/operational exigencies. - Overseas Corporate Bodies ("OCBs"), i.e. firms and societies which held directly or indirectly to the extent of at least 60% by NRIs and trusts in which at least 60% of the beneficial interest is similarly held irrevocably by such persons without the prior approval of the RBI. - NRIs residing in Non-Compliant Countries and Territories ("NCCTs") as determined by the Financial Action Task Force ("FATF"), from time to time. - Any other person determined by the AMC or the Trustee as not being eligible to invest in the Scheme. - The AMC reserves the right to include/exclude new/existing categories of investors to invest in the Scheme from time to time, subject to SEBI Regulations & other prevailing statutory regulations
How to Apply (and other details)	Details regarding- - The applications filled up and duly signed by the applicants should be submitted at the office of the Collection Centres / DISCs / Official Points of Acceptance or may be downloaded from the website of AMC. The list of the Designated Investor Service Centres (DISCs)/Official Points of Acceptance (OPAs) of the Mutual Fund are available on the website of the AMC i.e. mf.nipponindiaim.com. - Please refer to the SAI for detailed procedure and Application form for the instructions. - List of official points of acceptance, collecting banker details - Please visit - https://mf.nipponindiaim.com/investor-services/customer-service/locate-a-branch As per the directives issued by SEBI, it is mandatory for an investor to declare his/her bank account number in the application form. This is to safeguard the interest of unitholders from loss or theft of their redemption cheques / DDs. Additionally, if the bank details provided by investors are different from the details available on instrument, AMC may seek additional details from investors to validate the bank details provided by investors.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not Applicable
Restrictions, if any, on the right to freely retain or dispose of units being offered.	If the Securities are held in dematerialised form the rules of the Securities and Exchange Board of India (Depositories Participants) Regulations, 1996 will apply. However, since scheme is an open ended scheme, presently the same is not listed in any stock exchange
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	As per Clause 8.4.6.2 of SEBI Master circular dated June 27, 2024, in respect of purchase of units of mutual fund schemes (except liquid and overnight schemes), closing NAV of the day shall be applicable on which the funds are available for utilization irrespective of the size and time of receipt of such application subject to cut-off timing provisions. Considering the above, cut-off timings with respect to Subscriptions/Purchases including switch – ins shall be as follows: Purchases / subscriptions (including Switch-in) in the scheme of any amount In respect of valid application received before up to 3.00 p.m. and funds for the entire amount of subscription / purchase as per the application are credited to the bank account of the scheme and are available for utilization before the cut-off time of 3.00 p.m., the closing NAV of the day shall be applicable; In respect of valid application received after 3.00 p.m. and funds for the entire amount of subscription / purchase as per the application are credited to the bank account of the scheme either on the same day or before the cut-off time on the next business day i.e. available for utilization before the cut-off time of the next business day, the closing NAV of the next business day shall be applicable; Irrespective of the time of receipt of application, where funds for entire amount are credited to the bank account of the scheme before the cut-off time on any subsequent business day i.e. available for utilization before the cut-off time on any subsequent business day - the closing NAV of such subsequent business day shall be applicable subject to applicability of cut-off timing for application. For switch-in in the scheme of any amount:

	The following shall be ensured for determining the applicability of NAV: - Application for switch-in is received before the applicable cut-off time of 3.00 p.m - Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the respective switch-in schemes before the cut-off time; - The funds are available for utilization before the cut-off time, by the respective switch-in schemes - In case of Switch transactions from one scheme (Switch-out scheme) to other scheme (Switch-in scheme), NAV applicability shall be in line with redemption pay-outs of switch-out scheme 3. Redemptions including switch - outs In respect of valid applications received upto 3.00 p.m. by the Mutual Fund, closing NAV of the day of receipt of application, shall be applicable. In respect of valid applications received after 3.00 p.m. by the Mutual Fund, the closing NAV of the next business day shall be applicable.
Minimum amount for purchase/redemption/switches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC.	For all the Plans & Options Rs. 5,000 and in multiples of Re. 1 thereafter. Minimum Additional Investment Rs. 1,000 and in multiples of Re.1 thereafter Minimum Redemption Amount Redemptions can be of minimum amount of Rs.100 or any number of units. Note – Pursuant to notice cum addendum dated October 30, 2021, for investments made by designated employees in terms of Clause 6.10 of SEBI Master Circular dated June 27, 2024 read with SEBI Circular dated March 21, 2025, requirement for minimum application/ redemption amount will not be applicable. Minimum Switch Amount Will be as per the minimum application amount in the respective scheme which may have been opted by the Investor for switching the units/amount where the switch facility is available A. Switch-in facility into applicable ETF schemes from Nippon India Banking and PSU Fund For availing this facility, Investors are requested to note the following operational modalities: - Based on number of baskets the Investor wants to switch in to the scheme, switch-out amount from Liquid or Debt/Income Fund should be calculated as follows: (No. of Baskets opted by investor x Units creation size x Previous business day (of the Switch-out day) NAV of Switch-in scheme) + upto 7% markup. E.g. Investor wants to purchase 2 baskets of Nippon India ETF Nifty BeES on Friday through Switch-out from eligible open -ended Liquid Scheme of NIMF. Hence Switch day would be Thursday, previous business day's (i.e. Wednesday) NAV of Nippon India ETF Nifty BeES is Rs.1,244.84 The switch amount would be calculated as below: $[2 \times 5000(\text{unit Basket}) \times 1244.84] + 2\% = \text{Rs. } 12,697,368.$ - Accordingly investor should provide the switch request for Rs.12,697,368 as illustrated in point "a" above (should always be in nearest rupee term in case the amount as per calculation has some fractional part). - Switch-In to the ETF Scheme will be in terms of number of basket specified in the application form. - Switch transaction will be processed at the applicable NAV of the switch- out scheme and only if the value is available in the switch-out scheme.

	e. The applicability of the NAV in the ETF (transferee) Scheme will be the NAV of the business day on which the Funds are realized in Scheme's account before the cut-off time. f. In case the amount of portfolio deposit and cash component is less than the switch funding amount, excess amount will be refunded to investor within 5 business days of transaction. Units of the switch-in scheme shall be credited to investors demat account within 5 business days of transaction. g. Investors to note that the pattern and sequence of holding both in the open-ended (Non-ETF) Folio and in demat account (used for ETF units) should be same. B. Switch-out facility from applicable ETF schemes to Nippon India Banking and PSU Fund. For availing this facility, investors are requested to note the following operational modalities: a. Switch-out from the Scheme will be allowed only in terms of Basket size (unit). b. Switch transaction will be processed subject to availability of all details as per regulatory guidelines. c. The applicability of the NAV in the transferee Scheme will be the NAV of the business day on which the Funds are realized in Scheme's account before cut-off time. d. In case of any rejection in Switch-in to the transferee Scheme, the amount will be paid to the investor as redemption proceeds. e. Investors to note that the pattern and sequence of holding both in the open-ended (Non-ETF) Folio and in demat account (used for ETF unit holding) should be same. However, in case there is no existing Folio, the investor has to provide the details and signatures of all holders for Folio creation in the open-ended (Non-ETF) Scheme. f. Investors should have the clear balance of ETF units in their demat account for execution of the Switch-out transaction from the selected ETF Scheme. NIMF/NAM India reserves the right to introduce, change, modify or withdraw any of the features available in this facility from time to time.
Accounts Statements	In accordance with Clause 14.4 of SEBI Master Circular dated June 27, 2024 the investor whose transaction has been accepted by the NAM India/NIMF shall receive a confirmation by way of email and/or SMS within 5 Business Days from the date of receipt of transaction request, same will be sent to the Unit holders registered e-mail address and/or mobile number. Thereafter, a Consolidated Account Statement ("CAS") shall be issued in line with the following procedure: 1. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be PAN of the first holder and pattern of holding. 2. If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the Consolidated Account Statement (CAS) to investors that have opted for delivery via electronic mode (E-CAS) within twelve (12) days from the month end and to investors that have opted for delivery via physical mode, within fifteen (15) days from the month end w.e.f May 14, 2025 pursuant to SEBI Circular No. SEBI/HO/MRD/PoD1/CIR/P/2025/16 dated February 14, 2025. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis. The depositories shall dispatch the CAS to investors that have opted for delivery via electronic mode (E-CAS) on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode by the twenty first (21st) day of April and October. 3. Investors having MF investments and not having Demat account shall receive a Consolidated Account Statement from the MF Industry containing details of transactions across all Mutual Fund schemes by email / physical mode. 4. As a green initiative measure, SEBI vide its circular no.SEBI/HO/MRD-PoD2/CIR/P/2024/93 dated July 1, 2024 has specified that the CAS shall be despatched by email to all the investors whose email addresses are registered with the Depositories and AMCs/MF-RTAs. However, where an investor does not wish

	to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. The depositories shall also intimate the investor on quarterly basis through the SMS mode specifying the email id on which the CAS is being sent. The word 'transaction' shall include purchase, redemption, switch, IDCW payout, IDCW reinvestment, systematic investment plan, systematic withdrawal plan, and systematic transfer plan. CAS shall not be received by the Unit holders for the folio(s) wherein the PAN details are not updated. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. For Micro SIP and Sikkim based investors whose PAN details are not mandatorily required to be updated Account Statement will be dispatched by NAM India/NIMF for each calendar month on or before 10th of the immediately succeeding month. The Consolidated Account statement will be in accordance to Clause 14.4.3 of SEBI Master Circular dated June 27, 2024. In case of a specific request received from the Unit holders, NAM India / NIMF will provide the account statement to the investors within 5 Business Days from the receipt of such request. Investors are requested/encouraged to register/update their email id and mobile number of the primary holder with the AMC/RTA through our Designated Investor Service Centres (DISCs) in order to facilitate effective communication. For further details, refer SAI
Dividend/ IDCW	The IDCW payments shall be initiated to the unitholders within 7 working days from the Record date, in compliance to the Clause 11.4 of SEBI Master Circular dated June 27, 2024
Redemption	The redemption or repurchase proceeds shall be transferred to the unitholders within 3 working Days from the date of redemption or repurchase. Further, investors are requested to note that processing of Redemption or Repurchase transactions without PAN in respect of Non-PAN-Exempt folios has been restricted with effect from September 30, 2019. In case of exceptional situations/circumstances listed in AMFI Circular No. AMFI/35P/MEM COR/74/2022-23 dated January 16, 2023 read with guidelines issued as per para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024, redemption payment would be made within the permitted additional timelines. For all such Non-PAN-Exempt folios, investors are requested to update PAN by submitting suitable request along with PAN card copy at any of the Designated Investor Service Centre ("DISC") of Nippon India Mutual Fund (NIMF) and then submit Redemption or new Systematic Withdrawal Plans (SWPs) requests. With respect to existing SWPs registered without PAN in Non-PAN-Exempt folios, the same shall be restricted with effect from October 16, 2019 till PAN is updated in the folio. Investors are also requested to note further that it is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor. Accordingly, completion of KYC requirements shall be mandatory and with effect from February 28, 2020, all financial transactions (including redemptions, switches etc.) will be processed only if the KYC requirements are completed. Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the Designated Investor Service Centre ("DISC") of Nippon India Mutual Fund or KFin Technologies Limited
Bank Mandate	As per the directives issued by SEBI, it is mandatory for an investor to declare his/her bank account number in the application form. This is to safeguard the interest of unitholders from loss or theft of their redemption cheques / DDs. Additionally, if the bank details provided by investors are different from the details available on instrument, AMC may seek additional details from investors to validate the bank details provided by investors.
Delay in payment of redemption / repurchase proceeds/dividend	In terms of clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024, the Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). No interest will be payable on any subscription money refunded within 5 working days. If the Fund refunds the amount after 5 working days, interest @ 15% p.a. will be paid to

	the applicant and borne by the AMC for the period from the day following the date of expiry of 5 working days until the actual date of the refund The period of five working days for computation of interest payable for delay in refund of subscription amounts during on-going offer period shall be reckoned from the date of purchase transaction as per timestamp / applicable NAV, provided the application form / online transaction is received along with the payment and the funds have been realized. Where the subscription amount and the application / online transaction are received separately, the period of five working days for computation of interest payable for delay in refund of subscription amounts shall be reckoned from the later of the date of identifying the remitter details, based on the credit provided by the bank or receipt and time stamping of application / online transaction. It is clarified that the interest will be payable only in those cases where the credit pertains to a subscription in the scheme backed by a transaction request by the customer and such subscription is rejected by the AMC. Refund will be initiated in the name of the applicant in the case of a sole applicant and in the name of the first applicant in all other cases. In both cases, the bank account number and bank name, as specified in the application, will be mentioned in the refund order. The bank and/ or collection charges, if any, will be borne by the applicant. All the refund payments will be initiated in the manner as may be specified by SEBI from time to time
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	In terms of Clause no. 14.3 of SEBI Master Circular dated June 27, 2024, the unclaimed redemption amount and IDCW amounts (the funds) may be deployed by the Mutual Fund in money market instruments and separate plan of Overnight scheme / liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts only, provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight Scheme/ Liquid Scheme / Money Market Mutual Fund Schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per Clause no. 17.5 of SEBI Master Circular dated June 27, 2024. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of Mutual Funds and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts / Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.
Disclosure w.r.t investment by minors	Process for Investments made in the name of a Minor through a Guardian: • Payment for investment by means of Cheque or any other mode shall be accepted from the bank account of the minor / Minor with guardian or from a joint account of the minor with the guardian only. For existing folios, in case the pay-out bank mandate is not held solely by minor or jointly by minor and guardian, the investors are requested to provide a change of Pay-out Bank mandate request before providing redemption request. • Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC / FATCA details, updated bank account details including cancelled original cheque leaf of the new account and his/her specimen signature duly authenticated by banker/guardian. Investors shall additionally note that, upon the minor attaining the status of major, no further transactions shall be allowed till the status of the minor is changed to major. Pursuant to Clause 17.6.1 of SEBI Master Circular Dated June 27, 2024, payment for any investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a change of pay-out bank mandate before redemption is processed.
